CAMPBELLTON, N. B.

BEATER BOARD.
If you are building or going to construct your business premises, let us show you some colored samples illustrating the beautiful color effects obtained by using this material and durable board for walls and ceilings in all classes of buildings.
We carry a large stock in assorted sizes.
MAIL ORDERS.
We solicit out of town orders which receive our personal attention. The length of time taken to fill orders is governed very largely by how busy we are in the department of our factory in which the particular goods are made. While we have exceptional facilities for promptly turning out goods, it is important to place orders as far ahead as possible. Orders are filled by us in the rotation in which they are received, and customers can always depend on our doing everything in reason to give prompt despatch.

Wholesale and Retail Dealers in:
PUTTY, SHELLS, RED and YELLOW OCHRES, METAL ROOFING and SIDINGS, NEPONSSET, PAPERS and ROOFINGS, WEST LEAD, and ZINC, PLAIN, FANCY, ART and PLATE GLASS, MIRRORS, LOCKS, ENQS, GENERAL BUILDING HARDWARE.

Our Office is connected with the N. B. Telephone by two separate lines insuring prompt attention.
Office Hours—7 A. M. to 6 P. M.

MANY BUSHELS OF SEED ORDERED

Farmers of Restigouche Took Full Advantage of Government Offer.

When the Municipal Council decided to accept the governments offer to provide good seed for our farmers, there were many who were skeptical of obtaining results, and some of the councillors did not enter as heartily into the matter as they should have, but we are glad to report that the transaction so far has been very successful.
Warden H. C. Gillis informed the Graphic that orders for five thousand six hundred bushels of seed had been received, and more were coming in, but could not now be received.
This is an unusually large quantity when we consider that many farmers had previously ordered their seed, and more had held over seed of their own. It looks as if Restigouche will do her share in the increased production campaign.

ATTRACTIVE WINDOW DISPLAY AT GRAY'S

A very attractive window display calling attention of the public, is that of W. H. Gray's, showing some of the leading lines of chewing gum manufactured by the Canadian Chewing Gum Co., of Toronto.
Chiclets and Black Jack prominent in the display. Chiclets the old original candy coated chewing gum in a new box is always in demand, and Black Jack is bound to be a winner, on account of the licorice flavor and is a great favorite of our soldier boys overseas and at home. Immense quantities are being shipped to France from London, New York and Toronto factories, used in the Base Hospitals and trenches.
The display was made by T. H. Brees, eastern representative known as "Chiclets" on account of some excellent window displays.
Mr. Brees is saying good-bye to friends as he has been transferred to Montreal city, but has made some good friends and speaks in highest praise of the treatment and co-operation of the business men of this territory.

KINDNESS APPRECIATED.

The Calgary draft which was stationed here for a short time left last Friday for Halifax. They were given a rousing send-off by the citizens. The ladies provided boxes of lunches for the men.

The Graphic has received the following letter acknowledging kindness:
Halifax, March 24th, 1913.
Mr. Ansley,
Editor of the Graphic,
Campbellton, N. B.

Dear Sir:
The officers and men of the Alberta draft wish you to extend to the citizens of Campbellton their keen appreciation of the many kindnesses rendered while stationed there. Will you kindly give this notice due prominence in your paper.

I am, Sir,
Yours faithfully,
A. FOWLER,
R. S. M.

NO FOUNDATION FOR LIQUOR CHARGE

O. B. Lawson Fails to Produce Any Evidence Against Inspector T. Mann.

The investigation into the charges against Inspector T. Mann laid by O. B. Lawson, police inspector of the C. G. R., ended Thursday afternoon last, and after reviewing the evidence Chief Inspector Wilson gave his decision as follows:
I submit that the charge has not been sustained. Both the witnesses who were here stated that they knew the liquor was disappearing, but they did not know who took it. I am extremely disappointed in the witnesses, I am much more than disappointed in the last witness, particularly in reference to his having a key whereby he had access to that strong room where the liquor was stored. What I would like to know is, what right had he to go to that room? What right had he to have a key for that room at all, and why was it that after they found a new lock had been put on the door, they had no further use for the key? I am extremely disappointed, and even disgusted with the motives that prompted that man to do such a thing. I believe that if as Chief Inspector, that I had a man on the staff of inspectors who was trying to "get me", it would not take me so long to dispose of him, as it has taken your Inspector to dispose of this policeman.

I want to say this, the first witness without any equivocation said that he did not know the first thing about it. The second witness stated that there was liquor disappearing, and that he was following it up pretty closely. I believe that if as Chief Inspector, I do not wish to make any inferences. There is certainly no evidence to show that Inspector did dip into quantities of liquor contrary to the provisions of the Act.
My finding is this. This charge is dismissed with these remarks:
A—No, I did not see him.
A—No, I did not see him.
A—No, I did not see him.
A—No, I did not see him.
A—No, I did not see him.
A—No, I did not see him.
A—No, I did not see him.

CANDIDATES NOW IN CIVIC FIELD

Start Made in Placing Candidates in Nomination—for Mayor.

Nomination papers for Chas. A. Alexander for Mayor, W. H. Miller and Chas. Goss for Councillors-at-large, and James Patterson and John Quinn for Councillors for Ward II, have been circulated and largely signed by ratepayers.
The prospects for an election in the different wards looks bright and the hope is expressed that there be no shortage of candidates, so that the ratepayers will be enabled to exercise their franchise.
Tuesday, April 9th is nomination day and we trust to see many good men in the field.

CAUGHT WITH THE GOODS.

Two men with a quantity of moose meat were captured at Upper Charlo by Chief Warden McKinnon last week. They were fined \$50.00 and costs each.

Ask for a "Black Jack Sunday"

W. H. Gray's Saturday eve.

A—Yes.
A—Tell us the case.
A—I reported to him about a man being carried home drunk one Sunday evening. I think it was sometime in November.

Q—Did you report to him that you saw him being carried home drunk?
A—No, I did not see him.
Q—Well did you tell him about some "affair of the law that you knew yourself?"
A—I did not know any.
Q—Did you ever tell the Chief with in the last six months of one infraction of the law that you knew yourself?
A—No.
Q—You did not know of one case?
A—No, of my own knowledge.
Q—Where did you come from?
A—Saint John.
Q—What made you come here from Saint John?
A—Chief Hughes wanted a good man and he wrote to Sergeant Major Joseph Scott. Jos. Scott sent Geo. Briggs to Carleton for me. I was working on a steamer, and Geo. Briggs came and asked me if I would go up. I telegraphed to Hughes and said I would come.
Q—Do you know a police officer in Saint John by the name of D. W. Simpson?
A—No.
Q—Do you know D. D. Simpson, Chief of St. John?
A—I know he is Chief of Saint John.
Q—From the Police records of John, "Silas Perry was dismissed after investigation into charges made against him by Commissioner McLellan which were proven by witnesses before the Council of Police on the 31st August 1912."
Q—Is this true?
A—It is true.
Q—Do you remember?
Q—You were dismissed from the Saint John service?
A—Yes.
Q—Chief Hughes dismissed you too, did he not?
A—No.
Q—Did you and Hughes have any difficulty?
A—No.
Q—Was it because of this difficulty you resigned?
A—No.
Q—Did you know Chief Hughes was going to discharge you?
A—No.
Q—Do you know Mr. Lawson?
A—Yes.
Q—How long have you known Mr. Lawson?
A—Since sometime in 1916.
Q—Where did you meet him first?
A—On the corner of O'Leary and Gerrard Streets in the Town of Campbellton.
Q—What was his official capacity then?
A—I did not know.
Q—What did you find out later it was?
A—Constable.
Q—Did you ever hear of him before?
A—I have heard of his being on the police force in Dalhousie. I also think he was on the police force in Chatham or Newcastle. I knew nothing of his history. It did not interest me.
Q—Do you remember between 12.30 and one o'clock today?
A—Yes.
Q—You and Mr. Lawson had a pretty close talk about this evidence, did you not?
A—I saw him between one and two o'clock.
Q—You talked over the evidence that had been given this morning?
A—Yes, a little.
Q—Was there anything said about that you were going to say this afternoon?
A—No, I do not think there was. He asked me whether he would question me or whether I would tell the whole story. I told him, I did not care. What I told would be the whole truth anyway.
Q—Have you watched Chief Mann pretty closely since the first of May?
A—Yes, I have watched him pretty closely.
Q—Did you get a key to this locked-up room?
A—We made a key.
Q—How did you make a key?
A—With a file and an old flat key.

