BRITISH LABOR TROUBLES.

Trades Unionism Gets a Black Eye From Lords' Decision.

SWANSEA, Wales, Sept. 2.—A commotion was caused at today's session of the Trades Union Congress here by the action of some employers in endeavoring to recover damages under the house of lords' decision of July 18 last from labor organizations for picketing by their members. A delegate from Blackburn was served with a writ yesterday restraining him and the members of the Blackburn branch of the weavers' union, and warper's association from picketing Banister & Moore's works, where a strike is now in progress. Damages and costs were claimed. Besides this suit the Taff Vale railroad is suing the amalgamated society of railway servants for £20,000 damages incurred as a result of the strike of 1900. The suits will be strenuously defended, but their seriousness puts in the shade almost every other topic of discussion.
President Roseman today devoted the principal part of his address to this topic, declaring that union funds were threatened with demoralization and that the position was intolerable. He said the parliamentary committee favored an alteration of the constitution of the unions with the object of minimizing their liability to action. The Chronicle today supports this view, maintaining that no association of working men can stand long against such litigation, and that if the decision regarding picketing is final then any unscrupulous capitalist will have his employees at his mercy and "the working classes will sink back again into an unorganized crowd."

THAT AMERICAN GIRL.

PHILADELPHIA, Sept. 2.—Friends of Miss Marie Josephine Eastwick learned with surprise today the story of her arrest in London on a charge of forgery. Miss Eastwick is about 22 years old. Her father, Edward F. Eastwick was formerly associated with the Havemeyers in the sugar refining business and when he retired, 14 years ago, he was reported to be a millionaire. At frequent intervals she was estranged from the members of her family. During the last 12 years she has devoted herself to travel.
Several years ago Miss Eastwick inherited from her grandmother an interest in an estate, said to be worth \$100,000. About this time she and her father became estranged, and she, with the legacy, the young woman sought fortune on the stock market. Later on her health gave way and a reconciliation with her father followed. She was sent to a sanitarium. Upon recovering her health she again went to England, accompanied by her father and sister Helen.

THE COLOMBIAN TROUBLE.

NEW YORK, Sept. 2.—Luther E. Tellworth, United States consul at Puerto Cabello, Venez., arrived yesterday from La Guayra:—"War between Venezuela and Colombia," said the consul, "is impossible. The United States is in a position to enter into a conflict, but of the two Venezuela is the better situated."
H. L. Hale, a mining engineer, of Boston, was among the arrivals yesterday from Caracas. Concerning the civil war in Colombia, Mr. Hale did not care to express an opinion as to the final outcome, but said that so far the rebels had been more successful than the government troops.

Lord Stanley of Alderly is anxious to have his tenants marry, and to that end has made special inducements to all of them of a marriageable age in his place at Alderly Park, Cheshire.
He has agreed to give every young man on his estate who honestly and sincerely wants to go courting, with matrimony in view, a suit of clothes in which he will shine resplendent before the eyes of the object of his affection.
If he is successful and the young woman makes an affirmative answer he will present her with her wedding trousseau. The offer holds good for the next twelve months, and has occasioned great comment on his estate.

This morning Miss Hattie Bartlett was married to Rev. James Burgess. The ceremony took place at her home on Metcalf street. Only a few of the immediate friends and relatives were present. The bride was unattended. Rev. Jas. Ross performed the ceremony. Mr. and Mrs. Burgess left on the Atlantic express for Halifax.

A BOSTON CORRESPONDENT

Makes Some Suggestions About Baseball in Halifax and St. John.

BOSTON, Aug. 29.—Sporting Editor Halifax Recorder:—When looking through the St. John and Halifax papers from week to week this summer, I see both have gone in to baseball in earnest this season by having 10 or 12 imported men engaged for the season.

I fail to see the reason why St. John and Halifax cannot have a team each at end of each week. Now, sports, go about this in the right way, and I am sure St. John will be only too glad to go in with you, say next year or year after.
I would like to see some one come out in the Recorder and inform me what stands in the way of St. John and Halifax being in the Eastern League next year or year following.

