DRESS and MANTLE MAKING

The Fashionable West End. To the Ladies: We have during the past two years contemplated the establishment of a DRESS MAKING DEPARTMENT, in connection with our other branches. The difficulty of obtaining a suitable person to take charge, has, up to the present time, only prevented us from doing so. We have now great pleasure in informing you that we have secured the services of Miss MORRISON, of Toronto, a lady of first-class abilities, highly recommended to us, and we believe eminently qualified to give complete satisfaction in every respect. Miss Morrison has for the past ten years occupied the position of cutter and fitter in one of the leading Fashionable Dress-making Establishments in the City of Toronto. Miss Morrison is also an experienced Mantle maker, and all orders entrusted to her will be executed in a style equal to anything that can be obtained in the largest cities. Orders for these departments will be received on and after Monday next, the 4th of May. A. O. BUCHAN, Fashionable West End Dress, Mantle and Millinery Establishment.

Guelph Evening Mercury MONDAY EVENING, JUNE 8, 1873. **Town and County News.** TO BE CONTINUED.—The services which have been going on for some time in the Wesleyan Church, will be continued during the present week—Saturday night excepted—commencing each evening at 8 o'clock. MEDICAL.—Dr. Worsfold, formerly associated with Dr. Keating, has commenced the practice of his profession alone. We direct attention to his card in another column. TROUT.—A couple of small platters, containing brook trout from Aberfoyle, were for sale in the Hamilton market on Saturday. The price was 75 c. and \$1, which we should think, considering the size of brook trout generally, was pretty high. WARNING.—Shopkeepers had better be pretty careful when the circus comes on Thursday. A gang of thieves are following the various shows through Canada, and in many of our exchanges we read of depredations being committed during the absence of the family at the circus. AUTUMN ASSIZES.—The Courts of Oyer and Terminer and General Gaol Delivery and Assizes and nisi Prius, in and for the surrounding Counties, will be held as follows:—Owen Sound, Tuesday, 9th Sept.; Milton, Monday, 22nd Sept.; Berlin, Monday, 27th October; Guelph, Monday, 3rd November; Walkerton, Tuesday, 30th September. PRIMITIVE METHODIST CONFERENCE.—The annual Conference of the Primitive Methodist Church in Canada, assembled in the Alice Street Church, Toronto, on Friday morning. After the reception of delegates, Rev. H. Boyle, of Bowmanville, was duly elected President; Rev. H. Harris, of Toronto, Secretary, and Rev. G. Wood, of Guelph, Vice-President. The remainder of the session was occupied in general routine business, and the appointment of Committees, &c. HOUSE KILLED.—A horse belonging to Mr. James McKague, 10th con., Maryboro' was killed on the track on Monday morning last week. The horse got on the track sometime during the morning, and a train passing up between two and three a.m., ran upon him, breaking two of his legs. He was first tracked up the ditch and then on the track, and for some rods before the engine struck him his jumps were fearful, the last two reaching twenty-four and twenty-five feet, leaving the impression of the shoes in the ties the full depth of the corks.

Central Exhibition.