POLICEMAN PERRY HAS BEEN DISMISSED

Council Takes Prompt Action—Outcome of Investigation—Ferry Matter.

A meeting of the Town Council was held in the Town Clerk's office Friday evening last, His Worship Mayor Andrew presiding.
There were present Councillors Quinn, McBeath, Harquail and Alexander.
The minutes of the previous meeting were read and confirmed.
A letter from Chief of Police T. Mann, asking that policeman Perry be dismissed was read.
Councillors Alexander and Quinn two members of the Police and License Committee stated that they were in favor of instant dismissal, but as the chairman of the committee was out of town, the matter was referred to the committee.
The resignation of Earl Mann from the force at the power house was read and referred to the Electric Light Committee.
A letter from Dr. Pinaut asking for a rate on electric current for domestic purposes was read and referred to the Electric Light Committee.
W. H. Wallace wrote calling attention to the flooding of his garage building in previous years and asked that necessary precautions be taken this year.
Referred to Public Property and Streets Committee.
The matter of increase in Ferry rates was next taken up.
Coun. Alexander moved that reply be sent to Department of Inland Revenue, Ottawa that the Council could not sanction increase.—Carried.
A general discussion took place on police matters and Coun. McBeath asked if three policemen were necessary.
The council then adjourned.

Wednesday Evening.

A special meeting of the Town Council was held Wednesday night. His Worship Mayor Andrew presiding. There were present Councillors Quinn, Patterson, Champoux, Alexander and Miller.

The Police Committee reported as follows in regard to Officer Perry's dismissal.
The Police Committee to whom are referred all matters relating to Police respectfully submit that they have had under consideration the letter from Chief of Police T. Mann requesting the dismissal of Officer Perry on the ground of conduct unbecoming an officer insubordination, and entering liquor store by means of false keys, and would recommend that Officer Perry be dismissed at once. We would also recommend that the vacancy caused by his dismissal be filled at the present time.

JAMES S. EVANS, JOHN QUINN, CHAS. A. ALEXANDER.

Coun. Miller, moved seconded by Coun. Patterson that the report of the Police Committee be received and adopted.—Carried unanimously.
An application for position at Power House for Herbert E. Ross was read on motion, referred to the Electric Light Committee.
A request from H. Marquis for refund of Poll tax was read and referred to Assessment and Appeals Committee.
A number of departmental accounts were passed.
The Public Property and Street-Committee recommended that the prayer of the petition of residents of Hanover Street for change to Windsor Street be granted.—Carried.
The matter of renaming certain streets was laid over until next meeting.

The council then adjourned.

Q—What room did you make this key to fit the lock of?
A—The dark room.
Q—What was stored in this room?
A—Liquor.
Q—To whom did it belong?
A—To different parties.
Q—Do you think it belonged to the Government?
A—I do not think it would belong to the Government.
Q—When was it seized it is seized it belongs to the Government or else to the parties to whom it is sent. Then part of it belonged to the Government, and part to people round town?
A—Yes.
Q—It was locked up for safety and you made a key and unlocked the room and went in there?
A—Yes sir.
(Mr. Kelly). Then you, a Police Officer, watching your Chief committed a felony according to your own evidence.
Q—What was the evidence?
Q—Did you and Officer Adams hatch this thing up between you? This watching business and going in there.
A—We talked it over.
Q—Have you ever been denied a chance to see what the Chief was doing in the dark room. It was brought into the room below?
A—We always put the liquor in the guardroom. We never saw it going into the dark room. It was brought into the room below.
Q—You took part in everything that was going on?
A—Yes down there. That is as far as I ever saw.
Q—When did you make up your mind that the Chief was stealing it?
A—I never said he stole it.
Q—Do you say now he stole it?
A—No.
Q—Do you say he took it out?

IN INTERESTING LETTER FROM C'TON GIRL

Now At the Front Doing Hospital Work With American A. M. C.

Mrs. J. W. Morton has received the following letter from Miss Ina Downes who is a Campbellton girl, and is well and favorably known here. Miss Downes has gone to France to do war work, and we are sure our readers will be delighted to read her letter.
London, March 2nd, 1913.
My Dear Mrs. Morton:
After many months waiting, I am at last in dear old England, and on my way to do my bit along with the rest. It seems ages since I left U. S., but the trip across was safe, if long and John will surely take good care of us.
I enjoyed my visit to Scotland and now we are seeing the sights of London and hope to see Paris before getting down to work. We have had a week in London, so have really seen everything of interest from the Tower of London, Westminster Abbey, Hyde Park, Crown Jewels down to the dark streets. We went to the theatre one night, but were rather disappointed, but enjoyed the novelty of having tea served between the acts and when they played Yankee Doodle the house was ours. This afternoon we are going to a concert in Albert Hall and to-morrow will attend service at St. Paul Cathedral.

Q—How much liquor was there in charge in the Government room?
A—A big quantity. I could not say how many cases.
Q—On the day of the celebration was there part of it destroyed?
A—Yes.
Q—How much was left?
A—There was the half barrel and the basket.
Q—You saw the basket sometime after?
A—Yes.

A—I do not know.
Q—How many bottles were in the basket?
A—I do not know. It was full of bottles.
Q—Mr. Perry, after thinking sometime, will you say that that basket was full of actual bottles?
A—Yes.
Q—In the barrel, how many were there?
A—I do not know.
Q—What became of these bottles in the half-barrel?
A—They walked out. I never saw any of them going.
Q—What became of them?
A—I do not know.
Q—You know that there were some bottles went out of it?
A—Yes, from the time we were in once, until we went back, there were less bottles.
Q—Did you and he have any talk as to who was taking it out?
A—He said he had suspicions. I did not say anything. There was another fellow in that night with us.
Q—Are fellows in there at different times?
A—Never in that room. The night that we shifted the liquor out of there, there was a fellow in the guardroom with me, and the Chief asked the fellow to come and help him carry it out.
Q—Why did he move it from one room to the other?
A—After we got in there, he noticed that there was four bottles gone out of the box. He began to curse and swear and said "Who the hell was taking that liquor?" He

Q—Did you and he have any talk as to who was taking it out?
A—He said he had suspicions. I did not say anything. There was another fellow in that night with us.
Q—Are fellows in there at different times?
A—Never in that room. The night that we shifted the liquor out of there, there was a fellow in the guardroom with me, and the Chief asked the fellow to come and help him carry it out.
Q—Why did he move it from one room to the other?
A—After we got in there, he noticed that there was four bottles gone out of the box. He began to curse and swear and said "Who the hell was taking that liquor?" He

Don't be endlessly
changing needles—

Buy a Pathephone and enjoy your records

NOT only do the old-time steel needles mar your full enjoyment of the music you play on your phonograph, but they injure your favorite records. The Pathephone plays with a permanent genuine Sapphire Ball, smooth and highly polished, which does away with the everlasting bother of changing needles. It cannot scratch or wear the records, and will play not one or two, but literally thousands of Pathe Records without the slightest wear.

