

YORK CO. CONSERVATIVES

Largely Attended Convention Held at Fredericton Wednesday.

A Number of Resolutions Passed—Rev. Dr. McLeod Again Chosen as the Party's Standard Bearer.

FREDERICTON, July 4.—A largely attended convention of the Liberal Conservatives of York was held here this afternoon. The following named officers were elected: President, Geo. J. Colter.

Other resolutions expressed appreciation of the fullness with which the Liberal Conservatives in the last election observed the conditions stipulated by Dr. McLeod, and of the efforts made to purge the constituency of the corrupt election methods.

The last resolution declared that Dr. McLeod in the last election polled a large majority of the independent votes, but was deprived of the seat by bribery and corruption.

Rev. Jos. McLeod was nominated as the candidate of the Conservatives at the election to be held to the seat made vacant by the unseating of Mr. Gibson.

OXFORD JUNCTION, N. S., July 4.—The maritime express tonight at ten o'clock met with a bad smash-up.

PHILADELPHIA, Pa., July 4.—Henry Henry's celebrated wife of the good citizen, "there's a robber in the house."

STEWIACKE MILLS BURNED.

Destroyed Thursday for the Fourth Time in Ten Years.

HALIFAX, July 4.—The large lumber mill of Alfred Dickie, Stewiacke, is in ashes for a fourth time in ten years. This afternoon flames were discovered spreading from a refuse pile, and in a short time the fire was beyond control.

Following the fire two years ago Mr. Dickie commenced the erection of one of the best and most modernly equipped mills in Eastern Canada.

CHARLOTTETOWN, P. E. I., July 4.—The residence of Rev. James A. Eneas-McDonald, Hope River, was last night destroyed by fire.

LONDON, July 4.—Samuel Brown of Kirkcubright, Scotland, a messenger from South Africa some time ago that his son was dead.

MONTREAL, July 4.—The Star's London cable says: The transport Rosslyn Castle, due at Southampton on July 8th, has a party of Canadian scouts, five officers, and 75 men on board.

COULDN'T BUDGE THE SALOON. NOME, Alaska, July 4.—Reports from Council City are to the effect that a rise in fish prices, June 15, swept away the whole town of Nome.

HARTLAND BRIDGE

Formally Opened by Premier Tweedie and Party Thursday.

A Splendid Structure and a Great Convenience to the Farmers of the Vicinity—A Gala Day.

WOODSTOCK, July 4.—When Hartland decided to hold its great celebration on the glorious fourth, did not go so out of any particular desire to be associated with an unpopulated movement, but rather because it suited Premier Tweedie and his cabinet to set apart that day.

The bridge was not built in a day, nor without a great deal of talk, which many people thought would come to nothing. It was, indeed, once supposed that the Hartland bridge, the Woodstock and Centreville railway and the St. John Valley railway might all be put in the same class of improbability.

REFRIGERATORS. Our line of Refrigerators is perfect. All have a perfect system of cold dry air circulation. Walls which repel heat and retain cold. They are very easy on the ice. Prices \$7.60 up. W. H. THORNE & CO. LTD., ST. JOHN, N. B.

BOSTON LETTER.

Driven to the Provinces by the Intense Heat.

Heavy Bank Failures in the Eastern States Cause More or Less Uneasiness.

New Brunswick Died in Malden from the Heat—Funeral of Daniel Presley, Formerly of Moncton—Good Houses for Family Use in Demand—Lumber and Fish Markets

(From Our Own Correspondent.)

BOSTON, July 2.—The terrific heat which has oppressed the inhabitants of the greater portion of the northern and eastern states for seven days is driving vast numbers from the large cities to the shore and country. Many persons have fled to the mountains to escape the heat, and the intensity and duration of the heat make conditions well nigh unbearable. From this city the exodus has assumed a massive proportion. The travel eastward is heavy, all trains and steamers carrying away thousands daily. While the temperature in Boston has stood in the nineties daily, and quite a number have died from heat, yet conditions have not been as bad as in New York, Baltimore, Philadelphia, and other cities, where the death roll already numbers hundreds of victims.

The high temperature has checked business everywhere, as might have been expected. Building operations are hampered, many factories have been unable to run, and even in the agricultural districts farm work has been handicapped. In many localities, hay making is in progress, but many farmers have found it almost impossible to handle much of their crops in the daytime. Some of them are taking advantage of the fine moonlight nights and are starting their mowing the hours from tea time to midnight. In New England the yield of hay is fair, but it cannot be compared with that of New Brunswick, where, particularly in the eastern and north shore counties, the crop is an immense one.

The recent bank troubles in the Eastern States, which induced the completion of the currency to close the Seventh National Bank of New York, the City National of Buffalo, and the Pynchon National of Springfield, Mass., have caused some uneasiness in certain quarters. Particularly among those institutions whose methods have been questioned by the Washington authorities. The Niagara Bank, which closed its doors today following the failure yesterday of the City National Bank. The securities of some of the industrial combines held by the banks contributed in a rather large measure to the confidence of the currency and are carefully watching some of the banks, further suspensions may be ordered. The failures to date involve liabilities of nearly \$10,000,000.

The month of June was a banner one for the financial end of the educational institutions, the gifts in the United States are reported, reaching the grand total of nearly \$10,000,000. This sum Harvard received \$1,462,075, including J. Pierpont Morgan's \$1,000,000 gift; Yale received \$1,607,000; Princeton, \$320,000; Columbia, \$200,000; Vassar, \$200,000; Cornell, \$200,000; Washington University, St. Louis, \$500,000; Milliken College, \$150,000; Kenyon College, \$50,000; Smith College, \$100,000; Oberlin, \$100,000; Bryn Mawr, \$100,000; Syracuse University, \$100,000; Brown, \$100,000.

Charles W. McPherson, aged 32 years, formerly of New Brunswick, was overcome by heat in Malden, Saturday, and died last night. McPherson was driver of an ice wagon. He leaves a sister in Newton and a mother somewhere in New Brunswick. A large number of provincialists attended the funeral of David Presley, formerly of Moncton, at Malden, last Sunday. Mr. Presley died on Friday last as the result of a fall which he received while working when his back was broken. He was 74 years of age. While in Moncton and during his 15 years residence in Malden, he was an extensive contractor and built a large number of houses. He was also a prominent member of the Local Orange Lodge, Knights of Pythias and Sons of Temperance.

Edward Walsh, formerly of St. John, died suddenly on Sunday at the residence of his sister, Mrs. Luke J. O'Connor, 127 E. street, South Boston. Mr. Walsh was 38 years of age. The funeral was held at S. S. Peter and Paul's church this forenoon.

Rev. J. Stanley Durkin of Auburn, Me., has accepted a call to the First Baptist church, Roxbury. Rev. Mr. Durkin is a native of Carleton, near Yarmouth, N. S.

A large number of horses in New York city and other places are disabled by an epidemic called the "horse grippe." The disease is similar to that known as the "epistaxis," which raged so disastrously in Boston at the time of the big fire in 1872. In New York it is said fifty per cent of the animals are affected, while in Brooklyn 75 per cent are disabled. The extreme heat has greatly increased the mortality among the horses, especially among those having the disease.

