## QUEBEC AND MARIU JIN HANDS FOR FULL INSISTENCE ON RIGHTS

Time Has Come to Settle  
Finally and Equitably Questions  
of Jurisdiction Between  
Federal and Provincial Authorities.

SIR LOMER GOUIN GUEST  
OF SIR JAMES AND CABINET

SIR LOMER GOUIN:  
The time has come when we  
should settle finally and equitably  
the question of jurisdiction.  
We should be able to devise  
some court, whose decisions should  
be binding for all the courts of  
our provinces of Canada.

HON. L. A. TASCHEREAU:  
In insistence on our full rights  
there should be full accord. It  
is essential that we develop our  
resources to their utmost, and  
this is only possible if we retain  
our rights to their fullest extent.

A railway incorporated under  
a federal charter is practically  
beyond the control of our civil code.

Ottawa has no right to incor-  
porate companies for purely provincial  
purposes.

Our fisheries are being deple-  
ted by federal control. The con-  
trol of the fisheries should be by  
the provinces.

Hardly can the importance be over-  
estimated of the interprovincial  
feast which took place at the parlia-  
ment building yesterday, on the  
occasion of the luncheon given by Sir Jas.  
Whitney and his colleagues to Sir Lomer  
Gouin, prime minister of Quebec,  
and two of his supporters in the legisla-  
ture of the sister province.

The gathering was a distinguished  
one, and included, in addition to  
practically all the members of the Ontario  
legislature, as well as municipal, ju-  
dicial and educational men of leading  
reputation.

The function took place in the  
reception hall, which was prettily  
decorated for the occasion.  
Lieutenant-governor Gibson replied  
to the toast of the governor-general  
and lieutenant-governor, in a short  
and witty speech. "Perhaps the  
most important of the two pre-  
miers," he suggested, "is to devise  
some fair and equitable system  
of dividing up the jurisdiction with  
which they are burdened." "I remember,"  
he declared, amid laughter, "the time  
when premiers were not so burdened."

Sir James Whitney, in rising to pro-  
pose the toast of the Province of Que-  
bec and its prime minister, declared  
that it was a welcome task to pay  
back to some extent the welcome that  
he received at the hands of the premier  
and "our brethren" of the sister  
Province of Quebec.

"You will allow me," he continued,  
"to recite the details of an incident  
which I saw during the tercentennial  
celebration in the streets of Quebec.  
I saw soldiers of the Province of On-  
tario halted for a little rest, when from  
behind a house in the narrow streets  
came forth women and children, and  
(turning to Sir Lomer), with your cus-  
tomary hospitality, offered refresh-  
ment. I tell you the blood of every  
Ontario man who witnessed it coursed  
more warmly through his veins at the  
sight."

During that memorable drive to St.  
Anne de Beauport, along that long  
stretch of twenty miles, every house  
was decorated, and the residents were  
ready and anxious to receive us with  
hearty acclamations as we went by.  
Referring to the tercentennial cele-  
bration, he said: "It was devised in  
wisdom and there is no doubt what-  
ever but that it has done great good."

Mutual Good Feeling.  
Sir James then quoted from his own  
and the speech of Sir Lomer Gouin  
at the celebration to show the  
progress that had been made in  
mutual good feeling between the  
provinces since confederation.  
"You may find some mental dyspep-  
tics or demagogues," he continued,  
"some man with the serpent's tongue,  
who is willing to exploit his own  
weakness at the expense of his pa-  
triotism. But the truth is that we love  
and respect the Province of Quebec,  
both for its intrinsic merit and when  
we remember that when British con-  
quest was in stress and peril, the  
men of the Province of Quebec were  
not the last to come forward for its  
preservation."

"We would not forget if we could,  
and we could not if we would, the  
struggle of Chateaugay, or when, in  
the County of Dundas, two companies  
of Quebec volunteers regained the soil  
of Ontario with their blood."  
"We find to-day all the provinces  
marching side by side in peace and  
contentment, proud of our liberties, de-  
termined to stand by them and insist  
on them, proud of our British institu-  
tions and ready to assume any of the  
burdens which we may be called upon  
to bear."

## Another Coon Comes Down.

Under the letter-head of the firm of Macdonell, McMaster & Geary, Mr. Geary is sending out a letter asking for support for the mayoralty. The letter is all right. But would you believe it, a post-script (not on letter-head paper, however) reads thus:

P.S.—Notwithstanding the persistent misrepresentation of The World, I AM NOT IN OPPOSITION TO THE TUBE SYSTEM, but, on the contrary, voted for it in the council, and am going to vote for the principle on election day. All I have claimed is that we are not bound now to adopt any particular report. This is in entire agreement with the engineer, who declines to make public details until next year. We will carry the plebiscite next year, obtain the legislation, and then go into the details and submit the plan to the people.

## BORE ANOTHER'S CRIME FROM HEROIC MOTIVES

Former Superintendent of B. C. Electric Railway Who Pleaded Guilty is Exonerated.

VANCOUVER, B. C., Dec. 15.—(Special.)—Two years ago two foremen of the British Columbia Electric Railway, Maynard and Sharman, were charged with having padded pay rolls with names of dead men and stealing thousands of dollars. Both left the city, but Maynard first made a statement accusing James Milne, superintendent of the B. C. Electric Co., of having largely benefited from the crooked work, and of having passed the pay-rolls knowing them to have been doctored. Milne, who has large property interests, was arrested and pleaded guilty to one charge, on which he was sentenced to 18 months. He has since served the sentence and returned to business in the city.  
To-day Maynard, who was re-arrested here last night, made a confession exonerating Milne from all guilt, and Milne now says he accepted part of the blame because he was careless under his very heavy work and because he wished to protect Maynard's wife and family.

## BEST CHANCE IN A CENTURY

Redmond's Optimistic Address at Nationalist Convention.  
LONDON, Dec. 15.—(C.A.P.)—John Redmond, speaking at the National demonstration at Dublin to-day, when the convention decided to support the Liberal candidate, said that for the first time in a century they had the greatest opportunity ever offered them to tear up and trample under foot the Act of Union.  
Reginald McKenna, addressing a meeting in the south end, referring to the contribution of New Zealand and Australia to two Dreadnoughts, mentioned that as only one of the great efforts at empire consolidation undertaken by the present government, it would be a lasting memorial to the name of the Liberal government.  
Sir J. Swinburne, one of the most prominent supporters of the Liberals in the north of England, has severed his connection with the party on account of the budget.

Mr. Eddis Much Better.  
The many friends of Mr. Henry William Eddis of Rossdale, who has been seriously ill, will be pleased to learn that he is much better and is now on a fair road to recovery. Mr. Eddis has a remarkable constitution for a man 40 years of age. Yesterday he dressed and shaved himself without assistance, and that, too, after a serious illness.

Hocken Busy Organizing.  
Controller Hocken held a satisfactory meeting in Oddfellows' Hall, Yonge and College-streets, last night, to help the work of organizing the third ward.

## WHO WILL BE THE GUESTS?

"Whosoever will may come." Every boy and girl from six to sixteen, who will accept and behave himself, is invited—Jew and Gentile, Catholic and Protestant, black and white. While a special invitation is extended to the poorest boys and girls in the city—none is too poor—we wish it to be understood that it is not merely a poor children's banquet. We desire to promote good fellowship among the children of the community, and any boy or girl who is not too proud to sit down with his "poorer brethren" will be welcome. The festival is the echo of the angels' song, "Peace on earth, good will among men."

