MANCHESTER COMMERCIAL COLLEGE WITH ICEBERG

Big Freighter Sustained Severe Injuries in Straits of Bellisle.

HURRICANE RAGING IN RIVER AND GULF

The Commerce Proceeded to St. John's, Newfoundland, Where She Will Be Docked for Repairs—Heavy Weather in St. Lawrence.

Montreal, Nov. 2.—The Manchester Commerce struck an iceberg while passing through the Straits of Bellefleur early on Saturday morning, and sustained injuries which, though severe, did not incapacitate her entirely, for she was subsequently able to shape her course for St. John's, Newfoundland, where she will be docked for over-hauling and repairs.

The weather report from Point Bellefleur by the signal station, was cloudy, no mention being made of fog; but fog sometimes falls quickly in the Straits, at this time of year, especially when ice is floating in the vicinity, so it may yet transpire that it was on account of sudden fog obscuring her course that the Manchester Commerce met with the accident, which compelled her to make for the nearest port. Meagre details of the accident reached here last night.

J. R. Blinnig, managing director of the Furness Withy interests in Montreal, stated that he had merely been informed that the Manchester Commerce had struck an iceberg. As to the extent of her injuries he had received no details. However, he was confident that she was in no immediate danger of sinking.

Icebergs are known to be afloat in the steamer-track in the Straits of Bellefleur, as the White Star liner Canada, encountered four of them during her last trip from Liverpool. Captain Jones reported, upon arrival here, that the first of these bergs had been met with eighty miles to the east of Belle Isle; the second, five miles to the east; the third, off Cape Norman, and the fourth thirteen miles west of that point, all four being directly in the track of steamers navigating the Straits.

The Manchester Commerce is commanded by Captain Couch and is an iron screw steamer built at West Hartlepool in 1888. She is of 5,365 tons gross register, 430 feet five inches long, 48 feet 2 inches beam and 30 feet 6 inches deep. Her officers and crew number about forty. She has few, if any, passengers aboard.

A hurricane, accompanied by a blinding snowstorm was reported from Matane on Saturday, while heavy falls of snow were reported from other points below Quebec, with a strong northwesterly gale blowing, at practically every point. Bad weather in the river and gulf was the report made by every incoming steamer today, with snow that covered the decks to a considerable depth.

SAY VESSEL WAS CAPSIZED

People Living Near Charlottetown Notified Marine Department to this Effect But Search Reveals Nothing.

Charlottetown, P. E. I., Nov. 1.—The Department of Marine and Fisheries was notified this morning that a vessel was lying capsized about four miles off Canoe Cove. Mr. Jerrold, who lives at the Cook house on the shore, notified Mr. McFadyen of the firm of McFadyen Brothers, Canoe Cove, of the accident, and Mr. McFadyen immediately sent word to the Marine Office, Charlottetown, with the result that the steamer Brant, with the life boat in tow proceeded at once to the scene of the disaster, but no trace of the vessel could be found.

Those on shore who saw the vessel, a two-master was far out and a heavy sea was raging all day, lashed into fury by high winds with light snow falls.

The Brant had a very rough passage back to Charlottetown after a thorough search had been made the life boat attached over-turning several times. It is thought the vessel came from the west part of the island but no particulars can yet be ascertained as to the owners.

An unconfirmed report says four men and one woman were on board.

A Rioter Sentenced.
Vancouver, Nov. 2.—R. Goodwin, charged with participating in a riot among coal miners at Cumberland, Vancouver Island, was on Saturday sentenced to nine months in jail.

THOUSANDS MEET BOOTH AT TORONTO

Leader of Salvation Army is Given Enthusiastic Reception.

THREE ADDRESSES IN MASSEY HALL

General Bramwell Booth Received by the Civic Officials and Formally Welcomed by the Mayor.

Toronto, Nov. 2.—General Bramwell Booth, of the Salvation Army, was given an enthusiastic reception on his arrival here Saturday afternoon. On the station platform he was greeted by several of his officers and civic representatives. Outside the station 2,000 members of the Army with ten bands were in line, and after the General had reviewed them they paraded before him to City Hall. There General Booth was formally welcomed by the Mayor in an address eulogistic of the Salvation Army and its work.

Later in the evening a mass meeting was held in Cook's church. The General, who touched on some features of his father's life, said he realized the difficulty of following such a character as that. Some officers in whom he had great confidence, he said, told him he was a make-shift. He was not in the least offended, and replied: "I know exactly what you mean; I feel like that myself; but never mind, we are going to start something."

Great audiences which today three times filled every seat in Massey Hall, were highly enthusiastic when General Booth addressed them.

Bramwell Booth, in his speeches today, did not show himself a magnetic orator. Standing in an improvised stand on the platform, a frail-looking, sheltered-appearing gentleman, moving his hands in gentle, discreet, declamation, uttering words devoid of forensic adornment in accents so politely restrained that it was difficult to hear him half way back in the hall. The General was essentially a man of peace.

General Booth's principal address was delivered at the afternoon meeting when he spoke on "Some Lessons of My Father's Life and Work."

TO CONSIDER THE EVIDENCE

Daniel and Evaristo Madero on Trial at Vera Cruz—Financial Situation Much Improved.

Mexico City, Nov. 1.—Daniel and Evaristo Madero who are confined in San Juan prison at Vera Cruz, have been placed at the disposition of the federal district judge here for a period of 72 hours, during which time evidence against them will be considered. If this evidence is inconclusive, it is probable that their release will be recommended to the federal authorities.

The financial stress apparent yesterday has been relieved temporarily by assistance given to the government by the National Bank. All the government employees are now said to have been paid. The members of the special Mexican embassy to Japan, who are now on their way back to Mexico from Havana aboard the training ship Zorro, are not under arrest, according to officials here, but they will be subjected to an inquiry as to the expenditure of \$9,000 pesos by them on their trip abroad with General Felix Diaz.

THE BISHOP OF HURON VISITING CAPITAL

Special to The Standard.
Frederickton, Nov. 2.—Dr. Williams, Bishop of Huron, occupied the pulpit at Christ Church Cathedral at both services today. The evening service was for the students and was largely attended. Bishop Williams is to be the visiting preacher at the Anglican synod for the Diocese of Fredericton.

Aged Woman Burned to Death.
Geuphi, Ont., Nov. 2.—Mrs. Heward, 65 years old, was burned to death this afternoon. It is supposed that while attempting to light an oil stove her clothing caught fire.

LAURIER'S SENATORIAL PARASITES TO CONTINUE TO BLOCK ALL PROGRESS

Liberals in Upper House Determined to Oppose the Aid to Good Roads.

NEXT SESSION PROMISES VERY LIVELY FIGHTING

Redistribution Bill, Naval Defence and Aid to Highways Some of More Important Matters Forecast for Consideration at Coming Session.

Special to The Standard.

Ottawa, Nov. 2.—The certainty of no session until January has caused a complete lull in political matters in the capital. Speculation as to the legislative programme arouses little interest as the cabinet's proposals have been well concealed and the general public has little idea of what new matter will be brought before parliament. The opposition press is busy formulating a naval policy, or, rather, a series of naval policies, for the government. So many schemes have been put forward by the opposition as the government's policy that they have probably generated some features of the government's proposals.

For the government to introduce any scheme of naval defence that would be effective is to invite its destruction by the Senate as long as Laurier is in control of the Senate, which he will be in a position to defeat the will of the representatives of the majority of the people. The opposition are determined to block any measure of effective naval defence; also the attempt of the government to aid in highway construction.

For a year they have demanded a redistribution bill, and now announce that if one is introduced this session they will kill it. Representative government has become impossible under Laurier's control of the Senate, which he fills with useless parasites bound to him by ties of gratitude for participation in the division of the spoils so frequent and remunerative under the fifteen years of graft rule.

Legislation Forecast.

Some of the bills sure to come before parliament are naval defence, redistribution and highways. All these are likely to be rendered ineffective by the Senate. Any attempt to raise the tariff will be opposed by the people in 1914—a tariff commission will meet a similar fate.

Thus four important questions cannot be successfully dealt with because a body of men who represent nobody except a defeated political leader refuse to give their assent.

Consolidation of the railway act, reports on ocean and railway rates will be before parliament. An expansion of the policy of aid to agriculture is certain. The estimates will include a bill for development of our transportation systems. There will probably be a measure increasing the jurisdiction of the Grain Commission over the eastern section.

What will be of great interest is the report on the construction of the National Transcontinental, now in the hands of the government, and which illustrates the graft and waste of the Laurier regime. Repeal of the alienation of the public domain under Laurier rule will also be brought down and the exposures will drive some men from public life.

Control of the Senate by Laurier will rob the coming session of much of its effectiveness, but may eventually rid Canada of this useless legislative body. However, there will be many matters of interest and much to fight if Laurier continues his rule or wreck policy and his and his lieutenants' campaign in Chateaugay and Bruce indicate that such a policy will be continued.

LAUNCH SCHOONER AT PARRSBORO, N. S.

Special to The Standard.
Parrsboro, N. S., Nov. 1.—Captain Thomas K. Bentley launched from his shipyard at Port Greenville today a tern schooner named the Percy D. Her dimensions are—Length, 32 feet; width 22.5; depth 10.8. She registers 281 tons, and is classed for twelve years in the American registry. She is built of hardwood and spruce, is iron keeled throughout, and is fitted with a gasoline engine for hoisting sails, anchors and cargo.

The Percy D. is owned by Captain Bentley, who will command her, and Dr. Lawson, of Port Greenville. She will load pliers for Boston. Captain Bentley furnishes his own cargo, and on her return from her first voyage will load potatoes for Cuba. She is a strongly built craft and promises to be an excellent carrier. She is the second vessel built on this shore this season and will probably be the last for some time.

BRITISH GOVERNMENT IS FACING FOUR ELECTIONS

Miniature General Election Now Holding Attention in United Kingdom—Contests in Two English and Two Scottish Constituencies.

London, Nov. 2.—The United Kingdom is in the throes of a miniature general election. There are five vacant seats for the House of Commons, four of them caused by the recent judicial appointments and consequent changes in the cabinet. The government in four of the contests is on the defensive, as it has to contend with a lot of dissatisfaction, both with what it has done and what it has failed to do.

The Unionists are making determined efforts in every constituency, and are aided by the nomination of Labor and Socialist candidates, who always draw votes from the Liberals.

The greatest interest centers in the contest for Reading, the seat at which Sir Rufus Isaacs gave up to take the Lord Chief Justiceship, and here the Unionists have the best chances of making a break in the government defenses. Sir Rufus, although a resident of the city and otherwise popular and strong candidate, always held his seat by only narrow majorities, which at the last election dwindled to 99. Capt. Leslie Wilson, who fought him at the last election, is again the Unionist candidate for Reading, and a strong Liberal candidate, a former member for Bath, is quite a stranger to Reading, and the Socialists are opposing him.

There will be no contest at the by-election for the northern division of County Cork, where John Guiney has been nominated.

ST. STEPHEN WINTER PORT POSSIBILITY

Citizens of Border Town, at Big Meeting, Determine to Press Claims as a Seaport.

St. Stephen, Oct. 30.—Now that the declaration has been made by Sir Thomas Shaughnessy that the winter export trade of Canada is getting beyond the ability of the existing ports to handle, the people living on the shores of other deep water harbors are beginning to "sit up and take notice" of their surroundings. It was for this reason that the citizens of St. Stephen and surrounding country gathered in a big meeting one evening last week.

The meeting was under the auspices of the Board of Trade, and in the absence of the president, through illness, the chair was occupied by Mr. Marks Mills. Never a shadow of doubt entered into the proceedings, but there was a great determination that the claims of St. Croix Harbor must no longer be ignored.

C. N. Vroom, who has given much attention to the matter for many years, pointed out the claims of the port. Steamers coming here steer a straight course in from the Atlantic ocean to Michels Seal Island, thence along the well lighted main coast to Head Harbor, through the big and deep and wide Quoddy River, with a straight run right to the docks at St. Croix, the lowest depth of water an long life being estimated at 40 feet. It is fifty miles nearer to Montreal than any other port, and within three miles of the present port of St. Stephen. Not a dollar is needed for dredging, and a granite pier is right at hand to furnish the material for docks. A railway could be built from the present Transcontinental to the port, and wharves built for a fraction of what is being expended at Courtenay Bay.

W. P. Todd, ex-M.P., spoke of the unrivalled facilities of the port with a magnificent harbor eight miles long and three miles wide, and every foot of shore available for docks. Docks having a frontage of one mile can be built here with a room to spare, and with very small expenditure of money is needed to make them immediately available. The trade of Canada is rapidly exceeding present facilities, and citizens have the right to demand that their claims be considered. He suggested that the government be asked to send engineers to survey the port and was confident that the claims made in this meeting would be verified.

INDIANAPOLIS STREETS SWEEPED BY CAR STROKERS

RESCUED BY BIG STEAMER FROM DEATH

Crew of Schooner Gypsum Emperor Saved by S. S. Barcelona.

DISMASTED BY STORM HAD NARROW ESCAPE

But Meager News of Mid-Atlantic Disaster Received—Hulk Reported Menace to Navigation.

Boston, Mass., Nov. 2.—The crew of the schooner Gypsum Emperor which was dismasted in a storm, were picked up by the Hamburg-American line steamer Barcelona, from Philadelphia for Hamburg, according to a wireless message received here today.

The Gypsum Emperor was bound for Halifax from New York, with coal. She was built in 1892 in Parrsboro, N. S., and was owned by her master, Captain Thomas Martin, of Philadelphia. Her net tonnage was 695. She usually carried a crew of six men.

Except a message from Captain Martin on the Barcelona to his wife in this city, saying: "Vessel lost, all saved," very little is known here of the wreck. A message from the steamer Berlin, of the North German Lloyd line, bound for the Mediterranean, reported the Gypsum Emperor as a dangerous menace to navigation. The Berlin passed the schooner today, abandoned and waterlogged, in latitude 39.35 north, longitude 56.37 west.

ITALIAN ELECTIONS PROVE RATHER WARM

Liberals Win Although Socialists Make Decided Gains—Riotous Scenes in Rome and Naples.

Rome, Nov. 2.—The second ballot in the general elections was taken today in about a hundred constituencies, and the returns indicate that the various parties will not be materially changed from the figures given out officially last week when the Liberals, or Ministerialists, elected 240 members.

The Socialists made the greatest gains today, having twenty of their candidates returned. Others elected were as follows: Liberals, 50; Constitutional Opposition, 6; Radicals, 10; Republicans, 3; Catholics, 4.

