

**HOW WINNIPEG
PUT ON A MOVIE**

Ralph Connor Story at Imperial is a Canadian Production Throughout.

Henry Alexander MacRae, who directed "God's Crucible," the screen adaptation of Ralph Connor's novel "The Foreigner," which is on again today at the Imperial Theatre, was most enthusiastic concerning the reception accorded him and his company when they went to Winnipeg to make the picture.

**The Unique Flavour of
"SALADA"
TEA**

that charms so many millions of regular users is due to the freshness and unflinching quality of the leaf. To try Salada once is to use no other tea henceforth.

Officials of the Canadian Pacific Railway spent a vast amount of time in procuring for us a real old engine, one of the type in use in the period in which "God's Crucible" is laid. Finally they provided for us the "Lady Dufferin," which, it developed, was the very first engine to cross the lines of the Canadian Pacific Railway upon its completion.

pleased with "God's Crucible" shown yesterday, and since Canadian people are demanding Canadian stories in real Canadian settings, this offering of Ralph Connor's is indeed the genuine article.

**FATHER AND SON
BANQUET AT Y.M.C.A.**

The Y. M. C. A. building was given over last evening to about one hundred boys, who showed their "Dads" just what they missed when they were youngsters.

For Raw Sore Throat
At the first sign of a raw, sore throat rub on a little Musterole with your fingers.
It goes right to the spot with a gentle tingle, loosens congestion, draws out excess and pain.
Musterole is a clean, white ointment made with oil of mustard. It has all the strength of the old-fashioned mustard plaster without the blister.
Nothing like Musterole for croupy children. Keep it handy for instant use. All druggists.
BETTER THAN A MUSTARD PLASTER

CUTICURA HEALS ITCHY SCALP
Was Sore and Red. Hair Fell Out. Head Disfigured.
"From using the same brush and comb as my sister, whose scalp was troubled with dandruff, it caused my scalp to be itchy. My scalp was sore and red, and the dandruff scaled off and could be seen on my clothing. My hair fell out gradually and my head was disfigured. This trouble lasted months. Then I sent for a free sample of Cuticura Soap and Ointment. I afterwards bought more, and I only used two cakes of Soap and two boxes of Ointment when I was healed." (Signed) Miss Frances Burns, St. Basile, Quebec.
Use Cuticura Soap, Ointment and Talcum for all scalp purposes.
Solely Sold Free by Dr. J. C. Ayer, Lowell, Mass., U.S.A. 146 St. Paul St., Montreal, P.Q. Telephone 252. Cuticura Soap shaves without using a razor.

of the programme was to "The Ladies," given by Harold Taylor and replied to by Mrs. G. W. Campbell, president of the Ladies Auxiliary.
Adjournment was then made to the gymnasium. The boys went on the floor and played several exercises that amused their "Dads" as they endeavored to emulate their fathers.
The swimming pool was next furnished for croupy children. Herbert Morton is the local boys' work secretary with G. Homer Smith as assistant.
FREDERICTON MARKETS
Greater, Saturday: The market this morning was a very small one, in fact the smallest Saturday market for several weeks, and not much country produce was offered. There was a good supply of beef, which sold at 7c. to 11c. per pound, and much wood was also offered at \$3 to \$10 per load. The prices were as follows: Beef, 7c. to 11c.; pork, 11c. to 12c.; lamb, 10c. to 15c.; veal, 8c. to 12c.; butter, 8c. to 40c.; eggs, 60c.; potatoes, \$2.25; turnips, 65c.; carrots, \$2.50; apples, \$4 to \$6; wood, per load, \$3 to \$10; hay, per ton, \$24 to \$27.

THESE PROVINCES MUST BE GRANTED R. R. CONCESSIONS
Montreal, Feb. 13.—A meeting was held here this afternoon by representatives of Maritime provinces interests with reference to their application to the railway commissioners for the restoration of the arbitrates which were in effect on the railways prior to the eastern rates case when these arbitrates were abrogated by decision of the railway board in 1915, and were later accentuated by the percentage increases which have been in effect since that time. The meeting was preparatory to the presentation of the application of the Maritime interests in conjunction with the hearing to be held by the railway commission at Ottawa next Wednesday, in connection with the equalization of eastern and western freight rates.
The delegation is composed of Hon. R. E. Finn, representing the Nova Scotia government; I. C. Rand, special counsel, representing the New Brunswick government; H. R. Thompson, secretary of the Maritime division of the Canadian Manufacturers' Association; and other representatives of eastern provinces industries.
TO VISIT OLD HOME
Halifax Chronicle: Mrs. C. C. Dobson, who is popularly remembered in Halifax as Miss Edith MacMechan, will arrive home next week on a visit to her parents, Professor and Mrs. MacMechan. She and her husband, Commander C. C. Dobson, V. C., D. S. O., of the British navy, are passengers on the C. P. R. liner Scandinavian, due at St. John on Monday. This is Mrs. Dobson's first visit to Halifax since her marriage in England a year ago last September.

Keep a Bottle Handy
NADRU-CO
Syrup of Tar
with Cod Liver Oil Compound

It's more than a Cough Syrup—because it breaks up colds as well as coughs—relieves congestion in the chest—heals the throat—loosens the phlegm—and quickly stops the cough. Excellent for Bronchitis and Whooping Cough. Children like it because of its pleasant taste. All druggists have it. Prepared by NATIONAL DRUG AND CHEMICAL COMPANY OF CANADA LIMITED

LONG LIFE OF CIGARS GIVEN AT CHRISTMAS

British M. P. in a Review, Expresses Some Charitable Thoughts—"Anyhow," She Meant Well.

The box of cigars given as a Christmas gift usually hangs a long time, often perhaps because it has not been opened. If it was a gift from a woman the excuse for the long life the "smokes" are enjoying is likely to be that they are too good to be dispatched hurriedly. A member of the British parliament, the Right Hon. J. R. Clynes, writing in an unusually charitable vein toward those who inflict their cigar judgment on one at Christmas time, gives some observations on his Christmas cigars, expressing a few kindly thoughts and discussing bad smokes, in a recent issue of the Liverpool Post and Mercury. Here is what Mr. Clynes says: "The peculiar attribute of the Christmas cigar is that it is so often a present from someone else. That increases its value tenfold. A man must, at this season of festivity, have cigars. Is there any man so abandoned as to buy only for himself? At all other times of the year your cigar smokers, regular and irregular, are for the most part smoking cigars to their own taste, purchased with their own money. But at Christmas every man is smoking cigars of some other man's choosing (or sometimes some other woman's choosing).

"If the choice has been guided by the size and flamboyance of the band, and if the decorative labels upon the lid have been allowed to make up the mind of the purchaser, or if the purchaser has trusted entirely to a salesman who does not smoke cigars himself, those cigars may take a long time to smoke. "But they will be smoked. Can one not smoke a cigar and become daily more cheerful? Can a man give away a Christmas present? They will be smoked, and the casting of each stump into the fire or the gutter, or wherever may be its last resting place, will go the thought, 'Anyhow, she meant well.'"

TINT GRAY HAIR

Don't Tolerate Faded, Straggled, or Bleached Hair; Tint with Brownstone—Safe, Sure, Inexpensive.

TRIAL PACKAGE SENT FREE. Why tolerate streaky gray or other hair that is just an eyesore to you and a disgrace to your face? Brownstone gives the hair beautiful color and shine. It is safe, sure, and inexpensive. It restores the hair to its natural color and shine. It is the only hair restorer that does not irritate the scalp or cause the hair to fall out.

But the second cigar—taken when all the chatters, story-tellers and crackers of nuts have put on their coats and bonnets and left a silence behind them and a great litter of paper—is better, and is different from the first one. "In front of the declining fire you sit, with no other light, for you do not want to read; your second cigar is reverently lighted, and, as its smoke trails up and forms strange patterns in the air, you find yourself always thinking of last Christmas and wondering of next Christmas, and of the differences the years bring with them, and the sameness they leave behind.

