REBELS PREPARE TO MARCH ON TAMPICO

Pending Arrival of Munitions, Mexican Insurrectos Have Suspended Aggressive Operations, But Heavy Fighting Expected Soon—Tampico's Fall Necessary to Rebel Success.

MEXICO CITY, Feb. 8.—President Huerta has succeeded in the past week, without much fighting, in reopening the lines of communication to Tampico and Laredo and between Santillo and Torreon. This apparent advantage is explained to some extent by the fact that the rebels have received instructions to cease operating in small bands in those districts, where they had been persistently cutting the lines, and join the concentration movements near Torreon, the middle districts, and about Tampico, on the gulf coast.

The indications are that there will be a lull in the military operations until the rebels have supplied themselves with additional arms and ammunition, which are now available from the United States, and that when Gen. Carranza and Villa and other rebel leaders have completed their preparations for an advance, several important engagements will be fought.

In the Isthmus of Tehuantepec, and in the adjoining regions extending north, both east and west of the capital, numerous rebel organizations are operating, but the interest in their campaigns has grown less.

To Centre on Tampico. The opinion is held here that the rebels in the north now on will direct their energies along two lines of campaign, one looking to the capture of Torreon, Zentecua, Aguascalientes and other towns in their path to the capital, and the other to the capture of Tampico, with Monterey and San Luis Potosi as secondary objectives.

Railways extend from Tampico to both Monterey and San Luis Potosi, and the possession of this port would make the direction of the campaign against these two towns and their subsequent occupation much simpler for the rebels. Gen. Huerta, however, is prepared to use all the gunboats in the gulf to assist in the holding of Tampico.

Keep Railway Lines Open. The railway lines extending to the north, the west and the northeast of the capital are regarded as only second in strategic importance, because over them is brought almost daily the capital's food supply. The lines to Vera Cruz are not so important in this respect, as they are chiefly valuable for the transportation of imported supplies. The most interesting and perhaps the most important of these is the line to Tampico.

WILSON IS NOT DISLOYAL TO PLATFORM

It Now Appears That Exemption of U. S. Vessels From Panama Tolls Was "Put Over," by Minority—Policy, Now Repudiated, Denounced as "Heretic Doctrine."

WASHINGTON, Feb. 7.—The provision favoring free passage for American ships thru the Panama canal was injected into the Democratic platform without the knowledge of the majority of the resolutions committee at the Baltimore convention, according to the assertion today of Representative Adamson of Georgia, chairman of the interstate and foreign commerce commission. He had met but three or four members of the convention, he said, who knew of the existence of the tolls plank before the platform was promulgated.

Branding the tolls exemption provision as "heretic doctrine" Adamson issued a statement today paying the way for congressional debate on a repealing bill to be introduced in accordance with the determination of a President Wilson that the United States should recognize the claim of Great Britain that exemption for American ships is in violation of the Hay-Pauncefote treaty.

A Minority Provision. Senator O'Gorman, who will fight the repeal provision in the senate, and Representative Broussard of Louisiana, the senator-elect from that state, were members of a sub-committee at Baltimore, which wrote the tolls exemption plan into the platform. It was done, it was stated today, without the consent of a majority of the full committee or Secretary of State Bryan, chairman of the resolutions committee.

"I am not at all troubled about the cry," said Representative Adamson, "that repealing the exemption violates the Democratic platform. A subsidy is not a cardinal doctrine of the Democratic party. In fact that exemption is a contradictory interpolation into an anti-subsidy plank in the platform and is utterly void. The method of its insertion was an act of gross misrepresentation among well informed people. Under a general idea of approving what a Democratic congress had done certain members of the house and senate, who were on that committee, were permitted to interject that heretical provision on the idea that they were asserting approval of what Democrats in congress had done, when in fact a majority of more than 20 Democrats in the house, voted against the exemption."

NO TRIP FOR PRINCE.

LONDON, Feb. 8.—A statement has been issued from Buckingham Palace denying the report published yesterday that the Prince of Wales, accompanied by Prince Albert and Sir John Anderson, would begin a tour of the overseas Dominions in August.

Such a tour at the time indicated is entirely out of the question.

WASTE OF THIRTY MILLIONS IN EASTERN DIVISION OF N.T.R. HOUSE MAY GET REPORT TODAY

Evidence of Graft, if Any, Will Probably Be Withheld and Emphasis Laid on Incompetent Engineering and General Extravagance—Fear to Injure Credit.

(Special to The Toronto World) OTTAWA, Feb. 8.—Hon. Frank Cochrane, minister of railways and canals, will probably present to the house tomorrow the long-looked-for report of F. P. Gutelius and George Lynch-Staunton respecting the construction of the eastern division of the National Transcontinental Railway between Moncton, N.B., and Winnipeg.

THIRTY FIREMEN BARELY ESCAPED

Explosion in Huge Grain Elevator at Chicago Imperiled Lives—Loss Close to Millions.

CHICAGO, Feb. 8.—Thirty firemen had a narrow escape from death in the blaze which early today destroyed a big grain elevator owned by the Armour Grain Co. Twenty minutes after the fire was discovered and when it was believed to be under control, an explosion occurred, and for a time all the firemen in the building were given up for lost. All escaped, however, although a number were overcome by smoke and had to be carried out by comrades.

EARL OF DERBY WILL NOT SELL HIS ESTATE

Bluff Called by Baron de Forest—Says Offer Was Misrepresented.

LONDON, Feb. 8.—The Earl of Derby has declined to sell to Baron de Forest his Bootle estate in the suburb of Liverpool, as at one time appeared likely, on the ground that the Baron had wilfully misrepresented the terms of his offer.

Recently in a contribution to the land enquiry committee's report Baron de Forest cited the Bootle estate of the Earl of Derby as a striking example of unearned increment. The property, which was purchased in 1724 for \$35,000, he estimated to be worth between \$15,000,000 and \$20,000,000 at present.

Lord Derby declared that the estimates were grossly excessive, and said he would sell the Bootle estate to Baron de Forest for \$7,500,000.

C. N. R. MAY GET DOMINION LOAN ON SECURITY OF COMMON STOCK

Rumor Says Company Will Deposit Stock in Ratio of Two to One Par Value—Loans to C. P. R. and G. T. P. Cited as Precedents.

(Special to The Toronto World) OTTAWA, Ont. Feb. 8.—It is reported, although direct confirmation is lacking, that parliament will be asked at the present session to authorize a loan to the Canadian Northern Railway Co., which will be secured by a deposit of common stock in the ratio of two to one, par value.

The legislation will not be without precedent. Some years ago the Dominion Government made a loan of thirty million dollars to the Canadian Pacific Railway Co., and two loans of ten million dollars each to the Grand Trunk Pacific Railway Co. were authorized in 1909 and 1913 respectively.

SERIOUS WOUND WAS NOT FATAL

Penatang Boy, Torn by Shotgun Discharge a Month Ago, Rallied and is Well.

A most remarkable case of recovery, according to physicians, is that of 10-year-old Francis Cushman, of Penatang, who, over a month ago, while shooting in the woods near his home, discharged the contents of a shotgun into his side. He was brought to Toronto to St. Michael's Hospital, where it was found that he had a wound in his side large enough to thrust one's hand into. The hip bone was splintered with shot, and part of the intestines torn away.

SERIOUS RIOTS AT BARCELONA

Attempt to Kill Ex-Governor Ended Life of Citizen in Attacked Automobile.

BARCELONA, Feb. 8.—An attempt was made today to kill Senor Ossorio Callardo, who was governor of Barcelona at the time of the disorders in 1909. The ex-governor escaped, and in his stead, an inoffensive citizen was shot dead.

A great mob gathered outside the building, and in spite of repeated charges of the police forced their way to an automobile in which it was supposed the ex-governor was riding. A volley of revolver shots directed at the machine, and when the body of the victim was taken out it was found to be that of a civilian. In the meantime Senor Ossorio-Callardo drove off by a roundabout route.

WAS HANDCUFFED AS HE WALKED THE STREET

Ralph Hardie, Suspected of Many Burglaries in Parkdale, Taken Into Custody by Detective Jarvis Before He Had a Chance to Put Up Much of a Fight.

Believed to have engineered and perpetrated many of the recent shop-breaking and burglaries in Parkdale and the western section of the city, Ralph Hardie, 19, of 72 Dundas street, was arrested on West Queen street by Acting Detective Jarvis of No. 6 station at 10 o'clock Saturday evening. The specific charge on which Hardie is being held is that of having broken into the shoe store of H. Goldstein, 1642 West Queen street, a month ago. He is said to have robbed the cash register, besides getting away with a gold watch and chain, and a quantity of goods from the store.

The arrest is the culmination of nearly a month's hard work on the part of the west end detective, in connection with the series of burglaries in the district. With absolutely no clue on which to work, he eventually succeeded in getting his man. The first trace of the criminal Detective Jarvis got in a pawn shop, where Hardie had endeavored to sell the watch and chain. The pawnbroker did not know the name of the party who called on him, but when shown a photograph of Hardie, unhesitatingly stated he was the man who attempted to sell the watch.

