Italy Likely to Hit First At Dardanelles

The Break Has Not Yet Come But is Regarded as Very Near—Attaches of Embassies Leaving Rome

Rome, May 19.—Thomas Nason Page, American Ambassador to Italy, will take charge of the interests of Germany and Austria when Prince Von Buelow and Baron Von Macchio leave Rome.

Tomorrow, Is Report

Paris, May 19.—The French government has been informed that diplomatic relations between Italy and the Austro-German allies will be severed tomorrow.

Roumania To Follow

Bucharest, May 19.—Roumania's entrance into the war will follow that of Italy. The Roumanian army is on a war footing and will strike Austria through Transylvania.

At a ministerial council held today the premier presented the latest information from Rome. It is understood that this was that Italy's cabinet had decided for war.

Rome, May 19.—Foreign minister Sonnino is reported to have informed the council of ministers last evening, that offers of additional territorial concessions had been received from Austria.

The Austrian and German ambassadors presented a verbal note by which they called upon the foreign minister yesterday. It now is stated, and diplomatic circles believe, that after such a rupture between Italy and her former allies is imminent.

By royal decree all railroad lines and stations in Italy are placed entirely under the supervision of the military authorities.

At the Dardanelles Tenedos, May 19.—All day Monday there was carried on a heavy bombardment of Kilit Bahr and Chankas Kalesi.

The Australian forces are now most securely entrenched to a depth of about two miles back from the firing line. A spirited attack was made by the Gurkhas in the capture of one of the Turkish guns.

The allied difficulty in dealing with the Turks' guns is explained by the statement that the Turks are employing guns which disappear by rail into shelters bored in the rock.

Territorials at It. On Sunday a detachment of Lancashire territorials was landed at the Dardanelles with howitzers, which immediately went into action and blew up a Turkish ammunition train.

London, May 19.—An Athens despatch to the Exchange Telegraph Company says it is reported at Mytilene that the allies disembarked fresh troops on Monday night near Kim Kale on the Asiatic coast of the Dardanelles.

It has also been learned that the Turks on the Gallipoli peninsula for weeks have lacked artillery ammunition, have obtained an abundant supply of shells in the last few days.

French Report Paris, May 19.—The French War Office this afternoon reported as follows: "The French army is now in the following position: The case was continued."

WEATHER BULLETIN Issued by authority of the Department of Marine and Fisheries, R. F. Stupart, director of meteorological service.

Synopsis—The area of highest pressure now covers the Great Lakes, while a low area is developing over the maritime provinces, and another with diminishing energy, is moving northward from Texas.

Fair and Cool Maritime—Strong winds and moderate gales from northwest, clearing Thursday and northwest winds; fair and cool with danger of night frosts.

German Success Against Russia Has Lengthened Term of War By Months

Work of the Russians in Carpathians Undone Though Enemy's Plans Only Partially Successful—Grand Duke Turns Tide at One Point

London, May 19.—"As the result of the last German tactics," says a despatch to the Mail from Petrograd, "all that had been accomplished" by the Russians in the Carpathians, has been undone, and months have been added to the duration of the war.

"If the German plans had succeeded completely, if General Linsingen's army had been as fortunate as General Von Mackensen's, if the Austrians in Bukovina had been triumphant, if the Baltic invasion had resulted in the capture of Riga, the slow would have been a terrible, fortuitous, matter now stand, the enemy has not accomplished anything really decisive.

"The general idea of the German offensive was to advance upon Lemberg from three directions. Von Mackensen was to attack from the west, breaking through the Russian front, Lingen was to force Hukhalica pass and move swiftly up the Stryp Valley, Archduke Eugene, in Bukovina, was to turn the Russian left. Apparently Von Mackensen alone was successful, Linsingen being held back while the archduke's army was soundly beaten.

"The chief Russian military authority suggests that the Germans intend to follow up their success with an advance on Warsaw, but for this they will need more troops than they can muster, so long as the present activity on the western front continues. This is the only road to allied victory, but let there be no mistake, the end is a very long way off.

At a critical point in the fighting near Jasio, Galicia, Grand Duke Nicholas rushed to the scene with ammunition, making the last fifty miles at top speed in an automobile. His car was followed by a string of thirteen other automobiles loaded with ammunition.

The arrival of the commander-in-chief is said to have turned the tide, inspiring the Cossacks to retake Jasio, which the Germans had occupied. During their brief occupation the Germans are reported to have hung the mayor for displaying a Russian flag.

GRAND DUKE TURNS TIDE. At a critical point in the fighting near Jasio, Galicia, Grand Duke Nicholas rushed to the scene with ammunition, making the last fifty miles at top speed in an automobile.

The 6th Mounted Rifles to Aldershot—Other Local War Notes. While no official word has been received from Ottawa, it is said that when they visit Aldershot, N.S., as it is said they plan to do this week or early next week, the Duke of Cornwall and Major General Hughes will also include St. John in their itinerary for inspection of the 55th Battalion, but at the headquarters it is said they had received no official word.

It is also reported that the 6th Mounted Rifles will soon return for Aldershot, N.S., instead of being sent to Sussex for their summer training, as it is said. Letters received in the city today from members of the unit say that they had secured the required \$50 and they will soon go under canvas at the Nova Scotia camp.

Today's Drill. The 5th today worked in companies, "B" Co, continuing entrenchments, and "A" Co, "C" and "D" carrying on section and company drill. Tactical manoeuvres were planned for the afternoon, with route march out the Marsh road.

Hospital Bed. Following the announcement in yesterday's Times regarding the project to establish a hospital bed for the boys of No. 5 Co. C. S. A. E., under Major McKean, it was said today that the two young women in charge of the matter, Miss Jean Moore and Miss Ethel Seely, had secured the required \$50 and, having a surplus, decided to try to provide another bed. Already they have made a good start. One prominent citizen who has a son in the corps donated \$5 with the assurance of further aid if necessary and other donations have been received. Further contributions will be taken by Miss Seely at the office of T. H. Estabrooks or by Miss Moore at her home, 15 Metcalfe street.

