MONTHLY MEETING TOWN COUNCIL

Bills Ordered Paid--Estimates For Current Year--New System of Book Keeping.

The regular monthly meeting of the Town Council was held in the council chamber last Friday evening, March 4th, at 7.30 Mayor Warren in the chair.

Councillors present: J. S. Moses, H. B. Hicks, A. A. Dechman, C. B. Longmire, A. L. Anderson, C. A. Bent.

Clerk read minutes of last regular meeting, which were approved also the record of the Appeal Assessment Court held in the council chamber on the 22nd day of February at 10 o'clock.

The following bills were presented and on motion ordered paid:

Moses & Charlton	\$ 27.35
O. S. Dunham	10.75
Mrs. E. L. Fisher	15.00
Auditors	100.00
Almshouse	685.90
February pay sheet	59.23

For town's poor for year 1920 loss amount charged for Mrs. Jackson and children viz \$114.25.

The finance committee submitted their reports showing estimates amounting to \$15,293.00 to be raised for town purposes for year 1921. It was therefore found necessary to levy rate of \$3.50 on every \$100.00 of assessable property of the town.

Moved by Coun. Longmire, seconded by Coun. Dechman, that said report be received, and adopted. After considerable discussion the motion passed.

A strong feeling was expressed by the finance committee in regard to the installation of an up to date system of book keeping.

Moved by Coun. Dechman, seconded by Coun. Anderson, and passed that this matter be left with the finance committee.

The policeman stated that the town needed a die for cutting water and sewer pipes.

Moved by Coun. Moses, seconded by Coun. Hicks and passed that this matter be left with the finance committee.

Coun. Hicks, chairman of the light committee read the following report:

To His Worship The Mayor, and Councillors of the Town of Bridgetown:

We your Committee on Lighting for the Town of Bridgetown beg to report that we have gone into the proposed scheme of electrical energy as outlined by the Nova Scotia Power Commission, effecting the Towns of Bridgetown, Lawrencetown and Paradise.

We have met with Mr. Smith, the Chief Engineer, Mr. F. C. Whitman of the Power Commission and with committees from Lawrencetown and Paradise and discussed in detail the various points arising out of the said proposition. We find that Paradise is favorable to some such system as outlined by the Commission and ready to enter into an agreement. Lawrencetown being as present under its own lighting system, was not just at this time able to give a definite decision on the matter, but we feel reasonably assured that the proposition will eventually appeal to their favorable consideration.

From the standpoint of Bridgetown, we feel that it is the best interest that we enter into such an agreement.

In brief we believe that the proposition as outlined by the Commission is feasible and advisable, and to bring this matter to a working point, we would recommend that your Worship call a meeting of the rate payers to consider the making of an agreement with the Nova Scotia Power Commission, and for the purpose of voting a sum of money not to exceed ten thousand dollars to be used in the purchase of distribution lines and other necessary equipment connected with the proposed lighting system.

All of which we respectfully submit.

Committee on Lighting

HENRY B. HICKS

Chairman

Bridgetown: N. S., March 4th, 1921

Moved by Coun. Hicks, seconded by Coun. Longmire and passed that the report of the committee be received and adopted and that a

public meeting of the rate payers be held on March 21st instant at 8 o'clock p.m. in the council chamber, to vote a sum of money, not exceeding \$10,000 for the purpose of taking over the distributing lines and other necessary equipment connected with the proposed lighting system.

His Worship, the Mayor, suggested the appointment of a town vendor.

Moved by Coun. Anderson, seconded by Coun. Longmire and passed that the appointment be left with the temperance committee.

The clerk laid before the council the assessment roll and valuation for the year 1921 as finally passed by the Assessment Appeal court and certified to by him as required by Section 76 of the Assessment Act and amendments thereto.

The clerk also laid before the council the special assessment and valuations for the year 1921 made by the finance committee of the council of the real estate and properties in the said district liable for the Granville St. East sewer extension as on that date.

Section 51 of the Acts of the legislature of the province of Nova Scotia for the year 1916 entitled "An Act to authorize the Town of Bridgetown to borrow money for the extension of the sewerage system of the town as amended by Chap 55 of the acts for the year 1916."

Moved by Coun. Hicks, seconded by Coun. Dechman and passed that the said special sewer assessment be and the same is hereby ratified and confirmed by the council.

The clerk laid before the council estimates for the current year, which were duly considered and discussed. Moved by Coun. Hicks, seconded by Coun. Moses and passed that the town council authorize a rate of \$1.75 on \$100 of the assessed value of property and income to raise the sum required to defray the general expenses of the town for the current year, and also a rate of \$1.75 on the \$100 of the assessed value of property and income assessed in the said town of Bridgetown and in the county of Annapolis the assessment roll for the school section of the town of Bridgetown liable to taxation for the support of the school of the town for the current year.

Also rate of 58 cents on the \$100 for the new sewer so called and a rate of 30 cents on the \$100.00 for the old sewer so called to provide interest and sinking funds for those two loans for sewer purposes.

Also rate of \$1.00 on the \$100 for construction, repairs maintenance and to provide interest and sinking funds for the Granville St. East sewerage extension.

Also special rate of 10 cents on the \$100 to be known as the highway tax authorized and empowered by Chap 3 of the Acts of the province of Nova Scotia for the year 1917.

Moved by Coun. Dechman, seconded by Coun. Bent and passed that the finance committee be and are hereby appointed a committee to raise and correct the rate book of the town for the present year and to report at the next regular meeting of the council to be held Friday evening, April 4th.

Moved by Coun. Hicks, seconded by Coun. Longmire and passed the auditor's report be received and adopted.

Moved by Coun. Anderson, seconded by Coun. Hicks and passed that the resolution re the Royal Bank of Canada be passed as read.

J. E. LLOYD,

Town Clerk

"OWL" TRAIN WILL BE CONTINUED

A. I. Davidson, Member for Digby and Annapolis Counties Appealed to Railway Board

OTTAWA, March 3.—The fight for a continuation of Nova Scotia railway facilities goes on here and today there was further gratifying news. The train that runs between Kentville and Annapolis Royal on the D. A. R., out in the evening and back in the morning was to have been taken off on the seventh of this month.

An appeal to the Board of Railway Commissioners against the company's decision was made a few days ago by A. I. Davidson, member for Digby and Annapolis. Today Mr. Davidson was advised that this service will not be discontinued on that date.

The commissioners have ordered that this train be kept on and the onus is on the company to prove by further information that the discontinuance of the service would be warranted.

When this train service was established, Mr. Davidson contends there was an understanding that the federal department would provide postal facilities and it was on this understanding that the company agreed to the move. It is also pointed out that where now a business man can make a trip to Halifax and back in a day, those living in the community served by this train would be forced to spend three days on a similar trip were the service discontinued. It is also contended that discontinuance of this service would seriously affect quickly deliveries of mails and perishable expressage.

AT THE PRIMROSE THEATRE

Silver Threads Among the Gold and Vaudeville

At a recent song contest for the most popular song, held in Montreal, the old favorite, Silver Threads Among the Gold, walked away with the first prize. So it is not to be wondered at that the gramophone companies' catalogues carry more different records of Silver Threads than of any other song or instrumental selection. Even as the song is popular, so has Silver Threads, the photo play proved the outstanding success of the current theatrical season in Canada. Silver Threads has that universal appeal that comes so seldom in a picture. There are plenty of laughs, good wholesome ones for the whole family. Laughs that one doesn't have to blush for. There are some tears, but these are the soon driven away by the smiles that follow quickly after. There are the barn dance and the straw rides and the chicken dinner after. The scenes are true to the best that there is in life. They are natural and not far fetched. It is a play of real people, who live their lives in their own fair, clean way. Of course, when one says Silver Threads, one thinks of the song and Silver Threads the play, wouldn't be the same without the song. To that end, John Morrison, sweet Canadian singer, sings Silver Threads, When You and I Were Young Maggie and others of the old songs. At the conclusion of the picture, Mr. Morrison, assisted by Miss Elsie Clifton, presents his original comedy with songs. For this special scenery will be carried. The attraction will be seen at the Primrose Theatre Friday night March 11th.

It is a sign of spring when the gun clubs put forth their shoots.

The more a man loafs the more money he expects when he works.

A superior bread flour, yes, but a general purpose flour too. Use it for all your baking. Insist on getting

PURITY FLOUR

"More Bread and Better Bread"

DUSTERS AND DUSTS

Hiawatha Duster

by all odds the best value now on the market. More than twice the air blast of any other duster built. No brushes in the agitator to corrode and gum up, when using Copper Dust. Best of all it is BUILT IN CANADA.

