## ALLIES UNDER GEN. FRENCH WIN DECISIVE VICTORY

### GERMAN IMPERIAL GUARD COMMANDED BY THE CROWN PRINCE ANNIHILATED

LONDON, Sept. 7.—(10.17 p.m.)—A Boulogne despatch to The Evening News says: "A telegram has been received from Gen. Pau, announcing a victory by the allied forces under Field Marshal Sir John French, commanding the British, and Gen. d'Amade at Precy-sur-Oise, about 25 miles north of Paris.

"The allies were drawn across the northern line with the centre at Precy. The English troops were on the left, and the French on the right. The former had in front of them the Imperial Guard, under Crown Prince Frederick William.

"On both wings, it is reported, the allies were successful. The German left was held by the French and retired to the north.

"THE IMPERIAL GUARD, WHO WERE ORDERED TO SURRENDER, WERE ANNIHILATED BY THE BRITISH. It is reported that the crown prince was in their midst."

The official bureau says: "Gen. Joffre's plans are being steadily carried out. The allied forces, acting on the offensive, have been successful in checking and forcing back in a northeast direction the German forces opposed to them."

## Russians Gain More Victories--Austrian Resistance Broken

### DEFENDERS OF PARIS BEAT BACK INVADERS IN A GENERAL ACTION

Fighting is vigorous and the British troops give powerful assistance to the French—Twelve divisions of Austrian army near Lemberg completely destroyed.

### CIVILIANS OF DINANT SHOT BY HUNDREDS TOWN NOW IN RUINS

Party of One Hundred Prominent Citizens Executed Together by Germans, Who Alleged Citizens Had Fired Upon Them—Belgian Town Then Destroyed by Invaders.

LONDON, Sept. 8.—(2.26 a.m.)—An Ostend despatch to Reuters Telegram Co. says: "The Germans have destroyed the Belgian town of Dinant (15 miles south of Namur), after shooting hundreds of the male inhabitants, because it was alleged shots had been fired from the heights overlooking the city. "Among those shot were M. Humere, the wealthy manager of a large weaving factory, and M. Poncelet, son of a former senator. The latter was killed in the presence of his wife and children. Germans appeared at a branch of the National Bank, where they demanded the cash in the safe. The manager, M. Wasselet, refused to hand it over, whereupon he and his two sons were shot. "There is no evidence, so far as known, that the alleged shooting from the heights resulted in the killing of any Germans."

### GERMANY SEEKING TO OVERAWE CHINA

Threats of Reprisal Made Because Japanese Troops Were Allowed to Land at Lungkow—March of Japs on Kiaochau Retarded by Poor Condition of the Roads.

Canadian Press Despatch. PEKIN, Sept. 7.—Protesting to the foreign office against its note of Sept. 3, addressed to the diplomatic representatives in Peking and referring to the transgression of Chinese neutrality by the landing of Japanese troops at Lungkow, Baron von Maltzan, the German charge d'affaires, declared today that Germany would hold the Chinese responsible for permitting Japanese and British soldiers to cross her territory. The Chinese are unwilling to attack the Japanese, who have landed in Shantung, nevertheless they fear that Germany may ultimately make reprisals upon them. The Japanese legation here has been endeavoring to assure the Chinese authorities that the activities of the Japanese troops are directed only against Tsingtau.

JAP ADVANCE RETARDED. Canadian Press Despatch. WEIHSIN, Shantung Province, China, Sept. 7.—Reports have been received here that the Japanese advance guard of 3000 men, which is proceeding against the German territory of Kiaochau from Lungkow, has succeeded in covering only 10 miles in the last two days because of the very poor condition of the roads in Shantung Province. At this distance out they came to a swollen river. This the artillery could not cross, and the guns are now returning to Lungkow. Some of the Tsingtau forts have been made bombproof. The governor of Tsingtau grants the garrison one day in three for liberty in town to promote the health of the men. Almost all the German residents are living in deserted private residences in Tsingtau. The shops and restaurants of the fort have reopened and there are music and moving picture shows every night. According to the news received here the bombs recently thrown into Tsingtau from Japanese aeroplanes were ineffective.

### GERMAN ARMY IS DRIVEN BACK 15 MILES, WITH HEAVY LOSSES ALLIES' ADVANCE IS GENERAL

#### Transports Almost Hourly With Troops For France

NEW YORK, Sept. 7.—Transporters leave Southampton almost every hour of the day laden with troops for France, according to reports of passengers aboard the Minnetonka which reached New York this afternoon from London. Returning transports are bringing wounded from French battlefields for distribution among English hospitals and emergency stations. The Minnetonka was stopped three times by cruisers after leaving London.

### BRITISH AND TURKISH WARSHIPS IN ACTION?

Cruiser Warrior Reported Stranded as Result of Clash With Goeben, Former German Cruiser—May Mean That Turkey Has Entered War Arena.

WASHINGTON, Sept. 7.—The stranding of the British cruiser Warrior, reported to the German Embassy today in a wireless message from Berlin, remained a mystery tonight. The message read: "British cruiser warrior stranded, probably as a result of fight with cruiser Goeben while escaping from the Bosphorus. "The Goeben, with the Breslau, escaped from British pursuers at the time the war began and sought refuge in the Dardanelles. Later the ships were said to have been sold to Turkey. Diplomats were at a loss to explain the Berlin message. They believed it impossible that the Warrior could have been attempting to escape from the Bosphorus, as Turkey has mined the straits, and the ships would not have entered. Had the Goeben been allowed to go out and engage the Warrior, it was said, it would be a direct violation of neutrality by the Turkish Government, if the ship still flies the German flag, and virtually a declaration of war on the allies. If the Goeben is under the Turkish flag it would have been an act of war.

TURKS TO RULE ALBANIA. Canadian Press Despatch. ROME, Sept. 7 (via Paris, 8.20 p.m.)—A despatch received here from Durazzo says the arrival there of Eshed Pasha, former Albanian minister of war, is awaited. He is expected to immediately proclaim Mehmed Burhan Eddin Effendi, son of Abdul Hamid, former Sultan of Turkey, King of Albania. Albania will remain independent of Turkey, though ruled by a Mussulman. Burhan Eddin is only 29 years of age.

### Berlin Kept Ignorant Of Taking of Lemberg

BERLIN, Sept. 7.—While publicity is being given to an extraordinary German version of the French campaign, its object and probable results, Germany states that the German army, after surrounding the allies and Paris, will make a quick attack upon Calais, build emplacements for the 17-inch guns, dominate the English Channel, and even fire across to Dover, which the Germans believe is quite possible, despite the distance of twenty-six miles. The City of Berlin is quiet, with a slight feeling of nervousness over the fall of Lemberg, which became known, although the official announcements state only that Lemberg is in grave danger and is likely to prove to be a weak spot. Reports are current that the number of German wounded amounts to nearly half a million men, which probably is an exaggeration due to the fact that the German wounded are taken back to Berlin at night, so the populace cannot see them. I have talked with a hundred persons who have not seen a single injured German soldier, although the Charite Hospital and other hospitals are crowded, the train loads of the wounded making a steady stream from Belgium.

Both German Flanks Have Been Turned, But Armies on Each Side Are in Critical Positions and Defeat for Either Will Be Fatal—Lemberg Was Abandoned for Strategical Reasons, Say the Austrians—Engagement Between Germans and Belgians at Bosch Lappele Ended in German Defeat With Thousands Killed—Reinforcements for Allies Landed Near Ostend.

LONDON, Tuesday, Sept. 8.—The war office makes the following announcement: "The plans of General Joffre are being steadily carried out and the army of the allies, after making a determined offensive, have successfully checked the enemy and forced them back in a northeasterly direction."

LONDON, Sept. 7.—News received here from the theatre of war in France shows that more than 4,000,000 men are engaged on both sides in that country. Of that number, 2,000,000 are Germans and the rest are with the allies. The number of English, French and Belgian troops are said to equal that of the invaders. According to unofficial advices, both flanks of the German army have been turned. The French army under General Joffre and the forces commanded by Sir John French, are reported as having defeated the Germans. It is said, however, that both the German and French armies are face to face with absolute disaster because they are in critical positions and that a defeat for either would be fatal. The battle line extends over an irregular line of 120 miles from east to west, and 50 miles from north to south. The reported defeat of the Germans from Lille is declared to be due to their fear of attack from an army of British and Russian reinforcements believed to have landed at a port on the English Channel.

MAUBEUGE STILL RESISTS. Reports current in military quarters say a portion of the British expeditionary force is at Maubeuge, a French fortress of first-class in the Department du Nord, assisting the French garrison there in a defence which is being stoutly maintained. Official German reports admit that the fortress still resists. The Marconi Wireless Telegraph Company today gave out the following German official statement: "The German army administration reports that in the west, the allied armies are in retreat between Paris and Verdun, and that the German troops are pursuing them. Paris is empty, and the only scene of animation there is around the railway stations, which are filled with thousands of fugitives. The leading newspapers do not consider that Paris will defend itself to the utmost." Word received says that train service between Paris and Dieppe has been suspended.

