HARMSWORTH ON BUSINESS

Would Like to Arrange Exchange of News By Cable—Affairs in Britain.

Lord Northcliffe, principal proprietor of the London Times and Daily Mail, and head of the leading magazine proprietors of England, arrived in Toronto yesterday afternoon. He is staying at the King Edward and will remain until after the elections on Monday, the result of which interests him, in common, he declares, with the whole British nation.

He is also concerned about a very bright and patriotic ideal in the newspaper field, and he is going to speak to the Canadian Club at 1 o'clock to-day.

Lord Northcliffe suggests in his appearance the business man quite as much as the peer, and his conversation from private life and daily battle from public life, is a member of the Canadian Senate. He is, in short, an up-to-date peer, and probably as much as some of our business deal as anybody in the neighborhood of Queen and Yonge-streets.

The idea that caught the party of newspaper men last evening who met Lord Northcliffe was his plan of having an additional English news service sent to Canada, and conversely a proper Canadian news service cabled to England. It was suggested to him that he see the proprietors of the local daily press, and he is likely to do this in a wholly patriotic, and without desire of gain so far as he is concerned, and he made it clear that dissatisfaction with some of the present services was a strong factor in the situation. Most of the news sent from England to Canada comes via New York and contracts an American favor in its passage.

Two-fold Service Information.

Lord Northcliffe thinks that a daily summary of the London Times, which is quite non-partisan in its news, would furnish an ideal supply to Canada. The cost could be distributed among the subscribing papers, and there would be no profits accruing to anyone. The five hours' difference in time would give ample opportunity to prepare a thoroughly good piece, and this being done by a capable Canadian should appeal to Canadian readers.

The cost, Lord Northcliffe thought, would prevent more than 300 words a day being sent, but he fancied that something might be done with the Marconi service. A column a day, or 100 words, was suggested to him as desirable.

Strathcona Good Press Agent.

Lord Northcliffe thinks that it has been the fault of Canadians themselves that Englishmen do not know more of Canada. There has been a great change in recent years, and the Canadian Exhibition he believes was visited by 5,000,000 people. Capital is seeking Canada at present and many wealthy men and statesmen have their agents here now, he declared, looking for good investments.

Lord Strathcona had done a great deal to make "Canada" known to the world.

"He never talks about anything else," remarked Lord Northcliffe, "and he is in the papers every day."

There was not so much distress in England when I left as cable accounts profess, and when there is any of the unskilled workers make the most of it, so as to get relief from the rates, was Lord Northcliffe's opinion. But undoubtedly free trade was injuring the country. He thought Canada the luckiest country in the world to have such a wealthy partner to develop her resources as England would be willing to do. England was really more likely to invest in Canada than in the United States was, he remarked, speaking from his own observation.

Tariff reform, he declared, was universally held in England now, and the government knew it. All the by-elections showed it. He disclaimed being a politician however, and spoke merely as a newspaper man. England had nothing to fear from other nations in adopting protection.

"England does not exist by the grace of foreign nations," was his view on this point. It was the most foolish argument of the free-trade advocates. The regulation of other nations would injure England. Free trade had been a very fine thing for England in the past, he admitted at the same time.

Smaller Papers.

Lord Northcliffe talked about the destruction of pulp wood limits by fire and the growing scarcity of paper, and expressed the conviction that smaller newspapers were inevitable. He instanced the eight page Paris edition of The Daily Mail as showing what could be done in giving all the news in brief hints. The paper supply was clearly publications.

'GUILD' FIGHTER SOBS IN COURT

Tells How Business Was Crushed—Hamilton Witness Also Reveals Effects of Tyranny.

Not always does time effect a cure nor soothe the bitter recollections of the man whose life work has been rendered different because of opposition advanced against him by combinations over which he has no control.

Just such a case was seen when the Grocers' Guild case was resumed before Chief Justice Falconbridge yesterday morning. The questioning of the crown's lawyer, George T. Blackstock, revived all too poignantly the bitter feelings still hankering in the breast of aged Andrew MacLean, grocer of Kingston, who had been compelled to give up the object which had been the one absorbing ambition of his life—the establishment of a wholesale grocery business—must when about to attain that eminence, because, he says, he received the curt information against him by the guild.

