MURDER MOTIVE NOT YET FOUND

Shots From H. A. Holmes' Revolver Killed Dr. Harry Williams.

TURNED GUN ON SELF

Murderer Committed Suicide After Shooting—May Have Been Dope Fiend.

By a Staff Reporter. HAMILTON, Saturday, July 3.—A double shooting tragedy, in which Dr. Harry Williams was instantly killed in his office, and Hepworth A. Holmes, who was recently a patient in the Gravenhurst Sanitarium, was so seriously injured by a shot, which he aimed at his own brain, that he died at 8.45 last night in the City Hospital, has furnished a mystery which the police have not yet been able to fathom. Why Holmes committed the rash act is the puzzling question which the detectives are trying to solve.

The explanation has been advanced that Holmes was a dope fiend and that he was reduced to a state of desperation when the doctor would not treat him.

While the police state that they are completely at sea in their investigation of the motive of the crime, it is known that Detective Shirely, who was assigned to the case, found several letters on Holmes' person, which may lead to a solution.

Three shots were fired at Dr. Williams, one of which pierced the brain, causing instant death. The slayer then turned the 38 Savage automatic on himself and fired another shot. The other persons in the house, Misses Dorothy and Frances Clark, hurried into the office and found the doctor dead and Holmes badly wounded, with the smoking revolver lying where it had dropped from his outstretched hand.

Dr. Williams was about 45 years of age, and had been at Dr. Ross' office for less than a year. He had previously been at the sanitarium at Gravenhurst, and while there had treated Holmes for tuberculosis. He was born at Allenford, Ont., and graduated from the University of Toronto in medicine in 1907. While at the sanitarium he became a specialist on lung diseases.

Holmes is supposed to have lived in Toronto. He had been in the city only three days. On Thursday the doctor said that he would not attend to Holmes' case.

The inquest on Dr. Williams was opened by Coroner Dr. Simpson at 6 o'clock, and was adjourned until Monday night.

TWO INSPECTORS NAMED BY BOARD

H. H. Ward and D. D. Moshier Appointed After Lengthy Discussion.

At a three and a half hour session, held last night, the board of education transacted much business, the chief item of which was the appointing of two new school inspectors and a number of new school principals.

Several of the appointments agreed on by the management committee earlier in the week were thrown out, and new names inserted. H. H. Ward, principal Grace street school, was appointed as an inspector, instead of O. J. Stevenson, who had been previously recommended by the committee.

D. D. Moshier was appointed as the other inspector. The change in school principals decided upon and passed were as follows: Davidson, from Coleman avenue to North Leslie.

W. N. Colvin, from George to North York.

W. H. Harwood of York street to Keele street.

J. Yablonsky to Orde street.

W. E. Hume to Humewood avenue.

G. S. Slaughter, Winchester school to George street.

J. Tolchard to Coleman avenue.

Principal Wood of Crawford School, to Grace street, following the resignation of H. H. Ward to inspectorship.

Miss McGregor, principal's assistant at Alexander Muir School, was proposed by Trustees McGarrick and Crawford School, but this motion lost, although Mr. McGarrick had agreed not to oppose Mr. Tolchard's name if Mr. Woods was promoted to Grace Street and if Miss McGregor was voted as principal of Crawford Street.

Blocked Show Appointment. Trustees showed appointment of Miss McGregor on the ground that a man was needed for Crawford School as principal.

As the situation now stands Crawford Street has no principal.

Dr. Hunter moved that the chief medical inspector be instructed to find out how many boys in the Toronto public high, commercial and technical schools have acquired the cigarette habit, its physical, mental and moral effects, and suggest preventive and remedial measures. He cited statistics showing marked scholastic inferiority among pupils who were cigarette smokers.

The board was willing to discuss the motion at length and referred the motion to the management committee.

On motion of Trustee Shaw the 1st Thursday in September was set as the date for the next regular meeting of the board.

Deputation on Playgrounds. A deputation on playgrounds Association was introduced by Dr. Steele. Mackenzie, speaking for the association, said that they would like to do the good work all the year round. That school had been a demonstrated success. Even better use could be made of four acres of the streets during the winter and employed at innocent amusements.

For the coming year they would like the use of Orde street school (in place of Rev. Dr. Ryan, Ryerson and Ogden. On motion of Trustee McGarrick the matter was referred to the finance committee.

ITALIANS INCREASE ARTILLERY FORCES

Fire Opened on Defensive Works of Predil Pass With Effect.

