POST OFFICE ADDRESS, BOX 1132.

The subscriber respectfully solicits consignments of property for re-shipment, from all sections of the Country, by any route, and at all seasons of the year, which will invariably be forwarded to destination with care and dispatch.

Special attention given to re-shipment of **Steam Engines and Boilers, Safes, Bells, Mill Stones, and Gearing, and Machinery** of all kinds, **Pianofortes, Looking-glasses, Toys and Shred's**, and all articles of a perishable nature. Bills of Lading will be taken for all goods shipped, and copies in title to consignors and consignees.

Open policy kept with one of our oldest and strongest Insurance Companies for the convenience of customers desiring Marine Insurance; for effecting which, no charge (beyond actual premium) will be made.

Parties engaged in business or manufacturing at the South, South-west and West, will find it to their advantage, when ordering Merchandise, Machinery, &c. from the Northern and Eastern States, to instruct their correspondents to mark and consign packages to my care, in New York and thereby secure their prompt transshipment.

To those favoring me with their patronage, I would say that no effort will be wanting on my part to merit their approval.

Packages should be marked

Care A. Chapman, New York,

with a duplicate Receipt or Bill of Lading, or letter advising of shipment, mailed to

A. CHAPMAN, Box 1132, New York,

which will insure prompt attention.

AND THE TRADE GENERALLY.**

I beg leave to call the attention of the Trade to my unrivalled facilities for manufacturing to order all kinds of FINE JEWELRY, WEDDING, DIAMOND, TABLET, CHASED, SCALE, and STONE RINGS, &c. Having recently enlarged my premises, and procured improved machinery, I intend to show the public that better articles than those imported can be made here for as little as, or less than, they cost in Birmingham or New York. I am aware that some have a preference for imported goods, because they are under the impression that there are no workmen here equal to those of the "old country."—Let me assure them that there is no foundation for such an idea: I can manufacture just as good an article of Jewelry as any that can be imported, and at a lower price.

**Watches, Clocks, Jewelry, Musical Instruments, &c., repaired
in the best manner.**

ALL ORDERS BY MAIL PROMPTLY ATTENDED TO.

I take this opportunity to thank my customers for their patronage during the last seven years, and hope that through the coming winter I shall be favored with many orders from my old patrons, and from all who wish to get good and warranted articles at reasonable prices. In conclusion, I would say, that I will use my best endeavours to merit the esteem and good-will of all my customers. My motto shall be—Excellence, Celerity, and Cheapsness.

MRS. LEWIS'S
 CELEBRATED
FAMILY MEDICINES,

Manufactured and sold by MRS. ELLEN LEWIS, at the establishment Opposite the WESLEYAN FEMALE COLLEGE, King Street, East, Hamilton.

REFERENCES.

TOWNS-END, January 23, 1857.

I hereby certify that I have been afflicted for four years past, with a pain in my side and chest, and shortness of breath, loss of appetite and general debility. My son was similarly afflicted. I was advised to try Mrs. Lewis's Syrup, which I am happy to say, made a perfect cure of myself and son. I have made use of her Syrup, Cough Syrup, Liver Complaint Syrup and Bitters, for three years, and in no case have I ever found them to fail. My wife has also made use of Mrs. Lewis's Summer Complaint Syrup for both herself and children, in several cases of Diarrhoea and Summer Complaint, it has never failed to give general satisfaction.

GEORGE CLOUS.

TOWNS-END, March 2nd, 1857.

This is to certify, that having used Mrs. Lewis's Cough and Liver Complaint Medicines in my family, I have found it the most speedy and most effectual remedy for Cough, Colds, Phthisis, and all such diseases as children are most subject to, that I have ever used, and feel it due to Mrs. Lewis to give her my testimony in favor of its great utility.

PERCY M. DOVE, Manager and Actuary.

"ROYAL" INSURANCE COMPANY.

It is indispensably necessary that every Company which undertakes to replace the Loss occasioned by FIRE, or to provide by a specific sum, or by an Annuity, the means of subsistence to the Widow and the Orphan, should be able to show its Undoubted Ability to perform these engagements. As ample evidence of the Standing and Position of the "ROYAL" Insurance Company, it may be stated that its

UNSCRIBED CAPITAL IS TWO MILLIONS STERLING.

THE CAPITAL ACTUALLY PAID UP AND ACCUMULATED AMOUNTS TO UPWARDS OF
EIGHT HUNDRED THOUSAND POUNDS

It cannot be too strongly urged on the attention of the Assurer that SECURITY is the First Consideration in all Insurance Transactions, and that his object is not attained unless the event or contingency against which he wishes to guard is provided for,—from the moment he has paid his Premium,—under all possible circumstances.

It is therefore manifest that the Capital of an Insurance Company should be sufficiently large to meet all possible demands, and that its amount should be distinctly stated, in order that its entire sufficiency to meet all claims may plainly appear.

REPORT by the AUDITORS to the Annual Meeting in August, 1861.

"We have, in reply to the summons of your Manager, inspected every Document connected with the Company. We have again passed under examination EVERY VOUCHER, EVERY DEED, and EVERY SECURITY. It is a matter of no light moment to go through all these in the case of a Property representing something like £850,000, and we found everything in the most perfect order, and entirely correct."

EXTRACTS FROM REPORT FOR YEAR 1860.

THE GENERAL PROGRESS OF THE COMPANY will be found to equal, if not to surpass, any expectation which could have been formed of it.

