NEWCASTLE STILL LEADS THE LEAGUE

Tuesday at Nelson.

The locals had their first tryout with Nelson. A large crowd of fans followed the team across the river to see the locals take the measure of their south side friends. The score in Newcastle's favor was 4 to 2 in a 5 inning game. Craig as usual upheld his reputation and was on the job from start to finish. With the exception of a few errors on the part of the fielders, Craig would have had another shut-out game to his credit. McMichael loomed up in some great outfielding in this game, and by such plays saved the scoring of at least three or more runs. Ward the south-paw hurried for Nelson, and who is supposed to be one of the best in the league could do nothing with the Newcastle willow sluggers. The grounds were wet and made it rather difficult to play good ball, but Bobby McCombs the Nelson manager feeling so sure of winning the game refused to postpone it until better conditions prevailed. Bobby however got his answer. To-night Newcastle has the pleasure of again meeting with Bobby's line-up, and no doubt he and his nine will be given a right royal welcome in the shiretown.

Wednesday at Newcastle.

Before an attendance of about five hundred fans, the largest crowd that has witnessed a baseball game in this vicinity for years, the Newcastle team put it all over the Chatham players last Wednesday evening in the Farrell Field.

Some of the old time enthusiasm, which characterized baseball in past years was displayed, and players of both teams as well as fans were out for blood. The locals played a clean game from start to finish, while as usual, their Chatham opponents resorted to methods which do not tend to make them admired by the followers of the sport. Both aggregations are fast ones and great interest was taken in the game, but the locals easily proved their superiority, and their record for clean baseball, recognized by all, easily won for them the sympathy and support of the large attendance of fans. The locals had the game well in hand at all stages and gave Ryder gilt-edged support both in the field and with the willow. The Chatham players could not find Ryder at any time, and his speed almost took them off their feet. The locals are fortunate in having Ryder, who seems to have the necessary goods and should prove a big factor in winning games for them this season. Craig stepped in at the fifth, and easily finished the game with only four men up. The grounds were not in the best condition conducive to good ball playing, but considering the fact that it was playing the game under difficulties, a good game was played. Darkness also was a great handicap in the latter innings, but it was as good for one as the other as the locals had no difficulty in trimming the visitors by a score of 12 to 6. Veniot pitched a good game for Chatham, but in other departments of the game displayed considerable rough stuff, so much so that the attention was drawn of Empire Greene to his tactics. Sullivan received a nasty clip in the second, but he came back and played the game through. The locals are keeping up their stride having won all league games to this date, and it is going to be a job for the others to catch up. After the game the local players were entertained by Mr. Frank Matchett at his restaurant on Pleasant St., and the boys take this opportunity of thanking Mr. Matchett for his kindness, also Mr. Stewart Weldon, who so kindly presented them with a new ball.

Friday at Chatham.

THE game of the season was played last Friday evening at Chatham between the shiretown and Chatham. Up to the last half of the fifth inning, the score was blank and with Chatham at bat, two men down, one on base, two strikes on batter, a left field fly went out to McMichael, who in some unknown manner dropped the ball and allowed the man at third to score. It was too bad but such things happen in the game. In the sixth inning the Chatham team scored four more runs:

REGULAR MEETING TOWN COUNCIL

The regular monthly meeting of the Town Council was held in the Police Court Room on Thursday, June 15th, 1922, at 8 o'clock pm. Present: Mayor Fish, Ald. Atkinson, Dalton, Doyle Locke and Sergeant.

The minutes of May 18th were read and confirmed.

A notice from the John Robinson Circus that they would not exhibit in Newcastle as originally arranged was read and on motion was ordered filed.

The Finance Committee recommended payment of the following bills:—

Barnes & Co. \$3.93
A. Milne Fraser \$2.25

The Chairman of the Finance Committee reported that collection of the current year's taxes during the discount period had amounted to 54.7% of the year's assessment, being only 3% below that of 1921, and that the collection of default taxes from January 1st to date was only \$500.00 less than that of the corresponding period last year. He also reported that the Finance Committee had bought \$6000.00 Town of Bathurst 6% Bonds for Sinking Fund Account. The report was received and the action of the sinking fund was approved.

The following bills from the Public Works Committee were passed:

G. M. Lake \$16.40
E. E. Benson 35.37
H. A. Russell 21.70
Miramichi Mfg. Co. Ltd. 5.21

The Light and Water Committee recommended payment of the following bills:—

Canadian Brass Co. Ltd. \$70.25
T. McAvity & Sons Ltd. 161.30
Miramichi Foundry76
H. A. Russell 107.85
Can Gen. Electric Co. Ltd. 117.25
Stothart Mercantile Co. Ltd. 340.14
Northern Electric Co. 108.35

On motion of Ald. Locke, seconded by Ald. Doyle, the name of Simon Savoy was added to the list of appointments as Hog-Reeve and Pound Keeper.

Ald. Atkinson reported that he had received some complaints of the condition of the Dumping Ground, and Ald. Doyle stated that the Public Works Committee was arranging to have the ground put in shape and fenced, and that any person then found dumping refuse outside the fence would be prosecuted.

On motion the Council adjourned.

only one of which was earned, the other three being the result of errors. Craig pitched a magnificent game for the locals and received excellent support. Briggs delivered for Chatham and pitched a fine game. The score was 5-0 in favor of Chatham. Everything was harmonious and the two teams, which are so evenly matched, put up one of the best games ever seen on the Miramichi. Future games between them will be keenly watched. A record attendance was present. The locals received hearty support from their Newcastle followers who were at the game in large numbers.

For the benefit of fans, who, no doubt mean alright for their home team, we would suggest that they refrain from making any uncalled for or personal remarks concerning the visiting teams. Newcastle has always been recognized as one place that a visiting team always received the respect of fandom and it is the earnest desire of the present members of the Newcastle team to endeavor to maintain that reputation for the town.

Friday at Nelson.

Loggieville trimmed Nelson on Friday in a close game by the score of 5 to 2. Some plays were made and a large attendance appreciated the class of ball put up by these two teams.

