VOL. LVI. No. 4

NEWCASTLE, NEW BRUNSWICK, TUESDAY, JANUARY 23, 1923

FIVE CENTS PER COPY

## FREE!! 1 pair Women's Oxfords in Tan or Black, Worth \$5.75.

with the purchase of a Woman's Coat or Cape. These beautiful coats and capes also have been reduced for the occasion and many of them are much below their original cost.

THE MATERIALS are Bolivias, Normandy, Velour, Genuine Polo, Velvetyne and all wool check backs.

THE STYLES are most authentic and many are in conformity with Spring Fashions and can be worn for Spring Coats. There are manish raglans, with belts. The loose back effect that is so graceful and effective. The wide, flowing sleeves with tassels, silk wind shields for protection against the rigor of the weather.

THE TRIMMINGS: artistic embroidery or fur collars and cuffs, satin, silk or crepe de chene lining in flower designs or plain in harmony with the cloth.

THE COLORS: are Navy, Taupe, Bark, Narva, Mandalay, Sand, Black. Here are five examples which will give you an idea of the drastic reduction:—

| No.  | Former price                                 | Sale price     |
|------|--|----------------|
| 1430 | Bolivia Cloth, fur trimmed..... \$65.00      | <b>\$47.50</b> |
| 356  | Polo Cloth, sand shade, silk lined.... 25.50 | <b>15.50</b>   |
| 1461 | Swagger Coat, all wool check back.... 38.50  | <b>25.50</b>   |
| 1456 | Mixture Velour..... 40.00                    | <b>22.50</b>   |
| 832  | Velour Coat, satin lined..... 38.50          | <b>25.50</b>   |

The reductions are genuine and we sincerely trust that you will take advantage of our offer

For Six Days Only, Beginning Wednesday, Jan. 24  
and Terminating Tuesday, January 30th

FREE—One Pair of Women's Oxfords in tan or black, worth \$5.75, with a purchase of a woman's coat, over and above the drastic reduction.

Matinee Thursday at 4.00 o'clock, 5c and 10c

MONDAY & TUESDAY NEXT, JAN. 29-30

BIG SUPER-SPECIAL

JOSEPH M. SCHENCK Presents

### Norma Talmadge in 'Smilin' Through'

Proud—yes, proud we are to present the consummating dramatic achievement of the truest of all screen artists—Norma Talmadge. The World hails her as the first to reach perfection in her art; acclaims 'Smilin' Through' as the wonderful symbol of that ascension.

She offers you—Love that is an ecstasy of the soul—the awakening of the childheart. Love that is a fervent transport—the heartflame of Moonyeen, the Woman. Then Tragedy! A ruthless rival's bullet. Love unfulfilled. Years! Years of forgetfulness—years that incarnate the love of Moonyeen, the Woman, in the heart of Kathleen, the Girl. And—once more—the spectral threat of the olden spoliator.

Evasive, tender, dynamic, overwhelming, her drama knows no bounds but those of the human heartstrings. One artiste only could bring 'Smilin, Through' majestically to the screen. You'll love her in it.

EIGHT REELS OF STORM AND SUNSHINE

Admission 25c and 35c plus 1c and 2c Tax

## Newcastle Loses Public Spirited, Progressive and Respected Citizen

# North'd County Council Meeting

The annual session of Northumberland County Council opened at three o'clock Tuesday afternoon in the Council Chamber, Warden McKnight in the chair, the following Council members present:

Alnwick—Wm. Anderson, D. V. Allain.  
 Blackville—D. P. Sullivan, Benjamin Walls.  
 Blissfield—Akerly Holmes, James Weaver.  
 Chatham—A. S. Harriman, W. H. Baldwin.  
 Chatham Town—F. M. Tweedie, Daniel Cripps.  
 Derby—E. J. Parker, D. Manderville.  
 Glenelg—Roger Quinn, John W. McNaughton.  
 Hardwicke—Michael Bransfield, Thos. Gulliver.  
 Ludlow—John Pond, Willard Wilson.  
 Nelson—R. J. Gill, M. Fletcher.  
 North Esk—Alfred Sinclair, S. Gordon.  
 Newcastle—Warden McKnight, L. Doyle.  
 Newcastle Town—D. P. Doyle.  
 South Esk—John Sutherland.  
 Rogersville—H. Savoy, P. Chaisson.

On motion of Coun. Wm. Anderson R. A. N. Jarvis was appointed official reporter.

The reporter stated to Coun. Parker that the list of officers was not published last year because they were not all handed to him at the Council meeting, but later he had secured them from the Secretary and forwarded them to the local papers. Minutes of last session were read and approved.

On motion the auditor, R. Carter, was heard. Mr. Carter spoke at some length regarding the finances of the county and stated that the arrears of the past year should not be reassessed on the Parishes the following year.

Coun. Bransfield thought that they should be assessed again and if any of the default was collected it would make a surplus for the Parish. They were not sure of getting the default and it was better to be sure.

Coun. Pond said that you were assessing the same people twice. The ones who paid had to pay for those who did not.

Coun. Gill asked if it were safe to depend on the collection of the default.

Mr. Carter—"Yes, perfectly."

On motion of Coun. Anderson and Wm. Savoy, P. Chaisson, U. tendered the auditor. Mr. Anderson said that he was pleased that the Secretary-Treas. books were in such good order.

Mr. Carter in replying to the vote of thanks said that the Secretary-Treas. accounts were in very good condition and the county was to be congratulated on the services of such an admirable official who was giving excellent service.

The Secretary Treas. made a statement, regarding the financial statements that he had laid on each councillor's desk.

On motion of Coun. Parker the Warden named the following Committee to nominate standing committees—Coun. Sinclair, L. Doyle, Allain, Tweedie and Fletcher.

Coun. Pond spoke of two honored members of the board that have passed to the great beyond since the last meeting of the Council and moved that the Warden appoint a committee to draft Resolution of Condolence re their deaths. Committee, Couns. Holmes, McNaughton, and Parker.

The committee to nominate standing committees made the following report:

County Accounts—Couns. Anderson Sullivan, Parker, Gill, Sinclair.  
 Contingencies—Couns. L. Doyle, J. D. Sutherland, McNaughton and Fletcher.  
 Petitions—Couns. Gill, Pond, Cripps, Walls, Gulliver.  
 Quinn, Allain, Walls, Holmes, Bakiwin, Manderville, Bransfield, Wilson, Gill, L. Doyle, Gordon, Sutherland.  
 Visiting Almshouse—Couns. Harriman, McNaughton and Gill.  
 Printing—Couns. Parker, L. Doyle, D. Doyle.  
 Land—Couns. Gill, Parker, Baldwin.  
 By-Laws—Coun. Pond, Fletcher, Tweedie.  
 Jail and Public Wharf—Couns. L. Doyle, D. Doyle, Tweedie and Gordon.

On motion of Couns. Bransfield and Parker the Secretary was induced to invite the County members of the Legislature to meet with them on Thursday at three o'clock to discuss matters of importance to the County. Couns. Bransfield said that the Council had passed a resolution last year about roads and it had been turned down by the Government. The members got \$1,000 and did not spend two months in Frederickton. They should visit every section of the County and see what was wanted and if they did not they could come to the Council and get in touch with its members who were in touch with the county. The Government had made a law that any land taken for roads be paid for by the parish, this was not right. The papers were urging more immigration, but we need first to treat the people we have rightly first. There were no roads in parts of the County and if the local members could not do something it was up to the Council to try and do something.

On motion of Coun. Anderson the account of the auditor, R. Carter, \$150 passed.