MOST IMPORTANT BATTLE OF WAR. Military experts agree with French officers that Paris will not be besieged as long as the French and British armies remain active in the field. It said the possession of the city itself would have a sentimental value. The German general staff is believed to realize that fact and consequently more depends on the battle now raging than on any move since the war began. In the region from Vitry Le Francois to Verdun, the German strength is declared to be enormous. Most of the German forces withdrawn from Alsace-Lorraine are supposed to be attacking the allies round Verdun. The armies of the Crown Prince Frederick Wilhelm, Duke of Albrecht of Wurtemberg and the Crown Prince of Bavaria are also included in these positions. KAISER MAY BE THERE. The Kaiser himself, it is reported, has been directing the new movement. He is reported as having joined the army that is directed

Ladies' Your Furs Are Here.  
Just at this season the sale of furs commences in earnest. The showing at Dineen's—140 Yonge Street—is certainly inviting and the ladies of Toronto and district know what the words "Dineen Quality" stand for. This house has earned its reputation as fur retailers over a period of fifty years, which surely inspires confidence. Advantageous buying will enable Dineen's to sell at lower prices than most competitors, and patrons should promptly avail themselves of the early showing. The advantage of making a choice now may be very obvious as the season advances. Take to risk, ladies, in this important matter.

"Kismet" the Wonderful.  
The best description of the play "Kismet," which is at the Princess Theatre this week, is from the critic who said it was nothing short of "Wonderful."

# Precipitate German Retreat From Lille Reported at London Large German Force Now is Advancing on Ghent

by his heir. The emperor's presence on the battlefield there has not been confirmed, however.

The present move of the Germans is supposed to be an attempt to crush the allies, especially the French centre and right, which include 13 or 14 army corps. Students of military science say the operation in the east of France on which the Germans are now engaged, is a critical one, and that it may lay them open to a no-damaging offensive. The Germans are apparently engaged in a line of considerable magnitude. The general situation favors the allies beginning an offensive movement. The French army on the left and the British army moving from Paris along the north bank of the Marne, appear to be moving forward to co-operate with the French armies to the right of the British. The allies are expected to take advantage of the situation and to force a decisive struggle.

A cablegram from the French legation at Antwerp confirms the previous announcement of the success of the Anglo-French troops in driving the Germans back 15 miles beyond St. Quentin, inflicting terrible losses to the enemy.

**TURKEY MASTER OF ALBANIA.**  
An Exchange Telegraph Company's despatch from Valona, Albania, says that a complete Turkish Government was installed there today. Genady Aden Bey, a former Turkish official, will replace the provisional government which took charge of affairs when Prince William of Wied withdrew from his kingdom.

**MONEY FOR RED CROSS.**  
The Ostend correspondent of The Daily Chronicle says that the \$17,000 found in the pockets of General Von Buelow, after he was killed in the battle of Haeslen, has been turned over by King Albert for Red Cross purposes.

**GERMANS MARCH ON GHENT.**  
A despatch to Reuter's Telegram Company from Ostend says: "Violent fighting, lasting five hours, has taken place between Melle and Quatrecht, near Ghent, between Belgian volunteers and a superior corps of Germans. After determined resistance the Belgians retired in good order."  
"The Germans occupied Melle and are marching on Ghent."

**GERMAN REPULSE CONFIRMED.**  
A Reuter despatch from Antwerp confirms earlier despatches of a German repulse on Friday at Chapelle-au-Bois and says that they left 3000 dead on the field. Many of the Germans, the despatch adds, have proceeded back to Brussels.

**GERMAN RIGHT WING OUTFLANKED.**  
The news contained in the French official communication that the Germans had fallen back before the vigorous advance by the allied troops on the line from Nanteuil-le-Hardouin to Verdun indicates that the Anglo-French forces have got on the flank of the German right wing, which passed by Paris on the north and was marching eastward to join with the crown prince's army coming south.

It has been suggested by military experts that Gen. von Kluck's movement to the southeast was taken as a matter of precaution before the movement by the allies from the coast. It is possible it is this new army which has reached Nanteuil-le-Hardouin, thus getting on Gen. von Kluck's flank. The engagement took place Sunday, and that evening the Germans began their retirement.

**GERMANS RETREAT FROM LILLE.**  
AMSTERDAM, Sept. 7.—According to a despatch from a Belgian source, the German army, turned by General Joffre, is retreating precipitately from Lille. There is a general French advance movement.

In an engagement Saturday between German and Belgian troops at Bosch Lappele, the Germans were driven back in disorder on Villorde, leaving thousands of dead on the field. The Belgian losses were insignificant.

The statements contained in this despatch are considered somewhat remarkable, in view of the information contained in the communique issued yesterday afternoon by the French war office and it is hardly clear what German army is retreating precipitately from Lille.

**LEMBERG WAS ABANDONED.**  
THE HAGUE, Sept. 7.—The Austrian legation has published a statement to the effect that Lemberg was not taken after a desperate fight by the Russians as they reported, but that Lemberg, which was not fortified, was abandoned to the Russians without a fight, for tactical and humane reasons.

**GERMAN ARMY OF 2,500,000.**  
BERLIN, via Amsterdam, Sept. 7.—The German forces confronting the armies of the allies in France and along the Belgian and French frontier total 2,500,000. The number of men sent west for the aggressive movement was 2,000,000 according to a statement by railroad officials in the Department of Cologne.

In addition to these the forces in the various strongholds, such as Metz and Strassburg, bring the figures to the grand total. The kaiser, who conferred with the military officials of Brussels in that city Wednesday evening, is now in the vicinity of Nancy. Wednesday night Crown Prince Frederick Wilhelm gave a banquet to his officers in the royal palace at Lieken, just outside of Brussels.

**GERMAN NAVAL EXPANSION.**  
Statements reporting members of the Reichstag on the subject of naval expansion apparently point to the building of 12 torpedo boat divisions, six airship divisions and a number of mine-layers. Other craft now under rapid construction are three large warships and two smaller cruisers.

It is also designed to increase the army 25 per cent. in numerical strength and 100 per cent. in fighting value.

**600 GERMANS CAPTURED.**  
BREST, via Paris, Sept. 7.—Six hundred Germans have been captured on board the Dutch steamer Tambora, among them being 33 officers and doctors who are in confinement at Chateau Brest. The Tambora sailed July 30 from Batavia for Rotterdam.

**MORE HEAVY GERMAN LOSSES.**  
AMSTERDAM, Sept. 7.—It is reported from Terneuzen that railway communication between Termonde and Lokeren has been interrupted by a German force advancing in the direction of Lokeren. That city has not yet been occupied, however.

Fighting has occurred in the neighborhood of Wolebreck Puers, the Germans sustaining heavy losses at the hands of the Belgians, who were well posted.

The railway from Ghent to Antwerp, via St. Nicholas, has been interrupted.

Official Belgium expresses satisfaction at the agreement of the allies requiring joint peace terms. German soldiers in Brussels are demoralized.

A train carrying refugees from Termonde was bombarded by German artillery, but no casualties occurred.

**IT DOESN'T SEEM ENOUGH.**  
COPENHAGEN, Sept. 7.—A private despatch from Berlin states that during the 19 days of mobilization of the German army,

"The commander-in-chief has placed the name of the governor of Maubeuge in the order of the day for his splendid defence."

### GERMANS IN RETREAT.

It was officially announced tonight that the Germans are retreating from the line of Nanteuil-Le-Hardouin to Verdun after a vigorous action with French and British troops.

An earlier official statement given out in Paris today said that a general action had started on the line from Nanteuil-Le-Hardouin to Verdun, a distance of 120 miles. It was then said that thanks to the vigorous action of the French troops supported by the British "unofficial" advice from Berlin also have indicated that a battle of tremendous importance was being fought in the territory described.

### Senlis Evacuated.

WASHINGTON, Sept. 7.—The French embassy announced today that it had received a cablegram from its government at Bordeaux saying that the French town of Senlis was evacuated by the allies, and that the north and south movement of the German army continues.

The despatch was as follows: "On Sept. 5 the north-south movement of the German armies continued. Coulommiers and Epertay are the bases of the German army. This army was attacked by us at Saint Souplet, on the right bank of the River Ouse."

"Senlis has been evacuated by us. On the road from Montmiril to Chalons the second army has sent its advanced guard. As for the third and fourth, the heads of their columns are on the road from Chalons and Bursy."

"The line of the fifth army has reached the road from Triancourt, moving thru the Argonne. Our 20th corps was fighting at Gerberviller against the sixth German army."

### PARALYSIS OF GERMAN TRADE IS DESCRIBED

LONDON, Sept. 7.—A despatch to The Weekly Despatch from Copenhagen gives an analysis of paralysis of German trade, written by Emil Lederer, in The Vossische Zeitung, in which the following appears:

"In spite of the increasing absorption of workmen by the army, there is an increase of unemployment among those left behind. Even women cannot find employment. Day after day undertakings are being shut down or outputs diminished."

The writer suggests a combination of all interests in an endeavor to keep industries going.

### HEALTH OF KAISER IS UNDERMINED BY WAR

LONDON, Sept. 7.—According to Reynolds' Newspaper, a very high official in frequent attendance on the kaiser has written to a Dutch friend in Amsterdam that the emperor's health is being undermined thru the war.

The throat trouble for which he was treated ten years ago has again become acute, and his face has an ashen gray appearance.