FIRE PREMIUMS for 1860 equal Total Fire Premiums for the Seven Years—1846 to 1853.

LIFE PREMIUMS for 1860 EXCEED the Entire Life Premiums for the Eight Years ending 1852.

PURCHASE OF ANNUITIES in 1860 LARGELY EXCEEDS the similar receipts for the first TEN YEARS—1846 to 1854.

INCREASE of FIRE INSURANCE DUTY in the Year 1860 over 1859.

As shown by a Return made to Parliament, and ordered by the House of Commons to be printed, 7th June, 1861.

The following Table exhibits the Increase of Duty paid to Government by the different Insurance Offices, and proves, on the authority of Public Documents, that the Royal Insurance Company is increasing its Fire Business far more rapidly than any other Insurance Office in Great Britain.

The above statement exhibits more clearly and on more conclusive authority than any other that could be produced the high estimation in which the "Royal" is held by the Public.

The Increase of the "ROYAL" is more than double that of any other Company, and more than 30 per cent. of the Entire Increase of all the London Offices combined. The Increase of the "Royal" is also more than 30 per cent. of the Entire Increase of the other 28 Country Offices combined.

GREAT FIRE IN LONDON, 22nd June, 1861.

Within three days of the announcement of the fire to this Office, measures were taken that the London Branch should be in possession of ample funds to meet every loss. Before the expiration of a week from the date of the fire, immediate payment was ordered to such of the claimants as were enabled to give a statement of their respective claims.

No new Fire Insurance Company hereafter to be established will meet even with partial encouragement if it have not a full sufficiency, not of Subscribed, but of Paid-up Capital. No prudent Capitalist will embark in such a new enterprise, and yet ignore the possibility that, until an ample Reserve Fund is collected which requires several years to accomplish, his investment, and it may be a large portion of his subscription, might at any moment be required to meet some unexpected loss of an equal or even greater magnitude than the recent one. The amount to the Credit of the Reserve and Profit and Loss Accounts of this Company would be sufficient to pay its Loss sustained by this hitherto unexampled calamity, were it thrice the amount it proves to be.

The Rapid Progress and position of this Branch will be best shown by the following Statement of the new Life Business effected for the

New Premiums reached £15,079 17s. 10d.

The ROYAL INSURANCE COMPANY published late in the last year an account of the investigation into the Assets and Liabilities of its Life Department, under a novel form, and in as plain and intelligible a manner as the abstruseness of the subject admitted, together with the entire statements and valuations necessary for that purpose.

From the extensive Notices of this Pamphlet and its accompanying Diagrams, which have appeared in the Periodicals of the day, it has largely attracted the attention of vast numbers of persons in all parts of the United Kingdom, as well as in other parts of the World. A most satisfactory and conclusive evidence that such is the case, is afforded by the fact that the Sum Assured on New Policies in the six months to 3rd June of the year 1861 is actually 50 per cent. in excess of the Sum Assured in the corresponding months of the year 1860, although the latter amount in itself exceeded the Sum Assured in any like previous period of time.

THE ROYAL INSURANCE COMPANY,
NORTH JOHN STREET, LIVERPOOL, and 29, LOMBARD STREET, LONDON, E.C.

THE EXTRAORDINARY SUCCESS OF THE COMPANY,
AND THE

PERFECT SECURITY its GREAT RESOURCES afford to INSURERS,
Have been commented upon by most of the leading Newspapers both in Great Britain and abroad.
The following are Abstracts of a few of these Notices.

THE "TIMES" MONEY ARTICLE.

At the Annual Meeting of the Royal Insurance Company to-day, the Report for 1860 stated that Premiums in the Fire Department amounted to £262,977, showing an Increase of £34,663 over the preceding year, and of £66,829 over the Premiums for 1858, being an Increase of 34 per Cent. in Two Years. The transactions of the year in the Fire Branch give a Profit of £41,067. In the Life Department the Premiums for the year on New Policies amounted to £15,079, being an Increase of £1,993 over the former year.—AUGUST 3, 1861.

DAILY NEWS.—These Tables prove the experience of the Royal to have been HIGHLY SATISFACTORY.—DECEMBER 28, 1860.

LEEDS MERCURY.—It will be seen how very much less the mortality of the Royal has been than the mortality for which the Office was prepared.—SEPTEMBER 8, 1860.

Atlas.—Of the Reserved Fund the Manager has every reason to be proud, as it enables him to make the fair boast that in three days after the overwhelming catastrophe adverted to (the Great Fire in London), the Royal was in a position to pay, and did pay, its claims on presentation, thus vindicating its well-earned character for promptitude and liberality in loss settlement. The value to the general and commercial community of such honourable and timely promptitude as the Royal Insurance Company displays to us, cannot be too strongly insisted on.—AUGUST 10, 1861.

Bristol Mercury and W. Counties Advertiser.—The increase in the new duty of the Company last year was more than double that of any other Fire Office in the Kingdom, and almost one-third the increase of all the London Offices put together.—AUGUST 10, 1861.

Edinburgh Evening News.—The Royal Insurance Company has in some essential respects distanced all competitors.—AUGUST 10, 1861.

Glasgow Examiner.—If further proof is needed of the extraordinary resources of this Company, we may state that its London branch was provided with sufficient funds to meet every claim caused by the late terrible fire in London, without calling on the Shareholders, or trenching on its paid-up capital.—AUGUST 10, 1861.

