Rumor That ex-Members of Par-  
liament Are to Invade  
The Hague.

WHAT SHALL WE  
NAME THE CITY?

Great interest being taken in the  
World's Invitation to Submit a  
Suitable Title.

What shall we name the new city at  
the head of the great lakes?  
Scores of letters are being received  
by The World daily now suggesting a  
distinctive title for the twin city, which  
will spring into being with the merger  
of Fort William and Port Arthur.  
Among the suggestions being received  
are many derived from a combina-  
tion of the present names, for instance:  
Willart  
Willart  
Twintport  
Geography also—and naturally—en-  
ters into it, as for instance:  
Gateway City Westhead  
Solar City Thunder Bay  
Lakeport Northlake  
Westgate Grande Superior  
Huron  
Then there is the patriotic spirit evi-  
denced in:  
Maple Leaf City - Usdin City  
And the doing honor to a personality  
as:  
Whitney City Marconi  
Ogilvie (after the great miller)  
Names which indicate the chief busi-  
ness of the locality include:  
Grainopolis Marine City  
Iron City Wironath City  
Neptune Neptunia  
Ferrum (Latin for Iron)  
Imitation, perhaps, is the sincerest  
form of flattery. Then how about:  
New Edinburgh New Liverpool  
Manchester Portland  
Among the unclassified are:  
Eureka City Metropole  
Newport  
In suggesting Solar City, J. W. Rut-  
ter of Mimico writes:  
"My first choice is Solar City, because  
it is about the centre of our string of  
great cities from St. John to Van-  
couver. It will also be a bright light  
in the commercial world in the near  
future, a great railway centre and the  
shipping port of the great lakes."  
Grace Porter of Woodbridge, in sub-  
mitting Willart, proposes:  
"The name I have proposed is short,  
nice-sounding, being union of the  
first syllables of the names of the pre-  
sent towns, and it ought to be pleasing  
to their people. I am a girl of 12 years  
attending high school."

LANDLORDS CONTROL.  
New Russian Election Tables Drawn  
Up in Peculiar Way.  
ST. PETERSBURG, June 17.—The  
publication of the tables relating to the  
new elections, showing the numerical  
composition of the provincial electoral  
colleges, indicates the motives actu-  
ating the government in drawing up the  
new electoral law. The real feature of  
the law is neither the disfranchisement  
of aliens nor the direct vote in cities,  
but the utterly unscrupulous way in  
which figures were juggled to produce  
the desired result, the reappointment  
having been made without the slightest  
regard to population of the areas, but  
solely on a basis of the votes cast in the  
previous elections.  
The tables put the landlords in un-  
disputed control of the electorate of the  
whole of Russia.

IN TORONTO 65 YEARS.  
Oldest Member of Longshoremen's  
Union Died Yesterday.  
John Burke, the oldest member of  
the Longshoremen's Union, died at the  
age of 78, yesterday, in the House of  
Providence. He was not born in Tor-  
onto, but in Toronto for 65 years of  
his life. In 1872 he joined the  
Longshoremen, who were then an in-  
dependent union, and in 1888 he took  
a prominent part in the agitation of  
the Knights of Labor, of which organi-  
zation he was a member. For the  
past six years Mr. Burke was an in-  
teresting and successful business man,  
day, from Rose's undertaking estab-  
lishment on East King-street. Ser-  
vice will be held in St. Paul's Catholic  
Church on Pover-street, and after-  
wards the remains will be interred in  
Mount Hope Cemetery.

DROWNS IN A CISTERN.  
Thornell Holder of Cayuga, Meets  
With a Sad Fate.  
CAYUGA, June 17.—Thornell Holder,  
an aged gentleman who has been living  
retired for some years at the home of  
his son-in-law, A. J. Grant, Cayuga,  
was found drowned at 5 o'clock this  
morning in a cistern. Deceased had  
been suffering from melancholy for  
over a year.

## ONE GOOD REASON WHY CITY SHOULD EXTEND ITS LIMITS

### Delay in Coming to Terms With E. Toronto Town May Result in Embarrassing Railway Franchises on Communicating Highways.

If there were no other reason for enlarging the city boundaries the necessity of possessing the street car franchise on the thoroughfares immediately outside the present boundaries would be sufficient.

An example of this is to be found at East Toronto, where the Mackenzie railway interests are striving to make an arrangement with the town council which will give them a hold on some of the main roads between that municipality and the city.

Ward Three of East Toronto, which joined the town seven years ago with the explicit understanding that better street car accommodation would result, is exceedingly restive over the failure in this respect.

The ward returns five members out of the dozen which compose the town council, and they naturally constitute a strong contingent on any question upon which they are agreed.

W. H. Moore of the street railway has arranged with Deputy Reeve Nimmo and several other interested gentlemen, to enter into negotiations for the provision of new lines. One of these is a street line from Greenwood avenue, merely an extension of the city line which, with a jog, would run into Gerrard-street in the Town of East Toronto. Another proposal is for a belt line striking north from Kingston-street, passing under the bridge to the east of the town and returning on a Danforth-avenue.

Where Danger Lies.

There is grave danger, should such negotiations be allowed to bear fruit, of the city's natural expectation of clear rights being on these streets being given away, or so tied up as to embarrass the whole city railway system for a generation to come.

It may be argued that the city has no rights on these streets, but it certainly has prospective rights in which every individual living east of Yonge-street is interested, and the rest of the population to a very large extent.

Toronto within a few years must, and as The World has made clear, ought immediately to extend the boundaries to take in all that territory between the city and the west and the Scarborough Township line on the east.

Apart from the need for building room, the need for controlling the unwholesome growth of the city, and the city's back doors in these districts, for arranging the sewerage and water systems of the next ten years, and every other thing that may be done in the street railway franchise in 14 years' time, make the extension of boundaries imperative.

Wanting to Be Asked.

East Toronto is ready to be annexed as soon as terms are arranged, and these should be completed within a short time. But it will be impossible for the city to countenance any annexation negotiations if arrangements detrimental to the city's street railway interests are concluded between the town and the railway company, looking to the sacrifice of rights of way on Danforth-avenue or the adjacent streets.

It is understood that both Mayor Coatsworth and Major Ross are alive to the importance of the situation, but it will do no harm for the city to be interested in the welfare of the whole community to remind these gentlemen that they are expected to look out for the popular interest, and will receive every support in so doing.

Danforth-avenue, more especially, must be preserved absolutely to being joint interests of the town, the county and the city. Great thru roads are being purchased over and over again, from Danforth-avenue extending east from Bloor-street, with its Don viaduct, will be a backbone of east and west traffic in the future.

The street railway people are contending for a twenty-five-year franchise on these East Toronto streets, and their franchise in the city terminates in little more than half that period. Naturally the street railway people will do all they can to obtain every concession that may be offered as an inducement for a renewal of their franchise or for the augmentation of its value should the question of purchase ever arise. Neither the city nor the town ought to be so unreasonable as to give away privileges which may have to be bought back again at great cost.

The street railway people have exerted what pressure they could in the way of being unacquainted to being territorial privileges from the surrounding municipalities. East Toronto has pleaded for a single fare to the city and been laughed at, the very much longer rides are given inside the city limits than was asked for, by East Toronto to a single-fare ride requested to Yonge-street. East Toronto people know by experience that they have no favors to expect from the Street Railway company, and they are not inclined to throw away favors which will injure their own standing as parties to a Greater Toronto agreement, and deprive their opportunities for cheap travel in the near future.