The second ballots were characterized by greater excitement than the first on Sunday last. Suffragettes participated enthusiastically, rushing about in cabs and motors, distributing pamphlets, and urging their followers to vote for the candidates favoring women suffrage. Several violent scenes occurred, and in more than one instance fire arms were used. The Socialist candidate was shot at during the balloting at Naples, but was not injured.

NEAR-CENTENARIAN WILL TAKE A BRIDE

Everett G. Powers, Known in St. John, Will Tomorrow Marry Woman 52 Years His Junior.

Special to The Standard.
Boston, Mass., Nov. 2.—Everett G. Powers, 98 years of age and Mrs. Annie L. Hart are to be married Tuesday in Boston. Both had been married before. Mr. Power celebrated his 98th birthday last January while the woman who is to be his bride is 46 years of age and the mother of two children.

Mr. Power is a veteran of the Crimean war and attended the reception given to the Duke and Duchess of Cornwall and York on their visit in St. John, N. B., twelve years ago. Mr. Power at one time lived in Halifax. N. S. He draws a pension from the British government and is as active as a man twenty-five years his junior.

One Killed and Several Injured in Fierce Riots.

CROWDS BLOCK THE TRACKS WITH BODIES.

One Strike Breaker Shot by his Own Men—Policeman Fired Into Mob Wounding Mortally—Police Refuse to do Strike Duty.

Indianapolis, Ind., Nov. 2.—The Indianapolis Traction and Terminal Co., whose men went on strike Friday night attempted to run its cars today, but gave up when notified by Supt. of Police Hyland that the police would be unable to prevent bloodshed unless the cars were withdrawn.

Police officers, striking motorman, shot and wounded by a policeman who fired into the crowd that surged around the first car to be sent out. Two cars were taken from the barns, each filled with policemen, but the crowds packed around them so tightly they could not be moved. Soon after the shooting of Johnson they were ordered back to the barns.

Governor Ralston, in a statement tonight, charged that the city authorities are not doing their duty in failing to provide police protection. He refused a request of Mayor Lew Shank to start the cars tomorrow morning. Supt. of Police Hyland notified Rob. L. Todd, president of the Traction Company, that he would supply as many men as possible and Todd declared he would start the cars as soon as the police were ready to go with them.

The police mingled with the crowds plotting the violence and urging a secure for where the strike breakers spent most of the day.

Only when two cars, filled with policemen and manned with strike breakers, pulled out of the barns in the morning did the crowd prepare to offer violence. A rock struck a conductor in the face and one policeman who stood with his drawn revolver fired into the crowd injuring Johnson.

William G. Beatty, president of the Central Labor Union, sent a communication to Governor Blanton protesting that the crowds around the car barns did not represent organized labor, depicting the violence and urging the police disperse the gatherings.

President Todd, of the Traction Company, declared that only a small number of employees went on strike willingly.

In an attempt to rush the Louisiana car barns where the imported strike breakers are quartered, Isaac Fleisher, a strikebreaker from Philadelphia, was fatally shot in the neck and died on the way to the City Hospital.

The mob then started for the West Washington street barns, but was met at the Labor Temple by Milton L. Clawson, an attorney prominent in labor circles, who pleaded with the crowd to abstain from violence. The trip was abandoned.

One hundred and fifty strike breakers from Cincinnati were expected to arrive tonight.

HANDBOOK MEN AT WORK IN TORONTO

Bookmaking Going on in Queen City and Ruining Young Men is Charge Made.

Toronto, Nov. 2.—That Toronto is overrun with handbook men, making and accepting wagers on horse race meets now in progress in different parts of the United States, is made apparent by recent investigations following the arrest of a trusted employee of a large firm in the city, who is alleged to have lost several thousand dollars playing the races.

According to the police Toronto is the headquarters of handbook trust with agencies distributed all over Canada.

A \$50,000 BLAZE.
Strome, Alta., Nov. 2.—Fire which broke out in Douglas Brothers' general store early yesterday morning destroyed five buildings with a loss of about \$50,000.

MODERN GIRL NOT FOOLISH

Society Columns of London Newspapers Tell of Broken Engagements - Take Broader View of Life.

London, Oct. 31.—During the last few weeks the society columns of the London papers have contained an ever increasing number of announcements of broken marriage engagements.

Many explanations have been put forward for this public admission of disagreements between engaged couples.

Charles Garvice, the novelist, advances this reason: "I do not mean," he said, "that all women and girls are suffragists, or are even in sympathy with the movement, but it undoubtedly has led the girl of today to take a broader view of life than her mother did."

Incarceration Versus Fine. (New York World.) Sentencing a convicted masher to ten days in the workhouse had the immediate effect of causing his collapse in the prison pen.

Hunters and the Woods. (Montreal Herald.) The Toronto Globe says the hunter who fires when he sees a leaf rustle should be punished. Quite right. He shouldn't be in the woods at all.

BORN. SMALLEY—To the wife of A. C. Smalley, a son, 3 Alexander street, city.

DIED. McNICHOLO—At Moulton, on Oct. 31, Robert P. McNichol, leaving three daughters to mourn.

FUNERAL NOTICE. THE MEMBERS OF NEW BRUNSWICK with Lodge No. 1, Union Lodge No. 2, and St. John Lodge No. 30, K. of P., are requested to assemble at 252 King Street East on Monday, Nov. 3rd, at 2:30 p. m.

KNIGHTS ATTENTION. Members of New Brunswick, Union and St. John Lodges, Knights of Pythias are requested to assemble at the residence of Andrew McNichol, 252 King Street East at 2:30 this afternoon to attend the funeral of Robert P. McNichol.

WEAKNESS AND PALPITATION OF THE HEART. When the heart begins to beat irregularly, palpitated and throbs, skips beats, and sometimes seems to almost stop, it causes great anxiety and alarm.

Many people become weak, worn and miserable, and are unable to attend to either social, business or household duties. Milburn's Heart and Nerve Pills are a specific for all weakness and heart disorders, and are recommended by us with the greatest of confidence that they will do what we claim for them.

Mrs. George Burrage, Cobocook, Ont., writes:—"Just a few lines to let you know what Milburn's Heart and Nerve Pills have done for me. I have been troubled with weakness and palpitation of the heart. I tried many remedies but got none to answer my case like your pills did. I can recommend them highly to all with heart or nerve trouble."

Milburn's Heart and Nerve Pills are 50 cents per box, or 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

PRICE ETON

Third Son of King George will be Treated Like any other Student at Famous School.

London, Oct. 31.—Prince Henry, King George's third son, is now a student at Eton, and it is said that he will be treated like any other boy, except for "ragging." Prince Arthur of Connaught, it will be remembered, was "ragged" by one of the Astors and from this it is assumed by some that Prince Henry will have to adhere to custom and run messages and do other menial tasks for some lucky boy who has served his term at the same thing.

The style of clothing that Eton demands of her scholars has already been adopted by the Prince. His first day was occupied in buying his first silk hat, or "topper" as the Etonians term it, and he duly appeared in the tullest Eton jacket, broad collar and trousers turned up at the bottom.

There are many other things besides his lessons that Prince Henry will have to learn before he becomes an accomplished boy of Eton. On no account must he, until he has served his apprenticeship, indulge in the frivolity of a fancy waistcoat or rolled up umbrella, wear brown shoes or walk arm-in-arm with a fellow voyager along the "High."

Almost indefinite are the rules of Eton etiquette—where or when a fellow may smoke or drink "swipes" (ale), under what circumstances he may walk going to Windsor (it is always the right-hand side), and when he will play cricket, and not be a "wet bob," or rower. Generally the rower is considered to be more of a "blood."

There has been considerable discussion in yachting circles here over the report cabled from America that the boat which is to defend the America's Cup is to be built of bronze and to have silk sails. One of the Shamrocks was built partly of bronze, and its advantage over steel in securing a fine polished surface below the waterline is well-known. Some English naval architects, however, favor a material of a fast racing yacht. A small boat built in England of this material was raced in Belgium last season and found to be equal to any steel boat in point of stability at about half the weight.

Charles E. Nicholson, who is to build the new Shamrock, however, does not favor it, so it is not likely to be used. Sir Thomas Lipton's champion, the "Prisoner of Zenda," is made of steel and is built of equal to any steel boat in point of stability at about half the weight.

Charles E. Nicholson, who is to build the new Shamrock, however, does not favor it, so it is not likely to be used. Sir Thomas Lipton's champion, the "Prisoner of Zenda," is made of steel and is built of equal to any steel boat in point of stability at about half the weight.

Syndicalism, which plays such a part in the trade unionism of Continental Europe, has made little or no progress in Great Britain. In fact, some of the strongest trade union organizations in this country have declared against it.

First there was the railwaymen's union, the executive of which decided against a sympathetic strike, another phrase for syndicalism, in connection with the Dublin strike. Some of the members of the union went out on strike in England sooner than handle "tainted goods" from Dublin, but they found no support from the officers of the organization and were therefore compelled to return to work. The bus drivers and conductors of London in their newly signed agreement with the owners have taken a similar attitude toward the sympathetic strike, and one of the clauses of the agreement expressly states that the companies are not to be affected by disputes with companies with which they have no direct concern. This is considered as a big victory for the companies as is the recognition of the unions for the men.

These decisions are a setback to those who advocate general strikes to secure redress of the workmen's rights have not been very happy in England, for the sympathetic strike very seldom gets any return for his self-enforced idleness.

Some of the leaders, including Philip Snowden, the Socialist, have even gone so far as to say that the strike does not benefit the worker, money on one side, the strike is often more than a failure.

It is estimated that nearly \$20,000,000 is spent on golf in the United Kingdom every year, and that of this huge sum only a little less than half, or \$12,500,000, goes to the caddies.

The estimate has been made by a well-known golf specialist, who after a careful census has placed the number of players in the country at roughly 250,000. Three-quarters of a million players pay on an average \$25 a year each in club subscriptions, or a total of \$6,250,000 for the country as a whole. Three-quarters of a million players pay on an average \$25 a year each in club subscriptions, or a total of \$6,250,000 for the country as a whole.

Each golfer's expenses are placed at a trifle over \$100 a year on the same allowance, his railway fares or other means of reaching the links, and of

TOWN IN GERMANY A MODERN UTOPIA

People of Klingenberg, on River Main, Happy and Contented under Civic Allowance Law.

Berlin, Germany, Oct. 31.—Klingenberg, a town in Southern Germany on the River Main, may lay claim to many of the characteristics of a modern Utopia. It not only supplies every resident with well paid work and relieves him of his municipal and state taxes, but gives him an annual allowance of \$400 for pin money, with occasional gifts for holiday celebrations.

The town is a model of municipal government. It is a model of municipal government. It is a model of municipal government.

It is a model of municipal government. It is a model of municipal government. It is a model of municipal government.

NEW RADON CITIES RADIUM TO TREAT CANCER

Money to be put to this Use now over \$600,000—Radium Institutes Springing up all over Country, but Merits Overshadowed by Mass of Extravagant Claims.

Berlin, Oct. 31.—In view of the promising results attained in the treatment of cancer, more than a dozen German cities have voted money for the purchase of radium and its sister product, mesothorium. The appropriations range as high as \$60,000 at Leipzig and \$58,000 at Berlin.

Munich is the only large city not yet in the market, the city council having postponed its intended \$50,000 appropriation on the ground that speculators had raised the price of radium artificially and exorbitantly.

The total amount voted throughout the Empire is already about \$600,000, more than half the value of the world's total supply of radium at present.

Public interest in these substances has created a rare opportunity for swindlers, and radium promoters are already in the field. The German financial papers recently warned the public against an adventurer who has already tried to exploit the English and French markets with a pretended radium company and is now flooding Germany with circulars advising investment in the stock of a similar concern.

Radium Institutes are springing up in every important German city, but the merits of the treatment are as usual overshadowed by a mass of extravagant claims. Among the really scientific developments reported is the application of radium and mesothorium to diseases of the ear. This is the subject of an article by Dr. Hugel in the Munich Medical Weekly. Dr. Hugel's experiments have extended over only six months, too short a time for positive general declarations, but he has treated ossification of the eardrum and diseases of the labyrinth, ailments which have hitherto defied medical treatment, and in a number of cases noted a marked improvement.

The treatment is painless, and as only a small quantity of mesothorium—five milligrammes—is required, it is not expensive.

meant, the Transcontinental Railway Company, the Ocean Going Steamship companies and the Shipping Federation of Canada.

That the Dominion Government be immediately urged, in the interest of the people of Canada, to take into consideration the development of St. Croix Harbour as an ocean port.

That the committee of the Board of Trade be a committee, with power to add to their number from the citizens of the town and county, to take immediate steps to carry out this resolution.

That this meeting of the citizens of the town and members of the Board of Trade respectfully suggest to His Worship the Mayor and Town Council that a committee of the council be appointed to work in unison with the committee of the Board of Trade.

And that a copy of this resolution be sent to the Hon. R. L. Borden, Premier of Canada, the Hon. J. K. Plummer, Minister of Marine, the Hon. J. G. Fisher, Minister of New Brunswick, and Thomas A. Hart, M. P.

LOST—About six o'clock last evening, either on Chipman Hill, Main or Durham streets, or electric car on Main street line, a gold clock engraved G. M. G. Finder please leave at North End police station.

Cured Eczema Like Magic

Suffered for Years—Tried All Kinds of Treatment—Surprised at Results From Dr. Chase's Ointment.

You can soon tell when people are enthusiastic about medical treatment by the language they use. After experimenting with all sorts of ointments in a vain effort to obtain relief and cure, the writer of this letter was astonished at the quick and satisfactory results obtained by the use of Dr. Chase's Ointment.

"It worked like magic," she writes. Indeed, it is surprising the healing that is often effected in a single night by this great ointment. The stinging and itching are relieved at once, and cure is only a matter of time and patient treatment.

Mrs. Clements, 13 Strang street, Toronto, Ont., writes: "I have suffered from eczema for years, and after using all kinds of ointments, at last tried Dr. Chase's Ointment. It worked like magic and proved a God-send to me. I would advise anyone suffering from eczema to try one box, and be convinced." 60 cents a box, all dealers, or Edmondson, Bates & Co., Limited, Toronto.

THE LA MARINE NOTES OF THE WORLD

ANNIE M PARKER ARRIVES. The schooner Annie M. Parker arrived in port yesterday from Carrielle with a cargo of hard pine.

