New York's Mayor Dies On Steamer While Nearing Ireland

Wm. J. Gaynor Taking Ocean Trip for Good of Health From Farm Boy He Had Risen to Be Striking Figure in New York Life and at Times a Possibility for Presidential Nomination—New York Situation Now All Deranged

Special To Times) New York, Sept. 11.—Mayor William Gaynor of New York City, died on the steamer Baltic at one o'clock on Wednesday afternoon. The cause of death was heart failure, which resulted from the ailment which he had contracted on his last voyage to Europe, when he was struck by a heart ailment, according to Mr. Adamson, and the mayor expected to return and enter the campaign with his life as farm boy.

Mayor Gaynor was born on a farm near Whitesboro, N. Y., in 1821. He had to help the family there in his struggle for existence and in this he had to take time for his own education. His career as mayor of New York bore the imprint of his personality in many striking innovations. As he expressed it, he "never quarreled with the organization leaders because I was too busy. I simply went on and did my work from day to day and I kept their hands out of the public treasury."

Approaching Queenstown Mayor Gaynor sailed away from New York, a fast falling man, on the morning of Sept. 4. An hour before he sailed, his secretary, knew of plans outside of members of his private family. The mayor's secret purpose was a brief vacation on the coast. He felt that the tonic effect of the sea would restore him to his former health. The Baltic due at Queenstown today. The news of his death was sent wireless to Cuxhaven by Rufus W. Gaynor, and relayed to New York by wire.

WANTS PARTIES TO MAKE COMPROMISE ON IRISH QUESTION London, Sept. 11.—Earl Lamburn, for six years lord chancellor under the liberal government, in a long letter to the Times, appeals to both great parties for a conference with a view to the settlement of the Irish question by consent on the ground that the present home rule bill cannot provide a permanent solution.

SCORES SLIT SKIRT New Britain, Conn., Sept. 11.—Rev. H. T. Walsh, pastor of the Church of Our Lady of Mercy in a scathing arraignment of modern dress, in addition to expressing his personal opinion of the gowns of 1913, announced that he would refuse communion to any woman who appeared at the altar clad in slashed or diaphanous gowns.

FOUND DEAD

James Taylor of North End Lay on Floor of Home Where He Lived Alone

When neighbors, missing him from about the floor about ten o'clock this morning, called on F. Roberts gave permission for removal of the body. The coroner said he had been dead more than forty-eight hours. He had not been seen about the house for at least two days. The body was taken to Fitzpatrick's undertaking parlors in Waterloo street, whence the funeral will be held tomorrow. Mr. Taylor, who was about sixty years of age and unmarried, leaves no relatives except his nephew, Matthew Cavanaugh, of the North End fire department. He was a shoe-cutter by trade, and for years had been employed in Hurley's shoe factory.

COUNTRY PLANNING TO BE AS IMPORTANT AS TOWN PLANNING

Scientist's Look Into Future—A Stock Taking of World Resources

Birmingham, Eng., Sept. 11.—The annual meeting of the British Association for the Advancement of Science was resumed today. The speaker, Dr. H. N. Dickson, said the day of striking geographical explorations passed with the finding of the earth's two poles, and the geographer of the future must have as his field the vital questions of supplying and distributing food and clothes to the world. Foremost of these questions, Mr. Dickson believes, is the world's wheat. An equalization will arise from several causes, among them being the cultivation of the soil and more uniform distribution of manufactures.

PLUNGES SWORD INTO BODY

Tokio, Sept. 11.—The offices of Baron Makino, the minister of foreign affairs, were the scene today of a revolution act, when a fanatic attempted suicide there by the old Samurai method of harakiri.

BEATING AGED MAN CHARGE IN MONCTON

Moncton, N. B., Sept. 11.—Fred Armstrong was arraigned in the police court this morning, charged with assaulting and beating James Fitzgerald, sixty-five years of age, in the Riverside Hotel, Duke street, on last Sunday. On request of Chief Rideout, His Honor adjourned the case until tomorrow morning.

