### UTILITIES BOARD TO HOLD TWO SPECIAL MEETS

Two Matters to Come Before St. Stephen Session on Electric Contracts

WOODSTOCK RATES CASE HERE MONDAY

Permission to Sell Stock in Train Control Device Company Granted

The Board of Public Utilities this morning decided to hold a special session at St. Stephen to take up the matter of approval of contracts between the Canadian Cottons Ltd. and the Maritime Electric Co., and between the Maritime Electric Co. and the Town of St. Stephen; to hold a special meeting on Monday, here, if S. H. Millard, the board's expert called here, to deal with the matter of rates for Woodstock and up river counties; and to grant permission to the Wat-Negus Company to sell stock in their company manufacturing an automatic train control device, in this province.

### WOODSTOCK RATES

At the opening of the session it was announced by the chairman that the hearing in the matter of rates for Woodstock would have to be laid over as Mr. Millard had been unable to attend this session and Mr. Leighton said the Woodstock Light and Power Co. would like to have the matter go over until September. Mr. Burpee said the town would like to have the rates set before the election, to be held on Wednesday next, the matter of purchase of the company's plant by the town if possible. The chairman said an effort would be made to get Mr. Millard here on Monday and if that were possible a special meeting would be held.

### BORDER CONTRACTS

The clerk reported that two applications for approval of contracts had been filed with the board. One of these was between the Canadian Cottons Ltd. and the Maritime Electric Co. and the other between the Maritime Electric Company and the Town of St. Stephen. Mr. Mills said he represented the two companies interested. The town was not represented. He suggested that the contract between the Canadian Cottons and the Maritime Electric Company, which was a purchase of plant, be approved at once as it had been on file with the board since May last. Mr. Burpee said he thought this matter should be heard in St. Stephen and he moved that a special meeting of the board be held in that town for this purpose. Mr. Mills said he did not see what further hearing was necessary. The contract between the town and the Maritime Electric Company and approved by the Board of Public Utilities and the same there was something in the contract of which the board complained but he did not see the necessity for any further hearing.

#### CERTIFICATE GIVEN

E. C. Weyman presented the request of the Trent River Textile Company for permission to sell \$50,000 of stock in New Brunswick and a certificate was ordered issued to them.

#### ARRANGE A SPECIAL MEETING AS SOON AS POSSIBLE

The application of the Wat-Negus Automatic Train Control Company for permission to sell \$20,000 of stock in New Brunswick, was presented by E. R. McDonald of Shediac. He claimed the inventors of this device had made a most important discovery and the board should, in the public interest, grant the application. C. H. Watt, one of the inventors, said the device had been tried out on the C. N. R. between Fort Lawrence and Amherst, and had worked successfully. It was not an expensive equipment, that on the locomotive costing about \$500 and on the track about \$200. The engine equipment consisted of a motor and a 500 watt generator, connected to the track by a tender.

#### THE TRACK EQUIPMENT CONSISTED OF SWITCHES 100 FEET APART ON THE SIDE OF THE TRACK

When two trains on the same track came within two miles of each other a red light showed and an alarm rang in the engine and if the engine was not stopped by the engineer before the danger of collision the device would automatically apply the air-brake.

#### THE CAPITAL COST OF THE COMPANY IS \$500,000, OF WHICH THE INVENTORS HOLD \$200,000.

After considering the matter it was decided to grant the certificate asked for.

#### REPORT FILED

A broker's certificate was ordered issued to Sterling Securities, Ltd., to sell stocks in New Brunswick. The New Brunswick Citizens' Band, Moncton, was authorized to sell stock to the amount of \$1,000.

#### AN INTERIO REPORT OF N. F. NUTTER ON THE WORK OF CLEARING THE INTERFERENCE BETWEEN THE DISTRIBUTION SYSTEMS OF THE NEW BRUNSWICK POWER COMPANY AND THE CIVIC POWER COMMISSION

was filed with the board and a bill of \$295.50, expense of Mr. Nutter in connection with the work to date, was ordered sent to the Civic Power Commission.

SAINT JOHN FIRM GETS CONTRACT

E. F. Powers Co. to Build Spur Line at Grand Falls.

Musquash District Survey is Ordered; Duck Cove to Get Service.

THE contract for the spur railway line at Grand Falls, necessary for hydro development at that place, was awarded to a New Brunswick firm, the E. F. Powers Construction Company, headquarters at Saint John, their tender of \$29,250 being the lowest received, at the meeting yesterday afternoon of the new hydro commission, P. J. Veniot chairman. The road will be slightly over a mile in length. All the members of the commission were present with the exception of Hon. J. B. Michaud, who was unavoidably absent. The Powers' tender was \$11,000 below the estimated cost of the railway construction—\$40,000. There was but \$88 difference between the accepted tender and the one of the Dexter and Richards firm, Fredericton, their tender amounting to \$29,832.

TENDERS RECEIVED. The following are the tenders received by the commission: H. G. Phillips, Charlottetown, \$54,575; F. W. Prie, Grand Falls, \$42,146.75; J. W. McMullin, Gagetown, \$42,085; Wang and MacPhail, Woodstock, \$40,974; Stewart Bros., Victoria county, \$39,080; K. MacLagan Co., Devon, \$38,647.50; Burpee Construction Co., Devon, \$34,870; Dexter and Richards, Fredericton, \$29,832 and E. F. Powers Construction Co., Saint John \$29,250.

WOODSTOCK SEEKS PLANT. A delegate, representing the council of the town of Woodstock, appeared before the commission yesterday afternoon and asked that an engineer of the commission be sent to that town to look into the matter of the proposition of the town's acquiring the plant of the Woodstock Electrical Company. The commission decided to grant the request.

An order was issued for the survey of the Musquash district as regards the installation of electrical distribution. It was also ordered to construct an extensional service to Duck Cove from the Provincial Hospital Annex. At the request of the people of Nauyaswan, a survey was made some time ago and submitted to the meeting yesterday afternoon by S. B. Weston, chief engineer of the commission. Three routes were surveyed, the cost of construction estimated in each as well as the cost of power to the consumer. It was ordered that the three proposed routes be laid out in detail to the people along with the cost of energy for each route and to allow the people to make their own choice.

FOUR SURVEY PARTIES. At the meeting of the executive of the commission last evening, arrangements were made for the placing of four survey parties locating the main transmission lines between Grand Falls and Fredericton and to St. Leonard's, across country to Campbellton and thence to Bathurst. W. S. Lee, of the firm of Lee Bros., Montreal, the consulting engineer of the commission, who has been at Grand Falls to verify checking up, appeared before the executive last evening and confirmed the findings as already submitted to Premier Veniot and which were announced by the Premier when he addressed the government convention held here last week.

WHERE FRENCH ARE FIGHTING IN AFRICA

France has territories in Africa almost as large as Europe itself, and the future of France may depend upon this colonial empire. The map shows where France is now engaged in war with the rebellious Rifian tribes under Abd-el-Krim, who has declared himself Sultan of Morocco and who seeks to make Morocco a free and independent state.

E. A. SCHOFIELD MADE HONORARY MEMBER OF WAR VETS SOCIETY

Local Branch of G. W. V. A. Confers "Valuable Service Certificate" Also—Is First Honor of Kind Presented in City

AS a mark of appreciation of his efforts toward the founding of the association in 1917 and his continued interest in and support of the organization since that time, the Saint John branch of the Great War Veterans' Association last evening presented E. Allan Schofield with an address informing him that he had been elected an honorary member of the association in the local branch and awarded the association's special "valuable service certificate."

The presentation was made at a special meeting of the officers and executive committee in accordance with resolutions passed at the last general meeting of the branch. President Joseph E. Dwyden, in a few brief remarks, expressed his appreciation of the past efforts on behalf of the organization and for the welfare of returned soldiers generally.