CAMP DEMOLISHED

Austrian Supply Depot Exploded in Village East of Plezza.

ROME, July 2, via Paris, July 3.—The following Italian statement concerning the progress of hostilities was given out today.

The action of the artillery is becoming more intense along the entire front, especially in Carnia where fire has been opened on the defensive works of Predil Pass, an effective result being obtained in a short time.

An enemy camp of about 500 tents, in the vicinity of Ellder, beyond Ploeken, was demolished. The enemy also was dislodged by our fire from entrenchments in construction at Strelia and at Sella de Prasinik.

Yesterday an Alpine detachment captured an enemy entrenchment on the northern slope of Val Grande, the fire from which was hindering our occupation of Predil Pass.

At night and daybreak the enemy in two violent counter-attacks tried to dislodge our troops from the entrenchment, but were repulsed both times with heavy loss. One hundred and fifty dead were counted. Some prisoners were captured and a hundred guns were taken.

On the Isonzo River the action continues its course actively.

Fire from our artillery burned the Village of Critonica, east of Plezza, where a large depot of supplies was exploded. Ammunitions depot also exploded.

Last night the enemy twice attacked a position captured on the Carnic plateau but they were repulsed.

CANADA NOT GETTING FAIR SHARE OF ORDERS

Morgan is Standing in Way, House of Lords is Told.

LONDON, July 2.—The British Government's arrangements with the banking firm of F. Morgan & Co. for financing purchases in the United States, was again debated in the house of lords Friday. Lord Grimthorpe, who is a banker by profession, urged that Canada should have the preference in the order for shells, and added that "one reason why more orders are not going to Canada is that the big shadow of an interloper stands between her and the government."

"I am not saying a word against the Morgans. No better firm could have been chosen if it were necessary to employ American bankers to conduct our business in America. But this arrangement has been very severely criticised, and the government declares the arrangement productive of large savings business men state on the contrary we have spent millions unproductively."

Moderate Commission. Earl Curzon, lord of the privy seal, replying to this, said that he had made a mistake on a previous occasion when he said the commission of F. Morgan & Co. was 2 per cent. He stated that it really was only one per cent.

EXCESSIVE PROFIT FOR CONTRACTOR

Chicago Architect Examined Manitoba Parliament Buildings.

SHORTAGE ON STEEL Only Seven Hundred Tons Where Two Thousand Required.

WINNIPEG, July 2.—E. C. Shankland, a Chicago architect, was examined at today's session of the royal commission, principally with regard to the \$802,000 parliament buildings contract. Asked why he came to see Dr. Montague on Oct. 1, he said it was in connection with Howard's estimate of \$12,047 as to the cost of the steel to be used in the south wing, the central portion and the dome of the new parliament building. He stated that he had estimated he had wired Howard that he could not see how the quantities of steel were made up, stating that instead of 2000 tons in the central portion, excluding the dome, he could only find 700. In a letter of the same date, he stated he could not check the estimate of \$12,047, for in using Howard's prices as a basis of calculation he arrived at only \$760,205.

To C. P. Wilson, Liberal counsel, Shankland said he had advised Dr. Montague that the \$215,000 contract, as originally framed, involved an excessive profit for the contractor.

The Chicago architect denied that his object in visiting Dr. Montague in October was to prepare for him a brief with which to ward off criticism of the Kiply contracts.

ZEPPELINS RAIDED MUNITION FACTORY

Extent of Damage Wrought at Newcastle Withheld by Censors.

SHOWER OF BOMBS

Greatest Attack Yet Attempted on England by German Raiders.

NEW YORK, July 2.—A description of the bombardment of the north coast of England by zeppelins on the night of June 15, details of which have not been permitted by the British censors to become public, were brought to New York by passengers aboard the steamship Lapland from Liverpool. According to accounts of the air raid given by the Lapland's passengers, the zeppelins, which raided the northeast coast of England, were more successful from a military standpoint than any of the previous aerial warfare which have flown over England, as they did considerable damage to Palmer's foundry, a large machine shop in Newcastle, now used for ammunition factory.

Hit Munitions Factory.

The official reports, according to the Lapland's passengers, cited that a majority of the bombs caused by the explosive bombs dropped by the raiders took place in the munitions factory, which also suffered grave material damage. Except for insignificant injury to the Tilbury and Gravesend docks no damage worthy of the name of military usefulness, it was said, had been wrought by any German aircraft in England until the raid by zeppelins, June 15, on the northeast coast.

