

ADDRESS
ADOPTED

But it is plain that the Government Propose Pushing Remedial Legislation.

And Make it as Stringent as Possible—Mr. Tarte's Proposal of Enquiry.

The House Passes a Resolution of Condolence With the Queen and Princess

Ottawa, Jan. 24.—The house last night unanimously passed addresses of sympathy to the Queen and Princess

and as follows: "We, your Majesty's dutiful and loyal subjects in parliament assembled, humbly approach your Majesty with renewed expressions of our attachment to your Majesty's person and crown. The intelligence of the death of H. R. H. Prince Henry of Battenberg, has deeply touched the hearts of your Majesty's subjects in Canada. We speak in your name as well as the expression of our earnest sympathy in the affliction which has befallen H. R. H. the Princess Beatrice of a consort and your Majesty of a son-in-law—a young prince enjoying the happy prospect of a long and useful career. We pray that the God of consolation may comfort your Majesty and long preserve you to your people."

Ottawa, Jan. 24.—Hon. Mr. Costigan's declaration in the house last night, that no provincial law would now be satisfactory, goes to show that the Dominion government has not only decided to go on with its coercion bill, but that it is going to be made as stringent as possible. In fact the old French schools are to be re-opened, meaning that if a Dominion law were passed, no power would repeal it, not even the Dominion parliament which passed it.

Mr. Tarte condemned this in the most unqualified terms, and said that the Catholics would not be satisfied with the old schools, which were inefficient; neither would any bill passed by French votes be satisfactory, because the cry of French domination would go forth from the schools. He said that Mr. Tarte condemned the Quebec school system, and said that it required to be improved. He relied upon the Manitoba government to give a remedy to the Catholics.

Ottawa, Jan. 24.—(Press Dispatch.)—During the whole afternoon session of yesterday which was occupied by the discussion of Hon. Jos. Martin's bill to amend the Northwest representation act.

Col. O'Brien then took the floor and continued the debate on the address. Speaking on the school question, he said it had been settled by the parties who had the right to settle it, and it should be left with them to settle. The rights of the so-called minority were all secured, and such was not the case in Quebec, where such was not the case in Manitoba. The minority in Manitoba had no right but those in common with other British subjects. He would oppose with all his power and might any interference with Manitoba.

After recess Mr. Tarte spoke, confining himself almost exclusively to the school question. He said there was a scheme and some measure of redress to be given. As to remedial legislation, he said the government was not to put anything to gain by immediate legislation, but the country had much at stake. He wanted an inquiry during the present session, and legislation, if the result of the investigation. He said as to what they wanted, Manitoba would certainly fight the Dominion States in the courts, so there was nothing to lose by an investigation. The Dominion government could not supply money to maintain separate schools, and in the meantime the Catholics had none. He did not want separate schools in Manitoba such as existed in the Dominion of Liberals and Conservatives to investigate the school question.

Hon. Mr. Costigan followed. He said that unless the government were to amend the constitution, all sense of justice in the country would be destroyed. The government's policy of remedial legislation was in the best interests of peace and justice. He had said in Manitoba that they would accept the decision of the parliament with the most perfect respect that the government felt towards the minority in carrying out their pledges.

Mr. Laurier replied, saying that he would just do none where justice was done, but no one surely wanted to reverse one injustice by committing another. Canada had an arbitrary con-

SHIPPING
FALLEN OFF

Startling Decrease in the Volume of Maritime Province Shipping Since 1874.

Two New Torpedo Boats to be Sent to Halifax in the Coming Spring.

Dr. Bingham Will be the Liberal Candidate for North Ontario Next Election.

Halifax, Jan. 24.—The shipping of the maritime provinces continues to show a most astonishing decrease, and the chances are that if the diminution goes on at the present rate, another decade will practically wipe it out. During twelve years the total tonnage has fallen from 800,810 tons in 1874 to 680,765 in 1885. Nova Scotia vessels in the same period have fallen from 3,019 to 2,689; New Brunswick's from 1,066 to 908 and Prince Edward Island from 230 to 100.

It is stated in military circles here that two first class torpedo boats will be sent to this station in the coming spring. The will be larger and more powerful than those now here, and will be accompanied to Halifax by one of the big transport vessels.

Ingersoll, Ont., Jan. 24.—Richard Wilson, a prosperous farmer of this vicinity, while visiting his daughter, Mrs. Henry Greig, of Salford, and being in apparently good health, died to-day while enjoying an after dinner smoke.

London, Ont., Jan. 24.—Ferry Lockhart son of J. C. Lockhart, and a well known vocalist, has been drowned accidentally.

Beaverton, Jan. 24.—At a convention of the Liberals of North Ontario, Dr. H. S. Bingham, of Cammington, was unanimously selected a candidate for North Ontario at the next Dominion election.

Woodstock, Jan. 24.—Captain G. F. Williamson, a very highly respected resident of Princeton, is dead, aged 49.

THE DISTRESSED ARMENIANS
Miss Barton and Her Band Will be Passed by the Porte.

Washington, Jan. 24.—Miss Barton and her party, who were permitted to distribute relief to the distressed Armenians, but not as members of the Red Cross League. The news came to the state department to-day in a cablegram from Minister Terrell, who says the Porte refused to officially recognize the Red Cross, but will permit any person whom Minister Terrell names and approves to distribute relief, provided the Turkish authorities are kept informed of what they are doing.

MANY LIVES WERE LOST.
By the Cause of a Panic Over a Fire in a Russian Circus Theatre.

St. Petersburg, Jan. 24.—The official investigation into the cause of the fire which destroyed the circus theatre at Pskov, capital of the south Russian government of that name, has not been able to establish the cause of the disaster, which is believed to have resulted in the loss of over 70 lives. The first alarm was given by an actress who appeared terror-stricken on the stage during the children's matinee. She screamed with fright and threw the whole audience into a panic as the theatre began to fill with smoke and flames. A terrible rush was made for the doors, but only two out of eight exits were open.

TO GRAB THE UNION PACIFIC.
Proposal to Take Over the Road by the Government.

New York, Jan. 24.—Attorney L. F. Morrison, of this city, representing the first mortgage bond holders of the Union Pacific railroad, whose holdings amount to more than \$5,000,000, is endeavoring to secure the co-operation of the government with the interests for which he is working to take possession of the road and re-organize it. A bill will be brought before congress providing for the appointment of three government commissioners who shall secure the co-operation of all other creditors they can enlist to bring about a foreclosure and buy the road.

For pain in the chest a piece of flannel dampened with Chamberlain's Pain Balm and bound over the seat of the pain, and another on the back between the shoulders, will afford prompt relief. This is especially valuable in cases where the pain is caused by cold and there is a tendency toward pneumonia. For sale by all druggists. Langley & Co., wholesale agents, Victoria and Vancouver.

THE OCCUPANTS ESCAPED.
For a Wonder No Lives Are Lost in a Big Burning Building.