For two weeks after that occurrence Jarvis could get no track of the man he was after, but finally, from information got in Hardie's old haunts, learned that he, with two other men, had set out for the southern states immediately after the date of the burglary. The detective traced them to London, Ont., and again lost track of them. Scanning the London papers, he read an account of a restaurant brawl, in which three young men, falling to beat the restaurant keeper out of their meals, set upon and beat him up badly. The account further stated that in the fight which ensued with the police, two constables were roughly handled. Knowing the ways of the gang he was after, Jarvis fully believed this to be some of their work, and when he caught his man on Queen street, had information ready to send to London for the detention of the three men.

Taken by Surprise. The detective first saw his man while riding on a street car. Hardie was at the time walking westward on Queen. Jumping off the car, Jarvis ran up behind him and handcuffed him before Hardie knew he was caught. There was a brief struggle, but it was soon over, and Hardie safely lodged in No. 8 station. When searched he had in his pocket a clipping from the "Sun" paper giving a full account of the restaurant fight in which he was involved.

More arrests are likely to follow in the same case, and additional charges probably will be laid against Hardie.

MAY NOT VOTE

Unionists Consider Desperate Expedient to Prevent Home Rule Becoming Law.

LONDON, Feb. 8.—It is reported that the latest Unionist device to force a dissolution of parliament and thus defeat the measure providing for home rule for Ireland is for the houses of lords to reject the annual army budget bill. If this were done the army would cease to exist, and the government would be compelled to appeal to the country.

It is believed that such an extreme course is hardly practicable, and the milder suggestion is said to be favored of amending the bill in such manner as to put the army out of existence in Ireland alone, and thus prevent it being employed to coerce Ulster.

TORONTO MAN TO GET IMPERIAL DECORATION

George Hillier, Caretaker at Osgoode Hall, One of Three Honored.

GALE HINDERED FIRE FIGHTERS

Houses on Claremont Street Burned When Blaze Started in Mrs. Omar's Grocery Store.

Fire, caused from an overheated chimney flue, did damage to the extent of over \$5000 early this morning, to Claremont street residences. The blaze started in a grocery store at 128, owned by Mrs. Omar, and from there spread to numbers 130, 132 and 134, occupied by John Bousfield, Charles Lawrie and James Lewis. With the high wind fanning the flames, the fire brigades had a stiff battle before the flames were finally subdued.

The fire was first discovered by an accident smoke, raised the alarm. A constable of No. 3 station sent in the fire alarm, and within a few moments half a dozen reels were on the scene. The grocery store was practically demolished, and the damage here in building and contents will amount to nearly \$2000. No. 132 also suffered severely by the flames, and the damage to building and contents is estimated at \$1500. The upper part of No. 134 was practically the only part of this building touched, but a good portion of the contents were damaged by the water.

HAIRY HINDERS

Furs Reduced Below Cost to Clean.

With every prospect of a spell of severe weather, the opportunity of buying furs at from 20 per cent. to 50 per cent. off is certainly enticing. Dineen's, 140 Yonge street, have just taken stock and have decided to make the most sweeping price concessions in all fur pieces and fur garments. They carry nothing over. An early visit will ensure enormous values.

MEXICO CITY PREPARES FOR IMPENDING ATTACK

Y.M.C.A. Building Likely to Be Strategic Point in Clash.

MEXICO CITY, Feb. 7.—Preparations for establishing interior defenses without loss of time, should it become necessary, were made today by officers acting under instructions from the war department. A careful inspection was made of the Young Men's Christian Association building, the roof of which overtops the arsenal, and which was a contested point last year ago. Similar inspections have been made of many other high buildings on a few of which small detachments of soldiers have been stationed.

Have Appeared in London. Five of the six stars in the all-star cast appearing in "Pine Feathers" which is to be seen at the Princess Theatre this week, have appeared in London on several occasions and won the praise of the British reviewers. These are Robert Edson, Wilton Lockyer, Max Figman, Rose Colman and Florence Rockwell. They will all appear in the one cast of "Pine Feathers," and there are doubtless a number of people in Toronto who saw these actors in London on some previous occasions.

THE POWER HOUSE SPECIAL! Steam Engine...
1, Toronto.

ELORA, Ont. Feb. 8.—(Special).—About 6 o'clock this afternoon fire broke out in the factory of the Elora Textile Company, a new firm, lately established. The firemen were somewhat handicapped on account of the high wind and extreme cold, but by heroic efforts managed to get the flames under control. Damage to the extent of \$3500 was done to the building and contents. Loss fully covered by insurance.

'TELY' BUBBLE BURST

Other District News—Death of G. H. Walters—Meetings and Concerts.

"You need never expect to find anything like the above in The Telegram, as it has crucified every labor man that has ever been elected to a public office," said Controller James Simpson at the meeting of the British Imperial Association, in Earls-court Public School, Saturday evening.

