Lordly House, \$1,500, \$1,250, \$1,565, \$1,200, \$1,800 (\$200 cash and 80 pay of \$20 a month); Monahan House, \$1,600.

On motion the tenders were referred to Commissioner Bullock for report.

Names of tenders were omitted from the press by request.

Newman Brook.

Touching on the question of Newman Brook, Mr. Jones said: "It is evident from the viewpoint of the city engineer that if it is intended to dismantle the Adelaide street highway bridge, spanning Newman Brook, and subsequently to fill in the gap and make a continuous roadway for traffic it will be necessary to deepen the bed of the brook seven feet deeper than is now being done, at an additional expenditure of \$6,000 for excavation and about \$2,700 more for an extension of about 150 feet to the present culvert."

"That the city is expanding and will continue to expand for years to come is a member of this board who will attempt to question that statement; the fact that it is with the utmost difficulty that many of our citizens can obtain accommodation for themselves and their families at the present time proves (Continued on page 12, fourth column.)"

As Hiram Sees It

"Eight or nine years ago," said the Times reporter to Mr. Hiram Hornbeam, "my round of calls included a home containing three persons—father, mother and son. The last named was himself getting on toward middle life. The family was well to do, and the home provided every needed comfort. I was always a welcome guest. That was eight or nine years ago. Today the snows of winter are blowing over three mounds; and the life story of those three, with all it contains of love, hope, achievement or failure, of joy and sorrow, is but a tale that is told. A sudden sick of memory sometimes moves me to reflection that has its lesson for us all. I was thinking yesterday of something that brought these old friends vividly to mind. The clock ticks over the little lives of men. Hiram, are we no longer young. Are your tasks well in hand?"

Her admission, it was said followed a statement on Saturday by Mrs. South, that the children were obtained from the St. Mary's maternity hospital operated by Mrs. M. T. Mitchell, where the Atlanta woman herself obtained several babies, including the children who were born, and who their parents are.

According to an address from Jacksonville, Mrs. Swain was retained regarding the alleged adoption of the children, which she said to have obtained on several occasions during extended visits to her mother here.

"I have notified the children's home society of Florida, and have given them the names of the children, where they were born, and who their parents are," she was quoted as saying.

When shown messages concerning her daughter, she said she had not seen them, and that she had not seen her daughter since she was born. Mrs. South said: "Well, it's very true and it's another story of mother love, my daughter grew out of my arms, and she was a beautiful girl, lavishing her affections on a household of poodle dogs and I helped her secretly to obtain her babies and give 'birth' to them in my home."

Jacksonville, Fla., Feb. 14.—Willis H. Swain, husband of the daughter of Mrs. E. A. South said today that he had always been under the impression the children were their own.

"Mrs. Swain, in fact, has refused to discuss the matter," he said. "I have not questioned her closely and while I can hardly bring myself to believe she has deceived me, I make no little difference, I believe that whatever she did, she did believing it was right."

THE MOTHERLAND AND DOMINIONS

London, Feb. 14.—(Canadian Associated Press)—Discussing the remarks on inter-empire relations made by Right Hon. Winston Churchill, new colonial secretary, at a farewell dinner to Lord Reading, the Times today says that the dominions are sister nations, claiming a right voice in imperial affairs, particularly in those many imperial affairs which affect themselves more directly if not more nearly that they affect the people of the mother country.

It adds that the principle of common consultation, to use Mr. Churchill's phrase, is accepted by public opinion in the dominions as generally as it is in the dominions.

There are indeed problems which each regards as peculiarly its own, and in which each might consider the friendliest counsel from others misplaced, but all feel that the difficulties of every member of the sisterhood affect every other member. Therefore all are entitled to be consulted where great dominant issues are at stake.

GARNETT, BELL AND BELVEA ARE HOME TODAY

Skaters Speak of Great Work Done by Gorman

Latter Will Not be Home for Some Days—Going to Several Meets and Has Been Invited to Winnipeg—Some Incidents.

Frank Garnett and Murray Bell, who participated in the Canadian skating championships at Montreal, in the national championship events at Saranac Lake and in the international championships at Lake Placid and Hilton Belvea, who skated in the events at Lake Placid, arrived home on the Montreal train at noon today.

They said that Charles Gorman remained behind and will skate at Plattsburg today, at Saranac Lake on Tuesday and Wednesday at Lake Placid on Friday and Saturday. All agreed that they had been treated royally and had thoroughly enjoyed the trip.

That Hall Giff.

In conversation with a Times reporter Gorman gave details of the cause of the disqualification of Gorman in the third position. Jewtraw drew away from the blocks and Gorman shot in to take advantage of the opening, but was held back and they came together. Garnett said that there was no intentional foul committed and many who witnessed the race could not understand why the judges had disqualified Gorman. Their decision caused the dissatisfaction which subsequently followed.

He maintains that if Gorman had content to remain where he was he would have had Moore off and had an excellent opportunity to clinch the race. Garnett said that he was unable himself to win honors but he did the best he could for St. John by devoting his time looking after Gorman in Montreal. He qualified for the finals in the 220 yards, and at Saranac Lake he took a place in one of the preliminary events.

Murray Bell spoke along the same lines and was of the opinion that Gorman would have won the half mile Jewtraw. However, he said if Gorman had succeeded in getting by Jewtraw without touching him, he would have gained quite an advantage and is therefore free from any censure and showed that he was watching for every opportunity to clinch honors not only for himself but also for St. John. Both he and Garnett maintain that Gorman on the 220 yards final on Thursday. They said that two of the four judges picked Gorman as the winner and two picked Jewtraw. They also expressed the opinion that he should have been awarded the 440 yards at Saranac Lake, or at the worst it should have gone to Jewtraw. They felt that Jewtraw was given the breaks, which helped him to clinch the championship at the national championships.

Both maintained that those in charge of the races were unanimous in the statement that it was the greatest and fastest group of skaters ever assembled for an amateur meet, and that to surprise was expressed when records were smashed.

With reference to McWhirter's great performance in establishing a new record for the three mile event Saturday, they said he was so strong that he finished with speed which would have done credit to anyone participating in a 440 yards dash. They also told of Gorman's great skating when he established a new world's record for the 440 yards. Both were proud of him and are good enough sports to acknowledge that he was one of the greatest skaters at the various meets.

Although it was not known definitely that the skaters were coming home today quite a number of friends assembled at the station and when the boys left the train they were warmly welcomed.

BUT ONE CARDINAL FROM THE STATES

Archbishop Dougherty to Receive Red Hat at the March Consistory.

Rome, Feb. 14.—The Vatican announced today that the only cardinal from the United States to be named at the consistory.

Explaining the fact that during the coming consistory no new cardinals residing in Rome are to be created, he said that the highest of living, so it is said at the Vatican, are attached to the consistory.

All members of the sacred college, who are attached to the consistory, receive 2,000 lire a year from the papal revenues, and there is some hesitancy in adding to the burden at the present time.

The salaries received by cardinals were fixed in 1861, when it was possible to lease a sumptuous apartment in this city for 1,500 lire, but at present even a moderately comfortable dwelling place cannot be rented for less than 15,000 lire.

Some cardinals recently asked the Vatican that they be exempted from the obligation of keeping a carriage and a pair of horses, but this request was not granted.

The Vatican feeling that members of the sacred college should not ride in public vehicles or walk.

Princes of the church have, in addition to their salaries, emoluments which amount to one million lire in "Easter's pence" whenever he visited the Pope, and this seemed an immense sum.

Today the American archbishops exceed this amount by a considerable sum.

GET SEATS EARLY
IMPERIAL TONIGHT

Thousands Eager to See Great
French Fighter Carpenter
in "The Wonder Man."

