TRUTH WILL PREVAIL.

DEAR SIR:—I have been afflicted with Chronic Rheumatism for several years, and have used numerous medicines without success. But by using six bottles of Burdock Blood Bitters I was entirely cured.

Sarah Marshall,
King St., Kingston, Ont.

NOTE.—I am acquainted with the above named lady and can certify to the correctness of this statement.

Henry Wade,
Druggist, Kingston, Ont.

Agar's Sarsaparilla does what no other blood medicine in existence can do. It searches out all the impurities in the system and expels them harmlessly through the proper channels. This is why Agar's Sarsaparilla is so pre-eminent as a remedy for rheumatism.

Through no fault of his own he is afflicted with a general ailment, it is best not to cure it, because by the use of saline or drastic medicines. When a purgative is used, it is best to use a mild one, such as Agar's Sarsaparilla. This is because it is to restore, and not weaken, the normal action of the bowels.

A stomach is often needed to search out the cause of the ailment and to keep the bowels in normal order. Half a pint of Agar's Sarsaparilla is the best for the hair.

Are you troubled with indigestion, constipation, or any other ailment? This is the best remedy for you. It is guaranteed to cure you.

A sufferer in Montgomery county, Penn., is seventy-two years old and never felt so well as he does now. He is now seventy-two years old and never felt so well as he does now. He is now seventy-two years old and never felt so well as he does now.

Are you troubled with "growing" pains, or any other ailment? This is the best remedy for you. It is guaranteed to cure you.

Divorce an Index of Social Progress.

Recently one of our exchanges gave the number of applications for divorce that were pending in one of our cities, and also the number of divorces that had been granted within the year. We cannot recall the exact figures, but they are appalling. They revealed a condition of things which is terrible to contemplate. They show that belief in the sanctity and indissolubility of marriage is rapidly fading out of the public mind, and that as a people we are fast approaching the social condition of pagan Rome at the period of its deepest corruption.

UP TO DATE.

—Facts, statistics, information, things useful to know, the latest and best of knowledge, reliable and up to date, are found in a new publication, "Facts and Figures," just issued by Messrs. T. Milburn & Co., of Toronto, Ont. Our readers can obtain it by addressing the above firm and enclosing a three cent stamp.

FOREWARNED IS FOREARMED.

Many of the worst attacks of cholera morbus, cramps, dysentery, colic, etc., come suddenly in the night and speedily and promptly must be met by a remedy. Dr. Fowler's Extract of Wild Strawberry is the remedy. Keep it at hand for emergencies. It never fails to cure or relieve.

EDUCATIONAL WORK.

The work of educating the public to the knowledge of the virtues of Burdock Blood Bitters as a cure for all diseases of the stomach, liver, bowels, and blood, has been completely successful. The remedy is now known and used in thousands of homes where it always gives great satisfaction.

TIMELY WISDOM.

Great and timely wisdom is shown by keeping Dr. Fowler's Extract of Wild Strawberry on hand. It is an equal cure for cholera morbus, diarrhoea, dysentery, colic, cramps and all summer complaints or looseness of the bowels.

THE COMPLETE NOVEL, "The King of Gold," by Miss Kate Jordan.

It deals with the fortunes and misadventures of a young writer, whose sudden success was attended with temptation too strong for his integrity. The tale is illustrated throughout. Under the title, "Following my (Cash)," the well-known newspaper correspondent, narrates a serious incident in his professional experience of long ago. James Cox gives a history of the well-established institution of the Carnival at St. Louis, and a full and interesting account of the liberal preparations which are to make it especially memorable this fall. This paper is illustrated by six full-page portraits. George Alfred Townsend proceeds in his article, continues the Athletic Series with a lively plea for his favorite science of "Muscle-Building." A portrait of the late James Russell Lowell, signed J. C. Hoffman follows.

TOPICS OF THE DAY.

A communication has been received from the government of Newfoundland inviting the Canadian government to send a delegation to meet one from that colony in conference regarding trade and fishery matters, with a view to a mutually advantageous settlement of pending difficulties.