To Leave Tonight. Lieut. T. E. Hyder will leave tonight on his way to England to report for foreign service, and thence to France to take a post under Major Magee in the artillery. Twenty men from the Divisional Ammunition Column at Fredericton will pass through the city on the late Boston train this evening on their way to Halifax.

NEW I. C. R. MAN HERE ON FIRST VISIT. The newly appointed superintendent with the I. C. R. Moncton, J. K. McNeilly, who recently took up his office here after his promotion from Moncton, was in the city yesterday afternoon on his first official visit. He made a thorough inspection of the barracks and other railroad properties, accompanied by J. T. Hallissy, superintendent at Truro, J. E. Appleton, master mechanic, Moncton, and R. Ross, terminal agent here. While here Mr. McNeilly met a delegation from the Riverside Golf and Country Club regarding train service. He also conferred with other local delegates. The three officials left last evening on their return home.

TRIAL IS SECRET. London, May 19.—The trial of Anton Rupprecht, German spy, charged with the charge of having supplied military information to enemies of Great Britain, was resumed today. The hearing is in camera, in the interests of the national safety.

BEREFT OF FAMILY IN LUSITANIA DISASTER?

Feared That Wife and 3 Children of Captain Worden of Bayswater, Wounded in War, Went to Death in Great Ship

Friends and relatives are anxiously awaiting word from Mrs. Worden, wife of Capt. John W. Worden, of the 7th battalion, Vancouver, B.C., formerly of Bayswater, as to whether she and her children have been saved from a watery grave.

The last word received from her was from New York, in which she said she planned to sail on the Lusitania. Did she leave New York on that ill-fated vessel, or did Providence intervene and cause her to change her mind? The question is unanswered as is also the query: "If she did sail, were she and her children rescued?" No tidings have been had since that last terse message, and naturally there is much anxiety as to the fate of herself and her three little ones.

CHUM, WHOM HE SOUGHT, IS DEAD. "Bert" Olney, Well Known Here, is in Casualty List—Fred Carson Writes of Him. A pathetic tetch was given to a letter received yesterday by Mrs. Joseph Carson of North End, from her son, J. Fredrick Carson, now with the signaller in France. He said he had been continually looking out for his chum, "Bert" Olney, who had enlisted in Montreal with the 18th Battalion, first contingent.

He had met several other St. John boys in the vicinity of the firing line and had high hopes of coming in contact with the Major Powers, of whom he speaks in such praise for his treatment of the men.

They did not meet again until one day last fall in Hyde Park, London, when old acquaintance was renewed. "Bert" lost his life in the fierce fighting at Langemarck; Fred came through the fray unhurt, but neither knew of the other.

Private Carson tells of having had a chat with several local lads along the firing line, including Arthur Spragg, Harry Pike, Walter Powell, two North End boys named Capson, and others. He wrote that he was well, and that he had seen some stirring action during the last month.

Letters received in the city yesterday announce the sad news that Captain H. H. Smith, formerly well known in St. John is in a serious condition in hospital in England, and it is feared he may not recover. He received very severe wounds, having part of the top of his head blown off in some of the heaviest fighting in France. He was in the brokerage business here and before that he was in the office of J. E. Moore & Co.

Major C. J. Merzeau, formerly of St. John, who was brigade major with one of the brigades in the first Canadian contingent, is in hospital in Boulogne. Although he was quite badly wounded he is recovering. His wife on learning of his being wounded sought to locate him in hospital. Her search for some time was unavailing, but she has finally found him, and is now in Boulogne in daily attendance on his side. A cable sent by her to Fredericton says he is improving.

THE CABINET SITUATION IN ENGLAND. London, May 19.—The cabinet situation continues a subject of interested discussion. The parliamentary correspondent of the Times says that the government has definitely sought a preliminary assurance of the co-operation of opposition leaders, who will ask the approval of the House of Commons, before Mr. Asquith, Beauchamp, Lucas, Peas and Hobsbawm are mentioned as ministers who may resign, to give place to Unionist leaders. There is however strong opposition in both parties to a coalition, and it may not be formed after all. Premier Asquith conferred with the Unionist leaders yesterday and may make an announcement today. The breach between Churchill and Fisher is apparently not to be healed, though Balfour joined in the affair to reconcile the two.

SEA GIVES UP THREE OF LUSITANIA DEAD. Queenstown, May 19.—The bodies of three Lusitania victims, two men and one woman, were recovered from the sea yesterday. The men presumably are Charles H. Lund of Chicago, and Montagu F. Grant, of London and Chicago. The body of the woman has not been identified.

NOT LIKELY YET AT FRONT. It has been reported that the Divisional Train under Lieut-Col. Massie was in France, including the members of No. 5 Co. under Major McKean, from St. John. It is not known on what ground the report is founded, as the last mails brought the news of their being still in England, some five miles from Folkestone, and it is thought that if they took their departure for the front, a cablegram would have been received at the homes of some of them.

A letter from Lieut-Col. Massie to his wife here, received yesterday, said that he and his men were well and becoming comfortably located in barracks.

WEDDED BY PROXY. Paris, May 19.—The first marriage by proxy in this city took place yesterday at the city hall in the Latin quarter. Alfred Louin, the bridegroom, a Paris attorney, who is now a soldier in the first infantry at the front, was represented by Ermin Soug. The bride was Miss Marie Martigny. The ceremony was performed in strict privacy. The bride went as she made the response.

Holland is preparing for compulsory military training. It would increase her army to nearly 1,000,000 men.

ENGLISH WOMEN COME TO PLACES IN HOMES HERE. The surplus supply of women, whose means of existence since the outbreak of war has become more of a problem than ever in Great Britain, is being drawn on to fill the urgent demand for domestic help in this province. A party of several women have been brought out via Quebec, and reached this province today. Other parties are being arranged for and it is expected that there will be a fairly steady supply available.