## FREIGHTER LOST; CREW SAFE BUT STARVING

Steel Str. Wissahickon Wrecked Near Manitoulin Island, Sunday Night—Sailors Are Still Marooned.  
LITTLE CURRENT, Ont., Dec. 15.—The new steel steamer Wissahickon, of the Anchor Line, ran on the Outer Duck Islands, Lake Huron, Sunday night, at 11.15, in an eastern gale and blinding snow storm. The lower decks and stern are submerged and all supplies cut off from crew, who have had no food since Sunday night.  
Heavy seas prevented them crossing from the Ducks to Manitoulin Island, until to-day, when two fishermen, who reached the island where the steamer is in a small gasoline launch, brought off first mate, J. H. Cassey, and Engineer Jno. Erksen.  
Tugs are being sent out from the Soo for the rest of the crew, 32 men in all. All are safe on the island, but have suffered severely in the extreme weather without food.  
Cassey and Erksen had to walk eight miles thru snow and water to Manitoulin Island.  
The Wissahickon was bound from Buffalo to Duluth with four thousand tons of general merchandise, valued at \$100,000.  
The vessel was only two years old, and will be a total wreck.

## IS A NEW ISSUE COMING?

Possible Marketing of Securities of the Toronto Railway.  
MONTREAL, Dec. 15.—(Special.)—It is known in inside circles here that those in control of the Toronto Railway are sounding the leading brokers of the Montreal Stock Exchange as to how a big issue of securities of the Toronto Railway Company would be received by Montreal investors. A good deal is said to depend on whether a new arrangement as to franchises could be got with the City of Toronto, and whether the new issue take the shape of bonds or stock. From the way the stock is being quietly but persistently referred to in the financial pages of a leading paper, it is evident that it is more likely to be an issue of common stock. If a new deal could be got from the city, with a franchise for the railroads, it is said over \$20,000,000 could be cleaned up for the promoters in a short time.

## FOURTEEN KILLED IN WRECK

Broken Rail Throws Coaches From Trestle Into Creek.  
GREENSBORO, N. C., Dec. 15.—Local passenger train No. 11 on the Southern Railway was wrecked at Reedy Fork trestle, ten miles north of here, early to-day. Eleven bodies have been removed from the wreckage, and 25 injured are in hospital. Three dead are believed to remain beneath the wreckage.  
The derailment was caused by a broken rail. The day coaches and Pullmans were thrown from the trestle into the creek, 20 feet below.  
George J. Gould, the millionaire, and his son Jay were on the train.

## VOTE FOR THE TUBES

The cry for tubes has been the one thing that has brought, or will bring, the Toronto Railway to a realizing sense of the fact that the people, not the company, are still masters (the somewhat tied by the existing franchise) of the local traction situation.  
Toronto is free to build tubes.  
Toronto is free to expropriate the Toronto Railway.  
Toronto is free to buy shares in the Toronto Railway.  
And any one of these plans will bring Mr. Fleming by his knees—he may be already there.  
But don't let the people be humbugged by Mr. Fleming's promise in an evening paper last night, that he is now getting ready to build seventy miles of track. That is at last a penitence.  
Let the people go right on and vote in an overwhelming way for tubes on New Year's Day. After that they can go to Sir James Whitney and the legislature for power to exercise any one or all of these rights: to build tubes; to expropriate; to buy shares. But no more deals with the company.  
Vote for tubes and the Bloor-street viaduct.

## AYLESWORTH TELLS WHY HE GRANTED THAT FIAT

Wouldn't Be Fair to N. A. Trading Co. to Refuse Them Appeal to Courts, He Says.  
OTTAWA, Dec. 15.—(Special.)—F. D. Monk, in moving for an order of the house for a copy of the petition of rights and pleas offered in defence in the case of the North Atlantic Trading Company vs. The King, in the exchequer court, introduced a discussion in the commons to-day on the somewhat time-worn question of the operations of the North Atlantic Trading Company.  
The contract with this company had expired and a final payment of over \$88,000 had been made to the company, but a fiat had been issued by the department of justice allowing the company to take action for an amount exceeding \$70,000 for damages incurred through the cancellation. This was strange in view of the fact that Hon. Frank Oliver had said that the department of justice had advised him that he had a perfect legal right to cancellation.  
Hon. A. B. Aylesworth said it was a question of law upon the language and provisions of a contract as to which different men might have different opinions. While he had advised the minister of the interior, lawyers representing the company had taken a different view and it would be an intolerable condition of affairs if the department should refuse to give the right to litigate simply because it was of the opinion that no claim existed.  
Mr. Borden recalled that Mr. Oliver's reason for cancellation—that the company had not been sending certain nationalities of immigrants as agreed—had not been borne out. Mr. Aylesworth's readiness to grant the fiat indicated a tender regard for the company.

## CANADA HAS NO NEED OF WASHINGTON ATTACHE

Sir Wilfrid Laurier Explains That Us a Splendid Service.  
OTTAWA, Dec. 15.—(Special.)—Sir Wilfrid Laurier, in the house of commons to-day, stated that there was no necessity for a Canadian attache to the British embassy at Washington.  
E. N. Lewis had proposed a resolution to petition the imperial government for the appointment of a Canadian attache, as seven-tenths of the British business there concerned Canada.  
"Our relations with the United States," said Sir Wilfrid, "have been of late years, on the whole, very friendly, and recent treaties have removed all possible cause of contention. At one time I would have been strongly inclined to vote for the resolution now proposed, but Ambassador Bryce has taken special pains to give attention to Canadian affairs. As soon as he took office he came to Ottawa, and tried to familiarize himself with Canadian questions. In conducting negotiations affecting Canada at Washington, he has taken no steps without consulting the Canadian authorities, and if there is any fault to be found, the blame must be Canada's."  
"While some good might arise from our having a representative to advise with the British ambassador at Washington, still his presence might also give rise to complications. I would suggest that it would be the part of wisdom to withdraw the resolution."  
And Mr. Lewis complied.

Westminster Church Gives Rev. John Neil Purse of Gold.  
The congregation of Westminster Presbyterian Church gave a reception yesterday, in honor of the 25th anniversary of Rev. Dr. John Neil as pastor of that church. A presentation of a purse of gold was made on behalf of the church members by W. D. Hendry, while the ladies of the church gave Mrs. Neil a case of silver. Among those who made speeches were: Rev. Dr. Fraser, Rev. Dr. Gilray, Rev. Dr. McTavish, C. Tower Ferguson, Principal Gander, Archdeacon Cody and W. Baird.  
Sherbrooke, Que., council have approved bylaw giving the street railway a franchise for 40 years.

## PORCUPINE LAKE ATTRACTS GOLD SEEKERS

Wonderful Finds Near Matheson Cause Rush of Prospectors—Rich Samples Have Been Brought Down.