"Peace and good will is every man's motto, you reflect, and you cannot help thinking, now that all the noise of voices has gone and left you to your thoughts, how much more the motto might be practiced, how to many a soul in want it rings like a sneer.

"Should Christmas be a time for forgetting or for remembering the sorrows of the world? It seems to be a time for both. That first cigar is part of the layer of mirth that hides many sorry thoughts. The second one, reflective, smoked before a dying fire and in the company of the truth of our inward

"Be Sure You're Right"
Then Go Ahead—That's Mighty Sage Advice.
When you ask your druggist for a bottle of Syrup of Tar and Cod Liver Oil for that cough be sure you get
Dr. Wilson's Syrup of Tar and Cod Liver Oil
(The Kind with the Yellow Wrappers.)
35c. the Large Bottle.
Brayley Drug Co., Ltd.
ST. JOHN, N. B.

thoughts, is the one that glows with the remembrance of difficulties and sorrow, and as it lessens, one ash following another, as it goes out and is thrown into the fire, we find ourselves at the testing point of our hopes. "Hope, however, is always stronger than the other things. Hope says this Christmas is a better one than last Christmas, and the next one will be better than this, and on getting up to go to bed the realization deepens that the voice of hope is true and grows stronger every year. "It is that which makes the world go round."

SHANTUNG.

(Montreal Gazette) When Mr. Wickham Steed, a recognized international political authority, was in Montreal he gave expression to the opinion that the Disarmament Conference at Washington was the most important initiative ever taken by any government in the history of mankind. It was for this reason that its success was demanded as absolutely vital to the English-speaking peoples have secured a tremendous victory for humanity. Japan and China have virtually settled their long-standing feud over Shantung. The famous British Queen once declared that when she died the word "Calais" would be found graven on her heart. She had just Calais to the French. Will may the Washington diplomats lay a similar union to their souls, and say with equal fervor that when they die the word Shantung will be found written on their hearts. Shantung has been looming large on the Washington horizon all the way through, and again and

again has expression been given to the theory that whoever rules over Shantung rules over China. The Germans formerly had a lease of some two hundred miles of this territory on which they built a railway, which Japan fell heir to by the Treaty of Versailles. Now under the present settlement Shantung within five years possibly will become Chinese territory once again, both governmentally as well as geographically. Thus bringing the end of a bitter controversy in sight. The British Wei-Hai Wei leasehold is also to be turned over to China, an act on the part of Great Britain which will gain for a host of friends. China's army is to be considerably reduced, and incidentally, her revenues very materially strengthened through a leased expenditure on the upkeep of war equipment. The supply of arms to China is also to be stopped, and China has agreed to pay \$5,000,000 gold German marks to Japan in lieu of the restoration of the Tsingtao-Tsinanin railway. Dr. See for the Chinese delegation at Washington expressed the definite belief that the present settlement would remove all possibility of misunderstanding between China and Japan. With the Atlantic and the Pacific oceans now restored to peace only Europe and the nearer half of Asia remain to give shelter to the spirit of war. It is anticipated that the Geneva Conference will remove the last of the obstacles in the way of a complete European peace.

RHEUMATISM vs. T.R.C.'s

Lumbago, Neuritis, Sciatica
Rheumatism and similar troubles invariably yield to this T.R.C.'s (Templeton's Rheumatic Capsules) treatment. Many doctors and many hundreds of druggists from coast to coast will confirm this truth. The successfully treated Rheumatism, Lumbago, Neuritis, Sciatica and acute Neuralgia of all kinds. But the best evidence is your own experience. If you suffer we want you to try this guaranteed non-injurious remedy at our expense. Druggists sell T.R.C.'s \$1.00 per box. For free trial write T.R.C. Co., 56 Colborne St., Toronto. Wasson's, Ross's and Mahoney's Drug Stores. Perth by Regal Pharmacy.

Much Disorder Continues in Belfast City

(Canadian Press Despatch) Belfast, Feb. 13.—There was marked activity in Belfast tonight on the part of snipers. An unidentified man, picked up wounded, was taken to a hospital, but was found to be dead on his arrival there. Two constables were wounded in North Queen street. It is remarkable that a number of girls are on the casualty list. A bomb thrown in Weaver street tonight killed one child and so seriously wounded three other children that they are not expected to recover. There were eighteen casualties from the bomb, among them children.

Churchill's Statement

Winston Spencer Churchill, the colonial secretary, in a statement in the House of Commons today on the Irish situation, said the provisional government had expressed a desire for a meeting between the heads of the provisional and northern governments but that thus far in the present state of tension it had not been found possible to arrange such a meeting. He added that such a conference would be most desirable in that peace might be restored along the Ulster border, where the situation continued to be a source of serious anxiety. "We are passing through a very difficult period," said Mr. Churchill, "and until the Irish government is equipped with the proper constitutional powers we could not expect that they would have the necessary control."

WONDERFUL BILL AT QUEEN SQUARE

Big Dramatic Situation a Feature of "A Man's Home," Shown Yesterday.

Presenting the sort of problems that are being faced in so many homes throughout the country, "A Man's Home," the Ralph Ince-Selwick production which is being presented at the Queen Square Theatre deals with them in such a graphic and forceful way as to make a photoplay that has been heralded as one of the finest productions of the year. Basing the story on the established truth that most of the troubles of the day are the result of internal troubles in the home and that there is hardly a household that has not a skeleton of some sort lurking about, "A Man's Home" goes on to show what happens to a rich man who becomes so immersed in business that he allows his wife to drift away from him, how she falls into the hands of a pair of wily adventurers and pays dearly for it, almost to the point of shattering the happiness of her entire family. How the husband is suddenly brought to his senses and steps in at the vital moment in an effort to save the situation and the security of his home, makes a drama that is calculated to broadly appeal to every member of a household and be one of the most popular motion pictures of the season. A cast of unusual excellence has been assembled to portray the characters that make up "A Man's Home." Harry T. Morey, popular portrayor of virile types, is cast as the husband, Kathlyn Williams, heroine of many of the screen's best known productions, plays the wife, Faye Binyon, one of the daintiest of ingenues, is the daughter; Matt Moore, the youthful suitor, and Grace Valentine and Roland Bottomley as the adventurers at the bottom of the trouble. Ralph Ince, director of the production, labels "A Man's Home" as his finest production, and during the several months of its making he gave to it all the technical skill and masterful handling of detail for which he is noted. This fine picture will be shown again tonight and tomorrow.

Why Not 8% and ---Safety

THE old idea that safety accompanied a low rate of interest has long been put in the discard. During the past 7 or 8 years, with banking facilities strained to the limit under abnormal demands, borrowers in the AAA class (Bradstreet's highest rating) have been obliged—compelled by circumstances beyond their control—to pay rates of interest without precedent. Bankers today tell us that money is working easier—THIS IS YOUR OPPORTUNITY to assure to yourself a high interest return for a long period of years, with a large margin of safety, by investing in the 8% convertible debentures of The Mount Royal Hotel Company, Limited, carrying a bonus of 20% common shares.

Descriptive Circular on Request. To W. A. Mackenzie & Co., Ltd. 38 King Street West, Toronto.

Dear Sir: Please send me a copy of the circular describing the 8% Convertible Debentures of The Mount Royal Hotel Company, Limited, and oblige. Name in full _____ Full address _____ Please write clearly _____

Morey, popular portrayor of virile types, is cast as the husband, Kathlyn Williams, heroine of many of the screen's best known productions, plays the wife, Faye Binyon, one of the daintiest of ingenues, is the daughter; Matt Moore, the youthful suitor, and Grace Valentine and Roland Bottomley as the adventurers at the bottom of the trouble.

