GIRL TRIES TO KILL THE CZAR.

Arrested With Bomb Hidden Under Her Dress. Anarchist Daughter of Russian Privy Councillor Falls in Desperate Attempt and is Hanged.

BRISLAU, May 19.—The St. Petersburg correspondent of the Brescia Zeitung reports that the authorities detected and thwarted a plot to attack the emperor while a boat during the spring parade in St. Petersburg, May 10. Just before the emperor arrived upon the parade ground on May 10, it was noticed that the anarchist daughter of a Russian privy councillor, Prof. Mervetevsky, who occupied one of the seats nearest the emperor, was nervous and excited. The authorities ordered her arrest. A search disclosed a skillfully constructed bomb concealed in her clothing. Miss Mervetevsky had been an attendant at the courses in the Women's University. It is rumored that she has been hanged.

S. S. TEACHERS TAUGHT Attendants at C. of E. Conference Receive Valuable and Interesting Instruction—Today's Program.

The first session of the Church of England Sunday school teachers' conference was held in the twenty church school houses yesterday afternoon with the Lord Bishop of Fredericton in the chair. About fifty delegates from different parts of the province, together with a large number of local Sunday school teachers, were present. The Rev. W. J. Bates, Rev. Wm. Walter Smith and Dean Fawcett, were the principal speakers. In the evening a public meeting was held in the school house, which was addressed by Canon Richards and Rev. W. J. Bates, whose subject was 'The Modern Sunday School Movement.' At eight o'clock this morning the first day of the conference was held in the school house, which was addressed by Rev. Dr. Smith, whose subject was 'The Sunday School and its Relation to Character Building.' The officers were for conference president, Rev. Dr. Smith, and for secretary, Rev. Dr. Bates. At ten o'clock the conference met in the school house and after the singing of a hymn Rev. J. J. Coleman delivered an interesting address, his subject being 'Catechizing, which was briefly discussed. Rev. W. J. Bates, D. D., the speaker on Church History in the Sunday school, which was followed by a hymn.

The delegates and those in attendance then went to the choir room where there was displayed a large number of models of the most modern and interesting features mentioned in the Old Testament.

Rev. C. D. Schofield, M. A., was to have spoken on New Methods on Old Methods, but when he agreed to do so was not aware that Dr. Smith was to be present, and as the latter is a member of the same church, he was thoroughly covered the subject Rev. Mr. Schofield thought it better not to again go over the ground.

Some discussion and a question box followed. The programme provided for a further address by Dr. Smith, a model lesson by the same gentleman and a question box.

The third session is being held this afternoon. Rev. J. M. Gladstone is addressing the conference on 'What is the Best Plan for Teaching the Church Catechism.' This was followed by a general session. The programme provided for a further address by Dr. Smith, a model lesson by the same gentleman and a question box.

THEIR ARMS TORN OFF. Horrible Accident to Two Men in Quebec Paper Mill—One Dead, the Other Dying.

(Special to the Star.) SHEBROOKE, Que., May 19.—As a result of an accident at the St. Francis mill of the Canada Paper Co., at Windsor Mills, P. Q., yesterday, August Pelletier is dead and M. Healy is probably fatally injured. Both were working at a press trying to put a heavy belt on a pulley when they were caught and hauled round the shaft until each had an arm torn from the shoulder, when they dropped to the floor. Pelletier leaves a wife and six children.

INTER-COLLEGIATE SPORTS. The Acadia, U. N. B. and Sackville colleges have appointed their representatives to look after their interests in the sports to be held on June 4, and in the course of a few days it will be known if the St. Francis Xavier College, Antigonish, intend to participate. Competition in the sports this year will be sharp, as the various colleges are in active training already, each expecting to carry off the honors. Ex-cursions will probably be run from Fredericton, Sackville, Wolfville and Antigonish in order that delegates from these places can attend.

Warning Fish, son of Benjamin Fish, of this city, died last night in Victoria Hospital, Montreal. Mr. Fish, who was a widower, is survived by three children. The remains will be brought home for interment.

TWO JAPANESE BATTLESHIPS SUNK BY RUSSIAN MINES.

One Goes Down With All on Board—Crew of Other Saved—So Says a Russian Report from Port Arthur.