PLATE GLASS BROKEN

Two large plate glass windows in the building in Main street, Fairville, owned by John Collins and occupied by William Pink and James Mohan, were broken last evening by some unknown person or persons who threw large stones through them.

Praise For Promptness in Deciding the Matter But Method of Procedure Draws Fire — Jerome Incensed at Discourtesy Both to Thaw and New York State

(Canadian Press) Colerbrook, N. H., Sept. 11.—Harry K. Thaw, attorney at law, arrived here after a fifty-mile flight in an automobile, spent the night in an hotel room here under guard. Lawyers kept him up until a late hour, leaving him to await extradition to New York. In another part of the hotel, William Travers Jerome arrived.

AGAINST UNION

Feeling That Pressure Should Cease Before Great Damage is Done

Toronto, Sept. 11.—Committees appointed last June by a meeting of Presbyterians attending the congress and general assembly, who are opposed to organic union, met during the latter part of last week in Toronto. In connection with the work of organization, the secretary reported that he had already received a list of representative names from nearly all the districts represented by the Presbyterians from coast to coast. The feeling everywhere that the pressure for organic union should cease before irreparable damage was done to the cause of true Christian unity.

NEW CAR BARNS IN WENTWORTH STREET IN USE AFTER TODAY

The old car barns in Indianstown will no longer harbor the many street cars of the St. John Railway Co. after today. Official notice was given the men today that they were to house their cars tonight, upon their last run, in the new car sheds in Wentworth street. The new car sheds are fully ready for the demands which will now be made upon them and in future will be the headquarters for the street cars. A great majority of the men engaged either as motormen or conductors reside in the neighborhood of the sheds in Main street. It will probably mean the removal of many families from that section of the city, unless there is an early-morning car to convey them to the new barns and another in after midnight to bring them home.

LIVE WIRES

Advertising is like the copper wire that carries the electricity from the dynamo and turns the wheels. It brings energy to you from the highly charged dynamo of business. It comes to you through the columns of your favorite newspaper. Use the live wires of advertising in newspapers like The Telegraph and Times. Make them serve you. You will be astonished and pleased at the splendid business activity of the merchants and manufacturers. You will realize that it is for your benefit. For unless it is of use to you it is all waste energy. Be alert. Be up to date. Get the best there is out of life. The men and women you admire because they do things are advertising readers. They do things because they know. They are advertising readers because they know these live wires of advertising carry the news that keeps them up to date.

SAYS APOSTOLIC FAITH IS MAKING INDIANS INDOLENT

Baptist Representative in Manitoba Declares Condition of Affairs Serious

Winnipeg, Sept. 11.—A serious condition of affairs among the Indians at Fairford, Manitoba, is reported by Rev. S. P. Lough, who represents the Baptist Union of Western Canada in that district. Mr. Lough says that, owing to the extent to which the tenets of the subject of the Apostolic Faith have obtained among the Indians, they have been neglecting their cattle and allowing them to die. He said: "This Indian reservation, situated on Lake Manitoba, about 100 miles north, there being about 2000 Indians in the different reservations at Fairford, Sandy Bay, St. Martin and Crane River. The Baptist church has carried on work there for some time and J. S. Clark, M.P., was in charge until he arrived here. He looked after the physical and spiritual needs of the Indians, as well as preaching to them in health."

PROTECTION OF WOMEN AND SUPPRESSION OF WHITE SLAVERY — EASIER TO DEAL WITH SLAVE DESERTERS

Toronto, Sept. 11.—The amendments to the criminal code for the protection of women and the suppression of white slavery, which were passed at the last session of the dominion parliament, went into force this week. Moral reformers are greatly pleased with the new sections dealing with the latter subject. Rev. Dr. J. G. Shearer said that they were the best in the statute books of any country. They were more stringent than the British law of 1912 or the United States Federal law. "When the proposed amendments were drawn," said Dr. Shearer, "we had the Imperial law in mind. It seemed to me a good one and I am glad to say that the government has incorporated in the revision the strongest features of the two."