Is it not very natural that a ball of sapphire, jewel-polished under the microscope, and fitting perfectly into the half-circle of the sound groove, along which it smoothly, beautifully glides, is bound to produce a TONE of purer quality than that produced by a steel needle that becomes a jagged chisel before the record has revolved three times?

If you are planning to buy a phonograph, you should certainly hear the Pathephone. You will be enchanted by its wonderful tone. If you already have a phonograph, it can be easily adapted to play Pathe Records—no better still—any Pathe agent will make a liberal allowance for it in exchange for one of the new Pathephones, which plays any record.

THE SINGLE STANDARD.

The "Single Standard" as defined by Frances E. Willard simply means right standard of purity in life. Frances E. Willard has said that the reciprocal attraction of two natures out of a thousand million for each other, is the strongest, though one of the most unnoted proofs of a beneficent Creator, for folded in its heart we find the germ of every home, of those beatitudes, fatherhood and motherhood; the brotherly and sisterly affection, the passion of the patriot, and the calm and steadfast love of the philanthropist. For the faithfulness of two, each to the other, alone makes possible the true Home, the pure Church, the righteous Nation, the great kind Brotherhood of man.

This was as God intended it to be. God made man upright but he has sought out many inventions, for surely during the last half century we have realized the sad significance of the prophet Hosea—"My people are destroyed for lack of knowledge."

We learn from God's Word that the "wages of sin is death." This is surely verified in regard to the sin of impurity. You have but to read the medical reports of these cases in our various hospitals to be convinced of this sad truth. The more than 10,000 cases of blindness alone is sufficient for the most sceptical.

Ignorance of the awful consequences of immorality, has led the thoughtless young man to think lightly of and to be led into a sinful life and all too late he realized that not only is he cursed with the most loathsome disease on record, but that his blood is so poisoned, that no medical treatment will save his children from inheriting this curse, which descends to the third and fourth generation. Then since this is true, and no intelligent physician will deny it how great the responsibility of parents and educators, who shrink from giving the knowledge which will give to this generation the light sorely needed to save the home, for in saving the home one saves the nation.

In some states laws have been passed requiring for lectures on this subject to parents and children in the schools for as "Prevention is better than cure" it is no use to try to teach purity by opening cesspools of impurity. It must be done preventively and reverently by persons who believe that the body is the temple of God, whose thoughts, words and lives are pure and who reverently light to fatherhood and motherhood but who always show by their lives and conversation that this is a sacred subject.

Naturally the first teacher is the mother who teaches by her pure life even more than by her precepts, and who is especially careful to prevent the formation of evil habits, and to be so explicit in her teachings as to do away with all so-called false modesty and to leave no room for curiosity which might lead to evil instructions from others, and this teaching should be supplemented by the wise counsel of the father, who if otherwise remains silent, the children might think the mother's warning unnecessary.

Dr. Mary Wood Allen says:—Among the first truths to be taught is the "origin of life" the child sees all about him this wonderful story. What does it mean? The seeds planted, birds build and brood in nests, the house circle widened by new members. Whence comes new life to God, to man and to babe. Experience teaches us that this is the true wisdom and the giving of plain truthful answers does away with curiosity. It is approaching the domain of maturity and passing through a border land beset with perils. Should he be left in darkness to stumble or seeing the straight upward path climb heroically for light is a protection, and before the light of Divine truth evil flees away. We should teach the sacredness of life, value of true womanhood, transmission of good and evil.

In this day of conservation of natural resources, why not apply it to the boys and girls. The young man who leads a pure life is conserving his mental forces, physical strength and vitality which promise long life.

There is no greater truth than that expressed by Tenyson in Sir Galahad "My strength is as the strength of ten because my heart is pure."

With the girl the teaching should be in the line of purity, hereditary, knowing these things she will scan more closely the man who offers himself as a husband, realizing that that offer includes the proposition to become the father of her children; but the father and mother are not the only instructors, the school the church are all needed to purify society, the home and the nation.

An organized and systematic work for the promotion of "Social purity" was undertaken in 1885 by the W. C. T. U. under three divisions of Preventive, Reformatory and Legal work. This society has gone steadily forward until the "White Cross" pledge, appealing to the chivalry of men, has grown familiar to thousands of homes and the "White Shield" pledge appeal-

Oregon, Ill.—"I took Lydia E. Pinkham's Vegetable Compound for an orthopedic trouble which had troubled me down until I could not put my foot to the floor and could scarcely do my work, and as I live on a small farm and raise six hundred chickens every year it made it very hard for me."

ing to the chivalry of woman is following fast after the first.

These eras of pure living are based on the belief that you cannot in mature years get out of a character that which was not built into it when the youthful nature was like wax to receive and malleable to retain.

We have only touched on this great work, there is so much to be done. In our large cities especially girls are acquainted with the ways of the city, and in many cases innocent girls from good homes. I have it on good that a young girl from a respectable home in our sister Province, compelled to earn her own living to support the family income and hearing of high wages in Montreal started for that city alone.

Being wholly unacquainted with the ways of the city, she undertook to procure a position for herself, the result was she got into a house of ill-repute, and after being reduced to the most degrading and shameful circumstances, was rescued by some of the home workers of Social Service in that city. Thousands of such cases are occurring, girls disappearing, many of whom are never heard from. These girls are enticed away, sold as slaves, those of better appearance and educational ability in rustic, etc., bringing higher prices, sometimes as much as \$500 a piece. I have this from a prominent lady worker, a physician from Colorado who devotes most of her time to Redemptive work and who also told us that the average life of these girls was about 5 years.

This is most sickening and dreadful to think of but nevertheless true. We in our quiet Eastern town, know very little of these things but our Churches as well as our W. C. T. U. are doing a great Redemptive work in this respect. Young girls if compelled to travel alone should avoid any conversation or intercourse with doubtful characters, and in the case of changing trains at large depots always apply to the "Traveler's Guide" a lady designed by some badge or button of the Society which she represents.

The poor unsuspecting girls sometimes working in large departmental stores on small wages are often the victims, being trapped by women as well as men, who come to them in their loneliness and uneasiness in the guise of friends, and start an apparently innocent and friendly conversation, and perhaps invite them to a good warm dinner, or an auto ride, and these poor creatures, sometimes living in a small bare cold room and often unsanitary food (probably a few biscuits for lunch) are grateful and thinking they have met friends readily respond to the invitation.

In many cases they are never heard from, being sold into a life of sin and shame, worse than death. Redemptive Homes have been established throughout the Dominion to reclaim and help these poor girls to a better life. At Sidney, Truro, Montreal, Toronto, Calgary, Winnipeg and Vancouver and in some cases private homes are given up to this work free of charge, because the large-hearted interest by their owners in these fallen creatures, as instanced in the case of Mrs. Jas. Robertson, Sydney, Current who in 1916 cared for 43 girls and babies. Another lady in Hamilton, Ontario besides giving her home gave largely of her time as Secretary to this work.

Truro is a penal institution for delinquents only. It is interdenominational owned by Presbyterians and Methodists but having the co-operation of Anglicans and Baptists. It is an Industrial School and Home combined.

