RUSSIANS BEGIN ORDERLY WITHDRAWAL FROM WARSAW

Canada Will Uphold Cause to End Premier Borden Conveys Message Soldiers of Dominion Reviewed By Bonar Law at Shorncliffe

RUSSIANS TAKE LEISURELY EXIT FROM WARSAW

Outer Defences Slowly Abandoned While Von Hindenburg is Checked.

BLONIE EVACUATED

Russian Army on Whole Makes Extremely Orderly Retirement.

GENEVA, Aug. 4.—A despatch from Innsbruck says that of a total of 900,000 civilian population of Warsaw, 250,000 have already left the capital.

PETROGRAD, via London, Aug. 4.—A despatch from general headquarters reports that the Russians have retired from the Blonie-Nadaryn line on Warsaw.

LONDON, Aug. 4.—After having waited for three weeks to force the evacuation of Warsaw and the Polish salient, by encircling movements from the north and pressure from the west, the Austro-Germans have commenced attacks on the fortifications of the capital and those of Lodz and Ostrolenka, to the north-east.

Berlin claims tonight that the Russians have been driven back to the advanced defences of Lodz; that the Warsaw has been crossed near Ostrolenka; that, driven out of their Blonie positions, the Russians have fallen back into the line of the Warsaw, which the Bavarians are attacking and that the Austrians have captured the western part of the fortress of Ivanograd.

Leisurely Exit From Warsaw. In the meantime, Field Marshal von Mackensen is slowly advancing from the southeast between the Vistula and the Bug in an effort to cut off the Russian army, which apparently is making a leisurely exit from Warsaw.

On the whole, the Russians, according to official reports, are making an extremely orderly retirement, and are losing comparatively few prisoners and, except for the 32 guns abandoned to the west of Warsaw, the Germans make no claims to the capture of heavy pieces of artillery.

Quiet has settled down along the western front, except in the Argonne and Vosges, where German attempts to recapture lost ground or take new trenches, have failed, according to the French communication.

When the despatch was sent a third battle was in progress, Berlin claims that in this battle the Germans have been successful and have forced a crossing of the Narew near Ostrojenka.

How Badly Have Ontario's Crops Been Injured?

No one can yet sum up the damage to the crops and orchards of Ontario by the rain and wind of Tuesday—probably the heaviest twenty-four-hour rainfall on record. It can only be measured when we know how much recovery is possible—and that depends on a friendly wind from the west, if it may be—and moderate sunshine, and how much of the grain will stand up again. But it will be sadly bedragged at best. And we have no accurate idea as yet of the extent of the storm.

Much of the fall wheat had been cut and stacked, and this will suffer no great damage if sun and drying wind will now come along for two or three days; otherwise some of it may start to sprout and be discolored, and, therefore, unless carefully handled, might heat when stored.

Thousands of acres of oats and barley lie prostrate all over the province, and where the crop was very heavy—and it was heavy in many places—it may not be able to rise up again. But with favorable weather it may ripen in its prostrate form and the crop be ultimately reaped, although in many cases it will have to be cut by running the binders in one direction only and making the return trip with the knives idle.

Much of the fodder corn is also more or less prostrated; but there were signs of it recovering its position yesterday afternoon, and more of it may come up today. Some of it, however, is down for good.

A great many field trees were blown down, and others had their branches carried away; and the same thing happened in orchards, and much fine fruit is now on the ground, from apple, plum and other trees.

Ontario had its most promising crop of fall wheat almost at the door of the granaries; we still hope that most of it will get there in fair condition.

Ontario had its most promising crop of fall wheat almost at the door of the granaries; we still hope that most of it will get there in fair condition.

FIVE MILLION DEAD IN EUROPEAN WAR

Total German and Austrian Losses Aggregate Eight Millions of Men.

GRAND TOTAL HUE Million, Four Hundred Thousand Austro-Germans Held as Prisoners.

Special Cable to The Toronto World. PARIS, Aug. 4.—The losses of Europe in the present war up to May 31 as compiled by the present minister of war are as follows:

Killed, Wounded, Prisoners, etc. France 400,000 1,000,000 1,000,000 2,400,000

Britain 141,000 200,000 90,000 431,000

Russia 1,200,000 1,800,000 800,000 3,800,000

Germany 1,000,000 1,800,000 400,000 3,200,000

Austria 1,400,000 1,800,000 200,000 3,400,000

Turkey 110,000 144,000 25,000 279,000

Total 5,250,000 6,478,000 2,525,000 14,253,000

This table originally was prepared for publication, but finally was withheld because the authorities feared the vastness of the figures might have a bad moral effect upon the population.

The computation, while probably not exact may be taken as the most complete record of losses which has been put to gether. The losses of Serbia are not available, but as that country has suffered from plague in addition to war they must be considerable.

Largest Total Loss. The largest total loss is charged to Austria-Hungary, the largest proportionate loss to Belgium. The number of killed in Europe up to May 31, was 5,250,000, or enough individuals to populate a country like Greece.

Since May 31 there have been several violent battles to swell the totals given here. The French offensives north of Arras, where 15,000 are said to have been slain; the Austro-Italian engagements; the great battle in Galicia; the German offensive in the Argonne; and the war is not over.

A striking feature of this table is the ratio of killed and wounded. In previous northern wars the number of wounded has been to the number of dead four or five to one. Here the two categories are approximately equal. Many of the wounded have joined their regiments, but many are crippled for life. The sick, who have been numerous, are not listed here.

CHARGED WITH FORGING TEN THOUSAND DOLLARS

MONTREAL, Aug. 4.—Louis Philip Fortin of this city charged with forging to the amount of \$10,000 in connection with bills of lading, the property of the C.P.R. Francis S. Finkler, a banker of Newport, Vt., is the complainant. Fortin denies the charge.

FIRM RESOLVE OF CANADA TO BATTLE TO END

Premier Borden Gave Message to Great Gathering in London.

SOME MISTAKES MADE

But in Future There Will Be No Failure, is His Belief.

Canadian Associated Press Cable. LONDON, Aug. 4.—Thomson was unable to gain admission to the opera house tonight when Hon. Arthur Balfour and Premier Borden were the principal speakers at an imperial patriotic meeting.

But the wonderful assemblage in the National Anthem. "We can say with confidence," declared Mr. Balfour, "that with all our enemies' painstaking ability there are many miscalculations they have made, except in recognizing the value of our armament and of great guns, and the enemy which has miscalculated till the end of the war."

"We are determined to see this war thru to a good end, and that determination is shared in every part of the British Empire."

Ovation to Borden. The vast assemblage rose, cheering and waving handkerchiefs, when Premier Borden was called on.

The prime minister said, considering (Continued on Page 4, Column 2).

DOMINION'S MEN IN FINE REVIEW BY BONAR LAW

Officers and Men of Second Division Present Splendid Appearance.

WELL REPRESENTED

Every Province of Dominion Had Quota in Fighting Force.

Canadian Associated Press Cable. LONDON, Aug. 4.—Bonar Law, colonial secretary, this afternoon reviewed the officers and men forming the second division of the Canadian expeditionary force, and the contingent to provide reinforcements for the troops from the Dominion already at the front.

The magnificent manhood of Canada in massed formation made an impressive and inspiring scene. Every province of the Dominion was represented in its splendid fighting force. The assembled troops were reviewed in two parts, the first at the Bargrove farm, on the Bechborough estate.

Accompanied by Gen. Hughes. Bonar Law travelled from London with Major General Sam Hughes, General Carson, Colonel Watson, Sir Max Aitken, and Dr. Bruce, Toronto. Heavy showers did not interfere with the precision of the troops and battalion after battalion was cheered as it passed the saluting point.

The general in command was accompanied by Colonel Lepree, Colonel (Continued on Page 4, Column 5).

MANAGER OF RADIAL LINE UNDER ARREST ON CHARGE OF CRIMINAL NEGLIGENCE

Vice-President Dixon Held Responsible for Queenston Tragedy—Excessive Speed of Car, Defective Brakes and Wet Rails Direct Cause, Says Coroner's Jury.

NIAGARA-ON-THE-LAKE, Aug. 4.—The arrest of Vice-President Dixon, who is manager of the International Railway, on the charge of "criminal negligence, resulting in death," was the sensational feature of the Queenston trolley disaster inquest, which was in progress here tonight.

The excessive speed was caused by the ineffective working of the brakes on a wet and greasy rail. "We find, also, that the motorman did all in his power that was possible for him to do, with the equipment at hand to control the car."

"We still further find a very slack observance of the rules of the company by the officers and operators."

The verdict, in brief, says the tragedy was due to excessive speed, caused by defective brakes on a wet and greasy rail. The motorman is exonerated by the jury, but the company and operators are scored for "slackness."

The verdict was presented by Foreman Charles M. Lowrey of St. David's. It reads as follows:

"We find that Harold J. Partridge, and others, came to their death on the 7th day of July, at the Village of Queenston, from excessive speed, causing car No. 685 of the International Railway to derail and overturn; said car driven by Motorman Sidney Boyd and in charge of Conductor Leo Caswell. The excessive speed was caused by the ineffective working of the brakes on a wet and greasy rail. We find, also, that the motorman did all in his power that was possible for him to do, with the equipment at hand to control the car."

"We still further find a very slack observance of the rules of the company by the officers and operators."

SINKING OF FRYE LEGAL, TEUTONS CLAIM IN NOTE

United States Unable to Secure Admission of Treaty Violation.

WILL PAY DAMAGES

Arbitration at Hague Also Suggested by Kaiser's Government.

WASHINGTON, Aug. 4.—Germany is unyielding in her refusal to concede that the sinking of the American sailing ship Wm. P. Frye by the auxiliary cruiser Prinz Eitel Friedrich in the South Atlantic last January was a violation of American rights under the Prussian-American treaty of international law.

In reply to the last representations of the United States, the German Foreign Office, in a note made public here tonight by the state department, reiterates a previous declaration of Germany's course, declares again her willingness to pay for the ship, and accepts a proposal first advanced by the United States, that the amount of damages be fixed by two experts, one to be selected by each country.

Such a sum the German Government pledges itself to pay promptly, with the stipulation, however, that the payment shall not be viewed as a satisfaction for violation of American rights. Should that method be unsatisfactory, Germany invites the United States to arbitration at the Hague.

Many Accept Reparation. The unofficial view here is that reparation by a commission of experts probably will be satisfactory to the U. S., with the express provision, however, that it is not a waiver of treaty rights for which the American Government contends, but applies only to the matter of damages.

It is practically certain that if the U. S. allows the dispute to go to the Hague for interpretation of the treaty (Continued on Page 7, Column 1).

RARE METAL NOW REFINED AT ORILLIA

Molybdenum is Used in Connection With Making Munitions.

ORILLIA, Aug. 4.—The Orillia Smelter has begun the treatment of molybdenum. This rare metal is used for hardening purposes in connection with the manufacture of guns and other armaments. The ore is found in Renfrew county, but it has not been treated in Canada previously. It is a substitute for nickel.

ST. JOHN'S, NEWFOUNDLAND GIVES AIRSHIPS AND GUNS

Services to Celebrate Anniversary of Outbreak of War Help Campaign.

ST. JOHN'S, Nfld., Aug. 4.—The anniversary of the outbreak of the war was observed here as a public holiday, with services in all the churches and various patriotic functions to raise money for machine guns, naval hospital and other funds. Enough money has been subscribed to present three airships and twenty machine guns to the Imperial authorities, while the fund will probably be continued to secure a still larger number later.