Hull and Guardian.—The report for the year 1860 was of a most gratifying nature, and most satisfactory to the shareholder.—AUGUST 10, 1861.

Liverpool Mail.—The Directors are fully justified in anticipating the time when the Company will be placed, with respect to the amount of its new business, at the head of all the Life Assurance Institutions in this country. Nor has the progress of the Fire Branch been at all less remarkable.—AUGUST 3, 1861.

London Commercial Record.—The judicious extension of the Reserve Fund has been attended with the happiest results. It has ever been our opinion that no Fire Insurance Company can long maintain its ground without having a large positive Capital available any moment for extraordinary contingencies; and this opinion is confirmed by the many failures that have taken place of public companies constituted on the unsound basis of a nominal capital.—AUGUST 9, 1861.

Manchester Examiner and Times.—In three days after the commencement of the fire, measures were taken to supply the London branch with ample funds to meet all calls that might be made upon them.—AUGUST 17, 1861.

Waterford Mail.—An accumulated fund of £800,000, and an annual revenue of £400,000 are features which might command confidence in any Insurance Company that could boast them; but they are not the least features in the character of the Royal Insurance Office.—AUGUST 12, 1861.

Thacker's Overland News.—Here we have the secret of the power and resources by which, in the case of this Company, it was enabled to liquidate at once its heavy quota of £78,000. This secret is simply the comprehensive prudence that in years of prosperity was not tempted to encourage a mushroom growth of business by bait dividends and speculative bonuses, but held to the com-

mon sense of providing steadily from year to year a reserve fund, and one of such magnitude that we are not astonished to hear that, had the loss been thrice as great as it was, the Company could have met it without trenching on a farthing of their capital. In a business where security is the first and grand desideratum, this single fact is worth a volume of commentary.—AUGUST 10, 1861.

Calcutta Phoenix.—The Royal Insurance Company is one of the soundest and most secure means of effecting Life Assurance in the world.—DECEMBER 4, 1860.

Calcutta Englishman.—The Royal Insurance Company has been noticed by the leading London journals in very favourable terms.

Indian Field.—We are of opinion that the methods adopted by the Royal Insurance have been devised upon sound principles, and the success of the Company, as attested by the increase of business, the diminution of expenses, and the falling (unexpected, according to ordinary actuarial computation) in the per centage of claims, may be ascribed to the close adherence to those principles manifested in the proceedings of the Society.—DECEMBER 8, 1860.

Falmouth Post, Jamaica.—The Company is in a thriving condition.—APRIL 23, 1861.

Montreal Gazette.—The Royal Insurance Company is an instance of almost unparalleled, and we believe, of most deserved success. Last year it lost heavily in South America; this year still more heavily (to the extent of £70,000 to £75,000 sterling) in London. By prudent management it had accumulated funds to meet these heavy losses, and has met them with the utmost promptitude. This is the true test of a Company's stability.—AUGUST 21, 1861.

Montreal Herald.—The prudent and cautious management of the Directors has enabled them, after paying a handsome dividend, to increase the Reserve Fund to upwards of £300,000.—AUGUST 22, 1861.

Hamilton Daily Herald.—The Royal Insurance Company has distanced, in the increase of its business for the past year, all other Companies in the United Kingdom. Advice received by Mr. Bellhouse, Manager of the Hamilton Branch, dated July 4th, state that the "Royal" had already commenced to pay losses incurred by the Great Fire in London, and that the Metropolitan Board was prepared, within four days of the catastrophe, to settle every claim the moment the amount was ascertained. Such promptitude cannot fail to be a most convincing proof of the great advantages to be derived from dealing with a company, whose ample means and high position enable them, without even the slightest temporary inconvenience, to grapple with a calamity almost unprecedented; in the present case payment will be made, without a moment's delay, of claims, the magnitude of which would be sufficient to embarrass weaker institutions, and, in some instances, to extinguish them altogether.—JULY 24, 1861.

Hamilton Times.—The advantages offered by this Company cannot fail to be appreciated by all who take the trouble to make themselves familiar with them.—JANUARY 23, 1861.

Toronto Globe.—We hope that the business will as largely increase as the enterprise displayed richly merits.—MAY 29, 1861.

Canadian Freeman (Toronto).—The steadily increasing importance of the Royal marks it as one of the most reliable and safe Companies in which to insure against loss by fire.—AUGUST 6, 1861.

Toronto Leader.—The increase in the business of this Company is one of the best standards by which to judge of its popularity and soundness.—AUGUST 14, 1861.

PREFACE.

IN presenting this edition of the HAMILTON CITY DIRECTORY, the Publisher desires to tender his grateful acknowledgement for the courtesies extended to his agents in collecting the necessary information for the work, as well as for the *material aid* which has been afforded by the business men, and earnestly hopes that this volume will meet with their expectations and approval, and prove a reliable index to the business interests of the city.

One great obstacle met with in the compilation of the work, has been the want of numbers in the different Streets of the City. Every effort has been made to have the whole work correct and reliable even in detail. However that degree of perfection that would insure *entire accuracy* is not claimed by the Publisher, and he trusts that whatever inaccuracies may be found, will be overlooked, as it is impossible to have works of such a character *entirely free* from omissions or errors.