Mr. Schofield is the first honorary member elected by the Saint John branch of the association. He was one of those who, in 1917, at Ottawa, founded the original organization which has developed into the nationwide association with more than 800 branches and an exceptionally capable Dominion command staff at Ottawa under C. G. MacNeill.

IS DIRECTOR. Mr. Schofield was one of the original directors of the War Veterans' Building Co., Ltd. which secured the fine local clubhouse in Wellington Row for the association, and has acted for several terms as chairman of that board of directors. His deep and sincere interest in the returned soldiers and soldiers' dependents is well known and the association feel honored to have the privilege of awarding him the distinction they have conferred.

Hot Air Proves Good Method Of Hay Making

MADISON, Wis., July 21—Make hay while the sun shines was good advice when grandfather peddled a high-velocity blower. But today it is, in a manner of speaking, hot air. Experimental engineers of the Department of Agriculture, University of Wisconsin, reported today on a new method in hay making recently demonstrated at Genesee depot experimental farm. By means of a high pressure hot air fan, new mown hay was ready for baling eight hours after raking. Several hundred farmers witnessed the demonstration this week. Howard T. Greene, owner of Brookhill, the experimental farm, plans to make this year's hay by hot air, rain or shine.

WORK UPON ROADS STOPPED IN N. S.

Government Investigates Needs of Province—Cabinet Begins Activities.

HALIFAX, July 21—With Premier E. N. Rhodes and Hon. C. S. Harrington, Minister of Mines, in Cape Breton seeking to bring about a settlement of the Nova Scotia coal strike, the other three members of the provincial cabinet sworn into office last week are settling down to work in the departments of public highways, attorney-general and natural resources. Hon. J. C. Douglas, attorney-general, announced last night that he had nothing to say for publication regarding affairs in his department. He believed it wise to move carefully, he said, and intended to do so in administering the affairs of the province.

SOME WORK RESUMED. Hon. Percy C. Black, Minister of Highways, said tonight that all non-contract work on the highways had been stopped pending a complete investigation of the necessity of the work. In one or two cases the situation had been reviewed and work resumed, and other projects that had been halted would be dealt with as quickly as possible.

DETROIT INVENTOR DIES OF SHOCK. Body Found in Basement With Wires Attached to Head and Legs. TORONTO, July 21—A special despatch to the Globe from Detroit tells how William Hyde, aged 28 years, was found dead in the basement of his boarding house with electric wires attached to his skull and both legs, with electrodes to make the contact more perfect. A partly constructed "death chair" on which the young man had been working, had fallen against the cellar door, pinning Hyde's body against it. Apparently when he turned on the current to see how the chair worked, he had failed to reckon with the high voltage carried in the house service wire. The first "shock" evidently proved fatal, and as the young experimenter fell forward, the "death chair" securely fastened, had fallen with him. Hyde was known as a "tinker" and was spent most of his odd moments in unusual experiments, the last one of which was fatal.

POKING FUN AT DAYTON.

Mr. Dooley should have been at Dayton to report the evolution trial. The result might have been another classic like his well-remembered account of the Dreyfus case.

These are days when the old men are feeling their oats. The records tell us that the average age of man is being increased considerably.

When the next telenovela was called he climbed onto a hatrack, showed his teeth and tried to snatch the wig of a prominent jurist.

"Have you formed any opinion in this case?" asked Mr. Malone of the next man called.

"I have been concentrating on it with all four feet," was the answer.

"What opinion have you reached?" asked Mr. Malone.

"I think it is good enough to go over in big time vaudeville anywhere," he replied.

"The act has plenty of wig off dancing girls and some good musical numbers."

"The judge threw this man out for contempt of court, declaring that when an opinion on the show business was wanted it would be sought from a regular showman like William Jennings Bryan."

"Present!" growled a little man in a red hat.

"Scamper over here," ordered the judge, "and throw away that eggplant!"

"The little man made a pass at a court attendant and jumped five feet through the air, landing in the jury box and slipping a cigar out of his case."

"Do you know of any reason why you wouldn't put a good jurist in this case?" asked the court.

"Yes, sir, I wish to be excused," "I'm shedding my fur."

"The court ordered him clipped and seated."

"This venal chronicler reported that Mr. Darrow scolded heavily for the evolutionists by asking: 'If human beings are not descended from monkeys how has this trial gone this far?'"

"Mr. Scopes has been fined \$100, and his bond released of bail of \$500, and the case will come up again on appeal."

"The verdict is correct. The law of Tennessee forbids anyone to teach what Scopes taught, and so, whether the law be right or wrong, it was necessary to find him guilty under it. Now Tennessee's right to pass such legislation will be tested."

A JOB FOR PETAIN.

France is sending Marshal Petain, one of the most famous of its world war commanders, to look over the situation in Morocco, and is heavily reinforcing its army there.

The situation is in many ways remarkable. Repeated despatches declaring that the French had the war well in hand have been followed by others, which, when read between the lines, revealed most serious conditions.

A short time ago the French had only 60,000 men in the field, but apparently that force is to be more than doubled, and if this addition does not prove sufficient it is said the Government contemplates calling two new classes to the colors, which would mean some 800,000 men.

The situation has been troublesome at home as well as abroad. The French people have not been showing signs of joining the enemy, and some of these occupying territory behind the French advanced posts, are regarded as a source of serious peril.

When the Spaniards encountered a great military reverse in Morocco the French regarded their defeat with considerable scorn. Spain practically gave it up, and this course in France was criticized as constituting an extraordinary confession of military weakness and incapacity.

During the last few months the French have learned that although Spain did make a poor showing in the field, the difficulties she encountered were far greater than had been realized by contemptuous onlookers.

Because of divided opinion at home, and also because of other commitments, France hitherto had made a rather half-hearted effort in Morocco. The Government had not felt that it enjoyed a strong enough popular support to warrant it in placing in the field an army large enough to finish the job.

Public statements to the effect that the Rifis would be granted a favorable settlement if they were willing to accept it have been interpreted by the tribesmen, naturally enough, as a confession of weakness rather than as proof of magnanimity.

The French Government has now

ODDS AND ENDS

"You never know what you'll find among the odds and ends." From "Notes by a Wayfarer."

JIM BLUDO

Wonder if there was a "Jim Bludo" at the throttle when the steamer Comet was driven ashore in a blinding condition at Spring Lake, Michigan, one day this week.

The case seems almost a parallel of the famous Prairie Bell on the Mississippi, which was immortalized by John Hay in one of his Pike County Ballads called "Jim Bludo." Jim was the engineer, a rough diamond, a careless man in his talk, an awkward man in a row.

One night he got into a race with the Mover, a better boat, and as the reins were pulled into the furnace, and they tore through the night, the Prairie Bell took fire.

"And quick as a flash she turned and made for that willer-bank on the right. There was rumble and cuss, but Jim held out."

"For all the infernal roar, 'Till hold her nose agin' the bank Till the last galoot's ashore."

"Through the hot, black breath of the burning boat, black breath of the burning boat, black breath of the burning boat."

And Jim's voice was heard. And they all had trust in his cussedness. And know'd he would keep his word. And sure you're born, they all got off before the steamer sank.

And Bludo's ghost went up alone In the smoke of the Prairie Bell.

TOO MUCH TRIFLE

The French financial crisis is not due to the poverty of the country. France, in fact, is rich, the richest country in Europe.

French children of the laboring and trading classes are brought up with a thorough understanding of the value of even the smallest coin.

Many of them have said this also, but the country is unconfronted. It recognizes the fact that the government is in sore straits. It agrees that something must be done about the situation in a hurry or the government will collapse for want of money with which to run.

This false notion of thrift can be overturned. It can be carried to the point where it can come very near to destroying the institution which provides it with protection.