(By a World Special Commissioner, 97 Miles North of Cobalt, T. N. O. Railway.)  
MATHESON, Ont., Dec. 14.—The gold fever has spread across the whole of this Northern Ontario like a mighty plague, just as it did across the western states when the wonderful gold finds of California, Cripple Creek and Tompaah were made some years ago. It has separated men and their families, caused them to sell business interests of every kind, and pulled them away from everything with which they had lived for years, and which had become part of them. Many lives have been sacrificed in the world's search for the yellow metal, but not even the terrible cold or the deep snow of the frozen north, or the dry and hungry deserts of the south, where life is almost impossible, have been able to daunt the greatest optimist in the world.  
No other one thing in the world has the power to attract men away from the haunts of civilization and into the most inaccessible places that gold has. It has separated men and their families, caused them to sell business interests of every kind, and pulled them away from everything with which they had lived for years, and which had become part of them. Many lives have been sacrificed in the world's search for the yellow metal, but not even the terrible cold or the deep snow of the frozen north, or the dry and hungry deserts of the south, where life is almost impossible, have been able to daunt the greatest optimist in the world.  
No other one thing in the world has the power to attract men away from the haunts of civilization and into the most inaccessible places that gold has. It has separated men and their families, caused them to sell business interests of every kind, and pulled them away from everything with which they had lived for years, and which had become part of them. Many lives have been sacrificed in the world's search for the yellow metal, but not even the terrible cold or the deep snow of the frozen north, or the dry and hungry deserts of the south, where life is almost impossible, have been able to daunt the greatest optimist in the world.

Cheerful Optimism.  
The gold seeker is always sure to find "the" great mine on his next trip into the wilderness, or the mountain fastnesses. The "next" trip for 20 or even 40 years has been going to be the lucky one, and so he keeps on looking from year to year.  
In Northern Ontario the fever is picking up its victims every minute. Old prospectors who have been seeking the standard of world values, are in the new gold fields now, and others are making their way north as fast as they can. Men who have been in every gold field in the world are now in the so-called Porcupine district, which includes a much larger section than that lying immediately adjacent to Porcupine Lake, seeking gold. But the experienced prospector is not alone, and many beginners are competing with him in the search.

New Eldorado.  
Porcupine and gold are practically the sole topic of conversation in every town along the Timiskaming and Northern Ontario Railway, and men are offering for sale their interests in every direction in order that they may get the money to become interested in what is believed to be a new bonanza country.

At present, due largely to the fact that the mining recorder's office is situated there, Halleybury is the centre of the movement. Every man who strikes a vein of gold in the district to record it, and as a consequence the streets of Halleybury are thronged with prospectors who have come in to record claims, or who are getting ready to make a start into the woods. The best evidence of the way the fever has swept across the country is the number of men who go up on the afternoon train to Mile 225, from which point the forty mile tramp into the woods is commenced. About three hundred men are going into camp every day—some to stake out their claims and others to do assessment work on claims already staked. Temporary stopping places have been erected at Mileage 222, and the prospectors stay over night, as it is late when the train leaves at that point, and the start for the woods is made in the morning.

But the trail from Mileage 222 will only be used until the new winter road from Matheson is ready, and by Friday.

PINE KNOTS.  
Robert John: Is that you, Cap?  
Cap. Firehall: Yes, sir.  
R. J.: Don't talk so much for Geary. My scouts tell me that everyone down east is calling you a pine knot. Try, at least, to be a bump on a log. Fred'll tell you what to do.  
The Cap.: Yes, sir. Whatever Fred says I'll do.

WARMING UP THE CABIN WITH PINE KNOTS.  
Little Eva: It's getting cold in your cabin, Uncle Bob.  
Uncle Bob: Well soon have a fire. Look, Little Eva, at this bunch of pine knots that Cap. Kraw has sent me up from the firehall.  
Little Eva: But won't they make a lot of smoke, Uncle Bob?  
Uncle Bob: Yes, indeed, Little Eva. But it ain't de smoke so much as dey done don't last.

DID YOU BUY IT?  
That Fur-lined Coat You've Been Talking About.  
If we're not greatly mistaken you been putting off buying a fur-lined coat for some years now. This season your chance to get something good at fifty dollars is remarkably fine. A man's fur-lined coat with the best of beaver cloth outside, and with a wide otter or Persian lamb collar and revers, and lined with muskrat, for fifty dollars. One will last you for years and is absolutely necessary in this frigid climate of ours. Dineen has the special coats for men. Call to-day and select one before they are all sold out. You will not get a chance like this in many a day.

Passengers on the Oceanic, which reached New York yesterday, included Sir Alex. Lacoste, Hon. Rodolphe Lemieux and Mayor Trotter of Ottawa.

# A Compelling Boys' Line

In the very unusual assortment of **OAK HALL MADE CLOTHES** you will find not only the most crisp-looking garments, but also the ultimate of quality, fabric, tailoring and trimmings.

It is a simple matter for a house to talk style, but it is exceedingly difficult to plan and develop models up to the plane where they are really capable of attracting the serious and favorable attention of particular purchasers—mothers and fathers who know "what's what."

There is more behind **OAK HALL MADE CLOTHES** than a name—there's an organization as capable as years of strenuous effort and honest service can make it.

Every Boys' Model we make has a style-characteristic that commands the attention of critical parents.

### EX-ALD. BAILEY LIKELY MAYORALTY CANDIDATE

Big Meeting Urge Him to Run at Head of a Hydro-Electric Ticket—Gore Fence to Come Down.

HAMILTON, Dec. 15.—(Special).—There will be a red hot mayoralty campaign, and the man who will likely carry the people's banner against Mayor McLaren and the Cataract regime at the city hall, is Ex-Alderman W. G. Bailey. He attended an enthusiastic meeting of citizens representing

all wards and all shades of politics in Kennedy's Hall this evening, the meeting pledging itself to land him in the mayor's chair by a sweeping majority. He promised to give a definite answer to-morrow. The meeting selected a hydro-electric campaign committee and they will put a ticket in the field for both controllers and aldermen. Mr. Bailey charged The Spectator with knifing him at the last election, and declared that Mayor McLaren had been elected by false pretences.

On the understanding that the merchants in the vicinity would install ornamental lamps, the parks board this evening decided to remove the fence around the Gore Park and construct a curb. There is a proposal to buy the Gore property of 50 acres at \$60,000 at Main and Trolley-streets, and a sub-committee will investigate. Mrs. Colquhoun offered to deed her interest in the Beckett drive property to the city

if the city will maintain the roadway and install a couple of electric lamps.

Inspector M. Prosser, who was fined \$30 for selling liquor without a license, W. L. Ross, K.C., for the license department, intimated that License Inspector Sturdy was not anxious to press a similar charge against F. Farbergo, and the magistrate said if that was the case he would not allow the police to add the department to raise again. The inspector then said he was anxious to proceed to-morrow.

Judge Monck dismissed the charge brought by William Cornell against Frank Cummings. Cornell claimed that he gave Cummings \$25 to bet, but after the horse won, Cummings returned him his \$25, explaining that he hadn't put it up.

Bessie Armstrong, the little daughter of George Armstrong, Caledonia, ate some morphine pills that had been prescribed for her mother, and died within three hours.

Don't Want This Industry.

The residents of East King-street are worked up over a report that a stockyards company will be located on King-street, near Sandford-avenue.

Rev. J. Roy Van Wyck, pastor of the Westminster Church, has received a call from a Chatham church.

### PORCUPINE LAKE ATTRACTS GOLD SEEKERS

Continued From Page 1.

of this week everything will be in readiness for the carrying of supplies and passengers by team from Matheson, at which point the T. & N. O. are making preparations for the rush of business that is expected this winter. As the centre of distribution for the new gold fields, Matheson will grow like a mushroom, and by next spring the little settlement, that goes by that name will not recognize itself.

