CHEER WHITNEY IN BILINGUAL STRONGHOLD

Addressing Huge Meeting in Roller Rink, Premier Repeats Views, and is Liberally Applauded—Farmers From Miles Around Flocked to the Meeting.

ESSEX, Nov. 24.—(Staff Special.)—Right in the neighborhood of the original home of the bilingual controversy, Sir James Whitney came to-night and found an enthusiastic and sympathetic audience, that cheered him to the echo. Not a word of dissent or discord was heard during the entire meeting, and when Sir James touched on the bilingual school question his remarks were received with hearty applause.

The whole bazaar of bilingualism in Essex County is dead. Sir James Whitney gave it the knockout blow to-night. Nothing new was added to the premier's previous remarks on this subject during other meetings of his campaign. "Some people say I'm afraid of this question," said the premier, "but goodness knows I talk about it a lot."

Two Thousand in Rink. Never since Sir James Whitney commenced his present political tour of the province has he met with a more enthusiastic reception than he did to-night. In point of numbers no previous meeting has in any way compared with it. Fully two thousand people crowded into the big roller rink, which was gaily decorated with bunting and mottoes eulogizing the Whitney government. Sir James was presented with a large bouquet of carnations by Misses Margaret Stone and Greta Johnston. Enthusiasm is a mild word to use in describing the attitude of the people of this riding on the present political issues.

Rose and Cheered. Not only the townspeople themselves came in crowds, but hundreds of farmers and their wives drove in from many miles around. When the chairman of the meeting introduced the premier, the audience rose to their feet en masse and cheered, while the band played "Rule Britannia."

Dr. J. W. Brien of Essex, president of the South Essex Liberal-Conservative Association, presided, and among the speakers were Dr. C. N. Anderson, the Liberal-Conservative candidate in South Essex, Oliver Wilcox, M.P. for North Essex, and H. O. Fleming of Windsor.

Sir James paid a tribute to Dr. Anderson for his consistent attitude in the legislature.

Hydro in the East. Sir James was enthusiastic over the progress of the hydro-electric power policy in Eastern Ontario. "In spite of the fact that a force of speculators, promoters and adventurers had determined to put every obstacle in the way of cheap power in Central and Eastern Ontario we have managed to complete arrangements for bringing it to the people in spite of every impediment," said Sir James.

Approves Education Policy. An regards the sale of the government house property in Toronto, Sir James said: "We haven't received the \$600,000 yet, because we haven't given over the land yet." (Laughter).

Dr. C. N. Anderson of Leamington, the Liberal-Conservative candidate in South Essex, delved right into the educational question. He could not see any reason for complaining of the Ontario teachers leaving the province to get bigger salaries out west, if bigger salaries were to be had there. Dr. Anderson said the new regulations compelling the teachers to remain one year in Ontario after receiving their certificate, would be of great benefit to the educational facilities of the province.

Oliver Wilcox, M.P. for North Essex, made a rattling good speech, in which he paid a personal tribute to Hon. Dr. Reaume, the Ontario minister of public works.

Dr. Reaume, said he is a genial man, an honest man, and a man well worthy of the people's suffrage.

"Human ingenuity," he added, "has never devised a better method of government than party government, but, of course, we like to keep the Liberals in opposition." (Laughter).

Mr. Wilcox also lauded Sir James Whitney and his government.

First on Mr. Drew's List. When John Drew comes to the Princess Theatre for a week's engagement beginning Dec. 4, he will be seen in "A Single Man," by Hubert Henry Davies, which has enjoyed unflinching success during the past two months at the Empire Theatre, New York. Toronto is to be the first city visited, and Mr. Drew is bringing the entire original cast, which includes Miss Mary Boland, Thelma Lawton, Ivan Simpson, Thos. Kelly, Louise Drew and others.

Tubes Are Weather-Proof.

One thing about the tubes, they cannot be put out of business by weather conditions. Many days in the year (yesterday, an instance) street cars are tied up by greasy rails, accidents to wires, by snow blockades. An underground road has its wires housed away from weather, wind and ice disturbances, and therefore cannot fall down. Toronto has a good deal of weather in the course of a year, and from a money point of view, it means much that people get about without the weather hold-ups that pursue a surface system.

LIBRARY-CAFE CARS NEEDED

Business Men Warmly Approve Proposal—C.P.R. Official Against Them, But Others Realize Necessity.

Diversified opinions were expressed by traveling men and railway officials yesterday on The World's call for library-cafe cars on the railway trains running nightly between Toronto and Montreal and Ottawa. The officials said such a car was not necessary, because passengers who had paid for berths wanted to use them and they retired before or soon after the trains started. The query, however, as to what accommodation passengers were offered who did not wish to retire early, met with no adequate reply.

Several business men expressed themselves as in hearty accord with the improved accommodation advocated by The World. A passenger must either retire or sit up in an ill-ventilated smoking car. A library-cafe car on the Toronto-Ottawa or the Toronto-Montreal run would add 100 per cent. more comfort to the journey.

C.P.R. Can't See Necessity. M. G. Murphy, local passenger agent of the C.P.R., could not see any advantages in library-cafe cars on the Toronto to Montreal and Ottawa lines. The experience of the company has been that the public don't want them. He did not think it was fair to compare the Toronto-Montreal and the New York-Chicago runs, because the former was only a ten-hour run, while the latter took eighteen hours, and hence required increased facilities for the comfort of travelers. [The World spoke of Buffalo-New York trains]. No similar ten-hour run in America, he said, gave any better service than the C.P.R. on their Montreal-Toronto line, and as far as he knew, there was no line in America which carried a library-cafe car on such a short run. The C.P.R. transcontinental trains, however, carried library-cafe cars, but these involved a loss to the company.

Another well-known railway official who was too modest to allow his name to be printed, did not think that the Montreal-Toronto lines as yet carried enough passengers to warrant such a trip. "Where?" He believed, however, that a library-cafe car was a great boon to any service and would become popular.

PORCUPINE BULLETIN.

PORCUPINE, Nov. 24.—(Special.)—The weather turned cold, following a slight thaw, and the temperature is ten below zero. Roads are first-class and business moves with more activity. Chas. Fox.

JAPS IN CANADA ACTING AS SPIES

Vancouver Member Warns Dominion Government That Asiatics Are Acquiring Great Power.

OTTAWA, Nov. 24.—(Special.)—The debate on the address drags wearily on. H. H. Stevens (Vancouver) devoted considerable fervor to a denunciation of the delinquencies of the late government in regard to Asiatic immigration. They had bequeathed to the present administration, he said, a racial problem before which the negro problem of the southern states would soon fade into insignificance.

The fisheries of the Pacific coast were monopolized by the Japanese, who had made charts and photographs of the entire coast and these, he had no doubt, were now on file in the archives of Tokio.

In regard to the navy, he declared that there should be an imperial board of defence, at which all the overseas dominions should be represented. Canada should contribute to naval defence of the empire pro rata to her share of imperial trade.

J. H. Burnham, Conservative member for Peterboro, called on the government to grapple with the situation created by the Ne Temere decree.

Dr. Sinclair (Guyaboro) referred to Mr. Bourassa "as the man who presumed to act as godfather to Mr. Borden and his cabinet."

Defended Bourassa.

In resuming his speech in the debate on the address, A. A. Mondou (Yamaska) told the opposition that the naval question in regard to Mr. Bourassa was not of such importance as they thought. He had attended many meetings at which Mr. Bourassa had spoken, and on no occasion had the speeches of Mr. Bourassa been such as could not be repeated in any city of Canada from Vancouver to Halifax.

Mr. Borden and Mr. Monk had always thought together on the main question in regard to the navy. "I have always fought the battles of the Liberal-Conservative party in this country," said Mr. Mondou, "and I still believe that the people can speak on this question as they spoke on reciprocity. They spoke eloquently on Sept. 21 and can speak again tomorrow on the policy the Liberal-Conservatives will adopt on this naval question if it is necessary. There is not a French Canadian in this country who will not be ready to stand with the rest of the country on this question in pronouncing either for it or against it."

Left Party for Cause.

Mr. Bourassa's statement, declared Mr. Mondou, had been misrepresented and he hoped that he would have the opportunity of addressing the people of Canada from the Atlantic to the Pacific on the naval question.

Why had Mr. Bourassa left the Liberal party? He began to lose confidence in it over the Manitoba schools question. That distrust was intensified by the treatment of the new western provinces. Now he had confidence that the present administration would solve this great question.

Mr. Mondou did not shrink the Continued on Page 7, Column 3

WOLF, THE BEAR, WHO IS BEING PRODDED: I'd like awiul well to get out for a few minutes.

PERSIA WOULD PACIFY RUSSIA

Ambassador Expresses Regret That Seizure of Property at Shuster's Instance Was Regarded as Insult.

TEHRAN, Nov. 24.—Vosough Dowleh, the Persian minister of foreign affairs, to-day called on the Russian minister and expressed his regret that Persia's action in seizing the property of Shuass Sultaneh had been construed by Russia as an insult to M. Petroff, the Russian vice-consul at Tehran.

The seizure of the property of the brother of the ex-shah, was carried out at the instance of the national council by W. Morgan Shuster, an American, who is the Persian treasurer-general. Mr. Shuster sent gendarmes to carry out his orders. Russia immediately sent an ultimatum to Persia, stating that unless the foreign minister apologized for the alleged insult to M. Petroff and made other reparations Russia would occupy the Provinces of Gilhan and Mazanderan.

RETURN QUITE HOPEFUL

The deputation that waited on the Dominion Government to prevent the project of a grand federal square on the property west of the city hall to University-avenue, returned from Ottawa yesterday and reported that the proposal met with a very favorable reception from the ministers. They received an assurance from Premier R. L. Borden that he would do as much as possible to assist the project.

Paris Wants Hydro Power

BRANTFORD, Nov. 24.—(Special.)—The board of trade, Paris, has passed a resolution strongly urging the town council to submit a hydro-electric bylaw. Paris has had an electric power plant of its own, and has made a success out of it, but owing to the industrial growth of the town, without large expenditure, the plant will be unable to meet the increased demands. Mayor Armstrong has taken an interest in the matter and has asked the commission to send an engineer to make an estimate of the cost to the town.

Fire Broke Up Mass

100 CHILDREN SAVED
Flames Spread Rapidly in Hospice at St. Jerome, Que., But Inmates Escaped.

ST. JEROME, Que., Nov. 24.—During the celebration of mass early this morning fire was discovered in the hospice of the Soeurs-Grises, and it spread with such rapidity that by the time of the arrival of the firemen the whole upper part of the structure was a mass of flames. The religious and the young children asleep in the dormitory were rescued with considerable difficulty. The convent was reduced to ruins.

It was shortly before 7 o'clock that the chapel was invaded by clouds of thick smoke, and the priest who was saying mass was obliged to bent a hasty retreat, not having time to finish the services. The sisters risked themselves repeatedly to reach the little ones. All, who numbered a hundred, were got out safely. The sisters lost nearly all their personal effects. The edifice, which was erected in 1888, was valued at \$20,000, with an insurance of \$11,000. The superior was Rev. Sister Saint Jean de Dieu. The fire is supposed to have started near the furnaces.

TORONTO'S LIVE STOCK ADVANCES.

There were 23,500 hogs and 8375 sheep and lambs sold on the Toronto markets this week. This was 16,283 hogs and 3550 sheep and lambs more than the corresponding week a year ago. Notwithstanding the heavy receipts, hogs have been and are now selling at from 40c to 50c per cwt. higher in Toronto than in Buffalo or Chicago. See the details in our live stock reports.

R. R. Gurney arrived in Toronto yesterday and is registered at the Walker House.

Ontario To Get Hudson Bay Port

New Easterly Boundary of Manitoba Will Be Altered—Provincial Governments Must Approve.

OTTAWA, Ont., Nov. 24.—(Special.)—Following a conference to-day between representatives of Ontario and Manitoba in the federal cabinet, it is practically certain that Ontario will have a port on Hudson Bay.