## WAR SUMMARY

Apart from the announcement that the German forces have fallen back before the offensive tactics of the allies on the line from Nanteuil-le-Hardouin to Verdun, the most interesting report is contained in a despatch to The London Evening News from Boulogne, in which the French commander, General Pau, is given as authority for the statement that the allies have won a victory at Precy-sur-Oise in which the imperial guard, under the Crown Prince of Germany, is alleged to have been annihilated by a British force.

The British official bureau says that the plans of the French commander-in-chief, General Joffre, are being

steadily carried out, and that the allies have succeeded in forcing back in a northeast direction the German forces opposed to them.

Paris officially reports that the allies have advanced their left wing without energetic opposition by the Germans, and that several engagements on the Ource River have favored the French and British.

The Russian army operating in Galicia is reported still to be driving back the Austrians.

The casualty list as a result of the blowing up of the British cruiser, Pathfinder, by a mine in the North Sea comprises four men killed, thirteen wounded and 242 missing.

### IS HELD IN BERLIN AS WAR PRISONER

Jas. Whimster, Aurora Storekeeper, Wants to Get Back to Business

### HARD TO GET MONEY

Dresdener Bank Gave Him Fifty Dollars, But That Was All.

Two trainloads of refugees from the war zones arrived in Toronto yesterday morning. They reached Montreal Sunday on the Cunard liner Albatross. Many were destined for distant points in the United States and a number remain in Toronto.

One of the refugees was Dr. Andrew Clark of Billings, Mont., who brought information regarding James and Mrs. Whimster of Aurora, who are prisoners of war in Berlin, and are likely to remain there till the end of the war. Mr. Whimster is a merchant, owning three stores, one of which is in Aurora. He is anxious to get back to business, but the Germans are holding him against any possibility of his taking up arms against the Kaiser. Thru Dr. Clark Mr. Whimster interested the American ambassador in his case, but the ambassador could do nothing. Before the outbreak of the war Mr. Whimster succeeded in getting some gold on his letter of credit, and when that was exhausted he made a second application to the Dresdener Bank, but was able, after a good deal of pleading, to get only \$10 more, and he was told that that was the last. He is stopping at 24 Woburn place, Berlin, with the family of Dr. Clark, who have taken a flat, prepared to remain in the German capital indefinitely.

**Wars Looking for Him.**  
When Dr. Clark got thru to London he found there cablegrams from Dr. Coultier, deputy postmaster-general, enquiring for the safety of Mr. and Mrs. Whimster, and the acting Canadian commissioner, Mr. Ferley, had been trying to locate them, but up till that time without success.

Dr. Clark, who is a former Canadian, having been born near Orangeville, was armed with a passport signed by Secretary of State Bryan. He was told that he could take his wife and the leaving Berlin, and his wife and two daughters preferred to stay behind while he fought his way to the frontier. He got away on a special train provided by the German government, reaching Flushing and getting over to London just a week ago. Regarding the stories that the German capital was threatened with an outbreak of typhoid fever he said that they were pure fakes. Berlin is quiet and confident the business is entirely at a standstill, practically all the male population having gone to the front.

**Luggage Went Ahead.**  
Other passengers related similar experiences. Some of them were traveling without luggage. One lady learned of arriving at Montreal on Sunday that her baggage had reached home ahead of her. She was in Italy and was routed thru the war zones with many other from Canada and the United States. When it was seen that they could not get back by way of Germany and Belgium the British Government chartered the steamer Grete and conveyed them to London, where they immediately secured passage to Montreal.

### BRITAIN HAD RIGHT TO HOLD GERMANS

Detention of Forty Reservists at Hongkong Within Three-Mile Limit.

### Canadian Press Despatch.

SAN FRANCISCO, Sept. 7.—Great Britain acted within her rights, as defined by the state department, when she detained forty German reservists, taken at Hongkong from the American steamship Manchuria of the Pacific Mail fleet. This was made clear in the detailed report brought by officers and passengers of the Pacific Mail liner China, which arrived here today from Hongkong, Yokohama, and Honolulu. The port authorities boarded the Manchuria within the three-mile limit. Previous despatches had not made clear whether she had been searched within the treaty limits of a British port, or on the high seas.

### DISCOUNT ON U.S. BANK BILLS.

BROCKVILLE, Ont., Sept. 6.—The banks in Brockville are refusing to accept American bank notes, except at a 2 1/2 per cent. discount. This is said to be due to the fact that as a result of such currency banks will not receive such currency on par with gold.

### NO TICKETS FOR FOREIGNERS.

Canadian Press Despatch. SARNIA, Sept. 7.—It is reported that the G.T.E. has notified the ticket agents in the United States to discontinue selling tickets thru Canada to foreigners in order to preclude the possibility of German reservists getting back to the seat of war.

## Recruiting in Britain Is Amazingly Rapid Labor Situation Good

Canadian Press Despatch.

LONDON, Sept. 7.—A return issued by the board of trade tonight shows that the growth of unemployment has virtually stopped. In the trades where insurance against unemployment is enforced, the percentage of unemployment is 6.24—almost exactly the same as last week, and compares with 3.35 last year.

This number of persons seeking employment in labor bureaus actually has fallen off, but is still about double what it was a year ago. Recruiting, which is proceeding at an amazing rate, accounts somewhat for this, particularly in the north and in the mining districts. Recruits are applying in such numbers that at some places it has been decided to close the recruiting offices for a week.

Prices of food show little change, and this is due more to increased freight and insurance rates than to shortage of supplies. Meat and fish are arriving in almost normal quantities. At Hull, Chatham and other places, where many sailors are congregated, the saloons have been closed entirely, while in other provincial towns and in London, the hours for remaining open have been reduced.

### Dean Starr of Kingston Major in Irish Guards

Probably First Canadian Accepted for Army Service—Australia Sends Congratulations to Britain on Gallant Bearing of British Troops—Thanked by Army Council.

Canadian Associated Press Cable.

LONDON, Sept. 7.—Dean Starr of the diocese of Ontario, Kingston, Ont., has been accepted by the war office for active service, and is now on duty with the Irish Guards, taking rank as major. The dean has the distinction of being probably the first Canadian accepted for active service. He was in England to recruit his health. The day the war broke out he offered his services which were promptly accepted. Just now he is busy going down to the ports where the wounded and refugees arrive.

expressing their intense admiration at the gallant manner in which the British troops have acquitted themselves. The army council in reply expressed its sincere thanks for the cordial message and declared that "the army hopes quite soon to welcome its Australian comrades, of whose gallant cooperation in South Africa it retains vivid and grateful memories." The governor-general of the Australian commonwealth has sent a congratulatory message on the splendid achievements of the army and, and he has received the reply that the army awaits the arrival of its Australian comrades in confident anticipation of their loyal and gallant support.

### Fresh German Troops Constantly in Action

Canadian Press Despatch.

LONDON, Sept. 7, 2.50 p.m.—A despatch to The Evening Star from Rotterdam says that during the first 19 days of the war more than 2500 troops, bearing 2,000,000 troops from the western theatre of the war, passed over the five bridges over the Rhine at Cologne. Notwithstanding this enormous army, reinforcements are still being hurried to the front, not only to take the place of the troops which are being wounded, but in order to carry out the eminently German plan that so far as possible fresh troops be hurled at men who already have borne the burden of the day.

In addition to the tremendous siege guns of the Germans ordinary field pieces have been hurried forward. An American, who has just arrived from Cologne, says The Star's correspondent, states that he met a wounded German officer, who told him that the success of the Germans was due entirely to the fact that the troops all ways had a rest after an engagement. The army corps were being used in shifts to keep them fresh.

### British Forces Break Thru Lines of Enemy

Canadian Press Despatch.

PARIS, Sept. 7.—The war office in a message to Gen. Gallieni declared today that the French forces under the immediate direction of Gen. Joffre, cooperating in a general movement with Sir John French, turned the German right flank. At the same time the British forces broke thru the German lines left of the right wing.

The Grand Duke of Wurtemberg's army is reported to be engaged with the German army corps following the German crossing of the Meuse. Word comes that, directed by the Kaiser and his heir in person, the crown prince's army is making a furious effort before Nancy to smash thru the French centre at its junction with the right. The French are said to be greatly outnumbered, but have a great superior position.

### Allies in Strong Position Will Soon Take Offensive

Canadian Press Despatch.

LONDON, Sept. 7.—"With the allies in a strong position they have opened since the war opened, they are ready to take the offensive," says an official statement issued at the war ministry today. It continues: "The armies of defence have been facing back the situation is not to be considered alarming. The enemy is steadily being drawn farther from his base, while the allies are very near theirs, and therefore in a more advantageous position."

The neighboring towns to strengthen his position. Word comes that, directed by the Kaiser and his heir in person, the crown prince's army is making a furious effort before Nancy to smash thru the French centre at its junction with the right. The Grand Duke of Wurtemberg's army is reported to be engaged with the German army corps following the German crossing of the Meuse.

### British Aviation Corps Flew Direct To France

Canadian Press Despatch.

LONDON, Sept. 7, 10.05 p.m.—(Delayed in transmission).—"Few people know that the Royal Flying Corps have made their first flight as military history by sending a message across the channel by the air route, without a stop at the coast," says a correspondent of The Pall Mall Gazette.

aviation, but it was only a part of a big movement. Other machines had flown from the coast to France. At the present moment these air squadrons, besides the reserves, are with the expeditionary force, but apart from the news of two fatal accidents and the appearance of an airman's name from the published concerning the doings of the Royal Flying Corps."