PRIVATE ARCHIE MCKINNON

Private Archie McKinnon of Sussex, who left St. John with the 12th Battalion, was wounded in the battle of Langemarck. The news was received a week ago by his mother, Mrs. F. H. Lucas of Sussex. A cablegram asking for further particulars and for information regarding the hospital in which he has been located has been sent to the War Office but, so far, no answer has been received. The young soldier is only eighteen years of age.

CAMPAIN FOR RECRUITS FOR 55TH BATTALION

Citizens Hold Meeting—Ready at Once But Real Activity After 26th Goes. Preparations for an active campaign for recruits for the 55th Battalion were discussed at a meeting of representative citizens in the Board of Trade rooms this morning, and steps were taken for the formation of a committee to carry on the work.

The meeting was called by Mayor Frink at the suggestion of the Rotary Club, which already had offered to undertake such work, several of the members having offered to give their entire time to it for a period.

A thorough discussion of the entire problem took place, and the matter was considered from all its angles. Discouraging reports that the men are not coming in as rapidly as they had hoped, and there was no prospect of any change unless active steps were taken.

The meeting seemed agreed on the idea that it would be difficult to create much enthusiasm for recruits, so long as the 26th remained in the city, as their long stay in barracks might be discouraging to prospective recruits. It was decided that it would be better to wait until the 26th departed before starting a vigorous campaign but that it would be well, in the meantime, to have all preparations made and every-thing in readiness for recruits.

After other motions had been made and rescinded it was decided, on motion of T. H. Estabrooks, seconded by E. A. Dykeman, to authorize the mayor to appoint a committee to take in hand the recruiting of the 55th in the St. John district. The committee will be appointed today, and probably will be called to meet tomorrow to commence work.

Mayor Frink presided at the meeting, Captain J. R. Miller acted as secretary and those present included—Lieut. Col. B. R. Armstrong, Paul Blanchet, F. A. Dykeman, A. P. Allingham, W. J. Mahoney, James McMurray, W. H. Barnaby, T. H. Estabrooks, T. P. Regan, H. W. Hising, F. B. Ellis, H. V. McKinnon, H. G. Marr, N. C. Cameron, T. H. Hutchinson, R. D. Paterson, Harold McGuire and Colonel H. H. McLean.

More Recruits. One more recruit, Julius Heine, of Douglas, enlisted with Major W. H. Gray for the 55th at Fredericton yesterday morning. Four recruits went to Sussex.

Lieut. A. E. Thomas, of the 6th Mounted Rifles, is expected in Fredericton this week to secure recruits. He has been in Campbellton and other places on the north shore recruiting.

For the Field Kitchens. The Fredericton Patriotic Committee, at its meeting today, will consider the matter of opening a fund here toward the purchase of traveling kitchens for the 36th Battalion, now quartered at St. John. Mayor Mitchell is interesting himself in the matter.

ONE DRIVE ABANDONED. Kilburn's For Murray & Gregory Reported Given up. Fredericton, N. B., May 19.—News from the lumber drives today is rather discouraging. Kilburn's drive for Murray & Gregory has been abandoned near English Lake and the Nashwanic drives are having a hard time. Manager Jones went up river last night to look over the situation. Part of the drive may be abandoned.

SALE OF TIMBER LANDS. Timber lands in the vicinity of St. Martins, totalling about 4,000 acres, belonging to the estate of George McDonald, were sold at auction at Chubb's corner at noon today by R. F. Potts on a court order in connection with foreclosure proceedings. Notice was given at the sale that two lots of land included in the advertisement were the property of Lydia B. Hope, and the deeds were exhibited. The sale proceeded and the property was purchased by George R. McKean for \$8,250.

other troubles gradually disappeared, and now I am in splendid health. I can SO BAD COULD NOT WORK. Is Now Perfectly Cured.

The value of Dr. Cassell's Tablets to all who have to earn a living is well seen in the following true story. The teller of this story, Mr. Mendham, of 21 Princess Road, Old Fletton, Peterborough, England, had long been too ill to work, but now he is in steady employment, made well and strong by Dr. Cassell's Tablets. He says:

"I am glad to be able to testify to the wonderful curative power of Dr. Cassell's Tablets. They cured me when nothing else I tried would, and enabled me to keep steadily at work. I had suffered for years from dyspepsia, sleeplessness, and bad nervous attacks. I could do nothing while these attacks were on, and they were so frequent that I was as much away from work as at it. I was always more or less ill, always had severe pain after food, with volumes of wind, and a dizzy sensation that I could not shake off. Headaches, too, were frequent and severe, and sometimes I had shivering turns like ague. I tried all sorts of things and had endless medicine, but it was only when I got Dr. Cassell's Tablets that I got any real benefit. It was really wonderful how they cured me. I got sleep at night, could eat without suffering, and now I am in splendid health."

**The New Hoosier Cabinet**  
Puts your whole kitchen at fingers' ends, and cuts your work in two. We'll put one in your home tomorrow FOR A SINGLE DOLLAR.

**Most of them are already taken.**  
This plan differs from any other on which furniture was ever sold. Note the details:  
1. One dollar puts any Hoosier you select in your home.  
2. One dollar weekly dues quickly pays for it.  
3. The low cash price fixed by the factory prevails absolutely.  
4. The sale is under direct supervision of the Hoosier Company.  
5. When this allotment is taken, the sale closes.  
6. If you are not DELIGHTED with your cabinet we will gladly refund your money.

**This sale will end on Saturday night.**  
When you think of the miles of steps this cabinet saves you every day, can you daily postpone looking at these cabinets until it is too late to enroll? The time is getting short. Come in tomorrow and look at these Hoosiers. You place yourself under no obligation.