Britain is an example of a poor country and a rich government. The people there have been fairly broken on the tax wheel. They grumble, but they pay. A government, to keep things comfortable for itself, must educate people to taxes and make them think that, like the undertaker, the tax collector can not be escaped.

PASS THROUGH CITY. Mr. and Mrs. Henry Weigwood and Miss Nancy Weigwood, of New York, arrived in the city yesterday on their way to Annapolis Royal. They were at the Admiral Beatty Hotel last evening and intended to leave on the steamer Empress this morning for Digby.

FIGHT ON LUXURY. TOKIO, July 22.—An anti-luxury society has been formed here by students. It hopes to induce the wealthy people of Japan to discontinue habits of luxury.

Reliable figures to measure the movement of population in Canada are not at present available, but it may be assumed that as agricultural conditions are improving the decline of the farming population may be at least partially checked.

A favorable symptom is afforded by the later emigration figures, which show that the drift of population from Canada to the United States is less than it was a year or two ago, although it still considerable.

The whole question is of very great interest because of the general realization that nothing is more important than measures to retain the native population. Important as immigration is—and it is

vitally necessary to Canada—there is no class of immigrants that can be brought in which will be so valuable to Canada as are its own people.

Mr. Darrow, at all events, did not succeed in making a monkey of the presiding judge at Dayton.

FIGHT ON LUXURY. TOKIO, July 22.—An anti-luxury society has been formed here by students. It hopes to induce the wealthy people of Japan to discontinue habits of luxury.

Reliable figures to measure the movement of population in Canada are not at present available, but it may be assumed that as agricultural conditions are improving the decline of the farming population may be at least partially checked.

A favorable symptom is afforded by the later emigration figures, which show that the drift of population from Canada to the United States is less than it was a year or two ago, although it still considerable.

The whole question is of very great interest because of the general realization that nothing is more important than measures to retain the native population. Important as immigration is—and it is

A Thames Backwater. (Eric Chittman in Windsor Magazine) My boat swings free in this mid-England calm.

A calm too deep for labor at the oar—Cuckoo and singing reed, an air like balm.

A dulcet Thames above the last wren's roar.

Beyond those meadows, cool with after-glow,

A thin smoke rises and an ancient spire

Beaks in that mellow peace the English know,

The ordered quiet of the English shire.

A tranquil haunt, yet down that dreamy tide,

Dim-pinnacled with sunset, London waits—

London, the Pool, the purlieu scattered wide

Of earth's first city and her hundred gates.

CANADA'S EXPORTS SHOW INCREASE

Imports in 12 Months Fall Away \$46,000,000—Business Progress.

OTTAWA, July 21.—Exports of Canadian products for the 12 months ended June 30 last are well over the billion dollar mark and show an increase in value of more than \$16,000,000 above the preceding 12 months period.

Domestic products were exported from Canada during the 12 months ended June 30 to the value of \$1,075,546,094. In the 12 months ended June 30, 1924, the value of domestic exports was \$1,029,248,790 and in the year preceding that the value of domestic exports for the last four years.

Imports of foreign goods into this country during the 12 months ending June 30 last show a falling off in value of approximately \$46,000,000. The total for the 12 months ending with the last day of June was \$806,896,004. At the end of June in the preceding year they were valued at \$852,896,004, and in the 12 months preceding that again they amounted to \$864,172,857.

AVARD TO QUIT AS ASSN. PRESIDENT

To Resign Tourist Body Post—Believes Gasoline Tax is Needed.

C. C. Avard, of Sackville, president of the New Brunswick Tourist and Resources Association, will resign his position as head of the organization at the annual meeting here today, he announced last night on his arrival in the city.

He had been advocating such a tax for some time, he said, and he thought that it would be adopted soon.

Mr. Avard is at the Royal Hotel.

More than 600 people were served at supper last evening at St. Peter's garden party. Rev. C. J. Cloran, C. S. R. rector, worked earnestly to make the affair a success.

In the midst of the games, inspiring every one to participate. Mrs. M. A. Mullin was general convenor, assisted by the ladies of the parish.

Ice cream found a ready sale and all the games were carried on at the garden parties were enjoyed. A baseball game played between St. Peter's and the Imperials gave the latter the score of 14 to 1.

The City Cornet Band played. It was estimated that the affair, with perfect weather and the large attendance would net a gratifying sum for the work intended.

GOES TO MONTREAL. William E. Hopper, general manager of the Dominion News Bureau, Montreal, left last evening for that city, after a short visit here with his sister, Mrs. E. A. Titus, Peters street.

Mr. Hopper has been enjoying a holiday at Robinson, Me., with Mrs. Hopper, who with their two children, Miss Charlotte and Master John, is remaining longer to enjoy the season with Dr. and Mrs. George Baker and their son, Master Charles Baker, at their cottage at Robinson.

NO ICE USED IN THIS REFRIGERATOR

Air-Cooled Compressor Machine Proving Very Popular in England.

LONDON, July 22.—A refrigerator without ice is a novelty in domestic hygiene which is rapidly coming into vogue in this country. This machine runs off the ordinary electric light circuit, and consumes only two units a day.

The moment the temperature in the ice box rises near freezing point the plant starts automatically and reduces it to a few degrees above zero. Then the current is automatically cut off and the plant stops. It can be left for any length of time, and all the attention required is the oiling of the motor four times a year.

Waterproof Box. The air-cooled compressor is enclosed in a waterproof ice box, lined with vitreous porcelain. The box is divided into compartments with shelves, and inside the cooling coil are trays, which provide ice cubes for domestic use. All heat is absorbed, leaving a dry, crisp atmosphere, and the temperature is always maintained below freezing point.

This enables food to be left for a considerable time without fear of deterioration.

LIQUOR SELLING GREATER IN RUSSIA

Soviet Government Seizes Opportunity For Increasing The Revenue.

MOSCOW, July 22.—Russia is now returning to the free sale of strong liquors and full grade vodka in the old customary fashion. The government in the days of the Czar retained a state monopoly on vodka alone, but present the sale of wine as well as any other kind of spirits is monopolized by the government.

The prohibition—which was introduced during the war—in face of strong Communist opposition, is chiefly due to the country's need of increasing state revenue and to lessen the production of illicit vodka, on which the peasantry are wasting yearly more than 10,000 tons of grain.

DISTILLERIES WORK. Three hundred and fourteen national distilleries are now working at full blast, and are expected to produce during this year sixty-five million gallons of spirit 95 per cent. alcohol. This however, is only 25 per cent. of the pre-war production.

During last year's campaign against bootlegged vodka the government confiscated 800,000 illicit stills and millions of gallons of home-brewed vodka. Thousands of people engaged in vodka trafficking were sent to prison and deported from the industrial centre.

RECORD TOURIST SEASON IN N. B. IS ANTICIPATED

Optimistic Reports Presented at Annual Meeting of N. B. Association

PRESIDENT FAVORS INCREASING FEES

Good Results Are Indicated From Drive for Members—Secretary Reviews Year.

Indications of a record tourist season in the province are indicated in the report of C. B. Allen, secretary of the New Brunswick Tourist and Resources Association, presented to the annual meeting of the association, which is being held this afternoon.

C. C. Ayard, president of the association, who presided in his annual report, favored an increase in the annual membership dues from \$1 to \$3 a year and expressed the opinion that at least 1,000 members could be secured at this figure.

MEMBERSHIP CAMPAIGN

We continued our campaign for memberships after the annual meeting of 1924, sending letters and drafts to

Table with 2 columns: Name, Amount. Lists names like Woodstock, Saint John, St. Stephen, etc.

Total \$1,694. It was with deep regret we learn on June 19th, of the death of F. H. Stevens of Harland, vice-president of the association.