In showing Georges Carpentier, the
gentlemanly heavyweight boxer and idol
of the French army as well as the sport-
ing world, on its curtain tonight and to-
morrow the Imperial is bringing to the
view of the household people of St.
John one of the world's most conspicu-
ous figures. Carpentier is first a perfect
gentleman, a good husband and a true
athlete. He is on the cards to fight
Dempsy for the world's title. In "The
Wonder Man," the Robertson-Cole
special feature, the French soldier-boxer
is shown as a society man mixed up in
political intrigue. To clear himself he
challenges his accuser, and they fight it
out in the squared circle. Four lively
act rounds. That's where you get a
line on the shifty and hard-hitting ur-
seman. The story is wholesome and ex-
emplary, and there need be no compunc-
tion about bringing the ladies. Shows
at 7 and 8.45. All day tomorrow, too.

MUSICAL COMEDY
MAKING BIG HIT

Bright and Sparkling Mini-
ature Musical Treat—
Crowds Invade the Opera
House to Enjoy Production.

The bright and sparkling miniature
musical comedy, "Reckless Eve," will
be repeated in the Opera House tonight. It
is beautifully staged, has a hint of com-
edy, a strong voiced and attractive chor-
us and talented principals. The musical
numbers are tuneful and well hand-
led by Florence Warren, Elva Eddy,
Jack West and the chorus. Cecil Sum-
mers in the leading comedy role, has
been making a big hit. His pessimistic
nature would make a good forerunner
for "Gloom," and his predictions keep all
convulsed with laughter. The produc-
tion is one of the best of its kind ever
presented on a local stage and is sure to
attract capacity houses. In addition
there are an episode of the serial pic-
ture "Hidden Dangers," and a Pathé
Weekly.

"813" AT THE
UNIQUE TONIGHT
The chief attraction at the Unique to-
night will be the baffling drama "813," a
super special production from the fa-
mous "Arsene Lupin" and which is
considered the finest mystery picture of
the season.

Attack Government

On Irish Question

London, Feb. 13—The Labor Party
and peace with Ireland council for the
past few weeks have been conducting a
great campaign through public meetings
throughout the country, intended to
arouse the British people to denunciate

tion of the government's policy of re-
pression in Ireland. The leaders of the
movement report that great success is
being attained, the effect of which will
probably be shown when parliament
reassembles. Lord Buckmaster, presid-
ing at such a meeting at Calder's Green
yesterday declared that conditions in
Ireland were calculated to corrode the
very foundation of the British Empire.

the St. John district, was commissioned
at a largely attended meeting of the lay-
men of the district, held yesterday after-
noon in St. John's (Stone) church school
which was addressed by Bishop Richard-
son. This committee is to have charge

in St. John district paid their appoint-
ment last year. They were St. Jude's,

Shepherd.

THE EVENING TIMES AND STAR, ST. JOHN, N. B., MONDAY, FEBRUARY 14, 1921

The Evening Times and Star

ST. JOHN, N. B., FEBRUARY 14, 1921.

Telephone—Private exchange connecting all departments, Main 2457. Subscription Prices—Delivered by carrier, \$4.00 per year; by mail, \$3.00 per year in Canada. THE INJUSTICE OF IT.

Brown and Smith of St. John each had a boy who had just completed grade VIII in the public school. Brown's boy was destined to be a professional man. He went into the high school and continued to attend for four years, before going to the university. He received his tuition free for those four years. Smith's boy did not desire a classical course. He had no taste for Latin or Greek, but wanted to take up the study of electricity. For the sake of a better grounding in the ordinary subjects, however, he entered the high school and finished the work of grade IX. Then he left school and went to work with an electrician. There were no free evening classes for him to attend, and his father who could not afford to send him away to a technical school, had to pay for a correspondence course, the boy carrying on the study in addition to working every day.

Thus Brown's boy had the advantage of three years more of free schooling than was given to Smith's boy. Had there been a vocational high school, the latter would have had an equal chance. If there had been evening classes in his special subject he could have got some benefit, but this right was denied him by the community in which his father was a taxpayer, and which granted a special favor to Brown's boy, whose last year in high school was equivalent to a year at the University of New Brunswick. That is to say, Brown's boy got part of his university training free, while Smith's boy did not even get a complete high school course, because he had no use for classical training, and had to get on with that which would fit him for the gainful occupation for which he was suited.

How long will the people of St. John put up with this gross injustice to the vast majority of the boys and girls who attend the public schools? And then there is the case of older persons whose early education was neglected, and who wish to get training for greater efficiency and more useful service, to whom the evening classes offer that opportunity. Are the doors of the evening class-room to be slammed in their faces?

Think it over. We sometimes hear a well waiting their time in frivolity. What shall we say of the hundreds who are eager to attend evening classes and make themselves more efficient in the factory, the shop, or the home? It would be an everlasting disgrace to this city if the evening vocational classes were closed, and if some provision were not made this year as a beginning to provide day classes for boys and girls of high school age. Is it not time the Board of Trade and Commercial Club said something? The Women's Council and Trades and Labor Council are already on record.

THE TARIFF AND PRICES.

The American potato producers are looking for protection. They cannot supply all the demands of the country, but they want to make a fat profit on what they do produce. The New York Evening Post tells the story, which is not without interest at a time when there is an agitation in favor of a higher tariff in Canada. We quote:—

"There is no prospect of America supplying all its needs with the domestic product, and a duty sufficiently high to facilitate competition with French and German potatoes will result in a heavy tax on farm products that will have to be borne by the consuming public. The prices of fertilizer materials have been steadily declining in recent months, and are now very near the pre-war level. Potash, however, offers a conspicuous exception, the current quotations being nearly double those of 1914, though considerably below the figure of a year ago. There are prospects of the foreign product being much cheaper. Before the war Germany had a monopoly of the potash industry, but that country now has a rival in France, which has acquired the deposits in Lorraine as a result of the conflict. Active competition between France and Germany, combined with the low exchange rates, should make this material much cheaper in the United States, and this will afford no little relief to our newly pressed farmers. If congress, however, impose a heavy duty on imported potash this advantage may be lost. The abnormal price of fertilizers in 1920 has something to do with the present embarrassment of grain and cotton growers."

The session of the British parliament which opens tomorrow promises to be a lively one.

PARLIAMENT.

The session of parliament which opens at Ottawa today gives promise of being an exceptionally lively one. The echoes of West Peterboro are still heard in the capital, and the Liberal victory there will give a fighting edge to the blade of the Liberal leader in the House. The Farmers also will be in fighting mood, and the Conservatives are divided on the question of the general elections. There is also the delicate question of cabinet reconstruction. There has been much boasting in advance concerning the noble group of young and vigorous statesmen who are ready to enter the cabinet, but none of those whose names have been mentioned can be said to have as yet revealed unusual qualifications for office. Nor is it clear that their constituents would send them back again. Premier Meighen may well scan the political sky with some anxiety, despite the assurances so freely given by the press supporting him. He may be able to stave off the elections, and put through a tariff measure of some sort, but he will have to fight every inch of the way.

THE FARRALINE HOME.

The unselfish and self-sacrificing work of the King's Daughters is a guarantee that whatever they undertake is for the public good. The Farraline Home, for aged persons, and especially for couples who should not be separated in their old age is a benefice which must appeal to all hearts. This Home, beautifully situated in Fredericton, was presented for the purpose of providing such a home, and the King's Daughters of the province undertook the task of fitting and furnishing it and having it properly conducted. This could not be done without funds, and an appeal is being made to the general public. It is a provincial home. As time passes people of wealth will doubtless provide an endowment fund, but in the meantime the work will go on. St. John is ably represented on the board of management. The Home will be of inestimable value to many aged persons as the years pass, and those whose vision and faith have made it possible deserve hearty support in their unselfish efforts to establish the institution on a firm foundation.

