PANDORA

Owing to the fine con-
struction of most ranges
it is a rather difficult
task to cook and bake
successfully at the same
time.

But the arrangement of the Pandora flues differs considerably
from others. They are so constructed that the draft for
baking is also the best for cooking, the heat circulating around
the oven twice and under every pot hole before passing up
the chimney.

The Pandora bakes and cooks perfectly
at the same time.

Do you know of another range that does?
If your local dealer does not sell the Pandora write direct

At a Western Window.

I gazed from the western window,
At dawn the morning day,
Where the sunbeams and the shadows
In parting glory play,
To view the view enchanted
That smiles at the open door
As the argosies of evening
Sail through to a fairer shore.

The day is long behind me,
The night is coming on;
But I hear a robin singing
The song he sang at dawn.
Now one with the moon is evening,
And one with the earth and sky,
The moon and the meadow
With the stars that breathe so high,
And youth is young forever,
And love is never old,
Though masks of age are breaking
Back to the primal mood,
And youth is young forever,
And love is never old,
I gaze, as the stars increase,
And the mortal and immortal
Are one in this blessed peace.

The Loving Cup.

BY IDA ALEXANDER.

The little old doctor lay awaiting
the return of the big new doctor.
There had been many of those visits
at first—three—four—five a day.
Now they had dwindled down to one.
There had been no others in the long
three weeks, yet he had never before
been alone since his illness began.
The trained nurse had always been at
hand, firm, capable, noiseless.

SAYS THIS IS BEST

A leading health journal in answer-
ing the question, "What is the best
prescription to clean and purify the
blood?" prints in a recent issue the
following:

Pinik Extract Dandelion one ounce;
Compound Sarsaparilla, four
ounces.

Shake well and use in teaspoonful
doses after each meal and at bedtime.
A well-known physician states that
these are harmless vegetable in-
gredients, which can be obtained from
any good prescription pharmacy.

This mixture will clean the blood of
all impurities. In just a few days
the skin begins to clear of spots, boils
and pimples. It purifies vigor and
energy into run-down debilitated
men and women. For many years
Sarsaparilla alone has been considered
a good blood medicine. But while
it built up and made new blood, the
impurities remained within and the
good accomplished was only tempo-
rary.

Sarsaparilla, however, when
used in combination with Compound
Saltona and Extract Dandelion,
works wonders. This combination
puts the kidneys to work to filter
and sit out the waste matter, uric
acid, and other impurities that cause
disease. It makes new blood and
relieves rheumatism and lame back
and bladder troubles.

A Tribute to Blomidon.

BY CHARLES FREDERICK ALLISON KATHRINE.
Historic Blomidon! the minstrel lyre
Thy fame hath sung through each
succeeding year;
Nor glows with lesser flame the bardic
fire,
Rekindled by the visionary seer,
Though time's hour locks upon thy
head appear
Close intertwined with theme that
poet sing,
Thou stand'st forth sublimely grand,
The peer
Of all that from creative hand was
flung
Upon the mighty void while yet the
spheres were young.

Work Girl's Creed.

I believe in the dignity of labor,
the nobility of toil, the justness of
employment and the honesty of earn-
ing for self. I believe that to con-
sume the earnings of others without
giving in return an equal recompense
shows weakness and destroys ability
to cope with difficulties.

I believe in the curse of idleness,
the sin of laziness and the uselessness
of dormant talents. I believe in doing
with a will whatsoever the hands find
to do. Do that thing that lies near-
est thee with cheerful grace and the
joy of serving shall be added to you.

I believe in the beauty, devotion,
and patience of the mothers of the
past, the present, and the future—
that each mother stands as the insignia
of a nation's honor.

I believe in shorter hours of work,
longer vacations, better wages, and
more sociability between both the em-
ployee and employer. I believe that
all work and no play makes a dull
girl and blights her to the best in-
terests of her employer.

I believe in educating the working
girl, not so much for the benefits it
will bring her in dollars and cents,
but for its returns in higher living.

I believe in a girl's laughter, low,
rippling, fresh, as from the heart of
the fountain. I believe in all things
which tend to make her more woman-
ly, good and true.

I believe in the coming of a better
day for whatsoever tells with brain or
brawn, and the joy at living a useful
and happy life.—New Haven Register.