Good horses for family use in the country or at the beaches are in demand in the Boston market just now. Other types of horses are also selling well. As yet the horse plague has not reached here.

DIOCESAN SYNOD.

Election of Representatives to General and Provincial Synods.

Reports for the Parishes Read, and Educational Work Discussed at the Evening Session—Much Business Transacted.

FREDERICTON, N. B., July 2.—The annual session of the Diocesan Synod of Fredericton began at the Cathedral Hall this morning at twelve o'clock, the Rev. Bishop presiding. The following address to the King was passed:

To His Majesty King Edward VII.: The bishop, clerk and delegates of the Diocese of Fredericton, in Synod assembled, approach Your Majesty with loyal affection and prayer, praying that a long and happy reign may be granted to Your Majesty, and that the peace may be maintained, the brotherhood of the Empire consolidated, and the interests of religion advanced.

THE BISHOP'S CHARGE. His Lordship the Bishop then delivered his annual charge to the Synod. He began by referring to the death of the late Rev. Dr. J. M. Davenport, a member of the Synod, who died on the 28th of June. He then referred to the death of the late Rev. Dr. J. M. Davenport, a member of the Synod, who died on the 28th of June. He then referred to the death of the late Rev. Dr. J. M. Davenport, a member of the Synod, who died on the 28th of June.

DRANK 55 BARRELS OF WHISKEY. He Had Been Arrested 142 Times and Spent \$2,927 in Fines. In the death of Thomas Manion in Spencer Mass., last week, there passed from earth a man whose history for the past quarter century would afford a remarkable example for a temperance lecturer. For 25 years, up to the death of his wife, he drank 55 barrels of whiskey, had been arrested 142 times, had paid \$2,927 in fines, and had spent nine years and nine months in jail for being drunk. Manion was 45 years of age when he was arrested in the bank and owned real estate that was worth an equal amount. This property he had accumulated by hard work and sober and frugal habits.

He began to drink steadily, heavily and systematically. He became irregular in his working hours and 15 years ago he gave up working altogether. For five years ago Manion had \$10,000 in the bank and owned real estate that was worth an equal amount. This property he had accumulated by hard work and sober and frugal habits. He began to drink steadily, heavily and systematically. He became irregular in his working hours and 15 years ago he gave up working altogether.

On Saturday, assuming as a conservative estimate that he absorbed three pints, this added to the gallon regularly purchased, makes five and a half quarts which he drank in one day. Therefore he drank in 25 years 7,150 quarts, or 55 3/4 gallon casks of whiskey. It would require 835 bushels of corn to produce the whiskey he consumed. The average man who drinks a pint at one time, Manion was a short, narrow-shouldered man, but deep-chested and very powerful and muscular.

Being jilted by that young woman proved a costly as well as sorrowful affair for Manion. It cost him \$3,000 for 1,800 gallons of whiskey; \$1,100 for 1,800 quarts of whiskey; \$1,100 for a drink; \$1,645 to pay the fines ordered by the police justice; \$4,745 for loss of time in getting drunk and being drunk; \$6,570 for loss of time in serving the sentences in jail; \$10,000 which he had deposited in the bank; \$10,000 which he owned in real estate.

TRAPPISTS MAY BUY TRACADIE. It will be remembered we announced in these columns last winter that a community of Trappists in France were contemplating the purchase of the monastery and grounds at Tracadie, in this country. On last Friday the Rt. Rev. Abbot Bernard Chaveller, O. C. S. of the Abbey of Thymadoc, Brittany, France, and Rev. Father Murphy, Prior of the Petit Clairvaux Community of Trappists of Lonsdale, R. I., formerly of Tracadie, arrived in this country for the purpose of negotiating the purchase and sale of the property. They have not yet agreed on terms. We hope to be able to state in our next issue that the sale has taken place. The French community numbers sixty members. It is earnestly hoped they will locate in Antigonish—Antigonish Casket.

DIOCESAN SYNOD.

Election of Representatives to General and Provincial Synods.

On last Friday the Rt. Rev. Abbot Bernard Chaveller, O. C. S. of the Abbey of Thymadoc, Brittany, France, and Rev. Father Murphy, Prior of the Petit Clairvaux Community of Trappists of Lonsdale, R. I., formerly of Tracadie, arrived in this country for the purpose of negotiating the purchase and sale of the property. They have not yet agreed on terms. We hope to be able to state in our next issue that the sale has taken place. The French community numbers sixty members. It is earnestly hoped they will locate in Antigonish—Antigonish Casket.

DIOCESAN SYNOD.

Election of Representatives to General and Provincial Synods.

Reports for the Parishes Read, and Educational Work Discussed at the Evening Session—Much Business Transacted.

FREDERICTON, N. B., July 2.—The annual session of the Diocesan Synod of Fredericton began at the Cathedral Hall this morning at twelve o'clock, the Rev. Bishop presiding. The following address to the King was passed:

To His Majesty King Edward VII.: The bishop, clerk and delegates of the Diocese of Fredericton, in Synod assembled, approach Your Majesty with loyal affection and prayer, praying that a long and happy reign may be granted to Your Majesty, and that the peace may be maintained, the brotherhood of the Empire consolidated, and the interests of religion advanced.

THE BISHOP'S CHARGE. His Lordship the Bishop then delivered his annual charge to the Synod. He began by referring to the death of the late Rev. Dr. J. M. Davenport, a member of the Synod, who died on the 28th of June. He then referred to the death of the late Rev. Dr. J. M. Davenport, a member of the Synod, who died on the 28th of June.

DRANK 55 BARRELS OF WHISKEY. He Had Been Arrested 142 Times and Spent \$2,927 in Fines. In the death of Thomas Manion in Spencer Mass., last week, there passed from earth a man whose history for the past quarter century would afford a remarkable example for a temperance lecturer. For 25 years, up to the death of his wife, he drank 55 barrels of whiskey, had been arrested 142 times, had paid \$2,927 in fines, and had spent nine years and nine months in jail for being drunk. Manion was 45 years of age when he was arrested in the bank and owned real estate that was worth an equal amount. This property he had accumulated by hard work and sober and frugal habits.

He began to drink steadily, heavily and systematically. He became irregular in his working hours and 15 years ago he gave up working altogether. For five years ago Manion had \$10,000 in the bank and owned real estate that was worth an equal amount. This property he had accumulated by hard work and sober and frugal habits. He began to drink steadily, heavily and systematically. He became irregular in his working hours and 15 years ago he gave up working altogether.

On Saturday, assuming as a conservative estimate that he absorbed three pints, this added to the gallon regularly purchased, makes five and a half quarts which he drank in one day. Therefore he drank in 25 years 7,150 quarts, or 55 3/4 gallon casks of whiskey. It would require 835 bushels of corn to produce the whiskey he consumed. The average man who drinks a pint at one time, Manion was a short, narrow-shouldered man, but deep-chested and very powerful and muscular.