But the city can never feel safe from encroachments of the street railway interests until the whole territory in question is included in the corporation boundaries. There is nothing in law or fact to prevent this being accomplished before this year closes.

## BRANTFORD WANTS \$50,000 FROM G.T.R.

BRANTFORD, June 17.—(Special.)—The city council to-night passed a resolution instructing the city solicitor to take action against the Grand Trunk to enforce an agreement made in 1902, upon violation of which the company agreed to refund \$50,000 to the city.

It is claimed that the company has violated the agreement by refusing to take passengers on the International Limited from Toronto to Brantford and from Brantford to London.

## THROWN FROM HIS HORSE RICH RANCHMAN HURT

### D. A. Campbell of Calgary Badly Injured on Front-street—Was Going West To-Day.

D. A. Campbell, who came to the King Edward from Montreal June 14, narrowly escaped death in a fall from his horse at Front and Peter-streets last night.

Mr. Campbell was riding east along Front-street at 6:30 o'clock when his horse became unmanageable, throwing him to the pavement, where he sustained severe scalp wounds and a concussion of the brain.

He was picked up unconscious and was removed to the Western Hospital in the police ambulance. There at first it was not thought that he could live, but while he has not regained consciousness his condition has been steadily improving.

After Mr. Campbell was thrown the horse ran down the street, breaking a plate-glass window in H. W. Devitt's cigar store at 113 Front-street.

Mr. Campbell, accompanied by his wife, had come to the city from their home near Calgary, Alberta. For the past three weeks he and his wife had attended the Montreal races. They were to have started for home to-day.

The horse was Mr. Campbell's own, having been brought from his ranch.

## ORCHARD WILL AGAIN TAKE WITNESS STAND

### State Will Call Him at Resumption of Trial for a Re-Direct Examination.

BOISE, Idaho, June 17.—When the Steunberg murder trial is resumed to-morrow Harry Orchard will be called to the stand by the state. The defence will put a series of formal impeachment questions to him and then the prosecution will take him for his redirect examination. There are several points relative to the Steunberg murder and the alleged conspiracy behind it that were not developed last week, and these the state will bring out.

Counsel for the state had an extended conference this afternoon as to the concluding moves in their case. The conference was entirely relative to the course to be pursued toward Steve Adams. The decision as to Adams was not final, but it was tentatively agreed to call him as a witness for the state, and to leave him for the defence if it sees fit to make him a witness. Adams stands by the reputation of the confession which he made to Detective McPartland, and there his connection with the case, other than in the use of his name, rests for the present.

Important Witness Dies.

CANON CITY, Col., June 17.—Charles King, an important witness for the defence in the Hayward trial at Boise, Idaho, died from neuritis of the heart yesterday. Bloodhounds belonging to King were used in tracking after the dynamiting of the Independence Depot. An hour after his death a telegram came addressed to King, summoning him to Boise.

BROTHERS PERSISTENT.

May Leave Province of Ontario as Result of Recent Trouble.

OTTAWA, June 17.—(Special.)—There is little likelihood that the trouble with the Christian Brothers will be smoothed over, and they will carry out their original intention of removing entirely from the Province of Ontario. This only affects Toronto and Ottawa.

Another Philadelphia student today that they refused absolutely to attend the normal school with female teachers.

Gets Government Position.

WINNIPEG, June 17.—(Special.)—D. J. Fookins, editor of The Farmer's Advocate here, leaves shortly for Ottawa, to take a position in the department of agriculture.

C. P. R. Traffic Earnings.

MONTREAL, June 17.—C.P.R. traffic earnings for the week ending June 14, 1907, were \$1,542,000, and for the same week last year \$1,199,000.

## COMPOSITE REGIMENT MODEL FOR THE CAMP

### City Militiamen Show Their Smartness to Rural Comrades at Niagara.

NIAGARA-ON-THE-LAKE, June 17.—(Special.)—With the arrival of the composite regiment to-day, accompanied by the 13th Regiment Band of Hamilton, the full strength of Niagara camp for 1907 was completed.

Altho the new arrivals had never drilled together as a regiment, they moved off when formed into a body, as tho' it had been ever thus. They certainly showed in their superiority over the rural corps, the benefits of regular weekly drills in city armories.

The regiment is unique in that it contains every variety of uniform previously seen around the camp, and in addition a company from the 91st Highlanders. In all there are seven corps represented in the composite regiment. The last to appear was the company from the 21st Essex Fusiliers of Windsor.

The Queen's Own Rifles of Toronto, under Capt. Royce, have become No. 1 Company, the Royal Grenadiers, under Capt. Kingsmill, No. 2; 18th Regiment of Hamilton, under Major Labatt, No. 3; 19th Regiment of St. Catharines, under Capt. Trull, No. 4; 21st Regiment of Windsor, under Capt. Kennedy, No. 5; 28th Dufferin Rifles, under Capt. Ward, No. 6, and 91st Highlanders of Hamilton, under Capt. Turnbull, No. 7. Lieut. Col. Moore is first in command, with Capt. Genet of the 38th as adjutant. Major Bruce of the 91st is second in command, and Major Brock of the Grenadiers next. Sergt. Major Oxtoby of the 38th Regiment is regimental sergeant-major. The Queen's Own brought a Maxim gun.

A rehearsal of the massed bands will be held on the private grounds of Mrs. Law as at 9 a.m. tomorrow, in preparation for Thursday evening's tattoo. G. R. Robinson of the 13th Regiment will direct.

The 3rd and 4th Brigades were out on fifteen-mile marches to-day.

Headquarters has again found it necessary to call the commanding officers' attention to the fact that non-commissioned officers and privates are wont to stroll about town improperly from military dress, and that they must be neat and clean.

It became necessary for the Medical Corps to provide another isolation tent to-day for the treatment of Pte. H. Lennox of Ferry Sound (2nd Regiment), who is believed to have a mild case of diphtheria. A case of chicken-pox is also reported.

Major Hordette of the government booth started with a bayonet last night, but their injuries are not serious. A guard line was tried to get thru the guard lines and was challenged by Pte. Scott Kyndock, who was shot. A bayonet was used in the hand and in the face. The guard decamped, but was captured. He will appear before a magistrate.

Mrs. Otter, wife of Gen. Otter, was stricken with paralysis at the Queen's Hotel, and her condition reported as serious, altho not immediately dangerous.

## BUT NOW, SEE THE MONEY FLY! SHIP WREATHED IN SMOKE STARTS TALK OF DISASTER

### Long Branch People See Steamer Apparently Burning Short Way Off Shore.

A cloud of dense steamer vapor, hovering over the steamer Niagara as she approached the western channel, some miles out in the lake, about 7 o'clock last night, gave rise to a very active and disturbing report that a steamboat, bound for Toronto, with a considerable number of passengers on board, was in flames.

The rumor appears to have had its origin at Long Branch, where the enveloping cloud apparently due to smoke, was observed. The news traveled rapidly among passengers on the radial line, and on reaching Nyonside caused no little excitement and alarm. The report continued to spread, and thousands of Torontonians were last night waked into a high pitch of feeling. The world was besieged with many anxious enquiries, and there was no little relief felt by those who had relatives on board, taking the Hamilton trip by steamer, when the true state of facts was explained.

