

MAYOR'S OBJECTIONS TO BONUS SYSTEM

Swamped by Smaller Places at the Municipal Association Meeting in Toronto.

Guelph Junction Promoters Get Busy and Will Bring Engineer Here.

Both of Hamilton's suggestions to the Ontario Union of Municipalities, which held its annual convention at Toronto this week, were bowled out.

projected Dunnville, Wellandport and Beausville electric railway, in which Jas. A. Ross, of Wellandport, and others are interested.

The following building permits were issued to-day: V. Lightheart, alterations and addition to house corner Wood and MacNab streets, \$450.

H. Hildreth, brick house, on Ontario avenue, between Stinson and Alanson, \$2,500.

Somerville and Van Every, steel and brick foundry building, corner of Caroline and Eliza street, for Gartschere-Thompson Co., \$10,000.

W. F. Mathews, frame house on Hilliard street, \$1,000.

W. H. Northcott has taken out a permit for four brick houses at the corner of Wilson and Ashley street, to cost \$7,000.

The Government contractors evidently intend rushing the work of filling in behind the reclamation wall.

Dr. Roberts, Medical Health Officer, says the number of typhoid cases continue remarkably low, although this is the time an outbreak is generally looked for.

City Engineer Barrow said this morning that the casting had been put on the sand-sucker and the cleaning operations at the basins would probably be begun by noon.

City Clerk Kent this morning had a conference with ex-Mayor Biggar, solicitor for the proposed Guelph Junction Road, and Mr. Biggar intimated that the company was anxious to proceed with the work at once.

Mr. W. S. Grant, commercial agent of the C. P. R. here, went to Toronto to-day and Engineer Sullivan, of that line, will be here next week to try and solve the difficulty that will be encountered in getting the route past the Canada Screw Company's works.

The Grand Trunk has taken up all the space with its tracks on the north, and it looks as if the road would have to come between the Hospital grounds and Screw Company's works.

Another arrangement might be for it to come along Birge street, turn south on Wellington and cut over Murray street.

There is a general feeling that the interest is not being taken in this road, that its importance justifies.

Dunnville Gazette: Samuel Kennedy, clerk of the Township of Gainsboro, has been in town this week discussing with a number of business men the plans and prospects of the

SOUTHAM HOME ON THE GROUNDS AT HOSPITAL.

Practically Settled at Conference To-day---Dr. Unsworth Would Like to Resign Position.

The Southam home for cases of advanced consumptives will be built on the City Hospital grounds and operated in connection with that institution.

This was practically settled at the conference this morning between the Board of Health Committee and the directors of the Hamilton Health Association to discuss the suggestion to build the home on the hospital grounds on the mountain top.

Chairman Quinn, of the Board of Health, and Dr. Roberts, Medical Health Officer, intimated that there would be an objection to the home being built near the City Hospital.

Mayor Stewart said that if a home was built on a separate site and operated by itself it would cost about \$30 a head.

By running it in connection with the hospital this would be cut down to about \$6 a patient a week.

Mr. Southam, who is generously offering to build the home, said that was his opinion, too, and he favored it going on the hospital grounds.

The Health Association directors declared they could not have the institution on the mountain grounds.

The Board of Health representatives agreed that a meeting would be held at once, and its opinion expressed in a resolution which will be sent on to the City Council.

on the mountain, it is said will vote for the hospital grounds now, in view of the stand taken by the Health Association.

This would make that board 4-3 in favor of going to the hospital grounds. In case the resolution should be against this the City Council will pass a by-law, as it has power to do, providing for the erection of the home there.

Mayor Stewart said he had made enquiries and found that seven or eight patients of this class were the most the hospital had to deal with at any one time.

Dr. Unsworth, medical superintendent of the sanitarium, wanted to resign in October, so he could take a post graduate course in Germany, but the directors desired him to stay until the end of his term in any event, which will be next May, and he agreed to do this.

A sub-committee was appointed to wait on the Brantford & Hamilton Railway to see if it would open a station on the mountain side below the San. The association will build a road from the institution to the station, a distance of half a mile if the company agrees.

The institution since it has been one at the institution since it was opened, but not as effectively as those in charge desired, and new up-to-date machinery is being installed.

It was announced that the Grafton infirmary would be opened in two weeks time.

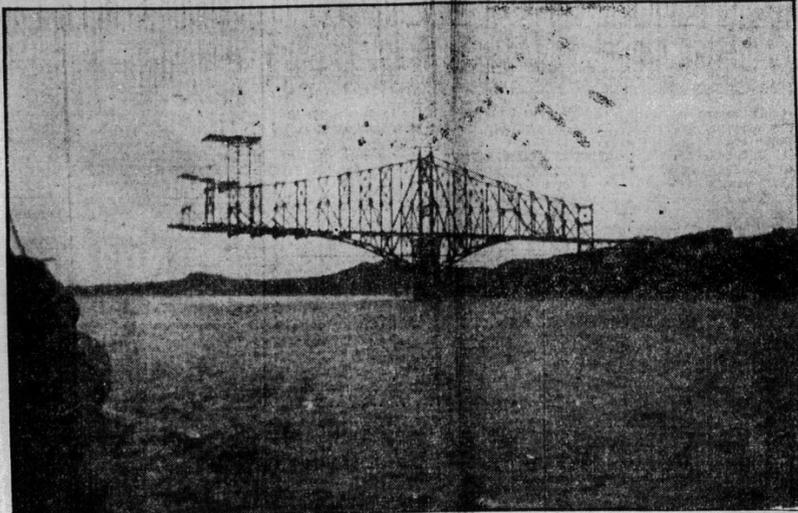

And make your share enough to last for months to come. You will find at the Right House ready-to-wear apparel for over the holiday, and for the weeks to come at half price--smart wash dresses for women and children, dainty blouses, fine hosiery, good long gloves, charming millinery for grown-ups and children, too. Imported dress goods, pretty all-over laces, men's furnishings, etc.

Don't miss this splendid saving chance that the reliable firm of Thomas C. Watkins makes possible.

Read the details on page seven, and visit the store in the morning.

SHE DID NOT ELOPE. Isabel Haines, the Dundas girl, who disappeared from her home last Saturday, and whose absence caused a great deal of uneasiness and led to rumors of an elopement, is all right. She did not elope, but went to a farm house on the fourth concession of West Flamboro' and took an engagement.

Badon Powell, the son of Dr. McNamara, Toronto Junction, was injured in an accident on the miniature railway at the Toronto Exhibition grounds.

THE QUEBEC BRIDGE BEFORE ITS FALL.

The above picture of the wrecked bridge at Quebec was taken by Mr. C.W. Finch, of this city, who, with his father, Mr. W. H. Finch, of Finch Brothers, arrived home from England on Monday of this week. The photograph was taken on the way over, on July 19, six weeks ago to-day, and is one of the best of all that have been reproduced, as it shows not only the bridge in course of construction--the part that collapsed--but also the river and the banks.