Being jilted by that young woman proved a costly as well as sorrowful affair for Manion. It cost him \$3,000 for 1,800 gallons of whiskey; \$1,100 for 1,800 quarts of whiskey; \$1,100 for a drink; \$1,645 to pay the fines ordered by the police justice; \$4,745 for loss of time in getting drunk and being drunk; \$6,570 for loss of time in serving the sentences in jail; \$10,000 which he had deposited in the bank; \$10,000 which he owned in real estate.

TRAPPISTS MAY BUY TRACADIE. It will be remembered we announced in these columns last winter that a community of Trappists in France were contemplating the purchase of the monastery and grounds at Tracadie, in this country. On last Friday the Rt. Rev. Abbot Bernard Chaveller, O. C. S. of the Abbey of Thymadoc, Brittany, France, and Rev. Father Murphy, Prior of the Petit Clairvaux Community of Trappists of Lonsdale, R. I., formerly of Tracadie, arrived in this country for the purpose of negotiating the purchase and sale of the property. They have not yet agreed on terms. SURPRISE SOAP POINTS.

A pure hard soap which is economical in wearing qualities. Entirely harmless to the hands. Satisfactory in every way in results on the clothes. Sweet and clean, without damage to the finest fabrics. Don't forget that Surprise Soap is cheapest to buy.

St. Croix Soap Mfg. Co., ST. STEPHEN, N. B.

BEULAH CAMP.

BEULAH CAMP, July 2.—The weather here is just delightful. The grounds are all astir with activity and life. Delegates and visitors are coming from every quarter. Today's boat brought Rev. A. B. Riggs of Lowell, Mass., and Dr. Biggs of Chelsea, and a number of others from the States. Evangelist L. C. Pettit, from New York, arrived yesterday and preached last evening to a large audience. His sermon was a clear and forceful presentation of the great doctrine of salvation. He was listened to with the most attentive attention. At the close there was a full altar service, some for penitence, some for restoration and some for the baptism of the Holy Spirit. The meeting ran on till 11 o'clock. At the Alliance meeting yesterday the highway committee brought in their report for the camp grounds. The report was unanimously adopted.

It was resolved that the thanks of this Alliance be given to the Star Line Company of Montreal, who have donated the use of their steamship and railway, and the D. A. R. Company steamship and railway, and the C. R. and Shore Line Company of Montreal, for their generous contribution in conveying the delegates to and from the camp grounds.

This morning's session of Alliance at 8:30 was passed in considering details of Alliance work, having charge of all the finances. The Highway has been made half price, 50 cents, and the International Alliance copy of each issue of the paper will be placed on file with the secretary of the Y. M. C. A. and W. C. T. U. The report was unanimously adopted.

HENLEY REGATTA.

W. A. Hickman of St. John Beaten by S. T. Blackstaffe. Pennsylvania Crew Won Easily from London Rowing Club by Three Lengths in Fair Time.

HENLEY, July 3.—The Henley regatta began today under favorable conditions. The sun was bright and warm and a cool breeze was blowing off the tow path. The attendance, however, does not equal expectations. Comparative few American flags or prominent Americans were visible. The Pennsylvanians came down to their boat house at 11.30 a. m. They all declared themselves fit and confident. Leader, which was to meet New College at 12.35 p. m., went out for a spin, but the Pennsylvanians did not embark till they went to the starting point. Bob Cook in his final summary of the Pennsylvania prospects, said: "No American crew was ever at Henley with better prospects. They are in splendid condition and confident. They will, in my opinion, meet Leander in the final race, but the Englishmen will beat them."

Owing to the large number of entries for the Thames challenge cup, three heats in the contest for that trophy were rowed yesterday afternoon and were won by Trinity Hall, Cambridge, the School of Mines Rowing Club and the Kingston Rowing Club. The results today were as follows: First heat, Wyfold Challenge Cup—First heat, the Kingston Rowing Club beat Trinity College, Oxford, Kingston's time was 8:08.

Grand Challenge Cup—First heat, Leander Rowing Club beat New College, Oxford, time, 7:09. Grand Challenge Cup—Second heat, Pennsylvania University beat London Rowing Club by three lengths; time, 7:01 2-5.

Ladies Challenge Plate—First heat, Worcester College, Oxford, beat Jesus College, Cambridge, time, 1:15.

Thames Challenge Cup—First heat, Trinity Hall, Cambridge, beat the London Rowing Club.

Wyfold Challenge Cup—Second heat, the Royal Artillery Rowing Club, Christ College's time was 8:06.

In the Diamond Challenge Sculls, first heat, J. Johnson beat A. E. Clouston, Johnson's time, 5:06. Second heat, G. Ashe beat W. C. Bond, Ashe's time was 4:48.

Ladies Challenge Plate—Second heat, Eton Rowing Club beat Trinity College, Dublin. The Eton boys won easily in 1:27.

Diamond Challenge Sculls—Third heat, S. T. Blackstaffe beat W. A. Hickman of St. John, N. B.

HENLEY, July 3.—The Thames Challenge Cup—Seventh heat, Worcester College, Oxford, beat Jesus College, Cambridge, Worcester College's time was 7:29.

Wyfold Challenge Cup—Third heat, the Thames Challenge Cup—Third heat, the London Rowing Club, time, 8 minutes.

HOPWELL HILL. Annual Convention of the Methodist W. M. Society of Moncton District.

HOPWELL HILL, June 30.—The annual convention of the Methodist W. M. Society of Moncton district, met at this place on Friday. Among the delegates present were Mrs. Teed, Mrs. Les, Miss Ryan, Mrs. Daley, Mrs. Sherrard, and Misses Moore and Thompson of Moncton, Mrs. W. B. Coulthard of Fredericton, Dr. Maid Killam of Yarmouth, returned missionary from China, Mr. Turner, Albert, and Mrs. W. J. McAlmon, Mrs. Robert Newcomb, Mrs. Euston Stewart and Mrs. Aurelia Colpitts of the Hopewell Hill Baptist church. The first session opened at 7 p. m. Mrs. McAlmon, district organizer for Moncton district presiding. Reports from the various auxiliaries and bands were read, showing an increase of interest and funds. An excellent paper by Mrs. W. J. Robinson of Moncton, was read by Miss Ryan. Papers were also read by Mrs. Colpitts and Mrs. Sherrard of Moncton, and addresses delivered by Mrs. Colpitts and Dr. Killam.

The evening meeting opened at 8 o'clock. Mrs. Colpitts, president of the Hill Auxiliary, in the chair. Miss Thompson of Moncton gave a reading, after which Mrs. McAlmon, district organizer, gave an address on the work during the past year, referring to that which had been accomplished, and the great work of the future. The necessity of giving assistance and encouragement to the juvenile branches of the order was particularly emphasized. During the year two new mission bands had been organized at Albert and Salisbury. The district had raised \$330 in the year.

Mrs. W. B. Coulthard of Fredericton, band secretary of the province, gave a short but very pleasing address, dealing with the necessity of means for extending the gospel. It was the particular province of the society to reach the women of heathen countries. With Christian mothers, there would be Christian homes and Christian nations. All Christians should be interested in the work of the great missionary army.