Fire Chief Thompson also heard the rumor on a telephone call from Long Branch, and lost no time in doing what he could to help in the line of danger. He communicated at once with Capt. Joe Goodwin at the island, and in a few minutes the city's embryo fire boat, the Nellie Bly, was heading for the western channel.

Then the chief, to assure himself that the news was accurate, phoned Long Branch again, and was told that there could be no doubt that there was a steamer ablaze in the stern, the cloud of smoke belching it.

The chief then got into touch with the steambot companies for information, so that if the fire department could render any service at all they could be called upon. The officers, however, had heard nothing, and shortly after Capt. Goodwin reported that he could find no signs of a vessel in distress, while the Niagara, inward bound, had declared a clean bill of health.

## FRENCH GOVERNMENT DEFEATED ON WINE BILL

PARIS, June 17.—The government was defeated to-day in the chamber of deputies on the sugar clause of the wine bill, designed to prevent fraud. Finance Minister Caillaux insisted on a supplementary tax of sixty-five francs per hundred kilos on sugar used in the manufacture of certain wines, but the chamber rejected the proposal by 304 to 255 votes, whereupon the session was suspended.

It is expected that the government will compromise on the lower rate suggested by the northern deputies.

Later M. Caillaux announced that the government had decided to reduce the supplementary tax to forty francs per 100 kilos. This was adopted 341 to 215 votes, and the government's position was thus saved.

Will Prosecute Leaders.

The government has decided to arrest and prosecute all the leaders of the wine growers' revolt. Instructions to-day were telegraphed to the local authorities at Angoulême to arrest Marcelin Albert, the leader of the movement, but Albert, anticipating the government's action, concealed himself.

## WRIT AGAINST COCKBURN BY ONTARIO BANK BOARD

### An Action to Recover \$37,599, "Wrongfully Placed to Credit of Plaintiff."

The Ontario Bank has issued a writ against G. R. R. Cockburn, claiming \$37,599.90. The following are the particulars as set out in the writ of summons:

March 21, 1905.—To amount wrongfully and illegally placed by the plaintiff to the credit of the defendant on this date, being the purchase price of 278 shares of the capital stock of the plaintiff, which the defendant assumed to sell and transfer to the plaintiff, \$37,599.90.

C. H. Ritchie, K.C., told The World that, altho he had been asked by Mr. Cockburn to act for him, he was not at all familiar with the action, nor was he in a position to say anything about it. Mr. Cockburn had forwarded the letter from Messrs. Bicknell and Morine, giving notice of a civil action against him, to the lawyer, at the same time advising acceptance of service.

Mr. Cockburn is on his island in Lake of Bays, Muskoka, but will return in a few days.

BAD STORM IN WEST.

WINNIPEG, June 17.—Neepawa district was visited by the fiercest storm ever seen. It lasted about half an hour (about three inches of rain fell, and the hail cut off the growing crop. Many buildings were damaged.

## CHILDREN FACE GHASTLY SIGHT

### Awake to Find Parents Lying on the Floor With Throats Cut.

DETROIT, Mich., June 17.—William Roulo, a carpenter, aged 35 years, cut his wife's throat last night in their home at 427 1/2 Beard-avenue, and then slashed his own throat with the same razor. Both died in a bedroom where their two children were sleeping.

When the two children, aged 7 and 9 years, awakened, they found their parents lying on the floor and called the neighbors.

## RAILWAY BRIDGES BURNED.

### Bush Fires Cause Much Damage—Passengers and Mail Transferred.

CORNWALL, June 17.—Two small bridges on the O. & N. Y. at Black River, just north of Cornwall, and at Santa Clara, N.Y., were destroyed by fire this afternoon.

Two fires raged by a strong breeze are being rushed. Trains met at Black River this evening and transferred mails, passengers, etc.

## RUSSIANI of Been Ent PEAL TO PERCE CONFERENCE

THE HAGUE, June 17.—Altho the "Pacifists" still insist that the question of the limitation of armaments belonged to Europe and not to America, M. Veldt's expressing an attitude at the opening of the conference, coupled with the unfortunate dissolution of the conference had assembled, had produced many expressions of regret that President Roosevelt yielded the initiative of the second conference to Emperor Nicholas. The correspondents of the Associated Press have heard dozens of delegates specializing on the differences in effect which would have been produced had the keynote been sounded by a country inspired by democratic tendencies.

As matters now stand, neither England, nor any of her continental friends, are ready to move lest the mere suggestion of debating the question of the limitation of armaments inject a spirit of discord, which would endanger the useful work achievable and possibly break up the conference under circumstances which would postpone another conference indefinitely.

Losing Heart Early.

Grimsby, somewhat disconsolately, therefore, the preparations for the real work are proceeding.

The interim between now and Wednesday will be occupied with preliminary discussion.

In general it can be stated that the American delegation is keeping its plans rigidly secret.

The dissolution of the domain, with its possible consequences, continues to absorb as much attention as the prospects of the conference, and there is considerable speculation as to whether public sentiment may force Great Britain to change her present attitude. Many stupid stories are afloat, including one to the effect that Great Britain or America may raise the matter in the conference.

Russians to Appeal.

A serious report alleges that some members of the last Russian parliament are on their way to The Hague, to appeal to the conference. They appear to have been convincing as to their cause, which manifestly is impossible to be regarded as extremely deplorable by those who believe the conference should avoid everything likely to precipitate a conflict and, and confine itself strictly to progress along the lines of the original assembly.

## SCHMITZ NOW IN JAIL

### REMOVED FROM OFFICE

Held That He Cannot Perform Duties—Gallagher Will Not Be Acting Mayor Long.

SAN FRANCISCO, June 17.—Mayor Schmitz was formally removed from office by the supervisors at their meeting this afternoon. Supervisor James Gallagher was named as acting mayor in his place.

This is the first step taken by the prosecution in the execution of the plan to restore good government in San Francisco. The ground on which Mayor Schmitz was removed is, that owing to his incarceration in the county jail, following his conviction on a charge of felony he is no longer able to perform his official duties.

Gallagher will not hold the position of acting mayor for more than a few days. The resignation of a certain member of the board of supervisors will make room for the appointment of a responsible citizen, who will take Gallagher's place as acting mayor.

KIDNESS DOESN'T COUNT- Elephants Fond of Children. "The tiger has more temper than sense," says Animal Trainer Patterson of the Forepough-Sells Shows. "He is a suspicious fellow and always looking out of the corner of his eye. When he has no family he would fly into a rage as if a javelin had pierced his haunches, and like as not would try to take a piece out of a brass ring if it stood within reach. "To try to win him over by a soft word and good treatment would only give him a chance for being greater mischief some time. Like people of low nature, who have nothing useful above their coat collars, the only way to keep him in line of good behavior is to beat him well when it is necessary and make him physically afraid. In spite of this, this animal, with such wonderful beauty of fur and grace of movement, should have a spirit so mean. The elephant is a big bundle of affection, and in that respect I think has the horse and dog outclassed. He has something of a woman's nature in taking sudden likes and dislikes to people. How Doc Graydon Trained Efflicott About Saturday's Buffalo Derby

News and Comment of Recent Incidents on the Turf—Baseball and Cricket Gossip.