In Dusts we offer Copper Arsenic dust and recommend its use as outlined in the dust Calendar published by the Department of Agriculture.

Copper Arsenic dust is a better fungicide than 90-10 Sulphur Dust and the cost per acre is but little more than one-half.

We can also supply 90-10 Sulphur dust for the Calyx application. In this we have purchased the very finest material on the market. The fungicidal value of sulphur dust depends on its fineness and the firm supplying us in addition to grinding to extreme fineness have never been known to substitute commercial Flour of Sulphur for Superfine Dusting Sulphur.

Be careful as to the source of your Dusting Sulphur.

NEWS OF THE WEEK

ALL THE DOINGS AND UNDOINGS OF THE PAST SIX DAYS

BEAR RIVER

Sorry to report Mr. Elim Darres sick with a cold.

Mr. Frank Harris left for St. John on Saturday.

Glad to report Mr. MacKnight improving in health.

Mr. F. W. Fraser returned to St. John on Tuesday.

Mrs. J. A. Rice left on Tuesday for St. John for a short visit.

Mr. Lemer and Lewis Clarke went to St. John on Tuesday.

Mr. John Brown, who has been sick with pneumonia, is improving.

Mr. Corning Woodworth spent the week end with his family here.

Sorry to report Miss Blenda Harris confined to the house with a sprained ankle.

Mrs. S. B. Jones has purchased the McFadden property and is taking possession this week.

Mrs. Harry Anthony returned Saturday from Halifax where she has been receiving treatment.

Miss Hazel DeForrest, teacher of cross roads, spent the week end with her parents at Morganville.

Mr. Ward and family, who have been living here for the past few years, have purchased a property in Clementsport. They will be much missed in the town.

MILFORD

Mr. Edgar Gates purchased another yoke of oxen February 25th.

Mr. Harry Stalling spent the week-end with his friends at Bear River.

Congratulations to Mr. and Mrs. Walter Hubley, of Lake Munroe, on the arrival of a son.

Mr. Clarence De Long of Kemp, was a guest at the home of Mr. and Mrs. Edgar Gates recently.

Mr. Millage Floyd returned home February 24th after spending the winter working in New Brunswick.

We are glad to report Master Johnnie Lobnes out again after being confined to the house for the past week.

The snow fell heavily here Sunday and continued during the night. The result was road breaking Monday and Tuesday.

Mr. Maurice Wells returned to Milford Friday night after spending a week at his home in Mochele. He and Chas. Sullivan are cutting hoop poles this winter.

WEST CLARENCE

Mr. and Mrs. C. O. Saunders spent a day with her sister at Granville Ferry.

Mr. John Hutchinson was a week end guest at Mr. and Mrs. A. J. Wheelock's.

Miss Henrietta Miller spent the week end in Middleton, the guest at Mrs. Mumford.

Miss Mildred Wheelock spent the week end with her parents, Mr. and Mrs. A. J. Wheelock.

The men and their teams were breaking roads last Monday afternoon for the first time this winter.

Mr. A. J. Wheelock was a passenger to Halifax, Wednesday, returning in the evening with his son Leander, who has been absent from home for the past five years.

THE NEW PULP MILL

DIGBY, N. S., Feb 28—The installation of machinery at the new pulp mill is proceeding rapidly and in a few weeks the big plant should be ready to start operation. The most of the material required is now on the ground and is being assembled as fast as conditions will permit.

Purity, Quality, Economy

The combination of purity, quality and economy has made Magic Baking Powder the standard baking powder of Canada. Positively contains no alum or other injurious substitutes. Its use insures perfect satisfaction.

"Costs no more than the ordinary kinds"

E. W. GILBERT COMPANY LIMITED

PARADISE

Mrs. E. L. Balcom spent last week with her sister at Cambridge, Kings Co.

Mrs. Morton, of Bridgetown, was the guest last week of Mrs. Minnie Rice.

Miss Margaret Freeman entertained a few of her School friends Friday evening, Feb 25th.

Several of the Bridgetown young people enjoyed a sleigh drive to Paradise Friday evening, Feb 25th.

A drama, "When A Feller Needs a Friend," will be given in Longley's Hall, Friday evening, March 11th.

A surprise party was given at the home of Mrs. Fletcher Bent, Thursday evening. A very pleasant time was spent by all in games. A very nice lunch was served at the close.

A very interesting meeting of the Literary Society was held at the home of Mr. and Mrs. Carey Phinney Tuesday evening, Feb 22nd. A debate which is of more benefit to the community the doctor or the minister was conducted. Decision, by popular vote, was given in favour of the doctor. Several musical and literary numbers completed the programme.

OTHER TABLETS NOT ASPIRIN AT ALL

Only Tablets with "Bayer Cross" are Genuine Aspirin

If you don't see the "Bayer Cross" on the tablets, you are not getting Aspirin—only an acid imitation.

The "Bayer Cross" is your only way of knowing that you are getting genuine Aspirin, prescribed by physicians for over nineteen years and proved safe for millions for Headache, Neuralgia, Colds, Rheumatism, Lumbago, Neuritis, and for Pain generally. Made in Canada.

Handy tin boxes of 12 tablets—also larger sized "Bayer" packages can be had at drug stores.

Aspirin is the trade mark (registered in Canada), of Bayer Manufacture of Monoaceticacidester of Salicylicacid.

While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company, Ltd., will be stamped with their general trade mark, the "Bayer Cross."

Dean Rawding spent Feb. 20th with friends in Lawrencetown.

Mr. Wallace Berry, of Bear River, spent Friday at the home of W. B. McLeod.

Miss Flora Longmire, of Granville Centre, is visiting Mr. and Mrs. John Woodland.

Mr. and Mrs. George Berry, of Clementsport, spent the week end with Mr. and Mrs. Ralph Berry.

Miss Mary Ritchie visited friends and relatives in Annapolis Royal and Granville Ferry Feb. 24 and 25th.

Mrs. Reginald Dargie returned to Melville after two weeks' visit with her parents, Mr. and Mrs. Leonard Ritchie.

Mrs. Wentford Ritchie and son returned to Kentville on Thursday after visiting at the home of Mr. and Mrs. Wm. Ritchie.

Mrs. G. A. Barteaux and Mrs. H. L. Harris spent a day during the week with the former's daughter Mrs. I. C. Whitman, Round Hill.

Mr. Ray Berry, of Kingston, was the guest of his brother Ralph Berry several days last week, returning he was accompanied by his nephew, Newman Berry.

If nuts are soaked in hot water before cracking, the nut meat will come out more whole.

WEST PARADISE

Mrs. Wallace Sauaders is visiting her daughter, Mrs. Gordon Hirtle, at Deep Brook.

Mrs. Chas. Daniel's has returned from a pleasant trip to Bear River and Annapolis.

We are sorry to report Mrs. Chas. Whitman seriously ill at time of writing. Miss Marion Whitman spent Sunday at home.

Mrs. F. J. Poole entertained a number of friends on the afternoon and evening of the 19th inst., the occasion being her birthday anniversary. The guests report a very pleasant time.

A party of the young people visited Arthur Bent's lumber camp on Wednesday evening, the 23rd, and enjoyed a candy pull. The entertainment furnished by the musical members of the crew was also much appreciated.

Miss Campbell has introduced the Hot Lunch System into the school here, with very satisfactory results. Cooking equipment has been purchased and the pupils prepare and serve a hot dish, such as: a cocoa, soup, etc., every noon. Both children and parents express their appreciation of this method.

MOUNT ROSE

Mrs. Stark has returned from Granville.

Mrs. Melbourne Charlton is spending a few months in Boston.

Mrs. Hattie Witham has returned from a few week's stay in Clarence.

Recent guests at Mr. Edward Marshall's were Miss Lucy Marshall, all of St. Croix, and Mr. and Mrs. Ring of Beaconsfield.

At a picnic held in the school house on Friday evening, the sum of \$11.25 was realized. The money is to be used for buying new maps for the school.

Mr. and Mrs. Harry Hines, Miss Vera Graves and Lester Hines enjoyed a very pleasant drive to Brooklyn on Friday evening last, spending the evening at the home of Mr. and Mrs. A. T. Morse.

UPPER GRANVILLE

Miss Spinney has resumed her duties in Chesley Section. During her absence the work was successfully carried on by Miss Ruth Jackson.

Two months of pleasant winter weather with few exceptions and snow enough for general needs has been a boon to the country. Wood piles are large and prices still running high. The ice harvest has been abundant, of excellent quality and well stored. February made its exit with a violent wind and rain storm. March comes to us with its slush and general unpleasantness but with a touch of Spring in the air ever the harbinger of brighter days to come.

