7TH YEAR

FAVORS COMMERCIAL UNION BETWEEN CANADA AND THE U. S.

Leslie Shaw, Former Secretary of the U. S. Treasury, Makes an Important Deliverance as to American Feeling for Us of the Northern Zone.

WOULD HELP AGRICULTURE BUT HIT MANUFACTURERS

NEW YORK, May 16.—(Special.)—Predicting closer and more friendly relations with Canada than ever before, both commercially and otherwise, Leslie M. Shaw, former secretary of the treasury, went farther in his address to-night before the Canadian Club, in the ball room of the Hotel Astor, and declared his belief that Canada and the United States will eventually stand shoulder to shoulder in the matter of tariff upon imported manufactures.

After pointing out the fact that Great Britain consumes one-third of all American exports without imposing upon her any penny more of taxation than upon internal revenue, taxes on her own domestic articles, Mr. Shaw declared that it would be an outrage to admit the products of Germany, France or Italy on more favorable terms than those of England.

"I have often thought," he said, "of what England would say if Canada were to admit our manufactured articles upon a lower tariff than she imposes upon those of the mother country. If England will consent, then I am in favor of a commercial union with Canada, coupled with the same tariff laws, and the same immigration laws for both countries."

"I am disposed to think that such an agreement would be mutually advantageous. I grant it might, at first, slightly affect our food-producing states, but it would very soon result in an increased market for American labor sufficient to offset it. It would work to the very great advantage of Canadian agriculture, although it would probably retard the development of Canadian manufactures."

All One Blood. Dr. Neil MacPherson, president of the club made a stirring speech, bringing the 800 singers to their feet in a burst of applause, as he declared that "stimulus, hope and ambition, blood and brain, and pride in each other's achievements, actuate and dominate the Anglo-Saxon race."

When he rose to make his address, he first proposed a toast to the president of the United States, drunk with a cheer, and with the singing of "My Country, 'Tis of Thee."

When immediately after his address he called for a toast to the singing of "God Save the King" rang thru the ball room.

Introduced by John Turnbull, president of the Canadian Club of Toronto, the Rev. Dr. S. Parks Cadman of Brooklyn, spoke on the subject of the "Anglo-Saxon race."

Other Speakers. Donald McMaster of London, England, introduced by W. H. D. Miller, Montreal, discussed "The Administration of Justice."

The development of the Canadian North-west was the subject chosen by the Hon. R. F. Sutherland, speaker of the house of commons, Ottawa, W. T. Officer of the Toronto Club of Victoria, B.C., presenting him.

W. A. Hignbottom, president of the Canadian Club of Philadelphia, introduced Hugh Guthrie, M.P., of Montreal, discussed "The Administration of Justice."

The development of the Canadian North-west was the subject chosen by the Hon. R. F. Sutherland, speaker of the house of commons, Ottawa, W. T. Officer of the Toronto Club of Victoria, B.C., presenting him.

W. A. Hignbottom, president of the Canadian Club of Philadelphia, introduced Hugh Guthrie, M.P., of Montreal, discussed "The Administration of Justice."

The development of the Canadian North-west was the subject chosen by the Hon. R. F. Sutherland, speaker of the house of commons, Ottawa, W. T. Officer of the Toronto Club of Victoria, B.C., presenting him.

W. A. Hignbottom, president of the Canadian Club of Philadelphia, introduced Hugh Guthrie, M.P., of Montreal, discussed "The Administration of Justice."

CROP WILL BE ALL O.K.

WINNIPEG, May 16.—(Special.)—Senator W. D. Perley, Wolsley, Sask., one of the most successful farmers in Western Canada, does not believe that the backward season gives any cause for uneasiness. In a letter to The Telegram, he says: "I know, on the Perley farm, we will seed the last acre we intended to, in wheat, having an abiding faith, based on experience and observation of 47 years of farm life, that the harvest will come off all O.K."

SUMMARY OF BOND'S PROTEST IS CORRECT

Deakin Gives Statement to Mail—News Terms It as Malignant Intervention of Thugs.

(Canadian Associated Press Cable.) LONDON, May 16.—The Mail obtained the following statement from Premier Deakin: "The report of Bond's remarks in The Mail correctly summarized his speeches and general attitude. Bond certainly protested emphatically on behalf of his colony, both against the treatment to which its legislature had been subjected, and against the refusal of the imperial government to reverse."

Deakin, however, believes that Bond did not leave the conference room till the conference closed. Sir W. Lyne, who expresses disappointment at the results of conference where colonialists have been unfairly treated in more ways than one, says that Canada seems to be the only country in the King's Dominion spoken about here.

SHAVES 15 CENTS. Barbers Down Town Will Demand a Higher Price.

On and after June 1 the price of shaves in the downtown barber shops will be 15c.

This was decided at a meeting of tonsorial artists, held last evening, in the Rossin House.

Just what the limits of "down-town" are was not defined.

A new schedule of prices in other directions will also be arranged by each barber. No uniformity could be secured, and it was decided to let each shop regulate for itself in that regard.

A Greys Subject. The tailors are talking to themselves as to the most popular patterns in greys, for it seems that everybody wants grey this summer, or rather, spring. However, to match these grey suits, Dineens are selling the finest grey soft hats to be found on the continent. The makers of all the famous special in all the popular shapes and the closest prices, at corner Yonge and Temperance-streets.

Bought Yonge-Street Property. Realizing that they must have much more room than their present two stores and show-rooms, the Messrs. Dewar Bros. Limited, the tailors, have purchased the northwest corner of Yonge and Agnes-streets, with a frontage of 75 feet on Yonge and 140 feet on Agnes. They will make this spot their headquarters. Since selling their premises at Yonge and Shuter-streets, Crawford have acquired stores at 211 Yonge-street and 384 Yonge-street, as well as substantial factory premises on Richmond-street.

Conservative Caucus at Montreal Surrounded With Secrecy.

MONTREAL, May 16.—(Special.)—About fifty Conservative members of the house of commons and senate together with party candidates met at the Windsor to-day and discussed the political situation.

After hearing an address from R. L. Beaton, all those present were sworn to secrecy.

The leader returned to Ottawa this evening.

PASTOR RESIGNS. NEW YORK, May 16.—Rev. Dr. John L. Clark of the Bushwick-avenue Congregational Church, Brooklyn, N. Y., who early Tuesday morning wedded Millionaire Corey and Estelle Gilman, has, after a meeting of the trustees, resigned.

CANADIAN P.O. LEAGUE PRACTICAL POLITICS

Central Organization Completed by Branch Leagues With A. W. Wright President.

