IMPORTED LABOR AGITATOR
REFUSES TO LEAVE CANADA

Chicago Leader Who is Run-
ning the Hamilton Strike,
Ordered Out of the Country,
Appeals for Support From
His Own Government.

CHICAGO, Nov. 25.—The United
States government has been asked
to furnish protection for a labor leader
in conducting a strike in another country.
The appeal came yesterday from
Frederick Pay, who is leading the
street car strike in Hamilton, Ontario.
After the serious riots last Saturday
night in Hamilton, in which many persons
were injured, the Canadian author-
ities ordered Pay to leave the country
at once. Pay declined to go and
instead sent a telegram to Chicago
asking for aid. The message was re-
ceived by President Wm. D. Mahon,
head of the Street Car Men's Union in
the United States, who immediately
sent the following reply:

"Demand protection of United States
consul at Hamilton and stay where
you are."
Mr. Mahon last night said efforts
would be made today to have the mat-
ter taken up at Washington and an in-
ternational question made out of the sit-
uation, which is without parallel, so far
as known.

It is said Pay will be instructed to
insist on his rights as a citizen of the
United States. The chief of police of
Hamilton and Sheriff Middleton, it is
said, both have served in roles on the
strike leader that 24 hours will be
given him to slip over the border. If
the order is met and a refusal, the
authorities threaten to throw Pay into
jail.
Mr. Mahon himself will leave tonight
for Hamilton, and it is said this will
place himself practically in the same
position as Pay, who has recently been
ordered out of the country. The
chief of the street car men's organization,
before he leaves Chicago, Mahon will
confer with Samuel Comper, president
of the American Federation of Labor
respecting the international rights of a
labor leader.

PASSENGERS JUMPED
FROM RUNAWAY CAR

Twenty Persons Hurt—The Car in Flames
Dashed Along the Street

NEW YORK, Nov. 25.—Twenty
persons were injured, one fatally, in
Brooklyn tonight, when a trolley car
from the Williamsburg Bridge,
East from New York, ran away.
The controller box had blown out, throw-
ing the motor to the street. With
the motor box flaming, giving the im-
pression that the entire car was on
fire, the runaway sped on with its
frightened occupants fought to get out.
After a dash of half a dozen blocks,
the car jumped the rails and landed
against the curb. There had been thirty
old passengers on the car and most of
them were hurt, many by leaping from
the platforms. The passenger whose
skull was fractured and died in a
hospital. He had not been identified
last tonight. The other injured pas-
sengers suffered contusions and from
shock. Some of them had to taken to
hospitals. The motorman was badly
burned.

A ROYAL NURSE AND
A ROYAL PATIENT

A Homely Letter from Queen of Roumania,
Describing Her Husband's Illness

VIENNA, Nov. 25.—The Queen of
Roumania has taken the unusual step
of sending a letter to the Neue Freie
Presse concerning the health of King
Carol, signing herself, "Dr. Carmen
Silvia, house physician and qualified
nurse," and heading the missive "no
copyright." The Queen writes explain-
ing that the sense of justice induced
her to break through customary pro-
ceeding of "veiling ourselves in digni-
ty and impenetrable silence," and
proceeds to describe the heroic pat-
ience of the King during his illness of
a year during the latter months of
which he never had a night free from
pain, which he met with clenched fists.
But his goodness and courage, she
continues, have never once deserted
him. The result of the milk diet and a
recomend posture, however, have
been very satisfactory, the pain has
ceased and his nights are peaceful.
The days are passed in reading; all his
tablets are full of books.

"As I have the gift of being able to
read for many hours consecutively,
the Queen says, "we have an interest-
ing life. I jealously insist on sharing
no part of my nursing with anyone
else, and I never had a better patient.
It is a pity no one can glance at the
peace of this sick chamber."

Gordon Division, S. of T., met this
evening in their rooms, Market
building.

BOOKER WASHINGTON'S
WORK AMONG NEGROES

Six Thousand Students Have Graduated
From the Alabama College—Changing
Ideals of the Black Race.

NEW YORK, Nov. 25.—Andrew Car-
negie, according to Booker T. Wash-
ington, who spoke last night at the
Universalist church of the Divine Pat-
rick, says his shoes at Tuskegee, Ala.,
where they are made by colored stu-
dents. The speaker said the students in
the past year made 2,000,000 worth.
There are, he said, more than fifteen
hundred students, representing thirty-
six states and twelve foreign countries.
The value of the institute property, he
said, is now \$500,000. It has an endow-
ment of \$1,500,000 for the material in-
crease of which there is an active cam-
paign on hand.

"We are changing the ideal of the
black race," declared Dr. Washington.
"We are teaching them that labor is
honorable and that fitness is not and
they are recognizing it too,
and they are for the most part sober,
industrious, useful men and women."

SUSSEX GROWING AS
INDUSTRIAL TOWN

SUSSEX, Nov. 24.—The hardware
and tinware business so successfully
conducted here by H. H. Dryden for
the past 23 years has recently been or-
ganized as a stock company, known as
the H. H. Dryden Co. Ltd., with a
capital stock of \$50,000. The new com-
pany is housed in three new ware-
houses on an extensive scale and also
manufacture cheese factory and dairy
supplies as well as a full line of tin-
ware.

The new factory, 50x25, two stories
high, is ready for the installation of
the machinery, which will comprise
power presses, double saws, folders
and power rollers. The power will be
gasoline. T. H. Carvell will have
charge of the machine department, and
E. S. Farren will be shop foreman.
About 20 hands will be employed.