The raid began at Grimsby where the highly important and valuable locks at Immingham narrowly escaped bombs which were dropped by the Zeppelins, it was said. From Grimsby, a course was then steered for Hull, but when Hull was reached little attention apparently was paid to the city which had suffered heavily from the previous visit of German aircraft. The pilot, who evidently knew the country well, led the Zeppelin squadron then to Newcastle.

Easy Target For Raiders.

Running with double shifts day and night the munitions factory at Newcastle was well lighted and offered a target to the aircraft. One of the big Zeppelins seemed to hover, almost stationary, over the munitions works and rained down upon the factory a quantity of explosive and incendiary bombs.

How great the damage was, it was said, has been withheld from the public. Only officials have been allowed near the bombarded factory since then, but it is generally known that it suffered considerable damage from the attack.

AD MEN OF TORONTO BACK FROM CHICAGO

Convention Was Great Success and Remarkable Pagan Seen by Over Half Million.

The delegation of upwards of twenty-five members of the Toronto Ad Club who attended the recent Chicago Convention of the Associated Advertising Clubs of the World, N.Y., was elected unanimously for the outlook of the advertising club's movement. Chas. Ed. Potter, the newly-elected president of the club, was accompanied by several other members of the organization.

It is estimated that between seven and eight thousand people attended the convention, there being over four thousand registrations.

The remarkable advertising pageant held on Michigan avenue, on the first night of the convention, drew a crowd of 600,000 people. It took two hours for the parade to pass a given point. It was an exceedingly elaborate parade with marching clubs from all over the United States and Canada; costly and beautiful floats, famous advertising figures and crack military bands.

Rev. Herbert S. Houston, vice-president of Doubleday, Page & Co., Garden City, N.Y., was elected president to succeed Mr. Woodhouse of San Francisco, and P. S. Florea of Indianapolis was elected secretary.

A large supply of Canadian maple seeds has been received here. Negotiations are proceeding with the English Red Cross Society in an endeavor to have these seeds planted around the graves of the Canadian soldiers who are buried in Flanders.

To Ward Off Summer Complexion Ills

To keep the face smooth, white and beautiful all summer, there's nothing quite so good as ordinary mercolized wax. Discolored or freckled skin, so common at this season, is gently absorbed by the wax and replaced by the newer, fresher skin beneath. The face exhibits no trace of the wax, which is applied at bedtime and washed off mornings. Greasy creams, powders and rouges, on the other hand, are apt to appear more conspicuous than usual these days of excessive perspiration. Just get an ounce of mercolized wax at any drug store and use like cold cream. This will help any skin at once and in a week or so the complexion will look remarkably young and healthy.

YORK COUNTY AND SUBURBS
GO ON WITH WORK FOR IMPROVEMENT
OBJECT TO SMELLS OF GILBERT DUMP
 Plans of Commission Have
 Been Blocked on Several
 Occasions.
TO LOWER THE GRADE
 Hill in Question Most Abrupt
 on Yonge Street for
 Some Distance.

At the recent session of the York
 County Council a resolution empow-
 ering or endorsing the proposed im-
 provements in the Thornhill hollow on
 upper Yonge street, was unanimously
 adopted. For two or three years
 every attempt to carry out the plans
 of the commission have met with
 opposition. Geo. H. Watson, K.C., and
 counsel annoyed at the delay, have
 now decided to go ahead and if nec-
 essary fight the case in court.

Warden Nigh was on Wednesday
 called to appear before the master-in-
 chambers as a preliminary step in the
 opposition preferred by Mr. Watson.
 The bill in question is the most abrupt
 on Yonge street between Toronto and
 Holland Landing and fronts on the
 Watson farm at Thornhill. Until the
 grade is lowered, Yonge street at this
 point will not be improved. Lively
 developments are shortly expected.

INVESTIGATE CHARGE
AGAINST M'MULLEN
 York Police Commissioners Met
 and Advised Officer to Be
 More Courteous.

Judge Coatsworth, Warden Nigh
 and T. A. Brunton of the York County
 Police Commissioners met yesterday
 afternoon in the county chambers and
 investigated charges preferred against
 J. E. McMullen, a member of the York
 County Constabulary.
 The trouble arose out of a communi-
 cation from Robinette Godfrey and
 Phelan, acting for S. Sylvester, charged
 by Constable McMullen on May 7th
 with violating the speed limit in the
 county. At the trial before Police
 Magistrate Syme, the officers were re-
 quested by one of the former solicitors
 to allow the note book in which the
 charges were entered to be examined.
 The McMullen refused to do so and
 Magistrate Syme adjourned the case
 for a week to find his power in the
 matter.
 When the case was reopened, the
 magistrate ordered McMullen to allow
 counsel to examine the memoranda
 and which, it is claimed, did not cor-
 respond with McMullen's statements be-
 fore the magistrate.
 Mr. Phelan held that McMullen's
 answers were insolent and the com-
 missioners after hearing all the evi-
 dence, advised the officer in the future
 to be more courteous.