SPOKE ON WORK OF THE AMBULANCE ASSOCIATION

Col. C. Hodgetts, of Ottawa, Director General of the St. John Ambulance Association, Canadian Branch, is in the city on his annual tour as examiner for the association trophies. Last night he held examinations in the Board of Trade rooms and this afternoon he will examine the police teams. As yet none of the coveted trophies have been won by a New Brunswick team, although the competition has been keen. There are six trophies to be awarded each year. The Mountsambert cup is awarded to the team which has the highest marks among the teams competing for the other trophies. The Wallace Nesbitt railwaymen's trophy is competed for by the railwaymen's teams from coast to coast. The Coltre trophy is awarded to the best team among the miners. Two Lord Shaugnessy shields are for the best police teams, one awarded in the district from Ontario east and the other in the district from Manitoba west. A general trophy, the Wallace Nesbitt, is open to competition by teams not included in any of the other competitions.

Besides these senior trophies there is a Junior Wallace Nesbitt trophy for each province in which teams of cadets, Girl Guides, Scouts and other juniors compete. The prizes for the Junior Wallace Nesbitt trophy are individual ones, going to each member of the team. New Brunswick already has twenty teams entered for the Junior trophies there will be five teams entered in St. John, including the police team. Col. Hodgetts addressed the pupils of the High School in the assembly hall yesterday afternoon and told them something of the great humanitarian work which the association is carrying on. He spoke of the work as mainly educational and taken up under the three departments, first aid to the injured, home nursing and home hygiene. It was with a view to the first aid department that the children in the Canadian schools were taken up the work with ever increasing interest and enthusiasm. In Victoria, he said, there were 800 of the boys, cadets, who had passed the first examination successfully. Col. Hodgetts addressed a meeting at the Y. W. C. A. recreational centre later in the afternoon when the Campbell & Fowler, Ltd., had entered for the gymnasium class was present. He demonstrated to the girls how necessary it was for them to have practical knowledge of first aid and the utilizing of impromptu apparatus in the case of

MAGIC BAKING POWDER PRODUCT OF CANADA The reputation of Magic Baking Powder was not made in a day. Each succeeding year has entrenched it more securely in the homes of Canada's discriminating housewives. There is more Magic Baking Powder used in New Brunswick at the present time than ever before. It has been demonstrated that it is more economical and more satisfactory in every way than cream of tartar and soda. Magic Baking Powder is scientifically made and has never failed to give the maximum leavening efficiency. Because of this and the uniformly satisfactory results obtained by its use, we recommend it as Canada's perfect baking powder.

emergencies. Miss Irene Barber, the secretary of the New Brunswick branch, accompanied Col. Hodgetts to the Y. W. C. A.

In the examination for the Wallace Nesbitt general trophy of the St. John Ambulance Association, in the board of trade rooms last night, only one team was entered. The team was formed of members of the staff of W. H. Thorne & Co. Ltd., who had been instructed by Jack Redfern, Col. C. Hodgetts, the director-general of the association, conducted the examination, and the members of the team were: Arthur Summers, Harry Martin, Theo. Oleton, Harold LeClair and James McQuiver. Col. Hodgetts complimented the team on the splendid showing which it made after so short a period of training. Another team in St. John, from the staff of Campbell & Fowler, Ltd., had entered for the Wallace Nesbitt general trophy; but as all of its members did not turn up last night, it did not compete. This is the first year when the New Brunswick branch has entered a team for the general trophy. Last year a Winnipeg team won the trophy. The examination of the local police team for the Shaugnessy trophy is yet to be held.

IN HONOR OF WEDDING. A very enjoyable evening was spent at the One-Mile House last evening on the occasion of the marriage of Phillip K. Moore to Miss Margaret Pheneer. The ceremony was performed yesterday afternoon. The large number of guests present were delighted with a supper served by the bride's mother. An orchestra was in attendance.

CANADIAN MEMBERS JOINT COMMISSION HAVE RESIGNED

The resignation of the Canadian members of the International Joint Commission are in the hands of the government. The three members are C. A. MacGrath, Sir William Hearst and H. A. Powell, K. C., the latter of St. John. It seems likely that Mr. MacGrath may be re-appointed, but the two other vacancies probably will be filled by new men. It is reported from Ottawa, Mr. Powell has been a member of the commission since it was established.

HYDRO PROBLEMS WERE DISCUSSED AT G. W. V. A. SMOKER

The first smoker of the season was held last evening by the local branch of the G. W. V. A. in its hall in Welling Hall on Roy, a feature of which was an address on hydro-electric problems by Herbert Phillips, M. E. I. C. The chair was occupied by the president, S. C. Tippet, and there was a large attendance of members and their friends. Mr. Phillips went over much of the same ground that he had covered in previous addresses on this subject. He said they were now all waiting to hear the Ross report which would be published shortly. Mr. Phillips made out a strong case for municipal distribution as against private distribution and in conclusion said that it was not a matter for an engineer to settle, it was a matter of policy—a question whether the N. B. Power Company's interests were to be the first consideration. A vote of thanks was unanimously passed and tendered Mr. Phillips for the information that he had given the association.

The following instrumental and vocal programme was then carried out and much appreciated by those present: Phonograph selections, Phonograph Saloons, Ltd.; address, by president, vocal solo, J. Rastley; accordion solo, Charles Nodding; dance, Joe Brayson; vocal solo, P. J. Panter; vocal solo, C. Jamieson; vocal solo, R. B. Irving; dance, Charles Nodding; vocal solo, Dewitt Cairns; address, by A. I. Machum. The accompanists were T. C. Cochrane, Charles Doherty and C. Jamieson. During the evening cigarettes, pipes and tobacco were passed around and at the close refreshments were served.

The late Charles Nevins will case in which there have already been several hearings in the probate court was adjourned until next week after yesterday morning's session. D. Mallin, K. C., and S. W. Palmer objected to the allowance of the validity of the will and were given until Feb. 22 to file allegations. The case will be resumed after that.

Fighting the Winter Winds with thin blood and a poorly nourished body is a losing game. The man who never "catches cold" is the man who fortifies himself with the resisting power that comes from food rich in tissue-building, heat-making elements. You can beat the "cold germ" by eating Shredded Wheat With HOT Milk Makes rich, red blood and gives the strength that makes a man or woman fit for work or play in Winter—makes the body tingle with snappy health on the coldest days. Solves the breakfast problem for the busy housewife. Ready-cooked and ready-to-serve.

**HISTORIC GENOA
IN LIMELIGHT**

City in Which World Conference Will Soon be Held.

(Montreal Gazette.)
Genoa is the chief port of Liguria, and is the capital of the province of Genoa. The town is situated on the Gulf of Genoa, and is the chief port and commercial town of Italy, the seat of the archbishop and a university, the headquarters of the Italian army corps and a strong fortress. It promises soon to be in the limelight equally with Washington because within its gates is to be held a conference of the Powers of the World, who will discuss economic and commercial questions which are likely to have an important bearing on future history. The city of Genoa has been called "superb" because of its many outstanding architectural features; its public buildings being exceedingly fine, whereas its eighty odd churches, including the famous Cathedral of St. Lawrence, are all deservedly noted for their beauty and magnificence. There are eight gates to the city, the more important being Porta Pila and Porta Romana towards the east and the Porta Laurena, or Lighthouse Gate, to the west. Its medieval churches show up with their striped facades of black and white marble, and are centres of attraction to many visitors who resort there.