High-Grade Felt Hats at Greatly Reduced Prices.

The compelling values offered at Dineen's, 140 Yonge street, continue to attract a surprisingly big section of Toronto's men and young men. Of course, it is most unusual to see stylish hats by the foremost English and American makers selling at cut prices. For instance, Stetson's hats are now offered as low as \$2.75, and hats worth \$4 by such famous makers as Henry Heath and Hillgate, London, Eng., and Borsalino & Co., Italy, are clearing at \$2.95. Also, any soft or stiff hat in the store by other makers and worth \$2.50, \$2.00, \$2.50, now \$1.95. Some saving surely? Bins, motor dusts and outing caps are reduced one-third. Decide to see these different articles before this great sale closes.

STORM WIPES OUT WORK OF HARBOR COMMISSION

Broke Sand Pump and Washed Protecting Pontoon Away.

Thousands of dollars of damage was caused by the storm on August 3, when the harbor commission was putting in a new sea wall, the work being done by the Canadian Stewart Company.

The storm broke sand pumps and filling in behind the pontoon. The pump was damaged to such an extent by the storm that it was put out of commission and had to be taken to the city yesterday afternoon for repairs.

The pontoon which stretched across Number Bay all summer was broken away and is now a mass of wreckage on the shore. All the work of the summer, in fact, has been wrecked by the storm.

Dominions to Rule Empire

LONDON, Aug. 4.—Andrew Bonar Law, secretary for the colonies, speaking at Folkestone tonight, said he believed that as a result of the war the time would soon come when the whole self-governing dominions, in proportion to their population and resources, would take their part in the duties of governing the British Empire.

It was already understood, he added, that when the time came for peace negotiations, the dominions would have their say in those negotiations.

Important Moves in East

LONDON, Aug. 4.—New moves of the greatest importance are anticipated in the near east. The ministers of Great Britain, France, Russia and Italy have had a conference with the Greek Government. A despatch from Paris says that an Italian officer recently arrived at British headquarters in the Mediterranean to arrange for this.

DO EXPORTS OF U.S. GET TO GERMANY?

Washington Assembles Statistics to Disprove Assumption of Britain.

STUDY OF CONDITIONS

Might Not British Goods Reach Enemy Thru Neutral Ports? Asks Note.

WASHINGTON, Aug. 4.—Elaborate statistics have been assembled by the state department to refute the British assumption that increased exportations from the United States to Holland and Scandinavian countries indicate that some of these goods are finding their way into Germany and Austria. The statistics are included in a preliminary draft being prepared for President Wilson of the reply to the three British notes made public yesterday.

A study of trade conditions between the United States and neutral European countries has been made by the state department, and investigations of Scandinavian and Dutch trade by the department of commerce.

Same Applies to Britain. A report from Consul-General Skinner at London also has been received on the foreign trade of Great Britain for the six months ended June 30. It shows that exports to the Scandinavian countries and Holland have increased since war began along the same lines as American exports to those countries.

The state department will contend that there can be no more assumption that American goods going to these neutral countries are bound for Germany than that British goods exported there, will reach Great Britain's enemy.

DEATH TOLL GROWS IN FLOODS AT ERIE

Twenty-Seven Bodies Recovered From Wreckage of Buildings.

MORE TO FOLLOW

Estimated Property Loss of Three Millions Sustained in City.

ERIE, Pa., Aug. 4.—Erie had counted 27 of her dead when darkness tonight drew a blanket over the mile-long wreckage-strewn path in the heart of the city followed by last night's flood. But little impression was made on this vast amount of wreckage, piled in places 100 feet high, and believed by the coroner and others to conceal as many more victims. Work recovering all will be slow.

The property loss, early estimated at \$2,000,000, was not changed today by Fire Chief McMahon after he had received reports from big manufacturers' plants in the flood zone. He estimated that 300 houses and 50 store buildings were laid low by the waters of Mill Creek, sent out by its banks by a cloudburst and the bursting of the Glenwood dam. The city's loss on damaged culverts, bridges and water supply plant will be heavy.

Tonight there was again a semblance of normal conditions in the city.

The German position financially is not so good as it was yesterday. She has reached the maximum number of men that they can stand forward, according to the best advice; their armies must, therefore, be a diminishing quantity, while the allies have an increasing number. This, we think, is the most significant fact of the moment.

The next thing of importance is the financial situation. We publish a statement today from Sir George Paish to the effect that Britain can pay all her war costs out of income, and will not need to borrow from anyone but her own people to any extent; and that enough money can be raised in the country year after year if necessary to carry on the fight to a successful conclusion. And not only can she do this, but she can finance for several years her allies!

The German position financially is not so good as it was yesterday. She has reached the maximum number of men that they can stand forward, according to the best advice; their armies must, therefore, be a diminishing quantity, while the allies have an increasing number. This, we think, is the most significant fact of the moment.

ANNIVERSARY OF WAR'S DECLARATION OBSERVED

AFFIRMED FAITH IN ALLIES' CAUSE

City Council Passed Patriotic Resolution on War Anniversary.

MAYOR MAKES ADDRESS

Illuminated Recruiting Sign Goes Up in Front of City Hall.

At a special meeting held yesterday, the anniversary of the British Empire's declaration of war against Germany, the city council, in a special resolution, placed its own determination to continue to a victorious end the struggle for the maintenance of those ideals of liberty and justice which are the common and sacred cause of the allies.

In a short patriotic address, Mayor Church gave voice to the sentiments of the citizens generally. "We can look forward with confidence and hope to the ultimate and certain triumph of our arms and those of our allies."

Contagious diseases were the cause of 50 deaths in the city last month, as compared with 81 during the same period last year, and 54 during the month of June. Tuberculosis accounted for 31.

The residents of North Toronto are objecting to the purchase by the city of a roadway thru Mount Pleasant Cemetery at a cost of \$20,000. They have forwarded a largely signed petition to the board of control, which body will send it on to council.

The vital statistics for the month of July, as issued by the city clerk yesterday, are as follows: Births 1118, marriages 544, deaths 50.

Special Celebrations of Holy Communion and services of interest were held at St. Andrew's Church, Island Park, yesterday, in observance of the anniversary of the declaration of war between Great Britain and Germany.

Right Rev. Bishop W. D. Reeve offered at the 8 o'clock communion services. Through the day, special prayer was kept up by members of the congregation, and at 8 o'clock evening service was held with special intercessory prayers and psalms.

John Hamilton was convicted yesterday by the County Court on a charge of stealing a raincoat from George Lewis, a soldier, and also of stealing a hypodermic syringe and several bottles of morphine from Dr. Cook. He was remanded for a week for sentence.

Special to The Toronto World. GALT, Ont., Aug. 4.—In commemoration of Britain's entry into the Great War a year ago special intercessory prayer services were held today in Trinity Anglican, and Central and Knox Presbyterian Churches.

BISURATED MAGNESIA
For sour acid stomachs, gas and fermentation of food. A teaspoonful in a fourth of glass of water usually gives INSTANT RELIEF. Sold by all druggists in either powder or tablet form at 75 cents per bottle.

INTERCESSION AND PRAYER FOR CAUSE OF THE ALLIES

Intercession and prayer for the cause of the allies, solemn mourning for those who have fallen in the defence of the empire, and prophetic hope for the success of the allied arms were voiced thru the medium of church services and meetings in various parts of Toronto yesterday, the first anniversary of Great Britain's declaration of war against Germany.

The churches, civic and provincial governments took official cognizance of the anniversary. At both St. James' and St. Alban's Cathedrals great congregations listened devoutly to sermons and appropriate music. Archbishop McNeill celebrated high requiem mass for the dead at St. Michael's Cathedral at 8 a.m. Holy communion was celebrated at St. James', St. Alban's, St. Monica and St. Paul's. Services were also held at Methodist, Presbyterian and Congregational churches in the evening.

The city council held a special meeting, at which a resolution of patriotism and confidence in the cause of the allies was passed. Mayor Church called a meeting later in the day, at which a citizens' recruiting committee of one hundred was formed.

At the parliament buildings, Acting-Premier Hon. I. B. Lucas addressed a gathering of civil service members and made a stirring patriotic address, which was followed by a proposal on the part of those present to contribute a machine gun for service at the front.

CONVERT GERMANY NOT PUNISH HER BY ACTING PREMIER

Bishop Sweeny Conducts Patriotic Anniversary Service at St. Alban's.

At St. Alban's Cathedral yesterday morning the patriotic services were conducted by Bishop Sweeny, whose thoughts regarding the empire had found expression in the hymn "One Year of War," and which, sung to the tune of "Rest," opened the services. Prayers for peace followed, after which his lordship took his text from Eccles. iii. 8: "A time of war."

The speaker pointed out that by a strange coincidence these words occurred in the lesson of the day. Reviewing the first days, the story told of a violation of trust and of a carnage of death and destruction by Germany. The plan of the aggressor was to use Belgium as a short cut to Russia, to subjugate France, crush Great Britain and form a world empire, becoming at the same time mistress of the seas.

Continuing the outlook it is seen that the slight gains made by Germany are more than offset by her tremendous losses. On the question of peace the bishop said: "It is not a peace for peace sake, nor a peace that would come as the result of drawn swords, but rather the world's peace must come as the consequence of the irresistible rush of the allies crushing forever the spirit of militarism in the mind's eye view of the world."

A plea was then made for the Canadian soldiers. "The things that we can do are to cheer on our Canadian boys, to contribute to keep them supplied with field comforts and needs and we can pray always as we are praying today, not only for peace, but for Germany."

His lordship concluded with a suggestion that when the war is over and the Canadians have returned, there should be erected at the head of University avenue a magnificent monument having on its side the glorious names of St. Eloi, Langemarck, St. Julien, Festubert, La Bassée—all of which might be added to Canada's roll of fame.

Silken flags which decorated the cathedral accentuated the meaning of the day. The church was open from 10 o'clock to 11 o'clock for Holy Communion was celebrated. In the evening the services, for which an invitation had been extended to members of the Canadian Defence League, were conducted by Rev. Canon MacNab. A special program of war hymns and patriotic music was rendered by the choir.

General Passenger Agent Hugh Patterson of the Canadian Steamship Lines stated that all the company's boats ran their regular schedule yesterday. The feature will be a strong military detective drama, "The Clue," a thrilling story of love, adventure, war and crime. Blanche Sweet in the leading role. The program will also include one of the famous Bully-Boy cartoons by Lanolot. Speed as well as pictures of the terrible Eastland disaster and Pathe pictures.

The Ideal Vacation Route. The Canadian Pacific conveniently reaches Point au Baril, Lake Massana (Bon Echo), French and Pickering Rivers, Severn River, Muskoka Lakes, Kawartha Lakes, Rideau Lakes, Lake Ontario, resorts, etc. If you contemplate a trip of any nature consult Canadian Pacific ticket agents, or write M. G. Murphy, district passenger agent, Toronto.

STRONG BILL AT STRAND.
Today and for the balance of the week there will be a complete change program at the Strand Theatre. The feature will be a strong military detective drama, "The Clue," a thrilling story of love, adventure, war and crime. Blanche Sweet in the leading role. The program will also include one of the famous Bully-Boy cartoons by Lanolot. Speed as well as pictures of the terrible Eastland disaster and Pathe pictures.