The Hamilton Directory is purely a work of Home Production. The canvass for the work has been made by residents of the City. The paper bought at the establishment of J. BUNTIN & Co. The *typographical* execution of the work by DONNELLEY & LAWSON, and the binding by HAIGH & SMILEY; as far as the manufacture of the book is concerned, each department bespeaks the taste and ability displayed in it.

The work is also indebted to Mr. John Jacques for a very full sketch of the City, and its general business interests. The Publisher has now in preparation the CANADA DIRECTORY, which will be issued early in the ensuing year.

CITY OF HAMILTON.

BY JOHN JACQUES.

HAMILTON, beautifully situated on the south-western curve of Burlington Bay, occupies a delightful position on a plateau of slightly elevated ground, winding around the base of the Mountain. The distance between the Mountain and the Bay is about two miles, and on the area thus included stands the City of Hamilton, in population, wealth and commercial importance, the second city in Upper Canada. The site is singularly salubrious, the rate of mortality being less in Hamilton, as shown by statistics, than any other city in Canada, Ottawa excepted. Hamilton became a point of military importance about 1813. It was made the resting place of the army of the West, when General Proctor was defeated. To Burlington Heights General Vincent retired after being driven from the Niagara frontier, previous to his brilliant victory over the American army at Stoney Creek, which saved the Province from probable subjugation. The history of Hamilton dates back not much more than a quarter of a century. It seems but yesterday when the tract of country fringing the shores of Lake Ontario was a wilderness, and settlers still living can tell the day when hunters and fishermen alone broke the stillness of the now wealthy and proud District of Gore. The theory of colonization which has been nurtured into life and activity under the fostering care of liberal institutions on this side the Atlantic, has belied the anticipations and ridiculed the prophetic wisdom of statesmen moving under the auspices of time-honored usages in the Old World. Forests are converted into thriving settlements, and cities spring up into wealth and influence as if obedient to some magic impulse. A traveller from one of the sickly metropolises of Europe, in looking at the progress of social cultivation in Canada, at the evidences of civilized advancement observable in the institutions and business energy of the Canadian people, would be slow to realize the fact that he sees the country as less than fifty years of toil and industry have made it.

Let him visit Hamilton, drive up and down its spacious streets, look into the great wholesale establishments; step into the Banking houses and witness the extent of accommodation accorded to commercial enterprise; let him visit the Central School, and contrast the educational advantages of Hamilton with those of cities of the same size in Europe or the Continent, or

look through the Young Ladies' Seminary, when in full operation, after mid-summer holidays; let him stand at the depot of the Great Western Railway and mark the bustle and activity at the arrival and departure of every train; see the long train of freight cars, bringing the products of foreign manufacture for consumption here, or carrying away consignments from large city wholesale firms to distant parts of the Province; let him take his stand on the brow of the magnificent Mountain which flings its grassy summit against the southern sky, and see the multitude of persons surging along the principal avenues of trade, the countless chimneys of mechanical industry, the magnificent carriages and costly equipages rolling along James or King street; the palatial suburban mansions, the seat of wealth, comfort and literary retirement—let him survey the busy hive at his feet—restless, sleepless, tireless yet hopeful, and say whether the community of interests, the fusion of national restraints, and the commercial fellowship which have built a city of twenty thousand people, do not promise still greater results.

The temporary embarrassments under which the city now labors, has retarded but not destroyed, the enterprise of its citizens. In 1850—twelve years ago—the population, according to authenticated census returns, was less than 11,000. It was 25,000 in 1858, and in the three following years lost a third of its population. It was 19,000 at the census a year ago, and has now risen to 22,000. The rental or assessed annual value of the city was, in 1857, one million of dollars, while it is now about half that. If financial matters were arranged, Hamilton would again prosper as before, and double itself in ten years, as it did between 1848 and 1858. The years of extraordinary prosperity which immediately preceded 1857, drove Hamilton, in common with almost every town and village in Canada, into a whirlpool of speculation. While the good times lasted, money was plentiful; real estate changed hands at fabulous prices; the common laborer could make almost as much in a day as he now can in a week. At a period when everybody was making a fortune, the City Council could not refrain from entering into obligations which subsequent changes have turned into disasters. Had the same prosperity which characterized '53-4-5-6 continued, the probabilities are that the anticipations of the Hamilton City Council would have been realized. The Port Dover Railway might have been in operation, the Preston and Berlin Branch might have paid, and possibly the Galt and Guelph line might not have been a total loss to the city. But kind Fortune does not smile sweetly always, or prudence might be dispensed with in travelling the uneven journey of every-day life. Who ever heard of good luck continuing for ever? A reverse of circumstances burst like a thunder cloud on Canada in 1857, and scattered the dreams of speculators. Hamilton did not escape the consequences of civic imprudence.

THE WHOLESALE TRADE of Hamilton is greater and more attractive of distant buyers than that of any other city in Canada, with the exception of Montreal. Some of the most extensive wholesale

firms in Canada, having branches in Toronto, London and Brantford, center in Hamilton. The large house of Buchanan, Harris & Co., in stability and wealth, second to few in America, has ramifications in Canada, New York, and Glasgow. Brown, Gillespie & Co., do an extensive wholesale grocery trade in the Western section of the Province, and command a position of the very highest standing. Kerr, Brown & Co., do a very large general trade, and Messrs. Sanford, McInnes & Co., employ 400 operatives to supply them with ready-made clothing, which they sell by wholesale. The other wholesale firms which command notice, are D. McInnes & Co., dry goods; Boice & Cromwell, dry goods; McKeand, Brother & Co., dry goods; R. Juson & Co., hardware; Young, Law & Co., dry goods; J. McIntyre & Co., groceries; F. W. Gates & Co., dry goods; G. J. Forster & Co., groceries; J. & J. Turner, groceries; J. Cummings & Co., crockery; Hilton Brothers, hardware; J. P. Walker & Co., hardware; Wood & Leggatt, hardware; Winer & Co., drugs; T. Bickle & Son, wholesale and retail drugs and medicines. The retail business of the city is also very extensive, but it is in manufactures that Hamilton pre-eminently excels.

