LOCAL HAPPENINGS.

The GUIDE-ADVOCATE welcomes all items of interest for this column. Call Phone 11, send by mail or drop item in GUIDE-ADVOCATE Letter Box.

POTATOES are going up.

LADIES, see window of bargain suits.—SWIFT'S.

LOVE—the quest; marriage—the conquest; divorce—the inquest.

REXAL FACE CREAM—25 cents per jar at McLaren's, The Rexall Store.

CALL on Aziz for your fresh oysters, just arrived.

MR. JOSEPH S. WILLIAMS attended the funeral of the late Park Duncan at Wyoming last Thursday.

REV. H. E. CURRIE was in London on Thursday attending the funeral of the late Mrs. S. E. Thompson.

M. A. AZIZ, merchant, has accepted a position as traveller for a cigar firm. His cousin, Charles Aziz, will look after the business here.

DEPARTMENT RTGS., 24 by 3, in tapestry. Special Price \$5.75.—SWIFT BROS.

BRING your poultry to P. Dodds. He pays highest prices in cash.

Do your shopping before nine o'clock Saturday night and attend the John B. Ratto concert. Admission 50 and 35 cents.

DAVID THROWER sold to W. Humphries who again sold to Albert J. Brock, the west half of lot 11, con. 2, S. E. R., Adelaide Township.

If you see a woman hurriedly putting away some fancy work when you enter the house she is likely working on Christmas presents.

We have a large shipment of the different grades of coal on the track here now, and would be pleased to fill your order, large or small.—R. C. McLEAY.

SALE of lace and net blouses, fifty goods, your choice for \$2.50. Regular \$3.50 to \$4.00 samples.—SWIFT BROS.

The Women's Guild and the A.Y.P.A. of Trinity church wish to thank the public for their liberal patronage on Saturday last. Dozens of people were turned away because the supplies had given out.

MR. FRANK BROCK, clerk in the Bank of Commerce, Seattle, Wash., who spent the past week with his parents, Mr. and Mrs. Rich. Brock, and other relatives in town, returned to his home this (Thursday) morning.

PRESIDENT ELECT WILSON of the United States, considers "13" his lucky number. There are 13 letters in his name and in his thirteenth year as a professor at Princeton he was elected its thirteenth president.

GIRLS' tweed coats, heavy, warm garments, fit 14 to 18 year olds, \$6.75, \$7.50, \$8.50.—SWIFT'S.

UNDER the double liability clause Official Referee Kapelle gave judgment Monday for the sum of \$208,577 against shareholders of the Farmers' Bank. A total of 149 shareholders will have to pay these judgments, which range in amounts from \$116,960 down to \$100.

The Women's Guild of Trinity Church will give a pancake social on Friday, Nov. 29th. Pancakes galore for the hungry boys, just like mother used to make. Captains will be appointed like an old-fashioned spelling bee. Particulars later.

The Strathroy District Convention of the Woman's Missionary Society of the Methodist Church, was held in Kerwood, on Wednesday last. Those who attended from Watford were Mesdames Currie, Thompson, Pentland, Maxwell, and Miss M. Jones and Miss M. Kerr.

24 SUITS Art clothing, sample models, this season's styles. Try them on, they fit. A five dollar bill saving on every suit in this lot.—SWIFT'S.

At Aziz's you can always get fresh fruit of all kinds, and confectionery and high-class candy.

The rain which fell steadily and heavily from early Thursday evening until Friday morning last week, saved our citizens from the usual annoyance resulting from Halloween pranks which has been a feature of that date for many years past enacted by the boys of the town.

It is said that whiskey inflames the stomach, beer produces Bright's disease, brandy ruins your kidneys, burgundy brings on the gout and absinthe destroys the brain. Now we know that typhoid and malaria lurk in water and tuberculosis in milk, that tea destroys the nerves and coffee causes insomnia, so what is a thirsty man to drink?

The regular meeting of the Women's Institute will be held at the home of Mrs. Harvey Cook, on Wednesday evening, Nov. 13th. Roll call answered by Dickens. A paper will be given on the Value of Apples, also a paper by Mrs. Gilles on her vacation trip. Meeting commences at 8 o'clock, visitors welcome.

Boys' clothing, nobby suits, sizes 29 to 36, loose bloomer pants.—SWIFT'S.

ANNIVERSARY SERVICES will be held in the Baptist Church, Watford, on Sunday, Nov. 10th, 1912. Special services will be conducted by Rev. H. W. Wright, B. A., of Arkona, at 11 and 7 o'clock. Special singing by the choir of Calvary Baptist Church. Thank-offerings will be taken up at each service. Everybody welcome.

MR. WILL ALEXANDER, Flint, Mich., was here this week.

We have the overcoat you want. Cut, style and finish.—SWIFT'S.

DON'T get your feet wet. Call at P. Dodds & Son's and get a pair of new rubbers. All styles.

Now is the time to pass over your summer savings to the coal man.

SOME electric light users complain that the juice is not turned on early enough on dull evenings.

THE wholesale price of canned peas and tomatoes has been raised from last year's figures.

JOHN B. RATTO at the Lyceum, Saturday, Nov. 9th. Concert starts at 9 p.m.

MRS. (DR.) BENTLEY and Mrs. Neil McLean, Sarnia, spent the week end with Mrs. Neil Bennett.

MRS. JOHN HUMPHRIES represented the Watford Women's Institute at the semi-annual convention at Aberarder.

LADIES' new coats, Friday, right from the fashion designers.—SWIFT'S.

If you desire to smoke call at M. A. Aziz's where all the best clear Havana cigars are on hand.

MR. FORBES-MITCHELL, a Dominion Government civil engineer, was here on Monday taking levels for the new post office.

THE season for black and grey squirrels opens on Nov. 15th and closes December 1st. The penalty is \$5 for each squirrel, with costs.

MR. JOHN WHITE will represent the Watford Maccabees at the District Convention to be held at Wyoming on Friday, Nov. 15th.

LOOK in our clothing window. Those imported Scotch and Irish tweeds made to order \$17.50 to \$21.00. Your money back if you find a kink.—SWIFT'S.

The melancholy days have come, The saddest of the year, But let us not dejected be, For hockey's drawing near.

A NORTH CAROLINA MAN has died from the excessive use of coffee. The sadness of this is accentuated by the early age of the victim. He was only 105.

THE women of a church in the States have agreed to contribute every egg laid on Sunday on their farms towards paying off the church debt. Ugh! That will not take long at present prices.

THIS is the season when you require new shoes. P. Dodds & Son invite you to inspect their new fall and winter styles and prices before making a purchase.

The second concert of the Presbyterian Concert Series will be given in the Lyceum Saturday evening, Nov. 9th. John B. Ratto, the world famous impersonator, will be the attraction. For the convenience of Saturday night shoppers the concert will start at 9 o'clock.

DEAR POTATOES by Christmas is the prediction of C. F. Bailey, Assistant Deputy Minister of Agriculture for Ontario. Mr. Bailey has just returned from a tour through Eastern Ontario, where he found both dry and soft rot quite prevalent. Farmers are making all haste to market their crop of tubers before their appearance is so bad that they will be unsaleable.

MISS WILLIAMS wishes to announce to her many friends and customers that she has decided to retire from business and will hold a two months' sale at cost price of all millinery and fancy goods in stock. All the season's hats, both trimmed and untrimmed, will be included in this sale, also her fancy goods, ribbons, silks and velvets. Sale starts Nov. 1st. n1-2t

"ENCLOSED find cheque for suit and furnishings. You put more style and finish into that suit than any ever made me."—A report from the West. Our cutter is first class.—SWIFT BROS.