The Canadian Public Ownership League was organized last night, when delegates from the five local organizations—four in Toronto and one in Toronto Junction—met at McConkey's, adopted a constitution and elected officers.

A. W. Wright was elected the first president, J. W. Curry, K. C., of Toronto, and Jesse Wright of Toronto Junction were selected vice-presidents. Four other vice-presidents were left open in order that local leagues that may be organized elsewhere in Canada may be represented.

The following other officers were elected: Recording secretary, C. W. Carey; corresponding secretary, J. H. Duthie; treasurer, Dr. E. Herbert Adams; executive committee, R. G. Agnew, J. M. Wilkinson, W. A. Sherwood, J. L. Richardson, E. M. Thomas, H. W. Josellin and W. Y. Todd.

President A. W. Wright, in accepting the unanimous vote of the delegates, said, in public ownership the people had a question that would be more and more important as time went on. He would not say that it would be the means of making a division in the political parties, and he thought the day would come when both parties would be united in support of the principle of public ownership.

The speaker had been read out of the Conservative party by a newspaper, and during to advocate public ownership, but he thought it would not be long till people would be read out of both parties for not advocating the reform.

Loss to the League. The death of A. D. Wilson, president of the East Toronto Public Ownership League, was the subject of a resolution, moved by J. M. Wilkinson, seconded by H. W. Josellin, and spoken to by W. A. Sherwood, Dr. E. H. Adams and J. H. Duthie. The league will attend the funeral on Saturday.

The discussion of the constitution occupied the greater portion of the evening. The platform of the league was stated to be that "all public utilities should be owned and controlled by the people, and operated for their advantage, either by municipalities, provinces or the Dominion, as the circumstances and conditions may require."

Into Practical Politics. The section explaining the objects of the league is as follows: "The objects of the league are to secure the public ownership of all persons, irrespective of creed or politics, who approve of the principle of public ownership as laid down in our platform."

Second—To carry on an active propaganda of the principle of public ownership in all public utility companies, and to bring the principle of public ownership within the sphere of practical politics.

Fourth—To obtain for the people the power of the initiative and referendum in respect to the public ownership of utilities.

All Citizens Are Eligible. On the eligibility of women, there was a spirited debate. It was agreed that "all citizens" who endorse the platform of the league may join.

The annual fee of the local leagues was set at 25c, half of which is to be paid to the central organization.

The appointment of an organizer was left to the executive, as well as the date of the annual meeting.

DEPARTMENT FURNISHES NECESSARY INFORMATION

Eight Men Laden With Documents File Into Court Room, But Are Ordered Out.

QUEBEC, Que., May 16.—Another incident happened this afternoon in the libel case of Asselin in the criminal court.

This morning N. K. Lafamme had asked Hon. Jean Proulx for a number of documents. About 8.30 this afternoon Mr. Lafamme was cross-questioning Mr. Lemont when eight men entered the criminal court with the complete folding cabinet of the department of mines and a large box full of documents of all kinds, and a complete set of books of reference.

Judge Bosse, surprised, immediately ordered that the big cabinet be placed in the hall. Afterwards, the officers of the department were placed at the disposal of Mr. Lafamme for the examination of all the documents he wanted. The inspection of the permits of exploration was fixed for 7 o'clock to-night, and the case was postponed till to-morrow morning at 10 o'clock.

MUM'S THE WORD.

CONTROLLERS ORDER OUT POLICE TO STOP WORK ON RAILWAY LOOP AND WILL TEAR UP TRACKS TO-DAY

Company Goes to Work Without Permission to Lay Rails Near New Scarboro Beach Park and Civic Rulers Respond Nobly to the Challenge.

WORK TWO-THIRDS DONE BEFORE ALARM WAS GIVEN

A test of strength between the city and the street railway is on the program for this morning, when a detachment of men from the roadways branch of the civic works department, acting under orders from the board of control, will proceed to tear up the round rail laid down by the company yesterday, connecting the East King-street car line with the entrance into Scarboro Beach Amusement Park.

Last night a brace of stalwart policemen stood guard over the spot to check any attempt to carry on the work to continue the work carried on during the day by a busy contingent that totted from 8 a.m. to 8 p.m.

While the work was in progress, the railway's application for permission to put down the rails was being deliberated upon by the board of control, which body was entirely unaware that Manager Fleming, arrogantly optimistic as he was, had been granted the privilege of laying down the rails, and was losing no time. But the controllers, having doubts as to whether the laying of the rails in the park might not mean a cutting off of the service into East Toronto, decided to get a clear understanding on that point first.

Harris on Guard. Early in the morning Property Commissioner Harris was advised by street railway's attempt to steal a march on the city. He promptly phoned Controller Hocken, and that aggressive champion of the city's rights against the company, took speedy measures to obtain local color. He telephoned to a heavy stable and had a hack taken in commission. Controller Harris was called for and later Controller Hubbard, and the conveyance rattled east.

Cab Wrecked. At Lee-avenue there was a mishap. The shaft broke, leaving the vehicle stranded. The controllers finished the journey on foot, and on arrival, discovered that while work had been suspended, the street railway had gone far enough to make it plain that the curbs had been laid down concerning the south rail of the south track and extending across the sidewalk, the whole length of the curve laid being about 25 feet, while within the amusement park ties were laid for a stretch of about 200 feet.

A gang of about two score workmen in the railway's employ was camped on long stiff stems, 123 West King-street, Johns Main 7210 and Park 1537.

Your Wedding Flowers. See Jennings' roses; beautiful blooms on long stiff stems, 123 West King-street, Johns Main 7210 and Park 1537.

Merchants Up in Arms

Retail merchants in the vicinity of King and Yonge-streets are up in arms over the dilatory tactics of the Street Railway Company in making the alterations at King and Yonge-streets.

Instead of hurrying up the work, as should be expected, at this busy corner, there is no attempt at all to do rush work by night, although this is done by the company in a great number of instances.

For the night and to prevent any such overt act, the controllers instructed Acting City Engineer Falloway to dispatch a number of men in the city's roadways department to the scene this morning for the purpose of tearing up the round rail, the laying down of which is regarded as a breach of agreement.

Not content with a policy of defence alone, the controllers instructed Acting City Engineer Falloway to dispatch a number of men in the city's roadways department to the scene this morning for the purpose of tearing up the round rail, the laying down of which is regarded as a breach of agreement.