VISITING WRITERS

We learned on July that under the auspices of the C. P. R. an effort was being made by Joe Page to bring to this province a party of writers headed by F. Wolfe, editor and vice-president of "Sportlife", Philadelphia, and our association was asked to cooperate.

SHE WAS AFRAID TO SLEEP

"For a year I was afraid to sleep because of gas (from stomach) collected around my heart. Now I take Adierka once a week and have not been bothered since." (signed) Mrs. E. Cole, Adierka removes old waste matter you never thought of for constipation and is such an excellent intestinal evacuant that it is wonderful for constipation and all stomach trouble. Stops that full, bloated feeling that makes you unhappy and cheerful. No matter what you tried the ADIERKA action of Adierka will surprise you. Leading druggists.

MARTELLO TOWER

In October having learned that the Martello Tower in West Saint John was being neglected and abused, I wrote Hon. E. M. McDonald, Minister of Militia, asking that the matter be looked into, and some arrangement made to protect the property.

PROVINCIAL GRANT

The president and secretary in February visited on the Provincial Gov-

ernment at Fredericton asking for \$2,000 grant for this year, they promised consideration but later on apparently decided they could not agree to our request as the grant was renewed on the same rate as last year.

CAMPAIGN RENEWED

We renewed our campaign for membership this year sending out letters and drafts to all nearly 2,000 as follows: Sackville, 128; Fort Erie, 50; Dorchester, 71; Pettitville, 80; Hillsborough, 80; Moncton, 60; Chatham, 60; Newcastle, 97; Bathurst, 62; Edmundston, 40; Saint John, 180; Sussex, 140; Hampton, 97; Shediac, 60; St. Andrews, 88; St. Stephen and Milltown, 110; Norton, 80; Dalhousie, 19; Woodville, 70; Buctouche, 24; St. George, 45; Campbellton, 92; Richibucto, 80; Grand Falls, 41; Hartland, 88; Florville, 40; St. Leonard, 25; Plaster Rock, 26.

The returns are not yet in but indications are that we will collect about the same or a little more than last year. \$ Add Tourists Pythag.

Change Suggested.

Owing to the fact that the reports for the current year have to be made to the government and the City of Saint John in an effort to increase the tourist business. For several years our association has been a member of the Canadian Good Roads Association.

Conference Idea.

The 12th annual convention of the Canadian Good Roads Association is to be held Sept. 22, 23, 24, in Quebec. They have suggested a conference of all the tourist and publicity organizations in Canada in an effort to increase the tourist business.

U. S. Defying Platitude On Spilled Milk

WASHINGTON, July 21.—The old theory that spilled milk is not worth crying over is challenged by dairy officials of the Department of Agriculture, who estimate that 29,000,750 gallons of milk were lost last year when cows kicked over the bucket.

POOR DOCUMENT  
**MC 2035**

THE EVENING TIMES-STAR, SAINT JOHN, N. B., WEDNESDAY, JULY 22, 1925

**NO INTEREST  
 IN DIVORCE IN  
 THE ARGENTINE**

**Women Show Little Consideration for Move by Socialists**

**EQUAL RIGHTS NOT AN ISSUE**

**Slight Comment in Any Quarter Concerning New Laws for Females.**

By A. M. EASTERLING.  
 BUENOS AIRES, July 22.—United Press.—Argentine women are observing without any apparent interest whatever the usual annual congressional effort of the socialists to obtain the passage of a divorce law and a bill granting equal suffrage for the fair and the feckless.

There never has been any militancy among women here, and judging by all signs and portents there will not be this year. The few sporadic efforts to modernize Argentine women, once or twice rather conspicuous and fairly promising under the guiding hand of sisters from abroad, did not become a fact.

The social fabric is of a different warp and woof. There are very seldom any high society scandals or killings, this recreation having long ago been delegated to the peonage.

**Men Not Interested.**  
 There is no amazing interest among the male of the species, over the reform programme for woman, put forth for the second time by Dr. Mario Bravo, socialist senator, who wants to give women and men easy divorce, and the desire of Dr. Leopoldo Bard, "who want to give women the vote. In addition to the fact that the women generally don't care about voting or think of divorce, the radical nature of the proposed laws virtually assures that they will pass in either senate or chamber.

Deputy Bard declares that women in Argentina should be given what they want. The only comment on the law by the newspapers is, why not? and the editorial writers then lapse into that silence which greeted the deputy in the chamber. Some of the socialists pointed out that Bard went a little too far by specifying that while men vote at the age of eighteen, women, who mature at a much earlier age than boys, would be given the right of suffrage only when they had reached the age of twenty-one.

**Bard's Proposal.**  
 The socialist senator's proposals would make the grounds of mutual consent sufficient for divorce, and otherwise legalize it.

1. By the desire of the wife if she be of age and has offspring from the marriage.  
 2. By the desire of either of the conjugal pair when there is no offspring, provided they are of age (marriages at 12 and thirteen years are not infrequent here, and up in the wild Chaco region of the north girls become mothers at 11 years of age).  
 3. And, of course, upon the usual grounds of adultery, violence, the condemnation to imprisonment of either party (the term exceeding ten years), abandonment, death, disease, drunkenness, gambling, crimes against morals, chronic insanity, contagious disease, corruption of children, inducement to adultery, or any other crime.

Socialists "have every sympathy with the bill" and point out that Argentine womanhood is "slowly but surely taking its place in the councils of the nation," in other than purely ornamental spheres. But, they say, she is only commencing to taste the fruits of equality and it would be rash to argue that she is already fit for the somewhat hard task of adjudicating on the merits of rival politicians.

**BREEM CUTS.**  
 DU QUOIN, Ill., July 22.—With the suspension of publication of the Du Quoin Weekly Tribune here recently one of the picturesque editors of Southern Illinois quite the active newspaper field.

John T. Breen, 86 years old, had been the owner of the Tribune for 67 years. The newspaper was three years old when Breen purchased it. He never missed publication of an issue until the newspaper was forced to quit owing to the building in which the plant was housed being rased.

**Two Suspects Held In Drug Traffic Plot**

HULL, Q., July 21.—The arrest of two men, Arthur Grenier, believed to be the head of the drug traffic in Hull and Ottawa, and Antoine Leduc, taxi-driver; the uncovering of the movement of large quantities of drugs to Ottawa and Hull from Montreal with well-dressed, good-looking women as messengers and the seizure of a quantity of cocaine at the residence of Grenier, resulted from a raid by the Narcotic Squad of the Royal Canadian Mounted Police here today.

**TAXI DRIVER FREED**

**Had Been Charged With Manslaughter in Montreal When Girl Was Killed.**

MONTREAL, July 21.—Roy Bennett, taxi driver, was this morning acquitted by Judge Perreault of the charge of manslaughter on which he has been held since the death on July 2, last, of Alma Cadieux, who was fatally injured when Bennett's automobile upset. The other occupants, a girl and two men, were not seriously hurt. The men fled a short time before the arrival of the police and were not heard of again.

**Royal Hotel Has New Coat of Paint**

Completing the work of renovating the Royal Hotel, the management has had the outside of the front of the building painted a quiet blue with dark cream trimmings. The newly applied decoration has greatly added to the appearance of the building.

**WAS DANGEROUS.**  
 The police reported last evening that a window screen hanging from a window in a house on Wright street was dangerous to pedestrians. The owner of the residence, who was in the country, was notified and came to the city and secured the screen.

**Pears**

Mellowed, and colored only by Time—the purity of Pears is proverbial. That is why it is matchless for the complexion.

NEWCASTLE, July 21.—Newcastle is to have a new armory. A building 110 by 80 is being erected at the corner of George and Campbell streets.