THE FELT HAT FACTORY of Messrs. Higby, Woodruff & Co., situated at the eastern limits of the city, is one of the most important manufacturing establishments in Canada. Not fewer than 150 persons, male and female, are constantly employed in the manufacture of Felt Hats; and the success which has so far attended the enterprise promises much in the future. It was only last year that the factory was put in operation, previous to which felt hats had to be imported from New York or Europe. The factory turns out from thirty-five to forty dozen hats every day, for which a home market is readily found. The firm uses 100,000 lbs of the finest wool, 500 cords of wood, 600 tons of coal, 10,000 skins, and 200 bbls of alcohol per annum. The average wages of employees \$2.00 per day. The value of the work manufactured in a year amounts to about \$150,000.

MESSRS. R. M. WANZER & Co's SEWING MACHINE MANUFACTORY, also started last year, bids for a fair share of public patronage. About fifty mechanics are constantly employed on the Wheeler & Wilson, and Singer, and Combination Family Shuttle Machines, a rapid sale for which is always attainable, within the limits of the Province. Mr. Wanzer has established agencies in all the principal places in Canada West, by means of which his business is rapidly increasing. The sewing machine is among the permanent institutions of the day. Messrs. Rogers Brothers, Messrs. Moran Brothers, and the Messrs. Dale, manufacture sewing machines in the city, and merit a liberal patronage. Messrs. Rogers Brothers manufacture under a Canadian patent.

MESSRS. E. & C. GURNEY, John street, employ about sixty-four men in carrying on the business of an extensive foundry. The firm uses 1,000 tons of pig iron and 300 tons of coal per annum. Their annual income from the business is stated by themselves at \$100,000.

THE CANADIAN COAL OIL COMPANY employ sixteen men, and turn out about 120 barrels of oil per week. The machinery used in the refining process cost \$22,000. A capital of \$56,000 is invested in the business. The refinery, situated outside the corporation, on the line of the G. W. R., has been in operation about three years. The Canadian Oil Company manufacture illuminating and machine oil, and naphtha. All the raw oil is procured from the Enniskillen oil wells. Since a duty of ten per cent has been placed on all imported oils, it is more than probable the home article will be used exclusively.

THE HAMILTON OIL COMPANY was organized in October, 1861, with a capital of \$40,000. They employ ten men, besides others indirectly. At present they turn out 100 barrels per week; in the course of two months they expect to manufacture 150 bbls per week. All the raw material is procured in Enniskillen, where the Company owns 100 acres of oil land, containing ten surface wells. Hitherto the greatest difficulty has been the want of a steady market, but arrangements have been completed to supply foreign demand. Present price of burning oil 25c per gallon.

SANFORD, McINNES & Co., employ, on an average, 400 or 500 persons in the manufacture of ready-made clothing.

THE BROOM FACTORY of Bruce & Mugridge, consumes 100 tons of broom corn per annum, and gives constant employment to twenty men. Value of manufactures \$40,000 per annum.

THE PIANO MANUFACTORY of C. L. Thomas, the Melodeon factory of T. W. White, the Vinegar Factory of B. C. Charlton, and the Steam Engine and Boiler Factory of F. G. Beckett & Co., may also be mentioned as developing the industrial resources of the city, by giving employment to a large number of intelligent and useful mechanics.

MESSRS. GURNEY, WARE & Co., are the only manufacturers of Scales in Upper Canada.

MESSRS. W. & R. CAMPBELL manufacture pottery and draining tiles. In the manufacture of soaps there is a large business done in the city. Mr. John Judd, Bay street, and Messrs. Murton & Smith, Victoria Avenue, have extensive factories. Mr. James Walker, Wellington street, also has a soap factory, doing a large business.

MESSRS. GRANT & Co., drive a large brewery. The celebrated pale ale is made in their establishment. They supply many of the hotels both in the city and throughout the country.

MR. H. BAUER has a brewery which turns out lager beer, porter and ale.

MESSRS. TURNBULL & Co., employ twenty men in their foundry, and make castings of all kinds. They do a large business in stoves, agricultural implements, &c.

MR. H. BROADBENT also enters extensively into the manufacture of iron castings, and until recently did a great part of the work for the Great Western Railway. He employs about twenty men.

MESSRS. J. STEWART & Co., McNab street, have an old established business, and do a great deal in the manufacture of stoves. The Brian Carpenter stove has recently been patented by them.

D. MOORE & Co., King street, deal in tin and japanned ware, stoves, castings, &c. They employ forty men, and import to the value of \$50,000 per annum. They manufacture all they can, importing only what is indispensable.

MESSRS. L. & P. SAWYER employ twenty-four men in the manufacture of threshing machines, mowers, reapers, fanning mills, ploughs, stoves, &c. Value of their manufactures, \$20,000 per annum.