Controllers Determined. Controller Hocken, in discussing the situation last night, said that his fellow controllers were quite as determined as himself not to allow the city to be dealt with in a high-handed way by the railway. Controller Ward had been communicated with, he said, and had declared his entire acquiescence in the vigorous action being taken.

LONGSHOREMEN FIRM REFUSE TO ARBITRATE

Made Offer by Shipping Federation Which Also is Turned Down— Freight Handlers Out Now.

MONTREAL, May 16.—(Special.)—The federation of shippers and the C.P.R. offered the longshoremen an offer of 2 1/2 cents per hour to-day, but the men, after due consideration, not only refused to accept the advance, but also declined to offer to arbitrate, and the following is the document:

"The shipping federation of Canada and the C.P.R. Company submit offer without prejudice of an increase in wages to the longshoremen of the port of Montreal, the offer being an offer of 2 1/2 cents per hour to-day and night on the understanding that these rates are to remain in force till the last ocean vessel sails from Montreal season of 1907."

"If this is not acceptable then they are willing to arbitrate the question of wages, provided the workmen resume work forthwith, in which case the decision of the arbitrators will date from Friday, May 17, 1907, at being understood that the rates fixed by the arbitrators are to remain in force until the last ocean vessel sails from Montreal season of 1907."

CLERGY NOT SO BAD AS SOME MIGHT THINK

Rev. N. H. Gillivray Criticized for Address to Synod - Meeting Next Year at Lachute.

BROOKVILLE, May 16 (Special).—The Ottawa and Montreal Synod concluded its deliberations today, the two sessions being devoted to the consideration mainly of reports. However, Rev. Dr. Campbell of Montreal took occasion to criticize the address delivered last night by Rev. N. M. MacGillivray, on the materialism of the pulpit.

"From the general drift of Mr. MacGillivray's remarks," said Dr. Campbell, "the impression might be gained that clergymen generally were men who were far short of the qualifications that ought to be shown in their office. This was all the more unfortunate because the address was delivered in the presence of a mixed audience."

"Fortunately, the ministers in the town, representing the Presbyterian churches, were too well known in the community to permit of any harm following the address so far as their influence is concerned, but the friends present might assume that the personality of the clergy elsewhere throughout the synod would be of a different opinion."

He, Dr. Campbell, with well on to 50 years' experience and observation, had formed a different estimate of the clergy generally, and Presbyterian ministers in particular, and whilst far from claiming perfection for them, yet he thought better of his brethren in the ministry, including Mr. MacGillivray, than to allow the remarks made to go unchallenged. He believed the address exaggerated any failings that existed among his brethren, while no redeeming features were mentioned.

Mr. MacGillivray's address has aroused a lot of adverse criticism. The several presbyteries of the synod were requested to make urgent efforts to secure, if possible, the following amounts for wiping out the debt on Ottawa Ladies' College: Ottawa \$700, Montreal \$500, Lachute \$100, Quebec \$150. Subscriptions to cover three years.

Prof. MacKenzie, Montreal, presented the report on the former province it was noted that little progress had been made beyond an increase in salaries to teachers, and further, that the situation in the rural districts compares unfavorable with that of 20 years ago.

Outlook Good in Quebec. The outlook in Quebec was hopeful in the towns and villages in marked contrast to the rural parts. Through the province, he said, there were 400 schools, with an average attendance of 100,000. In over 300 the teachers have no diplomas. The Sir William MacDonnell school at Ste. Anne was looked forward to in the hope of aiding in the training of Protestant teachers. The report of young people's societies recommended to the general assembly the appointment of a permanent traveling secretary.

The report on augmentation recommended that the synod undertake the raising of \$10,000, but the synod considered the sum too large and the recommendation was not accepted. The synod adjourned to meet the second Tuesday in May, 1928, at Lachute.

Only One "BROMO GUININE." That is LAXATIVE BROMO GUININE. Similarly named remedies sometimes deceive. The first and original Cold Tablet is a WHITE PACKAGE, with black and red lettering and bears the signature of E. W. GROVE, 25c.

HAMILTON Happenings

REDUCTION IN STREET LIGHTING IS OFFERED

Hotels on Extension List Given License—Discuss Location of Isolation Hospital.

HAMILTON, May 16 (Special).—This afternoon the license commissioners met to consider the cases of Edward Condon of the Belmont House and J. J. Holland, formerly of the Flamboy House, two hotels placed on the three months' extension list. The two men were employed at these hotels as bartenders, and License Inspector Byrrell refused to give them licenses until they appeared before the board. The board granted licenses to both. The license of the Brunswick Hotel was transferred to B. R. Canfield of Montreal, from R. G. Griffith. "The finest company in the Canadian militia," was the high compliment to the company of the 13th Regiment, commanded by Major Labatt, by Col. Septimus Denison, Toronto, who inspected it right off of the regiment this evening. There were 233 men on parade.

Commemoration Lodge, C.O.O.F., was instituted this evening. Mrs. Robertson, wife of Charles Robertson, 117 North Bay-street, died this evening in her 94th year. She is survived by the following family: Mrs. E. J. Anderson and Mrs. A. T. Smith, Toronto, and E. and William Brien. Representatives of the council and board of health met this evening to talk over a location for the Isolation Hospital. A majority were opposed to locating it on the present City Hospital grounds, and a sub-committee was named to get the opinion of the provincial board of health as to the location of the hospital grounds, and to seek out sites. Chairman Quinn of the board of health stated that Dr. Hodgetts and Dr. Bruce Smith thought the institution should have a separate site.

Reduce Street Lighting. Col. Gibson has submitted in writing the propositions he made to the aldermen verbally last Friday. He does not give any additional details. Mayor Stewart says that neither of them is worth considering, and he thinks when the committee meets next Thursday the conference will be called off.

Conditional on the acceptance of one of the propositions, the committee offers to reduce the street lighting rate from \$85 to \$60 a lamp per year, the reduction to date from the time the agreement is signed. The city, under its agreement with the company, will reduce the rate to \$40 a lamp per year, and will ask the railway to reduce the rate to \$20 a lamp per year.

Police Magistrate Jelfs, Sheriff Middleton, Crown Attorney, and Chief Justice Warden VanSickle and Reeve Gage decided to take steps to stop the crap-shooting that is carried on just outside the city. The Kidneys Were Removed. It has been established that Dr. Bauer removed both kidneys from the body of a man named Berkins. Dr. Sluder denies that he found the kidneys in the body when it was taken up the second time.