There could scarcely, therefore, be selected a more appropriate spot, historically, for a world's conference than Genoa. Since the earliest days of European civilisation Genoa has been a seafaring and mercantile centre; in fact, the Encyclopaedia tells us that there is situated there a Greek cemetery dating from the fourth century B. C. No fewer than eighty-five tombs, we are told, were discovered in the construction of the Via Venti Settembre, most of which were dated from the fifth and fourth centuries B. C. The bodies had in all cases been cremated and were buried in small shaft graves and covered with a slab of limestone. The vases were of red figure style, mostly imported from Greece; or Magna Graecia; the bronze objects came from Etruria, and the bronzes from Gaul. Except in Monte Prato there is no great vogue in cremation thus far in the Dominion of Canada. The Romans were in touch with Genoa in 216 B. C.; the Romans immediately restoring it. Genoa being the chief port of Liguria, the Romans made it headquarters against that people as well as Placentia. During the dark ages Genoa was like other Italian ports, gradually developing municipal rights which had to be stoutly defended from foes both domestic and foreign. The patriotic spirit, and naval powers of the Genoa, developed in their defensive wars against the Saracens, led to the foundation of a popular constitution and to the rapid growth of a powerful marine. Genoa united against the Saracens with Pisa in the eleventh century to expel these foes from Sardinia, but this led to disaster for Pisa. Genoa was equal to Venice in securing the carrying trade generated through the Crusaders. Genoese colonies were established in Spanish and Barbary Coasts, and fortresses of great strength were erected by Genoa in the Levant, on the shores of the Black Sea, and along the banks of the Euphrates. The battle of Meloria, in 1284 A. D., put an end to the claims of Pisa. Genoa, however, maintained a constant series of internal quarrels, and as a result Genoa was finally drawn into the Guelph and Ghibelline factions, the Guelphs supporting the Papacy, to which the Ghibellines, were opposed. Dante being a Ghibelline, German, Malinese and Neapolitan domination in turn gave way in 1380 to a state of greater independence, and the first Doge was appointed, Simone Boccanera. The Venetians and Genoa kept up a feud until 1380, when the Venetians had a terrible disaster, but the Genoa came under the power of France and then of Milan. In 1528 Andria Doria roused the old spirit, threw off the French yoke and destroyed the old form of government. It was just about this time of turmoil and conflict, at the end of the 16th century, that Genoa missed her great chance in declining to furnish her illustrious son, Christopher Columbus, with the ships and men he asked for to go exploring. He went to Spain instead, and Spain got all the glory and all the wealth that followed Columbus' voyage across the

Atlantic Ocean. However, Andria Doria had established peace, and his government remained unchanged until the end of the French Revolution. During these three hundred years they benefited from America vicariously, becoming the bankers of Spain and outfitters of the Spanish armies and fleets. The future of Genoa was juggled with after the French Revolution and in 1814 Genoa rose once more against the French on the assurance of help from Lord William Bentinck. A secret clause of the Treaty of Paris handed Genoa over to Sardinia. This stirred up the old Republican spirit once more, and Joseph Massini, a young Genoese citizen, arose to be a menace to Sardinia and all the chief Italian governments. Massini was born in Genoa, June 22nd, 1805, and makes a good third to Doria and Columbus. He found his mission while imprisoned in a lonely cell in Savona with no books but a Tacitus, a Byron and a Bible. Genoa is to all intents and purposes a beautiful city, nobly built, and reserves entirely its descriptive of the "city of squares." It is a fitting meeting place for the statesmen of the world. In its fine streets and well laid out squares, the delegates to the conference will have much to educate, amuse and instruct them. There could be no more appropriate scene for a diplomatic conference, although there was a fear that there would be an insufficiency of accommodation for the visitors. That point can be obviated as there is continuous reiteration of the fact that there is royal luxury in the hotels of Genoa available and plenty of it. The diplomats gathered together from over Europe will have an opportunity of studying the architecture of the place, including the great statue of Columbus, with a figure kneeling at his feet representing America, which is regarded as one of the artistic treasures of the city. Another statue of interest is that of Andria Doria, which is to be found near the Church of San Matteo. The university, founded in 1611, will also claim attention, which is regarded as a flourishing institution with a proud record. There are something like 300,000 inhabitants in Genoa, and the city representatives of the nations gathered into Genoa are one-half as successful in consummating plans for the evolution of the serious subjects on their agenda as Washington helped to dispel the dangers of war, then, indeed, will the peoples of the universe be more than satisfied with one accord, and in perfect union is the expression of opinion that it may be so.

To Still for Italy, Frederick Gleaner, Mr. and Mrs. Gregory, accompanied by Miss Lucy Morrison, will sail from St. John next Friday on the Melita for England en route to Italy, where they will spend the next three months, returning home some time in May.

NO CHANGE IN STEAMER SERVICE TO WEST INDIES

The government has refused the offer of the Royal Mail Steam Packet Company to provide a fortnightly mail passenger and freight steamship service between Canada and the British West Indies with new steamers of the six and type contemplated by the Canada-West Indies agreement, on condition that the government guarantee a minimum return of 7 1/2 per cent. on the capital cost of the ships for twenty years. This offer has been refused "in view of the possible heavy cost of the proposed new service." Instead, the government will continue to subsidize this company to the extent of \$340,000.00 per annum for a service such as has been run in the past. The new contract between the company and the government will contain an additional clause to the effect that if one or more of the ships now performing the service should have to be withdrawn by reason of inefficiency, or other cause, then the contractors must use their best endeavors to replace such ship or ships by other suitable ones. The Royal Mail Steam Packet Company has protested against the competition of the Canadian government ships which are now running on the West Indies service, according to the announcement of the new contract.

RECIPROcity FOR TRAINED NURSES

Many matters of importance were dealt with at the meeting of the New Brunswick Graduate Nurses' Association, held last evening in the nurses' home of the General Public Hospital with the president, Miss Margaret Murdoch, in the chair. Those present from outside the city were: Miss Whyte, of Doaktown; Miss MacMasters, of Moncton; Miss Branscombe, of St. Stephen; Miss Alice Burns, of Moncton, and Miss H. Meiklejohn, superintendent of public health nursing in the province. The members of the council present, besides Miss Murdoch, were: Miss Whyte, Miss Fraser, Miss Bedding, Miss Mitchell and Mrs. G. L. Dunlop. The matter of reciprocity with other provinces and with the United States was thoroughly discussed, and it was finally decided, on motion, that the New Brunswick Association would recognize the standing and allow full privileges to the nurses of other provinces and of those states which recognized a fifteen daily occupied bed hospital as a training school and would be willing to allow the same privileges to New Brunswick nurses. Information was received concerning the national war memorial to nurses who died or were killed during the war. The proposed memorial is to be erected in Ottawa at a cost of \$65,000, and the share of the cost which the New Brunswick Association would be called upon to bear is \$2,000. The meeting did not favor the plan; but rather than have the names of the New Brunswick nurses who gave their lives left out of the memorial record, it was decided to fall in line with the other provinces. Miss Alice Burns, of Moncton, was appointed general convener of the committee for the memorial fund, and her assistants were named as follows: Miss Whyte, of Doaktown; Miss Budd, of Woodstock; Miss H. Meiklejohn, of Fredericton; Miss McMullin, of St. Stephen, and Miss Cambridge, of St. John.

It was decided to raise the fees for nursing contagious cases from \$25 a week to \$28 a week, but to have this new schedule take effect only after the annual meeting in September.

After the business of the meeting had been disposed of, a social hour was enjoyed and refreshments were served.

An alarm was rung in from Box 154 at 7:45 o'clock last evening, but when the department arrived at the scene it was found to be nothing more serious than a chimney fire in a house in Parlowed closely the first alarm.

Tomorrow \$1.00

POPE MAY CREATE TWO MORE U. S. CARDINALS SOON

Practically Certain Pius Will Hold His First Consistory Next Month—Pontiff Given Ovation by Milan Flock

(Canadian Press Despatch.)
Rome, Feb. 13—Pope Pius celebrated mass today in the consistory hall before a pilgrimage from Milan, his home city, numbering more than 1,000 persons. Several members of the pontiff's family were among the pilgrims. He gave communion to several dozens of people.
Despite the religious atmosphere when the Pope left after imparting the apostolic benediction, his old flock gave him an enthusiastic ovation, crying: "Long live the Pope, long live Ratti, long live Italy."

RED ROSE TEA is good tea
Keeps Fresh and Fragrant in the Sealed Package

The conclave ended, the cardinals already have commenced to leave Rome. Hardly had the coronation concluded when many of the members of the Sacred College prepared to hasten to their homes from Rome, especially those coming from Austria, Germany, Poland and Czechoslovakia, where the deprecatory exchange had played havoc with their pocketbooks, even when their money was advanced into the Italian lire.
All the French cardinals departed this morning for their various dioceses throughout the kingdom. The

United States cardinals are expected to stay in Italy for two or three weeks. Consistory Next Month.