During 1916 one hundred and twenty-seven girls went out from 7 homes to safe positions and self-respecting and self-supporting lives. 96 accepted Christ as their Savior. There were 116 maternity cases, 66 delinquents, 61 prostitutes. Number accepting Christ was 84% of those in the Home. These are only a few statistics of a few of the Homes but presume the percentage of other institutions throughout the Dominion would be similar to that given above.

It is urgently requested by those engaged in this Redemptive work that wherever they come in contact with these girls from the Homes that we use them kindly, and do all in our power to help them, whether as domestics in our homes or otherwise thus giving them a "Second Chance" and help on the good work already begun for in so doing we follow our Savior's example to the woman brought to Him by the disciples. "Let Him that is without sin cast the first stone."

ONE OF THE BEST
IN THE DOMINION

McLennan Foundry & Machine
Works Complimented Upon
Uniformity of Output.

Campbellton has the distinction of having located within its boundaries one of the best shell producing plants in the Dominion of Canada. This is not mere bluster, but is substantiated by letters and reports at the office.

From the time the McLennan Foundry & Machine Works procured its first contract for shells it has made an enviable reputation. It commenced its first delivery of shells months before any other company awarded contracts at the same time, and which had to change over and equip for the work.

From the very first its shells were acknowledged to be of the best, and the output has been kept up to a very high standard. Besides this their estimated deliveries per week have always been made and in many instances exceeded. This is a record any firm might well be proud of.

Before embarking upon shell manufacturing the fortnightly payroll was about a thousand dollars. To-day the payroll amounts to over four thousand dollars every fortnight. The plant is run night and day.

Another contract for six inch shells has been given this concern. The present contracts will be completed by the end of March.

This industry is a great help financially to Campbellton, and the only pity is that we have not several more.

DO WE WANT A
SHIPBUILDING PLANT?

Graphic Establishes Here It
Encouraged.

The Graphic in conversation with a gentleman who is interested was informed yesterday that if the town of Campbellton would provide a free site and exemption for a term of years, his firm would seriously consider the establishment of a shipbuilding plant here.

That such an industry would be of immense benefit to Campbellton goes without saying, and nothing we can do should be left undone, to induce the firm to establish a plant here.

We would suggest that the town council place itself upon record as willing to assist such an industry.

RESTRICTIONS ON
NEWSPAPERS, ETC.
The Deputy Postmaster General has issued the following notice:

Daily, weekly and other periodical publication prepaid at single paper rate, viz: 1 cent every copy not exceeding 4 ounces in weight, and 1 cent for every additional 4 ounces or fraction of 4 ounces, may be mailed to addresses in the United Kingdom, in bundles containing one or more copies, but not more than ten. If, however, more than one copy is enclosed each copy will be liable to the same postage as if it had been posted separately.

These newspapers and periodicals may also be sent by parcel post in parcels not exceeding 7 pounds in weight, prepaid at parcel post rates.

When mailed to soldiers in France, and on other fronts, a number of copies not exceeding ten may be enclosed in one bundle, but the rate will be 1 cent for each 2 ounces or fraction thereof.

This notice supersedes all previous instructions in regard to the British restriction on daily, weekly, and other periodical publications imported into the United Kingdom.

YES! MAGICALLY!
CORNS LIFT OUT
WITH FINGERS

You simply say to the drug store man, "Give me a quart of corns." This will cost very little, but is sufficient to remove every hard or soft corn from your feet.

A few drops of this new corn compound applied directly upon a tender aching corn, would relieve the soreness instantly, and soon the entire corn, root and all, dries up and can be lifted out with the finger.

This new way to rid one's feet of corns was introduced by a Cincinnati man, who says that, while freemasonry is sticky, it dries in a moment, and simply shrivels up the corn without inflaming or even irritating the surrounding tissue or skin.

Don't let father die of infection or lockjaw from whitening at his corns, but clip this out and make him try it.

Cause of
Early Old Age

The celebrated Dr. Michenoff, an authority on early old age, says that it is "caused by poisons generated in the intestine." When your stomach digests food properly it is absorbed without forming poisonous matter. Poisons bring on early old age and premature death. 15 to 30 drops of "Sage's Syrup" after meals makes your digestion sound.

THE LIQUOR CHARGES.

The much heralded charges laid by C. G. R. police officer O. B. Lawson against Inspector T. Mann have come to naught as the report in another column shows.

Many citizens who do not understand what has been going on in the inner circles of the police department are asking why all the noise has been made over the affair.

So far as the Graphic can learn the charges were the outcome of personal spite and a desire to "get" Chief of Police Mann, and that the chief has come out of the ordeal with flying colors is pleasing to the citizens generally.

Officer Lawson has been at loggerheads with Chief Mann since last June, when upon interfering in town police matters the Chief forcibly told Lawson to mind his own business. Later the Chief had occasion to have Officer Perry up before the Police Committee, and it was shortly after this that Perry admitted, under oath, that he had said he would "get" the chief.

The frameup was not successful. It is now time our citizens should ask the C. G. R. authorities for the removal of Mr. Lawson, if not from the government employ, at least see that he goes to some other locality where he may be able to do better work for his employers.

Inspector T. Mann has earned a reputation for enforcing the liquor law, of which any officer might be proud, and we voice the sentiments of a

very large majority of the citizens when we state that he has the moral support of our citizens.

March 25, 1918.

To the Editor of the Graphic, Town.

Dear Sir:

Please allow me space in your valuable paper, the Graphic to answer in my simple way a letter which appeared in your issue of March 21st, signed Richard Pratt.

Mr. Pratt should know that all trains that leave Campbellton on the suburban or any other passenger train's time do not all carry passengers and that train, that Mr. Pratt refers to on the night of March 11th leaving on the suburban's time was one of those trains that did not carry passengers, and he says that when the passengers were about to board that train the C. G. R. policeman informed them that this was not their train, and were directed to another car a little ways down the track.

I wish to say that in dealing with the C. G. R. policeman was only doing his duty and I also wish to say, that had that been practised, three months ago a young lady that had bought her ticket for Dalhousie would not have found herself under a Glenoco riding on the I. N. R., and there is to hire a team to drive her back to Campbellton to make a fresh start the following morning, and on another occasion when a traveller thinking he was boarding the Dalhousie train, found himself a little later two miles out on the I. N. R., and had to walk back to Campbellton station, through snow and slush, and was informed on arriving at the station that his train had gone.

I further wish to say as C. G. R. policeman that I never told passengers to get on board that suburban car, until told to do so by the yardmaster or the conductor of that train, then that car is coupled on the train which is somewhere in the yard, further than the policeman has nothing to do with that train, except he is called

there by someone for some reason or other.

I am often asked by the passengers that are waiting for that train to be sure and let them know when the train comes to the station for the passengers, which I am pleased to do, and which is a part of my duty, and I wish to say to Mr. Pratt and all other travellers, that it is a part of my duty, and a pleasure to accommodate them in any way possible, as I consider myself the travelling public's servant while on duty as C. G. R. policeman at Campbellton station.

Thanking you Mr. Editor for space in which to make these few remarks, I remain,

Yours truly,
ALBERT LETURNEAU,
C. G. R. Policeman.

March 20th, 1918.

To the Editor of the Graphic, Campbellton, N. B.

Dear Sir:

Some years ago one of the St. John papers published "Talmage" (a noted New York divine) sermons on Saturday of each week. These sermons were read by many and I have often thought if our local papers would ask our clergymen to contribute a sermon at times they would comply to such a request. I have often listened to discourses of a very high order delivered to small congregations. In churches here that should be read or heard by many and by giving them to the press the people could be reached in this way.

