

POLITICAL EARTHQUAKE IN ONTARIO UPSET ORTHODOX POLITICIANS AT OTTAWA

Belief That Next Election Will be Fought Between New Forces and Upon New Political Ground.

AGRARIAN AND LABOR FORCES TO FRONT

Many Post Mortems Being Held Over Ontario Affairs, Each Guess as Good as the Other.

Ottawa, Oct. 21.—The official position of the opposition in respect to the Grand Trunk Railway question was tonight disclosed to the House. Stumped up in a word it is that the government should do nothing. House leader McKenzie, who put it forward in the form of an amendment to the governments bill, made a somewhat lengthy and not overly effective speech in which he argued against the government's proposals along three main lines:—(1) That he was opposed to public ownership under existing conditions; (2) That the question was too important to be dealt with during the present session.

These arguments and the obvious replies to them have been put forward, ad nauseam, since the debate began, and there was very little interest in the discussion that ensued. The only notable thing in connection with it was an increasingly evident antagonism on the opposition side of the government ownership principle. Some members in particular appear to interpret the defeat of Sir Adam Beck in London as proof that Ontario is turning against ownership, forgetting that public ownership is one of the foremost planks of the triumphant United Farmers.

A division will likely take place on Mr. McKenzie's amendment tomorrow at the very latest, and his defeat by an overwhelming majority is practically sure. There is still talk of a big demonstration against the measure in the senate, but this is a position to know full well that it is only talk.

Drayton Takes Seat.

Sir Henry Drayton, the new finance minister who was elected by acclamation in Kingston Monday, took his seat in the House, Sir Henry, who ever he may show as a parliamentarian, will at least add something to the appearance of the front benches, was introduced by Sir George Foster and Dr. Reid and took his seat with the new comers' usual awkward dignity. Mr. McKenzie King, also acclaimed, is expected to be in the House by the end of the week, when Mr. McKenzie, who has been steering the ship since 1917, will haul down his flag.

Watching By-Elections.

All eyes now are turned on the by-elections. The government feels that it has more than an even chance of victory in Carleton-Place, and that Mr. Tolmie, the Minister of Agriculture, will win in Victoria. On the other hand Glenagary is pretty much conceded to the United Farmers, and, of course, Quebec seats in the opposition. North Ontario, owing to the sudden and tragic death of Mr. Cowan the Unionist candidate, will likely have its contest postponed.

ST. JOHN WOMEN PRINCIPALS IN DOUBLE WEDDING

Special to The Standard.
Fitchburg, Mass., Oct. 21.—Charles Parada, of Plymouth street, this city, and Miss Edna M. McHugh, of St. John, N. B., and Eugene E. Froulx, of Water street, this city, and Miss Elizabeth A. Poisson, also of St. John, N. B., were married this morning in St. Bernard's Church by Rev. Jas. J. Donnelly. Following the double ceremony the contracting parties were tendered a reception at the home of Miss McHugh's aunt, Jennie L. Flynn, of Haywood street. Miss McHugh and Miss Poisson are both natives and long residents of St. John. They both are at the moment only 20 years.

Prince Rupprecht Becomes Furious When He Learns France Wants Him

Geneva, Oct. 21.—Prince Rupprecht of Bavaria, who commanded the German forces in Northern France and Belgium, learned yesterday at Davos, where he has been staying, that he is included in the French list of six hundred or more wanted by the Allies for trial for crimes against international law. He became furious and said he would never give himself up. Prince Rupprecht is accused of being the first army commander to employ poisonous gases, when several of the commanders opposed such a project. It is reported here that Count Brechtold, former Austro-Hungarian Foreign Minister, is on the Italian list as one of the instigators of the war. Several other officers, at present in Switzerland, appeared on the lists.

The question of extradition from a neutral country is expected to be settled with Switzerland, thus creating a precedent for Holland in the case of the German Emperor.

TERMS AND CONDITIONS OF THE FORTHCOMING VICTORY LOAN ANNOUNCED BY SIR DRAYTON

Prospectus Will Ask for a Minimum Amount of \$300,000,000 With Right to Accept Any or All Subscriptions in Excess of That Amount—Banks Will Assist Purchasers as in Previous Loans—This is Canada's Work and All Are Urged to Assist.

Ottawa, Oct. 21.—Sir Henry Drayton, Minister of Finance, today made known the terms of the forthcoming Victory Loan.

The prospectus will ask for a minimum amount of \$300,000,000 with the right to accept all or any part of subscriptions in excess of that sum.

Terms.

As in previous years, subscribers will be given a choice of maturity five-year bonds, due November 1, 1924, or fifteen-year bonds, due November, 1934. The securities will carry interest at the rate of 5 1/2 per cent. per annum, payable May first and November first, and the interest will be one hundred and accrued interest for both maturities, making the income return 5 1/2 per cent. per annum. Purchasers may pay in full on application, or in five installments, as follows:

Ten per cent. on application; 20 per cent. December 9, 1919; 20 per cent. January 9, 1920; 20 per cent. February 10, 1920; 20 per cent. March 9, 1920. The last payment of 20 per cent. covers 30 per cent. balance of principal and 1 1/2 per cent. representing accrued interest at 5 1/2 per cent. from November 1 to date of the respective installments. As a full half year's interest will be paid on May 1, 1920, the cost of the bonds will be 100 and interest. If payment is made at the time of application, the price will be 100 flat. After the initial payment, subscribers have the privilege of paying in full on any date thereafter, with accrued interest computed at the rate of 5 1/2 per cent. per annum.

Banks Assist.

Arrangements have again been made with the banks for the purchase of bonds by small subscribers on the installment card system, spreading the payment over ten months. Up to their capacity the banks will also accept bonds from small investors for safe-keeping without charge, for a period of one year.

DAY OF UNCERTAINTY MARKS INDUSTRIAL CONFERENCE WORK

No Further Ahead on the Road to Progress Than at the Opening of Deliberations—Collective Bargaining and Intervention in Steel Strike Killed.

Washington, Oct. 21.—After a day of uncertainty, during which President Wilson sent to Secretary Lane, chairman, a message of conciliation to be used as a "last resort," the National Industrial Conference tonight cleaned up its slate by rejecting all collective bargaining resolutions, as well as the labor proposition for intervention in the steel strike.

The public group aligned with capital on the vote against both the original collective bargaining and steel strike resolutions, although the declaration on collective bargaining was proposed by the public delegates. Prior to the vote on the original declaration, the employers' substitute, and two new amendments by Thomas L. Chabourne, Chairman of the Conference's Central Committee, met defeat. Only the employers' substitute, and labor and capital united in their opposition to the amendments.

When collective bargaining resolutions will be practically in the same position as the opening of Octo-

COL. CALDWELL WINS AUDIENCE AT BROOKSTOCK

Unionist Candidate in Federal Bye-Election Discussed Issues in An Effective Manner.

DESCRYS FARMERS' CLASS LEGISLATION

Reiterates His Determination to Work for the Rights of Soldiers if Sent to Ottawa.

Brookstock Junction, Oct. 21.—A large and enthusiastic meeting was held here this evening, delivered by Col. Caldwell and P. B. Squires. The candidates discussed the issues of the election in a moderate, but effective manner, and his shrewd hits at times evoked loud outbursts of applause. The colonel certainly captured the meeting. F. W. McNally was chairman of the meeting.

In opening his address Col. Caldwell expressed surprise at the spaciousness of the meeting hall, and at other evidences of the prosperity of the community. Turning to the issue of the election, he remarked that the United Farmers made the claim that they were going to lead the people of Canada into the promised land of peace and plenty. But their chosen prophet, Mr. Caldwell, only pretended to represent the common sense of many farmers. He felt that the intrusion of politics would seriously injure the cause of co-operation. The program was for only one class. The idea of Mr. Caldwell was that the farmers should look after their own interests, and not be swayed by the interests of other sections of the people.

Col. Caldwell pointed out that during the past few years he has been putting forth every effort of which they were capable to save civilization. What if they had said, "We will only go along with the government, and we care not for the interests of the farmers, but for the interests of the government?" Where would the farmers have been then?

NEW BRUNSWICK WOMAN DROPS DEAD AT BANGOR, ME.

Special to The Standard.
Bangor, Maine, Oct. 21.—Mrs. Bessie Raworth Gray, wife of James H. Gray, Superintendent of the Eastern Maine Methodist Conference, dropped dead here this afternoon, aged 46 years. She had been in ill health of late. She was a native of Port Elgin, N. B., where she was married to Mr. Gray, and they have lived in Boston, Quebec, Rockport, Bonny Bay, Harbord, Carleton Place, Rockland, and Bangor for the past two years. She was an officer of several of the women's organizations of the church. Mr. and Mrs. Gray were married at Port Elgin, where they resided up to the time of their coming here.

Col. Caldwell said he would advocate reciprocity in natural products trade with the United States. He said that he would always be in favor of reciprocity, but that he would not support it if it meant that laborers were overpaid, which meant that Mr. Caldwell would not support it. He said that he would support it if it meant that laborers were overpaid, which meant that Mr. Caldwell would not support it.

The colonel referred to the part played by Canada in the war, saying that it stood the strain as well as any and better than most countries. "If I am elected," he said, "I will consider the returned soldier problem the most important problem the country has to face." And he went on to say that his experience fitted him to deal with the returned soldier problem much better than his opponent. During the war Mr. Caldwell was able to make \$8,500 a year selling fertilizer. "Did I have that chance?" asked the colonel, and the audience roared with appreciation of his point.

Continuing Col. Caldwell said the men who fought and suffered in Flanders could never be paid in more money. He went on to say that he had been asked at the eleventh hour to become a candidate. He believed that the Union government had done well during the war, but he considered himself an independent, bound only to do the best he could if elected.

P. B. Squires, who followed, made an interesting speech. He dealt with the issues before the voters, and the necessity of making Canada safe for democracy. At one time he had been bitterly opposed to woman suffrage, but as a result of the war he had changed his mind, and he welcomed the large number of ladies present. He did not think Mr. Caldwell was standing on a democratic platform. By a plank in the platform of the United Farmers sixty per cent. of them could demand the resignation of a parliamentary representative if they were dissatisfied with him. This was not democratic; it ignored all the other voters in a constituency. The meeting was closed by singing the National Anthem.

Joseph Calliaux To Appear Before French Senate For Trial Thursday

Paris, Oct. 21.—Joseph Calliaux, the French politician, accused of intelligence with the enemy, will appear before the French Senate, constituted as a High Court, on Thursday for trial, but it is possible that the actual trial may be deferred until after the elections, owing to the wish of many senators. The alignment of senators for and against immediate trial seems to be based on geographical and political grounds, as many senators in certain departments would be able to use a condemnation of Calliaux as an argument for their re-elections, while in other districts it would be used against them.

The prosecutor, Lescour, will request an immediate trial, merely asking to summon witnesses from America by cable, in which case November 17 might be decided upon as the date on which the debate would begin.

The vote in the Senate on the subject of postponement will afford a forecast as to the relative strength of the Calliaux and the anti-Calliaux forces in the Senate.

DOM. IRON AND STEEL COMPANY HAS LAID OUT TREMENDOUS SUMS IN IMPROVEMENTS ON PLANT

President Workman, Now Visiting Sydney, Gives Some Idea of the Vast Amount Expended to Make Equipment More Efficient—Says the Ship Plate Mill is Destined to Play Important Part in the Industrial Development of Nova Scotia.

Sydney, N. S., Oct. 21.—Mark Workman, president of the Dominion Iron and Steel Company, arrived in this city today and in the course of an interview with the Canadian Press said:

"I expect to make a thorough inspection of the whole of the company's properties before my return to Montreal. A large amount of construction work has been carried on, and I am naturally anxious to learn, first hand, of its progress. It does not seem to be generally appreciated," continued Mr. Workman, "that by far the greater proportion of our earnings during the past four years have been put back into the plant. Our surplus has not been allowed to accumulate in the form of cash, but has been used to improve the plant and promote its efficiency.

"Since the beginning of 1916 many millions of dollars have been spent in extensive additions and improvements, such as I have indicated out of earnings, so that our policy must always be one that financial man will approve and again the credit of the province is a factor that counts in a company so closely connected as we are with provincial affairs.

"I may also say that we have spent nearly a million and a half dollars in Newfoundland in order that our mines and quarries may properly balance our Cape Breton operations. It will, of course, be appreciated that all our activities are dependent one upon the other, and prosperity in the province immediately reflects prosperity in Newfoundland."

PRINCE OF WALES MAY NOT VISIT WASHINGTON

Illness of President Wilson May Cause a Change in the Royal Plans.

London, Oct. 21.—(By the Associated Press.)—The Foreign Office has received no information of the prince's visit to Washington, and it is reported that the Prince of Wales has abandoned his visit to Washington, the Associated Press was informed today.

The advisability of the trip has been under discussion here since President Wilson's illness, but no decision has been announced. Those well informed express the belief that the visit of the Prince of Wales will depend entirely on whether President Wilson will be able to receive him. In such event the Prince would go to Washington, if only to remain an hour, in order to emphasize the good relations between the two countries.

RIOTING BROKE OUT IN STEEL CENTRE TUES.

Mob of 1,000 Gathered in Vicinity of Plant and in Resultant Fighting Many Were Injured.

Pittsburgh, Penn., Oct. 21.—Rioting broke out in the steel mill districts at Braddock today shortly after noon. According to reports received by the police here, a mob of 1,000 persons gathered in the vicinity of the plants and fighting resulted, in which a number of rioters were injured. One State trooper was seriously injured and brought to a hospital here. A group of State police was rushed to the scene, and at one o'clock was engaged in driving back the crowd.

RESERVATIONS BOTHERSOME TO U.S. SENATE

Democrats Earnestly Considering Advisability of Accepting Reservations Without Opposition.

ULTIMATUM SERVED ON ADMINISTRATION

Reservation on Article 10 Such as Would be Objectionable to President Wilson.

Washington, D. C., Oct. 21.—The question of accepting Peace Treaty reservations without further opposition was earnestly considered by Democratic Senate leaders under the pressure of developments pointing to an early showdown in the ratification fight.

The Treaty opposition forces, announcing at last an agreement on a reservation programme by the Senate majority, brought the situation to an unexpected issue by serving notice that their proposal would go before the Foreign Relations Committee tomorrow, when the administration leaders would be asked to go on record definitely as accepting or rejecting it. Described by the majority spokesmen as in the nature of an ultimatum, the announcement was followed by a conference on the administration side which lasted all day, but resulted in no final decision. Senators who were present said that while some of the leaders stood out determinedly against any compromise, there was an apparent disposition on the part of Senator Hitchcock and others to consider seriously the practicability of such a step.