The company also has a plan to have
a growing business as jobbers in shelf
and "business" hardware of all kinds.
They are agents for the Bestway line
of Dryden goods throughout the province.
The wholesale department of the busi-
ness is housed in three new ware-
houses 40x25, 35x25, and 30x25.

Great expansion also has been made
in the retail branch of the business.
The H. H. Dryden building has been
renovated and refitted as the tinware
and hardware department. Within it is
connected with the main store. In the
main store, 25x100 feet, is to be found
every article of tinware, including
tinware, china, silver and cut glass.
In addition to the tinware, the retail
department will carry a full line of
household articles, including a full
line of tinware, china, silver and cut
glass. A variety of the tinware, such
as tinware, china, silver and cut glass,
is the president of the board of direc-
tors. The others are G. W. Fowler, M.
P., vice-president; G. W. Short, secre-
tary-treasurer, and L. McAvity of
St. John.

The Young People's Society of the
Main Street United Baptist Church
gave a pleasant social and entertain-
ment in the vestry of the church last
evening. A juvenile quartet from the
Sussex orchestra played several selec-
tions, and the Misses Daisy and Mar-
ion Brown gave a piano duet. A dainty
lunch helped to round out an excellent
program, which was thoroughly en-
joyed by all.

Nelson B. Smith, of the firm of Smith
& Proctor, dealers in dairy products,
Halifax, was here this week in the in-
terests of his firm. While here he was
greatly taken with the pair of Shel-
land ponies owned by John H. Morris-
son. A bargain was quickly closed at
a good figure, and the ponies will be
shipped to their new home on Monday.
These ponies were brought out from
Inverness by Mr. Morrison when he
returned from a visit to Scotland four
years ago. They are pure bred and
have been much admired wherever
seen.

Major Laybourn, D. S. A., was here
yesterday and today inspecting the
government armory and the rifles of
the Sussex R. A.

The funeral of the late James Nieb
will take place on Tuesday afternoon
at 2.30 o'clock from the residence of
his sister, Mrs. J. Paterson, corner of
Winslow and Market Place, West End.

At 3.15 o'clock this morning the sig-
nal station signalled that a coal laden
steamer passed Westport, Erie Island,
bound in.

FALL RIVER, Mass., Nov. 25.—Word
was received here today that the man
who was found dead last Thursday in
a logging camp at Wells, Me., was
Michael Down, a native of Ireland, who
disappeared from this city thirty-two
years ago.

Down was found in his bed in the
camp Thursday, death being due to
natural causes.

A NEW ALLAN LINE
SERVICE TO ST. JOHN

London-Havre Boats to Come
Here This Winter
Instead of Going to Portland—The Ser-
vice a Fortnightly One and for Freight
Only—Halifax a Port of Call

The Star learns that one of the
steamship lines which heretofore has
gone to Portland during the winter
season, will this year come to St. John.
The Allan's London and Havre service,
consisting of two sailings a month,
which has been in operation for some
years between those ports and Mont-
real in the summer, and to Portland,
Me., in the winter, has been diverted
to this port in the hope that the freight
business may be more rapidly develop-
ed.

The first boat of this line will be the
Sarmatian, which, however, for some
reason, is not coming to St. John, but
will sail from Halifax about December
6th. She will be followed by the Sar-
dian, which is due to leave here on
the 26th of December, then by the
Pomeranian on Jan. 10th, and the Sar-
dian again on Jan. 31st. These last
mentioned steamships will perform the
winter service, the Sarmatian being
withdrawn after her first trip to Hal-
fax.

The Allan line has had this service
in operation for only a comparatively
short time and the business is regarded
as a growing one. It is for freight
only, as the passenger traffic, of course,
is not sought on these slower boats.
It has been arranged that all the
steamers will discharge their whole in-
ward cargoes at St. John and will call
at Halifax, where they may offer on
the east-bound voyages. This will
prove an addition of some ten per
cent to the 1907 season to St. John.

SAYS THE SPHINX IS
NO LONGER A MYSTERY

BIRMINGHAM, N. Y., Nov. 25.—
Rev. J. W. Phillips of this city be-
lieves that he has solved the riddle of
the Sphinx. Dr. Phillips is one of the
best students of Egyptology in this
country, from his extensive reading on
this subject he arrived at a conclusion
that the sphinx is a composite of the
head of a lion and the body of a woman.
Some time ago he submitted his
ideas to the American Archaeological
Society, who in turn submitted them
to some of the Egyptologists of
Europe from whose opinions he has
derived his conclusions. He believes
that the theory is "ingenious and
probable." Yesterday Dr. Phillips re-
ceived an invitation to explain his
theory more fully in a paper to be read
before the archaeological society in the
spring. Until he reads that paper,
Dr. Phillips will not explain his solu-
tion of the riddle.

STREET CAR SMASH
KILLED ONE WOMAN

PITTSFIELD, Mass., Nov. 25.—Mrs.
Patricia Scanlon, sixty years of age,
of Dalton, Mass., was instantly killed
and six other passengers slightly injur-
ed in an accident on the Hinsdale line
of the Pittsfield Street Railway Com-
pany, near the junction of Tyler and
Burbank streets, in this city, this af-
ternoon. The forward trucks of the
rear car left the track, causing the car
to tip over on its side and afterward top-
ple over on its side.

The accident is supposed to have
been caused by a stone having become
wedged between the rails.
The injured are:
Jas. L. Bacon, of Pittsfield, member
of the firm of Casey & Bacon; severe
scalp wound.
Mrs. Geo. L. Waterman, suffering
from shock and numerous contusions.
James Brophy, of Dalton, his two
sisters, Mary and Anastasia, Brophy,
suffering from shock and minor
bruises.