**You will not be asked to buy**  
unless you realize yourself the need of this cabinet in your home. But if you do not enroll, remember, some other woman will enjoy the privilege that is now yours if you enroll tomorrow.

Nothing you have ever seen will save you so much labor in your kitchen, if you act tomorrow.

MORE MEN NEEDED.

Kitchener wants another army of 800,000 men. The call comes to Canada, to New Brunswick, to the city of St. John. It should stimulate public interest in filling up the ranks of the 29th Battalion and in recruiting another. Time is an essential element in this great war. All the men needed will be needed as soon as they can be trained and equipped.

ervation of infant life, and it is full of interest to the people of every city. "When Tombers can drop from 122 deaths of infants under one year to each thousand born, to 88, in the course of a year, there is promise of further reduction in the future. Rochester has made the best showing in the state, reducing its rate from 97 in 1910 to 84 in 1914. The five boroughs in New York city have dropped from seven to 18 respectively, bringing the city as a whole from 102 in 1910 to 94 in 1914.

PLAYGROUNDS.

They have a vigorous Playgrounds Association in Somerville, Mass., and it is heartily supported by the citizens. A Somerville paper says: "Somerville is undergoing a survey by Rowland Haynes, field secretary of the Playground and Recreation Association of America, with the object of determining in what way the city may increase the usefulness of its present park system. The experts are asked to determine, first, how much public recreation opportunity is required to meet the needs of Somerville children, young people and adults; second, can the city facilities be used more extensively for recreation purposes to meet the need; third, what is a feasible programme for securing such a complete recreation system for the city?"

OUR SPLENDID BOYS

The last few days have brought a large number of letters from New Brunswick soldiers who have been in the deadly fighting in Belgium. They tell of terrible experiences and of ghastly scenes witnessed, and of heavy losses sustained. They tell also of German trickery and brutality, and disregard for the Red Cross and its noble work. Ambulances are destroyed as quickly as ammunition wagons if the Germans can get the range. There is one striking feature of all these letters that marks our fighting sons as real heroes. Not one of them complains, or expresses regret that he went to the front, or wishes himself home again. But they do write with pride of the splendid courage and fighting quality of all Canadians in the trenches. One thought of this at the Imperial yesterday afternoon when the massed school children sang patriotic songs in honor of Loyalist Day. Only a few years ago many of these heroes in Belgium and France, of whom some, alas! will not return, were just ordinary St. John school boys, learning the lessons now being taught to the lads of a younger generation. The thought should make us more heedful of our boys, as to the physical and mental training they get, the proper supervision of their play-time, the provision of everything needful to develop the most vigorous and intelligent manhood. We trust the boys of today will not be called to the field of carnage when they grow up, but they will be the builders of the newer and greater Canada, and for that high task they should receive the best training it is in the power of this generation to give them.

AMERICANS AROUSED.

The Bangor Commercial observes that "the Lusitania affair has gone far toward opening the eyes of Americans to the horrors of German militarism. Reviewing the Bryce committee's report on German atrocities the Commercial adds: "Here is the crushing indictment—the statement of the members of the commission that the murders, the atrocities and terrible abuses of non-combatants were part of a system of general terrorism, authorized by the German government and designed to break down the spirit of militarism among the Belgians and cause a cessation of their resistance to German advances. If the commission is correct in its assumption, and it produces evidence, that these terrible crimes were deliberately committed by design of the German government to break the spirit of the Belgians and French, then the responsibility of the German government is a staggering one, for there can be no military justification for such unspeakable horrors as those related in detail and with great circumstantiality by the commission in its report which will today be generally accepted, although in the early months of the war it would have been greeted with great skepticism."

It is now conceded that Russia has lost much ground as a result of the Austro-German drive in Galicia and the Carpathians, and one correspondent says that the result will add some months to the duration of the war. If Italy comes in, however, the Austrians will have another enemy to deal with, and fewer men to hurl against Russia. The news from Italy grows more and more warlike and the break may come at any moment.

Mrs. Kubring and the members of the Women's Canadian Club were rewarded for their labors by the splendid success of the Loyalist Day celebration by the school children in the Imperial Theatre yesterday afternoon. The scene was an inspiring one, the programme entirely suitable to such a patriotic occasion, and the crowded theatre and the enthusiasm were abundant evidence of public appreciation. It was a notable demonstration, long to be remembered by the children, some of whom have brothers fighting for the flag they honored yesterday.

A COLONIAL SOLDIER.

(Westminster Gazette.) Born on the broad Canadian plains, he died in narrow Flanders, nigh the grey sea-side. Grandson of England, hasting ere her fall. Ranked with her sons he won the right to fall. Unnoticed, yet with those who save her fame. He lives, bright atom of her deathless flame. —W. P. REEVES.

THE PUBLIC HEALTH. An exchange dwells upon the importance of cleaning up a city and of all its citizens getting the fullest possible information on matters relating to public health. The following illustration is given of what has been done in New York state in the one matter of the pre-

UNDER THE BLACK FLAG.

They say the buccaners have passed. That pirates now are out of date. That Captain Kidd and such as last. Have all been wiped from off the slate. Hark humor this—a brand as keen As any comic opera romance. As long as in some submarine A German mongrel waits the chance. You think the Black Flag out of date? That "skull and bones" no longer fly? The murder-loving "second mate" With love of torture in his eye? Gone? Yes, but even at his worst Back in some tin, barbaric year, No pirate warped on women first Nor murdered children with a cheer, Chief of the world-famed buccaners To whom the pirates' game is big. Fought beyond unnumbered years, To war beneath the Sable Flag— Come—come—ye old throat-cutting hand— We enticed Rogers and Laflin— Salazar ye now by sea and land. Where your red chief, the Kaiser sits. —Grantland Rice.

LIGHTER VEIN.