There was a very lively fight for the town nomination in York and Sunbury. As a result the friends of each of the two aspirants were out in force and there was a large convention. Mr. R. B. Hanson, K. C., won handsily over his opponent, Mr. J. D. Palmer, and the latter gracefully accepted the situation. Mr. Hanson has hopes that the famous London correspondent, but this one may have been dug up in the office of the newspaper. Who cares about facts? What the people want is news.

Toronto Saturday Night declares that in the eastern states and in the northern states embraces all territory east of Detroit, and in Canada all territory east of Fort William, public sentiment taken mass stands at least three to one in favor of daylight saving.

It should not be long before we learn what plans, if any, the federal government has for providing additional terminal facilities at this port. The city is certainly not worrying about it, although parliament is now in session. The enthusiasm of a year ago brought no results.

The reports from Ottawa regarding cabinet reconstruction are somewhat conflicting as to whether the change will come soon or be postponed to await a more convenient season.

President Hanna insists that there must be no politics in the conduct of the C. N. R. That is sound doctrine.

Did the kindergarten girl make you her valentine?

LAND OF FAT WOMEN.

London, Feb. 14.—Dr. John Ross, ophthalmologist, has just returned after a visit among East African tribes, and reports one tribe that lives on milk, cows being plentiful. The women become very fat. He told of an introduction to a princess so fat she could not get through her doorway to meet him.

LARGE FAMILY TRAGEDY.

Geneva, Feb. 14.—Mme. Corbas, mother of fourteen children, hanged herself in despair because her husband and two sons were out of work and notice had been given them to quit their home. She could not find another house because landlords did not want such a large family.

SONNET TO KEATS.

He lives who died a century ago,
Lives in the far, free places, where
The shallow brook he kneels and mingles
His prayer with the silver music of the
tide.

He speaks whose lips are dust a hundred
years,
Speaks in the kind that waves the en-
chanted flowers,
And in the sunlight smiling through her
tears,
A witching rainbow over departed
showers.

He sings whose lute is mounded ages
past,
Sings with an ageless melody, in a tone
That sunder the bonds of Time that
held it fast,
And rises in magnificence alone.

He lives who died a century ago;
Last night the moon in a whisper told

cript.

"Neither," replied Mr. Dustin Stax.

I'm a rabbit."

New York Girl's Emotion.

She is viewing the tawny love scene
in Shakespeare's famous play.
"This is awful cute," she said with
bubbling emotion, "where Juliet comes
out on the fire escape and shares the rag
with her gentleman friend."

Poor Calculation.

Bride—I don't think I'll make a cake
by that recipe I got at the sub. It will
cost too much. The eggs alone will cost
\$1.50.
Husband—How many eggs does the
recipe call for?

Bride—Eighteen. The yolk of eight
and the whites of ten.

Not A Liar.

He had been fishing but with bad
luck. On his way home he entered a
fishmonger's shop and said to the dealer,
"John, stand over there and throw me
five of the biggest of those trout!"
"Throw 'em? What for?" asked the
dealer, in amazement.
"I want to tell my family I caught
'em. I may be a poor fisherman, but
I'm no liar."

Willing to Risk It.

Uncle Mose had put great pains on
the garden seat and the boss had sat on
it, ruining the new cream-colored trousers
that Uncle Mose covered.
"Ah, that's a shame," said the boss,
"soap, gasoline, hot iron."
"Did you try ammonia?"
"No," he answered, brightly.
"Ah, ain't tried em-on me, but
Ah knows dey'll fit!"—American League

YESTERDAY IN THE CHURCHES.

Exchanges of pulpits were made by a
large number of the city clergymen
yesterday. The exchange of pulpits
their regular monthly exchange at the
morning services. In the Central church,
Rev. Isaac Brindley, of Ladbroke street,
was the preacher; in the Germain street
church, Rev. L. B. Gray, of Waterloo
street; in the Waterloo street church,
Rev. G. D. Hudson, of Victoria street; in
the Victoria street church, Joseph
Griffith, of the Tabernacle church; in
the Ladbroke street church, Rev. Dr. D.
Hutchinson, of Main street; in the
Central church, Rev. F. H. Bone, of Central
church; in the Tabernacle church, H. H.
Jenner, of the Charlotte street church;
in the Charlotte street church, Rev.
S. S. Poole, of Germain street. A direct
exchange of pulpits was made by Rev.
J. Heaney of the Carleton Methodist
church and Rev. George F. Dawson, who
conducted the service in St. George's church,
Sunday being the first Sunday in Lent
many of the Anglican clergymen made
an exchange of pulpits. The exchange
will be continued during the Lenten
season.

Commencing a series of Sunday evening
sermons which will deal with the
cross in modern art, Rev. F. S. Dowling
last night told the message of Holman's
picture, "The Light of the World," which
"behold I stand at the door and knock."
This picture, "The Light of the World,"
is a feature of the series of sermons to
be the presentation of a copy of the pic-
ture spoken of to each member of the
congregation at the service. The pictures
beautifully reproduced of the original
"The Light of the World."
The number that gathered for the song
service in St. David's schoolroom last
night taxed the capacity of that large
room. Malcolm MacGowan was the
chairman and Miss Marion Cruikshank
was the pianist. Songs were sung by
Miss Annie Aird and F. J. Panter. The
popularity of the after service sacred
concerts is very great.

The divine service at the Seamen's
Institute was conducted last evening by
Rev. Dr. Farquhar, port chaplain for the
Presbyterian denomination. The audience
was larger than usual as more than
100 seamen were present. Miss Dyke-
man acted as accompanist during the
service.

POLICEMAN GETS CREDIT.

Birmingham, Ala., Feb. 14.—An iron
policeman is given full credit for the ar-
rest here of Frank Gore, a negro charged
with being the driver of an automobile
which struck and killed Walden
Bailey, aged 7, and seriously injured Jack
Brewer, 11.

A negro driving a big touring car was
seen to speed away from the place of
the accident, and over a railway crossing
where an iron figure with outstretched
arms stands as a warning to motorists
to slow down. When he saw the "police-
man" blocking the way, the driver jumped
out of the car and fled. The automo-
bile continued on its wild dash until it
brought up against an embankment be-
side the railway tracks. The driver's
hat and overcoat and letters in the coat
found in the man's bag, led to his identifica-
tion and arrest.

HANSON GETS NOMINATION

Chosen By York-Sunbury
Conservatives Over J. D.
Palmer, 487 Votes to 224.

At a convention of the party support-
ing Premier Meighen for the by-election
in York-Sunbury, made necessary by the
death of C. H. F. McLeod, M. P., on
Saturday Richard B. Hanson was nomi-
nated to contest the seat in the event of
a nomination. The only other name put
forward was that of John D. Palmer,
president of the Hart Butt & Shoe
Co. Scrutineers reported the following
vote: Hanson, 487; Palmer, 224. The
convention was held in the county court
house and was very largely attended and
was representative of all classes in the
constituency. After the result of the
vote had been announced J. D. Palmer
spoke at once, asking the favor of the
nominating committee that they would
be representative of all classes in the
constituency. He thanked those who had
voted for him and made the motion to
have the nomination unanimous. The
motion was carried. R. B. Hanson, the
successful candidate was next heard. He
delivered a fighting speech calling upon his supporters to
stand firmly behind him. He lauded Premier
Meighen and said he was proud to be
his follower. He expressed his confidence
in the rest of the cabinet, and his
confidence in the government's policy in
South Africa.

HANNA DELIVERS HIS DECISION

Three Employees Reinstated,
But "No Politics" Order
Must Stand.

President Hanna of the C. N. R. has
addressed a letter to F. A. Ackland
deputy minister of labor, with reference
to the finding of the board of concilia-
tion in the matter of the "no politics"
order. Among other things the letter
says that he has carefully and minutely
reviewed the reports of the board and has
concluded and while neither has accepted it
desired to point out that the granting of
leave of absence for political purposes
is an action that rests with the manage-
ment. With a desire to do justice to
the board of conciliation he has prepared to
reinstated the two employees, Palmer and
Moore who were wrongfully dismissed
by the board. He has also authorized the
grant leave of absence without pay to the
two first mentioned employees to attend
to their parliamentary duties during the
present legislature. The management is
not prepared to take action upon the
question of policy involved is not in
any way affected. The decision in this
case will not affect future cases.