By the proposed extension of Manitoba on lines of territorial delimitation fixed by the late government Ontario would be left with no port on Hudson Bay. If the James Bay harbor possibilities should prove unfavorable this would leave Ontario without a deep-water terminus for a provincial railway. The proposal now is to alter the new easterly boundary of Manitoba so that the Nelson River, for a distance of ten miles from its mouth, becomes the interprovincial boundary and Port Nelson belongs jointly to two provinces.

The loss of territory to Manitoba under this altered division is comparatively small, the present northeast corner of Manitoba to the 52nd degree of longitude, north to the 68th parallel and northwest to Nelson River. The new arrangement must be confirmed by the two provincial governments.

The Coming of "Dear Old Billy."

It is a long time since Toronto has trooped have been offered a really good English farce by a capable all-English company, and to the thousands who have laughed at "The Private Secretary," "A Harney's Aunt" and "Junk," the coming of William Hawtrey and his talented company in "Dear Old Billy" at the Princess next week will be regarded as a treat.

THE DUKE'S VISIT.

Arrangements have been concluded to welcome our first governor-general of royal birth, and the occasion should mark a day in our history. Torontoans are flattered to realize that the brother of the late King—a brother of Edward the Peacemaker and an uncle of His Majesty George V.—comes to the Dominion voluntarily, and shoulders the burden and worry of large office with nothing to recompense him but the joy of helping develop the empire.

It is no easy position his highness has accepted and at an hour in life, too, when he might have asked some rest from a long period of unceasing devotion to duty. It would be difficult to find anywhere in the empire a more thoroughly British city than Toronto, or one where the Duke will receive a greater welcome. The citizens were not all British-born, but living in Canada has made them all imperialists, especially those who have experienced the liberty offered beyond the Canadian borders.

Speaking yesterday Mr. Dineen, one of Toronto's pioneer fur merchants, said: "I have lived here all my life and watched Toronto grow from a town to a mighty city, and do you know this visit of the governor-general strikes me as calling for some very marked demonstration of appreciation from the merchants and public, for we have prospered under the flag."

MAY ATTEMPT TO SIDETRACK BYLAWS

Signs of an Organized Effort in City Council to Postpone Tube Project—Would Thwart People's Right to Vote on Necessary Investments.

Controller Spence made a determined attack on the proposed bylaws yesterday, but all to no avail.

"We have always sent in the bylaws," declared the mayor.

Then Controller Spence went over the list of bylaws and asked the board to consider the "appealing total." His list is here appended:

Hydro-electric	\$2,200,000
Tubes	5,500,000
Danforth-avenue line	136,000
Bloor-street viaduct	1,750,000
Parks	112,000
Grade separation	1,000,000
New fire halls	98,000
Schools	600,000
Old intake	150,000
New intake	725,000

Total

"We may be absolutely certain that the people are not going to vote that many," he declared. "If we give up the hydro-electric, the tubes and the Bloor-street viaduct it means the destruction of them all. The hydro-electric extension is essential, but if it is defeated it will be difficult to get the government to sanction the expenditure. We might go to the government and ask permission to raise money without a rate."

"The people will carry it," declared Mayor Geary. "In common fairness to the taxpayers," he continued, "we've got to submit the tube bylaw—to be decent we've got to do it. As for the Bloor-street viaduct, it, too, should go on to council."

Will Report on Liabilities.

The city treasurer was asked to report at the council meeting as to the amount of the city's debt, including that incurred and authorized in 1911.

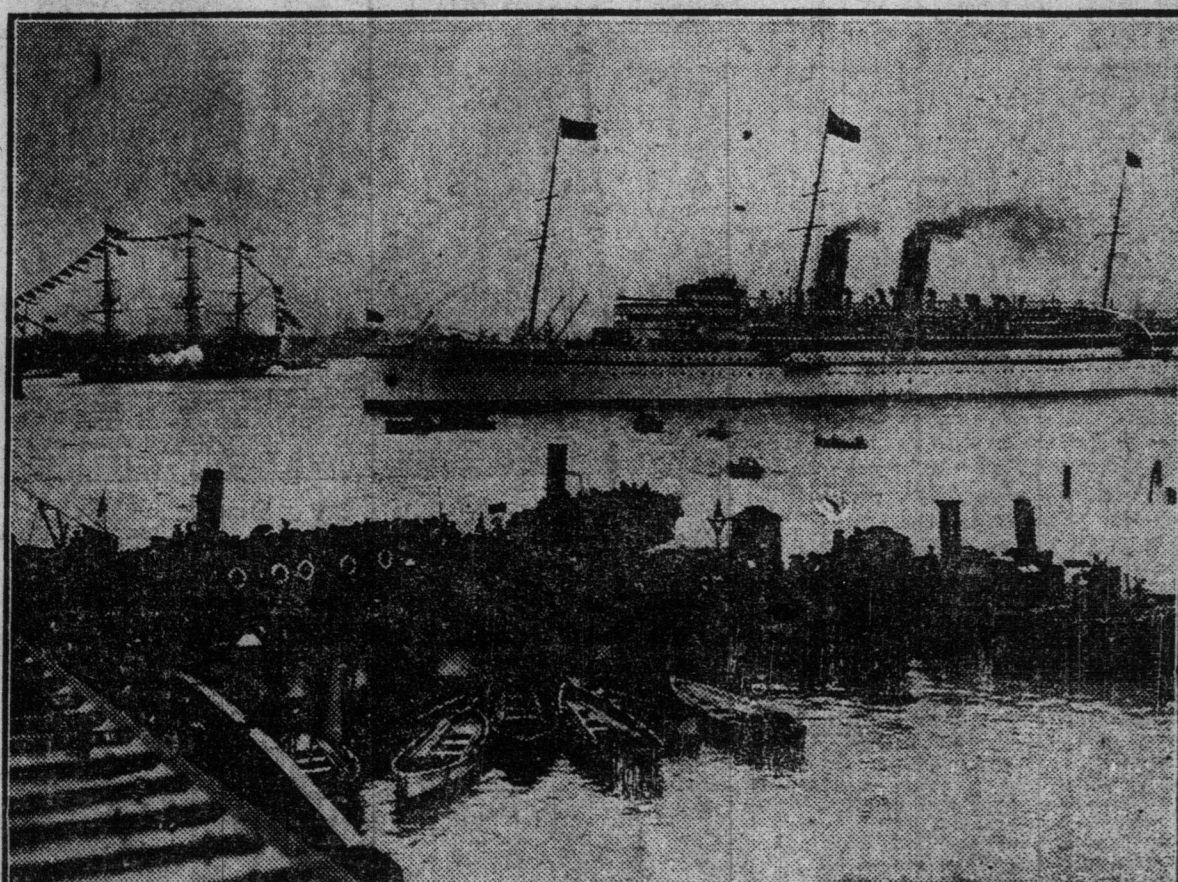

The debt at the beginning of the year was \$35,409,500.33. Controller Hocken, when interviewed last evening, declared that Controller Spence was doing his best to sidetrack the tube bylaw. "There is an organized attempt," he stated, "to make the bylaws as high as they can, so that they will not be carried, but I don't think it will be successful. The general feeling among the members of the council is that it is the only decent thing to do, when tenders have been called for, and accepted conditionally, to send the tubes bylaw to the people. It would be the most extraordinary thing ever done if the council were to shelve it. I think the viaduct bylaw will go thru easily, and the hydro-electric extension is regarded as necessary, so there is no doubt of its passing the council. The only fight will be on the tubes question, and that will not amount to very much."

Council Must Be Fair.

"I think that it is up to the council to submit these things anyway," declared Ald. Hilton. "The people are the real judges of what they are willing to pay taxes for, and they should be allowed to exercise their rights as judges. It is only a matter of time until the city must enter into wider and more modern methods of dealing with the issues that come up. We are a growing city and must build for our future growth. The council should look farther ahead and not do things piecemeal as they have been doing. It is merely a waste of the city's money. Any expenditure on a reasonable project should be authorized, even if the amount is large, especially when the project is as vital as this question of transportation."

Necessary Investments.

"Many members of the council are not looking at these matters in the right light," declared a prominent citizen last night. "Of this proposed expenditure of twelve million dollars there are only about three millions that may be termed debt. The others are investments. The tubes project is an investment that will pay for its inception. The hydro-electric will pay for itself. The Bloor-st. viaduct, taken as a part of a great traction system, will prove an asset. The Danforth-avenue line will liquidate the debt incurred by its receipts. The new fire halls must be considered as a question of insurance. The figure for schools must be considered as a separate matter. The citizens should not hesitate to further the interests of education. The council should take a sane and a wider view of these issues, and allow the people—who placed them in their positions, to bring these matters before them."

THE DEPARTURE OF THE KING AND QUEEN TO INDIA FROM PORTSMOUTH. Photo shows The Victory firing the salute as H. M. S. Medina passes.

FROM ALL PARTS -- OF -- CANADA

we hear good words spoken about our Overcoats; no less than four gentlemen here yesterday from different parts of Canada—and they all told us that our coats were the best value and finest showing they had seen in their travels about town and elsewhere. You see, with us it's not just how cheap we can place a garment before you, but how much value, combined with style and workmanship, we can give you for a price that is fair to you and us. To do this we go from the beaten path of humdrum merchandizing and get exclusive patterns and ideas of our own. Then, too, as one lady said: "Your clothes always look so nice, because you keep every garment on a hanger, and it's so convenient to see the styles." We can show you more garments in ten minutes with our system than the average clothier can in a day.

Some of the leading men of our country are wearing our garments. Why not you? A range of prices in a newspaper is apt to be misleading, but a look, when you have the time, is always convincing.

Ten dollars to forty-five dollars is our price range, and at every price we have made the value such that 'tis as easy selling a forty-five dollar coat as a ten dollar one.

HAMILTON HAPPENINGS

LABOR CANDIDATE WILL RUN IN S. WENTWORTH

William Barrett is the Choice—
Allan Studholme Gives Govern-
ment Credit For Good Works.

HAMILTON, Nov. 24.—(Special).—Wm. Barrett, a well known labor man, was tonight nominated as a candidate for the provincial legislature in South Wentworth by the Independent Labor party, at a convention held in Crown Point. The nomination was moved by John Flett, organizer for the A. F. of L., and seconded by Chas. Olsen. No other name was presented to the convention.

Allan Studholme, M.B.A., and Mr. Flett addressed the meeting and emphasized the necessity of the labor party having a man in the field, so that the large labor element in the constituency could have a chance to vote for a man of their own kind, rather than for either the Conservative or Liberal candidate, both of whom are farmers and also as a protest against the action of the provincial government, which, according to Mr. Flett, had gerrymandered the riding so that the electors who desired to do so could not vote for Studholme in East Hamilton.

Allan Studholme, in his characteristic mild manner told the workmen present briefly of some of the things he had tried to do and urged them to put up a candidate who could help him out if elected.

Silenced a heckler.

An interesting incident of the meeting was the speaker's use of the soft answer to subdue a heckler, who was apparently under the impression that Mr. Studholme's criticism of some of the acts of the present regime constituted vilification of the government.

"No one has ever heard me say that the Whitney government is not clean, and no one ever will," replied the labor member, "but that doesn't mean that they are infallible and that they haven't made mistakes. I have only criticized them when I thought they made mistakes and have always upheld them when I thought they did the right thing."

He warmly commended Provincial Secretary Hanna's prison reform work, but reminded his hearers that the prison farm as a means of criminal correction had been advocated by him (Studholme) thirty years ago.

Railway Board a joke.

Mr. Flett recited some of the good legislation that had been placed on the British statute books since the labor men had got representation in the British parliament, and admonished the Labor men here to make strong efforts to increase their representation in the provincial house. He described Premier Whitney as a reactionary and the czar of Ontario. Hon. Adam Beck, said Mr. Flett, deserved more credit for the hydro-electric scheme than did Sir James The Ontario Municipal Railway Board, said the speaker, was a standing joke.

Beat Toronto Y.M.C.A.

The Hamilton Y.M.C.A. junior basketball team defeated the Toronto West End Y.M.C.A. juniors in a very fast and exciting game here to-night. The stars for Hamilton were Smith and Johnson, while the honors for the Toronto boys were pretty evenly divided. The time score was 21-7 in favor of Hamilton, and the final was 35-18 in favor of the local boys. The line up was:

Hamilton (35)—Forwards, Johnson, Smith, centre, Schabel, defence, Weatherall, Crocker.