He told Mr. Blackstock that he had been a grocer for 55 years, and that he was 76 years old. He had begun after 35 years of hard work to be in a position where he could buy his goods direct from the manufacturer and was feeling that the ambition of his life was about to be realized, when suddenly the privilege was taken away from him. He tried to get into the guild, but received the curt information that he would have to become a wholesaler out and out and conform to all the rules of the order.

The old man broke down, and before the sharp order of the judge to bring a chair for him he had sunk down on the railing and his body shook with unrestrained sobs.

To-day the crown will close its case with the conclusion of the evidence of Henry W. Zealand, who was giving his evidence when the court adjourned last evening. He is a grocer of Hamilton, and he also had incurred the displeasure of the guild.

Port Hope Man's Worries.

Mr. MacLean was followed on the stand by John Curtis, Port Hope, who, like the first witness, had been a retailer with a wholesale branch. He said when the guild interfered with the manufacturer's supply of goods direct from the producer was stopped. He had always bought tobacco, starch, syrups, matches, and bags and other things, but this supply was cut off, and sugar was advanced in price to him to the extent of 12 cents a hundred pounds. He had gone to Redpath, in Montreal, with the money to buy sugar, but it had been refused because he was not a guild man and that meant that he had to buy sugar through another wholesaler, paying two profits.

William J. Graham of Owen Sound was called to tell the way the canners had done business. He started a plant in Owen Sound called the Owen Sound Canning Co. in 1901, and it is out of business now. He said that the Consolidated Canners of Hamilton wanted to buy his whole outfit at \$5 cents a dozen tins of tomatoes, and it had cost him that to produce. He refused. Then he found that he could not get the wholesalers to buy his goods, and he had to account for the names of Eby, Blain, Perkins and Co., McLaughlin Co. and several firms in Vancouver.

Mr. MacLean said that he had not sold to the retailers because the margin of profit was so small he could not afford to employ travelers. When he went out of business various people from the Canada Consolidated Canners came to see the premises.

To Mr. Johnston he said that he had not sold to the retailers because the margin of profit was so small he could not afford to employ travelers. When he went out of business various people from the Canada Consolidated Canners came to see the premises.

Then B. W. Robertson of Kingston, who made a great fight against the guild during 1898, but who succumbed in 1899, was placed in the box. Mr. Robertson, when the manufacturers had refused to sell him sugar because he was not of the guild, had imported sugar, but even that failed. He amused the court by saying that when McNally of the Canada Refiners Co. told him he would have to join the guild before he could get sugar, he quoted Scripture and said: "And the beast castrated him, both great and small, rich and poor, free and bound, to receive a mark in their right hand or on their forehead, and that no man may buy or sell, save he that had the mark or the name of the beast."

When the Scotchman read these words from Revelations to the sugar man, the latter promptly answered: "It has come already," answered Robertson.

He said that the reason he had had for not wanting to join the guild was because they made him sign a declaration that he would not cut prices. "Reputable business men should not sign

A SALE! A SALE!

Foster Asks Big Damages For Libel and Slander From 'Globe' and Editor

Wants \$100,000 From One and \$50,000 From Tother—Candidate Shaw and Sundry Printers May Also Be Sued.

A writ claiming \$50,000 damages for slander against Rev. J. A. Macdonald, editor of The Globe, has been issued on behalf of Hon. G. E. Foster.

Formal notice that a writ for libel will issue was served on The Globe yesterday. The writ will name \$100,000 as the amount claimed.

This is Hon. G. E. Foster's reply to Mr. Macdonald for having at Orillia on Tuesday night used pretty strong language in referring to Mr. Foster's business relationships with the Union Trust Co. in the matter of commissions, and to The Globe for publishing the same.

Mr. Macdonald was not in the city yesterday, but the writ was placed in the sheriff's hands for service to-day. The writ was issued by Kingmill, Helmuth, Saunders & Torrance.

"The action is quite a personal matter and is entirely aside from politics," said Hon. Mr. Foster yesterday.

