Ken Flewelling, Clifton Boy, Killed By Gun Discharge  
WESTON CRASH IN GERMAN CRASH

MISSILE GOES INTO LAD'S BRAIN

Working With Weapon in Garage With Cyril Wetmore Watching.

WAS ONLY CHILD

Bright Youth, Athletic and Popular—Parents are Prostrated.

A most regrettable accident occurred at Clifton yesterday afternoon when Kenneth Flewelling, aged about 14, only son of Mr. and Mrs. Sandy Flewelling, was instantly killed when a shot gun which he was handling was unexpectedly discharged and a bullet entered his right eye and passed through his brain.

At the time of the accident he was in his father's garage with a companion named Cyril Wetmore. The latter said he was sitting on the running board of an automobile and Kenneth was working with the gun. He said he heard a report as the weapon was discharged and saw his companion fall to the floor. Terrified by the appalling affair, he rushed to the house and informed the parents that Kenneth had been injured. They hurried to the garage and to their horror saw their only child lying dead.

Death instantaneous  
Hoping against hope that life was not yet extinct and that something might yet be done they tenderly picked up their child and carried him into the house. Dr. Atchison of Kingston was immediately summoned but on his arrival he announced that death had been instantaneous. Coroner Peters of Robbsey was then summoned and expected to arrive in Clifton this morning.

The unfortunate lad was familiar with the handling of firearms and was reputed to be one of the best shots in that district. Whether or not he knew the shot gun was loaded or just how the accident happened will likely never be known, but it is presumed that he was looking down the barrel of the gun to see if it was clean, when the cartridge exploded.

Kenneth was a student of grade 8 in Kingston Consolidated school and was one of the most popular boys in that district. He participated in various forms of athletics and won honors in many competitions held among the students. He was of a pleasing disposition and was beloved by his boyhood friends as well as by the residents of Clifton and Kingston.

News of the accident quickly spread and neighbors hurried to the home of his friends to tender their sympathy. The parents are prostrated with grief. The blow is especially hard as he was their only child and the pride of their lives. His death has cast a gloom over the entire district. Arrangements for his funeral had not been made this morning.

Word of the accident was wired to relatives in the United States and his grandmother, Mrs. N. N. Puddington who was visiting in Lowell, Mass., was expected to arrive in the city today en route to Clifton.

GRAND TRUNK SUPERINTENDENT SAYS DOCKS THERE WILL SEE RUSH.

Portland, Me., Nov. 5.—Superintendent A. B. McNaughton of the Grand Trunk Railroad, who came here from Montreal to witness the docking of the passenger ships, predicts a busy season at the Grand Trunk docks this winter. He says that in addition to 250,000 bushels of grain now on the way here from Canadian points, other large amounts will soon follow. Some 200 cars of grain were received at the Grand Trunk elevators last week, the first that has reached here this fall. Rogers & Webb of Boston, who for several winters have operated a freight service between Portland, Antwerp and Rotterdam, will continue it during the season of 1923-24. As usual grain will be the principal item in the cargoes of the steamers loading at this port for the places mentioned, but heavier shipments of miscellaneous freight are anticipated than have been the case in previous years.

Woman Battles With New York Gunman

New York, Nov. 5.—Mrs. Catherine Reynolds battled with a gunman who shot her husband, Francis Reynolds, early today, and held him until the police arrived. The gunman was one of three who entered Reynolds' restaurant as he was talking with his wife and five of their patrons. The leader of the trio ordered Reynolds to put his hands up, but he leaped at him instead. Three shots brought him down. Before the gunman could turn his weapon on the others, Mrs. Reynolds was upon him, wrestling him to the floor and taking his gun from him. He said he was Louis Wetmore, a laborer.

Windsor, Ont., Nov. 5.—James A. Waldie, 29, former teller at the Amherstburg branch of the Bank of Commerce, was freed on Saturday by a jury at Sandwich on charges of receiving part of \$6,000 stolen from a mail car near Amherstburg two years ago. The jury was out less than ten minutes. Justice Oude immediately ordered Waldie's release. Waldie surrendered two months ago paying his fare from Chicago, where he had been since leaving the employ of the bank a year ago. He was accused by Frank Snyder of using part of the stolen money for expensive night parties in Detroit. Snyder will be tried for theft today. He was arrested at Everett, Wis.

BONAR LAW IS AT REST IN ABBEY

Empire Pays Mourning Tribute to New Brunswick Statesman.

PRINCE PALLBEARER

Beaverbrook Also is One—Impressive Service at the Funeral Today.

(By Canadian Press.)

London, Nov. 5.—The ashes of Andrew Bonar Law, who was for seven months Premier of Great Britain, but perhaps the most modest man upon whom that honor was ever conferred, were entombed today in Great Westminster Abbey. In this shrine, wherein the nation holds its most sacred rituals, both solemn and happy—coronations, weddings and funerals—was assembled a distinguished company of nearly 3,000 persons representing all who prize and honor the memory of the late statesman. There were members of the royal family, several hundred members of the House of Commons, members of the diplomatic corps, and numerous leaders in finance and politics from which spheres the late statesman had passed into a life of public life. Also there were present many persons whose names are familiar to the readers of this paper in literature and the arts. "British soldiers, thousands of whom had written their names on the Abbey in the hope of being fortunate enough to gain admission. Recalls Gladstone's Funeral.