Toronto W. E. Y. M. C. A. (18)—Forwards, Montgomery, Kennedy, centre, Schabel, defence, Corrigan, Aldridge.

The preliminary game, which was rather fast for boys, was won by the Climbers, who beat Brantford 32-17.

Hamilton—Mills, Ballantine, Mootis, Burton and Lelman.

Brantford—Pearce, Woods, Sleeman, Armitage and Sweet.

He Would Be a Soldier.

Inability to subordinate his martial ardor and love for his sunny Italy to his moral sense led Francisco Fiarello to commit theft in order to obtain the necessary funds with which to purchase a ticket back to the place of his birth, where he hoped to join the Italian army and wage war on the "terrible Turk," according to the story, which Fiarello told in police court this morning, when charged with burglarizing the home of Joseph Lorenzo, of Crown Point. Fiarello, when arrested, on Saturday night, had a ticket to Italy in his possession and would have left the city in a few days. He pleaded guilty to the charge against him, this morning and was remanded by Magistrate Jelfs for sentence.

City in a Flutter.

Hamilton is all agog over the forthcoming visit of the Duke and Duchess a week from to-day, and the principal concern of the civic officials, and citizens generally, is the reception to be tendered the royal couple here. Additional details of the program arranged by the reception committee were given out this morning.

It is stated that those who have received invitations to the civic banquet, will have to formally accept them, if they intend to be present at the function. Every guest will have to be seated before the Duke and Duchess arrive at the banquet hall, and as soon as the royal couple enter the room, the door will be closed and no one will be allowed to enter or leave, until the banquet is over.

Public Reception.

At the public reception at the court house in the evening, a guard of honor will be provided by the local garrison. Each guest must register, and in addition to presenting his name of admission must also be provided with two cards with his name plainly written thereon. One of these is taken at the door and the other, after passing the scrutiny of half a dozen aides, eventually makes its way into the hands of the duke's secretary, who announces the guest's name. The duke will be spared the handshaking ordeal.

ASK YOUR DRUGGIST ABOUT NYALS REMEDIES

Nyals Family Remedies are scientifically and accurately compounded for specific purposes. Your druggist will recommend them because he knows the formulae from which they are made—knows their value for the purpose for which they are intended.

There is nothing mysterious or "Cure-all" about them, and they are recommended by the druggist because he would rather sell a standard preparation than one of unknown value.

Nearly every druggist carries Nyals Remedies, and all that do recommend them highly, not because of the profit in them, but because of their real value.

You may not know whether certain medicines will benefit you, but the fact that your druggist knows every ingredient in each Nyals Remedy, and its medicinal action, puts him in a position to advise you safely.

Nyals FAMILY REMEDIES

107

are put up uniformly in bright dandelion-colored packages.

Ask your druggist about them.

There is one for each everyday ailment.

You'll find it a pretty safe rule that the druggist who recommends Nyals is a good man to deal with for your other drug-store wants.

TURKS ARE AGGRESSIVE REVERSES FOR ITALIANS

Latest Advances Indicate that Ottoman Forces Are in Fine Fighting Trim.

PARIS, Nov. 24.—The Temps to-day received another despatch from its correspondent with the Ottoman forces near Zouagher. He says the Turks have now reoccupied a greater part of the oasis of Tripoli, and by gaily attacks are preventing the Italians from extending their front.

The correspondent says that a fortnight ago the Italians made an attack from the sea in front of Fort Hamadi, but were surprised by a sudden onslaught by the Turks in the midst of an attempt at landing and only succeeded in getting 200 men ashore. These men were immediately surrounded and fought with desperation, but all of them, except five who were made prisoners, were massacred. To prevent further occurrences of this character, Nechat Bey, the Turkish commander, has offered a large sum of money for every Italian brought alive to headquarters.

The health of the Turkish troops, according to the correspondent, is excellent.

DIAMONDS

OF FINEST QUALITY AT
REASONABLE PRICES.
This is no idle boast, by comparing weights and quality you are bound to be convinced.
All stones sold as perfect are guaranteed Strictly Flawless.

Note—Diamonds bought of us may be returned at any time at the purchase price at any time stipulated in bill of sale.

\$55 — 1/2 karat, blue white.

Diamonds are guaranteed to be strictly as represented or money refunded.

\$55 — 1/2 karat, perfect cut, blue white.

We allow full purchase price at any time to exchange for a larger diamond.

\$120 — 1 karat, perfect, fine color.

Why are we the only dealers in town who advertise weights and prices of perfect diamonds in America?

These are the greatest bargains in perfect diamonds in America.

Canada's only Exclusive Gem Dealers.

cording to the correspondent, is as good as could be expected. He says that not a single case of cholera has appeared among them in the last fortnight.

At Rigdalia, the night of Nov. 15, the Turks, profiting by a hurricane accompanied by rain, made a sudden descent upon the Italian outposts and captured from them five quick-firing guns and much ammunition.

Italian Warships Idle.

TRIPOLI, Nov. 24.—A strong south wind Thursday prevented aeroplanes or balloon reconnoissances by the Italians, and consequently their warships remained idle. Profiting by this failure to bombard the Arabs with artillery attacked Sidi Mesari and wounded several Italians. To-day the warships fired on the entrenchments the Arabs were throwing up before Sidi Mesari.

INDIAN TRIBE ADOPTS NURSE.

BRANTFORD, Nov. 24.—(Special).—Chiefs of the Six Nation Indians have conferred the honor of adoption on Miss Agnes Miller graduate nurse, who has had charge of hospital work on the Indian reserve. Miss Miller was given the title of Ma-Ris-Gee, meaning one who suffers among us in recognition of her services. She chose membership in the clan of the Wolf.

Nearly three hundred names were added to the voters' list as a result of the first day's registration here. Prospects are that a record of 1500 names established in September last will be broken this registration.

The guinea-pig is fully grown when six weeks old.

The shoes worn by Alpine mountaineers have steel soles, with eight projecting points.

You May Have Catarrh And Not Know It

HEAD AND THROAT BECOME
DISEASED WITH CATARRH
FROM NEGLECTING COLDS
AND COUGHS.

Catarrh is Treacherous—When Fully
Developed is a Horror—Note Its
Symptoms.

"Is your breath bad?"
"Is your throat sore?"
"Do you cough at night?"
"Is your voice raspy?"
"Does your nose stop up?"
"Have you nasal discharge?"
"Do you spit up phlegm?"
"Has your nose an itchy feeling?"
"Have you pain across the eyes?"
"Is your throat irritable, weak?"
"Do you sleep with mouth open?"
"Are you subject to sneezing fits?"
"Do your ears roar and buzz?"
"Are you hard of hearing?"

If you have any of these indications of Catarrh, cure the trouble now—stop it before it gets into the lungs or bronchial tubes—then it may be too late. The remedy is "Catarrhazone," a direct breathing cure that places antiseptic balsams and healing medication on every spot that's tainted by catarrhal germs.

There can be no failure with Catarrhazone—for years it has successfully cured cases that resisted other remedies. "No one can know better than I the enormous benefit I get from the very first day's use of Catarrhazone," writes T. T. Hopkins of Westvale, P. Q. "I had for years a stubborn case of Bronchial Catarrh, ear noises, headaches, sore eyes, stopped-up nose and throat. It affected my appetite and made my breath rank. Catarrhazone cured quickly!"

Get Catarrhazone, use it, and you are sure of cure—beware of imitations and substitutes. Large size Catarrhazone, with hard rubber inhaler, lasts two months, and is guaranteed. Price \$1.00, at all dealers, or the Catarrhazone Co., Buffalo, N.Y., and Kingston, Ont.

You Will Need It.

In university circles, from the faculty down, and amongst the sport-loving public, all are in the throes of excitement over the meeting on Saturday of the Argonaut and Varsity Rugby teams. The Sunday World will have a complete story of the big event in the Sporting Section. The meeting will be covered by a corps of expert Rugby writers, and every play will be observed and chronicled in the sporting columns. Only 65,000 copies of The Sunday World will be printed this week, so it will be well for you to order a copy from your newsdealer or newsboy in order to ensure getting a complete report of this big event. After you have satisfied yourself with the doings in the sporting column, we would ask you to turn to the Editorial Section and look for the political map of Ontario, which will appear printed in two colors. As most everyone is interested in provincial politics, it will be well for you to preserve this map for comparison with the one that will appear after Dec. 11.

The Art Section of this week's Sunday World will reproduce in half-tone the very successful Horticultural Association's Show. To those who were unable to attend this very excellent show, the views in The World will in a measure open their eyes to the possibilities of Ontario as a fruit-growing province. Some views of the opening of the new parliament, together with the Duke of Connaught's first drawing-room at the nation's capital, will be amply portrayed. Some pictures of last Saturday's Rugby matches are shown, which will bring vividly to the mind of the reader the scenes witnessed on the gridiron. Other views in the Art Section are a group of views of the graduating class at the Western Hospital, a group view of Fordwich business men, reproductions of some of the really good pictures now on exhibition at Townsend's galleries; Mrs. Mary Ritter, the very successful Hamilton artist, and the delegates to the convention of the Women's Institutes at the Y.W.C.G. Hall on McGill Street. Thornton, Ont., will be interested in the Hicks' family picture. George Chadwick has made a drawing of some faces seen at the recent football match.

In the five sections that go in The Sunday World there is one section that all the kiddies cry for, and this week it is brighter and funnier than ever. Flip, as usual, causes trouble in "Dreamland"; the Pirates, the Katzenjammer Kids and the Captain are still struggling with the treasure trove; Happy Hobigan makes a fatal mistake; Jimmy, as usual, gets in bad, and the other favorites are there to amuse the juveniles.

As before stated, The Sunday World edition this week will only be 65,000 copies, so it will be well for you to order early in order to ensure securing a copy. For sale by all newsdealers and newsboys for Five Cents per copy.

WILLIAM HAWTREY AND MARY MORRELL
In "Dear Old Billy"—the big attraction at the Princess Theatre next week.

THE CROP ESTIMATE.

The crop estimate of the Northwest Grain Dealers' Association for Nov. 1 for Manitoba, Saskatchewan and Alberta, files the following tables:

Wheat—8,800,000 acres, at 18.2 bushels per acre, 159,360,000.

Oats—4,500,000 acres, at 41.6 bushels per acre, 187,320,000.

Barley—1,125,000 acres, at 29.5 bushels per acre, 33,187,500.

Flax—428,000 acres, at 8.5 bushels per acre, 3,638,000.

It is estimated that the wheat in the farmers' hands to be marketed amounted to 86,325,000 bushels on Nov. 7.

Whether the purchase of a Fur Garment is a source of satisfaction or of disappointment depends on your selection of a furrier.

This is the season for Fur Ruffs, Neck-pieces and Muffs. The quality of the fur, the splendour of the finish, the workmanship and the novelty of our designs must appeal to you even beyond the price.

We humbly claim that above all else "Dineen's" Furs are of the very best quality. The business has a record of over thirty-five years, each season marking a period of earnest effort to secure the best pelts possible in every district.

The garments are all made in our own workrooms, from Parisian models, and are most carefully examined before going out. Every inch of fur we sell has been purchased direct from the trappers. Every stitch of work is done under our personal supervision.

Rugby Varsity or Argonauts?

Note and Comment

They talk a lot of speculation on today's game, when, as a matter of fact, betting and Rugby football have little in common. The event at the stadium will be sufficiently interesting in itself without the gambling features. Still, you can't stop people from betting, and there has been a little this time. Varsity supporters snap up the even money offered, while Argonauts ask in some cases 2 to 1. The market will be a compromise, and the teams will likely start at about 7 to 5.

Most guesses favor the students, and thus a victory for the Argonauts would prove a surprise. The generally popular outside college corridors. If our Mr. Centaur were instructed to make a selection he would be obliged to name Varsity, but his favorites have often been beaten before.