Before leaving this city after the Toronto meeting J. H. Madgin, owner of Efflicott, winner of this year's Buffalo Derby, in conversation with The World representative, said that he considered his horse had a good chance to win the big race and that he intended to have his cheques drawn to that end. As Madgin is no piker, it is good betting that the colt owned by Buffalo held the effect of the works he set in motion.

In some quarters the credit of Efflicott's win is given to Jockey Nicol. This is hardly fair to the colt, or to those responsible for the fine condition he was in to go the mile and a quarter journey in record time for the event. That Efflicott is a real good colt to be given with, there is no question and that the superb condition he was in is due to Doc Graydon who certainly has shown marked ability in getting him ready.

Efflicott did not winter just as well as Trainer Graydon wished him to over at the Jewettville covered track, and on this account a slow and careful preparation had to be given him. When other horses at the Woodbine were being given stiff work before the Woodbine meeting here, the most Efflicott got was short spins. The colt's trainer used the modern method instead of the old-time "drilling process" and the result of the race for which he was specially pointed proved the wisdom of Graydon's method.

Previous winners of the Buffalo Derby, 1902, Sobrero, 126, 2:39-3/5; 1904, Port Hunter, 122, 2:06-3/5; 1905, Oxford, 137, 2:11-1/5; 1906, Belmore, 122, 2:07-2/5. The first race was at 1:12 minutes.

The Buffalo meeting opened auspiciously and was due this without some peculiar efforts of the press agent. For instance, J. Leg, the phenomenal colored rider at Latonia, was to have the Blue Monday when he rode Frankie Adams and other good-looking things in the rack. After that day Mr. Nicol discreetly stayed pretty well on the ground.

Poor Toronto, the victim of the new tyranny they make book at Woodbine Park under difficulty. The down-trodden layer never forgot to shift his position as per the revised law, and then he was cited to the court. In Hamilton and Montreal the mode differed little, if any, from the old system, both clubs being encouraged by the respective guardians in their effort to accommodate the public. No wonder a local lover of the horses who missed few days at Hamilton, Montreal and also used to attend church, was forced to remark: "The more I hear of Mr. Shoarer and Dr. Churn the better I like the races, the theatre and baseball."

The betting at Wingham, London, Seaforth and other places where Canadian circuit races are held is done in two ways. First and foremost is the

CUP FOR JUNIOR SINGLES, TORONTO SOCCER LEAGUE Executive Meet To-Night to Appoint Referees for Saturday.

The executive committee of the Toronto Football Association met Tuesday night at the Toronto Engraving house, 22 Bay Street. The following members are requested to be present sharp at 8 o'clock: J. Gould, J. Woodward, J. McPherson and S. H. Armstrong. Referees will be appointed for the semi-final games between Queens and All Saints, and between St. Albans and the senior final between Thistles and Little York.

Latonia Summary. LATONIA, June 17.—First race, 3 furlongs—Pickens, 8 to 1; 1; Monaghan, 105 (Beakley), 4 to 1; 2; Bias Lager, 100 (Butler), even; 2. Time 1:14 4/5. No scratches. Second race, 3 furlongs—Macdonald, 105 (Pickens), 2 to 1; 1; Stone Street, 100 (Lee), 3 to 1; 2; Suburban 100 (Powers), 3 to 1; 2; Time 1:16. Scratched: Ewert, Claude Macdonald, M.P., Alex. Boyd and L. C. Hoskins.

Disapproves of Sunday Baseball. NEW YORK, June 17.—Mayor McClellan has disapproved of the legislative bill providing for baseball playing on Sundays for amateurs. In a memorandum to the smaller professional clubs, he said: "This bill is thoroughly disapproved. The real object of this measure is simply to allow the smaller professional clubs, recruited among men who have other means of livelihood, to indulge in mercenary enterprise on Sunday afternoons. It appears to me to amount to nothing more or less than a money-making scheme."

Ottawa Old Boys' Reunion. OTTAWA, June 17.—The committee of the summer carnival and Old Boys' reunion in July are trying to arrange a baseball game during the legislative session. Tom Longboat is coming. Billy Sherring, Neilrich and Tom Shipman are also coming. The game will be played on the Eastern League baseball grounds. It will also be one of the events of the week.

LACROSSE GOSSIP HERE AND THERE

Peterboro Drops Out of Junior C.L.A.—Durham Loses at Chesley—Young Torontos for New York.

Marshall of Orillia signed with Newmarket early in the season, but since he has signed with Beaverton. Another cause of a player signing two certificates last year's C.L.A. Intermediate fact. Beaverton have corralled Hinds of Orillia.

Jack Miller's all-Canadian tourists lost to Westminister on Saturday by a score of 10-0.

The gate receipts in the Montreal Shamrock game Saturday amounted to \$300.

It is reported that Johnny Currie of the Shamrocks has played his last game.

Shamrocks' win over Montreal Saturday places them at the top of the league, and as they play Toronto at Rosedale Saturday they may be depended on to put up the game of their lives.

Lacrosse enthusiasts will see a game at the old Toronto-Peterboro game and cheer! Backs-out.

At Chesley yesterday in an intermediate C.L.A. game, between the home team and Durham, Chesley won by a score of 7-4. Both teams showed lack of condition. Herman Wendorf of Chesley was referee.

A boy watching the Montreal Shamrock game Saturday, fell from a tree and on his way to the hospital asked to have the result phoned.

A Peterboro despatch says the Peterboro juniors have dropped out of the Junior C. L. A. owing to failure to secure 12 players, who would make the Toronto team for New York will be Mitchell, MacArthur, Madill, Brennan, Crocker, MacJordan, Mara, Brun-

Suburban Handicap on Thursday Good Field Ready for the Start

Horses, Jockeys and Weights for 13rd Big Eastern Handicap—Race Results and Entries on Four Tracks.

NEW YORK, June 17.—The Suburban Handicap of \$20,000, which is the series of the four big spring handicaps, about which so much interest centres from the time the entries are announced in early January, will be run and won at Steeplechase Bay on Thursday. Greater excitement is expected than in any of the other handicaps because of the brilliant showing made by the late favorite, Supermam, who won the race in 1906. A good field will go to the post, a field which will include, with two or three exceptions, the best handiappers in training. James R. Keene's good Commando colt, Peter Pan, is not eligible, and Accountant, Salyards and Burgomaster will hardly start, but otherwise the horses which must be depended on to make turf history for 1907, not including the 2-year-olds, are likely to face the starter.

A meeting between the 2-year-olds in recent races, and all three will be plenty of followers. Supermam must take up 105 pounds, or 20 pounds more than his original impost, by virtue of his victory in the Brooklyn, and concede four pounds to Electioneer and Montgomery. All three have qualified in the most convincing way in recent races, and all three will be plenty of followers. WELL TREATED IN CANADA.

Burns Claims Canadians Use Young Emigrants Well.

(Canadian Associated Press Cable.)

LONDON, June 17.—In the house of commons, Mr. Burns, replying to the labor members in reference to a girl of eight years being sent to Canada by a Paddington guardian, stated that when he was in Canada eighteen months ago he looked into the question of the reception of children from paper and industrial schools, and he was more than pleased at the excellent homes to which the majority of children were sent.