VACATION BIBLE SCHOOLS.
The two Daily Vacation Bible Schools that are being conducted in the city under the auspices of the Ontario Sunday School Association are now in their fifth week of work. The school is being conducted at Metropolitan Methodist Church and one at Memorial Institute; and today they hold a union picnic at Centre Island.

DIVINE SERVICES HELD IN ST. JAMES

A Just Cause Best Prayer the British People Can Offer.

HEARTS ARE KEPT PURE

Canon Plumtre Preaches a Brief Sermon and Reviews Year.

When the bells of St. James' Cathedral pealed the strains of "God Save the King" yesterday morning at 11 o'clock a great crowd gathered inside the church and the church streets listened to the sonorous tones with heads bowed. The scene was one never to be forgotten, and through the whole service, in which grief for the fallen was uppermost in the minds of everyone present, the note of resolution and ultimate triumph was never lacking.

As the bells struck the last note of the National Anthem, the choir of forty-five men and boys, under the direction of Dr. Albert Ham, filed into the loft and were followed to the altar by Rev. G. C. Clarke, Rev. R. J. Moore, Canon Plumtre, Archdeacon Ingles, Archdeacon Warren, Provost Macklem of Trinity and the bishop's assistant, Dr. Reeve. The congregation rose and joined in the hymn "O God, Our Help in Ages Past."

Canon Plumtre spoke briefly from the text, psalm 24, verses 3-4: "Who shall ascend into the hill of the Lord, who shall rise up in His holy place?" "Even he that hath clean hands and a pure heart, and hath not lifted up his hand to an oath, nor sworn to deceive his neighbor."

The preacher's remarks were brief and poignant. He reviewed the year's progress and the triumphs of the allies. He said that the British people could offer up to the Lord on a day and at a time like the present. God was not a tribal deity nor a national god, bound to help one side or the other. The great question was not, "Is God on our side?" but "Are we on the Lord's side?" He who with blood-stained hands boasted of an alliance, nor sworn to deceive his neighbor.

The choir, with Dr. Ham at the organ, sang the hymn which was Kilgiving's "Recessional." Among the hymns was one composed by Mrs. Plumtre and set to music by Dr. Albert Ham.

The congregation stood while Dr. Ham played "The Dead March in Saul" in memory of those who have fallen at the front.

The following were noticed: Sir John and Lady Hendrie, with aide-de-camp; the Hon. E. Lucas, attorney-general; Hon. J. A. McDonald, Mr. and Mrs. Miss Church, Controller J. E. Thompson, Controller Thomas Foster and members of the board of education; J. W. Wood, president of the board of trade; Thos. Sanderson, assistant city clerk; Rev. J. A. McDonald, Mr. and Mrs. Fred Scadding of Cleveland, W. C. Wilkinson and Mark Bredin.

WILL RETURN TO FIGHT.
Lance-Corporal Henry Irvine Bird, who was wounded at St. Julien and now in hospital, is planning to return to the front with the 16th Battalion under command of Col. Leckie. He is the son of Thomas I. Bird, a member of the board of education. He will return to England in a month's time.

GERMAN OCCUPATION OF RIGA APPREHENDED
State Banks and Other Institutions Are Being Shifted.

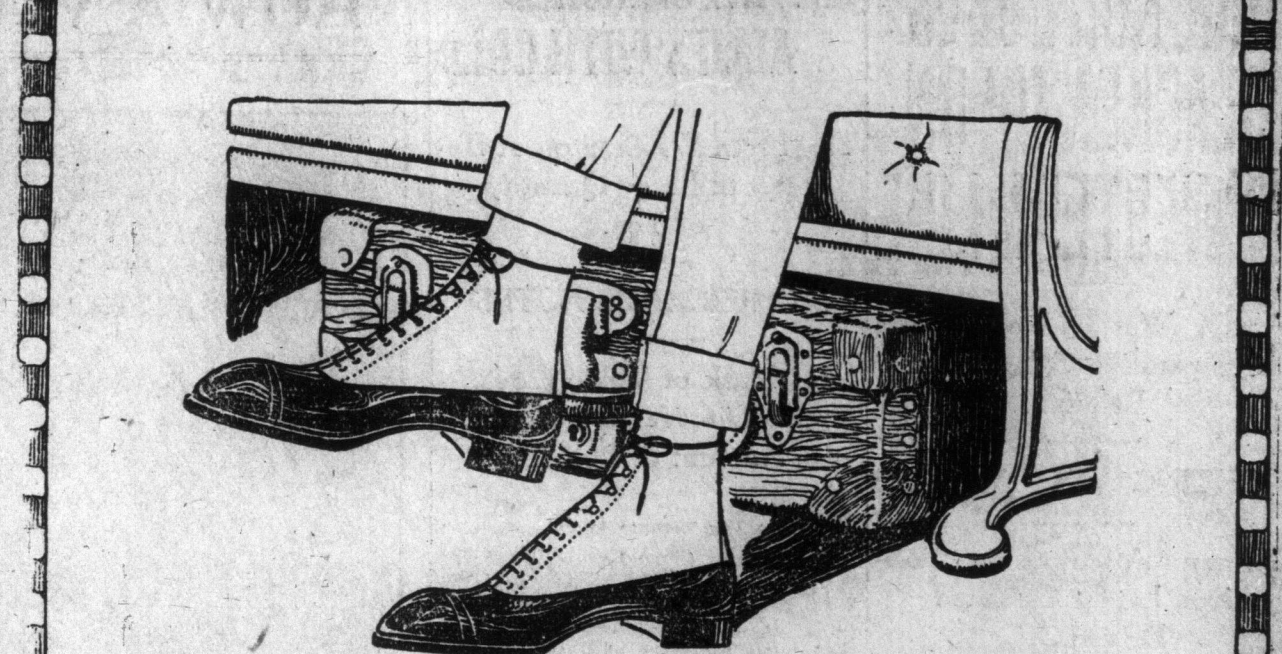

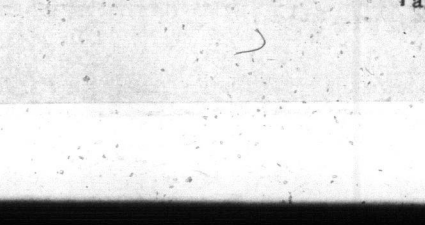

RIGA, Aug. 4.—In obedience to orders for the removal of government institutions, the state bank already has been transferred from Riga to Tula, to the south of Moscow. The other banks are being removed and the educational institutions are being mainly transferred to Dorpat, 137 miles from Riga. Owing to the exodus of families the shipping agencies are overworked and are refusing orders for the shipment of household goods.

The departure of working men from the city has created an emergency, which the Russian Government is meeting by sending them temporary employment here and at interior places.

GRAIN AND BERRY CROP RUINED IN MICHIGAN
Many Towns and Cities Flooded, Store Basements Being Filled With Water.

DETROIT, Aug. 2.—Torrential rains and high winds caused heavy damage throughout lower Michigan today. In Mackinaw City the wind reached a velocity of 50 miles an hour. Many farmers were forced to seek refuge in Lake Huron ports, but so far as was known tonight, no shipping was damaged.

On the hottest summer's day a few drops of Adonis Hed-Rub will cool the head and make you feel fine and fit. Try it.

The comfort to be had from Minister Myles Shoes is about as far ahead of that obtainable from the ordinary footwear as Pullman car travelling is ahead of the ordinary day-coach.

"Minister Myles" and "Beresford"
Our two leading brands for men, represent modern shoe making with comfort and style as hand-in-hand characteristics. You cannot find their equal at the prices—\$5.00 and upward. You cannot obtain more complete shoe satisfaction at any price. Do not ever buy another pair of shoes until you've paid a visit to a shop handling Minister Myles Shoes. Investigate our claim that "Canada can make fine footwear."

CROPS NEAR GUELPH GREATLY DAMAGED

Next Few Days Will Be Critical Period for Farming Interests.

COOL WEATHER NEEDED

Much Will Depend Upon Temperature Outside of Rain.

Special to The Toronto World. GUELPH, Ont., Aug. 4.—While yesterday's rain and windstorm did an immense amount of damage all over western Ontario, it appeared to be not so severe in the vicinity of this city. The heavy downfall of rain did an incalculable amount of damage to the crops and, especially to the grain, both out and under the ground. Three townships surrounding the city—Fuslisk, Bramosa and Guelph—the same story is told by the farmers of partially ruined grain. Winter wheat and oats are suffering the most. The rain is beginning to grow in the head, and unless the wet weather ceases for a few days at least the result will be disastrous. The oats this year promise an exceedingly good crop, but the heavy wind and rainstorms have flattened them to the ground in many places, and it will be difficult to cut them without considerable loss.

Next Few Days Serious.
Agricultural College was asked concerning the outlook for a successful harvest this season's crops. He stated that he had made a short trip around western Ontario this week and had found in many places that the winter wheat had begun to grow a little in some sections, but much depended on the temperature outside of the rain itself. Such weather as on Tuesday, wet and warm, would cause it to grow rather quickly, more readily than if it were cooler. There is a lot of wheat cut in western Ontario and the quicker it is got into the barns the better. Growing wheat, Prof. Zavitz says, is not good for seed or for flour. As regards the root crop, he says it should thrive with plenty of rain, especially the corn. He remarked, however, that potatoes are already showing signs of rotting in the ground owing to too much moisture. "If the wet weather continues much longer the situation will become really serious," said Prof. Zavitz.

1000 ISLANDS \$9.48.
This special fare for Saturday, August 7th, includes everything in the way of comfort that the big R. & O. steamers afford—an excellent dinner and a comfortable berth, both going and returning—the ramble trip on the Observation Yacht, winding in and out among the islands. The return fare \$9.48 includes the war tax.

WILL PLAY AT BEACH.
Under the direction of W. M. Murdoch, the Victor Concert Band will play at Scarborough Beach Monday, Tuesday and Wednesday evenings of next week. There are thirty members of the newly-formed organization.

RACE AGAINST TIME FOR NORTHERN LINE

Evacuation of Ivangorod Expected by Petrograd in Near Future.

OPERATIONS FORESEEN

Evacuation of Ivangorod Expected by Petrograd in Near Future.

PETROGRAD, Aug. 4, via London.—A race against time for the line of Kovno, Gredno and Brest-Litovsk, in which the Germans are trying to forestall the Russians and secure a foothold there, while the summer still favors military operations, is the view held by local military authorities. Direct operations against Warsaw are regarded at the moment as of less concern to the Germans because of the country which with the approach of autumn will become impassable. It is even suggested that the Germans do not desire to force an evacuation of Warsaw, but are bent instead on detaching the army there, while daily limiting the field of possibility of an orderly retirement eastward and the subsequent fortification along the mentioned line.

Scheme to Cut Railway.
Observers see in the German operations to the east of the Vistula River, in the vicinity of Matziewitz, a design to cut the railway from Ivangorod to Warsaw, and to draw a ring about Ivangorod, compel the evacuation of that fortress and open the way for Field Marshal von Mackensen to the Warsaw-Brest-Litovsk railway. The Matziewitz-Ivangorod operation is regarded here as the most important at the present time.

A relatively early evacuation of Ivangorod is foreshadowed by the Russian press. The situation at Mifau, the capital of the Russian Province of Courland, 25 miles southwest of Riga, is not clearly understood here. The Rech says that, judging by the disposition of the armies of both sides, it may with certain probability be assumed that the city has been abandoned by the Russians.