On motion Council adjourned until two o'clock on Wednesday.

The Council met at 10 a. m. Wednesday morning, Warden McKnight in the chair. The minutes of Tuesday's session were read and adopted.

On motion of Coun. Sutherland, Coun. Johnston was excused from attendance on account of illness.

Secretary-Treas. read report of Committee appointed to revise the By-Laws which on motion was handed to the By-Law Committee.

Coun. Sutherland brought up a matter of a pauper lunatic that has been charged to South Esk parish, who was not a resident there.

After a long discussion on the matter in which Couns. Cripps, Fletcher, Baldwin, Anderson, Quinn, McNaughton, Parker, Sinclair and Sutherland, participated it was moved that the patient charged to

South Esk be charged to the County and that the Secretary-Treas. look into the husband's circumstances and ascertain if he were able to support the patient himself.

Adjourned for committee work. Council resumed at 2 p. m.

On motion of Coun. L. Doyle the Secretary was authorized to borrow \$15,000 from the Royal Bank of Canada under the supervision of the Finance Committee.

Coun. Gordon drew attention to the effect that a resolution that had been passed at the last meeting of the Council to have the roof of the Court House painted had not been done. He had urged the committee to have the matter attended to. It was not wise to let this present Court House go to decay, as the old one had been allowed to do. It was found out that the roof could be painted for \$105.

Coun. Cripps said that the Council had ordered the work done, why was it not done?

Coun. Gordon said that at a committee meeting, a man had butted in and said that it was no use to have the roof painted as it was now "russted", he had fought for it, but could not get it through the com.

Coun. L. Doyle said that the reason that it was not done was that they had been told that it would do no good at this stage and they had abstained from having the work done in the best interests of the County. If it would do any good he would not have any objections and if Council wanted the roof painted they would go ahead and have it done.

Coun. Gordon—"What expert did you get your authority from?" The roof can be made as good as new if the proper ingredients were used. He would like to know why Mr. Gould was invited into the committee as an authority.

Coun. L. Doyle said that he never invited Mr. Gould to the meeting and did not know that anyone had.

On motion of Coun. Gordon it was decided to have the roof of the Court House painted and the interior cleaned and renovated.

On motion of Coun. McNaughton the election expenses of the By-Election in Glenelg, \$16 passed.

Coun. Pond read petition asking that cattle be forbidden to run at large in Boletown School district, which on motion was referred to Committee on petitions.

Coun. Fletcher said that a license fee of \$25 for peddlers was not right. Many small storekeepers who paid taxes in the County were also peddlers. Many peddlers were a convenience, and he did not think that they should be taxed at all if residents of the County.

Sec-Treas. said Government fixed a license of at least \$10.

On motion of Coun. McNaughton Petition of Archie Cameron for sheep killed by dogs was referred to Petitions Committee.

On motion of Coun. Gulliver, Hardwicke Parish Officers passed.

On motion of Coun. Gulliver \$260 was ordered assessed on the Parish of Hardwicke for Pauper Lunatics.

On motion of Coun. Gulliver the return of Alex Jenkins and Hugh McDougall, collectors of rates, Hardwicke, passed.

On motion of Coun. Anderson the petition of George Morrison for sheep killed by dogs was referred to Petitions Committee.

On motion of Coun. Wilson, claims for sheep killed by dogs in Ludlow was referred to Committee on Petitions.

On motion of Coun. Fletcher Couns. Harriman and McNaughton were added to By-Law Committee.

On motion of Coun. Anderson the following County Accounts passed:

Arthur Doran, prisoners board \$534.50.  
 Sutherland Mer. Co., repairs to wharf \$11.42.

Coun. Gordon asked if it was right for County to pay for repairs to wharf. It was mentioned in lease.

Secretary-Treas. then read the ledger.

The following accounts were passed:

Miramshel Pub. Co. .... \$ 4.00

## FRETTING NAUGHT BUT FOLLY

But Many Sermons on the Subject Have Failed to Convince People of Its Uselessness.

In that doleful, delightful book, "The Education of Henry Adams," occurs a phrase, "the folly of fret," which is better than the usual expression, "the uselessness of worry."

Many sermons have been preached, many lectures delivered, many medical opinions pronounced, many household homilies uttered, on that theme.

The trend of applied science in our century is toward the reduction of friction and the elimination of waste. And a big part of friction and of waste is worry.

We worry about the human machine. We imagine that all sorts of dreadful things are about to happen to us. Our thoughts ought to be on our work—and they are diverted by our worries.

We worry about losing a position in business or our standing in society. There would be less excuse for anxiety if we would spend the energy consumed in trying to do our work still better, trying to serve more satisfactorily the community we live in, striving to discharge the various and delicate offices of friendship with increased tact and perception and sympathetic selflessness.

Worry is quite another matter from a proper carefulness, that weighs a proposition and looks all round its object ere acceptance.

A man who investigates before he buys, who considers alternatives and who asks questions before deciding, who makes no leap in the dark, is not open to the reproach of one whose "folly of fret" merely leads him in frantic circles, like a tethered donkey. All his fuss and clamor issue in nothing but an ecstasy of motion and emotion.

Man power is too precious to be thrown away in these gyrations that are the pantomime of futility.

Give us more of the calm, big men who plan and then proceed.

They seem to have time. They do not operate in a flutter and a fever resembling the hen yard or the stock pen. They make up their minds and preserve their equanimity. Seeing them so cool and controlled, those who do everything in a panic or a paroxysm try their best to excite them by telling them the house is burning down or the world is coming to an end.

But these quiet and capable ones are not deceived. They know that it is not for man to say when his own life or his own work shall end. In trust and peace they continue on their way—avoiding "the folly of fret" that victimizes and weakens other men.—Philadelphia Public Ledger.

## Relics of an Extinct Race

Relics of an extinct Indian race are being uncovered on the Santa Ynez river by a road construction gang under the direction of Ranger R. Forsythe of the Santa Barbara national forest. The discovery is at a point two miles upstream from the foot of the grade of the San Marcos road on the other side of the mountain.

One such relic brought in to Forest Supervisor Thomas B. Sloan's office was a matter of much speculation. It appears to be a piece of black soapstone in the shape of a cylinder about 1 1/2 inches in diameter and four inches long, with a half-inch hole the length of it. The relic is highly polished, and when first excavated was said to be of a softness that permitted scarring its surface. Exposure to the air evidently had hardened it, however, in a few hours.

Forsythe said two other relics similar to this one have been uncovered, and one of the bones of the forearm of a man also has been found.—Santa Barbara Press.

## Some Exceptions

Among the witnesses called in a trial in a southern court was an old dandy.

"Do you swear that what you fell shall be the truth, the whole truth and nothing but the truth?" intoned the clerk.

"Well, sah," returned the witness, shifting uneasily, "dis lawyer gemman kin make it a powerful lot easier on himself an' relieve me of a mighty big strain of he'll leave out anything about gin an' chickens. 'Cepting fo' dose, Ah guess Ah kin stick to de truth."—The American Legion Weekly.

## No Joke

Ex-Chancellor Day of Syracuse university, bewailing the high price of books, clothes and what-not, said at a dinner:

"Will this thing never end? I heard a story the other day. A charitable lady on a seashore boardwalk dropped a nickel in a beggar's hat. But the beggar returned the nickel to her, saying in not unkindly tones:

"Excuse me, lady; I don't want to hurt your feelin's, but I'll have to return this here nickel back to you. If we take less than a dime we lose our union card."

