Sensational Evidence Given
at Beemer Case in
Woodstock

But The Witness Does Not
Believe That Woman
Poisoned Husband

[Canadian Press Despatch]
WOODSTOCK, Ont., June 19.—
With the case of the crown against
Mrs. Beemer, charged with having
given strychnine to her husband, Fred
Beemer, concluded, it appeared last
night that there were not a few points
upon which a jury would require en-
lightenment before convicting.
For instance, there was no evidence
that there was any strychnine in the
Beemer house or that they had bor-
rowed any from the neighbors. There
was nothing to show that the wo-
man had any reason for killing her
husband and the crown's own wit-
nesses swore that they had never
heard of them living any way but
happily. There was, according to the
same witnesses nothing unusual in
Mrs. Beemer's manner after her hus-
band's death. She had nothing to gain
financially by his death as his 200-
acre farm was heavily mortgaged, and
will be lost now, it was stated, while
she is left with eight small children.
It was said by Dr. Woolner of Ayr,
who attended Beemer that she had
apparently cared for her husband
faithfully and there was no evidence
that Beemer had the slightest sus-
picion that his wife was as now
charged, the author of his illness.
The defence, which will be pre-
sented on Monday, June 30, will ap-
parently endeavor for to prove that
the probability is strong that Geemer
committed suicide. Beemer had a lot
of trouble and his financial affairs
were in a desperate condition. His
farm and his chattels were hopelessly
mortgaged and his brother, Sylvester
had sold his wife's land in the
county for paying a second chattel
mortgage with the first one still good,
and two years ago his barn burned, and
two years ago his house. In recent
years he had been engaged in thirty-
two legal actions ranging from police
to high court, all arising out of his
father's estate, and some being
brought by his own relatives. With
all these worries witnesses said, how-
ever, that Fred was not of a depend-
ent disposition.

DISEASE SEEMS

Crazy Male Suffragette Com-
mitted Suicide at Ascot
Races To-Day

ASCOT, Eng., June 19.—Fired by
one example of Miss Emily Wilding
Davison during the race for the
cup, a male suffragette to-day com-
mitted suicide by flinging himself in
front of August Belmont's four year
old Tracey, during the race for the
durable Ascot gold cup, and deprived
the horse of any chance of capturing
the coveted trophy.
The man was killed on the spot.
The horse and its rider, although
they were both brought to the
ground, were unscathed.
Waving a flag of the suffragette
colors in one hand, and brandishing
a revolver in the other, the militant
suffragette sprang over the rails just
as the field of eight horses with the
Tracy leading, were nearing the
stretch for home.
With a loud yell of "stop," he
bounded in front of the horsemans,
and Tracey collided with and felled him
before the jockey, A. Whalley, had
time to avert the catastrophe.
Tracey is son of the famous Eng-
lish stallion, Rock Sand, for which
Mr. Belmont paid \$125,000, while his
dam is Toplary, a mare exported
from England. The colt finished third
in the derby at Epsom in 1912, won
the Sussex stakes at Goodwood in
July of the same year and the St.
Leger stakes at Doncaster in Septem-
ber, 1912.
A Good Majority.
A well-known English surgeon was
instructing some clinical instructions
to a dozen students. Pausing at the
beside of a doubtful case, he said:
"New gentlemen, do you think this
is or is not a case for operation?"
One by one each student made his
diagnosis, and all of them answered
in the negative.
"Well, gentlemen, you are all
wrong," said the wielder of the
scalpel, "and I shall operate to-mor-
row."
"No you won't," said the patient
as he rose in his bed; "six to one is
a good majority; gimme my clothes."

POST OFFICE
WORK DELAY

"The only job we are hav-
ing difficulty with—that is, in-
rushing things ahead—is the
post office construction work,"
said Mr. Roy Secord, of
Messrs. Secord & Sons, this
morning. "The Hamilton
Bridge Company has only six
men on the job, and should
have fifteen or twenty men.
It is impossible to get them to
hurry, and as a result we are
somewhat tied up. It is the
steel work, and that only,
which is keeping us behind."

French Parliament Members
Didn't Want to Be Caught
Asleep.

[Canadian Press Despatch]
PARIS, June 19.—Reasoning that
moving pictures of the Chamber of
Deputies during important debates
would stimulate pride and patriotism
throughout France, the clerk of his
own responsibility and privately gave
permission to a cinematograph com-
pany to work its cameras in the legis-
lative hall.
While the three year military ser-
vice bill was under discussion a ma-
chine was installed and ran several
hours before the deputies knew any-
thing about it. Only fifteen members
were in their seats, and some of them
were yawning, even snoring away the
dull hours, only rousing when a vote
was called for, and then voting the
proxies of the 400 absentees.
Finally the news got around and
there was a remarkable change. The
bar was deserted and there was no
yawning, no stretching, no stretching,
but much pretty strutting, fine-gestikul-
ing and a universal effort to look so-
lemn and wise.

A CHAPTER
OF ACCIDENTS

Scaffold Gives Way on Dal-
housie Street Building—
Other Mishaps

Mr Nath Kew, the well known con-
tracter met with a painful accident
yesterday afternoon about five min-
utes to six and is in the hospital suf-
fering with this left arm fractured
above the elbow and one rib fractur-
ed. Mr. Kew along with Horace
MacFarlane, who resides on Dal-
housie St. were working on a scaff-
old near the top of the new build-
ing in the course of erection for the
Turnbull-Cutcliffe Co., on King St.
The scaffold which is about 20 feet
high, collapsed and the two men fell
to the ground.
Mr. Kew was picked up uncon-
scious and carried to the build-
ing. The ambulance was summoned
and he was rushed to the hospital,
where Dr. Robinson attended his in-
juries. Mr. MacFarlane who escaped
with a severe shaking up was taken
to his home in an ambulance.

Hit by Brick
Harry Lang of Toronto, a steel
worker, employed on the new three-
store building in the course of erection
on Dalhousie street, met with a very
painful accident yesterday afternoon
by being struck on the head by a
falling brick. A wheel barrow load
of bricks were being taken up the
hoist, and one of them fell off and
alighted on Lang's head, causing a
long, deep scalp wound. He was
rushed to the hospital where Dr. R.
Secord dressed his injury.

Leg Broken.
A Pifer, who resides at 19 Rich-
ardson street, had the misfortune on
Tuesday evening to have his left leg
broken. He was moving a heavy piece
of timber when in some way it fell
on his leg, breaking it above the knee.
Dr. Marquis was called and attended
the injury.

Arm Twice Broken.
A Paris despatch says: Mr. Lloyd
Wilson met with a painful accident at
a load of heavy wagon tongues fell
on him. His left arm was broken in
two places, between the wrist and
the elbow, he injury is very painful
and he will be laid up for some time.

Good Health.
Prof. Wells, the youngest old
man in America, gave a lecture this
morning to the Ministerial Alliance
on Good Health and members of the
club as a result of the lecture are
considering the organization of a
good health and digestion club in
the city. The lecture was appreciated.

Change in Service.
The services at the Old Mohawk
Church will be held 1 2.30 p. m. in
future instead of at 11 a.m.