MANCHESTER SPINNER DUE. The steamer Manchester Spinner is due from Manchester with a large general cargo and after discharging over a thousand tons here will proceed to Philadelphia.

WHITE STAR LINE. The White Star Dominion liner steamer Laurentic was 200 miles west of Inishtrahilly at 9 p. m. on Friday bound for Liverpool.

ARRIVED FROM NEW YORK. The schooner Minicola arrived Saturday from New York with a big cargo of hard coal for Gibbon & Co.

BOUND TO HALIFAX. The Allan line steamer Carthagen, now en route from Liverpool, Halifax, is bringing out 79 passengers to be landed at Halifax.

LOADS FOR BRAZIL. The schooner Mary Hendry left for London Thursday for St. John's, N.B., load fish for Brazil.

SAILED FOR RIO. The four-masted schooner R. Hopkins, Capt. Balaso, sailed for Boston on Thursday for Rio Janeiro with a cargo of 3,500 barrels of peas in addition to a lot of millinery goods. For years vessels commanded by the father of Capt. Balaso, who belonged to Port Clyde, Me., made one trip each year to the Brazilian capital.

CONVERTED INTO BARGES. Another old Maine built ship is to share the fate of so many of her predecessors by being converted into coal barges. The vessel referred to is the W. F. Babcock, 1893 tons, which was built at Bath in 1862. She has been engaged for a number of years in the Pacific coast trade and has been sold by her San Francisco owners to New York parties, who convert her into a coal barge. She now on a voyage from Vancouver, B. C. to South Africa.

SCHOONER FLOATED. Digby, N. S., Nov. 1.—American schooner Theodore Roosevelt, ash at Trout Cove, fifteen miles from Digby Gut, may be floated at today high tide; the tide is favorable a tug will assist.

The tern schooner Laelle, with from New York, arrived last night after the hardest trip ever experienced by Capt. Randall.

The schooner Neva, from Boston with over 1,000 barrels of flour meal, also arrived.

CORNS? HAVE YOU ANY? If so, you want to try Putnam's Corn Extract; it is not a cheap calve salve, but a genuine 25c. cure that does remove corns in twenty-four hours.

SIGHTED MID-ATLANTIC SPOUTS Large Waterspouts were Sighted in Mid-Atlantic, by Officers of White Star Liner.

New York, Nov. 1.—A cable from London to the Tribune says: A remarkable story of waterspouts is told by officers of the White Star Liner Cedric, which arrived at Queens-town yesterday. The first they saw had the appearance of a black, funnel-shaped spout. This was a few miles off the starboard bow in mid-Atlantic on the outward voyage from Queenstown. The waterspout, which was estimated to be 600 feet high, was travelling at the rate of five miles an hour. As the column faded away in the distance, it was succeeded by a smaller spout, which, in turn, was followed by a severe squall, accompanied by vivid lightning. Then came two more waterspouts, bringing to an end the strange phenomena which the officers unite in saying was the most remarkable they had ever witnessed.

OBITUARY. Sarah J. Brayley. The death took place on Sunday morning, after an illness of several months, born with great Christian fortitude, of Sarah J. widow of Wm. Brayley. The deceased, who was a daughter of the late Robert and Sarah Moriat, was born in London, England, but came to this country when quite young. She leaves beside her sister, Mrs. John L. Mowry, four sons, John, freight inspector; Robert and A. J. of this city, and W. H. of Yarmouth, N.S., and three daughters, Mrs. J. Cady Johnston, of this city; Mrs. Fred C. Nevers, of Jamaica, Queens Co., and Miss Sarah E., at home. The late Mrs. Brayley was a woman of estimable character, charitable, amiable and of a sunny disposition. She was beloved by all who had the pleasure of her friendship.

TOOK SEVERE COLD. Left A Terrible Hard Cough And A Nasty Tickling Sensation in The Throat.

A bad cough accompanied by that distressing, tickling sensation in the throat is most aggravating. Dr. Wood's Norway Pine Syrup is rich in the lung healing virtues of the Norway pine tree, and for this reason it will stop that tickling in the throat which causes that dry hard cough that keeps you awake at night.

DR. WOOD'S NORWAY PINE SYRUP. Mr. Sanford Roode, Antrim, N.S., writes: "Last fall I took a severe cold which left me with a terrible hard cough and a nasty tickling sensation in my throat. I tried many cough medicines, but they did not help me so I got a bottle of Dr. Wood's Norway Pine Syrup, and before I had used half of it the cough had left me, and the next one made a complete cure, and I will recommend it as the best cough medicine on the market."

DR. WOOD'S NORWAY PINE SYRUP. See that you get "Dr. Wood's" when you ask for it. Do not accept any imitation. The genuine is put up in a yellow wrapper, three pine trees the trade mark, price, 25c and 50c., and manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

DRUGS. No-Drug Co Laxatives are different in that they do not gripe, purge nor cause nausea, nor does continued use lessen their effectiveness. You can always depend on them. 25c. a box at your Druggist's, 178 National Drug and Chemical Co. of Canada, Limited.

THE RIGHT COURSE.

The Secretary of the Board of Trade should receive today the data on the I. C. R. C. P. R. agreement which Hon. J. D. Hazen said on Friday was being mailed. With the information before the Board no time should be lost in preparing the case to be submitted to the Railway Commission and St. John's strongest arguments must be brought out by an expert. The reference of the whole agreement to the Railway Commission will provide the opportunity for St. John to prove that unjust treatment has been dealt out to this port.

These gentlemen and newspapers who, at this stage, devote more time and effort to abuse of Mr. Hazen than to a calm consideration of the case for St. John, will do well to pause in their condemnation of the Minister of Marine and think upon the newest evidence that Mr. Hazen is doing his utmost for us. The very fact that the agreement is to be submitted to the Railway Commission—aside from the judiciary, probably the most impartial and most competent tribunal in Canada, shows that Mr. Hazen has not been idle.

In the ordinary business of railways, the general manager of one road has power to make a traffic agreement with the general manager of a competing road, and Mr. Gutelius, of the I. C. R., evidently had this power to negotiate, and, if the negotiations proved satisfactory, to formulate an agreement with the Canadian Pacific to cover the haulage of freight trains from St. John to Halifax. If his action had to be approved and ratified by any higher authority the authority would naturally be the Minister of Railways.

If, as appears in the present case, the business is to be carried to an even higher authority, such as the Railway Commission, it must surely appear to sane men that Mr. Hazen has been at work in the interests of St. John.

The reference to the Railway Commission is an eminently fair way of dealing with a troublesome question, and that the better thinking Liberals agree in this is evidenced from an editorial in the Globe of Saturday which, under the heading, "The Right Course," says:

Any suggestion that it will be too late for the Railway Commission to pass on the I. C. R. C. P. R. agreement after it has been signed is unworthy a moment's consideration. In consenting to a reference to this competent and impartial tribunal, the Government is placing itself in regard to this particular matter in exactly the same position as others who must appear before the Board from time to time. While not legally bound by any opinion of decision, the Board may give the Government will be morally bound, and there need not be the slightest doubt that whatever the finding is it will have the same effect as a legal order of the Board. If the St. John expert and the St. John lawyer can make out a great case there need be no fear of the result; in fact the reference to the Railway Commission is a more satisfactory move than any yet made in this matter, for it opens a way to success if a sound argument can be raised against the railroad deal, and it establishes a precedent that should be made the basis of a demand for the I. C. R. C. P. R. being brought under the full control of the Railway Commission.

Since the first announcement of the withdrawal of the Empresses the situation as it developed has been discussed by the general public in a fair-minded manner. Political lines, with few exceptions, have been erased in the desire to secure fair play for this port. Fair, honest discussion or criticism is always helpful, but while it is one thing to criticize a man, even a political opponent, for cause, it is entirely another to abuse and condemn him, as Mr. Hazen has been abused and condemned, when he is daily affording evidence that he is putting forth his very best efforts in the interests of his constituency. The campaign of abuse and condemnation of the Minister of Marine as conducted by the Telegraph and the Times has already passed what fair-minded citizens will regard as the limits of decency. It can serve no purpose except to further illustrate to what depths of malicious vituperation the disgruntled and disgraceful Puglesy press can descend.

DIARY OF EVENTS

THE HUMAN PROCESSION
BIRTHDAYS OF NOTABLES.
In a little hut on the shores of Lake Winnipeg, Manitoba, Vilhjalmur Stefansson was born thirty-four years ago today. The distinguished Canadian explorer, young as he is, has already added vastly to the world's knowledge of the Far North and its people, and the expedition on which he is now engaged may enable him to write the last important chapter in the story of geographical discovery. Whatever of hardships may be contrasted, Stefansson's life has been one of adventures bordering on the north pole, they will hardly be worse than the leader of the expedition has already experienced. Stefansson was still a babe in arms when a famine swept over the bleak and sparsely settled Manitoba, and hundreds of people, especially children, succumbed to starvation. Among the victims were two of the Stefansson children. He lived through a winter when the temperature reached fifty below zero. With the coming of spring the Stefansson family emigrated to Manitoba from Iceland shortly before Vilhjalmur's birth, led before the specter of want and settled in North Dakota. Ten years ago Vilhjalmur graduated from the University of Iowa, and then he spent three years studying anthropology at Harvard. His first arctic tour was announced in 1906, and in 1908 he made another extended trip to the northern wilds, in the course of which he discovered the tribe of blonde Eskimos. While his work has lacked the spectacular features of a dash for the pole, it has been of great benefit to humanity and science. If he should realize his hopes on his present expedition, the young Norseman will be entitled to rank as one of the foremost explorers in history.

TRAFFIC IN TITLES.
A startling statement comes from London in a special cable to the Montreal Daily Mail as follows:

The campaign for publicity as to campaign contributions is bearing fruit over here. Sir George Kekewich, a Liberal M. P., and former Secretary of the Education Board, declared at a public meeting that there was a regular tariff for the purchase of honors. He said the tariff was—
A knighthood, £5,000.
A peerage, £25,000.
These sums go into the party funds.
Sir George, who is joined with other public men in a campaign for clean government, says he knows of actual instances where these figures have been paid for honors which on their faces looked like spontaneous signals of the Royal approval.
The revelations have created a great sensation.

It has been the belief hitherto that the traffic in titles was principally conducted via the marriage ceremony, and that the chief purchasers were American millionaires with pretty daughters and more dollars than sense. If Sir George Kekewich speaks truly, and there will be many to doubt him, it would seem that to become a person of title, one has only to acquire a fortune, give some of it to the campaign fund committee of the British Liberal party and select the title at the specified rate. Given a wealthy and ambitious clientele, this business of converting a person to a personage should prove fairly lucrative. The exposure, however, gives rise to the question: Did the exposé obtain his handle from his ancestors, or by reason of his "sterling" worth?

The Standard on Saturday morning branded as absolutely untrue a statement made by the Times that the Conservative majority in Chateaugay had been reduced. On Saturday evening the Times repeated the statement after its error had been pointed out. If the Times is not deliberately falsifying there is an easy way to prove it. Let it publish the record of Chateaugay if it dares, the facts will speak for themselves.

"Tory Ministers are Very Sore and Blaming One Another," says the Halifax Chronicle. Now that is one compensation South Bruce has brought. The result gave the Liberal newspapers an opportunity to trot out the old campaign roster and the big type, both of which were rusting from long disuse.

Possibly the Telegraph will pluck up sufficient courage to print Sir Wilfrid Laurier's St. Hyacinthe speech about the same time the lying Times dares to publish the record of Chateaugay.

The weather of Saturday and yesterday brought a bracing suggestion of Christmas. It also carried a shocking reminder of an empty coal bin.

CONCERNING SOUTH BRUCE.
Some Liberal papers, of the sort that see only what they wish to see, are holding up the result in the South Bruce by-election as a certain indication that the party of Laurier will be returned to power when the people have their next opportunity of pronouncing upon the merits, or demerits, of the Borden Government. Such wise acres are influencing some but themselves by their wild predictions. To them we presciently comment the spirit of the Liberal Ottawa Free Press, which says:
"As Liberals we would like to

IN LIGHTER VEIN

Small At That.
Slowly—Doctor, I suppose you can recommend your tailor to me.
Doctor—Certainly; but you will have to get someone else to recommend you to my tailor.

There Certainly Would.
"There'd be fewer divorces if there were more men like Brown."
"An ideal husband, I suppose."
"Not at all; he's a bachelor."

Disprove It.
The Irishman was relating to some friends in Glasgow how one night on retiring to bed he fancied he saw a ghost, and having a revolver handy he fired at it. Next morning he examined the object he had shot and discovered it to be his shirt.
"What did you do then?" exclaimed one of the company.
"Bedad, I just thanked Heaven I wasn't inside of it," replied Pat.

Man Of His Word.
Wife—You've changed dreadfully. Before we were married you said that you'd lay down your life for me.
Hub—Well, I did—my life of single blessedness.

A Remembrance.
He (to wife at the piano)—That new piece you are trying is pretty difficult, isn't it?
She—Yes; I feel like an aviator.
Hub—How so?
She—I'm trying to conquer the air.

The Est Quality at a Reasonable Price
Can You Depend On Your Watch?
Do you carry a watch that you know tells you always the correct time? Or do you make a mental calculation each time you look at your watch? : : :
A good watch costs about what you pay for a good suit of clothes. A finely finished, high-grade watch will give you the correct time for years, while you purchase a new suit at least once, perhaps twice a year. : : : : :
You cannot afford not to have the correct time. : : : : :
Why not come in and see our line of good watches—Howards, Walthams, Elgin, DeLormes, Hamiltons, all good and all reasonably priced. : : : : :

THE PASSING DAY
A PANAMA CELEBRATION.
Life in Spigoty-Land this week will be just one "glorious spree after another for the Panamanian calendar the third of November is "dedicated" to the "memoria" of that hispanic-biased revolution of 1903 when the Spigoty arose in his might and cast off the yoke of hated Colombia. Spigoty, by the way, is a native of Panama, so called because of his profound conviction that he is able to "spigoty" English.
As to true son of Latin-America could possibly give adequate expression to the patriotic enthusiasm that surges in his bosom within the circumscribed limits of twenty-four hours, the fests of "la libertad" will extend over several days, and will cease only when the necessity arises for sleeping off the effects of a too free indulgence in the native "forty-rod" liquors.
This year's fiesta will surpass all its predecessors in éclat and brilliancy, since it marks the completion of the Great Canal across the isthmus, as well as the rounding out of Panama's first decade as a free and independent nation—under the guidance of Uncle Sam.
A reckless, exuberant and alcoholic gaily characterizes the Spigoty celebration of independence day. Merry masquerades in the streets, the dancing of the "cumbia" in the plazas at night, ball bating, music, fireworks, processions and various other amusements and spectacles are included in the programme.
The republic of Panama is a veritable cosmopolis of races, white, black, red, yellow and all shades between, and a babel of tongues. The Spanish influence and language predominate, English runs Spanish a close second, and most of the natives in Colon and Panama are now able to "spigoty" English fairly well. The president of the English of the "Yankie" and the King's English of the Jamaica negroes, who have been employed in large numbers in the digging of the ditch, struggle for supremacy in Panama. Many of the natives also "spigoty" French, or a other amusements and spectacles are included in the programme.
Panama's first decade of self-government has worked a considerable and salutary change in the condition of the people. Educational facilities have been greatly extended, agriculture has been promoted, and with the assistance of Dr. Gorgas, pestilence has been stamped out. Panama has become a winter resort, attracting thousands of tourists, to the profit of the Spigoty. The country is rich in undeveloped natural resources, which American and British capitalists are now seeking to open up.