Dr. Killam, who is a very interesting speaker, next gave an address on the work the W. M. Society's missionaries are doing in China. Miss Killam has been in missionary work in the province of Sichuan, for the past four years, and expects to return in September. There are seven missionary societies in this province in Western China, the Methodist district being near the capital city of Chendu, and having a population of five millions. The speaker told of the great needs of the heathen; the deplorable opium trade, a very prevalent and real curse at present; the slave trade, food poisoning and other customs of cruelty. The hospitals were of great benefit in missionary work, the native doctors being very inefficient. Many incidents of terrible cruelty and suffering that had come under the speaker's own observation, were told. At the close of Miss Killam's address a few remarks were made by Rev. J. K.

King. Votes of thanks were extended to Miss Killam and Mrs. Coulthard and to the people of the Hill for their hospitality.

Mrs. Capt. James Calhoun, who has been visiting her old home here, has gone to St. John, where she will spend the summer with her sister, Mrs. G. M. Calhoun. A number of teachers are home for the holidays.

King Milton, son of Wm. Milton, was married on Wednesday evening to Miss Della Rogers, eldest daughter of Joseph A. Rogers of this place. Rev. B. Davidson performed the ceremony. The young couple have taken up their residence at the Hill.

Mrs. Calhoun, relict of the late Jos. Calhoun, died yesterday at the home of her son, W. B. Calhoun, Cape Station, at the age of 80 years. The deceased, who was a very highly esteemed lady, was formerly a Miss Calkins, daughter of James Calkins, one of the best known residents of Hopewell Cape, who was in the village to her well in the earlier days. She leaves one son, W. B. Calhoun, and a daughter, Mrs. Annie Bray of Hopewell Cape, and two aged sisters, Mrs. W. C. Wright, mother of Sec. Treas. W. C. Wright of Hopewell Cape, and Mrs. Foshay of Nova Scotia.

The marriage took place at the residence of Mansfield Steeves, Hopewell Cape, on Wednesday evening, of Miss Annie, Mr. Steeves' eldest daughter, and Dean McLatchy of Weldon. The ceremony was performed by Rev. W. Camp of Sussex, formerly pastor of the Hillsboro Baptist church. Mr. and Mrs. McLatchy left on Thursday on a wedding trip to Fredericton and vicinity.

Messrs. E. C. Freese, S. Henderson and G. F. Henderson, and Misses Dorn, Henderson, Berry, McKay and Force of Moncton, drove down today on a pleasure trip to the lower part of the county. Edward Shanklin of Mount Allison, was in the village today. Geo. M. Calhoun of St. John is visiting friends here.

HOPWELL HILL, June 27.—At the supreme court, yesterday, young Hayward of Kings county, pleaded guilty to the charge of obtaining goods under false pretences from Brewster & Co. of Albert, and was allowed his liberty on his own recognizance, after a severe lecture by the judge.

The terminal examination of the Superior School was held yesterday afternoon. A good number of visitors were present. H. H. Stuart, the principal, has given good satisfaction during the term, and it is understood, he has been re-engaged for the ensuing year. The examination in the primary department was held on Wednesday.

D. W. Stewart has been given the contract for putting in a stone culvert across the highway at Palmer's Creek, for \$110.

Mrs. Donaldson of Dubudga, Ia., who has been visiting at Lower Cape, is quite ill at the residence of W. E. Calhoun, Cape Station.

Excavations are being made at the vacant lot at the Upper Corner, Riverside, for the foundation for a new building to be erected for Dr. J. E. M. Chiwariath. The building is to be two stories with a stone basement, and will be fitted up as a drug store and private hospital.

The Hopewell Baptist church has in contemplation the building of a new sanctuary at this place. It is understood that the Rev. Gaudin has offered \$250 in the way of assistance.

OTTAWA.

An Important Circular to All Quarantine Officers Received. Washington Notified that Any American Fisherman Using Dynamite Within the Limit Will be Severely Dealt With.

OTTAWA, July 3.—Mr. Birckett, M. P., was examined for discovery, before the master in chancery this morning, in connection with the election petition against him. Nothing special was developed by the legal experts, who arranged on the fishing expedition.

Rev. Mr. Young of the Village of Cache Bay, on the shore of Lake Nipissing, has wired to Ottawa for assistance, thirty houses having been destroyed by fire yesterday, and a large number of people rendered destitute and homeless.

Domestic collections on account of customs for the fiscal year show a very light increase over the year. The approximate total of receipts is \$30,000,000.

Mr. Moore, the chocolate king, has invited the governor general to visit him at his place in Anticosti. His excellency has accepted and will celebrate the 15th of July there.

The services at the church for the session, leaves for Toronto on the 11th, where he will form one of a small committee representing the dairymen of Ontario, who are to select Ontario dairy products to be shown at the Pan-American exposition. Should the experiment warrant it, a second collection of both cheese and butter will be held in September, winning medals and prizes to be shown in Buffalo, Ontario dairymen paying all expenses.

Dr. Montzambert, director general of public health, and Dr. McEwen, chief veterinary inspector for the dominion, have been delegated by the government to attend a conference called by the King, to be held in London, July 22nd, to consider the question of prevention and cure of tuberculosis.

All Garrison artillery corps in Canada except the Victoria, are ordered into camp at the rate of 100 men, from August 19th to 24th. The corps affected are Cobourg, Montreal, Quebec, St. John and Charlottetown.

OTTAWA, July 3.—The director general of public health has just received an important circular sent to all medical officers of the service throughout the United States. The circular has been translated into French, and is an important circular sent to all medical officers of the service throughout the United States.

AN ELOQUENT TRIBUTE.

Dr. Macrae's Sermon at the Funeral Service of Rev. Dr. Bennet.

The remains of the late Rev. Dr. Bennet were removed to St. Thomas' Presbyterian church on Tuesday morning, where a great number of friends went to take a last look at the venerable features of one so long known and so universally respected. The church was suitably draped, and behind the choir was a scroll with the words "Asleep in Jesus."

The funeral took place in the afternoon. The members of the Presbytery of St. John were present. The pulpit was occupied by Messrs. H. Foster, Jas. Burgess, Jas. Ross, J. McLean, Harvey, York, Rev. Wm. McDonald of Fredericton.

The services at the church for the session, leaves for Toronto on the 11th, where he will form one of a small committee representing the dairymen of Ontario, who are to select Ontario dairy products to be shown at the Pan-American exposition. Should the experiment warrant it, a second collection of both cheese and butter will be held in September, winning medals and prizes to be shown in Buffalo, Ontario dairymen paying all expenses.

THE TWO SHAMROCKS.

The New Boat Beaten by Shamrock I. by Over One Minute.

ROTHESAY, Firth of Clyde, July 3.—The two Shamrocks started on a thorough racing trial today over a forty-three mile course. A brisk breeze was blowing when the start was made. The yachts carried jib leaders.

In order to give the Shamrocks a thorough test in open water, a triangular course was laid out for today's race, starting at Garrook Head, thence to Holy Island, around the Beld, thence ten or twelve miles to the southward around the Erin again and a reach back to the starting point.