"The same firm of solicitors are also enclosing into the printed matter which has been put into circulation by various printing companies, and if examination warrants and if the law allows it, these will be prosecuted to the extreme limit of the law for circulating libelous statements."

It is also contemplated to issue a writ against W. H. Shaw for damages for defamation of character in connection with the anonymous letter which Mr. Shaw then read, containing allegations against Mr. Foster which Mr. Pigott of Chatham and others interested have promptly denied. In this connection Mr. Foster yesterday received the following letter from W. N. Warburton, 231 South Hess-street, Hamilton:

"I have not your personal acquaintance, but from my position as general manager of the Windsor, Essex and Lake Shore Railroad Co. from August, 1906, to July, 1908, I know the full and complete circumstances surrounding the financing of that enterprise by the Union Trust Co. having had full access to the books and papers of the Construction Company. The assertion that you had derived any benefit from that source is at variance with facts and the man who wrote such a letter as was claimed by your opponent did so knowing there was no grounds for such statement. I write this as soon as I saw that such a claim is set up, and without any solicitation desire to enter a protest against such unfair tactics."

Hon. Mr. Foster has also written the following letter to the press:

"I notice in the report of the nomination meeting in North Toronto I am quoted as having stated in reply to one of Mr. Shaw's questions, that I did receive a commission on what is known as the Swan Lake transaction."

"I understood Mr. Shaw's question to be 'Will you answer whether or not you received a commission on the Swan Lake transaction?' I frankly answered 'Yes,' meaning that I was perfectly willing to answer the question. There was a great hubbub in the hall at the time which accounts for my misapprehension of Mr. Shaw's words.

"I have given this as well as all charges and insinuations of this character an emphatic denial on the floor of parliament and elsewhere—time and time again.

"But let me once more repeat, there is not one word of truth in the insinuations which have been made and published in this campaign with reference to my dealings with the Union Trust Company or the I.O.F. I HAVE NEVER RECEIVED ANY COMMISSION, SECRET OR OTHERWISE, IN ANY TRANSACTION IN WHICH THE UNION TRUST COMPANY OR THE I.O.F. WERE BENEFICIALLY INTERESTED."

Macdonald Repeats.

BROCKVILLE, Oct. 22.—(Special.)—At to-night's reception to Hon. G. E. Graham, Rev. J. A. Macdonald, editor of The Globe, said he had just been informed that Hon. G. E. Foster had entered an action against himself and The Globe for libel.

"I don't apologize," went on Mr. Macdonald. "I say I am ready to stand by every word I said, and every word I wrote. I will be prepared to meet Mr. Foster, if he ever does come into court." His remarks were received with great applause by the partisan audience.

THREE CENT FARES BEATEN

CLEVELAND, O., Oct. 22.—The franchise under which the Municipal Traction Company is operating the local street railway lines upon a three cent fare basis was defeated by a majority of 551 in the referendum vote here to-day. The total vote cast was upwards of 75,000.

The defeat of the franchise may mean that the railway property will revert to its original owners, and that the old rate of fare strike, which lasted seven years, will be renewed.

SOUTH AFRICA AND THE NAVY

(Canadian Associated Press Cable.)

LOONDON, Oct. 22.—At a Johannesburg banquet was given to Sir Percy Scott and the men of the cruiser squadron now at Durban. The chief justice of Pretoria expressed the hope that a parliament of South Africa would take the earliest opportunity of recognizing their obligation to the navy by making a substantial contribution, unhampered by conditions of local control.

STARVES IN BOX CAR

Negro, Locked In for 20 Days, Had Evidently Starved to Death.

BUFFALO, Oct. 22.—The body of a negro was found in a freight car, opened here to-day. Death was due to starvation and thirst.

The car was shipped from Pine Bluff, Ark., on Oct. 2, and had been rebilled from St. Louis, Mo., but was not opened at the latter place. In the car was a consignment of goods for Providence, R. I.

SNOW STORM TIES UP WEST

Train Service Beyond Winnipeg Paralyzed by Blizzard—Ten Feet Deep in Cuts.