In this case he was satisfied of the child being sent to a good home.

LIKES THE FLOWER GARDENS.

Feature of Toronto's Business Places Which Detroit May Copy.

"One of the best things that I have noted in Toronto is the window-boxes that a few of the downtown business places are putting out," remarked Adrien Carmichael of Detroit, the advertising man of that city.

"This is something new to me, and I believe that Toronto, or any other city, would increase its popularity, as well as health, by promoting the idea."

"I will advocate it in Detroit in the future and hope that the scheme will be further developed in this city. Down town flower gardens and window boxes should prove popular."

WILL TRY TWO-CENT LAW.

Then, if Unremunerative It Can Be Fought Out.

KANSAS CITY, Mo., June 17.—The Missouri two-cent passenger law will go into effect at 5 a.m. on Wednesday for three months trial. If, at the end of that time it is found to be unremunerative, the enforcement can be fought in the courts by the railroads.

State police officers are temporarily employed from enforcing the maximum freight rate law, and this case will be argued later in the federal court.

ALL IS FORGIVEN.

Hugh Graham is Restored in the Favor of Conservative Party.

MONTREAL, June 17.—(Special.)—The hatchet has been buried and R. L. Borden and Hugh Graham are once more fast friends.

People have been seeking the cause for the changed tone in the Star editorials. To-night the cat is out of the bag, and it appears that when the faithful met here some weeks ago a document was drawn up and signed, expressing confidence in Mr. Graham.

The gathering to-day did not do anything more than endorse the document, and there will be a meeting to-morrow, when results may be forthcoming.

TRUNKS LOST ON ROAD

W. W. EX. COULDN'T MEET

Several Hundred Delegates, Carefully Tagged, Ready for Opening Session.

Bad baggage handling has caused considerable inconvenience to the executive of the American Waterworks Association, in a convention here.

At the convention here, J. M. Diven of Charleston, South Carolina, the secretary, had the trunk containing the valuable papers of the association shipped as carefully as possible when he left the south, but the cargo got mixed in the shuffles, and, consequently, the committee arrangements prepared for yesterday had to be postponed, for the trunk did not arrive at the King Edward Hotel until after 10 o'clock last night, and then it was found to hold in order to be ready for to-morrow's real business in the city hall.

The people who notice wearing the numbered badges are the delegates and associate members. The delegates are mostly a splendid type of the intelligent citizen of the hustling places of the United States. They are carefully selected in the matter of political views in conversation, and interested in the work they are here to do. Although but small opportunity has been given them to see the city, they are anxious to do so, and to many of them was a surprise. Many ladies accompany them.

Delegates Tagged.

Every delegate is numbered. They are not harsh on telling what the number signifies. It means the turn in which the delegate registers, excepting as regards the mystic number 71 which occupied a prominent place on each side of the table in the assembly-room at the city hall, and the only other place the World man saw it was on the badge of J. M. Diven, the secretary.

A number of delegates were tagged, free in conversation, and interested in the work they are here to do. Although but small opportunity has been given them to see the city, they are anxious to do so, and to many of them was a surprise. Many ladies accompany them.

PENSIONS FOR FIREMEN AFTER 25 YEARS' SERVICE

Change is Suggested by Benefit Fund Committee—News of City Hall.

The question of the firemen's benefit fund is looming up once again as a civic issue.

There was a light preliminary center before the fire and light committee yesterday, when a resolution passed recently by the firemen's benefit and pension fund committee was submitted.

The order asked: "That the rules and regulations governing the firemen's benefit and pension fund be amended to provide for members of the fire companies who have served 25 years and over in the department to retire on a yearly allowance or pension for life on an amount equal to one-half the salary received at the time of retirement."

Chairman Ald. McBride was inclined to look askance at the proposition. He remarked that the man making the department at the age of 29 would at 45 be qualified to draw upon the fund; whereas under existing regulations there can be no withdrawal with pension under 55, while the child may exercise authority to retain a man beyond that age should he be deemed physically capable to carry out his duties.

The committee decided to defer discussion till a later day. It is said that a number of men in the department had no intimation of the proposed change until the committee and will ask that no action be taken by the aldermen until the matter has been discussed with them.

Wants a Survey. The city solicitor reported to the island committee yesterday that he had not drawn up a lease for the occupation of a portion of Muggs' Landing by the Argonaut Rowing Club, pending a survey of the property as suggested by the city engineer and assessment commissioner. The committee approved the proposed survey.

It was decided that the committee should on Tuesday next entertain the colleagues of the city council to the annual island trip. A feature will be a baseball match between the aldermen and the city hall reporters.

Riverdale is Aroused. Riverdale residents are complaining of the slowness of contractors in making a start on the paving of the road-view-avenue above Gerrard-street. Secretary Barker of the Riverdale Business Men's Association has written to the city engineer on their behalf, also drawing attention to the long-continued neglect to provide a much needed sidewalk on the west side of Broadview-avenue, above Gerrard-street.

Divert Lake Street. The diversion of Lake-street was a proposition that came before the board of control yesterday and was received with approval.

For some time past Lake-street from York-street to John-street, has been a bone of contention between the city and the railway, which appears to have the support of the railway commission in their claim that they have the right to lay rails across the street to the waterfront.

As the result of inspecting the ground yesterday morning, the controllers were seized with the idea of diverting the plan to divert the street to the south at the foot of York-street bridge, extend it to the new windmill line and thence west to the foot of John-street. Here the alternatives would be offered of either turning northward or proceeding westward from Liverpool and the street with the lake front boulevard.

It is urged in favor of the project that it would allow the city access to the waterfront from the foot of York-street and would provide for a street along the Esplanade, which might be made an extension of the lake front promenade.

Another Smallpox Case. The city has another smallpox patient on its hands. The latest sufferer from the disease is a young man residing at 26 Nassau-street, who was removed to the Swiss Cottage Sunday night. The house is being kept under strict quarantine.

Now that President William Macdonald of the street railway has returned from England, the mayor says he will try to have a conference arranged as soon as possible, so that the question of the railway extensions may be taken up.

GRAIN COMMISSIONER'S TOUR. (Canadian Associated Press Cable.) LONDON, June 17.—The Canadian Grain Commission has determined to visit Bristol, Cardiff, Glasgow, South Hull, Manchester, Dublin, Belfast and Exeter in the order named.

SUFFERED EIGHT YEARS FROM KIDNEY

Doctor's said Female Trouble.

Mrs. Charles Lewis, Collingwood, Ont., writes: "For eight years I suffered from kidney complaint, and until twelve months ago doctors said I was suffering from 'Female Trouble.' Last November (1905), it was seriously ill, resulting I believe from kidney troubles. Finding doctor's medicine doing me no good, I persuaded my husband to purchase me a box of Doan's Kidney Pills, after having read of a case somewhat resembling mine. I commenced taking them according to directions (not taking the doctor's medicine), and on second day a swelling commenced in my feet, legs and body. The following day I was so changed and swollen my husband, in alarm, hastened to Mr. Johnson's drug store, who told him to take me to the hospital, where I was kept for a week, the swelling disappeared leaving me with a complexion free from pimples, tired, weary feeling gone, and I was able to walk. I suffered for years, feeling, pain in the back, girdle, and a general feeling of joy and light heartedness. I have not felt since a child, took place in me."