THE GREAT WHITE WAY AS IT WILL BE WITH BRANTFORD HYDRO

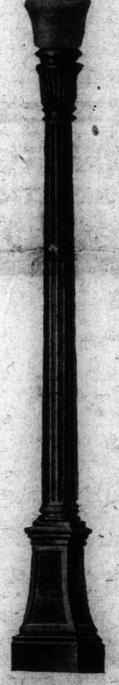

A night view of Church Street, in New Haven, Conn. Brantford proposes to install similar lights on the business streets, changing only the standards, which can be secured in more artistic design.

BRANTFORD HYDRO ELECTRIC SYSTEM WILL
HAVE NEWEST IN STREET ILLUMINATION

Telephone City Will Be First in
Eastern Canada to Install the
Real Thing in the Way of
Business Street Lamps

The lamps illustrated on this page, which
have been recommended for Brantford's
Hydro-Electric system, are the newest devel-
opment in high-class business street illumina-
tion, and are becoming very popular in all
the larger American cities, as well as in the
cities of Western Canada. The cities of Vancouver,
Edmonton, Calgary and Winnipeg have recent-
ly completed installations of these lamps with
very satisfactory results, and although no in-
stallations have been made up to the present in
Ontario cities, it is expected that a number will
be made during the present year, and in fact
the city of Peterboro has already placed an
order for a number of lamps for the business
streets. It is hoped that Brantford may be
able to lead the way in Ontario in a thoroughly
modern and efficient street lighting system.
The lamp itself is known as the Magnetite
Arc lamp, and is so named from one of the
main constituents of the electrodes. This
lamp's main departure from the old type of arc
lamp lies in the fact that the source of light is
in an intensely white flame between the elec-
trodes, instead of a very small spot on one of
the carbons. The light from the magnetite
flame is so intense that it permits the use of a
very dense white glass globe, through which
the arc or any of the lamp mechanism is invis-
ible. This results in the globe having the
appearance of being filled with light, and con-
sequently the illumination is very evenly dis-
tributed over the sidewalk and roadway, as the
light is really distributed from the entire sur-
face of the globe, instead of from a small point
in the centre of it, as in the case of the old-
style arc lamps. This is an effect which it is
impossible to obtain with tungsten lamps, as
on account of the much lower intrinsic bril-
liance of even a high candlepower tungsten lamp,
the loss of light by absorption in a globe dense
enough to conceal the light source would cut
down the useful illumination to a very small
value.

The Magnetite Arc is the Very Best
in Scientific Production—In-
teresting Description of
the New Lights.

The Magnetite Arc
Lamp as it is pro-
posed to use in
Brantford.

The illustrations give a fairly good idea of
the day and night effect of the lamps, although
to be fully appreciated they must be seen in
contrast with the best of other types of illumina-
tion. The daylight appearance of the lamps
on their iron standards is much superior to any
type of tungsten cluster standards, as, owing
to the very nature of the latter, their design
must always be more or less classical, and this
is entirely out of keeping with the architecture
of business streets. The magnetite lamp and
its standard, on the other hand, lend them-
selves to simple lines in their design, which
will harmonize well with any type of building
to be found on business streets.
The light from the magnetite lamp is pure
white, without any trace of yellow or blue
rays, and, although brilliant, is very soft and
pleasing to the eyes.
The cost of installation is a little higher than
for the tungsten clusters, but the figures pro-
vided by the local improvement petitions are
ample to fully cover the cost.
When compared with the five-light tungsten
cluster, the magnetite lamp is very much more
efficient, or in other words, for a given amount
of power consumed the tungsten cluster fur-
nishes very much less illumination. The power
consumption of the magnetite lamp and the
five-light cluster are practically equal. For
this equal current consumption the table below
gives a comparison of illuminating values
which brings out clearly the great superiority
of the magnetite lamp. In each case the value
of the magnetite lamp is expressed as 100%,
and the figures for the tungsten cluster show
the relative value:

His Honor Judge Hardy
Settled a Wedding Mix-up

A very unusual county court non-
jury case came before His Honor,
Judge Hardy yesterday afternoon in
which three Polish young people
played stellar roles. Mrs. Irene
Scoski, formerly of this city, and
now of St. Catharines, sued Stanley
Rodjenski, her former fiance, for
money which she loaned him to start
in business with. The judge gave
judgment for \$100 against the de-
fendant.
She afterwards married another
man, and the defendant would not
pay the money back.
The event happened in this city
one year ago last Easter. As is the
custom for Polish weddings, great
preparations were made for the wed-
ding. The usual keg of beer was on
hand, soft drinks were in abundance,
and two dozen chickens had been
roasted and the guests already had
visions of roast chickens, schooners
of beer by the dozens, when some-
thing very odd happened. Her former
husband-to-be was very anxious
to get his fiance back. The present
husband offered to step aside in favor
of the defendant if the defendant
would pay the expenses of the wed-
ding ceremonies to date, which
amounted to \$180. The defendant was
not anxious to the extent of
\$180.00, the wedding went on.
Needless to say, the guests en-

joyed the booze and grub.
Mr. George D. Heyd, of Brewster
& Heyd, appeared for the plaintiff,
and Mr. E. R. Read for the defend-
ant.
Yesterday morning His Honor
heard the case of the Standard Bank
vs. Mrs. Ellen Hager and J. H.
Wilcox, both of Onondaga. The
bank sued both defendants for the
payment of a promissory note for
\$350. Judgment had been entered
against Wilcox previous to the case
coming before His Honor, but Mrs.
Hager defended the action. The ac-
tion against Mrs. Hager was dis-
missed. The judge took Mrs. Hager's
word as against Wilcox's word.

WHO CARRIES
THE BAND STAND?

Local Organizations Don't
Like Job of Doing Their
Own Carting.
Who has to erect the band stand?
This is the question the bandmasters
of the two military bands would like
to know. The bandmasters claim that
the city should supply them with
lights and band stands when concerts
are given in the parks.
Mayor Hartman does not think so,

Paris News

PARIS, June 19.—Tuesday being
circus day, the Indians employed as
lumbermen by the L. E. and N., nat-
urally laid off work for the day and
went to the circus. During their hos-
pitality they managed to procure a
quantity of fireworks with the result
that a general mix-up occurred when
they arrived back in camp. One man
had three ribs broken, and another
giving the name of Staats is locked
up in the local cells charged with
assault.
Even the girl who has a steak-and-
onion appetite can rave over the way
the stage hero kisses the heroine's
hand.

WORKING ON
PT. DOVER LINE

The grading on the Lake
Erie & Northern Railway has
now been completed between
Waterford and Bloomsburg.
Work on the Waterford
bridge has also started.
This structure will cost \$65-
000. The route through Sim-
coe has been approved by the
Board of Dominion Railway
Commissioners. It will go
underneath the Wabash Rail-
way.