THERE was a light fall of snow in some places in Ontario on Friday and Saturday, being the first of the season. Only a few stray flakes were seen here. This year has cleaned up most of the weather records, but in the early date of its first snow it has fallen woefully behind. Last year, a tenth of an inch fell on October 27. In 1906, on October 10 and 11, an honest snowfall is recorded. And in 1903, on October 26, one full inch of snow fell.

The sale of homemade cooking under the auspices of the Women's Guild, and homemade candy by the A.Y.P.A. of Trinity church in the store north of Howden's grocery on Saturday afternoon was a decided success and a handsome sum (about \$53) was raised towards the new church fund. A ten cent lunch was a feature of the afternoon. The Guild has promised to raise one thousand dollars towards the new edifice, and the Young People's society is also under agreement to raise a certain sum.

WORK on the new Trinity Church is being pushed forward quite rapidly. The coping was placed on the tower on Monday completing the mason work; the slate roof is on, the eavetroughing finished, electric wiring placed, and the carpenters are busy at the inside work. The furnishings have been ordered and designs for windows given to the manufacturers. Several kinds of friends from a distance have sent unsolicited cash donations, as they still have a warm corner in their heart for the old town and the church that cared for them in infancy.

ART CLOTHES, hundreds of samples to choose from.—SWIFT BROS.

B. S. MURRAY, route agent for the Canadian Express Co., was here on Thursday.

THE water works by-law voted on at Sarnia Wednesday was carried by a large majority. The market by-law also received a big majority.

We are requested to state that some of the stores will not close early on Saturday evening next and all customers can obtain anything they may require until the usual hour of closing.

SPECIAL reduction on balance of this season's hats, beginning Friday at Miss Minieley's. Also new arrival of fancy goods for Xmas 'trade. Come in and have them laid aside for you.

H. R. J. SAWYER, a civil engineer of the militia department, was here Thursday looking over the arms site and taking necessary levels, etc. He stated that the work will be pushed on without delay and that tenders will be called for shortly.

ABOUT fifty delegates attended the Good Roads meeting at Petrolia on Wednesday. W. A. McLean, provincial engineer of highways, was present and delivered an address. A Good Roads Association was formed with the following officers: President, Dr. C. O. Fairbank, of Petrolia; vice-president, Mr. Alfred Darvill, reeve of Brooke; secretary, Mr. Albert Brock, ex-reeve of Enniskillen; executive, reeves of the different municipalities in the county.

SHIPPERS and others having dealings with the freight department of the Grand Trunk here will be pleased to hear that the Company will place a new shipping siding in the yard at once. Road Master G. H. Allan was here on Wednesday and stated that the new switch would be placed without delay, the work starting next week. The switch will start west of the old saw mill and run east about twenty car-lengths to the north of the warehouses and freight shed. It will be a great convenience to shippers.

The funeral of the late Mrs. William Brison was held from the family residence, Erie street, on Thursday afternoon and was very largely attended. Rev. H. E. Currie, pastor of the Methodist church, of which deceased was a life-long member, conducted the service, assisted by Rev. McKibbin, of London, and Rev. S. V. R. Pentland of Brooke circuit, and Rev. T. M. Mead, pastor of the Watford Baptist church. The pall-bearers were E. Noel, London, W. S. Fuller, T. B. Taylor, A. G. Brown, W. J. Howden and J. E. Fowler.

THE revival services which have been in progress in the Methodist church for five weeks, were brought to a close on Tuesday evening. The meetings have been very successful. Rev. A. McKibbin, conference evangelist, has assisted the pastor throughout the series of meetings. His scriptural presentations, his gospel truth have commended themselves to everyone, and are a contrast to the methods often employed in such services. On Sunday morning the pastor received a class of six into membership, besides five who were received by letter. There will be another class received later, of probably twenty members, on trial.

CARLOADS of good apples are to-day lying in the orchards of Lambton County farmers, going to waste for lack of someone to pick them up and take them away. The evaporators have more apples than they can handle with the help that can be had, and even if help were plentiful the capacity of the shops would not be large enough to handle this year's immense crop. In orchard after orchard the ground is literally covered with apples, and pigs, horses and cows are turned in to eat them up, in the hope that some use of the bountiful supply. Many owners of orchards have invited friends, neighbors and even mere acquaintances to come and help themselves, but the harvest is so great and the money value of the fruit so small that the picking of them is neglected.

Death of Mrs. S. E. Thompson.

The many friends of Mrs. S. E. Thompson will be sorry to hear that she passed away on Tuesday last, Nov. 5th, at the home of her sister, Mrs. Fawcett, London. The deceased lady while a resident of Watford was beloved by all who came in contact with her and her demise is much regretted. She was a good woman, cheerful during all her afflictions and ever ready to help any good cause. She was an active member of the Methodist church and a doer of good deeds, and will be deeply mourned by her loving husband and other relatives, and also by a large circle of friends. When she was able no one was more willing to aid the suffering, cheer the despondent, and to throw over the frailties of our race the mantle of charity. Though she has gone her memory will remain with her loved ones and numerous friends a lasting treasure.

Mrs. Thompson was a daughter of the late Robert Crozier, of Siloam, London Township, and is survived by her husband, and two sisters, Mrs. Fawcett and Mrs. J. H. Tennant, of London. Another sister, Mrs. E. R. Talbot, predeceased her a few years ago.

The funeral was privately conducted on Thursday afternoon, when Rev. W. H. Harvey, of Askin Street Methodist Church, London, officiated, assisted by Rev. H. E. Currie, of Watford.

Mrs. John H. Langton, wife of the town clerk of Parkhill, died on Oct. 25th.

A. Y. P. A.

The annual meeting of the above society was held at the home of Miss Pearl Saunders on Tuesday evening last when the officers for the year were elected as follows:—

President—Miss L. Smith.
Vice-President—S. L. Lucas.
Secretary—Miss R. M. Brown.
Treasurer—Miss K. C. Harris.
Program Com.—Miss H. McCaw (convener), Mrs. T. A. Adams, Miss C. Morgan, B. C. Binks.
Lookout Com.—Miss Abbott, Miss P. Saunders, Mrs. R. G. Kelly, Mrs. Callahan, T. L. Swift.
Chancel Com.—Misses B. Dodds, R. M. Brown and M. Taylor.

Regular meetings will be held the second and fourth Tuesdays in each month. The next meeting will be held at the home of Miss Kate Harris on Tuesday evening, Nov. 12th.

Presbyterian W. F. M. S.

The twenty-fifth annual meeting of the Sarnia Presbyterian of the W. F. M. Society will be held in the Presbyterian Church, Watford, on Thursday and Friday, Nov. 14th and 15th.

The Thursday afternoon session will commence at 2.30, and after the opening exercises the reports of the officers will be read, then an address will be given by Dr. Margaret MacKellar, of India.

The Thursday evening session at 8 p.m. is open to the public as well as to delegates, and a cordial invitation is extended to all. The principal feature of this meeting will be an address by Dr. Margaret MacKellar which no doubt will be of deep interest to all. Rev. W. M. Kannawin, B.D., moderator of the Sarnia Presbytery, will preside and solos will be given by Mrs. Foote, of Theford, and Mr. F. R. Luckham, Watford. Rev. A. W. Hare, B.A., and Rev. A. E. Armstrong, M.A., will also give short addresses. A session for delegates only will be held Friday morning.

Daughters of the Empire.