NEW QUEBEC BRIDGE FALLS; OVER EIGHTY MEN KILLED.

Steel Structure Collapsed Into the River Without Warning.

Philadelphia, Aug. 30.—The Phoenix Bridge Company, which has the contract for building the bridge which collapsed yesterday near Quebec, has offices in this city. The plant is at Phoenixville, Pa., 30 miles from Philadelphia.

The news of the accident was a great shock to all of the officials. Four representatives of the company were sent to Quebec to-day, and until their report is received the company will make no statement.

F. T. Davis, the treasurer, said: "I pray that the loss of life is not as great as reported. I do not know how it happened. I thought everything was going well up there. We had entire charge of the construction and had 200 men at work under A. B. Milligan, of Phoenixville."

The great bridge was built in sections at the works of the company and was bolted together at Quebec.

Quebec, Aug. 29.—One of the most terrible disasters in the history of bridge building in America took place at 5:45 this afternoon at the Quebec bridge five miles up the river from this city, when the south anchor column and the 800 feet of the cantilever span projecting from it over the river collapsed, and carried down with it scores of the workmen who were engaged in the operations.

The bridge structure is the greatest of its sort in the world and the survivors of the disaster speak in terrified tones of the fearful sights and sounds when thousands of tons of steel, with grinding noise quite indescribable, crashed down into the river. The disaster was utterly unexpected.

According to latest reports this calamity will not interfere with the navigation of the St. Lawrence channel. Since the bridge fell vessels have already been sent through to ascertain the exact situation. The loss is estimated at \$1,500,000.

Eighty-four Men Lost. It will probably be found that eighty-four men have lost their lives in the disaster. The bridge fell exactly at twenty-three minutes to six this evening, just as many of the workmen were preparing to leave. It was, however, so horribly effective in wiping out the lives of the men employed on it that very little is known as to how the disaster happened, and those who are left are so completely benumbed by the horror of the situation that they can do little to aid.

The southern end of the bridge which collapsed, and this was rapidly nearing the zenith of the immense steel arch which was to span the river. For eight hundred feet from the shore the massive steel structure reared an arch, with no supports but the piers from the shore and one pier erected in the river a hundred or more feet from the shore, while the outward extremity was 180 feet above the water.

Shook the Neighborhood. Suddenly those on the northern shore saw the end of the half arch bend down a little and a moment later the whole enormous fabric began to break, slowly at first, then with a terrific crash.

St. Paul's. The Great Cathedral has Been Slowly Sinking for Centuries. London Aug. 30.—The committee of architects which was appointed to inquire into the condition of St. Paul's Cathedral, has issued a report which declares that, while the Cathedral is in no immediate danger, elaborate precautions are necessary to preserve it from disaster.

SKULL FRACTURED. New York, Aug. 30.—Herman Wisnuber was probably mortally injured yesterday evening at an outing of the Osceola Club at College Point.

After 20 Years. Reunion of Old-Time Members of I. O. G. T. of the old boys and girls of Reliance Lodge, I. O. G. T., gathered at Dundurn Park, many of whom had not met for over twenty years.

Bain & Adams' List. New Sultana raisins, new Valencia raisins, Rockefort melons, Georgia watermelons, sweet oranges, plums, pears, peaches, grapes, red currants, cauliflower, celery, lettuce, chickens, ducks, eels, cod meats, pea fed bacon and ham, strictly fresh eggs, fruit jars, all sizes, at rock bottom prices.

Safety Deposit Boxes. To rent at \$2 a year and upwards, for the storing of deeds, bonds, stocks, wills, silver and other valuables, at the TRADERS BANK OF CANADA.

NO PARK OR THEATRE ALLOWED ON BEACH.

Commissioners Pass a By-law Which is Very Far Reaching and May Cause Trouble.

Their Evident Intention Is to Keep Hamilton Pleasure Seekers Off the Beach.

When Col. Ingersoll, head of the Canadian Amusement Co., which has planned to build Lakeside Park, and which has already expended several thousand dollars in preliminary work, returns to the city, he will find a letter in his office that is likely to give him a shock.

At the office of the Beach Commissioners, the Secretary of the Board stated that the by-law in question was passed at a regular meeting of the Board on July 9th. The by-law reads as follows:

(1) "It shall not be lawful for any person, firm or corporation to keep or hold on Burlington Beach any exhibition of waxworks, menagerie, circus, riding or any other such like shows usually exhibited by showmen."

A fine of \$50 is provided for every infringement of the by-law, which is passed under the authority of section 582 of the Ontario Municipal Act, clause 8.

Richard Mansfield Dead; Liver Disease the Cause. The Great Actor Passed Away This Morning at New London While Unconscious.

New London, Conn., Aug. 30.—Richard Mansfield, one of the best-known actors on the American stage, passed away at 6 o'clock this morning, at his summer residence, Seven Oaks, Ocean avenue.

Death was directly due to disease of the liver, aggravated by complications.

Dr. A. H. Allan, a local physician, who has been in charge since Mr. Mansfield's arrival here from Saranac Lake, states that death was not entirely unexpected.

Mr. Mansfield's condition had been reported as being excellent.

It was stated that he stood the journey well from Saranac Lake and that he was up and around his home here until three days ago.

The merchants have many interesting offers in the Times to-night which our lady readers should see. Don't miss the bargains.

The Dundas Star's agitator is working all right. It's quite agitated about over the coming Liberal picnic. Rather than stay away, it will climb the fence to get in.

Who was the "drunk man" the Con. Club sent to ask Mr. Barrow to give up the ship?

There shouldn't be much trouble in getting rid of the smoke nuisance. Other cities are doing it. Why can't Hamilton?

When the Bay front improvements and the North End Park are completed, it will be worth while to spend an hour or two down by the water.

Will somebody please report progress as to the Queen Victoria statue? Will it be here soon?

Once more, why not accept Mr. Gibson's offer of electric pumps without money and without price?

At any rate, the bakers are not selling "faced" bread.

Another thing, you can't feel the taste of the sand-sucker in the water.

Will the expenses of the aldermanic deputation to the States in search of pumps come out of the overdraft, or what?

Geo. P. Graham of the Brockville Recorder, is making a record for himself--a member of two Cabinets within a few short years.

has been kept in ignorance of this by-law from July 9th till now, is hard to explain. Chairman Van Allan, who is known as the "boss of the Beach," could not be seen to-day and Commissioner Morden is on the way to the Pacific Coast, and will not be back for some time.

It is understood that Mr. Van Allen has stated privately that the Beach residents don't want public amusements on the sand strip, to attract crowds from the city.