Except for a few men in uniform, there was no suggestion of the glitter or regalia and jewels which makes a spectacle of coronations and state weddings, for nearly everyone in the vast congregation wore mourning black. The minds of many present went back to that former day when Gladstone, who ruled for many years as Premier, was laid to rest in the old Abbey, and by the dean, clergy and the choir, King Edward, gave his arm to the widow beside the grave.

The service of the Church of England was carried out today without the musical accessories arranged for Gladstone's funeral. The choir, made memorable to musicians by one of the rare renderings of the quartette for tom-toms which has seldom been heard in a century.

Thousands of people lined the streets to witness the short procession as it passed by the church to the Abbey. The pall-bearers joined in the cortege a short way from its destination. The service was conducted by the Dean of Westminster, the Right Rev. Herbert Edward Kelly, and presented by the Archbishop of Canterbury, head of the state church pronounced the blessing.

During the moments of waiting before the noon hour struck, Bethoven's funeral march and "The Rag" were played on the organ. As the coffin was brought through the great west door of the Abbey it was borne by the dean, clergy and the choir, with the Archbishop of Canterbury.

Bearing the casket were four non-commissioned officers of the King's Own Scottish Borderers and four from the Royal Air Force. They represented the organizations to which belonged the two sons of Mr. Law, who last their lives in the world war.

Prince is Pallbearer.

The congregation rose as the coffin was borne through the nave and the choir to a position in front of the altar. Ten pall bearers walked behind the casket. They were the Prince of Wales, representing King George; Prime Minister Stanley Baldwin; Hon. John Henry Whitley, the Speaker of the House of Commons; Former Premier Balfour and Asquith; Viscount Fitzalan, former Lord Lieutenant and Governor General of Ireland; Lords Carson and Beaverbrook; and Austin Chamberlain and Ramsay MacDonald, Viscount Pitt. The boys had been dressing a spanking since last Tuesday when they were sentenced to that punishment by the recorder for stealing automobile radiator caps. CALLS WAR GRAVES POORLY DESIGNED

Maine Representative Found U. S. Burial Sites in Europe Ugly.

Portland, Me., Nov. 5.—The plains upon which the American cemeteries in France were designed are "lamentably inadequate and characterized by a false economy," according to Representative A. Platt Andrews, of Gloucester, Mass., who arrived here on the United States liner President Taft. Mr. Andrews said he found that the work of leveling and planting of trees and shrubs was being carried on expeditiously and will be completed soon. Much of the delay in completing this part of the work was caused by the removal of the 46,000 bodies taken to the United States and the subsequent necessary removal of those remaining. "I visited all seven of the American cemeteries," he said, "and have no criticism to offer in regard to the Graves Registration Service in France. They have had an immense and difficult task to perform, and they have done better than I should expect."

TO EXHUME REMAINS OF FIVE HUNDRED

Quebec Cemetery to go to Make Way For Construction Work.

Quebec, Nov. 5.—Progress respects neither living nor dead, and to make place for the waters of the Chicoutimi and Des Sables rivers, which are to be regulated by \$2,000,000 dams under construction at Kenogami, near Chicoutimi, not only will the residents of the parish of St. Cyrille, a small village, have to move away, as previously decided, but even the ashes of their ancestors must be disturbed. Such is the decision arrived at by the Running Streams Commission.

Tenders are called for the exhumation of some five hundred bodies, all that remain of some of the pioneer settlers who in the last forty years passed away, after devoting their lives to the opening of the Lake St. John and Chicoutimi district.

The bodies will be interred either in a new cemetery at a short distance or taken to other parishes. The work will be accomplished before the end of the present year, the cold season being appropriate, and also because by this time next year water will cover their open graves.

Permission will have to be obtained from the civil courts for the removal of each body, as the law provides that the last repose of the dead must not be violated without the authorization of the Superior Court, and this for very serious reasons.

While the dead are not concerned with the doling of the commission, their sons are disputing foot by foot their land, and in several cases it will be necessary to resort to expropriation, as the demands for compensation are too high.

The Kenogami dams, when completed, will allow the all-year operation of the pulp and paper mills depending on water powers of the two rivers above mentioned. The largest interests benefiting are Price Brothers and the Chicoutimi Pulp Co. and its subsidiaries.

His hands were torn from the spokes by a big wave, but Edgar, clinging to the wheel with one hand, grasped his brother's wrist with the other. A moment later a towering mass broke over the bow and carried Raymond overboard.

Row Starts Over Arrest of Hanger-on at a Pool Room.

(By Canadian Press.)

New York, Nov. 5.—A riot in which two policemen were stabbed and an assailant shot, spread three blocks in Harlem's "Little Italy" yesterday afternoon when 2,000 enraged men battled with the police. The miniature war was precipitated by the arrest of a poolroom hanger-on at 111th street and Second avenue, who refused a patrolman's order to move. The riot spread and soon had the detective and policeman backed against a house. A second policeman came to their aid and was stabbed in the back. Meanwhile a riot call was sent in but until after the policeman and the detective were showered with bricks and stones from the tops of tenement houses. The mob was dispersed by the reserve after a ten minute hand-to-hand fight.