There has been a lot of talk and scrambling for tickets, but when Phil McKenzie blows his whistle at 2:15 all who desire to see the struggle will find ample accommodation. It is only standing room on the benches. You can't get in, but you can get in for a few minutes, as they will be hawking at their face value while the speculators begin to feel that they are about to get left with their stock.

Weather conditions are for a clear, cool day, with a field as fair for Argonauts as Varsity, and may the best team win.

More Seats and Additional Standing Room

A large staff of men, under the direction of Superintendent Campbell, worked all night in an endeavor to complete the huge open stand, and every indication points that the job will be completed in time for the game.

In addition to the open stand, grading work has also been done on with, and the result is that standing room for more will be made possible. This has been accomplished by the grading of both ends of the space behind the fence, and there will now be no need to pay the scalper his percentage in order to see the game.

More good news awaits the anxious fan. After the Argonaut roots were supplied at Aura Lee it was found that there were in the neighborhood of 400 seats over, and these will be placed on sale at 180 Yonge street at nine o'clock this morning. The standing room tickets will be sold at 115 grounds.

The northwest gate and the southwest gate, which are the entrances to the new stand, will be open at 1:30 this afternoon. The bleacher gates will be open at 1:15, which is the time decided on for the opening of all grand stand entrances.

Third-year School of Science students, under the leadership of J. J. Phillips, numbered all the open stand seats, and also drained the field, being kept going all day.

The straw which had covered the field for a short time has all been removed and the sod rolled. The wheel marks of the wagons in hauling away the straw cut up the field, but the roller will most probably fix this up.

Secretary Galbraith of the Varsity Association states last night that he had no account for every seat he had sold, and those who had been saying that speculators were getting seats from him have a look at the sheets any time they desire.

The open stand tickets, which go on sale this morning, were secured when it was found that the seats who worked all night had accomplished wonders. The space provided for 500, and only 100 were taken by Argonauts, so it left the 400 for the general public.

Sporting Editor Woodcock do not know what your ideas are as to the attitude of the Y.M.C.A. committee who are raising funds at present, but it seems to me that they are the most generous lot I have ever come in contact with. After the princely way the citizens responded to the first appeal I was surprised to have a call asking for a further contribution to meet expenses and I understand they are talking of raising a further amount to enable them to fire-proof the new Central building. Other charitable institutions are suffering from the greed of the people at the back of the movement, and it seems about time to call a halt. Now that their canvas is so finished and the publication of this can do them no harm, it might be well to let them know what people think and are saying. A victim of the first canvas, J. Campbell.

OWL SHOES WON ODD GAME FROM TAILORS

In Business Men's League—All the Bowling Scores of a Night.

In the Business Men's League, as the Toronto Bowling Club last night, Owl Shoes won two out of three games from Crown Tailors, the latter winning the middle game by only a four-pin margin. Sam Black, for the Owls, with his squaw-like movement, was high man for the night, with 532, and also got high single, with a 214 count in the middle game. Croft was high for Crown Tailors, with 411, with his 31 count greatly helping to bring home the bacon in the middle game. The scores are as follows:

Owl Shoes	1	2	3	T
Black	135	214	183	532
Dedman	129	162	173	464
McLiven	156	179	162	497
Yates	160	167	148	475
Berney	141	177	145	463
Totals	781	899	811	2491

Crown Tailors

Excelsior League.

Excelsiors won all three games from the Owls in the Excelsior League last night. The scores follow:

Excelsiors	1	2	3	T
Cameron	128	155	134	417
Eadie	146	142	136	424
Lambert	167	144	144	455
Meyer	177	172	206	555
Wise	145	148	145	438
Totals	764	722	764	2250

St. Mary's League.

Englert and his big side were responsible for the Pirates' two-game victory over the Dodgers in the St. Mary's League last night. The scores:

Pirates	1	2	3	T
Breen	117	117	127	361
McDowell	156	137	151	444
Smythe	90	111	159	340
Englert	217	189	186	592
Totals	770	654	623	2047

On Atheneum Alleys.

The Atheneum won the odd game from Bill Vadden's College five in the A League last night, pulling out the first by seven pins and the last by 19 pins. Barlow, with 553, was the high roller.

In the Mercantile League, the champion Kodak team won all three from F. C. Burroughs, grabbing the last by the narrow margin of four pins. Dave Bickford showed some of his old-time form when he struck in a 532 count, which was high for the night. The scores follow:

Atheneum	1	2	3	T
Wiles	148	204	189	541
Moran	176	110	159	445
Barlow	178	173	206	557
Higgin	162	182	159	503

Are Ready Again.

His Department of the late Eastern Com-

pany held a very enthusiastic meeting

last night and formed a bowling com-

mittee, of which George Winkler was

chosen captain. They intend running

their weekly handicaps again this

winter, and by the way the boys are

telling they will put on some classy

scores. George Winkler was chosen

to officiate as captain on account of

being the most consistent bowler in the

events last year. The other members

elected are as follows: Trainer, J.

Mason; skip, T. Duffus; spare, H. Bon-

ter.

Maynard Weatherby Buried.

The funeral of the late Maynard

Weatherby was largely attended by the

Toronto bowling colony yesterday after-

noon while many floral pieces in the

shape of wreaths and bowling emblems

placed upon the bier testified to the great

respect deceased was held by one and

all. The Atheneum Club was represented

at the funeral by Andy and Eddie

Sutherland, cousins of deceased; Toronto

Bowling Club by T. F. and J. J. Ryan

and Brunswick Alleys by Lew Hartman.

besides many others of the deceased's

friends, who came to pay silent homage

to one whom they all held dear in life.

Has Some Toronto Approval.

Some people seem to be in accord with the tactics of the suffragettes as evidenced by what Mrs. Fred McD.

Denison has to say. This lady can not see where their actions in the metropolis in London, England, can hurt the cause, but thinks it will actually help it, thru the publicity it has received.

Mrs. Denison is an officer of the local women suffragette branch, and has great confidence in Mrs. Fethick Law.

ence, who is now "doing time" for the part she played in the attempted storming of the English house of commons.

Light for Choir Leader.

Mr. and Mrs. J. L. Young, 59 Kendal-

ave, entertained the choir of St. Paul's Methodist Church to the number of

fifty, last night, and a presentation of an electric piano lamp was made to the leader, G. D. Alderson, who is leaving to go to the Sherbourne-st. Methodist Church.

ACTING PRESIDENT.

A. W. Wright is right into the thick of the campaign, speaking every night out in the counties. Until after the 11th, W. C. McEwen will act as president of Ward Six Conservatives.

IN WARD SEVEN.

Sam Ryding is an aldermanic probability in ward seven. His name was omitted from The World's list. It should have loomed large.

Gouldthrite's Widow Weds. OTTAWA, Ont., Nov. 24.—Mrs. Frank Gouldthrite, widow of the late subject of the stationery bureau, who succeeded in the Detroit River after running away, was married to-night to Allan Roxborough of Cobden, Ont.

Chicago is now the largest piano-producing centre in the world. About 100,000 instruments are made there annually.

With the Clubs

The management of the Judean A.C. take great pleasure in announcing to their members that they have secured permanent club rooms in the above of 308 Queen street West, where they will, at a later date, be installed for the future. All members are requested to attend the weekly meeting at the usual place and hour, when final arrangements will be made towards entering their new home. The hockey section of the club would like to hear from any ring managers who would care to rent their rink for the winter. They would also like to enter some intermediate city league. Kindly come to the club, 308 Queen street West, when final arrangements will be made towards entering their new home. Kindly come to the club, 308 Queen street West, when final arrangements will be made towards entering their new home.

WILL TRAVERS SERVE FULL TERM?

Now that the directors of the defunct Farmers' Bank have been acquitted, the question arises how long W. R. Travers, the former manager, will be confined within prison walls. He was taken to Kingston yesterday on the 8 a.m. train. It will be remembered that he was removed to the penitentiary last spring under the directions of the sheriff.

Since that time Travers has been a prisoner of the detective department, the sheriff having been relieved of the responsibility of his safe-keeping. He has been confined in the jail over the winter and has created a stir among the men on remand. His sentence was for six years.

JAPANESE LABOR CONDITIONS.

In Japan a remarkable feature of the industrial and social life is the great uniformity in the manner of living among different classes. They all live in very similar dwellings, says a writer in The Westminster Review. The poorer people have four wooden walls, and for furniture a few mats and blankets and a coal pot. The food, save in the very highest classes, is in the main very uniform; the food and green tea, with sake as a stimulant. Among those who have not yet adopted European fashions even the dress is in substance the same. The question of the balance between wages and the cost of living is the one that in the long run makes revolution, it has not come into the open yet in Japan. Wages vary exceedingly and no real standard can be given, but they are as a rule very small, the recent years have witnessed a steady rise. They are given some times by time, some times by piece, mostly by weird combinations of all possible methods.

But the weekly budget of the Japanese workman is very small. His rent is a mere bagatelle; the same may be said of his food. His only extras are a hot bath regularly every other day, twice a month or so a family trip to the theatre, a few pence for toys for his children and a bribe to propitiate the deities or bribe the priests. Counting the family at two adults and three juveniles and including every necessary and likely outlay the weekly bill will come to about eleven shillings six pence a week.

Hours of labor are to Western notions outrageous, on an average eleven a day, but frequently twelve, thirteen or even fourteen. Attempts have been made repeatedly to start trade unions but never successfully. Where they have struggled into wretched existence they are of no account whatever because they do not as yet answer to a need of the people. It is significant that many of these attempts were brought to a ruinous end by dishonesty and corruption of their promoters.

Insurance against old age and infirmity is unnecessary in Japan so long as the present firmly anchored tradition endures which ascribes it as a duty upon each person to contribute to the maintenance of an aged, incapable or infirm member of his family.

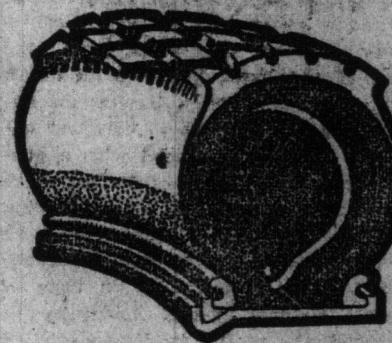

French army authorities are disturbed over the great decrease in the number of horses in Paris.

The water mains of London secrete 6000 miles—twice the width of the Atlantic Ocean.

No-Rim-Cut Tires

Now Have Your Ideal of a

Non-Skid Tread

Goodyear No-Rim-Cut tires—10% oversize—are now the most popular tires on the market. Over 700,000 have already been sold.

Now these patented tires come equipped if you wish with a Perfect Non-Skid Tread.

JOHN CATTO & SON

Opera and Evening Cloaks

Just now we are making a special display of Handsome Single Model Evening Wraps in fine Lurex Cloth, including all the popular shades for dress wear.

Some of these are but slightly trimmed, while others carry a becoming amount of adornment, but our whole showing possesses throughout many features of quite unique appeal to lovers of tasteful dress.

\$20, \$22, \$25, \$27, \$30 to \$50.

Irish Crochet Lace Collars

Real Irish Crochet Hand-made Lace Collars just received in a variety of handsome patterns, \$2.00 and \$2.50.

SWISS REPRODUCTIONS of Irish Crochet Lace designs in Collar and Cuff sets in the greatest range of good patterns and shapes from \$1.00 to \$3.00 each.

Xmas Handkerchiefs

We have a gigantic stock of all warlike kinds of handkerchiefs for Ladies and Gentlemen, specially imported for this year's Xmas. They are all of the latest designs, in popularity as a gift, and few articles are more appropriate or acceptable. We could not begin to give any fair idea of our offering in this space, but have issued a Special Xmas Handkerchief Booklet, which is yours for the asking.

Skirt to Order \$9.00

Nearly one week of our two weeks' offer of skirts to order for \$9.00 has elapsed, and while we have taken a great many more orders than during the same time last year, we do not wish anyone to miss this chance, because they may not have seen the advertisement. The skirt to order materials displays a great variety of nice light weaves, as Serges, Tweeds, or Housewifes, Chalmers, Panamas, Velvets, Worsters and Broadcloths, in good range of colors; also Black and Grey fabrics.