LIMIT BILLS OF VANCOUVER MAYOR

Council Thinks \$10 a Day
Enough on Business Trips
to Victoria.

Vancouver, Feb. 14.—Mayor Gale is
horrified. By majority vote of the city
council he has been asked to limit his
travelling expenses to \$10 a day, whenever he
visits Victoria on civic business. The mayor
goes across himself to the capital quite
frequently while the legislature is in
session, but he has made the threat that
if his expenses are to be cut to the
amount of \$10 a day, somebody else can
make the trip in his stead.

According to the mayor, cabinet min-
isters and heads of departments are so
busy they can be seen only at lunch
time, by appointment. And cabinet min-
isters are everywhere when Mayor Gale
needs the bills.

The most modern delegation voucher
made public during the controversy in-
cludes: Room at Express Hotel, \$6;
two friends to lunch, \$5; taxi, \$2; cigars,
\$1.75; sundries, \$1.40; shaved, 35 cents;
washroom, 25 cents; tips, \$1.50; total,
\$16.30.

The mayor has not set a definite figure
for the limit of what is right, and has
promised to exercise reasonable thrift
which includes getting shaved only once
a day.

WHOLESALE THEFTS ON THE RAILWAYS

Total of 238,975 on the Prus-
sian Lines Last Year.

Berlin, Feb. 14.—The number of
thefts committed on the Prussian state
railways during 1920 reached a total of
238,975. The total value of the goods
stolen was 1,200,000 marks. The number
of railway employees who were also
involved in the number of 7,800 were also
officially reported missing.

Preceding 15,000 of the thieves, who
numbered were railway employees. The
number of railway officials and minor
employees discharged in the last year be-
cause of theft, bribery and other crimes
practiced reached a total of 5,170.

SOMETHING ELSE TO BLAME ON THE FAIR SEX

London, Jan. 20.—(By mail, Canadian
Associated Press)—How ought a mixed
jury to be addressed by judge and
counsel? This is the question which has
been bothering our courts of law since
the act of enfranchisement enabling wo-
men to act as jurors became operative.
Counsel have already advertised on the
style "adies and gentlemen of the
jury," and have been pulled up sharply
by the bench, whose ruling has been
that the proper style should be "Mem-
bers of the jury." Against this ruling
Judge Harry protests, and supports his
protest with cogent pleading and much
historical lore. He would prefer "Com-
rades of the jury" and if not that, then
"Gentlefolks," or just "Jurors." As a
final resort he suggests that the names
of the jurors should be omitted from the
panel when, as he points out, we may
be sure that the decision will not be
given "without due and patient consid-
eration." Meanwhile, in default of such
decision, the eloquence of advocates is
afflicted with a severe disability. For
the phrase "Gentlemen of the jury" was
a great standby, both for filling up
pauses in the argument, and for empha-
sizing telling points.

DECIDE PARENTAGE BY TEST OF BLOOD

Something New in Court Procedure in California.

San Francisco, Cal., Feb. 14.—Medical jurisprudence has outdone Solomon's renowned test to establish the parentage of a child. Recently Mrs. Rose Vittori and of the child, and Judge Graham announced he would abide by the decision.

Dr. Albert Abram, named to make the test, yesterday announced that his investigation determined absolutely that Vittori was the father of the child.

"I consider this one of the biggest things established by medical science in years," Judge Graham said, and added that the case constituted an important legal precedent.

RECENT DEATHS

Edwin N. S. Stewart.

The older generation will learn with regret the death of Edwin Nathan Smith Stewart, which occurred on Sunday morning in the eighty-second year. He had been confined to the house for some time and about a month ago underwent a serious operation at the General Public Hospital. Mr. Stewart was a retired official of His Majesty's customs. He was of Loyalist descent, his grandfather, Dr. Nathan Smith, being one of the Loyalists to arrive in St. John in 1788. While his courtesy and general bearing endeared him to all those with whom he came in contact, he will chiefly be remembered on account of his rich tenor voice, he being in his younger days one of the leading tenors of the city.

Mr. Stewart is survived by his wife, Isabel, third daughter of the late Thomas McAvilly; two sons and three daughters—Fred Stanley, Emma L., wife of Frederick J. G. Knowlton, Edith S., wife of Hammond J. Evans, Norah I., at home, all of this city, and George Harold, of Alberta and one sister, Mrs. Emma L. Fairweather of San Francisco (Cal.).

The funeral will be held on Tuesday afternoon from his late residence, 176 Sydney street, to St. James' church, where service will be held at 2:30 o'clock.

It was with profound regret that the many friends of Phineas Harriman learned of his death, which occurred at his home in Loggville (N. B.), on Monday evening, Feb. 7, after a short illness. Mr. Harriman was in his eightieth year, and was a widely known and highly respected citizen. He is survived by his wife, formerly Miss Margaret Isabel Murdoch, two daughters and three sons: Mrs. H. E. Flaherty, of Loggville; Mrs. C. T. O'Brien, Chatham; Aloysius, Alexander and Fred of Loggville.

The funeral took place on Wednesday afternoon at St. Andrew's church where Rev. Father Murdoch and Father Hawkes officiated. The pall-bearers were Robert Loggie, William Whalen, William Wells, James Shannon, John Crowley and David Savoy. Interment was in St. Andrew's cemetery.

The many friends of Charles T. Hamma, of Grand Bay, will be greatly shocked to learn of his sudden death which took place at the General Hospital. Mr. Hamma left his home on Saturday in the best of health, but was stricken with paralysis about two o'clock, in Market Square, and was taken at once to the hospital, but never regained consciousness. Mr. Hamma was well known both in Grand Bay and in the city, where he had many friends. He was about fifty-six years of age and leaves three brothers: George C. and Fred M., of Grand Bay, and William E., of Pleasant Point; also three sisters, Margaret E., of Grand Bay, and Mrs. Sadie Chilton and Miss Agnes, of Boston. The body was taken to Grand Bay yesterday, and interment will be in Grand Bay cemetery.

Mrs. Leger, wife of Dr. J. A. Leger, died of pneumonia at her home in Shediac on Saturday morning. Mrs. Leger was seventy years of age and had resided in Shediac for many years. She was a daughter of the late Armand Landry of Memramcook, at one time a member of the legislature. She was a sister of the late Sir Pierre A. Landry of Dorchester, Chief Justice of the Province. Mrs. Leger was well known and highly esteemed. Besides her husband she leaves two sons, Raymond and George of the Leger Drug Co., of Moncton and Shediac, and a daughter, Miss Amanda, at home. Narcisse A. Landry, K. C., of Bathurst and Tilman T. Landry, of Memramcook, are brothers, and Mrs. Marie Boudreau, of Moncton, is a sister. The funeral will be held this morning at St. Joseph's Church, Shediac.

The friends of Miss Lillie A. Prichard, a life-long resident of this city, will regret to learn of her death, which occurred at 4 p. m. yesterday in Halifax. Miss Prichard was ill with pneumonia last summer and in September left for Halifax to visit a niece. While there she had a relapse and continued to sink until the end.

Miss Prichard resided at 104 Carmarthen street, this city, and was a member of Centenary church. She was a daughter of the late Captain Joseph H. Prichard. Joseph H. Prichard of this city is a nephew and F. S. Whittaker a brother-in-law.

The body left Halifax last night and will arrive here this morning. Funeral arrangements have not been perfected.

Many will sympathize with Mr. and Mrs. William J. Sparks in the death of their youngest son, Benjamin D., which occurred at their home in Prospect Point yesterday at the age of four years and six months. Five brothers and one sister with the parents survive. The funeral will be held on Monday.