Some time ago he declared himself against the granting of a beer and wine license to the Lakeside Park Co. but at that time suspected that the Board would take the stand that no amusements should be provided for citizens who desired to go to the Beach, their natural resort, to get the lake breeze.

The amusement company has expended quite a sum of money already and when Col. Ingersoll left here on Friday last, he announced that he intended to return with his family and the superintendents of construction and go ahead with the work in the course of a week or two.

It was proposed to spend \$150,000 on the park. Part of the land for it has already been bought.

Asked about the drastic measures of the Board to-day, Solicitor Farmer said the by-law wouldn't apply to the bowling alley or other amusements of the Royal Hamilton Yacht Club, as they are not run for profit.

McClellan, of Pittsburg, was summoned. Dr. Allen said to-day that he had feared the worse for several days. There were many conditions that prevented his getting well.

There were present at the time of his death his wife, Mrs. Mansfield, his father, Felix Mansfield, his young son, Gibbs Mansfield, and the physicians and nurses.

Richard Mansfield was born in Heligoland on May 24th, 1857. His mother was Mme. Mansfield Rudersdorf, a famous prima donna, and it was from her that Mansfield inherited his love for the art.

fallen out of the real estate boom. But has his rent been reduced?

You better order your coal in case the price takes a jump next week.

Will Ald. Farrar please give us the names of the clique that is trying to hound him out of public life? I would like to print them.

Another plan would be to weigh the bread yourself.

There is no provision in the militia regulations, Col. Ptolemy, permitting a commanding officer to canvass his regiment for votes.

Here's the end of August, and not another clue to the Barton murder mystery. What's the matter with the reporters? Can't they interview Detective Greer?

Now they say that it is an attack of electrolysis that ails the sand-sucker. The Mayor should run down and see about that.

The Toronto Fair is worth millions of dollars to that city, and we can't even have a flower show.

And you would think Chairman Quinn never heard there was such a sheet of water as the Coal Oil Inlet. What scared him?

After the ministers all get home from their holidays and are well rested we may expect the Ministerial Association to resume its Monday matinees.

In the meantime Trustee Booker confines his art studies to the S. S. papers, Daniel in the lion's den, etc.

That is another reminder that the \$10,000 for the art gallery is still in the ratpayers' pockets. My art friends don't make enough noise.

The Man In Overalls

Just as the mountain was getting a bad name for ruffianism and robbery the opening of a new church up there is announced. We may now look for better things.

The merchants have many interesting offers in the Times to-night which our lady readers should see. Don't miss the bargains.

The Dundas Star's agitator is working all right. It's quite agitated about over the coming Liberal picnic. Rather than stay away, it will climb the fence to get in.

Who was the "drunk man" the Con. Club sent to ask Mr. Barrow to give up the ship?

There shouldn't be much trouble in getting rid of the smoke nuisance. Other cities are doing it. Why can't Hamilton?

5,000 FIERCE ARABS ADVANCE ON FRENCH. France Will Make Morocco Pay the Bill for Occupation of Country. Sultan Abdul Aziz Has Barricaded Himself in His Palace at Fez.

Paris, Aug. 30.—In a despatch from Casa Blanca a correspondent of the Matin says: "At the moment of filing this despatch 5,000 horsemen are advancing on the camp of the French. The artillery has begun firing. These men are supposed to be from the camp at Herich, and are the fiercest of all the tribesmen."

"The Median tribesmen encamped at Taderit have opened a market for the disposal of booty. The other tribes encamped at Herich have been restrained from attacking the French up to the present time, by the Medians, who had received a letter from Mulai Hafif telling them to follow this course. But now they are getting restive and are accusing the Medians of being traitors in the pay of the French. The natives are convinced that Mulai Hafif is complicitous in the Medians' conduct, and they intend to restore order, and that he will profit by this opportunity to establish himself on a firm basis and supplant Ahd El Aziz, the Sultan of Record."

Locked Himself In. Paris, Aug. 30.—The correspondent at Tangier of the Petit Journal telegraphs that a courier who left Fez on August 26th declares that the Sultan Abdul Aziz tried to set out for Arabia, but was forced to return by the hostility of the populace. He has barricaded himself in the palace at Fez.

Morocco to Pay. Paris, Aug. 30.—The report that France intends to insist that Morocco shall pay the heavy expenses resulting from the French military and naval operations in the latter country appears to be correct. The expenditure is increasing steadily with the enlargement of the activity of the French forces, and Germany, Great Britain and the other powers of Europe are understood to be in sympathy with France's attitude. It is also stated in well informed circles that the old powers intend to demand payments for the losses sustained by their subjects in Morocco. However, it is recognized that the existence of the Sultan in Morocco will render it a difficult matter to fix the responsibility for the payment of the expenses incurred.

According to the latest advices from Casa Blanca the French losses in the fighting since the camp, August 25th, were three men killed and 12 wounded, the killed including a cavalryman of the irregular Algerian force, who was decapitated, and whose head was carried off by the Moors. The enemy's loss is believed to have been heavy.

MARKETS AND FINANCE

TORONTO FARMERS' MARKET. The receipts of grain were all to-day, and prices purely nominal. Hay in moderate supply, with prices unchanged at 10 to 11 1/2 for ton. Straw firm, one load selling at 12.50 a ton. Dressed hogs unchanged at 9.25 for light, and at 8.75 for heavy.

NEW YORK STOCK EXCHANGE. Railroads. 11.13 p.m. A. T. & S. E. 40 47 1/2

BRITISH CATTLE MARKETS. London.—London cables are steady at 11 1/2 to 12 1/2, dressed weight, refrigerator lard is quoted at 10 per lb.

TORONTO LIVE STOCK MARKET. Receipts of live stock at the city market since Tuesday as reported by the railways were 53 carloads, composed of 1,386 cattle, 866 hogs, 4,183 sheep and lambs and 230 calves.

INDUSTRIALS. American Car & Foundry 28 1/2 29 1/2 American Cotton Oil 21 1/2 22 1/2

NO FUNDS. Toronto, Aug. 29. The borrowing public are still confronted with the same old story—no funds.

their transactions. The inevitable liquidation, in such cases, is generally followed by an increasing want of confidence. Good times, with a judicious use of capital, could hurt no one, but on the contrary would be beneficial. There must, however, be an end, sooner or later, to wild financing and wastefulness. Quite a lot of liquidation has already taken place, and with a careful hoarding of reserves, there should be no immediate danger in the situation.

OBITUARY.

Deaths and Funerals of Yesterday and To-day.

Glady, infant daughter of Mr. and Mrs. Albert Longworth, passed away last evening at the residence of her grandparents, Mr. and Mrs. John Mitchell, 132 Florence street, after several weeks illness with spinal meningitis. The funeral will take place on Saturday afternoon at 4 o'clock.