Chicago, Jan. 25.—A fire in the old stock exchange building, northeast corner of Dearborn and Monroe streets, today caused a panic among the occupants. The building is a six-story one, and is situated on one of the most crowded street corners of the city. People on the fifth floor, where the flames were first discovered found their way barred by smoke and resorted to the fire escape. One woman, completely unharmed, appeared at a window and endeavored to jump. She was seized by a man who held her until the firemen raised a ladder and rescued her. All the occupants were finally rescued by the firemen. The loss of the building was comparatively trifling. J. S. Robinson, who has an office in the building, was seriously burned on the hands and face while making his way out. H. Barton Lindley, an employe of the Chicago Tribune, was badly injured by the crowd when he emerged from the smoke safely carrying his father in his arms. Lindley Sr., is 75 years old and lives in Chillicothe, Ohio.

Like His Predecessor, Weyler Hopes to Stamp out the Cuban Rebellion.

But, Like Him, He May Find Himself Greatly Mistaken Before Long.

Havana, Jan. 22.—Gen. Luis Pando, who arrived here yesterday, said in his report to-day that he had come to Havana in obedience to the orders of his superiors to act as coadjutor to Gen. Weyler, when Gen. Andelle will be succeeded by Gen. Suarez Valdez.

Gen. Pando announced himself in favor of concentrating and strengthening his forces in the province of Pinar del Rio. He is well acquainted with that province, and with the peculiar political sympathies and conditions and anticipates being able to call all the loyal population to arms in support of the Spanish government.

Gen. Pando spoke in the highest terms of the bravery and courage of the Spanish troops in his command. He says that the new young soldiers endure hunger and thirst, sickness and fatigue without complaint, and that no troops in the world could have behaved better or accomplished more under the circumstances. In this statement he says that the Spanish troops are confident of other generals, and by the remarks of disinterested persons who have been eye-witnesses of the operations against the insurgents. The whole trouble seems to be summed up in the fact that the Spanish troops will do anything in well handled and brave mounted insurgents, but Gen. Pando claims that in spite of this, if the insurgents can be driven to fight a pitched battle, the Spaniards will defeat them in short order, even though the enemy may be large in numbers.

Concerning the advance of the insurgent army under Jose Maceo and Rabi Pando says that this force was trying to convey westward a considerable quantity of arms and ammunition, and other supplies, intended for the insurgents in the province of Pinar del Rio. But, the General added, Maceo and Rabi have been engaged seven times by the Spaniards since they entered the province of San Clara, and a considerable portion of the war material has been either captured or lost en route. The Spanish troops are being massed across the line of march which is expected to follow, and Gen. Pando anticipates that they will be able to prevent the junction with the insurgents under Gen. Gomez. Jose Maceo, who was severely wounded some weeks ago, is said to have almost recovered his health and to be able to ride his horse freely on the march.

Gen. Pando refused to discuss the plans likely to be adopted by the Spanish commanders in the future for the suppression of the insurrection; but there is no doubting from his manner that he is confident of the success of the Spanish army when operations are resumed against the insurgents under the direction of Gen. Weyler.

It is reported here to-day that Gomez is suffering from an attack of illness. The columns of Gen. Cornell and Col. Maceo are at Jamaica in Havana province, combining in a movement in pursuit of Gomez. Meanwhile Gen. Aldeco and Gen. Linares have stationed themselves at strategic points, and the Spanish authorities once more indulge their hope that they will bring Gomez to fight a pitched battle or drive him into a corner.

The insurgents have burned the village of Nacarento, near Ploactas. Thearrison of the fort succeeded in repelling the enemy. The machine guns on the plantation of San Jose, the cane fields of Rullos, several houses at Rancuelo Santa Clara and the stations and three houses in the village of Sabinal. Matanzas, have also been burned. It is reported that the insurgent leaders, Vega and Varona, have surrendered to the authorities in Manzanillo.

Always avoid harsh, purgative pills. They first make you sick, then leave you constipated. Carter's Little Liver Pills regulate the bowels and make you well. Dose, one pill.

ROYAL Baking Powder.
Highest of all in leavening strength.—U. S. Government Report

THE REPORT IS DENIED

Premier Bowell Contradicts Statement That More Ministers Have Resigned.

Rock of Remedial Legislation Looming Up—Governor Dewdney Didn't Interfere.

Chamberlain was Released for Valuable Service Rendered, Says Hon. Mr. Foster.

This Service Was No Doubt Getting in Sixteen Votes Against Hon. Jos. Martin.

Ottawa, Jan. 25.—The rumor was current to-day that another batch of resignations had been sent in, but the Times correspondent has seen Premier Bowell, who says that there is no truth in the report that any of the ministers have resigned.

It is stated that Father Lacombe, who has got 100,000 acres of land from the Dominion government for half-breeds in the Northwest, has got sure promises from the government in regard to the remedial bill. At any rate, some connection is being made between this and the telegram which Bishop Lebreque has sent to the priests in his diocese, asking them to instruct all their parishioners not to vote for anyone who is not pledged to vote for the remedial bill. This refers to the Charlevoix election. The telegram which Bishop Lebreque sends is as follows:

"We don't want to interfere with one party more than another, but the Catholics are bound in conscience to support the remedial law, which has been previously approved of by their ecclesiastical authorities," not by the Catholic people, but by the church dignitaries. Charlevoix is the constituency in which Sir Hector Langevin was unseated for interference by the clergy in aid of his election.

Ottawa, Jan. 25.—(Press dispatch.)—At the outset of the proceedings in parliament yesterday, Sir Richard Cartwright complained because the auditor-general's report had not been brought down. He said it should have been laid before the house ere this, so that the public expenditures could be subjected to searching and intelligent criticism. He charged the government with holding back the report purposely, an accusation that was of course denied by the finance minister, who stated that the report was not yet printed, but would be in a few days.

Mr. Casey's bill concerning drainage on property of railway companies, which seeks to vest power in the local legislatures to enforce the same, received its second reading after considerable discussion. The government object to it, and it will probably be thrown out in committee. Mr. Mulock's bill to make the legal rate of interest four per cent, instead of six, came up for its second reading, but it was laid over till Monday.

In reply to Mr. Smith, who asked if it is the intention of the government to renew the quarantine regulations between Canada and the United States, Dr. Montague said correspondence in that connection is in progress and it was not advisable to say anything at present.

In reply to Mr. Martin, Mr. Foster said Lieutenant-Governor Dewdney had not interfered in the recent election at Victoria.

Replying to Mr. Mulock, Mr. Foster said Chamberlain's sentence for personation in the Winnipeg election, was reduced from three years to two years on account of valuable services rendered. The house adjourned until Monday. Mr. Foster gives notice of the budget for Tuesday. The commons, before adjourning, adopted an address of sympathy for the Queen upon the death of Prince Henry of Battenberg.

An order-in-council has been passed permitting the shipment of Western States cattle via the port of St. John's. This would seem to indicate that all hopes are abandoned of obtaining release from the British embargo on Canadian live cattle.

The sub-committee appointed to draw up the remedial bill, have agreed on a draft.

Ottawa, Jan. 25.—The Granite creek mining company, of British Columbia, has been incorporated. It takes over and assumes all liabilities of the Stevenson Gold & Platinum Hydraulic Mining Co. The incorporators are Robert Stevenson, of Chilliwack; Wm. L. Hogg, William B. Stevens, C. R. Gillard and J. N. Greenshields, A. W. Flock and W. D. Harris.

The cabinet met to-day to consider the remedial bill.

SEALERS' COMPENSATION.

The British Ambassador Submits the Acceptance of the Plan.