My sister-in-law (Mrs. Bryan), seeing the action of Doan's Kidney Pills, and the change for good they accomplished in me, sent for a box and they completely cured her. When there is an opportunity of telling people what Doan's Kidney Pills did for us, we always take advantage of it, and tell them to give them a fair trial.

Doan's Kidney Pills are 50c. per box or 3 boxes for \$1.25, for sale at all dealers or mailed direct on receipt of price by The Doan Kidney Pill Co., Toronto, Ont.

FOILED BY REPORTER.

Fake Preacher Who Was Thrown Out of Hamilton, Again in Trouble.

NIAGARA FALLS, Ont., June 17.—Dr. Justin Kirsh, the Syrian, who professes to be collecting money for a mission to the lepers in Palestine, and was thrown out of Hamilton by the police on Friday, tried his game on Niagara Falls yesterday, but was foiled by a newspaperman.

Yesterday morning he addressed the congregation of the Methodist Church, with the endorsement of Rev. J. Wesley Magwood, and his collection amounted to thirteen dollars and seven cents.

In the afternoon the pastors of other churches were warned by a reporter, and an investigation was set on foot. Under cross-examination Dr. Kirsh admitted that he was the man who had been forced by the Hamilton police to leave that city. He also admitted, it is said, that he smoked cigars, took an occasional drink and carried a horse race.

The pastors of the First Baptist and St. Andrew's Presbyterian churches then revoked the permission for Dr. Kirsh to speak from their pulpits. Rev. Mr. Magwood fanned the visitor to give up the money he had collected from a portion of the Methodist Church congregation.

The police were informed of the matter in the evening, but when they went after the man they found he had just crossed over to the United States.

SEVEN HUNDRED IMMIGRANTS.

Most of Them Sent to Western Ontario Farms.

About seven hundred immigrants came in by special train the past two days.

Sunday's party included a large contingent personally conducted by J. T. Kirsh, special Ontario immigration agent.

Yesterday three special trains brought in about 200 immigrants, the party was mainly made up of families who were almost all sent out on farms in Western Ontario.

Almost all the arrivals of the past two days will be sent out of the city to farms in various parts of the province.

POTATO GIN WAS FATAL.

Given to Children to Prevent Sickness and Causes Death.

NEW YORK, June 17.—"Potato gin," administered as an antidote for sea-sickness, caused the death of three children who were passengers on the White Star line steamship Celtic, which arrived here from Liverpool and the Azores.

The poison was given by the children's mother, one of whom with other little bodies were buried at sea the following day, tried to throw herself from the deck in a frenzy of grief.

A Telegram from Prince Fushimi. Mr. Chas. M. Hays, second vice-president and general manager of the Grand Trunk Railway System, Montreal, is in receipt of the following telegram from Prince Fushimi:

"North Bay, Ont., June 13, 1907.—Prince Fushimi commands me to take this early opportunity of thanking you for all the arrangements made by the Grand Trunk Railway System for my journey over their line a pleasant one. His imperial highness was highly gratified by the attention shown by all the officials of the Grand Trunk Railway, and is most grateful for the services of Mr. Chantren."

Fresh Air Fund. The City Mission Fresh Air Home recently acquired at Bronte, is now furnished and will be opened on Wednesday first when a company of sick and needy ones who could not otherwise obtain a rest and holiday, will be taken out to spend a fortnight there.

The home is an ideal one, is beautifully situated, Mrs. Simpson has already entered upon her duties as matron.

Each person will be given a two week perfect rest, with good food and plenty of pure air. Needy cases should be reported to the missionaries, and donations may be sent to Robert Hall, St. Howard-street, Toronto.

"Kawartha Lakes." The Kawartha Lakes district is comparatively speaking, little known to the summer tourist, and is at present patronized by a limited number of travellers, who, when they have found good things, know how to enjoy it. The chain of lakes which comprise this region lies north of Peterborough and Lindsay and is composed of Lakes Katchewanooka, Clear, Stony, Buckhorn, Chamong Pigeon, Bald, Sturgeon, Cameron and Balsam, with a magnificent scenic route of 70 miles from Lakeside to Cobocook. If you are yet undecided as to where you will spend your vacation, call at Grand Trunk Hotel, Toronto, and ask for Illustrated booklet on Kawartha Lakes.

Won't Want For Plumbing. The exhibition directors have ordered the contractors on the grand stand and horticultural buildings to go on with other work, leaving plumbing to be done by day labor if the strike is not settled.

Growbar on Track. A growbar left on the track of the gorge railway on the Niagara River was snatched away just before a train reached the spot.

CONFERENCE BUSY DAY

MEMORIAL FOR PEACE ADOPTED BY METHODISTS—ADDRESS BY R. W. PERKS, M. P.

Reports on the state of the world of the Toronto Conference occupied a great deal of time of yesterday's session. The delegates also adopted a memorial deprecating the movement of the naval department of the United States, looking to the establishment of training ships on the great lakes and waters to be used as R. W. Perks, M. P., of London, England, on the present condition of the situation in the world.

In speaking of the progress achieved by Australia in the modern land, Mr. Perks, who was introduced by Rev. Dr. Briggs, explained the importance and value of the Australian power agent for food in a community, scarcely inferior to the minister himself.

Next Sunday, said Mr. Perks, there will be 28,000 sermons preached in England, of which 2,000 will be preached by laymen. In Canada laymen were discouraged to some extent from taking the place of the minister, but when they do occupy this post, seldom are they sent to any of our islands.

Another phase of church work in England, which the speaker referred to with pride, was the musical part, saying that in all the churches there they had beautiful music and surplices, choirs and organs. "We've not yet had organs, but we may come to that."

The Methodist Church in England had through the past year, been working along the lines of evangelization. Here in Canada the people were freeborn, in England they were bound by state control, and they were marching boldly forward, and the day was coming when the Methodist Church, united with all her branches, from which she is at present, separated, will be the strongest church in Christendom.

He made special reference to the \$1,000,000 fund which had been raised by the Methodist Church in England a few years ago, and which since then had been increased directly and indirectly to 4,000,000. This, he attributed to the united and consolidated methods of the Methodist Church in the mother country, and urged the Toronto Conference to accept the motto, "Go ye therefore and evangelize."

Rev. Mr. Jackson thanked. Rev. George Jackson, B.A., received a vote of thanks from the conference, moved by Rev. Dr. Briggs, and seconded by Rev. Dr. Gorman, for his masterly sermon at Elm-street Church last Sunday morning, and was urged to serve his country with distinction at the conference, at which he intends to be present next month in London, England, and take the Toronto Conference as his base of operations.

Mr. Jackson, in reply after expressing his thanks for the kindness shown him, denounced the spirit of sectarianism which is so rampant in the world, and urged the conference to pervade even the Christian pulpits, an example of which he noticed on Sunday morning last, when a sermon was announced, entitled, "Orchard's devices surpassed."

