JOHN T. G. CARR

CALDWELL'S MAJORITY MORE THAN 1000

He Not Only Won in Victoria but Led Carleton by Big Majority

A large number attended the declaration proceedings on Tuesday. The final tabulation of the Victoria-Carleton vote gives T. W. Caldwell a majority of 1,052 over B. F. Smith. In Carleton the vote stood Caldwell, 4,352; Smith, 4,028. The Victoria vote was Caldwell, 2,161; Smith, 1,332. Both candidates were present and addressed the election meeting. Mr. Caldwell in thanking those who supported, extended his special thanks to the town of Woodstock for the magnificent vote given him.

B. F. Smith said he would be as young and vigorous four years from now and would wipe out Mr. Caldwell's majority when they next met. He said he had run a pure election and had not spent a dollar.

Although much interest was taken in the contest the total vote polled was small in both counties. While Mr. Caldwell is a Progressive and will be found with his party it is believed that he will be friendly to the new administration in much of the legislation to be presented.

Following is the official result of the various polls and should be preserved for consultation and comparison at the next grand reckoning:

PRODUCE PRICES

There is nothing doing in the potato market and it will not be likely to brighten until after the new year. The Observer learns that consumers are still being supplied from the immense quantities marketed during digging, but that the market showed promise in that under such heavy shipments it stood up at all. It is apparent that soon after Christmas prices must commence an upward climb. There may

be \$3.00 potatoes before next June, but there will be no material advance on present prices until the heavy stocks held throughout the country are unloaded.

Farmers are advised to sell pretty freely on the first advance as a great deal of the crop must be sold cheap before there will be a real demand for potatoes. Dealers today refused to give quotations on potatoes.

There is an abundance of Christmas poultry in sight, but farmers are holding for even higher prices which are not at all likely to come. Next week will probably see a drop. Today ship-pers are paying for turkeys from 45 to 50 cents; geese and ducks 30 cents; butter is bringing 90 cents and eggs are scarce at 50 cents.

MORE MONEY VOTED FOR THE SCHOOL

Well Attended Meeting Has Good Result—No Changes in Teaching Staff

At a well attended school meeting held on Monday an extra vote of \$2000 was passed in addition to the \$5000 already voted at the annual meeting in July. The Trustees Board did not consider it wise to carry the expenditure necessary to open the new Department and furnish the same on interest, therefore authority to call a meeting to vote money had to be obtained from the Board of Education through the Inspector. About half of the above extra expense will be available for a new school—new desks and seats, slate blackboards, teacher's desk, etc. The increasing educational charges were admirably received by the ratepayers who are certainly good sports when it comes to matters touching their school.

After adjournment the meeting proceeded to discuss informally many questions regarding the building of a new school house and the site thereof. The question of teachers' residences, vocational and playground matters were also presented.

The teachers, trustees and secretary held another joint meeting one evening last week, at which there was a full attendance and very general discussion of many matters of importance. Their exchanges of views led to a better knowledge and appreciation of each other's aims and difficulties. The parents will be glad to know that there will be no change in the staff at the end of this term.

I. M. TOMPKINS IS NO MORE

Death Comes to Well Known East Florenceville Residents

I. M. Tompkins died at his Florenceville home at noon Friday. The passing of Mr. Tompkins will be occasion for regret to a host of friends throughout the St. John valley where he had become well known as a merchant and later as a traveller for the St. John firm of Barbour & Co. and lastly for H. W. Cole.

