LINCOLN AND WELLAND COUNTIES DIRECTORY.

DIRECTORY OFFICE

Corner of Lake Avenue & Louise St.

St. Catharines, April, 1877.

The want of an accurate, reliable and intelligible Directory of these Counties has been long felt, and generally expressed by all the people. It is for this reason that the Director of the Directory of St. Catharines, Thorold, Merriton and Port Dalhousie, the Publisher, has been repeatedly requested to prepare such a Directory of these Counties, and has received many promises and assurances of support and co-operation. Clearly recognizing the magnitude and importance of the work, and with the full determination to offer the subscribers thereof a work far in advance of any hitherto put forward, professedly as County Directories, he begs to submit a few of the leading features proposed for the new Directory, which, he trusts will meet the commonly expressed want; and as the whole information will be obtained by a thorough and systematic canvass, conducted by competent, trained, and reliable persons, under the personal supervision of the Publisher, it may be relied on for being as thoroughly accurate as it is possible to attain.

The usual information recorded in a County Directory will be found

1. The Directory of St. Catharines, Thorold, Merriton and Port Dalhousie, revised to the 1st May, 1878.

2. Each County will be recorded separately, and will be prefaced by a good and reliable map lithographed in colors.

- 3.—A complete alphabetical list of the residents of each County.
- 4.—A complete directory of the various manufacturers throughout each County, clearly specifying their various manufactures.
- 5.—A very full directory of the whole of the merchants and tradesmen throughout each County.
- 6.—An accurate directory of each town, village, and township in each County separately and alphabetically recorded.
- 7.—A table of routes, showing the distances between the various places, and the most direct routes thereto.

The Subscriber will visit each place personally prior to the publication of the work. The whole of the information will be simultaneously revised throughout the two Counties, St. Catharines, Thorold, Melton and Port Dalhousie, between the 1st and 15th days of May, A. D. 1878, (so as to insure the perfect record of every alteration, up to the 1st day of May,) and the printing and publishing will be proceeded with immediately thereafter.

The book will be printed on superfine paper, with new type and materials obtained especially for the purpose, and printed and bound in a neat and uniform manner.

Should the work receive the support promised and expected, it is the intention of the Subscriber to publish it biennially on each occasion thoroughly revising it to the latest moment, and adding thereto such information and improvements as may be found desirable and of value.

Price, to Subscribers, \$3.00 (three dollars) to non-subscribers, \$4.00 (four dollars.)

Soliciting your patronage and support in furtherance of the work.

Yours obed^t Servant,

EDWD H. WILLIAMS.

PREFACE

THE PUBLISHER takes pleasure in presenting to the Public the DIRECTORY OF ST. CATHARINES, THOROLD, MERRITTON, AND PORT DALHOUSIE for 1877; and begs to state that no effort has been spared to render the work as full and accurate as possible, and to fulfil, in every particular, the information promised in the prospectus.

To the many friends, who have readily furnished information that would otherwise have involved much time and expense, the Publisher desires to present his thanks, and at the same time to record *the only one* discourteous reception given him or his assistants during the whole progress of the work as a singular and noteworthy testimony to the kindness of this whole community.

For the liberal support given the enterprise especial gratitude is due to the patrons of the work. This, the Publisher feels, is owing in a great measure to the fact that the Directory is a purely local undertaking, and encouraged by such support and the promises already received, he accedes to the many requests made him to publish a Directory of the Counties of Lincoln and Welland (the prospectus of which will be found preceding the title page of this work).

How far he has succeeded in producing a reliable book on the present occasion, the Publisher leaves the public to decide, requesting that any alteration or inaccuracy may be made known to him, in order to secure completeness in the future.

EDWARD H. WILLIAMS.

ST. JAMES' WARD PRIMARY SCHOOL, cor Niagara and Dacotah sts.—Miss Lucetta Gross, Teacher; Miss Mary Snively, Assistant.

The system pursued in the schools of the city is most rigid. In the several Primary schools the children are taught only the subjects of the 1st and 2nd Class as prescribed by the Government regulations, and are required to pass a good examination in those subjects to obtain entrance to the Central School, promotion therein being again made entirely dependent on the pupil's proficiency. Thus each class being composed of pupils of the same attainments, and progressing toward the same object, forms a stimulus to their individual effort, and strongly tends to their mutual advancement. One year is the usual term needed to obtain sufficient proficiency to advance from class to class.

MASONIC.

The fraternity of Ancient, Free, and Accepted Masons is well represented in St. Catharines, there being three flourishing Lodges, one vigorous Chapter, and a Preceptory of the united orders of the Temple and Hospital, a Council of Royal and Select Masters is also in course of formation. The fraternity owns a substantial iron front building, known as the Masonic Temple, erected in 1872 at a cost of about \$30,000, or \$15,000 more than the subscribed capital. This building is managed by a Board of Directors, annually elected, who absorb its income in extinguishing the excess of capital stock. The third story is devoted exclusively to Masonic purposes, and contains a large hall for Lodge and other meetings, with ante-rooms adjoining. The second story possesses several fine offices and a large millinery establishment, while the first story or ground floor contains a magnificent store, 53x90 feet, being the largest and most imposing in the city.

The following is a list of the officers of each organization, with the times of meeting :—