The reservation programme as it is to be presented to the committee for approval was not made public, but it was understood to embrace nine reservations, evolved from suggestions gathered from many sources. The subjects said to be covered were the following:

The right of this country to judge whether its obligations had been fulfilled in case of withdrawal from the League of Nations, the unimpairment of Congress to decide questions of peace or war, and Article ten, domestic decision of all delicate questions, preservation unaffected of the Monroe Doctrine; refusal to be party to the Shan Tzu settlement; equality of voting power in the league; Congressional election of American representatives in the league; limitations of the powers of such provisions and those on International commissions, and nullification of the right of the International Labor Conference to challenge the eligibility of American representatives in International labor bodies.

One disturbing element in this programme for the administration leaders was the fact that they had heard the article ten reservation followed closely the language of one presented in the Senate during the day by Senator McCumber, Republican, North Dakota, which in turn was in almost the exact language which President Wilson announced in his Cheyenne, Wyo., address would be regarded by him "as a rejection of the Treaty."

Behind the majority's proposals, it is declared by their sponsors, will stand all of the forty-nine Republican representatives, and at least six Democratic, leaving as a maximum forty-one Democrats opposing the ratification resolution. Some of the Democrats want to pursue that course and the general prediction tonight was that committee action would be fought off tomorrow to give the administration force a day or two to think the matter over.

Commission of Conservation, Arrived in the City This Morning From Ottawa and Will Leave for Bathurst to Examine Specimens of the Soil in the Vicinity of Bathurst and Tracadie.

H. T. Mack, the well known druggist, suffered a painful accident on Saturday while on a little hunting trip, when he fell from a fence breaking two of his ribs.

DOMINION SOIL SPECIALIST TO VISIT BATHURST

Special to The Standard.
Fredericton, Oct. 21.—Robert Moore, of Toronto, who has been appointed band master of the G. W. V. A. band in this city, is expected to arrive here on Saturday. Band Master Moore was conductor of the Chesnam Town Silver Prize Band which won three challenge cups, one challenge shield, six certificates and other prizes, also of the Great Central and Metropolitan Silver Prize Band, in England. He is also a pipe organist and pianist and should be an acquisition to the musical circles of Fredericton.

F. C. Nunnick, soil specialist of the

VENIOT-FOSTER GOVERNMENT HAS RUN PROVINCE IN RUT

Messrs. Campbell and Potts Make Brief But Pointed Speeches at Opposition Primaries Last Evening - Large Gathering of Electors Chose Delegates to Conservative Convention - Provision Made for Representation of the Ladies.

A good representation of the Conservative voters from all the wards in the city except Stanley assembled in the Seaman's Institute last evening to select delegates to the Provincial Convention which will be held in St. John on November 6, and a separate meeting of the electors of Stanley was held for the same purpose. The utmost harmony and considerable enthusiasm marked the proceedings, and the result of the elections shows that the city will have a first-class delegation in attendance at the convention. Mr. Tilley was unable to attend the primaries, but the other two city members, Mr. Campbell and Mr. Potts, were present, and the few remarks they addressed to the gathering met with a hearty reception.

In opening the proceedings J. Roy Campbell, M. P. P., said he was gratified to see such a good representation for all the wards except Stanley, whose electors were meeting elsewhere to choose their delegates. He regretted to report that Mr. Tilley, who had hoped to attend the meeting, had been called away on important business, and he had been asked by Mr. Tilley to convey his regrets at his unavoidable absence. He also expressed regret that more ladies were not in attendance, as the Association had taken some interest in getting the ladies' names on the voters' lists, and there was no doubt the ladies' vote would be an important factor in the next elections. He supposed they felt somewhat bashful about coming forward for the first time, but believed they would in the near future take an active part in all political affairs.

F. L. Potts, M. P. P., said he was glad to see so many present, and added that the attendance showed an interest in the political affairs of the province that was gratifying. Messrs. Campbell and Potts then held a brief consultation with the chairman of the different wards, and it was agreed that each ward should only proceed to the election of two delegates and substitutes. Each ward is entitled to select a representative, the chairman of each ward will endeavor to get the lady voters in his ward to hold a meeting and choose a delegate. In event of inability to get the ladies to choose a delegate, the ward chairman may name one, and if none are willing to act, substitute No. 1 will represent the ward in lieu of a lady voter. Only two ladies attended the primaries, and both were from Duke's ward. A number of ladies came to the door, but were evidently shy about assuming their new rights and responsibilities.

As a result of the primaries the following will represent the city at the Provincial Convention on November 6: Brooks ward - Chairman, John Amos. Delegates, George Cobham, Chas. Higgins, Substitutes, Chas. Amos, Frank Cobham. Duke's ward - Chairman, C. M. Langley. Delegates, C. B. Ward, Isaac Mercer. Substitutes, Allan Wetmore, H. B. Colman. Dufferin ward - Chairman, Geo. Maxwell. Delegates, W. E. Deming, G. A. Stubbs. Substitutes, Fred. Dako, E. A. Graham. Lansdowne ward - Chairman, John Thornton. Delegates, G. Earle Logan, Wm. L. Brown. Substitutes, George Appt, Chas. A. Cunningham. Guys ward - Chairman, W. D. Thompson. Delegates, James Brittain, Chas. Hamm. Substitutes, Willis Waring, Albert Dykeman. Kings ward - Chairman, Fred. J. McInerney. Delegates, M. E. Agar, Thos. Dean. Substitutes, T. E. Simpson, J.

SERIOUS CRIMINAL CASE ON TRIAL AT HAMPTON

Guilford Humphrey Alleged to Have Had Criminal Intercourse with Girl Under Fourteen Years.

Special to The Standard. Hampton, N. B., Oct. 21.—An adjourned session of the Kings County Court opened here today. His Honor Judge W. B. Jones presiding. One criminal case is on the docket, the King against Guilford Humphrey, of Renforth, who is charged with having had criminal intercourse with a girl under the age of fourteen years by the name of May Quigley. There are three counts in the indictment preferred by the Crown, the lesser of the three charging indecent assault, by which the Judge and some of the jury indicated that they will show that an attempt to blackmail had been made. The case for the Crown is being conducted by Mr. Ralph St. John Freese and K. A. Wilson for the defence. Owing to the very late arrival of the Maritime Express, by which the Judge and some of the court officials were coming, court was not opened until about 11.30 Standard time, or an hour and a half later. As some of the jurymen had come in by early train, which are still running by so-called daylight time, and others had driven from a considerable distance in order to be ready to appear in their names at 10 o'clock, there were noticeable signs of impatience. With one exception the grand jurors who had been named were present.

His Honor consulted the grand jurors regarding the hour of adjournment for dinner, and by a show of hands a large majority favored an early adjournment in order to satisfy their appetites. The jurymen retired and elected Harry Morton, of Sussex, as their foreman, after which they were duly sworn. Court then adjourned for dinner.

Afternoon Session. His Honor in charging the grand jury, took occasion to refer to the changed methods of selecting jurors under the new jury act. Under this act the jurymen are to be selected by the selector of jurors, but the choice is made by lot, and those upon whom the lot falls cannot be excused, but must be present or pay the fine, which is a large sum, and authority to remit. He spoke of the very satisfactory attendance of jurymen during the eight years on the bench. After lunch the jurymen deliberated the grand jury returned and reported a true bill on the last count only, and no bill on the other counts, but as they had been sworn in with the witness for the Crown, Mr. Adair asked that they be sent back to hear the others, which he considered important, and this was done. After hearing the witness, however, they reported the same finding as before, and this was unanimous.

They were then thanked by the Judge and excused from further attendance. No time was wasted in the selection of the jurymen. There were only two or three challenges, and the following were duly sworn: Melville Jones, Thos. Robertson, J. W. Smith, L. E. Potts, J. P. Alexander, Alexander Prince, Roy Campbell, E. E. Bates, G. W. Crawford, Archibald Crawford, Prof. Mahoney, G. W. McCready. Mr. Quigley was the first witness called, and he was asked to take the evidence of Dr. G. O. Baxter, of St. John, so that his further attendance would not be necessary. Mrs. Quigley was then called, and her evidence was not completed when court adjourned. The case will likely be completed tomorrow.

A Quinine That Does Not Affect Head Because of Its tonic and laxative effect. LAXATIVE BROMO QUININE (Tablets) can be taken by anyone without inconvenience or ringing in the ears. It is the only "Bromo" GROVE'S signature.

St. Andrews So Andrews, Oct. 17.—Mrs. Lane of Somerville, Mass., is visiting Mr. and Mrs. Edwin Odell. Mrs. Phyllis Cookburn, Mr. George Cookburn, Mr. Evelyn Smith and Mrs. Vernon Grimmer came from St. John to attend the G. W. V. A. supper Thanksgiving evening. Mrs. M. Jack, who has been visiting her sister, Mrs. E. A. Cookburn, left on Monday night to visit in St. John before returning to her home in North Sydney. Mr. and Mrs. E. P. Dykeman, Mrs. Cheley, Mr. Warren Purdy and Miss Phyllis Dykeman motored from St. John on Sunday and were the guests of Mrs. Archelaus Purdy.

Mr. Horace Purdy of St. John, spent Sunday with Mrs. A. R. Purdy. Mrs. Charles Purdy and Miss Geraldine Purdy spent a few days with friends at Hampted last week. Mr. Eugene Fowles came home last week from up river, where he has been working.

Clams Hadn't A Chance There

Y. M. C. I. Bowlers Make the Possible at Clam Supper Last Night - Trophy Received.

The bowlers at the Y. M. C. I. had a delightful time last evening at a clam supper which was served them in the very best of style. After all had enjoyed the supper W. J. Magee presided over a much appreciated programme, and before the first number was called he exhibited to those present a handsome silver trophy in the shape of a ball surrounding three bottles.

This trophy the chairman stated was the prize given by the Brunswick Balke Collinder Co. for the bowler having the highest average during the tournament, held a few months ago and the winner was James Smith of the Amherst team. The beautiful prize was only received yesterday and will be immediately sent to Mr. Smith.

The programme included a duet by Messrs. John and Andrew Moore, solo, Mr. Rosslyn; recitations by Steve Hurley and E. J. Hennevis; piano selection, Dr. W. P. Broderick, and addresses by Rev. Wm. M. Duke, W. J. Magee, Thomas Gosgrove, E. P. McCafferty, J. Melly and H. J. Sheehan.

It is the intention to conduct similar suppers during the season and the boys say they can't be conducted too often.

YORK CO. JUDGE REFUSES PRISONER'S PLEA OF GUILTY

Says Brave Man is Never a Thief and Discharge Returned Soldier.

Fredericton, Oct. 21.—Chester Canoe Co. officials, this morning, estimated the damage by fire at the boiler room of a factory, last night, at about \$1,200.

"A brave man is never a thief," declared Judge Wilson, in the York County Court, this morning, when he ordered the discharge from custody of Frank Baxter, a returned soldier, who had changed his plea from not guilty to guilty on the charge of stealing an automobile. Counsel had pleaded for suspended sentence upon the ground that there was no intent to steal shown, and the taking of the automobile, followed by a collision, in which the car was wrecked, was accepted by the court as merely a thoughtless escapade, which might have brought to the prisoner a severe penalty.

Judge Wilson declined to accept the prisoner's plea of guilty, and said there was no evidence to support a conviction and ordered his discharge. During the proceedings His Honor received a letter in which Major Alex. McMillan, D. S. O., said Baxter had been a member of his company and was a reliable man in the line, four years in action, and was to be depended upon in every way, having had charge of a Lewis gun section and being an "original" of the 26th Battalion.

Bank of Nova Scotia is spending his vacation in New York.

Mr. and Mrs. Young have closed their summer home "Cliffing" and left Thursday for New York where they will spend the winter.

The congregation of the Presbyterian church held a social in the memorial hall on Thanksgiving.

The Rev. H. P. Ross and Mrs. Ross have closed their summer home "Rossmont" and left for California by motor on Tuesday.

Mr. Kenneth Cummings spent the holiday at home here.

Mrs. Jesse Drabson of St. Stephen is visiting relatives in town.

Mrs. Freda Wilson entertained at bridge on Thursday for Miss Alice Grimmer. The prize winners were Miss Alice Grimmer and Miss Bessie Grimmer.

At the tea hour Mrs. Vernon Lamb poured and Miss Bessie Grimmer served.

Thursday evening Mrs. Vernon Lamb entertained at supper and at a movie party for Miss Alice Grimmer.

KING OF SPAIN WARMLY GREETED BY THE FRENCH

Paris, Oct. 21.—The Paris morning papers are nearly unanimous in welcoming King Alfonso of Spain in France. They extol the King's activities on behalf of French prisoners during the war, and the articles in practically all the papers appear under the headlines of "A Friend of France."

The Belair, however, criticizes the Spanish policy, saying that Spain was a nest of German espionage throughout the war.

Enumerating Spain's war-time Premier, the paper writes: "Neither Dato, Prieto, Maura or even Count Romanones, was capable of applying to the Germans the law of strict neutrality, or of obtaining obedience from Germanophile public servants."

"The King of Spain has much to make us forget, but Spanish waters have been the graveyard of so many French sailors that the King will understand we must demand from his country serious guarantees for the future."

This Belair, which was recently reformed, is now working in behalf of former Premier Briand.

DEATHS

HARTY—On October 20th, at his residence, 67 Garden street, Fred. H. Harty. Funeral from St. Paul's Church at 2.30 on Wednesday (standard time) GILCHRIST—At the Home for Invalids, Tuesday evening, October 21, Captain Robert D. Gilchrist, in his 86th year, leaving one son and one daughter to mourn. Notice of funeral in evening papers.

A First Word To All New Brunswickers

HAVE YOU THOUGHT how greatly the future comfort, happiness and prosperity of every New Brunswick man, woman and child depends on the 1919 Victory Loan? Have you thought how greatly your own business interests, the business interests of those with whom you trade and those who trade with you are dependent on that Loan? You know that our prosperity depends upon our ability to send abroad the products of our farms, our fisheries, our forests, our factories and our mines. You know that war has made it impossible for our European customers to pay in cash. They must have credit or they will buy elsewhere. Under present conditions only the government can provide the credits, and the government can do it only if Canadian people lend the money.

HAVE YOU THOUGHT what our failure to lend means? It means that our farmers lose their markets and the prices of grains, fruits, and other agricultural products drop. It means our fishermen will be cut off from their foreign markets and deprived of the opportunity to sell their catch. It means that our lumbermen would cease to operate, because their export trade was killed. It means our factories would have to slow down for want of foreign orders. It means our coal mines would curtail output and reduce their pay rolls. It means that skilled and unskilled labor would find it more difficult to get employment. It means that a slackening of effort injurious to the country, every shopkeeper, every trader, every worker.

THIS IS NO EXAGGERATION. It is exactly what would happen and it is the reason why the welfare of every New Brunswick family, every New Brunswick citizen is bound up in the success of this year's loan. Self interest calls for aid to the utmost limit of our ability in keeping the machinery of prosperity humming. The factory chimneys must be kept smoking. The ocean and lake ports must continue to bustle with activity that the products of Canadian farms and factories may go to foreign lands.

SELF INTEREST should inspire the enthusiasm and hard work which means success.