Miss Rhoda Bent, eldest daughter of Mr. and Mrs. John Bent, of Belleisle, and Mr. Ralph Horton were married on Wednesday Feb 23rd. Miss Bent is well and favorably known throughout the county and elsewhere as a successful teacher for several years also a capable business woman, whose clever ability in various ways has been known and much appreciated. Her many friends will wish for her much felicity in her new sphere of home duty and Mr. Horton is to be congratulated in securing a prize. Here's to wish them health and happiness.

DALHOUSIE LAKE

Mat fever is raging here. Wedding bells in the near future.

Mr. Norman Gillis is employed in Joe Mallman's woods.

Some of our men are employed with Mr. E. A. Hicks.

We are glad to report that B. J. Kelly is some what better.

Miss Hilda Durling spent the afternoon with her grandmother, Mrs. George Medicraft.

Mr. and Mrs. George Durling spent Sunday afternoon with her mother, Mrs. George Medicraft.

Mr. Lawrence Durling, who has been working for Mr. Belea, has returned to his home.

Mrs. Willis Medicraft and children spent Sunday afternoon with Mrs. Margaret A. Durling.

Mr. Lawrence Durling and friend, Miss Flora Hannam, Miss Mable Ship and Miss Mary Gillis spent Sunday with Miss Marjorie Fredericks.

The C. G. S. Dollard, which has been on the Bay of Fundy service of the marine and fishery department since leaving Halifax, arrived there on Sunday morning and will likely undergo some repairs.

Digby County Monitor

Mrs. H. E. Jones spent the week-end in Windsor.

J. H. Scherer, of Boston, is visiting Mrs. B. Harvey for a few days.

Mr. and Mrs. Forrest Eisnor spent the week-end in Clementsport.

Lindsay E. Haines, went to St. John on Tuesday returning Thursday.

Mrs. G. W. Connell left Thursday for Truro to visit Mrs. (Dr.) Kinsman.

F. L. Farnsworth, of Annapolis Royal, spent the week-end at the Winchester.

A. S. Hawker, superintendent of the Bay service, was in town on Wednesday.

Miss Edith Letteney, of Digby, is visiting her sister, Mrs. A. B. Higgins, Dartmouth.

Miss Lena Richards, of St. John, is the guest of her uncle, W. J. Agate, at the Waverly.

Miss Marian Havey, of Roslindale, Mass., is visiting her grandmother, Mrs. B. Havey.

R. S. Smith, purser of the steamer Empress, returned from a trip to Boston, on Tuesday.

Mrs. T. C. Lynch, of Windsor, is visiting her sister, Mrs. C. A. Jordan, at the Columbia.

Frank Dennison, of Windsor, who has been visiting his brother, returned home on Monday.

J. deW. Almon, of Brighton, who has been in St. John for some weeks, returned home on Wednesday.

Miss Pearl Chute, provincial health nurse, has been in town this week. She is a guest at the Waverly.

James A. Taylor, Esq., prothonotary, has been appointed Registrar of the Supreme Court of Nova Scotia in bankruptcy for the town and county of Digby.

NEARING COMPLETION

Lunenburg Challenger for Herald Trophy Soon Ready For Finish Touches.

LUNENBURG, Feb. 28—The work on the new challenger in Smith and Rutland's shipyard is progressing very rapidly and by the end of this week, weather permitting, will see the vessel all planked and ready for her finishing touches. Each day brings the Bluenose nearer completion and she now has her rafts in position, her decks laid and caulked and her cabin house erected.

So far, judging from appearances, the challenger resembles the semi-knockabout type of vessel already adopted by the Lunenburg fishermen, except that she is built on neater lines and she will be constructed as strong as wood and iron will make her. Speed alone has not been considered in the design and building of this vessel, but accommodations for the crew and seaworthiness has also been taken into consideration. She will be by no means a freak vessel, for just as soon as she is launched and equipped she will sail to the Western Banks, fishing down off Sable Island for several weeks and from there she will nose her way through the ice-fields to Magdalen Island for fresh bait and after several months' buffeting against all weathers, will return and land the result of her Spring's work.

She will then refit and sail for the Grand Banks of Newfoundland and for four long months will answer her adonous calling, the same as the rest of the Lunenburg fishing fleet. It can, therefore, be easily seen that the Bluenose is not a freak and that she will answer all the requirements to enable her to enter The Herald and The Mail race next Fall.

GOOD HEALTH CAN BE YOURS

If Your Blood Supply is Kept Rich and Red.

It is a waste of time and money to fight merely the signs of disease: in the long run you are probably worse off than when you started. What is far more important is that you should intelligently examine the various symptoms and trace the cause. When you remove the cause, health will be yours. For example, anemic people often endure months of suffering while treating its symptoms, such as indigestion, shortness of breath, palpitation of the heart and exhaustion after any small effort.

The apparent stomach and heart troubles are generally nothing more than the result of an insufficient supply of pure blood. This anemic state may have followed some previous illness, or an attack of influenza; or it may have arisen from overwork, worry or too little fresh air. To obtain good health the simple and proper course is to build up the blood, but to do this you must select a reliable remedy with a reputation such as Dr. Williams' Pink Pills. These pills enrich the blood which carries nourishment to all the organs of the body and enables them to do the work nature expects of them. Thousands of men and women have proved this for themselves. One of these is Mrs. T. Flynn, R. R. No. 1, Erinville, Ont., who says: "Last spring I got into badly run-down condition. I had no energy, work left me exhausted, and the least exertion would make my heart palpitate violently. I had often read of Dr. Williams' Pink Pills, and decided to give them a trial and got a half dozen boxes. I had not been taking the pills long when I felt a decided improvement in my condition and by the time I had used the six boxes I could do my housework with ease. I can strongly recommend Dr. Williams' Pink Pills to all weak people."

You can get these pills through any dealer in medicine, or by mail postpaid at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Burns and Keleher's steamer Westport, Captain Horton, arrived at Halifax Monday night from Mulgrave where she has been engaged in the coastwise passenger and freight service. She is there to undergo annual overhauling and inspection after which she returned to the same route.

LAWRENCETOWN SOUTH

Mr. Samuel Daniels, of Liverpool, has been visiting relatives in this place.

Mr. and Mrs. Fred Keith, of Nictaux West, visited Mr. N. G. Chateaux recently.

We are glad to see Mr. Harris Daniels about again, after his severe attack of illness.

Mrs. Drew has returned to her home after spending some time with her sister, Mrs. Harris Daniels.

Mrs. Martha Lake and family are costily settled in their new home, formerly owned by Mr. Charles Jerry. Mrs. Milledge Banks and Mr. John O'Berne, Clarence; Mr. Bartlett Banks, of Tremont, and Mr. Avard Neilly, Nictaux were guests of Mr. Wakeman Daniels.

Mr. and Mrs. Leabel Beals, Inglesville, Miss Mabel Spurr and Mr. J. Daniels, of Nictaux, and Mr. and Mrs. Porter Lowe, Bridgetown, were recent guests at the home of Mr. J. H. Daniels.

Miss M. L. Daniels, after spending a few weeks in the employ of Manchester, Robertson & Allison, St. John, has accepted position as lead milliner in the establishment of Mr. Khal, Sackville, N. B.

PRINCEDALE

Loran Wright and Trueman Fraser spent the week end at Waldec.

Mr. Wm. Hern spent the week end with Mrs. Hern at Mr. Gardner Wright's.

Mr. and Mrs. Reginald Fraser and Mrs. Albert Fraser spent Saturday in Annapolis.

Mr. Norman D. Fraser, of Boston, Mass., is the guest of his father, Mr. David Fraser.

Mr. and Mrs. W. M. McCormick, of Bear River, were Sunday guests of Mrs. Eustace Wright.

A QUIET HINT

William, said Mrs. Elliby, why am I like a popular story? Because every body admires you, guessed her husband. That isn't the answer. What is it then? Because—and she glared at her worn calico dress—I'm nearly out of print!

The large three masted schooner, 483 tons, Capt. Longmire, bound from Liverpool for New York with pulp, was anchored at Shag Harbor on Wednesday morning awaiting a favorable opportunity to get a run off the coast.

MOTHERS!

Watch your children's skins. As soon as you see the slightest trace of a rash or sore, apply Zam-Buk. This antiseptic balm will protect the sore place from infection, prevent it from spreading and healing soon follows.