### AUSTRIANS AGAIN ROUTED

Canadian Press Despatch.

NETTOGRAD, Sept. 7.—The following official announcement was given out today: "The Austrian army corps between the River Vistula and the River Bug are retreating with enormous losses."

"The resistance of the enemy has been broken. There are evidences of the possibility of a famine in Austria."

### CIVILIANS BUSY AT RIFLE RANGES

Marked Improvement Shown in Scores at Yesterday's Match

WILL GET NEW RIFLES

Irish Rifle Club Also at the Butts—Conditions Adverse.

Thruout the day yesterday the Toronto Civilian Rifle Association continued practice at the ranges at Long Branch, and 50 more members were added to the roll, making the total attendance about 150. These were distributed between the 200, 300 and 400 yards ranges, and as those at the longer distances were not all old riflemen, it is not surprising that the scoring at those distances was somewhat erratic, and the more especially as the weather conditions were not conducive to high records. The wind from the right, which prevailed in the early afternoon, changed to a left wind later, and was more or less irregular, and the lighting variable by the sky becoming overcast at times and requiring alteration of elevation.

Marked improvement at the 200 yards range, however, was evident, and many good scores at the 500 yards were made.

It is suggested, with reason, that all riflemen joining the association should be required to qualify at the 100 yards range by scoring at least an average of magpies, before being allowed to move to the longer ranges. Only at this range is there wasteage is negligible, can the power of the beginners in holding, sighting and firing, be proved adequately.

An average of magpies would be 21 out of a possible 25, and that many fell much short of this figure, the at the 200 yards range, is strong evidence of the necessity of rifle practice for all who are capable of taking a hand in the defence of the Dominion, and, if necessary, of the empire.

The second practice match was won by R. Oldfield with a score of 28 at the 200 yards range and 31 at the 500—a total of 59 out of a possible 70.

The highest scores were as follows: R. Oldfield, 58; W. Weisman, 55; G. Wright, 53; A. Mitchell, 52; A. H. Mitchell, 52; P. E. Lovell, 50; V. M. Jenkins, 48; F. Wood, 48; A. H. Outram, 47; N. Bate, 46.

Practice at the ranges will again be held tomorrow afternoon, and recruits will continue to be enrolled by the secretary. After the organization meeting, to be held next Monday evening at the combined officers' mess at the armories, arrangements will be made to issue to the members a later pattern of rifle, with the latest government sights.

The Irish Rifle Club was again out in force, and over the three ranges the higher scores were as follows: A. E. E. 101; S. Dean, 98; T. S. Margetts, 97; W. G. Roultson, 96; G. Robinson, 94.

Seven more recruits were added to the club yesterday, and were coached over the ranges by the older shots. Already the members of the club have received many enquiries for entry forms for the rifle meeting to be held on September 26. These, with the programs of the meet, will be ready tomorrow, and will be mailed to all units and to all individual rifle shots whose addresses are known. All information will be given thru the secretary, Geo. Robinson, at 24 King street west.

The 14th men of the Missisquoi Horse, in command of Lieut.-Col. J. D. Lockhart Gordon, who camped at Long Branch over the week end for training and for practice in rifle shooting, returned to town yesterday afternoon at 2 o'clock by special radial cars, after a very successful outing. The ranges were visited yesterday afternoon by Col. Chadwick, in charge of a party of officers, who went thru a course of manoeuvring on the ground.

Since the formation of the provisional committee last week, the Arts and Science Rifle Association has sworn in a very large number of members, and a meeting will be held tonight at the Architectural Association Rooms 96 King street west, for the transaction of necessary business, and that the first instruction in the theory of musketry may be given the members.

RECRUITING ON SUNDAY.

LONDON, Sept. 7.—Trafalgar Square, where a peace meeting was held yesterday following a peace meeting in London, witnessed a great mass meeting in the interest of the recruiting service. The event will long be remembered. The great square was crowded, and patriotism ran high. The recruiting officers opened for business on the spot and large numbers of recruits were obtained.

All day yesterday, and until late at night, the Midway was jammed with people. This photograph shows a portion of the crowd in the early afternoon.

### Spain Has Friendliness For People of France

Canadian Press Despatch.

BORDEAUX, Sept. 7.—Lieut.-General Marquis de Villiers, the new Spanish Ambassador to France, presented his credentials to President Poincaré and made a short address in the course of which he said: "The traditional relations that bind our two nations are strengthened still more by the common mission they are realizing in North Africa, which is profoundly appreciated by the Spanish people, who wish ardently that the noble French nation may continue, in the bosom of benignant peace, its progressive development. May I please heaven that Spain may contribute to accelerate the happy moment."

In reply President Poincaré, after thanking the ambassador and referring to his sentiments of friendship for King Alfonso said: "France did not want war. It did not wish to avoid it, and it is now its duty to pursue it with its allies to victory and to the ends of justice."

### WATERLOO PEOPLE BACK PATRIOTIC MOVEMENT

Special to The Toronto World.

WATERLOO, Ont., Sept. 7.—A meeting of the citizens of Waterloo was held at the call of Mayor Kaufman in the town hall for the purpose of forming a branch of the Canadian Patriotic Society. The town hall was crowded to the doors with the most enthusiastic lot of people ever assembled there. Thomas Hillard occupied the chair, and on the platform besides the members of the town council were several of the speakers. Lieut. J. Charles of the various denominations. The band of the Waterloo Musical Society was present and rendered patriotic songs, and also the clergy of the various denominations. The British Grenadiers, and other numbers brought the entire audience to their feet, and the band was obliged to repeat these selections.

Addresses were delivered by Mayor Kaufman, Prof. Rietdorf, W. G. Veichel, M.P., J. G. Stroh and B. Grigs, B.A. The patriotic expressions of all the speakers were most enthusiastically received. It was unanimously decided to form a branch of the Canadian Patriotic League, and the following officers were chosen: President, M. E. Hallman; secretary-treasurer, P. J. Wright. These officers will select a committee of eight men and five women, and all that was possible to avoid it, and it is now its duty to pursue it with its allies to victory and to the ends of justice."

### ENEMY REPULSED CLOSE TO ANTWERP

Germany Retire on Vilvorde Completely Demoralized With Heavy Losses

Canadian Press Despatch.

LONDON, Sept. 7.—A despatch to the Exchange Telegraph Company from Antwerp, dated Sunday, gives a Belgian official communication which says: "The repulse of the German attack against the southern part of Antwerp at Chapelle-au-Bois yesterday was successful, the Germans leaving thousands of bodies on the field and retiring in disorder on Vilvorde, six miles northeast of Antwerp. They are demoralized by the complete check of the attempt against our field artillery. The Belgian losses are not numerous."

### GAVE GARRY HORSE THOUSAND PIPES

Hon. Robert Rogers Also Presented Thousand Dollars to Regimental Funds.

By a Staff Reporter.

OTTAWA, Sept. 7.—Hon. Robert Rogers, hon. colonel of the 34th Foot Garry Horse of Winnipeg, takes great pride in that body, and on visiting the regiment in camp at Valcartier told Col. Patterson that he wanted to present a thousand briar pipes for the men and a thousand dollars for the regimental funds. He also addressed the officers and men, complimenting them on their fine appearance at the review and expressing his pride in the 7000 men who had volunteered from Western Canada. He assured the men of the Fort Garry Horse that any dependents whom they left behind would be taken care of if necessary.

### C. P. R. MAY DISCONTINUE EIGHT PASSENGER TRAINS

Reduction of Service in Ontario Division Rumored at London, Ont.

Canadian Press Despatch.

LONDON, Ont., Sept. 7.—It was reported here today that commencing a week from today the C.P.R. is to do away with eight passenger trains on the Ontario division for an indefinite period. The move is ascribed to a fall off in traffic owing to the war. Two trains passing thru London are said to be affected.

### Jail For Young German Reservist and Fanatic Who Planned Hostilities

Canadian Press Despatch.

Toronto is Wilhelm Bernsau, aged 27, a German reservist, who during the nine months he has been in Canada, has been employed in a Yonge street dry goods store. He was arrested in his room at 239 Sherbourne street last evening by Special Detective Maurer on the charge that he was a German reservist he attempted to leave the country. That Bernsau at liberty was extremely dangerous, and that his patriotism for the fatherland appeared to be fanatic, is evidenced in a letter written to a countryman in Canada, which is now in the hands of the police, reading in part: "Germany gave me life, and I intend giving my life for Germany. If I can send four or five of the enemy to hell before I die I will consider my efforts well spent."

Bernsau, under arrest, was extremely uncommunicative. Beyond admitting he was a private in the German army and declaring animosity against the Canadian and German, who was nothing to say. The police turned him over to the care of the military authorities at Stanley Barracks, where he will remain a prisoner until the end of hostilities. A large number of Germans were escorted thru Toronto last night on their way to Fort Henry as prisoners of war. They occupied an entire coach on the 11 o'clock train to Kingston, and were under a strongly armed military escort.

### South African War Hero Reported Among Missing

Canadian Press Despatch.