Another dastardly and malicious attempt to misrepresent Canada by an attitude of the now notorious Dalsiel cable agency, has been exploded. This time the canard was evolved from the fertile imagination of its Ottawa representative and had for its object the holding up to public gaze the humiliating position in which Canada was placed by the copyright matter with the United States.

The reception tendered Hon. Edward Blake by the Home Rulers of the Queen City, last week, was beyond the most sanguine expectations of its promoters, and demonstrated forcibly and beyond cavil that even in the city of Toronto there throbs many a loving heart for the dear little island that floats majestically on the bosom of the Atlantic.

One thing that strikes us as passing strange, and the reasons for which are utterly beyond our comprehension, is the manner in which some of the Conservative journals comment editorially on the recent Blake reception.

The trial of Jim "Buck's" pal, was concluded at Dorchester Wednesday, and fifty-five minutes after the jury retiring they returned with a verdict of guilty to shooting with intent to maim, to disable and prevent the lawful apprehension of Robert Olsen.

Prince County, last week, enjoyed the luxury of two Exhibitions—one at Alberton, on Tuesday, another at Summerside, on Thursday. Both were highly successful, thanks to the able manner in which they were conducted.

ON THE WATER.

Thursday, Sept. 22, opened fresh and clear. Going west on the morning train from Charlottetown, the view from the mountain, of the whole of the island, was made possible by the clear sky.

At Spring, near the river of the late Capt. DeLeon, a section of country, so wild and rugged and so well wooded, is now being cleared by the late Capt. DeLeon's estate.

After the usual delay at Point d'Enfer, the train for St. John started on its way to the north. The train was through a very unattractive country. But for the last fifty miles or so the scenery is really beautiful.

The C. P. R. train for Montreal is booked to leave St. John at 4.35 in the morning. This is, of course, an early start, and some of the passengers are complaining of the heat.

At Montreal Junction a change of cars is made for the west. From here to Ottawa the line follows the northern bank of the Ottawa River; but as it is night little can be seen.

THE STINK RECEPTION.

The reception given to Hon. Edward Blake, the Home Ruler member for Longford in the British House of Commons, by the friends of Home Rule, at Toronto, last week, was a grand success both in numbers and enthusiasm.

The trial of Jim "Buck's" pal, was concluded at Dorchester Wednesday, and fifty-five minutes after the jury retiring they returned with a verdict of guilty to shooting with intent to maim, to disable and prevent the lawful apprehension of Robert Olsen.

For the last few days, says a Fredericton special to the St. John Star, there has been a systematic thieving going on in Upper Kingsolver, Colville, and districts have been robbed. Yesterday a package was discovered in a vacant house owned by Edward Smith, but escaped capture. Last night Edward Kelly was held up on the highway road just below Long's Creek by a desperado with a revolver and compelled to hand over what money and valuables he had on his person. The country is alarmed. Such a thing has not occurred in this country in a generation.

Bourgeois, R. B., was almost entirely wiped out by fire early Thursday morning. The whole eastern portion of the town, with the exception of about half a dozen buildings, was destroyed. Four or five hundred feet of wharf, and two hundred feet of the Butcher's Bay Moncton railway trestle work was destroyed, and the telephone wire bridge was burned clear out to the draw in the channel. James Housman and the notorious Mary Ann Murphy have again been adding to their notoriety. Monday afternoon the last mentioned, armed with a revolver, entered the Telephone Office, and threatened to close out the establishment. After being ejected she took up her stand on the opposite side of the street and began calling the young ladies employed in the office opprobrious names. Later on in the day, she and Jimmy took a short distance further up Queen St. An altercation ensued, and both parties in to give an exhibition of their pugilistic attainments. Mary Ann in true amazonian style operated on Jimmy's arm with her left, while he landed on her face with his right, sending her to retire. An exhibition of pugilistic ability then followed. An assual both had imbued quite freely from the flowing bowl. Again we can not see anything but good to rid the city of such nuisances.