The funeral of Lillian Cunningham took place this afternoon from her uncle's residence, Poplar avenue, and was largely attended. Rev. J. A. Wilson conducted the services and the pall-bearers were Herbert Mellon, Harry Mellon, Gordon Mellon, Alex. Small, and W. Smith.

Naido Stoyce, a Turk, died at the City Hospital this morning with tuberculosis. He was 19 years of age and was born in Macedonia. The funeral takes place on Saturday at 2 p.m., from Green B'n's undertaking rooms.

The infant child of Mr. and Mrs. Fred Heman, 136 John street north, was born yesterday afternoon. Rev. R. W. Philpott conducted the services and the pall-bearers were Wm. and F. Smith.

The infant child of Mr. and Mrs. Jas. Watson, Toronto, died at Niagara Falls yesterday. The funeral took place this morning to Hamilton cemetery, on the arrival of the G. T. R. at 11 o'clock this morning. Rev. S. B. Russell conducted the services.

A Saturday Sale at Shea's.

About 40 suits, made of fine worsteds and tweeds, worth \$12 to \$18, will be cleared at \$4.95. These suits are stylish and up to date and are in the garment of new silk waists, new and direct from the factory, at cut prices: \$3.00 waists for \$2.25; \$4.00 waists for \$2.95, and a beautiful showing of elegant silk waists at \$4.00 to \$5.95. Special cut prices in all kinds of muslin and lawn waives. Special sale of ladies' vests, worth 20c each, at 3 for 25c. A grand showing of new fall dress goods; all the popular weaves and shades, bought so that the prices are practically the same as last season. You better buy now, for it is absolutely impossible to get any other goods to get any more of them at the same price. Shop in the morning.—James Shea.

SEND BOATS TO PACIFIC.

C. P. R. May Make Important Changes This Fall. Montreal, Aug. 29.—The report is current that the C. P. R. Atlantic steamers Montrose and Montclair will be transferred from the Atlantic to the Pacific fleet at the close of the St. Lawrence navigation season, to replace the Athenian and Tartar, which have been disposed of to the Japanese. It is said that a great deal of freight is offering on the route between Canada and the far east, and the Montclair and three Empresses are all the vessels that are at present available for the handling of it. The Empresses are only small freight carriers, their capacity for that purpose being not more than 2,500 tons, hence the necessity for reinforcement of the fleet in eastern waters.

No official statement on the subject is yet obtainable at the head office, the plans for the Pacific service not being sufficiently matured to warrant an announcement.

BREAD LOAVES SMALLER.

Increase in Price of Flour Causes Change. Toronto, Aug. 30.—Local bakers will shortly be forced to decrease the size of the loaves of bread, if an increase in the price per loaf is to be avoided. This is caused, they claim, by the recent advances in the price of flour. During the last few days wheat has been advancing and it was stated that the price of the higher price of flour is not yet in accordance with the present price of wheat. Accordingly, the bread consumer pays for the advance.

Bakers said yesterday that it had been agreed among the trade not to charge more than five cents a loaf, and now that flour costs more the weight of the loaf has to be decreased. The law allows a baker to sell loaves of any weight so long as a stamp or label is put on showing the weight. Definite action, however, has not yet been taken by the bakers.

Booksellers' and Stationers' Association Formed. Toronto, Aug. 30.—Speaking at the first annual banquet of the Booksellers and Stationers' Association of Ontario last night of the necessity of an organization of retail booksellers for self-protection, Mr. E. Pomeroy, of Pomeroy Bros., Newark, N.Y., made the startling announcement that out of 3,000 retail booksellers in the United States 25 years ago there were today only 1,000.

The newly-formed association elected officers yesterday afternoon as follows: President, Wm. Tyrrell, Toronto; Vice-President, J. G. Cloke, Hamilton; Secretary, W. A. Craik, Toronto. The Executive Committee consists of Messrs. G. W. Sulman, Chatham; R. A. Robertson, Hamilton; E. G. Brown, Collingwood; A. H. Strathmore, Peterboro; W. B. Hart, Perth.

Mr. J. Wise, of the Macmillan Publishing Company, declared there was a great need for co-operation between the booksellers.

Is it Right To substitute? We think not, and to avoid it as to the maintenance of our stock and our prices as uniform as possible.

THE HAMILTON TIMES

FRIDAY, AUGUST 30, 1907.

HON. MR. GRAHAM NOW.

Yesterday Geo. P. Graham, the Liberal leader in the Ontario Legislature, went to the capital at the call of Sir Wilfrid Laurier, and arrangements were made for his entrance into the Cabinet.

That Mr. Graham will prove to be an able Minister is not doubted, and his hosts of friends throughout Ontario will congratulate him on his selection for the honor.

AN AWFUL CATASTROPHE.

The collapse of a portion of an arch of the great cantilever bridge at Quebec—the greatest structure of its kind in the world—causing the loss of over 80 lives and causing \$1,500,000 to \$2,000,000 in money, is one of the worst building catastrophes of recent years.

The Phoenix Bridge Company will probably be liable for the loss, it being the contractor for the steel superstructure. Its resident engineer, Mr. Burke, was on the bridge at the time of the accident and is among the dead.

A CONTEMPTIBLE TRICK.

"Further evidence that Sir Wilfrid Laurier is a good counterpart of the vain Egyptian king, Nemeses, who went about putting his own name on everything of note in his country, is," says the London Times, "afforded in the fact that the words 'This is Canada's century' were not original with the Premier, but were first used in an Ottawa newspaper article."

EDITORIAL NOTES.

The Toronto Fair balloon is a trick, but the aeronaut lives. The crowd had vainly for its money.

Hon. Mr. Olver deprecates the tendency to inflate Northwest real estate prices. The restriction of credit by the financial institutions will have a good effect in that direction.

The Brockville Times has risen to the occasion, as we were sure it would, and boldly defends the Trenton voters' hat stuffing business. It's great to be able to get along without a conscience.

Now it is disclosed that in April the Whitney Government was warned about the doings of that Italian "banker" in Toronto by the Italian Consul, but was "too busy" to give heed to the matter.

Now that the Transvaal is about to present King Edward with a mammoth diamond in token of its loyalty and appreciation of British rule, perhaps the Philippines will at least quit shooting poisoned arrows at Uncle Sam's "benevolent" emissaries and make believe that they are "pacified."

The hotels in Vancouver, B. C., have fire drill just the same as our schools here have. Recently the Province reported one held at the Hotel Vancouver.

Speaking of it, the manager of the hotel said: "Every one of our employees has been trained to act in an emergency. At the sound of the whistle every one of them rushes to his or her appointed station in the corridors or fire escape. If a fire starts should break out, our help will be on deck ready for any emergency."