Was a Sailor.
The farmers unite in their praise of Mr. Middleton, the hero of the wreck worked on the lakes for nine years, says this experience stood him in good stead on the night of the wreck. Middleton, with a life-line around his waist, and buoyed up by a life belt, was in the lake for more than half an hour before he managed to reach the first lifeboat which had been making vain attempts to reach the shore.

WAS A SAILOR.
When Capt. Bloomfield, the last man to leave the boat, reached the shore, the first thing he did was to grasp the hand of Middleton. Then he went the rounds from one farmer to another, offering his thanks for their brave work.

BROCKVILLE WAS LUCKY.
Special to The Toronto World. BROCKVILLE, Aug. 4.—Beyond an exceedingly heavy fall of rain the storm was not noticeable in this section. There are thirty members of the newly-formed organization.

EDWARD MIDDLETON RECEIVES MUCH PRAISE FOR SPLENDID HEROIC WORK.
Edward Middleton, the Kingston farmer who played such a large part in the work of rescuing the crew of the steamer Alexandria, wrecked off Scarborough Bluffs, is receiving many congratulations for his bravery, and not the least of these are the references made to his heroic work by the members of the crew in their stories of the wreck.

EDWARD MIDDLETON, THE KINGSTON FARMER WHO PLAYED SUCH A LARGE PART IN THE WORK OF RESCUING THE CREW OF THE STEAMER ALEXANDRIA, WRECKED OFF SCARBOROUGH BLUFFS, IS RECEIVING MANY CONGRATULATIONS FOR HIS BRAVERY, AND NOT THE LEAST OF THESE ARE THE REFERENCES MADE TO HIS HEROIC WORK BY THE MEMBERS OF THE CREW IN THEIR STORIES OF THE WRECK.

CAPTAIN THANKED CREW'S RESCUERS

Edward Middleton Receives Much Praise for Splendid Heroic Work.

LIFE SAVERS DO WELL

Struggled in Pouring Rain to Get Every Man Off Ship.

Edward Middleton, the Kingston farmer who played such a large part in the work of rescuing the crew of the steamer Alexandria, wrecked off Scarborough Bluffs, is receiving many congratulations for his bravery, and not the least of these are the references made to his heroic work by the members of the crew in their stories of the wreck.

Had it Not Been for the Scarborough Farmers it is doubtful if all the members of the crew could have been rescued. James E. Cornell, reeve of Scarborough, was at the scene of the wreck very early in the evening, and did fine work in directing the attempts made to rescue. Some of the other farmers who worked all night were W. J. Chester, C. Belvan, E. W. Lafray, H. Dix, Constable W. Scott, H. Cowan, Ashley McCowan, Harold McCowan, Leslie, Charlie Moss, W. Annis, E. Middleton, T. E. Tomkins and Henry Mason. These men worked in their water-soaked clothing all night, but yesterday they were out at work as usual, feeling no bad effects from their hardship, apart from stiff muscles.

Was a Sailor.

HUGE GUN DUELS SLACKEN UP ON WESTERN LINE

French War Office Reports Comparative Calmness in Belgium.

FIGHTING IN VOSGES

German Attempts on Positions Lately Captured Driven Off.

Special Cable to The Toronto World.

LONDON, Aug. 4.—Fighting which had been vigorous at some portions of the front in France last night, died down to comparative calmness today, the French war office reported tonight. The artillery combat in the western section of the battle line appreciably slackened, except in Belgium in the sectors of Steenstraete and Hetsas, in the region north of Arras, in Roclincourt and between the Somme and the Oise Rivers.

Fighting with hand grenades and petards was continued in the sections of Marie Therese and St. Hubert, in the Argonne.

In the extreme eastern section of the front a violent cannonade is reported from the Argonne forest, Pontenelle, and the heights of the Eglise.

North of the Carleul, in the Artols district, an engagement took place with hand grenades last night.

German Attacks Repulsed.

Two attacks of the Germans on French positions in the Argonne were defeated early this morning. One of the attacks was launched between Hill 213 and the ravine of La Fontaine-aux-Charmes, and the other was delivered on positions in the region of Marie Therese. The Germans were thrown back everywhere into their own trenches by French rifle and artillery fire.

Incessant rifle firing took place between the rival trenches towards Bour de Paris and Haute Chevaux.

Hand grenade engagements took place under cover of darkness on the Eglise and at Schratzmannelle, in the Vosges, the French gaining an advantage in this duel. A German counter-attack was repulsed at Barrenkopf.

The German war office had nothing to report concerning the operations in France and Flanders.

DUKE OF CONNAUGHT AT INTERCESSORY SERVICE

Attended Church in Capital With Duchess and Princess Patricia.

OTTAWA, Aug. 4.—The anniversary of the declaration of war between Great Britain and Germany was marked in the capital tonight by a solemn service of intercession for a speedy victory of the allied arms and a lasting peace. The service was held in Christ Church Cathedral (Anglican), and was conducted by Bishop John Roper in the presence of a large congregation, including the Duke and Duchess of Connaught and Princess Patricia and Government House staff.

NOGALES IS ATTACKED BY CARRANZA FORCES

Villa's Men Likely to Be Overcome The Resisting Stoutly.

NOGALES, Aug. 4.—A Carranza force under Gen. P. Elias Calles, today attacked Nogales, Sonora, held by a Villa force under Gen. Maytorena, and may occupy the town tonight, although Maytorena has ordered his men to resist to the last.

A regiment of U. S. infantry, two troops of cavalry and a machine gun platoon lined the border to check any invasion of American rights by the Mexican factions.

JAPAN FURNISHED ALLIES WITH GOLD

Tale From Washington of Receipt of Large Quantity of Yen.

SIGNIFICANCE NOTED

Mint Mark of Tokio Government Discovered on Large Amount of Bullion.

Special to The Toronto World.

WASHINGTON, Aug. 4.—That Japan is supplying the allies with gold for the purchase of ammunition in the United States is fully probable from the fact that large amounts of Japanese yen have been included in the shipments of gold sent to New York by the government of the allies, to pay for such purchases. It was learned here today that the amount of gold which has been included in such shipments bearing the mintage mark of the Japanese Government is very large, the total amount which Japan may be supplying not in any way to be absolutely indicated by the amount received in such shipments.

Cover Up Source of Supply.

England, it was pointed out, on receiving a shipment of Japanese gold to be used for the purchase of shrapnel, or rifles, or automobile trucks, might retain the Japanese gold in her own treasury, and send British minted gold to this country, thus entirely covering up the source of the supply. There would be no particular advantage pertaining to the mint marks of any country, since "gold is gold" in whatever form it may be used and its value is based entirely on its weight and fineness, the mint mark not being considered when the value of the metal is determined. The fact that you have been received here in very recent shipments of gold, however, is of great interest in view of the occasional reports that Germany is trading with Japan.

LORD DESBOROUGH LOST ANOTHER SON AT FRONT

Lieut. Gerald Grenfell Fell in Flanders—Many Commons Members on Service.

Special Cable to The Toronto World.

LONDON, Aug. 4.—Lord Desborough, English's leading sportsman, has just lost his second son, Section Officer William Grenfell, who was killed in Flanders on July 31. His eldest son, Capt. Julian Grenfell, died from wounds at Boulogne, on May 28. His twin nephews, Capt. Francis Grenfell, V.C., and Capt. Rivy Grenfell, were killed in May and September respectively.

Enquiries show that more than half of the members of parliament are now in the front, and that only two casualties in the commons have been reported, a score have been wounded. The peers killed include Lords Grey, Bunsby, Annesley, Congleton and Harwarden.

EMPLOYEES OF KRUPPS OBTAIN ALL DEMANDS

Strike Averted by Strenuous Exertions of German Government, Saving Situation.

BRUSSELS, Aug. 4.—Advices from Essen say that the demands of the employees of the Krupp works have been granted and that a serious strike has thus been averted. The German military authorities brought great pressure to bear on the Krupp administration to this end.

Many of the skilled workmen during the early part of the troubles refused to continue at their machines; some of them entered the army and were sent to the Russian front. Others in the ammunition department were replaced by women.

There was no strike among the engineers and draughtsmen. The engineers of the Frankfurter Zeitung, which seems now to have passed, were not affected.

Work continues in the production of war munitions night and day in three shifts.

HOW A VIADUCT OBSTRUCTS VIEW

View of Lake Ontario from High Park. The lake is behind the mud wall. The view of the bay and the island from the Esplanade will be similar.

CANADA WILL BATTLE TO END

Sir Robert Borden Gives Message to Great Gathering in London.

(Continued From Page 1).

ing all the events of the year, there were some matters on which they could congratulate themselves to the full. The unity of the empire was never more fully demonstrated than at the present time.

Alluding to what Mr. BaMour had said of the navy, the Canadian premier said: "We in the overseas dominions as much as you realize that the pathways of the ocean are the veins and arteries of the empire."

"We are as fully conscious as you what that ceaseless vigil in the North Sea means, and of the fact that the sea has been rid of those marauders by which our commerce has been troubled, and that the navy enabled us to keep that close contact which is so necessary in war. This is a war of material resources in an extraordinary degree, and for that reason as well as for others, I have every confidence in the outcome. It simply depends on our self-denial and organizing capacity, and we shall fail in neither."

"Those not invested with responsibility of office can scarcely imagine how the rush of events came upon us in the early months. This is not a time to speak of the past, but to look to the future, to see there shall be no failure, and that the issues of peace and war may not have been all we anticipated, but if there is disappointment with us, the disappointment of Germany is tenfold greater."

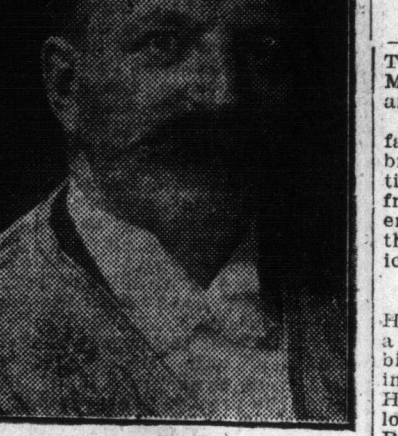

"In visiting hospitals I have found one spirit of consecration to the cause we all have in hand. An empire like ours is worth living for and dying for, and it is greater now than a year ago."

"Once for all it has been said in the hearts and souls of all of us that the great policies which touch and control the issues of peace and war concern more than the people of these islands. God grant we shall bear ourselves in this war, and be so guided in all the momentous results to which it must lead, that whether in these islands or in the overseas nations, the citizenship of this empire shall be a still greater and nobler possession in years to come that it has ever been in all our glorious past."

"I have spoken to you frankly on some matters of great moment. If I had not done so, I should have been unworthy of the trust reposed in me. Before I close, let me bring to you the cause to which they consecrated their lives; we shall not cease to strive until it triumphs; we are supremely confident it will assuredly triumph, and for that great purpose we are inspired by unflinching determination to do our part."

APPOINTED J.P.

H. A. NICHOLLS Ex-councillor of Richmond Hill, prominent in Masonic circles.

CANADA DETERMINED TO SEE WAR THRU TO END

Monster Patriotic Meeting at Montreal Passed Resolution to That Effect.