W. W. Hand's residence, 19 Home-wood-avenue, was badly damaged by fire at noon today. George Nicholson, 80 Tisdale-street, when he returned from his work this morning, found his wife's dead body lying in the summer kitchen. She had been dead for several hours. The body of Howard Boyd, an Englishman, 21 years of age, employed by the Board of Health, was found in the lake near Grimsby today. He had drowned in the kitchen of Mr. Smith, and had walked a mile across the field to get to the lake. An inquest will be held.

The report of young people's societies recommended to the general assembly the appointment of a permanent traveling secretary.

The report on augmentation recommended that the synod undertake the raising of \$10,000, but the synod considered the sum too large and the recommendation was not accepted. The synod adjourned to meet the second Tuesday in May, 1928, at Lachute.

Only One "BROMO GUININE." That is LAXATIVE BROMO GUININE. Similarly named remedies sometimes deceive. The first and original Cold Tablet is a WHITE PACKAGE, with black and red lettering and bears the signature of E. W. GROVE, 25c.

130 CARS AT CITY YARDS LARGE RUN, TRADE SLOW

Prices Easier for Lower Grades of Cattle—Hogs, Sheep, Lambs Firm.

Receipts of live stock at the city market since Tuesday, as reported by the railroads, were 138 cars loads, consisting of 2000 cattle, 2343 hogs, 411 sheep and lambs, with 450 calves.

The quality of fat cattle was fairly good, considering the heavy receipts. Trade was slow, as Tuesday's quotations, as there were more cars offered than was needed to supply the demand, about 10 cars being left on the market.

Exporters. Prices ranged from \$3.50 to \$5.50, one load having been sold at the latter figure by Wilson, Mayhew & Hall, the bulk selling at \$5.20 to \$5.40 per cwt. Export bulls sold at \$4 to \$4.50 per cwt.

Butchers. Butchers' cattle sold at lower prices in all different classes, excepting those of good to prime quality, for the simple reason that there were too many cattle on sale. Everything being considered, the trade was a fair trade, however. Prime picked lots sold at \$5.10 to \$5.25; loads of \$4.25 to \$4.50; common light stuff at \$4.25 to \$4.75; cows at \$3 to \$4; canners at \$2.25 to \$2.75 per cwt.

Feeders and Stockers. H. Murby reports a limited amount of business this week. The demand was chiefly feeder line. The demand was chiefly for this steers, from 800 to 1000 lbs. demand seems to be for the heavy weight, which will make a big increase in weight. There were a few loads of short-corned steers sold at pretty high prices, but the majority of them were practically ship-overs.

Sheep and Lambs. Receipts light. Market firm at following quotations: Export ewes, 100 to 1200 lbs., each, at \$5.15 per cwt.; yearling lambs, 100 to 1200 lbs., each, at \$4.25 to \$4.75; common light stuff, 100 to 1200 lbs., each, at \$3 to \$4; canners, 100 to 1200 lbs., each, at \$2.25 to \$2.75 per cwt.

Representative Sales. McDonald & Mayhew sold: 15 exporters, 2320 lbs., each, at \$5.15 per cwt.; 24 butchers', 1120 lbs., each, at \$5.15; 9 butchers', 1140 lbs., each, at \$4.05; 9 butchers', 1150 lbs., each, at \$5.05; 7 butchers', 1000 lbs., each, at \$5.15; 12 butchers', 1000 lbs., each, at \$4.75; 23 butchers', 1000 lbs., each, at \$4.50; 10 butchers', 1000 lbs., each, at \$4.50; 12 butchers', 1000 lbs., each, at \$4.90; 11 butchers', 1205 lbs., each, at \$4.90; 11 butchers', 1000 lbs., each, at \$4.90; 10 butchers', 1040 lbs., each, at \$4.65; 10 butchers', 600 lbs., each, at \$4.35; 7 butchers', 600 lbs., each, at \$4.35; 13 butchers', 1140 lbs., each, at \$4.25; 7 butchers', 1130 lbs., each, at \$4.25; 10 exporters, 780 lbs., each, at \$5.00; 7 exporters, 780 lbs., each, at \$5.05; 12 exporters, 950 lbs., each, at \$4.11; 2100 lbs., each, at \$4.25; 1 export bull, 1070 lbs., at \$4.90; 1 export bull, 2000 lbs., at \$4.90; 1 export bull, 1220 lbs., at \$4.75; 1 male cow, 845 lbs., 1 milch cow, \$25.

Maybe, Wilson & Hall sold Wednesday: 18 choice exporters, 1300 lbs., each, at \$5.50 per cwt.; 22 choice exporters, 1300 lbs., each, at \$5.45; 6 exporters, 1310 lbs., each, at \$5.25; 8 exporters, 1300 lbs., each, at \$5.25; 23 choice butchers', 1120 lbs., each, at \$5.25; 15 choice butchers', 1080 lbs., each, at \$5.25; 17 choice butchers', 1100 lbs., each, at \$5.25; 24 choice butchers', 1100 lbs., each, at \$5.25; 10 choice butchers', 1020 lbs., each, at \$4.85; 20 good butchers', 1020 lbs., each, at \$4.95; 5 good butchers', 910 lbs., each, at \$4.90; 20 good butchers', 910 lbs., each, at \$4.85; 12 good butchers', 1080 lbs., each, at \$4.85; 20 good butchers', 1000 lbs., each, at \$4.80; 12 good butchers', 950 lbs., each, at \$4.80; 3 butchers', 1070 lbs., each, at \$4.85; 16 butchers', 970 lbs., each, at \$4.75; 5 butchers', 1000 lbs., each, at \$4.75; 8 butchers', 1140 lbs., each, at \$4.65; 8 butchers', 900 lbs., each, at \$4.60; 4 butchers', 880 lbs., each, at \$4.60; 4 butchers', 870 lbs., each, at \$4.55; 3 butchers', 870 lbs., each, at \$4.55; 2 butchers', 1170 lbs., each, at \$4.50; 5 butchers', 1170 lbs., each, at \$4.50; 2 butchers', 1090 lbs., each, at \$4.50; 1 bull, 1290 lbs., at \$4.50; 1 bull, 850 lbs., at \$4.30; 1 bull, 1090 lbs., at \$4.25; 8 short-seconds, 1100 lbs., each, at \$5.15; 6 stockers, 810 lbs., each, at \$4.10; 12 hogs, 125 lbs., each, at \$7.25 per cwt.; 14 sheep, 145 lbs., each, at \$6.50 per cwt.; 12 hogs, 125 lbs., each, at \$5. Shipped per six loads on orders.