CHIEF GAME WARDEN ON THE NORTH SHORE

Chief Game Warden, L. A. Gagnon has returned from Restigouche and Gloucester counties where he has successfully prosecuted in six game law violation cases and two forest-fire cases.

Before Magistrate Matheson at Campbellton for five convictions under the Game Act fines aggregating \$135 were imposed. Included in the cases were killing calf-moose, killing deer, killing beaver, guiding unlicensed non-resident sportsman and acting as guide without license.

At Kedgwick two violations of the Forest Fires Act were proven and convictions made.

At Tracadie, Gloucester County, a fine of \$150 was imposed for killing a calf moose.

MORE CANDIDATES THAN BEFORE

There are indications that the tendency toward increased attention to education which has been noticeable in increased attendance at the various schools and colleges and in the increased number of candidates for teaching license examinations, is also seen in the High School entrance applications and University Matriculation and Normal School Entrance applications. The High School entrance examinations will start all over the Province on Monday.

The Matriculation and Normal School Entrance examinations will begin on Tuesday July 4th at various examining stations. It is expected that there will be marked increase in the number of candidates in both examinations.

WEDDINGS

MACLOON—WEST.

At three o'clock Wednesday afternoon, in St. Paul's Church, Rothesay, Miss Lily Gordon West, daughter of the late Mr. and Mrs. Frank S. West, was united in marriage to Walter Chubb MacLoon, Chatham. The Rev. A. W. Daniel performed the ceremony, assisted by Rev. Dr. Hibbard. The bride who was unattended, was given away by her brother, Cecil F. West. She wore a white wedding gown and carried a large shower bouquet of roses. After the ceremony the happy couple left on a motor tour in Nova Scotia, and later they will make their home in Chatham. The bride received a large number of useful and attractive gifts from her large circle of friends. Among the out-of-town guests were: S. MacLoon, and Miss Cora P. MacLoon, Chatham; Mrs. Charles Wilkinson, Halifax and Claude E. West, Ottawa.

SALVATION ARMY.

There is no Seamen's Institute in the Town of Newcastle, but Capt. and Mrs. Goodwin the energetic officers of the local corps of the Salvation Army are aware of the fact and have opened the Junior Hall as a reading, writing and rest room for the men in port. The late Mrs. William Park when alive took a great interest in the seafarers, but since her decease, nothing much has been done. In seventy-three countries of the world, the Salvation Army is doing work amongst those that go down to the sea in ships.

Last Thursday the musical programme rendered by the West Indian Party of the crew of the Canadian Squatter was well received. Another programme will be given on Wednesday evening next, greatly augmented by others. Refreshments served free to all seafarers.

REPAIRING AND BUILDING.

Mr. P. A. Forsythe has been busily engaged building and repairing houses in town throughout the entire spring months. At present he is working on Mr. P. Keating's residence, Kings Highway, and is thoroughly equipped for any and all kinds of work in the building trade. If you are anticipating any work of this nature, consult him before making definite arrangements. 25-0

FACTS OF THE CASE ARE TOLD BY MERCHANT

In Misery For Six Years From Stomach Trouble Until Tanlac Brought Him Perfect Health, Says Halifax Business Man.

"I want to recommend Tanlac for it is the direct cause of my being in better health today than for years", said Elijah J. Thomas, merchandise dealer for eighteen years or more in Lower Sackville, Halifax, N.S.

"For six years I had a bad form of stomach trouble. My appetite was so poor that many times I got up from the table without eating. When I did eat anything I had awful cramping pains and gas formed which caused my heart to palpitate so I could hardly breathe. I lost weight gradually, lost much sleep, and my condition was so bad I can hardly describe it.

The first bottle of Tanlac didn't seem to help me, but Mrs. Thomas reminded me my case was of long standing, and I tried a second bottle and began to get better. Now all my troubles are gone. I think Tanlac is a grand medicine. Tanlac is sold by all leading druggists everywhere.

Fredericton, June 14—Dr. Philip Cox, of the University of New Brunswick, has joined Dr. A. G. Huntsman, curator of the Marine Biological Station at St. Andrews to engage in fishery investigations on the eastern coast of Nova Scotia.

CLAIMED THAT HE CAUSED HALIFAX HARBOR EXPLOSION

Seattle, June 14—Canadian and United States authorities are investigating, it became known here today, an alleged confession of Wm. Johnston, Alias N. Primachenk, that he caused the explosion of the British ammunition ships in the harbor of Halifax, in 1917, resulting in many deaths and great destruction in that city.

Johnston committed suicide in a lonely spot of Bacon Creek, in Skagit county, Washington, last month.

The alleged confession, federal agents said today was made to J.R. Coz, a mine watchman, a few weeks before Johnston killed himself. Coz immediately notified U.S. and Canadian authorities who have been since conducting a careful investigation.

HOUSE GALLERIES WERE PACKED

Ottawa, June 14—Amid scenes of great excitement the government at an early hour this morning carried its budget proposals by the safe majority of 18, and thereby dispelled the likelihood of an early election.

Throughout the day the debate had proceeded almost listlessly, but to crowded galleries, and with an undercurrent of tense interest. Every gallery was packed from early in the afternoon until the House divided on the main motion at 1.30 in the morning.

Hon. Mr. Crerar and most of the Progressives, the two Labor members, Woodsworth of Winnipeg Centre and Irvine of East Calgary, and Hon. Arthur Meighen, with all his Conservative followers present, voted against the budget. Liberals as was expected, all voted for it. In neither the Liberal nor the Conservative ranks were there any switches.

The vote on the main motion came after a division on the Drayton amendment, which sought to censure the government for flagrant violation of pledges amounting to disregard of political honor tending to lower the standard of public life.

This was declared defeated by a majority of 118, namely against, 169 for, 51. The amendment had the solid support of Conservatives. Liberals voted solidly against it. Five Progressives, among them being Miss McPhail, voted for the amendment, the remainder against it.

The two Labor men, Woodsworth and Irvine, voted for the amendment.