I had the privilege and pleasure of attending the Presbyterian church on a recent Sunday evening and listened to a very able discourse, preceding a memorial service held in honor of one of our brave heroes that has made the supreme sacrifice in this greatest war in history. The Rev. Hugh Miller's tribute to Frank Boncher while brief was couched in language that would cause anyone to feel proud that he was a Canadian soldier. To be a mother, father or a wife of one so noble ought to fill their hearts with pride, and to think of the Great Ruler of the Universe who does all things for a good purpose unknown to all, I trust that the above tribute to a worthy and deserving given, will be given to our local papers.

Thanking you, Mr. Editor, for space, I am,

Yours truly,
A. CHURCHMAN.

I am asking you again for more favors re Town affairs. I have had one round with "Juno" and I have given him a pair of black eyes (with printer's ink). My friend and neighbor gave me a few gentle taps in the second round by saying "my remarks were very unbecoming". I tapped him in regards to present councillors. This came in a draw.

The men I saw after the Presidential and the Merchants. I still have the "Chief" on my shoulder and should they come to him I hope to knock them out with the ratapattin ballads on Town election day.

I may be permitted to say that the writer has no desire to hurt the feelings of any of the present board, amongst whom I have no enemies but some friends, but in order to make my case good I want to put in further evidence against past management.

1st.—All will remember we purchased logs for an embankment to protect our town park lot. We bought them and measured up at the large end, kept them a year, then disposed of them at a reduced price and they were surveyed up at the small end. This work should have been carried out as our twelve thousand dollar lot is being washed away by the tide. Poor business.

2nd.—Our old Town electric light plant chimney was allowed to remain standing for some years, finally our rulers decided to take it down. They had it pushed over with the result of damage to a nearby building and destroyed the brick of the said chimney. Had this chimney been taken down carefully there would have been brick enough to case our Fire Station. Here again poor judgment and another loss.

3rd.—A few years ago a lot of their equipment was destroyed by fire in a small building on the Opera House lot. The insurance on this town property was allowed to lapse. Again the ratapattin money was taken to buy new equipment at a cost of \$1000. More money wasted.

4th.—For the past fifteen years we have been buying a red and sandy gravel, hauling it with our town horses up a hill from Andersonville (Elabitt Town), spreading it over our streets to be washed away, or removing the mud from the streets at annual loss of about \$400, so you will see in this time we have had the expense of the very neat little sum of some six thousand dollars. This would have bought us a stone crushing plant which our town men could have operated in the winter. This would have given us good streets.

5th.—Our old electric light plant boilers were allowed to remain unprotected for seven years, but our present board (a little praise) decided to sell them. One of our new councillors bought them and disposed of them at a good profit (he so stated). He could not have understood English for when elected to office under a declaration that he would safeguard our interest. But here again our town business is unlawfully transacted. But no doubt, he can back the fact as others on the Board do it. Too bad.

In closing I must not find fault with the present gentlemen, for in a few weeks their term of office expires. They may have made mistakes, that is only human, and as that Scotch poet Robert Burns, said "a man is a man, fain as he that", etc., and it is up to the people to select new men for the next year, and also thank those who have served in the past.

I must thank you Mr. Editor for kind forbearance, and next week if you will allow me a short space, I pledge my word that I will not say a word about past councillors, but I will endeavor to show "Who is Who and Why".

Again thanking you for space, I remain,

WORKING MAN'S FRIEND.

Campbellton, March 25th, 1918.
Editor Graphic,

Dear Sir:

I noticed in one of "Working Man's" letters (re town affairs) which are read by many of the ratapattin and are awaking a deep interest in all voters, that our rulers bought through one of our "Merchant Councillors" an adding machine for the town, for which they paid \$367.50. This may seem only a trifle, especially when others pay the bills.

Many of us are asked to eat less meat; burn cedar blocks to keep us warm; give to charities, etc.

I enclose you an "Add" from a reliable firm whose business it is to sell adding machines (if we needed one) that is good enough for our mist government. This we could have bought for \$75.00 or we might have got a better one for \$25.00.

If we could find who "Working Man's Friend" real name is we would in all probability elect him mayor of our town. The voters are doing a little thinking and BELIEVE ME LOOK OUT FOR RESULTS.

Thanking you, Mr. Editor for the space used, I remain,

Truly yours,
RAILWAY EMPLOYEE.

The following is a copy of adv. enclosed:

The Ford Saves the Hay and Oats the Horses Eat

IT HAS been estimated that five acres of land are required to maintain one horse for a year, and that the same five acres would produce nearly enough food for two people. If 50,000 Canadian farmers each replaced one horse with a Ford, 250,000 acres would be added to the Nation's source of food supply and enough extra food made available to feed 100,000 people.

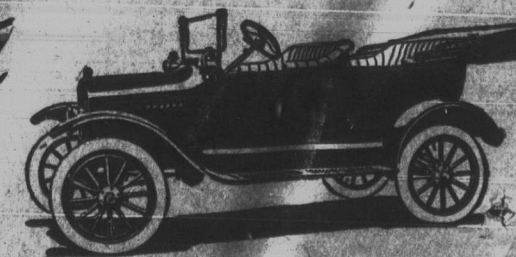

Just think what a great service this means to the country at the present time and the benefit to the farmers from the sale of food produced on this acreage.

A Ford car also saves the farmer a week or more of valuable time each year, which can be used for further productive work. The Ford travels three times as fast as a horse and rig—costs less to run and keep, and is far easier to take care of. With labor so scarce and high priced, time means money, so do not delay in getting your Ford.

WILL BE DRY
After April 1st, of this year all Canada, with the exception of Montreal and a few municipalities in the province of Quebec will be governed by a "dry" prohibition law. From that date the shipment of liquor containing more than 2 percent of proof spirits into provinces which have passed prohibitory laws and municipalities which have adopted local option will be illegal under the order-in-council just passed by the federal government under the war measures act.

ASSAULT CASE
Up in Eldon they take politics very seriously. It does not matter who they are, Dominion, local or municipal politicians. Monday a number of ratepayers who thought they had grievances in reference to their assessment went in a body to the home of the local councillor where the assessors were meeting to talk over the matter. Words were exchanged and a blow was struck. The case is now being aired in the Police Court.

Mrs. McWhirter came to this city from Woodstock, where she was visiting her son, a gunner in the 66th Battery. This lady is a member of the Women's Press Club and is a writer of some note. She is shortly to publish her book entitled "Treasure Trove in Gaspé".

SUDDEN DEATH OF WELL KNOWN MINISTER
Rev. F. C. Simpson, minister of the Presbyterian Church, at Bridgetown, N. S., died on Sunday as he was preparing for the service. Rev. Mr. Simpson had no premonition of illness but some time ago his physician had told him he was threatened with cerebral trouble. Deceased came to Nova Scotia from Hull, England. He was then a member of the Methodist church but he entered the Presbyterian college, Halifax, who has been overseas, and Miss May, on the staff of the immigration department at Halifax.

Rev. Mr. Simpson was well known in the Miramichi Presbytery, having been pastor of St. Mark's Church, Douglastown, for several years. Along with Mrs. Simpson and children, he was a general favorite. He left Douglastown about five years ago to take a position with the Presbyterian Witness. The bereaved family have the sympathy of many friends.

DALHOUSIE

(crowded out last week.)

On account of the delay in transit
of heavy machinery shipped several
weeks ago to the P. Q. Lumber Co.
here, Mr. Jos. E. Hamel, their able
architect is unable to expedite the
work as at first expected. However
all wood-work is being rushed.

Mr. Kenneth McKenzie, son of Mr.
A. G. McKenzie has joined the flying
crops. He is now in Toronto.