There Certainly Would.
"There'd be fewer divorces if there were more men like Brown."
"An ideal husband, I suppose."
"Not at all; he's a bachelor."

Disprove It.
The Irishman was relating to some friends in Glasgow how one night on retiring to bed he fancied he saw a ghost, and having a revolver handy he fired at it. Next morning he examined the object he had shot and discovered it to be his shirt.
"What did you do then?" exclaimed one of the company.
"Bedad, I just thanked Heaven I wasn't inside of it," replied Pat.

Man Of His Word.

THE PASSING DAY
A PANAMA CELEBRATION.
Life in Spigoty-Land this week will be just one "glorious spree after another for the Panamanian calendar the third of November is "dedicated" to the "memoria" of that hispanic-biased revolution of 1903 when the Spigoty arose in his might and cast off the yoke of hated Colombia. Spigoty, by the way, is a native of Panama, so called because of his profound conviction that he is able to "spigoty" English.
As to true son of Latin-America could possibly give adequate expression to the patriotic enthusiasm that surges in his bosom within the circumscribed limits of twenty-four hours, the fests of "la libertad" will extend over several days, and will cease only when the necessity arises for sleeping off the effects of a too free indulgence in the native "forty-rod" liquors.
This year's fiesta will surpass all its predecessors in éclat and brilliancy, since it marks the completion of the Great Canal across the isthmus, as well as the rounding out of Panama's first decade as a free and independent nation—under the guidance of Uncle Sam.

A FABRIC
ADDRESS TO
THE LORD
Protestant Organization Celebrate Guy Fawkes Day.
POLITICAL POWER OF ROMAN CHURCH
Orangemen, Prentice Boys and Sons of England Attend Divine Service Main St. Baptist Church

"England today would be Roman Catholic and instead of King George there would be on the British throne a Roman Catholic sovereign. It would only be a matter of time before our forefathers could themselves custodians of the faith shed their blood in its defence." Rev. David Hutchinson, D. D., yesterday afternoon in the course of his sermon to members of the Sons of England, Prentice Boys and Orange at the annual service in Main St. Baptist church in celebration of Guy Fawkes Day.

"We have no feeling against the man Catholic, individually, but against the church of Rome, political factor," continued the speaker. "If the Roman Catholic Church were no more political than the Presbyterian or Methodist churches, it would be no opposition."
Premier Asquith has promised connection with the Home Rule for Ireland with the Protestant party will be safeguarded, but Protestants fear the Church of England as a political organization.

"While in Belfast sometimes I asked several people why they did not want Home Rule, for it seemed to be a good thing, for we had Canada. The reply was that 'we were pleased with Home Rule as it Ontario and New Brunswick but as it is in Quebec.'"
Dr. Hutchinson urged the need of defending the faith at the present and pointed out that the Orange society was established to suppress the practices of the Christian. "The incarnation and miracle of Christ are facts, but they cannot be explained," continued the speaker, "but Christ gave health to the soul and life to the dead and quelled temptations. These facts may not be explained, but they were true and possible one faith in Christ."
In closing Rev. Dr. Hutchinson exhorted his hearers to stand for the faith and give it protection whenever necessary.

The service, which was in connection with the celebration of Guy Fawkes Day, took place at 8.30 o'clock yesterday. Members of the Sons of England, the Prentice Boys and Orange orders, attended in a body accompanied by the Carleton St. M. and Sons of England bands.
The procession formed in Germain Street and marched through Prince Street, Kings, Decker, Mill and to the church. After the service the procession returned to the street along the same route.
The parade was made up of 1000 men. England band, members of Sons of England in regalia, members of P. A. F. B., Royal Black Knights, Ireland, Royal Scottish Knights, John County West Orangemen, John County Lodge, Loyal O. L. Lodge, 1, 2, 3, 7, 24, 27, Carleton Cornet band, the Orange St. M. and Sons of England band, Loyal O. L. Lodge No. 11, District Lodge of County Lodge officers, Grand I. O. O. F. officers.

The order of service was as follows: Hymn, "Our God, Our Help in Christ"; Scripture lesson, Matthew 23:23; selection by the Carleton St. M. and Sons of England band, "The Church is Foundation," sermon by Rev. W. Hutchinson, D.D., National An prayer and benediction.

A FORCIBLE ADDRESS TO THE LODGES

Protestant Organizations Celebrate Guy Fawkes Day.

POLITICAL POWER OF ROMAN CHURCH

Orangemen, Prentice Boys and Sons of England Attend Divine Service in Main St. Baptist Church.

"England today would be Roman Catholic and instead of King George there would be on the British throne a Roman Catholic sovereign, who would only be a minion of the Pope, had not our forefathers considered themselves custodians of the faith and shed their blood in its defence," said Rev. David Hutchinson, D. D., yesterday afternoon in the course of his sermon to members of the Sons of England, Prentice Boys and Orangemen, at the annual service in Main street Baptist church in celebration of Guy Fawkes Day.

"We have no feeling against the Roman Catholic, individually, but against the Church of Rome as a political factor," continued the speaker. "If the Roman Catholic Church were no more political than the Presbyterian or Methodist churches, there would be no opposition."

"Premier Asquith has promised, in connection with the Home Rule plan for Ireland, that the Protestant minority will be safeguarded, but the Protestants fear the Church of Rome as a political organization."

"While in Belfast sometime ago I asked several people why they did not want Home Rule, it seemed to me to be a good thing, for we had it in Ontario and New Brunswick but not as it is in Quebec."

Dr. Hutchinson urged the need of defending the faith at the present time and pointed out that the Orange Association was established to support the practices of the Christian faith. "The incarnation and miracles of Christ are facts, but they cannot be explained," continued the speaker.

"While in Belfast and quelled the tempest. These facts may not be explained, still they were true and made possible one faith in Christ."

In closing Rev. Dr. Hutchinson urged his hearers to stand for the faith and give it protection whenever necessary.

The service, which was in connection with the celebration of Guy Fawkes Day, took place at 3:30 o'clock yesterday. Members of the Sons of England, the Prentice Boys and Orange orders, attended in a body accompanied by the Carleton, St. Mary's and Sons of England bands.

The procession formed in Germain street and marched through Princess, Charlotte, King, Dock, Mill and Main to the church. After the service the procession returned to the starting point along the same route.

The parade was made up as follows: Sons of England band, members of P. A. F. B., Royal Black Knights of Ireland, Royal Scarlet Knights, St. John County West Orangemen, St. John County Lodge, Loyal Orange Lodges, 1, 2, 3, 7, 24, 27, Carleton Cornet band, Loyal Orange Lodge, No. 14, St. Mary's band, Loyal Orange Lodge No. 11, District Lodge officers, County Lodge officers, Grand Lodge officers.

The order of service was as follows: Hymn, "Our God, Our Help in Ages Past;" Scripture lesson, Matthew 16; 13-28; selection by the choir; prayer; offertory hymn, "The Church is One Foundation," sermon by Rev. David Hutchinson, D.D., National Anthem, prayer and benediction.

THOSE who have been waiting to see: FIRST—if the Thompson-Woods Company was all it was advertised.

SECOND—if it really intended to stay.

THIRD—if the plays and productions were superior to many of the travelling companies charging high prices.

Have been informed by those who have attended, that the answer to all of the above is "YES."

Now it is time to see for yourself. Start with "45 Minutes from Broadway" this week. It is a bully musical comedy—see, M. Cowan's best. The Thompson-Woods Stock Co. is readily conceded to be superior.

Don't wait for any more good reports—start soon of your own. Go to the Opera House this week and enjoy yourself.

TO DECLARE BALL WAR. Indianapolis, Nov. 1.—The board of directors of the Federal League here tonight decided to declare war upon the major leagues of organized baseball, admitted Buffalo and Baltimore to the circuit, making it an eight club organization, and refused to have any dealings whatever with Horace Fogel, representing Philadelphia capitalists.

ROLLED 120 PINS. W. F. Taylor won the silk umbrella at Victoria alleys on Saturday he being the highest roller for the day, scoring 120 pins.

IMPRESSIONS ADDRESS AT THE MISSION

Rev. F. G. Newton Heard in Strong and Forcible Sermon, in St. Luke's Church.

The special service in St. Luke's church yesterday afternoon, in connection with the mission which is being conducted by Rev. F. G. Newton, marked the close of the men's mass meetings. The mission will be finally terminated this evening, when at the regular hour an evangelistic service will be held, bringing to a close the ten days' mission which has had a far-reaching effect on all those who were fortunate in being in attendance.

Over five hundred men, one of the largest attendances since the opening service of the mission, were present yesterday afternoon, and listened very attentively to an inspiring and impressive sermon by the distinguished missionary of St. John's Church, Sarnia, who in a clear, yet forcible, manner outlined the walks of life which must be followed by those desirous of seeking salvation.

During the afternoon's meeting special music was rendered by the choir in several choruses, and the male quartet also contributed to the music.

Founding his text on a passage from Isaiah in the 23rd chapter and 20th verse, Rev. Mr. Newton was heard in one of the strongest sermons since the opening of the mission.

The speaker first pointed out to those present what things were desirable of them in order that they might benefit by the religious instruction. Attention, which meant the real bending of the mind to thought, was of primary importance. Secondly, there must be a willingness to act in the truth, and thirdly, the recognition of the possibility of God having provided the present opportunity for them must be considered. These three rules, the speaker showed, must be carefully considered in order to derive all the benefit intended.

The circumstances around the text were: Israel had been indifferent to God's threats and the Prophet told them that all means they could adopt to evade God, all refugees from God or substitutes for God would end in soul unrest for "There is no peace in the end for the wicked."

Continuing along the lines of the text, the speaker said:

"The text is a warning to all who are seeking rest of soul apart from the person, purpose and plan of God. The symbol is that of stretching the limbs on a bed too short, and of seeking shelter on a cold night with a shortage of covering. There is no rest for the weary limbs or shivering frame."

"So it is that some at the even-tide of life will lie down to rest on restless beds."

"First there are those who won't think aright and consequently live aimless lives."

Under this heading Rev. Mr. Newton impressively urged upon his hearers that the saying: "I didn't think," that ever came to him, and he replied: "The thought of my responsibility to God. If for want of thought we live a purposeless life we shall lie down to a restless bed."

"The second class," he said, "is the number who intend to serve Christ but not know."

Under this head the speaker warned his hearers against the evils of procrastination, and told the story of restless of their state and the non-satisfaction of the tenets they held. He quoted the cases of Voltaire, Thomas, Payne, Gibbon, Hoffes, Hume, By-

SCHOOL TEACHERS MAY FORM UNION

Believe Step would Force the Needed Advance in Salaries—Would Join International Association.

It is said the school teachers of the city are talking of forming a union for the purpose of securing better wages and otherwise improving their condition. There is an international organization of teachers which has branches in various cities of Canada and the United States, and which it is claimed has been instrumental in securing its members substantial advances in wages.

The local teachers have an organization now, but one of its rules prohibits the discussion of the question of wages, the whole object of the association being to discuss matters connected with the promotion of efficiency of the teachers' profession. Some educational authorities have advised teachers that if they made themselves more efficient the matter of wages would take care of itself, but this prediction has not worked out to the general satisfaction, and the teachers feel that they can learn something from the trade unions.

The local teachers have an organization now, but one of its rules prohibits the discussion of the question of wages, the whole object of the association being to discuss matters connected with the promotion of efficiency of the teachers' profession. Some educational authorities have advised teachers that if they made themselves more efficient the matter of wages would take care of itself, but this prediction has not worked out to the general satisfaction, and the teachers feel that they can learn something from the trade unions.

OBITUARY.

Mary J. Kelly. The death of Mary J. Kelly occurred on Saturday last at the Mater misericordiae Home. She deceased was the eldest daughter of the late Patrick and Mary Kelly. Deceased had been ill for a long period. Until recently she resided in New York. She is survived by two sisters, Sister Mary of the Sacred Heart Convent, Rochester, N. Y., and Kate of this city. One brother, William of Fredericton, also survives. The funeral will be held this afternoon at half past two o'clock from the Home.

ron, Altamont, Spira and others, and contrasted with that the case of some whose deaths were triumphant in Christ.

In the fourth class the speaker treated of the man whose example is destructive of others, and under this head the missionary very solemnly impressed on those present the danger of giving a bad example to their boys.

In the last class Rev. Mr. Newton included those who live only for the material things of this world. "When these men," said the speaker, "come to die they will find that they are lying down to a restless bed. This point is well illustrated in the case of many rich men dying in chairs after leading such a dissatisfactory life, having to leave behind all they have."

"It was asked after a wealthy stock exchange man had died: 'How much did he leave?' and the answer was given: 'He left everything.'"

It is a source of gratification to Rev. Mr. Newton that the mission services have been so largely attended and out of his instructive sermons much good is bound to come. The missionary feels especially pleased with the children's services, which have received large attendances.

THE SOCIAL REVOLUTION

Rev. J. A. MacKeigan in Strong Sermon in St. David's Presbyterian Church Last Evening.

"Some people believe a revolution is in progress which menaces church institutions as at present organized and conducted," said Rev. J. A. MacKeigan in the course of an interesting sermon delivered before a large congregation in St. David's Presbyterian church last evening. "There is no doubt we are in the midst of a great revolution," added the preacher, "but the cause of that revolution is the growth of brotherhood, the incarnation of the spirit of Christ in the modern world. When men learn the lesson of brotherhood a spirit will be enabled in our churches which will enable us to interpret the message of Christ with clearer understanding, and to solve all the problems which now trouble the world of men."

