Will Take Debentures in Payment by City For Electric Light Co.

New Offer Submitted to the City at Long Private Conference With the Controllers.

DETAILS FOR A BARGAIN NOT AS YET COMPLETED.

The proposal that the basis upon which the city take over the plant of the Toronto Electric Light Company should be the exchange of municipal debentures for shares, the rate of interest to be mutually agreed upon, and that the profits create a sinking fund with which to redeem the city's bonds on expiration, was submitted to the board of control by representatives of the company yesterday afternoon. No reference whatever was made to any change in the contract of the Electrical Development Company.

The conference, which was private, as usual, opened at 4 p.m. The statement one and one-half hours. The statement afterwards made by Mayor Oliver was to the effect that the entire time was taken up in that the city's representatives did not enter into discussion, the understanding being that a second conference would be held shortly for that purpose.

In somewhat striking contrast to the attitude of the board after the conference of last December when the entire proposition was discussed with entire freedom, the mayor and the controllers were very firm in their attitude on the result, and maintained strict silence as to their personal views of the offer.

It was very evident that a compact of silence had been entered into, and that the city was not to say anything. It was considered politic to say nothing. The Electric Light Company was represented by President Sir Henry Peel, Mr. D. Matthews, and Counsel E. F. E. Johnston, K.C., and Henry O'Brien, K.C. Corporation Counsel Pullerton supported the board's contention.

Not Much Made Public. The company's representatives departed briskly after the session, explaining that it had been agreed that the matter should give out a statement to be made public. Within five minutes after the close, Official Stenographer Bentz returned to the mayor's office with the statement in question.

It was a very brief statement, and it was a very brief statement. It was a very brief statement. It was a very brief statement.

GIRL IS ACCUSED OF ERGING BARRIS

Arson Inquest in North York Reveals Distressing Evidence of Depravity and Revenge.

MT. ALBERT, Feb. 21.—(Special).—Such disclosures of moral depravity as were made to-day during the fire inquest in connection with the burning of Mrs. John Hopkins' farm buildings, on lot 16, in concession 6 of East Gwillimbury, have seldom if ever been equaled in the annals of North York County. Whether the girl, Mabel Allen, who is now charged with being the incendiary, is guilty or not remains to be proven. She is in the custody of County Constable Cook, at his home, in Mount Albert, and will appear on a charge of arson before Magistrate Moore on Monday. The case will be tried in the town of Mount Albert.

The nature of the relations between Miss Allen and Hopkins was of such a character that the presiding coroner cleared the courtroom of all spectators while the girl was on the witness-stand. The evidence to-day, apart from its direct connection with the fire, pointed clearly to the indication that the girl was not only a depraved character, but also a cruelly wronged by the man who, as a result of last Thursday evening's occurrence, has been suddenly and maliciously robbed of the property and effects which would have been his on the death of his aged widow, motherly friend, Jacob Hopkins, who was married, but had been living apart from his wife for the past twelve years. About twelve months ago his widow, motherly friend, Mabel Allen, was arrested, charged with the criminal seduction of her 14-year-old daughter, Emily, who had been seduced by her father's attorney, C. R. Fitch of Stouffville, Mabel Allen's attorney, "Jacob Hopkins will be arrested on Monday," said the coroner.

Admits Disputes. Mabel Allen is the daughter of Thomas and Lydia Allen of Burnhamthorpe, and she is in the Hopkins household in the capacity of a domestic, and had been employed there for about twelve months. She is the eldest of a family of seven children. On taking the stand, she admitted that she had been married for about four years. She admitted that she had had disputes at times, but she had never had any quarrel with her husband. She admitted that she had been seduced by her father's attorney, and she had become his wife. When these former relations had lasted for some time she found out that her husband was not the man she had married, and she then asked him that all relations between them come to an end. Her evidence was on the whole straightforward, although the crown attorney had difficulty in making her admit the writing of a letter but there was no doubt that she had written it.

The girl swore that during the past winter Hopkins had promised to marry her, and even told her he had obtained a divorce. The correspondence that Hopkins had carried on with her was of a disgusting nature, and she had several letters in the possession of Detective Greer.

The first witness called was Jacob Hopkins, son of Mrs. John Hopkins, who owned the burned property. He is about 40 years old and has not an exceptional appearance. "Have you ever had any quarrel with this girl while she was at your house?" asked Mr. Drayton. "Well, the girl is a kind of a passionate person and we had strife now and again."

CANADA TO SAVE NEW ENGLAND Canadians at Boston Asked to Block Control of Capitalists.

BOSTON, Mass., Feb. 21.—(Special).—A more cordial reception was never before tendered any Canadian visitor to Boston than that extended to-night to W. F. Maclean, M.P., of Toronto, when he was the special guest of the Canadian Club of Boston at a dinner given at their magnificent club house on Beacon Hill. The occasion was made more interesting and enthusiastic thru the presence of more than a hundred wives, sweethearts and daughters of the members, who, forming the auxiliary of the club, joined in the welcome.

It was truly a Canadian night, and the dining hall was tastefully decorated with a blending of the Stars and Stripes with the Canadian flag. In the audience club of the evening, his subject, "The Canadian flag in the State of Massachusetts," was the subject of the evening. Mr. Maclean, the other Canadian visitor, Wm. Dennis of Halifax, N.S., met the members informally in the parlors of the club house. Other guests of note who were present to greet the noted Canadians were Rev. Roland D. Grant of Vancouver, Editor Edwin H. Clement of the Boston Transcript, F. E. Perry of the Canadian Pacific Railway and E. H. Boynton of the Grand Trunk.

Mr. Maclean was the principal speaker of the evening. His subject was "The Canadian flag in the State of Massachusetts." He declared that the subject that is dear to the hearts of Massachusetts business men, and the close of his able address he was warmly congratulated in putting the situation forth to the Bostonians in a new light.

Attorney Louis D. Brandeis, who is fighting the New Haven, Boston and Maine merger plan in this state, followed the guest of the evening, and in the course of his remarks paid high tribute to the enterprise of the Canadians for building their transcontinental system at a period when there were but few more people in the whole of Canada than in the State of Massachusetts. He declared that the Grand Trunk and the Canadian Pacific entering New England from the north have been the only protection thus far to save the railroads of Massachusetts from the merger gentlemen.

Big Men: Big Salaries. Hon. Mr. Graham's Proposal to Enlarge the Railway Board.

OTTAWA, Feb. 21.—(Special).—Hon. G. P. Graham has a proposal to enlarge the railway board, notice of the following resolution. "That it is expedient to amend the Railway Act as respects the constitution of the board of railway commissioners for Canada, and to provide for the appointment of an assistant chief commissioner at a salary of \$8000 per annum, and of two additional commissioners at a salary of \$6000 per annum each."