MONTREAL, Aug. 4.—Montreal's participation in the emptying-girdling commemoration of the anniversary of the war wound up with the most impressive gathering ever witnessed in this city on the campus of McGill University tonight, when almost 15,000 men demonstrated their loyalty to the British Empire by passing the resolution sent out from London expressing determination to continue fighting until the enemy is defeated.

The big open-air meeting was a climax to a number of church services, and it was held under the auspices of the Canadian Club of Montreal. The resolution in question was moved by Hon. W. T. White, minister of finance, and seconded by Hon. Rodolphe Lemieux, former postmaster-general.

Hon. Mr. White, in a spirited address, urged sacrifice as the great duty of Canadians. He stated that Canada had enlisted 140,000 men, had sent 70,000 overseas, and was spending at the rate of \$150,000,000 a year on the war.

Hon. Mr. Lemieux appealed to his younger French-Canadian compatriots to enlist.

The 10th Field Ambulance is calling for recruits, and anyone wishing to join should call at the orderly room, armories, Monday, Wednesday or Friday. A cheque of \$1000 was sent to the 103th yesterday and also to the other city regiments as granted by the city council at the last meeting.

CANADIAN TROOPS WERE INSPECTED

Bonar Law Reviewed Men From Dominion at Shorncliffe.

(Continued From Page 1).

Thacker, Colonel Garnet Hughes, Capt. Montague, Major Kerr, Hon. Mr. Dixon and others of the headquarters staff.

The division comprised the 4th infantry brigade from Ontario, the 6th brigade from Quebec, and the maritime provinces, and the 6th brigade from western Canada, mounted troops, engineers, artillery, and members of the signal, supply, transport, and medical services.

General Salute Given.

Immediately Bonar Law and General Hughes arrived at the saluting point a general salute was given, the combined bands of the 4th Brigade, playing the "Maple Leaf" and "O Canada." Having proceeded up and down the long line of troops in a motor-car, Bonar Law and General Hughes returned to the saluting point.

The march past of the infantry company, the officers and men were drawn from all parts of the Dominion and were picturously arrayed in the ranks. When they marched past, particular interest being centred in the battalions of Highlanders with their bands and pipers and the Eaton Machine Gun Battery. Many men who had been wounded in France, but have recovered, are included in these reserves. Fortunately the rain ceased during this review and on the conclusion of the march past the officers assembled at the saluting point where Gen. Hughes introduced them to the colonial secretary.

Bonar Law remarked that if he were to say how much pleasure he had in witnessing the review it would express very poorly what he felt. A year had passed since the war was entered upon. Nothing connected with it had shown more clearly to his mind all that we had paid for it, or may yet pay for it, than the fact that he had seen on that occasion men from every part of Canada animated by the same spirit, and feeling as strongly as anyone in the United Kingdom that the fight was theirs as much as ours, and that it was a fight for everything which free born men had always prized. The world knew what the Canadians had already done at the front, and he knew what they had suffered. They knew that everyone was prepared to face the same danger and give the same good account of themselves when the opportunity came in fighting against the enemy.

Cheers for the King and colonial secretary closed the review.

STORM WASHED UP HEAP OF OAL AT SUNNYSIDE

Fear is expressed by Sunnyside residents that raw or tug of some kind was sunk in the lake in the storm of Tuesday. The cause of this impression was the finding of tons of coal on the shore last night by residents who were examining the wreckage cast up by the lake during the storm.

George Simpson, county constable, was notified of the finding of the coal and went down to make an examination. The constable recalled that seven years ago a schooner with a cargo of coal was sunk and wrecked out in the Humber Bay during a storm and he is of the opinion that this is where the coal came from. He can offer no further explanation and states that no vessels were seen in distress near the spot on the day of the storm.

CANADIAN CASUALTIES

Nine p.m. List

Third Battalion.

Prisoner at Limerick—James Sullivan, 60 Nassau street, Toronto.

Prisoner at Paderborn—Geo. Whitworth, 60 North Shore street, Toronto; Robert F. Tunstead, 8 Williams Place, Toronto; Corp. Leonard F. Seriously ill—Sergeant Albert Victor Purvis, 437 Lansdowne avenue, Toronto.

Fourteenth Battalion.

Dangerously wounded—Corp. Harry S. Higginson, England.

Prisoner at Roselaar—James Lagan, England.

Fifteenth Battalion.

Wounded—Lieut. Harold M. Wilson, 15 Maple avenue, Toronto (July 1).

Prisoner—Corp. Albert K. Hardacre, Scotland; Corp. Alfred F. Lamerton, Scotland; Albert A. Andrews, England; John Brown, Scotland; George F. Griffin, Scotland; Fred Thomas House, England; Robert Johnston, Scotland.

Lord Strathcona's Horse.

Wounded—Norman C. Robert, Portage la Prairie, Man.; Leonard Sergt. Wilfred Whyte, Edmonton; Chas. Elaby, New Zealand.

UNKNOWN WOMAN IS MYSTERIOUSLY HURT

Found Unconscious Near Don Station—Train May Have Struck Her.

An unknown woman, about 55 years of age, was found unconscious by the police on the Don Station, East Queen street, about ten o'clock last night.

The police have no idea as to what happened to the woman. One supposition is that she has been up by thugs as she was found at some distance from the tracks. Another is that she was struck by a train and collapsed at some distance from the tracks.

She was removed to St. Michael's Hospital in the police ambulance, and on examination it was found that she had a deep cut in her head. This morning she was still unconscious.

The woman was respectfully dressed in black, with a black and white hat and a brown raincoat. She carried a handbag, but within there was no money nor anything to lead to her identity.

BOAT'S CABIN WASHED ASHORE ON LAKE HURON

MARINE AGENCIES HAVE NOT HEARD OF ANY STEAMER IN DISTRESS.

DETROIT, Aug. 4.—A special despatch from Harrisville, Mich., received here today, says that after a terrific storm which raged on Lake Huron yesterday, considerable wreckage was washed ashore between Sturgeon Point and Greenbush. Among the wreckage was found part of a boat's cabin and two lifeboats. It is not known whether the small craft bore the name of any lake-going vessel.

Marine agencies here have not learned of any steamer in distress.

UNEMPLOYED GIRL TOOK FATAL DOSE

Despondent Over Losing Position, Young Woman Bought Acid.

RECOVER LAKE VICTIM

Body of Annie Richards, Drowned in Boating Accident, Washed Ashore.

In a fit of despondency caused by being out of employment, Mary Clarkson, 23 years old, committed suicide last night at 817 Gerrard street by taking carbolic acid. Her relatives live in Canada, Scotland, but she had lived in Canada for a number of years. She had been working in the Freyseng Cork Company, Friday. It is also said that she was out of employment all last winter.

Mrs. Tatham, the girl's landlady, stated that Miss Clarkson seemed to be in a despondent mood all day yesterday, and she said she was going out for a walk, and she did not return until 5:30. She was in her room from 6:15 o'clock Mrs. Tatham called her to supper, but got no response. Then an investigation was made. Her door, which was locked, was broken in and she was found on the floor. P.C. Hawthorne (149) was called in, also Dr. Harold Heffering, 260 Broadview avenue, but too late to be of help. Her body was conveyed to the morgue last night, and Coroner Wilmut is making an investigation.

The dead girl had signed for carbolic acid at the drug store of F. A. Jacobs, 351 Broadview avenue, at five o'clock yesterday afternoon.

Was Found Dead.

James Mitchell, 32 years of age, was found dead on a couch at his home, 149 Ontario street, at six o'clock last night by his friend, Henry Waters of 211 Georgia street, who had called to see him. It is thought that he died a natural death, but the body was removed to the morgue and Coroner W. H. Butt will make an investigation.

Mr. Mitchell's wife had gone away on a visit, and does not know what happened to her husband. She was notified by Mr. Waters in the lake for more than three weeks, the decomposed body of Miss Richards, who lived on the Ontario street, was washed up on the beach opposite Stop 15, on the Lake Shore road yesterday, and found at two o'clock by Mervin Ball, a young man who lives at Stop 15.

Mr. Ball notified County Constable George Simpson, who in turn notified Coroner Forbes E. Godfrey, and the body was later removed to the undertaking establishment of Norman A. Craig, 1255 West Queen street.

From the first it was thought that the body was that of the young girl who lost her life together with a Miss Clara Swift and Walter Scholey, a gentleman friend, three weeks ago. The bodies of the girl and Miss Swift are still missing.

Friends of Miss Richards identified her body last night by the rings on her finger, the watch around her neck and the purse which was still in the pocket of the body. The purse was a clip-on type, and a Braebridge newspaper, unmistakable evidence that the body is that of Miss Richards girl, for Braebridge was her home.

Mr. Richards was notified of the recovery of the body, and is expected to arrive in the city today to make arrangements for taking the remains back to his home.

After the body was found yesterday a search party was formed, and the shore was searched in vain for the bodies of Miss Swift's body but with no success.

Woman Took Bi-Chloride.

What has happened to an unsuccessful attempt to commit suicide was made last night by Mrs. Maud Sampson, a married woman, 27 years of age, who lived at 112 Borden street. The woman took one tablet of bi-chloride of mercury, and after being found by her friends was rushed to the Western Hospital in the police ambulance. Dr. Margaret McAlpine administered antidotes, and at midnight there was hope that the woman would recover. She has a baby six weeks old.

Little Girl Injured.

Josephine Stapleton, 3 years old, of 132 Major street, fell on the street last night while playing and broke her arm. She was taken to the Sick Children's Hospital.

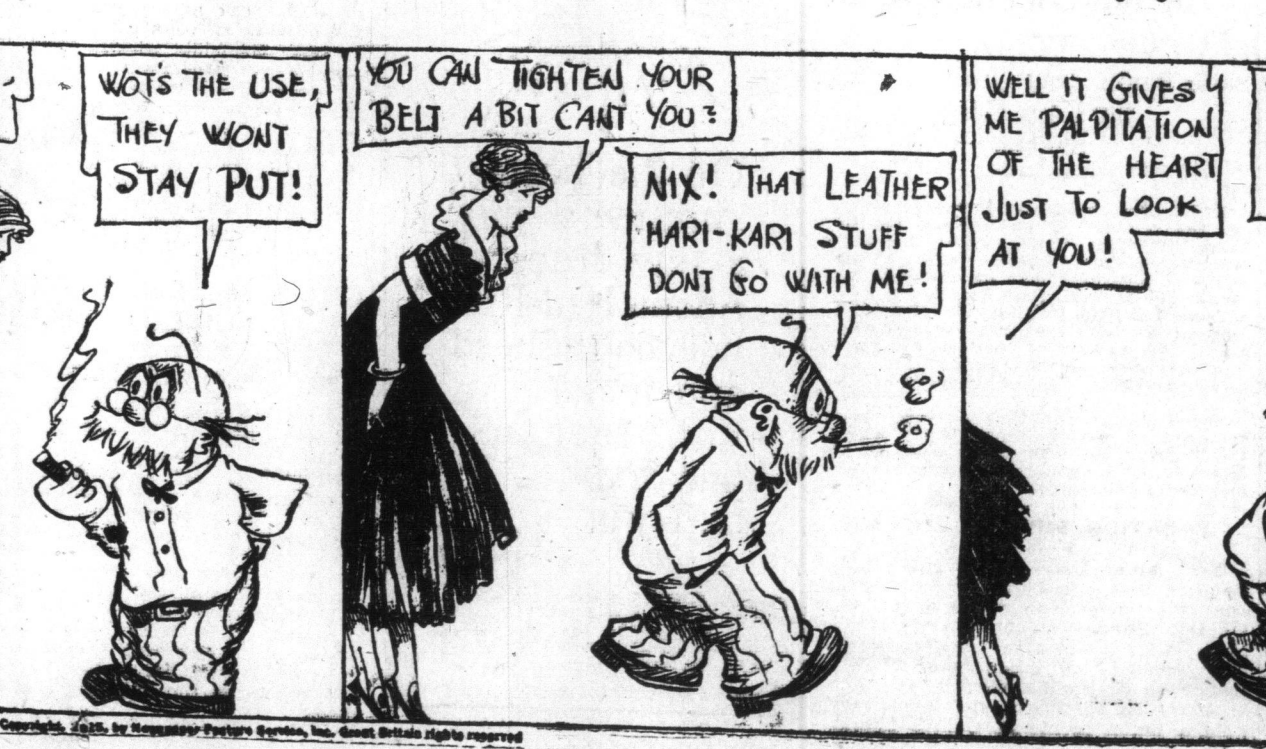

Church Theft Charged.