CONFIDENTLY we look for the support of the New Brunswick people but thorough organization is the essential of success and thorough organization is possible only through every good citizen taking his full share of the work.

PUBLIC SPIRITED men in every county of the province are now at work perfecting their county organization. Place yourself at their service, help them in their efforts and make New Brunswick's last war effort the greatest of New Brunswick's war successes.

T. H. ESTABROOKS, Chairman Provincial Executive 1919 Victory Loan. St. John, N. B. Oct. 16th, 1919.

Other things being equal, the well dressed man has a 25% advantage.—The Silent Partner. No one, not even yourself, is as critical as SHE about your suit. We always feel flattered when SHE comes with you. Her observing eye will appreciate the style and snap of our suits for young men. Extreme novelties, of course, but conservative fashions too. Gilmour's, 68 King St.

"I have often marvelled at your brilliancy, your aptness at repartee, your— "It's more than five dollars, old man, I can't do a thing for you; I'm hard up myself!"

In view of the large number of mental defectives in these provinces, especially among the children, the time has fully arrived when this serious and dangerous state of affairs must be corrected in the interests of our future manhood and womanhood. And we urge this organization to take the matter before the responsible authorities so that proper buildings and national treatment needed given such unfortunate.

Your committee would recommend the great need of providing in the province additional accommodations for the care of dependant prisoners, where they may be brought up in the principles of our faith, and would commend the practical cooperation of Baptists to such movements and efforts.

MARITIME BAPTISTS STRONG MEASURE WITH ALL SO

Will Line up Their Forces for Prohibition Lines in Order to Follow in Wake of Ontario

Special to The Standard. Woodstock, Oct. 21.—The afternoon session showed still further thinning of the ranks of delegates. The matter of teaching scripture in public schools was again considered. Dr. E. D. King spoke of the value of the Bible in education and moved that the whole matter be referred to the New Brunswick Association for consideration and action. He said that this arrangement was provided for in the constitution of the association, but that no jurisdiction in the matter.

Rev. Z. L. Fash reported for the committee on the matter of entering buildings at Wolfville. The committee reported the willingness of the board of governors to make the arrangements provided the convention meet while the schools are not in session.

Rev. W. R. Robinson reported for the Social Service Committee. This report showed the greatest advance regarding social matters ever marked by the convention. The report follows: Your committee on social service beg leave to submit the following report:

1. In view of the large number of mental defectives in these provinces, especially among the children, the time has fully arrived when this serious and dangerous state of affairs must be corrected in the interests of our future manhood and womanhood. And we urge this organization to take the matter before the responsible authorities so that proper buildings and national treatment needed given such unfortunate.

2. In view of the increasing neglect on the part of parents towards the welfare of their children, often leading to delinquency and crime, we urge the necessity of a court of domestic relations, presided over by trained and competent officials, to deal with such offenders thus obviating the necessity of bringing such offenders before the ordinary courts of justice which, by reason of their associations, tend to degrade rather than reform.

3. In as much as the moving picture has come to stay, we recommend that every effort be made by the religious leaders of our denomination to use their influence to see that pictures of a questionable nature are not allowed to be shown, and will further the endeavor to have pictures of an educational and helpful nature exhibited.

4. Your committee would recommend the great need of providing in the province additional accommodations for the care of dependant prisoners, where they may be brought up in the principles of our faith, and would commend the practical cooperation of Baptists to such movements and efforts.

MARITIME BAPTISTS REPORT STRONG MEASURES FOR DEALING WITH ALL SOCIAL PROBLEMS

Will Line up Their Forces for a Strong Fight Along Prohibition Lines in Order to Have Maritime Provinces Follow in Wake of Ontario.

Special to The Standard.
Woodstock, Oct. 21.—The afternoon session showed still further thinning of the ranks of delegates. The matter of teaching scripture in public schools was again considered. Dr. E. D. King spoke of the value of the Bible in education and moved that the whole matter be referred to the New Brunswick Association for consideration and action. He said that this year, representing three provinces, had no jurisdiction in the matter.

Rev. Z. L. Fash reported for the committee on the matter of entering the convention in the University buildings at Wolfville. The committee reported the willingness of the board of governors to make suitable arrangements provided the convention meet while the schools are not in session.

Rev. W. R. Robison reported for the Social Service Committee. This report showed the greatest advance regarding social matters ever marked by the convention. The report follows: Your committee on social service beg leave to submit the following report:

1. In view of the large number of mental defectives in these provinces, especially among the children, the time has fully arrived when this serious and dangerous state of affairs must be corrected in the interests of our future manhood and womanhood. And we urge this convention to take the matter before the responsible authorities so that proper buildings may be had, and the necessary institutional treatment needed given such unfortunate.

2. In view of the increasing neglect on the part of parents towards the welfare of their children, often leading to delinquency and crime, we urge the necessity of a court of domestic relations, presided over by trained and competent officials, to deal with such offenders thus obviating the necessity of bringing such offenders before the ordinary courts of justice which, by reason of their associations, tend to degrade rather than reform.

3. In as much as the moving picture has come to stay, we recommend that every effort be made by the religious leaders of our denomination to use their influence to see that pictures of a questionable nature are not allowed to be shown, and will further the endeavor to have pictures of an educational and helpful nature exhibited.

4. Your committee would recommend the great need of providing in the provinces additional accommodations for the care of dependent Protestants, where they may be brought up in the principles of our faith, and would commend the practical co-operation of Baptists of these Maritime Provinces to such movements and organizations as have this for their objective.

5. In view of the increasing number of separate schools in these provinces, thus violating the principle and facts of our true school acts, we desire to place ourselves on record as unalterably opposed to separate schools, under government control, and pledge ourselves to the support of a free school law with compulsory education efficiently and effectively enforced.

6. Because of the industrial unrest that is so prevalent your committee recommends: (a) that religious leaders familiarize themselves with the conditions causing said industrial unrest; (b) that they also acquaint themselves with all legislative enactments and regulations governing labor bodies, that they may intelligently deal with the principles of justice; (c) that all settlements should be urged on the basis of equity and the principle of the golden rule.

7. Your committee also recommends that the Dominion government control directly the manufacture and importation of all alcoholic liquors for medical, industrial and sacramental purposes, and that each of the provinces of Canada be compelled to secure its supplies from that source.

8. That this convention express its great satisfaction at the splendid victory won by the temperance forces of the Province of Ontario in the recent prohibition campaign, and we would urge the Baptists of this constituency to use every endeavor to line up all temperance forces with a view of winning a like victory in the elections to be held in the near future.

9. In view of the vital importance to religion of matters referred to in these resolutions, and the necessity of having definite action taken thereon, that this convention authorize the social service committee, or some other body, to carry out their mandate in connection therewith.

The Rev. F. M. Baird, pastor of the Presbyterian church in Woodstock, by invitation spoke in explanation of the ministers' annuity scheme of the Presbyterian church. Rev. A. I. Tedford conducted the devotional half hour, speaking on "The Worshipful Soul."

Rev. S. B. Poole reported that the Rev. W. C. Machum had been secured as chief organizer for the inter-church government, and it was tentatively arranged that the Rev. E. B. Mason would be assistant.

Rev. Z. L. Fash reported for the finance committee as follows: The committee heartily commended the work of Mr. J. V. Dimock as treasurer of the Denomination Funds amount asked from the churches for the year, \$70,000; to Nova Scotia, \$38,500; to New Brunswick, \$29,000; P. E. Island, \$2,500.

The closing session of the convention was held this evening. It might be called the rump session as the majority of the delegates had left for their homes. Vice-President I. A. Corbett presided and Rev. E. G. M. Lick conducted devotions. The total registration of attendance was 246.

Dr. David Hutchings reported for the committee on resolutions. The first resolution recorded thanks to Almighty God for a righteous termination of the war. Further resolutions touched reconstruction in economic and religious life, the entertainment so generously provided. The Protestant Orphanage in St. John was heartily commended to the churches. Thanks were offered to the retiring President Freeman for his services during two years.

The convention resolved to memorialize Premier Foster regarding the appointment of a special day for the registration of all women voters in the province. This becomes necessary because of the uncertainty of the present condition of this matter. It was also resolved to memorialize the premier regarding the necessity of legislation dealing with sale of essential articles and liquors.

Rev. W. R. Robinson, St. L. W. Simms and Mr. W. G. Clarke were appointed a committee to deal with this matter.

Rev. W. C. Machum, S. S. secretary, was empowered to select representatives for the executive of the Maritime S. S. Association to be organized in Amherst next week.

Rev. W. C. Machum spoke on religious education. He said no education is true education unless it has the religious outlook. The highest asset in life is Christian character. This is demanded by all classes today. This is the world's great need. There is no development in the character of a nation apart from religious education. The fundamental factor in religious education is leadership. We are trying to train leaders through a teacher training course. Another method is through summer schools. Yet another agency is the boys' training camp.

Rev. W. D. Wilson spoke on his favorite theme, Prohibition of the liquor traffic. The election in Ontario has determined whether Canada shall be wet or dry. It has also warned the practical politician that his sun has set. Every step of progress is stained with the blood of martyrs. Within the next few months New Brunswick will probably be called to determine whether the province shall be wet or dry. Leading citizens say this country is the product of the law. We have before us the most strenuous fight ever fought in this province. Religious leaders must get busy. We need confidence in our cause. We must not get panicky. The man who goes where he ought to go is sure to meet trouble but there he must go. Rev. F. W. Patterson, D. D. of Winnipeg, spoke of the work in Western Canada.

Dr. Patterson said that Mr. Wilson needs the support of Christian people from today on as he never did before. Every force of hell will be called on in the interests of the liquor traffic. He called on the people to bury the liquor traffic as the old Welsh women would bury the devil with a stone. Dr. Patterson is an inimitable speaker, magnetic, humorous, pathetic, eloquent, unreportable. His message was of the rank that awaits us. The boom in the west years ago led to opening up work that could not be followed up after the boom broke. Since then advances have been slow but now the way is open for advance. The west closed many churches because so many men withdrew. Since they are now needed to reopen fields that have already been worked, one hundred new fields need to be opened within two years. Men with motor cycles should be put into many fields to act as scouts for the kingdom.

The great Peace River region is opening up and the people must be ready to be captured for material gain. In Saskatchewan there are 600 school districts without religious services. We should open fifty new fields in Saskatchewan. A deliberate attempt is being made to capture the non-English people of the west for Bolshevism.

The missionary is the most powerful force resisting this movement. He gave a graphic account of the religious work among these non-English. In a foreign-speaking community in the West having 500 families you shall find 1,500 to 2,000 young people and children. The slave offer a peculiar opportunity for Baptist work. They are peculiarly responsive to the Baptist message. There is no race outside among the non-English peoples of Canada. This creates a peril for the English people of Canada unless these people are evangelized. The West is the hot bed of industrial unrest and much of it is well grounded. These must be led by the Church of Jesus Christ if bloody revolution is to be prevented in Canada. Dr. Patterson's magnetic address was the closing address of the convention that will be come historic in the annals of Baptist conventions in the Maritime Provinces.

REPORT INCORRECT.
The Chief Medical Health Officer, Dr. Melvin, who returned from Fredericton last evening, states that the report from Fredericton in last evening's Globe that the resignation of Dr. J. P. L. Brown had been verified by the Department of Health is incorrect. No such verification has been made by the Department of Health.

THE LAST WEEK FOR DAYLIGHT SAVING

On Sunday Next the Railways and Others Who Have Been Going on Daylight Time Drop Back to Standard.

This is the last week for daylight saving. On Sunday next the railways and others who have been going on daylight time will drop back to the Standard time. At present the city schools and the civic departments are making use of the old time, while the business houses have stuck to the longer evenings.

There has been much dissatisfaction with the fact that two times are in use. During the summer months there had been the necessity of changing just which time was in use for different events, and generally the scheme of daylight saving has not been the success it was expected to be. There is a general opinion that next season the Standard time will be adhered to throughout the country, and that daylight saving will be a thing of the past.

IF BACK HURTS BEGIN ON SALTS

Flush your kidneys occasionally if you eat meat regularly.

No man or woman with salt meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat burns uric acid which clogs the kidney pores so they sluggishly filter or strain out part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, neuritis, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of stinging, get about four ounces of Epsom salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the juice of grapes and lemon juice, combined with little and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Epsom salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

Fat That Shows Soon Disappears

Prominent fat that comes and stays where it is not needed to a burden, a hindrance to activity, a curb upon pleasure. You can take off the fat where it shows by taking after each meal and at bedtime, one Marmolol Prescription Tablet. These little tablets are as effective and harmless as the famous prescription from which they take their name. Buy and try a case today. Your druggist sells them at \$1, or if you prefer you may write direct to the Marmolol Company, 284 Woodward Ave., Detroit, Mich. You can thus say good-bye to dieting, exercise and fat.

PLAN TO PROMOTE RACIAL CONCORD AND NATIONAL UNITY

Elaborate Scheme Proposed by President Boyd of the Canadian National League.

Winnipeg, Man., Oct. 21.—A proposal presented to the Judicial Educational conference yesterday by John Boyd, Montreal, President of the Canadian National League, has excited keen interest. With a view to promoting racial concord and national unity, the proposal aims to reach the rising generations of Canadians through the schools by means of a series of books to be written by Canadian authors, presenting true Canadian national ideas, proposing the Prime Ministers of all Provinces shall form a Honorary Committee to promote national unity; that the committee shall appoint a board of jury composed of Ministers of Education, or educationalists of each province to judge works to be written suitable for prize and text books for the schools of all provinces, so that all Canadian children may learn at school to respect fellow Canadians, whatever their origin or creed. Books found suitable are to be published in English and French and published by the Department of Education for distribution as prizes.

SMALLPOX SAID TO EXIST AT CLAIR, MADAWASKA CO.

Special to The Standard.
Fredericton, N. B., Oct. 21.—A case of smallpox at Clair, Madawaska County, was reported to the Department of Health yesterday afternoon, and Dr. J. A. Wade, District Medical Health Officer, will leave today to investigate the situation. Precautions will be taken to prevent the disease from spreading.

DON'T LOOK OLD FROM HERE UP

A little "Danderine" checks ugly dandruff and stops hair falling.

Get a small bottle of "Danderine" as your drug store for a few cents, pour a little into your hands and rub well into the scalp with the finger tips. By morning wash, if not all of this scalp secret will have disappeared. Two or three applications often remove every bit of dandruff and stops falling hair. Every hair on scalp shortly shows more life, vigor, brightness, thickness and color.

FUNERALS

The funeral of Miss Sarah Chisholm, held yesterday morning from the late residence, 28 White street, at the Cathedral, was attended by many. Requiem High mass was celebrated by Rev. Charles Charvet, with Rev. A. P. Allen, deacon, and Rev. A. B. Fraser, sub-deacon. Bishop LeBlanc gave absolution. Rev. Wm. Doherty was master of ceremonies and in the choir were Rev. Blinn Oram and Rev. Raymond McCarthy.