## Mansfield Uses Phonographs

Appreciation of music is taught in the schools of Mansfield, Ohio, with the help of phonograph records. In the seven schools of the town there are 27 phonographs. The machines were paid for by the public music club, which includes 600 boys and girls. Each school has a complete library of records and the phonographs are under the supervision of an instructor of more than 45,000. A special textbook in music appreciation guides the teachers in this work, and the music supervisor of the town schools considers the teaching successful.

# First Impressions Are Important

### Hon. Mr. Mersereau Addresses Farmers

#### Discusses Marketing, Transportation and Production Costs

Chatham, N. B., Jan 17—At the formal opening session last evening of the 47th annual convention of the New Brunswick Farmers and Dairy-men's convention, President Riordan of Riordan, gave his annual address and George Fisher, president of the Northumberland Agriculture Society, welcomed the convention to the Miramichi; vice-presidents Atkinson, of Fredericton Jct, and Pickett, of Andover replying.

Hon. D. W. Mersereau, minister of agriculture, addressed the convention the three principal topics of his speech being marketing, transportation and production costs. He reviewed the progress made by agriculturists in the province and said the aim of his department was to assist the farmers.

J. D. McKenna, M.L.A., of Sussex, secretary of the Agricultural societies United, a co-operative buying and distributing organization, which handles fertilizers and other commodities for members of agricultural societies, told the convention that costs of fertilizers to the users in 1923 would be somewhat lower than last year.

Hon. P. J. Veniot, Minister of Public Works, who was on the program as a speaker, sent a telegram regretting his inability to be present.

New Brunswick Dairymen United took charge of this morning's session J. R. Sutherland, of Sussex, assistant dairy supt. told the convention that over one million pounds of butter had been produced in New Brunswick during the past year, seventy-five per cent. at the four big creameries located at Fredericton, St. Hilaire, Sussex and Moncton.

George H. Barr, of Ottawa, chief of the dairy division of the Federal department of agriculture, described the exhibit of cheese as equal to that which would be seen anywhere in Canada, which he said was in marked contrast to what he had seen on his first visit to New Brunswick some years ago, thus illustrating the progress being made in the dairy industry in the province.

W. A. McKay, of Truro, N. S., dairy supt. of Nova Scotia, spoke of cow testing and checking cream tests and favored payment in proportion to the quality of product.

Just before the close of this morning's session A. Chas Fawcett leader of the Agrarians in the Legislature, advocated concerted action to bring about a reduction in express rates upon perishable commodities, including cream, berries and fish, although he said he did not think a return to pre-war charges could be expected as yet.

Arthur Gaudet, of St. Joseph's, Westmorland County presided.

KINDLY REMIT YOUR SUBSCRIPTION TO THE ADVOCATE

### Wallace Reid Dies In A Sanatorium

Los Angeles, Jan. 18—Wallace Reid, film star, died today, in the Hollywood Sanatorium where he had been under treatment for more than a month.

The direct cause of death, according to physicians at his bedside, was congestion of the lungs and kidneys, induced by the patient's recent nervous collapse.

According to Dr. G.S. Herbert, who has been attending Reid since he entered the sanatorium, the actor's health was broken by his fight to break himself of the use of narcotics.

#### ANOTHER HOCKEY REFEREE

Bernard Mooney has been appointed an official referee of the N. B. and P. E. I. Hockey League. This gives St. John two official referees as J. McGowan was appointed early in the season. In the matter of referees St. John can boast of another in the person of J. Harold Drummie who while on the North Shore refereed some of the deciding games in that section of the league. He is ranked as a very competent man with the whistle—Telegraph.

### Nip Baby's Colds In The Bud

#### External Treatment With Vaporizing Salve Is Best

Some children seem to take one cold after another—never have a chance to build up any strength. This is apt to make them puny and delicate—just sets them back for months.

Many Newcastle mothers are finding that they can break up a cold best with Vicks VapoRub, the externally applied, vaporizing salve. While it acts like a liniment or plaster, it is also inhaled as a vapor, and so gets into the throat and lungs immediately. The cold is often broken up overnight.

Vicks is prompt, too, in croup and equally good for skin hurts and itchings.

Mrs. Wm. White, 44 Sebastopol St. Montreal, Que., writes: "I find Vicks splendid. I used it for headache and sore throat and also used it on baby for bronchitis and when I called in the doctor he said it was the best thing I could have done. I have recommended it to others and they have used it. I apply it freely to the affected parts and leave it to do its work."

At all drug stores 50c a jar. For a free test size package, write Vicks Chemical Co., 344 St. Paul St., W. Montreal, P. Q.

The Vicks is new in Canada, it enjoys a remarkable sale. Over 17 million jars used yearly.

#### TREE REPAIRING

An interesting bulletin entitled "Tree Repairing" has been issued by the Forestry Branch, Department of Interior, Ottawa. It describes and illustrates the different methods of repairing trees, dealing chiefly with the filling of cavities and the bolting of trees that have split at the crotch. The bulletin gives a great deal of useful information on the subject. Tree repairing is a science in itself and nowadays, especially in the eastern section of this country and the United States men specially trained for the work operate on trees much as dentists operate on teeth, cleaning out the cavities and filling them with concrete or asphalt, bolting together trees that threaten to split in two, fixing up trees that have been damaged by wind, lightning, live stock or the carelessness of man. Tree repairing has become a profession and at least one school has been established for teaching the work. Anyone requiring a working knowledge of the business could acquire a good deal of information from the bulletin mentioned. It is free for the asking from the Director of Forestry Department of the Interior, Ottawa.

### EARLY REVOLT IN CUMBERLAND CO.

#### How Near Nova Scotia Came to Becoming Part of United States

How near Nova Scotia came to becoming a part of the United States as a result of the American Revolution was described by Mr. W. C. Milner, Dominion Archivist, before the Nova Scotia Historical Society recently. His sketch dealt mainly with the revolt which broke out in Cumberland County among the large number of New England families who had settled there before the American Revolution, and the precarious position generally, throughout other parts of Nova Scotia, where there were also many families from such states as Connecticut Rhode Island and Massachusetts, who had relatives among the rebels.

The situation in Cumberland County, which was the pivotal county of the sporadic attempts to bring Nova Scotia in line with the thirteen colonies, was fanned by the leadership of two men' Jonathan Eddy, a native of Norton, Massachusetts who had settled in Cumberland some years before, and a Colonel John Allan, a Scotchman, whose ambition and energy as an agitator with revolutionary tendencies, led him to take a prominent part in the attempted revolt. The country was saved, largely through the attitude of the Yorkshire farmers who had settled throughout the county and who remained loyal. This, combined with the act that aid expected from Massachusetts never arrived, caused failure of the rebel efforts and leaders as well as many of the families involved left the country returning to Maine and other New England States.

After the reading of the paper the Society put on record by resolution its disapproval of the delay and inaction of the Historic Sites and Monuments Board in allowing the Barracks at Windsor, the oldest military building in Canada to be burned and the old Powder Magazine at Fort Cumberland, to be demolished without any attempt to repair it. This resolution was moved by Alfred Dickie and seconded by Dr. A. H. MacKay and carried unanimously.

### Food plus Vitamines

is efficient food. If there is lack of normal vitamine content the food is like a wire without electricity; it lacks the power to function.

### Scott's Emulsion

enhances the value of the daily diet, because it adds the precious vitamines that help sustain and promote healthful progress. Scott's Emulsion builds strength.

#### Teach Your Children the Value of Money

Open Savings Accounts for each one of your children. Insist upon regular deposits from pocket money. Thrift will gradually become a strong trait in each child's character.