CHE FOO, May 19, 12.30 p. m.—A party of thirteen Russians arriving from Dalny this morning by junk are authorized for the statement that during the bombardment of Port Arthur by the Japanese battleship Asama, the Japanese battleship Shikishima and the cruiser Asama struck mines and sank. The Russians say that the Shikishima sank two minutes after running on the mine and that the Asama was being towed away when she also went down. The thirteen Russians also state that they obtained their information from the commanding officer at Dalny who showed them, they state, a telegram from Port Arthur, that the bombardment commenced at one o'clock Monday afternoon and that two hours later the Shikishima struck the mine and was soon at the bottom. During the confusion that followed, according to the story told, the Asama struck on a mine and was taken in tow, but was settling so fast it was found necessary to abandon her. A number of Russian torpedoes then went out, but the Japanese received reinforcements and the Russians retired. Today's articles say that the entrance of Port Arthur was blocked, but that one of the sunken steamers was removed and the entrance is now open and still dangerous. The Russian fleet has been ordered to remain in the harbor until the entrance of Admiral Strydom, who will take command.

CHE FOO, May 19, 3 p. m.—People just arrived here from Dalny have reported to the Russian consul that the Japanese battleship Shikishima sank in two minutes after contact with the mine. It is thought impossible, however, that she could reach the highest point of the mine. The Russian consul personally had a conference with two Japanese battleships had been sunk off Port Arthur.

RETURNS COMING IN SAY THAT THE TOWN RECEIVED CONSIDERABLE DAMAGE FROM THE BOMBARDMENT, AND THAT CONFIDENTIAL REPORTS ARE GOING ON TO THE NORTH OF DALNY.

MAY FIGHT IN BALLOONS. ST. PETERSBURG, May 18.—3.30 p. m.—The admiral received today an official despatch from Rear Admiral Kurov, who reported that the Japanese had been seen in the air over Port Arthur, May 14, reporting that there has been no fighting since the telegraph line was cut, the Japanese were well with the Russian squadron. The despatch was received by the admiral, not only for the news it contained but because the receipt established the fact that the telegraph line is severed, a system of communication by means of Chinese runners has been satisfactorily inaugurated.

One of the reasons for the desperate effort of the Russians to get to Port Arthur was revealed today. It was revealed today that there was little need, it was ammunition, great quantities being stored in the fortress. Gen. Skosseloff was exceedingly anxious to be provided with balloons, which would facilitate observation. Before the war the Russian authorities loaded on a vessel a complete balloon equipment for Manchuria, but it was captured by the Japanese, who will use it perhaps in their observations against Port Arthur.

The Russian balloons are stationary. "If the Japanese try to drift balloons over Port Arthur and drop explosives, the world will hear of the first battle in the air."

JAPS RETIRING, SAYS KUROPATKIN. ST. PETERSBURG, May 18.—General Kuropatkin has sent the following, dated May 17: "A detachment of the Japanese advance guard which had occupied, until May 14, the Sin-Hai-Tin delta and the village of Kang, Hai-tai, 25 miles north of Feng Wang Cheng, has retired towards Sellenchan, in the valley of the Amur, which enters the Taitso river on the left bank. "There is a small Japanese detachment at Tyan-Kou. Surjan (Sin Yen) is still unoccupied by the Japanese, who have conducted a reconnaissance in force at Setchoje, 15 miles to the southeast.

The Russian command has been received to the effect that the Japanese have evacuated Wukuan. The Japanese have a detachment of infantry at Tuan Malo and Saitupatkin, 600 at the former and 800 at the latter place. Their other forces have retired. At Khabulen, 11 miles southeast of Feng Wang Cheng, there is a Japanese force of 15,000. The rain is making the roads impassable.

NICE LITTLE BULLETS. LIAO YANG, Wednesday, May 17 (delayed in transmission).—The Russian army surgeons are praising the Japanese bullets. They inflict a small, clear wound, though they possess good stopping effect. Capt Vorobiev was struck by two bullets during the fighting at the Yalu river, but he survived, and is expected to recover. Several gunners of the heroic third battery are convalescent, though their intentions were pierced. The last train load in which wounded at the Yalu has gone north, after the soldiers receiving decorations personally from General Kuropatkin.

CITIZENS' DUTY TO GUARD LOYALISTS' RESTING PLACE. Magistrate Ritchie Demands Better Care of the Graves in the Old Burying Ground.