A large wholesale clothing firm
from Ontario writing to one of our
merchants under date of March 6th
states that a suit of clothes that would
sell for \$25. or \$35 in Canada, sells
at from five to six hundred dollars in
Russia, so states Major Hunt of Lon-
don, Ont., who was in Petrograd a few
weeks ago. It is because the Bear
has behaved badly that he is now ob-
liged to pay such a high price for his
clothes?

The first carnival of the season was
held in the skating rink on Monday
evening. There was a good attendance.
The prizes were distributed by Mr. E.
Rene Richard. The winners were:
First prize Miss Clara Mowat, (Cam-
bellton) as a Highlander; second lad-
ies prize, Miss Dorothy Gallop as Col-
leen Bawn. First gentlemen prize D.
G. Stewart, as Uncle Sam; second
gentle prize, Raymond LeBlanc, as
Boy Scout. The ice was in good con-
dition. Several young people from
Point LaNim and Charlo attended, and
it was a success.

Mr. Phil. R. Hussey, manager of
the P. Q. Lumber Co., Nouvelle, P. Q.
is in town.

Dalhousie, March 26.—The home of
Dr. and Mrs. A. G. Ferguson was the
scene of a very delightful affair
when on Saturday last their daughter
Miss B. Ferguson entertained her mus-
ic pupils. Twenty young people were
present. Miss Ferguson was assisted
by her guest Miss Marion Bate of
Newcastle. The following is the en-
joyable programme:
Piano—Robin Adair, Miss May Cole-
man.
Piano—Melody E. Major, Miss Vic-
tor McKay.
Violin—Air From Opera, Master
Ally Miller.
Piano—Angela Serenade, Miss Mil-
dred McKenney.
Violin—Berceuse, Miss Vera Simp-
son.
Piano—Flower Song, Miss Mary
Miller.
Violin—Loin du Bal, Miss Mattie
Cook.
Piano—Bal d'enfants, Miss Marjorie
Connacher.
A very dainty tea was served, Mrs.
R. J. Coleman assisting. Miss Mary
Coleman, Miss Dorothy Gallop and
Miss Jean Connacher passed the re-
freshments.

On Friday evening Rev. F. L. Jobb
of New Mills gave a very instructive
lecture in the lecture hall of St. John's
Presbyterian church, made in-
teresting by the lantern slides of mili-
tary pictures.
The many friends of Mr. James
Duncan will regret to learn that he
has been ill with an attack of jaundice.
They will be glad to know that he is
improving.
Under the auspices of the Ladies
Aid Society of Dalhousie a tea and
sale of aprons, Easter home cooked
pastry, etc., will be held on Saturday
evening beginning at 7 o'clock. Mr.
James A. Reid has kindly given the
use of the McLeod store, which will be
convenient for the workers, and cen-
tral for those who wish to patronize
the affair. The strong committee of
ladies in charge and their past suc-
cesses will no doubt draw many to the
sale.

Miss Grace McEwen, who has been
attending business college at St. Ste-
phen, N. B., is expected home this week.
Miss Mabel McNeil, sister of the
three McNeil boys who have done their
bit in the great war has accepted a
position in the Royal Bank of Canada
here.
Miss Louis J. LeBlanc has returned
from a business trip to St. John, N. B.
Miss Nettie Robinson who spent a
two weeks holiday visiting in Lake
View and Bangor, Maine, returned
home yesterday.
Mr. R. J. Miller, Black Lands was a
recent visitor to the shiretown.
Mr. H. J. Good has returned home
after a business trip to Montreal.
Mr. and Mrs. Philippe B. Hussey,
Nouvelle, P. Q. were visitors to Dal-
housie on Monday.

The Dalhousie citizens who remem-
ber the building of the Dalhousie
Branch Railway, and the first years
of the Anch Arran House will regret
to learn of the death at Ottawa on
March 23rd, of Sir Collingwood Sch-
raiber, general consulting engineer for
the Dominion Government. He was
in his 87th year. Lady Schraiber and
two daughters Mrs. Travers Lewis and
Mrs. Lawrence Lamb survive. The
ladies spent several summers at Cana-
da's great summer resort the Inch Ar-
ran.

Mr. Alfred LaBillette, Maguasha re-
turned home yesterday after visiting
his sister Mrs. Narcisse Levesque in
Lower Balmoral. On his return he
was accompanied by his brother-in-law
Councillor John C. McLean and Ex-
Councillor Louis Giroux of Goff-
were visitors to the shiretown on Mon-
day.

GIVE "SYRUP OF FIGS"
TO CONSTIPATED CHILD

Delicious "Fruit Laxative" can't harm
tender little Stomach, Liver
and Bowels.

Look at the tongue, mother! If
coated, your little one's stomach, liver
and bowels need cleansing at once.
When peevish, cross, listless, doesn't
sleep, eat or act naturally, or is feverish,
stomach sour, breath bad; has sore
throat, diarrhoea, full of cold, give a
teaspoonful of California Syrup of
Figs, and in a few hours all the foul,
constipated waste, undigested food and
sour bile gently move out of his little
bowels without griping, and you have a
well, playful child again. Ask your
druggist for a bottle of California
Syrup of Figs, which contains full
directions for babies, children of all ages
and for grown-ups.

Mathias Ellinger, who is taking a
classical course at St. Joseph's College
has been troubled with his eyes. He
is spending a few days at home for a
rest. He is a son of the late Ed. El-

The members of the Women's In-
stitute have decided to hold the patri-
otic "Whist Party" in the Dalhousie
Club Rooms on Tuesday evening April
2nd.

Among those who attended the Far-
mer's and Dalhousie's Convention held
in Fredericton recently were: Messrs.
W. J. Davis, Walter Killoran and Joe
Daley as representatives of the local
Agricultural Societies.

The meeting of the ratepayers of
the school was held in the school build-
ing on Friday evening last. It was
decided to remove the woodshed, and
add a new room to the rear of the
original building, thus creating a new
department, also to renew the inside of
the original building. This was con-
sidered the wisest course to follow for
the present.

An illustrated lecture was given at
the Presbyterian church at River Louis
on Wednesday evening the 20th
inst. by the Rev. F. L. Jobb on the
work being done among the returned
wounded soldiers. Many interesting
lantern slides were shown in connec-
tion with the lecture, which was in-
structive. The weather was per-
fect and a large crowd in attendance. The
entertainment will be held in the
C. M. B. A. Hall on Easter Monday
evening at 8 o'clock, by the ladies of
the Women's Institute. A very good
programme consisting of music, songs
and a play is being staged, and a very
pleasant evening is looked forward to.

Mr. Hashev of Bathurst is in town,
repairing and tuning organs, and is
doing a very thriving business.

Much sympathy is extended to Mr.
and Mrs. Elsie Goodin in the loss of
their baby boy, aged three months on
Thursday last.

One of the oldest residents of Jac-
quet River also passed away on Mon-
day morning the 18th inst. in the per-
son of Mrs. John St. Jean at the home
of her step son Patrick Shannon of
Sunbyside. The deceased lady was ill
only a few days, and was seventy
years of age. She is survived by
two sons, Michael Shannon of
Campbellton, and Patrick with whom
she resided, and two brothers, John
and Fred Noel of the place. Inter-
ment took place Tuesday afternoon at
2:30 o'clock.

Dunlop "Gibraltar"
RedSpecial" Belting
Abnormal Friction Pull
vs. Elasticity of Friction

BETWEEN every ply of specially-selected,
heavy Cotton Duck in Dunlop "Gibraltar
RedSpecial" Belting is a layer of pure Rubber
which, through a Dunlop calendering process, so
permeates the fabric that it binds the several
plies into one integral piece.