November meeting of Tecumseh Chapter, I.O.D.E., was held at the home of Mrs. Bennett, with Mrs. S. Mitchell assisting hostess. There were thirteen members present and three visitors. After regular business had been attended to Mrs. Bennett took the subject "Lord Roberts." The paper she read was especially well written being not only a record of Lord Roberts' achievements but an appreciative study of his life and character. Mrs. Howden brought greetings from a former member who has been much missed in our Chapter, Mrs. Alexander, of Saskatoon. Two duets given by Mrs. Bennett and Mrs. De Gex, were enjoyed by all. The members were pleased to add the name of Mrs. De Gex, of Kerwood, to their number. An enjoyable meeting was closed in the usual manner. December meeting will be held at the home of Mrs. Newell. Subject—"Life of General Booth." Members are asked to respond to roll call by giving the name of a favorite poem, stating the reason for the choice and quoting a stanza from the same. Names of the Public School pupils who have been successful in winning the D.O.E. prizes will be announced in next week's Guide.

Police Court.

Henry M. Whitsitt and Walter Cook, Jr., appeared before T. B. Taylor, J.P., at the Council Chambers on Tuesday afternoon, charged by License Inspector McCallum with being under the influence of liquor, although prohibited from getting same, and James Phair was also charged with loitering and lingering where liquor is sold or dispensed, he too being on the prohibited list. W. E. Fitzgerald appeared for the prosecution. Whitsitt and Cook were each fined \$10.00 and costs, \$6.05, or in default 30 days in jail. The case against Phair was adjourned for one week further evidence is to be taken. The charge against Walter Cook, Sr., who is also on the prohibited list, was withdrawn.

We understand it is the intention to prosecute to the fullest extent any person who supplies liquor to those who are prohibited from getting same, and thus put a stop to this practice. The Reeve recently fined two parties for this offence \$25 each and costs or one month in jail, as reported in our last week's issue.

WATFORD PUBLIC SCHOOL.

HONOR ROLL FOR SEPTEMBER AND OCTOBER.

Fourth Class.—Sr.—Chester Cook, Valore Dodds, Eston Fowler, Verne Johnston, Eva Thorne, Bessie McNew, Jr.—Stella McMacken, Jean McManus, John Bruce, Mildred Fortune, Clifford Kadey, Ada Spackman, Nelvin McCormick, Theresa Logan, Carleton Harrower, Henry Rivers, Ross Restorick, Charlie Fitzgerald, Charlie Roche, Charlie Stump, Geraldine Elliott, Kathleen Elliott.—W. BROOKE.

Mr. A. J. Davis is laid up with an attack of erysipelas.

P. Dodds & Son are paying the highest cash prices for live and dressed poultry. Mrs. Thomas Ford and daughter, Myrtle, and son, Preston, returned to their home in St. Thomas after spending Thanksgiving with her sister, Miss Ellen Saunders, 12th line.

Henry Holbrook, a resident of Alvinston and a former resident of the 12th line, Brooke, died in the hospital at Petrolia on Sunday of last week of cancer of the jaw. The remains were sent to Alvinston for burial.

WARWICK.

Miss Winnie O'Neil visited friends in London last week.

Misses Ella and Mary McCormick visited friends in London last week.

P. Dodds & Son will pay highest prices in cash for live and dressed poultry.

Miss Bennett and Mr. Johnston, of London, spent Thanksgiving week with Mr. J. S. Clark.

Mr. Elmer Thompson returned to Toronto after spending the holidays at his home on 18 sideroad.

George Bryson purchased a fine three-year-old imported mare from Mr. W. Annett, of Brooke, importer of Scotch Clydesdales.

Special thank offering services will be held in Zion Congregational church on Sunday, 10th Nov. Hours of services, 2.30 and 7.30 p.m.

Mr. and Mrs. Bowslaugh and daughter, Dorothy, of Brimsford, spent Thanksgiving holidays with Mr. and Mrs. George Graham, 4th line North.

A fourth line man claimed that he handled sixty barrels of apples in one forenoon but when the checkers were placed on the job the barrels turned out to be boxes.

The members of the W. A. of St. Mary's Church, Warwick, have prepared a bale of quilts for the Walpole Island Mission. Contributions of clothing (especially boys') and groceries will be acceptable. Kindly send to the Rectory as soon as convenient. Further notice will be given about the date for packing the bale.

Parkhill Musical Society officers for the season are:—Patrons, T. L. Rogers, K. Goodman, K. C. Pres., W. H. Bartram; Vice-Pres., Rev. C. M. Farney Secy, J. G. Russell; Treas., A. E. Benham; Managing Committee, W. W. Logan, W. J. Stewart, G. F. Steele, F. Brewer, F. T. Zapfe, P. Lindsay.

The thickly settled portion of Sandwich East, above Walkerville, it is said, is to be separated from the township and incorporated as a separate municipality. The promoters of the scheme propose to get their petition ready and presented a month before the county council meets in December. The name of the new municipality will likely be Fordville.

Mrs. John Marshall, a widow, who conducts a farm in North Dunwich, heard a noise in a field near the house on Monday night, and awakening the hired men, sent them out to see what was wrong. At the back of the barn they came upon "Curly" Beach and Roy Lucas, of Middlesex, loading sheep into a wagon and they at once stopped the proceedings and hustled the men off to the Dutton lockup.

tried. Mother has her picture taken oftener than father but even she hasn't in two years and picture will never send to Aunt Jane. wears her hair so more becomingly and anyways its time there was a picture for the collection.

TWO WOMEN TESTIFY

What Lydia E. Pinkham's Vegetable Compound Did For Their Health—Their Own Statements Follow.

Haliburton, P.E.I.:—"I had a doctor examine me and he said I had falling of the womb, so I have been taking Lydia E. Pinkham's Vegetable Compound and it has done me a lot of good. All the bearing-down pains have vanished. I have gained ten pounds in weight, the discharge is all gone, and I feel better than I have for a long time. I think any woman is foolish to suffer as I did for the sake of a few dollars."

"You can use my letter as a testimonial. It may encourage other poor women who suffer as I did to use your Vegetable Compound."—Mrs. GEO. COLLICUTT, Haliburton, Lot 7, P.E.I.

Read What This Woman Says:
New Moorefield, Ohio.—"I take great pleasure in thanking you for what your Vegetable Compound has done for me. I had bearing down pains, was dizzy and weak, had pains in lower back and could not be upon my feet long enough to get a meal. As long as I laid on my back I would feel better, but when I would get up those bearing down pains would come back, and the doctor said I had female trouble. Lydia E. Pinkham's Vegetable Compound was the only medicine that helped me and I have been growing stronger ever since I commenced to take it. I hope it will help other suffering women as it has me. You can use this letter."—Mrs. CASSIE LLOYD, New Moorefield, Clark Co., Ohio.

HARRIS & CO. PROPRIETORS.

WATFORD, NOVEMBER 8, 1912.

NOTE AND COMMENT.

The Duke of Connaught has won his way among Canadians through his democratic manner and that certain characteristic of his brother, the late king, and revered mother, by which they are all held in affectionate remembrance.

George Brown's statue has reached Ottawa. It is a fine effigy of heroic size, cast in bronze. The statue will not be erected in time for the opening of parliament because the pedestal has not been cut. It will be erected near the Mackenzie statue on Parliament Hill, and later will be joined by McGee, Lafontaine and Baldwin, also in bronze.

It is said that another elixir of life has been discovered and our days on this earth may now be prolonged indefinitely. This may suit some people who never figure on paying a bill until death makes them 'cough up' by their affairs being settled through the public administrator. Elixir or no elixir, living or dead, cash is king and is the only 'system.'