Peace Memorial. In view of maintaining peace between Canada and the United States, the following memorial, moved by Rev. Dr. Cade, and seconded by Rev. Dr. Wallace, was presented to the conference: "That the peace memorial, in the Dominion authorities at Ottawa, and the Right Hon. James Bryce, British ambassador at Washington, that we, the Toronto Conference, do hereby petition at Toronto, request to see announced a report that the naval department of the United States are seeking to so amend the laws of the United States as to introduce training ships of war on the great lakes, after a 100 years of peace between these great nations along the coast of the United States, the presence of armed forts or ships of war, at a date a time when the nations are assembled at the Peace Conference, and in the full confidence of the maintenance of a long peace between these two friendly peoples, we earnestly hope that the project will be abandoned, and that the glorious spectacle of two great powers can live and prosper side by side in peace, without menacing arms and armaments of war."

Profits From Book Room. Rev. Dr. Briggs, steward of the Book Room, in presenting his report, said the past year had been so successful that the Book Room would be able to give \$10,000 to the Peace Conference, the largest amount ever handed over to that organization. He suggested that the papers be put out of the Sunday school, and Canadian publications take their place.

Rev. W. J. Williams of Kingston, Jamaica, who is on his way to the British Conference, was introduced by Rev. Dr. Briggs, who spoke of the trying conditions they were subjected to there since the earthquake.

The conference, in a resolution of sympathy, announced that \$500 would be given towards the work.

Rev. Dr. Shearer said there were evidences of a revival of interest in the Lord's Day Alliance. He said of the 150,000 men who, before March were absent from their Sabbath rest, about 75,000 had been given their Sunday. He attributed many of the railway accidents to the men being overworked.

Rev. Dr. Leavitt asked, "What about the cement works having men working on Sunday?" to which Dr. Shearer replied that he was well aware of this.

Missionary Efforts. "Japan is becoming civilized, but not saved," declared Dr. Shore, assistant secretary foreign missions. Regarding China, he declared the Rip Van Winkle of the east was being roused after 2000 years slumber.

A district containing 12 millions of people had been allotted to the Methodist church, but so few missionaries were there that if Canada had same number per ratio there would be 12 ministers in the district. In reference to this work was less than \$1.40 per head per year, not including the amount raised by the W.M.S. average \$1.05 per head per year.

Deacons Movement. Miss Jean Scott, the head of the deacons' movement, was presented to the conference, and gave an interesting report. Miss Scott stated that of the \$50,000 required in order to realize the deacons' grant, only \$18,000 had been secured. She stated that 27,000 calls had been made, 6000 tracts distributed, 55,000 Bibles, 7000 garments, 42 pieces of furniture; 1878 had been spent on emergency work; work had been secured in 333 cases, and 2857 hours had been spent in nursing the sick.

Great Solar Storms. Observatory officials have obtained a good picture of the spots on the sun. Director R. F. Stupart said yesterday they indicate great solar storms, the effect of which has already been decided. They may pass away or may reappear in 26 days when the sun has made a revolution. In some cases they return several times.

Rock Boring-Device. Takes Off Inch Slice at Every Revolution.

Haney & Miller have a rock-boring device in operation on the tunnel for the new conduit, with the aid of which they expect to complete the work within three months.

The huge machine was started boring on Saturday afternoon, and gave proof of its effectiveness when it sliced off an inch of solid rock at each revolution. The loosened stone is carried out to the back of the machine in buckets, suspended from a chain, and a small railway transports it to the mouth of the shaft. The motive power is electrically supplied by dynamo on the surface, near the shaft. The machine is over 50 feet long, is cylindrical in shape and does its work by means of twenty-four blades fastened to a wheel ten feet in diameter. Its total weight is seventy-five tons, and it took two months to place it in position.

Fire in Cobalt Camps. Two Townships Reported Burned Out—Men Have Close Call.

COBALT, June 17.—Word has been received here that the townships of Smythe and James, in the new silver region, on Montreal River, are burned out. Camps, blankets, etc., in some cases have been consumed.

There is no word yet of any fatalities. Much valuable timber is destroyed, but the results will be facilitated by prospecting. J. W. Mahon, barrister, of Cobalt, received word that his camp in James, northeast corner, has been burned; the men barely escaped with the clothes on their back.

Their money and watches were left behind.

Have a Crown Grant. No Fear of Litigation in Connection With Big Pete Mine.

NEW YORK, June 17.—In regard to reports that have been circulated to the effect that the litigation brought against the Cobalt Central Mines Company by the Bailey Mines, involving the Big Pete vein of the Cobalt Central said yesterday, that the plaintiff's claim embraces only one corner of the Big Pete vein at the extreme southeastern line of the property. The Cobalt Central claim is by crown grant from the Canadian Government and it was surveyed by zoning engineers, and was surveyed by zoning according to every legal requirement. The company is advised by the best lawyers in the Dominion that the title to the entire Big Pete Mine is absolutely perfect. Manager Elmer reports that a strong cable vein has been uncovered for a distance of about 60 feet in lot 20 of the Cobalt Central claims, and that with proper development work this property can be made a big producing mine. The work of sinking a shaft will be begun at once. This new mine is adjacent to the Drummond, Lawson and Jacobs properties.

Estimate of Wheat Acreage. WINNIPEG, June 17.—The Northwest Grain Dealers' Association issued their estimate of acreage up to June 1 today. In the three western provinces, Frank Power, the secretary, says there are 8,155,477 acres under cereals. All grain except wheat shows an increase of from 12 to 16 per cent. He estimates there are still 5,300,000 bushels of wheat to be marketed by western farmers.

Taxes 1907 Wednesday, July - 10th Tuesday, September 10th Monday, November 11th

The municipal taxes of the City of Toronto for the year 1907 are due and payable as above, under City By-Laws Nos. 4938 and 4939 and certain local improvement by-laws.

Taxes are Payable at the City Treasurer's Office, City Hall Building, Queen Street.

But any ratepayer, by taking his or her tax bill, may if more convenient pay the same at the following branch offices on the days named:

No. 738 East Queen-street, near Broadview-avenue; St. Paul's Hall, North York-street; College-street Fire Hall, corner Bellevue-avenue; St. Andrew's Hall, Farley-avenue; Dundas-street, near Queen-street; St. Alban's Hall, West Queen-street, corner Cornhill-avenue.

The following are the collectors for the several wards: Samuel Vance, Collector Ward No. 1; T. R. Whitehead, Collector Ward No. 2; William L. Bell, Collector Ward No. 3; Samuel Baird, Assistant Collector Ward No. 3; E. F. Rusby, Collector Ward No. 4; S. H. McComb, Collector Ward No. 5; J. D. Woods, Collector Ward No. 6.

The City Hall and Branch Offices will be open from 9 o'clock a.m. to 5 o'clock p.m. for the first four of the special days of collection, and from 9 o'clock a.m. to 7 o'clock p.m. on the last-mentioned special days, viz., July 10, Sept. 10 and Nov. 11.

First instalment payable from Friday, July 5, to Wednesday, July 10, both days inclusive. Notice is hereby given, pursuant to By-law No. 4939, passed on April 22, that provision is therein made for the payment of taxes for the current year in the manner following:

Divisible Payments. The amount of general taxes may be divided into two instalments, and on the payment of the first of such instalments and local improvement rates on or before July 10, and not otherwise, an extension of time shall be given for the payment of the second instalment, to Sept. 10, and on the payment of the second instalment on the day named, an extension of time shall be given for the payment of school rates to Nov. 11.