Mrs. Wm. C. Root of Pittsfield, minor
bruises and shock.

HUSBAND AND WIFE
FOUND DEAD TOGETHER

TOLEDO, O., Nov. 25.—Mr. and Mrs.
James Scott Mitchell, of Salem, Mass.,
were found dead in bed in a rooming
house here tonight. When their room
was entered a strong odor of formalde-
hyde gas was noticed. Coroner Ver-
mylia rendered a verdict of double
suicide. Later investigation, however,
revealed facts which tended to show
that Mitchell dragged his wife and
caused her death and then committed
suicide by the same means. The two
had been travelling together for sev-
eral years, the woman being a pianist,
known as Olive Courtland.

The parents of the dead woman, Mr.
and Mrs. D. O. Chittenden, of Salem,
Mass., have been notified.
No cause for the murder or suicide is
known.

THE BATTLE LINE

FUNCHAL, Madeira, Nov. 25.—Arrived
steamer Eretia, Capt. Mulcahy,
from Cardiff.

BRUNSWICK, Ga., Nov. 24.—Arrived
steamer Schlanza, Capt. Purdy, from
Baltimore, for Savannah, Manchester
and Liverpool.

ST. LUCIA, Nov. 24.—Sailed steamer
Trebia, Capt. Hilton, for United States.

THIS BOLD HIGHWAYMAN
TRIED IT ONCE TOO OFTEN

THE GALVESTON IS
EXPECTED HERE TODAY
But Will Not Commence Work at the
I. C. R. Pier for About a Week.

The dredge Galveston which is to do
some work at the I. C. R. pier, will
probably reach the city early this
evening. She left Quebec on Saturday,
Nov. 21, and put into Liscomb harbor
on Friday last for shelter from the
storm. She is travelling under her own
steam and covers about eight knots.
The Galveston is the most powerful
dredge of her kind in the world. She is
capable of digging 500 cubic yards of
material in a day. The dredge has been
working at Quebec for some time past
and the officials say she has done good
work.

Being a suction dredge, the Galveston
can work in fifty feet of water, some-
times which the dredges now here can-
not do. No scoops are used as chambers
are provided on the dredge which hold
1500 cubic yards of material. To empty
these, the dredge steams out the har-
bor and by an automatic device the
material is cleared inside of five
minutes. The Galveston carries a large
crew, Capt. Carron is in charge.

F. W. Cowie, of the Marine and Fish-
eries Department, was in the city yester-
day. He visited the I. C. R. pier
and stated that it is a question if the
Galveston can do work in the hard
mud. It will evidently be an experiment
to see if it has previously been cleaning up
sand and loose material. Mr. Cowie
states that the dredge will remain here
all winter.

As the Allan Line Parisian is due
to arrive in a day or two, the Galveston
will not commence work for about
a week.

DESERTION INCREASING
IN UNITED STATES ARMY

WASHINGTON, Nov. 25.—Desertion
is on the increase in the United States
army. The annual report of the mili-
tary secretary shows that in the year
ended June last, there were 4,238 de-
sertions, or 14 for every 100 soldiers in
the army. In 1905, the rate of deser-
tion was only 63, and for the three
years previous to that time the rate of
desertion was only 61.

BRIEF DESPATCHES

CAPE HENRY, Va., Nov. 25.—The
battleship Louisiana, having on board
President Roosevelt and his party,
passed in by the Capes at 9 o'clock this
morning.

HERKIMER, N. Y., Nov. 25.—Dr. A.
O'Donoghue went on the witness stand
in the Gillette trial here today and tes-
tified that Grace Brown was killed
injuries inflicted before her body fell
into Big Moose Lake, where it was
found.

PORTSMOUTH, Eng., Nov. 25.—A
first class steamer named Nodal, one of
the ringleaders of the naval outbreak
here on November 4, was sentenced by
the court martial today to five years
penal servitude on the charge of partici-
pating in a mutinous assembly and
inciting others to participate in it.

KING GEORGE TO VISIT
THE POPE THIS AFTERNOON

ROME, Nov. 25.—After many contra-
dictory reports it was finally decided
this morning that King George of
Greece would visit the Pope this after-
noon. His Majesty will first go to the
British embassy, where his daughter,
the Grand Duchess Michaelovitch
of Russia, has been stopping and together
the King and Grand Duchess will drive
to the Vatican. King George will leave
Italy tomorrow for Greece.

GARUSO APPEALS.

NEW YORK, Nov. 25.—Judge O'Sulli-
van, in the court of general sessions
today signed an order granting a right
to appeal in the case of Enrico Garuso,
the Italian opera singer, who was
found guilty in the municipal court
at Central Park and fined \$10.

STEAMER NOTES.

The Pickford & Black steamer
Orinoco, Capt. Bala, will sail for the
West Indies via Halifax at 7 o'clock
this evening.

The Donaldson liner Orthis, Captain
Horsburgh, sails for Glasgow via Balti-
more at eight o'clock this evening.
This is the last boat of the summer
service.

The Donaldson liner Alcides will
sail from the west side dock to the
east side dock this evening, after the
Orthis sails.