Careful mothers always keep Zam-Buk on hand for their children's injuries—it ends pain so quickly and prevents any possibility of festering. Best for cuts, burns, scalds, bruises, ringworm, scalp sores, eczema and teething rash. All dealers 50c box.

A Winter Requisite

A good Hot Water Bottle is a real winter necessity. We are at present displaying in our window a nice line ranging from \$1.60 to \$2.75.

Also Fountain Springes, Air Cushions Bulb Springes, Rubber Gloves, etc. Some of these lines have a very sweeping two year guarantee, in the event of fault or weakness, are replaced free within this period.

A Kidney Remedy

Kidney troubles are frequently caused by badly digested food which overtaxes these organs to eliminate the irritant acids formed. Help your stomach to properly digest the food by taking 15 to 30 drops of Extract of Roots, sold as Mother Seigel's Curative Syrup, and your kidney disorder will promptly disappear. Get the genuine.

RAMEY'S MEAT MARKET

I now occupy the store on the corner of Queen and Albert streets, one door south of B. N. MESSINGER'S GROCERY, where I am prepared to serve the public with all kinds of MEAT, FISH etc. at reasonable prices. A TRIAL ORDER SOLICITED.

**HIS LIFE RUINED
 BY DYSPEPSIA**

Until He Tried "FRUIT-A-TIVES"
 The Wonderful Fruit Medicine

MR. FRANK HALL
 Wyevale, Ontario.

"For some two years, I was a sufferer from Chronic Constipation and Dyspepsia. I tried every remedy I heard of without any success, until the wife of a local merchant recommended 'Fruit-a-tives'. I procured a box of 'Fruit-a-tives' and began the treatment, and my condition commenced to improve immediately. The Dyspepsia ceased to be the burden of my life as it had been, and I was freed of Constipation. I feel that I owe a great debt to 'Fruit-a-tives' for the benefit I derived from them."

FRANK HALL.

THE HOUSE CAT

(By Dr. A. K. Fisher)

Many an innocent hawk, skunk, owl and weasel has been shot for the deed of that sleek highwayman, the house cat. It is safe to say that this marauder, which enjoys all the comforts and protection of a home in the more thickly populated districts destroys in the aggregate more wild birds and young poultry than all the native enemies combined. A cat has been known to kill a whole brood of chickens in a day, a feat unequalled by any other predaceous animal with the possible exception of the mink. Others in the course of a season have destroyed whole covies of quail or grouse; or nests full of young songsters. A well known naturalist estimates that in the New England States alone one and one half millions of birds are destroyed annually by cats. The offender is not so often the well fed household pet as it is the abandoned and neglected outcast known as the woods cat or "wild cat." In 1905 the Society for the prevention of cruelty to animals in New York City killed monthly an average of five thousand sick, injured or homeless cats. A total for the year of over seventy thousand. A considerable proportion of these were pets abandoned by people who had gone to the Country for the summer. More over summer visitors in the mountains or seashore sometimes take with them their cats, which on their return home are too often left behind to swell the local overflow and make serious inroads on the birds of the region. It is safe to assume that in the rest of the State outside New York City as many cats follow a nomadic life as in the city, and if we assume that each cat kills one bird a week, we have a grand total of over three and one half millions of birds destroyed annually. In the milder parts of our country as in the chaparral region of California where bird life is abundant, cats often revert to a semi wild state and never revisit their old home except for plunder. Sportsmen and bird lovers should be ever watchful and when ever possible remove marauding cats from the covert. The principal reasons given for keeping cats are their attractiveness as house pets, their usefulness as companions for children, and their alleged value as rat and mouse killers. It is impossible at present to obtain correct figures on the subject, but it is safe to say that few persons during a normal lifetime run across more than half a dozen cats which habitually attack rats. Occasionally a hunter cat is found which seems to delight in catching rats, Gophers or Ground Squirrel. It is a common experience however, to find premises well supplied with cats overrun with rats and mice. At a certain ranch house in the West a member of the Biological Survey trapped in his bedroom twelve mice in a week, although eight cats had access to the place. Lovers of the cat should be content with one, or the most two, of these pets and should see to it that outcasts do not run at large on their premises. Now that cats are known to carry in their fur the germs not only of ring worm, but also of such dreaded diseases as tuberculosis, diphtheria, scarlet fever and smallpox, and fleas and ticks which transmit bubonic plague and spotted fever, the presence in the household of Tabby is not without its dangers.

"Nobody except those who have been through it can understand what I suffered before I got hold of Tanlac," said Richard H. Weeks, of 13 Cabot Place, Halifax, N. S. "My stomach has been out of order for the past year or two, and my appetite got so poor that I had to force down whatever I ate. I was troubled with gnawing pains in the pit of my stomach and had sharp pains around my heart. After every meal I had a heavy feeling, like a dead weight in the pit of my stomach and felt miserable for hours. I had sick headaches with attacks of dizziness. I lost weight continually and hardly had strength and energy to drag my feet after me. My condition at one time got so bad that I had to give up work entirely for over a month. I went for days at a time without eating scarcely any thing and sometimes even the sight of anything to eat made me sick. "I noticed an improvement before I had taken half a bottle of Tanlac. I am now on my fourth bottle, have a good appetite and eat three square meals every day. Everything agrees with me and I never have a touch of indigestion. I am not bothered by constipation or dizziness any more, have gained ten pounds in weight, and am working every day. Tanlac had done me so much good that I decided to try it on my little son who had been puny for years, and the way it has helped him has been certainly wonderful."

Tanlac is sold in Bridgetown by S. N. Weare in Middleton by Clifford A. Mumford, and in Bear River by L. V. Harris.

SALVATION ARMY OFFICER DEAD

From Toronto comes the sad news of the death in that city of Adjutant Kate W. Ritchie, of the Salvation Army. She was a daughter of Mr. and Mrs. Wallace Welch, of Westport, Digby county, and in early life was a successful school teacher. She attended the Salvation Army training school in St. John and served in the Rescue Home in Halifax. She was stationed at Truro, Springhill and Sydney and afterwards opened the Salvation Army work in Bermuda, where she served three years. She went to Fredericton, Sault Ste. Marie and to Newfoundland where she met and married Ensign Allen Ritchie, of Dartmouth. They attended the great world's carnival in London, then returned to Newfoundland and back to Ontario where her health broke down and she died in a Salvation Army rest camp at the age of 50 years, leaving her husband and four young sons to mourn.

**KEEP LITTLE ONES
 WELL IN WINTER**

Winter is a dangerous season for the little ones. The days are changeable—one bright, next one cold and stormy, that the mother is afraid to take the children out for the fresh air and exercise they need so much. In consequence they are often cooped up in overheated, badly ventilated rooms and are soon seized with colds or grippe. What is needed to keep the little ones well is Baby's Own Tablets. They will regulate the stomach and bowels and drive out cold and by their use the baby will be able to get over the winter season in perfect safety. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. William's Medicine Co., Brockville, Ont.

SUGGESTIONS FOR THE HOUSE-KEEPER

Wash black stockings in fresh suds and rinse in very blue water. The soles of shoes may be preserved by applying shellac. Bed springs given a good coating of aluminum paint will not rust. Floor cushions for foot-rests are very convenient under the desk, before the couch or divan and before the fire.

To prevent windows freezing at the bottom, spread a thin layer of fine salt on the sill beneath the sash, adding more salt when needed.

If ice cream sticks to the mould and refuses to slip out readily, put a towel wrung out of hot water around it a moment to loosen. Be careful not to apply the heat too long or the outside will be soft.

Ink stains may be easily and quickly removed from the fingers by rubbing them with the head of a sulphur match which has been well moistened.

Rain spots on clothes can often be removed by placing a clean, damp cloth on the material and pressing it with a moderately warm iron.

When laundering schoolboys' soft collars, try putting a very small amount of starch in them. They not only stand up and look better, but they keep clean longer.

Wrinkles are the little furrows in which Father Time sows the seed of discontent with a lavish hand.

The owner sometimes discovers that C.O. mare makes the money go.

**FATHER AND SON
 WELL AND HAPPY**

"The way Tanlac Helped Us Is Simply Wonderful," Says Halifax Man.

"Nobody except those who have been through it can understand what I suffered before I got hold of Tanlac," said Richard H. Weeks, of 13 Cabot Place, Halifax, N. S.