Where Lies Peace.

Peace of heart lies in perfect resig-
nation to the will of God. What you
need is true simplicity, a certain cal-
mness of spirit which comes from en-
tire surrender to all that God wills,
patience and toleration for your neigh-
bor's faults, and a certain candor and
childlike docility in acknowledging your
own faults.

The trouble you feel about so many
things comes from not accepting every-
thing which may happen to you,
with sufficient resignation to God.
Put all things, then, in His hand,
and offer them beforehand to Him in
your heart, as a sacrifice.

From the moment when you cease
to want things to be according to your
own judgment, and accept uncondi-
tionally whatever He sends, you will
be free from all your uneasy retro-
spects and anxieties about your own
conduct.—Fenelon.

When Illness Comes.

Have you learned at hand a remedy
that will alleviate pain and help till
the doctor comes? A wise thing is
to have right in your home a bottle of
"Nervine" which gives instant relief,
and prevents disease from spreading.
Nothing known for the stomach and
bowels that compares with Nervine.
For cramps, indigestion, heartburn
and headache, it's indispensable. For
fifty years Polson's Nervine in 25c
bottles has been a family stand-by.
Get it today.

Living Room.

In a living room where all things
require constant use, and hard use at
that, it is often something of a prob-
lem to know what to have as cover-
ing for the couch cushions, beauty be-
ing desired as well as durability. The
materials that have proved most satis-
factory from every point of view are
the art ticking, cretonnes and chintzes.
These all stand repeated laundering
as well as hard wear. They are pretty
and well designed. They vary as to
color and design. Stripes, floral de-
signs galore and beautiful Persian pat-
terns may be had in these cottons and
linens, and when used in conjunction
with each other they make of the liv-
ing room couch a most cozy and invit-
ing spot, luring the unsuspecting on
to many an idle hour.

O, mamma, I'm so unhappy! Sob-
bed the bride of two months, George
doesn't love me any more!

What makes you think that, dear?
asked the mother anxiously.

Because he expects me to give in
whenever he is in the right.

"An old woman predicted several
years ago that I would become a
hopeless idiot, don't you know?"

"It is such predictions as that that
incite me to more than half believe

Had Enough Toothpicks.

A well-known sculptor tells the
following story:
Whenever I see a toothpick I think
of a dinner that was given in Rome
in honor of two Turkish noblemen.
I sat beside the younger of the no-
blemen. He glittered with gold em-
broidery and great diamonds, but never-
theless I pitied him sincerely, for
he was strange to our table manners
and some of his errors were both lu-
dicrous and painful.

Towards the dinner's end a servant
extended to the young man a plate of
toothpicks. He waved the plate away,
saying in a low and bitter
voice:
No, thank you; I have already eat
en two of the accursed things, and I
want no more.

Hay Fever Can Be Pre- vented

Don't seek other cures at 'Hay
Fever Season,' don't destroy your
stomach and nerves by drugs—pre-
vent the disease. Hay Fever is
caused by germs that float about in
the air and finally find lodgement in
your throat and lungs. Medicine
won't reach them there but Catarrh-
zone is sure death to germs. Start
now to use Catarrh-zone. Inhale it
into the throat, lungs, nasal passages
and bronchial tubes; it will prevent
and cure Hay Fever. Endorsed by

Where the Gravel Went.

The Orillia Packet quotes Mr. A.
W. Campbell, Deputy Minister of
Public Works in the Province of On-
tario, as giving, in a public address,
the following instance of the waste of
time and money that often goes under
the name of roadwork: "A certain
road had been opened up for the build-
ing of a culvert. The cross-section
showed a depth of two feet of gravel.
The gravel had been put there three
times and again by various pathmasters,
who evidently did not know that the
foundation of a good road is effective
drainage. Every spring the undrain-
ed road-bed had been heaved by frost
and the surface destroyed, making
more gravel necessary. Much gravel
and time had been lost on this road."