CHICAGO MAN'S
UNIQUE OFFER

One Hundred Dollars For
Player Who Can Be Good
Fourteen Days.
CHICAGO, June 19.—Heine Zimmer-
man, the hard hitting third baseman
of the Chicago Nationals, will receive
a \$100 bill from an enthusiastic ad-
mirer if he can behave on the base-
ball field for the next two weeks.
The bill, cut in two, was sent to the
sporting editor of a local paper by a
follower of the game, and one-half
of it will be handed to the belligerent
ball player to-day. It is worthless
without the other half, which Heine
will receive if he avoids being put
out of the game by the umpire during
the next 14 days.
The maker of this unique proposi-
tion said in his letter that two weeks
living in harmony with umpires
will do everybody a lot of good;
Zim most of all.
So far this season Zimmerman has
been put out of the game five times,
three times in the last week.
"Hand me half of that bill and
watch me get the other," said Zim-
merman when told of the offer. "I'm
toughing with umpires, any-
way, and don't intend to be put out
of the game again this season. I'll be
a model on the ball field hereafter."

COLBORNE STREET
PROPERTY SOLD

Crandon Property, Across
From Kerby House,
Brings \$40,000

For many years, but without result
efforts have been made to purchase
the Crandon property opposite the
Kerby House on the south side of
Colborne Street.
The residence is of frame, but the
land from a business standpoint is
most desirable.
The Courier understands that a deal
was yesterday finally put through.
A Hamilton syndicate are supposed
to be concerned and it is said that
the sum agreed upon was over \$40,-
000.
There is a frontage of 120 feet, and
the rear portion measures 150 feet.
It is rumored that a large office
building may be erected.

FELKER IS CHIEF
AT EDSON, ALTA.

Brantford Constable Received
Word of His Appoint-
ment To-Day.

Police Constable David Felker is
a happy man to-day. This morning
he received a telegram which that he
had been appointed Chief of Police
at Edson, Alta. He was informed
that there was plenty of work for
him to do in the Western town and
his presence was desired as quickly
as possible. Edson is a small place,
but it is on the map alright, because
Felker will receive \$125 per month
salary. His departure means that four
members of the Brantford force have
gone into the big league of chief-
ships, Major Bell, Chief Felker,
Paris, P. C. Portland and now Chief
Felker the Second, who is incidentally
a brother of the big Paris man.
Chief Sleinm announces that there
will be some good openings on the
force soon for big husky fellows who
are also required to show intelligence
and use it in the pinches.

Serious Break

Another serious break occurred in
the Hydro system to-day, and neigh-
boring cities are tied up without
power. Despatches fail to give the
cause of trouble, and it is not known
when the system will be in operation
again.
Received Letter
Mayor Hartman received a short
letter from Mr. A. K. Bunnell this
morning, who was at the time of
writing in Winnipeg. Mr. Bunnell
was enquiring about the settlement
of the street railway matter.

A JOY RIDE
PROMISED BY
MOTOR CLUB

Just to Show How Bad
Brant County's Roads
Really Are.

County Council Has Session
Full of Routine
Business.

At the afternoon session yesterday
of the County Council which is being
held at the Court House a delegation
from the Brantford Motor League,
consisting of Messrs. George Mat-
thews, C. A. Waterous, Logan Wat-
rous, John Spence, John Schultz and
Chester Harris, waited on the council
in connection with improvement to
the county roads.

Mr. George Matthews addressed
the Council. He stated that their
organization was for the purpose of
supplying information with reference
to the improvement of the roads in
the county leading to the city.
The delegation were not there to
attempt to lay out any plan but sim-
ply to discuss the feasibility of some
action that would lead to the county
putting in proper and permanent
condition all main roads. He stated that
Mr. Harris had been corresponding
with Dr. Reaume, the Minister of
Public Works for Ontario and that
Dr. Reaume would meet the County
Council and the members of the Mo-
tor League for the purpose of con-
sidering the building of a specimen
road, although the Minister consid-
ered it rather late in the season to
carry out such a scheme. A general
discussion followed and it was decid-
ed that the motor league would take
as many of the township councillors
of the county as could be present at
ten o'clock this morning. Owing to
the rain this morning, the trip was
postponed until 12.30.
After dealing with the Motor Le-
ague delegation the council went into
a committee of the whole and com-
menced the work of striking the esti-
mates for the year. At about 4.30
the council adjourned.

Communications.

At the morning session yesterday
the following communications were
dealt with:

Winter Fair Grant.
The Secretary of the Ontario Pro-
vincial Winter Fair, wrote asking for
a grant for the purchase of prizes to
be competed for by amateur exhibi-
tors from the county. Sixty dollars
was granted.

4000 ENTRIES
AT THE OLYMPIA

Horse is King in the Old
Land Canada is Well
Represented.

LONDON, June 18.—The out-
standing feature of this year's inter-
national horse show at Olympia,
which opened to-day with over 4,000
entries and 111 classes, is the riding
and jumping competition for the
King George VII gold cup for teams
of three officers representing the
armies of the various nations. The
keenest rivalry exists among the
seven entries: Canada, France, Great
Britain, Belgium, Italy, Russia and
Sweden.
France has won the cup twice and
the French cavalry officers it is
known, will make a desperate effort
to win it for the third time, and take
it with them across the channel as
their permanent property. Russia
and Belgium have won the cup once
each. England does not want the
\$2,500 trophy to become the property
of a foreign power, and 100 British
cavalry officers have been training
for its defense at various army posts
for several months.

The trophy is competed for by offi-
cers in uniform riding government
horses in teams of three. They have
to go twice round the course jumping
obstacles of various sorts, ranging
in height from 3 feet, 6 inches to 5ft.
6 inches and this year's competition
promises to provide numerous thrills.
In the other competitions, Judge W.
M. Moore is one of the largest ex-
hibitors with about 40 sarrages and
coaching horses, while one of his
closest rivals is Miss Moina Dunn,
the ten year old daughter of a prom-
inent member of the Canadian colony
who has entered a string of 35 horses.
Other exhibitors from across the
Atlantic are the Hon. Adam Beck,
the Hon. Clifford Sifton and F. H.
London, from Canada.

The total initial cost of the show
is estimated at \$950,000, \$600,000
of which is devoted to prizes and \$50,-
000 spent on an elaborate scheme of
decoration, including conservatories
filled with rare and gorgeous flowers
and plants. The arena is canopied
with 20,000 yards of blue silk repre-
sented a cloudless summer sky.

WANT AD HOROSCOPE

People of this birth date are great schemers. They have vivid imaginations, can conceive the most remarkable plots for novels and plays and if they have sufficient persistence, may make great successes in the dramatic or literary world, but the grave weakness of these people is their changeable, fickle, restless nature, and if they wish to succeed they must conquer their lower nature. These people should ever seek to associate with self-possessed, quiet, calm persons, who understand human nature and who have patience with all the doubts and fears which are marks of this nature. The Want Ads are favored to-day toward travel, the consideration of business changes and the general sale and exchange of all things relating to the home, both in the city and the country.

FIGHT ON IN BRITISH HOUSE TODAY

Premier Asquith and A. J. Balfour Both Indulge in Debate.

LONDON, England, June 19.—The opposition in the House of Commons is determined to press to a division its point of censure on the British Cabinet in connection with the scandals caused by ministerial transaction in Marcon's shares according to an announcement made by the Right Hon. Alfred Lyttleton, former Secretary of State for the Colonies, in the Unionist Cabinet at the resumption of the debate to-day. He held that the apology made by Attorney-General Sir Rufus Isaacs, was too much qualified and that the impugned cabinet ministers had not sufficiently clothed themselves with sackcloth.