When the big C. P. R. tug arrived it
was stated that she would assist in
the towing of C. P. R. steamers. It is
now stated that besides towing on the
C. P. R. boats, she, with the Lord
Kitchener will do the Donaldson line
towing this year and some of the local
tugs will do a certain amount of

Held Up a Passenger Train
and Searched Many of
Those on Board, But Was
Speedily Disarmed and
Placed Under Arrest

KANSAS CITY, Nov. 25.—A most
daring train robbery was committed
10 miles east of Kansas City early to-
day. Between Slater and Armstrong,
Mo., a distance of 11 miles, a masked
man, who was armed with a revolver,
robbed twenty passengers in three cars of the fast
east-bound combination Chicago and Alton-
Chicago, Burlington and Quincy pas-
senger train. After half an hour's
he secured approximately two thou-
sand dollars, besides several watches
and other pieces of jewelry. The man
finally was overpowered by Conductor
Heywood, who knocked a revolver
from the robber's hand and forced him
to the car floor. The robber was bound,
made to disgorge and four hours after
the robbery, was committed to jail.
The robber, who said his name was
Truheart, and he came from California,
was recognized by the engineer as
the same man who on November last
in an exactly similar manner and at
the same place on the road, went
through the rear sleeper of an east
bound Chicago, Rock Island and Pac-
fic over-land limited, which on this
division runs over the Alton tracks.
Truheart, who refused to give his full
name or tell what town he came from,
said that it was his brother who had
held up the Rock Island train. The
train robbed this morning was No. 24
which left Kansas City at 9 o'clock
Sunday night. From Kansas City to
Mexico, Mo., the train is run over Rock
Island tracks. At Mexico it is cut in
two, the Alton portion continuing to
Chicago and the Burlington portion go-
ing to St. Louis. The train reached
Slater at midnight and when it started
out of that place five minutes later
Truheart boarded the smoking car.
The upper part of his face was covered
with a mask. Leaning a revolver at
two passengers in the seat nearest the
door he ordered them to pass over
their money and valuables. The men
complied and when Truheart placed
the stuff beneath his belt and proceed-
ed to give his commands in a loud
voice to a man in the next seat for-
ward, the car-full of passengers were
thoroughly aroused and ready to com-
ply. When the robber had systemat-
ically relieved the passengers in the
smoking car of their belongings he passed
to the door, keeping them covered. It
was a 25 minute run from Slater to
Glasgow, and he was away from the
latter place. As the train stopped at
Glasgow he swung out and boarded
the chair car as it rushed by. He
was later taken to the station and
there he was searched by the men and
the robber's tactics in the smoker were
repeated. Next he entered a sleeper
and again his commands to the luck-
less passengers to surrender their valu-
ables.

Conductor Heywood appeared on the
scene here, and Truheart with the
command, "Throw up your hands,"
pointed his revolver at the conductor's
breast. Instead of complying, the
conductor knocked up the weapon,
threw himself upon the man and bore
him to the car floor. The men pas-
sengers in the car came to the con-
ductor's aid and the robber was literally
pinned to the floor.

When Armstrong was reached at
9.50 a marshal boarded the train and
that Truheart was tied hand and
foot and took him to the station. He
refused to talk, except to berate the
passengers for cowardice and to de-
clare that Coywood was the only nery
one among them. The money and
jewelry was taken from him, and the
train proceeded.

Truheart was taken to Glasgow on
the next westbound train, and at 3.50
this morning not quite four hours after
he boarded the east-bound train and
he was placed in jail. He ap-
pears to be thirty-two years of age
and his description tallies with that of
the Rock Island robber, and the en-
gineer of last night's robbed train,
positively identified him as the same
man.

A young Englishman procured the
right, a few days ago, to sell pictures
of Tennyson Smith. On Saturday
evening he was present at York The-
atre and managed to sell a number of
pictures of the lecturer. On leaving
the theatre he picked up another per-
son's hat and proceeded home. Shortly
after, the owner of the hat, accom-
panied by a "top" overtook the ven-
dor of pictures and a settlement was ar-

GOLD FIND IN ENGLAND.

One Equal to That of the Rand Mines Said to Have Been Discovered
LONDON, Nov. 24--According to the Pall Mall Gazette, a gold discovery was made the past summer about two hundred miles from London. Hitherto the secret has been very closely guarded.
A report made by engineers declares that the ore vein extends from eight to ten miles, with a width of from six to fifteen feet. The engineers have no doubt that it is of great depth. The ore is identical with that found in the main vein of the Rand, and the prospects, it is declared, are as good as were those of the Rand. The report goes on to say: "The mine should be quite as good as the best belonging to the companies operating on the main reef of the Rand."
The ore averages eighty grains to the ton. A syndicate has been formed, with a capital of \$245,000, to work the find.

NOTORIOUS CRIMINAL GETS EIGHTEEN MONTHS

MILWAUKEE, Nov. 24--Samuel Levine, of Boston, Mass., who has a long record of crimes, was sentenced to eighteen months at the House of Correction by Judge Brazor today for passing a suspicious check at the Milwaukee hotel. Levine as he calls himself had gone under the names of Levine, F. Field, Jackson, Hoffman and Lewis. According to the local police the prisoner is wanted at Boston Providence, Fall River, Lewiston, Portland, Rutland, New York and elsewhere because of forgeries.

MANIAC "MARTYR" SKIPS FROM ASYLUM.

WELLINGTON, New Zealand, Nov. 24--Lionel Terry, the Englishman, who was sentenced to death for the murder of a Chinaman last year, and removed as insane to Sunnyside Asylum, Christchurch, escaped yesterday.

It is believed that he obtained a key, and that friends were waiting outside to take him away. No trace of his whereabouts has been discovered.

The crime for which Terry was tried and convicted is one of the most remarkable on record. He is stated to belong to an old Kentish family and to have been educated at Eton and Oxford. He was for some time in the army, and then traveled abroad extensively.