The average weight of eggs is

Every Woman
is interested and should know about the wonderful **MARVEL Whirling Spray**. The new Vaginal Spray. Best—Most convenient. It cleanses instantly. Ask your druggist for it.

If he cannot supply the MARVEL, accept no other, but send stamp for illustrated book—sent. It gives full particulars and directions available to ladies.

WINDSOR SUPPLY CO.,
Windsor, Ont. General Agents for Canada.

about eight to a pound, so that a dozen eggs would weigh about one and a half pounds. A pound of eggs contains more nourishment than a pound of meat. There is no flesh food that may be served in so many palatable ways as eggs, nor as easily obtained by farmers. Eggs are a perfect food, containing all the consistent elements of nourishment.

Turkey has withdrawn a large sum of money, reported to be \$17,500,000, from Germany, according to a despatch from Bucharest, Roumania. The money was deposited in Germany during the reign of the Sultan Abdul Hamid and was earmarked exclusively for a war fund. Germany has consented, said the correspondents, to its delivery to the Ottoman Government and the gold is now in Constantinople.

Reports from the Department of Agriculture state that the rot in the potato crop is a good deal worse than was anticipated and the farmers are getting ready to rush their potato crop to the market before it is spoiled by the rot. Should this result it would mean that the market will become flooded with potatoes for the present, but after the rush there will be a shortage of winter potatoes and high prices will then prevail.

Canadian Congregationalist:—This should have been a Thanksgiving issue of our paper, but under existing circumstances we do not think it worth while to more than note the fact that October 28th was appointed by the Government to be such a day. The way it has been observed for the past few years is wholly out of keeping with the spirit of the day. Sham-battles, etc., has been the order of the day, and will be again. The day has been changed from Thursday to Monday to oblige railroads and commercial men. To call it a day of Thanksgiving is a misnomer.

Scientists declare that as a motive power for operating automobiles and motor boats liquid air is superior to the electric storage battery, since it requires no tedious waiting for the process of recharging, and it delivers more than double the power of the former, with half the weight. Gasoline is not in the same class with liquid air, for the latter emits no noxious odors, nor is there any danger of explosions. As a refrigerant there is no source of cold like liquid air. Other than operating automobiles and serving as a refrigerant there is hardly a thing that human mind can think of that liquid air cannot do, from providing a magical entertainment to the production of continuous power. Yet there is lacking a process by which it can be produced cheaply enough to compete with other sources of motive forces now in use.

Overwork is contagious. The very air of America breathes and burns overwork. The wife of an overworked man is very apt to be driven from sheer lack of occupation and companionship into undertaking more and greater problems than are comparable with her strength. The high cost of living, the desire to emulate one's neighbors, and the wish for luxuries beyond their grasp are important factors in bringing about overwork in both the sexes. Overwork pleases because it stimulates; it entices because it leads to power; it entrances because it beckons fame. Regard it, however, from the opposite point of view. It enslaves the worker; narrows his field of vision; augments his egotism and it deprives his family and friends of the pleasures of his society, and the benefit of his experience. It is a selfish fashion, and one which inevitably leads to destruction. It makes a man unfit to live with, and it makes him unmindful of his duties as a man and a citizen. Every man should work, but no man should overwork.—Exchange.

The Procurement and Sale of Noxious Drugs.

(Calgary News-Telegram.)

After a rather long-drawn out but carefully conducted prosecution, a Calgary physician has been convicted and fined for giving a prescription for cocaine under circumstances contrary to law.

The press generally is reluctant to give prominence to conviction of professional men for unprofessional

conduct, on the ground that they have no desire to injure their prospects, but there are cases which are so flagrant that they cannot be passed over without comment, in the interest of the community generally, who have, under some conditions, the right to be protected against themselves.

The abuse of alcohol has slain its thousands, but the use of cocaine and morphine is running tens of thousands of persons belonging to a class in the community which can be ill spared from the activities of commercial, professional and business life. The "dope" fiend is a miserable moral wreck, because he has no power of himself to rescue himself from the sad effects of his favorite potion. For the brandy drinker and the whiskey toper there is hope, but for the cocaine or the morphine fiend there is no hope unless his supply can be and is effectively cut off. In this case what cannot be cured by persuasion must be ended by suppression.

If these drugs be administered under strict medical rules, their use can be controlled, and ultimately abandoned, but so long as they can be as easily procured as was demonstrated by the recent prosecution, there will be an increase rather than a diminution in their abuse. The importance of these prosecutions lies more in the fact of conviction than in the severity of the penalty imposed, and there is now a likelihood that the looseness of the past will be counterbalanced by the precautions of the present and the future. This is the object of the act of parliament under which these cases were taken.

Catarrh Cannot Be Cured

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly upon the blood and mucous surfaces. Hall's Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly upon the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing catarrh. Send for testimonials, free.

Tobacco Growing in Ontario.

In the south-western peninsula of the Province of Ontario tobacco growing has become a very profitable branch of farming. In order to place the industry on a substantial footing the Dominion Department of Agriculture some three years ago established an Experimental Station at Harrow in the County of Essex. The station has been equipped with a suitable barn, a drying shed and other necessary facilities. This is but one of several Tobacco Experiment Stations operated by the Tobacco Division which is in charge of Mr. F. Charlan, a tobacco specialist. The Harrow station is in charge of Mr. W. A. Barnet, B.S.A., who has prepared a report of the work carried on under his supervision in 1911.

The station which comprises thirty-eight and a half acres is carried on to some extent as an ordinary farm. Last year fifteen acres were devoted to tobacco experiments in which nine of improved Burley and six of Waverly varieties were dealt with. Tests were made with different kinds of beds, methods of curing, various combinations of fertilizers, seed selection, combating the tobacco worm, etc.

Referring to the returns from bright tobacco as compared with white Burley Mr. Barnet concludes that white Burley is preferable for the average farmer to grow. During the past three years the average price secured for this tobacco has been twenty-five cents per pound or an average gross return of two hundred and fifty dollars per acre.

This report which is designated Tobacco Bulletin A-14 is available to all who apply for it to the Publications Branch, Department of Agriculture, Ottawa, Ont.

Wheat has been found growing in the Andes mountains eleven thousand feet above the level of the sea.

Shiloh 25¢
The family remedy for Coughs and Colds.
"Shiloh costs so little and does so much!"

25 Cents to Stop that Itch

Does it not seem strange that so many people suffer year in and year out with eczema?

A 25 cent bottle of a simple wash stops the itch and will surely convince any patient.

This wash is composed of mild and soothing oil of wintergreen mixed with thymol and glycerine, etc., and known

as D.D.D. Prescription. We do not know how long the D.D.D. Laboratories will continue the 25c. offer, as the remedy is regularly sold only in \$1.00 bottles and has never before been put on the market in Canada on any special offer.

If you want relief to-night try a bottle at 25c. on our personal recommendation.

Canadian Hens May Win Egg Contest.

Considerable interest has been aroused in the International egg-laying contest which has been conducted at Storrs, Connecticut, during the past forty-nine weeks. Canadians are more interested than before, owing to the splendid record of the pen of five White Wyandottes entered by McLeod Brothers of Beulah Farm, Hamilton.

So far, these hens have laid a total of 1,017 eggs, and stand second to a pen of White Leghorns from Pennsylvania, credited with 1,035 eggs. However, during the forty-ninth week of the contest the five Canadian hens laid twenty-six eggs, as against twelve eggs laid by the rival hens. In view of the fact that the American hens have a lead of only eighteen eggs and that the Canadian hens laid fourteen more in one week, one can concede the Hamilton hens a splendid chance for the international trophy.

St. Peter's, Rome, cost over fourteen million pounds to build.