London, Feb. 13—It is practically certain that Pope Pius will hold his first consistory next month, says a Central News despatch from Rome today, when two French and possibly two American cardinals will be created.

JOCK HUTCHISON LOWERS RECORD

El Paso, Tex., Feb. 13—Jock Hutchison, British open champion lowered the El Paso Country Club course record of 72 by five strokes today. Hutchison and Jim Barnes, United States open champion, defeated Jack Street and Dorrville Chapin, local professionals, 5 and 4 in the morning and in the afternoon Hutchison and Barnes defeated Dr. James Vance and Charles Leville 2 and 1.

COAL MINERS TO AVOID STRIKE IF IT IS POSSIBLE

Indianapolis, Ind., Feb. 13—No general increase in wages for soft coal miners, but the direction of all efforts toward retaining present wage scales was the policy adopted today by the scale committee of the United States Mine Workers of America for submission to the union's special convention that begins tomorrow.
The committee's report on wage demands to be sought as the basis of new agreements with operators, effective on April 1, was adopted.
The report was understood to include no proposal of a strike and likewise made no demand for adoption of the six-hour day, five-day week, as proposed by the demands of 1919. The only comment on the possibility of a strike was that of International President John Lewis, who issued this formal statement:
"The United Mine Workers of America do not desire a strike. We propose to do everything possible in a proper way to prevent such an occurrence. I feel sure when the convention has finished its work the public will realize this fact."

UNCLE JOE, 45 YEARS IN HOUSE, DECIDES TO QUIT

Washington, Feb. 13—Having served longer than any man ever elected to the United States congress, Representative Joseph G. Cannon, Illinois, announced today that he would not be a candidate to succeed himself next fall.
Mr. Cannon is approaching his eighty-sixth milestone. If his life is spared until the end of his term on March 6, 1923, he will have rounded out forty-six years of service in the house.

CHEKA SUPPRESSED

Moscow, Feb. 13—The decree announcing the suppression of the Cheka, or secret police, which became effective today, is one of the Soviet government's first steps for putting its house in order for the Genoa economic conference. The next step, according to a statement made in political circles today will probably be an announcement of the release of political prisoners.

Four to One Odds Against You

The chances are four to one you will contract Pylorrhea after you pass the age of forty unless you take proper precautions. Thousands younger also suffer from this unpleasant disorder of the mouth and gums. Pylorrhea starts with tender, bleeding gums. That is the way Nature warns you of your danger. Heed that warning! If you ignore it, you may pay the penalty by loss of your teeth and serious illness. Pylorrhea works fast. It loosens the teeth in their sockets until they fall out or must be pulled. It forms pus pockets at the roots of the teeth and feeds disease germs into the system. Don't trifle with Pylorrhea. At the first danger signal, see your dentist and start using Forhan's For the Gums. Forhan's, if used consistently and used in time, will prevent Pylorrhea or check its course. It is the time-tested formula of R. J. Forhan, D.D.S. Use Forhan's regularly as a dentifrice. It keeps the teeth and gums in a clean, healthy condition and wards off Pylorrhea. Don't wait until tomorrow. Four out of five contract Pylorrhea because they wait too long. 35c and 60c tubes at your druggist's.

TOILET SOAP

Pretty when she wakes up

Cleopatra's way
With a world of ancient beauty arts at her command, she depended on cleansing with Palm and Olive oils to protect, improve and preserve the freshness and smoothness of her skin.
This beautifying was not confined to face alone. The bath was a daily ceremonial with all ancient peoples, palm and olive oils the cleansers used.
Bathe with Palmolive and keep your skin smooth and white—it is a luxury all can afford.

This is the real test. The girl who wakes fresh and radiant, with a clear, smooth skin which has no defects to conceal, need not worry about her looks. She possesses the greatest of all attractions—the one which outshines all others.
This need not discourage the girl whose complexion is not so good. Proper care will soon transform a bad skin into one admired for its perfection.
Get rid of the clogging accumulations which cause coarseness and disfiguring defects and you will soon be complimented on your fresh blooming complexion.
The secret is simple and about 3,000 years old. It was discovered in ancient Egypt and practiced by Cleopatra.

Simple—Beautifying
The remedy for a coarse skin, for one disfigured with blackheads or ugly blotches, is daily cleansing with a lather blended from palm and olive oils.
Such a cleanser is so mild and soothing that it softens the skin and keeps it smooth. But it removes the accumulation of dirt, oil and perspiration which are responsible for most bad complexions.
You can't neglect your skin and expect to keep it

SCORES CLASS ANTIPATHIES

Capt. Rev. P. B. Clayton, of Toc H Delivers Stirring Address in Trinity College.

In delivering his first address before Toronto gathering, Capt. Rev. P. B. Clayton, M. C., who spoke recently in Trinity College, said those who had given up their lives in the great war could best be pleased, not merely by building monuments of brass and stone, but by making sure that the work which they had devoted their lives to should be continued and not allowed to languish. The important way in which this could be accomplished was by fighting the menace of class antipathies. The speaker graphically sketched the story of the Talbot House, or Toc H, movement, with which his name is prominently identified. Several of the students present last night were members of the Talbot House, established in the press salient. The chairman at last night's meeting was Prof. F. H. Coe.

"The task of the Toc H, as conceived by its 8,000 surviving members," said Capt. Clayton, "was to interpret the wishes of those who had not lived to one home towards the younger world, and the great experience which they had undergone there had come not only the suffering, but a wide enrichment of outlook, a new spirit between man and man, there was in the first case to be considered the grave and ever-growing alienation between class and class, who should be bound together for all time by the mutual sympathy inspired by the losses they had endured. The death of sacrifice is intended to be the greatest unifying principle between those left behind. Instead of this, however, a reaction had made itself felt, at least in the Old Country by which class antipathies had again become not merely a menace, but an insult to the dead. Secondly, the will of the dead was plainly a matter of those who knew them best and deeply concerned with such issues as the progress of the League of Nations, the progress of the League of Nations, the progress of the League of Nations."

"Multitudes of those whom the world could least afford to lose had given their lives in what they conscientiously believed was a war to end war. Yet, if the difficulties that the League of Nations had to meet there was none greater than the lack of a steadfast and widespread enthusiasm in its support. Thirdly, the great social organizations, of a voluntary kind, were again and again depleted of those younger men whose very spirit of love and self-sacrifice had led them to their death. If we wish to please them most we should not do so merely by monuments of brass and stone. The work to which they could have devoted their lives must not be allowed to languish, but must be carried forward as the first of all our duties."

"The great task, therefore, as Toc H conceived it, was to build a living and growing fellowship in service and mutual understanding. How far this task had already progressed in England, the doubling of its membership, the growth

ASQUITH CHARGES THE GOVERNMENT WITH EXTRAVAGANCE

Moves Amendment to Speech From Throne Regarding Pressing Burden of Taxation.

(Canadian Press Despatch.)
London, Feb. 13.—Former Premier Asquith, speaking this afternoon in the House of Commons in the resumption of debate on the address in reply to the speech from the throne, moved an amendment expressing regret that the extravagance of the government had imposed on the country a pressing burden of taxation and that it had been unable to make a definite promise that taxation would be reduced in order to stimulate trade and decrease unemployment. The speaker reported on possible government economies, he said, had justified the charge contained in his amendment.

Referring to the criticism of the estimates of the fighting services, Mr. Asquith compared the pre-war expenditure of the army and navy—£20,000,000—to this year's estimates of £17,000,000, and remarked that the only thing that unhappily marred the gratification of the most remarkable gathering in Washington

GIRL'S WEDDING CAUSES A RIOT

Vigo, Spain, Feb. 13.—Eight persons were wounded today, two of them seriously, as a result of a riot by the villagers of Bors against the marriage of a seventy-year-old man and a sixteen-year-old girl.