Premier Asquith whose statement was eagerly awaited, as his attitude was calculated to sway the votes of the Independent Labor members and a number of Liberals expressed keen regret at the decision of the Tories. He said he had hoped that after the speeches of the ministers concerned some general agreement would have been reached by the House, but that hope was now shattered.

Asquith Feels It. Mr. Asquith, who spoke with evident emotion, said he had never risen with greater reluctance to address the House of Commons or under a stronger sense of personal responsibility. He agreed that the Cabinet Ministers in question would have been better advised to have told the whole story in October during the Marconi debate. It would have saved an enormous amount of time and trouble. At the same time, however, he did not hesitate to say that the terms of the motion introduced by the Opposition were not only inadequate, but in the highest degree ungenerous. The parliamentary inquiry having proved that the charges had been conclusively disproved, it should have put it in the forefront of its resolution an explicit finding that the Cabinet Ministers had been faultily treated.

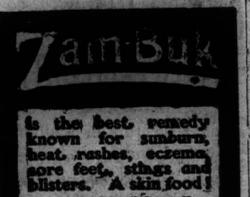

The Premier submitted that the two Cabinet Ministers had broken no rule of obligation, but had failed to observe a rule of prudence. He had, he said, never heard a fuller, franker or more manly explanation than the Ministers' He continued: "The Ministers concerned have suffered for an error of judgment a penalty quite as heavy as ever visited such an error under similar circumstances. Is it wise or just for the House to persist in this motion? The Ministers have admitted their error, but their honor is unstained. They had abused no public trust, they retain the complete confidence of their political associates, and I ask the House to say that it repudiates the infamous calumnies which have been disproved, and to put on record that the House of Commons accepts their statements."

Balfour Speaks. Arthur J. Balfour, the former Unionist Prime Minister, followed Premier Asquith, and suggested that if the government supporters would agree to combine the motion with an amendment, the House would be unanimous. He himself, he said, regarded all the charges of corruption as absurd, but he insisted that the conduct of the two Cabinet Ministers was of the most vital importance to the public life of the country. There is no question of dishonesty, he declared. It is only the question of the gravest indiscretion. If possibly there was some doubt regarding the propriety of Attorney-General Sir Rufus Isaacs indulging in "what I am told is called a 'flutter' there is no doubt whatever that Chancellor of the Exchequer Lloyd George should not have engaged in such dealings."

Mr. Balfour said that neither minister had expressed regret at the transactions. What they had regretted was the difficulties arising from them. The mistakes made in this case were, he declared, those of honest men and they should have expressed their regret about them. He continued: "If the prime minister will find words in which to express the regret we all feel and which will be put in the journals of the house, he will find no enemies among the opposition. I appeal to him for the honor of the house to accept that which I suggest."

Weather clear; track fast. Honorably Acquitted. MONTREAL, June 19.—Martha Auclair, accused of attempting to extort money from Tancred Marcell, who figured so prominently in the Hochelaga election exposures, was yesterday honorably acquitted. The young woman said she paid Marcell \$75 for a position in the post office, but Marcell said that though the money may have been left in his office he did not get it. When she did not get an appointment, Miss Auclair demanded her money back, and in charge arose out of the demand. In acquitting Miss Auclair, Judge Leet said it was obvious the young woman thought she was paying the money for the position. It is thought that some boys had started the fire and discovered it was going to do damage and had put it out. It would have been a heavy loss should the grand stand go up in smoke and boys should be more careful where they start fires of any kind.

### Saw Poison

(Continued from Page 1)

John Mason, a young farm laborer of 28 years who worked for eight and ten shillings a week in livery stables and breweries in England and came to Canada a little more than two years ago, was the star witness for the crown and his story created something of a sensation though it was somewhat riddled in cross-examination by W. T. McMullen, K. C., defense counsel. Mason works for a neighbor of the Beemers and was sent there on the Saturday before Fred's death to give any aid he could. Mrs. Beemer sent him to telephone for a doctor.

"When I came back," he said, Mrs. Beemer had an egg cup, a tea cup, a teaspoon and a bottle. She was pouring white stuff from the bottle into the egg cup and she gave some salts to her husband. He said: "This is different stuff; it tastes bitter." Then I saw her putting the bottle in the stove and I asked her why. She said: "This is the bottle the doctor left this morning." I said it was a funny thing that a poison label should be on a bottle of medicine from a doctor. Mrs. Beemer made the remark that her husband had asked her two or three days before to get some poison for mice in the house. "Thank God I didn't get it; if I had they might think I poisoned him."

In a severe cross-examination Mason struck his statement that he saw the "poison" bottle and that he saw Mrs. Beemer put it in the stove, but in details he varied largely. He said at one time that Mrs. Beemer told him the doctor left the bottle that morning and a little later that Mrs. Beemer said the bottle had been in the cupboard two or three years. He didn't tell the bottle at he inquest because he wasn't certain it contained poison, and later Mrs. Beemer told him the contents were used for killing mice. He thought Mrs. Beemer was trying to hide the bottle from him he said once, and a little later said he didn't think she was. "You don't suspect to-day that this

woman poisoned her husband" asked the lawyer.

"No," was the reply.

BRANTFORD, CANADA, THURSDAY, JUNE 19, 1913

DONOVAN THE UNDERTAKER FOR HAMILTON CLUB

He Pitched Beautiful Ball and the Performance of Knotty Lee's Kolts Was a Barnum and Bailey Affair - The Score, 11-1.

Donovan pitched another one of his magnificent games at Hamilton yesterday and the Red Sox walked away with the game handsomely, 11 to 1. For six innings Donovan only allowed one hit and a couple bases on balls, and it was only after the Sox had accumulated a ten run lead that Hamilton scored their one tally. It seems that Donovan is unbeatable, no matter how good he pitches, to secure a shut-out. At that it makes no difference providing he shows the same stuff as he did yesterday.

President Nelson and official retinue watched the game from a corner of the Hamilton bleachers, where the sun shone brightly. When Hamilton commenced to lose, it was a shame what those bleachers said to George Washington Lee, manager of the famous Kolts. "Every family has one grand big mistake" yelled one urchin at Knotty, and the crowd roared its approval.

For the entertainment of the Brantford officials present Mr. Lee endeavored to trot forth some reserve pitching talent. The millionaire dollar beauty, Mr. Doherty was just on the scene, then Mr. Walter Teed and lastly Mr. Tyson. They all looked alike to the climbing Red Sox. Doherty was chased after two innings and incidentally two disastrous batters by Burrill and Lamond. Then Teed went in, and was hooted at the start. Mr. Teed's inability to win ball games evidently gives every Hamilton fan a grinch when he casts eye upon said Teed. It remained for Donovan himself to start trouble when he slashed out a three bagger. This inning was particularly disastrous, the Red Sox netting four runs. A little later in the fray, Gabby Ivers to the great discomfort of Hamiltonians, sent a screeching homer far back in centre. The result of this effort netted four more runs. Hamilton made only one serious bid in the game, and that was in the eighth. Durham had a bad peg to first and this mixed in with two singles, netted a run. With two on, Teed, Wagner and Ivers formed a double play society for a double play, and for the day by the same

trio. At this stage, the elite in the stands tore up their rain checks and grabbed their silk parasols in order to beat it to the dinner table. A few of the more rabid fans remained and saw the Sox grab another counter in the ninth.