Charles Sargent is excavating a foundation 23 by 40 under the front part of the building. The rear is to be used as a gun shed and will be of concrete. Accommodations are being provided for the use of the caretaker who will reside in the building. Separate rooms will be used for storing harness, clothing, tents and other equipment. Somers and Ramsey are the contractors.

The average American family consumed 224 pounds of dressed meat last year.

FORTUNE TELLER IS RAGE OF LONDON

Little Princess de Goldoni Has Astonishing Psychic Gifts.

LONDON, July 22.—\$1,500 was paid for a lunch for two the other day. That sounds a lot and in fact a few more dollars ought to be added for the exquisite meal that the couple ate on the Savoy's Summer Terrace Restaurant over the river.

But listen. The lunchers were Mrs. Hartley Champlin, a young American hostess whose social soirées has made her sisters take notice this season and a little silver haired woman with white

jeweled hands. This last is the Princess de Goldoni who has become the sensation of the London drawing rooms the last few weeks. No big party has been complete without her. She doesn't read crystals or cut the cards but she has an astonishing gift of telling people what is going to happen to them. She just looks at you and talks in a queer, hardly audible voice. Even Princess Mary had her round to Chesterfield House the other day.

Of course, there is nothing so vulgar as fees about it. Those whom she consults to talk and to look at generally ask her to accept a gift, and generally she refuses it. And Mrs. Hartley Champlin asked her to accept a wonderful ring of a single emerald which is understood to have been somewhere round the \$1,500 dollar mark.

It now costs an average of \$283 a year to maintain a child in an orphan's home.

R. K. Y. C. CRUISE IS HELD AT NARROWS

Lack of Wind Prevents Boats Reaching Cole's Island—

Concert Given.

Yesterday afternoon's picnic by the

members of the R. K. Y. C. Cruise,

now at the Narrows, to Cole's Island,

did not materialize as at a meeting of

the captains of the yachts and power

boats, held in the morning, it was de-

termined to remain at the Narrows for

the day, owing to the hot and windless

weather. This morning, however, at

10 o'clock, the yachts and motor boats

expect to sail for Cole's Island, and

will remain there until tomorrow morn-

ing. Yesterday afternoon the crew of

HOW YOU CAN RECOGNIZE IT. If one has tuberculosis it is exceedingly important that he knows it. Because the only way to cure tuberculosis is to start before the lungs are wasted away.

LITTLE JOE

There are a lot of blooming idiots in the garden of love. The first obstacle was the Pebble-Wall of the Bean-Shooter-Man.

The second was the Mire-of-Mud where the Saddler and his wooden horse lived.

The third was the Cucumber Patch that belonged to the Pickle Woman.

Adventures of the Twins

The Hour-Old-Woman-Who-Lived. Under-the-Waterfall told the Twins that three things would stop them on their way to Pickle Cave. The first obstacle was the Pebble-Wall of the Bean-Shooter-Man.

Flattering

It is hard to arouse much interest in the short story, most fashionable women preferring a long sleeve or none at all, but here is a type that is getting favor in Paris.

CHILD HIT BY BALL AT CHURCH PICNIC

Octavius Gates Struck in Eye on Bowling Alley—More Than 400 Attend.

Octavius Gates, five-year-old son of Mr. and Mrs. Charles Gates, was painfully injured yesterday afternoon at the picnic of the Church of the Good Shepherd, Fairville, at Grand Bay, when he was struck in the eye by a ball flying from the bowling alley.

The single man won in the baseball game with the married men by a score of 8-7.

ALL READY FOR BIG ROWING RACES AT RENFORTH TONIGHT

KEEN INTEREST IS MANIFESTED IN BOTH EVENTS

Plan To Start Seniors At 8 O'Clock Sharp

This evening the big rowing races will be held at Renforth and from early indications weather conditions will be favorable.

To Start at 8 O'Clock

The races are to start at 8 o'clock sharp and the committee in charge were planning on starting the senior event first as two of the juniors are to use the same shells for their race.

Keep Off Course

It is expected that a large number of motor launches will go to Renforth and the committee ask all owners to interfere with the course so as not to interfere with the rowers.

HOLD D.C.R.A. MATCH

Senators and Giants Are Back In The Lead For Major League Pennants

Along The Sport Trail

WELL, TONIGHT the big rowing races are to be staged at Renforth and it should prove a banner attraction to many.

A FAN says he bet that one team would double the score of another. The team he was backing won out 1 to 0.

SINCE A disturbance which marked the ending of a bout between Harry Mason of Leeds and Ernie Izard of London, in which the former was awarded a decision, some of the leading boxing critics in England have been advocating that the referee should take up a position inside the ring.

THE RACE for premier honors in both the American and National Leagues this year is one of the best on record.

IT IS ONLY on rare occasions that a catcher is placed as lead-off man in any baseball team, but this is just what Connie Mack recently did when he revised his batting order.

It is expected that a large number of motor launches will go to Renforth and the committee ask all owners to interfere with the course so as not to interfere with the rowers.

BOTH GAIN IN RACE ALTHOUGH THEY WERE IDLE

Eddie Collins Calls On Chief Bender To Pitch

NEW YORK, July 22.—The Washington Senators and New York Giants were back in the pace-making saddles of the major leagues today, without effort on their part.

Both, which drove the Giants from the lead a few weeks ago, boosted the champions yesterday, while they sat idly by as a shower cancelled their game with the Reds, the leading Pirates sailed into a Philadelphia typhoon.

Clarence Mitchell limited the Corsairs to four hits, one a homer by Eddie Moore, while the Phillies nipped Kremer for seven singles to win, 4 to 2.

Mackmen Drop Back

The Senators enjoyed a scheduled holiday while the St. Louis Browns beat off a belated attack of the Athletics, 6 to 4, pushing Mack's team back into second place.

The Giants today had a margin of only three percentage points on the Pirates, while the Senators were but one more point removed from the Mackmen.

In the one other game in the National the Cubs had a hitting feat at Boston, and won 15 to 8.

Calls on Bender

By breaking even with the Boston Red Sox, Chicago was forced to make room at third place for the St. Louis Browns.

Chicago dropped the opener 6 to 8, after calling to the mound in the ninth, the great Philadelphia pitcher hero of yesterday, Chief Bender.

In the other half of the twin bill, Ray Schalk, in his thirteenth year as a major leaguer, established a record by catching his 1,676th game. He contributed to a Chicago victory with a single.

An error by Fred Hay defeated the Detroit Tigers in the eleventh inning of a game with the Yankees, 5 to 4.

MICKEY SHANNON FALLS FROM RING AND BREAKS HIS NECK

Chicago Light-Heavyweight Died In View Of Hundreds of Fans—Harry Fay, His Opponent, Is Under Arrest

LOUISVILLE, Ky., July 22.—Mickey Shannon, Chicago, light heavyweight, died in the Broadway Arena before hundreds of boxing fans, here last night at the end of the fourth round of his bout with Harry Fay, of Louisville, when Fay drove him to the ropes and so weakened him with head and body blows that he collapsed, and fell from the ring, breaking his neck when his head struck the floor.

Fay was arrested immediately on a technical charge of manslaughter, but was released on \$1,000 bond.

Namaste Also Killed

By coincidence last night's fatality marked the second time that a Mickey Shannon had been killed during a boxing bout.

Ray McMillen, Maryland heavyweight, known in the ring as Mickey Shannon, a few years ago met the same fate while boxing Al Roberts of New York.

Shannon, killed last night, was known by other names. He occasionally boxed under the name of Patsy Flannigan and outside the ring was known as Howard Palmer. He was 25 years old.

WELL, TONIGHT the big rowing races are to be staged at Renforth and it should prove a banner attraction to many.

A FAN says he bet that one team would double the score of another. The team he was backing won out 1 to 0.