WINNIPEG, Man., Oct. 22.—(Special.)—One of the worst snowstorms that has ever occurred in the west is now at the height of its fury, and has completely demoralized the services of the C.P.R. and C.N.R. trains.

The storm started the night before last, and has continued with unabated vigor.

Ten inches of snow have already fallen, and accompanied by a terrific gale, snow has blown into the railway cuts, completely filling them up, and in many stretches the snow is over ten feet deep.

The C.P.R. have rushed snow plows to the scene, and are hard at work to clear the tracks, but very little progress can be made until the snow ceases to fall. As soon as a clearance is made the blizzard fills it up again.

The Atlantic Express from Vancouver and western points is completely stalled, and also the Imperial Limited from Vancouver. The westbound train of yesterday is held up also, and none of them can proceed one inch.

No trains from the west reached the city to-day, and it is doubtful when they will get thru.

In the meantime the railway company is taking care of passengers, and is seeing that they are well looked after until able to proceed. The Winnipeg Express from Toronto was about two hours late in arriving this morning. No. 1 westbound went out at 1.15 this afternoon. The Pacific Express to-night is scheduled on time. On other branches trains are running according to schedule.

The storm, which broke over Alberta Tuesday night, was wholly unexpected by the railways, and no preparation was made to receive it. The storm was a blinding one, and the snow quite soft. It has not done so much damage on the open track, but has rested in the cuts of the railroads in a solid mass.

CANDIDATE PROTESTS.

Comtee's Opponent Says Election Law is Being Violated.

PORT ARTHUR, Oct. 22.—"Open and flagrant violations of election law in this constituency. Cap. Sullivan and other nefarious workers at all, and you send ten special officers immediately!"

The above message was sent last night by Frank H. Keefer, Conservative candidate for Thunder Bay and Rainy River, who is opposing James Comtee, the representative of the constituency in the last parliament, and Mr. Keefer is a candidate placed in the hands of the returning officer, Geo. Horrigan, a protest against the practices alleged to have been used by Liberal agents in connection with the preparation of the voters' lists in unorganized and organized districts, which he believes would result in the unseating of Comtee even if he is elected, by means of the wholesale adding of names of unqualified voters. The returning officer is also warned against non-compliance with the regulations.

The most conspicuous charge among the list affecting about a dozen polling places is that in the Municipality of Neelburg, where despite the fact that the Aylesworth Law says new lists shall not be made or polls created in organized districts, it is charged that a new poll is to be held for the convenience of some fifty men, practically all of whom are employees of a quarry operated by James Whalen, son-in-law of Candidate Comtee, and who in any case should not be allowed to vote.

A poll on Michipicoten Island is protested on the ground that no proper notice of it was issued.

On Simpson Island it is alleged that seventy-five names were added without the proper court being held. At Selkirk, Tannin and Grassy, it is charged that a large number of unqualified voters' names were added and several other irregularities thru the district are also alleged.

Along the G. T. P. NORTH BAY, Oct. 22.—Many well known Conservatives. It is said, have

EATON'S FOR MEN'S SUITS

Get one of these Eaton-Brand Suits or Overcoats

For the Man Who Looks  For the Man Who Acts

A LARGE, BRIGHT STOCK OF EATON-MADE CLOTHING

AWAITS YOUR INSPECTION

ONE of the wonders of modern economic manufacturing is an up-to-date Men's Clothing Factory. The handling of workers of materials and manufacturing operations on such a large scale is surely astonishing.

It is evident that this can be done only by the most rigid organization and economy of time and materials.

It has been the work of years to perfect the production of men's clothing so that it will meet the requirements of men who demand CORRECT clothing.

EATON-MADE MEN'S CLOTHING MEETS THIS DEMAND

Manufactured by us, in our own factory, where every piece of cloth is thoroughly inspected; where the cutting is done by experts, and each Suit or Overcoat tailored by the most competent and skilled tailor.

