COAL COMFORT. | It's quite a comfort to know that you have a good stock of Coal for the winter. It's a much greater comfort to know that you have a good stock of GOOD Coal, no slate, no stones, no dirt, but good, pure, clean Coal—the kind that heats—the kind you are always sure to get from..... **P. Individual Communion Cup Service

- TO -

LePage Door Check Mfg. Co.

25 Cunningham Ave.

Phone 5578. **Toronto, Ont.**

Toronto, May 11th, 1897.

"I have used in my church the improved method for Sacramental Service consisting of a separate cup for each communicant, and regard it as a great step in advance of the old method. 1st, because of its cleanliness; 2nd, because of the promptness with which the service can be managed; 3rd, because a larger number partake than under the old system, and 4th, because it lightens the work of the ministers." WM. H. HINCKS,

Pastor Queen Street Methodist Church.

Toronto, Aug. 11, 1898.

We have used your Individual Cup Communion Service with increasing satisfaction and have no desire to return to the former system. The very few who were opposed to its introduction are now its strongest friends because of experience in its use. MORGAN WOOD,

Minster Bond Street Congregational Church.

Toronto, Aug. 14th, 1898.

GENTLEMEN,—About one year ago the Carleton Street Methodist Church, by resolution of the quarterly official board, adopted the individual cup. We have used it ever since at our monthly communion services to the general satisfaction of the members of the church.

REV. G. R. TURK, Pastor.

Toronto, Aug. 22nd, 1898.

SIR,—I am glad to say that the Individual Cup Communion Service of the Queen Street Methodist Church purchased from you last year has given us the greatest satisfaction. W. W. OGDEN,

Chairman Executive Committee, Queen St. Methodist Church.

At the Southern Presbyterian General Assembly meeting held at Winona Lake, resolutions were passed strongly recommending the use of the Individual Cup in all Presbyterian churches.

Toronto, Aug. 22nd, 1898.

We have used the Individual Cup Service for several months and would not care to return to our former custom.

J. A. RANKIN,

Pastor of Parkdale Methodist Church.

Individual Cup Communion Service.

Brantford, Jan. 14th, 1898.

DEAR SIRS,—In answer to your request we have pleasure in stating that the individual cups purchased from you last May, '97, have proved most satisfactory and our people are delighted with them. We have no desire to return to the use of the common cup again, and can heartily endorse their universal adoption. The repulsiveness of drinking one after the other is no longer felt, and we therefore can enjoy the service fully. We have not broken a single cup and have had no trouble whatever in using them. We would certainly recommend to all churches, who consider the health of their members, to adopt this plan of observing our Lord's supper. Sincerely yours,

MRS. W. S. WISNER, Sec'y L.A.S.

30 Brant Ave. Congregational Church, Brantford.

Toronto, Aug. 22nd, 1898.

We are using the Individual Cup Communion Service purchased from you by our Mr. W. R. McGill and presented to our church. Everybody is well pleased with it, and we could not go back to the old method even if we would, as our people would not again consent to use the common cup.

REV. ELLIOTT S. ROWE, Pastor.

DR. ALBERT D. WATSON,

Treas. Trustees.

Toronto, May 7, '97.

"The Individual Communion Cup was used at our last sacrament service and commended itself to our people as a much more desirable method than the old."

REV. J. F. OCKLEY,

Pastor of the Euclid Ave. Methodist Church, and Chairman of the Toronto West District.

Toronto, May 4, 1897.

"The use of the Individual Sacramental Service a few times overcomes all natural prejudice. Not for years have I witnessed such becoming reverence and impressive solemnity as at our last sacramental service, when the tables were used." J. A. RANKIN,

Pastor of Dunn Ave. Methodist Church, Parkdale.

Toronto, May 7, '97.

"Our last sacramental service when we used your Individual Cups was one of the most delightful and solemn in which I have participated. I highly commend them."

JOSEPH ODERY,

Pastor of Berkeley St. Methodist Church.

LePage's Oil Door Check and Spring

This device in its improved form, embodies some new and valuable features; among these may be mentioned the following . . . .

Freedom from Packing Friction

The spring cannot be used the wrong way up

A lighter, longer and more elastic Spring is used

The Checking Power Cannot be Lost Through the liquid being forced from the liquid chamber into the spring chamber, as the two are connected by openings.

A Combination of Oils Has been substituted for the mixture of glycerine and alcohol formerly used, and which for various reasons was found unsatisfactory.

A Reserve Oil Chamber Is provided between the spring chamber and checking cylinder, holding a supply of oil sufficient to last many years.

More Oil can be Added When needed, through the screw hole in the cap, without removing the Check from the door.

It has a Releasing Device By means of which the checking power is removed when the door is nearly closed, the spring thus exerting its full force to latch the door. This feature is brought into play by an adjustment of the arms and if not desired need not be used.

COAL COMFORT. | It's quite a comfort to know that you have a good stock of Coal for the winter. It's a much greater comfort to know that you have a good stock of GOOD Coal, no slate, no stones, no dirt, but good, pure, clean Coal— the kind that heats—the kind you are always sure to get from..... **P.