BRITISH WOMEN GOLEERS ON THE WAY TO CANADA

London, Sept. 11.—Three leading British women golfers—Muriel Dodd, the champion; Gladys Ravenscroft; Miss Harrison left Liverpool last night on board the Victorian for a brief tour of Canada and the United States. They will play in the women's championship tournament of Canada at Montreal and later represent Great Britain in the tournament for the women's championship of the United States at Wilmington.

Marsh Road Some Day One of City's Principal Streets, Says Mayor—Final Plans For Street Car Line There

The details of the agreement between the city and the St. John Railway Company, under which the street railway lines will be extended from Conroy's corner to the One Mile House and thence to Kane's corner, were settled at a conference at city hall this morning. The chief change in the agreement as previously outlined was the decision of the city commissioners that the rails should be laid in the middle of the road, the decision being made by a majority of three to one, Commissioner McLellan vigorously opposing it.

MORE LEeway TO THE INSPECTOR IN MATTER OF FRENCH IN SCHOOLS

Toronto, Sept. 1.—The government's revised plans for the supervision and regulation of the English and French schools of the province are announced by the Hon. Mr. Ferguson, minister of education, in a statement made at a meeting of the cabinet. They provide means by which, through the exercise of judgment on the part of the chief inspector of public and separate schools, hardship may be obviated in special cases.

NEW AMENDMENTS TO CRIMINAL CODE ARE NOW IN FORCE

Protection of Women and Suppression of White Slavery — Easier to Deal With Slave Deserters

Toronto, Sept. 11.—The amendments to the criminal code for the protection of women and the suppression of white slavery, which were passed at the last session of the dominion parliament, went into force this week. Moral reformers are greatly pleased with the new sections dealing with the latter subject. Rev. Dr. J. G. Shearer said that they were the best in the statute books of any country. They were more stringent than the British law of 1912 or the United States Federal law. "When the proposed amendments were drawn," said Dr. Shearer, "we had the Imperial law in mind. It seemed to me a good one and I am glad to say that the government has incorporated in the revision the strongest features of the two."

ANOTHER EXPEDITION TO THE ANT-ARCTIC

London, Sept. 11.—J. Foster Stokholm, who was intimately associated with the late Captain Scott in organizing the fateful expedition to the South Pole, is arranging for another trip to the Antarctic. The plans are for an expedition to start from London in August, 1914, to explore King Edward VII land. It is expected the explorers will be away for nearly two years, sailing in the steam yacht Polar, specially built for navigation in polar regions. Ontario's Murder Case Windsor, Ont., Sept. 11.—Coroner Brien seemed satisfied last night that the identity of the dead woman found in a corn field at Old Castle, would be established within two weeks. She is supposed to be Mrs. Newman, North Bridge, a hamlet ten miles north of Windsor. Mrs. Newman has been missing for several days and her husband and son are under surveillance.

BIRTHDAYS OF NOTABILITIES

THURSDAY, SEPTEMBER 11

George Bell, prominent lumber merchant and manufacturer, Montreal, was born at Champlain, Que., seventy-five years ago today.

P. W. Ellis, one of Toronto's prominent manufacturers, is fifty-seven years of age today. He has served as president of the Canadian Manufacturers' Association and is now chairman of the Toronto Hydro-Electric Power Commission.

His Honor Judge Klein, Walkerton, Ont., the first German-speaking judge in Canada, was born in Berlin, Ont., on September 11, 1831.

LIGHTER VEIN

Mrs. De Tind (at Long Beach Hotel) - I beg pardon, but did you not say you were presented to the king during your tour abroad?

"Her Neighbor—Yes, madam. "And you spoke of other experiences of a like nature?"

"I was presented to several of the crowned heads of Europe, talked with many of the great generals and diplomats, and was granted an audience with the Pope."

"Weren't you scared?" "Not at all."

"Then, if you are not afraid, I wish you would tell the head waiter that this salt box is empty."

A boy who had done something to incur the wrath of his mother and then had taken to his heels was hotly pursued for some distance by her. Finding it was useless to continue the pursuit and almost beside herself with rage, she suddenly shouted at the top of her voice: "I'll give anybody sixpence to catch that boy!"