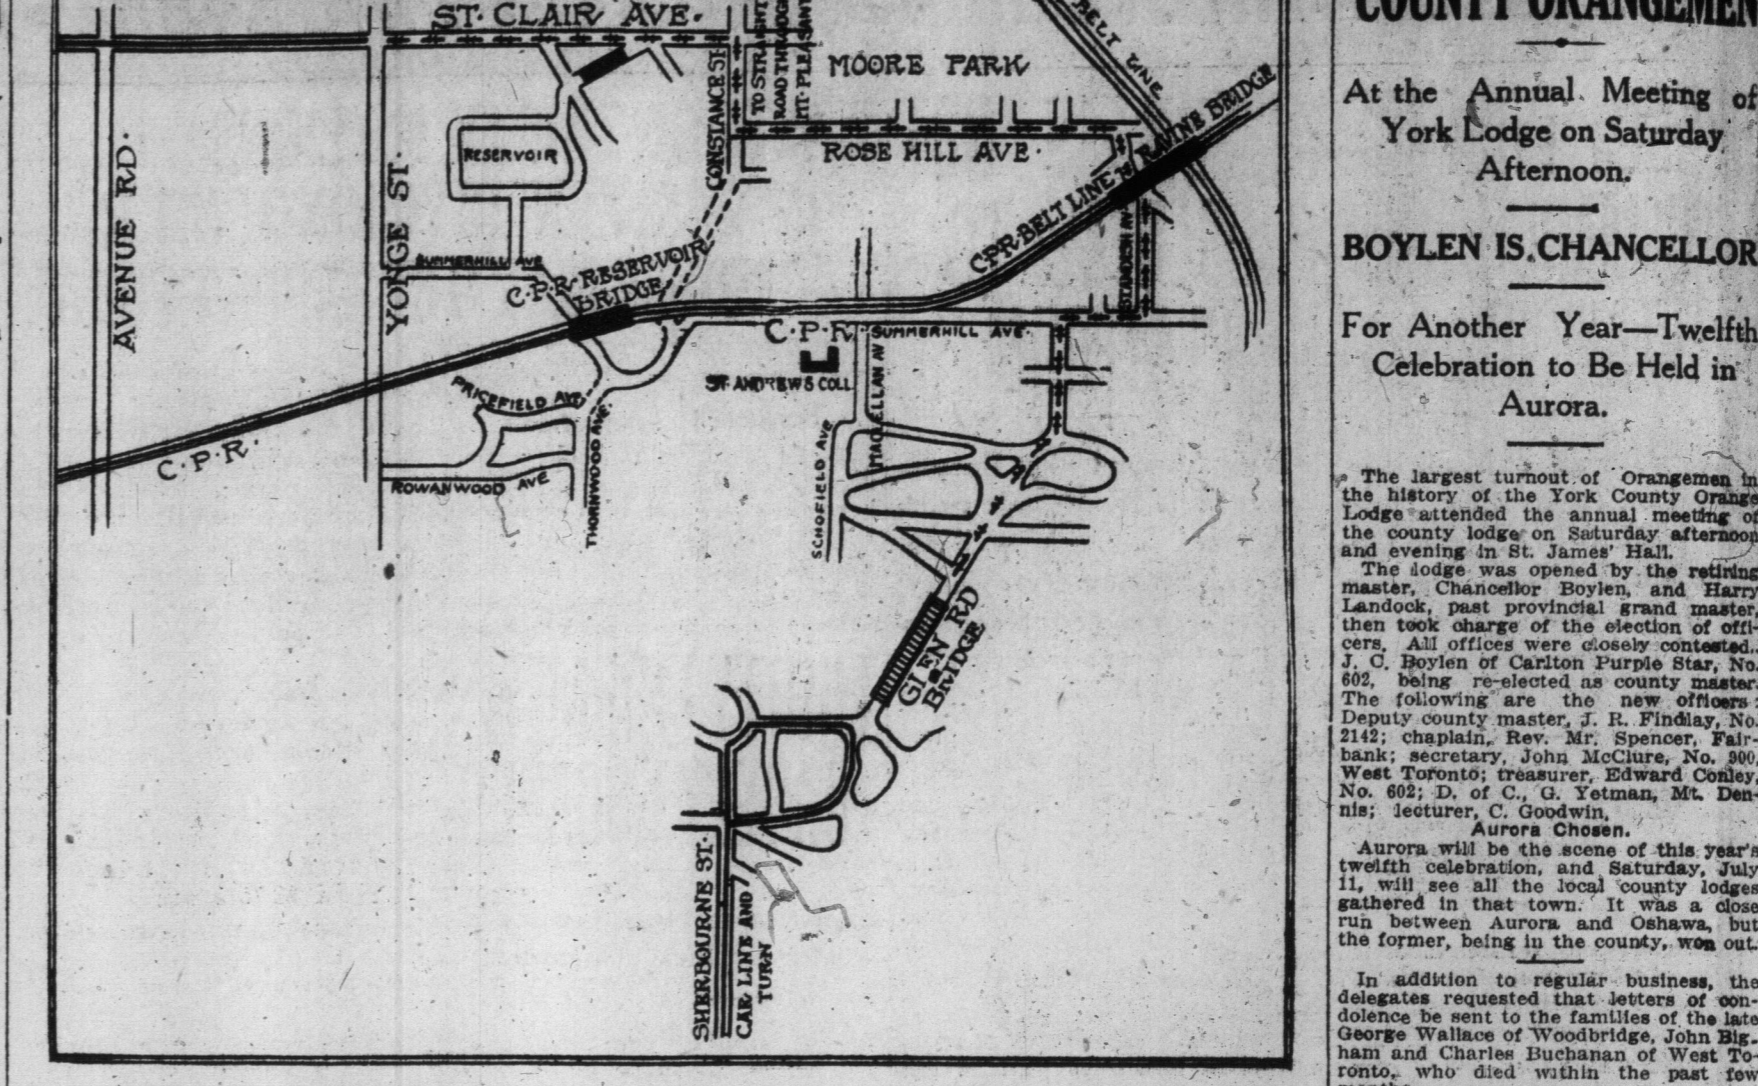

This remark was elicited from the controller by the item in a recent issue of The Telegram, headed "The Italian Club," in which the Italian Club had been mentioned as the Italian Club that Italian workers were better than English workers. When this item was read, especially those residing in the Earls-court district, they became highly indignant.

On Saturday morning a wagon containing a large lot of goods was overturned by the force of the wind on the corner of Lansdowne and Davenport roads, blocking the traffic for some time.

According to the report of the engineer for the E. B. Law Contracting Company, the St. Clair avenue bridge is in such a state of disrepair that no matter how great a flood comes in the valley, the piers and abutments will remain intact.

The annual banquet of the North Toronto volunteer fire brigade takes place this evening at the Windsor Hotel. The event is the work of the North Toronto Fire Club. At present the committee of the city council have been invited, and the affair promises to be a success.

North Rosedale, Moore Park, East St. Clair Avenue Improvements

The above map shows the latest plan for giving a street railway service to North Rosedale and Moore Park. But more than that, the map shows other important proposals bearing on the welfare of all the country north of the C.P.R. tracks and east of Yonge street, including the construction of a new straight road thru Mount Pleasant Cemetery.

NEED ACCOMMODATION

Passengers Treated Like Cattle—Deputation to Premier Borden.

The Metropolitan Railway Company and the city council were severely criticized by Reeve W. H. Pugsley of Richmond Hill at the last sitting of the county council on Saturday, principally regarding the state of affairs that exists at the railway company's terminus on Yonge street.

RIVERDALE.

A recommendation for the extension of Hampton avenue, southerly to the Chester street east, is being considered by the board of works. At present the street ends at Sparkhill avenue, and there is only a vacant land between that street and Withrow avenue. The sub-committee thinks it advisable to extend the Hampton avenue from the present terminus to Logan to get to the school on Withrow and the proposed extension would do away with this.

Exhibition of Gowns Made From Ladies' Home Journal Patterns

Displayed by Madame Broloski on Living Models

TO BE ABLE TO MAKE A DRESS which does not look home-made—this is surely the ambition of every woman who makes her own frocks, whether she makes them at home or at a school for dressmaking, and what would she not give for the secret! In this exhibition, which will be held in the Dress Goods Department, she may not only see perfectly-fitting gowns, embodying the latest modes, all made from the Ladies' Home Journal patterns, but she may obtain many valuable hints from Madame Broloski, who is a Fashion authority thoroughly well posted on the subject of dress and a member of the staff of that very up-to-date paper, the "Criterion of Fashion."

Madame Broloski will give general fashion talks, and her vast experience will be available in the matter of much practical individual advice.

The exhibition will take place daily from Tuesday to Saturday, from 10 to 12 a.m. and from 2.30 to 4.30 p.m. —Second Floor.

In Conjunction With This Exhibition A Special Display of Dress Goods and Suitings Will be Made

THE MATERIALS USED FOR THE CHARMING DRESSES exhibited will be given a prominent place, and may be seen in all the season's charming new shades—a perfect wealth of delicate sweet pea tones running the whole gamut of blues, yellows and greens.

Crepe and check materials are prominent among the suitings. Gabardines, many fancy cord and ratines, all in fascinating new weaves, will also be features.

Noteworthy Among the Silks

Lately arrived are the most delightful weaves in flowered silks of many kinds, also brocades in some cases, exhibiting handsome designs in shimmering shaded metallic threads. Printed ripple crepe, floral crepe de Chine, crepe damask, faconnes, printed radiums, Chine silks, damask mousselines, satin mousselines, etc., are among the most prominent weaves. —Second Floor, Albert St.

Blouses Which Are Taking the Fashionable World by Storm

Two New Models Designed by Paul Poiret

PERHAPS it was his visit to America that gave M. Poiret the idea of the cowboy collar, but whatever the origin, the popularity of the pictured blouse is assured, and New York has already succumbed to its manifold attractions.

Carried out in white crepe de Chine, with the new deep Raglan sleeves, set-in with hem-stitching, another noteworthy feature about this blouse, one which cannot be fully seen from the sketch—is the girdle. The chintz-patterned silk is set in to the back, its bib-like point reaching the point of the collar, and follows the line of the sleeves down to the waist, where it ends in a sash that can be fastened as in the sketch, or can be brought to the back and there held by a pearl slide. An elastic-threaded band round the waist ensures the keeping in place of this smart little garment. It can be obtained with collar, cuffs and girdle in tan and green, blue and green and purple and green, at \$13.00.

The same design developed in that soft white Egyptian cotton crepe with an openwork design is procurable with collar, cuffs and girdle embroidered in cerise and green, at \$10.50; also girdle, collar and cuffs of lawn, embroidered in the modish bright orange, at \$11.50.

A most fascinating model is the corslet blouse—evidently inspired by the corslet of the mailed knight of the Middle Ages. The plain front is finished by way of a collar, with a band which stands slightly away from the throat and is becomingly filled in with a lace frill, but the chief feature is the quaint cut of the sleeves with their deep bound armholes, laced with silk cord to the corslet, both back and front.

A charming example is carried out in soft white cotton crepe, embroidered with mauve and tan flowers, finished at the waist with a ribbon girdle in shot mauve and tan silk. A touch of the same silk appears on the three-quarter sleeves. This, as well as a similar confection in yellow and green, embroidered crepe with washing silk bands at neck and armholes and a green ribbon lace girdle, is \$10.00. —Third Floor, Yonge St.

ALL RED CIRCUIT FOR GOOD PLAYS

Martin Harvey Has Propaganda for Globe-Circling Tours.

WILL PLAY SHAKSPEARE

He is Regarded as Foremost Exemplar of the "New Way."

While he spent a few hours in Toronto last night, en route to a series of western Ontario engagements, Martin Harvey, the noted English actor, chatted interestingly to a World reporter of his new propaganda for an "all-red" globe-girdling theatrical circuit. It is the object of the British-Canadian Theatrical Organization, thru which Mr. Harvey's present tour has been arranged, to unite the theatres of Canada, Australia, New Zealand, South Africa and India, so that a company leaving London can make the complete around-the-world tour, playing continuously under the British flag. At present the organization has offices established in London, under the management of Carl Leyel, and in Montreal with William Hollis, as representative. "Not Satisfied," "We, in England," said Mr. Harvey, "are not satisfied with the conditions

ARMY OF "GUNMEN" FOUND IN GOTHAM

Hundreds of Weapons Confiscated as Result of Determined Raids.

NEW YORK, Feb. 8.—Revelations of the great number of gunmen and desperate characters that infest the city were made today to Magistrate McQuade, in police court by Police Commissioner McKay's "clean-up" squad. This squad, under the direction of Commissioner McKay, has been waging war against gangs in all sections of New York, where these outlaws are active.

Warfare began as a result of the recent gun fights among gunmen on the streets of the lower east side, in which several persons were shot and one man killed. The result so far has been that in the last 21 days 326 revolvers and 57 blackjacks have been confiscated. Besides this the squad has raided 18 alleged gambling places, made three arrests for larceny, captured one outfit of burglar tools and recovered thousands of dollars' worth of stolen property.

These details came out when prisoners taken in a raid today on a Chinese opium joint were arraigned before the magistrate.

MEXICAN AVIATORS RECALLED

VERSAILLES, Feb. 8.—Seventeen officers of the Mexican army who have been studying aviation here received orders by cable today to return to Mexico on the first steamer and rejoin their regiments.