What City Will Be Asked to Do in Solving Relief Problems. Representatives of the Employers' Association, the various charitable organizations and prominent civic officials held a conference yesterday afternoon to discuss the advisability of creating more effective machinery for dealing with the unemployed problem and the relief of distress in the city.

OTTAWA, Feb. 21.—(Special).—In the Senate Sir Mackenzie Bowell asked why the department of justice had instructed its British Columbia agent to appeal the case of the two Japanese arrested for violation of the Naitai Act. Sir Mackenzie said that it looked like an effort to escape the unpopularity which would attach to the disallowance of the act by leaving it to the courts to possibly decide that the legislation was ultra vires.

Premier Tells the Hotelmen's Deputation That Public Opinion Must Remedy Their Grievance.

"This is not a case where I and my colleagues think we have any right to interfere. More than that, we think it would be distinctly improper to interfere. In this deputation was Premier Whitney, dismissed the deputation of hotelmen yesterday who had waited upon him with a petition to stay the operation of the recently adopted bylaw cutting off forty from the number of licenses allowed in the city. The petition was signed by 37,876 people, and was a massive piece of evidence."

James Haverson, K.C., made an able and exhaustive presentation of the hotelmen's case, but the premier analyzed the situation and laid down the law in a way that left no doubt of the impossibility of the government taking any hand in the matter. With Mr. Haverson were James Seymour of the Shamrock Hotel, Edward Hyland of the Boulevard Hotel, Queen and Jarvis-streets, and A. Graham of the Iroquois Hotel, R. Falconer of the Richardson House, William Lunness of the Jersey Hotel and M. J. Cassidy of the Hotel Cecil. Wm. Hassard was also on the deputation.

The petition had been very fully explained in the press, and was signed, among others, by such representative men as Dr. Goldwin Smith, Sir Henry Pellatt, R. B. Holden, J. W. Beatty, Walter Wyler, Dudley Lawson, E. Baines, G. E. Kingsford, G. R. Medland, C. A. Moss, J. R. Wilkie, G. B. Struby, F. M. Minahan, Messrs. Gray and Baird, of which the lieutenant-governor is senior partner, A. H. Bopple, Rev. Mr. Taylor, recently of Chatham. The petition read:

"To the Hon. James D. Whitney, premier, and the members of the executive council of the Province of Ontario: "The petition of the undersigned citizens of the City of Toronto sheweth: "Whereas by a bylaw passed by the city council on Jan. 27, 1908, the said council reduced the number of hotel licenses from 150 to 110.

"In January, 1905, the council rejected a bylaw for the reduction of licenses, and in January, 1906, the council defeated the proposed reduction of licenses, since which time the question has not been raised in any active manner, and has in no way in any of the last municipal elections. On the strength of the valid votes of the said council, and of the voters, and in compliance with the demands of the license commissioners, a sum exceeding \$100,000 has been expended in the permanent improvements of the city hotels, which would not have been invested had not the said bylaw been passed, and as an indication of the permanent policy of the city.

"Four petitioners consider that the council have submitted the question to the voters, and the voters having so recently pronounced against the reduction of licenses, no action should have been taken by the council in a matter of such importance without a further reference to the voters. Your petitioners therefore pray that such action be taken as will stay the operation of the bylaw until after the next municipal election has been held, and has been committed to the voters for approval."

When the licenses were reduced from 150 to 110 it was a very serious matter, not only for the hotelkeepers, but for the public as well. It was worse than when the Fleming bylaw was passed. The people were asked whether they believed in further reduction after that and replied very decidedly "no." The city had then only 150,000 population and it was now double as many. Some years ago the temperance people commenced an agitation to reduce the licenses further. In January, 1905, they brought a bylaw before the people and it was defeated.

To show the way this was discussed, Mr. Haverson pointed out that a number of adherents said they did not believe in liquor, and they would carry out their wish. Later on the temperance forces failed to their assistance those who had said they would be guided by the result, and had a bylaw submitted. The

TAX RATE TWENTY MILLS AND SALARY INCREASES

No Plumbing Inspector to Be Appointed This Year—General Items of City Interest.

HAMILTON, Feb. 21.—(Special.)—Nearly every member of the city council attended the caucus this afternoon when it was agreed that there should be no salary increases this year, that no plumbing inspector should be appointed, and that a new by-law should be passed. It was agreed to fix the tax rate at 20 mills, and to pay of the overdraft. An other decision was arrived at was that the local improvement plan of laying and maintaining walks should be introduced this year.

INSURANCE ALLEGATIONS.

Superintendent in New York State Accused of Irregularities.

NEW YORK, Feb. 21.—P. B. Armstrong, president of the Excelsior Fire Insurance Company of New York, today made public a letter which he has written Governor Hughes, in which he accuses the superintendent of insurance, Mr. Armstrong, of charges of irregularities in the handling of the insurance law of the state by failing to require the stockholders of the company to make good an alleged impairment of the company's assets; that he procured false affidavits to be made by his subordinates and turned them over to the state attorney-general for the purpose of destroying the credit and business of the company, which resulted in the appointment of a receiver for the company.

Mr. Armstrong also alleges that the superintendent permitted certain fire insurance companies to continue to do business in this state after their capital and surplus had been exhausted or reduced below the legal limit by the San Francisco disaster; that he permitted some companies to file false statements of their assets and liabilities; that he failed to act against the insurance companies for paying dividends in violation of law, and Mr. Kelsey "lent his aid and cooperation to the insurance trust known as the New York Fire Insurance Exchange," which Mr. Armstrong declared in his letter is "an illegal organization in restraint of trade, operating in direct conflict with the laws of this state."

Mr. Armstrong complains because this "aid" was rendered instead of bringing suit "illegal trust to the attention of the attorney-general for his action."

Kidney Trouble Cured

"When you have been wet and cold weather, your muscles and bones begin to ache, your head feels full and buzzing and kidneys give trouble, it is a sure sign of Gripe and you need good medicine that will give relief quickly. A lady writes: 'I have suffered from these distressing ailments, colds and kidney trouble, for years. This winter I made the discovery that a very simple thing called Tarol was very successful in curing my Gripe and colds in general. I find in most cases that kidney trouble and backache in the winter time is caused from colds, so I thought if I could keep myself from having a severe cold I would be able to pass this winter without the dreaded backache and kidney trouble. I have succeeded and now give this simple mixture to all sufferers. It is as follows: One ounce Tarol, One ounce Compound Syrup of White Pine, One ounce Glycerine, One ounce Fluid Extract of Licorice. You can procure these ingredients at any drug store. Boil the water by adding three ounces of boiled water you have the preparation complete as it cured me. The dose is a dessertspoonful every two or three hours. ed

result was a refusal to have further reduction. The press, from all had respect, declared the question was settled. The people considered the matter as finally disposed of, and the commissioners took up the matter which had been expressed in one of those laconic phrases for which Hon. Mr. Hanna is noted. "To keep hotel" they were compelled to improve the matter at the point of the bayonet, and did so.