Arthur Radner of 35 Cumberland street was arrested last night by P.C. 471 on the charge of stealing a collection box in St. Anthony's Church at the corner of Gladstone Avenue and Stanley street.

Hints on Beauty

How to Choose Jewels to Add To Your Charms

By LUCREZIA BORI
Prima Donna of the Metropolitan Opera Company, New York.

SINCE "time was" jewels have been the favored ornaments of womankind. The ruler of old brought cakes, and jewels when he came to woo his lady fair; the prince in the fairy tale lavishes jewels upon his princess, and even the barbarian robs the earth of her precious gems to hang them about the throat of his adored one. Men have fought and died for the sake of a priceless jewel, and women have sacrificed every virtue for the sake of possessing these stones of earth's treasure mines.

Every woman possesses a collection of jeweled baubles which are, more or less, dear to her heart. Not because of their intrinsic value, perhaps, but because of their associations. Few women know how to wear jewelry. I'll wager that not more than one woman in ten is capable of selecting just the right jewels. More often she will wear jewelry which will rob her of charm and beauty.

Many of us wear unbecoming jewels because we have inherited them, while others represent the gifts of people with very bad taste. Resolve, here and now, to wear only those jewels which will enhance your beauty and add just the correct finishing touch to your costume.

Wear Few Ornaments

If you possess good taste you must in addition to this, cultivate an artistic sense of color. This will avoid the unpardonable offense of mixing jewels which do not belong together. For instance, pearls should not be mixed with colored stones—diamonds only may be combined with this treasure of the sea.

Do not think because you have a large collection of jewels that you must wear them all at the same time. Wear only a few ornaments which particularly harmonize with your frock. A single ring, brooch or lavalliere—good of its kind—is more effective than if you are decked out in gems like the Queen of Sheba.

For morning wear when you are shopping or walking, it is extremely bad taste to wear more than a brooch and a single ring. For evening wear, several rings, a necklace and a brooch with other jewelry when they are strung in a plain tailored suit. This is a common misuse of jewels.

Express Your Personality

There are but a few jewels that are becoming to everybody. Pearls, rubies, colored stones, emeralds may be worn by the blonde or the brunette. Sapphires are most becoming to blondes, but may also be worn by the dark-haired maiden if her skin is clear and associated with the brunettes, but there are some golden-crowned damsels who may wear their darling color.

The regal, luscious woman can be laden with jewels and look beautiful, but the dainty, Dresden china girl must be most careful in the wearing of ornaments, for she is at her best with hardly a jewel on her. It is far better to dispense with jewelry altogether than to wear too many ornaments.

Make a close study of yourself and wear the jewels which best express your personality. You will find that certain precious stones will appeal to you much more than others, and if you find them becoming—and they usually are—wear only these gems.

HIS ONLY RIVAL

By Michelson

THERE was a time, a little earlier in the story, when you would have said that Cupid was the only tot in the house—and LUCKY for the house where he lives. Then came the time of big sister's baby. Heavens! but they DID make a fuss about it! Even younger sister joined in the welcome with the greatest enthusiasm. But this didn't mean that she wanted Cupid to go. Oh, no! And it didn't mean that

Cupid no longer felt himself welcome. Surely not. He still has that OTHER game to finish. Meanwhile, he knows that he has a rival, but you couldn't possibly think that he wouldn't love that rival as much as the others. Upset a little, maybe. Naturally. A baby does stir things up dreadfully. But Love is older brother to all the tots that ever will be born.

Secrets of Health

Heredity Works Through Units of Characteristics

By DR. L. K. HIRSBERG, A. B., M. A., M. D. (Johns Hopkins).

THE laws of heredity are not influenced by acquired diseases or by legal enactments. Even Darwin's assumption that the offspring of two parents are half-way between the two is not true.

Very few biologists believe this today. Living things, true enough, sometimes inherit from both sides, but never wholly equally, and sometimes wholly from one side. They are never midway between their parents. Heredity would, indeed, be as simple as two times two make four, if that were true.

The Mendel Theory. The Bohemian monk, Gregory Mendel, in 1866, discovered the most fundamental law of inheritance. Because of "scientific ethics" this law was not made public until 1900. Had it been published in one or more widespread periodicals Darwin's theory would be different today. Fine breeds of cattle, horses, fowls, flowers and vegetables would be available, and even such diseases as feeble-mindedness and epilepsy would be under better control. So much for "medical ethics."

Mendel found that in all creatures there are characteristics which are handed down as a unit in toto or not at all to future generations. Moreover, the offspring inherit these or do not inherit them—they dominate or recede—in definite arithmetic numbers.

Two kinds of peas, one with long pods and the other with short, when crossed have all long pods in the next generation. If these long ones are mated, the second generation after that will have three long pods to one short.

How Heredity Unites. Short pods mated together will give a pure race thereafter of short pods, and the long ones thus mated will give one race of all long pods and two other races of offspring in each four of which there will be three long ones and one short one.

Answers to Health Questions. D. B.—Will you tell me the symptoms of pellagra? A.—Pellagra has various symptoms. Skin discolorations and eruptions, muscular weakness, despondency, melancholia and dysentery.

A. H.—Are emulsions and syrup hypophosphites good for one run down in health? A.—Emulsions of cod liver oil and compound hypophosphites are all right if they contain no alcohol. It is never advisable to take recommended medicines, however, until a correct diagnosis of the physical condition has been made.

B. B.—What is the cause of my liver's stomach swelling up to my breast? This occurs only at night. A.—To find the cause it is necessary to have a physical examination made at a hospital.

Dr. Hirschberg will answer questions for readers of this paper on medical, hygiene and sanitation subjects that are of general interest. He cannot always undertake to prescribe or offer advice for individual cases. Where the subject is of general interest letters will be answered personally, if a stamped and addressed envelope is enclosed. Address all inquiries to Dr. L. K. Hirschberg, care this office.

Would You Like to Live on a Fatigue Cure?

By WINIFRED BLACK

Copyright, 1915, by Newspaper Feature Service, Inc.

DR. WALTER BRADFORD CANNON, professor of physiology at the Harvard medical school, has just discovered a fatigue cure.

Dr. Cannon says that you don't have to rest any more when you're tired. All you need is to take a little "adrenin" and you'll feel as gay as a bird, no matter if you were ready to drop the minute before.

"Adrenin," says Dr. Cannon, "is a substance which exists in the human body, and which also can be obtained from sheep and calves. A little adrenin will accomplish in less than five minutes what two hours of rest can perform."

Thanks, awfully, Dr. Cannon, so pleased with your new discovery! What a splendid thing it will be for the convict in Siberia. What a pity the ancients didn't know about adrenin. Just think what magnificent galley slaves they could have had.

Will it be hot—chowder, now, with plenty of clams and a whole plate full of crumbly cracker, or some slices of cold lamb with pickles? Oh, yes, and some home-made bread, cut very thin, and some cheese. Which kind shall we have? Old-fashioned American or one of those Italian cream ones? A

I didn't eat any breakfast this morning, and right this very minute it is a keen pleasure to me to wonder what there is going to be for luncheon.

Will it be hot—chowder, now, with plenty of clams and a whole plate full of crumbly cracker, or some slices of cold lamb with pickles? Oh, yes, and some home-made bread, cut very thin, and some cheese. Which kind shall we have? Old-fashioned American or one of those Italian cream ones? A

Winifred Black

man brought the most delicious buttermilk this morning with bits of butter fairly dancing in it. I tell you what would be nice, some old-fashioned cottage cheese with little herbs, chopped up in it. Come on, let's go down and make some.

Let's have tea this afternoon at about 4. I've learned how to make some cheese tarts. You take cottage cheese and a little marmalade, and you mix them and leave some of the marmalade on top and have a flakey crust. Let's be sure to take time for these.

Now, if I'd eaten breakfast, what would I care—what there was for lunch? And I would never have thought of the tarts.

Don't you like to be hot—not warm—but hot and mussy, and then what fun to think how the water runs into the cool bath tub, and how nice the green wall of the bathroom is, and a tall, tall glass with ice in it that clinks, and frost on the outside of the glass, and a cool gown and loose slippers, and no dinner tonight, just rest on the piazza? Think how sweet the rustle of the wind in the leaves will be!

Now, if I hadn't been cold I'd be fussing about the carpet and wishing I had different curtains.

The Joys of Contrast.

Don't you like to be hot—not warm—but hot and mussy, and then what fun to think how the water runs into the cool bath tub, and how nice the green wall of the bathroom is, and a tall, tall glass with ice in it that clinks, and frost on the outside of the glass, and a cool gown and loose slippers, and no dinner tonight, just rest on the piazza? Think how sweet the rustle of the wind in the leaves will be!

Diary of a Well-Dressed Girl

By SYLVIA GERARD

Selecting Accessories in Black and White for Summer Outfits.

CICELY has decided not to go home to spend the summer, but to stay North with us and go to the cottage. Of course we're all delighted, for we hated to think of her leaving. Her father and mother are coming up for July, so that will keep her from getting homesick.

At present she has a "crush" on Aunt Kitheryn, and spends half her time over there. She's been sewing, too, making neckwear, camisoles and girdles to use when we go away.

Cicely shaped the collar so that it ripples across the back, and in front she turned the corners back and ornamented one side with two tiny crocheted buttons and the other with buttonholes. The cravat of black and white ribbon I tie about the neck like a stock with a butterfly bow.

Cicely did herself proud when she designed the cuffs, for to cause them to fit snugly about the wrists she made tiny, hand-run tucks. These form a frill at the upper and lower edges. A row of buttons and loops serve to fasten each cuff, and I tie a band of the ribbon about the top.

When I saw how stunning this touch of black and white looked on my frock I went on a shopping tour to buy other accessories in the maple combination. First of all, I invested in a smart parasol. It is one of those fascinating Japanese shapes of white pongee lined with black and white in a checker-board design. I was told that its proper name is the "Chin-Chin" parasol.

Smart Accessories for the Summer Girls' Outfit.

The Good-Night Story

The FOOLISH DUCKS :: By Vernon Merry

ONE bright sunny day in summer a mischievous gnome was wandering along the banks of a stream and watched a flock of ducks paddling and splashing in the water.

On his back he carried a queer bundle and when he sat down to rest one of the boldest ducks said: "Quack, quack! What have you in the bundle?" "Only a bundle of old tales and songs," answered the gnome, who knew that ducks were very fond of both.