Dear Friend: This loving-cup is

sent to you by all of us who love
you. Every one gave something,
from Pinky Davis, who gave
his candy penny, to Malachi Boone,
who gave fifty dollars. Now that the
dinner is past, I'll tell you how we
came to get it. We thought you
were going to die. I put my apron
over my head and cried as I haven't
since—well, no matter. Every one
was doing the same. By ones and
twos they kept coming over until it
was like a party for numbers and a
funeral for faces. Then I told them
about flowers. In that way we could
show you what we have never shown
you before, all the things in my
heart that then it would be too late.
But when the news came that you
were going to live—then I can't tell
you. But I think we cried as much
as at first. So God bless you, I sup-
pose you knew there were many who
honored you. But I believe in telling
before it is too late.

There was something about the lit-
tle doctor's face as he finished the
letter which made the nurse retreat to
the window-seat with her basket of
daffodils. But the big new doctor
cut the string of the package, and
passed it unopened to the hands
which released the letter.

"Come, come!" he said at last,
gruffly, through the catch in his
throat. "This will not do—will not
do! What are these precious neigh-
bors of yours about? Trying to
make you worse?"

"No," said the other gently, "they
wouldn't try that—and they couldn't
try this way. I shall be better for it.
You'll see." And the doctor, who
had seen much guessed that it would
indeed be so.

He carried the picture with him, not
knowing that it was because this pic-
ture was the best beloved. He thought
in his cheery, tender heart, that
the picture haunted him because
it was such an unusual occurrence to
see an old man sitting up in bed
with the tears running down on
the hands that lovingly held a
loving-cup.—Youth's Companion.

Diet Not the Whole Thing.

Your table is loaded with food—dis-
gestible and wholesome yet you
never gain strength. What's the
trouble? Look within and what do
you find? A lazy liver, stomach over-

cause the bowels and liver are not
sufficiently active. Relief is quickly
supplied by Dr. Hamilton's Pills.

They make weak folks strong by re-
moving the cause of the weakness.
Digestion improves, constipation
leaves, liver takes new life, kidneys
improve, the whole system is en-
livened by Dr. Hamilton's Pills. No

THE ACADIAN.

WOLFVILLE, N. S., AUG. 30, 1907.

Sanctum Suggestions.

Wolfville is a growing town and in many respects one of the most up-to-date in the province. As a residential town it has no competitor, and each year sees the advent of new-comers, who find Wolfville an ideal place of residence. One thing, however, our town lacks, which its citizens should seek by every legitimate measure to provide. In the matter of industrial life we are sadly lacking. The facilities for manufacturing are favorable for the production of various kinds of goods, and certainly capital is as abundant here as in any town in the province. It goes without saying that the establishment of even one manufacturing establishment employing skilled labor would be of great value to the business interests of Wolfville, and prove a powerful factor in the growth of the town and the prosperity of its citizens. Some effort should be put forth at once to secure the advent of such an institution or institutions into our town. Other towns not as well situated as Wolfville are progressing in this direction, and we cannot afford to be left behind. So far as we know there has never been anything done in the way of advertising our town and inducing manufacturing concerns to come here to locate. When we consider the efforts being put forth by other towns it is not surprising that we have been passed by. What we need is a forward movement in which every patriotic citizen will join. We look with admiration on those towns which have succeeded in building up prosperous industrial concerns, and we often are inclined to envy them what we call their good fortune in this regard, forgetting that this is the result of close competition, and it is not to be taken for granted that it does not wake up and get busy it cannot expect to grow. Let our citizens get together and talk over the situation and see if something cannot be done to forward this undertaking which will agree to be a most desirable one.

Considerable good work has recently been done on the grounds of the Willow Bank Cemetery. Mr. John Gould was engaged by the trustees last spring to carry along the work there and he has shown himself to be well fitted for the position. The rough land on the south side of the central avenue has been cleared off and burned, and will be ploughed and levelled. The walks and drives have been put in a much better condition, and the whole ground shows a great improvement. The wisdom of the management in securing a man to give his whole time to the cemetery is very apparent, and we trust this policy will be continued until the grounds are put in such a condition as to make the cemetery a credit to the town.

Hon. Geo. E. Foster is to address a public meeting to be held in the Opera House at Kentville this evening at 8 o'clock. This will be a rare chance to hear the great political questions of the day discussed in a masterly manner, and no one who can possibly manage to attend should miss doing so. Mr. Foster is generally admitted to be the best speaker in the House of Commons to-day, and his wide experience coupled with his eloquence make him a very profitable speaker to listen to. We understand arrangements are being made for a special train back to Wolfville after the meeting.

