NEWER CITIZENS WANT FULLER PRIVILEGES

Discrimination in Rates By Bell Telephone Co. Declared By Men of Ward Seven To Be Rank Injustice.

SOME COMPARISONS.

Table with 2 columns: Location, Rate. Rows include Old city, house (\$30), West Toronto, house (local) (\$25), West Toronto, business (local) (\$30), West Toronto, house (city connection) (\$40), West Toronto, business (city connection) (\$60).

That widespread dissatisfaction exists among the citizens of the newly constituted ward seven of the city with the rates charged them by the Bell Telephone Co. and that these complaints are not mere grumbling, but carry the definite intention of achieving a reform, has been borne out by conversations which the World has held with many leading men of West Toronto.

They claim that the rates charged are just twice too high, and that they are subjected to an unfair discrimination in comparison with other parts of the city.

A leading citizen of West Toronto, whose business is down town, says that the contract for his business calls for an unlimited service in the City of Toronto. This, he says, should entitle him to the same rate as the other parts of the city.

When asked whether any change had been made in the form of the city contract after the annexation of West Toronto, he said that it might be necessary to change the contract. He would not say whether such change had been considered yet or not.

Demanded Same Treatment.

"We are part of the city now," said S. Ryding, of the firm of S. Ryding & Co., plumbers, of West Toronto, to The World, in the course of a discussion on the telephone situation, "and the feeling is that we should have the same treatment as the rest of the city. We should have the same privileges as

UNFAIR TELEPHONE CHARGES

The Bell Telephone Company discriminates against citizens using or desiring telephones in outer portions of the city, and tries to collect two tolls from telephone users in some of the recently-annexed quarters.

The World believes this discrimination and these double charges are both unfair, illegal and against the spirit of equality of treatment in a public service.

The World believes that every resident of Toronto is entitled to a business phone for \$50, and a residence phone for \$25.

If you are paying more, or if more has been demanded of you, send The World the particulars. We will treat all information as confidential; but it will help us to get equal treatment all round, and, ultimately, lower rates.

FIFTY YEARS AGO SINCE FIRST RACE FOR ROYAL PLATE

Short History of the Oldest Continually Run Race on the Continent—Small Field But Keen Contest at Woodbine To-Day.

To-day's the day, and before night the King's Plate will have been raced for, won and lost. The usual interest in the result is manifest, the hotels are crowded with devotees of the race course, and by noon-hour the crowds will be trekking for the Woodbine.

This is the fiftieth year, and consequently the jubilee, of the running for the King's Plate, the oldest racing fixture on the American continent. When, in the year of the visit to Canada of His Majesty King Edward VII., the most highly esteemed monarch that ever sat on the English or any other throne, the stakes of this country, there was the plate was first run for, there was no thought of Canada supplying horses for the army. It was on the one hand, out of a pure desire to show good-will for the people of this country, and on the other to encourage a great industry, that Her Majesty's guineas were given. Little then did anybody imagine that the event would come to such proportions in value as well as in glory that it has now reached, writes H. J. P. Good in "Outdoor Canada."

It was in 1859 that Her Majesty's guineas were first run for. The scene was Carlton, afterwards Toronto Junction, and now the western section of the great City of Toronto. From that year to this, the race has been run annually. For a long time it was purely a jockey club affair, the Ontario Jockey Club was formed, the late T. C. Pattison was its president, and the late Duke of Argyll, then the Marquis of Lorne, to have the race permanently located at Toronto, arguing that its settled location would better fulfill the objects aimed at than was the case by farming it out to different localities, where it was the spur of the moment, and not the creation of ultimate and definite benefit. His Excellency recognized the wisdom and logic of the argument, and consequently the plate, or His Majesty's guineas, has or have been annually run for since Fanny Wier's victory in London in 1852 over the same course, namely at Woodbine.

How Purse Has Grown. At that time it was the guineas alone that were contended for, and it was not until a year or two after the Ontario Jockey Club came into permanent possession that the club added money out of its exchequer to the main prize. At first the added money was comparatively small, but as the years went by it increased until now the O.J.C. adds no less a sum than \$4000 in addition gives a piece of plate and to the owner of the winner. The first horse to receive His Majesty's gift, namely 50 guineas, or in Canadian money \$250, was added to the club, all money \$250, \$2750 added by the club, \$5 additional if not declared out by the 7th of May, and \$25 more from the starters, the race being worth last year to Mrs. Seagram, whose horse Selsic won, no less a sum than \$3280, where it was the spur of the moment, and not the creation of ultimate and definite benefit. His Excellency recognized the wisdom and logic of the argument, and consequently the plate, or His Majesty's guineas, has or have been annually run for since Fanny Wier's victory in London in 1852 over the same course, namely at Woodbine.

A WARNING FOR EACH COLONY

Beresford Says "Insane Advertising of Dreadnoughts" Causes Needless Offence.

LONDON, May 21.—Addressing a gathering of Australasians here tonight on the naval question, Admiral Beresford urged that the colonies instead of contributing toward the building of a Dreadnought, should build cruisers to protect their trade and commerce, and to form the nucleus of a navy of their own, after the example of Japan, which a half century ago was fighting with torpedoes, shell armor and bows and arrows.

He considered that "our insane advertising of Dreadnoughts" in other nations served Europe in terribly expensive naval competition. "The only way the colonies can help us is by protecting their own trade routes. The idea of having destroyers and submarines in their home water would not carry out the object at all. If the Dominions eventually go in for a larger growth, but to meet the difficulty and gain the object they have in view, namely, to help the mother country, the investment of money in cruisers will most likely meet the object desired."

Beresford advocated the occasional interchange of ships and declared that if the nations of Canada, South Africa, Australia and Britain cemented together for defence they could laugh at the rest of the world. He considered it absolutely necessary to lay down a Dreadnought in 1909.

It is stated in reference to the unofficial announcement that the government will order the Asquith is anxious to meet the colonial statesmen before deciding the question.

C.M.A. AND NAVAL DEFENCE

Pass Resolution Asking That Something Tangible Be Done.

While deploring the eager haste of the great world powers to outdo one another in the matter of naval equipment, the Council of the Canadian Manufacturers' Association nevertheless held the opinion that it is the duty of the self-governing colonies to maintain the supremacy of the British navy.