We cut, make, fit and finish a walking skirt from these materials for \$9.00 in any current style, while this offering lasts, at the exceedingly low price of \$9.00 each, and give you the true and expected "Catto finish" throughout. Don't be sorry when this chance is over. Secure a Skirt to-day!

Hosiery

New stock of Ladies' Black Cashmere Hosiery, full-fashioned, extra spliced heel and toe, and toe and heel. All Pure Wool; will not thicken or discolor.

35 cents per pair, or 3 pairs for \$1.00. Better qualities, 50c, 60c, 75c and 90c per pair.

BOYS' STOCKINGS—Splendid line of Boys' Pure Wool Hosiery, Reinforced Heel and toe, special "Durable" make, from 45c per pair. Pure Wool, black, 1-1/2 rib, Reinforced Heel and toe, shaped ankles, splendid wearing, from 40c per pair.

POLICE STOP BURIAL IN SUPPOSED POISON CASE

Body of Girl Who Dies at Institution Held To Permit Inquest.

Despite the specific provision that an inquest must be held in every case of death in a public institution, the body of Evelyn Jean Crozier, a 17-year-old girl who died Thursday morning at the Kingston-road in York County, was taken out of the jurisdiction of the coroners without any notification to any of them and was buried in the undertakers' rooms of N. E. Cobblelock, Danforth-road and Main-street, from that time until yesterday afternoon, without any notice being given to the coroner of the City of Toronto. Even then knowledge of the facts came to the city officer through a third party and not as an official notification. When the chief coroner learned of the details surrounding the death he ordered the detention of the body, and having reason to believe that such a course might be necessary in view of the intention to immediately bury, he sent a policeman to the Cobblelock mortuary to enforce his order.

Coroner George W. Graham of Avenue-road was appointed and will open an inquest there this morning at eleven o'clock. Then he will allow the body to be buried, adjourning the inquest to await the result of an analysis of the stomach and other organs by Dr. A. R. Pyne, provincial analyst.

The girl, who was born in British India where her father now is, was a ward of Col. Raymond of Wolland, Ont. She had been mentally deficient and was committed to the charge of the Alexandra School by her guardian. Thursday morning she was preparing for a music lesson and was apparently in good health. A few moments later she was found very ill in her room. Dr. Penny of East Toronto was summoned, but when he arrived she was dead.

The girl had threatened suicide on previous occasions. Self-destruction by poison was suspected. Miss Brock, the superintendent of the school, allowed the body to be removed to Cobblelock's mortuary. Permission to perform an autopsy was had from Col. Raymond, and this was performed by Drs. Walters and Penny Thursday afternoon. They were unable to discover the cause of death and the stomach and other organs were removed and sent to Dr. Pyne for analysis.

Then the chief coroner came upon the scene and arrested the proceedings, appointing Coroner Graham to take up the matter.

Harper, Customs Broker, McKinnon Building, 10 Jordan St., Toronto, ed

THE WEATHER

OBSERVATORY, TORONTO, Nov. 24 (8 p.m.)—An important disturbance is developing to-night off the New England Coast, indicating stormy conditions for the maritime provinces. In Ontario the weather has become much colder, while in the western provinces it is everywhere fine and decidedly mild.

Minimum and maximum temperatures: Victoria, 42—53; Vancouver, 44—50; Edmonton, 23—18; Battleford, 14—34; Calgary, 18—50; Regina, 15—34; Moose Jaw, 21—39; Winnipeg, 10—32; Port Arthur, 4 below—22; Sandy Sound, 14—28; Toronto, 24—39; Ottawa, 26—34; Montreal, 28—34; Quebec, 34—44; St. John, 22—48; Halifax, 22—48.

—Probabilities—
Lower Lakes and Georgian Bay—Fresh winds, northwesterly shifting to southwesterly; fair and cold to-day, but becoming milder.

Ottawa Valley and Upper St. Lawrence—Fair and decidedly cold to-day; higher temperature on Sunday.

Lower St. Lawrence—Strong winds and gales, southerly to westerly; turning colder and gradually clearing; and northwesterly shifting to west and northwesterly; snow and rain; turning colder at night.

Superior—Moderate to fresh southerly to southwesterly winds; generally fair and higher temperature.

All West—Fine and mild.

REV. BINNEY BLACK LEAVES

Material Expressions of Regret and Rogard Given Him.

Rev. Binney S. Black, retiring pastor of Kew Beach Presbyterian Church, held his farewell service in the body of the church last night. After a lengthy program, a banquet was tendered him in the basement. The speakers were Rev. Dr. Turnbull, Rev. Mr. Fairclough, Rev. Mr. Bryce, Rev. Jas. Reed, Rev. Mr. Andrews, Rev. Mr. Christie. The chairman of the meeting was A. J. Martin.

Glowing testimonies of Mr. Black's work were given by the ministerial visitors and the church's adherents. A gold watch and a purse of gold, on behalf of the congregation, were presented him.

TORONTO WATER RATES.

Water-takers are reminded to pay the water rates early, to ensure discount and avoid crowding.

JAPS IN CANADA ACTING AS SPIES

Continued From Page 1.

charge of Mr. Lemieux that his own position to the right of the speaker was under false representations on the question of reciprocity. "I have no doubt that the policy which should prevail in this country," he said, "is the policy which was adopted in 1879 by the Liberal-Conservative party."

Would Invite More Kicks.—The reciprocity question had been settled twice in 44 years by the Canadian people in 1879 and 1911. The opposition still wanted to stand for reciprocity. "Well, they can do it," said Mr. Mondou, "but I am afraid if they do it they will get some more kicks when they again go before the people."

The Borden government was not maintained by the support of the trusts and interests. They had the same confidence of the farmers as the manufacturers of Canada.

Trusts Won't Say Verily.—Alphonse Verily (Oshonnewab) raved over the result of the elections as the victory of the trusts over the masses of the people. He predicted that the British crown itself would be in danger in Canada.

In regard to the composition of the government, Mr. Stevens held that it was agreed on the essential principles of administration and were prepared to meet on the ground of a frank and open mind, that was all that anyone could expect.

He hoped that the road policy of the government would lead to a highway clean across the continent linking up British Columbia with the rest of the country.

Immigration Frauds.—Mr. Stevens reviewed fully the Chinese immigration frauds on the Pacific coast, the sensational papers in regard to which had never been printed by the direct instructions of the late government because they were too gross to be printed.

The late government, said Mr. Stevens, had bequeathed to his successors a racial problem, before which the negro problem of the south would soon fade into insignificance.

The Japanese problem was a serious one. Ten years ago there were less than 10,000 Japanese on the Pacific coast. Now there were at least 25,000. Japanese monopolized the fisheries. Moreover, they had the charts and photographs of the whole Pacific coast, and Mr. Stevens had no doubt that the Japanese had the archives at their disposal.

Keep Asiatics Out.—"This matter must be taken up and dealt with by the Dominion public," he said by the Rev. British Columbia, a white man's country, and not a field to be exploited by Asiatics.

He suggested as a practical solution of the Japanese problem the transfer of some of the Labrador fisheries to the Pacific coast. Had the late government intended to man the Pacific with Japanese? He asked.

The government agricultural policy was a forward step. What was the force of a policy which merely imported foreigners from across the water to drift to the slums of the cities? Canada, also an essentially agricultural country, had spent a big money on the Canadian navy with Japanese? It looked like it.

The government agricultural policy was a forward step. What was the force of a policy which merely imported foreigners from across the water to drift to the slums of the cities? Canada, also an essentially agricultural country, had spent a big money on the Canadian navy with Japanese? It looked like it.

Imperial Board for Navy.—The navy, said Mr. Stevens, must be approached as a business proposition for the protection of Canada's trade on the high seas.

There should be organized in London an imperial board of defence on which each of the overseas dominions should have representation. This would remove the last objection to imperial control of the navy. Canada's contribution should be pro rata to her proportion of the trade of the empire.

J. A. C. Ethier (Montreal) speaking in French, got a little mixed in his metaphors when he declared that if Laurier remained at the head of the opposition he would lead the government to their Waterloo.

Mr. Ethier devoted a great part of his speech to a review of the reciprocity arguments.

Can't Dodge Me Temere.—J. H. Burnham (Peterboro) declared that was the manifest duty of the government not to evade the question created by the No. 29 bill. The late government's action in the matter had demonstrated that they had a wretched conception of their duty.

Dr. Sinclair (Montreal) tried hard to find in the statement of Mr. Borden's manifesto that if the late government's naval policy were adopted, it would result in the loss of many valuable lives, a parallel to the claims of Mr. Bourassa that the sons of French-Canadian mothers would be taken from their homes to fight for England.

There were thousands of men in Canada who had voted for Borden and his party who would be very sorry to hear that he had capitulated to the Nationalists in this matter.

Unkind to D.O.E.—He wanted to know what the minister of militia, what the speaker, what the daughters of the Empire, those ladies who met day by day and drank their tea and worked for the Tory party, thought of Mr. Borden's grandfather, of Mr. Borden and his cabinet.

Dr. Sinclair recalled that Mr. Borden in his manifesto had said that the fishermen of the Atlantic coast would get free medical treatment. He thought this was only their due in view of what they had suffered by the defeat of reciprocity.

50 Cents a Week Buys an Organ.—The old firm of Heintzman & Co., Limited, are making a complete clearing of some forty or fifty organs, taken in exchange when selling their well-known pianos. These instruments are marked at from fifteen dollars to sixty-five dollars, easily half the original price. Every organ is guaranteed in good condition and may be bought on payments of fifty cents a week. They are to be seen at the firm's warehouses, 135-137 Yonge-st., Toronto. 6123

The Sunday World

The record circulation of 65,000 copies this week testifies to the general public's satisfaction with "The Sunday World". The paper, which will be on the streets at 7 o'clock to-night, will have several big features, which you cannot afford to miss. We show, for those who follow provincial politics, the political complexion of the province in colors. Our song feature this week is "Little Buttercup," which is one of the chief selections given in Gilbert and Sullivan's comic opera, "H.M.S. Pinafore."

In the illustrated section there are a host of pictures of general interest. There are the opening of parliament by his Royal Highness, the Duke of Connaught; the Horticultural Exhibition and the semi-final Rugby football match.

UNFIT MATERIAL USED IN FILTRATION BEDS

Charges of Poor Construction Were Made—Investigation Probable.

Serious charges have been brought against the construction of the new filtration plant at the island. It is alleged that the pure water reservoir has been so faultily constructed that impure water seeps in. It is a fact that the joints in the steel pipe, for carrying the water from the reservoir to the steel pipe which will take it to the city, are in such a condition that the city's resident engineers on the job refused to accept it as completed. The contractors refused to do any more work on it and now a city gang of men is engaged in patching it up. Ald. Yeomans went over to inspect the plant yesterday and it is likely that he will bring the matter up at the meeting of the city council on Monday.

The plant is being built at a cost of \$750,000 and the city will soon be asked to take it out of the hands of the contractors, Dill, Russell and Chambers. In all probability, however, an investigation will be made before it is accepted and the final payments made. Ald. Yeomans stated yesterday that he was not prepared to accept the investigation before that final payment is made.

It is said that an investigation made by a private individual showed that the Japanese had probably been over to inspect the plant yesterday and it is likely that he will bring the matter up at the meeting of the city council on Monday.

the river 18 boatloads of Chinese girls. Later the revolutionists took Tung-kwan.

Aiding Missionaries.—Roger S. Greene, the American consul-general at Hankow, telegraphs that anti-foreign placards are making their appearance in Nanchang, Hupeh Province. The American Legation has arranged for the transportation of all missionaries reaching the railway from disaffected sections, but is not at present prepared to assist those beyond the Yangtze River.

Yuan Shi Kai continues unsuccessful in his efforts to secure loans. He has prepared a scheme by which he hoped to end the revolution. He said he did not intend to allow further fighting, but declined to disclose the nature of his scheme.

Pirates LYoot Ship.—NEW YORK, Nov. 24.—A Hongkong despatch says: Pirates held up the British steamship Shiu on the West river, killed the chief officer, cut off the legs of two Chinese passengers and then looted the vessel. Pirates also held up the Chinese steamship Kwong Yuen and stole \$19,000. Two British torpedo boats will patrol the West river.