MESSRS. R. JUSON & Co., carry on the manufacture of nails, spikes, and rivets, and employ ten men. They also have a large wholesale hardware establishment.

MESSRS. H. G. COOPER & Co., employ about forty men in the manufacture of carriages, cutters, sleighs, &c. They have one of the most extensive carriage shops in Canada.

MESSRS. MACABE & Co., carriage makers, also do a large business, and have taken the first prize at many of the Provincial shows. They employ good workmen, and have built some of the most handsome carriages in the city.

We may also mention the carriage factories of Mr. J. P. Pronguey and Mr. Enoch H. Tallman.

MESSRS. SHARP & ADDISON, Bay street, deal in lumber, and manufacture doors, sashes, blinds and agricultural implements.

MESSRS. EDGAR & MELVILLE do an extensive business in the manufacture of doors, sashes, blinds, hobs, spokes, felloes, chairs, bedsteads, &c., and also enter extensively into the sale of lumber.

MESSRS. NISBET & Co., employ 100 men and women in the manufacture of boots and shoes. They also sell imported goods. Value of their manufacture, \$50,000 per annum.

P. W. DAYFOOT carries on a wholesale and retail boot and shoe store, in connection with an extensive tannery in Georgetown.

MESSRS. R. A. PILGRIM & Co., corner Wellington and Henry sts, make soda water, ginger beer, lemonade and other temperance drinks. They supply the whole city, and a large section of the surrounding country.

MESSRS. J. BUNTIN & Co., sell all kinds of printing and wrapping paper and stationery. They supply many of the newspapers in Canada West. Their paper mills are near Montreal, but much of their paper is made by contract.

The city has some elegant public and private buildings, affording conclusive evidence that taste and refinement have not been disregarded in according a due share of importance to commerce and manufactures. In a new country we cannot expect to find a great display of architectural grandeur. Society, not yet consolidated into aristocratic pretensions, with

no hereditary titles to grace, and few great historical incidents to revere, pays more attention to the useful than the ornamental. Hamilton, however, is equal to any city of its size in Canada in the cost and beauty of its buildings.

THE WESLEYAN FEMALE COLLEGE, King street, built of brick in the Italian style, five stories high, is an imposing edifice. It has a frontage of 160 feet, and is one of the most handsome buildings in the city. Formerly known as the Anglo-American Hotel, it was recently purchased from the original proprietors, in the interest of the Wesleyan Methodist body, for the sum of \$28,000, and under an Act of Parliament converted into an institution for the training and educating of young ladies. It has been open since last November, and under the excellent board of management, promises to be one of the most useful seminaries of learning in the Province.

D. McINNES & Co's wholesale dry goods store, John street, is an immense building. It is constructed of stone imported from Ohio, and cost \$130,000.

THE ROYAL HOTEL BLOCK, James street, built of stone quarried in the mountain, presents a fine appearance. The order is Grecian, and no pains or expense was spared to finish it in a style of magnificence and taste. The cost could not be less than \$100,000, probably much more. The lower flat is occupied with offices, while the principal portion of the building is used as the Royal Hotel, one of the best public houses in Canada. Dr. Taylor is the proprietor.

THE CANADA LIFE ASSURANCE BUILDINGS, and the hardware store of R. Juson & Co., are both magnificent structures, alike creditable to the taste and enterprise of the city.

DUNDURN, York street, the residence of Sir Allan MacNab, Bart., is worthy of notice as being among the most handsome private residences in Canada.

THE CENTRAL SCHOOL is a substantial structure, built of cut free stone. It is capable of accommodating 1,500 pupils. The Principal, A. Macallum, Esq., is an experienced teacher, thoroughly devoted to his profession.

THE CUSTOM HOUSE, Stuart street, was built three years ago, by the Government. We have heard that it was a pleasant incident for the Prince of Wales to read "Victoria Regina" on a building so far westward. It is rather massive than handsome, an evidence more of substantiality than show. The Post Office, Bank of Upper Canada, Gore Bank, Mechanics' Institute, Bank of British North America, and Commercial Bank, are also worthy of mention. But it is near the base of the Mountain that the millionaires of Hamilton have fitted up the most handsome and costly residences.

THE CRYSTAL PALACE, occupying a commanding position between King and York streets, in the western part of the city, was built in 1860

by the City Council. The building is intended for the exhibition of agricultural and manufacturing productions, and was inaugurated by His Royal Highness the Prince of Wales, at the Provincial show held that year. The structure is frame work, carved and painted, surmounted by a dome and cupola. The roof is tin, and its immense surface reflecting the rays of the sun, presents a magnificent appearance. It is at present occupied as a barracks by the Artillery companies now stationed in the city.

Hamilton has many handsome Churches. The CHURCH OF THE ASCENSION, Upper John street, built of native stone, presents an attractive sight from the east. The chime of bells recently added to it constitute a great accession to the city. On a still evening the harmonious chime can be heard for miles around, distributing a soothing influence after the exhausting labor of a long summer's day.

CHRIST CHURCH, James street, Rev. J. G. Geddes, rector, is also a handsome building.

ST. MARY'S CHURCH, Park street, corner of Sheaffe, is an immense brick building, well finished. The Right Rev. John Farrell, D. D., Bishop of Hamilton; The Very Rev. E. Gordon, Vicar General; Rev. P. Bardon, Priest.