Some belt manufacturers offer to sell their
product on the basis of "Heavy-Foundine in a
Friction-Pull" Test. To obtain the latter result
it is not necessary to secure such an expensive
Rubber Friction as is used in "Gibraltar Red
Special." This fact alone ought to be a pretty good
gauge of the value of the "friction-pull" test.

In buying "Gibraltar RedSpecial" you get
the advantage of years of careful laboratory work
on our part with this result: The friction is of that
"just-right" elastic quality which allows for the
give and take necessary in rounding the pulleys;
hence the reason "Gibraltar RedSpecial" is known
for maximum Power, Speed and Service.

UNLIMITED capacity for service is an intrinsic quality with
Dunlop "Gibraltar RedSpecial" Belting. The success of nearly
a quarter of a century in the manufacture of Rubber Products is built
into Gibraltar. The original Made-in-Canada Red Rubber, Frictioned
Surface Belting, "Gibraltar RedSpecial" has stood the inflexible test
of time in turning the wheels of industry in a multitude of Canadian
plants from the Atlantic to the Pacific.

TAROL
 RELIEVES PROMPTLY
 CURES SURELY
Coughs, Colds, Bronchitis,
Whooping Cough, Grippe
 AND ALL
 AFFECTIONS OF THE RESPIRATORY ORGANS

TAROL is a scientific remedy prepared by competent chemists, according to formulas approved and recommended by the Medical profession, with choice elements, the principal being

Wood Tar and
Cod Liver Oil

Wood Tar acts as a powerful antiseptic to the throat, bronchi and lungs, protecting these organs against the evil action of the microbes.

Cod Liver Oil soothes the irritated mucous membranes, eases the cough, promotes expectoration and supplies the whole organism with the energy needed to overcome the diseases and to recover strength.

Ask for Tarol and insist on getting it.

EVERY LITTLE HELPS.

Every available maple tree should be tapped this spring and every sap bucket, pail and pan pressed into service, whether it is the most up-to-date equipment or the old-time sugar making outfit that has not been used for years. Every little helps. Every pound of maple sugar is wanted.

HERDS ON THE DECREASE.
 Figures compiled on some months ago by the French authorities show how herds of livestock have been depleted since the outbreak of the war. Cattle have been reduced by 16.5 per cent. the following percentage of the Allies import requirements: Beef—2.23 per cent, pork products 8.55 and butter 1.40.

BIG DEMAND FOR MAPLE PRODUCTS.
 The Canadian market has hitherto readily absorbed 75 per cent of the Canadian sugar maple production. The United States takes all we can send and would gladly take more. The demand for the pure products has for years exceeded the supply.

MEAT CONSUMPTION ON DECLINE.
 The consumption of beef and mutton in Britain during the last year of peace was 10,000 tons per month. During 1916-17 this amount had fallen to 120,000 tons per month. The total available supplies at present in sight for the current year are not more than 68,000 tons per month.

The clergy of all denominations in Canada are promising to do everything in their power to promote the work of food conservation and production. In a number of cases the Bishops are sending out pastoral letters to their clergy. Archbishop Matheson Primate of Canada, has promised his fullest support to the Canada Food Board.

WORTH THINKING ABOUT.
 Every little bite makes a muckle. The second helping is getting to be bad form.

There's lots of money to go round but bacon, beef and wheat can't make the circuit.

Fish may not be a brain food but brainy men are eating more fish. Waste and want are two sisters and neither is beautiful.

Learn to control your own appetite before you try to control your neighbor's.

A good citizen is known by the food he eats.

FREE MEN FOR FARM WORK.
 The Canada Food Board is preparing plans for the mobilization of labor for spring seeding operations. Men familiar with handling horses will be specially needed and it is essential that they be secured to work on the land. For this reason employers of such labor, in urban centres, will be well advised to consider the adoption of co-operative methods of delivery in order to free the men capable of driving horses and especially those with farm experience.

TRY MAPLE SUGAR.
 Not many years ago cane sugar soared to a price of fifteen cents a pound and relief was obtained by the manufacture of maple sugar.

Your grandmother used it to sweeten her tea and to make her pies and cookies.

Try it now, when cane sugar is so scarce and it is needed so badly in France and Great Britain.

MAKE YOUR MAPLES WORK.
 Today in France only one and one-tenth pounds per individual per month of cane sugar is allowed, and in Italy but one pound per month.

Make the sugar maples work this spring.

WHAT MAPLES TREES HAVE YOU?
 Every average maple tree will produce about five pounds of sugar in a season.

If 200,000 farmers in Ontario, Quebec, New Brunswick and Nova Scotia were to each tap 100 trees, we would have this year 20,000,000 trees producing, at five pounds per tree 100,000,000 pounds of sugar.

This will provide the entire supply of sugar for Canada for about three months, and would be worth approximately \$15,000,000.

Isn't it worth while as an investment, aside from the fact that every pound produced is helping the food situation?

THICK, GLOSSY HAIR
FREE FROM DANDRUFF

Girls! Try K! Hair gets soft, fluffy and beautiful—Get a small bottle of Danderine.

If you care for heavy hair that glitters with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine. Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff. You can not have nice heavy, healthy hair if you have dandruff. This destructive germ robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots famish, loosen and die; then the hair falls out fast. Surely get a small bottle of Kasev's Danderine from any drug store and just try it.

Easter

*"And Easter Sunday glowed upon the sky,
 And with new fervor filled the hearts of men."*

Income Tax Forms
 Are now available

Returns must be filed on or before 31st March

THE Dominion Income War Tax Act requires you to fill in one or more of the five special Forms provided before 31st March, 1918. In order to assist the public to understand just what is required of them, information on each Form is given below. Read carefully, then get three copies of the form that fits your case and fill them in. Answer all questions fully and accurately. For making false statements, a penalty of \$10,000 or six months' imprisonment, or both, is provided.

Individuals.—All persons unmarried, and all widows or widowers without dependent children, whose income is \$1500 a year or more, must fill in Form T1. All other persons whose income is \$3000 or more, use the same Form. Where any income is derived from dividends, list amounts received from Canadian and Foreign securities separately. Fill in pages 1, 2 and 3 only. Do not mark on page 4. Partnerships, as such need not be returned, but the individuals forming the partnerships must.

Corporations and Joint Stock Companies.—No matter how created or organized, shall pay the normal tax on income exceeding \$3000. Use Form T2—giving particulars of income. Also attach a financial statement. Under Deductions, show in detail amounts paid to Patriotic Fund and Canadian Red Cross or other approved War Funds.

Trustees, Executors, Administrators of Estates and Assignees use Form T3. Full particulars of the distribution of income from all estates handled must be shown as well as details of amounts distributed. A separate Form must be filed in each estate.

Employers must use Form T4 to give names and amounts of salaries, bonuses, commissions and other remuneration paid to all employees during 1917 where such remuneration amounted in the aggregate to \$1000 or over.

Corporation Lists of Shareholders.—On Form T5 corporations shall give a statement of all bonuses, and dividends paid to Shareholders residing in Canada during 1917 stating to whom paid, and the amounts.

Figures in every case are to cover 1917 income—all Forms must be filed by 31st March. For neglect, a fine of \$100 for each day of default may be imposed.

In the case of Forms T1 and T2, keep one copy of the filled in Form and file the other two with the Inspector of Taxation for your District. In the case of T3, T4 and T5, keep one copy and file the other two, with the Commissioner of Taxation, Dept. of Finance, Ottawa.