His travels imbued him with the ideas of a "yellow peril," and he published a book on the subject called "The Shadow of the Empire," which dealt with the danger of the unrestricted admission of yellow races to British Columbia.

The book was published in New Zealand, but it failed to attract the attention which the author wished. He frequently declared that he would have the work widely read at all costs, even if it involved "martyrdom."

He left his hotel one day in Wellington, and spying a Chinaman, walked down the opposite side of the street, drew a revolver and shot him dead. Then he walked calmly back to his hotel and awaited arrest. It told the police that he had shot a worthless Chinaman in order to draw public attention to a menace to the empire.

UP-TO-DATE BURGLAR.

LONDON, Nov. 23--A man named Harry Cullingham, who was arrested at Birmingham yesterday in connection with the attempted theft of a large quantity of silver from the premises of Messrs. Y., Nov. 24.—In a quarrel which started at a wedding celebration tonight at the home of Wm. Volkmar on Cross street, Volkmar was fatally stabbed. Two of his guests, John Silva and Frank Koyinko, who are said to have engaged in an altercation with Volkmar disappeared after the stabbings and had not been found by the police late tonight. The stabbings occurred on the sidewalk in front of Volkmar's home, and in the presence of a large party of the wedding guests, none of whom are said to have realized that there was a serious altercation until Volkmar fell mortally wounded, with blood flowing from a slit wound in his neck.

LIBERAL Convention Called. To the Liberals of New Brunswick: It is my desire to meet the Liberals of New Brunswick in convention. Nearly three years have elapsed since the last general meeting; it is also the judgment of many friends that such a gathering should take place for the purpose of perfecting party organization in all the counties of the Province. To that end, I would invite all Liberals who can make it convenient to do so to attend at Berryman's Hall, in the City of St. John, on Thursday evening, 27th December next, at 7:30 o'clock. This invitation is extended to all Liberals in New Brunswick who are interested in the success of the party and the good government of the country; but I would especially ask the Liberal Associations and Liberal Clubs of the various counties throughout the Province to authorize to represent them at the convention.

**FIRE DESTROYS
OLD SCHOOLSHIP**

**The Algebras Burned to
Water's Edge at Toulon**

**Only Three Out of 500 Men on Board
are Missing—Explosion Was Feared
—Other Vessels in Danger**

TOULON, France, Nov. 25.—The torpedo schoolship Algebras, stationed in this harbor, was totally destroyed by fire at a late hour this evening. There were 500 men on board when the fire broke out, but it is believed that most of them were saved.

As soon as the men had been taken off the flaming vessel the efforts of the authorities were directed to safeguard the other ships anchored in the vicinity of the Algebras, including the new battleship Patrie and the torpedo gunboat La Hire. These two warships were towed to places of safety. The authorities came rapidly to the conclusion that the Algebras was doomed and she was left to burn herself out.

The discipline displayed on board the Algebras was excellent. A majority of the men were cool. The small boats of the Algebras were launched, filled with men and rowed away, while those who could not leave in this manner awaited the arrival of their rescuers. A few men, however, were forced by the flames to jump overboard and swim away. Six torpedoes on board the schoolship exploded while the men were leaving the vessel.

There was much fear during the height of the fire that a torpedo magazine on shore would become ignited, but this was prevented by detaching the magazine with heavy streams of water from powerful fireboats.

It is not known whether the fire originated from an explosion of powder or broke out among the stores on board.

The Algebras had been used as a schoolship since 1894.

TOULON, Nov. 25.—It is thought that the fire which broke out tonight had been smouldering all day long in the vessel's bunkers. This would account for the sudden breaking out of the flames at practically the same time on different parts of the ship.

There is some uncertainty as to whether the three missing men were really burned or not. It is reported that they were last seen standing on deck and when ordered to jump into the water they replied they could not swim.

The burning of the school ship created the greatest alarm throughout the city. News of the fire was first conveyed at about 11 o'clock by the firing of cannon in the harbor. The people hurriedly left the cafes and theatres and rushed to the docks, whence they could see the Algebras a mass of flames in the harbor.

The burning vessel stood out brilliantly in the encircling darkness, and the glare of the flames lit up the other shipping and the coast.

There was terrible anxiety concerning the fate of the 500 men on board until the authorities announced that everybody had been taken off in boats and saved, with the exception of three. These men did not answer the roll call and it is presumed they were burned to death.

The entire garrison here was called out to render assistance, and the crews launched their boats to go to the rescue of their comrades who were on board the Algebras for purposes of instruction. Tugboats and fireboats, as well as several steamers lying in port, slipped their anchors and likewise went out to help. Organized efforts were made to put out the fire, but in vain, the flames quickly spread to all parts of the ship and she was blazing from stem to stern almost before the men had time to leave her.

The Algebras was a ship of the line, and for a number of years past she had been doing duty as a harbor vessel and employed as a torpedo training ship. She was 2047 tons displacement, and built in 1895.

**MAYOR AND CORONER OF
BUCKINGHAM ARRESTED**

MONTREAL, Nov. 25.—The arrest of Mayor Vallee, Coroner Rodriges and six strikers is the latest development in the recent Buckingham strike.

The charge against the mayor and coroner, both of whom are magistrates ex officio, is that they neglected their duty and failed to use proper methods for the repression of the strike. The strikers arrested are H. Hamlin, H. Charrette, L. Landry, J. B. Clement, C. Beaudin and George Robinson.

Kenneth P. McCaskill, chief of the provincial police, made the arrests. The accused were immediately taken before Judge Choquet, who allowed bail. They will again come before him on Monday.

Considerable excitement has been revived in town over the affair.