The death of Abel E. Humphrey occurred yesterday at his residence, 128 Adelaide street. Mr. Humphrey, who was a carpenter by trade and fifty-six years of age, is survived by his widow and three children, two daughters and one son. The funeral service will take place at the home this evening at 8 o'clock.

George H. Sterne, a well-known lawyer of Amherst, N. S., dropped dead last night while on his way home from church with his father. He is survived by his father, one brother and one sister. He was thirty-six years of age.

Miss Lucy Young, formerly of Lorneville, died on Saturday at the residence of her niece, Mrs. Mary Wells, West St. John.

The death of Mrs. Margaret Bottler took place yesterday at the residence of her daughter, Mrs. M. Ryan, Woodstock. She was ill only a short time, and was in the eighty-sixth year of her age.

John C. Atkins, son of Rev. J. W. Atkins, pastor of Dominion Methodist church, Ottawa, died at the home of his parents, on Saturday. He was twenty years of age, and was a native of Nova Scotia.

COST OF NOTES IN EXCESS OF FACE VALUE
Budapest, Jan. 24—(A. P. by Mail.)—The value of Austro-Hungarian crowns and Polish marks is so low here that an enterprising band which undertook to counterfeit them abandoned the effort as unprofitable. When captured by the police they said the cost of producing the notes exceeded their face value.

When surprised by the authorities they were engaged in printing spurious American currency.

FUNERALS

The burial of Murray Glechrist, who lived at 44 Elm street and died at the General Public Hospital here on Friday last, took place at Apohaqui, Kings county, yesterday. Rev. G. D. Hudson of the Victoria Street Baptist church, conducted the funeral services at 8 o'clock yesterday morning at Chamberlain's undertaking rooms, 164 Mill street. The body was then taken to Apohaqui, where Mr. Glechrist formerly lived. After a service in the Baptist church at Apohaqui interment was made in the family plot.

The funeral of Michael Caples from his residence, 40 Paddock street, to the Cathedral yesterday afternoon was one of the largest witnessed in St. John for a long time. Rev. W. Duke, rector of the Cathedral, read the burial service and interment was made in the new Catholic cemetery. Relatives acted as pall-bearers.

IS CHEAP MEAT NEAR?
(Boston Transcript)

The prices for live steers, choice to prime, in Chicago, on Feb. 2, ranged from \$8.75 to \$9.75 per hundredweight and for choice heifers and cows ranged from \$4.35 to \$5.35. The wholesale prices of the best grade of steer beef listed in Boston on Feb. 2, ranged from 18.1-2 to 14.1-2 cents a pound, wholesale for the whole side. For best grades of cow beef prices ranged from 11 to 11.1-2 cents a pound. The reduction in the livestock prices is 48.48 per cent. on steers and 31.72 per cent. on cows between Dec. 1 and Feb. 2. The reduction in wholesale prices in Boston is 33.71 per cent. on steer beef and 11.54 per cent. on cow beef.

When prices of beef at retail in Boston represent costs of livestock in Chicago, plus cost of slaughtering, freight and marketing, and reasonable profits, they will be much lower than at present and people will eat more meat. That condition is due to prevail very soon.

Sir Ernest Shackleton's Impressive Narrative of Antarctic Voyage—Feats of "Endurance."

(Montreal Gazette.)
Under the distinguished and stimulating leadership of Sir Ernest Shackleton, an audience of 1000 persons present last night at the Windsor Hall were taken by means of a most impressive and dramatic expedition for the Antarctic made by the speaker and his companions during 1914-15. All ages were represented in the audience, from small boys and girls to imposing members of the older generations, and all alike were spellbound for almost two hours at witnessing the wonders of the Antarctic and hearing at first hand of the great adventure from such authority. Sir Ernest revealed, too, something of the secret of the success of his leadership in the intrinsically of authority, clear-cut and distinct statements which left no question as to his ability to deal with all emergencies, and his ever-ready humor which broke out irresistibly from time to time. Unlike many men of action, the speaker is at no loss in the matter of words, but speaks with ease and with unerring choice of words and simile. Carrying his forty-seven years, with an air of virile youth, Sir Ernest after, from his own statement, twenty-seven years of hardships of the explorer's life, look as though he could lightly embark upon similar enterprises for many decades to come. That he would soon be at the head of an expedition turned towards the magnetic north was indicated last night several times during the course of his address.

Voyage of "Endurance."
The actual story of the hardships of the good ship "Endurance," built and specially equipped for the purpose of this expedition, was listened to with intensity of interest. Starting with the leader and twenty-seven other souls aboard and seventy dogs the ship left the island of South Georgia in the Southern Ocean, on December 16th, 1914, having set sail from Buenos Ayres the previous September. By ill-adventure there was no summer season that year in the Southern waters and instead of some weeks of clear sailing pack ice was encountered within a few days, and by January 18 the ship was so heavily beset that progress became almost impossible. The distance covered during this period varied from 100 miles a day to 600 yards, and the ice encountered was from six to eight inches to forty feet thick. From April the "Endurance" and all aboard were in constant peril. It was driven along like a leaf, being forced by the constant floating winds, sometimes rising on the ice and drifting in the constant danger of being crushed by the pressure of millions of tons of ice moving southward. She lived until October 27, 1915, when her rudder and stern posts were torn out and she was abandoned by a crew who in the bitterest moment of disappointment at losing not only their home, but the ship in which their hopes had been bound up. Three boats were taken from the "Endurance," one 22 feet and the other two 18 feet in length, also provisions, sledges, and the dogs and the party began their long trek of 246 miles to shore. "Ocean Camp" was established on an ice floe which was for some time the headquarters of the party. There was constant danger of the ice cracking and the entire party being engulfed. The party occupied drifting ice floes and made as much distance as possible by framing encampments with the boats and provisions during a period of five and a half months, when, after incredible escapes, they managed to launch the boats on April 9 and effected a landing on Elephant Island on April 16.

A Great Feat.

As there was little chance of their being rescued from that point and ration were rapidly dwindling, the leader decided the hazardous course of attempting

to sail from Elephant Island to South Georgia must be undertaken. Five members of the crew were chosen of the journey and 22 were left on the island. It seemed an impossible feat to reach South Georgia in safety, trusting to the winter seas in a 22-foot boat, but after 14 days of severe hardship and constant imminent peril, South Georgia was reached and a landing made on the west coast. The crossing of South Georgia to a whaling station on the west side, sounded, and appeared in port, as perhaps, the most astonishing performance of the entire expedition. Scaling steep heights, which suggested the rugged peaks of the Rockies, making their way over glaciers and through glacial streams, Shackleton, Worsley and Crean finally arrived at Stromness, the whaling station, which was the end of the quest, hearing on their arrival the first news from the outside world since leaving Buenos Ayres eighteen months before.

The rescue of the entire party, including the twenty-two men left on Elephant Island, was accomplished with the aid of the Chilean government.

Appreciation of V. O. N.
Lord Conleton, a brother naval officer of the speaker, acted as chairman and summed up succinctly in his introduction of Sir Ernest the latter's brilliant achievements as an explorer. Dr. F. S. Patch expressed the deep appreciation, not only of the audience, but also of the Victorian Order of Nurses, for the generosity of the evening's lecturer in giving his distinguished services in aid of the order.

\$1,600 will be added to the funds of the V. O. N.

LENINE SAYS WAR TO BITTER END

Quoted as Expecting it Will Take 40 Years to Quell Peasants' Resistance.

London, Jan. 27.—(Associated Press Correspondence)—Nikolai Lenin, Bolshevik Premier of Russia, expects the Russian peasants to continue their resistance against the dictatorship of the proletariat for forty years but says the communists will continue that government until they submit, according to the delegates of the Spanish Socialist Party who have just returned from Moscow.