JENNY LIND.

It was Jenny Lind, the Swedish night-ingle, who was the first to strike the popular chord "Home, Sweet Home." She was a little country girl in Sweden, and was nine years old when she attracted the notice of an actress, who sent her to the Conservatory of Music at Stockholm. At the age of ten she sang before the royal court, and later made her debut as Agatha in "Der Freischutz." Strange to say, she made a partial failure in Paris, which was followed by an enthusiastic reception in Berlin, Vienna and London. After her first triumphal tour of the provinces she distributed large sums in charity, as she did all during her long and notable life. Her engagement in the United States was made under the management of the circus man, Phineas T. Barnum, who paid her \$300,000 for one season. She married Otto Goldschmidt of Hamburg, who for many years played her accompaniment. "Home, Sweet Home" is scarcely ever sung in public that it does not recall the memory of Jenny Lind, the singer whose golden notes will never be forgotten.

"Home, Sweet Home," as sung by Jenny Lind, is to be found, of course, in "Heart Songs"—now being eagerly called for by so many of this paper's readers at its business office. Over four hundred songs in one volume—all of them favorites. Read the coupon elsewhere in today's issue—and own this song book treasure for yourself.

FELL AGAINST WALL.

By falling against the stone wall of the building at the corner of Church and Court streets, Saturday evening, W. H. Halliday of Crawford street, received severe lacerations on the left side of the head, and was rendered unconscious by the blow. He was carried into No. 1 police station and from there to St. Michael's Hospital. He was taken to his home last night.

POWER IN HAITI IN REBELS' HANDS

Zamor, Revolutionary Leader, Elected President and Quiet is Restored.

PORT AU PRINCE, Feb. 8.—Orestes Zamor was today elected president of Haiti. The revolutionary troops under Zamor occupy all the military stations. There were no disorders on the arrival of the revolutionists from Gonaves. Congress met at 2 o'clock this afternoon and elected Zamor president by a vote of 93 out of 105 ballots cast. It was announced that after the election the detachments from the foreign warships would return to their ships, as conditions were entirely tranquil.

Orestes Zamor was formerly governor of the northern department and held the portfolio of the war ministry in 1911. He headed the revolt in the City of Gonaves last January and his forces a few days later won a victory over the revolutionists under Senator Davilmar Theodore, who had proclaimed himself commander-in-chief of all the rebels.

TO STOP SALE OF WILD DUCKS.

LEAMINGTON, Feb. 8.—Forest H. Coney, president of the South Essex branch of the Ontario Forest, Fish and Game Protective Association, is much pleased with the reception of the petition urging legislation against the sale of wild ducks. Those of the petitioners sent out and have been returned, are filled up with signatures.

FIGHT FOR PRIZE BABY.

Parents Sue for Separation and Each Wants Child.

FREEMPORT, L. I., Feb. 8.—Mrs. Rufus R. Rhodes, mother of Isabella Minerva Rhodes, who won second prize a year ago at the Woodhauvt prize show, has prepared a counter-suit for separation from her husband. One of the charges she makes is that her husband, a photographer, struck her on the head with the baby's milk bottle. Rhodes served the papers in demand the custody of the child, and Mrs. Rhodes wants alimony and counsel fee besides.

Mrs. Rhodes alleges also that her husband has been visiting New York, staying out late, sometimes all night; that he has been playing cards until late; that he has been cruel to her, has assaulted her and used abusive language.

DEFECTIVE FIREPLACE.

Fire caused by a defective fireplace caused \$200 damage to the residence and contents of W. D. Dineen, at 230 Sherbourne street early Sunday morning.

QUO WARRANTO ACTIONS FAILED IN STRATFORD

Judge Barron Threw Out Cases Against Two Aldermen and Adjudged That of Third.

(Special to The Toronto World) STRATFORD, Feb. 7.—The proceedings to unseat Aldermen J. P. Rankin and D. A. McLachlan were this morning dismissed with costs. Judge Barron based his dismissal of the Rankin case on two grounds: (1) That the demand for the respondent's income tax was not legally shown to have been received by him, and (2) that the respondent's parliamentary indemnity for 1911, the basis of his income tax assessment, had not been received, and hence Aid. Rankin was not legally in arrears of taxes. In Aid. McLachlan's case the only ground of attack was that he had qualified under a wrong section of the Municipal Act. His honor held that the statutes allowed a candidate so placed to take a second declaration under the proper section of the act, and this Aid. McLachlan has done. The proceedings against Aid. Down were adjourned until Monday.

NEWS OF SPECIAL INTEREST TO WOMEN.

CLAIM THAT LAW IS NOW VIOLATED

South York Sons of Temperance Say They Can Produce Proof.

THANKS TO MR. HANNA

Resolution Passed Expressing Appreciation of Action in McConkey Case.

Four hundred members of the South York District Sons of Temperance had representation at the annual meeting held in the Frances Willard Hall, Gerrard street, on Saturday afternoon and evening.

The organization is the oldest temperance association in Toronto, being founded in 1842. In addition to the adult body there is a cadet movement which is proving very popular, three sections having lately been formed in one day in the Island of Manitoulin alone.

The meetings on Saturday were presided over by W. H. Rice, district patriarch. In the evening Mr. Hanna, who has lately made a tour of the counties of Ontario in the temperance cause, gave a short address. Mr. Hanna told of the methods resorted to by friends of the liquor traffic in order to throw the advocates of temperance off their guard and to gain their own end.

An instance was related of a scrutineer who at one of the polls stated there was a majority in favor of the Canada Temperance Act, and then told the opponents that the majority was on the other side.

Had Hurdy Gurdy. While speaking in Streetsville a week ago opponents thought to drown his voice by bringing a hurdy gurdy outside the window of the hall and this, with shouting and other disturbing noises, rose to such a point of tumult that Mr. Hanna stood if such had taken place in Toronto the originators would have been arrested as disturbers of the peace.

Out of \$4,000 crimes committed in Ontario in 1912, over 18,000 were traceable to the liquor traffic, and 75 per cent. of the crimes of Toronto are attributable to the same cause.

Mr. Hanna favors the Canada Temperance Act as the best means for legislating for temperance. This is the old Scott Act revived, whereby a majority, no matter how slight, gains the day. The act has carried in Peel and Huron, so that forty bars will be cut off.

Law is Violated. At the conclusion of Mr. Hanna's address resolutions were passed expressing appreciation of the action of Hon. W. J. Hanna in the matter of the McConkey case, the deploring that the investigation was conducted in secret, and expressing the hope that the facts be brought to light and justice done.

Also with regard to the delivery of liquor after seven o'clock on Saturday night, the members believe the law is being violated, and are prepared to furnish evidence to that effect.

The meeting also recommended that its officers take up with the license commissioners the matter of the sale of liquor on the boats going to and from Toronto. Further it was resolved that a petition be sent to the federal government asking that the penalty for violation of the Canada Temperance Act be increased to be the same as that for local option in the province.

PROFESSORS SAY DATE SHOULD BE EARLIER

Chancellor Bowles Leads Agitation Against Methodist General Conference on September 23.

Rev. Chancellor Bowles of Victoria University has written to the Methodist general conference special committee, protesting on behalf of the various Methodist college interests against the general conference being held as late as Sept. 23. The college principals were taken by surprise on learning that so late a date had been selected, as it conflicts with the preparations for the opening of the college term.

Rev. Dr. Carman, chairman, states that the date was made later than usual to meet the wishes of the Ottawa Methodists.

In general conference circles the opinion is expressed that on return of the secretary, Rev. Dr. Moore, from the maritime provinces, a call will be issued for a meeting of the executive to consider Chancellor Bowles' letter. In case an earlier date is selected, the general conference is likely to meet here instead of at the Dominion capital.

WOMEN PLEDGED WEDDING RINGS

Rev. Dr. Wilson Redeemed Several That Were Pawned to Buy Food.

TRAGEDY OF POVERTY

Minister Will Redeem All Other Wedding Rings So Pawned.

While speaking of the present destitution in the city, Rev. Dr. Wilson of Elm Street Methodist Church said last evening that, for the first time in his ministry, last week he had redeemed several wedding rings from the pawn shops of the city for poor women who had been forced to part with them that they might pay their rent and "buy bread for their little children."

"I understand," said he "that there are many mothers who have been driven to the same sad extremity. I will gladly redeem all such rings if you will take them to me." Speaking of such incidents, he said that this was indeed the tragedy of poverty when in this city of wealth and so many charities, a woman should be driven to part with that which she prizes above all things in the world, because of the cherished memories and sacred promises it bears.

EFFICIENT HOUSEKEEPING

BY HENRIETTA D. GRAUEL DOMESTIC SCIENCE LECTURER

Dainty Sandwiches

No one ever wants to make or serve a sandwich that is not dainty, but too often the bread breaks because it is too fresh or the slices are filled too full of the mixtures, and the result is far from what was intended.