MISSIONARIES TELL OF FIENDISH BRIGANDS

Reign of Terror Prevailed, and Plundering and Outrages Made Scenes of Horror.

PEKIN, Nov. 24.—Missionaries arriving in Pekin from Tungchowfu, 80 miles northeast of Sianfu, give accounts of the recent revolution in the province of Shensi, where the anti-foreign element had been intent on exterminating foreigners, Christians and Manchus, but only partially succeeded.

The rebel general at Sianfu, they say, issued a proclamation to the people not to harm merchants, foreigners on non-combatant Chinese, but only to destroy Manchus. The Manchus, however, upon prepared to defend themselves within their own walled section of the city, but nearly all were slain. According to the missionaries, the Manchus took charge of the situation. They plundered shops and demanded money of the inhabitants and then set fire to and burned the school of the Scandinavian-China Alliance Mission and killed Mme. Beckman and another teacher. A missionary was wounded, but succeeded in rescuing a number of the school children.

When the rebels restored order they decapitated many of the outlaws. During the disorder the English Baptist Mission was threatened, but not attacked.

Terrorized by Outlaws.—When the missionaries left Tungchowfu, the rebels continued to administer the city capably, but the brigands swarmed thruout the province. The country people near Tungchowfu organized and captured several of the robbers and killed them with their knives. In nearly every village trees were felled and barricades erected. The village missionaries were unable to escape.

Another party arriving in Pekin from Southern Shensi say they believe the Shensi missionaries will be unable to get away owing to the bad condition of the roads.

This party also gives an account of a massacre at Tungchowfu, an historical pass where invading hordes of Chinese centuries ago massacred the population. Brigands posing as revolutionaries first captured Tungchowfu, then looted the town and killed 2000 of its inhabitants. The imperial troops then recaptured the place, killed 1000 of the brigands and carried off down

CHRISTIANITY, AN ATTITUDE AND LIFE

Prophet of New Theology Calls for Awakening of Social Conscience.

In tender vibrant tones the silver-haired young prophet of the new theology spoke his message last night in Bond-street Congregational Church, to an audience that filled every corner of the building. Rev. Reginald J. Campbell is already well known in Toronto, and his words deepened the affection, which many feel for him as a leader and spiritual teacher. He was to lecture, but he said that after his lecture, he wished to deliver to those who cared to remain "a purely spiritual message, which is my proper work." And after the singing of a hymn, nobody went out, and he prayed to "Jesus our Master and Lord."

Liberal Christianity is no new term. Christianity is an attitude and a life. It represents a method rather than a system of ideas—an outlook rather than a presentation. Those who adopt the outlook have accomplished a prodigious act of faith. These were among his opening thoughts.

If we are climbing a mountain, our outlook to-day will not be the same as to-morrow, when we look from a new height across the whole

SOCIETY

An interpretative recital by Mrs. g

Mrs. J. McTamney and Miss Claire Malone have sent out invitations to a tea on Wednesday, Nov. 29, at 4 Earle-street.

by the King Edward Hotel last by the officers and members of Toronto Cricket Club, who made most attentive and popular of a splendid new floor has been in the beautiful ball room, and which was of the best, while the service was down stairs in the where the tables were covered with baskets of crystals, themums roses, the same flowers being arched on the buffets in the hall room. Frances Starr was present and accompanied by Mr. Robert Ester and some other members of company. Mrs. Cross and Mrs. Saunders received for the Cricket

The most popular and satisfactory ointment on the market. It is reasonable in price and truthful in its statements. The public are wise. 25c, all druggists, or Foster-Duck Co., Limited, Toronto, Ont.

Mecca Ointment

[illegible]

Sparking does not cure children of bedwetting. There is a constitutional cause for this trouble. Mrs. M. Summers, Box W. 65, Windsor, Ont., will send free to any mother her successful home treatment, with full instructions, and no money, but write her to-day if you think your children trouble you in this way. Don't blame the child; the chances are it can't help it. This treatment also cures adults and aged people who are troubled with urine difficulties by day or night.

BELIEVES IN TABLE MANNERS.

The municipal judge at Wilkesbarre, a. has some well settled views on table manners. In reviewing the case of a woman charged with eating and drinking at a public place, he had engendered a quarrel, the judge not only advised him to return home and learn better table manners, but he paid his respects to the entire tribe of public offenders in the following train:

There are a great many fellows like you who come to this city and make themselves offensive to the members of the club of table manners in public places. They drink their coffee as if they were monkey pumps, and eat their food as if it were a horse's nosebag, and spit on the asphalt plant. Next time you come here bring a handout with you, put it in a horse's nosebag, and eat it on the back of your hand.

Doubtless the man from out west will

held at the King Edward Hotel last night by the officers and members of the Toronto Cricket Club, who made the most attentive and popular of hosts. A splendid new floor has been laid in the beautiful ball room, and the orchestra was of the best, while supper was served down stairs in the cafe, where the tables looked very inviting with baskets of chrysanthemums and roses, the same flowers being arranged on the buffets in the ball room. Miss Frances Starr was present, of the dance, accompanied by Mr. Robert Dempster and some other members of her company. Mrs. Cross and Mrs. Joyce Saunders received for the Cricket

What are you doing to give your children sound and healthy teeth? Out of 11,374 children inspected by the Medical Inspector in the schools of Toronto nearly 3,000 cases of physical defects were found. Of these 2,027 were credited to decayed and imperfectly formed teeth. Sound teeth and good bones come from thoroughly chewing a food that is rich in the phosphates. You can't build them with mushy porridges, soggy pastries or sweetmeats. Shredded Whole Wheat contains all the necessary phosphates in a digestible form. You HAVE to chew

SHREDDED WHEAT

Shredded Wheat Biscuit every morning for breakfast, served with milk or cream, will build sturdy, robust youngsters and is a preventive of stomach and bowel disorders so common to children. Being ready-cooked and ready-to-serve it is so easy to prepare a nourishing meal with it in combination with fresh or preserved fruits—a meal that is deliciously satisfying to grown-ups as well as youngsters. Your grocer sells it.

THE IDEA BEHIND THE STATEMENT

"Gourlay Pianos Are High-priced, But Worth the Price"

Nine years ago Gourlay, Winter & Leeming determined to make a piano that in point of musical and intrinsic value would be the peer of any instrument made in any country. The Gourlay Piano is the result. It was not the intention to make a piano to sell at any particular price, but to make it truly and well, and then set a fair price.

Any lack of knowledge or cheapening of workmanship will invariably affect the tone or the durability of a piano. One does not buy a piano often—hardly more than once in a lifetime—so the choice and purchase of a piano is of vital interest and worth a great deal of careful thought and investigation. It is a keen disappointment to a music lover to find that his instrument is lacking in artistic or intrinsic worth, or both, or that because of faulty construction it is deteriorating quickly.

The Gourlay Piano never disappoints.

And the reason why the Gourlay Piano has been such a marked success is this—the cost of manufacture has always been a secondary consideration. If by making a change in the method of construction or use of material we were able to accomplish a desirable result, that change was made.

Is this not the instrument you want?

The owner of a Gourlay Piano knows that those who play it or hear it played cannot make other than favorable criticism—no matter what their musical knowledge or experience.

Would this not be a matter of intense satisfaction to you?

It is the absolute and unvarying quality behind every Gourlay Piano that enables us to say, "High-priced, but worth the price."

Commercial Reports

Narrow Trading in Wheat Market Values Close a Shade Firmer

Conflicting Argentine Reports and General Apathetic Dealings Keep Chicago Exchange Lethargic—Corn and Oats Easier.

CHICAGO, Nov. 24.—Doubt as to what will be the outcome of the Argentine harvest made the wheat market to-day decidedly sensitive, but let prices at the last practically the same as 24 hours before. Final sales varied from 1-4¢ off to a shade advance. Other leading staples all showed a net decline, corn 3-8¢ to 1-2¢ to 5-8¢; oats 1-4¢ to 3-8¢ to 3-8¢, and provisions 3¢ to 17-12¢.

In the wheat pit the day was a disappointment to the entire trade, as there was no movement to be seen in either direction. Although the harvest has fairly begun in the Argentine, cutting will not be general, even in the northern part of the country for the next two weeks.

Prospects of Damage. Meanwhile, according to some experts, there is a lively chance for serious damage. Droughts to-day of cold and rain, both unfavorable conditions. Furthermore, there were circumstantial assertions of the spread of black rust in the central portions of the Province of Cordoba. From other sources, however, came statements that a record yield was still expected. In like manner a promise of small world shipments was offset by statements outlining a hopeful prospect for winter wheat in the United States and forecasting increased European requirements. As a result of the nearly equal showing by opposed factors, values moved but slightly, whether up or down. The range for wheat was from \$1.00 3-8 to \$1.00 7-8, with the close at \$1.00 3-8 to \$1.00 5-8, exactly the same as last night.

Corn Ruled Heavy. With the weather fine for an increased movement and for the cutting of the new crop, the corn market took on a rather heavy tone. There was considerable country selling, but only a moderate eastern call. May fluctuated between 4-1-8 and 6-1-8, closing weak at 5-8¢ to 1-2¢ higher at 6-1-8. Cash grades were more offered. No. 2 yellow finished at 78¢ to 78 1-2¢ for car lots.

Scattered long reducing traders, however, pulled down the closing. The lack of movement in other pits counted also against the market. Top and bottom levels touched by May were 50¢ and 1-1-8, with the close 3-8¢ net lower at 49-1-2¢.

Provisions prices succumbed under a heavy load, pork cash trade, liberal stocks and the short interest in the market was stripped. When the long sold, pork had declined 12-1-2¢ to 17-1-2¢, and other products 5¢ to 12-1-2¢.

Northwest Receipts. Receipts of wheat in cars at primary centers were as follows: Week Year Chicago 124 126 Duluth 124 126 Minneapolis 238 238 Winnipeg 211 211

European Markets. The Liverpool market closed today 3-4¢ to 3-8¢ higher on wheat. Antwerp closed unchanged on wheat. Berlin 3-8¢ higher. Budapest 3-8¢ lower, and Paris 3-8¢ to 1-2¢ lower.

Winnipeg Inspectors. Winnipeg receipts of wheat today graded as follows: No. 1 northern, 8 cars; No. 2 northern, 38; No. 3 northern, 22; No. 4 northern, 45; No. 5 northern, 45; No. 6 northern, 45; No. 7 northern, 45; No. 8 northern, 45; No. 9 northern, 45; No. 10 northern, 45.

Argentine Shipments. The weekly Argentine shipments are as follows: This week Last week Wheat 47,000 47,000 Corn 3,200 3,200

World's Estimates. Broomhall estimates wheat and flour shipments for the week ending Nov. 24, 1911, at 4,000,000 bushels, against 4,000,000 last week. Of this, Europe will take about 4,000,000 bushels, and the United Kingdom will aggregate about 400,000 bushels. He predicts there will be moderate change on past weeks' totals, last week, 15,250,000 bushels.

ST. LAWRENCE MARKET. Receipts of farm produce were 700 bushels of grain and 300 of stock. Wheat—Two hundred bushels of fall sold at 52¢ to 53¢. Barley—Four hundred bushels sold at 80¢ to 90¢ for malting and 65¢ to 75¢ for feed. Oats—One hundred bushels sold at 30¢ to 35¢ for stock and 25¢ to 30¢ for feed.

Poultry Wholesale. M. P. Mallon, wholesale dealer, reports heavy receipts of all kinds of poultry this week. Mr. Mallon received 400 turkeys, 100 geese, 100 ducks, 100 chickens, 100 hens, 100 broilers, 100 pullets, 100 cockerels, 100 roosters, 100 geese, 100 ducks, 100 chickens, 100 hens, 100 broilers, 100 pullets, 100 cockerels, 100 roosters.

Potatoes Wholesale. Car lots of Ontario potatoes on track, Car lots, are selling at \$1.20 to \$1.30 per bushel, and New Brunswick potatoes are worth \$1.20 to \$1.30 per bushel for car lots, Toronto.

CHICAGO GOSSIP

Wheat Market Sluggish—A Shade of Bullish and Bearish News. J. P. Bickell & Co. from Logan & Bryan.