Tommy's Aunt—Won't you have another piece of cake, Tommy? Tommy (on a visit)—No, I thank you. Tommy's Aunt—You seem to be suffering from loss of appetite. Tommy—That ain't loss of appetite. What I'm suffering from is politeness.

There is a young lawyer in a town which shall be nameless. He has little or no practice and is at present feeling discouraged. On leaving his office the other day he placed a card on the door on which he had neatly written: "Will return in an hour."

When he came back he found written in the card the words: "What for?"

Not long since a Scotch school board inspector asked the members of a class that was under examination: "What is the cause of the saltiness of the ocean?"

Flushed with the discovery, which had flashed upon her mind, one little girl raised her hand.

"You may tell," said the inspector. "Salt fish, sir!" exclaimed the pupil triumphantly.

FINE SHOW AT GEM

"Tapped Wires" is Fascinating Story of Rival News Agencies—Other Features as Attractive

The scheming and intrigues of one large news agency to be considered superior in its service and establishment to a rival concern of the same nature are the basis of a very interesting story of adventure presented in two reels by the Essanay Co. yesterday at the Gem Theatre. Those who saw it seemed decidedly pleased with its exciting scenes and were particularly interested in the careers of the two young fellows engaged in flashing the news from the keys in the story which was entitled "Tapped Wires." The drama was produced with cleverness and both acting and staging were up to the splendid standard of Essanay presentations. Two comedies by the Essanay Co., "At a Telephone" and "The Zulu King," aroused untold merriment while E. A. Emil displayed his fine baritone voice to advantage in a pleasing solo. An entertaining programme of musical airs was given by the orchestra.

RECENT WEDDINGS

MacKay-Ryder.

St. Stephen, Sept. 10.—This evening at 7:30 o'clock Trinity church was the scene of a very pretty wedding when Miss Helen Gertrude Ryder, daughter of Mr. and Mrs. John Ryder, of this town, became the bride of Leslie Gower MacKay, of Sydney (C. B.), the ceremony was performed by Rev. Craig W. Nichols, the recent pastor of Trinity church, but now of Westfield (N. B.).

Appley-Snodgrass.

A quiet wedding was performed by Rev. H. Pierce at Portland Methodist parsonage yesterday afternoon at 3:30, when Miss Maggie Snodgrass, of Young Cove, was united in marriage to Walter H. Appley, of Hampton (N. B.). After the ceremony, which was attended by a few friends, Mr. and Mrs. Appley left by train for their future home on Darling Island, Kings county.

Arburs-Lamb.

A very attractive house wedding took place last evening at the residence of Mr. and Mrs. Joseph Lamb, Lakewood, when their daughter, Clementine Arburs, was united in marriage to William C. Arburs, of Silver Falls, in the presence of a large number of relatives and friends. A beautiful arch and bell of ferns and flowers adorned one end of the spacious parlor and beneath these the young couple were united at 8 o'clock. The bride was given away by her father and Rev. J. J. Pinkerton officiated.

White-Smiths.

The wedding of Miss Era McEellan Smith, only daughter of Mr. and Mrs. B. Frank Smith of East Florenceville, to James Robert Douglas White, son of G. L. White, M. L. A., of Centreville, took place at noon yesterday in the Baptist church at East Florenceville. Rev. J. McLuckie officiating. Miss Mildred White, sister of the bridegroom, was the bridesmaid and her father, George Smith, was the usher. After a wedding reception at the home of the bride's parents Mr. and Mrs. White left for St. John whence they will continue on a wedding trip to Philadelphia.

Kethro-Gibb.

At the home of Archibald Gibb, 102 Dorchester street, yesterday afternoon Rev. J. H. A. Anderson officiated in marriage George M. Kethro, of Moncton, and Miss Inez H. Gibb. The bride wore a pretty blue travelling suit and black beaver hat. She was attended by her sister Miss Isabelle Gibb who wore a blue suit and white felt hat. Fred E. Hayter was best man. After the wedding, Mr. and Mrs. Kethro left for a trip through Nova Scotia and on their return they will dwell in Moncton.