"I really ought to be on my way as I haven't time to linger, but since you are so anxious to hear a tale I'll tell you about the moon made of green cheese. Come very close to me, so that I need not speak very loudly, and close your eyes, so that you can listen the better. If any of you as much as peep while I am relating the tale your eyes will be red for the rest of your lives."

Peter's Adventures in Matrimony

By LEONA DALRYMPLE

Author of the novel, "Diane of the Green Van," awarded a prize of \$10,000 by Ida M. Tarbell and S. S. McClure as judges.

How the Matter Ended.

"I'm outburst at an end to Mary's visits to the office, but it complicated things beyond endurance at home. Mary barely spoke to me for days.

In the midst of this domestic coolness I met Ralph Jutes again. "Your wife doesn't love you any more, does she?" he began cautiously. "No," I said. "He looked at me, seemed about to speak and didn't. I could see that he expected me to say something further.

LEONA DALRYMPLE

He smiled wryly. "I know just the type of understanding you mean," he said. "Any married man does."

We walked on again in silence. "You mean, of course, that you simply put your foot down?" "Yes." "I think I'll have to do that, too," he said with a sigh. "I really don't see any other way out of it."

The Tears Flow.

Mary's coolness continued. At the end of a week, when the general tenacity of things at home was getting as much on my nerves as Mary's visits to the office had, I determined to clear the thing up one and for all.

Jutes Clearly Understands.

"To be quite truthful," I said, "I was forced to have a little understanding with my wife about it. That is, if an understanding may at the same time be a misunderstanding. That's about what it amounts to in the end."

When it becomes chronic you're nursing it. "Don't preach!" said my wife, setting the coffee urn down with a thud. "I'm not in the mood for your domestic philosophy lectures. Go to heaven, do I lecture?" "Always."

"I raised my eyebrows, feeling more or less that my wife had gotten back at me with an unexpected bang. "This coffee is really very good," I began, hating myself for a certain proprietary quality in my voice. "I'm glad you like it," said my wife formally.

"Oh, come, Mary," I exclaimed, "let's smoke the pipe of peace and have done with the sight of her—it's time for an unregimented day, haven't it?" "You can't apologize away the feeling back of it all," said Mary, her lip quivering. "When a man deliberately intimates to his wife that he doesn't care the least care for her company—that she gets on his nerves and he almost hates the sight of her—it's time for an unregimented day. I don't believe you care for me any more—and—"

"We went on the road to tears again. I swallowed my irritation and put my arms around Mary's shoulder, hoping to forestall the tears. I stilled them instead. They came in floods.

THURSDAY MORNING, AUGUST 5

The Silver Bullet

Sir George Paish, in a recent issue of The New York World, demonstrates how enormously the odds are in favor of Great Britain and against Germany from the standpoint of finance...

During the first year of war British imports for consumption rose to approximately \$3,400,000,000, but in addition to this the government imported war munitions and supplies...

Germany is in a far different financial position. She has considerable supplies of gold in her state bank and her paper money has not yet gone to an alarming discount...

The statement is made that Great Britain is just as rich today as when the war commenced. There is universal employment at high wages, and where economy is practised in its voluntary and for the purpose of aiding the government...

Votes for Women in Britain. No more notable triumph has been gained for many years by the women franchise societies of Great Britain...

The immediate occasion of The British Weekly's announcement was the great procession of women in London on July 17. They put aside their demand for votes and gave themselves to the common cause of opposing...

CITIZENS FORM RECRUITING BODY

Formed Committee of One Hundred in City Hall Council Chamber. Mayor is Chairman. Will Work in Co-Operation With Recruiting Officers of Regiments.

At the invitation of Mayor Church a number of representative citizens met in the city council chamber yesterday afternoon for the purpose of forming a "citizens" recruiting committee of one hundred.

By a unanimous vote Mayor Church was made permanent chairman as an acknowledgment of the active part he has taken in all military matters in the city since the war began.

The British Weekly concludes a long editorial pointing out the sacrifices made by women, their skill in organization and the need of their help in the trying times that will follow the war with an appeal for ending the suffrage strike.

Field Kitchens. There should be a cordial response to the appeal made a few days ago by the women's organizations of the city for funds to provide field kitchens for the soldiers at the front.

FOREIGN RECRUITS. Editor World: In your issue of the 29th you publish a letter by F. R. Haines on the subject of the foreign element, and while it is highly interesting...

Ralph Connor Explains. In an interview with Mr. Vernon Knowles had at Kenora, Ontario, and appearing in The Winnipeg Telegram of Monday last, the Rev. C. W. Gordon (Ralph Connor) declined a previous interview published in a Toronto contemporary "had been entirely misconstrued."

GERMANS KEEP BLUFFING. BERLIN, via London, Aug. 4.—No word of the Russian evacuation of Warsaw and Ivanogrod has reached here, but members of the general staff betray no impatience over the operations and evidently have their expectations fixed on bigger game than the fortresses; in fact, they expect to capture a part of the Russian army.

WAVES PLAYED TRICKS ON SCHOONER "KITCHEN". During the big storm on Tuesday the schooner J. B. Kitchen had a miraculous escape from destruction. As her captain was about to nose her into the harbor at Burlington Beach, a big swell sent her upon the pier, but fortunately she landed on the sloping bank and another big roller sent her off again into the lake, and she was tied to the harbor at Port Dalhousie at noon Tuesday, so she was piloted across the lake.

AUSTRIANS ENGAGE IN NEW ADVENTURE

Throw Forces Across Bug River for Advance Upon Kovel. TO MEET WITH FIGHT Expect Russians to Offer Strongest Resistance to Latest Operations.

AUSTRIAN ARMY HEADQUARTERS, Aug. 4, via London.—News of the evacuation by the Russians of the fortress of Warsaw and Ivanogrod is expected here from hour to hour. While general attention is concentrated on the impending Russian evacuation of Warsaw and the Vistula line, the advance against Viadrina, Volynsk and Kovel, in Volhynia, is taking place on the southern front, namely, the Austrian-Hungarian passage of the Bug River and the advance against Viadrina, Volynsk and Kovel, in Volhynia.

The destination of the Austrian wedge, which crosses the Bug River between Sokal and Krylow, is apparently Kovel, an important railroad junction located on the southern edge of the great Rokitno swamps. The effect of this advance will be to cut communication between the Russian armies operating in Poland and southern Russia and accomplish what has been the aim of the Russian offensive since the outbreak of the war.

WILLS PROBATED. An estate valued at \$2525 has been left by John Green, who died on July 14, and consists of \$25 in household goods and \$2500, value of a house at 30 Torrens avenue, Toronto. He bequeathed all his property to his wife, Mary Ann Green.

SEIZURE OF DACIA NOW CONFIRMED. Judgment Has Been Given by the French Prize Court. PARIS, Aug. 4.—A French prize court today affirmed the capture of the American cotton ship Dacia.

MANY THOUSAND MEN REQUIRED FOR THE HARVEST IN WESTERN CANADA. Thousands of men will be required from Ontario to help in the great work of harvesting the western crop. The entire task of transporting this great army of harvesters to the west will fall to the lot of the Canadian Pacific Railway.

GERMANS ATTACK WARSAW. BERLIN, via wireless to London, Aug. 4.—West of Warsaw the Russians have been pushed eastward from Blonie and are now fighting behind the outer defences of the Polish capital, according to this afternoon's official statement from the war office. Prince Leopold of Bavaria is heading an assault upon the outer works of Warsaw.

ORDER EARLY CLOSE FOR KINGSTON BARS

Ontario License Board Will Restrict Sale to the Soldiers. In view of the vital importance to the military service of the strict observance of the liquor law by the license holders, the board had adopted an order fixing the closing hour of all tavern licenses and retail liquor shops in the City of Kingston at 7 o'clock for every week night, the same as Saturdays.

ON YOUR WAY TO CALIFORNIA over the cool northern route of the "Milwaukee," do not fail to stop off at Butte, Montana, and make a side trip to the wonderful Yellowstone National Park. The order, which goes into effect forthwith, affects 15 Kingston hotels and six liquor shops.

W. W. MCGARRY ATTENDS FRISCO TAX CONFERENCE. Provincial Treasurer and Aide Will Be at International Session. Hon. T. W. McGarry, provincial treasurer, and John T. White, solicitor to the treasury department, left Toronto last night for San Francisco, to attend the ninth annual conference of the National Tax Association of America, to be held there from Aug. 10 to 14.

ADmits CHARGES OF THEFT, FRAUD, FORGERY. J. H. Collins Pleads Guilty and Sentence is Deferred. Before Judge Coatsworth in the county court yesterday J. H. Collins pleaded guilty to charges of stealing, false pretences and forgery, and was remanded for complete information of the court.

GREW HYSTERICAL WHEN HUSBAND WAS SENTENCED. Keno Krosowski Must Serve Year for Receiving Stolen Goods. When Keno Krosowski was found guilty in the criminal court yesterday on a charge of receiving, and sentenced to one year in the Ontario Reformatory by Judge Coatsworth, his wife demonstrated to the court a pair of expansive lungs. Her cries made the corridors of the city hall echo. She was, with her little daughter, who also showed signs of distress, conducted outside the building by officers of the court.

AN INDIAN PRINCE TORONTO VISITOR

Maharajah of Kapurthala, Wife, Son and Party See Queen City.

"It certainly is not necessary for me to speak of the loyalty of the people of India during the present great crisis thru which our empire is passing, for our contribution in money, men and arms has voiced our feeling."

"Personally I have had the pleasure of sending 600 of my own infantry to British East Africa as well as making a beautiful city and the homes especially give one the impression of prosperity."

"We have had a splendid trip thru the States, but I have been greatly impressed with Canada, and now that I have seen the country I can more than appreciate the generous part that it has played in the war. Toronto is a beautiful city and the homes especially give one the impression of prosperity."

"The party will leave for Montreal today and then to Quebec and from there sail for Europe. A visit will in all probability be paid a son who is at the front, attached to the staff of Gen. Willcocks of the Indian army. The Maharajah is 43 years of age. He is entitled to a salute of eleven guns. Kapurthala, over which he is the ruler, has an area of 630 square miles. His income yearly is over \$1,000,000. The population is 600,000. The inhabitants are Hindus and Mohammedans. In 1908 he married a famous Spanish actress. He has five sons. Two of them are conducting the affairs of the Maharajah during his absence, one is at the front, the youngest son is at present studying under private tutors and one is a member of the Indian army. He will attend Oxford University at the next session. The party left India four months ago. France, Spain, the United States and Canada were visited.

NO ALUM

MADE IN CANADA. Notes of Women's World.

The sum of \$25 was collected at the Monthek House, Muskoka, during an exhibition given by Miss Mary Bewen in aid of the Walking-Stick Fund for wounded soldiers.

Owing to the rain the great Military Tattoo arranged to take place at Riverside Park has been postponed until Monday evening, when the splendid programme arranged will begin at 7.30 and will be given in its entirety.

In aid of the Red Cross \$75 has been forwarded from the Governor Simcoe Chapter, I.O.O.F., to establish a cot at the Duchess of Connaught Hospital, Cliveden, England, to be known as the Trenton Cot.

At Kawartha Park, Stony Lake, a branch of the Stony Lake Red Cross has been established with Mrs. Robert Neil as president and "Woodside," the home of Mr. D. Clarkson, as the place for meetings.