LONDON, Sept. 7, 9.35 p.m.—Col. W. E. Gordon of the Gordon Highlanders, who was reported missing in the South African war, is among the officers who are reported missing in France. Col. Gordon gained the Victoria Cross by going out under heavy fire and attaching a rope to a gun which was in danger of being captured. He was wounded in the leg and was in hospital in England.

before I die I will consider my efforts well spent."

### MANY PARIS HOMES WILL BE DESTROYED

Twenty-Five Thousand People Removed to Give Range for Guns.

Canadian Press Despatch.

LONDON, Sept. 7.—(7.15 p.m.)—A Dieppe despatch to The Evening Star says that the transport of 25,000 people from the suburbs of Paris to the south and southeast commenced on Sunday. These people were ordered to leave their homes by the military authorities, so that the houses could be destroyed, leaving a clear range for the guns of the forts. The residents of Neuilly and Boulogne-sur-Seine, as well as the vast populations on the other sides of the city, were taken away on trains provided by the government. These people had hardly left their homes before refugees from the north arrived and occupied them. These, too, will be taken south.

### FOUR HUNDRED MEN OFF TO BERMUDA?

Troops Leave Valcartier Camp, Presumably to Embark at Halifax.

Canadian Press Despatch.

VALCARTIER, Que., Sept. 7.—Four hundred troops have left Valcartier camp for Halifax, and may embark for Bermuda. These men were selected from about 2000 applicants, and will place the Royal Canadian Regiment, now in training at Bermuda, on a war footing. These men were selected for several years at Halifax, Quebec, Kingston, Toronto, and other points in Canada, have been in Bermuda for about a week, having gone there to relieve an English unit which immediately left for the front. It is quite probable that the R. C. R. will go to France, and its place will be taken by a battalion from this camp. The men who joined the regulars were connected with most of the regiments in camp, many of them having been in service and were desirous of becoming part of the regular force again.

### BROCKVILLE CORPS RECRUITS

BROCKVILLE, Ont., Sept. 5.—To fill up the ranks depleted by volunteers for the front, recruiting is going on at the armories of the 41st Regiment, Brockville Rifles. An effort is being made to increase the regiment from a four to an eight-company one. Classes will be opened shortly for officers to qualify for commissions in the new companies.

### CITIZENS TO TAKE MILITARY TRAINING

The executive of the Toronto Improvement Conference has inaugurated a citizens' military education movement, and the executive officers of all ratepayers' associations and benefit societies in the city are requested to attend a special meeting in the city hall on Friday evening.

### AUCTION SEATS TODAY

The postponed auction sale of the seats for the American Aid Society's concert on Thursday will be held at the King Edward Hotel this afternoon at 1 o'clock. No definite announcement has been made as to who will have charge of the sale, but it is expected that prominent members of the society will officiate.

# Two Hundred Men Perished When Cruiser Pathfinder Sank

## Cruiser Blown to Bits Only Fifty Men Saved

### Probably Two Hundred Killed When Pathfinder Struck Mine in North Sea—Terrific Explosion Resulted in Disappearance of Ship—Help Arrived Quickly On the Scene.

Canada Press Despatch. LONDON, Sept. 7 (7.20 p.m.).—It is learned on reliable authority that the captain and crew of the British cruiser Pathfinder, which was sunk by a mine in the North Sea, have been saved. The destruction of the Pathfinder occurred about 4 o'clock Saturday afternoon in a point ten miles northeast of St. Abb's Head, Scotland. While she was patrolling the coast the cruiser struck a mine which exploded near her bow. Travelers 10 miles distant felt the shock. From Eyemouth, 14 miles from the scene of the explosion, a huge cloud of smoke was visible on the sea. The motor lifeboat was the first to be seen. She was followed by the St. Abb's motor lifeboat. The Pathfinder was literally blown to pieces, and the sea was strewn with the wreckage.

**Wreckage Stranded Water.** The devastating effect of the explosion on the Pathfinder is emphasized in the report of Coxswain Nisbet of the St. Abb's motor lifeboat, which first arrived to give assistance. He says that for a mile and a half there was a mass of wreckage of every conceivable description. There was little of the pieces that was larger than a man's leg. In the midst of the debris he found a ship's Bible floating and extraordinary collections of personal articles from the cabins in the interior of the ship.

**Steam Drifters to Rescue.** A message received in London states that in addition to the motor lifeboat several steam drifters hurried to the spot where the Pathfinder sank, and adds that it is learned on reliable authority that the captain of the Pathfinder and some fifty or sixty of his crew were saved.

About ninety of the crew of the Pathfinder, dead and wounded, were picked up by torpedo boats and taken to a hospital at the naval base. Capt. Leake and several other officers were saved. An official announcement of the casualties among the officers were one killed, nine missing, one seriously wounded and one slightly wounded. An eye witness, describing the sinking of the ship said: "In less than a minute after the explosion we saw the smoke of two vessels and suddenly two torpedo boats came into view tearing thru the water. We tried to attract their attention, but they made straight for the scene where wrecked. I do not know how any wireless oper-

ator could have sent a message from the cruiser as there seemed to be no time for anything. The ship's back must have been broken and the two minutes following the explosion and before she sank must have been terrible. But somebody seems to have kept his head and a wireless message was certainly sent out. Three other destroyers soon arrived. One appeared to have men standing by the guns and on the lookout for submarines."

**Story of Witness.** The skipper of the trawler who witnessed the blowing up of the Pathfinder from a distance of less than three miles later reached Berwick. He said: "I was on deck and the men below getting a meal when our vessel was suddenly shaken. I turned in the direction of the report and saw the cruiser in a perpendicular position and amid a fountain of smoke, water and steam. Her stern was uppermost. She poised thus only for a moment and then came another explosion and the Pathfinder was practically blown to pieces. She went down in less than four minutes from the time that she struck the mine. The work of rescue began immediately and within an hour there were on the scene five destroyers, four trawlers and six steam drifters.

"We picked up all the survivors that we could find and then remained a long time searching amid the wreckage. So terrific was the explosion that only one piece of wreckage large enough to support the weight of a man was found."

**Capt. Leake in Command.** The Pathfinder flew the pennant of Captain Francis Martin Leake whose ancestor was admiral of the fleet and first lord of the admiralty in the time of Queen Anne. The cruiser had a displacement of 3,000 tons. She was slightly smaller than the British cruiser Amphion which was sunk in the same manner on August 6. Apparently the Pathfinder was on the same sort of duty as the Amphion, being the parent ship of a flotilla of destroyers and Scottish waters.

The Pathfinder was built for scouting purposes and was very fast. She reentered the service last October and was reported a short time ago as having engaged a German cruiser. The admiral was not alarmed by the fate of the cruiser as they expected accidents and are taking steps to re-equip their number. It is now believed that the Germans are using trawlers and other fishing boats to plant mines.

## The People, Not the Banks, Should Make the Currency Laws.

No country should make a private monopoly of its currency or money supply. Canada is the only country that has done so, and our people and our business are suffering in consequence. There is a money scarcity not altogether due to the war, suffering in consequence. We might as well turn over the making of the tariff or the administration of the political system. We insist on government being responsible to the public; members of parliament, ministers, officials, even judges. Their conduct in the discharge of the duties they assume can be reviewed at any time and explanation demanded. They may be removed or disciplined. The minister of customs and the minister of finance and all the officials under them are responsible for the working out of our tariff legislation. We do not let those who pay the customs and excise duties make the tariff law or administer it. But we let our private banks make and supply the currency, the money of the nation; and they perform this business largely from their own point of view and to their own advantage. There is no patriotism in banking—it is a very cold-blooded business.

Where does our currency come from? The state supplies the gold, the silver and the copper coinage, and the one and two-dollar bills. All the rest of the currency is supplied by the banks in the shape of bank bills. There is always from ninety to one hundred millions of dollars of these bank bills in the banks or in circulation. The banks are the sole masters of letting out and getting in this currency. They make it, and they can refuse to let it out to customers. Much of the business is done without the direct use of currency; it is done by credits sent by business men by banks, by deposits in banks, and those in business pass checks on the banks to one another, the net result of which is to cancel one credit against another or one debit against another. Banking is largely a business of clearing or cancelling the debts as between the different members of the community. But all this is a different story as far as currency is concerned.

Our story today is about currency—and as we've said above, the banks supply our currency. They have the right to issue notes—promise to pay—up to an amount equal to their capital, for which we charge them nothing; and we give them the right to issue additional or excess currency substantially equal to thirty per cent. on their paid-up capital, on which they are expected to pay to government interest. The total bank-note issue thus authorized is over 130 millions of dollars, of which about 90 millions is issued. The banks are the sole masters of their money; they loan it or they hold it; they take no risks in regard to it, nor in regard to any money in their hands. There is no sentiment in banking.

It is true we have authorized the minister of finance to issue Dominion notes on the security of the Dominion of Canada, and we have paid some of these out for public debts, and we have exchanged some (twice and once) with the banks in order to help in providing a circulating medium. But we only get these ones and two out because the banks are prohibited from printing notes of these amounts. It is true we have printed some five and some larger denominations, but as the banks have the same sizes, and once they get these Dominion notes in their hands they keep them in cold storage. That the banks find it highly profitable to issue bank notes is proved by their close organization to keep Dominion notes out of circulation. They'd chase out all the ones and twos if they could.