The Directors of the S. B. Agricultural Society met on Saturday afternoon for the appointment of Judges, &c. Mr. T. Hobson, President, in the chair. Mr. Whitlaw read the report of the special Committee appointed to confer with the Central Exhibition Committee from the Town Council, to consider in what way the Association can have a joint recognized interest in the Exhibition Buildings, and access to the grounds. They recommend in their report:— 1st. That the building with the roof fallen in, be repaired at the expense of the Town. 2nd. That the whole of the buildings be insured by the Town, and the expense be borne *pro rata* by the Town and Association, in accordance with the amount invested therein by either party; and in the event of the destruction of any of the buildings by fire, the expense of rebuilding, if required, over and above the amount of insurance, be borne jointly by the Town and Association. 3rd. The expense for the future in keeping the buildings in repair shall be at the joint charge of the Town and Association. 4th. In the event at any future time the Town should dispose of the Exhibition Grounds, the Town shall pay the Association the amount expended by the latter in the erection of the buildings up to the present time. The report was adopted. The Committee appointed to confer with the Town Council for inviting the Governor-General and Lieut.-Governor, reported that the President of the Association, the Warden of the County and the Mayor of the Town be a delegation to wait on their Excellencies, and invite them to open the Exhibition. The report was adopted. Three of the members of the Exhibition Committee of the Town Council were present, asking the opinions of the Directors, with regard to granting the Exhibition grounds for other than Agricultural purposes. After a long discussion, it was moved by Mr. Whitlaw, seconded by Mr. Swinford, that in the matter of granting the Exhibition grounds and buildings to parties requiring the use of the same for other than agricultural purposes, it should in the opinion of the Directors be left to the direction of a joint committee of the Town Council and Agricultural Association. Moved in amendment by Mr. Thomas McCrea, seconded by Mr. Wm. Atcheson, that in the opinion of the Board, the Exhibition building should be used for no purpose other than exhibition or military purposes. Moved in amendment to the amendment by Mr. Elliot, seconded by Mr. Jas. Anderson, that Messrs. Whitlaw, Hobson, and Swinford be a Committee to meet the Exhibition Committee of the Town Council to frame a by-law for the regulation and letting the grounds. The motion and both amendments were lost. Mr. Sharpe then moved, seconded by Mr. Anderson, that Messrs. Hobson, Whitlaw, McCrea and the mover be a Committee to meet the Exhibition Committee of the Town Council to frame a by-law for the regulation and letting the Exhibition Ground. Mr. McCrea objected to the motion as being out of order. The chairman ruled that it was in order, and the appeal being taken to the meeting the ruling of the chairman was sustained. The motion was then declared carried. The meeting then adjourned till the 21st inst.

POLICE COURT. Before T. W. Saunders, Esq., M. J. Monday, June 9. George S. Grange was charged by H. W. Peterson with assault and battery on the 5th inst. Fined \$5 and costs, and bound over to keep the peace for 1 year, himself in \$400 and two sureties in \$200 each. Joseph and John Zeniske were charged by Geo. Willoughby with assault and battery on the 5th inst. Fined \$5 and costs. Robt. Leader, was charged by Chief Kelly with disorderly conduct on the Market Square on the 7th inst. Fined \$5 and costs. Frederick Leader was charged by Chief Kelly with molesting and hindering Constable Dooley in the lawful discharge of his duty by rescuing Robt. Leader from him. Dismissed with a caution. OAKVILLE BRIDGE.—Perhaps, as this bridge on the Toronto Branch has now been re-built, it might not be interesting to the general public to read a synopsis of the facts connected with its construction. This bridge traverses a deep ravine known as the Sixteen Mile Creek, the distance from bank to bank being 500 feet in the clear, with a maximum depth of 80 feet. To one acquainted with the nature of bridges and their construction, the spanning of this chasm in the short space of one week, seems almost incredible, and something very Baron Munchausen like. Nevertheless it has been accomplished, and on Friday afternoon the express train, with its living freight, was safely transferred, amid the cheers of both passengers and workmen. Between two and three hundred men have been constantly employed in its erection, and night and day have been alike to them. When Queen Lina failed to smile upon them; lamps, lanterns and huge bonfires were called into requisition and by the light thus afforded the men were enabled to prosecute their labors throughout the entire night. The superintendence of this large body of men developed upon Mr. James Laing, Bridge Inspector, and through his energy, accuracy and indomitable perseverance, he has gained a reputation of which he may justly feel proud.

Wellington County Council.