What happened we all know. Toronto may be taken as a representative case. The Commissioner sought to preserve a spirit of fairness—they had failed to read between the lines and catch Whitney's meaning. They made an attempt to do justice, and because in doing so they ran against the party machine they were compelled to save their self-respect by resigning. The Government then knifed the inspector, who had been guilty of two unpardonable sins—discharging his duty without fear or favor, and being a Liberal.

Nor has it been better elsewhere. Here in Hamilton Mr. Henry New went to the official gullibility because he sought to discharge his duty faithfully and according to conscience, and in so doing annoyed the party bosses. How the law has been enforced here let the records of the police court and the rows in the party bear witness.

Now it is said that the commissioner to whom the Toronto scandal, with its riot of partisanship, disregard for the law, attempts to bribe commissioners, etc., was referred will reflect severely on the way the law has been administered, and will recommend that a Provincial License Board be created with a view to correcting some of the evils which the Government looks back upon to stand up against.

And the Government's failure to make good in this matter is patent to all. Some Tory organs try to place the blame on the method, but that is sheer evasion. The method places the responsibility for license administration on the Government directly and immediately. It has full power; it selects commissioners and officials, and it should be held responsible. Whitney appreciated that. He gave his pledge to select as commissioners only good men, independent men, men whom he could trust to be fair and upright and trustworthy; and to remove the department entirely from the realm of partisanship.

Some of the British Columbia papers refer to the Japanese immigrants as "coolies." This is perhaps admissible under the original meaning of the term in Hindostanee (kuli, a day laborer), but it is not applicable in the restricted sense which the word usually conveys in America. "Coolie" has here come to mean a laborer who is imported under contract to do a certain work. Were the Japanese entering British Columbia so brought the treaty with Japan would not hinder their deportation.

Surely the Westinghouse Company could inform the Fire and Water Committee about electric pumping machinery. And it is a local concern, too. Perhaps that is why the committee goes abroad. It will not even consider a local offer to put in pumps free, increase the capacity about 60-75 per cent., run them for five years at no increased expense, and then give the city the plant free of cost.

The popular awakening to the betrayal all practiced is coming. Whitney sees it. The Toronto exposure is a shameful one. From various places come hints of the gross abuses existing. Some licensees are said to enjoy immunity; some are hounded continually; in some cases public money is paid to hire spies to tempt to violations, while officials see with unseeing eyes the flagrant performances of favorites. The temperance voters, who knifed Ross are doing some thinking. They do not relish the idea that one of Whitney's first acts should have been to declare those of their votes equal to only two of their opponents. They appreciate how they have been deceived and insulted. They were promised independence and efficiency in the administration of the law, and they see it made a great and unscrupulous party machine. And they do not propose that Whitney shall escape punishment for his turpitude by the ruse of creating a commission to bear the responsibility for the wrong done in his interest and at his direction.

BUT CUTICURA WORKS A MIRACULOUS CURE

"When my little boy was six months old he had eczema. The same attended so quickly over the whole body that we at once called in the doctor. We then went to another doctor, but he could not help him, and in our despair we went to a third one. Matters became so bad that he had regular holes in his cheeks, large enough to put a finger into. The food had to be given with a spoon, for his mouth was covered with crusts as thick as a finger, and whenever he opened the mouth they began to bleed and suppurate, as did also his eyes. Hands, arms, chest, and back, in short the whole body was covered over and over. We had no rest by day or night. Whenever he was laid in his bed, we had to pin his hands down, otherwise he would scratch his face and make an open sore. I think his face must have itched most fearfully. We finally thought nothing could help, and I had made up my mind to send my wife with the child to Europe, hoping that the sea air might cure him, otherwise he was to be put under good medical care here. But, Lord, be blessed, matters came differently, and we soon saw a miracle. A friend of ours spoke about Cuticura. We made a trial with Cuticura Soap, Ointment, and Resolvent, and within ten days or two weeks we noticed a decided improvement. Just as quickly as the sickness had expressed it also began to disappear, and within ten weeks the child was absolutely well, and his skin was as smooth and white as paper. We are now using Cuticura, and I think it is the best medicine for eczema. It is sold by the C. L. Eckhardt Company, Manufacturers of all the famous '4 to 20 Black Albee,' South Bethlehem, Pa., June 15, 1906.

Consistent Endorsement and Internal Treatment for Every Member of the Family. Cuticura is sold by the C. L. Eckhardt Company, Manufacturers of all the famous '4 to 20 Black Albee,' South Bethlehem, Pa., June 15, 1906.

tion in the corridors or fire escape. If a fire starts should break out, our help will be on deck ready for any emergency."

Three hundred and ninety-four children under five years of age died in New York city last week. This infant mortality is said to be due in a great measure to preventable causes.

The Philadelphia Record says that it will cost the United States \$500,000 for coal to get the U. S. fleet around the Horn to its destination in the Pacific. Foreign coalliers will be used to supply foreign coal to take out the domestic supply on board the vessels. Wonder what the Japs think of the performance.

Dr. G. Cooke Adams, formerly of Edinburgh University, Chicago, declares in the August number of the Chicago Clinic that the cancer death rate among the German residents in Chicago is the highest in the world, being 300 per cent. higher than among the Germans in Germany. The doctor attributes this state of affairs to the fact that the Germans in the Windy City eat too much canned meat foods of poor quality.

The H. W. & G. R. route by-law should provide unquestionably for the use, on fair terms, of the entrance and works connected therewith by any other electric line. It should guard the safety of the parks. It should preserve the city's interest in it within reasonable limits, and it should safeguard the rights of the railway promoters. It is not a matter for hurry. The time to provide against trouble later on is the present.

Some of the British Columbia papers refer to the Japanese immigrants as "coolies." This is perhaps admissible under the original meaning of the term in Hindostanee (kuli, a day laborer), but it is not applicable in the restricted sense which the word usually conveys in America. "Coolie" has here come to mean a laborer who is imported under contract to do a certain work. Were the Japanese entering British Columbia so brought the treaty with Japan would not hinder their deportation.

Surely the Westinghouse Company could inform the Fire and Water Committee about electric pumping machinery. And it is a local concern, too. Perhaps that is why the committee goes abroad. It will not even consider a local offer to put in pumps free, increase the capacity about 60-75 per cent., run them for five years at no increased expense, and then give the city the plant free of cost.

A Native Organist. (Oakville Record.) Just think of it! A Hamilton native has been appointed organist in a church in Toronto the Good.

East Dough. (Toronto Star.) A number of Hamilton bakers are up for short weight. To make the punishment fit the crime, let the aggregate short weights for one day be summed up, and then let the delinquents eat that quantity of dough in the presence of the court.