It is true parliament has authorized an increase issue of Dominion notes, but under conditions that make it difficult to get them out. Largely because the banks have had all the say in the issue of Dominion notes. They have as a matter of fact dictated the currency system of a Canada, including Dominion notes, ever since we've been a country. Every minister of finance has put himself in the hands of the banks; has done what they allowed him to do, and little else. The business men, the manufacturers, the people, have never been consulted. All the emergency legislation passed three weeks ago was the result of conferences between the minister and the master bankers. No presidents of boards of trade, of manufacturers' associations, of farmer organizations, of labor organizations, were consulted. They were all vitally interested. The people in the streets and in the fields were not consulted. The matter decided was hardly explained in the house. Any one who raised the currency issue when the Bank Act was revised in parliament, less than two years ago, was treated as a crank.

And yet the currency question is of ten times the import of the way in which banks are to be organized and regulated. In times of stress we find out that it is a supreme issue.

With the connivance of the banks parliament three weeks ago authorized a further issue of Dominion notes in order "to conserve the financial and business interests of the country"; but we left the initiative thereof in the hands of the banks; and as they are supremely jealous of national currency, are afraid that it will injure or destroy the fat monopoly they have now of controlling the currency of the country, they are organized as a matter of fact against its use. If they have to get more currency—and they are disposed to let out more money to customers for carrying on business—they will put out more of their own notes as authorized by the provision for "excess currency," as it was called when it was first created for the purpose of moving the crops.

But inasmuch as some of the banks are seized of the idea that extreme caution is the order of the day in war times, and therefore that they have insufficient confidence in the situation, they refuse to lend out even this money; and by the rules of the clearing house in regard to redeeming one another's notes in gold or its equivalent they can effectively discipline the other banks that have sufficient confidence in the situation, or who think they owe a duty to their customers in business, and thus head off the use of this excess issue of thirty millions. When we say this, we speak of what we know, and on the authority of men directly concerned.

In word, we are at the mercy of the banks, both as to bank-note currency, and largely at their mercy in regard to national notes. Few, if any, of them have yet borrowed Dominion notes against approved securities, also authorized for the first time at the recent session. They do not care to take the risk, because they must become endorers of the loan.

After three weeks' experience, the government has changed the rules of letting out this national currency, and we have questioned whether they will succeed. Why? Because we have given our banks a monopoly of the currency issue, and we have put them between the nation and the banking of national notes on approved securities!

But these bank managers and their organization—Bankers' Association, they call it—are absolutely without any responsibility to the public, to parliament, to government! They have to give account to no one—saving their shareholders—for what they do. They are, like the kaiser, all powerful and irresponsible. And they have in cases considered the officials of postoffice, and general manager in one many banks, and this one man has for a long time now been picking the directors of the banks; they are the whole works. They are very like the kaiser in a way. We do not know better men for their business, say than Colonel Wilkie and Mr. Duncan Coulson. They have built up big and strong banks. And the colonel is at the head of the Bankers' Association, and in virtue thereof, the main adviser of the minister of finance. But are these able and all-powerful men the men who ought to make our currency system and our national financial policy? So far they've done it. The time has come for a change and this war stringency has rushed it forward. Now is the time to make a truly national currency in place of bank notes and to establish a national bank by means of which the regular chartered banks—deprived of the note-issue powers they now have—would avail themselves of the national note, and the national credit might be advantageously used for the good of business, or to come back to the words of the act of parliament, "to conserve the financial and business interests of the country." We may be called a demagogue, and a "limp-lighter" and other things, but we are not going to stop till we win out in this direction.

And the thing we propose is what, after many years of plunging and mystery and much heart-burnings, our neighbors, the United States, have come to. They have at least a national currency, and they are organizing national reserve banks to loan an unlimited issue of national notes to the member banks of the reserve banks as against approved securities. The banking of the States hereafter is to be with a national currency and on the credit of the nation, plus the resources of the banks. But the nation is to do the legislation and make the rules under which both are to be conducted. In other words, banking and currency are to be treated as public functions, mainly for the public advantage. No one wants to injure the banks, no one denies their service to the public, but it must at least be a partnership, not a jug-handled arrangement, and the public must be the senior partner. And it is surprising how many people in Canada think this way since they began to get light on the mystery.

**DEATH'S HEAD HUSSARS REPORTED ANNIHILATED**  
Canadian Press Despatch. LONDON, Sept. 7.—A Petrograd despatch to The Daily Mail dated Sunday says that the Bourgeois Gazette reports that a squadron of Death's Head Hussars, of which the Crown Prince was commander during his stay at Dantzig, was defeated and completely cut up near Rocozin in Poland. Count Stolberg, the commander of the squadron, and all the other officers were among the fallen.

**BELLEVILLE FAIR OPEN.**  
BELLEVILLE, Sept. 7.—Belleville fair opened today under unfavorable circumstances, but with a good attendance. Many of the stalls were declared the fair open. The exhibits of live stock, grains, etc. are good. The condition of the ground was such as to preclude the holding of speeding contests. The fair will continue Tuesday and Wednesday.

## TEM KILLED, PROPERTY DAMAGE \$1,000,000 BY FLOODS AT KANSAS CITY

### Dreadnought Australia In Chase of Nurnberg

Canadian Press Despatch. HONOLULU, Sept. 7.—The Watson Navigation Co's steamer Wilhelmina reported on arrival here today that she picked up a wireless message from the British dreadnought Australia, then in Hawaiian waters, saying that she was in full chase of the German cruiser Nurnberg, which left here Sept. 1.

The Nurnberg is a small cruiser of only 3450 tons, and, if overhauled, would have little chance with even an armored cruiser. Her main battery consists of ten 4-inch rifles. It is believed here that the Australian cable to British Columbia was cut by the Nurnberg.

Interruption to the cable is between the Bamfield, B. C., cable station and Panning Island. No particulars are obtainable.

Planks of the main German army encountered advanced detachments of the allies in the fighting east of the capital today at a point near La Ferte Gaucher, and were obliged to retire. The inhabitants of La Ferte Gaucher, and were obliged to retire. Lieut. Col. Roux, military critic of La Liberté, said today that the German armies had placed themselves in a position, to the east and north-east of Paris, which might become hopeless in case they suffered a check.

Observers consider that it is obvious that the Germans could not attack Paris, which might become hopeless in case they suffered a check. The wounded began coming into Paris this afternoon. The nearness of this fighting to Paris was responsible for the reports current this afternoon that the sound of firing could be heard from the city itself. The day was beautifully clear, and a strong wind from the east would tend to support the contention of those who declare they heard the sound of artillery.

**Despatches in Autos.** Hundreds of Parisians gathered in great crowds near the gates of the city to watch the passage of military despatch riders who from time to time were dashing in from the east in swift autos.

Nearly all the railroads in every direction around the city were reserved today for the use of the military authorities, while large numbers of private automobiles and taxicabs have been employed in conveying provisions to the scene of operations.

Many Prizes Taken—German Engineers Held at Revolver's Point.

SHANGHAI, Sept. 7.—Hongkong reports the arrival there of a number of prizes, including the American steamer Paklat, Frisia and Rajaburi. The prize crew of the Paklat held the German engineers at their work for three days at the point of revolvers, and frustrated an attempt to disable the engines.

**NEARLY MILLION TROOPS ENGAGED**  
Kaiser's Forces Fought With Backs Toward the French Capital.

PARIS, Sept. 7.—In the fighting which is going on today to the east and north-east of Paris, nearly 1,000,000 troops are said to be engaged. The German forces have their backs toward the capital. French troops are harassing their march. From time to time the Germans turn and engage the French at their back. French shells fall continually in the German rear.

### Cloudburst Over Large Section of the City and 500 Homes Were Flooded—Hundreds Still Missing—Many Thrilling Rescues.

Special to The Toronto World. KANSAS CITY, Sept. 7.—More than 1,000 persons were made homeless, two men were killed and property loss estimated at \$1,000,000 was caused by a cloudburst here last night and this morning. It was the worst flood that has visited this city since the event of August 1903. Five children and their parents were rescued by policeman and two volunteers who swam to the marooned family and took them in a tub from the second story window.

Beginning at 9 o'clock last night the rain fell continuously until 9 o'clock this morning, during which time seven inches of rain was recorded. Many homes located in the path of the storm were swept away by the swirling waters. In parts of the city where the streets were low the water drained from the hills and stood twenty feet deep. Scores were rescued from homes and buildings by boats and rafts.

**Thrilling Escapes.** Many thrilling escapes were narrated. The southwest boulevard district was the hardest hit. That section was flooded over an area of 20 blocks long and from 2 to 6 blocks wide. In some sections the water reached the second stories of residences and commercial buildings. It is estimated that 500 homes in that district were flooded. Tremendous losses were caused because the insurance companies have refused to write flood risks. Until the water recedes it will be impossible to tell the total damage.

Hundreds are missing; but it is believed that most of them were driven from their homes and will be accounted for later. Heroic rescue work was performed by firemen, policemen and private citizens.

As soon as the rain stopped the water began falling. The weather is still threatening, and it is feared more rain may add to the suffering of the flooded district. Many churches, residences and business places were opened to aid the victims.

Yesterday's attendance at the Exhibition was 185,000, or only 19,000 short of last year's record.