(Continued.) Saturday, June 6th. Moved by Mr. Leslie, seconded by Mr. Darby, that the report be adopted. Moved in amendment by Mr. Massie, seconded by Mr. Hamilton, that the report be referred back, and to amend the same by inserting the usual grant of \$300 to the Battalion Band.—Carried. The report was accordingly amended. Moved by Mr. Leslie, seconded by Mr. Darby, that the report as amended be adopted. Moved in amendment by Mr. McGowan, seconded by Mr. McMannus, that the report be referred back with instructions to strike out the clauses granting \$1,500 to the Guelph General Hospital, and that the grant to the South Riding Agricultural Society be reduced to \$500.—1st. Moved in amendment to the amendment by Mr. Gibson, seconded by Mr. Berry, that the report be amended by granting \$350 to the South Riding Agricultural Society, \$250 to the other Agricultural Societies and that the grant to the Guelph General Hospital be reduced to \$500.—Lost, the mover and seconder only voting for it. The yeas and nays were taken on the motion and first amendment. For the amendment—Messrs. Berry, Brohman, Dawson, Flahiff, Gibson, Golden, Hamilton T., Hanson, Henderson, Jelly, Mitchell, McMannus, McGowan, McMillan, Ogden, Roberts.—16. Against—Messrs. Broadfoot, Chadwick, Darby, Duffield, Buschlan, Hamilton H., Howard, Kilgour, Laidlaw, Leslie, Massie, Michie, Meiklejohns, McCarthy, Nioll, Patterson, Prain, Rea, Stevenson, Sutherland.—20. The report was then adopted. On motion of Mr. Broadfoot, the Commissioners were authorized to expend \$50 in putting up a wire fence, for the object of avoiding the snow drifts, between the Junction and Fergus.—Carried. Moved by Mr. Massie, seconded by Mr. Leslie, that the County Property Committee be instructed to have the addition to the County buildings now under erection, for the Clerk of the Court, sufficient to charge to give two rooms and vault for the office of the County Attorney, if practicable.—Carried. Moved by Mr. Chadwick, seconded by Mr. Roberts, that this Council join with the Directors of the South Riding Agricultural Society and the Mayor of Guelph in extending a cordial invitation to the Governor General and Lieut. Governor of Ontario to be present at the opening of the Central Exhibition, and that the Warden, Messrs. Prain, McCarthy, Patterson and Michie be appointed a special Committee to co-operate with the said Committee. Moved by Mr. Laidlaw, seconded by Mr. Nioll, that the above be a Committee with the addition of the Clerk, to draft and present an address to the Governor-General and Lieut. Governor, on the occasion of their visit to Guelph at the opening of the Central Exhibition.—Carried. Moved by Mr. Henderson, seconded by Mr. Jelly, that the money given by this Council to the different Municipalities for the improvement of roads and bridges be laid out under the superintendence of the Reeves and Deputy Reeves thereof, and that the work be completed satisfactorily. The Reeves and Deputy Reeves be required to forward to the Warden a certificate of the completion of such work, on receipt of which certificate the Warden be authorized to grant his order on the Treasurer for amounts.—Carried. Mr. Leslie presented the second report of the Finance Committee. The Committee find after examining the Treasurer's report and the several petitions and accounts referred to them, that the sum of \$53,938.48 will be required to meet the expenses and liabilities of the County for the current year, and will require a rate of four mills in the dollar upon the present eligible value of all the rateable property in the County to meet the following:— Building and repairing bridges on County Roads.....\$ 2,000 00 Rates of County Clerks..... 3,175 00 Salaries and remuneration of Commissioners..... 4,215 00 Education..... 3,050 00 Agriculture..... 750 00 Printing and Stationery..... 850 00 Debentures outstanding..... 299 00 Fuel for County buildings..... 800 00 Interest on debenture liabilities..... 1,143 91 Debentures outstanding..... 11,715 00 Administration of Justice..... 2,500 00 Payment of Jurors..... 2,500 00 Debt and Public Asylum..... 1,000 00 Contingencies for bridges on boundaries..... 2,000 00 Debt and Public Asylum..... 2,000 00 County Contingencies account..... 3,000 00 Lock up house at Arthur..... 200 00 Road and Bridge grants..... 1,000 00 Guelph Hospital grant..... 1,500 00 South Riding Agricultural Society..... 1,000 00 Sundry account Finance report..... 362 44 \$53,938 48 The Committee find that the Treasurer's statement of the finances of the County are drawn up in a most satisfactory manner. The Committee recommend that a by-law be introduced at the December session fixing the Warden's salary. The report was adopted, and a by-law to levy a rate to meet the County expenses for the current year, and will require a rate of four mills in the dollar upon the present eligible value of all the rateable property in the County to meet the following:— A By-law was introduced authorizing the Warden and Treasurer to borrow money from the Bank in advance of the assessment for the expenses of the current year, and it was read a first, second and third time. Moved by Mr. Leslie, seconded by Mr. Hamilton, that the several officials appointed to take the vote on the By-law granting a bonus to the Credit Valley Railway, be remunerated according to the tariff of fees provided by the Ontario election law.—Carried. The Council then adjourned to meet on the first Tuesday in December. The son of Theodore, the unfortunate potentate of Abyssinia, is at school in Chelsea, England, boarding with the Rev. F. W. Jer-Blake, head-master of Chelsea College, and brother of the Edinburgh lady who has been fighting the hospitals so long. Alamy is a straight, well-looking lad, and very active in body, seems perfectly happy, and excels in college sports.