SAURDAY MORNING, JULY 3

Fire Department Jockeying

We do not think the board of control is playing fair with the city in dealing with the reorganization of the fire department. The board of control knows the temper of the city council and the aldermen as well as anyone. The controllers are aware of the division of opinion in the council, and it must strike the observer that they are playing with the aldermen's differences in order to postpone a decision in harmony with some policy which certainly does not appear on the surface at present. The citizens will not stand any attempt to jockey the question into a state of exhaustion, so that the old machine rule may be re-established and continued without modification.

The developments of this week look suspiciously like this, and it is unworthy a body like the Toronto City Council to lend itself to such a policy. An honest attempt at reorganization does not yet appear to have been made, otherwise the controllers would have brought in the name of someone who would have commended himself to the whole council by his experience, his authority and his reputation as a proper leader for the important department. We have nothing to say against the nomination of Mr. Cuddy, except that those who know the aldermen as the controllers know them ought to be aware that it will be practically impossible to have the nomination endorsed. It is merely another move in the game of postponement.

Entrenched Behind the Mud Wall

The Globe: Did The World discover the mud wall or was it personally conducted on its voyage of discovery by some shrewd friend of the railways which object to the mud wall because it costs a great deal?

This is all the Globe, which has avowed itself as having been placed in possession of special information on the question, has to say about the postponement of the opening of the Union Station for five years while a mud wall is being built across the city water front. We shall be happy to conduct The Globe out to High Park and exhibit there the effect of a mud wall on a scenic view of the city.

CALL OF GOVERNMENT TO HELP RECRUITING

One May Be Issued When Premier Gets Back, Says Hon. Clifford Sifton.

Hon. Clifford Sifton, who was a guest at the King Edward Hotel yesterday, said that when Sir Robert Borden and Major-General Sam Hughes, minister of militia, return from England they will probably issue a government statement to stimulate a government call for recruits will have a great effect. At present, the government does not realize the necessity for more men. The in some parts, recruiting is fair, he said. "It is mostly very poor and something must be done."

COMMISSION TO RUN MILITARY HOMES

Soldiers' Hospitals Also to Be in Jurisdiction of Board.

WILL SELECT STAFFS

Expenditures Will Be Charged Against War Appropriation Vote.

By a Staff Reporter.

OTTAWA, July 2.—The Dominion Government has appointed a commission to be known as the hospital commission, whose duty will be to provide and equip hospitals and convalescent homes where the more seriously wounded soldiers may receive proper treatment, and where those whose injuries are less severe may have the opportunity to recover under the most favorable conditions.

The president of the commission is Hon. J. A. Loughnan, acting minister of militia, and the other members are: Col. Sir H. M. Pellatt, Toronto; Sir Rodolph Forget, Montreal; Esmerton White, Montreal; John S. McEwen, Sydney, N. S.; Lieut.-Col. Thomas Walker, M.L.A., St. John, N.B.; F. W. Avery, Ottawa; Col. W. Rowley, Winnipeg; J. H. S. Matson, Victoria; Col. Carleton Jones, Ottawa, who is now in France; and Clarence Smith, Montreal.

The commission will select medical and nursing staffs, but the schedule of pay must be approved by the governor-in-council. All expenditures will be made chargeable against the war appropriation vote.

The underlying principle of the new movement will be to render effective assistance to those Canadians who have suffered from the cause of the empire and to see that every comfort is furnished them.

HONESTLY TRYING TO RUN BUSINESS

Application Refused to Proceed With Mortgage Against Henry Greisman.

DECISION IS REVERSED

Commission for Sale of Property Canceled by Appellate Court.

Mr. Justice Middleton at Osgoode Hall yesterday refused leave to the estate of Cephas R. Bewetherick to proceed with a mortgage action against Henry Greisman of the King Suspenders Company, because of the war and the operation of the Mortgage Act. The estate owned property on Queen Street, subject to a mortgage. It was sold to Greisman, who to secure the balance of the purchase money gave a second mortgage. The property which was valued at \$40,000 was sold in turn by Greisman to the Excelsior Plate Glass Company, on the understanding that the company would assume and pay off both mortgages.