A Scotchman who resided at the foot of a hill had a cow, but was rather short of grass for her. The honest man, not knowing what to do with the cow, let her range on top of the hill, where she got little or nothing to eat but heather. A neighbor in a private interview remarked to the crofter: "Och, ye cow has naething ta eat on the top o' the hill!" "She has na muckle ta eat, but she has a gran' view," was the reply. "Do ye believe the world is getting better or worse?" "Better." "Why do ye think so?" "Our baby has cut all his teeth, and it's nearly a year since we've been kept up all night with him." "Boots by Smith, costume by Robinson, wigs by Jones, scenery by Dingbat," muttered the man in the waistcoat. "What are ye driving at?" asked his neighbor. "I'm trying to discover who wrote the play." "I must say these are fine biscuits!" exclaimed the young husband. "How could you say those are fine biscuits?" inquired the young wife's mother in a private interview. "I didn't say they were fine. I merely said I must say so."

A LEADING FEATURE

For years we have been noted for our RINGS. Our values are only one of the good features. The style of our mountings are as advanced, the workmanship as fine as can be had for money.

We have succeeded in building up the finest ring trade in the city by attending, especially to the wants of our clients.

We have raised the quality of DIAMONDS sold in St. John fifty per cent.

Today we sell better stones for very little more money than were to be had here ten years ago.

We have recently stocked a fine line of DIAMOND CLUSTERS, HOOPS and SOLITAIRES. Today our stock is complete. It's unique. We know of nothing on the market that we cannot duplicate.

WHO WILL HELP SEND COMFORTS TO SOLDIERS? Things Needed in Addition To What the Government Supplies. Toronto, May 18.—The following official announcement is made by the National Service Committee: Canadian soldiers at the front need comforts above the supplies provided for them by the government. Letters from the front are full of appreciation of the Canadian War Contingent Committee, of which the National Service Committee is a representative in Canada. In this connection, an interesting letter has been received by Mrs. Hunter, secretary of the National Service Committee, from J. G. Colmer, Hon. Secretary of the C. W. C. A. Mr. Colmer says:—"The arrangements of the War Office for the supply of clothing and food to the troops are excellent, and the men are able to get what they require as and when it is needed from the official stores. This information comes from the government, and it is confirmed by our communications from the front, both by letter and in person. There is no doubt, however, that large and regular supplies of socks and colored handkerchiefs will be welcomed in addition to the government supplies, for reasons that are obvious."

## Important War Events Pending; Kitchener Wants 300,000 Men Italy Near to Decision—Austria's Offer—Kitchener Gives Lords Review of Conditions—The British Cabinet

London, May 18, 11 p. m.—The next few days, if not hours, will it be believed, find Italy renouncing her old allies of the Triple Alliance and joining the Triple Entente powers as a belligerent. At the same time, some change is expected in the government of Great Britain.

The German imperial chancellor in the Reichstag announced the offers that had been made to Italy as the price of her continued neutrality, and, while he said he had not entirely given up hope that peace would be maintained among the powers of the Triple Alliance, he left no impression on the minds of his hearers that the end of the alliance, so far as Italy is concerned, is far off.

It is anticipated that the expected changes in the government of Great Britain are aimed at a closer consolidation of all parties for the purpose of carrying the war to a successful issue. Whether the leaders of the Unionist, Irish and Labor parties will be taken into the cabinet, or admitted into the Committee of Imperial Defence, has not yet been made known. Whatever the changes to be made, however, they have not, in any way, interfered with the operations in which the British forces are engaged.

Earl Kitchener gave a general review of the situation in the war zone before the House of Lords adjourned for the Whitsuntide holidays. Speaking of the British offensive, he said the action at Neuve Chapelle was fought with great gallantry which enabled us to occupy positions of considerable military importance previously held by the enemy.

"The Germans," said Lord Kitchener, "have persisted in the use of these appalling gases whenever wind favored or other opportunity occurred, and His Majesty's government has not less than the French government, led that our troops must be adequately protected by the employment of similar methods so as to remove the enormous and unjustifiable disadvantage which exist for them if we take no steps to meet on his own ground the enemy who is responsible for the introduction of this pernicious practice."

The secretary spoke of the gallantry of the Canadian division, which defended its position tenaciously, notwithstanding the poisonous fumes. "This was an order to try the qualities of the finest army in the world," he said, "and all the more credit is due the soldiers of Canada, who, unprepared for such an attack and exposed to a withering fire, reluctantly and with perfect steadiness withdrew their left flank to conform to the newer alignment of the Allies' position."

Referring to the delay in producing the ammunition, Earl Kitchener remarked: "I am confident that in the very near future we shall be in a satisfactory position in regard to the supply of these shells."

After referring in highest terms to the men in the new army, Earl Kitchener concluded:

"I SAID I WOULD LET THE COUNTRY KNOW WHEN MORE MEN WERE WANTED FOR THE WAR. THE TIME HAS COME, AND I NOW CALL FOR 300,000 MEN TO FORM NEW ARMIES."

"THOSE WHO ARE ENGAGED IN THE PRODUCTION OF WAR MATERIAL OF ANY KIND SHOULD NOT LEAVE THEIR WORK. IT IS TO MEN WHO ARE NOT PERFORMING THIS DUTY THAT I APPEAL, AND I AM CONVINCED THE MANHOOD OF ENGLAND STILL AVAILABLE WILL LOYALLY RESPOND."

Turning to the Dardanelles, Earl Kitchener said that the progress of the Allies was necessarily slow, since the country was most difficult.

"But the Turks are gradually being forced to retire from positions of great strength," he continued, "and though the enemy is being constantly reinforced, the news from this front is thoroughly satisfactory."

Meanwhile, the British first army to the north of La Bassée and the French forces to the south of this town, continue their offensive against the German line and, according to their respective commanders, suggest the prospect of a German official statement, however, takes issue with the allied commanders in this respect, and declares that all the offensive movements against the Germans have been repulsed.