The Boy and the Gun.

The numerous fatalities from hunting accidents causes the Guelph Mercury to remark: "About this season of the year the young man, whose knowledge of a gun has been confined to catalogues and store windows, sallies forth to the country to shoot up every living thing in sight. He looks down the muzzle of the gun to see that all is well; he climbs over rail fences with the trigger hit-the-top rail. The funeral takes place next day, and the friends murmur "How sad."

No spot in the British Isles is more than eighty miles from the sea.

There is no more effective vermifuge on the market than Miller's Worm Powders. They will not only clear the stomach and bowels of worms, but will prove a very serviceable medicine for children in regulating the infantile system and maintaining it in a healthy condition. There is nothing in their composition that will injure the most delicate stomach when directions are followed, and they can be given to children in the full assurance that they will utterly destroy all worms.

FASHION GOSSIP.

Sun Ray Plaiting In the Front Van of La Mode.

SILK FOR RUNABOUT FROCKS.

Fullness is to Be Found In the New Frocks, but Balloon Skirts Are Not the Type to Which Modish Women Have Resorted.

Behold the sun ray plaiting again in the front place of fashion and convincing in its softness and graceful lines and the countless opportunities for draping one filmy color over another and obtaining the rainbow effects that are always becoming.

Accordion plaiting is coming with a rush. It is here in a few advanced models of clever makers, but the fashion is too beautiful to be ignored, and prediction is here made that the plaited frock is to be a feature of late summer and fall styles.

Can you imagine the grace of a chiffon pannier plaited and held in at the lower edge by a deep band of em-

GOWN WITH MODIFIED PANNIER DRAPERY.

brodery? The fichu on this same delectable gown is accordion plaited and the waist defined by a wide girde of panne velvet. Plaited ruffles edge the sleeves and the bottom of the underskirt.

Silk in plain or changeable colors is plaited for entire costumes that are adaptable for little runabout frocks or for elaborate afternoon gowns. Here is the fullness in decided form in skirt, sleeves and bodice.

Little accordion

NO RHEUMATISM THIS WINTER

Thanks to GIN PILLS

DON'T you want to have ONE WINTER free of Rheumatism? Don't you want to enjoy life as other men enjoy it? Don't you want to eat and sleep and work as healthy, normal men do, instead of being all crippled up with Rheumatism or Kidney Trouble?

Then take GIN PILLS and conquer your old enemy for good. Mr. Beaudry did, with the help of the GIN PILLS.

597 Panet St., Montreal, P.Q. March 29th, 1912

"It affords me great pleasure to inform you that I have used GIN PILLS for about six months, and that they have done me a great deal of good. I have had Rheumatism for a couple of years, and this winter I saved myself from it by using GIN PILLS. I highly recommend GIN PILLS to the public."
 A. BEAUDRY.

Thousands of boxes of GIN PILLS are sold every year through the influence of those who have been cured, and who recommend GIN PILLS to their friends and neighbors. If you are subject to Rheumatism, Kidney or Bladder Trouble, start in right now on GIN PILLS.

50c. a box, 6 for \$2.50. If you want to try them first, write for a free sample to National Drug and Chemical Co. of Canada, Limited, Toronto. 148

Constipation
 is an enemy within the camp. It will undermine the strongest constitution and ruin the most vigorous health. It leads to indigestion, biliousness, impure blood, bad complexion, sick headaches, and is one of the most frequent causes of appendicitis. To neglect it is slow suicide. Dr. Morse's Indian Root Pills positively cure Constipation. They are entirely vegetable in composition and do not sicken, weaken or gripe. Preserve your health by taking

Dr. Morse's Indian Root Pills

plaited jackets of soft chiffon and mousseline de soie are now threatening to replace the coarser of taffeta that have been such strong features. Evening wraps and lovely negligees are showing plaiting in either entire lengths or as ruffles on the berthas and sleeves.

As a swing of the pendulum of fashion in the opposite direction no feature of the modes can more clearly exemplify the vagaries than the plaited dresses that are invading the realm of dress. But one thing must be remembered. Fullness there is in all the new frocks, but balloon skirts are not the type to which we have resorted. There is still the straight line of the figure to be adhered to, and it must be admitted that the designers have given fullness in the plaiting without bulkiness, flowing lines without ugliness and a change without the usual shock. One meets the pannier gown everywhere. Pictured is a new model showing a modified pannier drapery that is very graceful. The material used is green and white "candy striped" taffeta, with trimming bands and petticoat of black taffeta.

A wide frill at the neck is echoed by narrow frills in the sleeves. Black satin boots with crystal buttons accompany the frock.

Useful Tips to the Jelly Maker.
 Use good fruit which is a little under-ripe.
 Use the best granulated sugar.
 Do not make large quantities of jelly at one cooking.
 Heat the sugar in the oven before adding it to the fruit juice.
 If the juice must be boiled down always do so before the sugar is added.
 The jelly will be clearer and finer if the fruit is simmered gently and not stirred during cooking.
 Do not allow the sirup to boil rapidly or crystals may appear in the jelly.
 Always make jelly on a bright, clear day.
 Wash the jelly glasses in hot water and set them on a folded cloth wrung out of hot water.
 Set the jelly in a sunny window for twenty-four hours, then cover with melted paraffin and set in a dry, cool place.

Campers' Shortcake.
 One pint of flour, two teaspoonfuls of baking powder, a little salt, a spoonful of sugar. Mix with water or milk so the batter will drop, not "run," from the spoon. Pour into a hot pan well greased. Now cover and bake ten minutes. Have ready another pan with a little lard and when hot turn the cake into the pan and bake twenty minutes. Good with canned peaches or berries.

CASTORIA

A Ghost Story.
 A London daily tells a short modern ghost story. A man was traveling on a northbound train out of London. Opposite him was a silent stranger, his only companion. Between London and Derby no word passed. Then, as the train drew out of Derby, he said pleasantly, "Good line, this, sir, eh?" The stranger replied: "I think it's a beastly bad line. I was killed on it two years ago."

He Shouldn't.
 A man with a donkey for sale, hearing that a friend wanted to buy one, sent him the following, written on a postal card:
 "Dear Jack, if you are looking for a really good donkey, please don't forget me."—Exchange.

A Revised Edition.
 I should have no objection to a repetition of life from the beginning, only asking the advantages authors have in a revised edition to correct some faults in the first.—Franklin.

We should be as careful of our words as of our actions.—Cicero.

Where can I get some of Holloway's Corn Cure? I was entirely cured of my corns by this remedy and I wish some more of it for my friends. So writes Mr. J. W. BROWN, Chicago.

TOMATO RECIPES.

Unusual and Dainty Ways of Serving This Delicious Vegetable.

Tomatoes at this season of the year are at their very best and cheapest, and as they are a favorite vegetable in every family it behooves the housewife to find out new ways of serving them. Here are some attractive recipes that are little known:

Tomatoes au Gratin.—Skin half a dozen ripe tomatoes and then place a layer of them in the bottom of a baking dish, cover with a layer of buttered and slightly toasted breadcrumbs, seasoned with salt and pepper, then more tomatoes and crumbs until the dish is full, with the crumbs on top. Sprinkle with salt and pepper and bake in moderately hot oven for an hour. A little onion juice and minced parsley may be used.

Tomato Frappe.—Take large round ripe tomatoes and after peeling them take out the inside and rub through a coarse sieve to take out the seeds. Season the pulp well with salt, pepper, cayenne, celery salt, a little mustard and enough vinegar and sugar to make it pleasantly subacid. Add a little onion juice or minced garlic and then freeze the whole until quite solid. Let it stand repacked until ready to serve and then fill the hollowed out tomatoes, cover with mayonnaise jelly, placing a crisp leaf of lettuce under each tomato, and serve at once. This is very cool and refreshing when served on a hot day.