Sir Thomas Liston, invited the reporters aboard the Erin to witness the racing, but Mr. Weston, cancelled the invitations, desiring to preserve the secrecy with which he has hitherto endeavored to surround all the challenger's movements. The boats were fetched out of the bay under jib-headed topsails. A brisk easterly breeze was ruffling the water and giving a fine racing, wind all the way down. Although the formal racing commenced off Garrook Head, the boats were sent off from Craigmore Pier in racing order. The challenger took up a position on the weather bow of the older boat as she crossed the line, and rapidly opened a way, the Shamrock I. following in her wake.

Of course, these miles out the challenger led by about half a minute. Finding the wind patry, the original race plans were abandoned in favor of a trial inside the Firth, and the two yachts started on a reach across. Off Cumbrake the challenger was leading 53 seconds. Soon after they sailed into a calm and the Shamrock I. passed the Shamrock II. wide to windward. Fetching up the Firth, the wind headed the boats and their jib topsails were taken in. The breeze freshened, but the challenger gained very little. Ladies who bore away and passed wide to leeward of the Shamrock I. while left the order boat in still better position and she was soon able to pass ahead of the Shamrock II. and slightly to windward.

ROTHESAY, Firth of Clyde, July 3.—At the finish of the actual racing, the Shamrock I. led by a minute and a half.

When you ask for Headache Powders be sure you get KUMFORT. Never accept a substitute. It is better to be safe than sorry and you may be sure that KUMFORT are the best. All Druggists in 10 and 50c packages.

CURES WEAK MEN. No Drugs

Advertisement for Dr. Sanden's Hercules Body Battery. ALSO USED BY WOMEN AS WELL FOR RHEUMATISM, LAME BACK, ETC. FREE TRIAL. F. T. Sanden, 132 St. James Street, Montreal, Que. Office hours, 9 A. M. to 6 P. M., Sundays 12 to 1.

Drugs are absolutely powerless in chronic ailments, and in most instances harmful. Electricity is essentially a natural treatment and can never injure. Don't drug your stomach, and don't use an ordinary electric belt when you can just as well have my latest invention, the 1901 model, Dr. Sanden Hercules Body Battery. You wear this appliance comfortably around your waist nights while asleep. Sent on free trial, which means you do not pay one cent in advance or on deposit, not a penny until cured. HERCULEX sends a pleasant, soothing, strength-giving current through the system. Suspensory attachments for men. Cures weaknesses which result from youthful errors such as Nervousness, Impotency, Varicocele, etc. Other attachments for women as well as men in Lame Back, Rheumatism, Kidney, Liver, Stomach disorders, etc. If possible drop in at my office and see the HERCULEX which has a great improvement upon the Dr. Sanden Electric Belt (used these 20 years). At a distance send symptoms by post. My little descriptive book, "Health in Nature," sent post free. Remember the offer, 60 DAYS' FREE TRIAL.

THE SEMI-WEEKLY SUN

ST. JOHN, N. B., JULY 6, 1901. A MONTREAL PROTEST

La Presse of Montreal, said to have the largest circulation of any newspaper in Canada, appears to be somewhat alarmed over Canadian imperialism. In its Dominion Day article, La Presse asks whether 'our national beliefs are not threatened by an absorption which may prove fatal' and whether 'this grand word Empire, which does so well in speeches, does not seem incompatible with the idea of a national individuality.'

Returning to the subject the next day, La Presse strongly opposes the movements towards imperialism, which our French Canadian contemporary attributes to Mr. Chamberlain. 'We believe,' says La Presse, 'that we stand for truth when we rebel without ceremony the warm invitations of Mr. Chamberlain to ward imperialism. We are well as we are, and we shall remain so. England has nothing to offer us in exchange for our military assistance.' After explaining that Canadian should give their attention to industries 'to butter and cheese' and 'see from the sterilities of war.'

Mr. Chamberlain is trying to make a revolution, and to impose on us laws that are contrary to the federal compact. La Presse says that it is not visible to the rest of us, and that it is a purpose to 'see' Chamberlain that will probably surprise his secretary, when he comes to read them.

Mr. Tarte's Exile, which he quoted yesterday, also contains the attack on Mr. Chamberlain and his advanced ideas. Referring to the despatches of Mr. Browning to Mayor Howland of Toronto, asking if the Ontario bar supports Mr. Mills' opposition to the appointment of a Canadian on the privy council, La Patrie says that 'Mr. Browning doubtless obeyed the order given out after the disappointment produced among the authors of the conference by the attitude of the Canadian delegate.' It adds that 'if the government has given precise orders to Mr. Mills, no cablegrams from Mr. Browning to Canada can change his opinion. Mr. Chamberlain may have his ideas and his projects, but Canada proposes to freely direct her own affairs. Be- cause the secretary of state for the colonies desires to drag us into this or that adventure, it is not necessary that we should go there.'

THE YORK NOMINATION

So far as can be gathered from the action of the York liberal conservative convention, the members of the party in that county are not troubled with doubts. They came together, took stock of the past, and endorsed what had been done in their name. They considered the future and nominated a candidate for the coming election. Dr. McLeod is also quite clear as to his duty, and has accepted the nomination unanimously tendered him. By proxy and example Dr. McLeod and his supporters are teaching the country at large an important lesson, which is perhaps needed at

this time more than any other. They have shown that it is possible to carry on election campaigns in this country without corrupt or subversive influences, and also that it is possible for the party which runs a pure election to compel opponents to agree to the same methods. Dr. McLeod's campaign of last year was in certain respects unique. It appealed especially to a class of persons who are not interested so much as others in purely party contests. It was begun and carried through on terms laid down by the candidate as the condition of his acceptance of the nomination. Dr. McLeod and his local supporters have affirmed and maintained their right to make their fight according to their own ideas, and have declined to become parties to arrangements made in other counties in respect to protests or to the by-election. It happens that this splendid isolation of York need not prevent an agreement between parties in other counties, since there are four protests on each side in this province outside of York. Therefore there appears to be no strategic reason why the York county method of electoral reform should not be carried to a final conclusion. But if it had been otherwise, the strategic argument would probably not appeal to Dr. McLeod, whose idea of strategy is to carry out and induce others to carry out in practice what he and they preach.

ENGLAND AND THE NAVY

Lord Charles Beresford's criticism of the Royal Navy has created some interest, but there is no sign of panic. The British are accustomed to hear their army and navy condemned. It is not news to them that foreign fleets in the Mediterranean are able to blow the British squadron out of the water, or that the British ships are badly manned and cannot sail or be steered. Corresponding accounts have been given of the army by army officers. It is one of the luxuries in which British officers and statesmen indulge to make it appear that the nation is practically defenceless. The officers and statesmen of other countries do not enjoy these pastimes in some countries, statements such as Lord Beresford makes might cause a panic or else the arrest and punishment of the critic. But the British take these things as a matter of course. They seem to enjoy hearing and saying the worst about the condition and prospects of the nation. The English feel that they are safe, and that they can afford to let the worst be known. They are never so cheerful as when some one has proved that the country is in great and immediate danger. That note of disparagement goes to show that the state of affairs is normal. If Lord Beresford should prove that the navy was in first class condition, and capable of holding its own against all other nations, the declaration would surprise and rather terrify the country.