Washington, Jan. 25.—Secretary Olney was called on to-day by Sir Julian Pauncefote, British ambassador, who submitted the final acceptance of the British government of the plan of the Behring Sea commission to play the claims of the Canadian sealers seized prior to the Paris award. It remains now only for the President to submit the plan to congress, and, as the legislative branch have refused to pay a lump sum for the seizure, it is considered certain that a commission of arrangement will be approved. It is quite likely that the President, in submitting the plan to congress, may suggest on more the desirability of a lump sum payment as the most expeditious means of settlement, for the commission of arbitration, if agreed to, will bind the United States to any payment awarded which may far exceed the lump sum proposed.

LIBERAL TRIUMPHS

Reformer Gets in With a Sweeping Majority for the Ontario Legislature.

Another Greenwayite Returned—Big Increase in Canadian Pacific Traffic Receipts.

Hamilton, Jan. 25.—The bye-election in South Wentworth for the local legislature resulted in an easy victory for Mr. Dickinson, the Liberal, who defeated Mr. Buchanan, the prohibitionist, by 312 votes. Mr. Buchanan received 630 votes.

Winnipeg, Jan. 25.—According to the returns received from four polling places in Dauphin Mr. Burrows, government candidate, has 66 majority.

By partaking of unwholesome food two Fort Rouge families narrowly escaped death from poisoning.

George Clayton, injured in the mill here Thursday, died yesterday.

Toronto, Jan. 25.—Owing to the storm yesterday no returns have yet been received of the West Wellington bye-election.

T. C. P. R. depot at Parkdale was burned down yesterday.

An ice storm has been raging here all yesterday and great damage has been done. The telephone and telegraph wires are down in all directions, including the railway telegraph to Hamilton. Trains leaving for the west in the morning did not get beyond the confines of the city.

Montreal, Jan. 25.—The C. P. R. traffic returns for the week ending Jan. 31st, amounted to \$341,000; for the same week last year they were \$248,000.

St. Catharines, Jan. 25.—The twenty-sixth annual convention of the Y. M. C. A. of Ontario and Quebec is in session here. About 200 delegates are in attendance.

THE REGULATION VICTORY.
Spanish Officers in Cuba Will of Course, Report Nothing Else.

Havana, Jan. 25.—Col. Galbis, of the Spanish army, who has been in pursuit of Gen. Gomez, commander-in-chief of the insurgent forces, telegraphed to-day: "I started from San Felipe to Poso Redondo. Learning at the latter place that the enemy was crossing the line between these towns, I returned to cut them off at Punta Brava, meeting the main force, and succeeded in placing myself in their midst. I followed the enemy from San Raphael to Qui-rivian, causing them many losses. Five men were killed by our guerrillas. The engagement lasted from 4 a.m. till 11 p.m. Two rebels who were captured say that Gomez suffered from a bullet wound in the leg received on January 18th, in the fight at Lagua. The death of the insurgent leader, Simon Sanchez, from a wound received in an engagement with the Spanish troops is confirmed. The insurgent bands commanded by Garcia and Roban, while on the way to Cervantes, burned three culverts and attacked a fort on the River Camaguan. They were repulsed with a loss of four killed."

A large crowd of several thousand people, which gathered to-day at the public drawing of the Globo lottery, were much incensed to find the lottery temporarily suspended.

Havana, Jan. 25.—It is stated upon excellent authority that Gen. Maximo Gomez, commander-in-chief of the insurgent forces, has consumption in an advanced stage, complicated with fever, and the doctors have agreed that he can live only about two months longer.

THE PRINCE'S RESTING PLACE

Will Be in the Spot Where He Desired to be Laid.

London, Jan. 25.—It has been definitely settled that the remains of Prince Henry of Battenberg will be buried in Whippingham church, beneath the royal pew, in accordance with his will.

—Read Ayer's Almanac, which your druggist will gladly hand you, and note the wonderful cures of rheumatism, catarrh, scrofula, dyspepsia, eczema, debility, humors and sores, by the use of Ayer's Sarsaparilla, the only Sarsaparilla admitted at the World's Fair.

THE MINING LECTURES.

Mr. Carlyle, Mr. Carnichael and Mr. Pollock-Harvey are three gentlemen eminently qualified to give instruction in matters relating to mining, and there is no reason to doubt that their lectures will be of considerable benefit to the public.

THE SPEECH.

Hon. Mr. Turner's first "speech from the throne" is a good deal like Sir John Falstaff's ideal combination of bread sack, which the honorable premier has been known to use at times as an illustration.

TUPPER'S CHARACTER.

Somebody has been cruel enough to resurrect an opinion which the Toronto Mail gave of Sir Charles Tupper the Elder in the days when that paper was independent and was therefore free from the necessity of savoring its opinions to suit the exigencies of the government.

would be not merely the inauguration of violence and corruption unredeemed by any true wisdom or statesmanship, it would be the signal for a disruption of the community and for a moral civil war."

"JOLLIED ALONG."

The Dominion government and its servile supporters will not allow Manitoba even the privilege of a commission to inquire into the circumstances surrounding the school dispute.

Those men and newspapers who help the "jollifying" process are surely not doing their party any service. Common courtesy would require at the very least some consideration for the suggestion of a commission offered by Manitoba.

NOT THE QUESTION.

The Colonist asks us whether we "deny that the minority (in Manitoba) have no right to apply to have what they regard as a serious grievance redressed?"

PROMINENT DEAD.

Two Torontonians and the Great Evangelist's Mother Pass Away. Toronto, Jan. 27.—Mr. McCracken, manager of the Toronto Land and Investment Corporation, died yesterday.

A FRIEND'S OPINION.

Some of the servile class of Conservative papers try hard to make it appear that "all is lovely" at Ottawa now that the notorious Tupper has taken a hand in party affairs once more.

It appears to us that the fee of 25 cents would have been quite large enough even if read had to be paid for the lecture rooms.

Lieut. Governor Mackintosh has raised a considerable storm in the Northwest by his treatment of the school ordinance passed by the legislature at its last session.

Winnipeg Free Press.—The reports of the proceedings at Ottawa show that the speeches on the vexed dispute are swollen with such inflated senseless and irrelevant fact-twisting.

MAGNA EST VERITAS ET PRVALEBIT.

Montreal Star (Independent Conservative). Anania is dead. Saphira is dead. But the government at Ottawa still lives, and the breed is in no immediate danger of extinction.

There are features about the explanation that compel public admiration. Upon that utterance alone Sir Adolphe might be elected president of any fish and game club.

We are required to believe that the seven retired but repentant ministers would have conscientiously scrupled about violating the constitution by leaving Mr. Anger's chair at the council table empty, and that the premier has taken them back again because after reconstruction he has come to the conclusion that this course was not sufficient to justify the resignations.

As shown yesterday, the most severe newspaper criticism of Sir Charles Tupper came from the Toronto Mail in the days of its independence.

In view of the evident fact that the old man has come out of the scurrilousness most conspicuously on top we think not, Oh, sic, George Enlas Foster.

The government has cut down the entrance fee to the mining lectures to 25 cents, at the same time offering the explanation that the rooms used for the purpose are provided free of charge.

IN A BAD CONDITION

The Bowell Government Seriously Demoralized by the Recent Crisis.