The funeral of Benjamin Taylor of Jostina Bridge, N. B., was held Monday from his late residence, 100 St. John street, at the Cathedral. Rev. M. E. Conroy officiated at the services. The funeral of Miss Mary Hassan, Chatham street, West St. John, took place yesterday morning at the Church of the Assumption, where requiem High mass was solemnized by the Rev. A. J. O'Neill. Interment in Holy Cross cemetery.

More than 60 yrs. ago an English chemist began to manufacture BEECHAM'S PILLS. Today they have the largest sale of any medicine in the world. Why? Beecham's Pills. Little overtures to Canada. In Canada, U.S.A., etc.

What The Navy League Does

The Navy League keeps the sailors' widows and orphans, and holds out a hand to the sick and distressed seamen.

The Navy League stands for Canadian owned ships, manned by Canadian seamen, so our boys must be helped in their desire to follow the sea.

The Navy League realizes the vital importance of Sea Power to our Empire and seeks to educate public opinion for this purpose.

The Navy League contributes to Sailors' Homes and Hospitals, and to our own Seamen's Institute.

The Navy League Does Not Contribute One Dollar to the British Navy

Give liberally to the Funds when the Daughters of the Empire call, on Thursday and Friday.

Was Just Like Throwing Money Away, He Asserts

Postmaster of Cardiff Could Get Nothing To Help His Wife Until He Gave Her Tanlac.

"You can tell them that Tanlac has helped my wife, Joe, and of all the people who have made statements about being benefited I believe we have the most cause to be thankful," was the statement made by J. Kuyper, postmaster at Cardiff, Alberta, while at the Owl drug store in Edmonton, recently.

Youth and Age

THERE is no time in woman's life that she cannot benefit by the use of Dr. Chase's Nerve Food in order to keep up the supply of pure, rich blood and to ensure a healthful condition of the nervous system.

Headaches, neuritis, sleepless nights, nervous spells, irritability, tired, worn-out feelings, soon disappear when the vigor and energy of the nerves are restored by the use of this great food cure.

OPPOSITION CONVENTION

Attention is directed to the announcement appearing elsewhere in this paper touching the Opposition Convention to be held in St. John on November 6th. It will be noted from this that a change of very great importance in the makeup of that convention is made, and one which will prove of interest to electors in every part of the Province.

LARGE CRIMINAL DOCKET FOR COURT IN WESTMORLAND

Several of the Cases on the Docket Originated in the Big Railroad Town.

Special to The Standard.

Moncton, Oct. 20.—The largest docket of criminal cases that has come before the Westmorland supreme court for many years will engage the attention of the October sitting with Chief Justice H. A. McKeown, of St. John, presiding. The sitting opens at Dorchester on Tuesday afternoon, October 22, at 2 o'clock. Tuttle T. Goodwin, solicitor of Moncton, will represent the Attorney-General in the criminal cases.

Never before have so many criminal cases from the City of Moncton appeared on the docket. A curious feature of the Moncton cases is that in each one, in which the Moncton police had any part, Chief Hiteout is the only police witness to give evidence. Today before Magistrate McQueen at Dorchester, six youths charged with theft from the Canadian National Railways freight shed were committed for trial at the forthcoming session at Dorchester, adding to the docket.

The following is the criminal docket:

- The King vs. Sam Brown, alias Sam Blaine, alias Sam Fox and his alleged wife, Mrs. Thomas Ramsey, alias Mrs. Sam Brown, charged with the theft of \$3,000 in diamonds from Melanson & Co. of this city.
- The King vs. Jacob Knezyk, charged with the theft of an automobile in Moncton.
- The King vs. Mike Bonnerro and Tony Rinaldi, charged with assault and attempted robbery of one of their fellow countrymen, Tony Rice, an employee of the G. A. Fuller Co. of Moncton.
- The King vs. Ben Poirier and Tim LeBlanc, Sunny Bras charged with breaking and entering the pastured Milk Co. premises.
- The King vs. Joseph Melanson, charged with breaking and escaping jail.
- The King vs. Stanley Crossman, Sackville, charged with breaking and entering Palmer's Ltd.
- The King vs. William Lucko, charged with breaking prison.
- The King vs. Herbert Obsoola Sackville, charged with adultery. The accused is a former Moncton man.
- The King vs. William Nickerson, Port Elgin, charged with breaking and entering the store of MacLeod and Spence, Port Elgin.
- The King vs. Lawrence Melanoff, Henry LeBlanc, Joe Hubert, Albany Herbert, Leo Gaudet and Alphonse Dujay, charged with breaking, entering and theft from G. N. freight cars and freight shed, Shediac.

OPERA IN GERMAN LANGUAGE MUST NOT BE PRODUCED

New York Mayor Notified it Would Tend to a "Breach of the Peace" to Permit it.

New York, Oct. 21.—Opera in the German language here at this time would tend to a breach of the peace and should be prevented by the police. This opinion was handed Mayor Hylan today by Corporation Counsel Burr in reply to the mayor's request last night if he would be within the law in prohibiting the production of German opera at the Lexington Theatre.

Noting followed the attempt last night of former service men to prevent the staging of Die Melstorsinger at the theatre. The mayor had at first forbidden the performance but later revised his decision.

Corporation Counsel Burr's opinion declared that as the treaty of peace had not been ratified by the senate a state of war still exists between this country and Germany. It is manifest, Mr. Burr added, that a season of German opera in New York would "tend to a breach of the peace."

Easy to Make This Pine Cough Remedy

Thousands of families owe by its prompt results, its promptness, and easy cure.

You know that pine is used in nearly all prescriptions and remedies for coughs. The reason is that pine contains several peculiar elements that have a remarkable effect in soothing and healing the membranes of the throat and chest. Pine is famous for this purpose.

Your Country's "Promise to Pay"

WHEN you buy Victory Bonds you hold Canada's solemn promise to repay you their full face value in money at the time stipulated in the bond with interest every six months.

THEREFORE, in point of security, Canada's Victory Bonds are in the first rank of the world's investments because—

- the principal and interest are as certain of payment as anything can be—backed by the whole assets of Canada—the pledge of honour of Her people—and all the assets of all the people of Canada.
- Victory Bonds are also the most "liquid" form of investment. Without trouble or delay they can be converted into cash at any time.
- Victory Bonds pay a good rate of interest—more than any other investment having equal security—nearly twice the interest paid by Savings Banks.

FOR the investment of estate funds, trust funds, sinking funds and all other money which by law or other necessity must be placed only in unquestioned securities, Canada's Victory Bonds are the premier investment.

EXECUTORS, trustees, municipalities, public service corporations, officers of lodges and fraternal societies, and all others with trust funds to invest, can further their own and their country's interest by investing their funds in Victory Bonds.

AND because of the good rate of interest which Victory Bonds pay, together with the supreme security behind them, there is every reason to believe that Canada's Victory Bonds, 1919, will increase in value in the open market, as have Victory Bonds of all previous issues.

BUT Victory Bonds, 1919, are much more than a sound money investment. They are vital to the continued prosperity of the country. The proceeds of the Victory Loan, 1919, will furnish the means of retaining our great export business, by bringing to Canada foreign orders for agricultural and industrial products, which mean the continued prosperity of every citizen. The Victory Loan, 1919, will also enable Canada to carry out her necessary plans of demobilization—fulfill her pledges to her fighting forces—and to readjust the country from War to Peace conditions.

IN HIS PERSONAL INTEREST—

- to obtain an investment of unrivalled security
- to secure an investment yielding a high interest return

AGAIN IN HIS OWN INTEREST AND THAT OF CANADA—

- to ensure the continued prosperity of the nation
- to enable Canada to discharge her duty to her soldiers
- in order to finance Canada's period of readjustment from War to Peace

EVERY CANADIAN WILL SUPPORT TO THE UTMOST THE

VICTORY LOAN 1919

"Every dollar spent in Canada"

Issued by Canada's Victory Loan Committee in co-operation with the Minister of Finance of the Dominion of Canada.

MOLASSES IN BULK. Substantial progress has been made by the Crosby Molasses Company towards the construction of the big new storage tanks which are to be erected on the Water street side of the Moncton wharf, in the zone of the customs house. The plant which will bear the great weight of the superstructure has been deepened and the concrete foundations now are being put in. When the tanks are completed it will be possible to handle molasses here in bulk for the first time, as the commodity will be brought to St. John in tank steamers and pumped directly into the tanks on the wharf, thus doing away with the expense of gackage handling and obviating the large loss which always occurs when shipments are made in packages.

HEAD-ACHES, FLU, NEURALGIA, MIGRAINE, COLIC, INDIGESTION, BRUISES, BURNS, SCALDS, WOUNDS, AND ALL THE AFFLICTIONS OF THE SKIN.

MISSION BAND. A meeting of the senior mission band of the Central Baptist church was held last evening at the home of the Rev. D. J. McPherson. The members are making a quilt which will be sold later for the benefit of the funds. A missionary book is studied during the meetings.

For Superfluous Hair Use DELATONE The Leading Seller for 10 Years QUICK - SAFE - RELIABLE Use Fresh as Wanted Ask Your Dealer - He Knows

Donations To The N. H. Museum Some Eight Hundred and Seven Donations Comprising Thousands of Individual Specimens Have Been Received.

Some eight hundred and seven donations, comprising thousands of individual specimens, have been contributed to the collections at the Natural History Museum during the past year, according to the report submitted last night by Curator McIntosh at the annual meeting of the Natural History Society.

Activities along educational lines were well maintained throughout the year. Members of the society have given over 38 lectures and educational talks before various organizations in the Province, and the many lectures have been well attended. Mr. McIntosh spent a month at Sussex, teaching in natural study and administration at the Teachers' Summer School, and the demand from other schools in the province are constantly increasing.

A recapitulation of the work along this line shows that 3,048 leaves were sent to teachers, 553 items of formation were distributed, 50 specimens were given to the schools, 3 specimens were loaned to the schools and 5,586 specimens were identified for collections.

A collection of over two hundred and seventy wood sections from 150 large trees is being made, and with several hundreds of leaves, 7 form the first exhibit of the woods of New Brunswick.

The report of the treasurer, Gordon Leavitt, showed a total cash account of only \$1,454.77, and was urged that a campaign be organized to raise the fund of \$3,000 build a new roof on the building, make other needed repairs. Monetary donations for the past year amounted to only \$31, compared with \$261 the previous year.

Following the reading of the minutes and the adopting of the address, the annual election of officers was held, resulting in the re-election of Dr. J. Roy Campbell, K. C., M. A., to the chair of president. Other officials are: R. B. Egan, first vice-president; Rev. Dr. Hutchins, second vice-president; A. G. Leavitt, treasurer; William McIntosh, curator and corresponding secretary; W. L. MacDermid, recording secretary; F. B. Ellis, librarian; T. Estabrooks, James A. Eley and F. Burdett, members of the council.

Mrs. W. Grant Smith will receive the first time since her marriage at her residence, 188 Princess street, Friday afternoon and evening of week.

Donations To The N. H. Museum

Some Eight Hundred and Sixteen Donations Comprising Thousands of Individual Specimens Have Been Received.

Some eight hundred and sixteen donations, comprising thousands of individual specimens, have been contributed to the collections at the Natural History Museum during the past year, according to the report submitted last night by Curator McIntosh at the annual meeting of the Natural History Society.

Activities along educational lines were well maintained throughout the year. Members of the society have given over 35 lectures and educational talks before various organizations in the province, and the many lectures have been well attended. Mr. McIntosh spent a month at Sussex as teacher in nature study and animal life at the Teachers' Summer School, and the demand from other schools in the province are constantly increasing.

A recapitulation of the work along this line shows that 3,048 lessons were sent to teachers, 333 items of information were distributed, 30 specimens were given to the schools, 100 specimens were loaned to the schools, and 3,396 specimens were identified for collections.

A collection of over two hundred and seventy wood sections from thirty logs is being made, and this will form the first exhibit of the woods of New Brunswick.

The report of the treasurer, A. Gordon Leavitt, showed a total receipts account of only \$1,488.47, and it was urged that a campaign be organized to raise the fund of \$3,000 to build a new roof on the building, and make other needed repairs. Money raised for the past year amounted to only \$32, compared with \$261 the previous year.

Following the reading of the minutes and the adopting of the above reports, the annual election of officers was held, resulting in the re-election of Dr. J. Roy Campbell, K. C., M. L. A., to the chair of president. The other officials are: H. B. Emerson, first vice-president; Rev. Dr. Hutchison, second vice-president; A. Gordon Leavitt, treasurer; William McIntosh, curator and corresponding secretary; W. L. MacDiarmid, recording secretary; F. B. Ellis, librarian; T. H. Estabrook, James A. Estey and W. F. Burdett, members of the council.

Mrs. W. Grant Smith will receive for the first time since her marriage, at her residence 188 Princess street, Friday afternoon and evening of this week.

"SYRUP OF FIGS" CHILD'S LAXATIVE

Look at tongue! Remove poisons from stomach, liver and bowels.

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless laxative or physic for the little stomach, liver and bowels. Children love its delicious fruit taste. Full directions for child's dose on each bottle. Give it without fear. Mother! You must say "California."

CHANCERY COURT.

The October sitting of the chancery division of the supreme court took place yesterday morning with His Honor Judge Grimmer presiding. The following cases were entered:

McConnell vs. McConnell—Scott E. Morrell for the plaintiff and J. B. M. Baxter, K. C., for the defendant. Case set over until November.

Baird vs. Jones—Daniel Mullin, K. C., for the plaintiff and B. L. Gerow for the defendant. The defendant applied to have the case adjourned until January, but the court ordered the case to be tried at the November court on the defendant paying the costs of the application for the postponement to the plaintiff's solicitor.

Baird vs. Jones—E. A. Reddy, K. C., for the plaintiff and James Friel, K. C., for the defendant. Case set for trial on November 4 in Moncton.

Collins vs. Collins—Toed & Toed for the plaintiff and J. B. M. Baxter, K. C., and William M. Ryan for the defendant. Case to be tried on a date to be agreed upon.

Laurie vs. Barnett—J. F. H. Teed for the plaintiff and George H. V. Belyea for the defendant. Trial was commenced. It is an action for damages for trespass.

QUIZ MEETING HELD BY YOUNG LADIES

Missionary Society of Main Street Baptist Church Had Good Programme at Meeting Last Evening.

An interesting and instructive meeting of the Young Ladies' Missionary Society of Main street Baptist Church was held last evening. The meeting took the form of a "Quiz Evening," questions and answers relating to foreign countries being handed to members, who endeavored to fit the correct answer to the question read aloud.

A good programme of music was given, which included a duet by Mrs. Hutchinson and Miss Hutchinson, and a solo by Miss Vera Wilson. After the programme, refreshments were served.

The next meeting will be a "Mystery Meeting," and a pleasant time is anticipated.