Following adoption of the main budget motion, the House formally resolved itself into committee on ways and means, but almost immediately afterwards reported progress and adjourned.

The budget resolutions will now be considered in committee in detail.

Miss Villa Nolan has returned home from St. Stephen, where she has been for the past four months.

Miss Lottie Holmes has gone to Newcastle for the summer.

Mr. S. McDonald arrived home from Campbellton on Tuesday.

Mrs. D. Hubbard and two children visited Mrs. F. McAllister on the 3rd.

ST. JOHN STANDARD TO BE REORGANIZED

New Owners to call it The Daily Journal

Fredericton June 14—An application has been made at the provincial secretary's office for incorporation of the Journal Publishing Company, Limited, St. John. The intention of the new company, which is capitalized for \$220,000, is understood to be, to purchase the goodwill, business, plant and premises of the St. John Standard and to reorganize the newspaper and continue it under the name of The Daily Journal. It is also stated that the paper, as continued, will be absolutely independent in politics, and that the gentlemen interested in it are business men of the province, who think that the time, has arrived when more attention should be paid to business and less to partisan politics. Some days will elapse before the transfer of the property is completed, and it was stated by a gentleman from St. John recently that further plans concerning the reorganization would be announced later.

RAILWAY WAGES TO COME DOWN

Montreal, June 13—Notice has been given by the Canadian Railway Association to the representatives of the maintenance of way employes that a downward revision of wages paid to such workers is in contemplation. The association is composed of the Canadian National, the Grand Trunk, the Canadian Pacific and the various smaller corporations and branch lines of United States organizations. The proposal of the companies is to reduce wages from three to five cents an hour from the present rates paid to the various classes of labor affected. This means a reduction of approximately of ten per cent, and would bring the rates into line with reduced wages for similar classes of labor in the United States coming into effect July 1st.

The notice actually given by the association to the men's representatives will make the reductions effective as from June 10 next. The men affected include a total of about 30,000 men in Canada or about twenty per cent of the working force of the lines.

Anaemia

Thin, watery blood is no more nourishing than thin, watery milk—skim milk.

But you can soon enrich thin blood, overcome the anaemic condition and build up the whole system by using Dr. Chase's Nerve Food.

Mrs. F. G. Simmons, 42 Curtis St., Brantford, Ont., writes:

"For about eight years I suffered from anaemia. My circulation was poor, my gums and lips were pale, and my hands and feet were always cold. I was nervous and unable to sleep well. I had frequent headaches, seemed restless and easily worried or irritated. There was a buzzing sound in my ears. Indigestion was also one of my complaints, and I often was attacked by weak spells. I went to a doctor, who told me I was anaemic, but as I did not get any better I decided to try Dr. Chase's Nerve Food, and after the first box I felt brighter and my headaches completely disappeared. I continued using the Nerve Food for quite a while. I am quite well now, and cheerfully and gratefully recommend Dr. Chase's Nerve Food to people suffering as I did before I used this splendid medicine."

CASTORIA

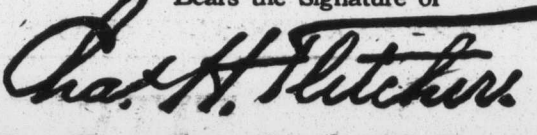

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. SEMI-MONTHLY CROP REPORT

The semi-monthly crop report to June 15th, by the Provincial Department of Agriculture estimates the area in acres sown to oats, hay and potatoes as follows:

Wheat	26,900
Oats	282,000
Hay and Clover	701,000
Potatoes	74,000

A slight falling off in the average sown to wheat, compared with last year is observed. The area of other crops is about the same with a slight increase in the acreage of hay and clover.

Hay meadows are well advanced. Red clover has commenced to bloom. Oats ten inches high. Potatoe planting is completed and in most sections these are well above ground. Turnips and buckwheat sowing will be completed by the twentieth. Pastures have gained remarkably on account of favorable showers though the milk supply is scant owing to the thin condition of stock when turned out.

Labor is plentiful. Wages range from \$25, to \$35 per month with board.

William Taft and Party Sail For Montreal

Evidence is not lacking that the Port of Montreal and the St. Lawrence route is becoming more and more popular as the "Jumping off place" or many Americans destined for the playgrounds of Europe this summer, and who appreciate the scenic beauties of the St. Lawrence route.

When the White Star Dominion Liner Regina sailed from Montreal on Saturday June 10th for Liverpool, she carried the largest passenger list of the season, including a great many American tourists from different parts of the United States.

Amongst the Regina's distinguished passengers was Mr. Wm. H. Taft, ex-President of the United States and Chief Justice of the Supreme Court, Mrs. Taft and party. Mr. Taft's name is a household word in Canada, through his connection with the recent Grand Trunk negotiations and spends much of his time at Metis, Que., where he has his country home. STIFF SENTENCE GIVEN ASHE

Dorchester, N. B., June 14—Seventeen years in the Penitentiary and whipped three times with a total of thirty lashes was the sentence handed out to Earle Ashe by Mr. Justice Crockett when the jury brought in the verdict of guilty late this afternoon.

Ashe was charged with wounding and doing grievous bodily harm to his daughter Viola Ashe, and the jury found him guilty on both counts, first wounding, and second doing grievous bodily harm.

On the second count, on which Judge Crockett first pronounced sentence, the accused was given two years in the penitentiary, to be whipped three times the first year, ten lashes each time.

On the first count Judge Crockett sentenced the prisoner to fifteen years in the penitentiary, to commence at the expiration of the two years sentence.

The prisoner was remanded back to jail and the court then adjourned sine die.

When court resumed this morning Mrs. Earle Ashe (Jane Green) continued her evidence for the defence. She denied that the prisoner had severely beaten the little girl. She stated that she herself had punished her.

Eddie Ashe, the eldest son of Earle Ashe, the prisoner, was examined. He corroborated to a certain extent the evidence given by the previous witness.

Following this witness Earle Ashe, the prisoner, was examined. He denied that he had severely punished his daughter, Viola; also denied that he knew that she was being severely punished.