ST. ANDREW'S CHURCH, James street, is perhaps the most tastefully ornamented Church in the city. It was completed about three years ago, and cost \$40,000. It is built of fine stone cut in the Mountain. Rev. Robert Burnet, pastor.

KNOX'S CHURCH, Rev. Robert Irvine, pastor, James street, is a substantial stone building.

THE McNAB STREET PRESBYTERIAN CHURCH is a handsome and expensive edifice, capable of holding 1,200 persons. Rev. D. Inglis is the pastor.

THE CENTRAL PRESBYTERIAN CHURCH, at the corner of McNab street and Maiden Lane, is a massive brick building, completed four years ago. Cost, \$32,000. Rev. Wm. Ormiston, D.D., is the pastor.

THE WESLEYAN METHODISTS have a number of good churches, among which may be mentioned The Third Methodist Church, at the corner of McNab and Merrick streets. It is constructed of fine cut stone. The John Street Wesleyan Methodist Church is a neat brick building, carefully laid out and pleasantly shaded. It has recently been enlarged and ornamented.

THE WATER WORKS of the city are very complete, and cost \$775,306. Water is supplied by means of hydrants, distributed all over the corporation. By powerful and expensive machinery the water is forced from the lake into a large reservoir on the mountain, from which subterranean pipes convey it within easy access to every portion of the city.

THE GAS WORKS are tolerably complete, and have realized considerable profits to the stockholders. Since the financial embarrassment of the

city has compelled the Council to retrench, the streets have been lighted only during the winter months. As an illuminating medium gas will probably still continue to be a favorite, but coal oil has already proved a powerful competitor, and a contract has recently been entered into to light the city with illuminating oil.

There are three newspapers in the city—the *Evening Times*, and *Spectator*, both dailies, and the *Christian Advocate*, weekly.

The principal Hotels, are the Royal Hotel, by J. G. Taylor; the American Hotel, by William Richardson; the Burlington Hotel, by Henry McCracken; and the City Hotel, by Thomas Dean.

Hamilton possesses few places of amusement or pleasure. Pleasure grounds, properly speaking, are not to be found in the city. The fine Cemetery, is much frequented. The grounds are handsomely laid out into walks, and there are some costly monuments to perpetuate the memory of the dead. Oaklands, across the bay, is a place of much resort by pleasure seekers. The Burlington Beach Gardens, kept by John Martin, are also much frequented by picnic parties. A steamer calls there twice a day. The Mountain affords the finest scenery, from the top of which the eye can reach every part of the city, picturesquely bounded by the blue waters of Burlington beyond. Princes' Square, in the course of a few years, will be an attractive promenade ground, with its shaded walks and beautiful fountain, throwing its crystal jets high into the air. The two fountains on King Street add much to the ornament of the city. But though much can be said in praise of the natural and artificial beauties of Hamilton, it is not any mere accident of locality or any excellence of cultivated taste that has built the fine city which, notwithstanding civic imprudence, ranks as one of the first in Canada. Though the Mountain looks down on palaces of marble, and on a bay of picturesque beauty and unsurpassed loveliness, yet it was the enterprise and indomitable energy of its people that built the noble superstructure which wins the admiration of visitors and travellers. The future, we trust, will be as prosperous as the past. The citizens wield their own commercial destiny. It is for them to say (by a straight forward, honest settlement with the City's creditors, and the exercise of caution for the future) what degree of prosperity shall mark the future history of the city. Having conquered difficulties and risen above temporary trouble, they will be able to say, that if their career has not drifted by in one uninterrupted gleam of golden sunshine, at least experience has been purchased, and the foundation laid for a glorious manhood of prosperity and happiness.

455 N. 5TH ST. N. Y. C.

Established 1845.

E. DALLEY,
Wholesale & Retail Druggist,
York Street, Hamilton, C. W.

General Agent for the British dominions for DALLEY'S MAGICAL PAIN EXTRACTOR, manufacturer of Blacking and Luks of a superior quality, which he is prepared to sell to Wholesale dealers. He always keeps on hand his popular compounds, as follows:—Female Pills, Cough Medicines, Tooth Drops, Eye Salve.

Condition Powders or Heave Remedy, and Gargling Oil for Horses.

The Subscriber is prepared to supply country merchants with all kinds of medicines sold by them at the lowest prices.

DEATH BAFFLED!

Not by Time, but by

DALLEY'S HEALTH RESTORING PILLS

THESE PILLS are the admiration of all who use them; and Physicians use them in their practice, and declare that there never was a pill so happily compounded for general use, as are these Pills. Their combination is purely from Canadian Roots and Herbs, to which fact I attribute their great success, as it was my opinion when I invented them, that the roots and herbs grown in our climate were more adapted to our constitutions than those grown in the tropics. One trial of these Pills will recommend them more than I can do in a column of matter. For sale by all Druggists and Merchants.

*A Good Sewing Machine lightens the Labor, and promotes the Health and
Happiness of those at Home.*

MANUFACTURED BY
ROGERS BROTHERS,
Hamilton, Canada West.

HAMILTON, August 22, 1861.

We, the undersigned, having used the Rogers' Machine for about five months, would pronounce it a well built machine, the best material having been used in its construction, and in performance of its work perfectly satisfactory.

F. G. BECKETT & Co.
Machinists & Engineers.

We have used the Rogers' Machine for ten months in our business as Tailors, and take pleasure in recommending them to the trade as an excellent machine, its stitch being unsurpassed for strength and durability by any in the market.