- EVERY EATON-BRAND COAT HAS HAIR-CLOTH FRONTS.
- EVERY EATON-BRAND COAT HAS SHRUNKEN LINEN STAY TAPES.
- EVERY EATON-BRAND COAT HAS HAND-WORKED BUTTON-HOLES.
- EVERY EATON-BRAND COAT HAS HAND-FELLED COLLAR.
- EVERY EATON-BRAND OVERCOAT HAS BLUFF EDGED LAPELS.
- EVERY EATON-BRAND COAT HAS OPEN SHOULDER PADDING.

The result is clothing with style, correct fit, long wear, permanent shape; clothing that has character, which lifts it above the crowd.

HERE ARE SOME EXAMPLES:

- BLACK SUITS** (Eaton Brand)—Of imported English vicuna cloth, soft finished, thoroughly shrunk. Cut in single-breasted sacque shape with slightly rounded corners. Silk sewn. Best Italian cloth lining. Price **15.00**
- AT \$18**—Black Suits (Eaton Brand), of fine English vicuna cloth, a pure-wool material of beautiful finish. Coat cut in fashionable sacque shape, single-breasted, best lining and trimmings. Price **18.00**
- AT \$20**—A beautifully-tailored Eaton-brand Black Suit of English vicuna cloth—high-grade woolsens that will give the utmost satisfaction. The suit is tailored to satisfy the most particular man, in conservative sack style; single-breasted coat; very best of trimmings and lining. Price **20.00**
- HEAVY OVERCOATS** (Eaton Brand)—Of imported English cheviot, dark Oxford grey, soft finished, fabric weighs 30 oz. to the yard. Lined with good quality twilled Italian cloth; striped glassade sleeve lining. Sizes 34 to 44. Price **15.00**
- OUR \$16.50 OVERCOAT** (Eaton Brand)—Heavy Winter weight. Dark Oxford grey cheviot or black melton cloth—both imported English fabrics. Coat cut 46 inches long, in fashionable Chesterfield style; broad lapels and velvet collar. Best twilled Italian cloth lining. Price **16.50**
- OUR \$18.00 OVERCOAT** (Eaton Brand)—Fashionable single-breasted Chesterfield style. In two materials—Isaac Carr's celebrated black melton and an Oxford grey English cheviot with shadow stripes two inches apart running through it. Velvet collar; broad lapels. Twilled Italian body lining; glassade sleeve lining. Price **18.00**
- OUR \$20.00 OVERCOAT** (Eaton Brand)—Made of Isaac Carr's far-famed black melton cloth (weighs 30 oz. to the yard). 46 inches long, Chesterfield style, fashioned from American models, with broad lapels and velvet collar. Sleeves lined with black satin; verona serge body lining. Price **20.00**
- OUR \$22.50 OVERCOATS** (Eaton Brand)—Tailored mostly by hand. Made of Carr's black melton cloth, heavy weight Chesterfield style, 46 inches long, with deep back vent. TROPHIES AWARDED IN ENGLAND Distributed to Winners at Armes. Staff-Sergt. Bayles of the Grenadiers had the proud honor of receiving the Imperial Tobacco Co's trophy, emblematic of the highest aggregate score made at Bisley, England, from the hands of Sir Mortimer Clark at the Armes last night. The cup is a massive solid silver affair and is the third most coveted trophy of all those shot for it at the English range. Sergt. Bayles has earned the trophy, too, for this is the 12th trip he had made to the camp.

THE WEATHER METEOROLOGICAL BUREAU Toronto, Oct. 22—8 p.m.—Fine weather has prevailed very generally throughout Canada today. It has been cold in the western provinces, but a change to milder is now likely to take place.

Lower Lakes and Georgian Bay—Easterly winds; fair, not much change in temperature. Ottawa Valley and Upper St. Lawrence—Fine and a little warmer. Lower St. Lawrence and Gulf—Moderate winds; fine, stationary or a little higher temperature.

HONOR G. P. GRAHAM. Spectacular Demonstration in Brockville—The Globe Editor a Speaker. BROCKVILLE, Oct. 22.—(Special)—The citizens of Brockville, who for the past week have been arranging a celebration in honor of Hon. George P. Graham, minister of railroads and canals, tendered him an ovation to-night. Excursions were run from Morrisburg, Gananoque and Westport, bringing 1500 visitors.