The government has promised the town a recording office early in the new year, and as soon as this is opened, it will mean that all the mining business of that vast territory will be done at Matheson, and Matheson will in a few short weeks be converted from a quiet little place of about three hundred population into one of the metropolises of the north. Matheson hopes to outshine Cobalt, even as gold outshines silver.

Rich Samples.

But to speak of the gold itself: There is no wonder that the men's eyes have a burning brightness about them, and that their brains and muscles are at a tension to get on the trail, for just as the rich silver samples from Cobalt stirred practically the whole of North America, if not the whole world, so have the gold samples from the Porcupine district stirred everyone that has seen them. To come down on the train from Matheson, to talk to the outgoing prospectors, and see some of their samples, which contain one-third of their weight in gold, is to become enthusiastic at once. Some one will say—"Those values are ridiculous, they cannot last." That may be, but the rich samples have come out just the same, and if the ore taken out averages \$20 a ton, \$10 a ton, or even \$5 a ton, the new gold camp will rank with the foremost camps of the world.

For even gold at \$3 per ton of ore can be worked and pays handsomely for the investment, provided there is the quantity. But who can tell how the country will show up under development? On one point there seems to be a consensus of opinion, and that is that at some point in Northern Ontario there is a rich gold field. Who knows but what it has been found, and that the Porcupine country is? Surely the rich samples that have been brought out count for something.

But the greatest gold fever and gold trek known in Canada is now about to manifest itself in these very parts.

P. W. Ball.

### Need the Tubes

"Of course we need the tubes," said Norman L. Martin of N. L. Martin & Co., assignees, when interviewed by The World yesterday, "for it is the only solution of the present traffic congestion. The scheme should meet with the approval of everyone who is looking for better accommodation than the street railway can afford."

John L. Burnand of the well-known real estate firm of Burnand & Spain, was another firm believer in the tube system.

"I have seen the tubes, arrived from its service in New York, London, Boston and Paris, and at the rate Toronto is growing, its speedy construction is an imperative necessity. The benefits derived from its installation will more than repay the financial output."

"I am in favor of the tube system, or for that matter, any system which will improve the convenience of the citizens of Toronto," said Ed. Mack, of the Semi-Ready Tailoring Co.

"The present street car accommodation is a disgrace to this or any other city. The crowding on cars during the rush hours is getting worse, and where it will end no one can tell, unless tubes are installed."

Edward Gurney, president of the Gurney Foundry Co., is decidedly in favor of the tube and we cannot have it too soon. The thing is inevitable in Toronto. It will very much increase the value of suburban property. The congestion in centre Toronto is very similar to the conditions existing in Boston prior to the subway there, and which conditions he was familiar with, and the relief afforded to the congested district of that city would be just as great in Toronto.

**HOME RUN BILL PHYLE NOW AN ALLEY OWNER**

Secures the Ontario Bowling Club Alleys at West Toronto—Takes Charge in a Week.

Home Run Bill Phyle of the Toronto Baseball team and one of the most popular players who ever wore a Maple Leaf uniform, has bought the Ontario Bowling Club alleys at West Toronto, and will assume the management of the same in the course of a week or so.

Bill is right at home at the bowling game, having for years run an alley at his home in Youngstown, Ohio, and has for the past half dozen seasons been a member of the team that represented Youngstown in all their league games with the other surrounding cities.

Jack T. C., who says Bill bowled at the last A.B.C. tournament at Pittsburgh, was anxious here a week ago to arrange a match game between Bill and any other bowler in the city, but Bill has only been in town a week this season and is not yet down to form.

It is Phyle's intention to give the people of West Toronto a chance to see some big games through the winter and matches will likely be arranged with Buffalo, Hamilton, Niagara Falls and possibly Detroit, while next year Bill is going to make application to put a team in the different series of the city association.

Athenaeum Beat College. The most consistent rolling of any series yet in the two-man league was done yesterday afternoon on the College alleys, when the College team, who they failed to get out of the maiden clasp, were defeated by Athenaeum, did not vary more than 15 pins in their five games, their lowest being 350 and their highest being 410. They lost the first three, the opening one by three pins, the second by sixteen pins and the third by ten pins, while on the fourth the teams were tie, College winning on the roll-off and also landing the last.

The feature of the afternoon was Bill Phyle leaving off the 4, 7 and 10-pin split, while on the total it was 148, 148 and 148, while on the total it was 148, 148 and 148. Phyle was 11th average with 188-25, having 25 strikes, 25 spares, 25 holes and 25 splits, while Eddie Sutherland was 12th average with 188-25, having 25 strikes, 25 spares, 25 holes and 25 splits, while Eddie Sutherland was 12th average with 188-25, having 25 strikes, 25 spares, 25 holes and 25 splits.

**Sunday World Win Three.** The Sunday World won three from the Primers League yesterday. Phillips was 12th average with 188-25, having 25 strikes, 25 spares, 25 holes and 25 splits, while Eddie Sutherland was 12th average with 188-25, having 25 strikes, 25 spares, 25 holes and 25 splits.

**PIRATES GET JACK FLYNN**

Montreal Secure Natress of Buffalo—Baltimore Sell Pearson.

Pittsburgh have bought Jack Flynn, the Toronto first-baseman of three years ago, from St. Paul, which gives them now three ex-Eastern League first-basemen, in Bill Abstein, Bud Sharpe and Flynn. The sale of Flynn is evident in the fact that he is on the part of some Eastern League manager. Jack, however, is some catcher, Toronto's catcher, Pittsburgh paid St. Paul \$400 for Flynn.

Bill O'Hara is at present in New York with President McCaffery of the Toronto Baseball Club, and the two will try to persuade Roger Bresnahan of St. Louis to turn Bill over to Toronto.

As announced in The World two weeks ago, Natty Natress, the Buffalo shortstop, will play with Montreal next season, the deal having been closed at New York yesterday.

New York Giants are after First-Baseman Konetchy of St. Louis. Manager Dunn of Baltimore has sold Pitcher Pearson to the Toronto club of the New England League.

Jack Hendricks, manager of the Denver team, has sold Jones, last year manager, to Mike Kelley of St. Paul. Cincinnati have sold Player Dolan to the Denver Club, while the Boston National League Club has released Player Shaw.

William J. Murray, manager of the Philadelphia, has filed a letter with the national board, stating how his contract with the Quakers Club has two years to run, and asking that the new owners be compelled to respect it. This they will have to do under the provisions of the National League executive.

Charles McCann has decided that British of New York Giants must pay Outfielder J. Seymour the \$1000 bonus that he was set for if he took good care of himself during 1910. Seymour proved his right to the money.

**College League.** The Colts won three from Grocers B in the College League last night. Scores:

**T. C. C. and Osgoode Taken Into Fold Of Senior O. H. A.**

At a meeting of the sub-committee of the O.H.A. yesterday morning it was decided to take Osgoode Hall and Toronto Canoe Club back in the senior fold. Toronto Canoe Club will be put in district No. 1, with Argenteau and Kingston Frontenac, while Osgoode Hall will be in group 3 with St. Michaels, Eastonas and Toronto Rowing Club. Owing to this change the senior groups were given until Feb. 25 to return their winners, instead of the 19th, which will give the seniors a better chance to get into, as junior and intermediate teams will be divided down considerably by that time.

J. Ross Robertson has been elected chairman of the O.H.A. sub-committee. The certificates and junior age declarations of the O.H.A. will be out to-day and can be used in the various districts, W. A. Hewitt, at The Star Office.