**Soldiers and Police Out in Full Force in Hamilton
Streets—More Than One Hundred People Injured,

Arrests Made.**

HAMILTON, Nov. 25.—Soldiers and police were out in full force Saturday. Such a crowd gathered in the central part of the city that Sheriff Middleton had to read the riot act from City Hall at 7.15 this evening. That did not appear to scare the people and the policemen drew their batons, cracking heads right and left. They were backed up by forty mounted dragons and over one hundred infantry with fixed bayonets. They cleared out the district surrounding City Hall for a couple of blocks, but the crowd was very stubborn. In spite of all the display force stones were heaved through the windows of the cars by crowds standing in sheltered spots and shouting "lead" and all sorts of insults at the soldiers and police. The police made wholesale arrests. Everybody in sight, whether a sympathizer or not, got a baton on the head, and fully 100 people have been injured. One of those hurt was a son of Col. Stone-

man of the 18th. He was taking no part in the disturbance, but could not evade the crowd. Dragons rode up and down both first bayonets. A man was arrested for assaulting Col. Septimus Denison of G. G. B. G. The man was ordered him away. He used his whip on the colonel. Constable Halla was badly injured by a stone. People cheered the sheriff when he read the riot act.

**CANADA WILL CANCEL PRESENT
POSTAL AGREEMENT WITH U. S.**

**Postal Authorities Not Satisfied With Regulations Governing Exchange
of Second-Class Mail Matter — Is Injurious to Trade Interests
of the Dominion.**

OTTAWA, Nov. 25.—The Canadian postal authorities have abrogated the convention with the United States for the exchange of second class mail matter, thereby making a beginning toward the settlement of an old dispute. Many years ago it was agreed by the governments of the two countries that each should handle all the newspapers and other second class mail matter originating in the other country free of charge. This arrangement operated decidedly to the disadvantage of Canada, for not only did the United States offer Canada ten times the weight of newspapers Canada received the United States, but the Americans threw open their second class to printed matter that in Canada was treated as advertising merchandise and only carried at the rate of eight cents a pound. As it originated in the United States it came to Canada as second class matter and was carried at the rate of one cent or half a cent a pound according to circumstances.

(Associated Press Despatch.)
WASHINGTON, Nov. 25.—The Post Office Department will be guided by Congressional legislation in dealing with the issue raised by the Canadian Government in abrogating the provisions of the postal convention between the two countries relating to second class matter which, according to Canada's notice will expire May 1, 1907. This provision permits the transmission through the mails of periodical publications, which include newspapers at the rate of one cent per pound. A joint committee of the Senate and House of which Senator Penrose is chairman, has been engaged since October 1 in taking testimony covering the whole subject of second class mail matter, and an outcome of the inquiry, the general expectation is that some legislation will be enacted. If no legislation is enacted, then the two governments will fall back of the international union postal rates when the provision in the existing treaty expires, unless in the meantime Canada comes forward with a new proposition for the consideration of this Government. The International Postal Union rate on second class matter is one cent for two ounces.

For some time past the Canadian government has found fault with the construction placed on clauses of second class mail matter by this government when it came to the matter of its application for transmission through the Canadian mails. Probably one hundred different periodicals which are transmitted through the United States mails at second class rates have been denied similar privileges in the Canadian mail service, although some of them were subsequently restored to the privilege. American periodicals which enjoyed a large circulation throughout Canada which with their attractive advertisements, it is suggested at the post office department, have been prejudicially to the trade interests of the Canadians, and to the periodicals published there.

UNITED COBALT EXPLORATION COMPANY OF NEW YORK TAKE OVER FOSTER AND OTHER NOTED MINES
TORONTO, Nov. 25.—The announcement that the United Cobalt Exploration Co. of New York had taken over Foster and other noted Cobalt properties is explanatory of the suspicion that has been abroad for several days that all leading silver properties of Northern Ontario will ultimately be controlled by a few large holding companies. It is not actually by one dominated by Guggenheims. It is not said that Trethewey is included in the purchases by the United Cobalt Company, but it is understood that C. J. McCaughey had had overtures made to him for the possession of this property and that his mission to New York during the week was in regard to the proposition. One prominent broker says he is satisfied that Trethewey control has passed, and that if it was not gone to the United Cobalt Company then another big holding company had taken it in. Excitement among Toronto brokers will not be assuaged until the market opens Monday, when some indication of the vastness of financial formations now going on may be obtained. Altogether the company has bought 308 acres of land in the heart of the Temiskaming silver producing area. These properties represent some of the best producing mines and prospects that the camp possesses.

**POSTMASTER AT
CARLETON 48 YEARS**

James Reid, one of the best known citizens of Carleton died at his home in the West End at 6:30 on Saturday evening. Mr. Reid was in the eighty-fourth year of his age.

For forty-eight years Mr. Reid held the position of Postmaster of West St. John, only resigning about a year ago. The deceased leaves two daughters, Mrs. Fred Bassett, of Boston and Mrs. Humphrey, of Sackville. E. W. Elliott, of the Elliott Hotel and Levi Elliott, of Orient, Maine are half brothers; Mrs. Wallace, wife of J. J. Wallace, General Freight Agent of the I. C. Railway is a half-sister. The funeral will be held on Tuesday at 2:30 from Mr. Reid's late residence. He was eighty-eight years of age. The deceased is survived by two daughters and two sons.