Boiled Tomatoes, Devil'd Sauce.—Wipe the tomatoes clean, cut off, then slice from the blossom and stem end of each and cut in halves. Season with salt, pepper and cayenne and dip into fine dry breadcrumbs, then place into beaten egg and again in breadcrumbs. Place in a fine wire broiler and broil both sides a nice brown and serve with sauce as soon as done.

Devil'd Sauce.—Cream four tablespoonfuls of butter with two tablespoonfuls of powdered sugar, one teaspoonful of dry mustard, quarter teaspoonful of salt, dash of cayenne, yolk of one hard boiled egg rubbed smooth, one egg lightly beaten and quarter of a cupful of vinegar. Cook in double boiler until it thickens to the consistency of thick cream. Serve hot or cold.

RULES FOR SAVING.

What a German Housewife Says About Cost of Living.
 The German housewife spends very little of her time worrying over the high cost of living, according to Mrs. Anna Kirchstein, a member of one of the German women's clubs of Chicago. "The German housewife," she says, "adjusts her expenditures to her income. If she has less money she uses less in her home and contents herself." Mrs. Kirchstein's rules for economy in the home are:
 Pay cash for everything.
 Do your own buying and marketing.
 Be careful in your selection of food.
 Study out at the beginning of the week just how much you can spend that week.
 Manage your own household, leaving nothing to the servants.
 Figure out a system of utilizing all materials. Even the leftovers from a meal can be made into something the next day.
 Do not regard this system of economy as a burden, but as a pleasure and the duty of a wife to her husband.

For the Fancy Worker.
 The workbag illustrated is a most convenient affair in which to carry summer fancy work, and it is extremely simple to make.
 All that is required in the way of materials are wide pompadour ribbon,

WORKBAG OF POMPADOUR SILK.

two embroidery hoops and about four yards of inch wide satin ribbon for the dainty little bows that ornament the handles.

THE CRICK IN THE BACK.—"One touch of nature makes the whole world kin," sings the poet. But what about the touch of rheumatism and lumbago, which is so common now? There is no poetry in that touch, for it renders life miserable. Yet how delighted is the sense of relief when an application of Dr. Thomas' Electric Oil drives pain away. There is nothing equals it.

HARRIS & CO. PROPRIETORS.

WATFORD, NOVEMBER 8, 1912.

Wilson for U. S. President.

The end of a hard fought campaign came to a close on Tuesday by the election of Woodrow Wilson, the Democratic candidate, who swept the United States by a large majority at the Presidential elections. Wilson captured 415 seats in Electoral College, Roosevelt, the Progressive candidate 104, and Taft, the Republican 12.

Turks Meet Crushing Defeat.

Sofia, Nov. 6.—A final crushing defeat was inflicted on the Turkish army, retreating into the Tchebatja forts, on the northern outskirts of Constantinople by Czar Ferdinand's advancing Bulgarian army. More than 25,000 soldiers are said to have been killed or wounded on both sides. Official dispatches from the front state that the casualties were heavier than in the great battle of Lule Burgas. Several battalions of the Turkish army, which had fallen back to the protecting guards at Tchebatja went to the front and reinforced the Turks on the battle on the battle line field.

Bray—Hagle.

Grace Church, Winnipeg, was the scene of a pretty wedding yesterday morning at 6.30, when C. Edwin Bray, of Swift Current, Sask., was united in marriage to Miss Ellen Annette Hagle, of Wolseley, Sask. The wedding march was played by Prof. Vivien, organist of the church. The bride was led to the altar by William Luckham and the ceremony was performed by Rev. John Morrison, of Sarnia, Ont., a life-long friend of the bride. Rev. Dr. Crummy, pastor of Grace church, assisted. Mr. Arthur A. Sykes, of Winnipeg, attended the groom, the same service for the bride being rendered by Miss Daisy Harburt, of Wolseley, Sask., Mr. M. C. Hagle acting as usher.

The bride was gowned in hand-embroidered organdie, from India, over charms white satin, en train, and carried a bouquet of white roses and lilies of the valley. The bridesmaid was gowned in blue voile over blue silk, and carried a shower bouquet of pink roses.

The wedding breakfast was at the home of Mr. and Mrs. William Luckham, 530 Banning street.

Mrs. Hagle, Wolseley, Sask., mother of the bride, was gowned in pearl gray crepe de chine, and Mrs. Bray, mother of the groom, Kelowna, B.C., in gray brocade silk, Mrs. Gourley, sister of the groom, in blue silk, with point lace trimming; Mrs. Scarlett, of Regina, cousin of the bride, in black and red velvet with German silver scarf; Mrs. William Luckham, cousin of the bride, in moss green satin with point lace. Many beautiful gifts were received.

The bridal couple took their departure by the 2.45 train for their future home in Swift Current.

CHOP STUFF.

Glencoe wants Niagara power. Glencoe curiers have organized for the winter.

Lambton's apple yield this year is not less than 60,000 barrels.

Mr. Donald Steele, of Parkhill, was taken to St. Joseph's Hospital, London, Thursday morning by automobile. On Wednesday he was assisting to move a large player piano when he severely strained himself lifting.

Mary Madeline, youngest daughter of Mr. and Mrs. John C. O'Donnell, of Plympton, died Tuesday morning of pneumonia, aged 2 years. The funeral was held on Wednesday afternoon from the Catholic Church to Beechwood cemetery, Rev. Father Buckley officiating.

On Tuesday morning last, Geo. Codling, of Forest, had his left hand cut off while working with a feed cutter on H. Fraleigh's farm. He was wearing a glove, buttoned around the wrist, when the ends of the fingers caught in the rollers he was unable to pull the hand out, whereas with a mitt he would have escaped. The four fingers were chopped off back of the last joint, and when the wounds were dressed by Dr. Patterson it was found necessary to amputate the thumb also.

A very sad death took place at Glencoe Thursday night when Mrs. B. Miller, of Vancouver, B. C., daughter of Richard Dunlop, registrar of deeds for West Middlesex, died at the home of her parents. Death came very suddenly and unexpectedly. Newly born boy twins, besides a family of four small children, Richard, Mary, Christina and Ewen, remain to suffer the loss of their mother. Mr. Miller is at present travelling in Northern British Columbia. Mr. and Mrs. Dunlop recently moved to Glencoe from Napier. Mrs. Miller and children were here to spend the winter with them, intending to go to their home in Vancouver in the spring.

On Friday last the Dominion Fishery Inspector phoned the fishery club that the Rock Glen Electric Light and Power Company had advised him that all things were in readiness for the construction of a fishery in the Arkona Dam. Arrangements were made under which the Inspector will come to Arkona and accompanied by a representative of the Fishery Club will proceed to Arkona to inspect the proposed work. The Inspector has some doubts as to the utility of the fishery, as while it will permit fish to ascend the river, it will also afford

similar opportunity to the fish now imprisoned above the dam to descend to the lake, and perhaps fail to return.—Ailsa Craig Banner.

Mrs. Spooner, the Bridgen hotel woman who was recently convicted for the third time of selling liquor in that local option village, and who was sentenced by Magistrate Fleck to four months in jail, has been released after only a few days in jail by order from Hon. W. J. Hanna, Provincial Secretary. Mrs. Spooner is seventy years of age, and although she had no part in the offence, still she was liable, as the liquor was in her house. Mr. Hanna stated that as Mrs. Spooner was up in years and in ill health, and besides being the mother of seven children and grandmother to twenty, it was a case of immediate action. Mr. Fleck could not take any action but to present the case to Mr. Hanna, which he did, with the above result.