### AN OPEN LETTER TO PRESBYTERIANS

To the Editor of Times and Stars—

Sir—Sad would it be, if the Church, which should be a source of unity and strength and comfort to the nation at this sad time, should be made, instead, an element of division and weakness. May I suggest a way to avoid it without any one surrendering what he thinks to be right. The situation in brief is as follows—

The majority of the union committee, at its meeting in December last, agreed to recommend to our assembly, which meets in Kingston in June, to proceed this summer to another vote on organic church union. On the other hand, the minority of the union committee has recommended the assembly to drop for the present, the question of organic union.

If the assembly should now proceed to another vote, it could only create division. Pressure only leads to further steps in resisting that pressure, as witnessed the following—

At the recent meeting of the Synod of British Columbia, early in April, there were present about fifty members. Twenty of these, ministers and elders, gathered at a meeting called for the purpose, and organized for the province, and organized for the province, for the preservation and continuance of the Presbyterian church.

At the recent meeting of the synod of Alberta, about the middle of April, thirty members of the synod, ministers and elders, gathered at a meeting held for the same purpose, organized for the province, and appointed a large committee of prominent ministers and laymen.

These two committees are in two of the largest western home mission provinces, and include well-known pioneers and leaders who have been active in furthering home mission work for a generation. The Alberta committee has just issued a statement claiming "the almost complete elimination of overlapping in that province, through the co-operation of the Methodist and Presbyterian churches," and quoting the report to the synod of Alberta of its home mission convener, "that out of a total of six hundred preaching points under the care of this committee there is overlapping with the Methodist church in only twenty-one cases."

Still further, there has been recently organized a "woman's league for the preservation and continuance of the Presbyterian Church in Canada," with its general committee of over six hundred ministers and elders. This general committee represents the more than fifty thousand who voted against terminating our own church organization, and as many of the non-church half of our church as may choose to remain in it.

These tens of thousands believe in unity with all true Christians; but they believe that where there is not room for two churches, it is better for the people to worship together, in connection with one or other of the existing denominations, than attempt to compel the whole church into a new organization. They believe that it is not best to give up the Presbyterian system, with its scriptures, freedom and efficiency in exchange for a system so greatly inferior as that of the basis of union, and they have declared their purpose not to be shakers in such a step.

All these things show that pressure can only create unrest and discussion in our own church. But the object of this writing is not to urge that the assembly should adopt

either report, but to suggest that, on account of war conditions, wholly unforeseen by last assembly, both the majority and the minority reports presented to this assembly be referred to the following assembly in 1916. That assembly can deal with these reports in the light of conditions then existing.

The great body of the best people in both political parties have been strongly opposed to a war election; and when our empire is in a struggle for life, when so many members of our church are absent at the front; when families are in anxiety and bereavement and sorrow all over our land; when even the negotiations for reunion between the two great Presbyterian churches in Scotland have been entirely discontinued during

the war; when no true interest can suffer by referring these two reports to the following assembly; would it not be unwise, unworthy, unpatriotic, strangely lacking in sympathy with the one tremendous issue—to force a needless vote which can only bring division and strife. If contention must come within, let it be deferred till the war without is ended.

E. SCOTT.

## LOCAL TURF EVENTS OF 1887

Driving and Riding Races On Moosepath Track

### YORKTOWN'S VICTORY

Golden Maxim and Other Speedy Horses — Nationals' Win Over St. Stephen Ball Team — 700 Moncton Fans to City

Wednesday, August 10, 1887, was a red letter day for turf followers. Moosepath Park had held many well satisfied crowds but never did it have a gathering so thoroughly enthusiastic and appreciative. While the trotting was not particularly fast, it was good.

The first race was the 2.44 class. Three horses started, Duchess, Maud C. and Thunderer. In the first heat Maud C. and Duchess practically had the course to themselves, owing to the breaking of Thunderer as he went down the back stretch on his way to the three-quarter pole, up to that time he had been going well. Towards the end Duchess broke badly and Maud C. won by several lengths. Time 2:50.

The second heat was the best of the race. Maud C. broke on the upper corner of the track, but caught quickly and went hot after Duchess and Thunderer. The latter acted well but his Nemesis followed his footsteps and while he was going handily to the first quarter pole, he broke so badly that his driver had to pull him to a standstill, before he could be gotten under control. After crossing the half mile Thunderer started to close the gap between him and the other horses. The latter were working hard and fighting every inch of the way when both broke near the distance stand. They went at it again for the few remaining yards, and it looked anybody's race until Duchess went into the air and Maud C. won.

Sontag, a Manchester, Me. horse won the free-for-all in slow time. The running race created the most interest, as there was a good field of horses. Golden Maxim, Yorktown, considered one of the fastest horses in Canada, Strabismus, Emisary were the four best. Maxim had the pole, Yorktown with Emisary sandwiched in between him and Strabismus. When they went off Maxim had a slight lead, with the others close up and bunched. As they went for the upper corner, Strabismus was forming with Maxim a pocket for Yorktown, but when they had straightened out on the back stretch, Collins gave Yorktown his head and Strabismus widened out to save himself. Passing under the wire at the half mile, Maxim was ahead with Yorktown on his flank. The other two were running well. Going towards the three quarter pole Yorktown forged to the front and neck and neck he and Maxim went by and into the lower turn. Here Yorktown seemed to get off his stride coming about the sharp curve and Maxim was nearly a length to the good when the riders could see the stand. When passing the stables, Yorktown responded bravely to Collins and forged inside the pole. Stride after stride he appeared to gain when Willis took Maxim so close that he crowded Yorktown against the fence and it was impossible for him to pass. He drew out but although he made a desperate effort to win he was too late. Maxim went under the wire by less than a head in front of Yorktown.