Freel Rountree bought during the week: 150 head of cattle: Good butchers', 1000 to 1225 lbs., each, at \$5.10 to \$5.15 per cwt.; fair butchers', 950 to 1050 lbs., each, at \$4.50 to \$4.55; good cows, 1100 to 1500 lbs., each, at \$4 to \$4.75; fair cows, 1000 to 1200 lbs., each, at \$3.70 to \$4.25; feeding steers, 1075 to 1225 lbs., each, at \$4.00 to \$5.15; one load milch cows, \$40 to \$70 per cwt.

H. Hunslett sold 1 load butchers', 1130 lbs., each, at \$5.10; 12 cows and bulls, at \$4 to \$4.40.

Wm. McClelland bought 102 cattle, at \$4.90 to \$5.25 per cwt.

George Rowntree bought for the Harris Abattoir Company, 900 fat cattle during this week at the following prices: A few lots of exporters, at \$5.15 to \$5.40 per cwt.; choice butchers', at \$5 to \$5.25; good, at \$4.75 to \$4.90; medium, at \$4.10 to \$4.30; cows, at \$3.75 to \$4.25; bulls, at \$3.25 to \$4.25.

James Armstrong & Son bought 40 milk cows and 40 calves on Wednesday and Thursday at \$40 to \$62 each.

Thomas Pasmore, North Bay, bought 1 load butchers', 100 to 1100 lbs., each, at \$4.00 to \$5 per cwt.

George Dunn bought two loads of cows and calves, 1000 to 1700 lbs., each, at \$5.50 to \$4.40 per cwt. Also 1 load of steers, 2100 lbs., each, at \$4.75 per cwt.

lamb, at \$7 each; 50 yearlings, at \$7.75 per cwt. J. Halligan bought 4 loads of mixed butchers and exporters, 1125 lbs. each, at \$4.50 to \$5 per cwt.

Albert Kerr, Orlino, bought 2 loads of butchers' cattle, fed by Malloy Bros., 2100 lbs., and only 3 years old, at \$4.50 per cwt.; also 6 steers, 1300 lbs. each, fed by G. Follett, King Township, at \$5.30 per cwt.

Market Notes. W. D. Newton, Jr., son of W. D. Newton, cattle salesman, Glasgow, Scotland, who has been on a visit of several weeks to friends in this city, sailed for home today on the S.S. Pretoria.

John Sullivan of the firm of John Sullivan & Co., cattle dealers, Liverpool, who has been in the city for the past 3 weeks, was a visitor on the market today, will sell on Friday for home.

McDonald & Mayhew's running horse Pincroon, worked 14 miles in 2:12 1/2 on Wednesday, but unfortunately pulled up lame. There were between 60 and 70 milks and springers on the market, not nearly enough to supply the demand.

There were several buyers from outside points looking for butchers' cattle, and McDonald & Mayhew's running horse Pincroon, worked 14 miles in 2:12 1/2 on Wednesday, but unfortunately pulled up lame. There were between 60 and 70 milks and springers on the market, not nearly enough to supply the demand.

ROYAL SOCIETY'S OFFICERS.

Dr. Dawson Elected President—Toronto Men on Executive.

OTTAWA, May 16.—(Special.)—The Royal Society of Canada wound up its business for this session this afternoon by electing the following officers for the year: President, Dr. S. E. Dawson, Ottawa; vice-president, Dr. J. Edmund Roy, Levis, Que.; secretary, Dr. Fletcher, Ottawa; treasurer, Lawrence Lambie, Ottawa.

The executive—Section 1: President, Hon. Thomas Chapais of Quebec; vice-president, Archbishop Begin of Montreal; secretary, Emile Bouchette, Ottawa.

Section 2: President, Dr. Doughty, Dominion archivist; vice-president, Col. Wood, Quebec; secretary, Dr. Wilfrid Campbell, Ottawa.

Section 3: President, Prof. W. Lash Miller, Toronto University; vice-president, Prof. H. T. Barnes, McGill University; secretary, Dr. A. McGill, University of Toronto; secretary, W. H. Harrington, Ottawa.

GOVERNMENT WILL PROTECT
Successful School Book Tenderers Need Not Fear Litigation.

A rumor has got out with reference to the tenders which are being called for the printing of school readers, to the effect that legal proceedings will be taken to prevent the publication of such books by successful tenderers under the advertisement.

A statement, however, was issued yesterday by Hon. Dr. Fyfe, minister of education, assuring tenderers that under the present act of the legislature the province assumes all rights in copyrights connected with these publications and the government will feel bound to protect any successful tenderer who may publish books against litigation which may be brought for the reasons stated above.

ACTIONS AGAINST RAILWAYS.
Application has been made to the attorney-general's department by the Lord's Day Alliance for leave to proceed against several railway companies and individuals for alleged violations of the Lord's Day Act.

FOR SALE BY:
Meredith & Co., Hardware, 156 King St. East; J. Hewiton, 902 Yonge St.; R. T. Walker, 847 College St.; Noden & Hallett, Toronto Junction; H. N. McArthur, 1922 Queen St. East; Samuel Hobbs, 1434 Queen St. West.

LIQUOR SELLING ABOLISHED.
Clean Sweep of Taverns Between Fort William and Kenora.

Instead of cutting off only eight liquor licenses in the Rainy River district, between Fort William and Kenora during the double-breasting of C.P.R. betw. on those points, the government will close out thirteen. This action has been prompted by the desire of the administration to protect the thousands of navies, who will be employed on the work, from the evils of indiscriminate liquor selling.

Kenora, being an incorporated town, will not be affected, but every other settlement in the proscribed territory will be left dry. The licenses to be cancelled are: Kewatin, three taverns, one shop; Wabigoon, two taverns and one shop; Dryden, two taverns; Vermilion Bay, Dinorwic, Gold Rock and Ignace, one tavern license each.

Edo Saunders left the city last night for Ottawa, where he will appear before the license commissioners to present the desire of the Ontario government that no licenses be issued in Nepean between the County of Carleton, Nepean voted on local option last January, and carried it, but the bylaw was set aside by the court. The commissioners have entertained a doubt as to whether the case was the kind from which the government desired to withhold licenses.

The temperance and moral reform committees will also wait upon the commissioners in support of the prohibition.

Told in a Few Lines.
Edward Medcalf left an estate of \$21,995 to sisters, brother and nephews. George Wilcox, for theft of an overcoat from Robert Halpern, will serve three months.

Three deserters from Stanley Barracks were in police court yesterday. The Townsend Livery have capitulated to the union.

Four new trains are to be put on by the C. P. R., 11 butchers' between Toronto and Muskoka, beginning June 15.