ONE OF THE OLD BOYS.

TO CURB CONSUMPTION.

Dr. Fraulick, in Presence of Other Physicians, Infused Into Blood a Fluid the Good Effect of Which Was Almost Instant.

(New York Sun.)
Dr. Alfred G. Fraulick of 701 Madison avenue, visiting surgeon at the Metropolitan State Hospital on Blackwell's Island, gave a public demonstration there on Friday afternoon with a fluid which he believes will prove successful in curing consumption, reported in a special from Beverly Farms, Mass. Mr. Warren and his daughter were driving when the horse bolted and Mr. Warren was thrown against the vehicle, striking on his head.

Dr. Fraulick has been working on his cure for tuberculosis for eight years and he says he has met with success in its use. He said last night:
"I have been experimenting with a fluid containing properties similar to those existing in the human blood. This fluid contains compounds that destroy all known disease germs almost instantly, and while its action is microscopic to obnoxious organisms at the same time it will intensify and increase the desired properties of the blood."
This is the history of the history of medicine that a material has been infused into the blood, which contains compounds that antagonize the germs of disease, and their poison emanations. In fact, every particle is flushed and every cell fed with a most potent, and in every way desirable, remedy to unnatural conditions.
Dr. Fraulick says he is not prepared at present to divulge the components of the fluid, in his demonstration on Friday he first bared the arm of the patient and later a vein. The fluid was then infused through a caustic sixteen gauge needle. The fluid at a temperature of 106 degrees were infused in the cases of both patients.
According to those who witnessed the experiment the effect of the fluid on "oh patient" was the same. The face took on a red tinge, the pulse became stronger, the eyes brightened and the fingers and toes became warm. He indicated, the doctor said, that the fluid had extended to the extreme parts of the body. The infusion made the patient perspire.
Dr. Fraulick says that when the fluid flows through a compound form and nascent oxygen is liberated. Two cancer patients, Dr. Fraulick says, have been treated successfully with the fluid. Dr. Fraulick has made in all 106 experiments, and has met with encouragement in all of them.

HIGH TREASON.

Dr. Krause, a Leading Boer, Arraigned in London This Morning.

LONDON, Sept. 2.—Dr. Krause, former governor of Johannesburg, and a prominent official of the late Transvaal government, who was taken into custody in London last night, was charged at the Bow street police court this morning with high treason in the Transvaal under the fugitive offenders law, and was remanded for a week without bail. Sir Geo. Lewis, on behalf of the prisoner, asked if any deposition against his client supporting the charge existed. Prosecutor Muir replied that there was of course information against the accused in Cape Colony. The police here, he said, had acted upon telegraphic instructions. The police testified that Dr. Krause was arrested looked at the warrant and remarked: "The charge is absurd."

THE STEEL STRIKE.

PITTSBURGH, Sept. 1.—It was believed that yesterday's creditable labor demonstration would give impetus to the steel strikers' cause and strengthen them in their great fight, but the developments in the situation today were all favorable to the masters. From nearly every point in this district the reports were of a discouraging nature to the strikers. In this city 23 new workmen, all skilled, entered the Star tin plate plant without trouble, 1,300 machinists returned to work in the Pennsylvania and Continental tube works and twelve imported men went to work at the steel hoop mill.
Rumors of peace still continue in circulation, but nothing definite can be traced to a reliable source. Among the latest reports is one to the effect that a conference will be held today, at which the strike might be settled. Prominent manufacturers and the leaders of the strike, however, declared they knew nothing of the intended meeting.

PANIC-STRICKEN PASSENGERS.