THIS MORNING'S DESPATCHES

Affairs in the French Republic
Disappearance of the Cholera.
The Modoc Prisoners.
A Dastardly Attempt.
Large Fire in Cincinnati.
Sad Accident to some Boys.
Cholera in Washington.
Proposed Annexation.
Paris, June 7.—The Bank of France has paid into the treasury one-quarter of the sum due to Germany on account of the war indemnity. The remainder will be paid in monthly instalments. The report that there had been successful negotiations to accelerate the departure of the German troops from France is probably false. Vienna, June 7.—The cholera has disappeared from the country adjacent to the Danube. Boyle's Camp, 9 a.m., June 5.—Gen. Davis intends to erect a scaffold and execute about one dozen of the Modocs of the worst murderers in the tribe at sunset to-morrow. Still later despatches say Gen. Davis, after having completed all arrangements for the execution of the Modocs, received orders from Washington to hold the prisoners until further advised. The feeling in the camp is one of profound disgust at this result. The Attorney-General, in a lengthy opinion, at the request of the President, after citing the laws of war, decides that a military commissioner may be appointed to try such of the Modoc Indians as are charged with offence against the recognized laws of war, and if found guilty they may be subjected to such punishment as those laws require or justify. Boston, June 8.—An attempt was made last night to throw Murray's circus off the track on the Fitzburg Road. A rail, about 20 feet long, was found secured across the track. Search was made for the perpetrators, and a gang of 20 roustabouts from Hudson were discovered, with whom the circus-men had some difficulty. No arrests were made, owing to the impossibility of identifying any of the roustabouts, as those seen run away from the obstruction. Cincinnati, June 9.—Seventeen dwellings on Second Street were burned at the fire yesterday, and were occupied by forty families; and also Roberts' lumber yard. Loss about \$160,000. Insured principally in western companies. New York, June 9.—A boat with ten young boys from the Norwalk School, Conn., while returning from a picnic on Saturday afternoon was run down by the steamer *American* and three boys drowned. Their names are Chas. J. Postwick, Auburn, N.Y.; Edward Morris, Troy; and Wm. H. Crane, Somers, N.Y. The bodies were recovered. A Washington special says several cases of sporadic cholera is known to have occurred in that city recently. It is stated that two delegates from the Government of Guatemala recently visited upon President Grant with the proposition of annexating that Republic with the United States of America.

BASE BALL NOTES.
Osborne's Sewing Machine Factory and Arn's & Worswick's Tool Factory came together on Saturday afternoon last for a friendly game of football. The arms of the Arn's were not long enough; tho' it is said the ball went 'bug hunting' occasionally in the neighboring gardens. Score—Os. 40; Arn's 24. The Red Stockings beat the Blue Stockings on Saturday afternoon by a score of 11 to 5. The Stars of Seaforth and the Shoo Fly's of Wroxeter played a match game on Saturday, the Stars winning by 20 runs and 1 innings. The Young Canadians of Milverton and the Hickory's of Millbank (clubs that luxuriate somewhere near Listowel) couldn't get along without a watch, so they had it—on Saturday. The Hickory nine was too much for the other clubs—they ran round the bases 85 times more than the Milverton's; score 136 to 18. The Hickory's ought to come and try some of the Guelph willows; they might have been champions long ago if— The Erin Village and Hillsburg boys played a match in Erin on Saturday. Score—Hillsburg 58, Erin 14. Those Hillsburg boys can field—base ball or traps! Next!— On Friday afternoon Baltimore saw their first game of the season. The contestants were their own boys and the Boston. It was the 4th game of the series between the two nines, but the first on the Baltimore grounds. Time 2h 10m. The Baltimore nine were both outbatted and outfielded, the Boston being in good trim. The runs each innings are:— Baltimore 2 5 0 0 1 3 0 0—11 Boston 1 0 1 4 1 0 4 3 3—17 In the American championship up to the 1st inst., the Philadelphia nine took the lead, the Athletics 2nd, Boston 3rd, The Mutuals are 7th. CRICKET MATCH.—At a match played on the Paris grounds, on Friday, between Galt and Paris, the former was successful, with five wickets and four runs to spare. The score stood—Paris, first innings, 37; second innings, 54. Galt 1st innings, 59. CRICKET.—The match, Upper Canada College vs. Galt Collegiate Institute, came off in Toronto, Saturday. The Upper College, as anticipated, obtained an easy victory. The college going first to the bat, got 98. The Galt going in retired with 89. The Galt were then sent in to follow their innings, and obtained 5 runs for three wickets, when it was announced that they had to leave by the four o'clock train, and ought to be off.