How Sir Mackenzie and His Colleagues Agree—Coming Leader Tupper.

Ottawa, Jan. 20.—It is now, after the excitement has subsided, that we appear to realize the magnitude of the crisis through which the unhappy Tory government has passed since the 3rd of January.

When the seven cabinet ministers resigned the following was the kernel of their explanation to the house read by Mr. Foster: "With many misgivings we have agreed to enter the government under Mr. Bowell."

There is an island in Cumberland county, Nova Scotia, known as Jerry Island, and which it is the fashion for the blue noses to offer as a prize to the biggest liar in the province.

Some one was lying. And the following from the premier's speech of the 9th inst.: "Had I had that loyal support which every premier ought to have had in his endeavors to govern the country as my predecessors, though not possessed of the same ability or political tact or strategem as they were. (Cheers.) Had not that jealousy prevailed, and the ambition to destroy the usefulness of the government been

BIG SHIP

American Liner Her Nose in Off New

They are all laying their eggs in the same nest again; the same premier; the same ministers; with the exception of Sir Charles Tupper, senior, and Senator Desjardins coming in, Conservatives, hoodlers and every other element that has gone to make up the grand aggregation who are now the custodians of the public finances.

They also say that Sir Charles Tupper, the older, who has entered the cabinet of Sir Mackenzie Bowell, is the premier. I like their modesty.

There can be no doubt that the wires are being actively pulled for Sir Charles Tupper at Ottawa by his sons, with the other special adherents in the cabinet as well as by members from the eastern provinces, to whom, as a reward for their loyalty to him in the late contest, he has promised, even more than justice in the division of the spoils.

WILLIAM'S BIRTHDAY. The German Emperor is Thirty-Seven Years Old To-Day. Berlin, Jan. 26.—Emperor William celebrated the Berlin garrison at an early hour this morning, the occasion being his birthday.

Hood's Sarsaparilla Is the Only True Blood Purifier. Prominently in the public eye today. Hood's Pills easy to buy, easy to take, easy in effect. 25c.

BIG SHIP ASHORE.

American liner St. Paul Buries Her Nose in a Sand Bank Off New York.

She is Resting Easily, in no Danger, and All Passengers Aboard.

The Vessel Was Very Thick, and Only Four Feet of Water on the Bank.

Long Branch, N. J., Jan. 25.—The American liner St. Paul, from Southampton for New York, struck a dense bar of Hotel Brighton, during a dense fog between 11 and 12 o'clock this morning. The people on board decided to remain by the vessel, as there was no danger. The vessel struck head on the sand bar, a quarter of a mile from the shore. Her nose ran about one hundred feet into the sand before her hull could be stopped. The wind was blowing at the rate of eight miles an hour at the time.

She sailed from Southampton on Jan. 18, and was in charge of Capt. Jamieson. He has refused all offers to land on the St. Paul, and they are waiting for the passengers and they are waiting for the St. Paul to anchor. She has on board 2000 passengers. She has on board 2000 passengers. She has on board 2000 passengers.

Among the passengers on board are Mr. and Mrs. W. B. Bourke, Mr. and Mrs. W. B. Bourke, Mr. and Mrs. W. B. Bourke. They are waiting for the St. Paul to anchor. She has on board 2000 passengers. She has on board 2000 passengers.

This appears in the 9th. 1891. The sun was in the sky when instructed by SLAUGHTER.

MARKETS. For Farmers' Property Corrected.

Victor, January 27th. For the past week there has been a few changes in the price for Oglive's advanced from 25 cents to 27 cents. It is not improbable that a will be made in the next few days. The price of wheat has been 25 cents. They are retailing:

Table with 2 columns: Item and Price. Includes flour, sugar, and other goods.

HIT HOUR DAYS.

ating circumstances, will be fined \$10. All members are required to immediately report engagements, under penalty of a double fine. The committee favors black bread to the coat lapel as a club badge. Monthly sessions of the club will be held, at each of which there will be a programme and refreshments. A committee will have charge of affairs at the next meeting, which will be held February 14th.

IMPORTANT INFORMATION.

May be Got on the Venezuelan Question From an Unexpected Source.

Madison, Wis., Jan. 26.—The Tank collection of books in the Dutch language, one of the rich possessions of the State historical society library, appears destined to play a considerable part in the deliberations of the Venezuelan commission. Hon. Andrew D. White, one of the commissioners, a week ago wrote to President Adams, of the state university, asking him to search the Tank collection for any historical works or other bearing upon the boundaries of old Dutch Guiana. An examination of the books of this department reveals the presence here of several which bear authoritative contemporary testimony as to the extent of the Dutch claims in Guiana to which England succeeded in 1803. A translator and draughtsman are now busy extracting this information for the commission, and it is not improbable that one or more members of the commission may visit Madison and examine the evidence on the spot.

DARK SIDE OF LIFE.

Quarrel Over the Probabilities of War Produces Serious Results.

Murderer Brown Surrounded—A Fiendish Act—Henry Irving's Generosity Revealed.

San Francisco, Jan. 25.—In a saloon at the corner of Grant avenue and Post street, about 2:30 yesterday morning, J. P. Newcombe entered with a companion and began a quarrel with the barkeeper, which ended in his shooting at Bert Callin and Joseph Herbie, both severely but not fatally injured. Newcombe, after waiting a moment, began to complain that he was not waited on promptly. The barkeeper, seeing that he meant to create a disturbance, attempted to eject the man. Callin and Herbie tried to assist him, when the fellow drew a pistol and commenced firing. He hit Joe Herbie, the barkeeper, in the side. Another bullet hit Callin in the right leg. The wounded men were taken to the receiving hospital, where it was found that the wounds, though serious, would not prove fatal. Those who witnessed the affray declare that the quarrel arose over Americanism and what Americans could do in case of war. Newcombe championed the cause of this country and the argument became so heated that the barkeeper tried to throw Newcombe out. At 2 o'clock yesterday morning Len Wong and Hong Yu, two Chinese, were shot in a disreputable place on Bartlett Alley. Len Wong was shot through the right side and was taken to the receiving hospital in a dying condition. Hong Yu was shot in the left leg. The men who did the shooting escaped and are not known to the police.

Roseburg, Ore., Jan. 25.—Word comes from Dora, Coos county, 42 miles distant, that Samuel G. Brown, the murderer who escaped from the county jail here last month, is surrounded near there and that his capture will soon be effected. In company with a man named Andy Pool he was surrounded last night by a posse of four men, who ordered them to throw up their hands. Pool promptly obeyed the order, but Brown jumped over a fence. One of the posse fired at him twice. Brown fell, but before the pursuers reached him, he disappeared in a thick clump of brush. He is thought to be wounded, but further pursuit could not be prosecuted owing to the darkness. Pool says that he was on his way to Coos Bay to see a brother and that Brown overtook him on the road.

San Francisco, Jan. 25.—Twenty-two horses belonging to the Arctic oil works have been poisoned in their stalls within the past few days and ten of them have died since Sunday. The others are still suffering and some of them will die. Three veterinary surgeons are in attendance, but they are entirely mystified as to the character of the poisoning. The officers of the Arctic oil company declare that the horses were wholly in the dark as to how the poisoning was done. If someone has done the thing with intent they say they cannot guess who that someone is or what the provocation. The police have made an investigation but could get no clue.