All interest on both has been paid and there is nothing due on the first mortgage. More than six months ago \$500 was paid on the second mortgage on account of the principal. The estate sought to compel Greisman to pay two instalments now in arrears. In refusing the application his lordship says that as there is a depression in the business of the glass company it cannot pay, nor can Greisman who is tied up in many business ventures and cannot take money from them to pay the mortgage. Greisman was apparently honestly trying to keep things going, hoping that when business resumed he would be able to pull thru.

Canceled the Commission.

The decision of Judge Winchester that Nathan Rose was entitled to judgment for \$406.25 against Mrs. Carrie Mahoney and her husband, has been reversed by the second appellate court. It was stated that the defendants had signed an agreement to sell their property on Richmond and Bathurst streets, without noticing that the name Rose had been introduced as a name.

ZURICH, via London, July 2.—At the conference at Vienna of the industrial leaders of Germany and Austria to discuss means for bringing about a closer economic union between the two countries, Dr. Reiser, president of the Hansa League, pointed out that the allies of the quadruple entente not only had entered into political treaties, but had concluded a number of economic arrangements. MAJOR DOUGLAS YOUNG TELLS OF HIS ESCAPE

Comrades Carried Him for Two Miles During Rain of Bullets, to Safety.

Major Douglas Young, who went to the front with the Royal Canadian Dragoons and was badly wounded by shell fire, writes to a Toronto friend telling of his marvelous escape from death. His comrades carried, their wounded officer for two miles, amid a rain of bullets, to safety. He says: "It had not been for those good fellows, Chippman, Drury (son of the late General Drury, of Kingston and Halifax), and our quartermaster, I would not be living now."

While staying in the hospital of the great company of fishermen, London, he states he was almost killed with kindness. He is to be moved to Countess Dudley's rest home near Bournemouth.

Vegetable growers in Ontario are warned of the necessity of developing a home seed supply, since the former sources of supply, chiefly Germany and Holland, have been cut off.

HAMILTON CLOSE FAVORITES FAIL

Only One Public Choice in Front on Last Day---Liberty Hall a Winner.

By a Staff Reporter. HAMILTON, July 2.—There was a fair sized crowd at Hamilton today to witness the closing day races of the first summer meeting of the Hamilton Jockey Club. Just as the Toronto train arrived at the track a heavy rain fell, and it drizzled all afternoon. The track was muddy and the books once more reaped a harvest. Valas, winner of the third race, being the only favorite to win. Valas was not even money and had the race all to himself. The remaining six events went to one second choice and five four-priod ones.

The Junior Handicap, the carded feature, was the first race on the Canadian circuit where two-year-olds were asked to go 5 1/2 furlongs. Dr. J. S. Tyre's good colt King Neptune, the second choice, was the winner. The winner, King Neptune, broke very slow and failed to get to the center of the track, and after a hard stretch drive the colt, who had been in the lead, was away by a nose from the rank outsider Reserve. Reserve raced by the favorite Pecky at the turn for home and looked like a sure winner. Phil Ungar finished well and got third.

Liberty Hall, recently purchased by Charlie Crew of Toronto, from the Davies stable, captured the first race of the day. Liberty Hall was a 2 to 1 chance, and after being shuffled back at the start came on the outside and won by the neck. The second choice, Lady Lightning, took down the small and the purse. Crystal, the favorite, was away well, but did not seem to like the going. Liberty Hall was a 2 to 1 shot. Just as the race was about to start, the public choice, Marion Galt, in the second race, was held to the end by two lengths in front most of the way, when they swung for home Marion Galt and Charlie Miller's Shrove Tide came very fast. This was Shrove Tide's first race this year and he ran a very good one.

In the fifth race Slumberer easily beat the favorite, Aprisa. Aprisa set the pace for the first mile, where Slumberer raced into a three-length lead, which he easily held to the finish. Subject was third all the way. The last two races were run on the turf. After the Rump had delayed the race ten minutes, Bendel overtook his second choice, Red Fire, and won by a length. Lucky George, the favorite, was an easy opposition for the show. The "good things," Galaxy, backed down to a well-played second choice, finished away back. New Haven, who could not run this morning, was a 15 to 1 shot, and when the gate was sprung rushed into a long lead which he held to the end. The favorite, finished second, a length ahead of Ford Mat.

The Toronto rider, Jeff Acton, carried off the riding honors for the day with two wins. Most of the owners shipped to Fort Erie, where the meeting begins tomorrow afternoon.