The subject of colonial participation in imperial defence was thoroughly discussed by the council with the result that that body recorded its deep sense of satisfaction at the decision of the Canadian Parliament, commencing last year to vote annually an appropriation for naval defence.

The urgency of colonial support is set forth in the council's resolution. Among the several resolutions appear the following sentiments:

"The supremacy of Great Britain is to-day one of the most powerful influences working for the preservation of world-wide peace."

"It is the duty of the self-governing colonies, in return for the protection they enjoy, to bear each a share of the burden of expense."

The resolution continued, that as the undertaking would involve the expenditure of vast sums of money, it should not be entered upon lightly. Commendation was recorded of the suggestion to make the matter the subject of discussion by the council at the same time place valuable auxiliaries at the disposal of the mother country in the event of international complications.

It also urged government action in the finding of the conference without unnecessary delay.

The document ends with a meed of praise for the work of The Hague conference and its laudable efforts to settle international differences through arbitration.

Interchange Credit Bureau. The executive council dealt with minor matters also. A committee was appointed to look carefully into the matter of establishing an interchange credit bureau. A desire was voiced for an arrangement with other parts of the empire under which there would be a reciprocal preferential treatment in the registration and working of patents. A committee was authorized to investigate and report.

Officially the association has thus far maintained a neutral attitude towards the clause in the insurance Bill taxing the premiums paid on insurance carried with unlicensed companies, but the matter is to be opened up and fully discussed at the annual meeting, which will be held in Hamilton in September next.

MONTREAL, May 21.—Following the evidence at the Roy trial to-day at St. John's, a warrant was taken out for the arrest of C. S. Roy, brother of Hon. P. H. Roy, who is now on trial. In the "black list" it was shown that the funds of the bank had been manipulated to finance the Richelieu Valley Railway, which was subsequently sold for \$124,000, half of that amount being used to retire notes against C. S. Roy, their total amount being \$270,000.

EARL GREY STRIKES IMPERIAL NOTE REVIEWS EMPIRE DAY CADETS' PARADE

REVIEWING THE CADETS' PARADE. His Excellency Earl Grey and Sir James Whitney.

SIR WILFRID REQUESTED PERMISSION TO RETIRE 7 DROWNINGS REPORTED SEASON BEGINS EARLY

Party Leaders Declined to Listen to His Pleadings, and Premier Will Lead Four Years More. R. M. C. Graduate, Port Dalhousie Workman, G. T. R. Agent and Four Laborers.

OTTAWA, May 21.—(Special).—About a month ago, it is learned, Sir Wilfrid Laurier intimated to his colleagues in the cabinet his desire to retire from political life, on account of advancing years and the fact that the health of both Laurier and himself is not so robust of late. However, the prominent men of the party refused to listen to his request, and put the matter so strongly before him that it is hardly likely he will retire before the next election. That he will remove from the political sphere immediately after the next general election is certain.

One of the Liberal leaders, talking to The World correspondent to-day, said that after sixteen years of power, and even while the chief in the field, he had never had a fighting chance of victory, but with a change of leadership defeat would be certain. Sir Wilfrid in the past session did not show the same fire as of yore. He was less in the house than he used to be, and only occasionally did he exhibit the old keen interest in the political battle. His position was more often assailed than ever before, and he was always more vulnerable.

There has been some talk of his succeeding Lord Strathcona as high commissioner for Canada in England, and that as a figure he is all that appeals to the existing round of public functions that this position in England involves.

OTTAWA RIVER FLOODS ARE BECOMING SERIOUS

Factories Close Down at Chaudiere and Houses at Gatineau Are Surrounded by Water

OTTAWA, May 21.—(Special).—Fifteen hundred men are thrown out of employment as a result of some of the mills and factories at the Chaudiere being closed down because of unprecedented high water.

Many of the lumber piles on the Ottawa are floating. Aylmer-road bridge is covered with two feet of water, and the Hull Electric Railway is engaged in raising its tracks.

At Gatineau Point, fifty houses are surrounded by water and people are living in the second storeys. Gatineau Bridge has been closed and labeled dangerous.

The high water situation is as grave as in 1893, with the river 25 feet deep at Rideau Locks, and it is feared that the record of 29 feet 8 inches made 23 years ago may be reached.

NEGRO NOT AS SENSITIVE

And Car Porter Loses Verdict of \$2500 For False Arrest.

NEW YORK, May 21.—(Special).—The appellate division of the supreme court to-day set aside a verdict of \$2500 secured by George W. Griffin, a colored man, against a white man, Daniel M. Brady of this city for alleged false arrest and imprisonment at Montreal.

Griffin was charged with theft of \$20 and a card case. The court did not believe a colored man has the same amount of injury from false arrest as a white.

Splendid Turn-Out of Drill and Flower Companies Witnessed By Vice-Royalty in Queen's Park—Decoration of Monuments.

Canada's Destiny

Empire Day is the festival on which every British subject should reverently remember that the British Empire stands out before the whole world as the fearless champion of freedom, fair play and equal rights; that its watchwords are responsibility, duty, sympathy and self-sacrifice, and that a special responsibility rests with each individually to be true to the traditions and to the mission of his race.

I also want you boys to remember that one day Canada will become, if her people are faithful to their highest British traditions, the most powerful of all the self-governing nations, not excluding the people of the United Kingdom, which make up the British Empire, and that rests with you individually as well as collectively, to do your utmost by your own conduct and example to make Canada not only the most powerful but the noblest of all the self-governing nations that are proud to own allegiance to the King—His Excellency Earl Grey, to Cadets.

Undaunted and exuberant thousands of ardent public and high school cadets and other scholars with undimmed ardor and enthusiasm celebrated Empire Day.

No greater commotion on the sturdy qualities of the Toronto school, boys and girls could be required. The government was so inspired by the flower parties of the cadets and the fete at the park, that he steadfastly refused to use his umbrella and vied with the juniors in ignoring the down-pour.

Marital strains from the 48th Highlanders, Cadets and Industrial School bands, and the turnout of an enormous throng of spectators, especially from Queen's Park, made the event one of the most impressive public demonstrations in Toronto's annals.