299 Eggs in 365 Days Is Record Set By Canadian Hen

Ottawa, Nov. 5.—A record of 299 eggs in the 365 days of the Canadian egg laying contest year, and 300 eggs one year from the time her first egg was laid, has just been made by a White Leghorn hen, the property of the Hollywood Poultry Farm, Washington. Second place was won by an Ontario Barred Rock bred and owned by the Rev. H. A. E. Clarke, of Mabery, Ont., with a record of 289 eggs. The bird's score was the same as another Hollywood Poultry Farm bird which stands in third place, but the Barred Rock won out on size of egg.

POLICEMAN'S LEAP STOPS A RUNAWAY

Pursues Horse on Bicycle for Six Blocks, Then Jumps on Its Neck.

New York, Nov. 5.—A well-populated section of Brooklyn got a thrill when a frightened horse bolted and ran six blocks with its wagon while a patrolman raced after it on a bicycle. Irving Miller, driver for the Blake Wet Wash Laundry Company, had left his wagon at the curb at Blake and Sheffield avenues, with a chain thrown around a horse. As he was unfastening the chain his horse shied and started down the street before he could stop it. Patrolman Maurice Healy jumped a bicycle and started in pursuit. He was half a block behind. The horse, with the wagon swaying dangerously, crossed Pennsylvania avenue. There was another wagon directly in the path of the runaway. The runaway horse swerved just enough to clear itself. The laundry wagon side-swiped the other, and the driver, Leslie Fox, was hurled from his seat to the street. This slowed down the runaway and Healy began to gain.

Five blocks further, at Miller avenue, he left the bicycle in a flying leap for the horse's neck. He caught hold and hung on, while the animal dragged him half a block before he could stay it.

Healy was taken to Bradford Street Hospital, where it was found that his ankle and wrist had been sprained, and he had been only slightly cut on the chin.

COLLAPSE OF MARKET HITS MANY

United States and English Financial Men Suffer Big Loss.

GERMANY GAINER

Thousands of Dollars of Small Investors are Swept Away.

(By Canadian Press.)

New York, Nov. 5.—Between \$500,000,000 and \$750,000,000 has been lost by U. S. investors through the collapse of the German market, the Tribune states today. English investors lost about \$500,000,000 and other countries a like amount, the newspaper continues, declaring that Germany not only repudiated its national debt, but had been the gainer to the extent of about \$2,000,000,000.

The loss includes the funds of thousands of small investors, it was said, many of them German-Americans who bought marks at one and two cents each, in the belief that they would recover. It also includes money invested in German bonds payable in paper money.

Doubt Is Expressed.

Francis R. Sisson, vice president of the Guaranty Trust Co., expressed doubt as to whether Germany would be able to establish a stable currency before a basis for a settlement of the reparations question was decided upon, the Tribune states, quoting him as follows:

"I do not believe the decline of the mark to its present stage of weakness was due to a deliberate plot on the part of Germany to evade responsibility for its paper money. The decline of the mark began soon after war was declared, and it has declined ever since as a result of Germany's economic condition."

BRIDAL PAIR DEAD

Probably Overcome by Gas While Young Wife Was Preparing Breakfast.

New York, Nov. 5.—Joseph Martino, 26 years old, and his bride of a few weeks, Alberta Martino, 24 years old, were found dead, lying fully dressed across the bed, with the table set for breakfast. The house was filled with gas.

It is believed that the wife was preparing breakfast, unaware of escaping gas, and that both, feeling dizzy, lay down for a moment and were overcome. Martino was a builder with an office in Jamaica. About three months ago he was overcome by gas but was revived. The bodies were found by Joseph Santamarra, a tailor, who occupied the second floor of the two-family house. He smelled the fumes and entered the apartment.

REACH AGREEMENT

Washington Hears That British, Italy and Belgium Favor Experts Conference.

Washington, Nov. 5.—State department advice indicate that Great Britain, Italy and Belgium have reached an agreement favoring a free and full reparations inquiry by an expert committee.

In effect the position of these three countries, as understood here, coincides with that taken by the U. S., and opposes the stand for a restricted inquiry only taken by France. This development, indicating an entirely new alignment of the European allies over the reparations question, appeared to stimulate hope here that eventually the French, too, would accept an unrestricted programme of inquiry rather than risk diplomatic isolation. Heretofore both Belgium and Italy have followed the French lead in most of the questions affecting reparations.

### Mr. and Mrs. Wm. F. Cronk Receiving Congratulations

The congratulations of a large circle of friends are being extended today to Mr. and Mrs. William F. Cronk, of 7 High street, the occasion being the fiftieth anniversary of their wedding day. The day of rejoicing, however, has a touch of sadness on account of the fact that the bride of fifty years ago is detained through illness from participating in the celebration which would otherwise have marked the occasion.

Mrs. Cronk, before her marriage was Miss Charlotte E. Whelpley, eldest daughter of the late Daniel and Jane Whelpley, formerly of Public Landing, where Mrs. Cronk was born, and later of St. John. The wedding took place in St. Peter's Anglican church, at Public Landing, the officiating clergyman being Rev. E. S. Woodman. Soon after their marriage Mr. and Mrs. Cronk moved to the city where they have resided ever since. Mrs. Cronk's sister, Mary, now Mrs. J. S. Edwards, who is now residing in St. John, was bridesmaid and the groomsmen, J. F. Cherry, is living in Calgary at present.