Mr. Tompkins was the son of the late Bradstreet Tompkins and was born near Florenceville. His wife was Miss Maude Dyer and the family includes two daughters, Miss A. G. and Miss Mildred, and five boys—Jay, Bradstreet, Wilbur, Clarence and Arvil. Deceased was 53 years old and had been ill for a long period. At different times he was in business for himself at Summerfield, and Florenceville, as a general merchant, and later was interested with a brother in a trading business at Bath. Three brothers survive, Watts of Bath, Wyllie of Bangor and Bunyan on Big Bay, Michigan. Mrs. Chas. Inman, Kilburn, is a sister as is also Mrs. Walter Smith, Grand Falls. Mr. Tompkins was well known in society circles and was a member of the local Orange, Masonic and Forester lodges. The Masonic Ritual was used at the burial services, the Rev. I. W. Williamson being the officiating clergyman, and the text was from 1 Cor. 15-54—"Death is swallowed up in Victory." Immediately after the service B. F. Smith conducted the funeral, and the body was carried to the grave by two brothers of the deceased, Watts and Willey, and two sons, Jay and Wilcox, in a lot adjoining the church of which he was a member. Floral tributes were numerous and beautiful and much sympathy is extended to the bereaved family.

In September, accompanied by his son Bradstreet, Mr. Tompkins went for treatment to the Royal Victoria Hospital at Montreal, but his case was beyond medical aid.

N. B. POTATOES GOING TO TEXAS

The First Big Shipment of N. B. Seed Potatoes Will Go From St. John Next Week

Porter, Hatfield, Gallagher, Ltd. will next week load a vessel at St. John with 12,000 barrels of choice Bliss seed potatoes which will go direct to Galveston, Texas. This will be the first extensive shipment of New Brunswick seed into the United States. The potatoes selected for this shipment are hardly northern stock grown in the vicinity of Grand Falls and New Denmark.

As is well known potato-growing in the south is successful only when the hardy seed from the cooler belts is planted, and it has been demonstrated that the farther north and the nearer the coast the better for seed are the potatoes grown. It was with this fact that a seed potato colony has been established at Charlo in Restigouche county, from which this year, as many as 30 carloads of Green Mountains and almost the same quantity of Cobblers have been shipped to American points, several carloads to Aroostook county. The potatoes produced in this locality are peculiarly sound, hardy, and absolutely free from disease of any kind. Grown on virgin soil and isolated from the older potato-growing sections by a hundred miles of wilderness, they escaped the contagion of disease now common to the areas that have produced potatoes year after year for a long period.

THE BRIDGE COMPLETED

The finishing touches are being put on the new river bridge this week. Work of rebuilding commenced in January 1919, and was completed in April, 1920, when the ice freighter carried away two spans. The work of rebuilding two spans and new concrete piers and abutments commenced in August, 1920. The New Brunswick Construction and Building Co., Ltd., having the contract at upwards of \$200,000. The time limit for completing the work was set for some time next year, but it will be completed this week. The story of the bridge and its rebuilding will be the basis for an interesting article next week.

BRIDGE WORKMAN BADLY INJURED

Friday morning saw a new addition to the remarkably few accidents that have so far attended the extensive repair work on the bridge. George Needles, while working with others around pier number one, suddenly lost his footing. When he realized he was falling he grabbed for a rope that dangled near his reach, but as it gave readily to his grasp he let go and made a clean drop of 25 feet to the frozen ground. He was taken direct to his home where Drs. MacIntosh and Belyea both hurried to his relief but on examination it was found that aside from injury to the back and legs from the impact, nothing serious resulted from the fall, although he is still confined to the house.

G. W. V. A. WILL HOLD A SMOKER

The G. W. V. A. is making plans for an exceptionally good time for their meeting to be held Dec. 15 in their quarters at the armory. Free smokes and other entertainment will feature largely in the evening's program. The business projected for consideration at this meeting carries a message of vital import to all returned men.

The meeting held on Dec. 2 was a decidedly pleasant occasion. The officers' reports and financial statement of this organization was the main subject of interest. The memorial fund, now in bank, and only to be used for the erection of a memorial in Hartland to the honor of those heroes who lie in Flanders, is \$371.62, while the balance shown to current account amounted to \$34.67.

Great Plans For a Murder.

Stygian darkness has got nothing on the mark that pervades the newly covered bridge. It is dark enough at daytime, but at night the blackness is appalling—it is absolute. Immediate arrangements must be made to light the bridge, otherwise collisions between vehicles are bound to occur, while the condition may be mere suggestion induce robbery, rapine or murder.