The cadet drill and flower companies were marshalled at the armories by Lieut.-Col. Thompson, drill instructor. Three new cadet companies from Dawson, Borden and Ogdon schools were in line for the first time in new red tunics just received from Ottawa. The public schools had nine companies, high schools 2, and Victoria Industrial one.

After a detour via Queen and Yonge streets the parade wheeled along Grosvenor street to Queen's Park. Earl Grey and a distinguished company reviewed the battalion from the steps of the parliament buildings. The last company had passed the saluting point the monuments were decorated. Earl Grey and staff, accompanied by Inspector Hughes, proceeded to the Queen Victoria monument and the floral tributes were placed upon the various statues. Owing to the rain speeches at the monuments were dispensed with.

The flowers were received at the respective monuments as follows: At Queen Victoria's by His Excellency Earl Grey and staff, and the chairman of the board of education, Thomas Rawlinson.

Governor Simcoe's monument by Dr. Pyne and Trustee Levee. Sir John A. Macdonald's by Trustees Grant and Smith.

Ion. George Brown's by Dr. Ogden and Trustee Simpson. Sir Oliver Mowat's by Trustee Housenden and Dr. Conboy.

At monument to volunteers who fell at Ridgeway by President Whelan of the Association, Col. Clarence Denton and Trustee C. A. Brown.

Northwest Volunteers by Major Curran, Capt. World and Dr. Bryson. Dr. Eyerson's monument by Dr. Seath.

Burns' monument by Trustee R. R. Davis. Portrait of Laura Secord in the parliament buildings by Trustee Miss Clara B. Martin.

The cadets and drill companies marched to south side of the bandstand in the northern part of the park. For over an hour they stood in an almost solid square, and their steadiness under the rain was as remarkable as

Full of Sporting Features

A full front page of exclusive and high-class photographs of the great sporting events at Hamilton a week ago, and of scenes at the Woodbine during the races, will be a valuable feature of this week's Sunday World. No one who is interested in outdoor pastimes can afford to miss seeing these splendid pictures. In addition, there will be the usual number of excellent reproductions of every kind, making up in all, eight pages of high-class illustrations.

The different editions of the paper will contain also the first and best possible account of the opening day at the Woodbine, together with special sport displays that will appeal to every reader.

In order to give the public the full results of the Marathon Race at the Island to-night, a midnight edition will be published.

The growing circulation of The Sunday World makes the suggestion timely, the copies should be secured early, for it has been almost impossible to supply the demand of the last few weeks.

Ideal Apartments In An Ideal Section

PARKVIEW MANSIONS Those people who desire tastefulness in the home; who enjoy the privileges of having most desirable surroundings and who appreciate all the most modern housekeeping conveniences known in the art of home building will be interested in PARKVIEW MANSIONS and in the moderate rentals.

THE SUITES we offer have from three to seven rooms each with complete bathrooms. Particular attention has been paid to the decorating all through the fine new building, but no two suites have been treated alike.

THE FIRST: These suites have never been occupied before.

THE SECOND: A large reception hall in each suite.

In the kitchen of each suite you'll find a modern gas stove and laundry tubs; a supply lift to the basement, landing the goods in your apartment with no trouble to you; a speaking tube and bell connection with the janitor's quarters and the main entrance hall.

THE LOCATION is unequalled in Toronto. Parkview Mansions are well named, for they overlook High Park, which is worthy of any city's boast.

We would like you to see the plans, when we'll be pleased to furnish full particulars.

CAPITAL AND LABOR CO-PARTNERSHIP.

Co-partnership as a means of uniting the interests of capital and labor is attracting considerable attention in England at the present moment.

Some time ago an important address was delivered on the subject by Mr. A. J. Balfour, leader of the Conservative party, in his capacity of president of the Labor Co-partnership Association.

Co-partnership in this connection in England divides itself into three classes: businesses created by the working classes, companies which have adopted various systems, introducing their employees as co-partners; and co-partnership in house-building.

Public Amusements

Mr. Shea in Repertory. Thomas E. Shea and his excellent company, whose stay at the Grand has been one of the notable events, will, at the request of a large number of theatregoers, present next week four great plays, including his famous production of "Dr. Jekyll and Mr. Hyde."

A Man of Honor. George M. Cohan, the famous American producer, will be in Toronto at next week finishing Mr. Shea in putting the finishing touch on his new play, "A Man of Honor," which Mr. Shea will produce at the Grand during the fifth week of his engagement.

Alice Nielsen Coming. Miss Alice Nielsen, the brilliant soprano who created the sensation when she appeared here with the San Carlo Opera Company, in "Don Pasquale" and "La Boheme," has been engaged by the Metropolitan Opera House and taking advantage of the opportunity afforded by her being on the road, she will appear at the Grand during the week ending May 29th.

Charles Robinson and His Night Owls. A smart show is promised to the theatregoers of the Gayety Theatre, commencing next week, under the management of Charles Robinson, who has secured the services of the famous King Solomon's about there being nothing new under the sun.

A Broken Idol. Otto Harlan, known throughout the country thru his interpretations of the roles in the late Charles H. Hoyt's comedies, is said to be scoring the most pronounced hit of his career in the Hal Stephens' popular play, "A Broken Idol." He has played the leading role of Doc What at every one of the theatres he has visited.

At Shea's Theatre next week Manager Shea has secured a rare treat in the appearance of that clever comedian, Wilfrid Clarke, and company, presenting his own comedy sketch entitled "What Will Happen Next?"

Charles Leonard Fletcher is a premier impersonator, and will present his novelty, "An Evening With Mark Twain," and other stage and literary celebrities.