NEW YORK, Sept. 2.—The Golden Star, an excursion boat, plying between Canarsie and Rockaway, struck on a bar about two miles from Rockaway yesterday afternoon and 250 passengers on board were thrown into a panic. The presence of mind on the part of the captain and crew probably prevented a disaster. The boat settled to port after striking and the passengers believing she was sinking, made a rush for the life preservers. They were reassured with difficulty by the officers and after a delay of about three hours were taken off in safety.

SOUTH AFRICA.

LONDON, Sept. 2.—A despatch from Lord Kitchener, dated Pretoria today, says: "Since August 26th the columns reported 19 Boers killed, three wounded, 212 made prisoners and 127 surrendered, and that 194 rifles, 27,500 rounds of ammunition, 1,700 horses and 7,500 head of cattle have been captured."

BRIEFS BY WIRE.

S. S. Empress Japan arrived at Yokohama at 5.30 this morning from Vancouver.
The serious, if not fatal injury of Frederick Warren, one of the owners of the Warren Steamship Company, is reported in a special from Beverly Farms, Mass. Mr. Warren and his daughter were driving when the horse bolted and Mr. Warren was thrown against the vehicle, striking on his head.

TURKEY AND FRANCE.

CONSTANTINOPLE, Sept. 2.—Munel Bey, Turkish ambassador to France, wired the Porte on Saturday that he strongly hopes that a settlement of the Franco-Turkish difficulty would be reached, which would preserve the dignity of both governments. M. Delcasse, French minister of foreign affairs, on the contrary gave M. Basset, counsellor of the French embassy, categorical instructions to take no steps to show that the relations between the two countries were modified.

THOSE FISHERY SEIZURES.

LUBEC, Sept. 1.—For a number of years the fishermen from the Nova Scotia towns have been in the habit of taking herring in nets on what is known as the "rippings" and the "deal Cove soundings," both places being spawning grounds for the large number of female herring that frequent the waters of the Bay of Fundy, from August to October. Some years ago the dominion government passed a law prohibiting the taking of herring on these spawning grounds before the 15th of October. This act was passed to insure the permanency of the supply in the codline factories on the American side of the line. Yet in spite of the law large catches of net herring have annually been made on these preserves. This season the dominion government has determined to enforce the law and has had the cruiser Curlew patrolling the waters in the neighborhood of Grand Manan near where the spawning grounds are located. Saturday the cruiser steamed down the coast of the island and came suddenly upon eight fishing schooners that were on the grounds. Without delay Capt. Pratt of the Curlew captured each and every one of them, and with his prizes in tow steamed for St. Andrews, N. B., the county seat of Charlotte county. The boats captured are nearly all from the Nova Scotia fishing towns and are small, two masted craft, carrying a crew of from five to ten men.
Clever men are good, but they are not the best.—Carlyle.

GURNEY'S PICNIC.

The cutting of Gurney Division, S. of T., as announced in yesterday's daily, proved a grand success. A number took back boards and others the street railway, and at 3:30 all were present on the grounds. A number of visitors were present, among them were Mrs. Rich and daughter Anna, from Boston, guests of Mrs. L. A. Belyea; and Miss Bertha Worden, of Sussex, N. B. After luncheon the following sports were indulged in:—A 50 yards dash, H. E. Belyea and L. A. Belyea; potato race, Mrs. Rich and Miss Stark; a running race, by Walker Belyea, Roy Hastings and Percy Belyea; potato race, L. A. Belyea and Mr. Stark.

Then the party wended their way to Lily Lake to enjoy a sail on its placid waters. The evening was delightful and as song floated on the breeze, interspersed with recitations, we felt that the motto, "Love, Purty and Fidelity," was being verified. Among those who entertained were:—Miss Anna Rich, Mrs. Belyea, Mr. Wetmore, Dr. Belyea and Miss Worden. To say the least it was one of the most pleasant picnics in the history of old Gurney.

DISTRICT MEETING.

Financial Matters Discussed in Portland Methodist Church.

The financial district meeting of the Methodist church was held this forenoon in the Portland Methodist church school room, with the Rev. Geo. Steel in the chair and Rev. R. W. Weddall financial secretary.