**Crapsey Says He Will Not
Make "Cowardly Retraction"**

ROCHESTER, N. Y., Nov. 25.—Bowling to the will of the church, but refusing to make a "cowardly retraction" of the belief which induced the church to terminate his ministry, the Rev. Algernon E. Crapsey, rector of St. Andrew's Church of this city, today renounced his ministry in the Protestant Episcopal faith in a letter to Bishop Wm. D. Walker of the Western Diocese of New York. In this letter Dr. Crapsey reaffirmed his belief that the "motion of the origin of Jesus that a son of man was born without a human father is without foundation in history."

He also asserted that "when I say of Jesus that He ascended into Heaven, I do not mean and cannot mean that with His physical body of flesh, blood and bones. He floated into space and has for two thousand years been existing somewhere in the sky, in that very physical body of flesh, blood and bones."

Declaring that he is about to carry the case to the free intelligence and enlightened conscience of the world, he counsels the "hundreds of clergymen and thousands of laymen in the Protestant Episcopal church who have reached the same conclusion" as he has not to be dismayed and to stay where they are.

"I appeal," he says, "from those in places of authority in the church itself to the great body of people." He asserted that he does not blame his judges and that, though he bows to their will and feels that it is final for him, he says: "I am equally certain that it is not final for the church."

**City Ministers Deplore Apathy in Regard
to Scott Act Law Enforcement—
Farewell Sermon**

MONCTON, N. B., Nov. 25.—City officials and particularly the police committee were subjected to another severe and scathing criticism tonight at the hands of Rev. H. E. Thomas, who some time ago started a temperance crusade. He blamed principally the chairman of the police committee for laxity of Scott Act enforcement, and criticised the civic administration quite severely.

In the Presbyterian Church, Rev. D. MacOdrum, preaching on temperance, congratulated Magistrate Kay on his action in fining Scott Act violators and wanted to know why the jail was not cleaned out and Scott Act offenders over whom jail sentences are handed, punished.

Rev. Geo. W. Whitehouse tonight preached his farewell sermon to the congregation and the church was crowded to such an extent that many people were unable to get an entrance. At an impressive men's meeting this afternoon a great tribute was paid to Rev. Mr. Whitehouse's efforts in organizing the Christian Brotherhood men's society in connection with his church, from which similar organizations have been formed in all of the churches. There were about three hundred men present and Mr. Whitehouse in his farewell remarks was visibly affected.

The body of George C. Budd, the Moncton boy killed in Regina, arrived home Saturday afternoon. Robert Hutchison, of the Hotel Brunswick here, is to be married Wednesday to Miss Clarke at Summerside, P. E. Island. Friday night he was presented by a number of Moncton friends with several gifts.

**DEAD LEVEL LINE
TROUGH MOUNTAINS**

OTTAWA, Nov. 25.—The government has approved of the Grand Trunk Pacific route maps from Edmonton through the Yellow Head Pass. This is the line which will enable the construction of a dead level line through the mountains. The Canadian Northern had a route map through the same pass before the Minister of Railways on Saturday. Hon. Mr. Emmerson reserved his decision for the approval of this plan until it was investigated to see whether it would occupy the available room in the pass to the exclusion of other lines. It may be necessary eventually to connect all railways to use the pass over one set of rails.

The government now supposes that the debate on the address will be finished and the business of the house will be in such a position that the Finance Minister will be able to bring down the budget and disclose the new tariff on Thursday. It will certainly come down not later than Friday.

ON FIELDING'S SPEECH**

OTTAWA, Nov. 25.—A London cable says: "The Saturday Review says the speech of Hon. W. S. Fielding at Montreal, Tuesday, adds significantly to the importance of a colonial conference in 1907. The Spectator says Fielding is handling ably a difficult situation. The Outlook says Fielding should stand higher than ever with his countrymen for his remarkable speech. The Statist hopes Fielding's speech will be taken to heart by the whole people."

A BRILLIANT SUCCESS**

OTTAWA, Nov. 25.—The annual drawing room was held in the senate chamber Saturday night. It was a function of great brilliancy from a social standpoint. Lord and Lady Grey stood on the throne for two hours in the senate chamber while the leading ladies and gentlemen of Canada's social, business and commercial life filed down between two rows of military officers and paid their respects to the King's representative in this country. About seven hundred ladies and gentlemen made their bows to Lord and Lady Grey and afterward mingled in social intercourse in the spacious senate premises. The drawing room was one of the most successful ever held.

On Saturday evening last Mr. and Mrs. Scott Akery were pleasantly surprised at their home on Main street by a number of their friends, it being the fourteenth anniversary of Mr. and Mrs. Akery's marriage. About forty guests were present, and Mr. and Mrs. Akery were presented with a handsome china dinner and tea set. Refreshments were served and the evening was pleasantly spent with games and amusements.

At the opening lecture in Geology this year, it was intimated by Dr. Bailey that this would be his last year of active service in the university. For forty-six years he has been a very proficient instructor, and the amount of work he has accomplished is very great. Dr. Bailey has always exhibited a strong sympathy for student life, and throughout his long career has often been called "the friend of students." Perhaps the most popular course of lectures in his work are those in Geology. For many years, from pure love of the scientific work, and in connection with the geological survey of Canada, he has spent the summer months in geological study in Eastern Canada, and especially in New Brunswick. A great part of his lectures are results of his own investigation, and have therefore an added interest and value. Dr. Bailey is without doubt the best authority on the geological history of this part of the Dominion, and his retirement will be a distinct loss to the University.—N. B. University Monthly.

YOUNG CLAYTON WILL GO TO THE REFORMATORY. Young Robert Clayton, who has confessed to breaking into three stores about a week ago and stealing candy and candy will probably be sentenced to a term in the reformatory tomorrow. The boy has been in jail for a week awaiting sentence and for the arrest of two boys Moore and Monahan, whom he implicated in the robbery. The two last named youngsters have given the police the slip, so young Clayton will have to face the penalty alone.