FORMER M. P. P. MUST BE TRIED

(Canadian Press Despatch.)
St. Hyacinthe, Que., Feb. 13.—Armand Boisseau, notary and former M. P. P. for St. Hyacinthe, and secretary-treasurer for the municipality of St. Hyacinthe, Le Confesseur, appeared before Magistrate Cusson at the court house here this afternoon on charges of embezzlement and issuing false documents. The preliminary enquiry was adjourned to February 24.

Mayor Bouchard, of St. Hyacinthe, before the case was heard, drew attention to rumors that he had received offers of payment in full of all sums of money involved, provided the charges against Boisseau were withdrawn. He said that he could not think of withdrawing the complaint. He had received a deputation on the matter and had told the mayor that if Boisseau's relatives were in a position to repay these sums, it should be done without making conditions.

CROWN PRINCE OF SIAM AT MONTREAL, BUT NOT WIVES

Montreal, Feb. 13.—A visit is being paid to the city today by the crown prince of Siam, who is registered at the Ritz Carleton Hotel under the name of A. Yagala.

The spokesman of the party stated that the crown prince was not accompanied by any of his numerous wives. His royal brother, the King of Siam, boasts of fully five hundred.

BULGARIA IS NOT ABLE TO PAY YET

Sofia, Feb. 13.—The reparations commission has been requested by Bulgaria to postpone the time of Bulgaria's payment of reparations three years. The committee of the Allies in Sofia supported the request. The members of the reparations commission are favorable to agreeing on condition that Bulgaria shows her good will by paying 10,000,000 francs in gold and giving guarantees that the country will follow a sane economic policy.

Vienna, Feb. 13.—The full effect of the British loan of £2,000,000 to Austria was reflected on the exchange market today when the crown rose to 6,000 to the dollar and other values rose equally.

ACTRESS ESCAPES FROM A HOTEL

New Orleans, Feb. 13.—A young woman thought by police to be Zeh Prevoost the missing Arbuckle case witness, escaped from a hotel here today while detectives were waiting in the hotel lobby for authority from San Francisco to take her in custody. She is believed to have lowered herself on a rope from a third story room to a courtyard below.

OF COURSE I DO, DARLING.

AND DO YOU THINK MOTHER TRUSTS ME NOW?

CERTAINLY, MY BOY.

THEN WHAT MAKES HER KEEP HER PIES LOCKED UP IN THE PANTRY THE SAME AS EVER?

SPOOK HUNTERS MEET A FROST

(Canadian Press Dispatch.) Halifax, Feb. 13.—After their third night in the house of mysterious fires, ghostly rappings, phantom footfalls and tinny slaps at Caledonia Mills, Antigonish county (N. S.), Detective "Pachie" Carr and Reporter Harold Whidden decided to abandon their spook hunt. If unable to get away, they intend to spend the fourth night in the castle barn, according to the report received by the Herald of this city.

EYESIGHT CAMPAIGN NEEDED

Half the Population Suffer, Says Detroit School Overseer.

Fifty per cent. of the entire population of the United States is suffering from defects of vision, according to City Superintendent of Public Schools, Frank Cody of Detroit, who believes that the solution of the problem rests with the public schools. The demand for a special course in eye hygiene, sight conservation and the prevention of blindness in every teachers' training school in the country is voiced by the Detroit School Superintendent in a statement just issued.

What is needed, he says, is a universal campaign to promote conservation of eyesight among Americans.

"For years the totally blind and the nearly blind have been cared for all over the country, but no provision whatever was made for the much larger number of children with defective vision, until within the last ten years," says Superintendent Cody. "They have either been classed as blind and educated as such to their great detriment, or have been treated as children with normal sight. They have been compelled to handle ordinary school equipment, and, as they have been unable to make proper use of it, they have been considered mentally deficient. Few in-met with such universal approval as has the adapting of public school various degrees of visual defects.

"Since the organization of the first Conservation of Vision class in Detroit in September, 1915, the work has grown until at present cared for in our classes, many of whom had been greatly retarded or were out of school. After being given special attention, several children have made double promotion and others whose sight has greatly improved have been transferred to the regular grade on recommendation of an eye specialist. Detroit has the honor of having established the first class for conservation of vision in a high school.

"When the work of sight conservation is slowly becoming established in the schools of our larger cities, it is deplorable to think of the lack of attention to these conditions in the rural and village communities. Many teachers are overtaxed to the individual needs of the child.

"The only way to effect widespread results is to begin in our training schools for teachers throughout the country. The teachers' training should not be considered complete without a course dealing with the hygiene of the eye, sight conservation and prevention of blindness.

"All teachers should be able to give at least preliminary vision tests and all schools should provide special equipment for children whose sight needs special conservation and might thereby be saved," says Superintendent Cody.

Oh! How our heart goes out to those who are tortured with headaches—and yet—how we pity their needless sufferings. A Kumfort Headache Powder at the first indication of pain would have saved them many and many moments of unnecessary suffering. Don't wait until you must take them—Keep them always near you—ready to insure you continued peace and comfort.

EXONERATE RAILWAY MEN.

Valparaiso, Ind., Feb. 13.—Charges of manslaughter against William S. Long, of Jackson, Mich., and George F. Block, of Michigan City, Ind., engineer and fireman on the Michigan Central train which collided with a New York Central train at Porter, Ind., last February, causing the deaths of thirty-seven persons, were dismissed today in the circuit court here on the motion of prosecutor J. S. Bartholomew.

CANADIAN GOES TO OHIO PRISON

(Canadian Press Dispatch.) Cincinnati, Feb. 13.—Capt. J. Allan Brooks, reported to be a native of Montreal, who two years ago gained entry into Cincinnati business circles in consequence of plausible stories of adventures while serving in the royal flying corps in the war, must serve three years in the Ohio penitentiary.

He pleaded guilty in the criminal court today to the charge of issuing a check against insufficient funds in bank and the sentence was imposed by Judge L. Hoffman.

Representatives of the United States immigration bureau, who were in court, said that upon the expiration of his sentence "Brooks" would be deported to Canada. The prisoner is declared by Prosecutor Cappelle to be J. Paul Bellefleur, of Montreal.

THE BRITISH FRANCHISE.

London, Feb. 13.—Replying to questions whether the government intended to introduce a bill at this session of parliament enfranchising women on the same terms as men, Premier Lloyd George in the House of Commons today said he did not think it wise to reopen the subject after so short an interval. The franchise now gives the vote to all men of twenty-one years and over who have lived in any one constituency for six months, and to all women of certain limitations, and over subject to certain limitations.

MAYOR SAMSON OF QUEBEC RE-ELECTED

Quebec, Feb. 13.—At the nominations held today for the civic elections on Monday, Feb. 20, Mayor Samson and six of the twelve aldermen were elected by acclamation.

A Profitable Profession for Women

McLean Hospital Training School for Nurses offers a three years' course in the care and treatment of nervous and mental diseases, with affiliations that also offer training in medical, surgical and obstetrical work. Instruction consists of lectures and practical work on the wards. Board, room and laundry are furnished and an allowance of \$30 per month for the first and second years, and \$45 per month for the third year. This course is open to young women who have had one year or equivalent in high school. Entrance at any time during the year. For information apply at once to DR. F. H. PACKARD, Superintendent, Waverley, Massachusetts

SMP Diamond WARE
or Pearl WARE

"A Face of Porcelain and A Heart of Steel"

YOU know SMP Diamond Ware and SMP Pearl Ware. They're the extra hard-faced enameled kitchen wares with the shield trade-mark—the most staple kitchen wares on the market. These wares are now being sold in the stores at

20% Reduction

off prices prevailing last fall. This follows a big reduction of 23% made last summer. In other words, a Diamond or a Pearl Ware pot that was sold for \$1.50 last summer can now be bought for 90c.

Go to your dealer and look at SMP Diamond or Pearl Ware.

Diamond Ware is light blue and white, with an all-white lining and three coats of enamel.

Pearl Ware is grey and white with two coats of enamel.

Ask him about this new 20% reduction in price. Make sure of the trade-mark "SMP" in the shield. It makes all the difference.