The pulpits of the Methodist and Presbyterian churches were filled on Sunday last by ministers in attendance at the Baptist Convention. In the former Rev. W. C. Goucher, of St. Stephens, N. B., preached in the morning, and Rev. O. C. S. Wallace, of Lowell, Mass., in the evening. Rev. Dr. McLeod, of Fredericton, N. B., very acceptably filled the Presbyterian pulpit in the morning, and Rev. C. W. Kierstead, Ph. D., of Woodstock, preached an able sermon in the evening. Unfortunately the severe rainstorm made the attendance small.

No wonder if the ordinary elector sees signs of a coming federal election. Naturally he counts more on the renewed interest in his welfare on the part of the politicians, the numerous "surveys" being made, the "political picnics" being held, than he does on the promises of "another session." He has been fooled too often in the past not to think that there will soon be "something doing."

As will be seen by an announcement in another column Mayor and Mrs. Black have invited the rate-payers of Wolfville and their wives to a reception at their handsome residence on Friday evening of next week. We understand the Wolfville band has been engaged to render a program of music, and a most enjoyable time will no doubt be had.

Annapolis Royal is to have a grand celebration of Labor Day on Monday next, with special train back to Wolfville in the evening. There should be a good attendance from this town. Annapolis is a delightful place to visit at any time and big preparations are being made to make the place especially attractive on Labor Day.

The Baptist Convention.

A SERIES OF MOST SUCCESSFUL AND WELL ATTENDED MEETINGS.

The 62nd annual session of the Maritime Baptist Convention opened in the Baptist church of this town last Saturday at 10 a. m. Over four hundred delegates were in attendance, and it was therefore one of the largest conventions in the history of the denomination. Prayer was offered by Rev. Dr. Crowell and Rev. J. H. Jenner.

The first committee appointed was the nominating committee, by far the most important committee elected by the convention. Rev. W. H. Warren was appointed chairman. Other members were Judge Emmons, Principal DeWolfe, Dr. Crowell, Revs. S. W. Cummings, E. J. Grant, G. R. White, C. W. Roscoe, E. M. Sipprell, Rev. C. W. Rose, Dr. Creed, Nelson Smith, Rev. J. A. Corbett and A. L. Wood.

The following were invited to seats: Rev. Dr. E. M. Keirstead, Dr. Calvin Goodspeed, Rev. J. L. Minard, Dr. Hutchinson, Rev. G. N. Ballentyne, Rev. O. L. Owens of Maryland, Rev. Mr. Weyman of New York, Rev. Mr. Carey, Rev. Mr. Manther, of New York, Revs. E. B. Moore, R. F. Dixon, David Wright, (pastors of the town churches.) Rev. Dr. Morton, of Salem, Rev. J. B. Hemmen.

Dr. E. M. Keirstead spoke of his pleasure at being present at the convention. He spoke very eulogistically of Rev. W. B. Hutchinson, the new president of Acadia College. Dr. Hutchinson was received with great applause. He spoke of his great pleasure in returning to the home of his early association after an absence of seventeen years. He felt that he owed a deep debt of gratitude to Acadia. He thanked the Baptists for the mark of confidence reposed in him in calling him to be president of Acadia. He asked the prayers of the people.

Rev. Mr. Manther, representing the Free Baptists of the U. S., also spoke. He congratulated the Baptists and Free Baptists on their recent union, and said that he believed that in a very short time the same step would be taken by the Free Baptists and Baptists of the United States. At the Free Baptist conference at Cleveland, Ohio, the question of union would be considered, and he believed that there would be but one solution of the problem.

The nominating committee reported as follows: President, W. N. Hutchins, of Truro; 1st vice-president, Rev. C. T. Phillips, Jacksonville, N. B.; 2nd vice-president, Rev. J. G. Belyea, P. E. Island; first assistant secretary, Rev. A. J. Prosser, Port Maitland; second assistant secretary, B. H. Thomas, Dorchester; treasurer, Dr. Tufts; editor Year Book, Dr. H. C. Creed.