New York, Jan. 25.—Mrs. Emma Worman, the wife of the principal owner of Outing, a high class monthly magazine devoted to outdoor sports, committed suicide last night in an apartment over the offices of the magazine on Fifth avenue. She had lived at the Hotel Majestic with her husband and her invalid son, and her suicide is attributed to her anxiety for the latter's welfare. A dispatch to the World from London says: A frightful murder here this week makes known another instance of Sir Henry Irving's constant generosity. The victim was the daughter-in-law of old Tom Chambers, at whose Liverpool theatre Mr. Irving played in his youth. Her husband seemed to be a worthless fellow, who left her with seven children to support. Henry Irving has since allowed her one pound a week from his private purse, which she supplemented by taking as a boarder a Mrs. Pearson. The murder was committed apparently for money by Mrs. Pearson's son, a returned convict.

Hood's Sarsaparilla, taken at this season, will make you feel strong and vigorous and keep you from sickness later on.

Teacher—Suppose you were a king, Tommy—what would you do? Tommy—'I'd never have to wash my face any more.

ROYAL Baking Powder

has been awarded highest honors at every world's fair where exhibited.

A "CABINET" CURIOSITY.

A Government Member Asks for Information About Col. Prior's Peculiar Position.

And Does Not Get Any—A Batch of Rumors at the Capital.

Ottawa, Jan. 27.—A suit for \$100,000 for extra in connection with the construction of the Digby & Annapolis railway was started in the Exchequer Court to-day by O'Neill & Campbell, the contractors. H. B. Small, secretary of the department of agriculture, has been superannuated. Mr. Davis, government auditor, asked in the house to-day if Col. Prior was a member of the cabinet, and if so, what was his position in the cabinet. Mr. Foster replied that he was a member of the cabinet and occupied such a position as a privy councillor usually does. (Opposition ironical hear, hear.)

Mr. David Mills—The statute says otherwise. Mr. Forbes has given notice of a question for to-morrow which will compel the government to say whether or not Prior is a cabinet minister, and what position he fills with reference to the bill with Foster's equivocal answer, as his reply means nothing. Meantime Prior is complaining bitterly of his being under the general instructions of Ives and is making strenuous efforts to have the statute amended this session. (Press Dispatch)—Saturday was a slow day, so some of the press correspondents faked the rumor that three French ministers had resigned. Sir Mackenzie Bowell gave a prompt denial to the story and added that the council meeting in the forenoon was the most harmonious he had attended for months. The remedial bill was under consideration too. There are other rumors current, however, that have at least the semblance of foundation. One is that Sir Charles Tupper will become premier as soon as he returns from Nova Scotia, and that the remedial bill will be side-tracked and an appeal made to the country next month. It is said that the government will not ask for supply to go through until the remedial bill has been disposed of. They insist that the business for which the house was called shall receive first attention. By discussing every item they could get the life of parliament had expired. It is also said that a caucus of the Conservative members has been made and it is found forty of them will oppose the government's remedial policy, and there is no hope that enough Liberals will vote with the government to offset the defection in the government party. These circumstances have led to the government's alleged change in plan of action. Foster is the authority for the statement that the remedial measure will be mild enough for anyone.

DRILL THE CHILDREN

Fire Drill Put to a Critical Test in an Omaha Public School Yesterday.

The Little Drummer Boy's Tattoo Saved a Stampede and Perhaps Many Lives.

Omaha, Neb., Jan. 25.—Office Downs, the drummer boy in the Dodge street school, yesterday calmed a panic and prevented a terrible calamity among 500 children. He is less than 14 years old, but the moment he heard the hall gong sound the alarm of fire he did not forget he had important business. It was the crisis for which his little heart had been trained and his courage in the face of the storm and march on the school to the steps of an army rattle. "An exercise was called for the fire drill, and the pupils from the infant class were told they must never hesitate to hear the rattle in the line and so the drum should sound. Each accurately and thoroughly were the boys trained that Principal Allen boasted that the building could be emptied in two minutes. He had a chance to practically test his boast. He hoped, despite the good discipline, that the expected catastrophe would never happen. He was quietly seated in his room about 2 o'clock when Miss Hughes, pale and excited with fright, dashed in with the cry that the building was on fire. She hastened back to her charges, and Prof. Allen ran to the gong. The children shouting to the children to remain in order. The fire engines were rattling outside, but like a soldier on picket duty stood at his post. He picked his way to the bottom of the stairs, just as the 500 pupils appeared in a heap at the top of the stairs. He very first sound acted like magic. Mr. Allen pulled three little girls and one boy from under the feet of the rushing children and commanded them to keep their hands to their heads. The little ones, remembering their lessons and to the music calmly came down the long flights, as they had done a thousand times before. Smoke filled the entire building, but in a minute from the time the hand began to play there was not a child in the room. They were all out and he came down the front steps. The crowd cheered and last night 500 families sang the praises of his courage.

MERCHANT VESSELS ARMED.

The Line to Cuba Will Be Armed With Cannon and Maxim Guns.

Chicago, Jan. 26.—A special from Philadelphia says: The Hart line steamers plying between this port and Cuba and the West Indies, will in future be armed with cannon and Maxim guns. Capt. Ker, commander of the Hart line, has notified the counsel for the owners, that they will carry bow chasers and stern chasers. Two vessels first in the list for equipment are the Horsa and Laurada, both of which have gained no small notoriety from their alleged non-compliance with filibustering expeditions to Cuba. The Laurada has been chartered to carry 250 negroes to Liberia, and the Horsa is soon to start southward with a party who are going to Matamoros to see the Pitsimmons fishery. Capt. Ker avers that both vessels will need arms for self-protection, the Laurada from the pirates which infest the coast of Africa and the Horsa from the Spanish gunboats. The Spanish authorities in this city, however, look with suspicion upon any such armament by the Hart company, and will exert every influence to prevent the Hart boats from leaving the port of Philadelphia with arms on board. As soon as the vessels are ready to sail application for clearance papers will be made, and the result is awaited with great interest by all parties concerned. Capt. Ker, in an interview in regard to the arming of the vessels, said: "I am told that the Spanish authorities have said that if they catch any of the vessels of the Hart line in Cuban waters they will make it hot for them. This information may not be true, but I have every reason to distrust the Spaniards. We are not going to give up the West Indies trade and we know they are no United States war vessels to protect us. We have concluded to go into the protecting business ourselves, and we will put guns on our boats, and use them if necessary. There are lots of young men from our training vessels who will only be too glad to get positions where they can show their capacity, and there are no better gunners in the world than they are. "We are not going to seek trouble with the Spaniards, but we cannot afford to have our vessels chased, and do not want to go to the expense of extra coal that would be used in getting up steam to run away from a Spanish cruiser."

THE KEELY CURE IN COURT.

The Jury Return a Verdict in Favor of the Company.