SINCE A disturbance which marked the ending of a bout between Harry Mason of Leeds and Ernie Izard of London, in which the former was awarded a decision, some of the leading boxing critics in England have been advocating that the referee should take up a position inside the ring.

THE RACE for premier honors in both the American and National Leagues this year is one of the best on record.

IT IS ONLY on rare occasions that a catcher is placed as lead-off man in any baseball team, but this is just what Connie Mack recently did when he revised his batting order.

PRICE CONFLICT IN NEW YORK

General Railway Signals Displayed Independent Strength

MONTREAL, July 22.—Strength in the Asbestos issues featured the opening of today's stock market, the common rising 2 1/2 to 7 1/2, and the preferred 2 to 104. The latter was the most active stock during the early trading. Next in activity came Consolidated Smelters, which touched a new high at 100 1/2, a gain of 1/2 from its closing quotation. The balance of the list was also strong, Brompton advancing 1/2 to 104 1/2, Quebec Power 1/2 to 104 1/2, Winnipeg Basis 1/2 to 60 1/2, Spanish River 1/2 to 102 1/2, and Price Bros. in a small lot transaction, 1 to 50. Brazilian and Shawinigan sold unchanged at 59 1/2 and 119 respectively.

NEW YORK, July 22.—Conflicting price movements marked the opening of stock trading today, as most of yesterday's leaders encountered profit taking. Woolworth, Montgomery Ward and several motor and oil issues were heavy, but General Railway Signal displayed independent strength, jumping more than three points at the outset.

Morning Stock Letter

NEW YORK, July 22.—The market would have advanced yesterday afternoon had it not been for the rise in call money rates. This situation came somewhat before the time expected to take care of money market, and the street was rather surprised. Nevertheless the market advanced down a sign that stability is still present. Perhaps the market advance rates will only last for a day or two or it may run a week. It is only temporary and that it will have no effect on the market. We look for a possible slowing down. We look for still higher prices for many issues. Many Steel Company earnings statements will be published in the next few days. They will be better than the street was expecting a short time ago, and we look for higher prices for these shares.

Brokers' Opinions

NEW YORK, July 22.—Block Maloney: "We think there is the best of absorption of all well assorted stocks and that the market should be bought on the recession. Business is on the eve of considerable expansion and the stock market will discount this in advance. Stick to U. S. Steel, N. Y. C. and other high grade rails, not to mention leading industrial." Clark Childs: "Some few stocks may have been selling too high, but as the basic market position is good and the industrial outlook so exceptionally strong, there is only a hopeful view to be taken at this time." Hutton & Co.: "The old line leaders are the safest at this stage and unless they advance more, we are not going to buy bullish on the market." Fyncheon & Co.: "There is nothing in the situation to change our opinion of the market, and we think that advantage should be taken of all slight reactions to purchase stocks."

security pact, would represent an innovation of such importance that it could not but react on conditions in the occupied territories and on the question of occupation in general. The second section asks for elucidation of such importance that it could not but react on conditions in the occupied territories and on the question of occupation in general.

MILITARY ACTION

This would mean, in effect, partisan reprisals in the matter of reparations payments and the danger of military action against Germany if the allies believed Germany had violated Rhineland demilitarization. The note proceeds to deal with the serious consequences which might arise from the form of the French proposals for the guarantee of the treaty of arbitration. Pointing out the absolute power which it is proposed to give the guarantors, the note says: "This would mean that should a conflict arise, it would be for the guarantors to decide which of the two contracting parties to a treaty of arbitration should be considered the aggressor, and they would have the right to decide, even if he were bound to one of the contracting parties by a special alliance. It is quite clear that the system of guarantees would be such construction, be invalidated, to the detriment of Germany. Real pacification, as aimed at by the German government in concert with the allied government, would not be reached."

GUARANTEE SYSTEM

"The German government hopes the allies can remove German misgivings on these points, as otherwise the guarantee system could not be brought into harmony with the spirit of the league covenant. Whereas, according to the covenant, the decision as to whether a disturbance of the peace exists must be decided by carefully regulated procedure and the application of objective measures have been subject to conditions which have to be conclusively established. All these decisions, according to the system outlined in the French note, would be put into the hands of one of the contracting parties. Such a system would not maintain peace, and might even entail serious consequences."

LEAVE THE RUHR

Plans are being continued by France for the evacuation of further towns in the Ruhr which have been occupied for more than two years with a view to forcing Germany to meet her reparations obligations. The Belgian troops, likewise, are leaving the various towns in the Ruhr, turning the municipal buildings which they occupied over to the German authorities. The town of Herne, Westphalia, was among the places evacuated yesterday, while it is expected that Essen will be completely cleared of French troops by the end of the month.

FAVORABLE

LONDON, July 22.—Germany's reply to the French security note, is given a very favorable reception by the London morning newspapers, which say that the tone is friendly, give the impression of the sincerity of the German government and justifies hope that the negotiations for a security pact will now proceed toward settlement, although this is not necessarily in the immediate view. Some commentators, however, regret that Germany raised controversial points which may lead to delay, but it is said that on the whole, the note is favorable from the fact that the points are not raised menacingly.

FRENCH CONSIDER

PARIS, July 22.—The French government has begun consideration of the German security note, presented to the allies on Monday and Tuesday. Such a system would not maintain peace, and might even entail serious consequences. The last section deals with the League of Nations. The point is emphasized that Germany as a member of the league would not have equal rights with the other members unless her disarmament should be followed by similar disarmament by the other nations. An interim solution is suggested, covering the period between Germany's admission in the League and consummation of general disarmament.

NOT SO FAVORABLE

The favorable impression made by Foreign Minister Briand's summary of the German note, was not maintained after a perusal of the text, when it was made public officially yesterday. The Petit Parisien says the tenor of the communication is that of a nature to inspire perfect optimism, but permits the hope that negotiations will open in a relatively serene atmosphere. The Nationalists, whose opinion is voiced in the Echo de Paris, ends the note contains so little satisfaction as possible.

CITY WILL BE FILMED BY GOV'T OPERATOR

Raymond S. Peck Here to Make Plans for N. B. Travelogues

THE LOYALIST CITY IS TITLE PROPOSED

Local Series Will Be Added to Those Taken Elsewhere in Canada.

Raymond S. Peck, director of the Canadian Government Motion Picture Bureau, arrived in the city last night to superintend preliminary work on a series of films of New Brunswick for distribution by the bureau. Included in the series there will probably be a tourist picture of Saint John, a film of the province's agricultural resources and scenes, a scenic picture and one of sport in New Brunswick.

Mr. Peck will be in the city for a few days while he is getting the work started. He is at the Admiral's Beatty Hotel.

The bureau has been doing a considerable amount of work and has been highly successful, to judge from editorials and letters of appreciation. One picture of "Where the Moose Run Loose," depicting hunting scenes in New Brunswick, has drawn favorable comment from Vancouver, on the west, to Jamaica, on the east.

They are widely circulated through distribution branch of the service, not only reaching the large theatres but also being shown at educational meetings and similar affairs.

Mr. Peck will be in the city for a few days while he is getting the work started. He is at the Admiral's Beatty Hotel.

The bureau now has a series of cities of importance in the Dominion and it is planned to add Saint John to that list with a picture entitled "The Loyalist City," or something similar. There will be something of human interest added to the picture in order to make it more attractive.

AMERICAN - MADE FILMS PROTESTED

British Firms Seek Government Subsidy For Their Pictures

—Would Bar Foreigners

LONDON, July 22.—Protests by British film producers against the overwhaling invasion of American-made films in the United Kingdom have reached a climax in the request of British industrialists for a government subsidy for the English concern.

Completed with the subsidy request is a demand that all American films be subject to a per cent tax based on the length of the film and the size and length of the theatre declared that the character of the theatre showing it.