The report of the treasurer of the Board of Governors of Acadia University was presented by Rev. Dr. Cohoon and was adopted.

In August, 1895, the date on which your present treasurer took office, the debts against the several departments amounted to \$66,475.97. The trust funds, not including the "J. W. Barrs Professorship," amounted to \$77,269.30. None of the buildings except the seminary had hot water heating and some of them were in a dilapidated condition and we owned but one piano. To-day all our debts are paid except \$25, which is really an indirect liability. Our trust funds amount to \$233,976.60 (not including the "J. W. Barrs Professorship"). Our buildings are equipped with hot water heating and other modern conveniences and are in a good state of repair and we own 32 upright pianos and two grand pianos. During this time the music hall extension has been built at a cost of about \$1,000 and the interior of the manual training building finished at an outlay of about \$700. For all this gain we should thank God and take courage.

But while our financial position has been greatly improved, there is still need of great care in the administration of our affairs. Our funds should be invested in such a way as to yield us the largest possible income consistent with security. The improvements that have been made in our buildings necessitate a larger expenditure for running expenses, but all needless expenses should be avoided. Nor must it be supposed that the need of funds for our institutions comes to an end with the completion of the Second Forward Movement Fund. A growing institution is always a needy one.

Rev. W. N. Hutchins was next inducted into office. He spoke briefly, thanking the convention for the great honor conferred upon him. Rev. Dr. McLeod then gave his address as retiring president of the convention. It was a masterly effort. He reviewed the history of the denomination, comparing the past with the present, and in inspiring words called the Baptists of the provinces to greater effort and advancement. He appealed for loyalty and urged the great need of consecration to the service of God if the best work was to be accomplished.

The address was received with great favor, the audience at times bursting into applause.

At the afternoon session Dr. H. T. Lloyd of Hamilton, Dr. B. N. Rand, of Cambridge, Mass., and Dr. O. C. S. Wallace, of Lowell, Mass., were invited to seats in the convention. The report of the governors of Acadia College was submitted by Dr. Cohoon.

It showed the total enrollment to have been 163, in the arts course, 121; in the science course, 27; abbreviated science course, 14; and 1 taking post graduate studies. The committee of administration, with Dr. J. F. Tufts as its chairman,

and as acting president of the college, have willingly assumed and faithfully and efficiently performed the duties placed upon them because of the absence of a student. Between them and the student body there has been in a marked degree 'general good feeling, confidence and mutual sympathy.' The department of the students has been satisfactory and most of them have shown a good degree of diligence in study. The few who did not seem to appreciate their opportunities have received special attention from the faculty, with the object of interesting them in their work.

The board have much pleasure in introducing to the convention and to the denomination Rev. W. B. Hutchinson, D. D., president of Acadia University. Dr. Hutchinson is the first Acadia graduate called to the responsible position of president of his alma mater, and as such the leader of our educational work. His past record leads us to believe that he will fully justify the confidence thus reposed in him. During his course at Acadia, which he completed in 1886, and also during his theological course, which he completed at Newton 1890, he took first rank in all his studies. In the years that have passed since graduation he has been a diligent student, not only along the lines connected with his pastoral work, but has given special attention to psychology, Biblical archaeology and Baptist history in its German period. In the study of this last subject he has made a large collection of German works on early Baptist history. His ministerial life has been spent in the State of Kansas, where he has had two important pastorates, the last being at Lawrence, the seat of the Kansas State University. During all this time of his residence in Kansas he has been actively engaged in denominational work as a member of the mission board and as a governor of the Baptist University and a member of the State Educational Commission.

The testimony of men with whom he has been associated, including Chancellor Strong and Prof. Hopkins of Kansas State University at Lawrence, is that Dr. Hutchinson is a man pre-eminently qualified for a college presidency, in personality, scholarship, pulpit address and executive ability and has in high degree the tact and personal magnetism necessary to win and hold men.