Ottawa stand to lose three or four thousand dollars, owing to the Stanley Cup dates having been held back so long, as it is necessary to suspend and adjourn the two strongest teams, and come east. The Winnipeg Shamrocks are said to have been disbanded, while Edmonton allege that they were discriminated against and that Ottawa was allowed to delay the announcement of their dates until Renfrew had time to get ready.

The O.H.A. local schedules will be arranged at a meeting to be held to-night at the Mutual-street rink.

Owing to the O.H.A. executive refusing to grant residence permits to Randall and the Lindsay will have no intermediate team this season.

A Cornwall despatch says: Edward 'Newey' Lalonde left this afternoon for Montreal, where he will play hockey with the Nationals or Le Canadiens. Which of the two French teams will have him, he said, depends upon the amount of cash they were willing to part with for his services. He has received very strong offers from both clubs, but so far has signed no contract.

Yale may give Varsity a game this winter, when Varsity go to New York.

The Northeastern Hockey League will meet to-night at the Aura Ice Club at 8 o'clock, when the following players are requested to send representatives.

The following members of the Waterloo pro-hockey team reported yesterday: Dunsen, McLachlan, Salko, Ouellette, Clark, McDonald, Mason, the Cochran brothers and Schlosser. Frazer and Cross are expected to-day. The first practice will be held in the Berlin rink on Xmas and New Year's afternoon and evening.

Buck Irving, secretary of the Ontario Pro-Hockey League, has called a meeting of the league executive for Wednesday, Dec. 22, at Berlin, when Galt will ask to have the first week's games postponed, as he has been away with Galt and with the schedule. Galt will line up: Goal, Leitman, point, Murphy or Povey, cover, Parkhurst, center, Doherty, left, Doherty, and right, Dunsen.

The Thunder Bay hockey team has decided not to withdraw from New Ontario Hockey League to enter the proposed new league, which will be held in the Berlin rink, but will stick to the semi-professional league. This practically settles the amateur league controversy, which has been going on several weeks, preserving the Ontario League and making original franchise arrangements with Galt and with a second senior league could not get rink privileges.

The executive of the Brantford Hockey Club are making an offer to Chuck Tracy, Charles Hamilton, John Garner and Brantford team this year, Jack Marks having resigned. Marks may play with the Ontario League, but he will not manage the team. Some ten players will be asked to report there next week, including three former O.H.A. players.

The executive of the Presbyterian Hockey League will meet to-night at 8 o'clock, when the following players are requested to send representatives, as each church is entitled to one representative on the executive committee. A handsome cup to be known as the P. H. Ross Trophy, has been prepared by the league, which will be presented by P. H. Ross, and is on display in Stock & Bickle's window, Yonge-street.

Edgar Day of Ottawa is causing a lot of trouble in the National League over his hiring with many teams. Day is said to have closed to play with Renfrew Monday night, and Tuesday he accepted Osgoode. Day and his wife will transport a Halleybury contract. Renfrew threatens to protest.

Renfrew are said to have secured Jordan, the speedy center of the Quebec team.

The Ottawa Chiffres have secured Bruce Stuart of the Ottawa pros, as coach.

The Les Canadiens of Montreal have signed Cover-Point Pitre.

to undertake as the result of our alle-
giance to the British crown.

"No person, outside of the H. R. H.
the Prince of Wales," declared Sir
James, in conclusion, "was given the
honor of the reception, and the reception
as that extended to me by our distin-
guished guest of to-day."

Sir James then paid a graceful and
sympathetic tribute to the colleagues
of Sir Lomer Gouin, who accompanied
him, Hon. L. A. Taschereau and John
T. Finlay, M.L.A.

Hon. Dr. Reame, speaking in
French, added his appreciation to that
of the premier of the "chaleureuse
reception" given the Ontario represen-
tatives at Quebec. Referring to "cet
interet cordial qui existe entre l'Angle-
terre et la France," he said, "Nous, du
Canada, pouvons poser l'exemple de la
confederation des differents provinces
inclus d'un exemple."

Sir James Whitham, then proposed the
health of the distinguished guests,
electrifying his hearers by dropping
easily and gracefully into the language
of "La Belle France."

Sir Lomer Gouin, on rising to re-
spond, was greeted with loud and pro-
longed cheering, and the enthusiasm
was not diminished when the orchestra
broke into the familiar strains of "O
Canada."

He said: "Mr. Chairman, your honor
and gentlemen, in order that I might
be able to assure you, even in a very
feeble way, how deeply we feel the
kind and generous reception you, our
Ontario fellow citizens, have given us,
it would be necessary for me to speak
in my own language; for it is my very
great regret that, as I imperfectly
speak your fine English language, you
might not realize the significance which
all this means to us of Quebec."

"My very good friend, Sir James
Whitham, and my very good friend Dr.
Reame, have simply overwhelmed me
with compliments, and I know well how
little I have deserved them. We appre-
ciate to the full the royal way in
which you gentlemen of Ontario re-
ceive your guests, and I feel that I have
a lesson. I hope that you, Mr. Pre-
mier, that you, Mr. Minister, and any
of you gentlemen, if you come to Que-
bec, will not do us the same honor."

"We have read in the papers that you
visit, entirely social as it is, to be
given over to the discussion of impor-
tant state problems. One has even said
that we were laying the basis of an al-
liance against the central power of this
country. Those who have followed us
since our English language, and our
tranquillity of mind, will read in our
faces only the preoccupation of enjoy-
ment of the royal hospitality offered us
by you gentlemen of Ontario."

Sir Lomer then referred to his first
meeting Sir James in Ottawa in 1896,
to the first inter-provincial conference
and the fact that the English language
had been entrusted to Sir James and
himself. Because this had been delayed
it was not to be thought that they had
renounced their trust. "In a new
country like this," he said, "we must
rise to the requirements of the day and
the needs of the times."

Suggests B.N.A. Act Amendment.
"Turning to the administration of
justice, don't you think we might have
a treaty or law of extradition such as
Canada has with other countries? An
agreement might be reached by the
representatives of all the provinces that
the British North America Act be
amended. This might be easily settled
by an inter-provincial conference."

"We should have some means of en-
forcing judgments delivered in one pro-
vince in the other province. We think
the time has come that we should be
able to devise some court, whose deci-
sions should be binding for all the courts
of our provinces of Canada. If you go
to England you will find a practical
system, by which any judgment regis-
tered in the clerk's office has the same
force anywhere in the United King-
dom."

"A new system of legislation, intro-
duced first in British Columbia, dealing
with merchants, who have assigned,
reducing their liability to the detriment
of their creditors, we think should be
adopted."

Dealing with provincial taxation of
extra-provincial property, he said: "We
should not be subjected to double tax-
ation as regards Canada."

Sir Lomer spoke strongly on the
rights of the provinces to incorporate
companies to do business beyond their
bounds. Section 92 of the B.N.A. act
should be amended, if possible.

Question of Jurisdiction.
Another question for a conference
was that of incorporation at Ottawa of
companies to do business within the
limits of a single province. Quebec, he
said, had protested against this every
time. "The time has come," he contin-
ued, "when we should settle finally and
equitably the question of jurisdiction.
All the provinces, he held, should
have a uniform act dealing with labor
compensation for accidents."

"Gentlemen," he exclaimed, "we are
all working for the upbuilding of a

RIGHT OF THE PROVINCES TO IMPOSE A SPECIAL TAX ON SUCH INCORPORATIONS.