The question of snowing or icing the river bridge should have immediate attention as farmers can haul only half a load over the bare floor and hauling is both hard on the horses and hard on the bridge.

The New Year

is not very far distant and immediately after that the shipments of fertilizer begin to go out. Many of our customers handle their carload on the snow while the roads are good, others want to have it on hand and delivered before the planting season and others to avoid the delays which may come with a later order.

While it is too early yet to have any fixed idea of business next spring the general conditions appear favorable for a much better fertilizer trade than a year ago. There is a distinct shortage of potatoes in Western Canada and United States which under usual conditions result in advanced prices. The shortage is much greater than two years ago when potatoes reached the high mark. However other conditions do not favor higher prices but merely a steady demand seems to be assured.

In the apple growing sections of Nova Scotia the shortage of apples in other sections has opened new markets. This has made a free movement of a large crop at reasonably good prices.

These improved markets compared with last year and the reduction in price from five dollars a ton in the lower grades up to a reduction of fifteen to twenty dollars in the higher grades will probably cause a larger demand for fertilizers with an earlier placing of orders.

The "Made at Windsor, N. S." fertilizers meet the requirements of the farmers in supply, quality and price.

We want agents, either dealers or farmers in all territory where we are not now represented.

UNITED BAPTIST QUARTERLY MEETING

The quarterly meeting of the Second District of the United Baptist church was held at Jacksonville a few days ago. The first evening session was presided over by the moderator, Rev. E. A. Trites, and Rev. A. H. Saunders was the preacher. At the second session, Tuesday morning, H. A. Sipprell, the Hartland delegate led the devotions. Reports were heard from the various churches of the district. The devotions of the afternoon session were led by Elwood Dickinson and W. C. Machum gave an instructive address on evangelism in the Sunday school and in young people's work in general.

At the Tuesday evening session Mr. Machum continued his address. Rev. C. N. Barton followed with an able sermon.

MADE A LIFE MEMBER

On Saturday evening Dec. 10 some 20 ladies, members of the U. B. Women's Missionary Society of Hartland, gave a surprise party to Mrs. Almada Curtis at the residence of her son, Arthur B. Curtis. A short program was given. Miss Alveretta Estabrooks then in behalf of the Society presented Mrs. Curtis with a Life Membership Certificate of the U. B. W. M. U. Mrs. Curtis, although completely surprised, responded in a neat speech expressing her appreciation and thanks for the thoughtful remembrance. Dainty re-

freshments were then served. After singing And Lang Syne and thanking Mr. and Mrs. Arthur Curtis for their generous hospitality, the company dispersed.

CAR GOES OVER BANK

A peculiar automobile accident occurred Saturday night that should be recorded under the head of a dire tragedy, but for the amazing good fortune of some people. Roy Smith and several companions were after dark motoring up the river road when at a point near Deep Creek, where the highway runs on a high bank, his car skidded and pitched over the bank, bringing up on the railway track below. The descent was indeed perilous, but none of the occupants of the car was injured in the least degree. The windshield and mudguards were badly broken, otherwise the car was able to travel under her own steam to the crossing a short distance up the track where it was placed on the highway and heading for home.

WILLIAM P. BROWNING

Aged Victoria County Man Passed Away December 9

The community was grieved to learn of the death of William P. Browning, of River de Chute who passed away at ten o'clock Wednesday morning, after a brief illness. Mr. Browning has been in failing health for some time past but the end came as a shock to his relatives and friends. He was born in Fredericton 87 years ago. About 40 or 45 years ago he came to River de Chute where he has since made his home and he called every one his friend. He married Miss Margaret Hurst of Jacksonville, who passed away several years ago. He leaves to mourn, eight children: Mrs. H. Lane, Fort Fairfield, Mrs. P. Heffernan, Andover, Miss Bertha at home; Robert at Mars Hill, Bradford at River de Chute, Hanford, William and James at home. The funeral, which was largely attended, took place Friday afternoon at two o'clock. Rev. J. H. Belyea of Andover spoke words of comfort to the mourning family. Interment was made in the family lot in the cemetery at Bairdsville. Another grand old man has left us, and the vacancy his passing has caused will never be filled. A devoted father, a friend to all, he will be mourned by all with whom he came