An educational meeting was held on Saturday evening, which was largely attended. The new president, Dr. W. B. Hutchinson, was the principal speaker. In his introductory remarks he referred to his pleasure in once again finding himself in his native country, and delighted the convention by the statement that after an absence of 17 years he returned to Canadian soil a Canadian citizen. He spoke on the relation of education to the Christian life. He denied the popular impression that Baptists were a denomination of segregation and he affirmed that the essential positive belief of the denomination was a belief in the absolute necessity of Christian training in education, and regeneration in the beginning was hence an essential prerequisite to subsequent training. He came to the duties of his office because he believed that the end of all education was to be found in the development of Christian character. He addressed himself to that task in the firm confidence that he would have the co-operation of the Baptists of the province. The address made a splendid impression upon all who heard it.

Principal DeWolfe spoke in his usual forcible style on "What is a Liberal Education?" Dr. W. L. Archibald next gave an address on the Forward Movement.

The Wolfville church was well filled Sunday morning. The annual convention sermon was preached by Rev. Selden Cummings, pastor of the Amherst church. He took as his subject "The Church and its Mission," texts 1st Epistle Peter, 3: 18 John, 20: 21.

He said that the mission of the church was not to lead in political, socialistic or ethereal affairs. The real mission of the church was to lead men to God. In order to realize its mission the church was to see things as Christ saw them and to do things as Christ did them. Three facts must be taken into consideration: First, that man apart from God is lost and unable to find himself; second, that notwithstanding man's attitude to God, God loved him and yearned for his return; third, that Christ saw that only through Himself man was to be reclaimed and brought back to the Father.

In closing the preacher spoke practically on doing things as Christ did them. He went about doing good. That in short is the mission of the Christian. We must go anywhere and everywhere.

Perhaps the most interesting service of the convention was the memorial service in commemoration of the life and work of Rev. Dr. Sawyer, which was very fittingly held in College Hall. Seated on the platform were the governors of the college and the faculty in college regalia. The central seats were occupied by former students of Dr. Sawyer. The service was a most impressive one.

President Hutchinson presided, Scripture was read by Dr. W. C. Kierstead, and prayer was offered by Dr. Gates. The first speaker was Prof. R. V. Jones, who had been associated with Dr. Sawyer from the beginning, forty-two years in all. He spoke of the great part that Dr. Sawyer had played in his life's drama. He was an excellent citizen, philanthropist, scholar, teacher and priest of the mysteries of the mind. He could hardly describe his emotions as a few weeks ago he gazed on Dr. Sawyer as he lay in his marbled sleep amid his books. He was the rarest of all things, a great teacher. In his quest of truth he was tireless. He was ever a gleaner of the great kingdom of knowledge. Under his leadership the college grew in numbers and scholarship.

Dr. E. M. Keirstead made an address that will linger long in the memory of those who heard it. He said that the noblest concrete example of Dr. Sawyer's influence is seen in many of the members of the faculty, governors and the scores before him who had been his pupils. In the community for over forty years, he was its greatest citizen. The mind of Dr. Sawyer was philosophical, discriminating and analytical to the highest degree. He had heard a number of leading men on both sides of the Atlantic, but he had never heard one who exceeded Dr. Sawyer in power of adequate expression of thought. He spoke of the beautiful home life of Dr. Sawyer and referred in graceful language to Mrs. Sawyer, a daughter of one of our ministers and herself a ministering spirit who contributed much to his success. He said in closing that life will be larger because of his presence.

Notwithstanding the storm the church was well filled. In the evening the preacher was Rev. C. T. Phillips who preached an excellent sermon from the text "Lovers together with God." Continued next week.

Beaver Flour
Since 1845, we have been learning how to make BEAVER FLOUR better. And we know how to make it the best flour in Canada.
Instead of using only one kind of wheat—and bleaching and electrifying the flour—we blend two kinds of wheat.
Over half a century of milling taught us that no one kind of wheat can make perfect flour. Fall wheat lacks nutriment—spring wheat lacks lightness and whiteness.
So we take just so much Ontario Fall Wheat and Ontario Spring Wheat as makes ALL the nutriment—ALL the food properties—and ALL the whiteness, lightness and deliciousness of both kinds of wheat.
That's why BEAVER FLOUR makes the most nutritious bread and biscuits,—and the lightest, most inviting and tastiest cakes, pies and pastry.

Master Carl Wortman had the misfortune to break his right arm one day last week.

The Fancy Work Club will meet on Tuesday evening next at the home of Mrs. Gould, Acadia street.

It is expected that Rev. Dr. Hutchison, the new president of Acadia College, will occupy the pulpit of the Baptist church next Sunday morning.