"We spent \$1,500,000 on the hotels," asserted Mr. Haverson. "Then came the by-law like a bolt from the blue and it was rushed thru in one day without discussion. There had been no notice of it, and it had been overshadowed by other important questions."

Those in favor of it declared it was a question for the council and not for the people. One or two said they were sorry for the vote they had given to refer it to the people. Their action was not consistent. They should have been satisfied with the result, thought Mr. Haverson. "There should be some finality about this thing," he pleaded. "We think

THE COST OF GOOD HEALTH

Will be Lessened by the Timely Use of Dr. Williams' Pink Pills.

How much money is wasted on useless medicines. How much time is lost, how much pain endured simply because you do not find the right medicine to start with. Take the earliest advice of thousands who speak from experience in favor of Dr. Williams' Pink Pills, and you will save time, money, and above all, will find perfect health. Proof of this is found in the statement of Mr. J. A. Roberge, a well-known resident of Lachine, Que., who says: "I am a boatman, and consequently exposed to all conditions of weather. This exposure began to tell on my health. The cold led to weakness, loss of appetite, pains in the limbs and side. I tried several medicines, but they did not help me. My condition was growing worse and a general break-down threatened. I slept poorly at night and lost much in weight, and began to fear that I was drifting into chronic invalidism. One day while reading a newspaper I was attracted by the statement of a fellow sufferer who had been cured through the use of Dr. Williams' Pink Pills. I had spent much money without getting relief, and I hated to spend more, but the cure was so convincing that I decided to try it. I began the pills I was as well as ever I had been. I am now convinced that had I tried Dr. Williams' Pink Pills at the outset I would only have spared much suffering, but would have saved money as well."

Rich red blood is the cure for most of the ailments that afflict mankind. Dr. Williams' Pink Pills actually make new rich blood, and it is why they cure such common ailments as anemia, indigestion, rheumatism, neuralgia, heart palpitation, erysipelas, skin troubles and the headaches, backaches, sideaches and other ills of girlhood and womanhood. The pills are sold by all medicine dealers, or by mail, at 50 cents a box, or six boxes for \$2.50, from The Dr. Williams' Medicine Co., Brockville, Ont.

COBALT LAKE'S MEETING.

First Annual Survey of Affairs—One Change in Directorate.

At the first annual meeting of the Cobalt Lake Mining Co., held yesterday, the directors were re-elected, except that M. Marchand of Montreal replaced Britton Oster, who retired. It was stated that the directors should have greater representation and that a French-Canadian was especially desirable.

An amendment by J. Lorne McDougall that 2500 shares, instead of 3000 be necessary to qualify for the directorate, carried.

It was decided to continue the headquarters in Toronto, but to hereafter hold the annual meetings in Ottawa.

A shareholder was informed that the directors acted without remuneration, that the secretary received \$1000 a year, that office rent was \$300 a year, and that Manager Rochester, at \$4000, and Engineer Frailek at \$3000 a year were well worth the money.

G. P. Henderson of Ottawa stated that there were five suits in progress against the company. They were styled as follows: G. P. Henderson vs. Cobalt Lake Mining Co., \$1000; J. Lorne McDougall vs. Cobalt Lake Mining Co., \$1000; J. R. Codd vs. Cobalt Lake Mining Co., \$1000; J. R. Codd vs. Cobalt Lake Mining Co., \$1000; J. R. Codd vs. Cobalt Lake Mining Co., \$1000.

The meeting was attended by about 75 shareholders, while 2,372,000 shares were represented.

"The Factory Behind the Store."

There is a principle laid down in the Licensed Act that the commissioners do not see fit to close the houses at once, but to give them an opportunity to be disposed of, three months' notice being given. We suggest that his principle should be extended so as to renew the licenses until Feb. 1, and so that the opinion of the people may be expressed in January.

"I think perhaps you will admit that the only way to get the license is out of the board," said Hon. Mr. Hanna, "but under the law as it stands you may be disposed of in three months or May 1 there shall be 110 licenses and no more."

Mr. Haverson supposed it was so, but he thought there were exceptions. Mr. Hanna asked for a case where the law was not lived up to, or where licenses were not being reduced from 6 to 5.

"In London after a very warm contest," said Mr. Haverson, "six licenses were reduced to three months' extension was granted."

"You want the law changed," asked Mr. Hanna, "but you are not disposed of your premises?" and Mr. Haverson had to agree.

Mr. Hanna did not favor the idea of letting matters drift along, but Mr. Haverson pressed his view that it was only extending the principle of three months' notice to the end of the year.

"Would Override Council." "Billed down this means," commented the premier, "to a certain extent away with the action of the council."

"Yes," admitted Mr. Haverson, "There is no use being dishonest. If we want to get the law changed, I would go to the license board."

"Suppose the legislature did something that revolved the people's mind, what would be the remedy? To apply to the people. What I mean is, that it is contrary to the law and all our ideas of propriety that any remedy than the remedy to be applied by the people should be asked for or granted," was Mr. Whitley's view.

"In the meantime irreparable injury is being done," said Mr. Haverson, "I think it is right to have a wood by-law. We have appealed to Caesar," he suggested, holding that the council had done wrong in appealing to the higher Caesar. Appeal to the Caesar from whom they have their authority," was the premier's judgment.

There had been appeals to higher authority, thought Mr. Haverson. "Well, I suppose you are right about that," reluctantly admitted Mr. Haverson.

A Gross Injustice. "We say a gross injustice has been done, but you recognize it must be done, but a gross injustice has been done, and if there is any way under heaven and among men whereby we can get our right we would like to have it," he pleaded.

"Should not this petition be addressed to the city council?" asked Mr. Whitley. "I think it has come to the wrong quarter. These 37,000 reasons would appeal to them."

"This is nothing of the put-Ross-put-Mowat in a hole about it. It is an honest petition," Mr. Haverson assured the cabinet.

"There are hundreds of temperance people on the petition who are in favor of reduction, but who think it is wrong to have a petition looking at things without any political consideration. The only thing in my mind is to stay the law until the people have spoken in January next. If there is any way of having it done otherwise we would be satisfied."

Premier's Statement. "Gentlemen, we are always glad," said the premier, "to listen to any body of men who destroy the law, and to do anything in our power, and when rights are infringed we are only too glad to set it to rights. But what you ask us to-day to do is this: The law gives the council power to do certain things. You say that law is unwise and should be changed. I am not sure that it would be the case if the council did one of the many other things which we have suggested. The condition of affairs would have if the legislature was asked, not only to change the law, but to prevent the law being carried out. If in one case, why not in every case? And every week we would be getting requests from dissatisfied citizens, and the question of the law, not in the ordinary sense of the word, and the result would be pandemonium in the streets."