THREE MINISTERS AND THE EXODUS

It was pointed out the other day that when Mr. Fisher, the minister of agriculture, told the people of England that there was no longer an exodus from Canada to the United States, he was entirely wrong. It is true that the same statement was placed in the mouth of the Governor General, who was thus compelled to read to the house a false assertion and make it his own. But Mr. Fisher's colleagues, the Minister of Customs, cannot help giving in his 'plus book' the value of household goods which go with Canadians settling in the United States, and his return indicates a larger exodus than there was five years ago. In this respect Mr. Peterson's blue book agrees with the testimony of all who watch the movement of population. From 1895 to 1898 was a period of great depression in the States, and more Canadians were coming home from the republic than were going there. A few days ago the St. John Star mentioned the exodus reports of the Labor Gazette, and we propose now to give some extracts from the June number, lately received. The Labor Gazette is a monthly official journal, issued by the Department of Labor, by order of Parliament. Postmaster General Mulock is head of the Department of Labor and this Gazette is an invention of his. It has a large and highly paid staff, including an editor, an assistant editor, and a corps of translators, correspondents, secretaries and others to keep it right. The following quotations are taken from a report on the agricultural industry of Canada. Speaking of the condition in Prince Edward Island, this report speaks of the scarcity of farm help and accounts for it by the 'movement of young men towards the United States, attracted by the allurements of city life.'

Concerning Nova Scotia, Mr. Mulock's editor says: 'The reports also point to a general movement of young men and women from the terms to the United States, and particularly to Boston, although the opinion is freely expressed in this connection that many of those who

MONCTON. Extensive Preparations Being Made for the Grand Orange Lodge Celebration.

The Working Committee - City Council Advertising for Tenders for Bonds - Smallpox Bills Passed (Special to the Sun) MONCTON, July 4.—Extensive preparations are being made by local lodges for the Moncton demonstration of the Provincial Grand E. O. Association, to take place in Moncton on the 13th. The grounds near Victoria school have been secured and the parade will form up at that point and march through the principal streets. Bands are expected from St. John, Fredericton, Sackville and Newcastle and the Moncton band has also been engaged. After the parade there will be speeches by prominent members of the order. Special rates have been secured over the railway and meals and refreshments will be served on the grounds. The following are the committees of arrangement: Music—M. C. Lockhart, D. H. Charney, Frank Gardiner, C. B. Keith. Grounds—N. S. Street, Rev. Tucker, Geo. W. Stackhouse, N. E. Wilbur. Printing—H. G. Wadman, Thomas Glenneff, W. D. J. Birke, Enoch Steves. Parade—J. W. Clarke, Benl. Tucker, P. E. Heine, Geo. Price. S. G. Nickerson, chairman; H. G. Wadman, secretary.

A feature of the day will be a boys' detachment in the parade. The city council is advertising for tenders for \$15,000 of bonds to replace old issues already retired and about mature. The city council at its session this week passed the bills incurred in connection with the smallpox outbreak in Westmorland. After cutting to the extent of about \$100, the bills as passed aggregated \$10,727. \$1,493.33 to the guards, \$2,569.51 for salaries of constables, and \$1,184.83 for printing and telephoning. The board has received a check of \$1,000 from the local government. The balance is paid by county check pending adjustment with the government. A strong resolution was unanimously passed by the council protesting against the proposed valuation of the county by apportionment of the local government. The council at its last meeting did not appoint valuers and the local government, taking advantage of the law, stepped in and appointed valuers. The council, irrespective of party, declared that the valuation was not required at the present time, and would entail an unnecessary and heavy tax on the property of the county. The council will be watched with interest.

ANDOVER. Dominion Day Celebrated Under Auspices of the Cornet Band.

ANDOVER, N. B., July 2.—The Dominion day celebration was under the auspices of Andover Cornet Band. The weather proved ideal, a clear sky and cool breeze being most welcome after five or six days of unusually hot weather. Large crowds of people attended from the country around. The athletic sports and a game of base ball between the Andover nine and a nine from Fort Fairfield, Me., were the chief attractions of the day. The sports consisted of 100 yards dash, running broad jump, throwing hammer, pole vault, standing three jumps, high jump, hop, step and jump, and pulling on a lay stick. Among the prize winners were Chester Good, James Hiding, Ed. McLeod, Percy, Gilbert Peat, Percy Murphy and Tom McLeod. The game of base ball was watched with close interest. The Fort Fairfield team contained several professionals, and have not yet been defeated this season. Our Andover nine is composed mostly of young boys. Two of their number could have been there and their championship would have been theirs. At the end of the game the score was 13 to 12 in favor of Fort Fairfield nine. Herman Turner, Fred Bald, Harry Murphy and Alf. Tibbits of the Andover team did some excellent playing. Dinner and supper were served on the grounds. There was a dance in Beveridge's hall in the evening. The night of the evening was realized. This goes toward buying instruments for the band boys. This band is composed entirely of school boys, and is under the leadership of H. H. Tibbits. The excellent music they furnished during the day reflects great credit both upon themselves and their teacher. C. LeBaron Miles, G. B. and his son Edmund Miles, are at Plaster Rock surveying for the C. P. R. Miss Sadie Tinker is the guest of Miss Tibbits at the Court House. Mr. and Mrs. Scott and their little son are visiting Mrs. Scott's sister, Mrs. Harry Steves. Miss Hoyt, daughter of R. Hoyt, is visiting her uncles, Ernest Hoyt and William Hoyt. A number of our citizens intend driving to Caribou, Me., on July 13th to witness a game of base ball to be played between the Caribou nine and one of the teams from St. John.

GRAND MANAN. Annual Inspection of Customs House Made on Monday—Fishery Reports.

GRAND MANAN, N. B., July 4.—Inspector of Customs J. S. MacLaren made his annual visit of inspection of the customs officers of this island on the 1st instant. He was accompanied by Special Officer Jas. Bogie. The collector of customs at North Head now wears a uniform. The police are all inside the (legal) limit, and no dynamite is used. Most of our boats and vessels go to the Nova Scotia shore for hearings for boats and reports the hearing fairly plentiful on that shore. We have been experiencing some very hot weather lately, and after the severe winter experienced, it is a treat. The thermometer has been away up in the eighties. We have had some very severe thunder storms, one a few days ago damaged telegraph poles and striking a building. Some persons in it were quite badly shocked. Edward Russell, brother of councillor P. P. Russell, who has been visiting relatives on the island after an absence of eighteen years, left for his home in Suchoonick, Washington state, U. S., on the 1st instant. Mr. Russell seems well contented with the land of the adoption and is prospering. Capt. Bloomfield Douglas and wife have been here; so has Inspector of Lights James Kelley; also the Scott act inspector. Dr. Du Vernet Jack was instrumental in getting up and having largely signed a petition to the militia department for the organization of a rifle association or citizens' club on the island. He obtained seventy-six signatures to the petition. He was indebted to Judge M. N. Cockburn of St. Andrews for much valuable assistance in his efforts to organize the rifle club. Capt. Douglas has been here in earnest. It is getting harder and harder every year to obtain the necessary material and the expense increases in the same ratio. Squid are reported very plentiful on the fishing grounds. It is rumored that a Masonic lodge will be started on the island in the near future. It is a good field for the craftsmen to operate in and we

You Can Cure It. A New Cure for Catarrh in Tablet Form.