MONDAY EVENING, JUNE 9, 1873

The Exhibition Grounds.

We regret to notice that the question of granting the use of the Exhibition grounds and buildings is likely again to become a matter of contention between the Town Council and the Directors of the South Riding Agricultural Society.

It may be well at this stage to remind the Directors and all concerned, that when the Town purchased these grounds, the ratepayers gave their willing assent on the understanding that they would be used not only for exhibition purposes, but also as a public park.

Some of the Directors of the Agricultural Society seem to be ignorant of all this. Of course it lies with the Town Council to use the grounds for any purpose they choose, without ever consulting the Directors of the Society.

We can readily understand how some of the Directors object to the grounds being thrown open to the public, being that the buildings, and perhaps put in danger of being burned.

All parties may rest assured that nothing less than the use of the grounds will satisfy the people of the Town, and that they will consent to no other arrangement.

CHAPTER XXIII.
 ANNABEL'S WANDERINGS, AND HOW THEY

Once clear of the old house, Annabel flew forward in the face of wind and rain obedient only to the strong impulse which prompted her to place a great distance between her and those who had kept her in imprisonment. For the first quarter of an hour she rushed blindly on without thought of the direction to take, her feet being winged with the over-mastering fear that she might be pursued by Dick and retaken. How long or how far she might have fled in this unreasoning manner had her course remained unimpeded may not be determined, but suddenly the darkness which surrounded her deepened and she found herself at the edge of the wood, whose dense mass was shrouded in murky gloom. This stayed her course, and breathless, and already well nigh exhausted by speed and her struggles against the storm, she was brought to a standstill and forced into reflection.

A terrible situation was hers—adrift at this midnight hour on a wide and solitary moor, an unknown wilderness all around her, with whose paths she was utterly unacquainted, enveloped in darkness, and exposed to the force of a wild tempest of wind and rain. To a weak and helpless girl what could be more appalling or overwhelming? It was enough to fill her with despair, to paralyse her with terror, and cause her to sink into apathy and inaction. Most persons in like circumstances would, we fancy, have succumbed to the accumulated horrors and given up the contest. But Annabel had actuating reasons and motives which raised her so far above the natural fears of her position as to arouse and fix within her a resolution of exertion which admitted of no yielding to despair. Was it not for liberty, for love, for life itself she was struggling, and was not the object worth the exercise to its fullest extent, of every particle of energy in her being? The circumstances in which she was placed, trying though they were could not compare in danger or terror with those from which she sought to escape. Easier for her was it to face the storm and the darkness, the solitude and the waste, than to bear the captivity to which she had been doomed, while the hope which lay behind the possibility of success nerved her with courage and fortified her to the endurance whatever toil she must undergo.

It was not, therefore, because she was overcome, or even daunted, that she came to stand at the side of the wood, but because the check to her progress brought her to feel the necessity of following some rational course, instead of rushing blindly on at random. The grand necessity for her was to reach a human habitation, from the inmates of which she could find protection against the outrage to which she had been subjected, and it behoved her to think how she could best accomplish this. Grasping, therefore, for support at the bar of the wooden fence which enclosed the wood, she paused in her flight, and bent her mind to the consideration of the problem which lay before her. Everything depended on the direction she should take. In that thinly populated region, where miles of moor existed without a human dwelling, she might wander all night without reaching the refuge she sought, and morning might find her on the level heath, seen from afar by Dick, who would then assuredly be in pursuit.