 STABLE INFO.
 I have been in business in the east for
 twelve years, but never before
 come to Canada. Owing to the
 condition of things in the east, I like
 a great many horsemen, will confine
 my operations to the Canadian
 tracks this summer. My man has
 been on the ground for two weeks,
 and I have a line on the horses at
 the Woodbine, and will hand out
 some good things right from the

 This is the kind of info. that will make a Plunger out of a Piker.
 Day after day my clients do business with the WINNING HORSES—
 those that do or die in the attempt.
I HAVE INCREASED
MY STAFF
 of "Clockers," and not a move can
 escape us. My Message not only
 gives you my ONE BEST BET, but
 also keeps you accurately informed
 as to WHAT THE HORSES ARE DO-
 ING each day. IT GIVES YOU the
 "private form" and present condi-
 tion of the horses as they are sent
 to the post. Don't you think this is
 WORTH KNOWING? Isn't it better
 than putting DOWN your coin on a
 lot of DEAD ONES?
IF I CAN'T MAKE YOU BEAT THE
RACES, NO ONE CAN.
 Racing is a difficult problem to
 solve, and the public has very little
 chance to win consistently without
 the aid of an expert, and I may
 say without the slightest conceit
 that I procure and deliver the right
 kind of goods, viz., WINNING IN-
 FORMATION at good odds. No beat-
 ing around the bush nor IDLE
 DREAMS, but a fair and square deal
 is what you receive from me.

"Where Wilderness is King" Following the Trail

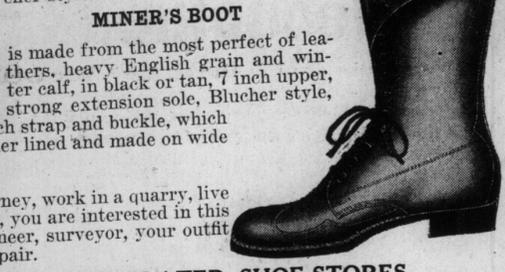

Exploring unknown country, tramping through the great wilderness, undergoing peril and privation—it is man's work. Ever notice the big boots worn by our lumbermen, miners or prospectors, and wonder the reason? PROTECTION is the first thought, and no wonder—consider the natural hard, but industrious, life these men lead.

Miner's Boot

THE COBALT SPECIAL Prospector's Boot

Prospector's Boot made in pearl chrome leather, strong heavy double extension sole, 12 inch upper, leather lined throughout, double vamp, Blucher style.

MINER'S BOOT is made from the most perfect of leathers, heavy English grain and winter calf, in black or tan, 7 inch upper, strong extension sole, Blucher style, reinforced vamp, and 6-8 inch strap and buckle, which strengthens the ankle, leather lined and made on wide comfortable last.

If you are off for a journey, work in a quarry, live in the camp, or are a miner, you are interested in this boot. If a sportsman, engineer, surveyor, your outfit is not complete without a pair.

ENGLAND'S KING AND QUEEN

In Moving Pictures at the Royal Alexandra Next Week.

The fourth week of the Lyman H. Howe Travel Festival at the Royal Alexandra will reveal a feature that Canadians will welcome from a patriotic standpoint especially. It is the only photograph of the King and Queen of England. The Howe photographer was aboard the Italian warship that marked the welcome of the English royalty in Italy recently, and the kings and queens of Great Britain and Italy, who were present, consented to have the meeting recorded in animated scenes. The new program that begins a week's engagement Monday afternoon has twenty other subjects that promise remarkable interest. The two final exhibitions of the Howe engagement, this being one of them, promise to establish new records of interest. The spectators will be taken for a steamboat ride on the picturesque River Meuse, Belgium. There will be a microscopic study of the life of the bee; a visit to the great stone quarries of France will demonstrate the new industrial life in this part of the world. In an auto trip from Nice to Monte Carlo Mr. Howe will give his audiences a glimpse of one of the most renowned parts of Europe. There will be a new animal photography picture in the series that is partially photographed from real life. A blind man, well known to the police of Paris for his kindness to a dog of remarkable intelligence, was induced to pose for the pictures. The principal travel subject will be Africa, its industries, sports and scenic beauty; the flower fete at Bois de Boulogne, Paris, will be a part of the entertainment that appeals to everybody. Mr. Howe will include in this program his pictures of the sinking of the H. M. S. Montague on the rocks of the English Channel. Other features include drills of Paris firemen, ski jumping at Chamoni, and new humorous incidents.

67,000 MEN AT FUNERAL

Employees of Standard Oil Stopped Work in Respect to Rogers.

NEW YORK, May 21.—Throughout the country wherever the Standard Oil Company had a station or a branch there was a pause to-day during the hours of the funeral of H. H. Rogers to mark the passing of the first vice-president of the company. Orders were issued that all operations of the company should cease between 10 and 12 o'clock, and these applied to every one of the 67,000 employees—a condition which had not existed in the giant corporation since its foundation, more than 35 years ago. John D. Rockefeller did not attend the funeral, as he is in Hot Springs, Va., with Mrs. Rockefeller, whose convalescence from a severe illness would not permit him to leave her.

DR. SPROULE'S POSITION

In Hands of the Order if His Re-election.

Dr. Sproule, grand master of the Orange Grand Lodge of British North America, writes to The Sentinel stating that he wishes to apologize for his refusal to stand for re-election which emanated from him. "While I have never sought the position, and do not now wish to be understood by this as seeking it, I would regard myself as unworthy of the position and ungrateful as well, did I not both to the society and those who placed me at its head, regard it as my duty, even tho' at my own personal convenience and discomfort, to place myself in its hands and let them choose to place me either in or out of the office. I have nothing but gratitude in my heart to our brethren who compose it, and a desire to aid in making it what I am sure we all wish it to be, one of the first and most important fraternal societies of the twentieth and succeeding centuries, and a great power for good, in the world."

VOTE THE BONUS.

ST. MARY'S, May 21.—The bylaw for the Township of Blanchard to give a bonus of \$20,000 to the St. Mary's and Western Ontario Railway was voted on to-day and carried by a majority of 75.

Criticism For Westminster's Dean.

LONDON, May 21.—The dean of Westminster's refusal to permit the ashes of George Meredith to be interred in the abbey appears to be final and he declines to give any reason for his attitude. No effort has been spared to induce the dean and chapter to reconsider the matter but in vain. The newspapers are loud in their reproaches of the dean for his deplorable failure to recognize the nation's wish, and in the discharge of the sacred duty vested in him as guardian of the national valhalla.

BRACKVILLE, May 21.—(Special).—The Briggs & Sons planting mill, one of the oldest manufacturing concerns in the township of the same name, which adjoins the premises. The concern will be considerably enlarged.