The preacher declared that the growth of the sense of brotherhood showed itself in the widening of man's interests, not only in missionary work, but in the political and economic affairs of other peoples, and also in the fact that there was a tendency to overlook the artificial divisions of creeds. If the Roman Catholics and Protestants could get together in the spirit of brotherhood, it would be possible in an hour or so to formulate a conception of the fundamentals of religion which all could agree to.

In opening his sermon Mr. MacKeigan spoke of the interest now being shown in theological institutions in the worldly problems of men, but said that the student leaving college and coming in intimate contact with the facts of modern life was often beset with perplexing problems; problems that could only be solved by those with experience of actual life, working under the inspiration of Christ. A large body of people looked upon Christ as an agitator, and claimed he was the head of a trade guild trying to promote the material interests of the workers. They

accepted him as a leader with a great programme, a prophet of a new order of things. But the church looked upon Christ as a redeemer with a vision, and this was the correct view as it was by the incarnation of His spirit, manifested more strongly at certain critical times, that the world had been carried forward towards brotherly love and liberty. In proportion as the spirit of Christ prevailed men would be drawn together, nations would find a better way than war to settle their differences, and the conflict between capitalists and laborers would be changed to co-operation.

The anniversary of the Marsh Bridge Mission was held yesterday, when special services were conducted. An interesting feature of the afternoon service was the reading of a greeting, written by the blind singer, Fannie Crosby, specially to the congregation of the mission. An English gentleman, who has recently come to the city to reside, and who is a personal friend of the lady, had written her about the mission and the greeting, was sent as an anniversary token. The message proved a very pleasing incident in connection with the anniversary, and is much appreciated by the members. At the afternoon service a special programme was carried out and addresses were given by Rev. Mr. Barraclough, J. E. Arthur, superintendent of Centenary Sunday school, and C. F. McTavish, superintendent of the mission.

During the year just passed, the mission has had great success, and the work is growing rapidly with a corresponding increase in membership. Hopes are entertained by the members that it will soon be possible to replace the present mission hall by a church. The increase in members warrants this, and plans towards this end are expected to be made at an early date.

The officers elected at the meeting are: Honorary president, Rev. Mr. Barraclough; president, T. H. Bullock; 1st vice-president, R. G. Murray; 2nd vice-president, Geo. A. Henderson; 3rd vice-president, Fred T. Barbour; secretary, E. J. Fleetwood; treasurer, H. V. McKinnon. Each of the vice-presidents will assume charge over one of the three departments of the work. The first vice-president will be head of the Christian manhood movement; the second vice-president becomes head of the missionary department; and the sociability phase of the work will come under the direction of the third vice-president. The first meeting of the new organization will be held next Sunday afternoon. On Tuesday evening the executive will meet to further advance the plans of the new society. The society is composed of the men of the congregation and the organization meeting last evening was largely attended.

At the evening service the pastor, Rev. Mr. Barraclough, delivered a ser-

ANNIVERSARY IN THE MARSH BRIDGE MISSION

Services Held Yesterday Marked by Greeting from Fannie Crosby, the Blind Singer—Successful Year.

The anniversary of the Marsh Bridge Mission was held yesterday, when special services were conducted. An interesting feature of the afternoon service was the reading of a greeting, written by the blind singer, Fannie Crosby, specially to the congregation of the mission. An English gentleman, who has recently come to the city to reside, and who is a personal friend of the lady, had written her about the mission and the greeting, was sent as an anniversary token. The message proved a very pleasing incident in connection with the anniversary, and is much appreciated by the members. At the afternoon service a special programme was carried out and addresses were given by Rev. Mr. Barraclough, J. E. Arthur, superintendent of Centenary Sunday school, and C. F. McTavish, superintendent of the mission.

During the year just passed, the mission has had great success, and the work is growing rapidly with a corresponding increase in membership. Hopes are entertained by the members that it will soon be possible to replace the present mission hall by a church. The increase in members warrants this, and plans towards this end are expected to be made at an early date.

The officers elected at the meeting are: Honorary president, Rev. Mr. Barraclough; president, T. H. Bullock; 1st vice-president, R. G. Murray; 2nd vice-president, Geo. A. Henderson; 3rd vice-president, Fred T. Barbour; secretary, E. J. Fleetwood; treasurer, H. V. McKinnon. Each of the vice-presidents will assume charge over one of the three departments of the work. The first vice-president will be head of the Christian manhood movement; the second vice-president becomes head of the missionary department; and the sociability phase of the work will come under the direction of the third vice-president. The first meeting of the new organization will be held next Sunday afternoon. On Tuesday evening the executive will meet to further advance the plans of the new society. The society is composed of the men of the congregation and the organization meeting last evening was largely attended.

At the evening service the pastor, Rev. Mr. Barraclough, delivered a ser-

NEW SOCIETY IN CENTENARY

Centenary Brotherhood Organized by Men of Congregation, Last Evening—To Advance Work.

At the close of the service in Centenary church last evening an organization of the men of the congregation to be known as the Centenary Brotherhood was formed. Rev. Mr. Barraclough, pastor of the church, is honorary president of the new society and T. H. Bullock, president.

The organization will have as its object social service and general advancement of the interests of the church. The work of the new society will be carried on under three departments, Christian manhood, missionary and sociability. While the brotherhood will primarily work for the advancement of the interests of the church, the scope of the work to be undertaken will be sufficiently broad to deal with moral and social reform work as it pertains to the community at large, and other matters that pertain to the general welfare of the city.

The officers elected at the meeting are: Honorary president, Rev. Mr. Barraclough; president, T. H. Bullock; 1st vice-president, R. G. Murray; 2nd vice-president, Geo. A. Henderson; 3rd vice-president, Fred T. Barbour; secretary, E. J. Fleetwood; treasurer, H. V. McKinnon. Each of the vice-presidents will assume charge over one of the three departments of the work. The first vice-president will be head of the Christian manhood movement; the second vice-president becomes head of the missionary department; and the sociability phase of the work will come under the direction of the third vice-president. The first meeting of the new organization will be held next Sunday afternoon. On Tuesday evening the executive will meet to further advance the plans of the new society. The society is composed of the men of the congregation and the organization meeting last evening was largely attended.

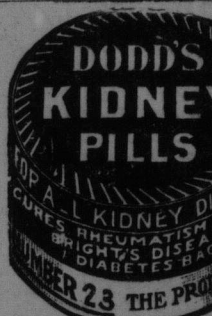

At the evening service the pastor, Rev. Mr. Barraclough, delivered a ser-

mon to the young men of the congregation, his subject being "The Daresless Mariner." He dwelt on the need for the development of character as an essential to success both temporal and spiritual. The importance of the development of character in youth is necessary, the speaker said, because of the need to withstand the storms which they will encounter in their more mature years. Life is a stern reality and a strong character is essential to those who would battle successfully against the adverse waves of temptation. A special anniversary communion service was held in the church yesterday morning and a large congregation attended.

CLOSING LETTER ON MONTREAL EXCHANGE

(F. B. McCURDY & CO.)
Montreal, Nov. 1.—The local market was exceedingly dull this morning, London being closed and Wall street being principally occupied in consideration of the new income tax which made its debut today on the local exchange scarcely a board lot changed hands. It was noted with satisfaction, however, that the Wall street prices were firm and tended to higher levels, and on the local exchange there was no weakening in prices from yesterday's levels.

Dominion Iron was firmer this morning, opening at 39 1/4, a quarter down from yesterday's close, but afterwards selling up to 39 3/4. Towards the close of the morning it declined to 39 1/8. A number of local brokers have expressed the opinion that this stock will continue to fluctuate between 37 and 42 until some definite statement is forthcoming as to the corporations net earnings for the present fiscal year or as to the success of Mr. Plummer's present mission to England.

A few broken lots of MacDonald were sold at 19 1/4. The majority of local houses appear to be confident that the interests behind this company will be able to make arrangements with the vendors of the property whereby the remaining instalments of the purchase price will be spread over a term of two or three years.

Brazilian Traction sold at \$4 which was the high price of yesterday. It is thought likely that in view of present conditions in Brazil gross earnings of the Brazilian Traction Company for the remaining months of the year will not be as satisfactory as compared with last year as has been the case a few months back net earnings on the other hand will be larger in proportion. The company is said to be now reaping the benefit of the improvements which were made to the plant during the summer.

Quebec Railway was unchanged at 11 3/4, a few broken lots being traded in. It is now generally accepted on the local street that MacKenzie & Mann will take over the Quebec & Saguenay Railway. Canadian Northern interests appear to have the confidence of the present government at Ottawa, and it is possible that should they undertake the Quebec & Saguenay Railway government assistance in some form could be obtained.

It will be noted that trading this morning was largely in small lots. Nineteen shares Bank of Nova Scotia was in four lots. It may be taken for granted that when the dealings are in small share lots purchasers are paying cash and taking the stock off the market altogether. This kind of trading has been more or less prevalent for months past and the effect is bound to be noticed when the upward movement next takes place.

It is understood that R. B. Angus will retire immediately from the presidency of the Bank of Montreal and that he will be succeeded by H. V. Meredith, with Sir Frederick Williams Taylor, general manager.

(F. B. McCURDY & CO.)

NEWCASTLE
Newcastle, Oct. 30.—Miss Robina Richardson, of Chipman, who has been the guest of Miss Lucy Lingley for four weeks, left yesterday for her home.
Mr. Harry Atkinson was in town this week, visiting his mother, Mrs. F. N. Atkinson, on his way from Lally-smith, B. C., to Truro, N. S., to take his new position in the Royal Bank at that place.
R. P. Steeves of Sussex, and Inspector Messers, were in town yesterday on school business.
Mrs. T. W. Crocker left on yesterday's limited for Toronto to spend some time visiting friends.
The marriage took place this morning at St. Mary's church, of Miss Annie Johnson of Newcastle, to Mr. George Smith, of Bartibogue. Rev. Fr. Nixon performed the ceremony.
Miss Alice O'Donnell went to Moncton today to spend some time with her sister, Mrs. Newton Appleby.
Dr. Leighton, of Reston, is spending a few days with his parents, Mr. and Mrs. Isaac Leighton.
Mrs. James Stables very pleasantly entertained a number of friends Tuesday evening.
Mr. D. King Hazen, of St. John, spent Sunday with Mr. and Mrs. J. D. Creighton.
Mr. Charles Robinson and little son Everett, of St. John, are visiting his mother, Mrs. John Robinson, Sr. Ald. Stuart, L. Hetherington, A. L. Barry, Fred Daley, Misses Dunnett, Hogan, Gremley, Davidson, Lawlor, McMaster, McComb and Leighton, left Wednesday to attend the Teachers' Institute at Blackville.
A. A. Davidson, K. C., spent the week in St. John on professional business.
Miss Lyle McCormick returned today from a trip to Bathurst.
Mrs. James Dunn, of Bathurst, passed through Newcastle this week to visit friends in Amherst, N. S.

CLOSING STOCK LETTER FROM RANDOLPH

(F. B. McCURDY & CO.)
New York, Nov. 1.—This morning's market has been dull and irregular without marked price changes. Apparently speculators are disposed to wait on the outcome of the currency bill. The Pennsylvania railroad earnings for September and since Jan. 1st strongly indicate that operating expenses are rising much faster than gross earnings, the result being a heavy decrease in net. This is particularly true of all railroads and unless a proportionate increase in rates is allowed, a calamity must result, but it seems probable that a sufficient increase in rates will be granted. The absence of public interest in the stock market was more pronounced today than at any time this week. There is no liquidation.
Total sales 46,000; bonds \$726,500.
E. & C. RANDOLPH.

NEWSPAPERS ON THE MARKET SITUATION

(F. B. McCURDY & CO.)
New York, Nov. 1.—Journal of Commerce—The Mexican situation seems to have become an influence on all the markets of the world.
Herald—The bears profess to see a menace in despatches stating that the French government in a few days would bring forward its much talked of big loan to meet increased military expenditures.
American—Speculatively the market is sold out.
Sun—The financial district manifest a disposition to place unfavorable interpretation upon Vandenberg's warnings against the possibility of flat money in the currency bill and President James J. Hill's references to the alleged water-logged condition of the bond market.

STOCK NOTES

(F. B. McCURDY & CO.)
New York, Nov. 1.—Institutional investment buying is reported. It is said some of the best grade stocks are being picked up.
The character of the selling is called very poor. The buying is largely concealed, according to investigations. Foreign interests will hold off. They are not buying on direct orders except for investment. The call rates are being referred to in reports to Washington politicians as demonstrating the need of a new currency law.
NEW YORK FINANCIAL BUREAU.

RHEUMATIC PAINS PROMPTLY DISAPPEAR

Relief Comes After Taking Few Doses of Croxone.