Free sample pkg. Meunin's Talcum powder at Rand's.

The annual fall meeting of the proprietors of the Grand Pre Dyke will be held in Evangelical Hall, Lower Horton, on Saturday, Sept. 7th, at 2 o'clock p. m.

Rev. Rural Dean Dixon spent last Sunday at Hantsport, where he preached twice and celebrated Holy Communion. Mr. Gerald Bullock, of Kings College, officiated here.

Dulse 12 cents per pound at Acadia Pharmacy.

Owing to a violent attack of hay fever Mr. Emery has been obliged to postpone his concert at Berwick, which was to have taken place this evening, until some time in September, date to be made known later.

For Labor Day Dominion Atlantic Railway will issue round trip tickets at one way first-class fares good going Saturday, August 31st, and Monday, September 2nd, good returning up to Tuesday, September 3rd.

Everybody along the line plans an splendid Labor Day at Annapolis. Field Sports, Base Ball (Kentville Pastime vs. Annapolis) and Band Concerts. Special Train leaves for Wolfville and Intermediate Stations at 10:30, p. m.

The annual meeting of the King's Co. Farmer's Association will be held in Berwick, Sept. 6th, at 2 p. m. Election of officers, President's address and other important business. Addresses by prominent men. All are invited.

The following new subscribers have been added to the Wolfville telephone exchange: Harry Palmer, Long Island, No. 40, ring 24; Fred Palmer, Long Island, No. 40, ring 23; Rev. L. D. Moore, No. 27; Rev. Dr. Hutchison, No. 73.

A Tudhope waggon run just a short time for sale. Apply to P. O. Box 356.

The annual meeting of the W. C. T. U. will be held in their room on the first Thursday in September, (the 5th) at 3.30. The superintendents of the departments and officers are requested to present their yearly report at that meeting.

Mr. Emery's Song Recital at Hortonville will be given Sept. 6th. The program includes twenty songs in French, German and English; also several groups of solo pieces for the pianoforte to be performed by Miss Joy Lawrence, one of Mr. Emery's pupils.

Have you tried a drink of genuine Hirt's Root Beer from the keg at Rand's?

The Steadfast Circle of the King's Daughters are requested to attend the annual meeting on Friday afternoon at 3.30 o'clock sharp, at the home of Mrs. DeWitt. It is necessary that there should be a full attendance at this meeting as matters of importance are to be considered.

Miss Louise Roth and Miss Merson will be unable to reach the Seminary in time to begin work on Wednesday, Sept. 4th, being unavoidably detained. Pupils may register on Wednesday and it is expected that vocal work will begin not later than Saturday. An unusually large registration is expected.

Mr. G. Ernest Elliott, who recently sold his fine property on Linden avenue, has purchased the Leslie property on Main street, which he expects to occupy next month. This property is a very desirable one and when several proposed improvements have been made by Mr. Elliott will be well adapted to his purposes.

A song recital is to be given in College Hall next Monday evening by Mrs. Louise Cowan Bigelow, soprano, of Boston. This promises to be a most delightful entertainment and should be well patronized. Mrs. Bigelow has a sweet and well-trained voice, which her many friends in Wolfville and vicinity will be very glad of another opportunity of hearing. Mr. Emery has kindly offered to undertake the accompaniments.

To Let.—A desirable House. Central location. Ten rooms and bath. Address P. O. Box 138, Wolfville.

One of the neatest and best arranged windows we have seen in Wolfville for some time is at Mr. William Rea's harness shop. A miniature wharf has been constructed, alongside of which is a perfectly equipped square-rigged vessel, from which goods are being discharged. The whole arrangement is admirable and reflects much credit on the skill and enterprise of the proprietor. This alone is one most up-to-date and best stocked establishment of its kind in Nova Scotia.

Arrangements are being completed for the grand rally and basket picnic under the auspices of the Kings County Temperance Alliance, which is to take place at the camp meeting grounds, Berwick, on Friday of next week. It is expected that addresses will be given by Rev. Dr. Chown, of Toronto, Rev. J. G. Shearer, Rev. H. Grant, Rev. J. W. Atkins and Prof. E. W. Sawyer. Special trains will be provided and everything possible done to ensure a good time. There will no doubt be a large attendance.