The Spaniards went to Russia to present a statement of the conditions under which their party would affiliate with the Third International. On their return they told a representative of The Times about their interview with the Bolshevik Premier.

Asked by Senor de los Rios and Senor Angulano, who made the trip to the Soviet capital, when the Russian dictatorship would be replaced by a regime of freedom, Premier said:

"We have never spoken of liberty. We are exercising the dictatorship of the proletariat in the name of the minority because the peasant class in Russia is not yet with us. We shall continue to exercise the dictatorship until they submit. I estimate the dictatorship will last about 40 years."

Senor de los Rios and Senor Angulano, who disagree as to the expediency of adopting the dictatorship of the proletariat idea, spent two months in Russia. While both were disappointed by conditions there, they were full of admiration for the possibilities of the Russian revolution. Their report will be presented at a Spanish National Socialist Congress April 9 when the question of affiliation with Moscow will be decided.

The Spanish delegates presented the three objections of the Spanish Socialists to Lenin's twenty-one points, (terms of admission to the Third International) and brought back a stirring appeal from the executive committee of the International to the Spanish proletariat to disregard the hesitations of their chiefs and give adherence to the Communist body.

ACTION FOR DIVORCE
Brooklyn Woman Names Daughter as Co-respondent

New York, February 14.—Mrs. Martha E. Walker, of 1633 Pacific street, Brooklyn, named her own daughter, Theima C. Fields, 14 years old, as co-respondent in her action for absolute divorce brought in the Brooklyn Supreme Court against her husband, Marcus G. Walker.

An affidavit filed by the girl admitted the charges made by her mother and tells of meeting her step-father at 802 Belmont avenue and at the Pacific street address.

Mrs. Walker also charged abandonment and said that in addition to her own two children she has to support the infant child of Walker.

Walker has not filed an answer. Decision was reserved on Mrs. Walker's application for alimony for \$50 a week and counsel fees of \$200, pending trial.

PETER OF SERBIA ON THE DECLINE

Monarch, 79 Years Old, Unable to Walk—Wants to Die on Native Soil.

Paris, Jan. 16.—(Associated Press Correspondence)—King Peter of Serbia, now 79 years old, is very feeble, according to reports reaching Paris from Belgrade. He is totally deaf and spends all his time in bed or in an invalid's wheel-chair. Only the Crown Prince and Princess, his widowed daughter, whose husband was killed by the Bolsheviks, are permitted to see him.

While the paralysis that has affected the old monarch's right side for the last two years improved somewhat, he is unable to walk. He has lost steadily in weight and energy since coming from his retreat in Phaleron, Greece, a year ago and has ceased to participate in the affairs of state.

He is living in a little stone house outside the city of Belgrade. His only companions are his physician and a personal servant.

After the liberation of Serbia from the Austrians in October, 1918, King Peter returned to Belgrade with his army and entered actively into the reorganization and reconstruction of his shattered country. Failing health, however, compelled him soon after to seek retirement to private life. The affairs of state and court were turned over to his son, Prince Alexander, who became Prince Regent of the new state of Yugoslavia.

Early in 1919, the King was removed

to a quiet retreat near Athens, Greece, where he lived for a year or more in a small six-room house overlooking the Bay of Phaleron.

To meet his long-cherished wish that he might die on his native soil, the Serbian authorities late last year brought the invalid King back to his beloved Belgrade. He avoided society and kept aloof from all court and public functions.

PROMINENT DEVON WOMAN ENDS LIFE BY RIFLE BULLET

Fredericton, Feb. 13.—The town of Devon received a profound shock late Saturday night when it became known that Mrs. Joan Nell, wife of former Warden Albert B. Nell, a prominent resident of the town, had taken her own life. Mrs. Nell shot herself with a high power sporting rifle belonging to her husband, performing the deed in her room at about 10 o'clock. The only

reason assigned for the act is mental trouble. Several days ago Mrs. Nell received a mother's cross and a memorial scroll because of the death in the great war of two sons by her first marriage. Members of her household say that since that time she had not been normal mentally.

Express Train Fighting Way Through Drifts Twenty Feet High 100 Miles From St. John's.

(Canadian Press Despatch)
St. John's, Nfld., Feb. 13.—An express train was fighting its way through snowdrifts twenty feet high tonight 100 miles from this city and doubt was expressed that it would be able to reach St. John's before the middle of the week. On board were passengers from Canada and the United States, besides the mails from the continent.
The point where the worst obstacles encountered was the twenty-mile neck of land averaging five miles width, which connects the main part of Newfoundland with the irregularly shaped peninsula on which this city is located. The blizzard which swept the island during the first half of last week and terrific gales whirled over this narrow barrier between Trinity Bay on the east and Placentia Bay on the west piled up huge banks of snow.
Yesterday it rained and severe cold followed last Sunday and it is probable that none will be sent out before Wednesday.

CAN'T FIND WORDS TO EXPRESS GRATITUDE

Wishes Everyone Who Suffers as She Did Could Experience the Relief She Got by Taking Tanlac.

"I only wish that everybody suffering like I could experience the wonderful relief I have found by taking a few bottles of Tanlac," said Mrs. C. J. Veniot, of 23 Seaford St., Halifax, N.S.
"For the past three years my health was bad and I suffered terribly with indigestion. My appetite was so poor that I can hardly find enough work to do about the house. Words simply can't express my gratitude and happiness for what Tanlac has done for me, and I'll never stop praising the medicine as long as I live."
"I suffered a lot with constipation and had awful headaches. At night I was so restless I could not get any sound sleep, and I often became so nervous I had to get up and walk the floor. I felt so tired and worn out all the time that

my housework was simply a burden and many times I just had to give up and go to bed, as I was too weak to stay on my feet.
"I kept getting worse all the time until I finally got Tanlac, and it has only taken five bottles of this grand medicine to build me up and put me in splendid health again. Everything tastes different now, and my appetite is so good that I relish everything I eat. I've never troubled with indigestion, gas or constipation and those awful headaches have entirely disappeared.
"My nerves are just as steady as a rock and at night I sleep like a child. I'm gaining in weight right along, and I have so much strength and energy that I can hardly find enough work to do about the house. Words simply can't express my gratitude and happiness for what Tanlac has done for me, and I'll never stop praising the medicine as long as I live."
Tanlac is sold by F. W. Munro, and the Ross Drug Co.; L. C. Allingham, Campbellville, N. B.; T. H. Wilson, Fairville, N. B. (Advt.)

Our Portrait is of Mr. WALTER E. WHITE, of 41, Boro-lane, Chelmsford, London, England, who writes:
"Some three years ago I had a swelling in the knee cap. One night I knocked my knee which caused a little ulcer which in time, no matter what I did, developed across the whole knee. I had one large gaping wound, and with all the care and attention that was used was open for 15 months. Being an all-out athlete, holder of many cups and prizes, I began to give up all hope of ever taking my place again among the athletes. One day one of my fellow workers inquired how my leg was, and told me it was 'Clarke's Blood Mixture' I wanted. That day I bought a bottle, and when I had finished it I was not only surprised myself, but all my workmates could see improvement. I could bend my knee a little and that gave me encouragement, so I persevered with it and am glad to say seven bottles completely cured me. I am now as well as ever, and am still holding my own as an athlete."
Sufferers of Indigestion, Swelling, Piles, Gout, Rheumatism, Eczema, Eruptions, Skin Diseases, should realize that lotions and ointments do but give temporary relief—by the use of complete and lasting relief, the blood must be thoroughly cleansed of the impure waste matter which causes such troubles. Clarke's Blood Mixture quickly attacks, overcomes and expels the impurities, that is why so many remarkable recoveries stand to the credit of this Pleasant to take, and free from all injurious ingredients.

LIVELY SESSION OF PARLIAMENT

Continuance of Coalition Government Will Depend Upon Outcome of Deliberations to Begin Today.