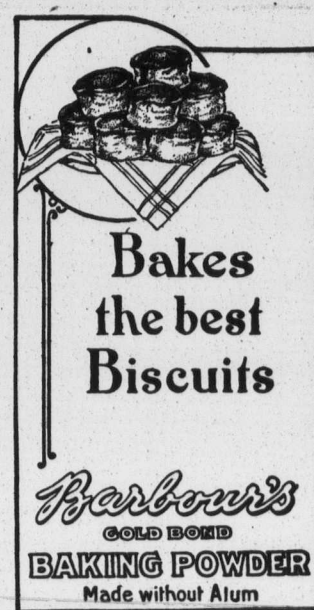

The evidence was concluded about three o'clock and Mr. Lambert summed up for the defence. He was followed by Mr. Goodwin for the Crown and then Mr. Justice Crockett charged the jury. After the Judge's charge the case was given to the jury, which was out less than an hour, returning with a verdict of guilty on both counts, as above stated.

How To Best Treat Stomach Trouble

A Tonic Medicine is Needed to Strengthen the Stomach.

The old-fashioned methods of treating stomach diseases are being discarded. The trouble with the old-fashioned methods was that when the treatment was stopped the trouble returned, often in aggravated form.

The modern method of treating indigestion and other forms of stomach trouble is to tone up the stomach and glands to their normal work. The recovery of the appetite, the disappearance of pain after eating, the absence of gas, are steps on the road to health that those who have tried the tonic treatment remember distinctly. Dr. Williams' Pink Pills are a tonic which through their action on the blood are helpful in building up the digestive organs, and therefore the best remedy for simple or chronic cases of stomach trouble. The success of the treatment is shown by cases like that of Mrs. Joseph Leclere, Wellington, P.E.I. who says: "I have been a great sufferer from indigestion and stomach trouble, and nothing that I took for it did me any good until I began Dr. Williams' Pink Pills. I was so bad that I did not want to eat, and when I did take food it lay like a weight on my stomach, often causing me much pain and misery. I saw in an advertisement what Dr. Williams' Pink Pills had done in a similar case and began taking them, with the result that after taking the pills for five or six weeks, I am feeling better than I have done for years. I hope my experience will help other similar sufferers."

You can get Dr. Williams' Pink Pills through any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 by writing The Dr. Williams' Medicine Co., Brockville Ont.

HEALTH LECTURE BY DR. CHAS. HASTINGS

That the lives of fifty per cent of those who die of diseases every year in Canada could be saved if proper preventive measures had been taken at the right time was the startling statement of Dr. Chas. J. Hastings, Medical Health Officer, of Toronto, in the course of an interesting address in the Opera House Monday evening. Dr. Hastings is noted Public Health Orator of the Queen City, of Canada, and his address here is in connection with the Educational Campaign being put on in New Brunswick this week.

Another statement made by the noted gentleman was that public health is a purchasable quantity and a community can get just as great an amount of it as it is willing to pay for.

In illustration of this point Dr. Hastings referred to the city of Toronto where he said the Public Health Service was now costing \$1.60 per capita but as a result of this increased expenditure there were 2,000 less deaths in that city than would have been the case if the death rate of 11 years ago obtained now. A further noteworthy result was that the infant death rate had been cut in half.

The audience was a representative one which followed the speaker's remarks with a great deal of interest and showed its appreciation by hearty applause.

The Ladies of St. Mary's parish will hold a Tea and sale of fancy and useful articles in the Town Hall, on Monday, June 26th, beginning at 3 o'clock p.m. Tea 25 cts.

SALVATION ARMY

The master officers and crew of S.S. "Squatter" will render another musical program tomorrow evening in the Salvation Army Barracks. The program recently given was much appreciated by those who attended, but the one to be given tomorrow evening will be on a much larger scale and the public are cordially requested to attend. The Captain of the Squatter has kindly allowed the members of the crew this afternoon free from duty, in order that they might rehearse for the occasion, and there is no doubt but what these accomplished musicians will do credit to themselves. The proceeds are in aid of local S.A. work, and your patronage for the worthy work done here is solicited.

HOME BREW MADE ILLEGAL IF RE-SOLUTION PASSES

Ottawa, June 14 - "Home brew" will shortly be illegal in Canada if the House of Commons in committee on the budget resolutions passes one of the amendments to the Inland Revenue Act placed before it by Hon. W. S. Fielding, Minister of Finance. The effect of the amendment will be, according to officials of the Department of Inland Revenue, that once the amending bill has passed the House and received royal assent, thousands of licenses issued to individuals allowing them to brew beer for their own use will be void. After this bill comes into effect no one except brewers regularly licensed as such by the Department of Inland Revenue will be permitted to brew beer.

Officials decline even to estimate the number of licensees who will be affected by the amendments to the act but admit that they will total several thousands. Until the bill passes the House and Senate and receives royal assent it does not become law, however, so there is a short respite for those who have been making their own beer.

GOV'T CANDIDATE ELECTED

J.D. McKenna, the government candidate, was the winner in the by-election held Saturday in Kings, to fill the vacancy caused by the resignation of George H. Jones, M.P., having a lead of 457 votes over his opponent, Major A.J. Brooks. The victory for the government in Kings and St. John, both of which seats previously had been held by the opposition, gives the government a clear majority in the legislature.

Before the resignation of Hon. J.B.M. Baxter and George Jones to become candidates for the Federal House, the Provincial Government had as duly elected supporters 24 members. Just one half of the total. The Conservative opposition had 13 members and the United Farmers 7. The government was able to carry on through the support of four independent members. The new lineup will be: Government 26; Independent 4; Opposition 11, and Farmers 7.

A Virgin Paradise

READ WHAT THE CRITICS SAID

Do you enjoy thrills? Every individual hair will stand on end at the thousand and one thrills that punctuate that sensational romance, "A Virgin Paradise", by Hiram Percy Maxim—*New York Evening Journal*.

The outdoor scenes and the finely toned photography are beautiful, and the action moved with such melodramatic fervor that it restores one's youthful belief in desert romances—*New York Herald*.