LIVERPOOL, Nov. 24.—Closing—Wheat—Spot steady; No. 2 Manitoba, 7s 10d; No. 3 Manitoba, 7s 10d; Futures firm; Dec. 3d, March 7s 2d, May 7s 1d. Corn—Spot steady; American mixed, 6s 2d; Futures firm; Jan. 5s 8d, Feb. 5s 7d.

Buffalo Grain Prices. BUFFALO, Nov. 24.—Spring wheat unsettled; No. 1 northern, car lots, store, 110¢; winter firm, No. 1 red, 111¢, No. 2, 109¢, No. 3, 107¢.

Wheat—Opening prices were a shade higher, and the market ruled steady through the session with speculative trading again light, and local transactions still working the short side. The Winnipeg market was firm in tone, reflecting a demand for Canadian wheat. The trade at large refused absolutely to be influenced by the Argentine news, believing that with a fair amount of damage, the crop will still be an unwieldy one and prove a depression in the market.

Corn—The tone of the market was heavy, with the December delivery weaker. The market was ruled by the coming of the new crop, with country connections, and possibly this selling in the market. The market was about steady at yesterday's prices.

Chicago Markets. J. P. Bickell & Co. from Logan & Bryan. report the following fluctuations on the Chicago Board of Trade:

Open. High. Low. Close. Wheat—Dec. 109 110 109 109 1/2. May 107 108 107 107 1/2. Corn—Dec. 52 53 52 52 1/2. May 49 50 49 49 1/2.

Winnipeg Grain Market. Close. Open. High. Low. Close. Wheat—Dec. 109 110 109 109 1/2. May 107 108 107 107 1/2.

Argentine Prospects. J. H. Smith, manager of the Union House Exchange, reports that there is little change in the market at present. Prices are easier or account of the high prices of hay and oats. Druggists, 300 to 350; general produce, 175 to 225; exporters, 175 to 225; buyers, 175 to 225.

New York Live Stock. NEW YORK, Nov. 24.—Beef—Receipts, 175 head; market, 10¢ to 11¢; steady. Pork—Receipts, 100 head; market, 10¢ to 11¢; steady.

Chicago Live Stock. CHICAGO, Nov. 24.—Cattle—Receipts, 200 head; market, 10¢ to 11¢; steady. Hogs—Receipts, 100 head; market, 10¢ to 11¢; steady.

Montreal Grain Prices. MONTREAL, Nov. 24.—Continues to be a good demand from foreign buyers for all grades of Manitoba spring wheat. Sales amounting to 200,000 bushels were made for December-January shipment.

Strong Demand for Manitobas From Abroad—Quotations Unchanged. MONTREAL, Nov. 24.—Continues to be a good demand from foreign buyers for all grades of Manitoba spring wheat. Sales amounting to 200,000 bushels were made for December-January shipment.

Winnipeg Grain Market. WINNIPEG, Nov. 24.—To-day's wheat market was exceedingly narrow and dull. There was a little export demand in grades to the continent and a very moderate demand for November delivery.

Duluth Grain Market. DULUTH, Nov. 24.—Wheat—No. 1 hard, 104 1/2¢; No. 2 northern, 103 1/2¢; No. 3 northern, 102 1/2¢; No. 4 northern, 101 1/2¢; No. 5 northern, 100 1/2¢; No. 6 northern, 99 1/2¢; No. 7 northern, 98 1/2¢; No. 8 northern, 97 1/2¢; No. 9 northern, 96 1/2¢; No. 10 northern, 95 1/2¢.

Minneapolis Grain Market. MINNEAPOLIS, Nov. 24.—Wheat—No. 1 hard, 104 1/2¢; No. 2 northern, 103 1/2¢; No. 3 northern, 102 1/2¢; No. 4 northern, 101 1/2¢; No. 5 northern, 100 1/2¢; No. 6 northern, 99 1/2¢; No. 7 northern, 98 1/2¢; No. 8 northern, 97 1/2¢; No. 9 northern, 96 1/2¢; No. 10 northern, 95 1/2¢.

Bulls Unable To Make Progress And Stock Market Soon Wavers

Early Advances in Wall Street Wiped Out in Late Decline—Market Closes Weak—Toronto Exchange Heavy.

NEW YORK, Nov. 24.—With no new influences of importance to affect the course of the securities market, quotations followed no well defined trend today. The opening was hesitating and irregular. For a time prices rose with some show of vigor. The bulls were unable to muster the same degree of force as during yesterday's demonstration and the tone of the market lacked buoyancy. Before the day was far advanced, the list wavered, and then began to fall back. During the remainder of the session, the tone was heavy. The early gains were eliminated and prices fell generally below the preceding day's close. Union Pacific and United States Steel rose to the highest prices of the present movement during the early rise, but at the close stood a point or so below yesterday's final quotations.

Rushed to Take Profits.
The varying course of prices apparently was largely the reflection of the varying temper of speculation. Buying was vigorous early in the day, and a number of the southern and western railroad stocks, as well as some of the industrial ones from one to two points. The recession was due in part to the perceptible slackening of demand for stocks in which vigorous buying recently had been effective in bringing about sharp advances. The change led to some short selling and toward the end there was severe pressure on some of the leading speculative issues.

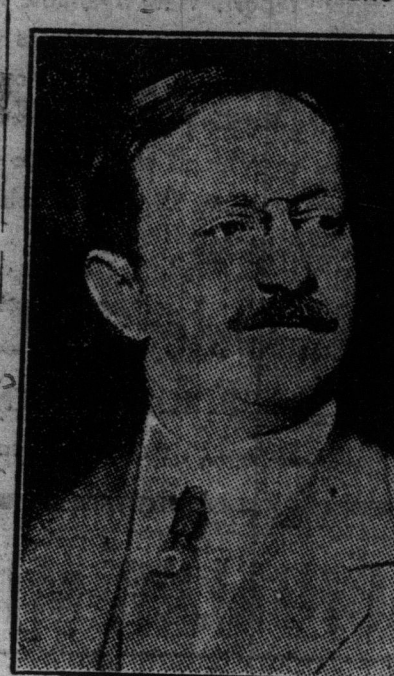

Third Avenue Weak.
Local traction securities were again prominent. Third Avenue fell 2 1/2 to 4, the lowest price at which it has ever sold, many stockholders having thrown their holdings on the market on account of the assessment of \$46 a share under the reorganization plan. Owing to a belief that the action of the courts in the Third Avenue reorganization of the Metropolitan Street Railway Co. there was increased activity in those securities. The four per cent. bonds rose 5 points and the 5 per cent. bonds rose 4 points. The 5 per cent. bonds were heavily traded. Trading was begun today in the new Third Avenue securities, "when issued," the 4 per cent. bonds selling at 83 1/2 to 84 1/2, the 5 per cent. bonds at 87 1/2 to 88 1/2, and the stock at 33 to 34.

Poor Bank Statement.
Expectations of a poor showing in tomorrow's bank statement contributed to the growth of bearish sentiment. Largely on account of the export movement of gold, it is expected that the banks will report a considerable loss in cash. Known movements of currency suggest a loss in the neighborhood of \$3,000,000. As the actual surplus reserve at the close of the week was only \$10,400,000, a loss of that magnitude would almost eliminate it. The movement of gold out of New York continued today, \$200,000 being forwarded to San Francisco. The market showed no reflection of this exchange and rates held steady. Bank centres made a favorable showing, with considerable advances, over 1910 and 1909.

World Office.
Friday Evening, November 24.
Restless trading, and extremely narrow price changes, were the only characteristics of a decidedly dull session of the Toronto stock market today.

There was practically no speculative interest taken in the market; the dealing being largely of a professional nature, and the result was that the list was left pretty much to itself in the majority of instances.
The market has remained in this stagnant condition throughout the whole week, and at the close to-night shows no indications of being in a position to break away from its chronic apathy. This, of course, is due to the falling off of public interest, which followed

UNITED STATES BANKERS

WILLIAM G. FITZWILSON

Assistant Secretary to the American Bankers' Association.

HONORING THE DEUCE.

The Toronto Stock Exchange will be closed on Monday afternoon in honor of the visit of the Duke and Duchess of Cornwall. The Standard and Dominion Exchanges will also abandon business to give the prince a royal welcome.

REACTION FOLLOWS ADVANCE.

The New York market started off well again yesterday, several sharp advances in prices occurring in the early dealings. Steel was particularly strong, the shares getting up to a new high level since September. The bulge was followed by a reaction, however, in which the whole list participated, and at the close prices showed declines of about a point from last night. A see-saw motion is promised until public interest in the market broadens.

ON WALL STREET.

Erickson Perkins & Co. had the following:
There was a good test of stocks today. Under some profit-taking, besides offerings from short traders, prices sagged off moderately, but not greatly, and ended irregular. They may work a little lower, but if the action of U. S. Steel is any criterion, we will get still higher prices before long. Union Pacific and Reading acted equally well. U. S. Steel was strongly advanced to a new high record—3 1/2—compared with 63 3/4 early in the month—although we have had a volume of 1,700,000 shares—the latter figure of this stock indicates in our opinion, that somebody stands ready to take it. If the stock is down only a least significant. Speaking roundly, Steel is about the lowest of the big stocks which pay a dividend of 4 or 5 per cent. We are facing improvement in business, although conceding that it is booking orders at unprofitable prices. We may get some chill to sentiment when congress meets, but not much. Stocks should be bought on any further setback.

Charles Head & Co. to J. E. Osborne. Notwithstanding generally lower prices from London this morning, our market opened strong, and gains of a point or so were scored by the active speculators. In the afternoon market became reactionary and less active, and declines for the leading stocks of 1 to 1 1/2 points were the rule. The Steel Corporation reports increased orders and the month will undoubtedly make a good showing for unfilled tonnage remains extensive, and must have been increased by the action of the market this afternoon. In expectation of a poor bank statement tomorrow we would prefer to await a further decline before buying.

Improved Wire Service.
The Metropolitan Securities Agency, Guardian Building, Montreal, have installed a private wire to Toronto into the office of Scott, Dawson & Patterson, members of the Standard Stock and Mining Exchange. Through this wire the Metropolitan Securities obtain an exclusive line to Ottawa, Toronto and New York.

AN ATTRACTIVE FEATURE NO GROUND FOR PESSIMISM

Participating Preferred Stock Commands itself to Investors.

United States Too Big to Long Remain "Twisting Its Thumbs."

"There is one feature about the offering of the Spanish River Pulp and Paper Company's preferred stock that I like exceptionally well," said one shrewd investor today in talking about the issue, which has been brought out by C. Meredith & Company, Limited.

"The fact that the stock is a participating one commends itself. The majority of preferred stocks do not possess this valuable feature, which to my mind is a great mistake. In this case the investor receives, not only 7 per cent on his money from the out-put of the company, but also shares with the stockholder in the future earnings of the company in excess of the 7 per cent dividend on the common. This makes the stock not only an investment where you are sure of a certain revenue, but has the additional attraction of increased earnings. I believe this is the proper policy to be adopted. Certainly it makes the issue more attractive."

A Million a Month.

Playfair, Martens & Co. in their fortnightly market letter comment on C.P.R. as follows:

President Sir Thomas Shaughnessy's expectation that Canadian Pacific's gross earnings in the current fiscal year will show an average monthly increase of between \$1,000,000 and \$1,500,000 seems in a fair way of being realized. From July 1 to the middle of November, a period of four and a half months' operations, Canadian Pacific had gross revenues of \$4,550,000, a figure approximately \$4,000,000 ahead of the corresponding figure last year. Earnings, if sustained at this year's rate for the remainder of the year, would achieve a total of roughly \$116,000,000, which would compare with \$109,157,908 last year. This indicated a gain in the rate of about \$6,842,092 a month over last year. Estimated operating expenses at the conservative proportion of 65 per cent. of gross earnings for the current year on the estimated \$116,000,000 Canadian Pacific will earn net roughly \$40,000,000 last year and \$38,559,000 the year before.

Montreal Stock Market.