Sporting Comment

Durham apparently can field his position at third with the best of them. This fellow pitcher, Gero, who is coming to Brantford is said to be a fine pitcher. Burrill's hitting at Hamilton yesterday was of the timely variety. He drove in three runs. We have an idea that Brantford fans in another week will lose their bronch completely. Hett pulled a bone in Brantford's second innings yesterday when he

London Beat Petes 11 to 6. PETERBORO, June 19.—London had little trouble in beating Peterboro 11 to 6 yesterday, although it was an even battle for the first five innings. Sterling was hit hard and his support was very erratic, the results being that runs came thick and fast throughout. Fitzpatrick who started for London, was little better and was taken out in the sixth to allow Deneau to bat for him. Heck finished the game. The score was even when Fitz retired, each team having crossed the plate six times, but Peterboro was stopped with the advent of the south-paw, who held them for the balance of the game without a hit or a run.

The Tecumsehs scored one in the sixth, another in the seventh and a trio in the ninth, giving them a five run victory. Clickenger and Stewart supplied the fielding features by sensational catches in the outfield. Three singles in succession by Matteson, Bierbauer and Clickenger and Swartz's error on Stewart's fly gave the visitor's a pair of runs in the opening innings, but the Petes equalized on a pass to Rowan, Hilliard's double and Swart's single to right. The visitors went ahead again in the second when Dunlop was hit; Reidy sacrificed; Myers got a life on Murphy's muff, and Reidy while Myers was being tagged out by Brant. The Tecumsehs added another in the fourth. Stewart drew a walk and was moved up a peg by Dunlop's sacrifice, and scored on Myer's single. The Petes came back with three in their half and took the lead with one gone. Fitz passed Swartz, Callahan got a cinematic hit and Silling walked. Sargeant came through with a single through third that scored two runs and Brant's single sent Sullivan over.

Bees and Saints Play Real Ball. ST. THOMAS, June 19.—Berlin and St. Thomas played the ninth inning of real baseball here yesterday, the latter club coming out of the fray with one run chalked up to their credit, while the visitors failed to get any. The Saints won the game in their part of the fifth, when with one man out, Forgie singled to right; he went to second on Clements' sacrifice and scored on Kopp's beautiful base hit to centre. The Dutchmen made a great effort in the ninth. Keenan, the first man up was an easy out, but Beltz was safe on Forgie's poor throw to Org. Gettise drove a hard one which Forgie stabbled with one hand but could not recover in time to peg either base. With runners perched on first and second, Stroh hit to right field, the ball was high and it looked as if Craven might get it. Beltz being afraid of a double play, got a poor lead, and was thrown out at the plate by a magnificent relay throw, Craven to Gurney Powers. Bradshaw's best effort was a fly to Clements, which retired the side. Both of the Dutchmen and Bradshaw pitched steady ball.

Guelph Never Beaten Till Game is Over. GUELPH, June 19.—In one of the most exciting games played in Guelph this season, Guelph made it two out of three from the Ottawa champions yesterday, winning out in the ninth by a score of 5 to 4. Renner started in the box for Ottawa and pitched fine ball up to the seventh when the Leafs' heavy artillery began to get into action, the result being that he was forced to vacate. Lill went in the eighth and was not better. The Leafs getting to him for two runs and tying up the score. Dorbeck only lasted three innings for the Leafs, but he was batted out of the box and was replaced by Le-Clare who was invincible, allowing Ottawa one hit and no runs. Daniels split a finger in the first inning and will be out of the game for a week. (Hamilton Herald.)

There is no disputing the fact that the Brants were the better team yesterday, and that they batted out their victory. "This true they secured only eight hits off Big Chief Garlow, but these eight safe connections came at opportune times with the inevitable result. On the other hand the Tigers could not hit Coose safely, for although he failed to force any of the locals to whiff throughout the whole game he seemed to possess the happy faculty of making them hit where they were. Coose won his own game. He was airtight in the pinches, and his two hits accounted for the two-run margin that the visitors had at the finish. One of the big heavies' clouds landed in the neighborhood of right field fence, and perched him on third, besides scoring. Tesch. His other safety in the fifth inning sent Tesch across with another counter. Of the seven hits made off Coose, three of them came in the eighth when the Tigers scored twice but with the bases populated he always tightened up and prevented further disaster.

President Fitzgerald has ordered (Slats) J. Ira Davis to report for duty. Slats was with us the greater part of last season, it will be remembered, leaving the league to go into vaudeville. This season he started out with the Barnum and Bailey circus, but left the big tent at the conclusion of the show's run in New York city. At present he is in the big show at Coney Island with his Billiken man. The lure of the dia-

mond has, however, secured a holdon Slats again, and he wrote to President Fitzgerald last week asking him for a job as dispenser of balls and strikes and Fitz, 'tis said, wired him to hustle along. J. Ira is a good umpire, and would be much better if he would let the censor go over his jokes and casual remarks. Some of his "chin" was good and was relished by the fans, but some of it needed the ban.

Football

The members of the football council met in the Borden Club room last night, a representation being present.

Players Warned Three players were warned about rough playing and were told that the next time there is a complaint against any of them, suspension from the league will follow. Taylor of the All-Scots, F. Garrow of the Dragons and J. Holland of the Y. M. C. A. team were the players who were reprimanded.

New Players The following players are eligible to play on Saturday. T. Philips (D. Rifles); J. Midgley (St. Andrews); G. Ottey (S.O.E.); D. Rose (Tigers).

Players Transferred F. Clark of the Tigers has been transferred to Tutela and G. S. Batley of the Y. M. C. A. has also been transferred to Tutela.

Referees Appointed The following referees were appointed for Saturday's games: Cup Tie Game—D. Rifles vs Tutela at Agricultural Park. Referee, Farnsworth.

Dragoons vs. St. Andrews at Recreation Park. Referee, G. Elliott. S. O. E. vs. All Scots at Tutela Park. Referee, Smith.

Cockshuts' United vs. Tigers at Mohawk Park. Referee, H. Elliott.

Soft Ball

The Ham & Nott ball team easily defeated the Duffs at Recreation Park last evening. Fred Hetherington was on the mound for the Duffs and his offerings was hit quite freely. The score by innings was as follows: Ham & Nott 000013—13 Duffs 000000—0 Umpires—D. Lyle and A. Dowling

Notes Andy Doyle for the Screen boys was the best one of the bunch. Bert Wright's hitting was as good as his pitching. Capt. Newman went behind the bat for the soldiers, but the pace was too hot for the captain. Germ Legacy has got a classy bunch together; they have lots of pepper and Germ is tickled. Gus Hogan for the Duffs is in the game all the time. Earnie Marlatt has taught the Screen boys the fine tricks of the game to good advantage. John Dixon is some fielder. Alf Stuart was missed on the firing line for the Duffs.