Yet, ignorant though she was of the locality, she had yet to determine the course to take in order to avoid this. Obviously she had little to guide her, and must in a great measure depend on chance for the result of her movements. She knew this much, though, that the direction in which Dick had brought her from the sea, on the night when they landed from the French lugger, was not the route to follow, for she remembered that the district through which they had passed was utterly desolate and destitute of dwellings. An opposite direction was more likely to be successful, and this she resolved to take.

Wesleyan Conference.

June 6.
 Dr. Jeffers gave notice of several motions, one of which was to change the composition of the Stationing Committee. It was decided that the consideration of the report on the confederation of Wesleyan Methodism in the Dominion be made the first question on Monday next.

A paper was read respecting the celebration of the Centennial of Methodism in America, to be observed in Philadelphia on the 13th July, and Dr. Ryerson was appointed to represent the Methodist body in Canada on that occasion.

The question of the reception of candidates was then taken up.

The Rev. Mr. Burwash, for the past three years a Professor in the Wesleyan College, Sackville, N. B., was cordially received back into his own conference; likewise Rev. Mr. Hammond, for four years in California.

The names of the supernumerated ministers were entered; also those retiring for one year.

The Rev. Dr. Jeffers, L. O. Rice, J. Jacques, J. Greener and J. Davis have resumed their places in the ranks of effective ministers.

A deservedly complimentary resolution embodying a due appreciation of the invaluable services rendered to the Wesleyan Church in Canada during the last five years, by its late President, the Rev. Dr. Panshion, was presented by the Rev. Dr. Ryerson, seconded by the Rev. J. Borland. The resolution, in very appropriate language, made allusion to the universal feeling of esteem and love in which he is held, a feeling fully shared in by the Wesleyan Churches throughout the Dominion, and not by them only. His ability, superior eloquence, and wisdom in practical counsel, great liberality, Christian courtesy and amiability in social life were marked. Touching reference was made to his severe affliction, and an earnest prayer was expressed for Dr. Panshion's future prosperity and usefulness in his native land, to which he has returned. The resolution was adopted with great cordiality.

A copy of the resolution is to be sent to Dr. Panshion, and it is also to be published in the minutes of the Conference.

The Rev. Mr. Dewar moved, seconded by Rev. Dr. Evans, that the hearty Christian greetings of this Conference be sent to the New Connexion Conference. The resolution was adopted with much unanimity, in view of the prospective union of the two Conferences. Thirty-six candidates for the ministry were then examined.

PHOSPHOROUS. Lime, Iron, Calcium or Peruvian Bark. Dr. Wheeler's Compound Elixir of Phosphates and Calcium combines these valuable remedies in the form of a delicious cordial. Phosphorous is rich food; Lime, an excitant of nutrition; Iron, a blood maker; and Calcium or Peruvian Bark, the only specific for chills and fevers, and all conditions of nervous prostration and general debility. Phosphates are the only agents known that act immediately on the stomach, perfecting the digestion, assimilation of food, and determining the formation of pure blood. No combination ever discovered is so remarkable in building up constitutions run down with old complaints that have heretofore resisted all ordinary methods of treatment. Sold by all druggists.

\$5 to \$20 PER DAY. Agents wanted. All classes of working people, of either sex, young or old, make more money at work for us in their spare moments, or all the time, than at anything else. Particulars free. Address G. Stinson & Co., Portland, Maine. my4w

which can be cured by a timely resort to this standard preparation, as has been proved by the hundreds of testimonials received by the proprietors. It is acknowledged by many prominent physicians to be the most reliable preparation ever introduced for the relief and cure of all Lung complaints, and is offered to the public, sanctioned by the experience of over forty years. When resorted to in season it seldom fails to effect a speedy cure in the most severe cases of Coughs, Bronchitis, Croup, Whooping Cough, Influenza, Asthma, Colds, Sore Throat, Pains or Soreness in the Chest and Side, Liver Complaint, Bleeding at the Lungs, &c. Wistar's Balsam does not dry up a Cough, and leave the cause behind, as is the case with most preparations, but it loosens and cleanses the lungs, and allays irritation, thus removing the cause of the complaint.

SETH W. FOWLE & SONS, Boston, Mass.