Forms may be obtained from the District Inspectors of Taxation and from the Post-masters at all leading centres.

Postage must be paid on all letters and documents forwarded by mail to Inspector of Taxation.

NOUVELLE

Many friends will regret to learn of the death of Miss Albina MacLachlan, 22 years, daughter of Mr. Joseph MacLachlan, who died Sunday evening the 17th inst., deceased had been ailing for some time. She leaves to mourn a bereaved father and mother, four brothers Eugene, Volmon, John, and Alfonso, and four sisters, Anna, Eva, Alphonse and Alma, all at home. The funeral took place Sunday evening, morning, the 20th inst., to the R. C. church St. Jean Evangelist and was largely attended by friends and relatives which showed the esteem in which the deceased young lady was held. Requiem High Mass was celebrated by Rev. Father St. Laurent, and music for the occasion was very impressive. The pall bearers were: Messrs. Amedea Landry, Henry Caisy, Eddie Landry, Louis LeBlanc. The family have the sympathy of the community in this hour of sore bereavement.

Miss Ella Connors of Miguasha who has spent the last three years with Mr. and Mrs. Notman of Pictou arrived home on a visit to her parents Mr. and Mrs. Edward Connors. She will be leaving the first of April to take her same place.

NO FOUNDATION FOR LIQUOR CHARGES

(Continued from page 1)

thought it was a funny thing if us fellows who are on at night cannot see who is taking the liquor out. He would like to be working at night and they would not take it out."

Q—You swallowed all that?

A—Oh, yes.

Q—You had the key somewhere then?

A—At the house.

Q—You were a Policeman sworn to do your duty and you stood there and heard him tell you a few things and then that you had a chance to break into that room at any time that you wished to?

A—No, he had put a new lock on.

Q—Did you feel that he suspected you fellows when he put the new lock on?

A—Well, no.

Q—As a matter of fact, did he not accuse you right straight to your face of taking the liquor out?

A—No, But Officer Adams told me that he accused him.

Q—Then you cannot tell that he ever accused you fellows of taking that liquor?

A—Well, he never accused me. I did not hear him accuse Adams either, but Adams told me that he did.

Q—Will you take your oath that you never left the door unlocked after you went in?

A—Yes.

Q—You are sure you never forgot it?

A—No.

Q—You do not know who took the liquor out?

A—No.

Q—Do you know what became of all the liquor that was seized?

A—No.

Q—Do you know what became of part of it?

A—No.

Q—Do you know anything about this liquor after it was put into this strong room down cellar?

A—No.

Q—When you and Adams were in this room with your keys, could you have taken out a bottle if you had wanted to?

A—I do not suppose there would have been any trouble. I could have taken out a pocketful, two or three bottles.

Q—Will you say you were friendly to the Chief during the last summer?

A—I think I was.

Q—You watched your Chief and you reported his doings to Mr. Lawson, did you not?

A—No, I did not report his doings to Lawson altogether. I think it was in September though that he had me up before the Police Committee for nothing, and I told Lawson that I was going after him.

Q—Did you not report other matters, little violations of the law to Lawson?

A—No, I did not. But I knew there were violations of the law.

Q—Did you report them to the Chief?

A—All I knew of them.

Q—Well, you were not friendly to the Chief this while back?

A—I was friendly to him.

Q—Did you plan this matter with Lawson about the inquiry?

A—I just mentioned about the liquor going.

Q—Did some of the knowledge that Lawson has come from you?

A—Yes, some of it did.

Q—Did Adams give him any of it?

A—I do not know whether Adams did or not.

The Store For Better Goods.

Q—Did you know that Lawson was going to lay an information and have an inquiry?

A—He told me after he had written a letter to Mr. Wilson.

Q—Did he not tell you before?

A—He told me he was going to summon me as a witness.

Q—Why did you talk over with Lawson about this carrying off of liquor from the Government rooms?

A—It was because of what happened in September when you determined to get after the Chief?

A—No, when he dropped it so quick, I didn't think any more about it.

Q—Sometime ago we had a case for the infringement of the liquor law. Mr. Lawson was considered to be a witness. You were given a paper to serve on Lawson. Did you serve it?

A—No.

Q—Why did you not serve it that night?

A—Because Mr. Lawson was at the station with his wife and he told me he was going down to the pictures.

Q—What was Mr. Lawson's answer when you spoke to him?

A—He told me to tell the Chief that if he thought he could afford to bring him down as witness in this case, that he could go ahead.

Q—Did the Chief take the paper then or did he tell you to go and serve it?

A—He told me it was no use to give me a paper if I did not serve it. He then ordered me to serve it, and I did.

Q—Do you remember in the summer of 1917 after the enforcement of the Liquor Act, that an information was laid against a man called Paul Dericke?

A—Yes.

Q—Did you have any knowledge of the fact that Lawson came and tried to stop the Chief serving the paper and told him to stop the suit?

A—No.

Q—Is this the first you have heard of it?

A—Yes.

March 25th, 1918.

Editor of Graphic, Campbellton, N. B.

Dear Sir:

Kindly allow me space in your valuable paper to place myself in a true light before the eyes of the public in the case of The King, upon complaint of Oswald B. Lawson, against William McNeil.

The evidence in this case was all given by witnesses brought to Police Court by O. B. Lawson, with the hope of fastening the charge of robbery upon the defendant, but Messrs. Adams, Sargeant and Walker proved conclusively that the potatoes I had placed in the baggage room of the C. G. R. Station at Campbellton, were put there before 12 o'clock (midnight) on the 19th day of September, 1917. Mr. Francis Pinet gave evidence to the effect that the potatoes the Dominion Express Co. lost did not arrive here until sometime on the morning of 20th Sept. 1917 and were checked and found correct not earlier than 8 a.m.

On Friday afternoon after all this evidence was taken Mr. M. A. Kelly, counsel for defence asked His Honor for the dismissal of McNeil on the grounds that the witnesses for the prosecution had proven the defendant innocent of the above charge. The magistrate said he would give his decision on Monday at 2 p.m.

Monday afternoon the magistrate dismissed the defendant on Mr. Kelly's application, without any witnesses for the defence having been placed upon the stand.

I would like to thank Mr. H. A. Carr, counsel for the prosecution for his kind and courteous treatment during the trial.

Nov. Mr. Editor I would like to get forth the facts as would have been proven if we had put the witnesses for the defence on the stand.

On the 19th of September Mr. G. A. Miller brought a bag of potatoes to Campbellton on train due here at 6:50 p.m. and before 10 a.m. same night accompanied by Miller I placed potatoes in the baggage room of the C. G. R. station at Campbellton. Potatoes remained in said baggage room all next day and after arrival of No. 4 train on the morning of Sept. 21st Mr. Walker hauled them home for me. I had intended to enter an action for defamation of character against Lawson, but, after careful consideration that the old adage "You cannot get blood out of a turnip" would just about suit his case.

It is about time someone was placing the matter of removal of this Defamer of Honest Working Men from the government's service altogether.

In conclusion Mr. Editor I wish to thank you in my explanation and hoping that he will be removed in a very short time, I remain,

Sincerely yours,
W. J. McNEIL.

Is Your Headache Caused by Imperfect Eyes

It is stated on good authority that 90% of all headaches are caused by imperfect eyes, and I have proved this true by my own experience. If this fact was generally known much unnecessary suffering could be avoided, and prevented, and more glasses would be worn.

If you are subject to this distressing affliction you should see me at once, and give me the opportunity of examining your eyes, and fitting you with glasses, that will bring you instant relief.