"It would do away with all continuity and permanence. You must see that it would be practically impossible to do this without throwing aside every vestige of regard for the rights given to legislative authority."

"My own belief is that if your case has any merits, public opinion will settle that. Injustice have often been done, and the remedy has always been sought at the source of the power, but I have great faith in public opinion to remove injustice in the end. I do not see how the government can change the law and destroy the act done by the body that act gave power to do the act. This is not a case where I and my colleagues think we have any right to interfere. More than that, we think it would be distinctly improper to interfere."

A group view of the Parkdale Elms appears in The Illustrated Sunday World.

Boxing Championships Concluded

NOTE AND COMMENT
The first of the Canadian annual boxing championships, held under the immediate direction of the C.A.A.U., was successful beyond the best hope of the controlling body.

INDOOR BASEBALL

Good Game To-Night—Results in the Semi-Finals.

To-night at 8 o'clock the Body Guards, fresh from their victory over C Company, Q.O.R., will play the 4th Highlanders, G Company team in a Senior Garrison League game.

Table with 2 columns: Team Name, Won, Lost, Tied. Lists various teams like H Co., 48th, G Co., etc.

On Wednesday night H Company, 48th, met G Company, 48th, and G Company, R.F. at C Company, Q.O.R. These will be the last of the scheduled games in the senior league.

The first games for the Currie Cup will most likely take place next Saturday night. The Garrison League will take up the challenge of the Niagara Falls team to play an international championship game at the present time.

A special meeting of the Indoor Baseball League is held at 8 o'clock at the Armories, at which several matters of importance will be decided.

Kingston, Midland and St. Georges Qualify for the O.H.A. Finals

Two Varsity Teams Win Intercollegiate Championship—Guelph Play Toronto Pros, Here To-Night at Mutual St.

KINGSTON, Feb. 21.—(Special)—The 14th Regiment team of this city sprung the surprise of the hockey season to-night by defeating the St. Georges by a score of 11 to 2. The victory, the not at all unexpected here, was a complete surprise on the Saints, who figured on holding the 14th sufficiently to win the round. The St. Georges in fact seemed entirely out of their class. Time and again they came down with flaming rushes, but the strong Kingston defence broke up every attack and the splendid work of the Kingston forward line easily put them in the lead. The St. Georges seemed stale and their work in spots was very ragged.

The start played a wonderful game, but he played out quickly and was evidently tired from his exertions Tuesday night. In the second half he was the victim of an accident, which practically destroyed his effectiveness for the game. Bernier was rushing hard down the ice at a marvelous speed and Smith attempted to body check him. The men met in mid air and both went down. Smith was unconscious and had to be carried from the ice. Later he came back, but he was all in and practically useless.

The accident was deeply regretted by the Kingston team. The attendance at games in the Garrison League, which are P Company, 48th, and C Company, Q.O.R. II, second team. This was the first section of the junior semi-finals. The results in last year's semi-finals were as follows: C Company, Q.O.R., second team, defeated D Company, Grenadiers, by the score of 4 to 2. C Company, Q.O.R., defeated F Company, 48th, by the close score of 2 to 1. H Company, by the score of 2 to 1. Standing of the teams in the semi-finals: W. L. 2nd Section, W.L. C Co., Q.O.R., 3 0 H Co., Q.O.R., 2 0 G Co., Q.O.R., 1 1 E Co., Q.O.R., 1 1 D Co., R.G., 0 3 G.G.E.G., 0 2

In a hotly contested game at Mutual-street yesterday afternoon, St. Andrews and Upper Canada had their annual school game by the close score of 4 to 3. St. Andrews were ahead at the half 4 to 2. Goals: St. Andrews, G. G. Thompson, G. Groves; cover, Smith; rover, Hope; centre, Carling; right wing, Ramsay; left wing, McAfee.

Upper Canada (5): Goal, Woods; point, Young; cover, O'Grady; rover, Burkhardt; centre, Adams; right wing, Davidson; left wing, Mulgrew.
Referee, P. C. Waghorne.

Park Nine Meet To-Day. There will be a meeting of the Park Nine Baseball Club at the Ocean House Hotel Saturday at 2 o'clock. President Wells will preside at all meetings to be present, as the business to be transacted is important.

Collins Suspended. At a meeting of the O.H.A. sub-committee held at the present time yesterday, the Hamilton protest against Collingwood was decided.

Collingwood Club was suspended on suspension of professional players. The suspension was ordered to play a sudden-death game at Mutual-street, Rink on Monday night. Collingwood played Collins and Collins was a native of Collingwood, and has played hockey in that place for eleven years. Collins is a native of Collingwood, and has played hockey in that place for eleven years.

The committee tossed for choice in the final games of all three series, resulting in the following: St. Andrews, 4 to 3; Upper Canada, 4 to 3; St. Georges, 11 to 2.

Upper Canada (5)—Goal, Woods; point, Young; cover, O'Grady; rover, Burkhardt; centre, Adams; right wing, Davidson; left wing, Mulgrew.
Referee, P. C. Waghorne.

Madoc Beats Tweed. TWEED, Ont., Feb. 21.—The Trent Valley Hockey League game between Madoc and Tweed resulted in a score of 7 to 3 in favor of Madoc.

Chesley Ladies Win. CHESLEY, Ont., Feb. 21.—A very exciting hockey match was played last night between the Owen Sound Ladies Hockey Club and the Chesley Ladies Hockey Club, which resulted in a 2 to 0 home team by a score of one to nothing.

Aquatic Hockey League. Balm Beach and Parkdale canoe club will meet at Mutual-street, Rink in their final game of the season. The game will be a long way towards settling the championship of the league. Good hockey is assured, and the public should not miss this opportunity of getting acquainted with the style of game being played in this league, it being second only to senior O. H. A.

The game is scheduled for Monday, the 4th inst., at 8.15, and will be played on that date unless the ice is taken up with O. H. A. final.

The Aquatic is the fastest of the city leagues, and a number of the players are well qualified for senior company. Several are already billed for promotion, and will be found on senior O. H. A. teams next year.

Cobourg C. I. Wins. COBOURG, Feb. 21.—A fast game of hockey was played here last night between Brighton and the Cobourg Collegiate Institute. The Brighton team was much heavier but less speedy than their lighter opponents, who presented a nicely balanced line and a strong, heavy-checking defence. The score at half-time was 0 to 0, and at full-time 1 to 3 in favor of the students. Gallagher, Wright and Robinson were the scorers.

Brighton (9)—Lapp, goal; Smith, point; Wood, cover; Sprinfield, rover; J. Smith, centre; Marshall and Brown, wings; C. C. I. (5)—Penwarden, goal; Holbeck, point; Heyden, cover; Pratt, rover; Haig, centre; Burnett and Huyche, wings.