Seven Killed in Collapse.

LISBON, May 21.—The gallery in the monastery church in one of the suburbs collapsed to-day during a service. Seven persons were killed and a hundred injured.

EMPIRE DAY EXERCISES

Continued From Page 1.

their cheering was lusty for the speakers. Patriotic Speeches. Chairman Rawlinson of the board of education presided over the exercises. The governor-general's party was escorted to the grandstand by J. L. Hughes and the members of the board. His excellency said there was no day in the whole year, no place in the whole earth, with the exception of Westminster Hall, when and where he was more conscious of a British citizen, than he was on Empire Day, standing in front of the parliament buildings.

It was there, his excellency continued, when the boys of the Toronto Public Schools marched past four abreast on Empire Day, four years ago, with the premier and ministers of the Government of Ontario looking on, that he first realized the full significance of Empire Day, and the British Crown would accrue to the British Empire by the patriotic celebration of Empire Day in every city, town and village in Great and Great Britain, which included from one-fourth to one-fifth both of the population and of the land surface of the globe.

On that occasion, his excellency said, he was confined to the children of Toronto Public Schools.

Greater Next Year. He rejoiced to note that arrangements have been made to enable the cadets of the colleges to join the children of the public schools in the celebration of this national festival. "I hope," said his excellency, "next year that the celebration may be on a still more universal scale, and that the whole population of Toronto may turn out on foot and in carriages to see the university and college cadets and all the school boys of the city, march thru the streets to the music, four abreast, with as many as possible uniformed and carrying rifles, and every one of them with swelling breast conscious of their rising manhood, and their ability to serve the crown efficiently should their country ever stand in need of their services."

Thanks to the inspiration of Mrs. Fessenden of Hamilton and to the action of the City of Toronto, the Province of Ontario may claim the honor of having given a lead to the rest of the empire in the celebration of Empire Day. "It is because I am ambitious that the City of Toronto should retain the lead which it has already given, that I have ventured to make the suggestion that in next year's celebration of Empire Day what should be made to enable the whole population to take part.

What the Day Means.

"I want you boys to remember what Empire Day means. Empire Day is the festival on which every British subject should reverently remember that the British Empire stands out before the whole world as the fairest play and equal rights; that its watchwords are responsibility, duty, sympathy, and self-sacrifice, and that a special responsibility rests upon every individual to be true to the traditions and to the mission of his race.

"I also want you boys to remember that one day, Canada may become, if the people of the United Kingdom, which make up the British Empire, and that it rests with you individually as well as collectively to do your utmost by your own conduct and example to make Canada not only the most powerful, but the noblest of all the self-governing nations that stand to-day under allegiance to the King."

The Lieutenant-Governor.

Chairman Rawlinson then called upon His Honor the Lieutenant-Governor to speak. His Honor congratulated the boys on the splendid showing they made, in spite of the bad weather. He said the day would be the soldiers of to-morrow. He was proud of this sample of Ontario's boys and assured His Excellency that they were the greatest and most patriotic schools all over the province. His Lordship, Bishop Sweeney, reiterated the expressions of gratification which he had expressed at the school for 28 years, and was glad to see it come to the front as winners of the shooting trophy.

His James Whitely.

In a democratic tweed suit of brown, of conventional cut, with derby to match, slight as it is, which contrasted with the formal frocks of His Excellency's party and brilliant uniforms of General Cotton and staff, Sir James Whitely came forward and spoke to the boys.

"I am an old boy myself," began the premier. "I am glad for the element of leadership. It shows that the people of the City of Toronto appreciate as well as British subjects all over the world, the privilege of celebrating Empire Day, and to carry what was the day that Empire Day was celebrated on the anniversary of the birth of the good Queen Victoria, one of the greatest and most valuable gifts of a kind provision."

Great Pro-Conual.

Continuing, Sir James said that the people of the Province of Ontario, pledged as they are to a continuance on this continent of British institutions took pleasure in welcoming to their midst one of the great pro-conuals and builders of the British Empire, "who so worthily has upheld the desires and aspirations of the British people—His Excellency, the Governor-General."

He hoped His Excellency would carry home to the motherland that the younger element of this country were learning thoroughly what it meant to be a subject of Great Britain.

He also hoped a time would come, that they would become more and more convinced of their duty to perpetuate British institutions, and to carry what ever share of the burden of empire may be allotted to them.

Prize Distribution. Prizes were distributed to the various companies for shooting. His Excellency presented to Capt. C. J. Elliott of Ryerson school the shield for highest marks in our door shooting.

Dufferin school won two cups for indoor target practice, viz: The Marshall Cup for the highest score at the indoor targets for the entire season, and the Chamberlain-Williams Cup for the best score on the first practice. These were presented by Gen. Cotton. On behalf of the Daughters of the Empire, Mrs. Albert Goddard presented to Ethel Berrisley of Givens street school, and Hilda Fox of Ryerson school, prizes for essays on the British Empire. THE NEW WHEEL

"Silver-Ribbon Massey"

THE man on the wheel is beyond the crush of the morning, mid-day, or evening crowd. He does not belong to that sad company known as "strap-holders."

He has a car of his own which is operated without the assistance of a fare box. He gets the exercise, too, that nature positively demands.

The man on the wheel in the city or town is a "wise guy" in the fullest sense of the word. The joy of living comes largely into his observations; he is an optimist with a good digestion and "early to bed early to rise" principles. He generally uses the wheel that has lived and grown modern—

"Silver-Ribbon Massey" Bicycle

with the new improvements, such as the Hercules Coaster Brake, Sills Handle Bar, and Hygienic Cushion Frame. The wheel that is made right and of the right material, and sells at an honest price.

Save the King—"Rule Britannia," "O Canada," and "Memorial Day."

An address was given by E. S. Kyle who pointed out that, as one applies self-control in the presence of machinery, the principle was re-acting upon the national mind and reproducing an enthusiasm so well governed that the superficial observer has mistaken self-control for decay. Canada's interests were bound up in those of empire, and the responsibilities of empire were likewise ours. These responsibilities should be met by the development of high ideals of citizenship.