Would Close School if Wiring is Not Renewed

The city inspector, Barry Wilson, having condemned the present electric wiring in the Centennial school and ordered improvements to be made, plans for the improvements had been prepared and tenders called for for the work by the board of school trustees. The tenders were opened at last night's meeting of the board and were found to vary from \$1,286.50 to \$900. It was thought that these plans were too elaborate and that a sufficiently good job could be done for about half the money, and it was decided to ask for new tenders in accordance with the inspector's recommendations. Inspector Wilson had threatened to close the building if the wiring was not put in proper order. An offer of the federal department to pay half of the salary for a teacher at the Partridge Island school was not favorably received. The matter of janitors' salaries came up and it was decided to have a report on all janitors' salaries with a view to possible reductions. The deputy minister of the federal department of health, through Dr. C. P. Brown, wrote that the department would pay half the salary of a teacher at the Partridge Island school if the department were allowed to be the sole judge as to whether the school should remain open or the teacher be quarantined. This arrangement was considered unsatisfactory. There were three pupils who would attend the school, if opened, it was said. The visitors to the school were given authority to act in the matter.

MAVIS
Manicure Sets, \$2.50
Figure It Out Yourself

How many hours do you waste each year at the manicurist's—and so foolishly. With a MAVIS Manicure Set you can give your nails a manicure equal to a professional one. The red box contains everything you need—cuticle remover, polish (paste and cake) whitener, enamel, orange stick and emery boards.

MAVIS TOILETRIES

VIVAUDOU PARIS NEW YORK

The civic department of public works wrote in reply to a request from the buildings committee that the level of Newman street be raised to conform with the level of the Lorne school, saying that the street would receive attention along with the other streets in the locality. The formation there was timely bondholders and general improvements were being carried out. The visitors to the building were authorized to take up the matter with the commissioner. The superintendent of education wrote regarding the request for authority to have St. Peter's girls school accommodate the boys in the morning and the girls in the afternoon. It was said that such authority had never been given except in the case of fires or emergencies, but that the request would be placed before the board of education at its first meeting. Reference was made to the death of W. L. McDiarmid and the secretary and superintendent were asked to draw up a resolution expressing to Mrs. McDiarmid the board's deep sympathy in her bereavement and the great loss which it had sustained in the death of so faithful and capable a teacher. It was said Mr. McDiarmid had been in the employ of the board since 1903. On motion it was decided to continue Mr. McDiarmid's school under the management of Miss Harriet Smith with the present staff for the remainder of the term. It was decided to continue Mr. McDiarmid's salary to his wife until the end of the term. The janitor of the high school had been granted an additional \$20 per month for the months of October, November and December in consideration of his extra work in taking care of the rooms in the trustees' building. The board was asked if this extra amount was to be continued. Mr. Green suggested that a readjustment of all janitors' salaries should be made. He thought some were being overpaid. On his motion the buildings committee was asked to bring in a recommendation regarding the revision of janitors' salaries and to present it at the next meeting. The secretary's report showed 8,546 pupils enrolled, 4,195 boys and 4,351 girls, with 7,899 in average daily attendance or 86.88 per cent of the enrollment. The board of health reported eight cases of diphtheria and one of scarlet fever. The board adjourned to sit as a teachers' committee when it heard the complaint of W. G. Damerly regarding alleged maltreatment of his son in the manual training class. A. G. Gunter, the instructor, was present. The teachers' committee meeting heard Mr. Damerly's complaint and also heard the teachers' statement. The committee was of the opinion that Mr. Damerly had no grounds for complaint.

Oh, mammy FRY'S does taste so good when you're hungry!

Mothers! Just try this—let the children have a cup of delicious, warming and invigorating FRY'S Cocoa when they come home from school. It is such a "hungry time," and such a long wait from dinner to supper, whereas a cup of FRY'S is easily made and every drop is nourishment of the finest kind.

If your child is nervous, pale and not strong, you will find a regular afternoon cup of FRY'S a wonderful tonic food because it contains every element a child needs for growing. Of course everyone likes FRY'S, its flavor is so delightful, and really, it is one of the most economical foods you can buy. Of course, remember

"Nothing will do but FRY'S"

WHY PAY MORE than pre-war price?

There is no need to pay more to-day for tooth paste than you paid before the war. Minty's Tooth Paste contains only ingredients that have been approved by the highest dental authorities. The highest priced tooth paste you can buy is not worth more than Minty's—and Minty's is sold everywhere for 25c. It represents the greatest tooth paste value obtainable.

Minty's positively removes the discoloring coating without use of harmful, gritty, scouring matter.

It is highly mentholated and antiseptic, hardens the gums, keeps the mouth healthy, is a sure preventive of pyorrhea and its delightful after-effect is refreshing and lasting.

Minty's is more economical because it is highly concentrated. For your teeth's sake, try a tube. If you are not more than satisfied your money will be refunded.

Minty's TOOTH PASTE

25c — Genuine Value

MANUFACTURED IN CANADA BY PALMERS LIMITED, MONTREAL

WHY ARE WOMEN ALWAYS USING POWDER PUFFS?
Most face powders come off before they have been on ten minutes. This is why women are always using powder puffs. MINTY'S MA CHERIE Face Powder is so fine in texture, so adherent, that it stays on until you wash it off. It is delicately perfumed with MA CHERIE perfume. Most good toilet goods count on carry a full assortment of MA CHERIE toilet preparations. If your's doesn't—write us.

BRANTFORD WANTS TO PROHIBIT TRAVELING CARNIVALS FROM U. S.

From Chicago has come a request to the board of trade for a booklet of St. John and its environments.

From the same city came another enquiry today for literature and maps on the resources and opportunities in St. John and New Brunswick.

From a pupil of a school in London, Ont., a request has been received for information as to fishing near St. John.

From the Brantford, Ont., Chamber of Commerce has come an appeal to the St. John Board of Trade to prohibit the entrance into Canada of "traveling carnivals" from the United States. It refers to them as "those roving caravans of panders and swindlers, that live off the gullibility of honest citizens, also as a menace, a thing unclean and corrupting, a system lowly and criminal." It is pointed out that many cities in the United States have civic ordinances absolutely prohibiting these traveling carnivals from showing within their limits.

From a New York firm has come a request for information with respect to dry dock construction here.

KENNEDY COMING

Ottawa, Feb. 13—(Special)—Hon. W. C. Kennedy, minister of railways, left Quebec today for an inspection tour of the Intercolonial. He will not return to Ottawa till the end of the week. Mr. Kennedy's tour has extended as far west as Winnipeg and he has met practically all the leading officials of the government systems.

MOUNT ALLISON MUSICIANS HEARD IN EXMOUTH STREET

The first event in connection with the celebration of the sixty-fifth anniversary of Exmouth street Methodist church during this week took the form of a delightful concert in the church school room last evening with 350 or more people in attendance. Rev. H. E. Thomas presided and the programme was as follows: Band selection, St. Mary's Band, under Bandmaster Williams; vocal solo, Miss Nina Brown; violin solo, Miss Stultz; Mount Allison Ladies' College; reading, Mrs. H. B. Peck; vocal solo, Miss Kathlyn Thompson; Mount Allison Ladies' College; band selection; solo, Miss Thompson; reading, Mrs. Peck; violin solo, Miss Stultz; vocal solo, Miss Thompson. The accompanists for the evening were Mrs. W. L. Beville, Miss Mabel Sandall and Miss Thompson.

CAPTAIN SYMONS GETS A JOB AND BRIDE SAME DAY

Montreal, Feb. 13—The appointment of Captain K. F. Symons to be harbor master of Montreal was decided by the harbor commissioners today.

Captain Symons was married this afternoon to Miss Marjorie Hodgson of this city and left tonight for New York whence they will sail Wednesday on the Baltic for Queenstown. He will assume his new position in about five weeks time on his return here.

The Lake of Manitoba, in the south of Canada, takes its name from a little island whence issues a mysterious sound. The Red Indians dare not approach or land on this island, which they supposed to be the home of the Manitob, or "Speaking God."