(Canadian Press Despatch)
London, Feb. 13.—King George, accompanied by Queen Mary, the Prince of Wales and the Duke of York, at noon Tuesday will open a session of parliament which promises to be a test of continuance of the coalition government of Prime Minister Lloyd George. The programme includes the new budget, schemes of protection to safeguard key industries against foreign competition and prevent the dumping of foreign goods, and also for remedying exchange conditions, a plan for the relief of the unemployed, probably by public works, new drink licensing regulations, creation of Irish parliaments under the Home Rule bill and reform of the House of Lords.
There is a rumour that the government will try to spike the guns of those criticizing it for waste by presenting an economy budget providing for a total expenditure of £90,000,000.
The first Tuesday in April is considered the probable day for bringing into effect the home rule bill.

CANADA'S NEWEST INSURANCE ORGANIZATION ISSUES FIRST ANNUAL REPORT.
The annual report of a company organized only on November 19, and therefore having less than six weeks' operations to its credit, would hardly be expected to show progress worthy of note, but the statement just issued by The Ontario Equitable Life and Accident Insurance Company, whose head offices are at Waterloo (Ont.), is a remarkable record of Canadian business ability and aggressiveness.
The business in force at the end of the few weeks between the company's organization and the end of 1920 was no less than \$1,058,800. The company reached the end of the year with gross assets of \$1,749,476, with a gross surplus of \$89,632.79, and a net surplus over all liabilities and capital stock of \$36,972.79.
Such a record of achievement augurs well for the company and with a continuance of the same ability and energy on the part of the executive and staff the next annual report may be looked forward to with every expectation that it will constitute another record in the annals of Canadian insurance.

PRINCE TO BE THERE

London, Feb. 14.—The Prince of Wales has promised to attend a farewell banquet which the Pilgrims will give to the U. S. ambassador, John W. Davis.

POLES CONCENTRATE ON GERMAN BORDER

(Canadian Press Despatch)
Berlin, Feb. 13.—The German government has informed the governments in London, Paris, Rome and Warsaw that 212,000 Polish troops are concentrated on the Polish-German frontier according to the latest information reaching the German government. The communication gives details of the distribution of the troops and maintains the information that the Polish army is not being demobilized.
The Polish Treaty.
London, Feb. 13.—The permanent peace treaty between Poland and Soviet Russia, negotiations for which have been underway at Riga for some time, will probably be signed within a few days, according to a wireless despatch from Moscow received here yesterday.

A Heligoland despatch received on February 11, quoted a Moscow wireless message as saying that the Russo-Polish peace treaty already had been signed. It would appear that the Heligoland despatch embodied an erroneous rendering of the Moscow radio announcing the probability of the early signing of the pact.

20,000 WOMEN WANT TO COME TO DOMINION

But Only Half These Britishers Would Do Domestic Service Work.
Hamilton, Feb. 13.—Mrs. Charles Robson of the Department of Immigration and Colonization lectured to the Local Council of Women here on "Immigration and Canadianization."
She said a British Commission had informed Canada that 20,000 British women wanted to come to Canada, but that only half of them were willing to become domestic servants. The rest were untrained.
It was agreed between the British and Canadian authorities that only those passed by the Canadian Immigration Department should be allowed to enter Canada. A definite Canadianization policy was needed, not a flag-waving constitution.
Mrs. H. Carpenter, the new President, was in the chair. Hamilton's two women lawyers, Mrs. Morris and Miss Cherrier, were appointed to the Committee on laws and Miss Charlotte Henderson to the Education Committee. Mrs. R. T. Hunter and Mrs. Donovan were received as associate members, and Miss Urry, President of the Business Women's Club, to the Employment Committee.
Mrs. Griffin, Regent of the Municipal Chamber, I. O. D. E., spoke on the educational work of the I. O. D. E. T. F. Barker of the Cosmopolitan School Mission told of the mission's work. Nineteen different languages were spoken in Hamilton, he said. Mrs. G. W. Robinson and Mrs. Harry Witton were selected as patronesses of the Council.

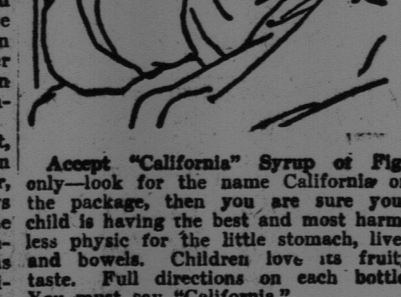

DEVIL WOULD NOT BE ULSTER PREMIER

Belfast, Feb. 13.—Joseph Devlin, Nationalist member of parliament, alluding in the course of a speech today to a recent statement by Sir Hamar Greenwood, chief secretary for Ireland, that he (Devlin) might become the first premier of the Ulster parliament declared that he would accept office in nothing but the "All Ireland" legislature.
Mr. Devlin described the proposal of the Ulster Parliament as an intolerant one and pleaded for the people of the north and south of Ireland to join in a split of good will in devising a plan to insure Ireland's future.

Five-and-Ten Idea Always With Meats.

When W. C. Davey introduced the methods of the five-and-ten-cent stores in moving stock rapidly into the meat and grocery business here, he hit upon a plan that has boosted sales of fruits, vegetables and staple groceries from 10 to 30 per cent the year round...

Advertisements plates, supplied by the belt manufacturer, were inserted in the local newspapers. Attractive folders, also issued by the maker, were mailed to a selected list of customers.

Business was still in Cincinnati a few months ago. It still is, for that matter. Just as in many other parts of the country, in this case it was particularly so.

DRINK-CRAZED, ATTACKED CHILD; USED HATCHET FOR "REVENGE"

(Toronto Telegram.) The story of the horrible crime by which eight-year-old Agnes Conacher nearly met her death at the hands of James J. Keeney is merely another and more dramatic instance of the story which has been told so often.

He rushed out, and Mrs. Conacher hurriedly put her little daughter to bed, telling her she was going to tell Mrs. Keeney of her husband's condition. Mrs. Keeney immediately put on her hat and coat when Mrs. Conacher called her, and both women started a search for Keeney. First they went to the club.

THE SIGNIFICANCE OF WEST PETERBORO

(Montreal Herald.) There must be some other explanation than party organization or party arguments of the fact that 10,079 votes in Western Peterboro were cast for candidates opposed to the Government as compared with 2,817 cast for the Government nominee. In the public mind the men in control of the exchequer are blamed as wasters of the public money, while thousands of families are bitterly put to it to make ends meet. Preaching thrift and economy they practice extravagance. Enormous estimates have been put forward each session. The high public debt was increased in 1919 by \$27,042,000 and in 1920 by \$9,488,000. It now stands at \$2,295,218,000. The January statement of the Finance Department just issued shows that during the ten months closing with the end of January ordinary expenditure increased by \$42,000,000 over the same period the previous year.

This is an admirable view of the world, and will commend itself on both shores to the statesman.

May Tax Jackson.
Greenville, S. C., Feb. 14.—Joe Jackson, runner Chicago White Sox outfielder, may have to pay upwards of \$12,000 in income tax and penalty on \$5,000 he is said to have received during the world series 1919, according to a statement by mes H. Price, a local attorney, who has been retained as counsel by Jackson. Efforts, he said, were started by county department officials to collect income tax on the \$5,000 soon after Jackson was alleged to have made his confession. Jackson failed to include the \$5,000 in his income tax returns, and it was received as a gift and was before exempt. The United States survey officials view it differently.

VENIZELOS ON SEVRES TREATY
Fights for Greece, But Not Allied With King Constantine.

Paris, Feb. 14.—Revision of the Sevres treaty between the Allies and Turkey it being stoutly opposed by former Premier Venizelos of Greece, he declares in an interview published by the Petit Parisien. He takes occasion to deny recent reports that his fight against any alteration of the Sevres pact is evidence that he has entered into relations with King Constantine of Greece.