FUNERAL OF LIEUT.-COL. BLAINE

The funeral of Lieut.-Col. Arbutnot Blaine took place yesterday afternoon from 74 Duke street. Service was conducted at the home by Rev. H. A. Goodwin, and interment was made in Forest Hill. A large number of friends attended. In spite of a request that no flowers be sent, many friends paid their respects in this manner. A beautiful floral design in the form of an open book was presented by the staff of J. & A. McMillan. The binding was represented by brown leaves, the gilt edge by yellow cypripediums and the open pages by white carnations. A beautiful wreath was also presented by the New Brunswick Kennel club. The funeral was a most impressive one, as the procession included members of the 2nd St. John Fusiliers and the staff of J. & A. McMillan, who marched in a body. The casket was wrapped in a Union Jack. The pallbearers were Alex. Maceo, John Maceo, Fred Kee and LaBaron Wilson.

THE CURLERS' FAIR IS PROGRESSING

Large Crowd Delighted at Resort of Pleasure in West End Last Night—The Prize Winners.

Aided by the melody of the City Cornet Band, the Carleton Curlers' Fair had another very successful night last night. The door prize, a load of coal, was won by holder of ticket 1,969, Miss Blanche Parks; Mrs. Herbert Robson won the ladies' air-gun prize, which proved to be a bread mixer; an umbrella, prize for the men's air-gun contest, was won by Curtis Willis; the excelsior prize, a mahogany boudoir lamp, was won by Cecil Spague, and the 'ten pins' prize, a ham, was won by Albert Clarke. Tonight Bond's Orchestra will furnish the music, and a splendid assortment of prizes are promised.

Tomorrow night a unique feature will be produced, when the brother curlers from the Thistle and the St. Andrew's Clubs will meet at the latter's rooms, Charlotte street, and headed by the City Cornet Band, will parade to the ferry and from the west floats to the fair building, where a surprising and welcome reception will be given them by the Carleton curlers.

THE SUNSHINE CIRCLE.

The Sunshine Circle of the Lifford Street Baptist Church held a very successful supper and apron sale last evening. The proceeds are for the Memorial Home for Children on Wright street, and the creditable sum of \$125 was raised. Supper was served from 5:30 until 8 o'clock, nearly five hundred persons being present. Mrs. Price was the convener, assisted by members of the Sunshine Circle.

ON THE DANUBE.

H. O. Crookshank, formerly a member of the staff of the Bank of British North America at Hamilton, Ontario, and brother of A. R. Crookshank, of this city, was recently promoted from the rank of sub-lieutenant to lieutenant in the R. N. V. R. Lieut. Crookshank is in charge of a motor launch in the Danube patrol.

MORSE'S TEA in the FISHING FLEET

A MUG-UP of hot tea getting aboard goes right to the spot and is one of the fisherman's greatest comforts.

MORSE'S has been the STANDBY for nearly 50 years.

Ladies! Here's a watch in a pretty white ivory-like case for your dressing table, desk or table beside the bed. It tells time in the dark.

Ingersoll Radiolite

Two-in-one

PROVINCIAL OPPOSITION CONVENTION

A Convention of the Opposition Party (male and female) in the Province of New Brunswick, will be held in the

SEAMEN'S INSTITUTE, ST. JOHN, N. B.

THURSDAY, NOVEMBER 6TH, 1919

Three sessions will be held. Morning session called at 10 o'clock. Afternoon session at 2.30 o'clock. Evening session at 8 o'clock.

In addition to the members of the legislature and the defeated candidates in the last Provincial election supporting the present opposition the basis of representation is three delegates for each Parish in each County and for each Ward in each City and Town, besides the chairmen of the Ward and Parish organizations. It is particularly desired that each Ward and Parish should choose at least one lady delegate.

In the interest of Provincial affairs it is urgently requested that each Parish in the Province, as well as each Ward in the towns and cities, should send a complete representation to this Convention.

L. P. D. Tilley,
John B. M. Baxter,
Geo. B. Jones,
John L. Peck,
Harry W. Smith,
Convention Committee.

REMEMBER THE SAILORS

The British Navy saved Canada---saved the Empire and the world, and made victory possible. But do not forget what the Merchant Sailors did, they sailed the seas, scorning submarine and danger zones and kept open Canada's trade routes, and made business possible. We must admire such brave men, for all through the war not one sailor refused to sail on his steamer, and 15,000 merchant seamen laid down their lives. The Navy League appreciates these sacrifices and helps the sailor, and the sailors' widows and orphans.

Will You Help The Navy League on Thursday and Friday?

The Daughters of The Empire will call on every business house and their employees

ST. JOHN, N. B., WEDNESDAY, OCTOBER 22, 1919.

THE LATEST FREAK.

Doctor Serge Voronoff, a Russian now residing in Paris, advocates grafting to special hospitals the bodies of young and healthy persons killed in accidents, for the purpose of removing from such bodies the infertile glands to be preserved for grafting in older persons. Doctor Voronoff's alleged experiments and his articles in medical journals and elsewhere, have recently attracted attention, created some interest and a great deal of amusement. He claims that for several years he has been carrying out tests on goats and that by the transfer of the thyroid gland from a young goat to one fifteen years old the youth of the latter was revived and in less than two months he is young and vigorous again. He later removed those glands and in a few weeks the goat became old and weak. The operation was repeated in the same animal, and again youth was restored. What can be done with goats will be equally successful in human beings, Doctor Voronoff asserts, but takes care to point out that in the case of men only the glands of young men or of a monkey, which are of the same species physiologically, may be transferred. In his opinion, youth and vigor are lodged in the Adam's Apple, and by grafting the thyroid gland from a young and vigorous man to the throat of a decrepit human being—of the male sex—the latter will be restored to his former vitality. One difficulty is that Doctor Voronoff has not been permitted to kill off young and vigorous men for the sake of experiments on the old, and hence his suggestion about accident cases. An interviewer in Paris asked the reason for Doctor Voronoff's statement that since grafting can only be done with beings of the same species, why the glands of monkeys may be used for transfer to men. Doctor Voronoff's reply was that in the gland itself is contained characteristics of the species and that were the interstitial glands of any animal transferred to one of another species the latter would take on the characteristics of the original owner. But he adds that this does not necessarily mean that men will become monkeys by the substitution of such glands, his remark in this respect being based on his contention that men and monkeys are physiologically the same. But men might become women and women men, so experiments would be dangerous, and moreover, even in the interest of medical science, Doctor Voronoff does not want to make a goat of any man. Nor does he hold out even the slightest hope for the female of the species, for his experiments to date in female goats have been flat failures and he sees no method whatever by which women may become young again. Possibly that problem was solved by woman herself before Doctor Voronoff thought of it.

IN ONTARIO.

No one yet seems to understand exactly what happened in Ontario, or why it happened. Reasons are not clearly set out, but the Hearst government has not retained sufficient support to enable it to carry on the administration, and that prohibition has been endorsed by a very large majority. The United Farmers made a determined onslaught on constituencies held by Liberal representatives and have apparently succeeded in electing forty-two of their candidates. They won many Liberal strongholds, but Liberal candidates on the other hand were successful in capturing former Conservative seats. Labor, in the shuffle, comes out with eleven elected representatives, while the Liberal party remains numerically practically the same as in the former House. A striking feature is that the Hearst administration, which gave Ontario its present stringent prohibition law, has been defeated by the people who wanted that law and who have now so emphatically expressed their opinions respecting it. And Ontario has enjoyed good government; there was no complaint against the governing party, no reason in the world for a turnover, but the generally unsettled condition of Canada's politics has brought about an administrative revolution in this home Province as unaccountable as it was unexpected. The Hearst government will remain in office until the legislature meets, for as matters stand today no other single party is prepared to assume the direction of affairs. The Farmers, in a House of one hundred and eleven members, will occupy forty-two seats and the Liberals twenty-eight. No one of the three principal parties can do anything alone, and the apparent solution is a coalition of Farmers and Conservatives, or Farmers and Liberals, either of which combinations would enjoy a good working majority. It may be taken for granted that the result of the election has been just as great a surprise to the people of Ontario as to those of the other provinces who have followed the campaign with very deep interest.

GET BUSY NOW.

If, as has been intimated, a new agreement between the Longshoremen's Association and the steamship companies doing business from St. John is to be arranged for the coming season, it will be in the interests of the parties concerned to get down to business without further delay. Naturally the steamship companies should not be expected to go about looking for opportunities of paying higher wages, or offering better working conditions. The men are the ones who seek these concessions and it is up to them to present their request at the earliest possible moment. Then it will become the duty of the companies, not to disregard requests or to postpone their reply until the issue is forced, but to let the Association have its answer as speedily as possible so that after the opening of the season there will be no hold-up of shipping, no delay in the handling of cargo and no unnecessary friction between the two groups. In other years we have seen strained relations existing while vessels remained idle in the harbor, the men on strike, the shipping companies stubborn, and business delayed. Every incident of this nature injures the reputation of St. John and it is difficult enough to successfully compete with other ports without adding labor disputes to our troubles. The Commission anticipates a very busy winter port season and suggests that exports will start with a rush. If this is an accurate forecast then it is of even greater importance that whatever problems are to be adjusted touching the winter's work shall be made the subject of negotiation at the earliest possible moment.

THE VICTORY LOAN.

The Committee having in charge the administration of the Victory Loan in New Brunswick is very enthusiastic. Without exception the members seem to feel that the campaign in this province will be entirely successful, that the loan will be received with favor equal to that which greeted last year's issue, and that investors of all classes will deem it advisable to put their money into this security. It is pointed out that there is an abundance of money in the country, that despite complaints of the high cost of living and advancing prices in every line, people are very well off indeed and that this being the case since no better investment is available, the Victory Loan will undoubtedly be first in favor. A very strong argument which may be put forward is the current interest rate. Judging from the price and the interest payable on this loan, money is today worth five and one-half per cent. The dollar of today is not equal in value to the dollar of ten years ago nor, do many believe, is it equal in value to the dollar of ten years hence. Thus those who are far sighted enough to invest in five and one-half per cent. national securities sold in the days of lower prices enjoy the benefit of the investment to a very much greater degree than can be done today, for five and one-half per cent. ten years from now will be of greater value than it is at the present time. Even at the cost of doing without some of the luxuries that so many now demand it will be advisable to set aside a generous portion of one's savings for the Victory Loan with the certainty that the return will be equal to and possibly greater than can be secured from any similar security that may be placed on the market during the next few years.

THE ART CLUB.

The annual meeting of the St. John Art Club takes place tomorrow evening. A comparatively small group of men and women who have for years given their attention to this organization have succeeded in accomplishing a great deal of good work during a trying period. Some years ago an effort was made to extend the usefulness of this club and very creditable progress was made, but unfortunately the war intervened and whatever plans had been made were of necessity interfered with. Yet the club itself and the school connected with it play a valuable part in the life of St. John and are deserving of a larger measure of encouragement than has heretofore been accorded them. It is to be hoped that tomorrow evening's meeting will be made the occasion for a much wider expression of interest than has been apparent in the past and that our people will develop a keener realization of the benefits which the St. John Art Club has to offer.

A PUBLIC NUISANCE.

It is perfectly right and proper that motorists should sound their horns at busy street intersections and at other points where there is an element of danger, but it is entirely wrong that the quiet hours of the night and early morning should be disturbed by the incessant blowing of automobile horns merely because a number of 107-

iders are under the influence of liquor or more hilarious than necessity warrants. Yet in the centre of the city and especially around King Square, night after night the continuous blasts of these raucous horns gets on the nerves. There is more noise in ten minutes from the few automobiles which haunt King Square than there is on the whole of Fifth Avenue in twenty-four hours. The thing is becoming a public nuisance, yet no attempt is made to check it. Indeed on the contrary under our civic by-laws motorists are encouraged to utilize the horn as a precautionary measure, with the result that they are making it an instrument of torture. The constant shrieking all through the night is quite as unnecessary as it is annoying, and should be ended.

WHAT THEY SAY

An Amazing Blunder. (Hamilton Herald, Ind.) In deciding to oppose the nationalization of the Grand Trunk Railway the Liberal caucus at Ottawa has made an amazing blunder.

Too Many Middlemen? (Toronto Star.) It was shown by evidence given before the Board of Commerce that the jobbing firm of D. D. Hawthorne and Company made a net profit last year of \$190,000, and a net profit between 1912 and 1919 of \$800,000. Mr. Murdoch, one of the commissioners, thinks that the jobber is one of the unnecessary luxuries. Are they not too many middlemen, not only in this, but in other businesses? If leather is dear and labor is dear, that is surely a reason for cutting down overhead expenses to the lowest possible figure. The products of labor seem to pass through too many hands, and too many people are paid for doing unnecessary work. We do not blame the persons engaged in these occupations. They work the system as they find it. But the system seems to be wrong.

A BIT OF VERSE

OUR GREAT AND GALLANT DEAD. (By Michael Whelan.) Note—This song, suggested by proposals to build monuments to our fallen heroes, is dedicated to the soldiers of all the Allied Armies. In the words of the great Webster: "Let it rise, let it rise, let them rise, till the golden beams of the setting sun shall dance and play upon their summits."

On the fields of France and Flanders, Where the dead in thousands lie, Where many a stream meanders And in music murmurs by, Where the heroes now are sleeping In their last and lonely bed, While at home are millions weeping For our great and gallant dead.

Where the Angels of Mons are guarding The ground where the heroes sleep, While the British Grand Fleet is guarding The shores where the wild waves leap. Where Memory ever shall wander And Reverence softly read, Where the Patriot sadly shall ponder O'er our great and gallant dead.

For the lads whose lives were given And whose blood was shed in streams, Let monuments rise to heaven In the sunlight's golden beams. The world its warm tribute is giving, The world its warm tears has shed, God bless the brave heroes living, God bless the brave heroes dead. Honour, River, N. B., Canada, October, 1919.

Little Benny's Note Book

BY LEE PAPE.

We was having langridge in school this afternoon and we came to the worst essential, Miss Kitty saying, Whoever knows the meaning of essential, please raise their hand. With nobody did, and Miss Kitty said, There are many things in our life that we could do without, because they are not absolutely necessary, but on the other hand there are seven things that we simply must have, because our very existence depends on them, and these things are therefore called essential things. Now who can name something that is absolutely essential? I can, said Puds Simkins raising his hand. Well Charles? said Miss Kitty. Pretzels are essential, said Puds. For mosey sake, w? said Miss Kitty, and Puds said, Because there aint anything else like them. How ridiculous, who else thinks he can name something that is essential? said Miss Kitty. Me, said Sam Cross, roller skates is essential. Roller skates, the ideo, couldent you live without roller skates? said Miss Kitty. Yes mam, but you wouldent want to, said Sam Cross. How many hors in the class agree with Samuel Cross that roller skates are absolutely essential? said Miss Kitty, and all the fellows raised their hand, some raising 1. This class is impossible, we will go on to the Joggry lessin, said Miss Kitty. Wich we did.

A BIT OF FUN

Employer (angrily): "Why do you watch the clock so much?" New Typist (calmly): "Because the works of art in your office are not of sufficient interest to hold my attention."

"I have often marvelled at your brilliancy, your spines at repartee, your—" "It's more than five dollars, old man. I can't do a thing for you; I'm hard up myself."