MONTEAL, Nov. 24.—Trading on the local stock market today continued in comparatively light volume, but the general tone was stronger with several sharp advances. Canadian Pacific was completely dominant, advancing to 241 1/2, but it closed easier, being offered at 241 to 242 1/2. Soo railway sold at 125 1/2 to 126 1/2. Steel closed at 63 1/2, but it closed easier, advancing fractionally to 63 1/2. Reacted to 63, with that figure bid and 34 1/4 asked at the close. Dominion Power, which declined yesterday, advanced to 18 1/2, but it closed easier, after advancing fractionally to 18 1/2. The close was firm.

Bond Market More Active.

The Dominion Bond Co., Ltd., in the monthly bond review report, which has been a decided increase in the activity on the Canadian bond market during the past month. General trade and confidence in the country have been from the wheat crop through the Canadian Northwest have resulted in more settled conditions generally throughout the country with the recovery, selling investors have again turned their attention to the market.

Bond investors generally are apprehensive that many issues, which are now selling very close to redemption prices and that on this account the market is likely to be depressed. They are found in marketing older securities and buying new ones at lower prices with a view to holding them for investment.

U. S. Steel Leads in London.

LONDON, Nov. 24.—Money rates were higher, but discounts were easier today. The commencement of the mining settlement checked business on the exchange. Quotations were inclined to sag, even in factory and American and Mexican rails which were depressed on covering. British securities were depressed by the labor unrest.

American securities came strongly with prices a fraction below parity.

Later most of the list advanced on news under the lead of United States Steel. The closing was steady.

Marquis Komura Dead.

TOKIO, Nov. 24.—(C.A.P.)—At the death of Marquis Komura early today came as a great shock to the Japanese people, who were not unexpected. The marquis was a victim of tuberculosis. He was 55 years old, a Harvard graduate, his country's plenipotentiary in several foreign countries, including the United States, and foreign secretary in the Katsura Cabinet during the most momentous period of Japan's diplomatic history. He was one of those who negotiated peace terms with Russia.

Two Learned Men Dead.

MINNEAPOLIS, Nov. 24.—(C.A.P.)—Hugo Von Tschudi, professor and historian of art, died here today. Prof. Tschudi was one of the best known art authorities in Europe.

Another prominent man of letters passed away today in the person of Dr. Wilhelm Jensen, the well-known German author. He was born in 1837 at Helligshagen.

Solendid Service to Niagara Falls.

HIGH EXAMS; FEW SCHOLARS

County Council at Kingston, Blanes

Ontario's Educational Department.

KINGSTON, Nov. 24.—(Special).—That the educational department of the province is at fault in setting too high standard for examination, was the claim of Councillor Smith Elliott, in the county council today. He had asked for an enlargement in the various forms decreased as it had this term, the school would no longer be needed, he said. A small building would accommodate all the scholars. A de-ade had been found in every form. There were but two pupils in the fourth form.

The department must do something to remedy matters by providing teachers to municipalities that could not secure them. Children taught by inefficient teachers were handicapped, he said.

SENATE COMMITTEES.

OTTAWA, Nov. 24.—The committees of the senate met this morning for organization. The chairmen were named as follows: Divorce, Senator Kirk; banking, Senator Gibson; railways, Senator Young; standing orders, Senator Tassier; private bills, Senator Foster; internal economy, Senator Thompson; debates, Senator Ellis; public health, Senator Devereux; civil service administration, Senator Power; public buildings, Senator Choquet; agriculture and forests, Senator Edwards; commerce and trade relations, Senator G. W. Ross.

Toronto Men Acquitted.

RED DEER, Alta., Nov. 24.—Harry Leine and H. Leine, two Toronto photographers, charged with criminal negligence in causing the death of passenger MacLeod thru an explosion of flashlight powder in their trunk, were found not guilty and acquitted by Judge Stewart in the supreme court here.

TwoKilled in Wreck.

WASHINGTON, Nov. 24.—(C.A.P.)—Two men were killed and several badly injured in a head-on collision this morning at Scotland, Ga., between passenger train No. 14 of the Southern Railway from Chattanooga and Atlanta, bound to Jacksonville, and an extra train bound north. Engineer Brantley of the passenger train and an express messenger were killed.

TO-DAY

An Important Sale of Winter Boots

will be the 8 a.m. attraction on our Second Floor. Naturally you will be comparing this sale with the other big ones we've held here in the past; let us assure you that we've never had a finer stock of Boots for Men, Women and Children included in one sale.

Three well-known firms have contributed to it—the McCready Shoe Company, the Ames-Holden Shoe Company, the Tetrault Shoe Company—all styles are brand new, and the sizes and widths are complete in every style.

Men's Boots, worth up to \$7.00, TO-DAY..... 2.95

Boys' Boots, worth up to \$3.50, TO-DAY..... 1.69

Women's Boots, worth up to \$5.00, TO-DAY..... 2.49

Children's Boots, worth up to \$2.00, TO-DAY..... .95

Fur and Fur-Lined Coats for To-Day

Here are two investments in the Men's Fur Store that we suggest for TO-DAY. In both cases you'll be making a big saving.

11 only Men's Extra Choice Custom-made Fur-lined Coats, shells are All English beaver cloth, trimmed and finished first-class; linings are selected dark and close-furred Canadian muskrat with shawl shape collars of prime heavily-furred otter skin; good value at \$65.00. TO-DAY, bargain 47.50

Chauffeurs' Fur Coats, in No. 1 grade bear goat, dark brown and black color; best linings and well finished; durable and very warm garment. TO-DAY..... 19.50

\$1.50 Men's Winter Gloves, 98c

Men's Winter Dress Gloves, warm wool lining, protective gore at wrist, one dome snap, imported stock, kid, suede and cape leathers; pique and P.X. M. seam; best finish; sizes 7 to 10. Regular lines that we must clear; \$1.50 value. TO-DAY.... 98

Fine Brussels Rugs at Big Reductions

We have decided to drop a few designs amongst these goods to make room for others that will be coming in shortly, and you can buy them TO-DAY at the same rate as the jobbers. They are wonderful value, and worth buying at these prices to put away until you need them.

9x10.6, regular \$14.00, TO-DAY, special, 11.25; 9x12.0, regular \$16.00, TO-DAY, special, 12.95; 11.3 x 13.6, regular \$22.50, TO-DAY, special 19.35

REAL ORIENTAL RUGS AT 25 PER CENT. OFF.

These Hand-Made Rugs are offered for TO-DAY at prices to command a big result. They are mostly the rich, warm red colorings, suitable for dining-room, den, library, and hall, thick and warm, everlasting wear. They are specially suitable for club use, offices, or places where they have constant traffic on them. For TO-DAY only 25 Per Cent. Off (Fourth Floor—Yonge Street)

They are all in the carpet sizes—as an instance: 12.11 x 9.8, regular \$125.00, special, 93.75; 13.11 x 9.4, regular \$82.50, special, 62.00; 11.7 x 8.8, regular \$67.50, special 50.00

In the small genuine Oriental Rugs we have some choice pieces at moderate prices—Daghestans from 15.00 to 75.00; Kazaks from 25.00 to 55.00; Silky Karabags, 7.75 each.

A few Antique Bokhara Saddle Bag Pieces at, each 20.00

Get Down As Fast As You Can TO-DAY

This is the morning that two hundred and fifty classy overcoats go on sale at \$9.80 each.

Needless to say, such an opportunity doesn't "just happen" at the height of the overcoat season. In trade circles it is a recognized fact that good overcoats are scarce. We had to go hundreds of miles from Toronto to hunt this bargain down, and it was just a question whether we could land them in time to offer them To-day. These coats were well bought, but there's a very small margin of profit in them at to-day's price. They are heavy ulsters, made single and double-breasted, with the two-way convertible collar, full ulster length, centre vent. They are made from English grey and brown tweeds and fancy mixtures. They are well lined and tailored, and there are many coats in the collection that have never been offered before for less than \$16.50. Our Saturday, 8 a.m. price . . . \$9.80

TO-DAY

We Offer 93 Sample Ulsters for Boys, \$5.85

Just ninety-three of these good Ulsters for big boys will be offered at this price to-day. This is all we could buy in Montreal, but it's just ninety-three more than you'll find offered elsewhere to-day, values considered.

These Ulsters are single and double-breasted, permanent as well as convertible collars, made of imported English overcoatings. At regular prices these coats would bring from \$7.50 to \$9.50; sizes 30 to 35.

Our price TO-DAY 5.85

Men's \$2.00 Underwear \$1.00

A tremendous selling of Men's Underwear has shattered the range of sizes in many good lines. TO-DAY all the remainders go on sale for \$1.00 a garment.

"Penman's 95," "St. George" wool and camel's hair mixtures and natural wool, elastic rib finish, "Body Guard," "Stralian" and several other good English makes; there are several broken lines in this sale, but in the lot there are all sizes 34 to 50. Regular \$1.25, \$1.50 and \$2.00. TO-DAY, per garment, 1.00

100 Trunks, Suit Cases and Club Bags, \$3.95

A price that saves you at least a dollar on each article. Inspect these pieces carefully and you'll see what splendid gifts they would make. No dealers supplied.

A Few More Alarm Clocks at 59c To-Day

Genuine brass movements, reliable timekeepers, fitted in copper and nickel cases, single and double bells. Regular \$1.25 each. TO-DAY... 59

Rope and Band Portieres at Special Prices

75 only New Arts and Crafts or Mission Rope and Band Portieres, a variety of very smart designs; colors red, mixed green, brown, green and red, and solid green; adjustable to fit any arch from 4 to 6 1/2 feet wide. Special TO-DAY 2.59, 3.78, 4.48, 6.89

75c ART SILKS, 49c YARD.

For Christmas Fancy Goods Sewing—To make Cushion Covers, Handkerchief Bags, Ribbon Cases, Glove Holders, Linen Cases, Pullman Bags, etc. Regular 75c value. TO-DAY, per yard 49

ODD COLORED MADRAS CURTAIN SAMPLES, 69c EACH.

100 only Odd Colored Madras Curtains, 36 to 48 inches wide, 2 1/2 or 3 yards long; bordered both sides and bottom; pretty patterns. Worth \$5 to \$6.50 pair. TO-DAY, each... 69

FRILLED BOBBINET, 11c YARD.

Full 36 inches, good Brussels net, with lace and insertion. Regular 20c quality. TO-DAY, per yard 11

Look! Half Dozen Rogers' Ware in Case, 79 Cents, and a \$15.00 4-Piece Tea Service for \$7.89

400 only Cased Sets—Your choice of half-dozen Bread and Butter Spreaders, half-dozen Ice Cream Spoons and Forks, half-dozen Orange Spoons, or half-dozen Tea Spoons. These are all Rogers' silver-plated, in fancy patterns, so it is hardly necessary to say any more about the quality. Each half-dozen put up in a fancy lined case. Regular price up to \$2.25 set. Special TO-DAY, per set 79

12 only Four-Piece Silver-Plated Tea Sets, including Tea Pot, Sugar Bowl, Cream Jug and Spoon Holder; heavily plated, finished in bright and satin; the cream jug and spoon holder are gold lined. This is a very plain set and beautifully ornamented in hand-engraving. A tea set that will give you perfect satisfaction. Regular selling price \$15. Special, TO-DAY..... 7.89

350 dozen Dessert and Dinner Knives, 12 dwt. silver-plated, with solid handles. Regular \$4 and \$4.50 dozen. Special, TO-DAY, each 25

SIXTY-NINE CENTS

is the price at which we will offer over three hundred framed Pictures and Mirrors TO-DAY. You'll see at a glance that they're worth about three times this price. The collection is so varied that space prevents further details, but come at 8 o'clock. NO MAIL OR PHONE ORDERS.

\$5 China Pieces \$1.00

Here's a rare chance to pick up the kind of Christmas Gift that is always in good taste; and the price is astonishing:

1700 pieces Hand-Painted Kobutsu Vases, superb examples of Royal Nippon ware, Wedgwood Teapots, Royal Doulton Jugs, Bavarian Steins and Amphora Wares of various design. A superb collection, containing hundreds of pieces worth \$5.00. Every piece in the collection will be offered TO-DAY at 1.00

No phone or mail orders.