YOU SHOULD HAVE AN

"ALADDIN"

NOW—FOR THESE REASONS:

TWICE THE LIGHT WITH 1/2 THE OIL

No Odor - No Noise - White Light - Burns Kerosene

The Aladdin gives an Even White Light obtained from a blue flame, impossible to obtain from any yellow flame lamp, and this flame heats the Mantle white hot—therefore this is where the saving of fuel comes. This lamp has been tested at The Department of Mechanical Engineering, McGill University, and has proved to save \$94.45 in a period of five years, burning three hours a day, the Kerosene costing 32c per gallon, over the ordinary round burner yellow flame lamp. Of course this saving is greater accordingly as the Kerosene is higher in price and more hours burning per day.

The Company guarantees the lamps and the statements they make—and there are many more to come.

If you want to make a practical Xmas Gift that can be enjoyed every day in the year by every member of the family, you should buy an Aladdin and save Kerosene at the same time.

Anyone interested in an Aladdin may have a lamp placed on trial in their homes by writing, or calling me on the phone after 6 p.m. A free demonstration may be had, or a purchase made, from C. R. Violette, Jeweller. Supplies also carried.

C. P. R. PURCHASES PROPERTY

On Saturday the Canadian Pacific Railway purchased all the land south of their track property at Woodstock, formerly owned by the Dominion Tanneries, Ltd. and the Anglo-Canadian Leather Company, and four acres of adjoining land owned by C. L. Smith. The C. P. R. has also appropriated \$20,000 for laying out new tracks, the work to commence early in the spring. Supt. Gilliland has for some years seen the necessity for the purchase and is pleased that the deal has gone through. When the new track is laid out all through trains of 40 cars or more can pass through on a straight track without being broken up, and much yard room will be available for other purposes.—Press.

Mr. and Mrs. Squires will have the sympathy of the whole community in their sad bereavement.—Press.

**PAINS SO BAD

**Young Mrs. Becroft Had
Miserable Time Until She
Took Lydia E. Pinkham's
Vegetable Compound.**

Hamilton, Ont.—"I have suffered for
three years from a female trouble and
consequent weakness, pain and irregu-
larity which kept me in bed four or five
days each month. I nearly went crazy
with pain in my back, and for about a
week at a time I could not get up. I
saw Lydia E. Pinkham's Vegetable
Compound advertised in the Hamilton
Specialist and I took it. Now I have no
pain and am quite regular unless I over-
work or stay up all night. I keep
morning until late at night. I keep
house and do all my own work without
any trouble. I have recommended this
Compound to several friends."—Mrs.
Emily Becroft, 269 Victoria Ave. N.,
Hamilton, Ontario.
For forty years women have been
telling how Lydia E. Pinkham's Vegeta-
ble Compound has restored their
health when suffering with female ills.
This accounts for the enormous demand
for it from coast to coast. If you are
troubled with any ailment peculiar to
women why don't you try Lydia E.
Pinkham's Vegetable Compound? It is
made from native roots and herbs and
contains no narcotics or harmful drugs.
For special advice women are asked to
write the Lydia E. Pinkham Medicine

BUYING CATTLE FOR AROOSTOOK

Sydney Giberson, a former Bath
man, now carrying on a lucrative meat
and provision business at Limestone,
Me., was a business visitor in Hart-
land yesterday. He stated in conver-
sation that business in northern Maine
was very quiet and money very scarce.

Potatoes were looking better the last
few days and a stiffer situation in
Boston had boosted the price up to
\$2.10. Mr. Giberson has an assistant
with him and will spend some time in
the county buying cattle to be sent
north and slaughtered for his own
market.