The real cause of the sound is the beating of the waves upon the huge pebbles lining the shore. On the northern coast of the island is a long, low cliff, composed of fine-grained limestone, which, beneath the stroke of a hammer, rings like steel. The waves breaking at the foot of the cliff cause the falling limestone fragments to clash one against the other, and the sound thus produced resembles the chiming of distant bells. So it is during the northern gales, when the winds subside, the sound changes in character, and becomes like low wailing and whispering voices.

Travelers tell us that they have been roused from their sleep at night by the sound—as they thought at first—of distant church bells.

SMITH'S JAMS

IT'S their rich fresh taste that puts E. D. Smith's Pure Jams in a class by themselves. Located in the heart of the Niagara fruit belt the Smith preserving kitchens are actually in the fruit orchards. Fruits are picked and preserved the same day, nothing being added but granulated sugar. This is the secret of their natural flavor.

Ask your grocer for a 1lb. jar or a 4 lb. tin of the fruit you prefer.

HILTON BELVEA HOPES TO ROW BOTH KELLY AND HOOVER

"When Kelly and Hoover row this summer, I might be in the race as well," said Hilton Belyea, Canada's premier oarsman last evening, when asked regarding a challenge to Jack Kelly and Walter Hoover.

"The winner of this race does not have to defend his title until after six months from the contest, and should the race be staged this summer, and that would bring it on to some time this winter before I could row the winner. But I am going to try and get in this race with these men, and I intend to challenge both of them," Hilton said.

Hilton says he is in good condition now and is taking the best of care of himself. His wonderful performance of last summer still are fresh in the minds of rowing enthusiasts, and great things are expected from him this year, provided he is given the opportunity.

FRANK WHITE TALKS OF THE BIG SKATING MEETS

Loud in his praises of the treatment that had been accorded abroad to the St. John skaters and those who accompanied them from this city, and proud of the showing which the home town athletes had made in the big meets across the border, Frank White, trainer and manager of Charles Gorman, returned home yesterday morning. Officials of the skating associations and clubs in the United States and citizens of the towns they visited could do nothing for the folks from down east. Everybody was talking about the phenomenal crowds that witnessed the Canadian championships in St. John and of the manner in which they had been conducted.

THE PROFESSIONAL SKATING MEET

In connection with the proposed holding of the Canadian Professional Speed Skating championships here on the last two days of next week a conference was held last evening between the promoters of the meet and members of the executive of the East End Improvement League regarding securing the open air rink of the East End grounds for the races.

No agreement was reached last evening but it is expected a decision regarding whether the rink will be used will have been reached by tonight. In the event of the sports being held on the East End rink arrangements will be made to lay out an eight lap regulation track; the lighting facilities will be repaired, and other efforts made to afford adequate accommodation to the spectators.

Word was received yesterday from Edmund Lamy who, at the time of writing, had just returned from meets at Hinghamton and Johnston City. He says that distances in these two meets were skated in times well below the amateur records and adds that if a bonus were offered for new record makers here, some should be made if ice and weather conditions were favorable since season of training and competition in other meets. He says that if arrangements can be made for Saturday evening he will give an exhibition of the fancy and acrobatic skating stunts that have made him famous on the Hippodrome stage.

A telegram was also received from Ernest Lamy, a brother of Edmund's, who is a trick and fancy skater and a partner with his brother in some of his fancy skating stunts. Ernest wants to be booked for the meet here.

Everett McGowan has notified the promoters that he is ready to come. He says that he is in fine shape. McGowan is a wonderful skater in the distances from a half mile up to three and the other evening in Cleveland he came close to establishing a new world's record for the two mile event.

Negotiations have been going on also with Donald Baker who is not only a world skater but who claims to be the world's champion as a barrel jumper. Baker is said to have a record of jumping fourteen barrels.

Invitations have been sent to two prominent Montreal skating officials, inviting them to act as officials of the meet in the event of its being held here.

ACTRESS TELLS SECRET

Tells How to Darken Gray Hair With a Home-Made Mixture.

Jolee Williams, the well-known American actress, recently made the following statement about gray hair and how to darken it, with a home-made mixture:

"Anyone can prepare a simple mixture at home that will gradually darken gray, streaked or faded hair, and make it soft and glossy. To a half-pint of water add 1 ounce of bay rum, a small box of Orlex Compound, and 1/4 ounce of glycerine.

THE HORRORS OF INDIGESTION

Relieved by "Fruit-a-lives" the Fruit Medicine

Indigestion, Weak Digestion or partial digestion of food, is one of the most serious of present-day complaints—because it is responsible for many serious troubles.

THE MARITIME CHAMPIONSHIP ARRANGEMENTS

Five Senior Events, Ten For Juniors and Two For Girls and Women on Friday Evening and Saturday Afternoon.

The events which will be held in connection with the maritime amateur outdoor skating championships, under the auspices of the Commercial Club Athletic Association at H. A. Belyea's rink on the west side on Friday evening and Saturday afternoon of this week were announced last evening. They are as follows:—220, 440, 880 yards, one mile and three miles, senior; 220 and 440 yards for boys ten and under; 220 and 440 for boys twelve and under; 220 and 440 for boys fourteen and under; and 800 for boys sixteen and under, and 880 and one mile for boys eighteen and under.

DR. MERRILL WINS POINT COMPETITION

The point competition for possession for one year of the Milligan gold medal brought out some wonderful scores last evening in the St. Andrew's rink. Never for many years, one of the old-timers said last night, had such high scores been made by such a large proportion of the entrants. The honor of winning this event goes to Dr. A. H. Merrill, who scored no less than forty-six points. This is one of the highest scores which has been made in the history of the club in this class of competition. The results were:—Dr. A. H. Merrill, 46; Dr. Smith, 44; E. W. Willard, 41; H. R. Hale, 40; S. P. McCavour, 38; H. C. McBeath, 38; R. J. Hooper, 38; H. C. Simmon, 36; B. Stevens, 35; Dr. Chipman, 35; Dr. J. M. Magee, 35; G. H. Roberts, 34; G. S. McDermott, 34; Everett, 34; C. A. Beattie, 33; G. M. Robertson, 31; F. T. Lewis, 30; F. G. Goodspeed, 29; E. A. Smith, 29; Dr. F. G. Sanction, 29; H. A. Lynan, 28; R. N. M. Robertson, 24; C. H. Ferguson, 24; J. Gilchrist, 22; J. U. Thomas, 22.

WINDSOR PLAYERS WIN CHAMPIONSHIP

Windsor, N. S., Feb. 13.—By defeating Wolfville here tonight by 5 to 1, the Windsor Nova Scotia amateur hockey league. The home team now expects to enter the race for the championship of Nova Scotia.

GIRLS' RACES POSTPONED

The girls' races on Hilton Belyea's rink were not held yesterday as announced, but, weather permitting, they will be run off this afternoon. The first race is for girls of fifteen and under, and the second is for girls of twelve and under. Hilton is making arrangements to have the City Cornet Band give a programme on the rink this evening.

Extraordinary Testimonial From National Board of Review PERHAPS NEVER BEFORE IN THE HISTORY OF THE SCREEN has a motion picture created such an upheaval of popular interest as "Passion." Here is the verdict of the MOVIES' HIGHEST CRITICS "PASSION" REPRODUCTION OF REPORT: Entertainment Value Exceptional Educational Value Exceptional Artistic Value High Dramatic Interest Excellent Coherence of Narrative Very Fine Acting Abilities Good Photography Most Real Atmosphere Superb Scenic Setting Exceptional Historical Value Exact Costuming Imaginative Technical Handling THE BOARD'S GENERAL COMMENT—"Passion" is by far the finest portrayal of the life and tragedy of Madame Du Barry yet placed on the screen. As a picture of the times, its fidelity to the spirit of history, its imagination and its dramatic vigor, and in the quality of its acting, it must be regarded as a masterpiece. It is a screen spectacle of the first magnitude, and a work of true photodramatic art. It should interest all lovers of the fine and unique in motion pictures.