FINED TWENTY DOLLARS FOR SMASHING A DOOR

Bobby Dixon Once More in the Toils—The Usual Speech Was Forthcoming.

There were five prisoners on the police court bench this morning. Two drunks were fined four dollars each. Thomas Connel and Herbert Lobb were charged with breaking a door on Main street.

Edward Horncastle said that shortly after noon Saturday he saw the prisoner breaking in the back door of the house, 47 Main street. The glass and lock were broken. Witness followed them and they threatened to beat him. He gave the two in charge as they said they were not done with the matter and he was afraid because at the time his wife was not well.

Frank Danville testified that he saw the prisoners break in the door with a piece of deal.

Wm. Riddock testified that it was his door that was broken, and that Connel entered the house and used abusive language.

Lobb said he had nothing to do with the breaking of the door. They were each fined twenty dollars or two months in jail.

Bobby Dixon was charged with being drunk on Mill street. He pleaded not guilty and as usual made a speech.

Policeman Ross said that Dixon was drunk, had been ejected from the Salvation Army Home, and nearly fell through a window on Mill street.

Bobby claimed that the policeman said he made the arrest to get off duty a couple of hours earlier, and he also charged the officer with using profane language and threatening to bury the baton in the prisoner's head. Like all other assertions by Bobby they were not taken seriously.

SALVATION ARMY.

All the city corps will unite for this occasion.

It will be remembered by many old soldiers and soldiers that Brigadier Southall was the officer commanding No. 1 corps 2 years ago, also divisional headquarters staff, and all the city officers. All the city corps will unite for this occasion.

BAPTIST MINISTERS.

United Baptist ministers met in weekly session today. There were present Revs. Gideon Swin, who is supplying at Victoria Street; J. Hughes, Dr. Blair, D. Hutchinson, Dr. Manning, A. B. Colton, W. McMaster, P. J. Stackhouse. The usual reports were heard. Rev. J. Hughes supplied yesterday at Waterloo street.

Three young women and a young man were baptized yesterday at the Tabernacle.

Dr. W. Dr. Hutchinson introduced a very interesting discussion on the temperance problem.

The following exchange was agreed to for the second Sunday of December: German St.—Rev. D. Hutchinson, Brussels St.—Rev. P. E. Bishop, Tabernacle—Rev. W. McMaster, Main St.—Rev. A. B. Colton, Victoria St.—Rev. P. J. Stackhouse, Fairville—Rev. Gideon Swin.

PROBATE COURT.

In probate court today a petition was presented by W. F. Robinson, guardian, executor of the estate of T. W. Bernard, for the passing of the accounts of the estate. A citation was granted, returnable Jan. 14, 1907 personal. B. R. Armstrong, proctor.

Some time ago letters of administration of the estate of Miss Mary Crowley were granted to Wm. Young and J. J. Johnston, the executors of the estate of James Crowley, brother of Miss Crowley. Today a petition was presented by Mrs. Henrietta Jones claiming that she is the niece of Mary Crowley and asking that the letters be cancelled and letters of administration granted to her. A citation returnable Dec. 17 was granted. H. H. Pickett, proctor.

WEST SIDE MATTERS.

West End matters were quieter than usual this morning. The Beaver was digging at No. 4 site, and the city dredge was working at No. 3 berth. D. C. Clark had a large crew of men working on No. 3 crib, and the structure is being rapidly built.

The extra timbers used to strengthen the crib, which were ordered to be put in by the board of works, have been placed. No. 4 crib is ready, and will be sunk as soon as the site has been cleared.

THIS EVENING.

Opening of the Nannary Remite Co. at the Opera House. Meeting of St. David's Y. P. A. Missionary meeting in Ludlow Street Baptist Church. Social evening by Ladies' Auxiliary, A. O. U. Meeting of St. Stephen's Church Guild. Meeting of Gordon Division, Sons of Temperance. Temperance lecture in York Theatre. Bank at St. Andrew's Hallway. Band at Victoria Rink. Considerable delay is being caused in the work of erecting the new Royal Bank building owing to a car of stone not arriving.

CONTRACTORS GOING INTO THE LUMBERING BUSINESS

For the past couple of months Messrs. Clark and Adams, the local contractors, have had a gang of men cutting lumber in the woods at Garnett's Settlement and have at present a good stock on hand for the winter's sawing. These men are expected to turn out from 20,000 to 25,000 feet of lumber a day and about 20 men will be employed during the winter. Messrs. Clark and Adams expect to enlarge the plant later and intend to make lumbering as successful to them as building contracting has been.

UNGAR'S LAUNDRY WAS VISITED BY A THIEF

Some time early Sunday morning an entrance was effected into the Ungar Laundry office on Waterloo street by a thief who broke in from the rear of the building, which at present is under repair.

The cash register was broken open and the thief was no doubt disappointed as he secured only a few cents, which had been left in the register Saturday night. The police will be notified and this latest break will be placed on the list with a number of others still to be investigated.

AWARDED DIPLOMAS.

Refinement in Mufflers

Superb Importations. Cosy, and Fast-Colored. Storm Neck-Wraps also.

IF THERE IS ONE THING ABOVE ANOTHER A MAN INSISTS UPON HAVING TASTY it is his Muffler. In our whole display—a most comprehensive one—there is not a single item to jar the fine sense of propriety in a fastidious shopper. Every muffler has been purchased with this fact in mind, namely: that St. John men want the richest, though not the "loudest", the market affords.