Beaverton Wins at Woodville. WOODVILLE, Feb. 21.—The third Tri-County Hockey League game between Beaverton and Woodville was played in Woodville last night, resulting in Beaverton's defeat of Woodville by a score of 4 to 4. Neither team played good hockey.

Woodville (4)—Goal, Kirkland; point, McKay; cover, Grigg; rover, Beckett; centre, Marshall; left wing, McLeod; right wing, Griffith.
Referee—E. Edwards.

Two Varsity Teams Champions

Eastern Boxing Bouts Canadian Championships

Lang Beat Brennan in Middle-weight Class—Soldier Dickson Wins Featherweight Class, But Is Knocked Out by Traying.

The final night of the C.A.A.U. boxing championships saw a bumper house, drawn hither by the splendid bouts of the previous nights. Nine fast bouts in all furnished an enjoyable evening for the crowd who gave vent to their appreciation of the clever and scientific work of the clever and scientific work of the general management was a great credit to the boxing committee of the governing body, everybody being highly pleased.

The opening bout was an extra one, being the semi-final between St. Bailey, Dons, and J. Cruise, Avenue A.C. Bailey being the aggressor and frequently rushed into the ring, but he was not to be taken in by the heavy left and right swings and appeared to be too strong for Cruise, who tried to fight back, but did not have the punch. In the second round Cruise appeared tired and at the end of the round did not wish to continue, the decision being awarded to Bailey. Bailey is a slick right hander, which he knows how to use. He is willing to mix at all times. Cruise is a good fighter, but a little handling and this boy should make a few more fights.

The second bout brought out T. Sutton, B.L., and H. West, Buffalo. The boys sparred for a moment, both men being cautious and Sutton took care of himself by ducking and foot work. The first West had the best of the mill and Sutton seemed tired, but he came back fresh and strong in the second round, but he was not to be taken in by the heavy left and right swings and appeared to be too strong for Cruise, who tried to fight back, but did not have the punch. In the second round Cruise appeared tired and at the end of the round did not wish to continue, the decision being awarded to Bailey.

The third bout was a very exciting one, being the semi-final between St. Bailey, Dons, and J. Cruise, Avenue A.C. Bailey being the aggressor and frequently rushed into the ring, but he was not to be taken in by the heavy left and right swings and appeared to be too strong for Cruise, who tried to fight back, but did not have the punch. In the second round Cruise appeared tired and at the end of the round did not wish to continue, the decision being awarded to Bailey.

The fourth bout was a very exciting one, being the semi-final between St. Bailey, Dons, and J. Cruise, Avenue A.C. Bailey being the aggressor and frequently rushed into the ring, but he was not to be taken in by the heavy left and right swings and appeared to be too strong for Cruise, who tried to fight back, but did not have the punch. In the second round Cruise appeared tired and at the end of the round did not wish to continue, the decision being awarded to Bailey.

The fifth bout was a very exciting one, being the semi-final between St. Bailey, Dons, and J. Cruise, Avenue A.C. Bailey being the aggressor and frequently rushed into the ring, but he was not to be taken in by the heavy left and right swings and appeared to be too strong for Cruise, who tried to fight back, but did not have the punch. In the second round Cruise appeared tired and at the end of the round did not wish to continue, the decision being awarded to Bailey.

The sixth bout was a very exciting one, being the semi-final between St. Bailey, Dons, and J. Cruise, Avenue A.C. Bailey being the aggressor and frequently rushed into the ring, but he was not to be taken in by the heavy left and right swings and appeared to be too strong for Cruise, who tried to fight back, but did not have the punch. In the second round Cruise appeared tired and at the end of the round did not wish to continue, the decision being awarded to Bailey.

The seventh bout was a very exciting one, being the semi-final between St. Bailey, Dons, and J. Cruise, Avenue A.C. Bailey being the aggressor and frequently rushed into the ring, but he was not to be taken in by the heavy left and right swings and appeared to be too strong for Cruise, who tried to fight back, but did not have the punch. In the second round Cruise appeared tired and at the end of the round did not wish to continue, the decision being awarded to Bailey.

The eighth bout was a very exciting one, being the semi-final between St. Bailey, Dons, and J. Cruise, Avenue A.C. ## CANADA FOR CANADIANS.

What would you think of the Canadian who drew a salary for work done for a firm established in Toronto and spent his money for groceries, clothes and other essentials in the United States? Would he be a help to Canadian trade or a mere parasite on our prosperity? It is a generally accepted position that the only provincial business man that has made his money here is the one who has made it in Canada.

Yet there are Canadians earning money brought by the processes of business from Canadian pockets, who are so lost to the patriotic sentiment contained in the motto of "Canada for Canadians," that they buy their clothes in the United States or the United Kingdom, knowing all the while that they are building up foreign industries to the detriment of home tradesmen.

This but illustrates the cupidity of human nature. Your patriotic Canadian hears that he can buy clothes in the United States or in England for prices lower than those asked in Canada for the corresponding class of goods, and he can't let a chance to save thirty cents go past him. What matters it to him that the foreigner pays no rent or taxes in Toronto? What does he care for the fact that the home tradesman is helping to build up Canada and to produce national wealth? What interests him in his narrow, village view is the saving of THIRTY CENTS, the very price mark that fittingly could be pinned on him.

How would your member of the legislature look if he were to go back to his constituents clad in a suit of clothes made in the United States, or Ireland, or Scotland, or England, and say to the yearling in his right, but I made thirty cents by buying these clothes outside of Canada?

Brethren, there are times when the best Canadian is he who spends his money in Canada, the spending of it here causes him to lose thirty cents. And this is the time.

## SEND ONTARIO SEED WEST.

The Dominion Government officials will act wisely if they purchase seed grain for the western provinces from Ontario.

That a superior quality of barley is grown here is conceded by all grain and seed dealers. The crop of 1907 was a good one and its quality is the outcome of the seed educational work that has increased the average yield in Ontario by six bushels per acre. The barley grown in this province has no world peer. Our farmers have adopted the principles of seed selection because they reaped a substantial benefit in larger and better returns. To raise the productivity of the soil from 23.3 bushels per acre to 33.8 bushels by this means speaks loud enough to make even a politician lend his ear.

Seed barley should be sent west now to reproduce the vitality of Ontario in the prairie loams. Experience has shown that our barley does not deteriorate.

The same forces have been at work in Ontario to produce a high class quality of oats. While it is unfortunately true that last year's crop was under the average yield because of nature's whim, yet it is remarkable that a great deal of the yield was classed as extra plump and heavy. Experts say that they never handled better oats than were found in many places in Ontario this year.

The whole of the barley and a large percentage of the oat yield fortunately can be obtained in Ontario, and it is only doing justice to Canadian farmers that this seed be secured here.

Its importation from the old country or from the States would not only result in securing a less satisfactory cereal, but it also would be dealing a blow to Canadian farmers.