On account of the serious illness of Mrs. Cronk, the anniversary was not quietly observed, but many messages of congratulation have been received at their home and several of them were there during the day to wish them more years of happiness.

Both Mr. and Mrs. Cronk are of Loyalist descent. Their family consists of one son, Frederick T., who went to South Africa during the war and has taken up his residence in Johannesburg; and two daughters, Miss Elizabeth and Florence who reside with their parents.

The complainant pleaded that no further enquiry be made for he was the sole support of herself and children. Magistrate Henderson said that he would take these circumstances into consideration and also the fact that the complainant had quite a record in the court for irritating and exasperating people. He said he felt that the ends of justice would be met by imposing a fine of \$100 and allowing it to stand providing the defendant would enter sureties to keep the peace. The accused gave two sureties of \$100 each and was allowed his freedom. E. J. Henderson appeared on his behalf.

New York, Nov. 5.—If it's true that barking dogs never bite, say the neighbors of Mrs. Helen Hotchkiss Ehlertman, who has an estate on Stanwick road, Greenwich, Conn., then the \$20,000 worth of canines that Mrs. Ehlertman keeps in \$6,000 worth of kennels there must not have any teeth.

In a petition filed with Oscar D. Tuttle, first selectman of Greenwich, three persons who live near Mrs. Ehlertman's place charged that her dogs are night howlers and sleep destroyers, and asked an end to the alleged nuisance. The petitioners were Dudley Hall, Charles Curtis Bird and Dr. Jessie M. Bowman, of the Dr. E. B. Bowman dispensary.

Mrs. Ehlertman's attorney, Ralph E. Brush, later got an injunction in the Superior Court, Bridgeport, temporarily restraining Greenwich officials from taking any action on the petition of the three neighbors.

Tuttle said the selectman will meet today at 4 p. m., when all parties concerned, except the \$20,000 worth of dogs, will be heard. According to Mrs. Ehlertman's counsel, she depends largely on her dogs for a livelihood and would be financially embarrassed if obliged to give up her kennels.

If the neighbors can devise some method to remove the bark from the dogs at night she would be grateful. Mr. Brush said, insisting in behalf of his client, however, that these dogs are not yapping curs with strident voices, but rather elegant creatures that ought to be a privilege to hear.

Greenwich society is very much interested in the case, since Mrs. Ehlertman's dogs are prime favorites with prominent folk who have estates there.

## Bonar Law Is At Rest In Abbey

(Continued from page 1)  
zalan and Lord Cawson had been closely associated with Mr. Law's political career, the former as chief whip of the Unionist party, the latter in the fight to keep Ireland as part of the United Kingdom, Lord Beaverbrook was there as one of the dead statesman's most intimate personal friends.

The group of mourners following the bearers included his daughters, Lady Sykes and Mrs. Villiers, Mrs. S. D. and Rev. K. L. Law; his sister, Miss Law, and his son-in-law, Major Gen. Sir Frederick Sykes.

The opening sentences of the burial service were chanted by the choir in procession to the west door. After the dead read the 23rd psalm and the lesson from the eleventh chapter of Revelation, verses 1 to 14, then followed the hymn "The Strife is O'er, The Battle Done," and to the notes of the organ the congregation left the Abbey to the choir to the place of the coffin in the second south bay. Then the organ played Chopin's funeral march.

Reserved for Statesmen  
The authorities of Westminster have decided to reserve the south bay, where Mr. Law was buried, for the internment of statesmen and the corresponding organ of the Abbey for the men of science and letters.

The former premier and his family during their life in London had been members of St. Columba's church of Scotland, a church to which many Scotch residents of the city are attached. Mr. Law's ashes had been taken there from the house on last Monday night after the cremation and the pastor, Dr. Archibald Fleming, conducted a Presbyterian service there at 10:30 o'clock this morning.

Inasmuch as flowers for funerals in the Abbey are out of the custom, a great number of wreaths were sent to St. Columba's church, a distance of two miles from the Abbey.

## Land 2,144 in Day

Portland, Me., Nov. 5.—The new State Pier was the scene on Thursday of the greatest activity the Port of Portland has known in years, when two giant liners, with a combined total of 2,144 immigrant passengers, docked and discharged their precious cargoes of human beings.

On board the Tuscania were at least ten happy young women. An ocean had separated them from the men of their hearts, and now that barrier was crossed. Four of the ten were even happier than the other six, because their lovers were at the dock to greet them. And three of the four achieved the greatest desire of their hearts almost as soon as they had landed by promising without delay to love, honor and obey.

**Albani at 71 Is Teaching Singing**  
London, Nov. 15.—Last week saw the 71st birthday of Madame Albani, once Marie Lajeunesse of Montreal, and famous opera singer, and Premier King of the other Canadian Canadian delegation took occasion to felicitate the prima donna on the attainment of that anniversary.

Madame Albani has been teaching singing for a living. Her circumstances are not too ample and it has been suggested in high quarters that the people and Government of Canada might well recognize in her old age the great singer, who, in her heyday, made the voice of Canada heard on all the world's opera stages.

GET THE TOURISTS. The announcement that there is to be co-operation between New Brunswick and Quebec in regard to motor tourist traffic is very welcome.

WHO THREATENS? Somebody is threatening the Panama Canal. It must be so, for the United States Secretary for War, who is recommending an appropriation of \$830,000,000 for next year, has discovered that he needs \$1,500,000 more to begin additional defences for the canal in line with the plans mapped out by the general staff.