The old time treatment for catarrh was in the form of douches or sprays; later on, internal remedies were given with greater success, but being in liquid or powdered form were inconvenient and were open to the same objection to all liquid remedies, that is, that they lose whatever medicinal salts from their use have been highly to the air. The tablet is the ideal form in which to administer medication, but until recently no successful catarrh tablet had ever been attempted. At this writing, however, a most excellent and palatable remedy for catarrh has been placed before the public and sold by druggists, called Stuart's Catarrh Tablets, composed of the most recent discoveries in medicine for the cure of catarrh, and results from their use have been highly gratifying. Stuart's Catarrh Tablets contain principally highly concentrated antiseptics which kill the catarrh germs in the blood and mucous membranes, and in this respect are strictly scientific and modern, as it has been known for some years past by the ablest physicians that the most successful catarrh treatment was by inhaling or spraying antiseptics. The use of inhalers, douches and sprays, however, is a nuisance and inconvenient, and moreover can be compared with the same remedies given in tablet form, either in efficacy or convenience.

Stuart's Catarrh Tablets contain principally highly concentrated antiseptics which kill the catarrh germs in the blood and mucous membranes, and in this respect are strictly scientific and modern, as it has been known for some years past by the ablest physicians that the most successful catarrh treatment was by inhaling or spraying antiseptics. The use of inhalers, douches and sprays, however, is a nuisance and inconvenient, and moreover can be compared with the same remedies given in tablet form, either in efficacy or convenience.

A clerk in a prominent insurance office in Pittsburg relates his experience with Stuart's Catarrh Tablets in a few words—but to the point. He says: 'I have used Stuart's Catarrh Tablets with me for eight years; in this climate it seems impossible to get rid of it. I awoke every morning stuffed up, and for the first half hour it was costly. I had to get up and sneeze, before I could square myself for my day's work, no appetite, and a foul breath which annoyed me exceedingly. I used Stuart's Catarrh Tablets for two months and found them not only pleasant to take but they did the business, and I can sincerely recommend them to all catarrh sufferers. Druggists sell Stuart's Catarrh Tablets at 50 cents for full sized package. They can be carried in the vest pocket and used at any time and as often as necessary. Guaranteed free from cocaine, mercury or any mineral poison; absolutely safe.'

SHIRT WAISTERS IN CHURCH

The Rev. James N. Crutcher, pastor of the Compton Heights Christian church, St. Louis, preached his pulpit Sunday night in a cool, white shirt-waist and delivered a sermon on 'Fads in Religion' to a congregation composed largely of shirt-waist men and ladies women. The departure was for the sake of comfort, and to keep up the attendance. The church has a large, cool, auditorium, with great windows. Ordinarily it is cool, but the present weather has been discouraging. The pastor, who is only 25 years old, perceived that the only way to hold his congregation was to make them comfortable. He announced that he would appear Sunday night in a shirt-waist and invited men to attend in similar attire and women without their hats. Some young men in the morning came in shirt waists. They appeared so comfortable, the pastor announced that he would follow their example, and many shirt-waist men were attractively dressed, sat with their hats in their laps.

PROVINCIAL NEWS

BENTON, Carleton Co., June 29.

The annual school meeting was held on the 15th inst., when Wm. Anderson was elected to fill the vacancy in the trustee board necessitated by the retirement of a trustee. It was voted to entirely renovate the old school building, instead of erecting a new one, as decided upon last year.

The public school examination of the advanced department was held on Thursday afternoon. The scholars were examined in the various branches of their curriculum, and gave evidence of successful work. The retiring principal, Harry C. Fraser, of Lower Prince William, intends pursuing a course of study at Dalhousie this autumn. The examination of the primary department was held on Friday afternoon, when pleasing and effective work reflected much credit on the teacher, Miss M. E. Jones, of Benton. A fairly good representation of the citizens was present on both occasions.

Miss Gertrude O'Brien who had been in charge of the school at Innes' Ridge, left on Wednesday for her home in Fredericton. Miss O'Brien has distinguished herself in her school as an adept at Sloyd work to such an extent as to be called upon to spend four weeks at Knowlton, Quebec, where she is to read a paper on Sloyd work in New Brunswick and its future outlook. Miss O'Brien will leave for Knowlton on Monday next. The school under Miss O'Brien is the first school in N. B. to adopt Sloyd work as a branch of study, and anxious eyes will follow her in her new work as well as to greet her return to her school in August.

The Benton Ridge school held a public examination on Friday forenoon, when very successful work spoke effectively for the merits of the teacher, Miss Edith O'Brien, who goes to Grand Falls to teach next term. The district in general have expressed their regret over the retirement of so successful a teacher. Martin Smith, who has spent fourteen years in the Western States, recently arrived here, having been summoned on account of the illness of his sister, Mrs. Nancy Turner, Mr. Ross of P. E. I. is spending a few weeks here with her son, Rev. Geo. Ross. The Sabbath schools of this village are holding their annual picnic today in Griffin's Grove.

The crops are looking much refreshed since the recent rains. The heat is being severely felt during the last three days and the mercury has reached 84 degrees in the shade. The potato bug is very active. Your correspondent saw taken from one plant last evening 28 striped specimens of this farmer's enemy.

CAMPBELL, Char. Co., June 25.—The annual school meeting was held on Saturday last. J. J. Alexander, agent for the Campbell Land Co., has been dangerously ill with typhoid pneumonia, but is now improving in health. Drs. Bryon and Bennett are in attendance. Summer visitors have begun to make their appearance. Alex. Fort and family, Mrs. Kuhn and family, Mrs. Sturgis and family, and Mrs. Herbert and family are now occupying cottages here. Mrs. Sylvanus Thurber is visiting her former home in Nova Scotia. Albert Thurber and his daughter Alice, who have been here for a time, have returned home. Two fine salmon were taken from the harbor within this week, one weighing seventeen pounds.

Quite a sensation has been created here by the American sardine syndicate charging a number of wholesalers with having violated the terms of the contract. The case has not yet been decided. NEWBURN JUNCTION, N. B., June 29.—William McLean, the oldest resident in Carleton county, passed away last week at the advanced age of 103 years. He was born in Ireland and emigrated to this country when a young man. He leaves a widow, as many as old as he, three grandchildren, and a number of great grandchildren. The hay crop promises to be light, especially on the highlands. It will not be up to the average in some places. Root and grain crops are looking well; also the fruit crops. Mrs. D. H. Dixon and children, also Mrs. Wm. Teddie are to attend the camp meetings at Brown's falls. Mrs. Gray of Worcester, Mass., arrived today on a visit to her mother, Mrs. Colter, at Pembroke.