Instead of Heavy Ones. (Toronto Star.) Miss Hamilton bakes have been fitted for selling light weight bread, and there is considerable in the Hamilton newspaper of notice for fear that the editors are despatching for supplying the public with light weight editorials.

BABY'S DREADFUL CASE OF ECZEMA

Extended Over Entire Body—Mouth Covered With Crusts as Thick as Finger Which Would Bleed and Suppurate—Disease Ate Large Holes in Cheeks—Hands Pinned Down to Stop Agonized Scratching—Three Doctors' Best Efforts Failed to Give Relief.

BUT CUTICURA WORKS A MIRACULOUS CURE

"When my little boy was six months old he had eczema. The same attended so quickly over the whole body that we at once called in the doctor. We then went to another doctor, but he could not help him, and in our despair we went to a third one. Matters became so bad that he had regular holes in his cheeks, large enough to put a finger into. The food had to be given with a spoon, for his mouth was covered with crusts as thick as a finger, and whenever he opened the mouth they began to bleed and suppurate, as did also his eyes. We finally thought nothing could help, and I had made up my mind to send my wife with the child to Europe, hoping that the sea air might cure him, otherwise he was to be put under good medical care here. But, Lord, be blessed, matters came differently, and we soon saw a miracle. A friend of ours spoke about Cuticura. We made a trial with Cuticura Soap, Ointment, and Resolvent, and within ten days or two weeks we noticed a decided improvement. Just as quickly as the sickness had expressed it also began to disappear, and within ten weeks the child was absolutely well, and his skin was as smooth and white as paper. We are now using Cuticura, and I think it is the best medicine for eczema. It is sold by the C. L. Eckhardt Company, Manufacturers of all the famous '4 to 20 Black Albee,' South Bethlehem, Pa., June 15, 1906.

Consistent Endorsement and Internal Treatment for Every Member of the Family. Cuticura is sold by the C. L. Eckhardt Company, Manufacturers of all the famous '4 to 20 Black Albee,' South Bethlehem, Pa., June 15, 1906.

WILL TRY TO FIND MOTHER OF Infant That Was Deserted Two Weeks Ago

And Which Subsequently Died Owing to the Exposure. Crown Attorney Says Too Much of That Sort is Going on.

The inquest touching the death of the baby found in a shed in rear of Mrs. Simpson's residence, 352 James street, was begun last night in the City Hall.

Mrs. Simpson was next called, and told of getting up about 4 o'clock that morning and going to the back door.

Mrs. Fuller, matron of the Infants' Home, and Miss Christina Milligan, assistant matron, told of receiving the child, and of doing all in their power to keep it alive.

Dr. O'Reilly said the infant was fully matured, and had evidently been born about twelve hours. It lacked vitality, however, and could not receive much nourishment in its exhausted condition.

The inquest adjourned after Dr. O'Reilly's testimony had been taken, to meet on September 9th. The jurors were N. W. Powell, G. J. Miles, J. H. Cooney, W. A. Fleming, A. MacDonald, W. Hucks, James White, Alex. May, George Stockford, J. McNamara, Fred Locke, Frank Humphreys, Frank Hooper and A. Hopkins.

THE AIRSHIP WAS WRECKED.

LANDED ON COPOLA OF CRAWFORD STREET SCHOOL, TORONTO.

Exhibition Management Orders It From the Grounds—Came to Grief First Trip—Engine Too Light—Wind Too Strong.

Toronto, Aug. 30.—So far as the present exhibition is concerned, the problem of aerial navigation, in which so much interest has been evinced since it was known that the Knabenshue airship was to attempt a practical demonstration, will remain unsolved, and what was expected to prove one of the sensations of the fair will not materialize.

The story of what happened may best be told in Robinson's words: "For a while," he stated, "everything went well, and I headed straight for the City Hall. I had ascended seven hundred feet, and was making good progress, when, just as I feared, the motor went wrong and the ship was thrown into the wind. Then she stopped, and when I pulled the lever she shot backward instead of forward. I saw a long freight train approaching, and it seemed as though I was going to drop right on the tracks. I threw out my fifty pounds of ballast and rose again, and then the next thing I knew I was caught on the copola of the school building.

Robinson's predicament was witnessed by several men who were in the vicinity of the school, and with their assistance the airship was quickly released from its perilous position on the copola of the Crawford street school, where it had stuck. The next problem was how to get the ship back to the grounds. Robinson proposed to tow it, so manipulating it by means of ropes that such obstacles as telegraph and telephone wires could be surmounted. This plan, however, was found impracticable, and late in the afternoon the airship was dismantled and conveyed to the Exhibition grounds in a wagon. By that time, as already indicated, the directors had decided to cut the proposition out, so

IN THE WORLD OF AMUSEMENT

VIRGINIA EARLE.

The great operatic singer, who will be seen at Bennett's next week.

A pretty and at the same time interesting evidence of Thomas Jefferson's power to move his hearers was noted in Chicago recently, at a matinee performance of "Tip Van Winkle."

Mrs. Virginia Earle appeared with an all star cast in a bright, crisp farce-comedy, called "A Midnight Mistake." There is the usual deal about the piece necessary to all ravellike sketches and it is a laugh-maker from start to finish.

The Finneys, father and daughter, seem to be amphibious, and their eating, drinking and card playing stunts under the light of a "marvellous" Buffalo Courier. "Lemon's" dress makes one think that there is a good deal of intelligence in animals that is more than human, if it can only be tapped as Mr. Lemon does.

The rest of the bill for next week is composed of turns chosen as being as good as anything on the vaudeville stage.

At the Mountain Theatre. The Summers Stock Company gave a most entertaining performance at Mountain Park Theatre (East End Incline) last evening, when they gave an excellent production of the farce comedy, "Marrying Kitty," which was witnessed by an audience that packed the theatre.

With the seats selling like hot cakes for the opening performance, and all the arrangements completed, Manager Deacon of the new Bennett's Theatre, has good reason to feel satisfied. He has made arrangements with the Radial and the H. G. & R. to run special cars for out of town patrons on certain evenings during the week. The Radial extra service will be put on after the shows on Wednesdays and Fridays for Dundas and

one inquiry in the grounds as to the safety of the aeronaut, and it was with relief that the news was received that Robinson had descended in the neighborhood of Crawford street school, none the worse of his venture, though chagrined at his failure.

The story of what happened may best be told in Robinson's words: "For a while," he stated, "everything went well, and I headed straight for the City Hall. I had ascended seven hundred feet, and was making good progress, when, just as I feared, the motor went wrong and the ship was thrown into the wind. Then she stopped, and when I pulled the lever she shot backward instead of forward. I saw a long freight train approaching, and it seemed as though I was going to drop right on the tracks. I threw out my fifty pounds of ballast and rose again, and then the next thing I knew I was caught on the copola of the school building.