In the second heat Emisary cut out the pace, followed by Maxim with Yorktown and Strabismus riding together. A quarter at that rate of speed was enough for Emisary. Just below the quarter mile the four were bunched. Coming around the lower turn Maxim and Yorktown forged to the front and came thundering along neck and neck until, when passing the half mile, Yorktown responded to Collins and went half a length in front of Willis, with Maxim. On the homestretch, Wood, who was riding Strabismus, plied whip and spur, passed Maxim and went over Yorktown, but it was useless as the St. John horse crossed the line a winner. Time 1:52.

Yorktown and Maxim fought it out for the final and the former won quite handily. Time 1:58. Yorktown was owned by Peter Clinch, and Golden Maxim by E. Leibel Willis.

Baseball  
On August 9, 1887 the F. J. W.'s of St. Stephen met their Waterloo at the grounds of the Cricket and Athletic Club here in a game with the Nationals. The visitors went first to bat and got two men over the plate, partly owing to the fact that the same number took their base on balls. One man struck out, another was caught out on a foul and the third hit a fly to Warlock who took it prettily after a long run. The Nationals had a fruitless inning and it was the only time during the game that they failed to score. The end of the game showed the score 28 to 12 in favor of the locals. Twenty-five Nationals got to base on hits, and of their opponents seven. The home team went to bat sixty-two times.

On Wednesday, August 10 the Shamrocks had advertised a game with the Moncton team, but when the train pulled in with more than 700 people from

the railway town there was no sign of the ball team and the result was that the locals were disappointed. In order not to disappoint the fans the Shamrocks picked up a team and played a four inning game on the Barrack square. They won quite handily by a score of 15 to 4. The Shamrocks played in the form and fielded in great style behind their star pitcher Dan Conolly, who never hurried the sphere in better style.

### SOLDIERS RELIEVED OF HOMESTEAD DUTIES

Ottawa, May 18.—Relief from homestead duties is to be granted to Canadians absent on active service as the result of an order-in-council passed by the government. In future any homesteader, whether he is an alien or a British subject by birth or naturalization, on active service, and who for this reason or of wounds received or illness therefrom, is unable to resume occupation of his homestead or to complete the conditions of his entry, will be relieved from such conditions, and in the event of his death similar relief will be granted to his legal representatives.

### IN GREAT DISTRESS FROM ECZEMA

Suffered Over Two Years. Grew Thin and Lost Appetite. Cuticura Soap and Ointment Healed.

233 George St., Sarnia, Ont.—"I suffered for over two years with eczema which first appeared as small pimples and broke into red, inflamed sores. They were very itching and when my clothing rubbed against them I was in great distress. I lost my rest at night and was much distressed by the eruption. The eczema was so bad that I grew thin and lost my appetite. My hands, arms, face and various parts of my body were covered with an itching, burning eruption of sores and though I took many courses and much recommended remedies they failed to do any good."  
"I used Cuticura Soap and Ointment and after about three weeks I was healed."

### CENTENARY LADIES' AID

At the annual meeting of the Ladies' Aid Society of Centenary church, held this week, the reports indicated a successful year's work. Through the efforts of the society 396 new garments were sent to the Belgians, cash contributions of \$78.22 being used to purchase materials. Large contributions of clothing, which had been worn but which was in excellent condition, were also sent, as well as \$27 in cash, the share of the society in the proceeds of a lecture given by Rev. W. H. Barracough.

Much work has been done by the society in both church and parsonage, mites have been collected to the amount of \$111, systematic visiting of the congregation has been carried on, and the poor have been assisted in every way possible by the benevolent committee.

The united Methodist choirs have been twice entertained, tea was served for the soldiers on Sunday afternoons during the winter and a large and delightful congregational at home was conducted upon the occasion of the 75th anniversary of Centenary church. Work for the Red Cross Society is carried on each Monday afternoon under

the direction of Mrs. W. H. Barracough, a ten cent tea being served once a month. The Dorcas committee gave out at Christmas eighty children's garments and at Easter between thirty and forty.

The following officers were elected to serve the coming year:  
President, Mrs. W. G. Smith.  
1st vice-president—Mrs. George Jenkins.  
2nd vice-president, Mrs. Enoch Paul.  
Secretary, Mrs. R. A. Sinclair.  
Treasurer, Mrs. Frank Skinner.

The following conveners of committees were appointed:  
Visiting committee, Mrs. W. H. Barracough.  
Mite committee, Miss Annie M. Hee.  
Benevolent committee, Mrs. G. F. A. Anderson.  
Parsonage committee, Mrs. E. T. C. Knowles.  
Church committee, Mrs. F. Skinner.  
Mrs. J. L. Lachue.  
Entertainment committee, Mrs. P. W. Snyder, Mrs. E. B. Nixon.  
Red Cross committee, Mrs. W. H. Barracough.  
Dorcas committee, Mrs. H. A. Austin.

Three dollars a pound was the price of tea when it was first introduced into England.

### BIGGEST GIRL A BRIDE

Miss Jolly, Weight 587, Aged 16, is Now Mrs. Gowdy

The Kansas City Union Station was turned into a big side show, and several persons missed their train in an effort to get a look at Mrs. M. A. Gowdy, 16 years old, weight more than a quarter of a ton, or to be exact, 587 pounds.

Aside from being the "biggest girl in the world," Mrs. Gowdy is a bride. Until two weeks ago, when she was wedded to Gowdy, tall, lank and weighing 118 pounds, she was Miss Josie Jolly.

"It may be nobody loves a fat man but there's men who love fat women—didn't I catch a husband?" said Mrs. Gowdy.

"I don't see why women who are fat are forever complaining. I am satisfied I like to be fat. You don't catch me rolling around on the floor or taking any of these new fangled exercises to reduce. I want all I've got and I'll not object to more weight."

Just to show she could "step about a bit," Mrs. Gowdy did a buck and wing dance for a select audience in the hair dressing parlor in the station.