There were present all the ministerial members of the district, with the exception of the Rev. C. W. Hamilton of Apohaqui and Rev. J. Fulton of St. Martins, who were unavoidably absent on account of private matters. Besides these there were present a number of lay readers, including George Crawford, Joseph E. Ralston and J. Hamilton.

The meeting opened with singing, reading of the scriptures and prayer by Rev. W. J. Clements and Mr. Ralston. The conference then took into consideration the financial question of the several missions in the district, and an explanation was made to the mission board for grants on behalf of each of these. The missions in the district are Zion, Courtenay Bay, Springfield Upham and St. Martins, Jerusalem, Westford, and Kingston.

The several amounts appropriated for the general conference fund were paid.

At the afternoon session arrangements were made for holding the missionary, educational and sustentation anniversaries and a general conversation was held in reference to the carrying on of God's work in the district.

COUNTY COURT.

Mr. Kerr and the Judge disagree as to Sgt. Campbell.

The adjourned county court met this morning at ten o'clock, when the Torryburn case was resumed. "Samuel Clifford, the turkey of the jail, gave evidence that Doherty was brought into the jail and a doctor was brought to attend him. Edward Doherty was then called and gave his evidence as to the fracas. The court then adjourned until two o'clock. It is expected that the trial will be finished this afternoon.

At three o'clock all the evidence was in, and John Kerr moved for the discharge of M. Daley and E. Doherty, on the ground that they were not acting together to do grievous bodily harm to Sgt. Campbell, quite the contrary. His honor failed to see that the grounds were sufficient. He said that it seemed as if Sgt. Campbell was the man, from the evidence of the defence, to be indicted.

Mr. Kerr—"Sgt. Campbell is not indicted, but I wish to God he were." He also remarked that the sergeant was a disgrace to the force, but admitted that he was hasty in this, when his honor said that from the evidence in it appeared that Campbell was a credit to the force, an able, plucky officer. The counsel for the defense then began to address the jury.

FAITH IN THE POLICE.

Last night at the head of King street a Norwegian sailor belonging to one of the ships lying at Pettungill's wharf, applied to Officers Henry and Thorne for the assistance of the police in the recovery of a watch he had lost. He had heard of the ability of the St. John police and wished to retain them as well as the officers in all the towns he has visited for this service. The watch was lost in Savannah last February, but to the sailor time and place were as nothing. This morning he came to the police court to repeat his story, but seeing a reporter there disappeared hurriedly.

The sons are William, George, Arthur and Frederick. The daughters are Lillian and Mrs. J. Garlick, of Lynn, Mass.

The death is reported of Mrs. Robert Howe, which occurred this morning at her home, 185 Rodney street, west end. Mrs. Howe has been suffering from consumption and was ill for quite a while. Her husband survives her.

CIRCUIT COURT.

The St. John Circuit Court opened this morning, Judge Gregory presiding. There was no criminal business before the court. There is however a very large docket.

The members of the grand jury are: Joseph Flaley, foreman; John McLeod, Frank Steadman, C. P. Clark, Arthur W. Adams, Peter Glitch, William Peters, Jr., Douglas McArthur, W. Bruckhoff, James R. Ferguson, Alex. Le Law, John E. Vanwart, Frank J. Egan, Michael Hogan, Alexander M. Rowan, Frederick W. Young, William Tait, Louis Green, Peter C. Redmond, Isaiah W. Holder, Charles K. Cameron, Michael McDade, J. Fred Sullivan, William J. Dalton.

The members of the petit jury are: Harry W. DeForest, James D. Seelye, Frederick A. Jones, Phillip Gorman, Charles G. Scammell, John S. Armstrong, J. H. D. Turner, Herbert C. Tilley, John Condon, Charles S. Phelps, Rainald W. Williams, Charles B. Allen, Charles E. Harder, Albert Peters, John Walsh, Michael Ryan, J. W. Holly, John H. Walker, Albert McArthur, David Magee, Jr., David A. Kennedy.