WOMEN URGE WAR. Marched the Streets of Cetinje Led by Princesses. CETINJE, Montenegro, Oct. 22.—A remarkable expression of the depth to the war fever has penetrated the Montenegro people as a result of the annexation of the Provinces of Bosnia and Herzegovina by Austria-Hungary was witnessed in Cetinje to-day when the women of the capital united in a great street demonstration. They were headed by the princesses Zena and Vera, daughters of Prince Nicholas, who marched through the streets carrying Montenegrin flags. They were followed by a great throng of women of all classes who chanted war songs as they marched, stopping from time to time to plead with the men who followed in their wake to defend the sacred rights of the nation.

SAUER PIANO RECITAL OPENS MUSICAL SEASON

Highly Appreciative Audience Listen to Germany's Great Artist at Massey Hall. Toronto did not avail itself as fully as it might have done last night, at Massey Hall of the opportunity to hear Emil Sauer, who is ranked with Paderewski, Hofmann and Hamburg as one of the greatest pianists of his generation.

Drunkness a Disease. He is a superb virtuoso. He has a virile and effective technique and a decided poetic temperament. He stands, it would seem, midway between Paderewski and Hofmann. His concert, was most successful. The man who sits to Toronto would easily make him a favorite.

LISTS NOT READY. Continued From Page 1. Being dropped from the list, and will be unable to vote at the coming elections. From Grand Trunk Pacific sections reports are coming thru reliable sources indicating a serious state of affairs.

POLITICAL NOTES. The local Conservative committee states that every Conservative voter who registered, or had a vote in May, had a vote in this election in listed, but a number of voters were not longer sent me goods at the discount because I was not a member of the guild. They said they had no member of the party, and they would not be filling any orders in that direction.

WOULD SOLVE MILK PROBLEM. That a suburban train service would help to solve the pure milk problem by facilitating the transportation of milk to the city, is the opinion of Dr. Sheard, medical health officer. It would deliver the milk when fresh, whereas much of it is now brought too long at low temperatures, allowing the temperature to increase to its detriment.

"GUIN" FIGHTER A Born Journalist

Continued From Page 1. such a declaration," continued Robertson, "but I had to do it to get sarch and sugar." "What effect has the guild had on the trade?" queried Mr. Blackstock. "They are very bad, because the travelers are forced to do wrong by giving away money. I know one who spent about \$500 of my money and a lot of his own salary just to get business. He was a married man and had no bad habits. The wholesale men of this country are a fine body of men and want to do right, but there are temptations."

When he told Mr. Blackstock that to get into the guild to get those privileges he had to sign a contract, he bargained for reduced rates by taking 1000 barrels of sugar and sold it at 50 cents. He continued that the man who smoked tobacco was the man who paid for the increased price in that commodity.

WHITNEY AT BERLIN HAS GREAT MEETING

4000 Hear Ontario's Premier and Attorney-General in Criticism of Federal Government. BERLIN, Oct. 22.—(Special)—An immense demonstration in the interest of the Conservative candidates was held here this evening, between 8000 and 4000 people turning out to hear Premier Whitney, Hon. J. J. Fay, A. C. Macdonell, and Candidate Reid at the auditorium. The meeting was enthusiastic to an extreme, all the speakers being frequently cheered, and the ovation to Sir James was such as has seldom been seen here.

CHARLES H. MILLS. The first speaker, Mr. Reid, who was made the recipient of a bouquet from the little daughter of Mr. Krug. Mr. Reid expressed confidence that he would be returned by a handsome majority.

WHITNEY'S VICTORY. Mr. Macdonell followed in a brief speech. He attacked the Laurier government regarding Chinese and Japanese immigration, and the tariff policy of the government, pointing out that at present Canada's imports exceeded exports by \$1,000,000 annually. He told also of the destruction of the woollen industry.

COBALT--Gifford Flotation Much Admired by Cobalt Investors--COBALT

Demand Continues Apace Genuine Enthusiasm Grows

Market Displays a Latent Strength That Promises Well for the Future--Cobalt in Public Eye Again.