In the afternoon, the staff of both schools and the students in training were assembled in the theatre of the normal school where an interesting program was provided. The students and pupils under the direction of A. T. Cringan sang "God

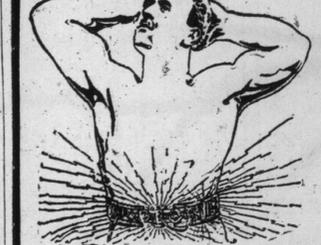

PHONES SON TO FIND HIM DYING

NEW YORK, May 21.—"Come at once to the Grand Union Hotel. I'm up here and must see you on urgent business." This was the message Charles E. Sexton, an insurance broker, gave to his son over the telephone. Carrington Sexton, the son, an architect, hurried to the hotel and found him dying from six bullets which he had sent crashing thru his open mouth.

Don't Get Wet on the Holiday.

It would be too bad to have your nice new clothes ruined in one of those sudden showers which pour down upon us without any warning at this time of the year. Don't take any chances. Go right up to East's Umbrella store and get a good umbrella to take on your trip. They are selling them for all ages priced from 50 cents up.

EVERY WEAK MAN Can Be Made Strong.

Let any man who is weak, broken-down, old and decrepit in physical weakness, full of pains and aches, gloomy, despondent and cheerless—any man who wants to be stronger and younger than he feels—let him come and tell me how he feels, and if I say that I can cure him and he will show me that he is honest and sincere, he need not pay a cent until I cure him.

The proposition I make to you is a fair one. It is an easy one for you to accept. All I ask is give me security that I will get my pay, and you can

Pay When Cured.

If I don't cure you my Belts come back to me and we quit friends. You are out the time you spend on it—wearing it while you sleep—nothing more.

The Dr. McLaughlin Electric Belt is a cure for all signs of Breakdown in Men and Women. The Vitality of the body is Electricity—the force in the Nerve Cells. My Electric Belt will give you back this power and enable you to fight on in the Battle of Life.

The Dr. McLaughlin Electric Belt cures Neurasthenia, Hypochondria, Nervous Prostration or Nervous Weakness, Headaches, Sleeplessness, Stomach Trouble, Indigestion, Constipation, Weakness of the Organs, Night Losses, all evidences of Premature Decay.

Most of the Belts that I am selling now are to men who have been sent here by their friends whom I have cured. I think that is the best evidence that my business is a success from the standpoint of cure, as well as on the dollar side.

VARICOCELE—WEAK BACK—NERVES. Kelso, Ont., March 15, 1909. Dear Sir:—A short time ago I purchased one of your Belts. I am very pleased to say that I have received great benefit from it in every way. My varicocele is almost gone and my back is much better. Before using your Belt my nerves were in a pretty bad shape—so bad that it interfered with my work. Any man can easily know what this means to me, as my health is greatly improved also, and I feel better than I have for the last five years.

CALL TO-DAY FREE Consultation BOOK. If you can't call send coupon for free book.

DR. M. Q. McLAUGHLIN, 112 Yonge Street, Toronto, Can. Dear Sir.—Please forward me one of your Books, as advertised. NAME: ADDRESS: Office Hours—9 a.m. to 6 p.m. Wednesday and Saturday until 8:30 p.m. Write plainly.

Is Your Back the Weakest Point?

Weakness or pain in the small of the back denotes kidney disease. Pains under the shoulder blades, aching of the liver troubles. So instinctively are the liver and kidneys associated in the work of filtering poisons from the blood that one is not long delayed until the other plays out.

Usually the trouble begins with torpid, sluggish liver action, and consequent constipation of the bowels, then the kidneys give out and the most painful of diseases begins. To effect cure you must get at the cause of trouble and get the liver and bowels right before you can hope to restore the kidneys to healthful action.

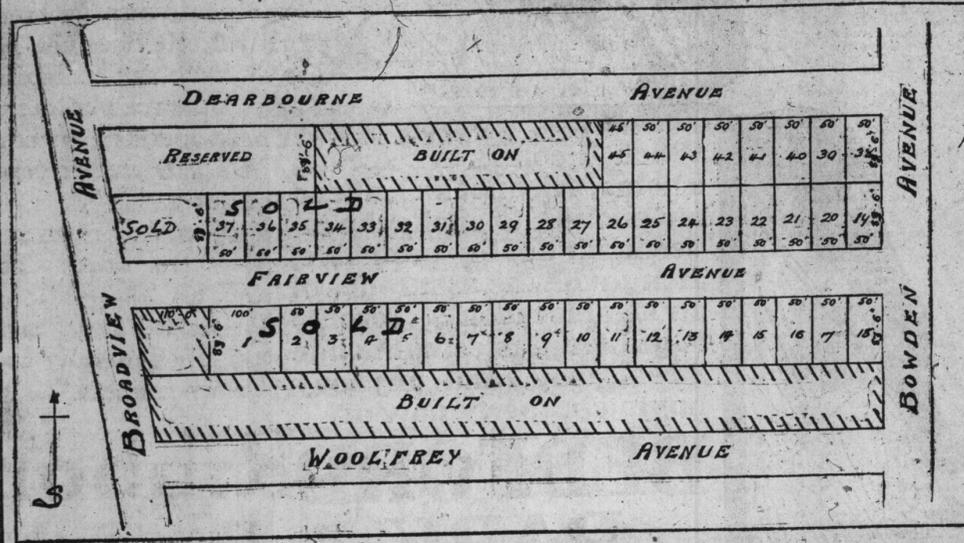

This is the way Dr. A. W. Chase's Kidney-Liver Pills work, and this is why they succeed in the most complicated cases, where ordinary kidney medicines fail to prove effective.

Dr. A. W. Chase's Kidney-Liver Pills

By their direct and definite action on the filtering organs Dr. A. W. Chase's Kidney-Liver Pills awaken the action of the liver, overcome constipation of the bowels and bring the kidneys back to health and vigor.

While not in any sense a cure-all, Dr. A. W. Chase's Kidney-Liver Pills are effective in a variety of ailments which arise from a torpid, congested condition of the liver, kidneys and bowels, such as, liver complaint, biliousness, constipation, indigestion, kidney disease and urinary troubles. One pill a dose, 25 cts. a box, all dealers or Edmondson, Bates & Co., Toronto, Ontario. N. Y. Dr. A. W. Chase's Ointment positively cures itching, bleeding piles.