Pearl White is the wild woman. She makes the part realistic and really is enjoyable—*New York Times*.

"A Virgin Paradise" is a sort of fairy story which ought to entertain all children and grown-up people—*New York Tribune*.

"A whole calendar of thrills—and a leap year calendar at that—are included in the Fox film, "A Virgin Paradise", which was shown for the first time yesterday at the Park Theatre—*New York American*.

FOUND IN MAILS PERSONALS.

Many Things Are Forwarded Besides Correspondence.

Superintendent of Philadelphia Post-office Tells of Some Amusing Experiences He Had Had.

Every one who has watched the crowd collect in front of the parcel post window at holiday time knows that the mail has a more or less humorous side, remarks the Philadelphia Record. How humorous it can be you do not realize till you begin to find out about it.

Mr. Johnson, the superintendent of mails at the central postoffice, knows. He has 27 years' experience.

"Did the crying baby ever go through the mails?" the reporter questioned him.

Mr. Johnson shook his head. "No, the only live things allowed are live chicks and bulbs. Everything else under the sun does go. Sometimes very humorous and pathetic incidents occur."

"An old Virginia mammy wanted to ship herself home parcel post. Every Christmas she had received a nice fat package through the mail. It meant direct communication with her own people. She pictured Christmas down on the plantation in all the rosy glow of her far-off childhood. She craved to go back and she didn't know how to go. She had just enough brains to know that she was too ignorant to take the long journey by herself. So she came to her mistress."

"'Couldn't I just be labeled and stamped and weighed,' she demanded, 'and sent along back to Virginia with the postman? I'd like to give myself as a Christmas present to my folks this year.'"

"Humorous, but pathetic as well isn't it?"

Mr. Johnson talks like a Virginian and has a true gift of telling a story.

"A negro said there were three kinds of pies, the civered, the uncivered and the barred variety. In a country district some one made the most beautiful barred apple pie. They decided to send it through the mails to a friend in Philadelphia. Great was their trust. They put a string through one of the bars. Tied on a label with the name and address and the proper amount of postage. Put the pie in a pieplate and sent it off on its journey."

"That pie arrived in perfect condition. It had appealed to the humorous sense of the clerks and had been handed from one man to the next with the greatest care."

Mr. Johnson also had amusing experiences when he worked in the railway mails. Bags collected at the rural stations often contain queer guests.

"I have seen a clerk open a bag and a small snake come out," continued Mr. Johnson merrily; "whenever that happens they look as if they had been struck by green lightning."

"The bag had been put down somewhere and somehow the snake had managed to creep in."

"At places too small for the express to stop, the mail bag is hung out on an iron crane. The postal clerk grabs it and throws out another as the train goes by. I had just taken off a pouch and opened it when out stepped a chicken. Not a day-old chicken, but a good-sized bird. You could have knocked me over with a feather when I saw that fowl."

Suffers for Heroism.

Sergt. Willie Sandlin of Devil's Junco Branch, Leslie county, is suffering a serious lung affection as the result of gas inhaled while in the Argonne forest, he was told when he visited Richmond, Ky., for examination by government physicians.

Sergeant Sandlin, advancing in command of a platoon at Bois de Forger, France, September 26, 1918, kept on when discovery of a machine-gun nest brought a command to halt.

In one day he destroyed three machine-gun nests, killed 24 Germans, captured six machine guns and a hospital group, killing the German lieutenant with his own gun.

Sergeant Sandlin was awarded the Congressional Medal of Honor, the Croix de Guerre with palm, the Medal Militaire and citations from General Pershing and Marshal Foch.

Natural Colored Silk.

Experiments made in France, it is reported, show that the yellow and green colors possessed by the silk spun by certain caterpillars are due to coloring matter derived from the food and passed through the blood of the spinner.

By impregnating leaves with artificial colors, the experimenters caused some species of caterpillars to produce silk of bright orange-yellow and fine rose hues.

By the aid of the spectroscopic presence and nature of colored pigments in the blood of the little creatures were established.—Washington Star.

Birthday Cake Candles.

The custom of placing candles on a birthday cake—one for each year—comes from Germany. The Germans placed a thick one in the center, called Leberknecht, the light of life.

Only he or she who declares his or her birthday may put out the light of life. It is customary to blow out the candles of the family.

The lights are symbols of life and happiness. For generations it has been the custom to blow out the candles of the family, as otherwise too many would be required.

BEAVER FLOUR

FOR almost fifty years Beaver Flour has been demonstrating to Canadian women that it is unrivalled as the best flour for general baking purposes.

The chief reason for this is that "Beaver" is a blended flour,—containing all the richness and goodness of the world-famed Ontario Winter Wheat combined with enough Western Hard Wheat to give it strength.

enables any cook to produce bakings that are real food treats.

Bread made with Beaver Flour has that delicious, nut-like, homemade flavor so much sought after by all who appreciate good things to eat; while pies, cake and pastries are noted for their lightness, crisp flakiness and even texture.

Beaver Flour has earned its enviable reputation for superiority. If you are not using it now—try it! Sold by your grocer.

BEING TOO FUNNY

Oversupply of Humor Not a Thing to Be Desired.

According to Writer, if One Would Succeed in Life, Cultivate Bearing of Solemnity.

"Never make people laugh. If you would succeed in life you must be solemn, solemn as an ass." That advice to a young and ambitious member of parliament is quoted in Ralph Nevill's "Mayfair and Montmartre," Michael Dane writes in the continental edition of the London Mail. It is advice which every young man who wants to make himself a great figure in the world must take to heart, and act upon.

When I read that instruction I thought at once of a man whom I was privileged to know a few years ago. He was a member of parliament. Although few realized the fact, there were in the heart of him some flaming enthusiasms, some determinations to right wrongs, and to make for the following generations a better world than his own pampered youth had known. He was a man who might have made this world a better, saner, and cleaner place to live in—but comparatively early in life he had made the mistake of displaying himself as a funny man.