Bread for sandwiches should be at least twenty-four hours old; butter each slice lightly before cutting it from the loaf. Now trim off two sides of the crust. These trimmings may be browned in the oven and kept for breading or used other ways, so this is not wasteful. In making lettuce sandwiches roll the leaves up and cut them across with scissors. A whole lettuce leaf is difficult to handle and spoils the appearance of the sandwich.

When chicken is used you can add one-third veal without anyone being the wiser so far as the taste. To do this cook the veal with the chicken and let it cool in the chicken broth. Chop both together and season with celery salt and white pepper.

A new mixture that is very pungent is to chop crisp fried bacon into bits and cover a sandwich slice with it, and on this place a fine, boned sardine split open and spread out flat. Spread with mayonnaise or with mustard. Cover with a thin upper slice.

Dutch sandwiches are made from Bohemian or rye bread. Chopped, chipped beef, cheese, bologna sausage and finally chopped pickle are all used. Salami is a finely seasoned sausage, that may be bought from any German butcher, that is delicious with rye bread.

A hearty filling that will please everyone, and that no one will be able to identify, is made by trying country sausage and dried salted beef together until well done. Drain and put thru the chopper and mix with mayonnaise dressing.

A fashionable filling is made with caviar. No one ever is fond of this Russian delicacy, but sandwiches made from it are often passed. Put a small sized box of the caviar into a shallow bowl and beat into it alternately a hard-boiled egg thru a sieve and sprinkle this over the caviar after it is spread on the bread.

If ham is minced with a chopper and then mixed with a very little sweet cream or warm butter it spreads evenly and is better favored than when cut in slices and laid on the bread.

Ice cream sandwiches are made with any flavored cream and macaroons or sponge cakes. Sweet sandwiches are filled with nuts and dates chopped together and mixed with sugar and spread on bread with wafers. Quince and crab apple jelly make a fine mixing for these dainties.

Punches, ices and ginger ale or some similar beverage is served with sweet sandwiches, tea with white bread ones, and coffee, with rye, Boston brown and whole wheat slices.

THE GARDEN

CONDUCTED BY RACHEL R. TODD, M.D.

The Open Window

There has been so much written for the guidance of mothers, so many lectures given, so much advice spread broadcast over the land, that it seems unnecessary to write the outstanding truths of hygiene.

Unfortunately, too, it is necessary, for the mother and child, to have a few head and profit by the advice.

Those of us who have become habituated to the open window, can hardly realize that in this one half the population of this progressive city have acquired the fresh air habit.

And, strange as it may seem, the closed window is still confined to the homes of the uneducated.

Fresh air is given us to preserve our health and yet we shut it out of our homes and seek the pleasure of substituting in drugs.

Are you "fussy"? Do the children seem irritable and hard to manage? Is somebody in the house continually "on edge"? The answer is, more oxygen.

The children have spent the best part of the day in schoolrooms that are overcrowded and badly ventilated. They come home to a house where the air has never been freshened except by unavoidable door-openings.

Except during very severe storms, keep the children at play outdoors. Let music and outdoor work be attended to in the morning, but after school let the kiddies play.

And do not let them come back before 11 o'clock. Open the doors and windows for a few minutes. It is surprising how quickly the air will freshen and then how quickly it will become stale when the doors and windows are closed again.

Breathing exercises either out doors or before an open window should be practiced every morning, and several times during the day. The child must be taught to keep the nasal passages clean, to stand with shoulders back and mouth shut, and to take a deep breath thru the nose, hold it, and then expel slowly thru the mouth. Repeat the exercise three or four times.

MAN MUST CHOOSE; SO GOD HAS RULED

Conscience Only Points the Way Which the Individual Should Follow.

"GIVE ME THY HEART"

God is Calling to Everyone—Pateron-Smythe at Convocation Hall.

That a dim realization of the being of God is forced upon all mankind by means of what we call conscience, and that this power tends to keep our lives clean, the ultimate choice in the matter rests with the individual. All the people who have been born into the world were in need of Christ's salvation, because all had sinned.

Love, deep, strong love of God for humanity underlies all things. He measures all things, and is without bounds. The light must have been dimly evident to all; we find traces of it in the words of the old philosophers.

Seneca recognized that there must be a supreme being who was the creator of the universe, as is shown by his writings.

All-Embracing Law. "This divine law embraces all nations for all time and eternity. Any one who is not obedient to this law does wrong to himself, and to humanity. God made all men with a religious instinct, a sense of relationship to Him. All feel the imperative power leading them to God. A whisper comes to the heart of every man, 'My son, give me thy heart.' All the instincts which have been given to us should be followed to a certain extent, but they should be curbed by the restraining influence of conscience. If they are allowed to run wild, the result is the same as that which follows when a locomotive is allowed to run off its rails.

A Loving God. "The working of conscience is really the touch of the loving hand of God, touching the motive of every deed and saying 'You ought' or 'you ought not.' Many a man who does not believe in a Divine Being has sweetened at the midnight hour when the recollection comes upon him of the misdeeds which he has committed; when his conscience goes pacing up and down in restless and insistent chastisement, rebuking the guilty one for his sin.

Saving Men from Themselves. "Christ does not wish any of His beloved humanity to depart from Him, and that is why He debates with us thru our conscience, striving to save us from ourselves, and battling for the possession of our souls. What can that law of God not do for us? If that law of God is not obeyed, we should follow, but it does not force us to tread that path. Why did He not make that power of conscience strong enough to save us of itself? It was because He made us as men, free with the power of choice. It is by the exercise of that choice which is approved by conscience that we travel straight to the goal that we should be but does not go further.

Alone With Conscience. "The attainment of the great completion of the salvation planned by God as a result of man's first failure was through conscience, concluded Rev. Mr. Smythe. "It is God's completion of the law of conscience. To sit alone with my conscience is judgment enough for me."

BONAR PRESBYTERIAN CHURCH ANNIVERSARY

Rev. Dr. McKay, and Rev. J. A. Macdonald Preached—A Long Era of Usefulness.

Large congregations attended the twenty-fourth anniversary services at Bonar Presbyterian Church, St. Clare's avenue, yesterday.

Rev. Dr. McKay, general secretary of the Presbyterian foreign mission board, preached in the morning. Dr. McKay paid a tribute to the history of Bonar church. He pointed out that during the history of the church the foreign field had come nearer yearly by accelerated transportation facilities and the vast influx of foreigners to Canada, including 7000 orientals on the Pacific Coast in one year.

Rev. J. A. Macdonald preached at the evening service. He congratulated the pastor, Rev. Alex. MacGillivray, and the congregation on the harmony which characterized Bonar Church, and predicted for it an era of continued and increasing usefulness.

WOODSTOCK RENEWS ITS CONTRACT WITH THE BELL

Request of Rural Telephone Company for Leave to Put in Pay Station Denied.

WOODSTOCK, Feb. 8.—At a conference last night between District Manager T. H. Ashley, of the Bell Telephone Company, and the finance committee of the city council, the request of the city and the company in respect to the latter's expired franchise were thoroughly gone into, and it was decided to renew the franchise. That is, the city will give the Bell Telephone Company an exclusive franchise for one year, which term is fixed by the railway board. In return for this franchise the company will pay the city \$400, allow the city the

free use of its poles for the electric fire alarm system, and provide free telephones. These terms are a renewal of those that have been in existence during the five-year term just closed, and their acceptance by the city means that the request of the Ingersoll Rural Telephone Company for permission to put in a pay station here is not granted.

LOADING THE DICE.

All last year The Telegram condemned Mayor Hocken as a pro-Mackenzie agent, and asserted that he was endeavoring to secure for the Mackenzie interests a perpetual franchise over the city streets for the Mackenzie radial lines.

It has now been proved that Mayor Hocken was trying to do no such thing, and now The Telegram is using up its capital letters in yelling for an agreement that will provide such conditions as Mayor Hocken was wrongfully blamed for trying to provide.

The Liberal party has been in office since December 5, 1905, the longest consecutive term it has ever enjoyed during that period it has been sustained at three general elections, and has surmounted difficulties that seemed as serious as those it now confronts, but they found the government and the coalition that supports it united against a common foe.

It asserts, for example, that a determination to get back for the city every right and franchise which was alienated in 1901, at the desire of The Telegram, is an attempt to "load the dice" in favor of the pro-Mackenzie policy.

The only people who appear to have been loading the dice, which is usually a secret and unheralded process, are those who were trying to have one kind of agreement drawn while the mayor, in his printed message, and everybody but The Telegram and its allies, understood that another kind of agreement was being drawn.

PREMIER ASQUITH'S PROBLEM. Tomorrow the imperial parliament will resume after a recess that began

on August 15, and under circumstances of exceptional gravity and importance. For weeks and months rumors and forecasts little removed from rumors have circulated freely and plentifully, while the one man who knows has largely held his peace.

Judging from present appearances, the debate on the address in reply to the speech from the throne will be prolonged and acrid. Report has it that the hotheads among the Unionist party intend to make the conduct of business impossible in order to compel an early dissolution.

The Liberal party has been in office since December 5, 1905, the longest consecutive term it has ever enjoyed during that period it has been sustained at three general elections, and has surmounted difficulties that seemed as serious as those it now confronts, but they found the government and the coalition that supports it united against a common foe.