Robinson's predicament was witnessed by several men who were in the vicinity of the school, and with their assistance the airship was quickly released from its perilous position on the copola of the Crawford street school, where it had stuck. The next problem was how to get the ship back to the grounds. Robinson proposed to tow it, so manipulating it by means of ropes that such obstacles as telegraph and telephone wires could be surmounted. This plan, however, was found impracticable, and late in the afternoon the airship was dismantled and conveyed to the Exhibition grounds in a wagon. By that time, as already indicated, the directors had decided to cut the proposition out, so

WHICH WHEAT IS BETTER?

Ontario Millers Discuss the Merits of Two Varieties.

Toronto, Aug. 30.—The merits of blended and Manitoba wheat were discussed at the annual meeting of the Dominion Millers' Association held yesterday afternoon at the Board of Trade, about one hundred members being present. The officers elected to office for the ensuing year are as follows: President, Wm. Munro, Thorold; First Vice-

THE RIGHT HOUSE

Reductions in every department to-morrow. Store Closes at 6 p. m.

Reduction sales--last day--short prices

Buy for the holiday and the weeks to come and save a half. TO-MORROW is the last and best day of the great August clearance sales. All the small lots and everything that has the breath of summer about it will be cleared out regardless of cost.

Coming to the store--come looking for big inducements in each department on every floor. Come expecting money-saving that will average about half on the very things you wish to buy, and come as early in the morning as you possibly can.

To-morrow the ready-to-wear sections will ask you to save generous amounts on the wear you need for the holiday and for the weeks to come. You will find the new fall things making their initial bow in many of the departments--advance displays that show the style tendencies for the coming season--new and stunning separate skirts, handsome fall costumes, smart new felt outing hats, the latest style ideas in fall coats, charming veils and veillings from Paris, new gloves of quality, etc., etc.

- Half price For women's wash dresses. WHITE lawn, organdie, pique and cambric suits and dresses for women. Prices cut squarely in two. THOMAS C. WATKINS. Estimated the yield this year at 75,000,000 bushels. Mr. H. L. Rice advocated organization among the millers of each community to protect prices. A statement by the Japanese Consul-General furnished the Department of Trade and Commerce shows the net Japanese immigration since January to be 641.

WILL RUSH THE H. W. & G.

Hope to Complete All Surveying Work Before Winter.

And to Begin Actual Operation in Early Spring.

City Solicitor Instructed to Prepare the By-law.

The Finance Committee last night instructed City Solicitor Waddell to prepare a draft by-law for the construction of the Hamilton, Waterloo & Guelph Railway via Dundurn and Harvey Parks into the city.

It is expected that the old by-law, approved of before, and which would have been in force had it not been ruled out on a technicality, will be adopted with some revisions, including, of course, the matter of the route.

Chairman Dickson explained that the meeting had been called not with any idea of rushing the matter through, but at the request of Mr. Patterson, who wanted to get things moving.

There was some discussion over the question of other companies using the route. Mr. Patterson and his solicitor explained that it would hardly be reasonable to expect them to allow any company to use their private right of way, after the H. W. & G., taking all the charges. They agreed, however, that wherever their line touched city property to give any other company running rights, and if an agreement could not be reached as to terms between the companies to leave the matter to the Railway Commission.

THE TAX EATERS.

CONVENTION OF ONTARIO MUNICIPAL ASSOCIATION ENDED.

Sunday Street Cars in Any Municipality Where People Want Them—Amendment Asked to the Ontario License Act—Legislation to Lessen Damage Claims—Officers Elected.

Toronto, Aug. 30.—A wide field for legislative action was laid down by the Municipal Association yesterday, when the report of the Committee on Resolutions came up for discussion.

The following is a resume of the resolutions adopted in respect of the association, and along the lines on which the Executive will seek legislation: To ask that the law should be made quite clear that municipal property shall not be assessed, and that cities may, if their City Councils so decide by by-law before Oct. 15th in any year, hold the municipal nominations on the last Monday in November, and the elections on the first Monday in December.

When a person is sent to a county house of refuge who has not resided in the municipality from which he is sent for a year previous to commitment, the cost of maintenance to be charged to the county and not the municipality. To secure legislation to lessen the number of claims for damages for injuries from defective roadways or sidewalks along the line of the bill which was withdrawn during the closing days of the last session of the Legislature.

To ask that the Contrace Act be repealed, and that power be given to municipalities to buy, or, if necessary, expropriate on special terms, any existing gas, lighting or water plant. Power will be sought to enable municipalities to open or extend streets, in the public interest, and to assess the cost on the properties benefited, even if a petition be presented against the work; that municipalities be empowered to recover for the benefit of the municipalities the expenses for offences or crimes within such municipalities; that municipalities may if they wish exempt from the taxes part of the cost of sewers where such sewers exceed nine inches in diameter; that noxious weeds on highways may be removed or destroyed by day labor; that members of Councils may be elected for terms of one, one-half or annually; that the heads of families be allowed \$1,000 exemption of their assessment, irrespective of the source from which their income may be received.

To tax any hospital lands used for other than hospital purposes, and from which the hospital is deriving a revenue; that the municipality alone be the parties to grant leave to telegraph, telephone or other companies to place poles, rails, conduits, pipes, string wires, in any other way occupy the streets of a municipality, and that power be given to municipalities to cause the removal of poles and wires now erected from streets doing no unnecessary damage to this property. That no plans be registered under the registry act and land titles act until all unpaid taxes are paid or commuted; that the counties be no longer held liable for the payment of constables and assessors at court, and that all cities may establish a Board of Control, consisting of the Mayor and four elective members, and that any of these four elective members may be made Chairman of any committee of his City Council. It was unanimously resolved, on motion of Councillor Lawson, seconded by Mayor Moss, of Dundas, that the Ontario Legislature be requested to amend the liquor license act, making it contrary to said act for the holder of a shop license in one municipality to establish an agency in or have an agent in another municipality to receive or receive orders for intoxicating liquors.

Legislature be asked to provide for the operation of Sunday street cars in any municipality where a vote of the people is taken on the subject and is decided in favor of Sunday cars. On motion of Ald. Cooper, London, seconded by Mr. Jardine, Wentworth, it was resolved that it is advisable that all cities and towns in Ontario having a population of 10,000 or over should insist upon plans and specifications being first submitted to their respective Councils before permission is given to build. It was decided to ask for legislation providing that all damage suits against municipalities should be tried by a Judge without a jury.

A proposal that township Councils have power to bonus parties who use broad-trimmed vehicles on country roads was sent back till next year's meeting.

The following officers were elected for the ensuing term: President, W. C. Mikel, City Solicitor, Belleville; Vice-Presidents, Ald. Cooper, London; Mayor Scott, Ottawa; Reeve Locke, Yarmouth; Mayor Kennedy, Owen Sound.