There is a branch of this Bank near you and a Savings Department at every Branch.

#### NOTICE

We would esteem it a favor if our subscribers would notice the date of their subscription on their paper and if in arrears to kindly forward us the amount due.

In our own home towns and villages, hosts of satisfied friends buy RED ROSE TEA today, as they did 28 years ago—because it is still the same good Tea.

Buy a can of RED ROSE COFFEE—its flavour will surely please you.

### Used After Shaving Keeps Skin Soft and Smooth

Many men suffer from irritation of the skin as a result of shaving. With some it assumes a form of eczema and becomes most annoying and unsightly. By applying a little of Dr. Chase's Ointment after shaving the irritation is overcome and Barber's Itch and Eczema are prevented or relieved.

NEWCASTLE, N. B.

TUESDAY, JAN. 23RD 1923

A POLITICAL SHUFFLE

It looks as if a political shuffle is about to take place in New Brunswick. On Thursday a meeting of Premier Foster's supporters is to be held and it is altogether likely that something definite will be decided on that date.

BATHURST DEFEATS CHATHAM TEAM 6-1

Gloucester Boys Register Fifth Victory--More Than 1,200 at Game Including 300 Brought on Special Train From Chatham

Bathurst, N. B., Jan. 22--The Bathurst hockey team registered its fifth victory in the northern section of the New Brunswick and Prince Edward Island League schedule by defeating Chatham to the tune of 6 to 1 here tonight.

Bathurst, N. B., Jan. 22--The Bathurst hockey team registered its fifth victory in the northern section of the New Brunswick and Prince Edward Island League schedule by defeating Chatham to the tune of 6 to 1 here tonight.

MRS. MISENER'S ACHES AND PAINS

Vanished After Using Lydia E. Pinkham's Vegetable Compound

"Branchton, Ont.--When I wrote to you for help my action was mainly prompted by curiosity. I wondered if I, too, would benefit by your medicine.

The visitors speeded up a good deal after that and kept Moar busy warding them off until the first period closed but were unable to get the rubber beyond the stone wall against them.

In the second period Ryan did the trick for Bathurst after some very nice combination play and about a minute later Chatham made their one and only score of the evening when McLean caught Moar off his guard.

Bathurst took the lead strongly in the third period making a start in two minutes when D. Cripps bulged

the net on a pass from R. Cripps. Five minutes later Schryer rushed through the whole opposition line-up and marked up Bathurst's fourth tally.

Crosby made another point a minute later on a pass from R. Cripps and two minutes afterwards Lawlor finished the scoring with number six.

The Chatham team worked hard and did some excellent work but their most frantic efforts were foiled by Moar and frequently the Bathurst defence proved too clever and speedy for them.

More than 1,200 people witnessed the game, about 300 coming from Chatham and Newcastle on a special train.

Jack Twaddell, of Amherst, officiated as referee and his work could not have been improved upon.

The teams lined-up as follows:

Table with columns for Bathurst and Chatham, listing players like Moar, Crosby, Schryer, Ryan, R. Cripps, D. Cripps, J. White, Branch, Lavigne, Lawlor, and their positions.

NORTHUMBERLAND COUNTY HOME

Recapitulation For 1922

Table listing various expenses for the Northumberland County Home, including clothing, fuel, light, water, expenses, salaries, and food.

CHATHAM WINS LAWLOR MEDAL

The Chatham Curlers defeated the Newcastle Curlers on Friday afternoon and evening for possession of the Lawlor Medal which is an annual match between the two clubs.

ANNUAL MEETING HIGHLAND SOCIETY

The General Annual Meeting of the Highland Society at Miramichi was held in the Canada House, Chatham, on Monday 22nd inst. at 11 o'clock a. m.

Palmer Has Now Discarded Cane

Can Get Around Like A Young Man Since Taking Tanlac, Says Hansel Citizen

"You don't often see a man as spry as I am at seventy-two, but judging from the way Tanlac has fixed me up, I'm sure its fine for anybody," declared Thomas Palmer, Sr. well-known retired farmer of Hansel, Ont.

"At the time I got Tanlac I could hardly walk at all, and hadn't been down town without my walking stick since last September. But I have put away my old walking stick now, and last Thursday I went down town twice without it and got about as good as many a younger man.

"If I had had Tanlac last Spring it would have saved me money, for I took medicine two years without any relief to speak of. But Tanlac and the Tanlac Pills have put me in fine shape, and I stand ready to praise it to the limit."

Tanlac is for sale by all good druggists. Over 35-million bottles sold

handed to the Board of Health.

On motion of Coun. Allain, Alameda parish officers passed also returns of Collectors of rates.

On motion of Coun. Sutherland with Esk Parish Officers passed.

On motion of Coun. Pond, account of Alex. Price, Parish Clerk passed.

Moved by Couns. Allain and Harrison that the grants to Hotel Dieu and Miramichi Hospitals be increased from \$1,000 to \$2,000 per year.

Coun. Sinclair objected to giving \$1,000 but was willing to give \$500 extra, or \$1,500 in all, and moved, seconded by Coun. Bransfield that grant be \$1,500 for this year.

After a long discussion in which Couns. Bransfield, Anderson, Gordon supported the amendment and Couns. Allain and Cripps the original motion the amendment was carried by a vote of 17 to 9.

Warden read letter from Secretary of N. B. Union of Municipalities in reference to their annual report.

Warden read report of Miramichi Hospital, which on motion of Coun. Anderson was laid on the table.

Warden read report of Northumberland Board of Health, asking that assessment be made for 1923.

On motion of Coun. McNaughton the returns of the collectors of rates and Parish officers Glensig, passed. Coun. Cripps, brought up the ma-

Relieves Dyspepsia

ter of a County Valuation and asked for the views of the Council.

Coun. Anderson thought that it was quite proper and right that a valuation be made this year.

On motion of Coun. L. Doyle it was decided to have a County Valuation taken this year.

Coun. L. Doyle said that the matter of compensation for valuers should be fixed.

Coun. Pond thought that some arrangement should also be made for the extra work of the assessors.

On motion of Coun. Anderson the Warden appointed a committee of five to take the matter into consideration and report back to Council.

Warden Doyle appointed Couns. Anderson, Cripps, Parker, McNaughton and L. Doyle.

The matter of how the valuation should be taken and whether the assessors were bound by the valuation of the Board of Valuers was fully discussed by the Council.

Council adjourned until 10 o'clock on Thursday.

Winter Hard On Baby

The winter season is a hard one on the baby. He is more or less confined to stuffy, badly ventilated rooms. It is so often stormy that the mother does not get him out in the fresh air as often as she should. He catches colds which rack his little system; his stomach and bowels get out of order and he becomes peevish and cross. To guard against this the mother should keep a box of Baby's Own Tablets in the house. They regulate the stomach and bowels and break up colds.

Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

WEDDINGS

PEARSON—WATLING

At Christ Church, Brampton, Ont., on November 30th, 1922, by the Rev. Robert W. Allen, R. Thomas Pearson of Brampton to Mrs. Helen Watling of Newcastle, N. B. Mr. and Mrs. Pearson will reside in Brampton.

BUTLER—BUCKLEY

A wedding of much interest was solemnized at St. Patrick's church, Quebec City, at 7 o'clock Wednesday morning, January 10th, when Miss Josephine, daughter of Mr. and Mrs. William Buckley, Newcastle, was united in marriage to Mr. William Butler, formerly of Barnaby River, Rev. Father Conway performed the ceremony and also celebrated the nuptial mass. The groom is employed as a foreman with the Dominion Bridge Co.