CHURCH TOO WORDLY FOR UNION OPINION OF HON. S. H. BLAKE

Fears True Worship Being Undermined by "Intoning" of Prayers

Toronto, Sept. 11.—That the churches are not yet ready for union, that they must first get rid of a clinging worldliness, a tendency to formal worship and mechanical services, is the opinion of Hon. S. H. Blake, voiced in an open letter from his pen just issued.

"If a union be attempted," he says, "without casting out the world from the members which are to compose it, this will breed decay, and a process of disintegration will set in, as such ineffectual union is inaugurated.

"If you desire a mechanical union of churches in order to save money in the work which they are attempting to carry on, this should not be difficult to accomplish. It must, however, be clearly understood that this is not the union for which our Lord prayed. Such a union is pleasing to the national man, whether inside or outside the church; it does not disturb him, and is now much in the air."

Mr. Blake finds in the intoning of the prayer one of the sources of weakness. He says: "To what may the present cold, prayerless, self-sufficient, ungodly state of the church be traced? First, the virtual abandonment of prayer be placed first? The people were, and are being, taught to abandon it, and are abandoning it in our churches. Most naturally it follows that it is not found in the homes. This portion of the service is taken possession of by the choir and ceases to be prayer. The tone and spirit of prayer is cast out. The union from on high is looked for in vain. The holy, grave and reverend manner of the early days is replaced by a cast-iron unadorned utterance on one note which the choir seeks to catch from the minister who seeks in turn to pick it up again from the choir.

"The process of educating the people away from prayer to a monotonous, sing-song game between the minister and the choir has been fatal to the act and spirit of prayer."

COLLIERY LABOR IS DISCUSSED AT HALIFAX MEETING

Provincial Workmen's Association Calls for Higher Wages—Sydney Mines Raise Important Question—Committees Meet Today

(Canadian Press.) Halifax, Sept. 10.—The wages of the poorer paid classes of colliery labor occupied a considerable portion of the time at today's session of the Provincial Workmen's Association. This question is the most important to come before the session of the Grand Lodge and at present has been referred to a strong committee composed of a delegate from each lodge for consideration. There is a very decided feeling that the time has now come when the laborers who only earn \$1.50 per day should be given an increase and there is also a strong sentiment in favor of the preparing for a campaign for a general increase of all classes. This matter, however, will be decided by the committee today.

Problems from the Sydney mines are looming up large at the present session. One of the first to be encountered was of a somewhat peculiar nature, however, affecting the international government of the order more than the working conditions. It was an attempt of a Sydney Mines man, Arthur Davis, to hold a seat in the convention as a preliminary to starting a campaign against Grand Master MacNeil for his office. Two Sydney Mines men had announced themselves as candidates for important Grand Lodge offices, N. MacDonald being in the race for the grand secretaryship. Mr. Davis' case was taken up at the beginning of the session and as it was decided he had no credentials, he was denied a seat in the meeting.

The question of improving the traveling ways was taken up, and after a long discussion this matter was left to the legislative committee. This is a question particularly affecting Sydney Mines and a number of the delegates from there urged that the government be petitioned to enact legislation compelling the company to carry the traveling roads over the haulage ways. It was also decided to ask for a change in the mines regulation act specifying the size of traveling roads as six feet wide by six feet high.

At present the law merely states these must be reasonably high and wide. The question of pushing coal boxes from the face to the haulage ways was also under discussion and was referred back to the lodges for further consideration. The eight-hour day, weekly pay and old age pensions were also considered. There will be no regular session of the Grand Lodge tomorrow, instead various committees will be in session. It was also decided to urge on the government the advisability of installing electric safety lamps in collieries.

BOSTON WORKMEN NARROWLY ESCAPE Derrick Hoisting Twenty-Ton Boiler on Old Custom House Boilers

Boston, Sept. 10.—Several workmen had narrow escapes this afternoon when the upright of a derrick on the old custom house broke just as a twenty-ton boiler was about to be hoisted to the top of the building.