"Our fisheries are being depleted by
federal control," he asserted. "The
control of the fisheries should be by
the provinces."

After a graceful reference to the
"entente cordiale" between England
and France, he said: "I feel free to
speak to you on the subject of naval
defence. Surely the grandson of one
of the heroes of Chateauguay may
speak to loyal Torontonians."

"We feel that Canada, as a growing
nation, as a part of the greatest em-
pire that has ever been, has got to
carry her burden for years and years
to come. What form the assistance
will take, we leave to those in charge
at Ottawa. We, as citizens of Quebec,
will cheerfully do our share."

W. I. Anwar, Call.
"The descendants of Jacques Cartier
and Champlain have surely lost none
of the seamanship of their forefathers.
Will our sons serve in the navy?"
The answer the speaker found in the
loyal and effective service of the
French-Canadian in South Africa.

"When the call comes from the mo-
ther country," he declared, "you will
hear from Quebec, as from Toronto,
the answer. Here we are."

The speaker concluded by expressing,
in French, to Sir James Whitham and
Hon. Dr. Reame, his thanks for the
reception accorded himself and his
lecturer, Dr. Finlay, M.L.A. for St. James,
Montreal, also spoke briefly. "We are
all brothers, all Canadians, from the
Pacific to the Atlantic," he said. "Let
my stand by the old flag. I hope the
answer from Ottawa will be, 'Do it,
and do it quickly!'"

NEWSIES DISPENSE CHARITY

Vote \$25 to Sick Children's Hospital
and Chip in \$16.22.

That the Toronto "newsies" have a
tender feeling for suffering little ones
was strikingly evidenced last night
when, at a meeting of the local
newsboys' union in the Labor Temple
a grant of \$25 was made to the Sick
Children's Hospital and individual con-
tributions added \$16.22.

W. M. Palmer, secretary-treasurer
read a letter from the hospital authori-
ties suggesting that a contribution
would be gratefully received, whereup-
on Sammie Lichtman, the president,
suggested the \$25 be sent. A motion
to this effect was moved by Jack Mul-
vaney, past president, with Jake Kilne
as seconder, and unanimously carried.

It was then proposed by Jack Mul-
vaney that a separate collection be
taken up, and the boys cheerfully
chipped in, with results as stated, while
a number more are to be heard from.

The project of a newsboys' club was
approved and the public will be asked

SECOND FIRE OUTBREAK IN WHITE CO. BUILDING

Damage to This and McWilliam & Everist Warehouse Nearly \$150,000.

Damage approximating \$150,000 was done to the premises occupied by White & Co., wholesale fruit dealers, and McWilliam & Everist at Church and Front-streets yesterday morning by a fire which having broken out and apparently been quenched at midnight after \$20,000 damage had been done, re-appeared at 2 o'clock and after breaking out through the White building spread to that occupied by McWilliam & Everist.

The damage is estimated at \$137,500, and is made up as follows: White & Co., stock \$45,000, building, \$25,000; McWilliam & Everist, stock \$30,000, building, \$20,000; Club Coffee Co., stock \$3000, machinery \$3000; Read, Holliday & Sons Ltd., stock \$3000, machinery, \$2000; Own Buglers, \$100. Other firms \$5000.

The insurance as far as known is: White & Co., \$40,000; McWilliam & Everist, \$25,000; Club Coffee Co., \$20,000. This places the uncovered loss at \$63,500.

The first fire, which broke out in the basement of the White building at 10 o'clock Tuesday night, was almost at once confined to that part, and the firemen had withdrawn at about midnight. A few firemen were left to watch, but their attention was turned to the cellar, and the next outbreak was from above, the flames having come up between the partitions about the stairway.

Second Outbreak. The second outbreak was a shock to the firemen, which threatened to spread on deck up to 1:30 a.m., and Lombard and Adelaide-street sections didn't have until nearly 3 o'clock, when one man was left behind to keep watch. Within 10 minutes he had found fire rising on the 3rd floor and pulled box four again.

Smoke was thick in the third and fourth stories, the upper one being more of a loft. Owing to the tin and glass veranda around the building, the firemen were badly hindered, the only way to get ladders to the top windows being by resting the butts on the sloping veranda, a very dangerous and in places impossible demand.

At the front, 100 packing cases obstructed the windows and prevented the firemen getting in. A line was run up the stairs, where the smoke was so dense that half a dozen men soon staggered down, half suffocated. Here was then taken to the roof, while ladder No. 2 was raised on Church-street, and was able to direct a straight stream into the loft.

For twenty minutes or more, there was little to be seen but smoke, and it was seemingly impossible to locate the seat of the fire. Then there came a red glare in the little round window of the loft. Aerial No. 1 was then raised and with an engine stream began to render effective work. In less than 15 minutes the red glow showed itself on the third floor. The fire was altogether in the north section of the building.

Pressure Poor. The high pressure hose was laid out and two branches manned, but for three minutes after water was turned on there wasn't pressure enough to hit the third floor windows. When the pressure did come, it was great, the network of wires, which had been an annoying obstacle in the raising of the ladders, "broke" the stream to some extent.

The force of the water on the wires provided a spectacular exhibition of electrical fireworks, the insulation burning off and the wires clashing resulting in a succession of red and white-colored illuminations, lasting for some time. It was a source of danger, but the men stuck to their posts until firemen arrived and cut off the current.

With three engines and the high pressure system providing half a dozen powerful streams the way the fire continued to rage was surprising, but by 4:45 it was felt that the worst was over. Then the third story windows of McWilliam & Everist, to the north of the White building, were broken. Chief Noble arriving with Portland-street truck in about ten minutes and other sections following. Ladders from the street and the line in the rear gave the firemen a chance to get at close quarters, and in half an hour the fire was in check.

Criticism of Firemen. Chief Thompson last night said that the courted investigation into any charges that might be made as to mismanagement. "When I left, after 1 o'clock, I left District Chief Forsythe and two sections with instructions to go thru the building from top to bottom, and then to leave a man on watch overnight. They did not leave until 2:30 and at 2:05 the fire was burning thru the roof. The only way to account for it is that the fire went up between the partitions around the stairway, and the only way to absolutely make sure that such danger exists is to tear down partitions through a building. And if we ever started to do that, they'd say we were crazy and ruining the place."

"When I got down again I took a section up the stairs from front-street right to the attic where the fire was present. But the smoke got so bad that the men, half dead, simply fell down the stairs, knocking one another over and falling on me. We simply couldn't live, and there was nothing else to do but to try to drown it out."

"The reason why it spread north was due to the absence of a fire wall extending above the roof between the buildings."

Everyone Thought She Was Going Into Consumption. Gained Ten Pounds in Two Weeks by the Use of Burdock Blood Bitters.