"My stomach has been out of order for the past year or two, and my appetite got so poor that I had to force down whatever I ate. I was troubled with gnawing pains in the pit of my stomach and had sharp pains around my heart. After every meal I had a heavy feeling, like a dead weight in the pit of my stomach and felt miserable for hours. I had sick headaches with attacks of dizziness. I lost weight continually and hardly had strength and energy to drag my feet after me. My condition at one time got so bad that I had to give up work entirely for over a month. I went for days at a time without eating scarcely any thing and sometimes even the sight of anything to eat made me sick. "I noticed an improvement before I had taken half a bottle of Tanlac. I am now on my fourth bottle, have a good appetite and eat three square meals every day. Everything agrees with me and I never have a touch of indigestion. I am not bothered by constipation or dizziness any more, have gained ten pounds in weight, and am working every day. Tanlac had done me so much good that I decided to try it on my little son who had been puny for years, and the way it has helped him has been certainly wonderful."

Tanlac is sold in Bridgetown by S. N. Weare in Middleton by Clifford A. Mumford, and in Bear River by L. V. Harris.

THE BAKER ESTATE

Yarmouth Herald:—We have been reading a lot lately about the Jacob Becker or Baker estate, and of the claims made by the heirs in this vicinity. E. B. Parker, of Bear River, was in town last week and he is of the opinion that the prospects of getting at least a quarter of this great inheritance are good.

He tells us that the Digby County heirs are from a well defined line direct from Samuel Becker or Baker (brother of Jacob) who came to this country on a vessel built by himself in Philadelphia and landed near Bear River at Waldeck, which he named. He spent the rest of his life there. The local association, according to Mr. Parker's statement, is almost complete on this one line and he thinks that now is the time they should demand their rights.

MOUNT ALLISON CAMPAIGN

The Kentville Chronicle says: "It is to be regretted that the Mount Allison campaign for half a million dollars has so far failed to reach the limit. Over \$300,000 was subscribed, and the balance is needed and will likely be gone after later."

Next time the "publicity manager" will find it more profitable to spend \$500 in newspaper advertising instead of sending out "Important Rush" dead head items to the poor country publishers, the majority of whom for at least once, failed to be whom for, and in this way a few of the more fortunate ones, got a half page adv. for one insertion.

All similar campaigns during the past few years, properly advertised, have met with great success.

DIRECTIONAL STATION OFFICIALLY OPEN

ST. JOHN, March 2.—The new direction finding station of the Naval Service of Canada, radio branch, located at Red Head, was officially opened on Tuesday and from this time on will give a continuous service to the marines coming into the port of St. John.

This is the fourth of these stations to be placed in operation by the department, the others being located at Chebucto Head, Canso and Cape Race.

The station is located at 45.15-05 North and 66.0 50 West.

LOOK FOR GRASSHOPPERS

REGINA, March 2.—A grasshopper outbreak in Saskatchewan this year is considered very probable. It is expected to prove more serious in the districts where the pest was reported last year for the first time, than in areas where they have been prevalent for a longer period, according to Hon. C. M. Hamilton, minister of Agriculture.

PAPPE'S DIAPEPSIN ENDS INDIGESTION

"Pappe's Diapepsin" has proven itself the surest relief for Indigestion, Gases, Flatulence, Heartburn, Sourness, Fermentation or Stomach Distress caused by acidity. A few tablets give almost immediate stomach relief and shortly the stomach is corrected so you can eat favorite foods without fear. Large case costs only few cents at drug store. Millions helped annually.

MALAGASH SALT IN AGRICULTURE

During the past season experiments have been carried on by Professor Harlow of the Agricultural College, to determine the value of Malagash Salt as a fertilizer. The tests were carried on at Malagash, Tatamagouche and in Hants Co. At Tatamagouche a badly run out piece of land yielded 11 bushels of oats to the acre with an application of 200 lbs. salt. The check plot which had nothing applied yielded 7 1-2 bushels. A peice of ground in Hants Co. of higher fertility yielded 30 bushels with salt alone and 17 1-2 bushels without.

At Malagash one field had an application all over of Acid Phosphate. The plot which had Acid Phosphate only yielded 24 bushels oats to the acre. A plot to which salt was also applied at the rate of 200 lbs per acre yielded 33 bushels, while a third which received 300lbs. salt in addition to acid phosphate dropped to 21 bushels per acre.

Another Malagash field planted to vegetables gave the following returns: Plot No. 1 fertilized with manure only, yielded 120 bushels of Potatoes to the acre. Plot No. 2 with manure and 200 lbs salt yielded 96 bushels. Plot No. 4 planted to turnips, manure all over yielded 192 bushels per acre more where Salt was applied than with manure alone.

Too much stress ought not to be laid on one season's experiments. It would seem that the Malagash Salt is well worth trying out in conjunction with other fertilizer. Probably, except in very few cases, the application should not exceed 200 lbs per acre. Doubtless some areas will respond much more readily than others. It should be remembered that turnips, cabbage mangies and such crops seem to be fond of salt.

A full account of Prof. Harlow's experiments will be found in the Report of Secretary for Agriculture, which will be available in two or three weeks.

THE BAKER ESTATE

Yarmouth Herald:—We have been reading a lot lately about the Jacob Becker or Baker estate, and of the claims made by the heirs in this vicinity. E. B. Parker, of Bear River, was in town last week and he is of the opinion that the prospects of getting at least a quarter of this great inheritance are good.

He tells us that the Digby County heirs are from a well defined line direct from Samuel Becker or Baker (brother of Jacob) who came to this country on a vessel built by himself in Philadelphia and landed near Bear River at Waldeck, which he named. YOUNG GIRLS NEED CARE

Mothers! Watch Your Daughters' Health

Health Is Happiness

From the time a girl reaches the age of twelve until womanhood is established she needs all the care the thoughtful mother can give. The condition that the girl is then passing through is so critical and may have such far-reaching effects upon her future happiness and health that it is almost criminal for a mother or guardian to withhold counsel or advice. Many a woman has suffered years of prolonged pain and misery through having been the victim of thoughtlessness or ignorance on the part of those who should have guided her through the dangers and difficulties that beset this period. Mothers should teach their girls what danger comes from standing around with cold or wet feet, from wearing heavy articles, and from overworking. Do not let her overstudy. If she complains of nervousness or irritability on the part of your daughter, make life easier for her. She needs thoughtful care for a few years. In all such cases Lydia E. Pinkham's Vegetable Compound should be given as it is especially adapted for such conditions. It contains nothing that can harm and can be taken in perfect safety.

Plot No. 1 fertilized with manure only, yielded 120 bushels of Potatoes to the acre. Plot No. 2 with manure and 200 lbs salt yielded 96 bushels. Plot No. 4 planted to turnips, manure all over yielded 192 bushels per acre more where Salt was applied than with manure alone.

Too much stress ought not to be laid on one season's experiments. It would seem that the Malagash Salt is well worth trying out in conjunction with other fertilizer. The Kentville Chronicle says: "It is to be regretted that the Mount Allison campaign for half a million dollars has so far failed to reach the limit. Over \$300,000 was subscribed, and the balance is needed and will likely be gone after later."

Next time the "publicity manager" will find it more profitable to spend \$500 in newspaper advertising instead of sending out "Important Rush" dead head items to the poor country publishers, the majority of whom for at least once, failed to be whom for, and in this way a few of the more fortunate ones, got a half page adv. for one insertion.

All similar campaigns during the past few years, properly advertised, have met with great success.

The Weekly Monitor

Established 1873 Under new management since June 1917

All remittances should be made payable to O. S. DUNHAM, Bridgetown

WEDNESDAY, March 9th, 1921

By a glance at the minutes of the Town Council which appears in today's MONITOR it can be seen at once that the new Council are putting some life in town affairs and will endeavor to keep the town at least up to the level, if not in advance, of towns of similar population. The Finance Committee will have a new set of book keeping installed. This order has come none too soon. Very good suggestions for town book keeping can be obtained at the meetings of the Union of N. S. Municipalities held every year in various towns. Last year Bridgetown's Town Council evidently did not think it worth while to have our town represented at the meeting at Windsor. A public meeting of the ratepayers has been advertised for Monday evening, March 21st, to consider the advisability of borrowing a sum of money not exceeding \$10,000 to take over the electric light equipment in the town in order to be ready to connect with the power to be furnished by the Nova Scotia government. This is a move in the right direction which should receive the support of every enterprising rate payer.

There is a lot of work to be done during the present year, some of which we will refer to in a future issue.