Pontiac, Ill., Jan. 25.—The jury in the case of Marshall against the Leslie E. Keely company brought in a verdict for the defendant. In this case Marshall claimed damages to the extent of \$50,000 from the Leslie E. Keely company of Dwight, Ill., for the alleged results following the treatment of his wife for the morphine habit. The case will be considered an important one by the fact that the Keely treatment is, by it placed in a new school of medicine, founded and discovered by Dr. Keely and known only to those who are educated therein at Dwight under the superintendency of Dr. Keely and his medical staff. It is important, as will be seen from the following ruling of Judge Tipton, who presided. He reaffirmed that the Keely company could not be required to give up the formula of their medicine and acknowledged the force of the injunction issued by the United States district court of Wisconsin, in which the Keely company is forever enjoined from making public the formula of their preparations or any part thereof. "It is the privilege and legal right of the defendants to refuse to disclose the same, and because it elects to claim that privilege and refuses to disclose the same, that fact cannot be construed as against the defendants in this case and is without the province of the jury to consider."

AMERICA-ARMENIA.

Chamberlain's Saturday Speech on American Aid in the Armenian Affair.

Well Received by the London Press—Will the U. S. Accept the Invitation?

London, Jan. 26.—The newspapers this afternoon discuss the speech which the secretary of state for colonies, Mr. Joseph Chamberlain, delivered at Birmingham Saturday evening, particularly dwelling upon the reference to the United States, and generally praising him. "The St. James Gazette heads its article 'Why Not Come Over and Help Us?' says, 'President Cleveland's government has very good ground for calling upon the Sultan for satisfaction: if it acts by itself it is likely to be paralyzed by European concert, but it agrees to co-operate heartily with us, the situation will be improved. The people of the United States are really eager to advance the cause of civilization and good order they can do this much more effectively than by encouraging Venezuela to defy us.' "The Westminster Gazette says: 'Mr. Chamberlain's enthusiastic adoption of the idea of American aid for Armenia, even if its literal relation will not come about, will nevertheless do much good in other ways, and in the long run his speech is the best piece of news for the oppressed Armenians that we have heard for a long time.'

PRAYER FOR ARMENIANS.

The United States Senate Chaplain's Eloquent Supplication.

Washington, Jan. 27.—In the senate this morning, Rev. Dr. Milburn, the blind chaplain, prayed eloquently for bleeding Armenia. "Hear the cry of our agony," he prayed, "in behalf of the people of Armenia, despoiled, tortured, their homes in ashes, their men and women and children slain by the edge of the sword, their women sold on honored; arouse and unite the powers of Christendom, the Queen, the Czar, the Kaiser, kings and princes, their ministers and people, that the Sultan shall be forced to sheathe his bloody sword and stay the frenzied rage of his fanatical soldiers and subjects."

THE AMERICAN VAN HORNE.

James J. Hill Will Build South for Connection With Frisco.

San Francisco, Jan. 26.—A local paper says there is reason to believe that James J. Hill, president of the Great Northern railroad, is behind a scheme to consolidate the North Pacific coast and the San Francisco and North Pacific roads. The object is said to be to obtain a competing transcontinental line by way of San Francisco. It is said that he is secretly buying rights of way through country lying along the northeast of California to clear the way for a railroad before making a public announcement of his project to connect his Great Northern system with San Francisco.

A VENERABLE VAGRANT.

Never Smoked or Got Drunk, Yet Has No Home.

New York, Jan. 26.—At the request of Warden Lawrence Dumphry, of the workhouse, Magistrate Kudlich, in Essex Market police court, recommended to that institution, Wood Benson, 89 years of age, as a vagrant. Benson is probably one of the most remarkable individuals ever committed to an institution of that character, for, according to his own story, he has never tasted tobacco, drunk or smoked in any form. Benson claims that he is the oldest living locomotive engineer and that he pulled the throttle of the first engine operated on any railroad in this country. He also claims to have been the first to invent the "Benson" system of running a train, on board which was a party of national Republican delegates, en route for Saratoga. The passengers raised him a purse of \$1,000, Benson, in 1870 had considerable money, which, he says, he lost in Wall street.

THOSE FATAL DRAWBRIDGES.

Cleveland Seems to be a Dangerous Place to Move About.

Cleveland, Jan. 26.—A fire engine being drawn at a rapid rate to a fire in the lumber district Saturday morning, plunged through an open drawbridge spanning the river at Seneca street. Four firemen were on the engine, two of whom jumped in time to avoid going down. The driver, William Burgess, and Assistant Engineer Charles Coolidge, who went down with the engine, were injured, but not fatally. The horses were drowned and the engine lies a wreck at the bottom of the river. A steep hill leads down to the bridge, but the engine gained such momentum in making the descent that it was impossible to stop it. Another fire, which for the time threatened to be very destructive, broke out this morning on the top floor of the five-story building 54 to 60 Frankfort street, occupied by the Cleveland Lithograph company, the Half safe and lock company and a half dozen other concerns. Loss, \$40,000.

CONSERVATIVES CAN'T AGREE.

Two Candidates Out to Oppose Mr. Gibson, M.P., in the Coming Election.

St. Catharines, Jan. 26.—J. W. Coy and M. H. Hollwell, both of this city, are offering themselves as Conservative candidates to oppose W. Gibson, M.P., of Lincoln, at the coming election. Wm. Ballie, Vancouver, is registered at the New England.

MINING HORROR.

Fifty Coal Miners in Wales Believed to be Killed.

Cardiff, Wales, Jan. 26.—A terrible explosion has taken place in a colliery at Tylertown, near this place. The shafts were shattered and the whole town shaken by the tremendous concussion, causing a wild scene of excitement. Fifty-four miners were below the surface when the explosion occurred, and although several have reached the surface with the dead bodies of some of their comrades, it is supposed that nearly all the remainder were killed. Rescue parties have been hurried to the scene, but the work is very dangerous owing to the fact that the pit is on fire. Later advices show twelve bodies have been recovered and twelve are still missing. After damp was carried to the connecting pits from the Tylertown pit. Fifteen bodies have been received this afternoon and forty-two miners are now said to be missing.

WEST WELLINGTON.

Patron Candidate Wins the Seat in the Legislature.

Guelph, Jan. 27.—The bye-election in West Wellington for the Ontario legislature, resulted unfavorably for Sir Oliver Mowat, the Patron candidate being elected by 226 majority. The Patron candidate, Mr. James Tuckey, was a brother of Patron member Tuckey, elected at the general election and unseated and disqualified as the result of a petition. The Liberals had hoped to win the seat, and under Hon. Geo. W. Ross, had conducted an active campaign. The Conservatives, having no candidate in the field, supported Tuckey. The riding is supposed to be Liberal in Dominion politics, and was Liberal in provincial until last year. The Patron majority in 1884 was 276. Winnipeg, Man., Jan. 27.—Unofficial returns from Dauphin give Burrows, government, five majority over Campbell, opposition.

STARVING MEN RESCUED.

They Acted Like Wolves—Double Murder at Hoonah, Alaska.

Seattle, Jan. 26.—Advices from Alaska state that the steamer Kusler picked up thirteen starving men in a row boat. The men were on their way from Stewart City to Juneau. They had not had water for two days, and acted like wolves. A double murder was committed at Hoonah, Alaska, on account of the failure of Ich-Kalich, the medicine man of the Hoonah tribe, to cure a young Indian. The medicine man blamed the young Indian, who immediately shot the doctor; then the doctor's cousin shot the slayer of the doctor.

SHE DREAMT SHE WAS DEAD.

And the Dream Turned out to be Only Too True.