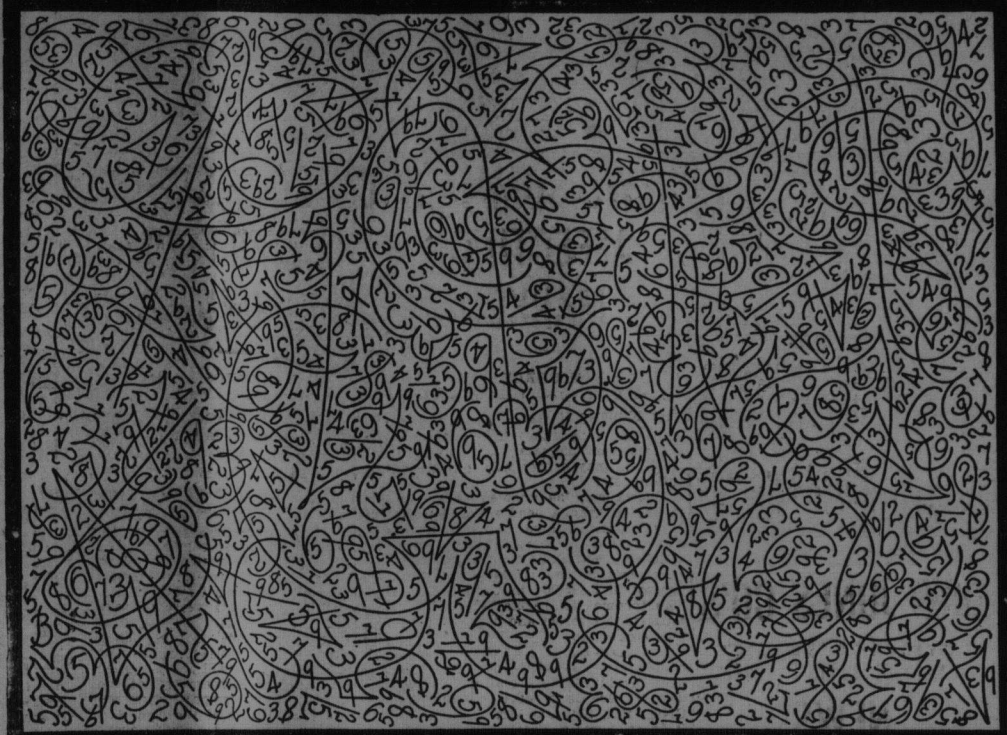

It is needless to suffer with rheumatism, and be all crippled up, and bent out of shape with its heart-wrenching pains, when you can avoid it.
Rheumatism comes from weak, inactive kidneys, that fail to filter from the blood the poisonous waste matter and uric acid; and the only way to overcome it is to remove the cause.
Croxone does this because it neutralizes and dissolves the poisonous substances and uric acid that lodge in the joints and muscles, to scratch and irritate and cause rheumatism, and cleans out and strengthens the stopped up, inactive kidneys, so they can filter the poison from the blood, and drive it on and out of the system.
Croxone is a truly remarkable medicine for rheumatism, kidney troubles and bladder disorders. You will find it differs from other remedies. There is nothing else just like it. It matters not how old you are, or how long you have suffered, it is practically impossible to take it without results. Relief follows the first few doses, and you will be surprised how quickly all misery and suffering will end.
An original package of Croxone costs but a trifle and all druggists are authorized to sell it on a positive money-back guarantee. Three doses a day for a few days is often all that is ever needed to overcome the worst backache or urinary disorders.

On the Final Week

Plenty of Time Left for All Who Wish to Try

\$1310.00 -- IN PRIZES -- \$1310.00

ADD UP THE FIGURES AND SEND IN YOUR ANSWER TODAY

This Contest Will Close On Saturday Next. Anyone Who Enters During the Present Week Will Have Just As Good a Chance to Win As Those Who Have Already Submitted Their Solutions.

You May Win Anywhere From \$250.00 Down to \$3.00 by Correctly Solving the Puzzle Offered in This Contest. Get Busy Now. Only This Week Left, But it is Time Enough for Those Who Really Try.

There are no double numbers. Nine is the highest—the figure nine has a straight tail, while the tail of the figure six is curved

The Standard offers 120 prizes amounting to \$1310.00 and ranging from \$250.00 to \$3.00 for correct solutions to this puzzle. You add up the figures and send your answer to The Standard along with any amount from one dollar to six dollars which will apply on new or renewal subscription to the Daily or Semi-Weekly Standard.

If there are more than 120 correct solutions a second puzzle will be offered for the purpose of deciding ties. This will be open only to those who send in correct solutions to the first puzzle, and it will not be compulsory to send any money on the second solution.

The More Money You Send With Your Solution the Larger Will Be the Prize Which You May Win

Here is the Prize List

- 120 prizes are offered which together form a total of \$1,310.00. The amount of each individual prize will to some extent depend upon the amount of money sent in by the individual winners. The prizes are as follows:
- FIRST PRIZE—\$100.00 in gold to which will be added twenty-five times the amount paid in by the subscriber with the winning solution. This prize may be worth \$2500.00.
- SECOND PRIZE—\$50.00 in gold to which will be added twenty times the amount paid by the subscriber with the winning solution. The value of this prize may be \$170.00.
- THIRD PRIZE—\$30.00 in gold to which will be added ten times the amount paid by the subscriber with the winning solution. The value of this prize may be \$90.00.
- FOURTH PRIZE—\$20.00 in gold to which will be added ten times the amount paid in by subscriber with the winning solution. This prize may be \$90.00.
- FIFTH PRIZE—A fixed amount of \$30.00 in gold without any additional dividend.
- FIVE PRIZES of \$10.00 each to which will be added two times the amount paid in by the subscribers with winning solutions. Each of these prizes may be worth \$22.00.
- TEN PRIZES of \$5.00 in gold to which will be added the amount paid in by subscribers with the winning solutions. Each of these ten prizes may be worth \$11.00.
- FIFTY PRIZES of \$1.00 each to which will be added the amount paid in by the subscribers with the winning solutions. These prizes may be worth \$7.00 each.
- FIFTY OTHER PRIZES of \$3.00 each without any additional dividend.

Contest Closes Saturday, November 8, 1913

Always use the solution blank and read it carefully before filling out. Write your name and address plainly.
The payment of from \$1.00 up to \$5.00 on your subscription allows you one solution; but the payment of \$6.00 on your subscription gives you one solution and six times as much in dividends.
An additional payment of from \$1.00 up to \$6.00 entitles you to another solution.
Remember, the larger the amount you pay on your subscription the larger will be your dividends should you win one of the dividend prizes.

Solution Coupon

Cut out this blank smoothly around the border and send it in as soon as possible with your solution and money.

LIVE TOPICS OF SPORT AT HOME AND ABROAD

CANADIAN FOOTBALL SATURDAY

Rothsay 4; High School 3.
There was a hard fight at Rothsay on Saturday afternoon when the St. John High School were defeated by a score of 4 to 3.
The St. John team made a try in the first part of the game and as the match progressed it looked like a victory for them, but just a few minutes before the time to finish one of the Rothsay boys made a field goal which won the match for his team.

Acadia 27; Kings 0.
Halifax, Nov. 1.—The intercollegiate game at Wolfville on Saturday afternoon between Acadia and King's resulted in a win for Acadia. The score was 27 to 0.
Wanderers 11; Dalhousie 5.
Halifax, Nov. 1.—In one of the best rugby football games seen here in years, the Wanderers on Saturday defeated Dalhousie University by a score of 11 to 5.
The superior work of the half back line won the game for the Wanderers.

Sarnia 7; London 3.
Sarnia, Ont., Nov. 1.—In one of the closest football games in the local junior O. R. F. U. group, the Sarnia fourteen defeated London by the score of seven to three this afternoon.
Ottawa 18; Argonauts 11.
Ottawa, Nov. 1.—Ottawa scored a well earned victory over the Argonauts in Saturday's "Big Four" match at Lansdowne Park. The game was played in the presence of a crowd of over six thousand and it resulted in an Ottawa win by a score of 18 to 11.
The Ottawa backs out-ran the Argonauts' rear guard, and on the line Ottawa had a few shades on the victors. They out-riced the big line of the Argonauts, and repeatedly sent runners around the end or through the centre for material gains. The tackling of the Ottawa was deadly and their backs committed only one costly fumble all afternoon, while those of the Argonauts were three and again, two of Ottawa's three tries being the result of fumbles behind the line. It was a great exhibition on the whole.
Queens 12; McGill 7.

Kingston, Ont., Nov. 2.—Queen's surprised their opponents, themselves, and everybody else yesterday afternoon by defeating McGill by a score of 12 to 7. The Montreal men were playing under some disadvantages, however, Lee having a sprained wrist, Draper a twisted ankle, and Waterous a sore ear.
TIGERS, 29; M. A. A. 1.

Montreal, Nov. 2.—The M. A. A. fourteen won in Saturday afternoon by losing their fifth straight game this year. The Hamilton Tigers were the victors by the rather one-sided margin of 29 to 1. Outside of the first quarter when the locals held the Tigers to a single score, there was no comparison between the teams and it looked even then as if the yellow and black aggregation were not letting themselves out. The match was too one-sided to be really exciting but there was some beautiful punting and some of the longest runs seen on the M. A. A. field this season. To offset this both sides made numerous fumbles, especially in the earlier stages of the contest and at times the tackling was wild.
Colgate, 16; Yale, 6.
New Haven, Nov. 2.—Colgate found Yale's much vaunted defence more of a tradition than an actuality today and defeated the Blue, 16 to 6, by playing superior football. Yale has been scored upon and Colgate goes down in the football hall of fame as one of the very few colleges in the country to defeat Yale.

Dr. Morse's Indian Root Pills
are just the right medicine for the children. When they are constipated—when their kidneys are out of order—when over-indulgence in some favorite food gives them indigestion—Dr. Morse's Indian Root Pills will quickly and surely put them right. Purely vegetable, they have no harsh, purgative, or griping effects. Guard your children's health by always keeping a box of Dr. Morse's Indian Root Pills in the house. They keep the Children Well

"NA-DRU-GO DYSPEPSIA TABLETS
Proved of Great Value to Me"

There is only one explanation for the numbers of enthusiastic letters that we receive praising Na-Dru-Go Dyspepsia Tablets, and that is that these tablets certainly do cure any kind of stomach trouble.
Here is a typical letter from Miss Edna Arnsborough, Canoe, N.S.:
"It is with pleasure I write to inform you that your Na-Dru-Go Dyspepsia Tablets have proved of great value to me. I tried remedi after remedy but without any lasting good. Having heard of your tablets curing such cases, I decided to give them a fair trial. They proved satisfactory in my case."
The remarkable success of Na-Dru-Go Dyspepsia Tablets is such a common occurrence, by expert chemists. If you are troubled with your stomach just ask your Druggist about Na-Dru-Go Dyspepsia Tablets, compounded by the National Drug and Chemical Co. of Canada, Limited, and sold throughout the Dominion at 25c. a box.

ST. JOHN A. C. AND MOUNT A. TIE IN A BRILLIANT GAME

The best Rugby football match played in St. John since the days of the old Marathon was the general comment of the spectators after the Mt. Allison-St. John Athletic Club game on the Marathon grounds last Saturday afternoon. The game ended without either team scoring, and throughout was a well played, clean and fast exhibition.
Evenly matched, both fifteen were forced to fight hard for gains, and the play continued worked up and down the field providing thrills, both of fear and exultation, for supporters of both teams. At times during the first half the local boys were hard pressed, and but the timely tackling of the halves saved a score. Hazen Howard, the local fullback, brought during this period, when by a spectacular flying tackle he stopped a racing Mt. A. half and kept the safety line inviolate. Captain Anglin and Brad Gilbert both made splendid kicks during the first fifteen minutes, relieving the pressure and making good gains for the St. John team. Finlay, Melrose and Brooks played great games on the local half line, their passing, running and tackling being all that could be desired.
The visitors were strong in all departments, the work of their quarters and halves being especially brilliant. Time and again during the first period they made long gains, the ball going from end to end of the line only to be stopped before reaching the goal. During the first of the game the Mt. A. scrum was slightly superior, and heeded well, putting the local boys on the defensive. Although fighting against a local team, the visitors won rounds of applause from the spectators by their fast work and brilliant play.
With the opening of the first half the play settled down in St. John's territory, the Mt. Allison scrum heeling well, their halves getting in some good runs. On the throws from touch the local boys invariably got the ball. Anglin and Gilbert relieving with long kicks. Offside plays with St. John as the chief offenders, marked the first half, and twice the Mt. Allison boys attempted place kicks, in one of which the ball went wide, while the other was blocked by Walker and Gorman.
Toward the latter end of the period the St. John scrum began heeling the ball, Melrose making a forty-yard run, being nabbed on Mt. Allison's twenty-five yard line. Brooks also came to the front about this time and

would undoubtedly have scored on a long drive had he not been blocked in a manner that caused the referee to award a free kick to St. John. Finlay tried to kick a field goal but the end too difficult. From then until the end of the first half the play saw up and down the field, both teams working well and putting up a fast brand of ball.
With the commencement of the second half, the St. John scrum showed a vast improvement, heeling in a manner that promptly gave the local backs golden opportunities of which they were not slow to take advantage. Time and again the ball was shot out to Finlay and Brooks on the wings for long gains, and once Finlay followed up smartly made long gains for long gains, and once Clapton Orient, 1; Barnsley, 0; Glossop, 2; Hull City, 1; Grimsby, 3; Blackpool, 0; Leeds City, 2; Bury, 1; Notts County, 4; Fulham, 0; Stockport, 0; Wolverhampton W. 0; Woolwich, 3; Nottingham F. 2.

McGill, 7; Queens, 12.
Varsity, 36; R. M. C., 17.

Princeton, 54; Holy Cross, 0.

Princeton, N. J., Nov. 1.—Princeton's reconstructed football eleven defeated Holy Cross this afternoon by a score of 54 to 0. The visitors never threatened Princeton's goal line. The Tigers showed the result of the past week of regeneration by displaying a series of forward passes, netting gains from 19 to 25 yards with Captain Baker, Law, Hammond and Glick doing the bulk of the work.
Carlisle, 34; Georgetown, 0.
Washington, Nov. 1.—Resorting in the main to straight football, but occasionally varying the attack with a forward pass or a criss-cross formation the Carlisle Indians overwhelmed the Holy Cross team, 54 to 0.

Have you seen the new TOOKE Shirts, with the PATENT NEK-GARD

Tooke

This is the latest improvement—and "the greatest thing that ever happened to a shirt."

Modern Beacon Fires

THE old beacon fires were the great advertising mediums of their age.

Though they could not advertise merchandise, they advertised the things of most vital interest to the people.

Placed on the summits of high hills, bearing a message to thousands of "readers," they were prototypes of those modern fires of Twentieth Century commerce—the "beacon" fires of Newspaper Advertising.

The advertisements appearing in the newspapers to-day are shining lights in the world of commerce, flashing out news and information to a waiting world.

When the modern manufacturer lights the Beacon Fires of Newspaper Advertising he places his message before the people in a way that will impart knowledge, beget appreciation and win preference for his goods.

Who can fail to see any day the gleaming messages of "Magic Baking Powder," "Standard Ideal Ware," "Sunlight Soap," "Gillette Safety Razors," "Penman's Underwear," "Infants' Delight Soap," and many others?

To the Manufacturers of Canada

Each day sees more articles given publicity in the newspapers. Are your products and your brand still in the valley of obscurity, or are they blessed forth by the beacon fires of advertising on the high hills of public favor?

If you are doing a local business (all over your advertising problems with the Advertising Department of this newspaper).

If you are doing a provincial or national business it would be well for you to have the counsel and assistance of a good advertising agency. A list of these will be furnished, without cost or obligation, by the Secretary of Canadian Press Association, Room 303, Lumsden Building, Toronto.

