It may be eggs, or macaroni, or a cheap cut of meat-an unusual and delicious sauce will make it something you eat with delight and remember with pleasure-because of its flavor.

LIBBY'S CATCHUP and CHILI SAUCE are made from red, ripe tomatoes, grown in the fertile soil of Kent County, Ontario, picked when they are mellowed by the sunshine of long summer days, then rushed to the nearby Libby kitchen.

Here in sunny rooms the tomatoes are cooked with fragrant spices, onions, sugar and the best vinegar-cooked for hours until all the flavors are blended through and through.

Now the sauce is ready to give an appetizing relish to your steaks and chops, or a new piquancy to the meat gravy you serve with your roasts.

spirited people. He again declared that every man who obtained Government supplies should be compelled to furnish an account of it.. MR. GOSSE EXPLAINS.

Mr. G. Gosse was incited to explain why he had taken the Government guarantee. He stated that it was to help the many "lame ducks" of Spaniard's Bay. His firm supplied with \$4,500 of Government money and an equal amount of their own. Then the fishermen sold their catch to another firm and he could not make returns because he had not been paid. He wanted Sir Michael Cashin to examine supplying accounts, but this Sir Michael did not wish to do.

Mr. Archibald resented Mr. Gosse's reference to the men of Spaniard's Bay. If the Spaniard's Bay men had received anything for their fish, they would have paid Mr. Gosse. They were a good clean type of men and as for selling their fish, they had a perfect right to sell it to whoever they pleased. Mr. Gosse retorted that the Supreme Court would decide whether

they were honest men or not. Mr. Archibald thought Mr. -Gosse was a peculiar man. He did not hesitate last year to sell his fish to the Government and leave his constitutents' to rot. RUBBER BOOTS with the "RED LINE 'Round the Top"

Bowring Brothers, Limited

St. Johns, Newfoundland

Better Footwear for Fishermen

HOW far ahead of the flat bottomed dory is the fast power boat? About as far as "Hipress"—the wonderful ONE-PIECE rubber footwear—is ahead of the old style black footwear.

What does ONE SOLID PIECE mean to you, Mr. Fisherman? It means that your boot won't crack, peel or leak. And because The B. F. Goodrich Company puts the toughest, longest wearing rubber ever known—actually the SAME RUBBER that has made its TIRES celebrated the world over—into "Hipress" footwear, it will positively outwear 2 and 3 to one any rubber footwear you ever bought.

wfout

No one ever made a boot by this method before we invented it—and no one has succeeded in duplicating it yet—although the market is full of boots and shoes imitating the rich "Hipress" Brown color. But YOU want the BEST— "Hipress"—and you can always tell it by the "Red Line 'Round the Top."

Don't take a "just as good" boot. Come here for Goodrich "Hipress."