Allowance for Payment in Advance. (1) Ratepayers who prefer paying their taxes in full on or before July 10, shall be entitled to a discount of one per cent. on the payment of the second instalment and the school rates, which might be deferred to Sept. 10 and Nov. 11, respectively; but if only the second instalment is paid with the first instalment, a reduction of one per cent. only will be allowed on the second instalment.

(2) Ratepayers who have duly paid the first instalment, and on or before Sept. 10 prefer paying the school rates, shall be entitled to a reduction of one per cent. on the same.

Percentage. An addition of five per cent. shall be made to every tax rate or assessment or any part or instalment thereof remaining unpaid after any of the dates herein mentioned for the payment thereof, and being the actual instalment or instalments then in default, and it shall be the duty of the Collector of Taxes to collect by distress or otherwise all such taxes or instalments of taxes as remain unpaid, together with the said percentage charge of five per cent. Provided, however, that upon any taxes payable before Nov. 11 next, and not paid on or before the day or days herein fixed for payment, the following percentages only shall be charged and payable:

On taxes payable on July 10, if paid before Aug. 10, one-half of one per cent. After Aug. 10, five per cent. will be added. On taxes payable on Sept. 10, if paid before Oct. 10, one-half of one per cent. After Oct. 10, five per cent. will be added. Failure to pay such instalment or tax as it becomes due not only forfeits the right of settlement by instalments, but brings the parties under the penalty of the Assessment Law, which enacts that, in case any party shall REFUSE OR NEGLECT to pay the taxes imposed upon him for the space of fourteen days after demand, the Collector shall levy the same, with costs, by distress, and sale of the goods and chattels of the party who ought to pay the same.

Do not put off payment to the LAST DAY, and much time will be saved by bringing the exact change to cover your payment. Cheques tendered for payment of taxes must be "marked" and made payable to the order of the City Treasurer. Addressed and stamped envelopes should be enclosed to ensure the prompt return of receipts.

City Treasurer's Office, Toronto, June 30, 1907. R. T. COADY, City Treasurer.

**TENDERS OVER ESTIMATES FOR LESLIE-ST. SCHOOL**

Property Committee of Board of Education Recommends Tenders for Work.

For the new addition to the Leslie-street school, the tenders, which were recommended by the property committee of the board of education, exceeded the estimates by nearly \$8,000, while the tenders for the extension of the King Edward School were \$1,000 below the estimates.

The following tenders were accepted for the Leslie-street school work: Carpentering, E. Hollett, \$7,778; heating and ventilating, W. F. Rutley & Co., \$3,795; masonry, French & Hewitt, \$8,448; metal ceilings, Douglas Bros., \$1,024; roofing, G. M. Bryan, \$1,275; painting, J. P. Pennington, \$1,125; steel construction, McGregor & McIntyre, \$1,334.

The township engineer handed in his supplementary report on the Reid-avenue sidewalk local improvement, which was adopted and the court of revision will meet on July 17.

At the local board of health meeting this afternoon, Mr. Swann, chairman of the school board of S.S. No. 13, Dovercourt, stated that the owner of the lot adjoining the lower school is erecting no less than six houses. The lot has only 45 feet frontage and 130 feet depth. Three houses are being erected on the front and three at the rear. Mr. Swann would like to know if the board of health could not interfere with the building of these houses, as eventually they will present an annoyance to the school. Chairman Watson said that so far these houses have not proved to be a nuisance, and, consequently, the board was resolved to interfere at present.

Medical Health Officer Dr. Warren reported three cases of scarlet fever and two of diphtheria. The latter patients have been released, one by recovery and the other by death.

BOARD OF CONTROL  
**ASK FOR CO-OPERATION**  
But York Township Makes No Advances—Agincourt Shooters Hold Annual.

Council Chamber, June 17.—At the meeting of the township council, presided over by Reeve Henry Thomas McQueen, secretary board of control, wrote in part as follows: "The board of control have at present and in consideration a motion to the effect that the Township of York be conferred with the township council in regard thereto. The question of time was left with the township council."

No action was taken in the matter. The proposed award of scholarships at the forthcoming high school entrance examinations, W. J. Thomson, principal of the Deer Park Public School, made the following suggestions: (a) That only pupils actually residents in the township be allowed to compete. (b) That papers of all candidates for such honors be read by the board of examiners. (c) That the papers of candidates for these honors be examined by the Toronto Junction Board of Examiners.

The Boke Manufacturing Company ask council to hasten the matter of granting them leave to lay water mains and sewer to connect with Henry Pellat's, on Davenport-road.

WEXFORD, June 17.—To the efforts of Principal Holmes and his efficient staff of assistants are due the thanks of all who had the privilege of enjoying the excellent program of sports provided for the entertainment of the pupils of Hillcrest Public School on Friday, June 14. No finer place can be found than the beautiful park adjoining the school in which the games were held. Besides an excellent list of prizes the creature comforts of the pupils and their friends were provided. The trustees, Messrs. Dever, Bromley and Irvine, acted as judges.

of a caretaker, in preparation for tomorrow's meeting of the town council. Chairman Lawrence wished the curbing on Sherwood-avenue to be concrete, and covered from fence to fence. A recommendation to that effect will go to council.

The Permanent Concrete Company received the contract for the laying of the town's concrete sidewalks at 56.1-2 cents per lineal foot for four-foot walks, and at 59.4 cents per lineal foot for six-foot walks.

When Street Commissioner Walsome, who this morning started the grading of Sherwood-avenue, gave the word authorizing the lifting of the old sidewalk, it was a sight to behold the men, women and children busy taking up the old planks, and harvesting fuel for their summer's burning.

**TORONTO JUNCTION.**  
Dundas Street Tenders Finally Pass—Western Road Bridge Damaged.

TORONTO JUNCTION, June 17.—A meeting of the public school board was held to-night, and the following tenders were accepted: R. Patterson & Co., \$1,840; D. C. Watson, carpenter work, \$555; T. C. Gander, plastering, \$297; D. W. Hall, roofing, \$85; C. E. Carter, painting, \$74; J. J. Irwin, mason work, \$1,175; or a total of \$7,766 for the erection of a new system of sanitary drains in Agincourt-street, and the necessary work in connection therewith.

A meeting of the town council was held to-night. A petition was received from 18 citizens of Hookeston-avenue that the name of the street be changed to Quebec-avenue. This was referred to the executive. A complaint was made by the superintendent of the streets department, a number of persons are using the lawn sprinklers in an illegal way. The superintendent was ordered to report of the case to the board of works to appoint person to look after the matter.

The bylaw for the paving of Dundas-street was read. One second and third times to-night and carried.

A spark from a C.P.R. locomotive is supposed to have set fire to the West-End Hotel, at the Victoria-square, to-night. Traffic was delayed about half an hour. Little damage was done to the bridge.

Dec. 94 1/2, 94 3/4, 94 1/2, 94 1/2.

**Chicago Gossip.**  
Marshall, Spader & Co. wired J. G. Beatty of the close of the market: "The wheat market, after opening a little higher, turned firm and scored a rally over two cents, which advance was practically all held, the market finally closing strong. The early decline was due to more favorable weather northwest and a rather liberal selling by commission houses. The recovery was due to strong continental cables, food of domestic reports from the southwest. Fit crop, bought freely under the impression that the principal bear was covering first a number of commission houses. While the trade was not of a large volume, the bulk of much better character than has been experienced for some days."