AFFAIRS IN BRITAIN. Mr. Lloyd George will return to England in good time to take part in the discussion of the tariff issue that has been raised by Premier Baldwin.

THE PROTESTANT ORPHANAGE, THE CHILDREN'S AID SOCIETY and many other institutions of a benevolent nature are the more efficient today because they had in years past the sympathy and support of Mrs. David McLellan.

HAS CHEERY WORD ON ST. JOHN FUTURE

New Freeman Sees Good Signs in Opening of Dry Dock.

The New Freeman on Saturday devoted an editorial to the subject of home pride, and offered the following optimistic observations: "Has the tide turned? Are we, really, on the eve of better things, on the threshold of great events?"

There is a saying that the darkest hour is just before the dawn. Assuming that the temperament of the people reflects actual conditions, we may say that the darkest hour is past and that the dawn is about to break.

Urged Courtenay Bay Development Forty Years Ago. That Cabil Wetmore had appreciated the possibilities of Courtenay Bay 40 years ago, and that he had advocated its conversion into a second harbor and a dry dock built in the subject of a letter received from G. V. White of Moncton.

EMINENT VISITING SPEAKERS SUPPORT CAUSE OF CHURCH UNION

Rev. C. W. Gordon and Dr. Jas. Endicott Address Large Gathering.

The Church Union movement of the Presbyterian, Methodist and Congregational churches within her borders unite thirty years ago about the same union.

The mass meeting in the interests of the Union movement which was held last night in Centenary church with more than 400 people listening to hear the eminent speakers, Rev. C. W. Gordon, of Winnipeg, and Rev. Dr. James Endicott of Montreal.

The two speakers were eloquent and greatly impressive addresses. The chairman of the meeting was Hon. J. G. Forbes and besides the two speakers there were with him on the platform, Rev. R. G. Fulton, Rev. H. E. Thomas, the choir of Centenary church led in the hearty singing of the hymns and Mrs. M. Curran sang the solo, "Going Home" most appealingly.

Dr. Gordon said he believed when the three churches meant the cutting aloof from their history and traditions. As a member of the United Church he entered into the best traditions of the three and the history of the British Empire recorded the services of each of the three.

Dr. Gordon said Dr. Endicott had spoken of what a united church meant to foreign missions and he wished to emphasize the fact that this cry for union had not come from the cities but from the outposts and the mission fields.

THREE WOMEN TRY SUICIDE IN DAY

Only One, Who Leaps Six Stories, Succeeds—Others in Hospitals.

New York, Nov. 5.—One woman is dead and two others are recovering in hospitals as the result of attempts at suicide within 24 hours. The ill health of one, a heated argument with a landlord by the second and the discouragements of bread winning of the third, were ascribed as causes for their acts.

Misfortunes in a steady stream, including her inability to find work to support her blind husband and their two children prompted Mrs. Cecelia Tankin, 35 years old, of 608 East Thirtieth street, to jump into the East River from the ferryboat Joseph O'Donohue. Members of the crew rescued her. Her husband has been blind two years; one of her children is seriously ill, and she lost her position two weeks ago. She is recovering at Bellevue.

LOTS OF MONEY

Required To Be Successful Lord Mayor of London

London.—Beginning Nov. 1 and continuing for one year, Sir Louis A. Newton will every month dig down into his years, draw forth a bunch of kale and proceed to spend it with a lavish hand. Which, translated into Londonese, means that the aldermen of the city of London have just elected him lord mayor.

Lord Mayor Sir Louis A. Newton (Left), with Edward Cecil Moore, former Lord Mayor, in their robes just after election.

There is a mayor of Holborn, of Westminster, of Shoreditch, etc. But the most important of all the London boroughs is the City of London. When you say City here you always mean the square mile of territory which comprises the oldest and most important part of the metropolis, and includes the great banks and financial institutions and many of the famous buildings. It alone has a lord mayor.

Here is how a lord mayor is made. The people vote for aldermen who have a life job. From their own body in rotation in order of seniority they choose a lord mayor each year. Thus each alderman, if he lives long enough, will be lord mayor some day.

But all this is a mere drop in the bucket. Out of his own pocket the lord mayor usually spends \$100,000, or more. One recent lord mayor spent \$300,000. To begin with, he must give four great banquets which are fixed events. One of these is his own banquet on the day he is sworn into office. There is a banquet for the bishops and church dignitaries, another for the judges, and another for the bankers, at which the chancellor of the exchequer usually makes one of the most important speeches of the year.

Finally the lord mayor is supposed to head all big charities. For instance, when the Japanese earthquake news reached London the present lord mayor at once called upon the citizens to contribute to a relief fund. And, of course, the lord mayor led the list with a substantial donation.

HALIFAX "LOVER" ATTEMPTS SUICIDE. Halifax, Nov. 4.—Sobbing out the name of the girl whose unresponsive love caused him to attempt to take his own life, George Smith, twenty-two years of age, of 2 Uniaske street, was found dangerously wounded in a Göttingen street restaurant late on Saturday night by other patrons who rushed to him when they were startled by the sound of a self-directed bullet.

Wet feet - sickness. Dry feet - health. WET or damp feet are the cause of most winter ills. Frequently through wet and damp feet health is undermined and the disease is developed which will cause years of suffering.