Alex. Broadfoot was yesterday remanded for sentence on a charge of retaining milk bottles belonging to other dealers.

School children contributed \$692.50 to the East End Day Nursery.

It will take ten days to complete the street railway work at King and Yonge-streets.

Crawford Bros. have bought the northwest corner of Yonge and Agnes-streets, and will erect a new building.

John Laing, assistant engineer at the Mercer Reformatory, had three ribs broken, a lung punctured and his arm injured by being caught in the shafting.

H. R. Doney has been elected president of the Epworth Leagues of the city.

LICENSE TRANSFERS.
The license board granted the following transfers affecting the following hotels at the regular meeting held yesterday:

Clarendon Hotel to Mr. J. Maloney, Hooper Hotel to George MacFarlane, the Arlington to J. W. Hirst, the Daily House to Joseph Smith and the Pine Tree to George Crittal.

The Arcade license transfer from S. J. Keam to R. H. Garbut will be taken up at the next meeting.

Dredging Contracts.
Manley McAllister will dredge the Thames River and Toronto harbor and Point Edward, and F. Bowman, ex-M.L.A., has got the contract for Owen Sound, Pennington's and Warton.

W. E. Phipps of Welland has the contract at Hamilton and at Cobourg; Weddell & Co. of Trenton will do the dredging at Meaford.

The Fence for Looks—For Permanence—For Economy, Too
Page Acme White Fence

Made wholly of specially tough springs, special high carbon wire—extra large 9 gauge—the toughest and strongest wire that goes into any fence. Thrice stronger than twisted strands of light wire—the common practice. Cannot sag nor buckle because uprights and cross wires are locked together immovably. Can be stretched tighter, so needed fewest posts—a saving in money and time erecting. Every strand of wire in this fence is heavily galvanized and then coated with permanent weather proof white paint, that stays on, and stays enamel-hard and white. This point, on top of the galvanizing, adds years to the fence's life, multiplies its smartness of looks, and yet adds nothing to the price you pay—you'd pay as little for common fencing. The ONLY white wire fence in the Page—and the white paint is your warranty to fence value and fence economy.

You cannot buy a stancher, prettier fence for lawns, parks, gardens, nor a fence that costs so little in the long run. Style in picture from 16 cents a running foot. Any height up to 8 feet; any length you want. Acme White Gates to match, from \$2.25. Many other styles beside one shown above. Write for booklet, or come in and see a perfect fence for a fair price.

What part of Cheese-Making is more important than salting the curd? On this depends the flavour—the even colour—the keeping quality—the texture—the market-value.

Pure, dry, well-savoured salt—that dissolves uniformly, staying in the curd—makes cheese all cheese ought to be.

You can find no other so perfect in these qualities as

Windsor Cheese Salt

THE DESPAIR OF THE DYSPEPTIC

Who has sought in vain for cure from mere stomach treatments and neglected the liver and bowels.

All is blackness and despair to the sufferer from indigestion and liver troubles. He can see only the dark side of things, and looks for failure in business as well as in health. The cares of the office or workshop are taken into the home, and irritability of temper, one of the most pronounced symptoms of dyspepsia, makes his homecoming anything but pleasant for the wife and little ones.

The real serious forms of indigestion and dyspepsia arise from the fermentation of the food in the intestines, where the most difficult part of digestion takes place. The result is the formation of gas, causing pain, rifting of wind, choking sensations in the chest, pains about the heart, feelings of heaviness and drowsiness, irritability of temper, discouragement and despondency.

The bowels are sometimes constipated and again too loose. There is headache, pains in the limbs, coated tongue, loss of appetite, and a poisoning of the system from the food, which has fermented instead of being properly digested.

It is in these serious and complicated derangements of the digestive system that Dr. Chase's Kidney-Liver Pills show their remarkable control over the organs of digestion and excretion, and cure where mere digestive tablets and stomach treatments fail.

The flow of bile resulting from their quickening influence on the liver hastens the course of the food along the alimentary canal, prevents fermentation and ensures good digestion and assimilation. Indigestion, biliousness and constipation are speedily and thoroughly cured and vigor and health are fully restored.

Persons of sedentary habits are sure to suffer more or less from sluggish action of the liver and bowels and consequent stomach troubles, but there is cure in the use of Dr. Chase's Kidney-Liver Pills—not merely relief, but cure, thorough and lasting cure.

Dr. Chase's Kidney-Liver Pills

Has proven itself to be about the only treatment that can be absolutely depended upon to relieve and cure every form of itching, bleeding and protruding piles. 60 cents a box, at all dealers.

DR. CHASE'S OINTMENT

COBALT --- Scores of Prospectors Are Delayed at Latchford --- COBALT

NERVOUSNESS GENERAL MARKET TONE IMPROVED

Blocks of Foster Stock Sold Have Not Yet Been Delivered—Close Firm.

World Office, Thursday Evening, May 16.

The disruption of the price of Foster stock has served to create a nervous feeling throughout the entire mining list, and caused liquidation in other securities. This disquiet invaded the Queen's market to-day, and for no other reason the stock lost several points before the selling exhausted itself.

In some sections of the market confidence was much more pronounced. Treshway and Cobalt Central were examples of this, both of which made advances against a distinctly weak market. Foster was heavily dealt in, both here and at New York, but continued efforts to drive the price below par resulted in consummate failure. It is now no secret that the break in Foster was the result of a premeditated raid. Thousands of shares of this issue have been sold and as yet not delivered. It is presumed from this that short selling and not liquidation is responsible for the weakness the past three days. If brokers who have bought make a call for delivery an interesting covering movement is possible, and one which could result in a quick and decided advance in the price. Except for the irregularity shown today's market was satisfactory from a holder's standpoint. The close was marked by a demand for stock which could not be satisfied at current levels.

PERSISTENT WORK.

Has Good Results at the Nova Scotia Mine.

COBALT, May 16.—There have been many sensational firms in Cobalt, but as a rule they have been made at the surface and consist of silver outcroppings. The new find at the Nova Scotia, at a depth of 110 feet, and the fact that the men had to traverse 200 feet at that level before they came into the mine, is a fact which the camp can do at moderate depth. The vein here widened to 12 inches, and slabs of native silver and calcite were seen. The fact that the mine was brought up.

Work was originally started on shaft No. 1 and they sank it to a depth of 60 feet. At the 60-foot level a drift was run for 60 feet to the east where an ore shoot was encountered. This was picked up and they then dropped into the main shaft and went down 110 feet. At this level they traversed west with the vein for ventilation and exploration purposes into shaft No. 2, 285 feet distant, and sunk near Peterson Lake.