The boiler was on a platform on the Broad street side of the building, and men in the employ of the Perth Construction Company had completed the fastenings and the signal was given to raise the boiler. The upright of the derrick strained under the heavy weight and it is understood that the top of the upright snapped off when the boiler had been lifted about six inches. This tore away the supports and the upright fell against one of the steel uprights of the tower base, breaking in two.

As the boiler was but a few inches above the platform it fell back into place and the men there were not injured. One workman sitting on the roof of the building was grazed by the falling timber, but was not hurt. A piece of the broken spar fell and crashed through the fence around the building, but injured no one.

Two men were riding on the boiler and when it dropped back to its bed it rolled slightly toward the building and the men rolled off. As the tip of the spar, with the supporting wire-ropes attached, fell before the upright toppled over, it caught on the steel uprights and held the broken piece of the spar from falling on the workmen below.

A large crowd gathered around the building to watch the men working at dizzy heights as unconcernedly as though they were in the street and made the most of the opportunity to comment adversely on the "tower proposition."

FORD KEAST DEAD

The death of Ford Abner Keast, a well known young man of North End, occurred last evening at the home of his mother, Mrs. Emma L. Keast, Prospect Point road, after an illness lasting for some time, from tuberculosis. He was about twenty-two years of age and popular with many friends. About two years ago he went to Boston to work, but returned early last spring, not being in good health. Besides his mother, he is survived by his young wife, to whom he had been married just a little more than a year, and by one child. He also leaves a younger brother, Rupert. The funeral service will be held tomorrow evening at eight o'clock at his mother's home, after which the body will be taken to McDonald's Corner, Queen county, on the steamer Majestic, for interment.

JAMES FARLEY DEAD; VISITED HERE RECENTLY

Noted Strike Breaker Made Fortunes in This Work—Was Here Few Years Ago on Similar Mission

New York, Sept. 11—The death of James Farley, known through years of leadership as a strike breaker in many cities of Canada and the United States, was reported early today from his home in Plattsburg.

Farley resided and was generally given the credit of starting the "industry of strike breaking."

Farley's profit came by a premium of so much a head paid to him for the men whom he furnished and kept in service during strikes, and in a few years he grew rich at his newly created business. He was credited with making \$800,000 during the Interborough Rapid Transit strike in this city and still larger sums in later years, when he broke up strikes in Chicago, Cincinnati, San Francisco, and many other places in the United States and Canada.

Farley came to New Brunswick a few years ago in connection with labor troubles then existing in the southern part of the province. He was in St. John a time and stayed at a King Square Hotel but under an assumed name. Very few indeed knew who he was.

FINE ADDITION TO HANDSOME HOME OF THE LOCAL K. C.'S

Ready For Occupancy About First of October - Large Assembly Hall

The handsome new building of the Knights of Columbus, St. John Council No. 887 will be ready for occupancy about the first of next month. The final touches are being put to it now. The new building, which is attached to the older one of stone in front, is of brick and consists of a large assembly hall, a dining hall, kitchen, cloak rooms, bath, and ante-chambers. It is expected to prove a valuable and popular addition to the already large and beautifully appointed quarters of the knights in Coburg street, and will be greatly appreciated for large gatherings of a social nature and in the work of the council.

The large new hall is of brick nicely finished on the outside with stone facings, with a "G" over the main entrance from the lawn. There is another entrance at the rear, and two from the main building, upper and downstairs. The assembly room is the largest of its kind in the city. It has a clear floor space of sixty-eight by forty-eight feet, and is about thirty-five by eighteen feet. Each room is to be tastefully finished in modern style.

A new hot water heating plant will be installed by J. H. McParland & Son not only in the new building but also in the old structure. The masonry has been done by B. Mooney & Sons, the carpentry by Edward Farren, painting by James Poles and lighting by W. F. Rhea. H. H. Mott was the architect. The plans for the opening of the new hall have not yet been definitely arranged, but are being considered.