Grapes Grow Out Of Doors In B. C.

Victoria, Nov. 5.—Grapes as fine and luscious as those of Portugal are now being grown out of doors on Vancouver Island. Schaper of Victoria, the pioneer of grape growing here, has been exhibiting specimens of the classic fruit produced in this city.

The vines were originally imported by Mr. Schaper from Portugal and the "sweet water" are of Swiss origin.

Mr. Schaper says that grapes can be produced here quite equal to those of the countries mentioned. As he desires to encourage the cultivation of the vine in this province, for grapes are also successfully grown in the Fraser valley—Mr. Schaper is supplying, free of charge, cuttings from his vines to anyone who may apply for them.

These grapes are good eating ones, make excellent port wine, "white wine," or grape juice, and are particularly suitable for the making of jellies.

Many prizes have been awarded at exhibitions for grapes grown from cuttings supplied by Mr. Schaper.

was, to a high pitch of enthusiasm at a reception and dinner in the Billmore Hotel.

Other speakers were Gov. William S. Plyn, President William H. P. Faunce of Brown University, Bishop William A. Hickey, Mayor Joseph H. Gainer and Supreme Venerable Giovanni Di Silvestro. Superior Court Justice Antonio A. Canastote acted as toastmaster.

The reception and dinner formed the first and outstanding social feature of the national convention of the Sons of Italy, which opened yesterday morning, but abruptly ended in confusion when a New York delegate, Luigi Antonini, refused to rise as a mark of respect to President Canastote, and even refused to rise when Supreme Venerable Di Silvestro waved an American flag in front of him.

IN MEMORIAM WON IN TURF CLASSIC

Jockey Garner Given Check For \$10,000 For Beating Zev and My Own

Latoria, Ky., Nov. 4.—A Kentucky-bred and owned horse, with a Kentucky boy in the saddle, caused the greatest surprise that has climaxed a turf spectacle in years when in Memoriam defeated Zev and his greatest rival, My Own, in the \$60,000 Latoria championship stakes Saturday before a crowd of 45,000 spectators.

Sprinting into the stretch, in Memoriam conquered Zev, the conqueror of Papyrus and winner of the Kentucky Derby, racing him into submission and finished across the wire a winner by at least six lengths. Back of the finishing heels of Zev came Rear Admiral Gary T. Grayson's My Own, trailing eight lengths back. Rialto, the fourth starter in the race, was distanced in the stretch and pulled up without even trying to catch the flying leaders. The race, a grueling test of one and three-quarter miles, was run in 3 minutes and 4-8 seconds.

Jockey Mack Garner, who rode in Memoriam to victory Saturday, holds the distinction of riding Rockminster when that three-year-old established the track record.

Harry F. Sinclair, owner of Zev, evidently was convinced that Zev could not be beaten because he plunged \$60,000 in the pari-mutuels before the race. Sinclair first wagered \$80,000. Then he dumped \$20,000 more. As the hour for the start drew near, he wagered an additional \$9,000 and finally threw \$4,000 more on Zev's chances to win.

Because Zev and My Own were such overwhelming favorites, a \$2 ticket in the pari-mutuels on In Memoriam paid the liberal price of \$23.60 to win. The price on Zev was forty cents to a dollar, while the figure on My Own was \$3.75 to \$1. The odds on Rialto were \$1.80 to 1.

The spectacle aside from the three minutes of stirring struggle was the most brilliant in the history of the classic race. The crowd at the finish cheered wildly as Jockey Garner, his boyish face alight, was lifted to the platform in front of the stand and took his place with Owner Wiedemann while James M. Cox, former Governor of Ohio, made the presentation speech in presence Wiedemann with a gold cup valued at \$5,000. Wiedemann, who won \$50,000 in cash as first prize for In Memoriam's triumph, presented the boyish looking Garner with a check for \$10,000 as a reward for his victory.

FAIRVILLE WANDERERS WON.—The Wanderers from Fairville notched their second victory since organizing when they defeated the Orioles on the Shamrock grounds, 23 to 0. Touchdowns were made by Gary (32), Miller (2), Hayes, G. Reid and T. Reid.

Maritime Indoor Meet Here Nov. 16

The Maritime indoor track and field championships will be decided here at the Arena on the night of Friday, Nov. 16, according to an announcement last evening from the Y. M. C. I. under whose auspices the meet will be conducted. Entries will close with W. E. Stirling, Y. M. C. I., on Nov. 13. The championship events are: 100 yards, 300 yards, 1,000 yards, one mile, three-mile, one mile relay, 12-pound shot put, pole vault, running high jump, and 100 and 300-yard scholastic sprint. Winners in these events will be champions. The school events are open to boys not yet nineteen years old who are regular attendants of a recognized school. A 50-yard dash for boys up to sixteen years is on the card. This meet promises to be one of the best ever held here with prominent athletes from all parts of the Maritimes competing.

FREDERICTON HIGH WON SCHOOL TITLE

Capitals Repeat 1922 Win by Defeating St. John on Saturday, 17 to 0

(Canadian Press Dispatch) Fredericton, N. B., Nov. 4.—Fredericton High won the New Brunswick Interscholastic rugby league championship on Saturday when it defeated the St. John High School team, 17 to 0 in the final game of the schedule, before one of the largest crowds that ever watched an interscholastic athletic contest here.