Amesbury, Mass., Jan. 25.—The little town of Centerville, five miles from here, is excited over some peculiar circumstances surrounding the death of Miss Emily Marshall. The young lady was 35 years old and attended the village school. Last Monday morning she informed her mother that she had had fearful dreams during the night. She said that she had dreamed it was Wednesday night and that she was lying on her bed dying. She could plainly see her friends surrounding her bedside and the minister praying for her. She saw her mother weeping and had a pathetic talk with her regarding the future. A young school mate whom Miss Marshall had a falling out with at school was seen by the dreamer, who begged her to forgive her and forget their troubles. Miss Marshall's parents laughed at what they termed their daughter's foolish vagary and tried to dissuade her from worrying over the dream. But the girl said she knew she would surely die Wednesday night. The dream proved true, for yesterday morning the young lady was found dead in bed. Physicians have not yet decided the cause of the young girl's death.

PROVIDING FOR A HUSBAND.

The Young Duchess of Marlborough to Injure Her Life.

New York, Jan. 26.—The report that the young Duchess of Marlborough (see Vanderbilt) was to have her life insured for the benefit of the duke is confirmed in a private letter. The amount applied for is 600,000 pounds sterling. An application has been made and a medical report submitted, but so far as known, the insurance companies have not passed on it. The probabilities are that they will accept the risk, for they will receive a big premium and get other benefits. Besides the lives of aristocrats like to manage the lives of aristocrats. This will be one of the largest, if not the largest, risks ever taken. It will undoubtedly be underwritten by a syndicate. Those close to the Vanderbilts say that they are not particularly well pleased by this latest development, and Mrs. A. Vanderbilt-Belmont has written a very matter-of-fact letter to her daughter on the subject. Her father will probably have his life in person when he meets the duchess and her duke.

THE IMPROVED KNITTER

The Improved Knitter is a Family Knitter. It will do all Knitting in a Family, household or factory yarn. SIMPLEST KNITTER on the market. This is the one to use. A child can operate it. We guarantee one year's service to the purchaser. We can furnish ribbing attachments. Agents wanted for all parts of the world. DUNDAS KNITTING MACHINE CO., DUNDAS, ONT. (Mention this paper.)

CUBANS DISBELIEVE

The Story That Spain Intends to Sell the Island to Great Britain.

Maximo Gomez is Magnanimous to a Spanish Patriot—A Correspondent's Experience.

Mexico City, Jan. 23.—Leading Cubans here do not credit the rumor that Spain intends to sell the island to England.

Several prominent Mexican dailies of this country propose to follow the example of the Universale and take the Associated Press.

Havana, Jan. 23.—An incident of Maximo Gomez' counter-march through Havana province is reported to-day.

Day before yesterday he was encamped with 3,000 men at the plantation of Annalia.

Gomez has travelled toward and arrived at Cienfuegos fifteen miles south of Havana.

The administration of Port Aguilite has arrived at Havana, having been provided by Gomez with a passport.

Pittsburg, Jan. 23.—Sylvester Scovel, staff correspondent of the Pittsburg Dispatch, who was recently ordered from Havana for having visited the camps of the patriot army.

Despite official denials, the report has spread here that Maceo has captured the city of Pinar del Rio.

The Dr. Williams' Pink Pills for Pale People have achieved a reputation for curing neuralgia.

The Dr. Williams' Medicine Company annually spends thousands of dollars in advertising to impress upon the public that the genuine Pink Pills can only be purchased in one form—namely, in packages enclosed in a wrapper.

DURRANT'S EXCEPTIONS. A Further Stay of Proceedings is Granted Till February 11th.

San Francisco, Jan. 24.—Attorneys J. H. Dickson and Deuprey have filed with Judge Murphy a bill of exception in support of the motion for a new trial for Durrant and the court granted a further stay of proceedings until February 11th.

The bill consists of 793 folios of typewritten matter and charges Judge Murphy with having committed just 232 errors of law during the progress of the celebrated case.

The police are taken to task for handling the case in a slipshod manner with Durrant and the court criticised for not punishing the newspapers for contempt.

All cases of weak or lame back, backache, rheumatism, will find relief by wearing one of Carter's Smart Weed and Backache Plasters.

When Baby was sick, we gave her Castoria. When she was a Child, she cried for Castoria. When she became Miss, she clung to Castoria. When she had Children, she gave them Castoria.

COLOR CUTS NO FIGURE NOW.

But It Did With the Chicago Women's Club Till Yesterday.

Chicago, Jan. 24.—After fighting over a woman's complexion for fourteen months, the Chicago women's club has eliminated the color line and elected Mrs. Fannie Barrier Williams, a well known colored woman, to full membership at an executive session of the club.

Several prominent Mexican dailies of this country propose to follow the example of the Universale and take the Associated Press.

Havana, Jan. 23.—An incident of Maximo Gomez' counter-march through Havana province is reported to-day.

Day before yesterday he was encamped with 3,000 men at the plantation of Annalia.

Gomez has travelled toward and arrived at Cienfuegos fifteen miles south of Havana.

The administration of Port Aguilite has arrived at Havana, having been provided by Gomez with a passport.

Pittsburg, Jan. 23.—Sylvester Scovel, staff correspondent of the Pittsburg Dispatch, who was recently ordered from Havana for having visited the camps of the patriot army.

Despite official denials, the report has spread here that Maceo has captured the city of Pinar del Rio.

The Dr. Williams' Pink Pills for Pale People have achieved a reputation for curing neuralgia.

The Dr. Williams' Medicine Company annually spends thousands of dollars in advertising to impress upon the public that the genuine Pink Pills can only be purchased in one form—namely, in packages enclosed in a wrapper.

DURRANT'S EXCEPTIONS. A Further Stay of Proceedings is Granted Till February 11th.

The police are taken to task for handling the case in a slipshod manner with Durrant and the court criticised for not punishing the newspapers for contempt.

All cases of weak or lame back, backache, rheumatism, will find relief by wearing one of Carter's Smart Weed and Backache Plasters.

A MAINLAND CUSTOMS SEIZURE

An important seizure for smuggling was made at Abbotsford yesterday morning by Mr. H. K. Dunn, officer in charge of the customs post at Huphington.

Smuggling has been carried on for some time in this section more or less openly, and Mr. Dunn was on the alert to capture some of the boundary runners.

Several prominent Mexican dailies of this country propose to follow the example of the Universale and take the Associated Press.

Havana, Jan. 23.—An incident of Maximo Gomez' counter-march through Havana province is reported to-day.

Day before yesterday he was encamped with 3,000 men at the plantation of Annalia.

mon schools will derive any benefit from them. They would be rather a source from which schools for higher education might be endowed.

Mr. Lovell was also in favor of the scheme. He thought when townships are laid out, lots should be reserved for school purposes.

A TRAIN'S CLOSE CALL. Narrow Escape of a Train full of Passengers on the Jersey Central.

New York, Jan. 24.—The passengers on the express train from New York to Elizabeth on the Jersey Central road had a narrow escape from being victims of a terrible accident last night.

When an investigation was made it was discovered that the steel axle, which is about eight inches in diameter, had snapped close to the right hand driver and that an old flaw was in the steel, so that the heavy engine had run, no one knows how long, depending upon one-fifth of the axle, which is about six inches thick in the piece.