A GUID SCOTCH WHISKY FOR CANADIANS

The people of this vast Dominion want quality in everything and are willing to pay for it. Some whiskies imported into Canada are not deserving of the name of "Scotch." Others are good. But

WHYTE & MACKAY'S is Excellent. From Atlantic to Pacific dealers are stocked with this Whisky. The quality is there—Always.

Use this brand in the home

THE EDUCATIONAL WORKERS IN

Many Important and Insistent Work—Urge Necessity of Cultural Education Leaving in Lower Grades

Newcastle, Oct. 30.—The thirty-sixth annual session of Northumberland County Teachers' Institute met at Blackville, yesterday, Principal Harrison of Chatham presiding, and 70 teachers besides Inspector G. W. Murray, Area and Agricultural Director R. F. Steeves in attendance.

Inspector Merseure urged greater care of pupils during recess. Children's play should be supervised. Mr. Steeves urged a better regulated system of play. School gardens would greatly interest children and help to keep them in their studies.

The following committees were appointed:

Nominating—Inspector Merseure, Misses K. I. B. McLean and M. J. Duppatt.

Audit—G. A. Wathen, A. L. Barry and H. S. Murray.

Resolutions—H. H. Stuart, L. R. Hetherington, Miss Lottie E. Underhill.

The following excellent model lessons were taught:

Number—Miss Mary A. Underhill. Writing—Miss Stella C. Power. Current Topics—Principal Amasa Ryder.

The preceding lessons were discussed by Principal Harrison, Inspector Merseure, Miss McLean and Messrs. Stuart and Barry.

Miss Underhill was warmly commended for her lesson on Number.

Miss Power taught the Palmer method of writing very successfully.

Principal Ryder showed that his class was as well up in current history as in ancient.

Mr. Steeves strongly urged more attention to nature study and school gardening. Now 50 per cent. of school children leave in grade VII; and only 5 per cent. go through college. He thought this was largely due to lack of practical education. People leave the farm because they have not been taught to appreciate farm life. If the child is taught agriculture he will neither want to leave school nor the farm.

The following enrolled: Miss Jessie Adams, Strathadam; Miss Josie Appley, Derby Jet; Miss Mary Arde, Blackville; Miss Estelle Bannard, Doaktown; Miss K. C. Buckley, Boiestown; Miss A. M. Carroll, Bay du Vin; Miss E. Estelle Carruthers, Chatham; F. J. Daley, South Nelson; Miss Marjorie E. Davidson, Newcastle; Miss Margaret M. Wook, Doaktown; Miss Bel S. Drilon, Little Bartholme; Miss Margaret J. Dunnett, Newcastle; Miss A. Cella Fitzpatrick, South Nelson; Miss Jessie Forwell, Littleville; Miss Tessie A. Gallivan, Chatham; Miss Priscilla M. Graham, Silliker; Miss Josephine Hannan, Doaktown; G. I. Harrison, Chatham; Miss Grace Hetherington, Chatham; L. R. Hetherington, Miss Sadie B. Hogan, Newcastle; Miss Gertrude A. Hooper, Littleville; Miss Olive B. Jardine, Doyle's Brook; Miss Jennie M. Jewett, Lockport; Miss Harriet E. Keating, Bartholme; Miss Clara L. Lawlor, Newcastle; Miss C. Lynch, Chatham; Miss Jennie Merseure, Upper Blackville; Miss May M. Main, Chatham; Miss Minnie B. Morehouse, McNamee; Miss Myrtle D. Morehouse, Upper Blackville; Miss Janet E. Morrison, New Jersey; Herman S. Murray, Chatham; Miss Myrtle E. Murray, Price Settlement; Miss Miriam M. Murray, Price Settlement; Miss Annie McCombs, Newcastle; Miss Edna Macdonald, Quareville; Miss Marnie E. Macdonald, Quareville; Miss Lucy McGreg, Sunny Corner; Florence E. MacKie, Coughlan; John J. MacKinnon, Cain's River; Miss K. I. B. McLean, Chatham; Miss Jennie McMaster, Newcastle; Miss Minnie E. O'Brien, Morefield; Miss Katie O'Shea, Bartholme; Miss Lillian O'Shea, Bartholme; Miss E. Urquhart, Chaplin Road; Miss May S. Warren, Ludlow; Geo. A. V. Hen, Doaktown; Miss Victoria Wright, Chatham; Miss Laura Young, Tabusintac.

Newcastle, Oct. 31.—Blackville High hall was filled last night, fully people attending the public meeting of the Teachers' Institute. Dr. Steeves addresses were given and excellent music provided. The program was as follows:

Selection by Blackville orchestra opening remarks by chairman. Address of welcome by D. G. Schot secretary to trustees; reply by Principal G. H. Harrison; vocal solo, Laura McCarty; address, Rev. E. Beaton; violin solo, Thomas R. address, Herman S. Murray, direct mainual training, Chatham; selection by orchestra; address by Principal H. Stuart, of Doaktown; vocal solo, Melvin Ross; remarks by chairman; address by E. Steeves; address by director of agricultural education, God Save the King.

Rev. Mr. Beaton reminded teachers that they were laying broad foundation for the future. He remarked the mildness of the decline now compared with that of years ago.

Mr. Murray advocated, in a powerful address, greater attention to industrial education. He claimed there were enough professional men in country now, and far too many diemen. The results of the old form of education were far from satisfactory. Not two per cent of pupils complete the course, and in many cases were not from financial reasons, but because pupils were interested in school, undesirable ones being thus produced. The

TEACHERS INSTITUTE MEETS

Many Important and Instructive Papers on School Work—Urge Necessity of Industrial and Agricultural Education—Would Prevent Children Leaving in Lower Grades.

Newcastle, Oct. 30.—The thirty-sixth annual session of Northumberland County Teachers Institute met at Blackville, yesterday. Principal Harrison of Chatham presiding, and 70 teachers besides Inspector G. W. Merreseau and Agricultural Director R. F. Steeves in attendance. Inspector Merreseau urged greater care of pupils during recess. Children's play should be supervised. Mr. Steeves urged a better regulated system of play. School gardens would greatly interest children and help to keep them at their studies. The following committees were appointed: Nominating—Inspector Merreseau, Misses K. L. McLean and M. J. Dunnett. Audit—G. A. Wathen, A. L. Barry and H. S. Murray.

Principal Stuart urged the curing of so much inattention and idleness which result from either the carelessness or poverty of the parent, by intelligently effective compulsory education. Children should not be allowed to lose an education by having to go to work too early. The poorest should have an equal chance. Miscellaneous schools gave children a poor chance. Smaller districts should consolidate, giving villages as good schools as towns. Such centres as Blackville with five or six smaller places within three or four miles were ideal places for consolidation. The West filling up, emigration westward would soon have to cease, and the people in the east would have to learn to improve their farms and live in much smaller spaces.

Mr. Steeves strongly urged more attention to nature study and school gardening. Now 50 per cent of school children leave in grade VI, and only 5 per cent reach the high school and 1 per cent go through college. He thought this was largely due to lack of practical education. People leave the farm because they have not been taught to appreciate farm life. If the child is taught agriculture he will neither want to leave school nor the farm.

The following enrolled: Miss Jean Adams, Strathadam; Miss Josie H. Appley, Derby Jet; Miss Mary Attridge, Blisshold; Miss Estelle B. Bamford, Doaktown; A. L. Barry, Newcastle; Miss K. C. Buckley, Bolestown; Miss A. M. Carroll, Bay du Vin; Miss E. Estelle Carruthers, Chatham; F. J. Daley, South Nelson; Miss Marjorie E. Davidson, Newcastle; Miss Margaret M. Wook, Doaktown; Miss Paul S. Dillman, Lethbridge; Miss Margaret J. Dunnett, Newcastle; Miss A. Cella Fitzpatrick, South Nelson; Miss Helena Flett, Millerton; Miss E. Jessie Foville, Blackville; Miss M. Tessie A. Galloway, Chatham; Miss Priscilla M. Graham, Silliker; Miss Josephine Hannah, Dackton; Miss H. Harrison, Chatham; Miss Grace Henderson, Chatham; L. R. Hetherington, Miss Sadie B. Hogan, Blackville; Miss Gertrude A. Hofsford, Newcastle; Miss Olive E. Jardine, Doyle's Brook; Miss Jennie M. Jewett, Locksted; Miss Harriet E. Keating, Lethbridge; Miss Clara L. Lawlor, Newcastle; Miss C. Lynch, Chatham; Miss Jennie G. Merreseau, Upper Blackville; Mrs. May M. Main, Chatham; Miss Minnie B. Morehouse, Upper Blackville; Miss Janet E. Morrison, New Jersey; Herman S. Murray, Chatham; Miss Katherine A. Murray, Lethbridge; Miss Miriam E. Murray, Price Settlement; Miss Annie McCombs, Newcastle; Miss Etta Macdonald, Quarryville; Miss Martin E. Macdonald, Quarryville; Miss K. L. E. B. McLean, Quarryville; Miss Lucy McGregor, Sunny Corner; Florence E. Mackenzie, Coughlan; John J. MacKlinon, Chatham; Miss Jennie McMaster, Newcastle; Miss Minnie O'Brien, Newfield; Miss Katie O'Shea, Lethbridge; Miss Lillian I. Parker, Upper Blackville; Miss Edith I. Parks, Nelson; Miss Stella C. Power, Blackville; Perley Quail, Chatham Head; Miss Mary H. Rose, Quarryville; Miss Alice Rohbach, East Raperoville; Miss Mary A. Ryan, Chatham; Amasa Ryder, Blackville; Miss Sarah E. Saunders, Upper Nelson; Miss B. Beatrice Simms, Doaktown; Henry Harvey Stuart, Douglastown; Miss Mita J. Sutherland, Blackville; Miss Josephine H. Stuart, of Douglastown; vocal solo, Melvin Ross; remarks by chairman, address by R. F. Steeves, M.A., director of agricultural education; God Save the King.

Rev. Mr. Beaton reminded the teachers that they were laying broad foundation for the future. He remarked the mildness of the discipline now compared with that of fifty years ago. Mr. Murray advocated, in a powerful address, greater attention to industrial education. He claimed there were enough professional men in the country now, and far too many middlemen. The results of the old system of education were far from satisfactory. Not two per cent of the pupils complete the course, and this in many cases was not from financial reasons, but because pupils were not interested in school, undesirable citizens being thus produced. The year-

Newcastle, Oct. 31.—Blackville public hall was filled last night, fully 500 people attending the public meeting of the Teachers Institute. Several addresses were given and excellent music provided. The programme was as follows: Selection by Blackville orchestra; opening remarks by chairman; address of welcome by D. G. Schofield, secretary to trustees; reply by President G. H. Harrison; vocal solo, Miss Laura McCarty; Miss Josie M. Beaton; violin solo, Thomas Ross; address, Herman S. Murray, director manual training, Chatham; selection by orchestra; address by Principal I. H. Stuart; of Douglastown; vocal solo, Melvin Ross; remarks by chairman, address by R. F. Steeves, M.A., director of agricultural education; God Save the King.

Mr. Murray advocated, in a powerful address, greater attention to industrial education. He claimed there were enough professional men in the country now, and far too many middlemen. The results of the old system of education were far from satisfactory. Not two per cent of the pupils complete the course, and this in many cases was not from financial reasons, but because pupils were not interested in school, undesirable citizens being thus produced. The year-

INDIGESTION ENDED, STOMACH FEELS FINE

"Pape's Diapepsin" fixes sour, gassy, upset stomachs in five minutes. Sour, gassy, upset stomach, indigestion, heartburn, dyspepsia; when the food you eat ferments into gases and stubborn lumps; your head aches and you feel sick and miserable, that's when you realize the magic in Pape's Diapepsin. It makes all stomach misery vanish in five minutes. If your stomach is in a continuous revolt—if you can't get it regulated, please, for your sake, try Pape's Diapepsin. It's so necessary to have a good stomach—make your next meal a favorite food meal, then take a little Diapepsin. There will not be any diarrhoea, or griping, or sickening. It gives it all millions of sales annually. Get a large fifty-cent case of Pape's Diapepsin from any drug store. It is the quickest, surest stomach relief and cure known. It acts almost like magic and is a scientific, harmless and pleasant stomach preparation which truly belongs in every home.

ham the last Thursday and Friday of next September. The secretary-treasurer's salary was increased to \$10 per year. A. L. Barry, teacher of Grade VIII in Newcastle, gave an excellent paper on "Physical Training," showing its great importance as a means of developing the child's physique and giving him self-control and alertness, proper carriage of body, etc. Inspector Merreseau warmly commended the paper and seconded his suggestions.

CROSS AND RIVERS MATCHED. New Orleans, La., Nov. 1.—Joe Levy, manager of Joe Rivers, Mexican lightweight announced tonight he had closed a contract with Promoter McCreary, of Los Angeles, for Rivers to match Leach Cross there in a twenty round bout Thanksgiving Day.

Twice Proven Cure for Nerves Irritable, Hysterical, Sleepless, Dr. Chase's Nerve Food Restores Health.

There is a message in this letter for thousands of women who are suffering from broken-down nervous systems. Sleepless nights, much irritability over the slightest trifles, nervous and nervous aches, nervous headaches are among the symptoms. You may not realize the nature of your ailment until your nervous prostration comes upon you. But in whatever stage you find yourself, Dr. Chase's Nerve Food is ready to help you. Mrs. W. J. May, 83 Annetts street, Toronto, writes: "Some years ago I suffered from nervous trouble, and took Dr. Chase's Nerve Food, which completely cured me. About six months ago I received a shock which again shattered my nervous system, and at the office of the Wharf at Lethbridge Landing, N. B., for the construction of a wharf at Heintz Landing, N. B., and on application to the Postmaster at Heintz Landing, N. B., persons tendering are notified that tenders will not be considered unless accompanied by their actual signatures, stating their occupation and places of residence. In the case of firms, the actual signature, the nature of the occupation, and place of residence of each member of the firm must be given. Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Honourable the Minister of Public Works, and to be enclosed in a sealed envelope, the name of the tenderer to be written thereon. The envelope to be opened in the presence of the tendering department. Contractors are requested to bear in mind that tenders will not be considered unless made strictly in accordance with the printed forms, and in the case of firms, unless there are attached the actual signatures, the nature of the occupation, and place of residence of each member of the firm. An accepted bank cheque on a chartered bank of Canada for the sum of \$1000 made payable to the order of the Minister of Public Works, and must accompany each tender, which must be deposited in the envelope upon the receipt of which the contract will be returned to the respective contractors whose tenders are not accepted. The cheque of the successful tenderer will be held as security for the due fulfilment of the contract to be entered into, and any tender not accepted will be returned to the tenderer by order.