That man was the late Spencer Leigh Hughes. There will always live in my mind the memory of one talk I had with him when, putting aside the cap and bells of the jester, he spoke of the things which lay near his heart, and I realized the nature of the man who was usually so thoroughly disguised. He had vision and—which is still more rare—he had the constructive mind. But he had shown himself to the world as a jester, and the world, which will never forgive a jester who turns from his jesting to serious affairs, compelled him to remain a jester to the end.

The world has so deep, so insatiable a need for laughter that it believes it cannot spare any of its clowns. It is compassed about with serious people, and it has a cranky belief that serious people are alone to be trusted with its serious work. But once a man has revealed his possession of a trace of the spirit of the clown it will not allow him thenceforward to appear as anything else.

You have only to look round the life of today to see how violently true this is. There is W. W. Jacobs. He began to write funny stories, and the world will take none but funny stories from him. In the "Monkey's Paw" he showed that he could equal if not surpass Edgar Allan Poe in grimly tragic writing, but the world does not want him to write yarns about fat sailormen and impossible villagers.

Then there is the case of the late R. G. Knowles. The world which wants to laugh knew him as an admirable music hall comedian. Only a few were aware that he was an explorer of note, and that he only went on the stage to earn money enough to finance the expeditions which earned him the fellowship of the Royal Geographical society.

If you are born that way the world will quite possibly pay you a lot of money for being funny. But it is perfectly certain that it will forbid you to follow any other trade than that of the clown, and will forbid you any enduring fame. Shakespeare is venerated for his tragedies, not for his comedies. Hogarth is honored as an artist and not as a humorist. John Sebastian Bach, funniest of all musicians, is praised mainly because in old moments he wrote solemn music. The funny man may earn money at the moment. He never earns anything else.

A Terrier Decorated.

A terrier named Peter, belonging to Rev. W. Adams of Liverpool, has been awarded the medal of the National Canine Defence League. While on holiday at Borrowdale in the lake district Peter was locked in a garage adjoining the hotel and startled the guests by barking violently. Mrs. Adams went to soothe him, and in searching for the cause Mrs. Adams discovered that a young man named Arnold had fallen 50 feet down the hillside and was pinned by the rocks which had fallen with him. His leg was fractured and there were many severe wounds on his body. Mrs. Adams attended to the injured man until the arrival of the nearest doctor, who lived four miles away. Had Peter not given the alarm the young man would probably have died before he was discovered.—Manchester Guardian.

Use for Old Boot Soles.

Many devices have been suggested for the utilization of old army boot soles, the chief being concerned with fuel production. But a periodical, the Fertilizer, proposes to use them for stimulating the growth of beans and peas. The plan suggested is that of carbonizing part of the leather into lamp black and extracting sulphate of ammonia from the residue. It sounds rather like putting one's foot in one's mouth; but even that is a way of making both ends meet.—London Chronicle.

The Difference.

Young Son: Father, what is the difference between robbery and pillage? Father: Perhaps, I can explain it, my son, by saying that a doctor's bill is robbery, while a doctor's bill is abject pillage.—Wayide Tales.

A GLIMPSE OF ST. ANDREWS BY THE SEA

The national officers of the Canadian Manufacturers' Association, and a glimpse of the Algonquin Hotel, St. Andrews-by-the-Sea, where the Association will, in June next, hold its annual convention.

On June 20 next a parliament of Canada's business men, or as it is more generally termed, the annual convention of the Canadian Manufacturers' Association will meet at beautiful St. Andrews-by-the-Sea, New Brunswick. From all over Canada leading business men will be gathered together to discuss matters of interest to the trade and commerce of the Dominion and, incidentally, to enjoy the delights to be found in the historic and beautiful neighborhood of St. Andrews.

of St. John, N.B. About three years ago the Association was organized into five territorial divisions, Maritime, Quebec, Ontario, Prairie and British Columbia, and the annual meetings are held in rotation in these divisions. In 1920 the convention was held at the Hotel Vancouver, Vancouver; last year at the Chateau Frontenac, Quebec, and this year, it goes to the Algonquin Hotel, St. Andrews, famous as an important centre for all land and water summer sports.

attention in the various reports presented. Prospects for an extension of trade with the West Indies will also be considered as a result of the visit of a large number of members there during the past winter. St. Andrews has an interesting history dating back to the seventeenth century. It saw the early struggles between the French and English and it was later a garrisoned border town enjoying all the excitement of a border town in war times. Its streets were laid out in 1784 and some of the quaint buildings of early colonial days still stand. The little town has important fishing industries.

The C. E. A. convention goes to St. Andrews this year because it is the turn of the Maritime Provinces and because its nearness to the home of the president, W. S. Fisher

DAUGHTER WAS WEAK AND NERVOUS

Mother Gave Her Lydia E. Pinkham's Vegetable Compound with Happy Results

Cobourg, Ontario.—"Lydia E. Pinkham's Vegetable Compound was recommended to me by my daughter. She has had trouble every month which left her in a weak and nervous condition with back and pain in her right side. She had these troubles for three years and frequently was unable to attend school. She has become regular and feels much better since she began taking the Vegetable Compound and attends school regularly.—Mrs. JOHN TOMS, Ball St., Cobourg, Ontario.

Grocery Business Looks Brighter Than For Some Months

Conditions generally in the grocery business are much brighter than they have been for some time, due no doubt to the increased activities in various industries. Prices on the New York sugar market have shown three advances since the present scale has been quoted here, and merchants on this side of the line are looking forward to higher prices at any time.

Several important changes have occurred this week in the wholesale grocery lines. Molasses jumped five cents, and is now quoted at 60c, a gallon. Cornmeal has also shown an advance, the granulated variety selling for \$2.90, an increase of 15c; while it has jumped five cents per bag Manitoba flour fell 40c this week rolled oats advanced 25c; and cheese took a slump of two cents.

In wholesale fruits, California lemons increased \$1.00; Messina lemons advanced \$1.00. The price of Bermuda onions took a slight decline. A few minor changes occurred in the retail green goods market and pineapples have made their appearance, selling for 30c and 35c.