HEARTILY WELCOMED IN TRURO

Rev. M. S. Richardson Has Lost None of His Old Time Evangelistic Power

The following is from a correspondent in Truro: "Rev. M. S. Richardson, of Bridgetown, supplied the pulpit of the First Church, Truro, one of his former parishes, on Sunday, February 20th. In addition to two strong sermons, he preached at the Fairview Mission, returned in time to address the Sunday School at the closing exercises. For some weeks past the workers in the B. Y. P. U. and teachers in the Sunday School have been doing special work in their classes. Mr. Richardson's appeal seemed just what was needed as over thirty took a stand for Christ. Mr. Richardson has not lost any of his old time evangelistic power but has grown stronger with his years of experience. We are glad to know that in his own church a good work of grace is going on and he is soon expected to receive a good number of young people into church membership. His many friends in the town of Truro were glad to meet him and Mrs. Richardson once more and gave them a most hearty welcome."

ELEAINE HAMMERSTEIN HAS FINE DRAMATIC ROLE IN "WHISPERS"

Elaine Hammerstein, the charming Selznick star, will be seen in a new emotional drama, "Whispers," at the Primrose Theatre, March 14 and 15.

Probably no star has risen with such a steadily flowing tide of popularity than this talented young performer. Ever since she appeared in her first Selznick picture, "The Country Cousin," she has been known and liked by Mr. and Mrs. Everybody in this wide country. In "Whispers," Miss Hammerstein has a dramatic role that is tinged with tragedy and topped off with a pleasing touch of comedy. As the adopted daughter of a scheming aunt who is trying to force the girl into a money-marriage, Miss Hammerstein has a role expressly made for her. She meets a newspaper reporter, becomes involved in a score of complications stirred by the scandalous tongues of a whispering community and falls heir to an adventure that brings the play to an adventure of emotion. Matt Moore, who plays the part of the newspaper reporter, is at the head of an excellent supporting cast and the direction was by William P. S. Earle.

CARD OF THANKS

Mr. and Mrs. Cecil Pickett desire, through the medium of the "MONITOR" to thank all those who so kindly rendered assistance during the illness and death of their little son, Douglas. 49 1/2

Local Happenings

H. D. Burke is taking over the Elm House, Lawrence town which he has leased from W. C. McPherson.

The regular third degree team is again requested to be present at Crescent Lodge to-morrow (Thursday) evening.

For want of space we have been obliged to crowd out of this issue notes from both St. Janz's and Gordon Providence United Church. They will appear next week.

Frank Mosher, of Port George is setting out 100 cords of pulp wood from his farm. He is hauling it to Cottage Cove to be shipped to Bear River.

The Bridgetown Taxis boys will meet the Digby boys in debate in Digby Friday evening 1st. A large crowd will no doubt be present from Bridgetown, returning via midnight train.

Autumn Leaf Rebekah Lodge, I. O. O. F., had a very successful entertainment in their lodge room Tuesday evening, March 1st, at which the sum of \$70 was realized for the Oddfellows' Home Fund. These entertainments are being held monthly and are proving very popular not only with the large fraternity but with the general public.

SHORT COURSE AT LAWRENCE TOWN

We should like to draw your attention to the notice in our advertising columns of the days' Short Course to be held in the Demonstration Building, Lawrence town, commencing on the 15th inst. This course is under the direction of Dr. M. Cumming, who has arranged with a staff of instructors to lecture on all subjects appertaining to farming, these men need little or no introduction to the farmers of this Province. As this course has been arranged at a time when farmers are planning their work for the ensuing year, also at a season when it was thought it would be most convenient for most of them to attend, it is to be hoped that everyone interested will avail themselves of this excellent opportunity and make the Short Course a great success. The Committee has arranged for good and reasonable board for those who live at a distance and are desirous that all those who need boarding places secured for them should send their names as early as possible to W. E. Hall, Lawrence town. The following is the programme:

TUESDAY MARCH 15th 1.30 to 2.30 Hog Raising and Selection 2.30 to 3.30 Seed Growing and Selection 3.30 to 5.00 Hog Judging and marketing Live Stock 7.30 to 9.30 Motion Pictures, Clover Seed and general Farm Practice WEDNESDAY MARCH 16th 9.30 to 10.30 Feeding and Management of Young Stock 10.30 to 11.30 Seed Studies 11.30 to 12.00 Live Stock Problems 2.00 to 5.00 Poultry and Gardening 7.30 to 9.30 Motion Pictures, Poultry and Gardening THURSDAY MARCH 17th 9.30 to 12.00 Poultry and gardening 2.00 to 3.00 Horse Judging 3.00 to 4.00 Spraying 4.00 to 5.00 Fertilizer and Manure 7.30 to 9.30 Motion Pictures, Soya-bean, Prevention and cure of Animal Diseases. FRIDAY MARCH 18th 9.30 to 10.30 Fertilizers and Manure 10.30 to 12.00 Horses and Diseases on Farm Animals 2.00 to 5.00 Judging Beef and Dairy Cattle and management of same. 7.30 to 9.30 Motion Pictures, Care and management and marketing Live Stock.

THE BRIDGETOWN UNITED BAPTIST CHURCH On Sunday morning the Right Hand of Fellowship will be given in the United Baptist Church to the thirteen new members who were baptized last Sunday evening. The Lord's Supper will follow the receiving of these members.

The sermon to Taxis Boys and Trail Rangers will not be given next Sunday evening as announced on programme but on the following Sunday evening March 20th. The subject for the coming Sunday evening service is "The Necessity of Church Membership". Evangelistic service at close of sermons.

WHO CAN BEAT THIS? Miss Alberta Longley, of Clarence, who has 29 pullets, received 29 eggs Monday. She wants to know if any lady in the poultry business can beat that?

LOCAL DEATH ROLL

AUBREY H. PHINNEY

The Bridgewater Bulletin says: The many friends and acquaintances of Aubrey H. Phinney will be sorry to learn of his death at his home in Malden, Mass., on the evening of Sunday the 28th of February last. He had been a confirmed invalid for about two years. Mr. Phinney was in the forty seventh year of his age. He was born in Melvern Square, Annapolis County. In early youth he came to Bridgewater as a clerk in the store of E. D. Davison & Sons and remained with their successors the Davison Lumber Company till he went to the States about ten years ago. He then located in Malden and entering the grocery trade soon built up for himself a successful business.

The deceased had a large circle of friends and acquaintances in Bridgewater. He was a very genial man, pleasant to everybody, and excellent company, and a man of strict integrity. He was prominent in Odd-fellowship and was a past Grand of LaHave Lodge in this town. He is survived by his wife who was Miss Lena Corkum, a daughter of the late Simeon Corkum of Bridgewater. Their only child, a daughter, died in infancy and was buried here. Mr. Phinney's death in the prime of life and usefulness is much to be regretted, and his bereaved widow will have sympathy of all friends and acquaintances in which the Bulletin respectfully joins.

EDWARD A. MERRY

Mr. Edward A. Merry, of Albany Annapolis Co, died at the Victoria General Hospital, Halifax last Wednesday, March 2nd. The remains were conveyed to his home last Thursday, accompanied by Mrs. Merry, who had been with him at the hospital and also Mr. Archie McKinnon, of Halifax. The deceased was a good citizen, the kindest of husbands and his home will be sad and lonely without him. Deep sympathy is felt for the grief stricken widow and only son Charles. The latter also visited the city during his father's illness. Mr. Merry is survived by three brothers, Herman and Herbert who reside in Massachusetts and John, of Albany Cross. He leaves one sister, Mrs. Enoch Kuffin, of Boston.

MRS. A. L. RAYMOND

The death took place in Pittsburg on January 28th, suddenly following an operation, of Christina R., widow of the late Archibald L. Raymond formerly of Digby, N. S. Deceased was 58 years of age and was a daughter of James H. Ray, of Deep Brook. She leaves to mourn their loss a father, mother, and half brother residing at Deep Brook; one sister and four brothers residing in the United States, and one daughter, Mrs. Cogswell, of Pittsburg. Funeral service was held from St. Luke's Episcopal Church Allston, Mass., of which deceased was a member, and interment was in Allston Cemetery besides the remains of her late husband. The floral tributes were many and beautiful.

MRS. CALVIN GOODSPEED

Mrs. Calvin Goodspeed, widow of the late Professor C. Goodspeed, D. D., died at her home in Paradise, N. S., on Monday night, Feb 14th. Throughout her life she had been closely identified with the work of the denomination. Even during the years that Dr. Goodspeed was professor at McMaster, the vacation periods were usually spent in the east, and here was always "home". Later, during his years of service at Baylor University, Waco Texas, he made his home at Paradise and ended his days there. Now the two who spent so many happy years together in the service of their Master here are reunited in the Paradise above.