Miss E. Atkinson of Newcastle, who has been in Bathurst for a number of years, has gone to Toronto to take a special course in Domestic Science.

Mr. and Mrs. P. R. Fleming of Victoria, B. C., who have been guests of the former's mother, Mrs. J. S. Fleming, left on Sunday for their home. En-route they will visit Callifornia.

Chatham, N. B., Jan. 22nd 1923 Editor, Advocate, Newcastle, N. B. Dear Sir:—

We wish to advise the people of Newcastle that the hockey team who played in Newcastle rink on Sat. Jan. 20th, under the name of St. Thomas College was not the St. Thomas Hockey team. The College team are looking forward to a game with the Newcastle senior team in the near future.

Yours truly, J. W. MADDIGAN, Mgr. S.T.C. Hockey Team, 1923

PLAY GOOD POLO

Indian Beggars Are Adepts at "Rich Man's Game."

Have Their Own Rules, but Are Able to Give British Officers "Run for Their Money."

Polo is supposed to be a rich man's game, but go to Gilgit, in Kashmir, the original home of Indian polo, and there you will see it played even by beggars—and played well.

The great game was brought to India centuries ago by the Persians, the countrymen of Omar, who, according to FitzGerald, mentions his national game in his poetry.

Gilgit, a tiny Indian frontier town, boasts of being the first home of polo in the empire, and there they play it as it was played by those old Persian sportsmen.

You need be no millionaire to be a polo enthusiast in Gilgit. You need not order your breeches in Saville row nor buy your ponies at Pattersall's to play it as it is played there. All you require is a pony—and that every native peasant possesses—and a stick, which you will probably make out of cane with your own hands.

On polo days the glad news that a game is about to begin is announced by some one shouting it in the village. Soon all the lads of the village appear on tiny ponies not more than 13 hands high and with the oddest collection of saddles ever seen. Some of these saddles look more like chairs than anything else, while others are bolstered up with bundles in front to assist their riders to keep off the ground as much as possible.

The game is played with an almost unlimited number of players on either side, and the polo ground is the main road. There are no goal posts. A wall at each end of the polo ground serves as such, and the game is played not by chukkers but until one side has scored nine goals or until both teams are utterly exhausted.

The sticks at Gilgit differ both in shape and material from those generally used. They are fashioned out of cane and are L-shaped rather than T-shaped, like those used at Hurlingham. They are also made without a pointed end to their heads, and have no straps to slip over the wrist. Any player is allowed to pick up the ball or catch it in his hand and immediately fling it as far as possible toward the goal. This procedure, which might annoy the umpires at Hurlingham, is made possible by the size of the ponies.

There are three native teams at Gilgit, the best of which plays against the British officers stationed there, and among which are some very fine players. On tournament days prizes are uniformly the same. The first prize always consists of 200 cartridges and the second of four blanket overcoats.

There is some difference between the polo played up and down the stony street of sun-baked Gilgit by native beggars on horseback—many half naked—and that played on the smooth and noble turf of Hurlingham. Yet men who know both say that no better game exists than that which is played during long, heat-laden afternoons up and down that dust-embedded street.

To Reopen Welsh Gold Mines.

The British government, which holds the royalties of Clogau gold mines, near Dolgelly, is, it is interesting to learn, making arrangements to reopen the works where, a few years ago, 400 men were engaged. The Clogau mines are perhaps the oldest in the country. The early Britons worked them for gold to be made into torques, wreaths, or armlets; the Romans delved here for the precious metal; and centuries later the monks of Cynaber abbey acquired all the mineral rights. Charles I could never have withstood the enormous expense of contesting the Great Rebellion had it not been for the gold which Thomas Rushell, the grantee of the Aberystwyth mint, obtained from the Clogau mines and sent to his royal master. There is more gold in Wales than is seen when the sun rises over the mountain tops.

Improved Radio Service.

A complete radio receiving station, making use of a Tesla induction coil, in place of the usual plain frame aerial, has been placed on the market by a French company, says Popular Mechanics Magazine. The set consists of the Tesla coil, a tuner and an amplifier. The first mentioned has three coils of wire. The two inner ones revolve independently, one within the other, while the outer one is fixed. The three are supplied with the necessary switches, and the two inner ones are also provided with knobs for use in handling them. Good results are obtained with the set, especially in eliminating stations using the same wave lengths.

Different at Home. "See that fellow over in the corner? He's a famous expert. He knows all about business. He invented the budget system, triplicate record system, fractional adding machine, two kinds of double-entry and a memory chart." "So? What's he worried about, biting his nails?"

"Oh, he 'nd his wife just had a scrap because he got mixed up and paid 2 cents too much for a pound of chops, when she told him to bring steak, and then forgot to bring the chops home." —Richmond Times-Dispatch.

### Douglstown And Nelson Calls A Minister

At a meeting of the congregation of Douglstown and Nelson held Tues. evening in St. Mark's church, Douglstown, a hearty and unanimous call was extended to Rev. Roland Davidson, B. A., late of Richmond Bay East, P.E.I. Messrs. D. Baldwin of Nelson and Robert Jessamine of Douglstown were appointed commissioners from the congregation to support the call before Presbytery which will be called at an early date to deal with the same. The congregation voted a guarantee of \$1500 annual stipend, with free use of manse and vacation privileges. Rev. J. H. A. Anderson of Chatham presided at the meeting on account of the illness of Rev. L. H. MacLean of Newcastle, the interim moderator of session. The congregation has been vacant since mid-October when Rev. Alex. Firth, minister here for eight years, accepted a call to Upper Miramichi.

### When Nerves Are Near Exhaustion

#### The Right Thing to Do is to Take a Tonic for the Blood

When you become so exhausted after a day's work that you cannot sleep, or sleep fails to refresh you, it is time to look after your health. Fail ure to act at once means a steady drain on your health reserve, which can result in but one thing—a nervous breakdown.

Do not wait for a breakdown. The treatment is simple enough if you do not let your condition become too far advanced. The treatment is one requiring an effective tonic to enrich the blood and feed the starved nerves. The most effective tonic known is Dr. Williams' Pink Pills which act directly on the blood and with proper diet have proved of the greatest benefit in nervous troubles and all conditions due to impoverished blood. Mrs. Mary Hanson, Braeside, Ont., has proved the value of Dr. Williams' Pink Pills and says:—"I was taken ill with what doctors whom I had consulted called neuralgia of the tissues of the system. I was a complete wreck from constant pains in my body and limbs, dizzy headaches, fainting spells and constipation. So fatigued was the pain that at times it caused vomiting and I would have to go to bed for two or three days, only to get up so dizzy and so weak that I could not cross the bedroom without aid, and while these spells lasted I could keep nothing on my stomach. I doctored for almost a year, but with no beneficial results. Finally the last doctor who attended me said medicine would not benefit me. I must have perfect rest, and spend most of my time in the open air. He gave me very poor encouragement. Knowing that the mother of four children could not spend all her time in idleness, I told my husband I was through with doctors and was going to try some other remedies. I got one, but after taking it for a month found no benefit. Then I decided to try Dr. Williams' Pink Pills, and at the end of two weeks I found these were what I needed. With nerves worn threadbare from all the suffering of the past, I continued the use of Dr. Williams' Pink Pills for three months and by this time I was able to do most of my own housework. In fact I soon felt well and was able to do any kind of work without feeling tired. Since that time I have continued to do all my own work and have had no return of the dreadful pain I suffered before. I have recommended the pills in many cases and have always seen good results from their use."