Other wise, prices in other lines have remained firm during the week

SAYS WORD IS MISPLACED

Writer Criticizes the Too-Frequent Employment of Phrase, "The Psychological Moment."

A correspondent of the London Times sternly scolds all who are so slipshod in their speech as to employ that most useful of phrases, "the psychological moment," says the Living Age. Asserting that by no possible distortion of the English language can it legitimately be forced into its current meaning of "the proper, or fitting, moment," he proceeds to give a history of the phrase which is vastly more interesting than his diatribe against its users.

"The psychological moment" is an English translation of the French le moment psychologique, which is, in its turn, a mistranslation of the German das psychologische moment, which was used in the Neue Preussische Zeitung in December, 1870, when the bombardment of Paris was about to begin. The German writer said: "The psychological moment (das psychologische moment) must be allowed to play a prominent part, for without its co-operation there is little to be hoped from the work of the artillery." Confusing the neuter German word das moment (which means "momentum," and, as here used, a dynamic part of the human mind urging it to action), with the masculine der moment (which means moment in its ordinary English sense) the French translated it le moment psychologique, and with derivative gaiety incorporated it into the slang of the hour.

The French writer Francisque Sarcey, in his "Diary of the Siege of Paris," tells how the beleaguered Parisians pluckily made game of their enemy's phrase:

"You know how we laugh over that 'psychological moment.' The word has become all the rage. . . . Everybody says, 'I'm hungry. The psychological moment for sitting down to dinner has arrived.' When the first ball fell in the streets of Paris, everybody cried laughingly, 'Tiens! They must think the psychological moment has arrived!'"

The facts are vouched for by the new English dictionary, but for all the lexicographers may say, "the psychological moment" is too firmly fixed in the usage to be withdrawn readily.

Indians Doing Well.
Liberty bond subscriptions by Indians of the World war, running into the millions of dollars, first awakened the public to the importance of the race as a business factor. A glance at their income returns is enlightening.

In Oklahoma about 116,000 Indians received during the fiscal year ended June 30, 1920 (the latest data available), incomes aggregating more than \$39,000,000. In North Dakota 9,000 received more than \$1,500,000; in Utah more than 1,000 received nearly \$2,500,000; and in South Dakota 32,000 received about \$4,338,333. The total income of the race was \$72,896,431 that year, and since then has greatly increased.

Many of those, not rich through oil, are busy with basket weaving, pottery and other native pursuits; but they make good farmers, too, and about 50,000 of them are thus engaged. The crop raised, for instance, in Oklahoma and in South Dakota each amounted to substantially more than \$1,000,000. The total value of Indian crops was nearly \$37,000,000 in the year named.—The Nation's Business.

Snowflake Is Really Transparent.
The reflection of the sunlight on the snowflake crystals is what gives them the appearance of being white. Snow is simply water turned into crystals by the low temperature. The flake itself is transparent, as is water, but because of its crystal formation the snowflake is only partially transparent, the facets of the crystal reflecting the light and giving the whole flake a white appearance.

If the light reflected by the snow crystal is red or green the snowflake will take on the same appearance. When millions of snowflakes are combined in one mass on the ground their ability to reflect the light is increased and in this way a snow bank appears even more white than would one isolated snowflake.—Cleveland News-Leader.

Austrian Confusion.

One of the stories told to illustrate the confused diplomatic situation in central Europe is attributed to Prince Furstenburg. He was appointed as a diplomatic representative of the old Austrian government to the Ukraine, which then was ruled by Hetman Skorpadsky. Describing his diplomatic status to friends in Kiev, the prince said: "I am the representative of a government that has ceased to exist and accredited to one that never existed. The most extraordinary part of it is that I am paid for performing the duties of this position that I do not hold."

Just a Little Too Much.
Mr. Featherly weighs over two hundred pounds and is sensitive about it. He was calling on a friend the other evening when she said, naively: "Oh, Mr. Featherly, would you just as soon sit in this easy chair as in that rocker?"
"Certainly," replied Featherly, as he changed from one chair to the other. "Oh, thanks," she murmured; "you are very kind. I have a book full of fern leaves under the cushion of that easy chair, and you—"
"Good-night," said Featherly, stiffly, as he walked away, never to return.

ASSIGNMENT

The Miramichi Manufacturing Co. Ltd., of Newcastle, N. B. made an assignment last week to the Canada Permanent Trust Company, under the Bankruptcy Act. A meeting of the creditors will be held some time this month.

UNITED SERVICES

The congregations of the Methodist and Presbyterian Churches were united at both services last Sabbath, owing to the absence of Rev. J.B. Champion of the Methodist Church, who was attending the conference of that denomination. Rev. L.H. MacLean, pastor of St. James' Presbyterian preached at both services, the morning service being held in the Presbyterian Church and the evening service in the Methodist.

DOING NOTHING

Mr. J.L. Stewart, Editor of the World, who has been attending the Canadian Weekly Newspaper Association Convention in Ottawa, in writing to the "World" last week had the following to say about Northumberland's representative in the House of Commons. "Mrs. and Mr. Morrissy were among those who called on me in the gallery the other day. Our M.P. looks lonesome. He takes no part in the business, has nothing whatever to do, and would be lonely indeed if his amiable and lively wife were not with him".

ANNIVERSARY OF SAILING

Tuesday last was the anniversary of the sailing from St. John of the "Fighting 26th," New Brunswick's famous battalion, for England and for France. The 26th was the only battalion from this province which reached the front as a unit. On Sunday morning, June 13, 1915 the steamer Caledonian left port with the battalion under Lieut. Col. J. L. McAvity.

Words Of Praise For Baby's Own Tablets

No medicine receives such great praise from thankful mothers as do Baby's Own Tablets. Once a mother has used them for her little ones she will use nothing else. The Tablets are a mild but thorough laxative. They regulate the bowels and stomach; drive out constipation and indigestion; relieve colds and simple fevers; promote healthful sleep and make teething easy. Concerning them Mrs. Omer LeBlanc, Maddington Falls, Que writes:—I am well satisfied with Baby's Own Tablets and will always use them for my little ones". The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

TENT WORMS.