MRS. MARGARET CORBITT

Mrs. Margaret Corbett, wife of the late Conductor Corbett of the Dominion Atlantic Railway, died of the recurrence of her daughter, Mrs. James Gibson 91-2 Unifac St, Halifax Saturday evening. Besides Mrs. Gibson, two other daughters, two sisters and three brothers survive. The daughters are Mrs. Ernest Harnden and Mrs. William Bayers, both of Halifax. The body has been taken to Annapolis Royal, her girlhood home for burial.

EDWARD BARTEAUX

The death occurred at the V. G. Hospital, Wednesday, of Edward Bartheaux, of Smith's Cove, Digby Co., aged 75 years. Thursday the body was forwarded by train to Smiths Cove for interment and was accompanied by O. C. Jones, son in law of the deceased.

Mr. Stanley L. Marshall had the misfortune to loose a big horse last week.

Mother

Give Sick, Bilious Child

"California Fig Syrup"

"California Syrup of Figs" is the best "laxative physic" to give to a sick, feverish child who is bilious or constipated. Directions for babies and children on bottle. They love its fruity taste. Beware! Say "California" or you may not get the genuine recommended by physicians for over thirty years. Don't risk injuring your child's tender stomach, liver and bowels by accepting an imitation fig syrup. Insist upon "California".

Town of Bridgetown

Bridgetown, N. S., February 23rd, 1921

To his Worship the Mayor and Councillors of the Town of Bridgetown, N. S.:

Gentlemen:

We beg to report that the books of the Clerk and Treasurer have been carefully checked by us and found to be correct and neatly kept.

Vouchers for all items of expenditure have been exhibited, examined and found in order.

We submit herewith Balance Sheet showing total receipts and expenditures under various headings, together with statement of Assets and Liabilities.

The books of the Clerk and Treasurer are in our opinion obsolete and we cannot too strongly recommend that they be replaced at the earliest possible date by a new set, loose-leaf preferred, and a more modern system of book-keeping adopted.

Yours respectively,

A. F. LITTLE
W. D. LOCKETT
Auditors.

TURNIP SEED GROWING AND COST OF PRODUCTION

(Experimental Farms Note)

At the Dominion Experimental Farms, Nappan, in 1919, one half acre of Marcell swede turnips was sown on July 12th to supply stocklings with which to carry an experimental breeding and cost of production of swede turnip seed in 1920. These were given the same field culture as an ordinary crop of turnips with the exception of thinning the roots only 6 inches apart. These were harvested on Nov. 10th, at which time they were carefully selected, only true roots to colour and type and free from roughness, rootiness and disease being reserved. In pulling, the earth was shaken from the roots but otherwise the root system was left as intact as possible. The tops were carefully removed with a knife about three inches from the crown and in such a way that the crown was left unharmed. Roots for seed, harvested as above, stated as a rule produce a single seed stock only while those with injured root systems and mutilated crowns, develop several. As the most vigorous and productive seed is produced from the former, it pays the seed grower to take particular care in harvesting his stocklings. After pulling and harvesting, the stocklings should be placed in small piles and left for a day or two in the field thus affording them a chance to sweat before going into the pit which is so essential for the maintenance of a low temperature therein. (If the nights are very frosty the piles should be protected from covering of tops.) Select the site for the pit on a well drained, sandy knoll which should be as exposed as possible. In removing the stocklings to the pit they should be handled as carefully as possible to avoid bruising or breaking of the roots and crowns. They should then be carefully built up in a triangular pile on the surface of the ground, four feet wide at the base, and three and a half feet high, care being exercised to discard the damaged and undesirable roots that may have been missed in the first culling, and to build the outside side of roots with the tops facing the outside, thus affording an even surface for covering. Ventilation should be afforded by placing an inverted trough 5 inches deep through which outlets should be cut into which upright ventilators 1/2 inches square constructed of boards are set every ten feet apart from the roots to pass along the trough and out the ventilators. The pit is then covered with six inches of coarse straw which is held in place by a covering of earth, excavated fully four feet from the side of the pit. Thin sods placed around the base of the pit through the openings of which air passes is conducive to better ventilation until the second covering is put on, which should usually be about Dec 1, when steady cold weather is likely to prevail. This covering should be the same as the first with the exception of the earth coating which should be increased to from 4 to 8 inches. At this time the upright ventilators should be stuffed with straw the trenches excavated for covering purposes should be provided with drainage and not allowed to fill up with water. Stocklings pitted in this way during the exceptionally cold winter 1918 and 1919, came through in perfect condition. The stocklings were removed from the pit and planted out on May 8, on a field that had been manured and plowed the previous autumn, in rows three and a half feet apart opened with the plow. The stocklings were placed in an upright position against the landside of the furrow so that their crowns were about level with the surface of the ground, covered and firmly tramped. Too much emphasis cannot be placed on covering and tramping the earth about the roots as it both helps to conserve the moisture within the root, aids in a quicker root hold and prevents the uprooting of the plant by the wind when the seed stalk is at its maximum height. Cultural operations for the eradication of weeds were discontinued when the seed stalks were cut when the pods were turning brown in colour and tied in small bunches on canvas on August 18th and 19th. The bunches were then removed to the lawn and spread out carefully in rows, and left to dry until they were ready to thresh on Aug 25th. The seed was beaten out with sticks on canvas and spread out to dry after being re-cleaned, 1255 pounds of seed being produced.

The following is the cost of producing sufficient stocklings to produce one acre of seed turnips which yielded 1255 pounds of seed. Rent of land @ \$15.00 per acre \$22.50. Manure 1-3 of 20 tons @ \$3 \$30.00. Planting \$24.92. Cultivating, thinning and hoeing \$32.35. Harvesting \$55.21. Treeshing \$40.50. Cleaning seed \$9.90. Total cost \$273.07. Total production 1225 pounds. Cost to produce one pound 21.8 cents.

R. D. L. BLIGH,
Assistant, Nappan, N. S.

WHAT THE UNITED FRUIT COMPANIES HAVE DONE FOR DUSTING

When the United Fruit Companies first became interested in dusting the only material available and on sale was 90-10 Sulphur Lead Arsenate Dust at the exorbitant price of \$11.50 per 100 lbs. This made the cost of thorough dusting around \$40.00 per acre or prohibitive to the average apple grower.

After inquiring into conditions, The United Fruit Companies purchased a quantity of lead arsenate and Superfine Dusting Sulphur and a mixing machine. 90-10 Sulphur Lead Arsenate was sold by The United Fruit that year, 1919 for \$7.00 per 100 lbs and at the end of the season it was found that the Sulphur mixing account showed a very handsome profit. This showed the exorbitant profits being made by concerns charging \$11.50 per 100 lbs for an article which gave on the whole inferior results, as proved by the fact that the cleanest crop of apples in the Annapolis Valley in 1919, that of C. N. Roscoe of Centreville, was dusted throughout with United Fruit Companies' Dust.

With the development of Sanders Copper Arsenic Dust The United Fruit Companies saw in this a superior article and backed it with their resources and reputation. The result is that they are now furnishing superior to Sulphur Dust in giving clean fruit, cheaper than liquid spraying and very little more than half as costly as 90-10 Sulphur Lead Arsenate.

Realizing that the Dusting Machines on the market in 1920 were at best very crude, an attempt was made to induce the manufacturers to improve. As more dusters were demanded in 1920 than could be built and the manufacturers refused to make any extensive changes in design the Lloyd Manufacturing Company were approached—and a tentative model built. From this around 100 machines are now being built in Kenville which excel the machines here before on the market in the following respects:

1. The fan is equipped with side plates thus insuring higher pressure. The United Fruit Company Duster gives 12 inches of water pressure, almost three times that of any competitor.
2. The bearings are built to stand 10,000 revolutions per minute more than twice what is safe on other machines heretofore on the market.
3. No brushes to clog and gum up with Copper Dust.
4. No chains to rattle and work.
5. Solid iron frame which is immediately stronger than most light weight metals.
6. A larger hopper than any machine on the market.

WORKING FOR NOVA SCOTIA

Nova Scotians take their woods and rivers, hills and lakes and their tourists for granted, considering that natural beauty and historic attractions are the sole factors in developing an extensive tourist trade, but the New Englander considers this traffic as a business proposition and has organized to develop it on lines that will yield far reaching returns.

It is asserted that business men in Boston alone profited to amount of \$5,000,000 in one year solely through its advantage as a convention and travel city.

Halifax is to have a number of large conventions in 1921, beginning with the Canadian Good Roads Association in May, followed in July by the Canadian Medical Association and others. A number of conventions are also being held at other points in Nova Scotia.