Father Bradley's picnic comes off the grounds of John McKinney, near the station, on the 10th of July. SACKVILLE, N. B., June 29.—A. B. Copp, M. P. P. returned last night from a driving trip through the parish of Bedford. Upwards of a hundred persons were at the station last night to meet Stipendiary Water Cahill and wife. Mr. and Mrs. Cahill were at once driven to their residence on Weldon street, where they were treated to an old-fashioned charivari. Amos Hicks received word a few days ago stating that his sister, Mrs. Benjamin Stoddard of Rockland, Mass., had been killed there by an automobile. RICHBUCKTO, June 27.—A basket social and entertainment was held at St. Nicholas River hall on Tuesday evening. The proceeds go towards fencing and improving the grounds. The Norwegian bark Gogla came in yesterday, consigned to Edward Walker. J. & T. Jardine's bark Valona sailed for Liverpool last evening. Graham, of the Royal Bank of Canada, at Truro, N. S., was a passenger. Wm. C. Whitaker, assistant post office inspector, was in town on Tuesday and drove to Kouchibouguac. The closing exercises of Notre Dame convent at St. Louis took place last evening. The attendance of visitors was the largest in the history of the institution. Prof. Dunham of Baltimore arrived yesterday with his wife and family to spend the summer. Grand preparations are being made for July 1st. There will be a big parade, sailing and rowing races, bicycle and running races and fireworks, electric car. Deceased was Frances Hicks, daughter of George Hicks. She was 47 years old and leaves a family. Miss Copp and Mrs. Elvathia Dixon

ON FIRE.

An exploding lamp; the clothing in a blaze; a paragraph in the paper telling of a horrible accident about 100 miles from this town. Tragedy in this form moves a man to tears. But for women who are daily being consumed by the smouldering fire of disease there is little sympathy.

Inflammation, with its fierce burning; ulceration, eating into the tissues; the most terrible nervous system almost shattered by suffering; these are only part of the daily agonies borne by many a woman.

Dr. Pierce's Favorite Prescription puts out the fire of inflammation, heals ulceration, restores the nerves, restores the appetite, and gives refreshing sleep. A favorite Prescription for the most terrible nervous system almost shattered by suffering; these are only part of the daily agonies borne by many a woman.

The position made vacant by the resignation of Miss Edna Higgins is to be supplied by Miss Ina Few of North Cambridge, Mass. Miss Few has studied in Boston and in Italy and all testifies to the excellence of her ability. A. J. Hubbard, a leading teacher of voice, of Boston, says "she is well prepared to accept a more than ordinary position." Maestro V. Vanina, the greatest master of voice culture in Florence, Italy, with whom Miss Few studied for about two years, speaks very highly of her ability as a vocalist and of the fine quality of her voice. She is spoken of as having a voice, strong and of wide range, pure clear tone and very expressive, and as being "a real artist."

Miss Edna Higgins, daughter of Rev. Isaac Howie of Shediac, succeeds Miss Freeman as matron and trained nurse. Dr. Borden has already received numerous applications for rooms for the coming term and the prospects are that the attendance will be unusually large. SACKVILLE, N. B., July 1.—A school examination will be held in the basement of the Methodist church next Friday night, the proceeds to be applied towards purchasing a piano. Miss Hattie Ramsay, teacher in the high school, spent Sunday in Amherst, Mr. and Mrs. Bill G. Hayward left Saturday night for a short vacation at Cape Tormentine. Alice Read, who has been teaching at Great Salmon River, St. John county, spent Sunday in town visiting her home in Port Elgin this morning.

At a meeting of the directors of the Sackville Water and Sewerage Co., H. A. Powell, K. C., resigned from the board and Charles Fawcett was elected in his stead. H. A. Powell, K. C., is to deliver a patriotic address at the meeting of the Epworth League tomorrow night. The excursion of the Sackville brass band to Cape Tormentine was largely attended. The net receipts, which total over \$300, will go towards keeping up the band. The band will give their second concert at the corner of Crane's corner next Saturday night. WOODSTOCK, N. B., June 28.—The closing exercises in connection with the schools took place this morning. Perhaps the most notable of the exercises was the recitation of the grammar school, and in the results of the recent examinations, since the course there winds up the educational career of a scholar in this town. G. Hugh Harrison, principal, presided, and among the visitors were the mayor, H. P. Baird, chairman of the school board, W. W. Hay and several ladies. The band will give their second concert at the corner of Crane's corner next Saturday night.

WOODSTOCK, N. B., June 28.—The closing exercises in connection with the schools took place this morning. Perhaps the most notable of the exercises was the recitation of the grammar school, and in the results of the recent examinations, since the course there winds up the educational career of a scholar in this town. NOTICE OF SALE.

To James Miller of Newcastle, in the County of Queens and Province of New Brunswick, Merchant, the Heirs, Executors and Administrators of George F. Baird, late of the City of Saint John, in said Province, deceased, and all others whom it may concern:

Notice is hereby given that under and by virtue of a Power of Sale contained in a certain Indenture of Mortgage made and entered into on the thirteenth day of October, 1895, between James Miller and Victoria, his wife, of the one part, and Joseph Horvath of Portland, in the County of Saint John and Province of New Brunswick, of the other part, and recorded in Book No. 2 of the Queens County Records, page 22, and following pages, which mortgage was assigned by the said Joseph Horvath to the said James Miller, and was assigned by the said James Miller to the undersigned Sarah Miller, both of which assignments are duly recorded in the office of the Registrar of Deeds for the County of Queens, there will be put up for sale, satisfying the said mortgage, the premises described in the said Public Auction, at Clubb's Corner, in the City of Saint John, on SATURDAY, the SIXTH DAY OF JULY, 1901, at twelve o'clock noon, all that certain lot of land situated in the Parish of St. John in the County of Queens aforesaid and described in the said mortgage, as follows:—The lot of land fronting on the leading from the "North-west" to the Petrolodine road, having an area of about one acre, and containing "hundred acres more or less, and is situated in the Parish of St. John in the County aforesaid," with all the buildings and improvements thereon. The said lot of land has been conveyed to the said James Miller and wife to George F. Baird by deed dated the seventeenth day of September, A. D. 1884. Dated this twentieth day of April, A. D. 1901.

SARAH MILLER, Assignee of Mortgage.

NOTICE IS HEREBY GIVEN

That the Co-partnership heretofore existing between Rev. & Sons, Commission Merchants, was dissolved by mutual consent on November 1st last.

The business will be continued by Geo. N. T. & Sons, at the old stand, 214 City Market, where he will be pleased to receive consignments of Country Produce to sell and guarantee to make prompt returns at the best possible prices.

GEO. N. T. & Sons, 214 City Market.

WANTED.

WANTED—To correspond with a commercial traveler who covers Eastern Nova Scotia and Cape Breton and has some acquaintance with the Maritime Provinces. Orders of commission as a side line. Address E. J. C. care Daily Sun.

A Sydney, C. B., despatch to the Halifax Chronicle of the 1st inst. says: "John Burns, a mine in the employ of the Dominion Coal Co., made a horrible death Saturday night. He was walking along the S. and I. track near Dominion station, when he was struck by the night express from Sydney and killed. His body was right fully cut up."

POULTRY

The more I see done on today, the more the seriousness of industry is regarded present time. It was, the other "If," said that tured a few years than half a dozen chickens to Galt. ket was glatted a made at any price gether different. any number of co-operative bacon ford and sell them a handsome profit after all the tr picking, there's with time, to netting and plucking it."