ANOTHER DEFEAT FOR THE CANADIAN BOWLERS Beaten Yesterday by a Team Chosen From County of Kent. LONDON, June 18.—The Canadian lawn bowling team played a picked team from Kent County at Tunbridge Wells, and were again beaten. Majority for Kent County, 5 shots. Batted Bender Hard. PHILADELPHIA, June 18.—By hitting Bender and Wyckoff from the box in the early stages of the yesterday's game, Chicago amassed such a lead that Philadelphia could not overcome it. The final score was 9 to 5. Bender lasted three innings before the hard-hitting Sox, and Wyckoff who succeeded him in the fourth was batted unmercifully, the visitors scoring four runs on five hits after two men were out. Score: R.H.E. Chicago.....301410000—5 14 1 Philadelphia.....00004001—5 10 5 Walsh and Schalk; Bender, Wyckoff, Taff and Lapp.

GIANTS GIVE \$10,000 FOR PITCHER SCHAUER Highest Price Ever Paid for Minor Leaguer, With Exception of O'Toole and Marquard.

NEW YORK, June 19.—The National Commission probably will be called upon to decide the claims of the Chicago-Americans and the New York Nationals for the services of Pitcher Lathrop, the Notre Dame pitcher. "Bobby" Lynch, the Notre Dame coach induced Lathrop to sign an agreement to join the Chicago team at the end of his course in 1912, but Dick Kinsella induced the collegian to sign with his club. The fact that Lynch was not an authorized agent of the Chicago team when he signed Lathrop is said to make the New York case strong.

Giants Pay \$10,000 for Schauer SUPERIOR, Wis., June 19.—Rube Schauer, the sensational pitcher of the Superior club of the Northern league yesterday was sold to the New York Nationals for \$10,000, delivery to be made August 15. Dick Kinsella made the deal for the Giants after watching Schauer on the present road trip. Schauer leads the league in strikeouts, has pitched three one-hit games this year, and was robbed of a no-hit performance by a scratch with two out in the ninth inning. He is playing his first year in organized baseball.

Wagner Out of the Game. BOSTON, June 18.—Boston defeated Detroit 7 to 6 yesterday, errors figuring largely in the run-getting. A bad throw by Janvrin in the fifth inning, with the bases full and two outs, let in two Detroit runs. Captain Wagner of the Boston team will be out of the game for some time because of blood poisoning in one of his fingers on his right hand. Score: R.H.E. Detroit.....100140000—6 8 2 Boston.....00130000—7 0 3 Willet, Hall and Stange, Rondeau; Collins and Carrigan.

And the Sketers Lost JERSEY CITY, June 19.—Buffalo continued its winning streak at the Sketers' expense in the wind-up game yesterday by a score of 12 to 2. Jamieson for Buffalo had the Sketers under control from start to the finish. Score: R.H.E. Buffalo.....207010200—12 10 0 Jersey City.....00000000—2 0 3 Jamieson and Cowley; McHale, Doeschler, Thompson and Blair.

Royals Won and Lost PROVIDENCE, June 19.—In the first double header here of the season Providence and Montreal split even, the Grays dropping the initial battle by 5 to 1, winning the second 8 to 2. Mattern pitched fine ball in the opener, while Mitchell was hit hard and often. Burke was easy in the second contest, while Bailey was all but invincible. The scores: R.H.E. First game— Providence.....100010030—5 11 0 Montreal.....000001000—1 0 2 Mattern and Burns; Sline, Mitchell and J. Onslow. R.H.E. Second game— Providence.....25001X—8 9 2 Montreal.....000010000—1 7 4 Bailey and J. Onslow; Burke and Burns.

Looks as if Brantford Club Will Soon Be Out of the Lowly Wilderness

New Players Secured Said to be the Very Best—Club Needs Only a Little Strengthening to Make it Look O. K.

Cassavant, the new infielder for the Red Sox, reported to President Nelson yesterday, although he did not arrive in time to get in yesterday's game at Hamilton. Cassavant belongs to Brockton, and comes to Brantford under optional agreement. The boy is not big in stature, but is confident he will make good, and is glad of the chance of playing ball regularly. "If Kane secures the two players he went after, after he left me," said Cassavant, "this club should clean up the league. Both these men are crackjacks. Gero is one swell pitcher and has great speed. He should strengthen the team a lot," said Cassavant.

With the players being secured by Kane there will be more or less of a reconstruction of the team, and it would not be surprising if the long-looked-for spurt on the part of the Red Sox was forthcoming at last. Yesterday at Hamilton the old regulars of the Sox did the good work at bat. Hits by Burrill, Lamond, Ivers and Donovan practically broke the game up. If a little real batting strength is added to this combination, and the pitchers improved, it will certainly make the club look good.

CUBS AND GIANTS ON THE UPWARD TREND

Both Won Again, While Philadelphia Lost—Another for Boston.

CHICAGO, June 19.—Chicago cut down the lead of Philadelphia in the pennant race yesterday one full game by shutting out the visitors for the second time during the series here by 4 to 0, while New York defeated the Cincinnati club, Humphries, who out of the game for some time because of blood poisoning in one of his fingers on his right hand. Score: R.H.E. Chicago.....100140000—6 8 2 Detroit.....00130000—7 0 3 Willet, Hall and Stange, Rondeau; Collins and Carrigan.

Russell Ford Won His Fourth Straight Game for New York.

WASHINGTON, June 18.—Cleveland scored its second victory of the season over Walter Johnson yesterday and defeated Washington 4 to 0. BASEBALL FAN IS PECULIAR FELLOW

Shouts For Home Team When It Wins and Is Severe Critic in Losses--Ever Ready to Yell at Player Who Blunders.

This is the open season of the baseball fan. He's a most peculiar fellow, this same fan, which perhaps he might appreciate if he paused a little for reflection. That is something which he doesn't do, and perhaps that is why he is known as a fan.

Remedy the Defect which is so apparent. It isn't possible to prove his reasoning as not often is the wise fan sought after by the owners of teams to manage their teams and thus not having the opportunity to show how easy it is to get a winner, one can only listen to their dope and think it a pity that so many teams in the country are suffering for a leader who can see their failings at a glance.

Another peculiarity of the baseball fan is that he must consider himself privileged to criticize without stint, and if somebody else, perhaps the fellow running the team, offers criticism, he is told to shut up by the fan.

"The Mystery of Agatha Webb"

By KATHARINE GREEN

Copyright, 1900, by Katharine Green

"It's the saddest thing I ever heard of," said he. "These men must have been driven wild by misery. This room is suspicious in comparison to the ones at the back, and as for the pantry, there is not even a scrap there a mouse could eat. I struck a match and glanced into the flour barrel. It looked as if it had been licked. I declare it makes a fellow sick."

"The constable with a shudder withdrew toward the door, as if he were stinging. "The atmosphere here is stinging," said he. "I must have a breath of outdoor air."

But he was not destined to any such immediate relief. As he moved down the hall the form of a man darkened the doorway and he heard an anxious voice exclaim: "Ah, Mr. Fenton, is that you? I have been looking for you everywhere."

It was Sweetwater, the young man who had previously shown so much anxiety to be of service to the coroner. Mr. Fenton looked displeased. "And how come you to find me here?" he asked. "Oh, some men saw you take this road, and I guessed the rest."