Tent worms are playing havoc with the trees and gardens in town. In some places trees have been stripped of all leaves and orchards have been severely damaged.

SAILORS APPREHENDED.

Six of the ten German sailors who deserted from the S. S. Mercur last week were apprehended by the authorities. Two were located at Trout Brook, two at Blackville and two at the Y near Jones' Crossing.

SWIMMING BEACH.

Messrs. Murdock Wedden and E. J. Morris, purpose putting Vye's Beach in first class shape for recreation purposes. A large bathing pavillion will be erected and all the necessary appliances for an up-to-date beach resort will be provided.

BENSON—MacCAULL.

The marriage of Mr. Edward Everett Benson and Miss Margaret Beryl MacCaull, eldest daughter of Mr. and Mrs. Henry MacCaull of Newcastle, took place at the home of the bride on Wednesday evening. The ceremony was performed by Rev. W. J. Bates, rector of St. Andrew's Church.

CADET INSPECTOR.

Lt.-Col. A. B. Snow, Inspector of Cadets was in town last Tuesday and made an inspection of the local Cadet Corps. He was well satisfied with the inspection and commented very favorably on the corp's discipline and drill. An inspection was made in Blackville on Wednesday.

GARDEN PARTY AND SALE.

The Lord Beaverbrook Chapter I. O. D. E. held an enjoyable and successful garden party and sale on the grounds of Mr. W. A. Park, last Thursday afternoon. A substantial sum was realized which will be utilized for the Miramichi Hospital Nurses' Home and the I. O. D. E. War Memorial.

May Be Plentiful.

The recent rains have had a very beneficial effect on the strawberry plants and the outlook seems to be bright for the heaviest crop in years. In some localities the berries are already beginning to ripen and a few more days of fine weather will see them in the market.

FIRE ALARM.

A fire alarm was sent in for a fire on the Hickson Mill property last Friday afternoon. It is thought a lighted match or cigarette was carelessly thrown away, thus igniting the dry sawdust, etc., and but for the prompt work of the Fire Department, a more serious fire might have occurred, as a stiff east wind was blowing at the time.

ENJOYABLE SOCIAL.

The Junior Women's Club of St. James' Church held an enjoyable ice cream social last Friday evening on the grounds of Mr. Wm. Ferguson. The Newcastle Band was in attendance and treated the large attendance with a program of choice selections. Grab bags were sold and ice cream and cake served. Everything was quickly disposed of and the proceeds exceeded the expectations of all.

CHATHAM DISTRICT.

The Chatham District for the ensuing year has been stationed as follows by the Stationary Committee of the Methodist Church:—

THE NEWCASTLE BRIDGE.

The damage to the steel bridge at Newcastle, which was struck by a C. G. M. M. steamer, is much more serious than had been at first thought. Experts of the company which erected the bridge are examining the span and it is hoped soon to have the river clear for navigation. Captain A. L. Demers, Dominion Wreck Commissioner, is holding an investigation into the collision and a representative of the public works department is present. Hon. P. J. Veniot, was in town on Friday to resume consideration of the bridge matter in person.

Don't forget to come to the Town Hall for a cup of tea, on Monday afternoon, June 28th. Tea 25 cts.

WARNING ISSUED

A warning has been received to be on guard against \$100 counterfeit bills on the Federal Reserve Bank of New York. They are said to be printed on genuine paper and so well produced that it would take an expert to discover a flaw.

GREAT GRASS CROP

Reports from all parts of central New Brunswick indicate that the grass crop this season will be one of the largest in years. The recent rains have given the grass a wonderful start and in many places it is now heavier than it was last year at the time it was cut.

FERRY SERVICE

A Passenger Ferry Service between Newcastle and Nelson was inaugurated last Saturday and three trips per hour are being made between 6.30 a.m. and 10 o'clock p.m. The new service is being well patronized and affords the much needed communication to both sides of the river.

WRITING EXAMS

Miss Angela Magee, daughter of Mr. and Mrs. J. M. Magee, Wellington Row, St. John and Miss B. Maloney of Rogersville, who are writing the Dominion Council Dental examinations have the unique honor of being the first two women to write such examinations in New Brunswick. Should they successfully pass them, they will be entitled to practise dentistry in any province in the Dominion, with the exception of Quebec and British Columbia. Miss Magee is a graduate of the Dalhousie Dental School, which is affiliated with Dalhousie University, Halifax, and Miss Maloney is a graduate of the Canadian Dental School, of Toronto.

THE PARIS TRIAL

In view of the fact that Dominion Day follows closely on the date set for the beginning of the fourth trial of John Paris, charged with the murder of Sadie McAuley it is said that arrangements are under way to have the trial postponed from June 27 until after July 1, to avoid the possibility of the jury being locked up over the holiday.

QUERY

For the past fifty years, fish hatcheries in the Dominion of Canada have been maintained at a heavy expense to the country. At present there are 47 of such institutions from the Atlantic to the Pacific and the present cost of maintenance is in the vicinity of

some \$350,000 per year. Notwithstanding this, it is a questionable matter whether or not the results obtained from the money expended justifies the continuance of these hatcheries. Does it not seem reasonable, that in these enlightened days, an important matter of this kind and one which necessitates the spending of so much public money should not be probed into and some definite conclusion arrived at? They are either worth while or they are not. If they are let us know it and continue them, if they are not, discontinue them and spend the money for something more profitable. We have many men in Canada, who have made a study of fish life and if a commission was appointed to get at the bottom of this matter, there should be no difficulty in securing men, who are capable of ascertaining the truth. It is up to the Federal Government to get busy.

What makes Beaver Boarding so simple and easy?

Of course Beaver Boarding is easy. Only three steps—nailing, painting, and panelling—and the job is finished.

For covering cracked walls and ceilings or for building interiors in the new home, we recommend Beaver Board at every opportunity. We know that the big panels will never crack or fall, and that along with the other building materials we handle, they mean a satisfying, permanent result. When you're thinking of remodeling or building, call us up. You'll find it distinctly worth while.