There were a large number of lawyers and others present at the city council this morning and after opening the court His Honor Judge Ritchie said there was a matter of which he considered of great importance that he wished to refer to and which was particularly opportune at this time. He was referring to the anniversary of the landing of the Loyalists. The matter he had in his mind was the condition of the Old Burying ground. Yesterday in company with his worship, Mayor White, he had visited this historic spot and the contrast between its present condition and that of a few years ago was most marked. He called not only the attention of the police but of the citizens generally to the matter in which many of the grave stones have been buried.

It was to the interest of all, he said, to see that this historic spot was not further defaced. Thousands have been buried there and many illustrious names. The remains of one man who for twenty years was mayor of St. John spoke there. Children go there and actually dance on the table stones and this in "God's half acre." As a boy he was taught to walk around graves, not over them, and he considered it the duty of every citizen to see that the monuments were not defaced. If a citizen saw anyone doing so they should warn them to stop. They owed the past to the people who founded the city. There was a heavy penalty for such an offence.

His honor further said that this pretty spot was too much the resort of vagrants and young people of both sexes were often found there at late hours. Years ago, when he was a boy, people were not allowed to go through these grounds. Then certain walks were opened up and the gates were locked at six o'clock. But when the old fence got beyond its usefulness it was removed and the people were treated to use the grounds and not destroy them. He hoped that in commemorating a new year in the city's history the citizens would see that such conduct as has gone on in the past be discontinued.

A COOL CASE. Mother Brings Action Against Her Son In Equity Court.

In the equity court today, hearing was begun in the case of Mrs. Jane J. Cool and Anabella Coxe vs. David K. Cool and wife. The plaintiffs in the case are mother and daughter, who bring the action for the purpose of making the property in dispute liable for maintenance and support. The property upon which liability is thus attempted to be fixed, was bought by Alexander (Pop) husband of Jane J. Cool, one of the plaintiffs, to David K. Cool, his son, on condition that he would support and maintain his mother and sister. This condition of ownership of the property is alleged not to have been performed by David K. Cool, and hence the present action. The parties to the case are Restigouche county people. J. C. Barthele, of Dalhousie, with J. D. Hazen as counsel, represent the plaintiffs, and H. McLatchey, M. P. P., of Chatham, with Dr. Stockton as counsel, represent the defendants.

BURIED TODAY. The remains of the late George Thos. Fitzpatrick were laid to rest this morning. The funeral took place at 8.30 o'clock from his father's residence, 100 Waterloo street. At 9 o'clock a system mass was celebrated at the Cathedral by Rev. Father Coughlan. Rev. Father Meahan acted as deacon and Rev. Father Carleton as sub-deacon. Rev. Father Cormier was master of ceremonies. His Lordship Bishop Casey was present at the mass. The remains were interred in the New Catholic cemetery. Relatives acted as pall bearers. Among the many beautiful floral tributes was a handsome wreath from the C. P. R. clerks at Montreal and also a wreath from the C. P. R. clerks here. The remains of Reginald W. Armstrong, who died at Halifax on the 7th inst., arrived in the city this morning and the funeral took place from the depot. Interment was in Fernhill cemetery. The remains of the late Charles F. Ritchie were held this morning from the residence of Mrs. John Sprout, 24 city road.

KIDNAPPED BY BANDITS.

American and British Subjects Captured in Morocco and Held for Ransom.

TANGIER, Morocco, May 19.—An American citizen, named Pedicaris, and his step-son, a British subject, were carried off by the well-known bandit Raisul and his followers last night and will doubtless be held for a heavy ransom. The captives were stay at Pedicaris' summer residence, only three miles from Tangier, where the bandits attacked and captured them. Pedicaris is of Greek parents and a naturalized citizen of the United States. He is very wealthy and has lived in Tangier for years. He married an English woman, whose son is his companion in captivity. Foreigners are much excited by this bold raid, so near the city of Tangier, and attribute it to the impudence of the government in failing to punish the bandits who last year captured Walter B. Harris, the correspondent in Morocco of the London Times, and his failure to deal with general lawlessness in the district.

The Herald and Railway Men's Journal, of Revelstoke, N. W. T., an independent paper, and located in a section of the country which, according to the Liberals, is to be particularly benefited by the Grand Trunk Pacific.

It is a matter of regret, says the Herald, "that although this country in connection with the building of a transcontinental railway, Canadians are receiving scant consideration at the hands of the railway company which is to benefit so much from the new road.

The Grand Trunk has a number of surveys working along the proposed line, but so to relate they are all Americans.

OTTAWA NEWS.