LOCAL AND PERSONAL ITEMS

Election Day 1921 was an altogether different occasion than the same event in 1911. Unless one knew that a couple of busy polls were being conducted in town, no suspicion of a departure from a normal day in our busy town, would be born. Representatives of the two different parties met all day in the most friendly and cordial spirit, and all the old animus and partisan enmity was totally lacking. Let us hope that the old party hatchet is buried good and deep, for in the old days even husbands and wives of different views established sort of sharp-toothed buzz saw relationships during the week preceding and the week following election day.

The several merchants are putting forth considerable extra effort in the way of bright decorations and augmented stock to cast a wreath of Christmas spirit and cheer around their various places of business. Increased sales in the different departments will probably amply repay them for the extra effort to make Santa Claus' job an easy one.

The young bloods of the town have been rejoicing over the withholding of snow by the Storm King, and each evening the ice is covered with a merry throng of skaters. With a little practical application of the energy that is wasted in various other channels, an open air rink could easily be established and kept in condition through most of the winter months.

Mr. and Mrs. S. W. Burrill spent last week at Fort Fairfield the guest of Dr. and Mrs. G. J. Burrill.

Arthur Slipp, the fur man of Woodstock, was in town on Friday interviewing the local hunters and trappers. Several of the young boys are considerably interested in the job as a pastime and find it sometimes pretty lucrative.

On December 18, Rev. H. R. Bell will preach as follows: Centreville, 11 a.m.; Good Corner, 3 p.m.; Lakeville, 7 p.m. All are invited. At Lakeville there will be special music.

On Saturday last a deal was consummated between the Centreville Hotel Company and Col. Kennedy of this town, when they disposed of the Hotel property and all the goods and chattels thereunto appertaining to the latter gentleman, who will conduct it as a private enterprise. The town proper and the country in general will be much pleased to see this inviting hostelry opened again for public patronage. Everything is at hand to make the guests comfortable. The furniture is all new and all is home-like and cozy and with the good catering which mine hosts have already established a record for. "The wayfarer man, though a fool, will not err" in coming to this new hotel. The place is now catering to the needs of the tired and hungry. Let's go!

Mr. and Mrs. J. R. D. White and H. G. White of Arcostock Jet drove down on Sunday and were the guests of Mrs. Alice White.

A number of local Masons attended the funeral of their late brother, I. M. Tompkins, on Sunday afternoon at East Florenceville.

Burton Hawkins of Hartland is spending a vacation with his family here.

Mr. Haddy of Ontario is interesting many of the farmers in the latest portable type of fire extinguishers, and making many successful sales. The Fuller Brush man is also in the vicinity and doing a thriving business.

The Ladies Guild of St. James Episcopal church were entertained last week by Mrs. LeRoy T. Lee.

On December 13, Rev. H. R. Bell (Advent) Rev. C. E. Canham will preach at Florenceville, 11 a.m.; Greenfield, 3 p.m.; Centreville, 7:30 p.m. Subject, "How will Christ Come?" Rev. John Reese Jones, formerly rector of the local Episcopal parish, who went home to England on a visit last fall is returning therefrom with his family, and will have charge of the Andover parish.

OTIS SHAW

Sec. to Trustees Dist. 2, Wicklow R. R. 1, Florenceville

the 25th anniversary of the marriage of Mr. and Mrs. Gideon Green of Summerfield; over one hundred relatives and friends gathered at their home to extend congratulations and best wishes. Mr. and Mrs. Green, who was the daughter of Robert Green of Summerfield, were married on Nov. 15, in the year 1896 by Rev. George A. Sellars, Methodist minister then stationed at Centreville. The afternoon and evening was very pleasantly spent in social conversation, vocal and instrumental music. A sumptuous supper was prepared which was much enjoyed by all. This happy couple are blessed with six children—four boys and two girls.

Mr. Green is the founder and manager of an extensive manufacturing business which is carried on under the name of Gideon Green & Son. Two sons, Sperry and Carvell, are employed with their father, Sperry the elder being a member of the firm. The oldest daughter, Amy, is the wife of Morrell Gee of Summerfield. The other children—Hazel, Walter, and Burns, at home. The esteem in which Mr. and Mrs. Green are held was evidenced by the many gifts presented.