World Office.
Thursday Evening, Oct. 22.
A steady and unhesitating demand for Cobalt stocks continues apace, and the operations of each day would seem to be a record breaker.

The enthusiasm displayed is of the calibre that stands the test of far-seeing observations and shows no sign of petering out on investigation results.

On the contrary, after all has been said and done, the stocks rise on the results and the aftermath is a deluge of business in New York, Montreal and at the seat of operations--the local exchanges.

The general tone of the market has never been better, and it would seem that there still remains a lot of latent strength that can be depended upon.

Among many transactions to-day, Temiskaming shone out brilliantly and rose to 118 from 105 on Wednesday.

This rise upwards was on the strength of a report, telling of a new discovery vein that carries exceptional values. It is a two-foot vein.

It is also reported that the company have purchased the Gans lot, immediately to the south, on which a valuable discovery has been made.

It is believed this purchase will add materially to the ore reserves of the Temiskaming.

Peterson Lake and Chambers-Perland were active to-day and exceedingly strong.

News Scotia sagged a point or so, and Silver Star was again called for and sold at 20 cents.

Crown Reserve will be listed in Montreal to-morrow (Friday). A great deal of the buying in Chambers-Perland came from Cobalt to-day, and the bids at the close were at about the day's highest prices.

Other stocks were strong as usual. The Gifford flotation is being well received, over 95,000 shares being called for from outside points to-day.

LATEST REPORTS.

Wallace and Eastwood received the following over their private wires after the closing of yesterday's curb from P. J. Finlan of Cobalt.

"Big find reported on Temiskaming to-day--a two foot vein."
"The latest report on Cobalt Central is the cutting of a big vein, said to be very rich. It was cut with diamond drill."

New York Curb.
R. R. Bondard (Charles H. & Co.) reports the following transactions in Cobalt stocks on the New York curb:

Table listing various stocks and their prices, including Amalgamated, Beaver Consolidated, Buffalo, Chambers-Perland, etc.

COBALT ORE SHIPMENTS.

Table showing weekly shipments from Cobalt camp, including dates, quantities, and values.

ANOTHER DEAL MADE.

Property Adjacent to Drummond Mine Has Been Sold.
It has been learned to-day that another important Cobalt deal has been closed, being the purchase of a large acre property adjoining the Drummond mine, which adjoins the Crown Reserve and Kerr Lake mines.

OTISSE HELPS OTHERS.

The excellent showing of the Otisse mine, near Silver Lake, Montreal River, has sent the price of adjacent claims soaring. The demand for these properties has just been sold for \$85,000, upon which an 8-inch vein of calcite and silver has been found.

VACCINATION CHALLENGE.

An Anti Offers to Share Bed With Smallpox Patient.
PHILADELPHIA, Oct. 22--An unusual challenge to test the effectiveness of vaccination was issued to-day by the opening of the National Anti-Vaccination League, which will remain in session three days with representatives present from state and national organizations opposed to compulsory vaccination and other compulsory medical practices.

"SAMSON."

What New York Critics Think of the New Gillette Play.
Wm. Gillette presented "Samson" in New York Monday night. This is how critics differ:
Tribune: "The return of Mr. William Gillette to the New York stage is, in itself, a pleasurable incident, but that a play of this nature should be produced in New York is a matter of which to be glad is not a matter of which to be surprised."

PENNY-A-WORD TELEGRAMS.

Proposal to Establish Cheap Service Through Empire.
LONDON, Oct. 22--(C.A.P. Cable.)--The proposal to establish telegrams by a penny a word through the empire will be advanced a step at the meeting to be held at the Royal Colonial Institute on Nov. 10.

Not Making Rash Promises.

LONDON, Oct. 22--(C. A. P. Cable.)--The Standard has received a number of letters from towns in Canada complaining that the Dominion is overcrowded and attacking the transportation companies. "On enquiry," says the Standard, "we have no hesitation in saying that the Canadian Government and the various transportation companies are acting squarely and honestly in their respective spheres and holding out no rash inducements."

An Odd Fellow Veteran.