Inability of the British film makers to extensively market their product in the home market was declared not due so much to the superior technique of the American films as to the superiority of the advertising that is done for them, and the wide publicity the movie stars are able to secure for themselves.

In announcing a new last year of some \$230,000 by the Royal Pictures, Ltd., Sir Oswald Stoll, president of the industry, declared that unless British pictures could be made to pay for themselves in the home market, or unless the industry was supported by a government subsidy or some private scheme, the British film industry was doomed.

The proposed duties against American-made films, he said, were not sufficient to keep them from flooding the market with material help to the British film.

**MOTORMAN'S ACTION  
SAVES TWO LIVES**  
Woman and Boy Narrowly  
Escape Serious Injury in  
Main Street.

The prompt action of a street car  
motorman averted a serious accident  
that might have had fatal conse-  
quences in Main street yesterday. The  
car was coming down hill when a lady  
crossed the track, leading a boy by  
the hand, the street car not being 20  
feet from her. She first failed to notice  
an automobile moving swiftly along-  
side the car, but when she did, she  
stepped back directly in the path of  
the oncoming car, jerking the boy with  
her. The motorman, Sidney Bishop,  
jammed on his brakes and managed to  
stop the car only a few inches from  
the lady and the boy. It was a nerve-  
racking situation, but was handled  
with promptness and passengers  
warmly congratulated the motorman  
for his skill in bringing his car to a  
stop in such a short distance and there-  
by saving the two persons from serious  
injury.

**NANCY WILLIAMSON  
WINS MAYES MEDAL**

Makes Highest Marks in Albert  
School in High School En-  
trance Exams.

Much interest was evidenced in the  
announcement of the High School en-  
trance marks on Monday and atten-  
tion has been drawn to the fact that  
Nancy Williamson, daughter of J. S.  
Williamson, West Saint John, won the  
highest marks in the New Albert  
School, and is therefore entitled to  
the Mayes gold medal offered for this  
distinction. She made an average of  
81.8. No official announcement has  
been made as yet. Miss Nancy, who is  
now 14, won the Mayes prize of a five  
dollar gold piece when she won from  
Le Tour Albert School. She was also the  
winner this year of the J. O. D. E. history  
prize given by the Board of Educa-  
tion. Her brother, Harold, won the Mayes  
gold medal when he went from Albert  
School into the Saint John High School  
in 1923.

**Sackville Woman  
Dies in Saint John**

Mrs. Sarah Goodwin, widow of  
Christopher M. Goodwin, of Sackville,  
died this morning at the home of her  
son, Charles W. Goodwin, of 199 St.  
John street, West Saint John, aged 78,  
leaving to mourn five sons, Charles W.  
residing in the city, her husband  
three years ago; Bartholomew, of West  
Sackville; Lerne V., of Amherst, N. S.;  
Hedley, of Taunton, Mass.; and Al-  
bert, of Charlottetown, N. S.; sis-  
ter, Mrs. Annie Miller, of New Glas-  
gow, N. S.; and three brothers, the  
latter of Parraboro; Charles, of Oxford,  
N. S.; and William, Mayor of Han-  
scombe, N. S. Of granddaughters,  
five and four great grandchildren. Mrs.  
Goodwin was very active in the Angli-  
can church in her home town, and  
resided after marriage, coming to Saint  
John when her husband died. The  
notice of the funeral will be given  
later.

**All Ready For  
O'Connell Picnic**

Preparations were being made at  
the East End grounds this morning to  
handle the large crowds of children ex-  
pected at the O'Connell picnic this af-  
ternoon to be held there for the chil-  
dren of Centennial, Allison, South End  
grounds and the East End. J. D.  
O'Connell was busy erecting the fence  
through which the children must walk  
to secure their candy, ice cream,  
oranges and peanuts. Miss Kathleen  
Lundy, supervisor of the East End  
ground, with Miss Beatrice Mooney,  
of Allison and Miss Katherine O'Neil,  
of Centennial, assisted by a group of  
leaders and Miss Mildred McCutcheon,  
special play leader are anticipating a  
very fine time until the affair is over. John  
Kimball and Fred Myles, the committee  
from the Playground's Association are  
also taking an interest in the picnic to  
see that everything is as orderly as  
possible. There were 1,000 bags of pen-  
nuts, candy in proportion and oranges  
stored at the grounds this morning. It  
was anticipated that pennies, bright  
and shiny, will be scrambled for by  
the kiddies as a grand wind-up to the  
annual event.

**Argument On In-  
Rothsley Tax Case**

Argument of counsel on points of  
fact and law in the case of the Village  
of Rothsley vs. Percy W. Thomson  
was commenced this morning before  
Mr. Justice Crockett in the Circuit  
Court, and is being continued this  
afternoon. W. P. Jones, K. C., of  
Woodstock argued for the plaintiff,  
and H. A. Power for the defendant.  
The evidence in this matter was given  
at the trial two weeks ago. This is  
an action brought by the Village of  
Rothsley to recover taxes amounting  
to \$1,904, alleged to be due from the  
defendant for 1923.

**Fruit Co. Officials  
Are City Visitors**

J. Scott Ryder, assistant to the man-  
ager of the United Fruit Company of  
Boston, arrived in the city at noon  
today, en route to Charlottetown on  
business. He will then proceed to  
Halifax to meet the S. S. Andalusia,  
due next Monday. Mr. Ryder is ac-  
companied by "Barnes" Bill Boyle,  
who has been in the city for a few  
days. Recently he underwent an op-  
eration in Bangor, Me., and for a time  
his condition was considered quite seri-  
ous.

Autos Passing  
In Half Hour**

AN INDICATION of the number  
of visiting automobiles in the  
province can be gleaned from a re-  
port presented to The Times-Star  
this morning by a resident of  
Rothsley avenue. He made a 30-  
minute check of the motor cars  
passing his place yesterday after-  
noon, and in the half-hour no less  
than 46 cars bearing U. S. license  
tags went by, or an average of  
three every two minutes. Most of  
the visiting automobiles were  
heading towards the city.

**MUST MAKE GOOD.**

Albert Middleton, colored, appeared  
before Magistrate Henderson in a  
police court at noon today on a charge  
of destroying the property of Caroline  
Richardson to the extent of \$12. He  
was ordered to make good the damage  
or pay a fine of \$20, and, in default,  
two months in jail.

**FINED AND REMANDED**

Leo Walsh was fined \$8 on two  
months in jail by Magistrate Hender-  
son in the Police Court this morning  
on a charge of drunkenness. On a  
charge of willfully breaking glass in the  
home of Maud McKelvey, 197 Chesley  
complaint, defendant was remanded until  
evidence.

**SAYS NOT GUILTY**

Charles Joseph, charged with stealing  
a bicycle valued at \$65, the property  
of E. H. Brundage, pleaded not  
guilty in the Police Court this  
morning before Magistrate Henderson.  
He admitted taking the machine for a  
ride but said he had returned.  
Policeman Bettle gave evidence. Joseph  
was remanded, pending inquiries.

**BANK CHANGES**

J. T. Cation, of the supervisors de-  
partment of the Royal Bank of Can-  
ada in Halifax, arrived in the city  
this morning to relieve H. E. Girvan, man-  
ager of the city's branch, who is  
going on a two weeks' vacation. J. G.  
Howe, of Charlottetown, P. E. I., ar-  
rived in the city this morning, having  
been transferred from the branch to the  
head office in this city.

**BRACELT PRESENTED**

About twenty members of Domin-  
ion Lodge, No. 2, journeyed by motor  
boat to the summer home of L. K. Kild-  
patrick, Belmont, last evening, where  
they spent a most enjoyable time. The  
guests of the night were Miss Marie Tower,  
who is soon to leave the city, and dur-  
ing the evening James McEneaney pre-  
sented her with a gold bracelet.