A careful method of selecting and gathering the grain from the farmers, seedsmen and dealers would result in the required seed being collected with expedition, at a central shipping point, where the standard could be kept up and the price reduced to a minimum.

Ontario certainly should be given a chance to supply this seed, not because it needs the patronage, but because its barley and oats are the highest in germinating vitality and the "best adapted" for securing big immediate yields in the western soils. Some imported grains fail, it is claimed, to make good during the first year of their introduction.

Send Ontario seed and do it now.

## TORONTO UNIVERSITY RECEPTION.

Something is wrong with the educational sympathies of the provincial legislators and the city councillors when so meagre a representation of two important public bodies attended the reception given by the board of governors of Toronto University on Tuesday in the Convocation Hall.

Designed to afford the guests an opportunity of inspecting the new assembly hall and physics building it would naturally be expected that an institution reflecting so much credit on the province and the city would have been

paid the commitment of a large and influential attendance. But apart from the premier, the leader of the opposition, the Speaker and the attorney-general, Dr. Smellie of Fort William, was the only provincial legislator that found his way to the place of reception. Controller Harrison alone appeared for the council, and Mr. William Houston, was an equally solitary representative of the board of education.

Dr. Falconer, in his address of welcome, had a pleasant duty to perform, and his proper pride in the rising fame of the provincial university, and in its power to attract the young men and women who seek the benefit of its teaching was legitimate and not too extravagantly phrased. His announcement that this year the students in attendance numbered 3470, exceeding by some three hundred the matriculated strength of his own Alma Mater, Edinburgh, was well worth the bravado of the inclemency of a winter's night to hear. Even more encouraging and gratifying was his further statement that no less than 1400 students had registered for the courses in arts. This is an excellent presage for Canadian culture in the twentieth century, and the members of the government and legislature, who heard, and the many who, it is to be hoped, will read, must have been more than ever convinced that Toronto University deserves all the support it can get, and no less the primary and secondary schools upon which its success as a leading centre of Canadian learning materially depends.

## SALVATION ARMY AND ITS EMIGRANTS.

Edith Wood: Owing to the frequency with which letters are appearing in your columns with reference to the above, I trust you will grant me a little of your valuable space.

I am an S.A. emigrant and have been in Toronto nine months.

Having come to this city entirely according to my inclinations, I am sorry to find that the S.A. officials at Quebec, and, having, like a great many more, suffered want of employment in the latter city, I am writing Commissioner Coombs, stating fully my case in no mild manner and was pleasantly surprised to receive a reply to call and talk the matter over.

I did so, and am now perfectly convinced that I blundered in acting on my own initiative, and have cause to regret not having called at S. A. Temple long ago, as being certain had I done so that it would have been much better for me.

To all my emigrants (if there are any) who feel in any way dissatisfied with their lot since coming to this country, my advice is call on S.A. and state your case fully, and I am sure satisfactory results will follow.

In conclusion I must add that I have "no axe to grind," and in all sincerity thank Col. Howell, Maj. Morris and other officers for the manner in which they received me.

## Commander Peary's Lecture.

Commander Robert E. Peary, who comes to Massey Hall on Tuesday evening to lecture on "Near the Pole" and "Plans for the Next Campaign," is 61 years of age. He is still on the active list of the United States navy. He is slightly lame owing to the fact that his feet were frozen badly in his last expedition. He is a most entertaining lecturer and possesses an excellent voice.

The steamer Roosevelt left Toronto, N.S., on July 28, 1905, and arrived in New York harbor on Christmas Eve, Dec. 24, 1905. The main result of the expedition may be summarized as follows:

First—The attainment of the "high north" leaving a distance of but 174 nautical miles yet to be conquered.

Second—The determination of the existence of a distant new land north-west of the northwest part of Grant Land, probably an island in the westerly extension of the North American archipelago.

Third—The distinct widening of our horizon as regards ice and other conditions in the western half of the central Polar Sea.

Fourth—The traversing and delineation of the unknown coast between Arctid's farthest west in 1875 and Sverdrup's farthest north in 1902.

Fifth—The determination of the unique glacial fringe and foeburg nurseries of the Grant Land coast.

## ALDERMEN MUST DEFEND THEIR SEATS IN COUNCIL.

Any idea that the instigators of the proceedings to unseat members of the council will give the holy communion and directing their attack on the controllers was dispelled yesterday, when Mayor Oliver and aldermen who were in reduction, save Ald. Bengough, who is out of the city, were served with writs.

## SOME CITY HALL SYSTEMS EXPLAINED TO THE JUDGE.

City Treasurer, Clerk and Paymaster Testify—Enquiry to End Tuesday.

Tuesday next will probably see the conclusion of the evidence in the parks enquiry. The enquiry was adjourned yesterday until Tuesday morning, when John Chambers, the former commissioner, is expected to appear.

R. T. Coody, the city treasurer, yesterday described the methods of his department in checking accounts. The vouchers were supposed to be signed by responsible parties, who knew the facts. The settling up of accounts for 2200 of the committee was irregular.

Mr. Hasey and Mr. Coody went over the receipts in the park commission, many of which did not give the name from whom the money was received. This was true of receipts for sales of lumber from Exhibition Park and all the items in 1907.

Charles Chambers admitted that while he was employed in the city clerk's office he spent two weeks of his regular holidays working for his father in the city clerk's department. The judge didn't think it was right, but witness argued that it was.

William Anderson, the city auditor, admitted that very often declarations were not filled in when they came to him. The treasurer's cheques were not audited, but the receipts were always carefully gone over.

Charles Chambers was recalled to explain his £2200 in the park commission, since he was in charge of the parks account no money had been made over to the treasurer. He said that he had details and it was in order that details might be kept in the city clerk's office.

"I'll tell it over for you," said the judge.

William Burton, the city paymaster, explained the methods of his work. The pay sheets were sent to him from the various departments, and he saw to the making out of the envelopes. He then went to the different parks and city yards at appointed times and gave out the envelopes to the men all together.

He said that only those entitled to receive envelopes received them, but would not know what was in the envelopes. The yards in Frederick-street he visited every day to pay occasional laborers, men discharged in the middle of the week, or those who had not been on hand to receive their pay.

Payments were made on orders signed by the foreman.

Walter Wood, who during the last seven years has done plumbing and cement work for the parks department, admitted that he had received an amount of about \$500. He declared that he never kept his receipts, and as soon as the account was paid he tore it up.

"A very bad system," commented Judge Wycherley, "but it is the only one we've found in this enquiry who don't keep books."

William Littlejohn, city clerk, knew that Charles Chambers had worked for his father in the park department while on leave. He had not known, however, that Mr. Chambers had paid for his work by the parks department.