You can get these pills through any medicine dealer or by mail at \$50 cts a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

### RICH IN VITAMINES

MAKE PERFECT BREAD

### Shrinkage In Stored Hay

Almost every buyer of baled hay has felt either annoyed or elated at finding the actual weight of the bale that he has purchased either more or less than the tagged weight.—Of course the popular opinion is that the actual weight of the bale is more often less than it is more than the tagged weight. There is some measure of truth in this contention but often no injustice is being done the person who buys a bale of hay which actually weighs a very few pounds less than the tagged weight that has been paid for.

Let us consider just what shrinkage consists of and when the greatest amount of it occurs. The making of hay from a freshly cut foliage plants consists chiefly in the reduction of the moisture content from approximately 65%—75% to from 12—15%. When the newly cured hay is stored in the barn or stack it goes through a process that is generally termed "sweating" during which process still further moisture is lost. Of course we have other changes going on as well but the thing I wish to bring out is that shrinkage in weight during the whole process of curing hay consists almost entirely in the loss of water and not in food constituents. If properly cured hay has been baled no alarm or annoyance should be felt at a small variation from the original tagged weight. This variation is water and not food material and the bale has just as high feeding value as when first put up and weighed.

By properly cured hay is meant hay that has been properly handled previous to being put in the barn and has subsequently gone through the sweating process which is normally ended in about a month after storage. There are cases however, where hay is baled before going through the entire curing process. In such instances the original bale does not contain all of the food constituents that it should because of the excess moisture it carries. The shrinkage in such hay does represent a loss that the buyer has a legitimate right to complain of. The looseness of the binding wires often indicates hay baled before being properly cured and where this occurs the buyer is well advised to check up all tag weights and if possible buy only by actual weight at time of delivery.

Where hay, either loose or in bales, is bought according to weight at time of delivery the last cent in value can be obtained by purchasing after a long dry period. To the seller of hay the reverse would hold, the greatest weight of a given quantity of cured hay being after a prolonged period of damp weather. As both the buyer and seller cannot be accommodated at the same time in this matter the fairest thing to do is for the producer to see that only thoroughly cured hay is baled and for the consumer to accept the tag weight of such hay knowing that he is getting the food value he is paying for.

### CHARLES CALSB PIERCE TRAMPED AND PREACHED THROUGH CALIFORNIA 42 YEARS—WELCOMED EVERYWHERE.

Memories of a host of picturesque figures in the history of California are evoked by the centennial of the missionary society of the Episcopal church, which was celebrated November 6. The mind goes back to that morning in January, 1848, when Jim Marshall picked up some bits of yellow metal in the fall-race below Sutter's mill up in the Sacramento valley, and the cry of "Gold!" like the shot fired at Lexington, was heard round the world. The rush of the '40ers followed, and in the vanguard was Rev. Flavel Scott Miles, who erected the first church building on the Pacific coast, Trinity church, San Francisco, which was opened on October 28, 1848.

Probably no name has a more lasting place in California annals, however, than that of Charles Caleb Pierce, called by Bishop Moreland "a modern St. Francis," who, beginning his missionary career in 1861, devoted his life to the people of El Dorado county. Without private means and scornful of accept a salary, Pierce established headquarters in a rude parish church at Placerville. Sunday always found him there. Regularly each Monday morning he packed his bag with religious literature and "hit the trail." Six days a week, week in and week out, he walked over the county, averaging 60 miles each week, every house his home, a place at the table of whatever house he visited or a spare bed always being certain wherever he happened to be. He always traveled on foot. His charity was unbounded, and he was the friend and helper of all.

For 42 years he tramped and preached about El Dorado county, and in all that time he never left the county but twice, and on both occasions against his will. Then, March 15, 1903, the news flashed through the county, "Father Pierce is dead!" Unlucky morning followed.

**Hogs Plow Orchard.**  
Hogs take the place of plows and harrow in the cultivation of one of the best producing small apple orchards in Ontario. Most orchardists plow and replot and harrow and ditch the land between the rows of trees. J. W. Tuttle of Currie merely turns in a drove of hogs.  
"When I bought my farm, four years ago," said Mr. Tuttle, "the orchard had been allowed to grow wild. I gathered only three bags of apples that fall. In the spring I sprayed and pruned the trees and turned 30 hogs into the orchard. They rooted for their living all summer.  
"By fall every foot of soil had been turned up by their snouts. The land looked as if it had been plowed. And it had, for these four-legged plows had done a thorough job and had gone as deep as a plow would. I gathered 32 barrels of apples that season. That was the direct result of plowing and manuring my land with hogs.  
"Next year I got 50 barrels and the third year 205 barrels. This year I have more than 200 barrels."—Detroit News.

**Human Bones of Vast Age.**  
Bones sufficient in number to form several skeletons and estimated to be at least 50,000 years old, have been discovered by a group of American research workers, headed by Prof. George Grant McCurdy of Yale museum, who have been investigating the cliffs not far from Angouleme, France, for several months.  
During the winter these will be classified and distributed among Yale and other American museums, although valuable specimens will be kept at the La Quina museum, established by Dr. Henri Martin, owner of the properties on which the excavations have been made.  
Hundreds of bones of animals of the same period also have been uncovered, most of which bear the marks of flint spears and scrapers, which were found in abundance throughout the region, thus classifying the relics as belonging to the Middle Stone age.

**Headlines in Egypt.**  
Headline writers on English newspapers published in Egypt have their own peculiar difficulties. Every day they are faced with the words: Constantinople and Mediterranean. Indeed the problem of Mesopotamia was only settled during the war by the frequent use of Mesopot. Recently we note a capitulation in a Cairo daily to Alexandria—it appears simply as Alex. Length, moreover, is not the only difficulty. The names themselves are misleading when read in distant cities. What can an American man-on-the-street do but laugh when he reads in type an inch high, "Greeks Fail to Get Angora." And a feminist anywhere finds diversion in another recent headline on a London dispatch which read "Home Unemployment." Alas, how little there is of it!—Christian Science Monitor.

**Spare the Tree, He Warns.**  
The dangers of forest denudation and the need of increased timber production were outlined by James W. Toumey, dean of the School of Forestry, Yale university, in an address before the School of Citizenship of the Connecticut League of Women Voters. He declared an increasing scarcity of wood ultimately would result in a permanent shrinkage in many industries.  
"Out of the original 822,000,000 acres of forests in this country, we have left only 157,000,000 acres," he said. "The last vestige of our timber forests will disappear in 50 years."

What a tempting sight is this—

### Here and There

**Liverpool.**—Atlantic liners are finding there is a run on the ship's library. Over 4,000 books are distributed amongst the Canadian Pacific liners alone, and reading on board has become so popular that, in addition, bookstalls with all the latest magazines have been installed on all the Canadian Pacific passenger steamers.

**London, Ont.**—John Anderson, well-known C. P. R. conductor, has retired on pension. Mr. Anderson entered the service of the Canadian Pacific as a trainman on the London division on May 14, 1881, was promoted to a freight conductor in 1884 and promoted to passenger conductor on June 1, 1887, which position he has since held.

**Toronto.**—Remarkably quick time was made by a special train traveling between Montreal and Toronto recently. Carrying a large number of students from Dalhousie and McGill Universities the train left Windsor Station at 10:37 a. m., and arrived in Toronto at 5:35 p. m., thus covering the distance of 338 miles in 6 hours, and 58 minutes. A storm was raging during the trip.

**Banff.**—Probably more world famous men have played on the golf course at Banff Springs, Alberta, Canada, in the Canadian Rockies, than on any other single golf course in the world.