President Wilson's letter to Mr. William E. Marbury of Baltimore, published in The Sun newspaper of that city, contains plain statement of his attitude towards the exemption of United States coastwise shipping from Panama Canal tolls.

His letter to Mr. Marbury is also noteworthy because of the high tribute he pays to his secretary of state, "Not only," the president remarks, "have Mr. Bryan's character, his justice, his sincerity, his transparent integrity, his Christian principles made a deep impression upon all with whom he has dealt, but his tact in dealing with men of many sorts, his capacity for business, his mastery of the principles of each matter he has been called upon to deal with, have cleared away many a difficulty and have given to the state department a definiteness and dignity that are very admirable."

Off to Europe. A. F. Webster & Son, general steamship agents, at 53 Yonge street, report having booked the following Toronto people, who sailed recently for England and the continent: J. A. Haislead, G. J. Reid, Mrs. Reid, Mrs. Barr, D. M. Balfour and wife, Robert Ross, Henry Hodgkinson, William McCullough, James T. Tilley, William Lumsden, Robert Aitchison, Miss Ethel Aitchison, Mr. Frank Aitchison, E. J. Abbott, Edward Sanby, W. H. P. Jarvis and wife, Mrs. James Bain, Mrs. Ferguson, Mrs. W. D. Mayor is Looking Over the Field - Positions Are No Sinecures.

PULL HAS NO PLACE

Candidates Must Show Ability to Work, Brains for Planning.

Those who have applied for the positions to be filled at the city hall are realizing that there is nothing in "pull." Mayor Hocken is quietly looking round for men who have the executive ability, training and physique for the skilled and hard work that will have to be done.

The Liberal party has been in office since December 5, 1905, the longest consecutive term it has ever enjoyed during that period it has been sustained at three general elections, and has surmounted difficulties that seemed as serious as those it now confronts, but they found the government and the coalition that supports it united against a common foe.

THE COUNCIL TODAY

WILL ASK COUNCIL TO CHANGE BASIS

Bungle in Instructions to Corporation Counsel Will Be Remedied Today.

NO RIGHTS TO RADIALS

Ontario Railway Board Will Fix Mileage Charge Over City Streets.

Mayor Hocken will ask the city council today to amend the instructions given by last year's council to Corporation Counsel Geary for the drawing up of the agreement of purchase in the clean-up of the franchises. It is probable that the request will be granted.

The amended instructions will be that the running rights of the radials into the city be not included in the agreement of purchase. This amendment will remove any reasonable doubt as to the agreement of purchase affecting a clean-up of the franchises.

Mayor Hocken was alert to the fact that the instructions had been bungled. He also knew that similar bungling by the council that granted the franchise to the Toronto Railway Company was the cause of Toronto being shackled with a transportation monopoly for so many years.

Mayor Hocken has doubly safeguarded every move in the clean-up of the franchises, and he is determined to maintain that policy from start to finish.

MOTOR AMBULANCE SERVICE 136

In many cases now it meant being watched and extravagant, leading to ostentation and display. It is a social function and it often happens that church members do not have occasion to speak with the host.

A Bad Habit.

Another habit which was becoming all too prevalent in Montreal, and which should not be allowed to grow in Toronto, was that of holding the evening meal during the hour that church members were in the hall.

That it was not the most favored who seize the opportunity offered was shown in the case of the Jew, and the Gentile, said the preacher. In Montreal there were about 50,000 Jews, and in Toronto also a great number, but what are they doing for God? The race which to begin with was so favored by the Lord is not today working for God. It is the Gentiles, the former outcasts, who had seized the opportunity.

Death of Well-known Typewriter Man. The late O. B. Dorland, whose death occurred on Friday last, was one of the best-known of the younger typewriter men of Toronto. He had been with the United Typewriter Company for ten or twelve years. After an extensive selling experience in Toronto, he was manager of the London branch of the company, and for the past few years was at the head office in charge of the country sales.

Mr. Dorland was born in Bronte, thirty-six years ago, and the body is being taken there today for burial. Mr. Dorland will be remembered as a former prominent baritone and soloist in several Toronto churches, particularly with Dr. Torrington's Metropolitan Choir. He is survived by two small sons, his wife having predeceased him a year and a half ago.

MEAL AT CHURCH HOUSE

Montreal Preacher Says Canadian Cities Are Cultivating a Bad Habit.

The need of the main building of St. Alban's Cathedral, which is now in course of erection, was strikingly shown at the evening service there yesterday. Chairs were placed in the aisles of the church and even with this the case it was found necessary to have a row of chairs between the front pews and the altar. Some of the late arrivals made use of the steps leading to the north exit as seats.

Archdeacon Paterson-Smythe of Montreal spoke of the ostentation and show of the people of today. A generation ago it used to be the custom to make friendly calls, and when guests attended a dinner it was with the sake of meeting and being with each other.

WOULD TRAIN CANADIAN GIRLS

Need of Vocational Schools for the Four Hundred Thousand Working Women is Advised by Royal Commission on Technical Education—Good High Schools and Amateur Girls.

Under the auspices of the Women's Canadian Club Saturday afternoon Dr. J. W. Robertson, who was chairman of the Royal Commission on Industrial Training and Technical Education, gave an address to a large audience in the Y.W.C.A. Hall on the Educational Training of Women.

"Any educational system or practice which neglects the health of a girl at sixteen," said Dr. Robertson, "is a menace to the stability and greatness of the nation. At the period when our girls should be following vocational practice we keep them sitting at desks, exhausting nerve power, without recuperation from bodily activity, for ten or twelve hours a day. That was the testimony received by the commission all over Canada; yet because we are accustomed to this we say, 'all right, it is just our way.' So we have good high schools and amateur girls.

Just One Ladder.

"In Ontario we have practically said that is just one long ladder from the common school up to the university for the professions, but no equally strong ladder for the boy who needs it for vocational training, or for women in the sphere of activity.

"In Edinburgh they have a college of housekeeping standing alongside the college of engineering and the college of agriculture and other central institutions.

40,000 Women.

"What are the occupations of women in Canada today? In our country there are about 40,000 women who work for wages, besides the home-keepers who are partners with their husbands. From statistics collected largely by members of the National Council of Women in different cities, a great deal of valuable information was compiled for the report of the commission. The testimony shows that in Toronto 40,000 women are working for wages. That is a reasonably large number of people who ought to have opportunity to be trained for the vocations.

Canada the ratio runs from 7 to 10 per cent. of the total population of the country. In Italy, out of the population of 43,000, there are about 3500 women working for wages.

The bigger the place the higher the percentage of women who are in industrial, commercial and professional occupations for wages, owing to economic conditions. It does not seem fair, that we should have so many women working in Toronto with a meagre, limited opportunity for preparation of any kind for the vocations which they earn their living and become citizens. In the manufacturing industries, in factories all over Canada, more than 10 per cent. of all the workers are women. In a large percentage of manufacturing industries, such as the clothing trades, in some departments the great majority are women.

Majority in Service.

"As to the proportion of women who follow different kinds of work, he said 10 per cent. follow professions such as medicine, law, and teaching; about 10 per cent. are saleswomen and do clerical and other work in offices; 25 per cent. are busy in factories, in shops, and about 55 per cent. are domestic servants or working at rural occupations in Canada.

What girls get thru the commercial classes and high schools they begin at about \$1 a week in Montreal and Toronto and some other large cities and about \$10 a week in smaller cities. stop unless they are exceptionally capable and become good stenographers. In unskilled work, such as

JOHN BULL LIKES CANADIAN GOODS

Big Increase in Dominion's Export Trade to Great Britain.

OTTAWA, Feb. 8.—(Special.)—The feature of the trade of Canada for the 12 months ended last November is the growth of the export of Canadian products to Great Britain. During the 12 months Canada sold to Great Britain goods to the value of \$215,517,774, an increase of \$44,250,000 over the previous year.

Goods to the value of \$184,731,553 were sold to the United States, an increase of \$40,230,000. Goods imported from Great Britain amounted to \$141,425,551, an increase of about \$1,000,000, and goods imported from the United States were valued at \$438,459,955, an increase of \$24,000,000. Thus, while Great Britain is Canada's best customer, Canada does not reciprocate, but buys considerably more from a country which does not purchase its products to anything like the same extent.

The aggregate trade is well over the billion dollar mark.

CHINESE GAMBLERS ROUNDED UP

MONTREAL, Feb. 8.—Raids by police this afternoon upon four tavern resorts in Montreal's Chinatown, resulted in a haul of 73 gamblers, a considerable amount of money, and a big lot of gambling paraphernalia. NO FEUD WITH FAMILY

SAYS MISS PANKHURST

PARIS, Feb. 8.—Miss Christabel Pankhurst said today it was untrue that there was any personal estrangement between herself and her sister or her mother, or that she intended to return to England.

"There is nothing new," Miss Pankhurst said, "in the relations between Sylvia's East End Federation of Suffragettes and the W.S.F.P.U. Sylvia's movement having been independent. They always have had even separate funds, and there has been no connection between the two bodies."