Canada Lodge, I.O.O.F., will hold a euchre party in the Oddfellows parlors on Friday evening, Oct. 30. Mayor Oliver will present to the lodge a veteran member, the having been a continuous member for that length of time, and in addition to which he is the only living charter member of the lodge.

Renova Sells for Bermuda.

HALIFAX, Oct. 22--H. M. S. Renova is to leave here Nov. 2 for Bermuda, and H.M.S. Brilliant is expected to arrive from Newfoundland Nov. 10, and will remain here a month.

GIFFORD COBALT MINES, LIMITED

Just What You Have Been Asking For--A Square Deal, an Even Chance and Big Possibilities of Profits.

To-day this offer is a thousand per cent. better than was the Temiskaming and Hudson Bay stock when first submitted to the pioneers of the Cobalt Camp. Blocks of the stock are already subscribed for by Cobalt mining men who know the mine and its prospects.

SHOULDN'T THIS BE GOOD ENOUGH FOR YOU?
Read every word of the Company's statement and make up your mind quickly if you want to share in this bonanza.

GIFFORD COBALT MINES, LIMITED.

LETTERS PATENT GRANTED. NO PERSONAL LIABILITY.
INCORPORATED UNDER THE ONTARIO COMPANIES ACT.
CAPITAL \$150,000.
600,000 shares at 25c each, of which 400,000 shares are reserved for the COMPANY'S TREASURY.
Officers to be: PRESIDENT, CHARLES GIFFORD, Esq., Cobalt, Mine Operator. VICE-PRESIDENT, JOSEPH C. HENSTON, Esq., Cobalt. Superintendent of the Right-of-Way Mining Co.; Formerly Superintendent of the Otisse Mine.

GENERAL STATEMENT.

THE GIFFORD MINE is situated in lot 1, concession 3, Township of Coleman, and is more particularly described as the north half of the northeast quarter of the north half of said lot and concession. The mine is situated on the north side of the line of the Shamrock, Beaver, Temiskaming, La Rose Consolidated and other well-known shipping properties which surround this claim, and from surface indications there is every reason to believe that the Gifford lot will, on development, prove to be equally rich. The principals interested in the formation of this company and mining of this claim are more than sanguine of success, and sincerely believe that within the next few months development will prove it to be one of the richest claims in the township. Its location warrants this belief, and it is the consensus of opinion of all those who are interested in this property will earn many times its capitalization in the near future. With unbounded faith in the possibilities of the Gifford Mine the capitalization has been placed at the low figure of \$150,000, which besides leaving the bulk of the stock in the hands of the public will give the company sufficient funds to begin extensive work on the property and to start paying dividends on promotion stock, without having to pay a cent of the cost of the property. It is in the opinion of the company that the Gifford mine is a property of considerable length of time, and in a reasonable length of time, it will be found to be one of the richest claims in the township. The fact that with the first ore reserve in sight, the stock, now offered at 25c, would be worth, figuring on the basis of the capitalization of the

NEEDY LURED TO CITY BY SUBSCRIPTION LISTS

J. F. Ellis Tells Aldermen It is a Mistake to Advise Charity.

The opinion that it is a mistaken policy to publish subscription lists in connection with relief to the needy was expressed by J. F. Ellis of the board of trade, at the meeting of the civic "unemployed" committee yesterday afternoon.

Mr. Ellis said that such publicity was a means of attracting to the city many people who came expecting to live upon charity dispensed. The "Shacktown" fund had contributed to this undesirable state of affairs, he declared.

The civic parks committee met yesterday afternoon to consider a plan of a portion of the park house which it is now being built on the site of the old City Hall.

The city has received from G. F. Shepley a bill for \$2000, as consultant fees in connection with the city's suggestion to employ a committee to advise the city on the subject of a public library.

CHICAGO, Oct. 22.—Jennie Dempsey is under the knife to-day in a new hospital, where she is recovering from the operation.

The Toronto Furnace and Crenshaw Co., who are a Golden Avenue lot is assessed at \$20,000, got a reduction of \$5000.

CHICAGO, Oct. 22.—A woman was seriously hurt by flying glass. The property loss will be large. Almost half the windows in three towns have been broken by the explosion.