Mrs. Fred. Biggs, Kingston, Ont., writes: "I was completely run down, my blood was out of order, and I used to get so weak I would be compelled to stay in bed for weeks at a time. I could not eat, was pale and thin, every one thought I was going into consumption. I tried everything and different doctors until a friend advised me to use Burdock Blood Bitters. I did not have one bottle used when my appetite began to improve. I gained ten pounds in two weeks. When I began to take it I only weighed ninety-three pounds. It just seemed to pull me from the grave as I never expected to be so strong again. I will tell every sufferer of your wonderful medicine."  
The blood reaches every portion of the body to distribute nutrient and remove effete matter and waste products. Clearly, if any influence, good or bad, affecting the blood, must necessarily affect the entire system for good or evil as the case may be.  
Get pure blood and keep it pure by removing every trace of impure morbid matter from the system by using Burdock Blood Bitters. It exerts a curative influence unapproached by any other remedy.  
For sale by all dealers. Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

Chicago Cattle Markets.  
J. P. Bickell & Co. report the close: Wheat—Strong foreign cables and light receipts were responsible for a higher opening, but aggressive selling by leading interests, based on the bearish government report showing, compared to last year's figures, closed season with a loss of about 4% of the firmness of the market, considering sentiment, is remarkable, and demonstrates the soundness of commercial conditions in our opinion a material decline is unlikely and we continue to advise purchases on all declines.  
Prison, Perkins & Co. and the following: Wheat—Opened unchanged to 1/2 higher

For December, and 1/2 to 3/4 higher for May, the unexpected strength in cable being a surprise and causing both short cover and some new buying by sold-out bulls. The fear of a gain of receipts in the northwest hung over the market, one message from Minneapolis stating that there were over 7000 cars sidetracked on various lines awaiting movement when a rational tendency in either direction.  
Corn—There was further profit taking and some short selling, but the buying by one committee house of about one million bushels of May at 63 1/2, coupled with the re-shipment of small lines by long, absorbed the offerings and the market rallied nearly one cent from the low point. The scattered bull interests are pressing their advantage whenever opportunity offers.

Toronto Live Stock.  
The railways reported 67 carloads of live stock at the City Yards.  
There were a few lots of good Christmas cattle, which were readily bought-up at unchanged quotations. In fact, prices were firm, but unchanged, in all the different classes of live stock.  
There were quite a number of outside buyers on the market.  
James D. McMillan bought two loads of good to choice Christmas cattle at \$5 to \$6 per cwt.  
Union Stock Yards.  
There was only one load of sheep and lambs, which were readily bought-up by Swift & Co. The lambs averaged 111 lbs, each, at \$4.90; the sheep averaged 171 lbs, each, at \$4.50 per cwt.

Separate School Nominations.  
The nomination of candidates for the separate school board will be held on Wednesday, Dec. 29, at the following schools: Ward one, St. Joseph's; ward two, St. Paul's; ward three, St. Michael's; ward four, St. Patrick's; ward five, St. Mary's; ward six, St. Helen's; ward seven, Valerita; ward eight, Pacific-avenue. It is probable that the only wards which will be contested will be two and seven. John Lokus is the retiring member of the former, while the latter has never been represented previously.  
Husband Not the Murderer.  
SAVANNAH, Ga., Dec. 15.—A chemical analysis to-night of blood stains found on clothing owned by J. C. Hunter, husband of the last of three victims of the triple murder here, practically eliminates Hunter from suspicion of guilt, according to the city bacteriologist. He says the stains are not recent, and could not have been made at the time of the murder.  
Tore Down the Postoffice.  
FERRYVILLE, Pa., Dec. 15.—Because the frame building occupied as a temporary postoffice, was contrary to the building bylaws, the civic authorities have torn it down.

### CANNOT LEGALLY GRANT FUNDS TO SCHOOL BOARD

Arrangement for Overdraft Must Be Made—Proposed Park Improvements.

The board of education will have to make arrangements with the banks for an overdraft of \$30,000, the sum asked from the city council with which to meet the bill for teachers' salaries for the last two weeks of the year.  
City Treasurer Coady has advised the board of control that it would not be legal to make any grant this year, and the school board must face the situation. Mr. Coady will lend his aid in arranging the loan with the banks, and the amount of the overdraft will be included in next year's estimates.  
New \$25,000 Controversy.  
Park Commissioner Wilson's annual report on the work of his department will be presented to the parks committee this afternoon, at the last meeting of the year.  
According to Chairman R. H. Graham, the statement is the most complete yet submitted and contains several important recommendations. One of the chief recommendations is the removal of the conservatory at the exhibition grounds and the erection of an improved structure in a better location, at an estimated cost of \$25,000.  
Another proposal is that the deer paddock in High Park be enlarged. It now contains four acres and Mr. Wilson thinks the area should be about doubled. These changes are approved by the chairman.

Twenty-Five Miles of New Track.  
Manager Fleming of the street railway is so sure that the privy council judgment next March will give the company full control of the streets that he is already jubilating. He declares that when the law lords have pronounced the railway will put down tracks on Bay-street, Wilson-avenue, Patrick-street and wherever else it desires, whether the city likes it or not. He has 25 miles of tracks in view, but says nothing about serving the north end of the city.  
That Toronto harbor will have to be dredged in the event of the Welland Canal being deepened, is pointed out by Capt. Anthony Mackenzie, of the D. D. Mackenzie Co., in a letter to the mayor. The harbor is 14 feet deep, and the captain thinks it should be made 22 feet.

Big Sale for Larder.  
The sale of seats for Harry Lauder began yesterday morning, and while there was a long line at the day, the excellent locations are available for each concert. There are large numbers of people coming from all over Ontario to hear the Laird of Laughter, and the captain thinks it should be made 22 feet.

Boehmer Pleads Guilty.  
A. O. Boehmer pleaded guilty in the sessions yesterday to a charge of concealing property to defraud Robinson & Dale of goods bought in the name of P. S. Baillie & Co. He was remanded till Saturday for sentence against his "joy riding" chauffeur, M. Blaney, for damage to an automobile, was withdrawn. Blaney is working in Petticoat.

Temperance Electors to Meet.  
A meeting of temperance electors will be held to-night in the Westmoreland Methodist Church, Hallam and Westmoreland. The chair will be occupied by Miles Vokes, and among the speakers will be Controller Hooker, Ald. J. Graham, R. H. Graham and Keefer. F. G. McBrien, J. O. McCarthy and J. V. T. May.

Steel Syndicate Made Money.  
PARIS, Dec. 15.—The syndicate of French banks, which was formed last spring with the expectation of listing a million shares of United States Steel common stock on the Paris Bourse, was dissolved a few days ago, after liquidating its holdings at a splendid profit.

Australian Grant for Settlers.  
MELBOURNE, Australia, Dec. 15.—Under the closer settlement bill now before the Victorian Parliament a million pounds sterling annually will be available for the purchase of land for immigrants to Australia. This is enough to settle a thousand families annually.

Burglar Was Felled.  
CHATHAM, Dec. 15.—(Special)—A desperado called at the residence of P. D. McKellar, registrar for Kent, late last night and demanded money. He flourished a gun. McKellar slammed the door and telephoned for the police, but the man escaped.

DEONTONIA PARK FARM DAMAGED BY C.N.R. LINE  
Railway Ordered to Pay \$30,000 Into Court Preliminary to Construction.  
Pending arbitration proceedings to fix compensation for damages to Deontonia Park Farm caused by the passage of the C. N. R. thru that property, the railway company was ordered by Judge Deaton yesterday to pay into court the sum of \$30,000 as security preliminary to their proceeding with construction.  
Mr. Smith of Watson, Smokey & Smith, representing Mrs. Susie N. B. Massey, owner of the farm, asked that the company be forced to pay \$100,000 into court, alleging that \$50,000 had been expended in improvements on the property, and that the running of the railway thru the middle of the property would result in serious depreciation of its value. The company contended that the property containing 650 acres was not a farm alone, but a park laid out in golf links, tennis courts, trout ponds, terraces, etc., and contained valuable summer residences. Its charm would be practically ruined by the crossing of the railway.  
Mr. Reed appearing for the C. N. R. did not resist the situation in such a hopeless light. All his company wanted was a 100-foot right of way thru the farm section, and would not touch the rest of the property. About the only damage the line would do to the property outside of the expropriation of land would be to the driveway crossing the farm. He contended that \$15,000 paid into court would be ample security.  
The court also considered that the damage to the property was largely sentimental. A row of trees planted along the track on either side he thought would go a long way towards hiding the train from view.  
In reply to Mr. Smith's objection against the shutting of cars, Mr. Reed said the company had purchased property in the Don Valley for yards, and that there would be no shutting whatever near the Massey property. The court then ruled that \$30,000 should be paid in as security.