Miss Christabel said that the story that she disapproved of the recent violent militant manifestations, because she wanted to return to England, was untrue. She was just as contented here, she said, as she had been for two years, and she thinks everything is going splendidly in England.

NO FEUD WITH FAMILY

SAYS MISS PANKHURST

PARIS, Feb. 8.—Miss Christabel Pankhurst said today it was untrue that there was any personal estrangement between herself and her sister or her mother, or that she intended to return to England.

"There is nothing new," Miss Pankhurst said, "in the relations between Sylvia's East End Federation of Suffragettes and the W.S.F.P.U. Sylvia's movement having been independent. They always have had even separate funds, and there has been no connection between the two bodies."

Miss Christabel said that the story that she disapproved of the recent violent militant manifestations, because she wanted to return to England, was untrue. She was just as contented here, she said, as she had been for two years, and she thinks everything is going splendidly in England.

ONTARIOS IN CELLAR DOWNED BY QUEBEC

Lifeless Hockey Game - Captured by Champions - Locals Very Weak on Firing Line.

Ontario let themselves down in the cellar last Saturday night when they allowed Quebec to defeat them by the score of 3 to 1.

There was nothing very great in the style of hockey played by the winners as their opponents did not display hardly anything either.

The first period was a lifeless affair after the first few minutes there was little going on in the scoring line.

It took twelve minutes of the third period's time for Ontario on a three-man combination to get the first tally.

PROSPECTUS OF International Black Foxes, Limited

(Incorporated Under Dominion of Canada Charter)

HEAD OFFICE: SHERBROOKE, QUEBEC
RANCHES: CHARLOTTETOWN, PRINCE EDWARD ISLAND

Capital: \$500,000, of which \$450,000 has been Issued in Shares of \$100 Each
THE COMPANY OFFERS FOR SALE 4000 SHARES OF STOCK AT PAR

DIRECTORS:

HON. G. H. PROUTY, President of Prouty & Miller, Lumber Dealers, Newport, Vt.; Ex-Governor, State of Vermont; Director, Boston & Maine Railway; Director, Orleans Trust Company, Newport, Vt.
JAMES WARBURTON, M.D., Vice-President and Managing Director, Charlottetown, P.E.I.; Ex-Mayor, Charlottetown; Ex-Member Provincial Legislature; President, Prince Albert Black Fox Company, Limited, Charlottetown, P.E.I.; President, Spring Park Black Fox Company, Limited, Charlottetown, P.E.I.
CHAS. F. BIGELOW, Esq., Druggist, Newport, Vt.; Director, First National Bank of Vermont.
WILLIAM MORRIS, Esq., K.C., D.C.L., of Lawrence, Morris & McIver, Advocates, Sherbrooke, P.Q.; Ex-President, E. T. Agricultural Association.

L. A. BAYLEY, Esq., Dry Goods Merchant and Importer, Sherbrooke, Que.; President, E. T. Agricultural Association; Ex-President Sherbrooke Board of Trade; Director, Dominion Reduction Company.
J. H. BLUE, Esq., President and Managing Director, Walter Blue & Co., Limited, Wholesale Clothing Manufacturer, Sherbrooke, P.Q.; Director, E. T. Agricultural Association.

SECRETARY-TREASURER—Robert W. Hogg, Esq., District Manager, The Dominion Register Company, Limited, Sherbrooke, P.Q.
BANKERS—The Quebec Bank, Sherbrooke, P.Q.
SOLICITORS—Lawrence, Morris & McIver, Sherbrooke, P.Q.; Warburton & Shaw, Charlottetown, P.E.I.

ASSETS OF THE COMPANY

The Company will breed 20 pairs of high-grade Prince Edward Island Silver Black Foxes, all of which will be eligible for Registration under the most select class "A" of the Fox Breeders' Association. These foxes have been selected with the utmost care as to parentage, and consist of the following strains: Dalton, Gordon, Tuplin, Oulton, Raynor, and Champion. These names are synonymous with all that is best in the Fox Industry—ranches which in 1913 have paid dividends of from 45 p.c. to 100 p.c.

FUTURE POLICY

While the Company expects to earn large profits from the sale of New Stock for breeding purposes, it is the intention to retain annually a considerable percentage of each year's production, placing itself in a position in time to pay good dividends from the sale of the furs alone. This is to establish a permanent fur farming industry on a solid commercial basis.

RANCHING ARRANGEMENTS AND EXPENSES

In order that the Foxes of the Company's ranch should have the proper care and attention, the directors have made arrangements with the Breeders' Ranching Company of Charlottetown, near that of the famous Chas. Dalton Fox Company, of which the Hon. Chas. H. Dalton, the pioneer of the Fox Industry, is President, to ranch the foxes for a period of five years at a

cost of 15 p.c. on the number of whelps born each year. The International Black Foxes, Limited, have also secured the services of Dr. A. C. Lundie, veterinary in charge of the magnificent stock of The Chas. Dalton Fox Company, who will supervise the food supplied the foxes and see they are kept in perfect health. It was due to the care exercised by Dr. Lundie that the Dalton Company paid a cash dividend of 40 p.c. last year.

Dr. James Warburton, of Charlottetown, P.E.I., a successful fur breeder, our Managing Director, will look after the shareholders' interests.

VALUE OF FOXES AND THEIR PELTS

Pure Prince Edward Island Young Silver Foxes, for breeding purposes, from litters of 1913, have sold as high as \$18,000 a pair, while proved breeders have realized as much as \$32,500 per pair, with the demand in excess of the supply. Sales options on the young animals to be born in 1914 are now being made at figures ranging from \$12,000 to \$13,000 a pair. One shipment of 25 Prince Edward Island pelts in the London market averaged in 1910 a net price of \$1386 each, one pelt realizing as much as \$2700.

PROFITS AND DIVIDEND

Figuring on a very conservative basis, 20 pairs of foxes in 1915 should produce 50 young foxes—sixteen young foxes—having been raised by three pairs in 1913.

Pups born in the spring of 1913 sold from \$12,000 to \$18,000 per pair, and cannot now be obtained at this figure. Basing the price at the lowest figure of \$12,000 per pair, the company would obtain for 50 young foxes \$300,000, from which, deducting ranching expenses of \$45,000, would leave a net profit of \$255,000 on a capitalization of \$450,000, or 63 3/4 p.c. At this rate, shareholders should be earning dividends in 1915.

GUARANTEE

The directors of the Company have entered into an agreement by which a dividend on the first year's operations of the Company, of at least 30 p.c., is guaranteed to the Shareholders who have paid up their stock in full before the 1st September, 1914. To further protect the Shareholder's interest, none of the \$50,000 promotion stock will be paid to the Directors until every Shareholder has received 100 p.c. dividends.

INCREASING PRICE OF FUR

A reference to a book recently issued by the Canadian Government shows an increase in price of 300 p.c. for the 10 years ending 1911 over the previous decade.

ONLY ONE CLASS OF STOCK

There is only one class of stock issued which is fully paid and non-assessable, and every shareholder participates pro rata in all dividends paid by the Company. The Company has no authority to issue either bonds or preferred stock.

HEAVY PRESSURE ON ROCK ISLAND

Foreign Selling Largely Responsible for Sharp Decline in Securities.

N. Y. CENTRAL DOWN

Lost Six Points in Week—Bank Statement a Disappointment.

NEW YORK, Feb. 7.—New York Central and the Rock Island securities again developed marked weakness today. Otherwise the market was dull and apathetic with the same dragging tendency of the previous day's of the week.

New York Central was forced down 10 to 11 by a continuation of the persistent selling which has caused the stock to be singled out for attention recently. Earlier in the week this stock sold at 96. The Rock Island securities once more reached new low points in the history of the company.

The common stock fell 2 points to 6 3/4, the preferred 1 3/8 to 12 1/2 and the collateral as 1 3/4 to 4 1/4. Much of the selling of the Rock Island stocks was for foreign account. It was estimated that 200,000 shares of these issues had been placed at various times in the Amsterdam market, whence came a considerable part of today's selling orders.

C. P. R. Lost Advance. C. P. R. was strong in the early market, being influenced by a previous rise in London, but later it receded. Steel was again well supported, with a large demand at slight concessions. Closing prices among the leaders were inconsequential.

Forecasts of the bank statement were far from the mark. Instead of predicted cash gain of \$8,000,000, there was a loss in the actual total of more than \$2,000,000.

Reserve requirements were reduced, however, by a shrinkage in deposits, so that there was a nominal increase in surplus.

Trade reviews were optimistic. Evidence of reviving business activity were reported, although the movement is still irregular.

Bond prices were inclined to shade off owing to the pronounced weakness of special issues. Total sales, par value, \$2,500,000.

SPLENDID SHOWING OF STANDARD BANK

Deposits Increased More Than Three Millions—Reserves Largely Increased.

The statement of the Standard Bank for the year ending Jan. 31, 1914, has just been made public, and in addition to exhibiting a very strong position, increases have been made in every branch of the business. The only funds of the bank have been well employed throughout the year, and generous profits have resulted.

The profits, which amounted to \$1,100,000, are a record for the bank. The statement shows that the bank has been well employed throughout the year, and generous profits have resulted.