The Big Reductions in Furs Saturday. Messrs. Seliers-Gough announced big cuts than ever for Saturday selling. The big fur sale has made a record never before in the city. For several other firms in this line. For several weeks now the interest has been sustained by increasing sales and tremendous cuts in price.

The matter fairly and squarely there can only be one reason for the never flagging interest in the fur sale, and that is, and that is the fact that the goods are remarkably low in price, and beyond comparison elsewhere, both as to quality and value. The fact that the goods are so low in price, and beyond comparison elsewhere, both as to quality and value. The fact that the goods are so low in price, and beyond comparison elsewhere, both as to quality and value.

and the opportunity for securing these splendid bargains will have passed. To-day brings the sale nearer the end, and it is real wisdom on the part of the public to take advantage of the offerings before the sale closes.

## HAD THIRTY-TWO BOILS ON HIS BACK AT ONE TIME.

Two bottles of Burdock Blood Bitters cured him.

Boils are simply evidence of the bad blood within coming to the surface. Just when you think you are cured of one, another seems ready to take its place and prolong your misery.

The only way to rid yourself of boils, pimples, and all skin blotches and blemishes, so that they will never return to bother you again, is to have the blood thoroughly cleansed of all its impurities.

For this purpose there is no other blood medicine to equal Burdock Blood Bitters. It has been on the market for over thirty years, and in that time we have received thousands of testimonials stating positively that it will cure the worst known cases of boils.

Mr. James Combs, Eden, Ont., writes "I think Burdock Blood Bitters a great medicine for boils. I had them so bad I could not work. I had thirty-two on my back at one time. I used only two bottles of B.B.B. and they completely cured me. I cannot recommend it too highly."

Second Mortgage Looms Up. Western Congregational Church Faces Unexpected Debt of \$1200.

It now transpires that Western Congregational Church, of which Rev. J. W. Pedley is pastor, celebrated its deliverance from debt too soon. A solicitor has notified the directors of the existence of a second mortgage of 15 years' standing and payment is urged. Great disappointment is felt among the congregation, as the lifting of the first mortgage entailed considerable effort. The second mortgage is for \$200. With 15 years of compound interest it now amounts to \$1200.

WORLD'S SEAL SUPPLY MAY BE EXTERMINATED

But U. S. Proposals for Protection Don't Appeal to Our Senate.

OTTAWA, Feb. 21. (Special.) - Replying to Senator Macdonald of British Columbia, with reference to the destruction of seals, Secretary of State Scott in the senate to-day declared that he looked upon the sealers as a herd of pirates with no respect for law.

Unless nations like Russia, Japan, the United States and Canada could agree upon a policy of protection there would be no seals within ten years, Canada was quite willing to do the share and he had arranged himself to preserve all seals but males.

Mr. Mackenzie Bowell said the remarks of the secretary of state would lead to the conclusion that the Canadian government was prepared to accept the dictum of the United States that seal life should be preserved throughout the whole Pacific.

HOUSE OF COMMONS MEET WHILE BRYCE LOOKS ON

Minister of Customs Tells of Work Cut Out for Great Canadian "Hog" - Members Facetious.

OTTAWA, Feb. 21. (Special.) - The house went into committee this afternoon on the French treaty. Right Hon. James Bryce, British ambassador to the United States, occupied a seat on the floor of the house, and was an attentive listener to the discussion.

The debate at once turned on the effect of the treaty in cutting down the British preference. Mr. Fielding, an Irish member, seemed to show there was no reduction, but being asked to read the next it showed a considerable reduction.

"It seems to me," said Mr. Henderson, "that if the British ambassador, when he comes, hears this, he will not be impressed by the fact that the preference given to Britain rather than to the United States."

The British ambassador's remarks were well understood, and the house minister, Mr. Fielding, said we have done wisely.

Mr. Foster regarded Mr. Fielding's statement that the effect on the British preference was not considered, as "an amazing confession." The premier and his cabinet, both in Great Britain and Canada, had admitted themselves to be in the wrong.

Was the government prepared to abrogate the British preference by making a reduction in the tariff on the part of the United States?

Mr. Fielding said when parliament passed the tariff reduction was not made on the line of preference, but was made on the line of duty.

Mr. Marshall (Elgin) commented on the unfairness of allowing French goods to be sold in Canada at a lower price than British goods.

Mr. Broderick said under the Adulteration Act a person offering for sale adulterated food is liable to a fine.

During the discussion, Mr. Peterson, by way of impressing the committee with the benefit of the wine, manufacturers were quoted from an American weekly, The Breeder's Gazette, an article in which the wine manufacturers were quoted as saying that the demand for wine in Canada might be able to supply to plant at least of the demand for wine in Canada.

AMENDMENTS TO ACT AGAINST CHILD LABOR

Hon. Mr. Monteith Brings Forward Some Important Legislation.

When the legislature sits for 20 minutes or half an hour it generally does more business than when it sits all night. This paradox was illustrated yesterday afternoon in a short business session of the legislature.

The following bills were read a first time: To amend the Assessment Act - Mr. Ferguson (Greenville).

To amend the Horticultural Societies Act - Mr. Monteith. To amend the Shops Act - Hon. Mr. Monteith.

To amend the Factories Act - Hon. Mr. Monteith. Respecting county boards of health and the prevention of the spread of pulmonary tuberculosis - Mr. Downey.

For the incorporation of chartered accountants - Mr. Pratt. To amend the Assessment Act - Mr. Mahaffy.

The Factories Act. The Factories Act does not at present place any restrictions on the hours of employment for boys in factories. It does, however, restrict the hours during which females may work to 10 hours per day, 48 hours per week.

With regard to the employment of children in manufacturing factories, as at present stands, children may be employed indoors or out during certain months (June, July, August, September and October) without restriction as to age or hours of labor.

The proposed amendment would restrict the employment of children under twelve, and states the hours during which children under fourteen years may be employed. This amendment is in accordance with the committee's recommendations.

The amendment to the Shops Act raises the age limit for the employment of children in shops from ten to twelve years. This does not go so far as the committee recommended, namely, to raise the limit to be placed at fourteen years, but by adding two years to the age requirement a considerable step is made in advance.

Mr. Downey's bill would create county boards of health, meeting annually, with jurisdiction over tuberculosis disease. The act ensures compulsory notification, but of a confidential nature.

Mr. Mahaffy's amendment is to give relief to summer hotels which only do business for a small part of the year, by allowing them to pay the same annual license for 12 months.

CANADIAN ART PATRONS WHO AREN'T PATRIOTIC

Demand That Artists Belong to Foreign Schools, Complains O.S.A. President.

The formal opening ceremonies last night in connection with the Ontario Art Association's splendid exhibit of paintings, typical of development in Canadian art, were graced by the presence of the most gifted Canadian artists and a large gathering of interested visitors.