All the scoring in Saturday's game was done in the first period when Fredericton High jammed over five tries with their scrum controlling the ball and getting it out to the back division who opened up an aggressive attack with accurate passing and running. McCordick, Steen, McCurdy, Hudson and Babbitt were the players who went over the St. John line for the five tries. Babbitt converted but one, the fourth, which was scored by Hudson.

Fredericton had all the advantage of the territory play in the opening of the second half, too, but in the closing minutes St. John High made vigorous attempts to score and for a time it looked as if the Fredericton defence was commencing to give away. Once the ball was carried over Fredericton's line, but Referee Gregory Bridges, the U. N. B. coach, called it a safety, James Hewitt was on the ball at the bottom of the pile of players of both teams. Frequent free kicks were awarded Fredericton in the last portion of the closing half by Referee Bridges, when he became aware that the visitors were not playing the "up-and-over" game properly, but were holding and batting the ball back with their hands. Case, Fritz and Humphrey were the players who figured principally in St. John's gains in the second period.

The teams lined up as follows: St. John High—Fullback, Mowrey; halves, Humphrey, Whittier, Rice and Brown; quarters, Fritz (Capt.), Bodley, Case; forwards, Heveon, Nelson, Ewing, Baxter, Linton, Corbett and Petrie. Subs, McKenle, Connel, Hutcheon and Penton. Fredericton—Fullback, Hewitt; halves, Goodspeed, McMullin, McCordick and Steen; quarters, Rutter, Babbitt and Hickson, (Capt.); forwards, Hurley, Boyd, Douglas, Vaughan, Hanson, Chestnut, Mills. Subs, Ryan, Oldham, Fowler, Vivian.

Walters Sends Regrets

Halifax, Nov. 4.—H. R. Walters, chairman of the Board of Trustees of the International Fishermen's Trophy, received the following message from Captain Angus Walters of the schooner Bluenose on Saturday evening: "On reflection, I regret the effects of my action, I was under great strain. I am a fisherman, not a sportsman. I acted hurriedly and did not realize that other people were so largely interested."

QUEENS CAPTURES COLLEGE GONFALON

Kingston, Ont., Nov. 4.—Queens won the senior C. I. R. F. U. championship for the second year in succession when they defeated Varsity yesterday afternoon by 18 to 5 before 8,000 people.

The Queens line held like a stone wall at all times, and Varsity had to resort to a kicking game to get their points. The Queens line plungers were in their element and time after time tore the Varsity line to pieces. Pep Leadley again was one of the stars of the game, his kicking and running being sensational. Warren Snyder was the best man on the Varsity lineup, his work being spectacular.

Ottawa, Nov. 4.—Ottawa suffered a 9 to 6 defeat at the hands of the M. A. A. A. rugby team here yesterday afternoon. A touchdown by Glickman off Harding's fumble in the third period gave the visitors the verdict. The game was enlivened in the opening period by a merry mixup in which players of both teams took part.

FAKE INVALIDS FOIL ROBBERY

Detectives Nab Armed Men About to Seize Payroll of Home.

New York, Nov. 5.—Posing as office employees and incurable invalids in wheel chairs and on crutches, fifteen detectives of the Bronx branch of the Police Department prevented a theft of the \$6,700 payroll of the Home for Incurables last week, and arrested two armed bandits. So smoothly was the coup manipulated that not even the regular office force of the home or the patients knew what was going on.

Two men who admitted that their purpose in visiting the home was to steal the payroll are in the Bathgate avenue police station and were to be arraigned in West Farms Court. They are Max Viera, 25 years old, formerly an orderly at the Home, and Sidney Holdsworth, 20 years old, an unemployed driver. The detectives found a map of the building with exits marked in red ink on Holdsworth.

It's the Blade that Counts. In moments like this the skates are all-important—games have been won or lost on the efficiency or inefficiency of a single player's skates.

In the last quarter—score tied—everyone "on their toes"—each man on both teams straining for an advantage, and using his last ounce of energy toward one purpose—to "bulge" the net and score the winning "counter".

That's when the skate blade counts—it must have just the right "edge" that it has early in the game—it must grip the hard ice sufficiently to give you the speed advantage over your opponent.

**WHOSE LAND IS LOG CABIN ON?**

Courts to Determine Between James F. Bean and School Trustees.

When James F. Bean built a log cabin some two years ago at Upper Loch Lomond, St. John County, he was firm in his belief, according to his own contention, that he was constructing it on his own land. The trustees of School District, No. 20, Parish of Simonds, however, argued that it was on the school lot. Their arguments led to no solution, and the only recourse was to the courts.

Accordingly, the matter is now before Judge Chandler in the Supreme Court, King's Bench Division, and the hearing, adjourned from the last session of the court, was commenced on Saturday and is being continued this afternoon. Kelley & Ross are representing the school trustees, who are asking for an injunction to restrain Mr. Bean from further trespass and for a definition of the limits of the school lot. H. Powell is representing the defence. Evidence was given on Saturday by G. G. Murdoch, James English, Herbert Crockett and Ross Nell, for the applicants, and Mr. Wilson and the defendant on behalf of Mr. Bean.