Ticklish Business. The teacher of the class in physiology put to Tommy this question: "How many ribs have you?" "I don't know, ma'am," said Tommy, squirming at the very thought. "I am so awful ticklish I never could count 'em."

Rather Trying. "I suppose your wife is enjoying her summer cottage?" "Not so very much. She has three women visiting her, each on a different kind of diet."

Looked That Way. "No, I haven't sold my story yet," said the young author, "but all the editors who sent it back praised its delicacy." "I'm afraid, my dear," remarked her friend, "that your story is so delicate it has gone into decline." Exchange.

A Tramp at Bay. Tramp—Please, kind gentleman, could you help a poor blind man? Gentleman—But how am I to know you are blind? Tramp—Because I called you a gentleman.

Embarrassing. Mrs. Swinburne was calling one afternoon and, while waiting for her hostess to appear, was being entertained by her 5-year-old daughter. "Mrs. Swinburne," said little Sarah "will you take one of your shoes off for just a minute?" "My shoes!" exclaimed the caller, in amazement. "Why do you want me to do that?" "Well," explained the child, "I hear mother say you were getting crows-feet awfully."—Buffalo Commercial.

Did You Ever? A furrier was selling a coat to a woman customer. "Yes, ma'am," he said, "I guarantee this to be genuine skunk fur that will wear for years." "But suppose I get it wet in the rain," asked the woman. "What effect will the water have on it? What

will happen to it then? Won't it spoil?" "Madam," answered the furrier, "I have only one answer: Did you ever hear of a skunk carrying an umbrella?"

It Didn't Matter Then. The New Curate (horrified): "You wicked person, flying your kite on the Sabbath!" Naughty Little Urchin: "That's all right, suv'or. It's made out of a Sunday newspaper."

Diamond Prices

The quantity of diamonds necessary to fill the requirements of our five stores, stretching across Canada, always assures us the very best prices obtainable. This is a privilege which is possible to but few importers on this Continent, and we want you to hear this in mind when an Engagement Ring or a gift in Diamonds is contemplated.

Moreover, this heavy purchasing power, assures us a much wider range and permits us to offer you exceptional advantages in the matter of selection. We are always glad to correspond with you at any time in reference to Diamonds, absolutely regardless of whether purchase is the result or not.

A very good impression of our stock may be gained from Birks' Year Book, a copy of which we shall be glad to send you on request.

GERMANS PLAN FOR COLONIZATION IN PART OF MEXICO

Mexico City, Oct. 21.—Concrete evidence of German colonization plans for Mexico was revealed here today with the announcement of an enterprise for the irrigation of 200,000 hectares of land in the Puerto river valley in the State of Sinaloa, where thousands of German emigrants are expected to buy small parcels of land on a twenty-year payment plan.

1. That the city takes three pages of advertising space in the newspapers at a cost of \$83 a page to assist the local Victory Loan Committee in its work.

2. That the salary of Miss Dorothy Nixon, who has been appointed by the Chairman of Assessors as a permanent clerk in the Assessors office, be fixed at \$600 per annum.

3. That the amount of the estimate of cost for renewing the cross wharf between the North and South Rodney wharves be further increased by \$100, and that the final estimate of the City Engineer on Richard R. Lee's contract amounting to \$898 be passed for payment by the Comptroller when sufficient time has elapsed that no liens may be against the work.

The committee of the whole recommended that the offer of S. C. Tibbett of \$500 for a conveyance in fee simple of lot No. 1 on the Mangoshoigh road, in the Parish of Lancaster, as set out on the plan of city lands in said parish set out by the Town Planning Commission, Mr. Tibbett having agreed with the commissioner of harbors, ferries and public lands that the lot will be built on within a reasonable time and that the cost of the proposed house will not be less than \$5,000; also that the said house will be located on the lot according to the lines as prescribed by the Town Planning Commission. Adopted.

A communication was received from J. H. Beattie, secretary of the Teamsters and Charpenters' Union, saying the city teamsters had not been included in the scheme for advancing the wages of city employees 50 cents a day, and asking that the oversight be remedied.

Commissioner Fisher moved that the letter be received and a copy of the resolution passed by the council be sent to the union. This would show that it had been left to the discretion of the individual commissioners to deal with wages.

Acting Mayor Bullock—"There should be no question of an arbitrary attitude."

Commissioner Fisher—"The resolution simply pointed out that the proper course for the teamsters to pursue was to lay their case before the commissioner concerned. He was prepared to consider the case of teamsters in his department."

Commissioner Jones—"So am I."

Commissioner Fisher's motion was then adopted.

Commissioner Fisher said a year ago the city arranged for the purchase of curb stone to be used on Douglas avenue and City road. Morrison & Newlands had contracted to deliver 10,000 feet at \$1.10. They had only delivered a small portion. The contract could be cancelled and the deposit forfeited, but curbstone now would cost about \$2.00.

Commissioner Fisher moved that

Wash the Little Folks' Dainty Garments with Lux

It is easy to keep the children's dresses and delicate woollens fresh, sweet and clean by washing them with Lux.

Lux will not harm any garment, however delicate or dainty that pure water itself will not injure.

The whole secret lies in the matchless purity of the little satiny Lux flakes.

Lux is manufactured in a very special manner, and is absolutely pure; in fact, no form of soap essence can be made in a purer form.

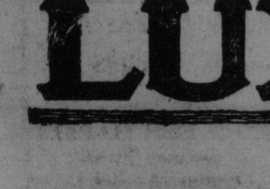

There is no substitute for Lux. There is nothing like Lux. Lux is in a class by itself.

Lux is on sale at all Grocers, Departmental Stores, etc.

A handy little recipe booklet, entitled, "The Care of Dainty Clothes" will be gladly sent free on request.

LEVER BROTHERS LIMITED, TORONTO 78

LUX

"I believe my own experience largely due to the use of Lux soap. Formerly I used many other soaps, but my own experience with Lux and the fact that it is such a valuable blood and body building and preservative the only to be used in every hospital and private home."

Median in the country. "Naxated Iron helps make healthier women. It is a combination of women appear before Mr. O'Connors."

On motion the matter was referred to the Mayor, who is away.

Salvation Army Executives Here

Commissioner Richards, Colonels MacMillan and Chandler and Adjutant Richards Arrive in City En Route to Halifax — Hold Business Session — Welcomed Last Night.

St. John was visited yesterday by three of the highest ranking officers in the Canadian Salvation Army—Commissioner W. J. Richards, commander for Canada, Bermuda and Newfoundland; Colonel John MacMillan, chief secretary, and Colonel Alfred Chandler, chief military secretary. They were accompanied by Mrs. (Colonel) MacMillan and Adjutant Daniel Richards, who is on furlough from Buenos Ayres.

The party was en route to Halifax, where the annual congress of officers located in the Maritime Provinces will be held this week. This conference, alternated between St. John and Halifax, should have been held last fall but was postponed on account of the prevalence of Spanish influenza.

While in the city they visited the various Red Shield properties; the Evangeline House, on Princess street, the Military and Naval Hotel on Prince William street, the working man's hostel on St. James street, the Motropole on Britain street, and the citadel and barracks located at various parts of the city.

It is expected that the workingmen's hotel, on St. James street, will be ready for occupation before the winter opens, as one of the objects of the institution is to provide comfortable individual rooms for the average workman.

Re-Organizing Eastern Divisions.

The matter that will be taken up at the congress in Halifax, Colonel MacMillan stated last night, is that of the new formation of the Maritime Provinces into three divisions instead of two as formerly. This change, as the Standard already has stated, will consist in creating a new division out of the Island of Cape Breton, with headquarters in Sydney. Halifax will take over Parrishore, Yarmouth and the other "Purdy coast" towns which were formerly under the direction of the St. John branch. The St. John branch will in future comprise New Brunswick, Prince Edward Island, Bermuda and the town of Amherst, in Nova Scotia.

Celebrating Jubilee.

This is the Jubilee Year for the Salvation Army, the colonel stated. The jubilee year rally fell on 1914 but owing to the war no celebration of the event could be held. Though the Salvation Army is really entering its 65th year, the jubilee is being celebrated out of the jubilee year.

Message from the King.

In this connection the following letter from King George V. to General Bramwell Booth and forwarded to Commissioner Richards, is interesting:

"On the occasion of the jubilee of the Salvation Army I heartily congratulate you and its members on the mighty achievements of the system founded half a century ago by your distinguished father. By its works of love and mercy both in peace and war the Salvation Army has become honored and endeared to the hearts of the nations of the world."

GEORGE R. V.

One of the interesting events at Halifax will be the laying of the corner stones of the new maternity hospital by Commissioner Richards and Lieutenant Governor Grant. The building, which will be one of the finest in Canada when finished, is the joint gift of the citizens of Halifax and the Dalhousie University.

Commissioner Richards has but recently returned from a two months' tour of the European battle-fields, a trip which included practically every Canadian and British front and covered some thousand or more miles. He visited the various reserve depots, interviewing the Canadian soldiers not then demobilized, and also had several conferences with General Booth, taking up matters of vital importance to the work in Canada and which will have definite application in the near future.

It was the privilege of Commissioner Richards, while in France and Flanders, to take photographs of many of the Canadian graves there, which he will distribute to the relatives in this country. He also investigated the results of the war activities of the Salvation Army "over there" and found nothing but praise on every tongue.

General Bramwell Booth, he reports, will make his first visit to Canada this February and though his itinerary is not scheduled, it is expected that he will tour the whole Dominion.

Last night the visiting officials, accompanied by Commissioner Richards, Morrison & Newlands was granted an extension of time to July 1st, 1920. The motion was adopted.

Commissioner Fisher moved that Frank Wade be paid for his work of curb setting during the year and allowed to withdraw \$100 on his deposit explaining that Mr. Wade had carried out as much of his contract as possible.

The motion was assented to.

Commissioner Thornton submitted a bill for replacing tubing in a boiler in the police court. Amount to \$280. Ordered paid.

A letter was received from J. H. Frink complaining that the council had not acknowledged a letter dealing with the question of encroachment on North Market street. Referred to Common Council.

George Melville wrote that the Trades and Labor Council had adopted a resolution calling upon the city authority to make a move to secure the appointment of a local commission under the Board of Commerce to investigate the cost of living in St. John.

Commissioner Fisher—"The Mayor has done something in the matter. Hasn't he?"

Acting Mayor—"I think he made arrangements to have a committee of women appear before Mr. O'Connors."

On motion the matter was referred to the Mayor, who is away.

Common Council Meeting Yesterday

Demand for Local Investigation of Cost of Living and Complaint from City Teamsters Among Business Transacted.

A demand that the city authorities take measures to provide for a local investigation of the cost of living, and a complaint that the city teamsters were not getting an increase of wages, were among the matters before the meeting of the city council yesterday.

Commissioner Bullock recommended that the lease now held by Peter Chagnars of lot on the northern side walk or roadway leading along Rodney Wharf on the western side of the harbor which expires on the 1st day of December next, be renewed to him for another term of one year at an advance rental of \$300, payable monthly and on same conditions as present lease.

Commissioner Bullock—This is an increase of 100 per cent. since I came into office.

The recommendation was adopted. The following recommendations were adopted without discussion:

1. That the city take three pages of advertising space in the newspapers at a cost of \$83 a page to assist the local Victory Loan Committee in its work.

2. That the salary of Miss Dorothy Nixon, who has been appointed by the Chairman of Assessors as a permanent clerk in the Assessors office, be fixed at \$600 per annum.

3. That the amount of the estimate of cost for renewing the cross wharf between the North and South Rodney wharves be further increased by \$100, and that the final estimate of the City Engineer on Richard R. Lee's contract amounting to \$898 be passed for payment by the Comptroller when sufficient time has elapsed that no liens may be against the work.

The committee of the whole recommended that the offer of S. C. Tibbett of \$500 for a conveyance in fee simple of lot No. 1 on the Mangoshoigh road, in the Parish of Lancaster, as set out on the plan of city lands in said parish set out by the Town Planning Commission, Mr. Tibbett having agreed with the commissioner of harbors, ferries and public lands that the lot will be built on within a reasonable time and that the cost of the proposed house will not be less than \$5,000; also that the said house will be located on the lot according to the lines as prescribed by the Town Planning Commission. Adopted.

A communication was received from J. H. Beattie, secretary of the Teamsters and Charpenters' Union, saying the city teamsters had not been included in the scheme for advancing the wages of city employees 50 cents a day, and asking that the oversight be remedied.

Commissioner Fisher moved that the letter be received and a copy of the resolution passed by the council be sent to the union. This would show that it had been left to the discretion of the individual commissioners to deal with wages.

Acting Mayor Bullock—"There should be no question of an arbitrary attitude."

Commissioner Fisher—"The resolution simply pointed out that the proper course for the teamsters to pursue was to lay their case before the commissioner concerned. He was prepared to consider the case of teamsters in his department."

Commissioner Jones—"So am I."

Commissioner Fisher's motion was then adopted.

Commissioner Fisher said a year ago the city arranged for the purchase of curb stone to be used on Douglas avenue and City road. Morrison & Newlands had contracted to deliver 10,000 feet at \$1.10. They had only delivered a small portion. The contract could be cancelled and the deposit forfeited, but curbstone now would cost about \$2.00.

Commissioner Fisher moved that

OUT O' ORDER STOMACHS

Indigestion, Acidity, Sourness and Gases ended with "Pape's Diapespin"

The moment you eat a tablet or two of Pape's Diapespin all the lumps of indigestion pain, the sourness, heartburn and belching of gases, due to acidity, vanish—truly wonderful!

Millions of people know that it is needless to be bothered with indigestion, dyspepsia or a disordered stomach. A few tablets of Pape's Diapespin neutralize acidity and give relief at once—no waiting! Buy a box of Pape's Diapespin now! Don't stay dyspeptic! Try to regulate your stomach so you can eat favorite foods without causing distress. The cost is 50 cents. The benefits so great.

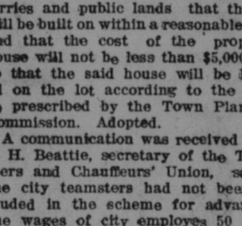

ON INSPECTION TOUR.

Walter Potts, inspector of the sleeping and dining car department of the C. N. R., was in the city yesterday on an inspection tour, and left on a trip over the new Valley Railway. Mr. Potts is a most popular official and was welcomed by many friends while in the city.

DYSPEPSIA AND HOME LIFE

What a Relief When All the Family Eat the Same Food! Avoid Dyspepsia, Sour Stomach, Gas, Indigestion from Breakfast Sausage to Dinner Mince Pie.

After mother has struggled two or three hours over a hot fire to do the cooking for a hungry family, it is

Health and Happiness

real enjoyment when there isn't a dyspeptic jinx among them. Of course, a case of dyspepsia or daily indigestion must be looked after. But it is far more to the point to prevent as well as to treat sour stomach, belching, water brash, etc., by such a valuable means as Stuart's Dyspepsia Tablets. Codding the stomach with soft food and pre-digested stuff merely invites sluggishness.