OTTAWA, May 18.—After routine, G. T. P. debate was resumed on Casgrain's amendment that such a clause requiring control of the directorate to be in the hands of British subject, as forms part of Canadian Pacific act, should be inserted in this measure.

The bill was agreed that all railways in Canada should be subject to British and not alien control, but declined to permit the amendment to pass, and of course it was voted down.

The balance of the afternoon was devoted to discussion of Emmerson's position, and Sir W. White was forced to his rescue. There was a hot hour or so.

In response to Casgrain's attack, Laurier said that Emmerson was in full sympathy with the G. T. P. bill, but had been so busy in his department that he had been unable to familiarize himself with its details.

Borden, of Halifax, showed that Laurier's statement would not be fair to shoulder upon him the burden of pushing it through parliament.

RECENT DEATHS.

The many friends of James Kane will regret to hear of his death which took place last night at his home on Westmorland road.

Mr. Kane was an old resident of the city and very well known. For some weeks he had been suffering from internal trouble, but as he was able to fulfil his daily occupation nothing serious was anticipated.

Tuesday afternoon and evening he was able to work as usual, but was taken suddenly ill yesterday, and at half-past five passed away. Mr. Kane was married, but had no family.

The western side of the harbor lost a fine and good citizen yesterday when John Lilley died at his home on Middle street.

Mr. Lilley, who was about 72 years of age, had worked as a fisherman in the proper season and in the handling of lumber during the winter period for years and was regarded a very capable man.

Mr. Lilley left a widow and two sons, William Lilley and Fred Lilley.

FREDERICTON, May 18.—R. A. Miles of Margerville received a message last evening from Silver Bow, Mont., conveying the intelligence of the death of his brother, T. Clowes Miles, at that place yesterday.

Deceased was a native of Margerville and went west in 1883. Only a few days ago Mr. Miles received word that his brother intended coming home this fall, the first time in 21 years.

FREDERICTON, N. B., May 18.—A. R. Miles, of Margerville, received a telegram last night from Silver Bow, Mont., conveying to him the news of the death of his brother, T. Clowes Miles, of the latter place, yesterday morning.

BOSTON, May 18.—Capt. George Bailey, probably the oldest fish catching man in New England, died, at the age of ninety-five, at the residence of his daughter in Brighton. He was a native of Fredericton.

Reginald W. Armstrong, clerk in the Bank of Montreal agency at Halifax, and son of Rev. Mr. Armstrong, of Pettaodiac, died suddenly in Halifax Wednesday evening, aged 33.

THE ONLY "IF." (New York Times.) Senator Patrick E. McCarren, the Brooklyn Democratic leader, was talking with some friends at the Hoffman House a couple of nights ago when they asked him if he was certain to control intact the delegation from Kings County to the next state convention.

"Well," said the Senator with a smile, "the situation is much like the Georgia delegation to the National Convention in 1886. There was a big fellow heading that delegation, who became a pronounced Bryan man on the day of Bryan's nomination.

"We've got this thing cinched," said the big fellow at the Auditorium Hotel the night before the nomination was made. "We're going to nominate Bryan for a certainty, that is, if the blamed opposition don't buy us."

SEVENTY-FIVE RHODES SCHOLARS. That Number Will Meet at Oxford This Fall-Dr. Parkin Talks of His Plans.

Dr. George R. Parkin, the Rhodes scholarship manager, passed through the city today on his way to Newfoundland. He was accompanied by Mrs. Parkin.

At the depot, Dr. and Mrs. Parkin were met by W. S. Fisher and Mrs. Fisher, Chester Martin, New Brunswick's Rhodes scholar, was present, and was greeted by Dr. Parkin.

When approached by a Star man, Dr. Parkin said, with a deprecatory wave of his hand: "Oh, reporters, when shall I ever get rid of them?"

Notwithstanding Dr. Parkin's insinuated aversion to reporters, he talked pleasantly with the Star man for a few minutes, giving an idea of his travels, and the work which is mapped out for him for the future.

"After completing arrangements for the examinations throughout Canada and the United States," said Dr. Parkin, "I will return to Bermuda and thence to Jamaica, to both of which colonies scholarships are assigned. These cases presented peculiarities, in that the Rhodes scholar is to be sent to a school for education and there was some difficulty in fixing the standard of eligibility."

Dr. Parkin says that the first contingent of Rhodes' scholars will comprise this first contingent, among whom will be Chester Martin, of this city.