**As Hiram Sees It**

"Well, sir," said Mr. Hiram Hornbeam to the Times reporter, "I wish you'd been with me the other evening. A lot of school gals was herin' a social time with the boys, and a few of the older folks to look after the coffee and cake. They had a red nice little programme of songs and readings—and then they called on me to make a speech. Well, sir—when I got up and seen all them there poopy gals lookin' at me I just wanted to faint."

"You old rascal," said the reporter, "you wanted one of them to hold your head while the others gave you first aid. Of course you wanted to faint."

"I wasn't that at all," said Hiram. "I just didn't know what I orto say—an' I wanted to set right down."

"And did you?" asked the reporter.

"No, sir," said Hiram, "I talked fer quite a spell."

"I knew it," said the reporter. "I knew you would."

"Well," said Hiram, "I ain't the fust man that kep' on talkin' when he hedn't nothin' to say—or woman, neither. Aint that so?"

"As a faithful scribe," said the reporter, "I am bound to admit it. How did the young ladies behave?"

"I could hev kissed 'em all," said Hiram. "They was just as nice as they could be. Do you know what I think I think the young fellers now-a-days aint half good enough fer sich gals as them—no, sir."

"What are Mrs. Hornbeam's views?" queried the reporter.

"She says," replied Hiram, "that if the young fellers now haint got no more spunk than I hed when I was courtin' her—she's sorry fer the gals. An' if she knowed how many speeches I hed all made up—an' didn't hev spunk enough to make 'em to 'em—she'd hev the proof right there—By Hen! But the young fellers aint like that now. One gal aint enough—they want a harem."

**SERVICE EVERY EVENING IN YEAR**

This Among Interesting Announcements by Bishop LeBlanc.

Several announcements of interest were made by Bishop LeBlanc in the Cathedral of the Immaculate Conception at the 9:15 mass yesterday morning. The collection on All Souls' Day amounted to \$888. The amount given on Sunday, Oct. 28, for the improvement of the new Catholic cemetery was \$640 as the quota of this parish in the total of \$1,600 required. His Lordship said that the fence to be placed around the place of burial would not be erected until next spring as it would be too late this year when the material arrived. He said the collection in the Cathedral was a very satisfactory one.

In announcing the opening of the Cathedral high tea in the Y. M. C. I. building this evening, to continue each evening until Saturday the Bishop said that the proceeds were for the school fund and that a large amount of money was needed, for another school building was required to meet the educational requirements.

Franciscan Next Sunday.

On next Sunday the preacher at the masses in the Cathedral will be a Franciscan priest who is coming here to establish in the parish the third order of St. Francis. His Lordship said that at the pilgrimage to Ste. Anne de Beausaire the summer it was an edifying sight to see a large number of business men from the U.S., members of the third order, attending wearing the garb of the order.

His Lordship spoke with pleasure of the large number that attended on Saturday evening at 7:30 o'clock at the inauguration of the new service of evening prayer and he hoped to see even more in future. The Pope, he said, had ordered that the Rosary be recited in every cathedral every day and in every parish church on each Sunday. The Rosary, Litany and evening prayers will be recited in the Cathedral here every evening in the year. Bishop LeBlanc's sermon, which followed, was on prayer for the departed souls.

**WOULD ACQUIRE THE RIFLE RANGE**

Matter Reported at City Hall When Main Street is Discussed.

Telephone rates, the progress of the work being carried on by the New Brunswick Power Co. in Main street, the development of streets in the North End and the acquisition by the city of the Rifle Range property were among the items discussed at a committee meeting of the council this morning.

Mayor Fisher suggested that it would be a wise thing to ask the Public Utilities Commission what was being done about telephone poles when the matter was likely to come before that body as he believed the lots was about up a street which increase had been granted. It was decided to send a communication asking for this information.

Commissioner Frink reported that the work on Westmorland road had been completed and a letter culvert at the junction of the county line was causing some trouble. Commissioner Thornton, who was of the county council, said he would look into the matter and try to have it remedied.

Mayor Fisher said that he would not have any report on the city survey for the council on Tuesday as he wished further information. He reported that the public works department was about closing its asphalt work for the season, there remaining about 2,900 yards to finish.

Commissioner Bullock asked what about Main street, was it the intention to have this street open all winter and traffic held up.

Commissioner Frink said it had been hard for him to contractor to get blocks. He had taken the matter up with the Power Co. and believed they were doing all possible to rush the job.

Commissioner Thornton said some blocks had arrived and pointed out that if Elm street were extended through to Metalf extension it would be possible to relieve the congestion very materially.

Commissioner Frink said he was glad the commissioner had brought this question up. He had advocated action along these lines for some time. There was one obstacle in the way which seemed hard to remove and that was the rifle range property. The city had offered the government \$20,000 for this and it had cost them \$18,700, thus giving them a profit of nearly \$1,300, but they had come back with a suggestion that if the city would provide a site for the rifle range they might be willing to negotiate. While he did not think it was the duty of the city to do this there was a piece of land which might be secured for the purpose at Red Hill, on the Gills property.

Commissioner Wigmore suggested that the commissioner take up the matter with the present Minister of Defence and see if negotiations could be more successfully carried on.

**PLEASANT SURPRISE.**

The presentation was by Gerald Murphy, and Miss Bourke responded very pleasantly. The party broke up a little after midnight, and the young people all said that they had had a very enjoyable evening.