The time is opportune for us to encourage visitors to come here and render such efficient service as will enable the visitor to not only enjoy his visit but carry away with him a friendly feeling. The psychology of the visitor to Nova Scotia should be a matter of careful study that both in a tangible and intangible way the community may benefit.

In line with this idea the Halifax Board of Trade have been for some time active in gathering data, and it is later their intention to convene a conference of all interested, so that the tourist field may be developed on lines that will yield far reaching returns.

Mr. Saunders, Secretary of the Board of Trade, circulated a large number of enquiry sheets, which are being in daily, containing a vast deal of important information, and will appreciate suggestions and information from all interested in this trade.

Tourist traffic to Nova Scotia, properly developed, should be one of our prime industries. It means millions of dollars every year scattered throughout the country.

Hantsport Rebekahs Enjoyed a Trip To Truro Recently

(Special to the MONITOR)

On Thursday, Feb 17th, the Grand team of "Helping Hand Rebekah Lodge," No. 4, I. O. O. F. about twenty-four in number, took the morning train for Truro, where in response to an invitation from Diamond Rebekah Lodge, No. 15 they put on the degree work for that Lodge and initiated five members during the evening. After the ceremony a substantial lunch was served and the lodge and their guests spent the remainder of the evening in a social manner until it was time to disperse. The visitors were pleasantly and hospitably entertained by the sisters of the Truro Lodge. It is quite a coincidence, that about half a dozen members of the present degree team of Helping Hand Lodge, were members of the original team, which visited Diamond Lodge, and put on degree work just 2 1/2 years ago. Showing that Helping Hand is about to celebrate its fifteenth anniversary it is still going strong with a large membership and plenty of interest. It is agreed by all who went that this was one of the most pleasant visitations the Lodge has ever made. The work of Mrs. Regia Masters, the Master of the team, is worthy of great commendation, while Miss Dorothea Bradshaw and very little more than half as costly as 90-10 Sulphur Lead Arsenate.

A PASSAGE AT ARMS

(From the Boston Transcript)

A newspaper man calling at the barracks learned that the captain he had been sent to interview was in bed asleep.

"Is there no way of getting at him?" asked the newspaper man.

"No," replied the humorous guard, "he is now a retired officer."

"Smart, aren't you?" said the other.

"No," was the reply; "Smart's on the retired list, too, I'm Brown."

BIG CUT IN PRICE OF WOOLLENS

American Woolen Co. Announces Reduction Ranging From 45 to 50 Per Cent.

NEW YORK, Feb. 24—The American Woolen Company, the largest producer of wool goods, has named prices for the fall of 1921 on a price ranging from 45 to 50 per cent below price levels of last Autumn.

The dress goods lines included many women's coatings, while the overcoatings included nearly 75 per cent of fancy back goods against 25 per cent of staples. A women's wear serge that was priced at \$3.79 1/2 a year ago was priced at \$2 for the coming season. Products were offered for delivery through July only, and prices were guaranteed until September 1.

Buying in dress goods was more active than in men's wear overcoatings. Owing to the strike among New York clothing operatives the buying of men's wear is not up to the normal. Prices appeared to be satisfactory to the jobbing trade.

A REAL LIVE TESTIMONIAL

Given to Professor Hamilton, of Hampton, N. S.

Woods Harbor

To Professor Hamilton
I want you to put my testimonial with others who have been cured by you. Have a boy 18 years of age and now in France who had a touch of Appendicitis and for some time took a very severe attack. His suffering was intense for forty nights, tried every available thing but operating as our doctor advised, but felt that it was too weak to go through an operation and live so I sent in haste for Professor Hamilton. He arrived at 12 at night. He commenced treating him and in one hour the pain left and the boy went to sleep so the Professor got ready to leave telling me to keep him in bed a few days and follow directions and then he could get up again and eat solid food so with one treatment our boy was cured. It is four years since and he has felt no effects of his former trouble. I know another lady neighbour of ours that the Professor cured of the same terrible appendicitis.

MRS. ANNIE NICKERSON

GRANDPA AND GRANDMA
My grandpa wore whiskers that reached to his waist; My grandpa was wrinkled and serious faced; He walked with a stoop and a shuffle was his; For he always complained of "the dam rheumatiz"; He smoked a col pipe that was ancient and strong; He was snoring at eight, for on sleep he was long.

My grandma knit mittens and sat by the fire, As straight and as prim as the Baptist Church spire; Her hair was in ringlets; she wore a lace cap; A mountain of daring reposed in her lap. When grandpa was not feeling quite at his best, She made him herb tea and she greased up his chest.

Now grandpa and grandma go out every night, To some calaret or a pincholt fight. My grandpa's dress suit like the wall paper sets, And he dances the fox trot and smokes cigarettes. My grandma's marcelled, and she drives her own car. And her skirts are as short as her grand daughter's are.

Old age is old fashioned and has passed away— You wouldn't know grandpa and grand ma to day.

NEVER AGAIN
John Clay, of Clay, Robinson and Company, relates the following story: "I visited the old farm in Scotland, as was my custom each year, and when talking to the old Scotchman who had been a part of the farm organization since my boyhood days, I noted that he was not wearing the big fur cap with the heavy ear flaps which he had always worn in winter time.

"Where is your cap, Sandy?" I asked. "My cap, men, why ha na wore it since the accident."

"Accident, I said, I had not heard of any accident."

"Ah, yes, it was when McGregor came over, and we went together, and he asked me to have a drink, and I didn't hear him."

BELLEISLE CO. ENTERTAIN GUESTS

Mr. A. E. McMahon, Manager of the United Fruit Companies, the Speaker of the Evening

On Thursday evening, Feb 24th the Directors and members of the Belleisle Fruit Co., with their wives and lady friends enjoyed a supper and social evening in Belleisle Hall. A very lounifitl supper had been provided by the ladies under the management of Mrs. H. W. Bent, wife of the manager of the Co. A. C. McMahon, of Kentville, who is manager of the United Fruit Co., with his wife were invited and were also present. After supper had been served to about 70 persons present, the meeting was called to order by the manager of the Belleisle Fruit Co. H. W. Bent who introduced Mr. McMahon as speaker for the evening.

McMahon in his usual pleasing manner gave a very interesting and instructive talk concerning the business of the United Fruit Co showing how in every way they were working for the interest of all concerned. He spoke especially of the efforts made during the war to market the fruit to the very best advantage. He also gave some valuable information concerning spraying. At the close of the meeting a hearty vote of thanks was extended to Mr. and Mrs. McMahon and a cordial invitation to visit Belleisle again. The meeting closed by singing "God Save Our King."

LAWRENCETOWN

Reward

Any grower who dusts his orchard this season will be amply rewarded. The buyers intend making a big difference in the price of dusted or sprayed orchards and those that are not. By using the Niagara dusting machine and dust you can grow more apples and better apples than ever before. The Niagara Duster has been on the market for 10 years so it has passed the experimental stage. It is built by men who by their ten years' experience are entirely familiar with the requirements of a successful machine for dusting purposes. The Niagara is so perfected that it practically runs itself and will take less power to operate it than other makes of machines! Better book your orders now with

S. S. PRINCE ARTHUR AGAIN IN SERVICE

Has Returned to Yarmouth Route--Renovated While Up at Yarmouth

YARMOUTH, March 9th steamer Prince Arthur, Capt. Alvin Simms, of the Boston mouth Line, arrived from Boston at seven o'clock yesterday morning on her first trip of the season and brought sixty-seven passengers and a large cargo. This which has been tied up during winter months, has undergone very extensive repairs and renovation which allows it to take up the service in splendid condition. Owing to the weather, however, the steamer has not been com-

but the interior presents a pretty picture with its white and beautifully polished deck. On her return last night she took away over two hundred cases of fish for trans-shipment to Havana markets, 200 cases New York, 220 cases fresh fish Boston and New York and 600 packages of live lobsters are selling this week in Boston forty dollars per crate.

THE ANNAPOLIS COUNTY RELIGIOUS EDUCATIONAL COUNCIL

A special meeting of the Annapolis County Sunday School Association was called on Tuesday, March 8th, at the Am House, Middleton, to meet General Secretary, Rev. W. Ross of Moncton.

The following were present: J. B. Hall, Pres., Rev. Mr. P. son, Rev. Dr. Hutchins, Rev. A. Swetnam, Dea. I. J. White, Mr. O. E. Robinson, Mr. Armstrong and Mrs. Saunders.

Meeting opened with prayer by Dr. Hutchins, after which General Secretary explained new constitution of the Religious Educational Council. Following discussion it was passed that the county the new name "Annapolis County Religious Educational Council" be adopted, taking

effect from the 1st of April.