## Your six lucky teeth and why they seldom decay

DENTISTS' records show that the front six teeth on your lower jaw rarely decay. And physiology points out this reason for it:

These six teeth are more constantly in contact with saliva than any other teeth you own. For they are the lowest in your mouth. And behind them are the two principal salivary ducts.

Your own saliva is the best preserver of your teeth. For healthy saliva is alkaline, neutralizing the decay-promoting acid of food

particles and rendering it harmless.

When you chew clean gum like Sterling you bring all of your teeth for the time in contact with saliva. You make them share in the "luck" which Nature has given to the front six.

Sterling Gum you'll want—for its delicious flavor goes through and through and stays and stays.

And all the time you're enjoying the delicious Sterling flavor—the gum itself is doing your teeth a good turn.

**St. John Clean-Up Days Set For May 26 and 27**

Here Are Commissioner McLellan's Arrangements — Co-operation of All Citizens Asked For

**CITIZENS**—Saint John is to have two CLEAN-UP DAYS, May 26 and 27. Your hearty co-operation is necessary, in order to make the work a success, from both a sanitary and fire hazard standpoint.  
 Those who own teams or can afford to hire teams, are requested to clean up all rubbish and refuse on their premises, placing the same in such receptacles as boxes or barrels, and hand them to the nearest scores, the locations for which are stated below.  
 Those unable to furnish cartage for rubbish and refuse are requested to place the same in such receptacles as boxes or barrels and deposit the receptacles on the edge of the sidewalk next the street, where the teams may load them.  
 All animal or vegetable refuse must be wrapped in strong paper and tied with strong twine, in order that it may be properly handled. Under no circumstances must ashes, rubbish or refuse be thrown in loose piles on the sidewalks or streets, as they will not be removed, and the persons placing them there will be reported to the proper authorities.  
 Teams will commence work each morning at 7 o'clock, and it is necessary that boxes and barrels be placed on the sidewalk as early in the morning as possible.  
 A number of inspectors will be appointed to see that each householder in their districts complies with this request, and anyone failing to do so, will be reported to the proper authorities, and will be dealt with under the regulations of the Board of Health and the fire department.  
 Any donations of teams or auto trucks to assist in the work will be fully appreciated, and if the donors will send in their names and description of conveyance to the chief of the fire department, proper notification will be given them of the section wherein their conveyances will be required.  
 The scores for receiving the rubbish, etc., will be located as follows:—Public Wharf, Indianowry, Gregory's Wharf, foot of Simonds street; old Fish Market Wharf, Water street, and Lower Cove slip.  
 It may be found necessary to hire some teams. Anyone having teams for hire and who will supply large boxes for their slovens, or will supply large dump carts, will please send their names and addresses with a description of their teams, whether one or two horses and the style of wagon or cart, to the chief of the fire department as soon as possible.  
 The Board of Health has generously appropriated the sum of \$300 towards the work, and Mr. Manning W. Doherty, the chairman of the Board of Health, has kindly donated the use of four large dumping scows and the towage of same. The balance of expense will be met by the city.

**The Man In The Street**  
 And the green grass is growing all round.  
 But it's rather early yet for straw.  
 Latest estimates show the cost of the war to England to be \$10 per second. Cheap enough if they get a run for the money—the Germans, of course, providing the man.  
 Getting the fishing gear ready?  
 Those people who are pronouncing the "Yer" as "Wyer" probably do so from the view that it made the Kaiser that way.  
 While the boys in Grade XI know it should be "Eser", still it is more popular for patriotic platform speakers to refer to it as Kaiser.  
 A Flower Bed, Instead.  
 Drivers who, in these years, have been accustomed to watering their horses at the fount in Indianowry, are saddened when they gaze upon it. In these days of reduced estimates, the fount is still there, but in order to give a horse a drink, you first have to fill the water. They've been looking for it to be turned on since early spring and now, abandoning the last spark of hope, are planning on a fund to plant pansy seeds in the basin where the water used to flow.  
 Commodore Stewart wants to know why the legislature did not whitewash Bill Herr while they were at it. Probably they used their entire supply on Fleming and had none left for his lieutenant.  
 The German ambassador in Italy is no longer in the custom of moving only on May 1; he seems willing to move back to Germany any day.  
 With his people anxious to get into the war on the side of the allies and his Prussian wife watching him with a cold, hard glare, it is no wonder that the King of Greece is sick.  
 Anyone who crosses the ocean these days without seeing a German submarine must have poor eyesight or a weak imagination.  
 Notice how the leading Conservatives stopped denouncing the uselessness of the senate when there was a prospect of nine vacant seats being filled?  
 A biographer has discovered that General Joffe's family tree goes back to one who was a successful cooper. Probably this explains why his soldiers have been falling with "whoops" on the enemy's line.  
 And they have been "staving" many a hole in it, too.  
 If you're sending maple sugar to Valcartier Chapter for the boys at the front, don't send any of those awful looking black pieces—send those to the Germans.  
**Clean-Up Day**  
 Are you all ready for it?  
 Take a snap-shot of your back-yard today, and see if you'd give a snap-for it after Clean-up Day.  
 In Halifax they say they take a week for civic clean-up, but of course with a special force of detectives, our morals are better attended to in St. John, especially on Sundays.  
 And you hotel guests, kindly remember that no matter how much you've traveled the day before, Sunday's not a clean-up day with you, unless you can shave yourselves.  
 North End residents are wondering what's going to happen to Victoria Square on the eventful day; of course, a start might be made, but it would wait at least a week to show any real improvement.  
 Some people's idea of a "Clean-up-the-yard" movement is to get clear of refuse from their own place, by dumping it into their neighbors'.  
**FOUR WANT TO FIGHT**  
 J. B. Daggett, of the provincial department of agriculture, is in the city today on his first trip since his recent illness. Speaking of the work of his department he said that they are planning for about the usual activities for this year, but that four members of his staff have applied for leave of absence to go to war, and if they leave the work of the department will be curtailed as their places will be left open for them.