Mr. Burrill also pointed out that the present school trustees have decided to invite members of the different boards throughout Victoria district...

DAYS SHIPPING NEWS.

Bark Prince Albert on the Rocks for a Short Time This Morning.

The Collier Mackinaw Reaches San Francisco in Safety—Other Shipping Items.

From Friday's Daily. The N. P. R. steamship Hankow, which left Yokohama at 1 p. m. on Thursday the 9th instant, arrived at the outer wharf at 8 this morning.

Victorians interested in the Italian man-of-war Christoforo Colombo were surprised this morning when a telegram from Vancouver announced that the vessel, which passed Carmanah about 4 yesterday afternoon, had arrived at the Terminal City about 8 o'clock this morning.

TIMBER DUES.

Full Text of the Order-in-Council Passed at Ottawa. The full text of the order-in-council passed at Ottawa on January 23, providing that the dues on lumber sold in this province for export to Manitoba and the Northwest Territory shall be 5 per cent royalty on sales; and the dues on lumber otherwise exported from the province at the same rate less a rebate of 40 cents per M. is contained in yesterday's Gazette.

New York, Jan. 24.—The eastern storm which set in yesterday continues. The wind hauled round to the east-south-east this morning, and at nine o'clock was blowing a fresh gale, with a high sea, accompanied by rain. Owing to the prevailing wind the tide fell but little.

Dear Editor:—Please inform your readers that if written to confidentially I will mail in a sealed letter, particulars of a genuine, honest, home cure, by which I was permanently restored to health and manly vigor, after years of suffering from nervous debility, sexual weakness, night losses and weak shrunken parts.

Washington, Jan. 24.—Senator Lodge has made a canvass of the senate on the Davis resolution affirming the Monroe doctrine, and has not been able to find more than eight votes that will be cast against it.

Boston, Mass., Jan. 24.—The fierce storm here is increasing. It is raining and snowing hard, and telegraphic communication is partially cut off.

Sandy Hook, N. J., Jan. 24.—An easterly rain storm, which struck the coast about midnight, is still raging at a velocity of about sixty miles an hour.

From Saturday's Daily. Capt. John Irving, manager of the C. P. N. Company, received a despatch from Capt. Rudin, stating that a ship was at anchor close to the South West Point of Discovery island when the Collier Mackinaw was sighted.

She appeared to be on the rocks near Discovery Island, and was attended by a tug. About 11 o'clock the Collier left to render assistance. The steamer had a heavy sea, and although the vessel could be seen, the tide was exceptionally high about nine o'clock this morning, the vessel probably floated and proceeded on her way to Vancouver.

The Christofo Colombo is expected from Vancouver this evening. She will remain in Esquimalt for several days to allow the officers and crew some time on shore after their long voyage.

A San Francisco dispatch says: The American ship Bonhoe, Captain Jos. Hamilton, which left New York 217 days ago, has at last reached port after a season of disaster and delay.

Collier Mackinaw, for which some uncertainty was felt on account of her failure to reach San Francisco on time, has arrived safely and started yesterday on her return trip.

FIRST PRESBYTERIAN CHURCH.

The Annual Meeting Shows an Encouraging State of Affairs. The thirty-fifth annual meeting of the First Presbyterian church was held last evening. The Rev. Dr. Campbell presiding. The reports were very encouraging, and must have given great satisfaction to the pastor and the people.

New York, Jan. 24.—The eastern storm which set in yesterday continues. The wind hauled round to the east-south-east this morning, and at nine o'clock was blowing a fresh gale, with a high sea, accompanied by rain.

Puget Sound pilots are discussing the advisability of establishing a station at Cape Flattery. The great advantage will come in to vessels approaching the Cape under such circumstances as did the ill-fated Janet Cowan.

R. Dunsmuir & Sons have again chartered the whalerback City of Everett to make two or three trips from San Francisco to Departure Bay after coal.

New York, Jan. 24.—The China ships Clarence S. Bennett, Captain Penckle, crossed the bar together last night outward bound. The John Currier, Captain Lawrence, and the Josephus, Captain Gilker, left later for the same port.

Three men were lost off the schooner Golden Shore, from Puget Sound for Melbourne, with lumber, during the past week. Mate Johnson went overboard during a storm and two seamen trying to rescue him were drowned.

Schooners Fawn, Capt. M. Foley, and Oscar and Hattie, Capt. Thos. Magnuson, cleared yesterday with seal seals on the West Coast. The Fawn carries a crew of eight white and twenty-four Indian hunters, and the Oscar and Hattie eight whites and twenty-eight Indians.

The new propeller for the Strathveit will arrive at Tacoma on Sunday. The big ship will be docked as soon thereafter as possible.

BOUNDARY CREEK.

A Grand Mining Country Much in Need of a Railway. Greenwood City, Jan. 22.—The little mining camp of Greenwood City, being only three months old, has as yet no place on the map of British Columbia, and is probably scarcely known in the far away capital city, yet we predict in the not distant future it will be one of the busiest points in the province.

The country referred to is the Boundary creek mining district, situated just north of the international boundary line, remarkable for its large bodies of mineral, probably the largest in the Northwest. The mineral found in the largest quantities is gold, but in some camps there is a large percentage of copper and silver.

Many merchants are well aware that their customers are their best friends with the best goods obtainable. As an instance we mention Perry & Cameron, Michigan. They say: "We have no hesitation in recommending Chamberlain's Cough Remedy to our customers, as it is the best cough medicine we have used, and always gives satisfaction."

See the prize puzzle in the window at Shore's Hardware, 57 Johnson St. If it is true that women marry three times, and if very hard to make, why do so many of them marry the second time?

How to Get "Sunlight" Books. Send 12 "Sunlight" Soap wrappers to Lever Bros. Ltd., 23 Scott St., Toronto, who will send post-paid a paper-bound book, 100 pages. For 6 "Lifebuoy" Carbolie Soap wrappers, a similar book will be sent.

A KICK FROM COWICHAN.

To the Editor: I would like to have something to say about the proposed amendments to the present "game laws," suggested at the meeting of the so-called "Game Protection Association." Two of their amendments I shall certainly make a kick against, and these are the tax on guns and the appointment of constables to search our premises for game, supposed to be shot out of season.

Notice is hereby given that such duplicate will be issued in writing within one month from the date hereof. Deputy Registrar General, Land Registry Office, Victoria, 31st December, 1895.

Advertisement for 'TRICE-A-MINUTE'.

The Liberal Policy and no Coercion to Success. The Farmer Must Combine Principles. Estimates Brought Forward in the House.

Ottawa, Jan. 28.—The session was held today. The Liberals met in full session, and the Conservative government occupied the day. The session was held today.

Canada should take the United States into consideration. The estimates were laid before the house today.

The following are the estimates: Dominion grant received and every other account. The estimates were laid before the house today.

Revolution in Chewing Tobacco. Tuckett's & B Mahogany. The latest and best. See that the T & B Tin Tag is on each pack.

Land Registry Act. The South half of Section Ten (10) and Sections Eleven (11) and Twelve (12) of the District of Esquimalt, excepting that portion of the same which is reserved to Alexander Urquhart by indenture dated the 30th day of December, 1878.