The annual meeting of the bank will be held on Wednesday, Feb. 18, at 12 o'clock noon.

BRAZILIAN EARNINGS

Brazilian Traction, Light & Power Co., Limited, reports earnings for the week ending Jan. 31 were \$443,572, as compared with \$415,696 for the corresponding period of 1913, an increase of \$27,876.

Particularly when you allow your savings to accumulate on a good compound interest plan. For example, by OUR Savings Plan, you can accumulate a monthly payment of \$10.00 at compound interest for 15 years will amount to \$2,500.00.

Isn't that interesting? Then write for further particulars.

BANKERS BOND COMPANY LIMITED 20 VICTORIA ST. TORONTO

HEAVY BUYING OF QUEBEC RAILWAY

Final Payment on Quebec-Saguenay Line Said to Have Been Made.

MONTEAL, Feb. 7.—Active trading in Quebec Railway securities was the principal feature in today's market.

Aggressive buying carried the price of the stock at this stage in the early trading, but as usual stock was met in generous quantities on the rise and the price was forced back to 18.

All rumors regarding the future of the company have veered recently to the favorable side, and the one given out on Saturday was that the contractors of the Quebec and Saguenay Line had received the final payment on the money owing to them. This payment is said to have been made Friday night. The street continues to hold to the view that the insiders are unfavorable to any excited speculation regarding the future of the company.

Cement and Richelleu were the principal stocks dealt in apart from Quebec Railway. Cement opened weak at 28 1/2 on the publication of the statement for last year, rallied to 29 1/8, but fell back to 28 7/8 later. This left a net gain of 1/8 as the change for the day. Richelleu moved forward with less effort than usual on a fair demand and closed 112, or 3/4 up.

Leaders Like C. P. Power, Iron and Brazilian were quiet, but steady. C. P. R. showed a net gain of 3/8, Iron and Brazilian net gains of 3/4 each on the day's business. Closing bid for Brazilian at 85 1/2, and for Power at 225, showed a recession of a point from the high range on Friday. Iron was steadier on the actual publication of the quarter's figures and rallied nearly a point to 39.

The rest of the market was about steady to firm. Sherwin-Williams was strong, rising from 104 to 105 1/2. Am. Ames-Holten common, which fell 1 1/2 to 14, was one of the few stocks that advanced with a test.

Total business 5122 shares, \$14,200 bonds.

A NEW BLACK FOX COMPANY

With a Strong Board of Directors.

A new fox breeding company has just secured Dominion letters patent for the purpose of raising silver black foxes on ranches situated near Charlottetown, Prince Edward Island. The company is known as the International Black Foxes, Limited, and has been incorporated with a capital of \$500,000.

The head office of the company is in Sherbrooke, P.Q., and will have on its board of directors such well-known names as Hon. G. H. Frouty, ex-governor of Vermont, a director of the Boston & Maine Railway, James Warburton, M.D., a resident of Charlottetown, P.E.I., and president of two of the leading black fox companies of Prince Edward Island; Charles Bigelow of New York, Vt. director of the National Bank of Vermont; the well-known advocate, William Morris, K.C., D.C.L., of Lawrence, Morris & McIvor, Sherbrooke, P.Q.; L. A. Bayley, ex-president Sherbrooke Board of Trade and president of the Eastern Toronto Agricultural Association, also a director of the Dominion Reduction Company, and J. H. Bliss, the well-known wholesale clothing manufacturer of Sherbrooke, P.Q.

The company proposes to start operations with 20 pairs of black foxes, for the caring of which for a period of 5 years arrangements have been made with the breeders' ranching company of Charlottetown. The company has secured the services of Dr. Lundie, veterinary in charge of the magnificent stock of the well-known Union Trust, of Charlottetown, the pioneer of the fox industry in Prince Edward Island, as president.

SCHUMACHER TO ISSUE FIRST STOCK

Hitherto Closed Company Will Offer Stock for Public Subscription.

Schumacher Gold Mines, Limited, whose property consists of 140 acres adjoining the Dixon claim and the McIntyre Mines, has been incorporated in this province with a capital of \$2,000,000.

The active underground development, Mr. H. B. Willis reports, has been in progress since last June, and considerable cross-cutting and drifting is being done. The main shaft is now nearing the 200-foot level. Four drills are in constant operation.

It is conceded by reputable engineers that the Dixon and McIntyre series of high-grade veins run into the Schumacher Mines. Mr. Joseph C. Houston, E.M., is in charge.

The Schumacher is owned by Dr. S. B. Hartman and Mr. E. W. Schumacher, both of Columbus, Ohio. None of this stock has ever been offered to the public.

WINTER WHEAT CAUSES ANXIETY

Snow Covering Not Sufficient to Ensure Protection—Corn Sold Off.

CHICAGO, Feb. 7.—Severe weather west held in check today short sellers of wheat, but the crop scare did not sufficiently develop to start a big bull market. After a modest advance prices closed easy at exactly last night's level. Corn showed a net loss of 1 to 1-1/2, oats finished unchanged and previous down 2 1/2 to 3c.

Snow covering, whether heavy enough or not to prevent crop damage was of adequate extent to halt the cold weather had failed. Every time the market bulged commission houses would become free with orders to sell. On the other hand, the west sent no orders to buy, and there was only a temporary effect from Antwerp cables, estimating the Argentine exportable surplus at 40,000,000 bushels, the smallest total mentioned this season.

Restraint on bulls came partly from knowledge that in the last fortnight as much as 6,000,000 bushels of hard winter wheat has been bought from Kansas City and Nebraska for Chicago. Receipts of the week were the largest for any corresponding time for more than six years.

Increased country offerings with prospects for bigger receipts led to a break in the corn market. Moreover, the cold weather had failed to bring about any decided revival of demand for feed, and there were rains which favored the crop in Argentina.

Receipts of farm produce were not nearly as large on Saturday. The storm no doubt was the cause. There was no wheat or hay, and the number of wagons in the north building containing mixed produce was not as large as usual. On the east market there was a fairly large delivery of butter, eggs and poultry.

Trade was not as active as usual, owing to the smaller number of buyers, as many were kept away by the storm. Potatoes—Prices ranged from 22 1/2 to \$4.50 per barrel, and from 20c for small baskets, to 40c and 50c for large baskets.

Turnips—Forty cents per bag was paid for good to choice samples of turnips. Butter—The old prices prevailed, selling at from 30c to 35c per lb., the bulk, however, sold at 25c to 30c per lb.

Eggs—Receipts were large. Sellers were asking 50c per dozen, but few got that high. The bulk was sold at 45c to 50c per dozen.

Poultry—Receipts were large and generally of good to choice quality. Choice broiler chickens sold as high as 20c per lb., but the bulk of sales ranged from 17c to 18c; turkeys, 22c to 25c; geese, 17c; and an odd choice goose, 25c.

Wheat, fall, bushel, \$1.00 to \$1.02; Barley, bushel, 0.62 to 0.64; Oats, bushel, 0.50 to 0.52; Rye, bushel, 0.65 to 0.67; Buckwheat, bushel, 0.70 to 0.75.

Alaska, No. 1, bushel, 85 to 90; Alaska, No. 2, bushel, 75 to 80; Red clover, No. 1, 8.00 to 8.50; Red clover, No. 2, 8.00 to 8.50; Timothy, No. 2, bushel, 2.00 to 2.25.

Hay and Straw—Timothy, No. 1, \$17.00 to \$19.00; Hay, mixed, 15.00 to 16.00; Hay, cattle, 10.00 to 12.00; Straw, bundled, 12.00 to 14.00; Straw, loose, 12.00 to 14.00.

Carrots, per bag, \$1.00 to \$1.02; Parsnips, per bag, 1.00 to 1.25; Onions, Canadian, red, 2.00 to 2.50 per sack.

Apples, per barrel, \$2.50 to \$4.50; Cucumbers, Florida, per case, 3.50 to 3.75; Strawberries, Florida, quart, 0.40 to 0.50; Beans, per bag, 1.00 to 1.25; Butter, farmers' dairy, 30c to 35c per 50 lbs; Eggs, new, dozen, 0.43 to 0.50.

Manitoba oats—No. 2 C.W., 41c; No. 3 C.W., 39 1/2c; lake ports. Ontario wheat—New, No. 2, 87c to 88c; outside, 89c; track, Toronto, 87c.

Beans—Imported, hand-picked, \$2.25 per bushel; Canadian, hand-picked, \$2.25; prime, \$2.00. Peas—No. 2, 95c to \$1.00 nominal, per bushel, outside.

Buckwheat—No. 2, 75c to 78c, outside, nominal. Rye—Outside, 62c to 63c. Corn—American, No. 2 yellow, 70c, all rail, track, Toronto.

Fine Furniture--February Prices

Large buying and narrow profit margins are the chief factors in the making of these surprising values. Often two parts of broken sets are included, or odd pieces, at much less than cost. Each day will offer a new list, just what we feel will meet the demand of the day's selling; so watch carefully for what you need. It is sure to come, or, perhaps, is already awaiting you on the floor to-day. Tuesday's list is comprehensive.