Eat your little pork sausages for breakfast without fears; have a plate of beans and a piece of pie with cheese for lunch; and end the day with a real dinner, instead of a bowl of bread and milk. Follow each meal with a Stuart's Dyspepsia Tablet and get right back to your natural self.

These tablets digest food and assist the stomach to prepare the content for assimilation in the intestinal tract. Thus you get the practical relief and help which induces a better appetite and a greater freedom in the selection of foods. You will find Stuart's Dyspepsia Tablets on sale at any drug store in the United States and Canada, as they are considered one of the stand-bys by the druggist.

LUXATED IRON

"I believe my own experience largely due to the use of Luxated Iron. Formerly I used many other preparations, but my own experience with Luxated Iron has shown me that it is such a valuable blood and body building and preservative the only to be used in every hospital and private home."

Median in the country. "Naxated Iron helps make healthier women. It is a combination of women appear before Mr. O'Connors."

On motion the matter was referred to the Mayor, who is away.

CANADA FIGHTS TO WIN

When Canada fought—Canada fought to win.

We are now in the midst of another campaign.

The Victory Loan is a campaign to raise money to pay the obligations that the war has left us, and to keep Canada prosperous.

The Victory Loan 1919 calls for vigorous individual and concerted action.

It is a national platform on which all citizens concerned in their country's prosperity and welfare can, without reservation, take a strong, emphatic stand.

The Victory Loan 1919 is the "clean up" chapter in Canada's War History—it is needed to round out the most glorious of our achievements.

It is needed to "carry on" the National Business—to successfully bridge the period from War to Peace—and to speed our country along the highway of international commerce in successful competition with other great nations.

Your personal co-operation is imperative.

Your support is vital.

It is unthinkable that Canadians—united for years when things looked dark—would not, in the same spirit of patriotism, unite in this last great war effort.

Let us show the world again that what Canada undertakes Canada accomplishes.

STOCK MARKET CONCENTRATED ON SPECULATIVE

Traders for the Long Account Had An Added Incentive in An Easy Money Market—Steels on High Levels.

New York, Oct. 21.—Dealing on the Stock Exchange differed in no important particular from recent seasons, the market again concentrated to an extraordinary degree in speculative issues.

Traders for the long account had an added incentive in the easier money market so far this month. Call loans opened at six per cent, large amounts being supplied at that figure, which ruled throughout the day.

The turnover was slightly under yesterday's impressive total, but the number of issues traded in was fully as large, embracing a greater variety of standard or representative industrial stocks.

Steels, for example, were at higher levels, United States Steel coming within a point of its high for the movement on a two rise to 111 3/4. Kindred shares rose two to four points, Steel and Electric equipments one to five, and Leather, Food and several of the less inactive specialties two to eight points.

Rails remained in the background, but shipping retained some of their recent prominence at extreme gains of one to three points, these, however, being dissipated in the realizing sales of the last hour.

All movements were eclipsed by the further advance of motors and oils. General Motors again led at an extreme gain of 12 1/4 points to 340, a new high, that of which was forfeited.

Mexican Petroleum also established a new maximum at 258 1/4, and Royal Dutch and Texas Company bounded forward at the end, the latter rising 11 points to its best record at 259.

Some of the Motors, notably Pierce Arrow and Studebaker, developed marked weakness after early strength, closing at losses of one to four points, subordinates also reacting.

Sales amounted to 1,728,000 shares.

Bonds were irregular, including Liberty and foreign issues, United Kingdom's reacting, while Paris stakes strengthened.

Total sales, par value, \$14,200,000.

Old United States Bonds were unchanged on call.

FOOD ROTTING DENMARK BECAUSE OF HARBOR STRIKE

Millions of Dollars in Foodstuffs Going to Waste and Prices Have Increased 200 Per Cent.

New York, Oct. 21.—Millions of dollars of food is rotting in Denmark and prices have increased from fifty to two hundred per cent, because of a harbor strike at Copenhagen, according to a dispatch from Copenhagen, according to the steamship Helligoloy. More than 500 passengers had been delayed six weeks in leaving Copenhagen. They experienced no difficulty from the New York harbor strike, because the clerical force of the steamship company worked all night to unload their baggage.

TORONTO TRADE QUOTATIONS

Toronto, Oct. 21.—Grain quotations on the Toronto Board of Trade today were as follows:

Manitoba wheat in store Fort William, No. 1, northern, \$2.30; No. 2 northern, \$2.27; No. 4 northern, \$2.22.

Manitoba oats, in store Ft. William, No. 3 C. W., 77%; extra No. 1 feed, 77%; No. 1 feed, 75-1.52; No. 2 feed, 73%.

Manitoba barley, in store Fort William, No. 1, northern, \$2.30; No. 2, American corn, track, Toronto, prompt shipment, No. 3 yellow, nominal; No. 4 yellow, nominal.

Ontario oats, according to freights outside, No. 3 white, 84 to 86 cents.

SPRECKLES BLAMES U. S. GOVT FOR SUGAR SITUATION

Claims There is No Real Shortage, Only a Dislocation of the Supply.

Washington, Oct. 21.—Federal control of the sugar crop was opposed today before the Senate Agricultural Committee by C. A. Spreckles, a New York refiner, who blamed governmental interference for the existing sugar situation. There is no shortage, he said, although the supply is "dislocated." One million tons of the 1919 crop will be available before January first, he added, to relieve the present situation.

Mr. Spreckles said he would not object to governmental control if it would reduce the price to the consumers. Instead, he insisted, it has brought about an increase in prices.

"If the matter was left to the law of supply and demand, it would soon get down to a proper basis," he added.

WERNER HORNE BARBERS UP FOR COURT APPEARANCE

No Lawyers Have Yet Arrived from the States to Conduct His Defence.

Special to The Standard.

Frederickson, N. B., Oct. 21.—Major Werner Horne, the German army officer, whose preliminary examination on the charge of having blown up the international bridge at St. Croix will commence in the police court tomorrow, spent most of this morning getting barbers in preparation for his appearance in court at 11:30 a. m. So far no lawyers have arrived here from the United States to carry on his defence, and it is now believed that his legal battle for liberty, on the grounds that his act was committed on behalf of his government during war, will be delayed until the case reaches the Supreme Court.

U. S. STEEL SOED ABOVE 111 YESTERDAY

(McDougal & Cowans.)
 New York, Oct. 21.—United States Steel sold above 111 in the afternoon, while other steel and equipment stocks moved up more or less in proportion. Oil stocks continued strong but the motors either were stationary or sold off somewhat. In the last hour the list reacted rather sharply on a despatch from Washington, indicating the imminent danger of breaking up of the industrial conference without reaching an agreement. The market was firm at the close, but well under the best prices of the day.

CHICAGO TRADE

Chicago, Ill., Oct. 21.—Corn, No. 2, mixed, \$1.38 1/2 to \$1.40; No. 2 yellow, \$1.39 to \$1.40 1/2. Oats, No. 2 white, 73 to 73 1/2; No. 3 white, 69 to 72. Rye, No. 2, \$1.26 to \$1.27. Barley, \$1.21 to \$1.26. Timothy, \$3.80 to \$4.12. Clover, nominal. Pork, nominal. Lard, \$27.85. RBs, \$18.25 to \$19.00.

OPPOSITION CONVENTION

Attention is directed to the announcement appearing elsewhere in this paper touching the Opposition Convention to be held in St. John on November 6th. It will be noted from this that a change of very great importance in the make-up of that convention is made, and one which will prove of interest to electors in every part of the Province.

The Kingston By-Election.

(Ottawa Citizen.)

The old abuse of bribing constituencies in the coming by-elections should be repudiated by the new minister of finance. Sir Henry Dwyer's task of imposing retrenchment on fellow ministers will be sufficiently heavy, without being handicapped by such an electioneering. Unless the government can demonstrate that it still retains the confidence of the country, without bribing constituencies with promises of dry-docks, dredging, and other public works expenditure, its influence for constructive reform is gone. It should have the patriotism to get out.

How to Judge a Canadian.
 (Parmer's Sun.)

Canada is a country, not of one race but of many races. More than one-quarter of its population is of French origin. Of Canadians born in the Prairie Provinces nearly forty-three per cent. are of foreign origin. It is essential to Canadian progress that all Canadians shall live together on a basis of confidence and friendship. The feuds of Europe, which have almost ruined that continent, ought not to be perpetuated in Canada. A Canadian should be judged, not by his race but by his conduct. If he is a good citizen and a good neighbor that is all we have a right to demand.

Reconstruction Sale

OF

Portland Place Building Lots

62 BUILDING LOTS

RIGHT IN THE CITY ON LANSDOWNE AND DUFFERIN AVENUES
 CITY WATER AND SEWER, LIGHT AND TELEPHONE LINES
 SENSIBLE BUILDING RESTRICTIONS

THE LOTS VARY IN FRONTAGE FROM 35 TO 50 FEET AND IN DEPTH FROM 100 TO 175 FEET. PLENTY OF ROOM FOR EITHER TWO-FLAT OR SELF-CONTAINED HOUSES WITH LAWN AND GARDEN.

PRICES:
 FOR RECONSTRUCTION SALE ONLY

\$350, \$375, \$400, \$425, \$450, \$500, \$550, \$600

TERMS:
 CASH OR ON EASY TERMS AS FOLLOWS: ONE-TENTH CASH AND THE BALANCE IN MONTHLY INSTALLMENTS OF \$10. EACH WITH INTEREST AT 6 PER CENT.

That is \$35 cash and \$10 a month with a few cents interest, reducing each month as the principal is paid off, will buy a \$350 lot with City water and sewer, Electric light and Telephone service in front of it. On making the first cash payment you may commence building.

SITUATION
 Lansdowne Avenue commences at Durick's Corner, Main Street, one block east of Douglas Avenue Corner. This street was opened in 1915.
 Dufferin Avenue commences at the Dufferin School, Elm Street. Turn off Main Street at Steel's Corner opposite Simcnds Street.

The City laid the water and sewer services in these streets in 1915 and 1916. Since then 15 new houses of the self-contained and two-flat type have been built.

RIGHT IN THE CITY
 Every one of these 62 lots is within 3 minutes walk of Main Street, with its stores, theatres, banks and street car service to all parts of the City.
 These lots are right beside the Dufferin and St. Peter's schools, which together make the largest school centre in the city.
 Everyone of these lots is nearer to King Street than is the Douglas Avenue Corner or Haymarket Square. In two years the whole price of a \$350 lot would be saved in carfare alone.

SENSIBLE BUILDING RESTRICTIONS
 When the property was first opened to building in 1915 we realized that it was naturally suited to become a residential district and placed reasonable restrictions on it to protect purchasers who built there and ensure uniform and desirable development.
 Every house built must be at least 20 feet back from the street line and situated a certain distance within its own lot line thus contributing equally with the adjoining property on each side to the light space between buildings.

LOOK OVER THE LOTS YOURSELF, THEN CALL AT OUR OFFICE, 103 PRINCE WILLIAM ST.

There was no election for County Councilors in the parish of St. George.

ENGLAND IS NOT SURPRISED AT PERSIAN REVOLT Extremists Are Bitterly Agitated Against the Anglo-Persian Agreement, and There is Bolshevik Intrigue

Special to The Standard. Amherst, Oct. 17.—After lengthy addresses by H. J. Logan, solicitor for the defence, J. A. Haaway, crown prosecutor, and Chief Justice R. E. Harris, who charged slightly against the prisoner, the jury retired...

LATEST TYPE OF TOURIST CARS One of the Features in Canadian National Railway's Daily Service

Toronto—Winnipeg—Vancouver The Canadian National daily transcontinental train, Toronto-Winnipeg-Vancouver made its initial trip from Toronto, with one of the very latest type of steel tourist cars as part of its equipment...

Phosphorous push buttons, can be readily seen in the dark, should the passenger require to switch on the light or ring the bell, when the berth is in darkness.

The kitchen has the latest special range, facilities for washing dishes, and lockers enable passengers to store their food.

Mr. Joseph Meaking, Collector of Customs, McAdam, visited his parents last week-end.

Miss Ethel McNichol, who has been spending the summer months at "Hillcrest" lodge, returned to Milton, (Mass.) recently.

LITTLE BITS OF SPORT CHATTER Ora Morningstar of San Diego defeated Jack Schaefer of San Francisco Monday in the opening game of the 18.3 balk line billiard championship tournament...

Pat Moran seems to have left the fans in on the know when he states that there will never be another nine-game series to settle the world's championship.

Harvard, Navy and Wesleyan and Lehigh are the only Eastern eleven's yet to be scored on—but it is a little early to go blowing about such a condition of affairs.

Jack Slatery, Harvard's new baseball coach, has certainly produced some fine ball teams. His coaching ability will be put to a different test at Harvard than it was at Tufts...

Erick Pallin, sporting editor of the Stockholm Dagblad, is in America inspecting our playground systems and athletic conditions, and he brings the news that the Belgian Olympic Committee has adopted the same programme of events that were contested in the Swedish Olympics in 1912.

John G. Anderson, so widely known in golf throughout the country, has been made athletic manager of the Millrose A. A. of New York. While never prominent in track athletics, "Johnny" has been a close follower of the cinder-path sport for many years...

St. John High School has had an invitation to play in Sackville against the Academy football team there. Home and home games are desired. At the present time St. John has the next two Saturdays filled with interscholastic fixtures...

It has developed in the minds of some Rugby enthusiasts that a provincial league, including Fredericton, Moncton and St. John might be formed for next season.

Attention is directed to the announcement appearing elsewhere in this paper touching the Opposition Convention to be held in St. John on November 6th.

The ceremony was performed by Rev. Mr. Duhaime, and was witnessed by a large number of friends of the contracting parties.

The kitchen has the latest special range, facilities for washing dishes, and lockers enable passengers to store their food.

Mr. Joseph Meaking, Collector of Customs, McAdam, visited his parents last week-end.

Miss Ethel McNichol, who has been spending the summer months at "Hillcrest" lodge, returned to Milton, (Mass.) recently.

Hudson Super Six In This Respect Hudson Has No Rival The Super-Six Motor is Patented and Exclusive. It Adds 72% to Power Don't forget that no other car in the world has a motor like the Hudson Super-Six. When you see a Hudson doing the things that only the highest powered cars can do, remember that in size, the Super-Six motor is not large and that it obtains its great power because of the patented principle which minimizes vibration. Adds to the Life of the Car, too Vibration is the greatest destructive force about a motor car. Vibration does far more damage than any shock received in useful service. You can see its destructive effects when a motor is raced. Vibration absorbs power. By minimizing it, greater power is available for the operation of the car. And there is less strain and damage done through self-destruction. MOTOR CAR & EQUIPMENT COMPANY, LIMITED Distributing Agents Showrooms: Cor. Charlotte and Duke Streets. THE WEATHER

Table with weather forecasts for various locations including Toronto, Victoria, Kamloops, Edmonton, Prince Albert, and others. Includes columns for Min. and Max. temperatures.