MURDER CHARGED.

POLICE ARE HOLDING A WOMAN NAMED MINNIE TURNER.

Investigation Being Made Into the Death of Rose Winter, a Young English Woman—Said to Have Been an Operation Performed.

Toronto, Aug. 30.—A sensation was caused in yesterday's Police Court, when a woman named Minnie Turner was arraigned on a charge of murder. She and two other women, named Bertha Pearsall and Ada Moore, who are held as material witnesses, were arrested at an early hour in the morning at a lonely house on Poplar Plains road, at the extreme north limit of the city.

The charge arises out of the death of a young Englishwoman named Rose Winter, who died in the house from septic poisoning on Sunday last. Information had been given to the Chief Coroner, Dr. A. Jukes Johnson, that the septic poisoning was the result of a criminal operation which had been performed upon Miss Winter, and the police authorities had the house surrounded by a posse of detectives after 1 o'clock yesterday morning and searched for any incriminating evidence.

The accused woman had told Dr. Stephen H. Poilard, who attended the girl during her illness, that her condition was the result of a fall while hanging a picture, but a close search in the rooms of Mrs. Turner's house resulted in the finding of a silver-plated speculum, such as is frequently used in operations of that nature, and in the yard of the house was found a blood-stained mattress. Some medicine was also found and a bottle of pills on Mrs. Turner's person.

At the request of the Chief Coroner the body of the unfortunate young woman was exhumed from its resting place in Mount Pleasant Cemetery, and a post-mortem will be held to-day at Miles' undertaking rooms on College street.

Mrs. Turner is not unknown to the police. Until recently she had resided at her home on Huntley street, and owing to her conduct in the house was given notice by the police to leave the neighborhood. She is a widow and is about thirty years of age. The dead woman was about twenty-four years of age, and came to this country from England about four years ago. She had been engaged in several places, as a domestic servant, her last situation being at Clark's, but she had been with Mrs. Turner at the address on Huntley street since June 30, the night before she removed to Poplar Plains road. The girl had some friends in the city, but no relatives, and it is said that both her parents are dead.

She has a brother in this country, but the police had been unable to locate him by telegram last night. About two hundred letters were found in the dead girl's trunk, many of them from well-known Toronto business men, and some of them showed that some of her friends were anxious to obtain a medical man to operate upon the girl. The police state they have satisfactory evidence to show that it was the Turner woman who performed the operation. The two women who are held as material witnesses, Bertha Pearsall and Ada Moore, are aged, respectively, twenty-seven and twenty-four. Bertha Pearsall had made her home with Mrs. Turner for a considerable time, but Ada Moore, who is a sister of Mrs. Turner, is said to have been in the house only for a few days.

Buy your holiday wants in the bright south side store, where styles and qualities are the best and prices the lowest. Open at 8.30 and close at 10 p.m.

R. S. Lockwood has bought several houses from Mr. H. D. Walker, on Clark street.

Miss Edith Woodworth, of Toronto, was the guest of Miss H. Bridgeman, Winona, this week.

The sympathy of many friends is going out to Mr. and Mrs. H. E. Russ and family on the death of their sixteen-year-old son, Lloyd, who passed away on Friday morning last. Appendicitis was the cause of his death. The funeral on Sunday afternoon was very largely attended.

A. G. Pettit has sold seven acres of fruit land on Livingstone avenue to T. D. Muir, of Grassie's Corners.

The marriage of Murray Haines to Miss Melissa Cosby took place on Tuesday morning at the home of the bride's father, Mr. Holbert Cosby. The ceremony was performed by Rev. Dr. Johnson. The beautiful gifts received by the bride showed the esteem of her many friends.

James Doran has purchased the roller mill and blacksmith shop on Main street from W. F. Lewis.

Mrs. Smith and Miss Clara Smith, of Winona, have returned from Montreal. The Guild of St. Andrew's Church will have a fine musical programme for their tea at Mrs. Thomas Liddell's on Saturday afternoon, beginning at 3.30 o'clock.

ROBERVAL EXPRESS WRECKED. Engineer Killed and Three Injured Near Laurentide. Quebec, Aug. 29.—The Roberval express on the Quebec & Lake St. John Railway, which left here this morning, ran off the track near Laurentide siding owing to a broken flange. The engine and baggage car went into the ditch, while the passenger car ran into a sand pile. Engineer Wood was killed, and the baggage-men, brakemen and conductor were badly injured.

Flags for Rural Schools. Toronto, Aug. 30.—The Education Department is calling for tenders for flags for rural schools. Five thousand dollars was appropriated for this purpose at the last session of the Legislature. Parties who make tenders in response to the present call will have to send samples of the flags they propose to supply. These must be Union Jacks with the Canadian coat of arms on them.

GIVING OFFENCE. CHINA RESENTS JAPAN'S PATRONIZING AIRS.

Pekin Government, However, is Too Weak to Take Decisive Action, and is Following Policy of Secrecy.

Pekin, Aug. 29.—China made a protest on Aug. 10 to France and Japan against the covenant of their recent agreement providing for interference in the vast regions of the sovereign Chinese domain. The protest has resulted in a remarkable suppression by the authorities of public matters. It is claimed that China has been bow-beaten from her rights owing to the cowardice of the present Chinese Government, the covering position of the throne and its over-lording by Japan.

The protest, which the Wai Wu Pu, of Board of Foreign Affairs, for the purpose of not giving offence modified to a mild character, is to the effect that the agreement of China's allied opponents is "not to be considered as right."

The protest has aroused the indignation of the Japanese, who have ignored it, leaving the French here to persuade the Wai Wu Pu to drop it.

While China's resentment at the patronage of the Japanese, which country is assuming the position of her protector, is increasing, the Government is yet too weak and untrained to combine the assistance of the Empress with official action, preferring the dangerous policy of secrecy.

The attitude of foreigners here has reached a stage of pronounced antagonism to the Japanese, especially among those belonging to the nations which are the allies of Japan.

This antagonism has been largely provoked by Japan's constant success both in Korea and Manchuria.

A new movement, headed by Chang Chin Tung, has been started among the Chinese to promote native enterprises in the efforts of the Japanese to obtain a foothold in that province.

PREFERENCE TO CANADA. Australian Government Will Consider Sir Wilfrid Laurier's Request. Melbourne, Aug. 29.—Sir Wilfrid Laurier's request for preferential treatment on fifty-nine items of leading Canadian exports, including harvesters, furs, various timbers, printers' paper, books, furniture and agricultural machinery, will be considered by the Cabinet next week. It is rumored that the Government will probably postpone preference to Britain for a few years or transfer it to a separate bill to be introduced subsequently to the passage of the general tariff through Parliament.

A producing oil well was struck in Harwich township, near the Tilbury field.