BOARD OF EDUCATION.

Minutes of a regular meeting of the Board of Education held in their Board Room on Friday, Nov. 1st, 1912, at 7 p.m. Present, E. D. Swift, P. J. Dodds, D. A. Maxwell, John White, S. W. Louks, J. W. McLaren, and Principal Potter.

McLaren—Dodds, and carried, that E. D. Swift act as Chairman.

The minutes of the last meeting were read and confirmed.

HIGH SCHOOL.

The Principal's report of the High School attendance for October was read. McLaren—Louks, and carried, that the Principal's report be received and filed.

DIED.

On Nov. 5th, 1912, at the residence of her sister, Mrs. Fawcett, 56 Elmwood Ave., London, Emily Crozier, beloved wife of Samuel Elliott Thompson, and youngest daughter of the late Robert Crozier, of Sileam, London Tp. Funeral private.

In Parkhill, on the 25th Oct., 1912, Louise E., wife of John H. Loughton, aged 32 years.

In Strathroy, on Oct. 20th, 1912, Olive Pearl, infant daughter of James and Maud Cooper.

IN MEMORY of our loving Mother, Mrs. Geo. Thorne, who died Nov. 10, 1910.
The morning sky is blue and clear,
The birds warble 'mid the boughs,
But what to me the singing birds,
Since all my heart lies in the words,
I miss you so, I miss you so. —N. W.

Mr. Thos. Paul, who has been in Borneo for some years, returned home to Petrolia last week.

There were two thousand barrels of apples picked from one orchard in the vicinity of Lucan last week.

Perfect Fitting and Perfect Style

You cannot consider yourself in good taste unless your shoes are also perfect fitting and in perfect style. No matter how well your clothes may become you—how attractive you may appear—your shoes must also be neat and stylish if the whole effect is to be perfect.

At this store we carry a stock of the very latest in footwear—comfortable, well made shoes that are built to suit your dress and give you that finished appearance that stamps you as a lady or gentleman.

Come in to-day and let us show you the latest:

Messrs. David and Stanley Brisson, of Calgary, and Mr. Brison and Miss Mattie Brisson, of Watford, visited at R. Riggs'.

Fuller Bros. are ready for cold weather with a good supply of men's, women's and children's underwear.

GROWING GIRLS AND ALL WOMEN.
Should Keep Their Blood Supply Rich, Red and Pure.

On every hand you see women and growing girls in the deadly clutches of anaemia. Slowly but surely a pallor as of death, settles on their cheeks; their appetite fickle; their steps languid. Daily they are being robbed of all vitality and brightness. The trouble, if neglected, becomes more acute until the signs of early consumption become apparent. What women and young girls in this condition need is new, rich, red blood, and there is no other medicine can do the work of Dr. Williams' Pink Pills, in making this new, good blood. These Pills make girls and women well, and bring back the charm and brightness of perfect, regular health. Here is a bit of proof. Miss Lillie O'Carroll, Norwood, Ont., says:—"About two years ago my health began to fail. I was weak, run down and had no ambition for anything. I had frequent headaches, would be completely tired out after the least exertion and had little or no appetite. A doctor who was giving me medicine finally told me he feared I was going into consumption, which, of course made me very much down-hearted. As the medicine I was taking was not doing me any good I decided to try Dr. Williams' Pink Pills, and I shall never feel grateful that I did so. My story may be summed up in the words "nine boxes of the Pills fully restored my health—perhaps saved my life, and I am now as strong and healthy as any girl." Every anaemic sufferer can obtain equally good results through a fair use of Dr. Williams' Pink Pills. Sold by

all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

SCHOOL REPORTS.
The following is the report of Kelvin Grove S. S. No. 2, for the month of October. Only the names of those who obtained 80% or over are given. Names of pupils who were absent are marked *.

II.—John Hodgins 62, Clifford Morgan 60, Elwood Hariton 28, Marion Jackson 22, John McDougall. Pt. I.—Arthur Miniely absent.—ORA SQUIRE, Teacher.

A Wonderful Bargain.

For a great big dollars worth the offer this season by the Family Herald and Weekly Star of Montreal cannot be beaten. A sample copy of their new picture, "Mother's Treasures," size 23 by 29 inches, all ready for framing, has reached this office. It certainly is beautiful and every home in Canada will be the better of having a copy in the house. The Family Herald and Weekly Star, bigger, brighter and better than ever, along with such a beautiful picture, all for one dollar, is a bargain that should be taken advantage of. It is only the Family Herald and Weekly Star that can offer such a picture free with a year's subscription. People wonder how it can be done, still it is done, and the people get the benefit.

The Late Park Duncan.

It is our sad duty this week to chronicle the death of an old and respected resident of Wyoming in the person of Mr. Park Duncan, who was called to his last resting place on the morning of Thanksgiving day. His end came with startling suddenness. On Sunday Mr. Duncan was up and about as usual and twice that day attended church. He retired to bed feeling about as he usually did and died the following morning at 7:30, of heart failure. The late Mr. Duncan was one of a family of ten, being the son of Mr. and Mrs. Park Duncan who came from Scotland and settled on a farm in the township of Warwick, part of which is now within the village of Watford. It was here Mr. Duncan was born in 1847. About five years later the family moved to Plympton and settled on lot 17, con. 3. It was on this farm that most of the family were raised. When a young man Mr. Duncan farmed and between seasons teamed oil from Oil Springs to Wyoming. Later he conducted a grocery store in Petrolia for the late Alex. Laing, of Wyoming, and later went into the grocery business for himself in the store now occupied by Wonderland in Petrolia. In 1879 he came to Wyoming with his brother, the late Allan Duncan, and had resided there continuously ever since. Mr. Duncan married Marjorie McMurray, of Adelaide, and the following family survive:—Elmer in Claresholme, Alta.; Mrs. Gordon Hughson, of Harrow; Mrs. J. R. Steadman, of Petrolia; Elwood, assistant secretary of the Y.M.C.A. in Edmonton, and Eldred, of Toronto. He was a very old member of the A.O.U.W. of Petrolia, becoming affiliated with that society about 35 years ago. He was also a member of the Chosen Friends. Mr. Duncan had suffered from two strokes of paralysis, one two years ago and a slight one during the past summer. The latter, it is thought, affected his heart and hastened his death. He was a good man, a kind father and an affectionate husband and his memory will always be cherished by those to whom he was near and dear. Mr. Duncan was a Methodist in religion and in politics a Liberal. His death leaves but two survivors of his family, the eldest and the youngest, namely, Alexander of London, aged 78, father of Mr. Wm. Duncan, and John W. of Umatilla, Oregon. The funeral was held Thursday afternoon to Wyoming cemetery.

Women's Institute Meeting.