The picturesque course at Banff, situated as it is among the glaciers high up among the peaks of the Canadian Rockies, outstrips all rivals for scenic beauty and has been called the "Golf Course in the Clouds." Any traveler from any part of the world makes it certain that he sees the Canadian Rockies before completing his visit to the American Continent, and if he plays golf at all he is sure to combine his scenic viewing with a round or two on the "Golf Course in the Clouds." To tell off a list of the world famous men who have played golf at Banff is to read a list of "Who's Who" in world affairs.

The Canadian National Park Branch of the Department of the Interior reports over 5,000 persons as having played over the golf course in Banff National Park during the season recently closed, and many prominent visitors from nearly every corner of the globe went over the links. Those who golfed at Banff during the latter part of the season included His Excellency Baron Byng, Governor-General of Canada, the Calvin Coolidge, Vice-President of the United States; Sir Lionel Guillemaerde, Governor of the Straits Settlements; Baron Sanberg, of Holland, Premier Greenfield, of Alberta, and Rodney C. Wood, Chief Boy Scout Representative of England.

**Cranbrook, B.C.**—Children, more especially children of school age, should be warned to keep clear of railway tracks, particularly at this season of the year when the snow is deep and a slip of the foot may result in a fatal accident. Cranbrook parents should offer some advice to their offspring about their playing around the Canadian Pacific Railway tracks. A serious accident recently happened at Vernon to a child playing along the railway right-of-way. The Vernon News had the following editorial comment:

"The accident on the railway track last week was not unexpected by those who have watched with much concern the school children who so carelessly walk across and along the tracks. The little victim, however, was not a scholar and it was perhaps his first visit to the railways, but nevertheless the boys and girls are much too careless when near the tracks. Parents and teachers should continually impress upon the youngsters the danger of playing near the tracks. Time after time the trainmen have chased the kiddies off the right of way but back they come oblivious to the danger. Safety first is the best policy and parents and teachers should be most emphatic in warning the boys and girls. There is only one way for them to be safe from danger and that is to keep away from it."

**Liverpool.**—Wm. John Sergeant, the superintendent engineer of the Canadian Pacific Steamships, Ltd., recently retired from that position after a sea-going career of 54 years, the major part of which was passed with Liverpool companies. With the object of showing the esteem and respect in which he is held by all those who have been associated with him for so many years, a very happy gathering took place on the C. P. liner Montclair, at Liverpool, when Mr. Sergeant was the recipient of some very handsome presents. They consisted of a combined solid mahogany bureau and bookcase, and a specially fitted-up gentleman's double wardrobe, while Mrs. Sergeant was presented with a choice gold bar brooch set with diamonds. These are the gifts of the sea-going and shore staffs of the C. P. S. S. Co. and the C. P. R. Co., and were presented through the medium of Captain J. V. Forster, Liverpool manager of the C. P. S. S., Ltd., in the presence of all the chief officials, personal friends, business colleagues, officials of the Board of Trade, and of the shipping registration societies.

## Fake Stocks In 1922 Cost \$600,000,000

One Oil Scheme Cleaned Up \$30,000,000

Promoters of spurious stocks mulcted the public for more than \$600,000,000 during the last year according to a resolution adopted by the Executive Board of the Associated Advertising Clubs of World. Oil promotions proved to be the most profitable for the swindlers, it was declared, one scheme alone, that of reorganizing defunct concerns, cost their victims over \$30,000,000.

In the resolution the board urges Congress to enact special appropriations for the curtailment of fake promotions and asks National, State and city authorities to give greater attention to the swindlers that for daring and big clean-ups have been unsurpassed in the history of the country.

Swindlers in Texas are going to extreme lengths in putting over their oil schemes, according to William P. Green of N.Y., director of the National Vigilance Committee. Deprived of the use of the advertising columns of most newspapers, he said, promoters are resorting to the publication of their own journals, through the columns of which they feature the schemes in which they are interested. Another clever method is to merge defunct oil companies, the stockholders of which are then approached with the appeal that an additional payment will save their original investments.

He said that the Federal Government is making intensive efforts to prevent promoters of the fraudulent schemes from using the mails and that during the year it has made some notable round-ups.

The resolution states that as a result of a recent investigation by the association's National Vigilance Committee it has obtained facts about one oil promotion scheme in Texas, which making a specialty of consolidating defunct companies has taken in more than seventy-five such companies the capitalization of which aggregates more than \$150,000,000, in which it is conservatively estimated the public has lost in the neighborhood of \$30,000,000. That frauds of all classes during the last year will be in excess of \$60,000,000, and declares that the failure to curb such operations is a serious contributing cause to public unrest.

The resolution calls upon Congress and all other legislative bodies to make appropriations adequate to meet "these growing crimes against the people", and urges all newspapers and other periodicals to open their columns to a full discussion of this situation, particularly warning the public, and commending public officials who do their full duty toward the suppression of such operations."

## PAID OUT \$481,353 IN PAST YEAR

The total compensation paid out by the Workmen's Compensation Board in 1922 was \$481,353. The board had a total of 5,216 cases reported, of which 3,915 were finally disposed of. In 1921 the cases aggregated 4,834.

In the 1922 report, there is an increase in claims on account of lumbering and milling factories, building trades, N.B. government employes and waterfront operations as compared with 1921, while decreases are noted for mining, steel work, bridges and excavating and Canadian government employes.

In 1922 there were 5,216 cases reported, and of this number 3,915 were finally disposed of.

The following disabilities were listed: 2,673 temporary total disabilities; 1,069 minor or cases in which disability existed for less than seven days; 148 permanent partial disabilities, involving loss of various members. There were 24 deaths from injuries.

There are 985 cases in which, on December 31, payments were met completely.

In 316 cases completed reports had not been received. Of the total of 5,216 cases, 2,321 were reported from Class 11; covering the lumbering industry of the province.

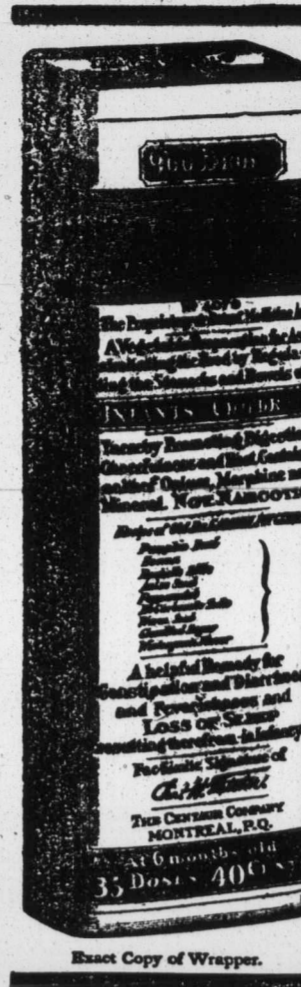

Total compensation payments made for all purposes was \$481,353.18, classified as follows:

Ordinary compensation, \$167,945.68; Medical aid, \$72,477.98; hospital maintenance, \$26,061.04; reserved for future pensions in death and permanent disability cases, \$214,871.48.

## MILITARY FUNERAL FOR EVERY VETERAN

Fredericton, Jan. 16—Believing that every war veteran, whether actively engaged in militia work or not at the time of his death, should be accorded a military funeral with full military honors the Fredericton Branch of the Great War Veterans Association adopted a resolution to this effect last evening. The resolution will be forwarded to military headquarters of District No. 7 St. John, with a request that this matter be taken up with the authorities at Ottawa, with a view towards obtaining the necessary regulation in this regard. At present such a funeral with full military honors can only be accorded to a soldier connected with the active militia at the time of his death.