Wolfville Public School.

On Monday, August 26th, school opened in the six departments of the public school with the following staff of teachers:—R. W. Ford, B. A. Principal; Miss Lenore Kaulback; Miss Ethel Cochrane, Miss Elsie Britton, Miss Hortense Spurr, Miss Alice M. Spurr.

The number of pupils enrolled in two hundred and forty.

At the July examinations thirty-one students from the High School wrote for Provincial High School certificates, of whom the following twenty-six were successful. In each grade the names are in order of merit.

GRADE XI. There were six applicants, FIVE of whom were successful. Carey Robinson, Clyde Dennison, Olga Tenholm, Gladys West, Hazel Woodman.

GRADE X. There were FOURTEEN applicants, ELEVEN of whom were successful. Austin Chute, Bertha McRae, Mary Archibald, Florence Messenger, William Card, Ross Collins, Lila Chase, Evelyn Johnson, Margaret Murray, Jean Chase, Edith Reade.

In this grade Margaret Murray and Jean Chase made equal standing.

GRADE IX. There were ELEVEN applicants, TEN of whom were successful. Catherine Wright, Starr Fairweather, Ada Johnson, Hilda West, Elsie Wortman, Enid Higgins, Helen Sawyer, William Archibald, Rhona Wright, Guy Stultz.

In this grade Catherine Wright and Starr Fairweather made equal standing.

Expressing the results in percentages we find that in grade XI, 83 1/2 per cent.; in grade X, 78 4/7 per cent.; and in grade IX, 90 1/11 were successful. Taking the school as a whole 84 per cent. were successful.

The following students deserve special mention for excellent marks which they made in several subjects. ADA JOHNSON—In Algebra, 100; Latin, 96; Arithmetic, 95; History and Geography, 88; averaging in four subjects 94 1/4. Her average on all subjects was 75.8.

STARR FAIRWEATHER—In Algebra, 93; Arithmetic, 92; History and Geography, 89; Geometry, 87; averaging 90 1/4 in four subjects. His average on all subjects was 76.

CATHERINE WRIGHT—In Algebra, 93; Arithmetic, 87; Drawing and Book-keeping, 87; History and Geography, 81; Botany and Physics, 80; averaging in five subjects 83 3/5. Her average on all subjects was 76.

HILDA WEST—In Algebra, 95; Latin, 83. Her average on all subjects was 76.

ELISE WORTMAN—English, 84; Latin, 84.

Considering the fact that many of the foregoing students were out of school from two to three weeks during the month of June, on account of an attack of measles by reason of which all study was suspended, this record must be considered rather extraordinary and speaks eloquently for the efficiency of the school.

R. W. FORD, Principal.

THE ACADIAN had a pleasant call on Tuesday from Mr. Burpee Witter, of Dartmouth, who has been spending his vacation visiting old scenes and friends. Mr. Witter was formerly for many years a resident of Wolfville, and yet has a warm place in his heart for the old town.

Principal and Mrs. R. W. Ford and family have returned from Milton, Queens county, where they have spent part of the vacation. They were accompanied by Mr. Ford's brother, Mr. I. S. Ford, Mrs. Ford and daughter, of Worcester, Mass., who spent a few days as guests at their home.

Felt Like One Paralyzed

Mr. Alex. Eshier, Jr., Clarence Creek, Russell County, Ont., writes:—"I am happy to be able to give a recommendation for Dr. Chase's Nerve Food, for this preparation has done me a great amount of good. My nervous system was run down to such an extent that I suffered a great deal from weakness of the nerves and sciatic rheumatism, and at times was like one paralyzed. I could not work, was unable to sleep and had no appetite. This condition lasted for six years, and in the meantime I had treatment from the best physicians and tried all kinds of medicines. "Nothing seemed to build up my nerves until I made use of Dr. Chase's Nerve Food. After having used about \$20.00 worth of this medicine I feel like a new man. I can walk all right, do a great deal of work, have a good appetite, and what is even better, I can sleep well every night."

Dr. Chase's Nerve Food, 50 cents a box, 8 boxes for \$2.50, at all dealers of Edmondson, Bates & Co., Toronto.