**FAIRMOUNT LODGE**

Fairmount Lodge, L. O. E. A. held  
its regular meeting last evening in the  
United Church hall, East Saint John.  
Miss Hazel Middlemore, worthy  
mistress presiding. Plans were made  
for a picnic to be held in the near  
Johnston and Dominion lodges. A short  
programme was as follows: piano solo,  
Mrs. Alice Hamilton; vocal solo, Mrs.  
James Brown; recitation, Mrs. W. R.  
Pepper; addresses by Mrs. Reid Lewis,  
Mrs. Joseph MacKinnon and Mrs.  
Harry Brown.

**NEW TENNIS COURT.**

The latest addition to the plant at  
the Main street Baptist church is a  
tennis court, which will be used for the  
first time this evening. The matter  
was taken up last winter by a number  
of the young people of the church and  
they decided to form a club and build  
a court on the lot at the rear of the  
church. The officers of the club are:  
Miss Hazel Middlemore, president;  
G. R. Erb, vice-president; Gerald  
Cowan, secretary; Weyman Perry,  
treasurer.

**As Hiram Sees It**

"Hiram," said the  
Times reporter to Mr.  
Hiram Horn, "can't  
you do some-  
thing to get The Set-  
tlement on the front  
page of the newspaper?"  
"Well," said Hiram,  
"if it 'ud mean gittin'  
folks to say of us  
what's his name said  
the people in that town  
in Tennessee where  
they fellows Bryan an'  
Darrow has been talk-  
in', I'd just as leave we  
didn't get into the pa-  
pers at all."  
"But surely," said  
the reporter, "you  
want the question of  
man's origin settled."  
"What I'm thinkin' about," said  
Hiram, "ain't where we come from, but  
what we are an' where we're a-  
goin'. Now you take a lily on the top of a  
lake. You don't stop to think about  
the mud it grew out of afore it blow-  
ed. As fer The Settlement, it's the  
finest place in Nook Brunswick—  
yes, sir, the finest. I'm hopin' that  
these Tourist Association'll send out  
fer some plecters to put out so's folks  
ain't in the mud."  
"Of course," said the reporter, "you  
people will subscribe funds to help  
the Association."  
"Money?" said Hiram. "Them give  
money? Not if they know it, miter.  
No sir—they ain't built that way.  
They ain't fer spendin' money—they're  
fer gittin' it—by Hen!"

Kegs of Red Rum at  
Black's Harbor**  
**OFFICER IS KNOCKED  
FROM BOAT BY OAR**

**Three Trucks Bring Con-  
traband to City—One in  
Difficulty on Way**

A desperate hand-to-hand fight with  
rum-runners in a motor boat, flying  
bullets, a search through thick, wet  
woods hampered by darkness and a  
dense fog, culminating in the capture  
of 60 kegs of red rum, and the final  
escape of the rum-runners, pursued by  
customs officers, were among the stir-  
ring adventures experienced by the  
three local customs officials in their  
raid early yesterday morning on  
Black's Harbor. The captured motor  
boat was used to convey the liquor to  
Beaver Harbor, and it was then  
brought to this city by trucks and  
stored in Poole's warehouse. The  
motor boat was left in charge of the  
customs officer at Beaver Harbor. Each  
keg contained about 10 gallons  
of rum.  
The raiding party, consisting of Of-  
ficers C. H. B. Wright, Douglas Thomp-  
son and Orlean Cole, left this city  
about 9 o'clock on Monday evening.  
On reaching the vicinity of Black's  
Harbor the party entered the woods,  
using large flashlights to guide them.  
The woods were wet and the work  
was carried on with great difficulty.

**LIQUOR LOCATED.**

Finally the first cache of liquor was  
located on the beach behind some rocks.  
A search of this vicinity, it is said,  
brought to light 22 kegs. The search-  
ers then moved over to the woods and  
several caches, all very thickly cov-  
ered with brush, were discovered. In  
all, 58 kegs were located in the woods.  
The largest cache, it is reported, con-  
tained 14 kegs.  
Faced at this point with the need  
of some kind of conveyance to get the  
alleged contraband goods away from  
this desolate spot, the officers were  
startled by the arrival of a motor boat  
on the scene. With muffled exhaust  
the speedy craft was almost to the  
beach when it was discovered.

**FIGHT IN BOAT**

One of the men landed from the boat  
and on sighting a customs officer he  
made a break for the neighboring  
woods. The other was pushed off in  
the motor boat as Officer Thompson  
got aboard. The rum runner seized an  
oar and struck the officer with the end  
of it, knocking him into the water.  
He again clambered aboard, this time  
drawing his automatic revolver. The  
rum runner jumped overboard and  
made a dash for liberty. The customs man  
sent three shots flying after him, it is  
said, and he thinks that one of them  
slightly wounded the fugitive.  
The 60 kegs, containing in all more  
than 600 gallons of red rum, all of  
which is said to be strong and cap-  
able of being diluted to about four gal-  
lons of ordinary rum to each gallon of  
the real stuff, were taken to the motor  
boat and all loaded in the motor boat and taken  
to Beaver Harbor.

**TRUCK IN TROUBLE**

Three trucks were used to bring the  
alleged contraband to the city and  
the trucks arrived last evening. On the  
way one of the trucks skidded off in  
the sand and the entire truck load  
of "wet goods" had to be unloaded and  
the aid of several men from a passing  
automobile secured before the truck  
could be hauled back on the road  
again.

While crossing the highway bridge  
over the falls one of the kegs bounced  
off the truck and landed in the road.  
An automobile containing tour-  
ists happened to be following close be-  
hind this load of liquor but the cus-  
toms officers only smiled at the sugges-  
tion that they should not bother to  
stop and pick up one more keg. The  
tourists jokingly offered to see that it  
did not remain and block the road.  
The keg went back again in the  
load, however, and the thirsty  
tourists continued on their way. This  
time the goods were safely landed in  
Poole's warehouse.

The motor boat, it is alleged, was  
not bringing any liquor at the time it  
was captured but was preparing to  
carry away the kegs which had been  
stored on the beach, either to some  
safer spot or to a vessel waiting off  
shore.

**OFFICERS PRAISED**

Collector Lockhart said this morning  
that the rum was all contraband. He  
declared that the officers deserved great  
credit for their work. The boat, he  
added, had been seized and was in  
charge of W. McKay, customs officer  
at Beaver Harbor. No trace of the  
owners or any information as to who  
they or the men in the boat were  
owners of the liquor or any fer-  
ries had been discovered thus far, he  
said.

**Picnic Is Held By  
Corona Co. Staff**

The staff of the Corona Company  
Ltd., enjoyed a merry picnic last  
evening when 20 motored to the summer  
home of Miss Hazel Scott, at Golden  
Grove, where a delicious supper and  
dance were enjoyed. Baseball was  
played in the early evening, with the  
young ladies of the company surpassing  
in skill at batting averages and  
Miss Marquette Robinson for skill at  
a twirler. Edgar Campbell was umpire  
and was taken to the grounds on a  
wheelbarrow to mark the respect in  
which he was held by the company.  
Dancing was participated in on the  
lawn and games enjoyed with Mr. and  
Mrs. A. B. Edwards, the manager of  
Corona and his wife as chaperones.  
They contributed much to the pleasure  
of the evening.

**Satisfaction!**

Owning something you have bought and bought right—the knowledge that you get  
dollar-for-dollar value—the feeling that comes over you when the prices astonish the  
folks—that is satisfaction.

Being able to tell anybody what you paid and knowing they will agree you bought  
right and did not overpay—that is satisfaction.  
When it comes to buying furniture, buying at Everett's is synonymous with satisfac-  
tion. Have you ever heard of one of our customers who failed to get it?

Then why go elsewhere?