HORSE SHOW REVIVED  
Will Be Combined With Military Tournament Next May.  
After a cessation of one year, the Canadian Horse Show, the pioneer of the horse shows in Canada, will be revived with greater lustre during the first week in May next.

The Cavalry Regiments of Toronto will combine with the Canadian Horse Show Association and the event will be not only a horse show, but a military show. The military events will be of an interesting and spectacular character and some of them will be open to all cavalry regiments.

## N. TORONTO COUNCIL WILL TAKE PLEBISCITE

Petition Presented and Members Fall in Line—County and Suburban News.

NORTH TORONTO, Dec. 15.—(Special.)—Are you in favor of the Municipal Council for 1910, negotiating with the Toronto and York Roadway Company for the operation of street cars within the town on Sunday?

This was the resolution unopposed by any legal technicalities or saving clauses which the town council of North Toronto at last night's meeting unanimously adopted. The fact that the Metropolitan Railway Company have consistently violated every agreement hitherto entered into between the town and the latter did not deter the town council from placing in the hands of the company such a powerful lever as the passage of the plebiscite would command.

L. V. Donnelly who has all along championed the cause of Sunday cars, and was accompanied by N. J. Clarke and a few others, introduced the matter, and when Mayor Brown asked for the presentation of petitions thereon the table one containing 225 names, practically all of which he stated were secured in the town.

"I have it on the authority of one who stands high in the councils of the provincial cabinet," said Mr. Donnelly, "a member of the private bills committee, that in the event of the passage of the plebiscite, and its subsequent ratification by the people, the private bills committee will concede the running of Sunday cars in North Toronto. It will carry by three to one," he confidently asserted.

Councillor Peers was in favor of the petition being granted and the taking of a plebiscite vote wholly without any conditions being attached. "Time enough to make the conditions if we use the people want Sunday cars," said Mr. Peers.

Mayor Brown suggested that the Metropolitan Railway ought to give in return some substantial concessions, but could see no harm in thus furthering the interests of the whole matter. He did not say so in so many words, "I think we can safeguard the town's interests even if the plebiscite does pass," said the mayor.

Councillor Murphy coincided with the mayor and Councillor Green likewise in sympathy with the movement to play into the hands of the Metropolitan Railway by further complicating the whole situation.

Ex-Councillor Frank Howe, who was present in a private capacity, was the first man to sound a warning note, and charged that the proposed action was ill advised at the present time. "The railway company will interpret the plebiscite, if carried, as a strong endorsement of the cause of the people to have Sunday cars," said Mr. Howe.

Chairman Logie of the public school board likewise handed out a few good sound practical remarks against the matter. "The present Sunday car question is not well advised," said Mr. Logie.

"In view of the entanglements which to-day exist at the southern end of the line, the city is at present trying to

arrange some agreement with the Metropolitan Railway with respect to the services to Mount Pleasant Cemetery, and we come in with further complications. We have waited so long," said Mr. Logie, "it will not hurt us to wait a little longer."

But the council would have none of it and it remains for the ratifiers of North Toronto to effectually deal with the matter.

Another act of the town council tonight was to order the printing of the financial statement in The Progress, instead of in the pamphlet form as hitherto. It increased expenses between \$30 and \$40. "Do you think it is worth the increased cost?" said Councillor Grice to the mayor, which the latter

Chairman Logie, Mr. Cook, Mr. Davis, Mr. Spittle and other members of the public school board supported a proposal put forward by George J. Reid for the establishment of a "continuation school." Mayor Brown and all the council as well, warmly supported the plan, and everying points to a big success ultimately as a high school.

WEST TORONTO  
WEST TORONTO, Dec. 15.—(Special.)—Star L.O.L., No. 900, elected their officers to-night for the ensuing year. The election was conducted by G. B. Reid, A. J. Reid, county master of West Toronto. The officers are: W. M. Wm. Hinde, deputy master, Alfred Janoff, chaplain, William McCullough, recording secretary, Howard Grey, financial secretary, William Thompson, treasurer, W. Fullerton, director of ceremonies, R. Jones, lecturers, L. S. Johnson, L. Linton, committee-men, A. E. Powell, Burt Peters, Alex. Johnson, J. W. Dodds and R. G. Agnew, auditors, F. Hartney and C. Buchanan. After the election, a banquet was held, when addresses were given by Controller Harrison, Ald. McElroy, Trustee Leves, Trustee Brown, R. G. Agnew, Ald. W. A. Baird, J. C. Boylen and others.

UNIONVILLE  
Well-Known Business Man Passed Away Here Yesterday.

UNIONVILLE, Dec. 15.—(Special.)—The death occurred here to-day of John Decker, one of the best known and respected of the town's citizens, after an illness extending over some four months. Deceased was in his 61st year, and is survived by a widow, two brothers and sisters. Mr. Decker had for a number of years conducted a successful business as a harnessmaker in Unionville. He was a member of Relief lodge, A.O.U.W., the Methodist Church, and in political life a Conservative. The funeral takes place at 2 o'clock to-day at Unionville Church where service will be held, followed by interment in Hagerman's Corners Cemetery.

The advertised sale of farm stock and implements of the late William Spurgeon is postponed from Dec. 13 to Friday, Dec. 17, on lot 21, concession C, Scarborough, D. Beidam, auctioneer.

## YORK TOWNSHIP COUNCIL

At the meeting of the York Township Council held yesterday, Reeve Henry and Deputy Reeves Watson, Barker, Nelson, and Councillors Jackson, Mr. Bull, and Mr. Bull, were present.

J. H. Bull objected to the assessment of \$800 on an acre on the Bull estate, recently sold to Armstrong and Cook. Mr. Bull contended that \$800 was enough instead of \$1000, as at present assessed.

The property which includes some 49 acres, was assessed last year at \$800, and in the opinion of the council, the advance to \$1000 as made by assessment was justified.

An electric light lamp will be placed at the corner of Alice-avenue and Vaughan-road, for the benefit of Wychedwood people.

The sum of \$25 was given to the Remedies Public Library.

W. A. Clarke states that the avenue was laid out by the Bedford Park Company, and had never been assumed by York Township.

At the meeting of the Browning Club was held in the Unitarian Church yesterday evening, when a paper was read by Miss Maude Miller on Hawthorne's "The Blithedale Farm." This was followed by an analysis of the same subject by the chairman, Rev. R. J. Hutcheon.

Lecture on the Congo.  
An illustrated lecture on the conditions that the natives of Congo and the Inca Indians of Peru are forced to live under was delivered by Rev. Geo. Smith, North American secretary of the regions beyond missionary union, at Knox Church, yesterday evening.