"I cannot fight officially and openly," he says, "but I can at least, in private talks, plead my country's cause, and advance all arguments that seem convincing. I am working in the background ardently for what I believe to be justice. I have made no arrangement with Constantine, but, as I am a Greek, it is my duty to defend always and everywhere my little homeland against the ill which may assail her. It makes no difference to me if my efforts coincide and are confounded with those of the royal house. I will do anything the higher interest of my country requires. Those who do not understand that are poor creatures."

Constantinople, Feb. 14.—Hope that Allied delegates would enter the Near Eastern conference in London next week with a compromising spirit was expressed here today by Abdul Medjid Effendi, premier presumptive to the Turkish throne. Only by such an attitude on their part would it be possible to establish peace in the Near East, and he said it might be too late to insure an end of hostilities if the Turkish Nationalists have made any military agreements with the Russian Bolsheviks.

SECOND DOWIE EXPEDITION TO CLEAN NEW YORK

Voliva to Lead Invading Band of Reformers

Going From Zion City With 400 Followers—Not Only the Wicked Ones But Scientists to Be Attacked.

Chicago, Feb. 14.—Willbur Glenn Voliva and a white robed army of his Zion City followers are planning an invasion of "wicked New York" similar to that undertaken eighteen years ago by John Alexander Dowie, when he led 3,000 of his followers against the bright lights of Broadway.

The prospect of the second expedition against Manhattan came yesterday, after Helen Buchmann and Bell Scheiborn, who went to New York on a reconnoitering expedition two weeks ago, returned and reported to Voliva that the time was now ripe. New Yorkers, they say, are getting worse and worse.

It is understood that Voliva will lead 400 of his picked followers to New York, organize with the 1,000 sympathizers of the cause there, and clean Broadway from the Battery to Harlem.

"This is the psychological time to bring the blue laws issues to a head," said Theodore Forby, private counsel for Voliva. "Many of the things Zion advocates have come to pass. Our war on the movies has spread to twenty-five states and the word liquor is a historical phrase."

And it is not only the wicked ones against whom Voliva is going to fight, but the scientists and astronomers and college professors. "I will give \$1,000 to the first college professor, scientist or astronomer who can prove to me that the globe is round," said Voliva today.

EVENING CLASSES HELPED THIS BOY
A Striking Illustration That Proves the Case for Vocational Training.

Here is an illustration of the benefit of evening vocational classes.
A St. John youth who had left high school and went to work with a financial concern found that the work was not his choice, nor the prospects of remuneration satisfactory. He was of a mechanical turn of mind. Last winter he took the evening classes in mechanical drawing. He made great progress. This winter he resumed the classes. One day a local manufacturing concern, in need of an assistant draughtsman, applied to the teacher. He took the young man. The latter applied for and got the position. He is now earning more money than before and is still attending the evening classes. He is the son, not of a rich man, but of a mechanic. If the classes are closed it will be a great disadvantage to him.
This is one of many similar reasons that might be given for continuing the evening vocational classes.

STADIUM SOLD; IS FOR NEWFOUNDLAND
The steamer Stadium, well known in the coastwise trade and a familiar sight about the harbor, will soon know these shores no more. She has been sold to a shipowner in Newfoundland and as soon as she is overhauled and refitted will start on her new career as a tug and wrecking steamer. She is at present in Market slip undergoing repairs.

IN MEMORY OF BRAVE SOLDIER.
Mrs. Geo. W. Titus, of 123 Chesley street, mother of one of St. John's brave sons, who was killed in the trenches of France, August 12, 1918, has received a token of respect from king and country in the form of the following memorial:
"He whom this scroll commemorates was numbered among those who at the call of king and country left all that was dear to them, endured hardships, faced danger, and finally passed out of the sight of men by the path of duty and self-sacrifice, giving up their own lives that others might live in freedom.
"Let those who come after see to it that his name be not forgotten."

ASK CITY TO SEEK FAIR RENT LEGISLATION

(Continued from page 1.)
conclusively the need there is for more homes.
"The plan outlined for the deepening of Newman's Brook, which work is now in hand, has much to commend it. When this water course is deepened and sufficient to care for all the drainage of the vacant area north of Main street, building operations on an extensive scale will probably follow."
The city engineer said that the further deepening should be done in order to give the brook a good slope.
Dr. Frink said, while not favoring the proposal at the present time, he thought a dry well could be built under the bridge and some of the waste be dumped there in anticipation of the removal of the bridge.
Commissioner Thornton said it was his idea that the work must be done some time and he thought that if a suitable arrangement could be made it would be wise to do the work now.
On motion it was decided to let the matter remain in abeyance until tomorrow, when Commissioner Jones said he would bring in a resolution concerning the bridge.
On motion it was decided the work now being carried out should be provided for by bond issue.
Recognition for German.
Commissioner Thornton spoke of the success of Charles Gorman, a St. John boy, in establishing a world's record in the 440 yards dash at Lake Placid and he moved that the mayor be authorized to make a suitable presentation in recognition of his good work. The motion carried unanimously.
Commissioner Bullock asked for authority to build a work shop at the head of Wellington slip, West St. John.
Commissioner Jones asked if accommodation could be provided there for men of the water department. The cost is estimated at \$1,900, to be provided for by bond issue. His motion was carried.
On motion of Commissioner Frink it was decided to call for tenders for 275 tons of asphalt and to purchase a new Rand steam drill.
Douglas Avenue Paving.
The road engineer presented the specifications and plans for the Douglas avenue paving. He proposed an eight-foot concrete sidewalk from Main street to Bentley street on both sides of the street and a six-foot walk from there to the end. He suggested redressing the granite curb from Main street to near St. Peter's church, combined concrete curbing and sidewalk from there to near the observatory, and concrete curbing alone from the observatory to the C. P. R. tracks.
Mr. Thornton thought that the New Brunswick Telephone Company and the Western Union Telegraph Company and the New Brunswick Power Company should be prevailed upon to put in some kind of ornamental poles before the work was carried out.
Commissioner Frink said one impediment to the work was the crossing at the bridge. The mayor said that matter would be settled soon.
No sidewalk was recommended for some property on the southern side, where a fill would be required in front of several vacant lots.
The mayor suggested that permission be obtained from the owners to dump the waste material from the street to provide a foundation for the walk.
On motion, it was decided to continue the work all the way if the necessary permission could be obtained.
Mr. Hatfield said that the street railway proposed centering their lines at two-foot centres. He proposed asphalt filling between the blocks in the track sections to give more foothold for the horses.
Frink was calling for tenders for three different materials—sheet asphalt, asphalt concrete and bitumastic, all on a six-inch concrete base. He said there were about 20,000 yards of surface.
The plan as amended was approved. The fact that the street railway will lay grooved rail made it unnecessary to obtain the 68,700 special blocks provided for. To replace these, Commissioner Frink asked authority to call for tenders for 40,000 regular blocks. This was granted.
On motion of Commissioner Thornton, it was decided to take up the matter of the erection of ornamental poles with the companies interested.

TAG DAY FOR THE KINDERGARTENS
The city is today in the hands of an energetic army of taggers in aid of the Free Kindergarten Association with an objective of \$3,000. Gratifying reports are being received at the Church of England Institute, the headquarters of the taggers. Rothsay has already been tagged and went over the top, and it was expected that the city would follow suit.
Luncheon was served to the workers at the noon hour by a committee under the convenship of Mrs. J. F. Bullock and Mrs. E. L. Corbett. The banks are in charge of Miss Alice Estey and Mrs. W. C. Clarke, with Mrs. J. W. Flewelling as convener. Mrs. E. C. Weyman, Mrs. E. B. Taylor and Miss Rowley are in charge of the finance. Mrs. A. F. Robinson and Mrs. F. E.