DEPARTMENT OF RAILWAYS AND CANALS, CANADA. WELLSHIP CANAL. NOTICE TO CONTRACTORS. SEALED TENDERS addressed to the undersigned and marked "Tender for Section No. 5, Wells Ship Canal," will be received at this office until the close of business on Tuesday, November 18th, 1913.

DEPARTMENT OF RAILWAYS AND CANALS, CANADA. NOTICE TO CONTRACTORS. SEALED TENDERS addressed to the undersigned and marked "Tender for Section No. 5, Wells Ship Canal," will be received at this office until the close of business on Tuesday, November 18th, 1913.

News to most women!

Oven-tested flour is for sale. Instead of buying ordinary flour you can buy flour whose baking ability has been proven in an oven. A ten pound sample is taken from each shipment of wheat at the mill. This is ground into flour. The flour is baked into bread. If this flour bakes into bread high in quality and large in quantity we keep the whole shipment of wheat and grind it. Otherwise we sell it. More bread and better bread from this flour is a certainty! "More Bread and Better Bread" and "Better Pastry Too" 528

WET WEATHER HARMS CROPS

One Farmer in Vicinity of Albert has Fourteen Acres of Ruined Grain—Dykes Give Way. Albert, Oct. 31.—The month ending today has been unkind in regard to the grain crop in this country. Immense losses have resulted on account of the warm weather. Fully one-third of the grain crop is out in the fields. Fully half of the potatoes are rotted, and in many instances almost valueless. A farmer residing in the parish of Hillsborough, informed The Standard correspondent today that he had fourteen acres of grain lying cut up on his fields. Fully half of the potatoes are in the fields unharvested.

THE WEATHER.

Maritime - Moderate west and southwest winds; fine and a little milder.

Toronto, Nov. 2.-A disturbance which moved southward from Labrador during Friday night developed into a severe storm and very heavy rains have prevailed in the Gulf of St. Lawrence and Newfoundland. The weather today has been fine throughout the Dominion, with a general rise in temperature in Ontario and the western provinces.

Minimum and maximum temperatures:

Table with 2 columns: Location, Min. Max. Includes entries for Montreal, Quebec, Halifax, and others.

AROUND THE CITY

Nominations for Officers. Nominations for next year's officers of the Board of Trade will be made at the meeting of the full board on Wednesday evening.

Board of Arbitrators. The Board of Arbitrators appointed to deal with the dispute between the shipping companies and the longshoremen will meet today.

Broken Glass. William White has been reported by the police for willfully breaking two panes of glass in Thomas Brown's shoe repairing store on Brussels street.

Ejected From Cotton Mill. Police Officer Pitt was called into the Cotton Mill Saturday evening to assist the watchman in ejecting a man who was not wanted there.

A Delay. Owing to unfavorable weather there has been delay with the work of putting down permanent pavement on Queen street between Charlotte and German.

Trades and Labor. The Trades and Labor Council is considering the matter of holding a series of public meetings during the winter at which lectures will be given on topics of interest to labor.

A Small Fire. Shortly after two o'clock Saturday afternoon the fire department was called out by an alarm from box 421 for a small fire in the oil of Mr. Nyles' house near the Marsh bridge.

Repairs to Champlain. The steamer Champlain, Captain Wasson, was brought down river yesterday to undergo repairs to her machinery. It is expected she will be able to go on the route again on Thursday of this week.

Violating Fire Laws. Samuel L. Marcus has been reported by Sergt. Scott and Patrolman Gibbs for violating the fire laws by having a quantity of excelsior and rubbish strewn around in the rear of his premises in an alley off Dock street.

Reported by Police. Myer Levine, Abraham Lavine, Fred Duncan, Guy Northrup, Victor Cobham, Joseph Dwyer, Kenneth Kinsman and Harold Garnett have been reported by Patrolman Gibbs for acting disorderly on the Hazen street extension yesterday.

Ejected From House. Sergeant Scott and Patrolman Ross were called into William White's house at 315 Brussels street Saturday afternoon to assist in ejecting White's brother Terrance, who was not wanted there. Terrance was intoxicated and was later arrested.

Sent to Hospital. Young McDonald, of Brook street, North End, who was mentioned in last Saturday's issue of this paper as being badly burned about the face when he intentionally touched a lighted match to a bag of powder, was removed to the General Public Hospital on Saturday evening where his wounds were dressed. The child is under medical inspection.

Found by Police. A brooch was found on Brussels street yesterday by Police Sergeant Scott. Patrolman Kane found a string of prayer beads on Union street. Policeman Shortliff found a bundle of gas pipe on Water street Saturday afternoon and placed it in the Water street lockup for safety. The owners can receive the above articles on application at the central station today.

Creating Disturbances. Fred Dixon, a colored man, who, getting a little more of old John Barley Corn than is good for a person, started in about 8:30 o'clock Saturday night to make matters lively on Charlotte street until brought up with a round turn by Patrolman Ward, who placed him under arrest and charged him with being drunk and creating a disturbance.

The Building Situation. Outside the big construction job in progress, there is not a great deal of work going on in the building line. Local contractors have not been wholly satisfied with the season's work, as the more important construction jobs have been in the hands of outside firms. The outside firms have brought in their own expert workers, and the local craftsmen have not got much benefit from the boom.

Society Reorganized. The Brotherhood of Charlotte St. Baptist church was reorganized yesterday for the coming year. A large number of the members attended the re-organization meeting. The following officers were elected for the ensuing quarter: President, A. C. Gregory; vice-pres., J. S. Clarke; teacher, Rev. A. J. Archibald; treas., E. O. Jones; secretary, C. Gardner. The society will hold Sunday meetings each Sunday at noon and debates, socials and reading clubs will be included in the society's programme for the season.

PRISONER TELLS SCANDAL TALES OF HIS UNHAPPY MARRIED LIFE

Wilson Thompson Charged by Wife with Threatening Her Life, Accuses Woman of Unfaithfulness - Was a Widower and had been Married but a Few Weeks.

Wilson Thompson was arrested yesterday afternoon about two o'clock, having been given in charge by his wife, Emily, who charges him with threatening to shoot her and to cut her throat with a razor in their boarding house at 189 Charlotte street. The prisoner is but 22 years of age and a mechanic with a good position. According to his story he had been a widower with a five-year-old son, and only three weeks ago married a young woman. Then, he says, that his troubles commenced. He states that he found that his new wife was not of the class that he expected, and it troubled him greatly. He said that he was not a drinking man and has not tasted liquor for ten years, but he could not say this for his wife. Since his marriage, the prisoner says, he has found the woman with the signs of intoxicants about her. Further than that he found a letter in their room a short time ago, from a seafaring man, making a date, and following the matter up, he found his wife with the man in a Lower Cove boarding house and caused her to return home with him. He says that matters of this sort has so worried him that he is almost insane and has been unable to sleep. Saturday night, he said, that he became so worked up over the matter that he acted rather foolishly and hardly knew what he was doing. Yesterday morning taking his child he attended church, and he thought that all things had been settled, and was surprised when he was called on by a officer yesterday afternoon and was placed under arrest. The man appears to be almost a nervous wreck, and is taking the matter very hard. On the other hand Mrs. Thompson claims that she has not given her husband any cause for worry, but that he has become so violent towards her that after the scene on Saturday night she was afraid to live with him, and being in danger of her life she thought that the best thing she could do for her own safety was to have him taken care of by the police. She says that he took a revolver and threatened to shoot her, and also said that he would cut her throat. When she gave him in charge, she said that she would appear in the police court this morning to give evidence against him. When he was arrested yesterday afternoon the revolver was not found. Last night Thompson appeared to be greatly worried about his little boy, whom he hoped would be looked after while he was behind the bars. It is said that his wife is looking after the little fellow. It was shortly after nine o'clock Saturday night when the disturbance was going on in the Charlotte street boarding house, and a large crowd collected around the door. Policemen Sullivan was summoned to the house and quelled the disturbance.

WILSON THOMPSON HAS A BIG BLAZE

Building Occupied by C. E. Colwell and James MacLellan prey to Flames - Damage is Heavy.

The West Side firemen had a hard fight shortly after 3 o'clock yesterday morning, when C. E. Colwell's building on Union street was discovered on fire. An alarm was sent from Box 116 and the department responded quickly. When they arrived the fire had obtained a good start, but through excellent work it was confined mostly to the southern section of the building. The building was a two storey structure and was occupied by Mr. Colwell on the ground floor for his office while the upper section of the building was occupied by James MacLellan the tailor. The fire caught in the southern end of the building and it took nearly two hours hard work before the firemen were able to fully extinguish it. Nearly half of the building was totally destroyed, but with well directed streams of water the northern half of the building was left in tact, although badly damaged by smoke and water. Mr. McLellan's loss will be about total, and will be heavy, as he had a large stock of cloth and clothing laid in for the fall and winter trade. The answer to the puzzle is expected to reach St. John tomorrow from the company from whom the copyright has been purchased. This solution will not be opened until after the close of the contest, when it will be published in The Standard. There is still lots of time and in view of the excellent opportunity offered of winning prizes ranging from \$250.00 down to \$2.00 no one can afford to keep out.

SUDDEN DROP IN TEMPERATURE DRAGS OUT WINTER CLOTHES

The first snowfall registered at the weather station here this season was on Friday night when there was a slight flurry. The lowest reading of the thermometer this year was on Saturday morning when the official instruments registered 24 degrees but the mercury climbed to 40 degrees during the day. Yesterday the mercury sunk to 25 degrees but rose to 34 last night and indications pointed to warmer conditions for the next few days. The wind was fresh from the north-west all day with the highest velocity reaching 24 miles an hour. The average temperature for October this year was 55 degrees while for the same month last year it was 49 degrees. The rainfall this season, however, was 5.95 inches, while last year for October there was only a fall of 2.25 inches. With this rainfall the rivers are very high for the season and with the cold weather coming on the conditions for the closing of navigation are better than last year and it is believed that lumbering conditions will be much more favorable than for several years past. While there is no prospect of the St. John river closing for several weeks still farmers are taking advantage of the fine weather prevailing and the river steamers are carrying large cargoes both up and down river.

FINAL WEEK FOR PUZZLE

Today The Standard's puzzle contest enters upon its final week. The interest so far has been at high tide but it is anticipated that the solutions to be received during the next few days will be numerous indeed. Even now people in all parts of the province are writing in for extra copies of the paper containing the charts, and are planning to send their final solutions this week. This solution will not be opened until after the close of the contest, when it will be published in The Standard. There is still lots of time and in view of the excellent opportunity offered of winning prizes ranging from \$250.00 down to \$2.00 no one can afford to keep out.

BRANCH 134 C.M.B.A. OPENS WINTER SEASON

Sacred Concert Held in Union Street Rooms Last Evening - Lecture Course Promises well.

In their rooms, Union street, last night, Branch 134, C. M. B. A., inaugurated the winter course of lectures to a bag of powder, was removed to the General Public Hospital on Saturday evening where his wounds were dressed. The child is under medical inspection. A brooch was found on Brussels street yesterday by Police Sergeant Scott. Patrolman Kane found a string of prayer beads on Union street. Policeman Shortliff found a bundle of gas pipe on Water street Saturday afternoon and placed it in the Water street lockup for safety. The owners can receive the above articles on application at the central station today. Fred Dixon, a colored man, who, getting a little more of old John Barley Corn than is good for a person, started in about 8:30 o'clock Saturday night to make matters lively on Charlotte street until brought up with a round turn by Patrolman Ward, who placed him under arrest and charged him with being drunk and creating a disturbance. Outside the big construction job in progress, there is not a great deal of work going on in the building line. Local contractors have not been wholly satisfied with the season's work, as the more important construction jobs have been in the hands of outside firms. The outside firms have brought in their own expert workers, and the local craftsmen have not got much benefit from the boom. The Brotherhood of Charlotte St. Baptist church was reorganized yesterday for the coming year. A large number of the members attended the re-organization meeting. The following officers were elected for the ensuing quarter: President, A. C. Gregory; vice-pres., J. S. Clarke; teacher, Rev. A. J. Archibald; treas., E. O. Jones; secretary, C. Gardner. The society will hold Sunday meetings each Sunday at noon and debates, socials and reading clubs will be included in the society's programme for the season. Underwear that gives warmth at P. A. They carry a full line of the out sizes, so that they can fit the largest person that they can fit. Prices ranging from 35 cents up to \$1.50. THE PRINCE WILLIAM HOTEL.

PERSONAL

Friends of Captain Nickerson, formerly master of the dredge Flying, who had been very ill for some time, will be glad to know that he has greatly improved in health. Charged With Stealing. Saturday afternoon Arthur Drapau, a 28 year old Frenchman, started out with a pocketful of money, and with four companions. They visited Alex. Corbett's gent's furnishing store, when Mr. Corbett noticed that a number of neckties were missing and he immediately followed the quartette to Water street, where he informed Police Sergeant Baxter of the loss. The big sergeant rounded the four men up, and taking them into the Water street lockup searched them, as they denied having stolen the neckties, were missing neckties, the officer found eleven neckties, and he therefore locked the man up in a cell and charged him with the stealing. In addition to the neckties, the prisoner had in his pockets a bottle of whiskey and \$58. Horse Ran Away. A horse attached to Smith's fish delivery express wagon ran away on Union street Saturday morning shortly after eleven o'clock. The animal dashed into Mill street, and when near the corner of North street the wagon collided with an electric light pole badly breaking the vehicle. The driver was thrown to the pavement and slightly injured. The horse was caught near the I. C. R. depot. Mink Furs. Mink continues in great popularity. We have on hand a large stock of choice neckwear and sets in this fur. All are desirable models for this season. H. Mont Jones, 54 King street. GOOD COFFEE. The following is an extract from a letter of one of our customers when re-ordering a tin of Dearborn's Mocha and Java coffee: "It might say we are having real good satisfaction with your coffee; for instance, an old friend of mine, now residing in Halifax, while here last summer, used to buy this coffee. He ordered for 10 lbs., saying they could not get anything like it in Halifax. C. S. WAUGH, Selmah, N. B. To F. R. Dearborn, Dearborn & Co., St. John, N. B. Black Lynx Furs. Fashion still leans towards lynx. It is a very beautiful fur and garments of it possess great distinction. There are none more beautiful than those which we show. H. Mont Jones, 54 King street.