"Oh, ah, very good. And what do you want, Sweetwater?" The young man, who was glowing with pride and all alive with the enthusiasm which he had kept suppressed for hours, slipped up to the constable and whispered in his ear: "I have made a discovery, sir. I know you will excuse the presumption, but I couldn't bring myself to keep quiet and follow in that other fellow's wake. I had to make investigations on my own account, and—and—"

stammering in his eagerness—"they have been successful, sir. I have found out who was the murderer of Agatha Webb!" The constable, compassionating the disappointment in store for him, shook his head with a solemn look toward the room from which he had just emerged. "You are late, Sweetwater," said he. "We have found him out ourselves, and he lies inside there, dead."

It was dark in this narrow passage-way and Sweetwater's back was to the moonlight, so that the blank look that must have crossed his face at this announcement was lost upon the constable. But his consternation was evident from the way he thrust out either hand to steady himself, against the walls, and Mr. Fenton was not at all surprised to hear him stammer out: "Dead! He! Who do you mean by he, Mr. Fenton?"

"The man in whose house we now are," returned the other. "Is there any one else who can be suspected of this crime?" Sweetwater gave a gulp that seemed to restore him to himself. "There are two men living here, both very good men, I thought. Which of you do you mean, and why do you think that either John or James Zabel could have killed Agatha Webb?"

"For reply, Mr. Fenton drew him toward the room in which such a great heart tragedy had taken place. "Look," said he, "and see what can happen in a Christian land, in the midst of Christian people living not 50 rods away. These men are dead, Sweetwater, dead from hunger. The loaf of bread you see there came too late. It was bought with a \$20 bill, taken from Agatha Webb's cupboard drawer."

Sweetwater, to whom the whole scene seemed like some horrible nightmare, stared at the figure of James lying on the floor, and then at the figure of John seated at the table, as if his mind had failed to take in the constable's words. "Dead!" he murmured. "Dead! John and James Zabel. What will happen next? Is the town under a curse?" And he fell on his knees before the prostrate form of James, only to start up again as he saw the eyes of Knapp resting on him.

"Ah," he muttered, "the detective! And after giving the man in Boston close look he turned toward Mr. Fenton. "You said something about this good old man having killed Agatha Webb. What was it? I was too dazed to take it in."

Mr. Fenton, not understanding the young man's eagerness, but willing to enlighten him as to the situation, told him what reasons there were for ascribing the crime in the Webb cottage to the mad deed of these starving men. Sweetwater listened with open eyes and confused bearing, only controlling himself when his eyes by chance fell upon the quiet figure of the detective, now moving softly to and fro through the room.

"But why murder when he could have had his loaf for the asking?" remonstrated Sweetwater. "Agatha Webb would have gone without a meal any time to feed a wandering tramp. How much more to supply the necessities of two of her oldest and dearest friends?"

"Yes," remarked Fenton, "but you forget or perhaps never knew that the master passion of these men was pride. James Zabel ask for bread! I can much sooner imagine him stealing it, yes, or striking a blow for it, so that the blow forever shut the eyes that saw him do it."

"You don't believe your own words, Mr. Fenton. How can you?" Sweetwater's hand was on the breast of the accused man as he spoke and his manner was almost solemn. "You must not take it for granted," he went on, his green eyes twinkling with a curious light, "that all wisdom comes from Boston. We in Sutherlandtown have some sparks of it if they have not been recognized. You are satisfied—here he addressed himself to Knapp—"that the blow which killed Agatha Webb was struck by this respectable old man?" Knapp smiled, as if a child had asked him this question; but he answered him good humoredly enough. "You see the dagger lying here with which the deed was done, and you see

the bread that was bought from Lofon with a \$20 bill of Agatha Webb's money. In these you can read my answer."

"Good evidence," acknowledged Sweetwater; "very good evidence when we remember Mr. Crane's story of the old man he met rushing from the gateway with something glittering in his hand. I never was so best in my life, am I not?—and yet—if I could have a few minutes of quiet thought all by myself I am certain I could show you that there is more in this matter than you think. Indeed, I know that there is, but I do not like to give my reasons till I have conquered the difficulties presented by these men having had that \$20 bill."

"What fellow is this?" suddenly broke in Knapp. "A fiddler, a nobody," quietly whispered Mr. Fenton in his ear. Sweetwater heard him and changed in a twinkling from the uncertain, half-doubtful, wholly humble person they had just seen to a man with a purpose strong enough to make him kick his head with the fist.

"I am a musician," he admitted, "and I play on the violin for money whenever the occasion offers, something such as you wish to reach the root of this mysterious and dastardly crime. But that I am nobody, I deny, and mean that this fellow shall agree with me before this very night is over. Only give me an opportunity for considering this subject and the permission to walk for a few minutes about this house."

"That is my prerogative," protested the detective firmly, but without any display of feeling. "I am the man, the place may present."

"Have you picked up all that are to be found in this room?" asked Sweetwater calmly. Knapp shrugged his shoulders. He was very well satisfied with himself. "Then give me a chance," prayed Sweetwater. "Mr. Fenton," he urged earnestly, "I am not the fool you take me for. I feel, I know, I have genius for this kind of thing, and though I do play the fiddle, I swear there are depths to this affair which none of you have as yet sounded. 'Sirs, where are the \$90 in bills which go to make up the clear thousand that was taken from the small drawer at the back of Agatha Webb's cupboard?"

"They are in some secret hiding place, no doubt, which we will presently come upon as we go through the house," answered Knapp. "Umph! Then I advise you to put your hand on them as soon as possible," reported Sweetwater. "I will confine myself to going over the ground you have already investigated. And with a sudden ignoring of the others' presence, which could only have sprung from an intense egotism or from an overwhelming belief in his own theory, he began an investigation of the room that threw the others' more commonplace efforts entirely in the shade.

Knapp, with a slight compression of his lips, which was the sole expression of anger he ever allowed himself, took up his hat and made his bow to Mr. Fenton. "I see," said he, "that the sympathy of those present is with the local talent. Let local talent work, then, sir, and when you want me send to the tavern on the docks, where I will be found till I am notified that my services are no longer required."

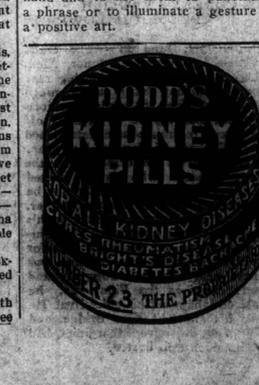

"No, no!" protested Mr. Fenton. "This boy's enthusiasm will soon evaporate. Let him fuss away if he will. His petty business need not interrupt us."

\$100 REWARD \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY and CO., Toledo, Ohio. Sold by all druggists, 75c. Take Hall's Family Pills for constipation.

That it is not the old-fashioned round nosogay that is smart in London just now, but just two or three very long stalked flowers are taken, and to carry them negligently in the hand and to use them to punctuate a phrase or to illumine a gesture is a positive art.

A MESSAGE FROM A WOMAN TO WOMEN

"Every Woman Should Take 'Fruit-a-Lives'"

LAKELT, ONT., MAY 13th, 1911. "Kindly publish this letter of mine if you think it will benefit other women who might be afflicted with the disease I have had in the past, but am now, thanks to 'Fruit-a-Lives', completely cured of. It is my firm belief that every woman should take 'Fruit-a-Lives' if she wants to keep herself in good health."