Nothing of value was found for 120 feet, when they ran into 50 feet of ematite. About 200 feet from shaft No. 2 the present ore body was found. The vein averages eight inches in width. A 25-ton carload is ready for shipment, which includes several sacks for metallics. Martin O'Shaughnessy is the superintendent. He is a Nova Scotian.

LARDER LAKE FLOTATIONS.

Correspondent Suggests a Fair Division of Risks and Rewards.

Editor World: I notice your paper is now carrying the advertisement of many Larder Lake promotions. The representative of one of these companies came to Boston recently seeking for clients and as he had my name upon his list requested me to call at his hotel. The proposition was this: Capital stock \$2,000,000, of which \$2,000,000 was issued for properties, etc. The treasury stock \$1,000,000, of which the promoters or underwriters were now offering \$800,000 at par \$100. This treasury stock \$1,000,000, of which the promoters or underwriters were now offering \$800,000 at par \$100. This treasury stock \$1,000,000, of which the promoters or underwriters were now offering \$800,000 at par \$100. This treasury stock \$1,000,000, of which the promoters or underwriters were now offering \$800,000 at par \$100.

ROOT RIVER COPPER COMPANY

Soo Syndicate Converted into a Joint Stock Company.

SAULT STE. MARIE, May 16.—A meeting of the shareholders of the Root River Mining Syndicate was held at the evening in Cullis Hall, which was crowded. The business transacted was of importance to all mining men in the two towns and Saginaw, where the stock is held in large blocks and where the officers are located. The principal object of the meeting was to turn the syndicate into a joint stock company, which was done. The report of two engineers from New York, one in the employ of the Guggenheim Company was presented and to all appearances, the Root River Copper prospect is the richest in Ontario. The engineers who made the inspection each purchased \$1000 stock, and a stockholder from Saginaw increased his holdings to 20,000 shares.

COBALT ORE SHIPMENTS.

Following are the weekly shipments from Cobalt camp, and those from January 1 to date:

Week ending	Since Jan. 1	Week ending	Since Jan. 1
Cte in pounds	Cte in pounds	Cte in pounds	Cte in pounds
Buffalo	640,000	1,605,423	
Cobalt Central	101,260	1,733,047	
Colonial	34,250	400,000	
Foster	100,350	5,200	
Green-Meehan	195,780	264,577	
Kerr Lake	155,000	83,070	
McKinley	373,567	61,383	
University	50,000		

The total shipments for the week were 223,970 pounds, or 116 tons. The total shipments for the week ending May 11, 1907, are 6,976,637 pounds, or 3448 tons. In 1904 the camp produced 158 tons, valued at \$138,217; in 1905, 2148 tons, valued at \$1,472,196; in 1906, 5129 tons, valued at \$3,909,000.

Local Capitalists Are After Ore Lands Near Port Arthur.

The enormous iron deposits in the vicinity of Port Arthur has attracted the attention of local capitalists and examination of several of the principal deposits have been undertaken with the result that they show an exceedingly high assay value. The quality of ore is also of a high-grade character and said to be applicable to the manufacture of Bessemer steel. Attention of the American masters has also been attracted to the valuable ore lands, and emissaries from Pittsburgh and other United States points have either visited or are about to inspect these Northern Ontario deposits. An offer of a large amount of stock to have been made for an understocked block of ore land by Americans, but has been refused, as it is believed that Canadians will be able to utilize the ore at even a higher figure.

IRON ORE DEPOSITS.

These 800 Acres Were The First Claims Staked In The Rich Larder Lake Field

Last Summer, before any staking had been done in the Larder Lake region, our experts located TWENTY gold-bearing claims, amounting to eight hundred acres, two miles north of Wilson's Bay, of Larder Lake. (You can have a map of the property for the asking.) On some of the claims there are wide open assays from \$7.33 to \$18 a ton. We have assays on file that show as much as \$1,800 a ton. There is no richer property in the country—and Larder Lake is as RICH AS THE FAMOUS RAND of South Africa. All our holdings are in ONE BLOCK, which means economy in working the claims. The ore on these properties is FREE-MILLING—we have our own water-power on the property. We have an abundance of wood and water—every item that counts in the economical operation of gold mines. Our expenses will be far lower, and our assays are higher than those of mines which have paid seventy millions in dividends—and our ore will grade far higher.

We have nothing to hide, nothing to lie about. We ask you to learn the simple facts, and we are ready to put them before you and to prove to you that

Empire Larder Lake Gold Mining Company, Limited

is a solid and worthy investment at Twenty-five cents a Share, Par Value One Dollar. Authorized Capital, One Million Dollars, in share of Dollar Par Value \$7.33. No personal liability. Write to the undersigned for maps, proofs of assays and full particulars. Number of shares in this offering closely limited. Write or wire at once, or use coupon below.

These 800 Acres Were The First Claims Staked In The Rich Larder Lake Field

Last Summer, before any staking had been done in the Larder Lake region, our experts located TWENTY gold-bearing claims, amounting to eight hundred acres, two miles north of Wilson's Bay, of Larder Lake. (You can have a map of the property for the asking.) On some of the claims there are wide open assays from \$7.33 to \$18 a ton. We have assays on file that show as much as \$1,800 a ton. There is no richer property in the country—and Larder Lake is as RICH AS THE FAMOUS RAND of South Africa. All our holdings are in ONE BLOCK, which means economy in working the claims. The ore on these properties is FREE-MILLING—we have our own water-power on the property. We have an abundance of wood and water—every item that counts in the economical operation of gold mines. Our expenses will be far lower, and our assays are higher than those of mines which have paid seventy millions in dividends—and our ore will grade far higher.

We have nothing to hide, nothing to lie about. We ask you to learn the simple facts, and we are ready to put them before you and to prove to you that

Empire Larder Lake Gold Mining Company, Limited

is a solid and worthy investment at Twenty-five cents a Share, Par Value One Dollar. Authorized Capital, One Million Dollars, in share of Dollar Par Value \$7.33. No personal liability. Write to the undersigned for maps, proofs of assays and full particulars. Number of shares in this offering closely limited. Write or wire at once, or use coupon below.

Special values to-day and to-morrow in high-class millinery.

Dineen's
CANADA'S LEADING FURRIERS
140 Yonge Street, TORONTO

THE WHEEL IS GAINING GROUND RAPIDLY.

As an Economical Labor Saving Device, It Appeals to the Majority.