A summer dance was held last evening at the Balmly Beach Canoe Club under the auspices of the Queen's Young Ladies' Boat and Shoe Society. When the patronesses were Mrs. Simons, Mrs. Lieberman, Mrs. Selig and Mrs. A. Levine.

Under the auspices of the W.C.T.U., a garden party will be held on Saturday afternoon on the grounds of the Y.M.C.A. in aid of the motor ambulance fund. Booths of the allies will contain goods from various countries, which will be offered for sale. There will also be a tea garden and orchestra. Open afternoon and evening.

Splendid returns averaging \$25 a day for the fund of the Red Cross are reported from the Queen's Young Ladies' Boat and Shoe Society. The proceeds of the sale of the goods from the allies will be offered for sale. There will also be a tea garden and orchestra. Open afternoon and evening.

On Friday August 6th, at 588 Clarendon street, the garden party will be given by the Duke of Teck Chapter, I.O.O.F., and Mrs. Morrison, wife of Colonel Morrison of the Cotton Machine Co. Battery. Tea will be served on the lawn at 6 o'clock and a sale of home-made goods will follow. The proceeds will be held. Proceeds to go to the Machine Gun Battery Fund.

Musical London is arranging a great musical and dramatic matinee to be given in aid of the Duchess of Connaught Hospital. The matinee, which is being arranged by Miss Florence Farbury, will be held at the Queen's Theatre under the patronage of Queen Amelia of Portugal. The Women's Volunteer Reserve League is giving the honor. The matinee is meant to be a recognition of Canadian loyalty, and the proceeds will be handed to Colonel Morrison, commander of the Canadian Red Cross.

Tonight at Convocation Hall, General G. E. Eyre, Esq., returned from the front, will give an account of things that he heard and saw while visiting in the war zone. The experiences of Gen. (Dr.) Eyre, both as a surgeon and military man have been extensive, the lecture promises to be an interesting and interesting character. The address will be under the auspices of the W.C.T.U., and Mrs. E. R. Riddle, Esq., will preside. There will be no admission fee but a collection will be taken up in aid of the Ambulance Fund. Orchestra and band will be present and an opportunity will be given to join the First Aid classes to be held in Willard Hall under the supervision of Dr. Caroline Brown.

Continuing her efforts in the matter of supplying our Indian soldiers with new uniforms, Mrs. H. S. Strath of 71 Queen's Park has sent out a fresh call for assistance. In this connection Mrs. Strath has written to the general public that during the holidays the inevitable shortage caused by the closing of the schools may not be felt at the front. The budgets are made of five or more sheets of strong manilla paper about 11 inches when folded and 15 inches long and fastened together by strong cord put thru four holes. The cuttings should consist of Canadian and local news, sports, and yet more especially funny and funny stories and something as well for the soldiers' serious side. On the cover "News from Home" should be written in the locality the budget comes from and indicated and the inclusive dates of the clippings given. The budgets should be kept up to date and sent in any one of three different ways: (1) To an officer or man at the front whose address is known, with the request that the budgets be read and passed on to others; (2) addressed "News from Home," care of (fill in name of regiment), care of Canadian War Contingent Association, Westminster Palace Hotel, London, Eng.; (3) addressed "The Editor of Red Cross Commissioner, 16 Cockspur street, London, Eng.

Over a hundred dozen of empty jars, to be filled with jelly or jam for the soldiers here and there, are being supplied by the Toronto Women's Lib-eral Association, who will be glad to supply more to anyone who will fill them. By applying to Mrs. H. H. Deacon, 155 Crescent road, as many cases as desired may be had.

SOCIETY

It is understood in Ottawa that the Rt. Hon. Sir Robert Borden will remain in England for several weeks longer.

The Hon. Justice and Mrs. Teetzel left yesterday for a six weeks stay in Vancouver, after which they will go to the Berkeley Hills, California, where they will in the future make their home much to the regret of their numerous friends in Toronto, where they have always been great favorites.

Mr. and Mrs. Fred Featherstonehaugh arrived in town on Sunday and are at their house on the Lake Shore road, after seeing their son, Mr. Edward Featherstonehaugh in England, where he was on short leave from the front. Mr. Edward Featherstonehaugh after child are staying with relations in England.

Some of the well-known people at Cushing's Island, Maine are: Mr. and Mrs. E. F. B. Johnston, Miss Jessie Johnston, Mr. Harold Scandrett, Sir Mortimer Clark and Mrs. Mortimer Clark, Miss Agnes Macdougall (Montreal), Mr. and Mrs. Cassels, Miss Grace Cassels and Mr. Charles Cassels (Montreal), Mrs. and Miss Becher (St. Louis), Miss Fuller (Hamilton, Ont.).

Rear Admiral Kingsmill has returned to "Bally Beg" from his summer home Rockfells House on the Rideau. Mrs. Kingsmill and her children will not return for a few weeks yet.

Mr. Carleton Monk and Mrs. Monk (formerly Miss Winnifred Oulter), are spending August at South March. Dr. R. M. Coultter, Ottawa, spent a few days last week with her daughter there.

Mrs. H. C. Danielson, Santa Barbara, California, is visiting Mrs. Gerhard Helmsman. Mrs. Danielson motored all the way from her home to Toronto.

Sir James Grant, Ottawa, is staying at Caledonia Springs.

Mrs. J. B. Miller and Miss Margaret Miller left yesterday for the Queen's Royal, Niagara-on-the-Lake.

Dean Liwyd has come from Halifax, Nova Scotia, to spend a holiday in Toronto.

Mrs. James A. Cantile and her two little sons have returned to Winnipeg, after a fortnight spent at the Minaki Inn. At Minaki Mrs. Cantile was joined by her sister, Miss Alice Stewart, who is en route to the west, after a visit to the Misses Michie, Toronto.

The engagement is announced of Kathleen Birkett, daughter of the Bishop of Niagara and Mrs. Clark, to Mr. Anthony Ashley Cooper, Winnipeg. The marriage will be solemnized very quietly in the chapel of Christ's Church Cathedral towards the end of August.

Miss Kathleen Chambers has returned to town from Cleveland, Muskoka.

Mrs. William Hendrie and her children have left Hamilton for Tadoussac.

Mr. Frederick Baker, Montreal, is visiting his sister, Mrs. Malcolm Scarth.

Lady Grant and Miss Grant, Ottawa, have gone to the Algonquin, St. Andrew's, N.B.

Miss Victoria Gooderham and Miss Hollingsworth are leaving for Muskoka on Friday.

Mr. Vivian Barram was in Ottawa at the week-end.

AMUSEMENTS

ALEXANDRA MATINEE. The Roxina Players. "THE MARRIAGE GAME." First time in Toronto. Wed. Mat. 2c; Sat. Mat. 25c, 50c. Evenings, 25c to 75c.

ing a garden party on Saturday afternoon, in the grounds of the Y.M.C.A., in aid of the motor ambulance fund. Booths of the allies will contain articles from the different countries from sale of flags. There will be ice cream, a tea garden, orchestra, with many attractive features. The articles in the allies' booths will be very tempting, and all sorts of home-made bread, cakes, etc., will be for sale, and in the Russian booth butter and eggs will be sold. All the girls will be in costume, and the party will be open both afternoon and evening.

Mrs. Rockfelle Knight left on Tuesday to visit her daughter Mrs. H. N. M. Stambury, St. John, N.B.

Mr. and Mrs. T. Crowley, West King street, Parkdale, announce the engagement of their eldest daughter, Mary Louise (Mayme), to Mr. J. O'Hearn, Fern avenue. The marriage will take place quietly this month.

The following have been at the Monthek House, Muskoka Lakes, lately: Mr. W. A. Cookson, Mr. L. Bradley, Mr. H. Elliott, Mr. W. L. Jenkins, G. Black and a party; Mr. George A. Beattie, Mr. J. B. Thomson, Miss Mabel Bell, Miss Anne Snell, Miss M. Baker, Mr. J. Burns, Mr. J. J. Buckley, R. F. Collins, W. G. McGill, Jas. J. Dolan, A. H. Pamill, Harry A. Weston, R. G. Ross, A. E. Cudworth, Misses Eva Miller, Jean Hamilton, Messrs. J. F. McKinnon, R. M. Ryan, H. L. Scully, Charles G. Collett, Harry G. Kent.

Golfers from Toronto and elsewhere are out in force on the Muskoka Lakes links this summer. Golfing seems to be the lure that attracts the professional and business man away from the heat of the city. There is just enough nip in the Muskoka air to make golfing delightful and it never grows so warm as to be uninteresting. An interesting match game was played on Saturday last between the Royal Muskoka and the Monthek House, the golfers from the latter being the winners.

The informal opening of the baseball season took place last night at Rosseau, Muskoka, when the Parry Sound team played the Rosseau team. Parry Sound being the winners.

Miss Annie J. Proctor has returned from New York and is with her mother, Mrs. C. Proctor, "The Roslyn," Glen road.

Dr. W. F. Wilson has returned to town.

The Canadian Henley Regatta, a magnet for the finest rowing clubs in Canada, promises to be an unusually attractive event of tomorrow and Saturday afternoons. The course, which stretches with several curves from the St. Catharines club house to the grand stand at Port Dalhousie, is wonderfully picturesque this year. Many people sporting enough to be interested in the rival rowing clubs have promised to be present. Crews are expected from Montreal, Ottawa, Toronto, Hamilton, London, Detroit, Buffalo and Philadelphia. The St. Catharines ladies, who are interested in Red Cross work, have won the esteem of the regatta committee to such an extent that the members have promised to hand over the proceeds of the regatta to the Red Cross fund. Well-known figures will be in charge of the tickets and refreshments. In fact, an innovation, and a pleasant addition to the comfort of the visiting spectators.

Among those attending the large dance at the Royal Muskoka Hotel, Lake Rosseau, on regatta night (Saturday) were the following: Mr. and Mrs. Dennison Danna, Mr. and Mrs. W. H. Hayes, Mrs. Brown, Dr. Dr. and Mrs. Wallace and Miss Walker. Dr. and Mrs. Charles Sheard, Jr. Mr.

and Mrs. Hilles, Mr. and Mrs. Raymond, Misses Tough, Mr. and Mrs. Morendo, Mr. and Mrs. Fred Smith, Mr. and Mrs. James Cosgrave, Mr. and Mrs. Thompson, Mrs. H. Ritter, the Misses Cosgrave, Worthington, Clara, Essie, Lilla and Margery Struthers, Irene, Wallace, Helen Smith, Ruth McAnch, L. Rough, Miss Rowley, Mabel Shields, Pittsburg, Pa.; Jessie Gooderham, Noni Hayes, Phyllis Hayes, Rena Bellington, the Misses Doy, Miss Olliphant, Mr. and Mrs. Hocken, Miss L. Hocken, Mr. and Mrs. McDougall, Mr. and Mrs. Thompson, Messrs. MacLean, Hubbel, Denton, Sleeth, Hayes, McTavice, Graham, Noble, Charlie Bonnick, Budd Shep-

Our August Sales

have converted this month into one of the most important of the year by their wonderful opportunities for home equipment. Every other department of the Store does its best, too, particular attention being due to the great disposal of excellent hosiery now in progress.

THE HOMELOVERS' CLUB extends the benefits of the furnishing sales with their low prices to those who prefer to spread the payments over some little time. Ask the Club Secretary about it at his Fourth Floor Office.
