A similar exemption from one year's attendance on Lectures will be accorded to Graduates in Arts.

The Candidate must have given regular attendance on full Courses of Instruction in the following departments of Medical science, for the periods stated :—

1. Principles and Practice of Surgery,
2. Theory and Practice of Medicine,
3. Materia Medica and Pharmacy,
4. Chemistry,
5. Obstetrics and Diseases of Women and Children,
6. Anatomy,
7. Institutes of Medicine,
8. Anatomical Demonstrations,

} Each, two courses of six months.

9. Forensic and State Medicine,
10. Clinical Medicine,
11. Clinical Surgery,

} Two courses of three months each, or one of six months.

12. Hospital,

} Twelve months.

The above course of study may have been pursued either wholly in Queen's College, or partly in Queen's College, and

partly in some other recognized Medical School. In the latter case, at least one full Session must have been spent in Queen's College, during which at least four of the above six months' courses must have been attended.

Certificates of attendance on Lectures are received from incorporated Medical Schools in the British Dominions, and others recognized by the British Universities and Licensing Colleges. Other certificates of attendance on Lectures will be admitted at the discretion of the Faculty.

Every Candidate must deliver before 15th February of the year in which he proposes to graduate, to the Secretary of the Faculty of Medicine, a Declaration under his own hand that he is 21 years of age, or will be so before the day of graduation, accompanied by a certificate of good moral character, a statement of his studies, literary and scientific as well as medical, with proper certificates, and a Thesis composed by himself, and in his own handwriting, to be approved by the Medical Faculty.

The Candidate must have passed a Matriculation Examination in the common branches of English Education, and also on one or more of the following works:—Cæsar's Commentaries; London Pharmacopœia; Gregory's Conspectus; Celsus: De Medicina.

The Classical Examination is not required where the Student produces a certificate of having passed a similar or equivalent Matriculation examination at any other College.

Each Candidate shall be examined both in writing and *viva voce*—first, on Materia Medica, Chemistry, Anatomy and Institutes of Medicine:—these subjects constituting the *Primary Examination;* secondly, on Surgery, Theory and Practice of Medicine, Forensic and State Medicine, Obstetrics, Clinical Medicine. and Clinical Surgery, which are the subjects of *Final Examination.*

Students who profess themselves ready to submit to the *Primary Examination,* that is, to an examination on the first division of these subjects, at the end of their third year, may be admitted to examination at that time. The *Final Examination,* embracing the second division of subjects, shall not take place until the candidate has completed his fourth or last session.

The *Primary* and *Final Examinations* will commence on the 2nd of March in each year, or the first lawful day there-

COURSE OF INSTRUCTION.

The Law Session begins on the first Monday in January, and extends over the three following months.

The hour for Lecture is from 9 to 10 A.M., so as to admit of Students attending the Arts Classes or Law Offices in the city.

The course of Lectures each year will correspond with the subjects hereinafter given for examination for a Degree.

The Student must pass an examination on the subjects lectured upon each year.

DEGREE OF LL.B.

The Degree of LL.B. is obtained by attending for three Sessions the Lectures delivered by the Law Faculty, and by passing the Matriculation examination at the beginning of the first Session, and the examination at the close of each Session. The Matriculation examination may be postponed till the second Session, provided the Student attend the Latin class in the Faculty of Arts along with the Law class, during the first Session.

A Student is exempted from the Matriculation examination on producing a certificate that he has undergone an examination for admission as a Student of the Laws on the Books of the Law Society for Upper Canada, or an equivalent examination in any College.

The Degree of LL.B. shortens by two years the period for which the Law Student must be articled. Without the Degree the period is five years; but if the Degree is taken *previous to his being articled*, it is only three years.

When the lectures are attended during the currency of the articles, the period is not shortened unless the Student has been articled previous to the 1st of March, 1860.