It has ever entered the mind of a citizen of Toronto, or of an outsider, that Labor Day could go by without seeing an immense crowd at the Exhibition the same may be crossed forever.

When the Exhibition directors were very much enthused at the splendid turnout.

Every corner of the ground was filled with a moving mass of humanity.

As the years go by we are getting closer with the board of directors of the Exhibition," he said.

Long Waiting Lines. The end of the post-war boom means the end of the crowd, for long after the last banner had passed a long line wended its way from the side to the inside of the barriers.

Speeches on Labor. Organized labor was the chief topic at the directors' luncheon yesterday.

Peace Organization. "I believe organized labor is largely a peace organization, and if they are they must stand for the uplift of humanity."

Some Prize Winners. The results of judging were: Class 1, boys 6 to 12 months: 1, G. F. Wells; 2, F. G. Maxwell; 3, H. Howlett.

War Canoe Races. By the time the war canoe races started several thousands had been added to the crowd of spectators.

Indian Race. Toronto's first Indian war canoe race was a decided success.

Motor Boat Races. Several thousand spectators lined the waterfront to see the motor boat races yesterday afternoon.

All Trades Represented in Monster Parade of Labor Unions—Immense Crowds Lined the Route.

Many thousands of Toronto citizens crowded the line of march yesterday morning of the Labor Day parade of the International Unions, to see the six thousand men pass on their way from the parliament buildings to the Exhibition grounds.

It was slightly after 10 o'clock before the van of the parade was set in motion, starting from Broadbent street toward University avenue.

In Six Divisions. The parade was drawn up in six divisions such under the supervision of a marshal. Each division had one or more bands, and with the bands and regalia which the labor men wore, presented a fine appearance.

In Suits of White. The painters and decorators presented a very neat appearance in suits of white duck. Operators and garment workers followed with almost the entire strength of their union on parade.

As Large as Ever. There were several thousand people around the parliament buildings prior to the formation of the procession, and the crowd increased along University avenue, and, indeed, along the entire length of Queen street, as far west as the Exhibition grounds.

National Parade. The National Labor Day parade, organized by the Canadian National Trades Council, was held yesterday morning. It numbered about 200 and the crowd was made up of many organizations to the number of 14 participated.

TUESDAY, TORONTO, SEPT. 8.

About a Story and Censoring.

Many were puzzled at the sudden change of policy in England in dealing with German and Austrian residents there. At first they were allowed to go about their affairs as usual.

It appears that very early one morning a man going thru Soho was attracted by what he thought was a sound made by a cat in a basement.

After this the rounding up of the German population was speedily decided on, and when the facts are fully known there will be little sympathy for the incarcerated.

It may be asked why these things are not told openly now that all the Germans have been captured and everything has been done that secrecy could assist in doing.

France and Britain are exercised over the proposed purchase of the strips of the German mercantile marine, now held up in United States ports, by an American company.

Perhaps the essence of the complaint lies against the amateur censors. The war office is not altogether responsible for the censoring.

One in Canada will be disposed to complain. We shall no doubt hear all that is good for us to hear, and if we do not get all the details and accessories leading up to important developments we may perhaps console ourselves with the brilliant inspirings of New York experts as to what might, could, should or would have been.

according to the British and French interpretation of international laws and treaties. The discussion will no doubt be conducted in a friendly spirit and should the United States Government actually go into the shipping business, means will be found to avoid the emergence of difficult questions or the complaint that the obligations of a neutral country are being violated.

Capturing German Trade. Vigorous efforts are being made to induce Canadian producers to capture a part at least of the markets now lost to Germany because of the maritime supremacy of the allied fleets.

The Empire at War. So efficient have the British Government departments shown themselves in the early stages of the Pan-European war that a natural disinclination is exhibited to question the rules imposed regarding their share in its conduct.

From what has already been officially disclosed, or has otherwise leaked out, the empire is glad to learn that the British expeditionary force has proved itself to be in all respects worthy of the long tradition it inherits.

Not until some time later, thru Rear Admiral Howard at Mazatlan, commanding the American Pacific fleet, did the Cetriana learn that war had been declared. Coming north the vessel hugged the three mile limit.

THORNHILL RESIDENTS RAISE ONE THOUSAND

Substantial Addition to Patriotic Fund—Hundred and Thirty for Red Cross.

After a whirlwind campaign culminating in a concert on Saturday night the residents in the Village of Thornhill rolled up the substantial sum of \$1,000 for the Toronto and York County Patriotic Fund. In addition to this, \$150 was subscribed for the Red Cross Fund at the concert, which was arranged by E. Beupre. A number of talented musicians from Toronto contributed to the program. The Thornhill branch of the Toronto and York County Patriotic Association was formed on Monday evening, when a public meeting was held. Officers were elected as follows: President, Rev. S. A. Lawrence; secretary, D. C. Fraser; executive committee, Rev. Father Kelly, Rev. J. H. Oke, Superintendent Findlay, E. Beupre, D. Scott, J. E. Francis, S. W. Wilcocks, J. L. McDonald, C. Atkinson, W. Breakey, D. Boyle and Mr. Wiltsher. Four teams chosen from the executive to solicit subscriptions carried out their work with such vigor that the desired amount, \$1,000, was soon assured.

WARD SEVEN NEWS

The Keele street, Carlton and Keith streets fire detachments were called shortly after one o'clock yesterday afternoon to extinguish a blaze in the brick-works of William Bushell, at 615 Weston road. An overheated kiln had set fire to a row of sheds, some of which were destroyed. The loss was fully covered by insurance. The Ratepayers' Association of Ward Seven have called another special meeting for Friday evening for the further consideration of the money stringency and banks problem. The resolution drawn up at the last meeting, petitioning the government for a limited mortgage moratorium and censuring the banks for their present stand, will be further discussed.

MANY DOGS POISONED IN TODMORDEN DISTRICT

Valuable Pets Being Destroyed at the Rate of Three in One Day.

Dog-owners in the Greenwood and Hammon district have been greatly annoyed during the past week or so by the action of some cowardly person, who has spread poison around. Several valuable dogs have been lost in this manner, as many as three in one day, until the residents are wondering when it is going to stop. As there are no police in this district, most of the dogs poisoned have been trained to take care of the property in the absence of the owners, and some of these dogs have never been off the chain, with the exception of ten minutes morning and evening. If the dog-owners can get reliable information as to the guilty person, action will be taken at once.

CONGRATULATES MEN

Rain Much Hinders Exercises of Contingent at Valcartier Camp.

Canadian Press Despatch.

VALCARTIER CAMP, Que., Sept. 7.—After reviewing the troops during the rain Sunday and inspecting the camp this morning the Duke of Connaught made the following statement, which appeared in tonight's issue of the camp orders: "His Royal Highness congratulates the minister of militia and defence for Canada on yesterday's well organized parade, and was very pleased with the appearance of the men under the circumstances, and considers that the parade reflected great credit on all ranks."

Fine Spirit Prevails.

"His royal highness leaves the camp with the knowledge that a fine spirit pervades these patriotic Canadians who have come forward so splendidly from all parts of the Dominion to take their share in the defence of the empire at this trying time in her history, and he feels confident that their example will be followed by all Canadians capable of helping their motherland in the field should further call be made upon them."

Rain Hampers Drilling.

Since Sunday morning rain has poured almost continuously, greatly hampering drilling and work of organization. Despite this fact, however, every man in camp worked as usual today, but the hardship did not last as long as usual. Several baton ranges and put thru a severe skirmishing drill this morning. In the afternoon they were drilled in company and battalion formation on the parade grounds. At 3:30 the downfall of rain was so heavy that the troops were dismissed.

SOCIETY

Conducted by Mrs. Edmund Phillips.

Hon. G. H. Perley, Mrs. Perley and Miss Perley recently had the honor of a private presentation to Their Majesties the King and Queen Mary at Buckingham Palace.

The engagement is announced of Miss Nan Grant, daughter of Lieut.-Colonel Grant, P.A., M.C. and Mrs. Grant, to Captain Hemming, R.C.R., son of Colonel Hemming, G.O.C. and Mrs. Hemming, Kingston, Ont.

The ladies' committee presented Mr. McNaught with an umbrella yesterday afternoon in the committee room at the Exhibition as a recognition of his birthday. Mr. Noel Marshall made the presentation in a very neat speech, and Mrs. Willoughby Cummings also spoke of what the women owed to Mr. McNaught in the change from the old building in which the women occupied the top story to their present palatial quarters facing the lake. After the presentation, when Mr. McNaught thought he was going home with the umbrella, Mr. Marshall informed him that the present was only a dummy and had cost the munificent sum of one dollar; the birthday present, not having materialized in time for the presentation. Among those present were the president of the C.N.S. and Mrs. Oliver, the Misses Oliver, Dr. and Mrs. Dignam, Mrs. MacLachlan, Mrs. J. E. Elliott, Dr. Elliott, Mr. Neely, Mr. and Mrs. John Kent.

Mrs. Forneret and Miss Marion Forneret Hamilton, have left for Valcartier, Quebec, in a few days with Mr. Reginald Forneret.

Mr. and Mrs. George Gibbons, London, Ont., have returned home from a trip abroad.

Miss Yvonne Nordheimer has returned from England.