Before taking 'Fruit-a-Lives', I was constantly troubled with what is commonly known as 'Nerves' or severe Nervousness. This Nervousness is brought on the most violent attacks of Sick Headache, for which I was constantly taking doctors' medicine without any permanent relief. Constipation was also a source of great trouble to me and for which the Doctors said 'I would have to take medicine all my life', but 'Fruit-a-Lives' banished all these troubles and now I am a well woman."

## MR. COCKSHUTT WRITES TO THE LABOR COUNCIL

His Reference in House of Commons Was Used in Comparative Sense—Mr. Brewster Also Writes to Labor Men—Council Receives Letters in Friendly Spirit.

The regular meeting of the Trades and Labor Council was held last evening in the Union Hall, President Pearce in the chair.

The minutes of the last meeting were read and approved. There was a fairly large attendance of delegates present, and a large amount of business was transacted in a short space of time, the meeting closing sharp at 10 o'clock.

Credentials were presented from the Carpenters' union, and on motion the following members of that organization were duly seated: J. H. Kelley, A. Tooke, Thos. Hopper, W. Berry, Fred Smith, Lemington.

Reports of Standing Committees—The municipal committee reported that they were still working on the cheese question, and trying to get the city council to bring in a report on the subject. President Pearce stated that he understood that when one of the members of the committee had approached a certain member of the city council in reference to this matter, was told that the Trades and Labor Council should attend to the matter.

The educational committee reported progress. In the discussion which followed it was thought to be a good scheme to have the Industrial Banner distributed throughout the city, as it would help to put the aims and objects of the labor party before the citizens in general.

The committee appointed to see after the securing of electric fans for the hall submitted figures for the same, and on motion this matter was laid over for two weeks.

The assessment committee reported that they considered the publication of the assessment rolls had been a good thing for the citizens in general, and considered that it was in the best interests of the workingman that the same should continue to be published.

Communications.—The following communication was received from Mr. W. S. Brewster, M.P., regarding his attitude on the question of property qualifications: H. J. Symons, Esq., Secy. Brantford Trades and Labor Council.

I have your favor of the 5th inst. in regard to the question of the abolition of property qualifications in regard to the election of aldermen. I brought this matter up at the last session of the Legislature, when the Municipal Act was being amended.

In four games Lee held Leaps to one run. In the thirty-six innings in which Wyatt Lee, the left-handed Leaf cast-off has faced Toronto this season, only one lonesome member of the Kelleys has been able to complete the trip from plate to plate. Imagine that—one isolated run in four games of ball, all of which the disconcerting old portside took from the champions. He beat them three times by 1 to 0, and again yesterday by 3 to 1. There was good pitching against him on every occasion, but he seems to exercise some queer, uncanny influence over the Toronto batters. Lee is a punk pitcher against any team but Toronto.

In the first game which Lee worked against the Leafs this season—that at Newark on April 18th—Eddie Holly got to third base as the result of a single and a double with nobody out, but the next three batters were out on infield fly balls. In none of his games against Toronto has Lee given more than two bases on balls. In the game of April 18th and again yesterday, he did not issue a pass at all, and in each of the other two he gave only two bases. Whenever he goes to the mound the Newark team support him in brilliant fashion. He is a good hitter himself, and very often contributes largely to his own victories by combining timely hitting with his puzzling pitching. The ancient heaver has not enough speed to break a pane of glass, and not "enough on the ball" to be referred to as a curve. There is a suspicion that the lowly Leafs "chuck it up" when Lee steps to the slab.

But Dodd's Kidney Pills Always Cure It.

Dresden Man, Who Inherited Trouble Finds Speedy Relief and Permanent Cure in Dodd's Kidney Pills.

DRESDEN, Ont., June 16—(Special)—Whether Kidney disease is hereditary or not is a matter of opinion. Mr. Samuel Birkett, a well known resident of this place is convinced that he inherited his from his parents. He knows that Dodd's Kidney Pills cured it.

"I inherited my Kidney Disease from my parents," Mr. Birkett states. "I was treated by a doctor, and tried various medicines, but it was not until about eighteen months ago, when I started to use Dodd's Kidney Pills that I got any permanent relief."

"Since then I have not felt any effect, my old trouble, and I feel that anybody troubled with kidney disease will be benefited by the use of Dodd's Kidney Pills if they follow directions closely."

"I hope that others may be helped by Dodd's Kidney Pills. I am well-known here, and anybody who wishes more particulars of my cure can have them by writing me and enclosing stamps for reply."

Dodd's Kidney Pills never fail to cure any form of kidney disease.

**JIM CORKEY'S ENGLISH RECORD IS LOWERED**  
LONDON, June 19.—The crack Swedish long-distance runner, Alex. Ahlgren, not only won the big race from Windsor Castle to Stamford Bridge (26 miles 385 yards), comfortably but also topped 49 seconds off the record for this course, established by J. Corkery of Canada, last year. It was a great performance by the young Swede, who rightly judged that Kolehmainen, who must not be confounded with his famous brother, now a professional, would be his most dangerous opponent. The Finland champion cut out a hot pace for the first ten miles, but Ahlgren was always near him, and doggedly and determinedly as the Finn ran, he could not shake off his chief rival. He made his effort at Kew Bridge, and going right away from that point, had Kolehmainen well beaten.

## OWNER OF CRAGANOUR WANTS DERBY STAKE

LONDON, June 18.—C. Bower is May, the owner of Craganour, the disqualified winner of the Derby, has been granted an interim injunction until Friday restraining the stewards of the Jockey Club and the stakeholders from parting with the funds in their hands on the ground that Craganour was entitled to be declared the winner of the race.

The plaintiff declares that the action of the defendants in allowing the objection to the horse was invalid. A motion for a permanent injunction is to be heard on Friday. The suit has excited immense interest in sporting circles.

A Profitable Meeting of Association Was Held Last Evening.

A well attended meeting of Echo Place Improvement Association was held in the Mohawk Park last night. President J. J. Burck was in the chair.

The secretary was requested to communicate with the City Clerk and ascertain, if possible, what service the Street Railway should run between the city and hawk Park.

Complaints were made about mobiles exceeding the speed limit in the vicinity of Echo Place. It was moved by F. T. Morrow, second W. H. Paterson that the secretary communicate with the Brantford Motor League and request them to some action in suppressing the speed of autos on the Hawk road. The little children going coming from school are constant danger on account of careless mobile drivers.

A vigilance committee was formed for the purpose of attending to these cases which might occur in Echo Place.

A committee visited a number of Brantford merchants in reference to the delivery of goods purchased by the residents of Echo Place. The committee reported very favorably on the point.

The committee were of the opinion that the county constables should after the "auto speeders."

**Stealing Papers.** There is evidently a new thief at large in this city. This evening a bundle containing this year's editions were left in the entrance of Pickett's book store on Colborne street before the store had opened. Some person or persons came along and took all the editions with the exception of one. It was the first time papers have been taken from in front of the store. It is sort of thing continues to happen and the police department will be asked to look into the matter.