President F. M. Bell-Smith in his formal address of opening said that there was on display an unusually large number of paintings, showing a true art spirit and giving most encouraging promise of great future achievement.

It was deplorable that none of the art associations had ever previously done full justice to the art of the most gifted Canadian artists did not exhibit, apparently from the fear of being known in Europe as Canadian artists.

The president referred to the practice among certain wealthy Canadian art patrons of making it a condition of purchase of paintings from their countrymen that the latter reside abroad and become known as French or Dutch painters.

Referring to the new Canadian Art Club, he expressed his regret that unprovoked hostility was manifested in the O. S. A. galleries.

Sir Mortimer Clark, in opening the exhibition, extended congratulations to the association on its continued success. He spoke of painting as the most delightful of all arts and one that was thoroughly cosmopolitan.

His honor concluded by saying that he would be glad to use whatever influence he possessed in the direction of obtaining the appointment of the commission desired by the association.

THE ART EXHIBITION OF ONTARIO SOCIETY

Choice of a New Selecting and Hanging Committee Has Proved a Success.

Provincial art circles have been considerably disturbed by the recent election of several prominent members of the Ontario Society of Artists.

A new departure was made by the selection of a small but strong committee, to whom was committed the duty of selecting and hanging the exhibits.

As previously announced, Mrs. E. Rose, Mrs. J. Craig (nee Ewart) will receive on Monday, 24th inst., 4.30 to 6.30.

Mrs. Thompson and her daughter, Irene, will receive in their new home, 171 Delaware-avenue, on Wednesday, Feb. 23, from 4 to 6, and afterwards of the month.

The annual meeting of the Toronto McAll Auxiliary will be held at the residence of Mrs. Cary, 283 Jarvis-st., on Thursday, Feb. 27, at 3 o'clock.

A large number of the officers and members of St. John's Masonic Lodge No. 258, of London, will be in Toronto on Tuesday evening, March 16, at the residence of Mrs. Reid.

Mrs. Henry O'Hara of 50 Elm-avenue, Rosedale, will receive on the third of the month, Mondays of March, for the last time this season.

Miss Violet Lascelles, who is a student at the Toronto Conservatory of Music, gave a musical evening at her home, 355 Campbell-avenue, on Thursday, Feb. 21, at 8 o'clock.

A quiet but pretty wedding took place at the residence of Mr. and Mrs. S. Smith, Escher-street, on Feb. 19, 1905, when their second son, Lester, was united in marriage to Gertrude, daughter of the late Mr. and Mrs. John Dawson.

ST. PETERSBURG, Feb. 21.—The passing of the death sentence yesterday by a court-martial upon Lieutenant Gen. Stoessel, who was tried on charges of cowardice and treason in surrendering Port Arthur to the Japanese, is received with little satisfaction in the Russian capital, where it is felt that the trial of Gen. Stoessel, Pock, Felix and Smirnov has done practically nothing towards establishing the real responsibility for the fall of the fortress.

TORONTO JUNCTION.

Funeral of Mr. McClure Was Largely Attended—Town's Health Good.

TORONTO JUNCTION, Feb. 21.—The funeral of the late David McClure took place yesterday from his late residence, 128 Market-street, in St. John's Church. The service, which was held in St. John's Church, was conducted by the pastor, Rev. Beverly Smith, and Rev. J. O. P. and was very largely attended, not alone by the members, but citizens generally.

Floral offerings were especially beautiful and testified to the respect and love to the love and esteem in which deceased was held. The deepest sympathy is expressed in town for the widow and parents.

Brig. Taylor conducted a big enrollment service in the Salvation Army Hall last night, when 20 recruits were enlisted under the banner of the Royal Canadian Mounted Police.

LIGHTHOUSE A PRISON FOR MAN AND CORPSE

For Seven Days Assistant is Storm-bound, Then Stumbles Over Ice to Mainland.

TOLEDO, O., Feb. 21.—Fleeing in terror over long stretches of treacherous ice from the Toledo harbor lighthouse, where for seven days he had been imprisoned, with the dead body of Capt. Delos Hayden, Joe Berner reached the city yesterday afternoon.

He brought the news of the death of friends and relatives, telling of the nerve-racking vigil beside the dying man in the lonely lighthouse and, as still more terrifying experience while watching over the dead body, waiting for a turn in the weather which would permit his escape.

Hayden was conscious to the last and left a message for each of his relatives and friends. He died in his faithful companion's arms. Berner placed the body in one of the lower rooms of the lighthouse and began his wait for an opportunity to reach shore.

Around the lighthouse the ice was firm under the snow, and when Berner started out at 1 o'clock Wednesday afternoon he had strong hopes of reaching the shore in safety. Yet the trial was extremely perilous. He was not even equipped with a pike pole with which to sound the ice, and he fell many times into alcohols. He also found much open water and frequently by the merest chance escaped death.

Berner cannot explain how he happened to reach Cedar Point yesterday. He had no idea as to the direction in which he was walking, and he had been some 200 feet east or west of the course he happened to take he would have missed land altogether. It took him hours' rest at Cedar Point and then proceeded to the city.

A relief expedition of five men started for the Toledo harbor light to-day to bring the body of Capt. Delos Hayden to Toledo, where an invalid widow awaits it. They will make the journey with a 16-foot boat on runners.

D. MORRISON "The Credit Clothing"

As an evidence of the appreciation of such methods the sale of D. Morrison, the Credit Clothing, is now proving a phenomenal success.

The crowds, after the terms of 50 per cent down have been discontinued, and special arrangements are made during the sale to furnish any of the goods, when clothing and furs on their promise to pay \$1 per week without any money down.

Hundreds are visiting this sale and all are expressing appreciation and profiting by the liberality of this progressive Credit Store. The new store, at 218 Queen West, is open every evening to accommodate those who are unable to attend the sale during the day.

RAILWAYMEN OBJECT TO WAGE REDUCTIONS

Committee Representing All the Branches in New York to Organize Protest.

CLEVELAND, O., Feb. 21.—Grand Chief Stone of the Brotherhood of Locomotive Engineers, to-day issued a protest against the reported purpose of some of the railroads to reduce wages.

It was announced that President Newman of the New York Central sent a communication to the meeting, to the effect that no reduction of employees' wages on the Central or allied lines is contemplated.

TRAINS STILL BOTHERED.

Snow and Wind Interfere With the Traffic.

Snow is still causing much trouble with the railways. Especially in the direction of Owen Sound, Teeswater and Goderich, the running was bad yesterday.

The C.P.R. Owen Sound train, due last night at 7.55, arrived about 1 o'clock, and the Teeswater train, due at 8.55, arrived a half hour earlier. The Grand Trunk train from Chicago got in at 9.25 instead of 7.50.

The train from Detroit, due at 10 o'clock, and the Winnipeg connection from North Bay, due at 3.25, both arrived about midnight. When they got in a special train was sent out east.