By the way, have you ever stopped to think what a money-maker the wheel itself is to the average agitated worker? Except in the smallest communities, every business man or woman, every clerk and every laborer is directly taxed ten cents a day by the fraction of a cent. Every man or woman who wishes to eat the noon meal at home must pay an additional ten cents every working day for the privilege of doing so. And in the course of a year that means in round numbers, \$60 at least. Add to this the necessary trips, the countless errands for which the car is ordinarily used, and the figures will be expanded materially. Then place in the opposite column the tangible gain which comes from the possession of a fleet means of transportation, that is also unequalled for sport and pleasure, take into account the delightful Sunday runs, and all thru the summer and autumn the pleasant trips in the cool of the evening and the many excursions out into the fresh air of the country. And with it all there is a distinct gain in health, and improvement in digestion, as well as a comfortable saving of money in your pocket.

Is there any wonder there is a revival in favor of the bicycle?

Aged Captain Dead.
SCHEMECTADY, N. Y., May 16.—Captain David Cox, for 40 years a member of the board of pilot commissioners of New York City, died to-day at his home in this city at the age of 85 years. He was born in Ireland and came to America when 10 years old. He took to the sea at 14, and at 19 was a captain.

THE SOVEREIGN BANK OF CANADA

Notice is hereby given that a dividend of one and one half per cent. (1 1/2%) for the current quarter, being at the rate of six per cent. per annum on the capital stock of this bank, has been declared and that the same will be payable at the head office and at the branches, on and after Thursday, the 16th day of May n. x.

The transfer books will be closed from May 1st till May 15th; both days inclusive. By order of the Board. D. M. STEWART, General Manager.

Toronto, 20th March, 1907. Main Office, 28 King St. West - Market Branch, 168 King St. East.

NEED OF PLAYGROUNDS CLAIMED TO BE URGENT

However, the Proposed Horse Market on Stanley Park Strip Meets With Favor.

The argument that the city has not sufficient park land, and that the children suffer thru lack of playgrounds, was made generous use of before the property committee and the parks and exhibition committee yesterday in an effort to defeat the application for power to erect a horse exchange on the strip of land at the southwest extremity of Stanley Park. But the opposition failed to convince, each committee forwarding a recommendation to city council favoring the project.

Under the terms as drafted by the assessment commissioner, the company must agree to pay \$600 a year and taxes in return for a 21 years' lease. The building is to cost from \$35,000 to \$50,000. It will be 100 feet square and 80 feet high, with capacity for 1000 spectators and stable accommodation for 300 horses. It will have a stone front on the King-street side, and will be a metal covered steel frame or brick structure.

The persuasive eloquence of ex-Ald. Dunn appeared to carry considerable weight with the property committee. E. King Dydla submitted a petition claiming to be signed by 1873 property owners in the neighborhood opposing the exchange.

J. J. Keelo, superintendent of the department for neglected children, said that Toronto hadn't enough playgrounds, and advocated that, as in United States cities, a trained instructor should be in charge of the playground.

J. Lunness challenged the reliability of the petition. The committee lost little time in declaring in favor of the undertaking. At the suggestion of Ald. R. H. Graham it was agreed that the company should be bound to pay a maximum fee per day for entries and that there should be a public sale at least once a week.

The battle was renewed before the parks and exhibition committee, 100 having jurisdiction over an area over 100 square feet of the land to be utilized. E. T. Lightbourne and E. J. Macnamara spoke in opposition. The latter would pay higher terms and erect a row of modern dwellings.

Ald. Foster and Bengough were the other members of the committee who voted against the horse exchange.

On motion by Ald. R. H. Graham, the park commission will report on the land available for playgrounds in the district bounded by College-street and Dovercourt-road, Bloor and Bathurst-streets.

MARINE CAUSED BY A QUAKE.

Expert Opinion on the Tidal Wave in Lake Superior.

Dr. Rawson Harris of 411 Jarvis-street, with regard to the report of the sudden subsidence of the waters of Lake Superior at Sault Ste Marie, to the extent of two feet for two hours, when the waters returned to their normal level, states that this phenomenon is not necessarily connected in any way with the usual tidal phenomenon, but is far more likely to be due to earthquake or seismic disturbance.

Such phenomena have in the history of the world been repeatedly noticed, one of the most remarkable being that which occurred before the earthquake of Tarawara and Rotomahama, in the north island of New Zealand, A.D. 1886, from which century the Maoris, and even some few colonists, were able to predict the coming disaster. On this occasion the waters of Tarawara rose one foot and remained at that level for 24 hours. This was followed by volcanic explosions and earthquakes, which resulted in the destruction of the celebrated Pink and White Terraces.

New C. N. R. Service.
Commencing on Monday next, the C. N. R. inaugurates a new passenger steamship service between Port Arthur and Farry Sound. The S.S. Sequin will make weekly trips between these two places. In addition to this arrangement have also been made with the Georgian Bay Navigation Co. to run the steamer Killarney between Farry Sound and Sault Ste. Marie, calling at Point St. Barthelemy, French River, Killarney, Little Current, Gore Bay, Blind River and Thessalon. This steamer will make weekly trips in each direction, leaving Farry Sound every Wednesday and Saturday, direct connection being made with the trains of the Canadian Northern at Farry Sound. This service will be opened on the 23rd or 24th inst. Both passengers and freight will be carried.

Turbina's Trial Trip.
The steamship Turbina made her trial trip yesterday, and it was satisfactory in every respect. J. C. Eaton, the president, and a number of directors and friends were on board. The log showed a running speed of over 20 miles an hour, and no vibration was felt. The machinery has been thoroughly overhauled, and new Sturtevant fans installed. Captain A. W. Crawford is in command. This boat will make regular trips between Hamilton, Toronto and Lewiston, leaving Hamilton for Toronto at 7 a. m. each day, returning from Toronto each evening, arriving at Hamilton at 9:30. During the day she will make trips between Toronto, Niagara-on-the-Lake and Lewiston. The timetable permits Hamilton passengers to make the thru trip to Lewiston without having to transfer, or to spend the day in Toronto, returning in the evening.

Bridge Almost Went Down.
PETERBORO, May 16.—(Special.)—A peculiar accident occurred to-day at the Lakeside branch of the G.T.R. As a mixed train was crossing the bridge on Bethune-street, spanning the creek, some of the timbers broke. The bridge did not give way, however, and a new one will be built at once.

John McNichol, 76 Water-street, was yesterday arrested by Acting Detective Guthrie, charged with the theft of a quantity of rubber from Brenner & Co. Water-street.