# Local and General News.

## DIABETES MASTERED

General conclusions of physicians attached to the medical department at Washington University who have been experimenting with insulin as a cure for diabetes, are that no one need die from that disease.

## 1,754,928 LBS. INCREASE FOR "SALADA"

This figure, which represents the tremendous progress in public favor which "SALADA" has made during 1922, can be attributed only to its invariably high quality and teapot satisfaction.

## WOMAN'S EXCHANGE

There will be a sale of rugs at the Woman's Exchange, beginning Wed. Jan. 24th at 3.30 p. m. and each following afternoon this week. Saturday, it will also be open after tea. Home Cooking. 4-0-pd.

## BATHURST WON FROM CAMPBELLTON

Bathurst hockey team, members of the Northern section of the New Brunswick and Prince Edward Island League defeated the Campbellton sextette in the scheduled league game in Campbellton, Wednesday evening, by a score 4-3, after twenty minutes of overtime play.

## VARIETY OF WEATHER

A varied assortment of weather was experienced here Thursday and Friday, including a rise in temperature of 72 degrees. From 36 below Thursday morning, the mercury soared to as many degrees above the cipher on Friday morning. Strong winds prevailed Thursday night and Friday with light snow, turning quite cold on Friday afternoon.

## THE ICE HARVEST

Men and teams are now at work on the river gathering the annual ice harvest. The ice taken out so far while strong and clear, averages about fifteen inches in depth. Although there has been a lot of cold weather the great depth of snow has prevented the ice from freezing to a greater depth.

## CANADIAN BIBLE SOCIETY

The executive of the Newcastle Branch of the Canadian Bible Society wish to express their sincere thanks and deep appreciation of the voluntary service given by the collectors for the year just ended.

## STARTS OPERATIONS

The W. S. Anderson Co. Mill, formerly known as the Miramichi Mfg. Co., Ltd., started cutting laths today.

## CARD OF THANKS

Mrs. George Sutherland and family wish to express their sincere thanks for kindness and sympathy shown by friends and relatives during their recent sad bereavement. 4-0-pd.

## FIRE WEDNESDAY MORNING

About 8.00 o'clock Wednesday morning fire was discovered by one of the children in the home of Mr. Mont Jones, town electrician. The fire apparently caught between the downstairs ceiling and the upstairs floor from an overheated stove pipe and ran along without being discovered until it reached a wall and finally the roof. By this time neighbors had formed a bucket brigade and succeeded in spite of the intense cold in putting the fire out. Considerable damage was done to the house, but it is being hastily repaired and the family are able to occupy it.

## LOGGIEVILLE HAD BAD FIRE MONDAY NIGHT

Loggieville, N. B., Jan. 17—A serious fire occurred at Loggieville, Monday night, as a result of which two buildings were totally destroyed and the contents of one burned.

The fire started about midnight in the building owned by George Harper and occupied by Ray Landry as a pool room and barber shop. There was a fairly strong easterly wind blowing at the time and the fire having gained considerable headway quickly spread to the dwelling owned and occupied by Mrs. Wm. McDonald and family.

The Northumberland County Court opened today in the Court House, His Honor Judge H. F. McLatchey presiding.

The criminal cases on the docket are the King vs. Gallah, the King vs. Galley, and the King vs. Shaw. These are all theft cases. There are also two other cases—the King vs. Alfred Grossman, the King vs. Robert Adair, both charged with receiving stolen goods.

The civil docket has been postponed on account of the Supreme Court being in session on January 30th. A date for the hearing of these cases will be announced later.

## Gift Of Pictures To Harkins Academy

Last Friday the Scholars met in the Assembly Room to witness the presentation of eighteen war pictures by Lord Beaverbrook Chapter of the I.O.D.E.

The gift was made on behalf of the Chapter by the Regent Mrs. G. P. Burchill and Dr. Nicholson in thanking the Chapter for the beautiful prints reminded the Scholars that the Newcastle Branch of the I.O.D.E. had adopted the name of a former pupil of the school in recognition of the services he had rendered Canada and the Empire.

The coloured prints are all interesting, and many of them very beautiful. They touch on the history of the Great War by Sea, Land, and Air, and include three historical pictures of the early struggles in Canada.

Of the modern prints three are especially pleasing in colouring and atmosphere, "The Air Fighting," "The Dover Patrol," and "The March of Victory."

The copy of John Brant's portrait by Romney, one of the great painters of the 18th Century, is delightful.

Altogether the Chapter is to be congratulated on its choice of subjects, embracing all phases of the struggle from the sailing of our troops from Gaspe to the surrender of the great German Fleet, and the triumphal march of the troops in Paris after the victory of the Allied arms.

## Newcastle Loses Public Spirited Citizen

(Continued from page 1)

McCurdy, D. A. McCurdy and George S. McCurdy, Moosejaw, Sask.

The late Mr. McCurdy had been in failing health for some time past, but it was hoped that the treatment which he received recently at the Toronto General Hospital, and from which he seemed to derive much benefit, would enable him to recover his health. In this hope, however, his friends were disappointed and for some months past his condition steadily declined, until the end came Thursday, the cause of death being pernicious anaemia. His death will be felt as a personal loss by many and is greatly deplored, he being a man of kind heart and fine courtesy.

The funeral of the late Mr. McCurdy was held from the family residence on Sunday afternoon at 3.30 o'clock. The funeral services at the home were conducted by Rev. L. H. MacLean, minister of St. James' Presbyterian Church, of which deceased was an elder and valued member. The choir sang three appropriate hymns, which were favorites of the deceased. The hymns sung were: "Lead Kindly Light," "Peace, Perfect, Peace," and "Crossing the Bar."

The funeral cortege was one of the largest held in Newcastle for years and was preceded by A. F. & A. M. Northumberland Lodge No. 17. The pall-bearers were: Messrs. Mayor C. E. Fish, R. C. Clark, Wm. Ferguson, L. J. O'Brien, C. G. Couds and Jas. Stables. At the grave a short prayer was offered by Rev. L. H. MacLean, after which the Northumberland A. F. & A. M. No. 17, assisted by Chatham Brethren took charge of the burial ceremony.

The floral tributes were many and beautiful, showing the high esteem in which deceased was held.

The following is a list of the flowers:—

- Pillow—The Family
- Wreath—Hon. F. B. and Mrs. McCurdy, Halifax, N. S.
- Wreath—Mr. and Mrs. M. H. McCurdy, Clifton, N. S.
- Wreath—Mr. and Mrs. M. S. Adams, Matapedia, P. Q.
- Wreath—Mr. and Mrs. James Robinson and family, Millerton, N. B.
- Wreath—Mr. and Mrs. Wm. Ferguson and family, Newcastle, N. B.
- Wreath—Mr. and Mrs. E. W. Keating, Newcastle, N. B.
- Wreath—Dr. and Mrs. E. C. Fish,

## Foot Saved in 4 Days!

"Nothing but Zam-Buk could have done it," says Mrs. A. Berryman, 190, John Street, North, Hamilton, in describing how her right foot, crushed by a wagon wheel, was healed. "The flesh was terribly bruised, blackened and inflamed, and I fainted away with pain. When it was quite impossible for me to move about, my husband's mother got me to try Zam-Buk. It was surprising! "Within TWO DAYS all swelling and discoloration had disappeared and pain was banished. In FOUR DAYS, through this timely use of Zam-Buk, I could get about as usual; the injured foot was thoroughly healed."