Mrs. Hector Mackenzie, Mrs. Lillian Mackenzie and Mr. and Mrs. Gordon Mackenzie, are still in St. Jean, France, unable to leave on account of the war. Mr. Lillian Mackenzie, who was in Europe at the time of the break of the war, has not yet been heard from.

Captain and Mrs. Charles Porter are in Montreal.

Mr. and Mrs. D. L. McCarthy and Miss Leah McCarthy have arrived in town from England.

Mr. and Mrs. Harry Peterson have returned from a summer spent abroad.

The engagement is announced of Miss Perle Beecher Taylor, only daughter of late Dr. F. Taylor and of Mrs. F. P. Taylor, Charlottetown, to the Hon. Murdoch McKinnon, provincial secretary for Prince Edward Island. The marriage will take place on Oct. 21 at the residence of Mr. R. N. Taylor, 315 Metcalfe avenue, Westmount, Montreal.

Mr. and Mrs. Alfred Ayres Alexander have issued invitations to the marriage of the daughter, Enid Lillian, to Mr. Arthur Stanley McCordick, on Saturday, the 26th inst., at 3 o'clock, in the Church St. Baptist church and afterwards at the Metropolitan, College street.

Mr. and Mrs. Frederick Hammond are visiting Mr. and Mrs. James McParland in Kingston.

Mrs. Victor Good, Montreal, is visiting her mother, Mrs. Harton Walker, Rosedale.

Mr. and Mrs. M. B. Northrup, Belleville, have returned home after being in the city for the McGoull-Ritchie wedding, and were at the Queen's Hotel.

Miss O'Reilly, who has been the guest of Dr. and Mrs. P. O'Brien, Bathurst street, has left for her home in Washington.

Mr. and Mrs. George W. Badgerow, London, are on a visit to Mr. and Mrs. A. H. Badgerow, 106 Bedford road.

BABY GIRL KILLED

Minnie Gold Was Knocked Over When Carrying Her Sister Across the Street.

While carrying her two-year-old sister Frieda across Queen street near the corner of Lisgar yesterday afternoon, seven-year-old Minnie Gold, 1042 West Queen street, was struck down by motor car 25042, owned by R. G. McCormick, 336 Annette street, and driven by George R. Jackson, 138 Annette street. While the older girl escaped with a few bruises, her baby sister was run over and killed. Jackson, explaining the accident to the police afterwards, declared he did everything possible to avert the accident, but the sudden appearance of the child left him without a chance to avoid striking her. He was traveling at a speed of less than 18 miles an hour.

TORONTO TAXES FOR 1914.

Toronto ratepayers are reminded that Thursday, September 10th, will be the last day to make payment of the second instalment of general taxes without penalty. It would also be advisable, in order to enable the city to provide for the large expenditures necessary in providing work for the citizens during the coming months, if those citizens, who are in a position to do so, would make payment of the school rates instalment and all arrears of taxes, when making payment of the second instalment of this year's taxes. 8524

GRAVS GAINED ON GANZEL BEAT THE INDIANS TWICE

PROVIDENCE, Sept. 7.—Providence took both games from Newark today, the morning battle 4 to 0 and the afternoon contest 3 to 2. Newark hit Schultz hard in the morning but could not find him with men on the bases. Smith's support was loose and the errors and hits were bunched. Ruth pitched strong ball in the afternoon, while Holmquist was batted hard. Scores:

Hams Win Both Games Brants in the Cellar

HAMILTON, Sept. 7.—Hamilton and Brantford closed the Hamilton League season here today with a double-header. Hamilton were victorious in both contests, and as a result managed to beat Brantford by half a game for the cellar position. The scores were 6-1 and 14-4, the second fixture being converted into a tie in the fourth session. The first was close until the eighth inning, when Brantford blew up, while the afternoon tussle was an easy victory for the Athletics.

Ernest Barry Retains World's Sculling Title

Tecumseh by 7 to 6 Win Last from Torontos

QUERRIE'S BAND DOWNED TORONTOS

Evened Up the Season's Count by Taking Final Game by One Goal.

The Tecumsehs closed the season by evening with their local rivals, the Torontos, at the Island yesterday. In a game that was tame for half the journey and then livened up in great fashion, the Indians were returned winners by 7 to 6. Grand defence work in the last half and a systematic offensive by Querrie's band tells the story. This makes the season's count two games each.

LOWER PRICES AT MONTREAL YARDS

Butchers' Stock Was Freely Supplied—Buying Power Seemed Limited.

MONTREAL, Sept. 7.—At the Montreal Stock Yards west end market a weaker feeling prevailed, and prices were fully 25c per 100 pounds lower than last Monday for butchers' stock, which was attributed to the increased offerings and the somewhat limited demand, as packers in most cases had carried over fair supplies of dressed beef from last week.

Trade was rather slow, even at the lower range, and demand was principally for good to choice steers, of which a few loads changed hands at \$5.50 to \$5.75, and the good stock at \$3.75 to \$4.25 per 100 pounds.

The market for hogs was unchanged from last week. The prospects are that values will remain firm, owing to the fact that there is a good export trade now doing in Canadian bacon at profitable prices.

The tone of the market for sheep and lambs was easy, but there was no further change to note in prices. Offerings were large, but the demand was only fair.

The trade in calves was fairly active, with sales of choice milk-fed stock at \$6.00 to \$6.50; and of grass-fed at 7c to 8c per pound, live weight.

Butchers' cattle, choice, \$5.50 to \$5.75; do, medium, \$4.75 to \$5.00; do, common, \$3.50 to \$4.00; common butchers' cows, \$3.75 to \$4.25; do, medium, \$2.50 to \$3.00; do, small, \$1.50 to \$2.00; milkers, choice, each, \$40 to \$50; do, common and medium, each, \$20 to \$30; springers, \$15 to \$20.

Sheep—ewes, \$4.75 to \$5; bucks and culls, \$4.25 to \$4.50. Calves, \$5 to \$20.

AGED GERMANS CALLED TO WAR

Apparently Every Man Able to Carry a Rifle Has Been Summoned

LONDON, Sept. 7.—A despatch to The Times from Ostend reports that arrivals from Brussels and Antwerp of many of the landsturm troops, drilling daily, are men with white hair, which the correspondent says, shows that Germany has called up every man able to bear arms. Similar stories are made by those who have seen German soldiers proceeding north to Antwerp.

The Germans have placed steeple guns around Brussels. These are of heavy calibre and are sunk in concrete.

"I learn from a sure source," The Times' Ostend correspondent continues, "that Emperor William was at Brussels Wednesday evening, staying at the Hotel Bellevue the same night. He appointed Gen. Von Lutwitz governor of Belgium."

"Crown Prince Frederick William gave a banquet at the royal palace at Laeken Wednesday evening."

RUSSIANS SURROUNDED A FORTIFIED TOWN

ROME, via Paris, Sept. 7.—A Russian official report received today says that their troops are gradually surrounding Przemysl, a strong fortified town in Galicia, 51 miles from Lemberg, and that it will soon be surrounded or taken by storm. Unofficial news which has reached here states that the Austrians still continue their fight southwest of Lemberg.

HEAVY GUNS SECURED FOR DEFENCE OF PARIS

LONDON, Sept. 7.—(8.20 a.m.)—The correspondent of The Daily News in Paris, in a despatch under Saturday's date, says he understands heavy guns from Calais, Boulogne and Cherbourg have been brought up to reinforce the defence of Paris.

Twenty-five thousand marine fusiliers, he states, marched thru the city in the small hours yesterday morning.

AUSTRIANS SHOOT ITALIANS.

LONDON, Sept. 7, 2.33 p.m.—In a despatch from Rome the correspondent of The London Standard says that several Italians have been arrested and shot just over the frontier in the Austrian Province of Istria. They were accused of trying to incite rebellion among the Italian inhabitants of the province against Austria, and they were executed without trial.

HOG PRICES LOWER CAUSE UNALTERED

Large Volume of Business Transacted at Union Stock Yards on Holiday

Receipts of live stock at the Union Stock Yards yesterday were 15,000 head, 1,200 hogs, 351 sheep and lambs and 200 calves.

It will be seen by the sales given that there were a few cattle sold at \$4; but, as usual lately, the bulk of those on sale were of common and medium quality.

Trade was quite active, considering that it was a holiday, and prices were steady, but firm.

There was one buyer from Montreal, but he said prices were too high for him to do any business.

In all the different classes of live stock there was little change in prices, excepting for hogs, which were 25c per cwt. lower than the close of last week.

Choice heavy steers by the load sold at \$5.50 to \$6; lot of good, sweet and rams, medium to good, \$7.75 to \$8.15; medium, \$7.50 to \$7.75; common to medium, \$7.25 to \$7.50; inferior, \$6.50 to \$7; good cows, \$4.75 to \$5.15; medium cows, \$4 to \$4.50; choice butts, \$6.75 to \$7.50; common butts, \$4.25 to \$5; Stockers and Feeders.

Choice steers, 800 to 900 lbs., are selling at \$7.50 to \$7.75; good steers, 600 to 700 lbs., at \$6.75 to \$7.25; stockers, \$5.50 to \$6.50.

Milkers and Springers. A few milkers and springers were offered. Prices for them were unchanged at from \$5 to \$90 each, the bulk going at \$65 to \$75.