The special jury on the case of Dr. J. H. Morrison v. St. John Street Railway, set down for Friday, is: Israel E. Smith, William D. Baskin, D. C. Scott, Ed. W. Slipp, R. C. Eilkin, Joseph Court, J. S. Armstrong, Thomas L. Coughlin, John W. Colman, B. E. McCaulay, J. H. McRobbie, Geo. W. Hoben, Henry Dunbrack, Edward Bates.

His honor, in addressing the grand jury, said that the high sheriff and the clerk had informed him that there was no criminal business to come before the jury. He might discharge his duty by expressing his pleasure at seeing them in court and their wish for their continued prosperity. But the attorney general suggested that the grand jury be not discharged at present, but meet again Thursday. You have, however, rights and functions of your own. It is your duty and privilege to examine and report on public instructions and to inspect all properties necessary. His honor said he had just returned from a trip across the continent, and found the court houses in other provinces most comfortably fitted up. In British Columbia, and Ontario this was particularly noticeable. The people there are proud of their public institutions. If you have anything to report you can do it. Thursday next. In the meantime you may meet and adjourn at your pleasure.

HAMPTON MAN MISSING.

The chief of police has been requested to assist in a search for James McQuaid, of Hampton, who has been missing from his home for the past four weeks and whose whereabouts is a matter of anxiety to his friends. McQuaid is described as being thirty years of age, five feet nine inches in height, and weighing about one hundred and fifty pounds. He is of a sandy complexion, is sharp featured and wears a small light moustache. About four weeks ago he left his home in Hampton and came to this city. He secured a job in Cushing's mill, but worked there only half a day and since then has neither been seen nor heard of. Previous to his leaving St. John McQuaid lived with his widowed mother in Hampton, and her statements that of late he has been acting in so strange a manner that she had begun to fear him, have increased the anxiety of his friends. They have made inquiries among the different sawmills, in which style of labor he was usually engaged, but have not been able to find any trace of him.

POLICE COURT.

Seven Drunks Before His Honor This Morning.

Seven drunks greeted the magistrate in the police court this morning, and besides these a number were out on deposit and failed to show up. Without an exception the pleas were guilty to the charges against them, but not one could be found to make the solemn promise that he would never do it again. The only two in the bunch who were worthy of any remark were Joseph Sullivan, aged 19, and James Lavigne. The former was gathered in on Sunday afternoon and told the magistrate this morning that two fellows had given him liquor early Saturday evening and he had kept it to get drunk on a few hours later. The yarn didn't go and Joe was remanded.

Lavigne failed to arise and make his bow when his name was called, for the reason that Lavigne was not his name. He says he is James Daly, and if the police think he is Lavigne they are mistaken. He had bought two bottles of gin Saturday night and intended them solely for his own use. This morning he regretted that he had not purchased four bottles, as the magistrate sentenced him to two months in jail or a fine where gin is not served regularly.

A couple of men who had left deposits of eight dollars did not wish to have them kept as forfeits and appeared in court to plead guilty and ask that the eight dollars be regarded as fines imposed.

William Lambeth, who was taken in charge for being drunk and driving furiously on the streets, was fined sixteen dollars.

DRUNKEN WOMEN

Created a Sensation in Sussex Last Evening.

The Star stated last evening that several women from a road house near this city had taken a house near Sussex, and were causing a sensation. The biggest sensation, however, occurred that evening, when two of the women, in company with one or two young men, and followed by small boys, set out to see the town. The party were very much under the influence of liquor, and their language and general conduct was such as Sussex had seldom or never before heard of. They proceeded. They appeared at the railway station when one of the trains came in, and the women tossed compliments right and left with great impartiality. One of them playfully awarded a venerable justice of the peace on the left jaw, and he arose and fled. The Star's informant says that if the good name of Sussex is to be preserved these offenders against public decency must be suppressed at once. The Scott act is often violated, but the spectacle of drunken and abusive women on the street is a new and very scandalous feature of village life.