TO RUSH 4 DREADNOUGHTS

Cabinet Has Decided to Go on With Extras.

LONDON, May 21.—Premier Asquith, Foreign Secretary Grey and popular opinion, according to The Pall Mall Gazette, have overcome the scruples of the ultra economists in the ministry and the cabinet has decided that the four contingent Dreadnoughts mentioned in the naval estimates shall be laid down before the end of the financial year.

Paris, May 21.—The superior council of the navy has decided upon a program that includes bringing the number of French battleships up to 28, a total that would ensure France fourth place among the naval powers of the world. It is proposed to lay down in 1910 two 21,000 tons vessels of an enlarged Danton type.

Run Over by Street Car After Viewing Empire Day Parade.

Rachel Goden, 5 years of age, 51 1-2 Agnes-street, was run over by a street car at University-avenue and Queen-street at 2 45 yesterday afternoon. She had been watching the school children's parade. Her left ankle was severely crushed and she was removed to St. Michael's Hospital in the police ambulance. It may be necessary to amputate the foot.

GIRL'S FOOT CRUSHED

Heavy Penalties Provided Manufacture and Sale.

SPRINGFIELD, Ill., May 21.—The house by a vote of 89 to 2 passed a bill prohibiting the manufacture or sale of cigars. The penalty for a first offense is a fine of \$50 to \$100 and a jail sentence of from one to 60 days. Subsequent violations are punishable by a fine of from \$100 to \$500 and imprisonment of from ten days to six months.

METHODIST PROGRESS

All Churches in Central District Reported Increases.

The Central Toronto Methodist District meeting was held at Broadway Tabernacle yesterday afternoon. Rev. T. D. Bartley was chairman. The financial and general statistical reports showed substantial growth in all the churches in the district.

Island Baths Open.

J. J. B. Atkinson, proprietor and manager of the Island Baths at Hurler's Point, has everything spick and span for the opening on Monday, the 24th instant. There are now plenty of new lockers to meet the demand. All the suits are thoroughly sterilized before and after using. The feature of the island baths is, of course, the toboggan slide. The slide is a 45-foot incline fitted with improved rubber rollers; and the head is reached by stairway which does not tire the bather. Bathing will be popular this summer, and it is as enjoyable a way as possible to enjoy Victoria Day by spending a half hour or so in the water at the Island Baths.

Calls Sea Wall a Fake.

Postcards are being sent out by an unknown describing Controller Ward's sea wall as a fake, and comparing it with the "Don Improvement." The card concludes with "another monument to pin-headed aldermanic work in large letters."

Wall Street Less Active Fluctuations Are Narrow

New York Securities Are Only Buoyant in Sections—Toronto Market Dull, and Hard to Operate in.

The Toronto Stock Market from a trader's standpoint is exceedingly peculiar at the present time, and somewhat mystifying to those who are wont to operate in an out of the market at will.

In several issues to-day it was stated that it was equally difficult to buy as to sell securities and that the market represented the most anomalous condition that has been experienced for a long time.

Taken as a whole such transactions as occurred were made at about yesterday's prices. There were some advances, but these were few and far between. On the other hand the declines were equally unobscured.

In the speculative securities Rio common displayed the strongest tendency and it is believed that with a new financing the declaration of a 5 per cent. dividend on the common stock is only a matter of time.

Toronto Electric Light on the other hand sold above the selling prices at the close with no stock offering. Twin City was offered on this market without takers, yet there was a substantial bid for it.

The listed mining stocks were perhaps the strongest issues in the market at steady prices, but the Rio common high records on this exchange.

The nearest of holidays in the market transactions and served to curtail business. The nervousness of the market transactions and served to curtail business.

Wall Street Posters. Growing sentiment in U. S. senate for expediting tariff legislation.

New York Stock Exchange makes stringent new rules about trading with Consolidated Board and is expected to take up subject of curb trading.

SAVINGS DEPARTMENT. AWAITING A DEFINITE MOVEMENT.

Holiday apathy has already begun to invade the Toronto stock market. The market as a whole to-day appeared weak, also in the apparently weak spots there were sufficient reasons to demonstrate that the low prices meant strength rather than weakness.

The report leads to the belief that the workings of this property will show results equal to those of Cobalt and Gow Ganda.

The ore here being extracted from this drift is so rich that it can be shipped to the smelter without going through the mill.

COBALT---La Rose the Strong Feature of the Mining Securities---COBALT

Mining Market Is Quiet La Rose the Day's Feature

Business on a Fairly Broad Basis—Market Undertone Distinctly Firm—Hargraves Were Steady.

World Office, Friday Evening, May 21. The local mining markets to-day were quiet and prices generally a shade lower. The coming holiday and a natural reaction caused an easing in prices, but the undertone was distinctly firm and the market closed with offerings well taken. Hargraves and Peterson Lake monopolized most of the trading and Temiskaming was more active. There was practically no special feature in the market except the strength and firmness of La Rose. This issue was in good demand and sold up to 7.40 during the afternoon, closing strong at that figure. Beaver and Peterson Lake were steady and business was on a fairly broad basis. Altogether the outlook for the market looks bright.

NEW AREAS UNCOVERED

Zone of Productive Mines is Being Rapidly Extended. Thomas Nevins & Co. in their weekly letter say: The Kerr Lake District of the Cobalt Camp is yielding handsome returns for the expenditures which the properties of this section are making for exploration and development. Almost daily discoveries of rich, silver-bearing veins are being made through the territory, which lies to the south of the so-called old section of the camp, where the wonderful silver deposits of Cobalt were first revealed to the world about five years ago. The zone of productive mines is being so rapidly extended that engineers now believe the silver stores of the camp are practically inexhaustible. During the week a big vein running high in values has been uncovered on the Hargraves, which adjoins to the west one of the properties of Argentum Mines, Limited. Equally promising strikes have been made on Beaver and Rothschild, the latter of which is Property 60 of the Cobalt Central Mines Company, east of and contiguous to the Gillis limit, for which the Canadian Government last week refused \$200,000. The new vein of the Lawson, another Kerr Lake property, southeast of the Gillis limit, has been stripped and shows assays running as high as 14,000 ounces of silver. Lawson adjoins the Foster, now being operated by the Argentum Mines, Limited. The latter company has a large force of men and two diamond drills exploring and developing its property.