AROUND THE CITY

REORGANIZING SCHOOL. Capt. W. F. Mitchell, Halifax, supervising examiner of this district for the examination of masters and mates, is in St. John reorganizing the navigation school.

CHARGED WITH STEALING. John Melanson, charged with stealing an overcoat from the county hospital, East St. John, was arrested last night and will appear for trial before the police court this morning.

DRUNK AND DISORDERLY. John Moore, aged 25, of Brunswick street, was arrested shortly after seven o'clock last night by Officer Thomas and Donohue on the double charge of being drunk and disorderly, and with committing assault on a young lady last evening on Orange street. His case will be heard this morning.

HORSE RETURNED. The horse that was hired from Watson's livery stable on Sunday evening, and with the owner thought had been stolen, as it had not been brought back on Monday morning, was found tied to a telephone pole and deserted on Cranston avenue early Monday morning by B. Millidge. The animal was taken by Mr. Millidge to the North End station and then restored to the owner.

EXHIBITION WORK. An exhibition of the work done by the soldiers who are patients at the East St. John County Hospital and at the Lancaster Military Hospital will be held next week at the Women's Institute rooms in the Congregational church, on Union street. The articles made will be in charge of Miss Eileen Keefe and Miss Jean Smith, and some of the trays, chains, baskets and other useful things will be for sale.

TO ENTERTAIN WARD WORKERS. The Central Victory Loan Committee will entertain the ward workers at a dinner in Bond's on Thursday evening at seven o'clock. Arrangements for the disposal of the bonds have progressed well and the local headquarters have received many enquiries concerning the new Victory bond. The indications point to an early disposal of the bonds allotted to St. John city and county.

A CLEAN CITY. St. John gets so many knocks that perhaps it will do some good to know that strangers think the city is improved. A lady is at present visiting in the city who was here four years ago. She stated to The Standard that she thought St. John was a clean city and very much improved. Prince William street and around the King Square were well kept and generally looked well.

NEW EXECUTIVE. At a meeting last week of organizations which have adopted Canadian Standard Efficiency Training a new executive was chosen for the ensuing year, as follows: Chairman, A. R. Crookshank; vice-chairman, E. E. Thomas; secretary, F. I. Woodworth; executive members, Rev. R. T. McKim and Hunter Parsons. A meeting of the executive was held yesterday afternoon to decide on a programme for the season, which opens November 1st next.

ST. JOHN SOCIETY OF MUSIC. The organization work of this society is now well under way. It will fill a long felt need in the community and be of great benefit to the city in promoting and developing good music in our midst. Already a large number who are anxious to become Charter Members have handed in their names to the secretary. The membership committee are now preparing membership certificates and due notice will be given through the press when these certificates are ready for delivery.

FROM OVERSEAS. Major D. King Hazen, back from Russia via England, reached Halifax on the Celtic on Monday, and proceeded to Newcastle, where his wife and family have been living. Sir Douglas Hazen, who went to Halifax to meet his son, returned home yesterday morning.

Pte. O'Connor, Bass River, N. B.; Pte. G. R. Jones, St. Stephen, N. B.; Pte. E. McFarlane, Fairville, N. B., returned home on the Saturday, and has arrived at Quebec.

Lieut. G. P. Patterson, St. John, came over on the Celtic. SAINT JOHN SOCIETY OF MUSIC. A committee meeting of this newly formed organization will be held this evening at the home of Mr. L. M. LeLachur, 24 Pitt street, at 8 p.m. (daylight time). All members of the committee are requested to be present as important organization work will be undertaken.

Parish Elections Held Yesterday In The County

Results Showed Some Surprises—Election in All Contested Parishes Were Fought and Fair Vote Polled.

The parish elections in the County of St. John were held yesterday and the results showed some surprises. The most popular parish, Lancaster, returned Warden Golding, Councillor John T. O'Brien and a new man from Beaconsfield district, Murray Campbell. The councillors in Simonds, namely, T. B. Carson, G. Fred Stephenson and Harry Shillington, were defeated by J. P. Mosher, J. Donovan and H. Dalzell by substantial majorities. In St. Martin's Councillors Bentley, Bowland and a new man, Mr. Shanklin, defeated Fred Black, George Mosher and John Howard. Mr. Howard was a member of the municipal council and his place is taken by Mr. Shanklin. In Musquash only one man offered for election, namely, Councillor O'Donnell, although two are to be elected.

Table listing election results for various parishes: Lancaster (O'Brien 534, Campbell 511, Golding 467, Belyea 448, Allan 334), Simonds (Mosher 332, Donovan 303, Dalzell 292, Carson 267, Shillington 264, Stephenson 259), St. Martin's (Bentley 218, Shanklin 202, Bowland 185, Black 169, Mosher 147, Howard 127), Musquash (O'Donnell 112).

The returns from the parishes are: Musquash—James O'Donnell, by acclamation. One to be elected. Lancaster. O'Brien 534, Campbell 511, Golding 467, Belyea 448, Allan 334. Simonds. Mosher 332, Donovan 303, Dalzell 292, Carson 267, Shillington 264, Stephenson 259. St. Martin's. Bentley 218, Shanklin 202, Bowland 185, Black 169, Mosher 147, Howard 127. Musquash. O'Donnell 112.

PLEASING BANQUET HELD LAST EVENING

Ninety-Four Men of St. Paul's Church Congregation Assembled Last Evening and Enjoyed Dinner and Excellent Programme.

A get together banquet was held in St. Paul's church last evening when ninety-four men of the congregation were assembled. After the dinner, which was provided by the ladies of the church, Bishop Richardson, F. B. Schofield and A. C. Skelton spoke on the necessity of young men taking an interest in the activities of the church. His Lordship Bishop Richardson told what could be accomplished by the united effort of the young men. As a result of the meeting it was decided to form a Young People's Association for the purpose of interesting the young people in the work of the church. The association will promote sports and other activities among the members of the church and congregation.

SIXTY-FOUR DAYS BEFORE CHRISTMAS

Weather is Becoming Decidedly Cooler and Household-ers Are Taking up Matter of Winter Protection.

There are sixty-four days before Christmas will arrive. Already the weather has taken on a decided cooler phase and indications point to real old-time Christmas weather for the holiday season. During the last few days the atmosphere has been decidedly cool, bringing to mind the fact that arrangements must be made soon for combating the wintry winds and freezing conditions. The householder has already taken up the matter of winter protection. In many parts of the city the storm windows have been brought out from their summer quarters and have been put in position for the winter. The coal stoves have also in many instances been set up and some homes have already adopted the steady heat of the hard coal self-feeder. Hard coal is selling at present for \$15.50 per ton, but the dealers predict an advance on this price in a short time. It is understood that some householders have not yet secured their coal supplies for the winter, but dealers in wood report that large quantities of this fuel have been secured by citizens and quite a number intend burning this through the early stages of the winter season.

W. C. T. U. MEETING HELD YESTERDAY

Visitor Welcomed and Final Arrangements Made for Sale to be Held Shortly.

Preparations for the coming apron and home-cooking sale took up the attention of members of the W. C. T. U. at their meeting held yesterday afternoon in the Orange Hall. Mrs. David Hipwell presided and the devotional exercises were led by Mrs. W. H. Humphrey. A collection was taken for flowers. Mrs. Hipwell told of several sick visits made and conveyed to the thanks of those who had been remembered with flowers. Mrs. James L. Davis reported on the hospital work which she looks after so faithfully. The Union was pleased to have with them yesterday Mrs. John Retailick, of the Carleton W. C. T. U. It was reported that everything in connection with the sale is going on well. It is hoped all friends will remember the date.

The Queen Square Methodist Church

Delightful Programme Carried Through Last Evening in Connection With 128th Anniversary Celebration.

One of the most interesting events in connection with the celebration of the 128th anniversary of the Queen Square Methodist church was held last night, when the members held a thoroughly enjoyable concert and social in the auditorium of the church. Pianoforte duets by Mrs. Layworth and Mrs. Arthur Robertson furnished the prelude to the main programme, which was opened by the pastor, the Rev. George Morris, who delivered a welcoming address and spoke of the growth of the church, stating, in part, that the Queen Square edifice could well be looked upon as the "mother church of St. John Methodism." The reading by Miss Isabel McGilley were much enjoyed and were followed by an address from the Rev. George Duncan, who told of the number of great changes that have been made in world conditions since the Queen Square church was founded. Mrs. George Morris then lighted the audience with a solo, self accompanied on a guitar, and gave by request, as an encore, that Scottish favorite, "My Ain Country."

The Rev. Henry Penna spoke briefly regarding his early association with the church, relating some interesting reminiscences. Miss Evelyn Hanson was heartily applauded upon the rendition of a most enjoyable piano solo and responded with an encore number which was equally well received. In his closing address the Rev. H. A. Goodwin congratulated the church upon having passed the 128th milestone without suffering from the usual infirmities of old age and urged that the church remain conventional and ready to hear the voice of God. Delightful refreshments were then served by the Ladies' Aid of the church and after justice was done to the repast and a short social hour passed, the singing of the National Anthem brought the pleasant function to a close.

Tonight, when the regular prayer service will be held, will conclude the anniversary services.

Mystery Car Here; Had Demonstration

Much Talked of Car Was Seen on the Streets Yesterday—Those Who Had Drive Were Delighted.

It has been understood for some years that one of the largest motor car manufacturers in the United States and Canada had been, during the years of the war, designing and testing something entirely new in small cars, though the matter was kept so secret that few details could be learned. It now appears that the much talked of car is a product of the Willys-Overland Company of Toledo, Ohio, and it made its first appearance on the streets of St. John yesterday, and was the centre of admiring crowds. It is a small but very roomy, high grade car, with many new and interesting features, chief among which is the wonderful new spring suspension, known as the three point cantilever, which while the car has a convenient wheelbase of only one hundred inches, permitting the car being turned completely around in a thirty-two foot circle, gives greater riding comfort than is ordinarily experienced in a large car of a hundred and thirty or more inches in wheelbase.

In conversation with Mr. Pugsley, local dealer, a representative of The Standard was informed that the Willys-Overland Company had been designing, experimenting and testing the new car for some four years, while the factory was chiefly engaged in the production of aeroplane motors, etc., and that previous to the car being manufactured on a quantity basis, test cars had been driven a total of some six hundred miles over all kinds and conditions of roads, until the car was declared by the company's engineers as perfect in every detail, as to its riding qualities and comfort, power, silence, absence of vibration, reliability, etc., after which all the principle features were patented in the principle countries of the world. The new car is now being produced in the Canadian factory in Toronto, and Mr. Pugsley anticipates that before many months the company will be able to make fairly prompt delivery. Orders are now being accepted for delivery in rotation as received, as may be readily appreciated by most citizens of St. John. Mr. Pugsley did not have very much trouble in finding a few rough streets upon which to demonstrate the car's riding qualities, and the way the car took the bumps was remarkable, making the streets seem like boulevards, but a drive shortly afterwards over the same street in a car of another make soon dispelled the illusion. Therefore to the writer the car would seem particularly adapted to St. John.

W. C. T. U. MEETING HELD YESTERDAY

Complaints are being heard on all sides of the scarcity of goods, and the difficulty in getting shipments. F. A. Dykeman & Co. have no such complaints. They have been fortunate in getting their goods almost invariably at the time expected. They are showing a magnificent range of Salts Plush Coats, ranging in price from \$45.00 to \$110.00. In the face of a statement made by some manufacturers that the materials are impossible to procure, Very handsome Salts Benette Coats with Kit Coney Collar at \$57.50. With Opposum Collar, \$65.00 and \$75.00.

so faithfully. The Union was pleased to have with them yesterday Mrs. John Retailick, of the Carleton W. C. T. U. It was reported that everything in connection with the sale is going on well. It is hoped all friends will remember the date.

Providing For Men In Hospital

Seven Seas Chapter I. O. D. E. at Meeting Last Evening Plan to Send Records to Soldier Patients—Regent to Go to Moncton.

The regular meeting of the Seven Seas Chapter, I. O. D. E., was held at the home of Miss Helen Hannah, 18 Elliott Row. The regent, Miss Dorothy Jones, presided. Miss Jones was appointed to represent the chapter at the quarterly meeting of the Provincial Chapter to be held at Moncton next Tuesday. Six members were appointed to assist the Navy League campaign on Thursday and Friday. It was decided that during the winter the chapter will make an effort to help the new Protestant Orphan Home on the West Side.

Ward Captains For Victory Loan Work

Those Who Will Lead Canvassers in Different Wards and Parishes in City and County.

With the opening of the Victory Loan campaign rapidly drawing near, the central committee is busy with the final preparations for the big drive and everything possible is being done in advance to ensure the attainment of the objective.

The list of ward and parish captains for the city and county finally has been completed and those selected now are gathering together the members of their teams and completing their organization for the canvass. The captains chosen are as follows:

Fairville—John T. O'Brien and William Golding. Musquash—Gilbert C. Jordan. Simonds—W. G. Gun. St. Martin's—W. B. Bentley and Captain E. S. Vaughan.

POLICE COURT CASES YESTERDAY

Young Girls Charged With Street Walking Were Remanded—Man Fined \$200 for Supplying Booze to a Girl.

In the police court yesterday Charles Noddin was charged with supplying liquor to Fry Patchell. The girl was found in an automobile in Charlotte street on Sunday morning. Noddin was fined \$200 with the option of six months in jail. Two girls, Mamie C. Young and Mamie Stevens, were again before the court on a charge of street walking. They were remanded.

Ralph Ellis was charged with discharging firearms in Rockwood Park. A man in a motor car, Joseph Gilbert, was charged with supplying ammunition to minors. They pleaded not guilty and the case was set over. Stephen Fleming was charged with carrying a loaded revolver. It was explained that he was on the staff of the provost marshal of the city and had the right to carry firearms. The case was dismissed.

The drunk was remanded to jail. Several by-law violation cases were also disposed of. IN KINGS COUNTY. J. E. McAuley and Leslie Hayes will be candidates in the coming Municipal Election for the Parish of St. John, Kings County. The election will take place on Tuesday next week.

OPTION ACQUIRED ON PROPERTIES

St. John Housing Commission Yesterday Took Option on George McArthur's Douglas Avenue Properties

The St. John Housing Commission yesterday acquired an option on certain properties of George McArthur on Douglas Avenue. Com. Bullock stated that if the city would provide water and sewerage facilities the commission would put up twenty houses there. His idea is to convert a strip through the centre of the property from Douglas Avenue to the railway tracks into a public street. If the city puts in sewer and sewerage pipes along the streets the commission will build. On the west side the contractors have started work on a number of houses to be built for the housing commission.

NOTICE. There will be a parade at the Armoury, St. John, on Thursday, October 23rd, 1919, at 8.30 p.m. (daylight time), of those men who took part in the Band and Guard of Honor to H. R. H. the Prince of Wales, for the purpose of receiving pay.
