Stackpole Patent Improved **Street Sweeping Machine** Is the Standard of Perfection.

Because no sweeper so effectively does the work for which it is designed as "The Studebaker."  
It Sweeps Clean. No sweeper is constructed with the same degree of care and mechanical precision.  
It Wears Well. "The Studebaker" has the smallest possible number of working parts, and has less wear than any other sweeper made. It is free from unnecessary complications. With reasonable care it does not get out of order. Send for complete descriptive catalogue