BIG DAY AT ANNAPOLIS.

Yesterday's Celebration Was One of the Most Successful Held There.

The tug Flushing arrived this morning from Digby, where yesterday she, with the Marine Corps employed in carrying excursionists to the celebration at Annapolis. That place was gaily decorated with flags and the town was crowded with sightseers. The hotels and restaurants did a rushing business all day and had all the trade they could attend to. Sports were held on the Garrison grounds, Thomas Foley of Halifax captured first place in the 100 and 200 yards sprint, the pole vault, broad jump, hurdle race and long jump.

A yacht race was held on the river in the afternoon, in which ten boats from Digby and Annapolis competed. The race was won by the Guido, owned by Ernest Mills of Annapolis, with the Francis, owned by S. W. W. Pickup of Grandville Ferry, second. A canoe race was won by Francis and Gabriel. Ladies' Capes, Jackets and Ulsters.

Our stock is now about complete and it is one of the best we have ever shown.

LADIES' EQUESTRIAN COATS. We cannot conceive why they are so called, without it is because of the way the pockets are attached on. It is a very jaunty coat, made from golf cloth, comes in dark grey and makes a splendid coat to be worn with a walking skirt, which is so much in favor at the present time. Two prices—\$7.00 and \$10.00.

We have some very jaunty coats in fawn, navy blue and black at \$4.50, \$4.75 and \$5.00. These are three prices which ought to attract people who are wanting a Fall and Winter coat.

THE NEW CLOTHS. Wool frieze seems to be the popular material for this season's suits. It is quite a heavy material, all wool, but not so heavy that it makes the suit burdensome. The beauty of the material is that when it is pressed it stays put. Four prices—\$9.00, \$11.25 and \$15.00.

CHENILLE PORTIERS. Still a few of those Chenille Portiers at \$2.85 a pair. They are the regular \$3.50 quality.

PORTLAND METHODIST CHURCH.

The work of painting and decorating the interior of the Portland Methodist church is being rapidly pushed forward and James Huey, who has the job in hand, expects to have it completed by the 20th inst. A gang of men have been at work for the past three weeks and now have the task well under control. The interior when completed, will make this church one of the most beautiful in the city. All the natural woods are to be done in hard oil finish. The walls will be in a rich shade of terra cotta, the dado and shades being done in stencil relief work. The arches and posts will be in two shades of delicate blue and the chancelers gilded, the blue and gold giving a most pleasing effect. The ceiling will be a light cream shade, with stencil and carmine, to match the walls and arches.

AN ANCIENT MARINER.

A strange boat, with an even stranger occupant, visited the beach at South Bay Monday. He was thin and weather-stained. His grey hair was matted and he looked as if a good square meal and he were strangers, yet he wore an independent air, and his small black eyes sparkled with pleasurable anticipation as he neared the beach. Plainly he did not belong to "our set," nor did he design to explain his mission or his nationality—for he was only a tiny mouse, perched on a small piece of wood, and when his craft was beached, he walked ashore with all due dignity, and quite unconscious of the curious group of chattering folks about him, made off across the fields, glad, no doubt, to reach terra firma once more, after his lengthy sea voyage.

GILMOUR'S CLOTHING

The Best Ready-to-Wear Clothing in Canada.

In our Custom Department we buy our different cloths in one or two suit lengths. This is the rule with others in a similar business. The makers of the clothing which we are about to handle, buy hundreds of yards in every instance where the Custom Tailor procures a suit length; thus in buying immense quantities direct from the mill the minimum of cost is secured. This fact, together with the method of manufacture explained in a previous ad., enables us to offer the public Ready-to-Wear Clothing, which the best dressers in town will gladly wear, and at a price much lower than we can duplicate in Custom Made. We will announce the exact date of our opening in a few days.