Joins Another Firm. Mr. George Morton, late of Morton & Co., is now associated with Loran & Gamay of 36 Toronto-street. Mr. Morton left for Cobalt last night to make general returns of the entire territory, with a view of giving the many clients of his firm reliable information regarding that district and the recently reported discoveries.

Boy's Memory Still Blank. SMITH'S FALLS, May 21.—(Special)—Stanley Hall, the young high school student of this place who had such a trying experience on Saturday night, when he was lost in the woods, is still suffering as a result of it. His hands were badly lacerated, presumably in his efforts to extricate himself from the swamp by catching hold of shrubs or the branches of trees, and the wounds have become so painful that to-day he was removed to the hospital. His memory is still a complete blank with regard to his experience in the woods.

EXCITEMENT IS REPLACED BY SOUND CONSERVATISM

William Starr Bullock Revisits Cobalt and Gives New Impressions of Camp

The World met Mr. William Starr Bullock, the well-known mining publicist expert of New York, who has been again on a visit to the Cobalt silverfields. He came into Toronto yesterday after a visit to the Cobalt camp. In conversation with The World he said: The camp was never in a better position than it is at present. The silver veins of the recent finds are of much general interest because of the excellent surface showings. "Perhaps one of the best of the new finds was the No. 3 vein on the Lawson, which was discovered this week during the process of trenching. This vein has been traced for a considerable distance and is exceedingly rich on the surface. Thus far no assays have been taken, but it certainly is probably that the new vein will average nearly 10,000 ounces to the ton. "The original discovery vein of the Lawson has been traced for about 400 feet and indicates continuous value throughout its length, the epds being practically as strong as the celebrated 'silver sidewalk,' which was the first outcropping of this vein, about which so much has been written. "The camp has progressed to a point where comparative figures are of material interest. The total output to date is approximately 45,000 ounces of silver valued at nearly \$1,000,000, and more than 60 per cent of this output has been from four properties, the Nipissing, La Rose, Conlaga and Kerr Lake. Dividends to date from the foregoing properties, have run well into the millions, and the percentage in these cases is approximately that of the output mentioned above from the same four properties. "Nipissing vein alone has produced a million and a half dollars, Nipissing vein 15 has produced nearly a million dollars, as has also the Kendall vein of the same property. The largest producer in the camp to-day has been the main vein of the La Rose, from which nearly \$2,000,000 has been taken. "The University property is being opened up with a new and active work is now going forward to develop both the University and the Lawson. The Lawson now has four excellent veins exposed and trenching is going on in other parts of the same acreage. "The recent Beaver strike is of very excellent showing and is certainly encouraging to the camp at large because of the depth at which the vein was struck. "There is much interest taken in the Gow Ganda District, and although conservative engineers believe that early reports of this section were perhaps exaggerated, there seems to be no question that there are excellent prospects for some of the properties which were snow-stopped and snow-shoed during the past winter. Several of the Montreal River properties are showing up well, and there is seemingly no doubt that the output of this section will be considerable. "A much more widespread interest is evidenced on the part of investigators and investors both in England and in the United States with regard to the really good Cobalt properties. The day of wild-cattling is not fully passed, for you can never put wings on a mining camp, particularly in its early years. Nevertheless, the public is becoming much more fully acquainted with the situation and the properties and consider the best only, as prospects are generally looked upon with disfavor. Conservatism has larger and replaced excitement in the matter of Cobalt investments, and much stock of the proven properties is being taken quietly in small lots and goes into money boxes as permanent investments."

The Bride's First Dinner Set

SUITABLE. Not too expensive giving her heart failure when she hears a crash, yet nothing commonplace. There's a sentiment about a bridal set. It must be right in quality and rich in artistic merit.

PRACTICAL. This is a full Dinner and Tea Service for twelve persons. Yet it's "Built for two" for you can make a small set out of it for every day use, and shouldn't an accident happen you replace the broken pieces without delay for we carry stock to make up broken sets.

EXCLUSIVE. The sets are our practically own exclusive patterns reproduced for us from French China Sets costing a Hundred and Thirty-five Dollars. While the identical dainty designs grace the Royal tables of Europe this serviceable first quality, semi-porcelain ware will stand every day use in the home.

Fashionable Summer Silks

WE CLAIM that our prices on these three lines of silk do not describe them to you as basis of comparison. We think that if you wish to realize their quality—you will have to look at the ordinary dollar and a quarter silks for this 83c pongee and similarly with the others in proportion. They are Simpson silk department successes.

Genuine Shantung Pongee, a splendid quality, 34 inches wide, a pretty shade of natural bamboo color, very smart and serviceable for waists, suits and coats. Regular \$3c. Tuesday 83c.

Black Tafeta, a superb quality, natural loom finish, deep jet black, with colored selvedge, mellow and lustrous, for coats and costumes. The best value in the city at 27c.

White Habutai Silk, 72 inches wide, heavy quality, perfectly woven, bright finish; just the thing for graduation dresses. Our price 50c.

Boys' Day Tuesday

SIMPSON'S give boys the fit and the look that boys want. Simpson's give boys the wear and the quality that wise mothers insist upon. Simpson's give boys good clothes at prices fathers will consider reasonable.

Sahlin Perfect Form and Corset Combined

WE take great pleasure in introducing and recommending the "Sahlin" to Toronto ladies. The "Sahlin" is especially designed to produce the symmetrical lines and the graceful contour present styles demand; with perfect comfort and most healthful results. Slight and medium figures are especially benefited. A full chest, erect shoulders and tapering waist can, with comfort, be secured so well in no other way. You will be agreeably surprised at what this garment will accomplish. To keep the shoulders back and the chest forward becomes natural after wearing the "Sahlin."

It is made of fine light batiste, with high or medium bust and long or short front and back, and finished with lace and ribbon. We will hold a special showing and sale Tuesday. Call and consult our Miss Webber about the Sahlin. Our price is \$1.25.