E. HERRERT, Tailor.
G. TURNER,
Hamilton, C. W.

Their astounding simplicity and cheapness, together with the neatness and perfection of their work, render them unequalled, and they must of necessity become universal favorites.—*Hamilton Times.*

We think, from the extreme simplicity of this Machine, its reliability of execution and unrivalled beauty, that it is the best calculated to meet the wants of the community for a cheap, reliable, first class Sewing Machine of any in the market.—*Hamilton Christian Advocate.*

We, the undersigned, having thoroughly tested the Rogers' Machine, have found it to be a first class article for family use, in every respect equal, and some superior, to any sold in the Province, and we heartily recommend it to the patronage and encouragement of the Canadian public.

THE "SPECTATOR."

MAIN STREET,

Cor. HUGHSON.

A POLITICAL, COMMERCIAL AND GENERAL NEWSPAPER,
PUBLISHED AT HAMILTON, C. W.

THE "SPECTATOR"

Is now the OLDEST UPPER CANADA JOURNAL, but one, published West of Toronto. It was commenced 1846, being then issued Semi-Weekly; it is now issued DAILY, SEMI-WEEKLY and WEEKLY—the two latter being the

CHEAPEST PAPERS in THE PROVINCE.

The Political leaning of the "Spectator" is well known, and as a General Newspaper has never been excelled. It is regularly furnished with full Telegraphic Reports of News from all parts of the world; and its facilities for giving the latest Markets, and other Commercial Intelligence, are not surpassed by any other Journal.

SUBSCRIPTIONS.

STRICTLY PAYABLE IN ADVANCE, ARE

DAILY,	per annum.	- - -	\$5.00 per Copy.

The ONLY PRIZE awarded for FAMILY SEWING MACHINES by the Judges at the Provincial Exhibition held in London, Sept. 24th, 25th, 26th, and 27th, 1861, was given to R. M. WANZER & Co's WHEELER & WILSON. The FIRST EXTRA PRIZE was also given for their Nos. 1 and 2, SINGER'S MANUFACTURING MACHINES. Prizes of a similar character were also awarded WANZER & Co's WHEELER & WILSON, and WANZER & Co's SINGER MACHINES over all others, by the Board of Arts and Manufacturers, at the Mechanics' Institute, Toronto. They also took FIRST EXTRA PRIZES at the several County Agricultural Fairs—at Hamilton, Paris, Galt, St. Thomas, Beamsville, Whitby, Cobourg, Bowmanville; in fact in every place where they have been exhibited.

All orders should be addressed to R. M. WANZER & Co., Hamilton, C.W.

EDUCATIONAL.

CENTRAL SCHOOL.—ARCHIBALD MACALLUM, Esq., PRINCIPAL.

This School was established in 1853, has 20 teachers, and an average attendance of about 1000 pupils. Sessions commence first Mondays in January and August. The course of instruction includes Reading, Writing, Arithmetic, Geography, Grammar, History, (Canadian, English and General,) Linear Drawing, Book-keeping, Human Physiology, Astronomy, Elements of Natural Philosophy and Chemistry, Algebra, Euclid, Mensuration and Trigonometry, Natural History, Botany and Geology, and the Latin, Greek and French Languages. The charge is a monthly fee of 25 cents, for which, besides tuition, all books, stationery, &c., are provided. In the Grammar School department the fees are three dollars per term, and the pupils supply themselves with classical books. Any person desiring it, can remain at the school till prepared for entering the University.

In connection with the Central are six Primary or Ward Schools, all under the immediate charge and direction of the Principal, assisted by 32 Teachers.

There is a Library in connection with the School, containing 1000 vols., to which the pupils have free access.

All the Public Schools are under the management of a Board of School Trustees, consisting of two members for each Ward. The following gentlemen constitute the Board at present: Dr. W. L. Billings, Joseph Lister, Esq., St. Andrew's Ward; James Cummings and Thos. Collingwood, Esqs., St. Patrick's Ward; James Osborne and Robert Roy, Esqs., St. George's Ward; Thomas Tindill and George Coombs, Esqs., St. Lawrence Ward; Thomas White and William H. Melville, Esqs., St. Mary's Ward. Dr. Billings, Chairman; Thos. Beasley, Esq., Secretary; Rev. William Ormiston, D.D., Local Superintendent; Archibald Macallum, Esq., Principal.

HOSPITALS AND ASYLUMS.

HOSPITALS.

THE CITY HOSPITAL.—This institution is at the foot of John St., on the banks of the Burlington Bay, and contains about eighty beds. Its Medical management has recently undergone important reforms, so that it is now one of the best conducted and most efficient Hospitals in the Province.

The patients are confided to the care of one *resident* Surgeon, and a Board of six *attending* Physicians, one of whom visits the various wards daily.

It is open to all Medical Students and Practitioners, at the usual visiting hour, free of charge.

The Hospital is supported by City taxation, grants by the Great Western Railway and the Provincial Government. And its financial management is confided to a committee appointed by the City Council.

The following is a list of its officers:—Robert Stuart, Superintendent; Mrs. R. Stuart, Matron; J. A. Mullen, M.D., Resident Surgeon.

Medical Board:—Drs. J.W. Rosebrugh, J. D. McDonald, E. Henwood, J. Bates, D. McIntosh, T. Duggan.