The semi-annual meeting of the southern branches of the East Lambton Women's Institute was held in Code's Hall, Alvinston, on Friday afternoon, Oct. 5th. Watford, Sheldahl and Florence were not represented. The meeting opened by singing "The Maple Leaf." The President occupied the chair and there were 35 ladies present. In the absence of the Secretary, Mrs. Connor of Alvinston filled her place. A report of the Aberdeen meeting a week previous was read. The President then gave a short address, telling of object of semi-annual meeting. A question drawer was next conducted. After a short discussion as to whether branches should pay delegate's expenses to district meetings, it was moved by Mrs. Joseph McTaggart, seconded by Mrs. (Rev.) Campbell, that branches pay delegate's expenses to district meeting.—Carried. Moved by Miss Risk, seconded by Mrs. McCallum, that the District President and Secretary expense of the convention at Toronto at expense of the district.—Carried. Next came roll call—Inwood 5, Aughrim 3, Alvinston 24 (3 visitors). The following subjects were discussed:—Domestic Science Course. Delegate to Farmers' Institute. Demonstrations by members of other branches, Charitable works, School

welfare, led by Mrs. Connor. Place of next semi-annual meeting. Mrs. Court-right extended an invitation to come to Inwood, Finances. The question of children's hospital was partly endorsed. Moved by Mrs. (Rev.) Campbell, seconded by Mrs. Graves, that meeting now adjourn to meet in Inwood next September.—Carried.
Refreshments were served at the close of the meeting and a short time spent socially.—Forest Free Press.

Baptist Young People's Union.

The Rev. A. C. Bingham, of Petrolia, was elected president of the Baptist Young People's Union of Lambton and Middlesex at the annual meeting of that body at Sarnia on Monday of last week. Rev. J. H. Boyd, pastor of the Adelaide street Baptist church, London, was elected vice-president; Miss Lou Stratham, of Strathroy, secretary-treasurer, and Miss Mildred Adams, of London, Miss Florence Park, Wyoming, and James Gannon, of Sarnia, as the executive. The convention was a decided success in every way, capital addresses being delivered before delegates from all parts of the two counties. Among those who

contributed addresses or papers were:—Rev. R. C. Cameron, Windsor; Rev. J. E. Hawkins, Rev. J. D. McLachlan, Strathroy; G. H. Bowman, Courtright; L. Haines, president of the Sarnia society; W. Dowling, Petrolia, and Miss Lou Stratham, of Strathroy. The musical feature of the program was excellent.

Sugar Beets Frozen.

Glenceo, Nov. 6.—The recent frosts will mean a serious loss to the sugar refiners. They contracted with the farmers in this district for beets at a stated price. Beets which have suffered from the effects of frost, and there are many such in this district, will not yield nearly so much sugar, and this is a loss which the companies have to stand.

The hunt for the three convicts who escaped from Sandwich jail a week ago, has been given up, as it is thought they are either safe in the United States or at the bottom of the river. After eluding the searchers for four days in the country back of Soudwich the men stole a row-boat with the intention of making the American shore. As the river was rough it is doubtful if the boat reached shore.

SOUR RISINGS FROM STOMACH

Those Who Experience Fullness and Pain After Meals, Stomach Disorders, and Indigestion, Should Read Below.

"When I was working around the farm last winter I had an attack of inflammation," writes Mr. E. F. Dawkins, of Port Richmond. "I was weak for a long time, but well enough to work until spring. But something went wrong with my bowels, for I had to use salts or physic all the time. My stomach kept sour, and always after eating there was pain and fullness, and all the symptoms of indigestion. Nothing helped me until I used Dr. Hamilton's Pills. Instead of hurting, like other pills, they acted very mildly, and seemed to heal the bowels. I did not require large doses to get results with Dr. Hamilton's Pills, and feel so glad that I have found a mild yet certain remedy. Today I am well—no pain, no sour stomach, a good appetite, able to digest anything. This is a whole lot of good for one medicine to do, and I can say Dr. Hamilton's Pills are the best pills, and my letter, I am sure, proves it." Refuse a substitute for Dr. Hamilton's Pills of Mandrake and Butter-nut, sold in yellow boxes, 25c. All dealers, or The Catarrozone Co., Kingston, Ont.

MABEL'S CHITCHAT

Summer Banking Scheme to Provide For the Fall Wardrobe.

BEING FITTED BY PROXY.

A Trained Nurse's Idea For Protecting the Top and Bottom Rails of Handsome Brass Beds—Hopeless Prevalence of Boredom.

My Dear Elsie—I've hit on a fine plan for saving money. You know that in a few weeks the melancholy days of autumn will be here that bring with them an awful sense of disappatation in one's wardrobe. Literally when I get back from the summer's wanderings abroad I haven't a rag that is presentable to wear.

To forestall this dreary Flora McFilmsey state I have instituted a home savings bank system. It's this: I have two miniature banks. One I keep in my bedroom, and one I have installed in the butler's pantry. The use of two banks saves me a lot of steps, for when downstairs I can drop my mite into the three coin registering bank, which rings once, twice or five times, according to the amount of the coin deposited.

The bedroom bank is really a very ornamental affair of gold striped Japanese steel, brass trimmed. These money saving contrivances, besides registering the amount dropped into them, lock and unlock automatically.

I put in my banks only the money I can actually save by an economy like walking, when otherwise I might be inclined to take a car, or doing without an ice cream soda, when I would like most awfully to "blow" myself. These pesky old money grabbers also absorb my candy pennies, and when I deny myself some chocolate coated caramels or favorite sweet I mentally picture that I am adding an attractive new feature to my fall wardrobe by this self denial. It's a heap more satisfactory than to be confronted by an empty paper candy box as the only reminiscence of squandered shekels after the confectionery has been eaten.

If I have a dollar or so left over from fall gowns, etc., I'm going to put it in one of the new dress forms that the shops are carrying. Every woman knows what it is to feel like dropping in her tracks from standing to have frocks fitted. You know what a slow, nerve racking process it is. But cheer up, sister, for there's comfort ahead—an invention that does away with this torture. The dress form to which I refer can be adjusted to exactly duplicate your figure. The bust can be made any size you want it, also the hips. We all have one defect or another. Possibly one arm is longer than the other, or it may be a hip is the faulty member. Even these defects can be duplicated in the new dress form, and the lovely part of the whole thing is one form will do for the entire family. The makers of this rare and radiant device say that it does not get out of order and that it will last indefinitely. Another advantage is that it can be folded up and put away when not in use.

I am getting very practical these days, and at the risk of boring you I am going to suggest another contrivance. This time a trained nurse was the clever inventor. The patient she was nursing was particularly fussy concerning the welfare of her handsome brass bed and became nervous when callers touched the rail at top and bottom for fear the perspiration from their hands would dim the metal. Personally I have no sympathy with such fussiness, but there are others. Well, to protect the rail this young nurse cut strips of cotton flannel that were just the length of the top rail of the head and foot boards and wide enough to cover them. These she has fitted with tape on each side, and she ties them ever so neatly over the cherished rails. The covers are easily laundered when they are soiled.

For guest rooms a less practical but more slightly cover for the rails would be glazed organdie, cut in strips long and wide enough to slip over snugly and sewed at the ends to avoid tying. This papery organdie is very perishable, but in a place where so little wear comes as in a guest room it is practical enough, and it is so transparent that it detracts little from the sheen of the brass. The cotton flannel covers are advisable for sickrooms at any season of the year.

Talking about boredom, did you ever stop to think how wonderfully prevalent it is in this modern world? It sometimes seems that most of us devote most of our time nowadays to avoid being bored. I do the most absurd things to dodge this dreadful fate. At one time "cannal" was the special misfortune of the leisure class, but nowadays it is no longer a privilege—it is a common heritage. And the hopeless part about it is

that there are really no cures for "boredom" as there are for almost every other disease, except in exceptional cases where an automobile tour has a good effect.

You see I'm in a pessimistic mood and in this frame of mind I feel that modern life is merely a conspiracy against the life that really matters. Most of us are more interested in the things that don't actually matter—superficial things—than with those that really count. Of course the life that counts is equally near to us did we but heed it, and far more satisfying did we but know how, but how few of us ever try!

New York. MABEL.

Breakfast Looks.
The finest compliment I have ever heard paid to a woman, said a woman recently, was by her husband, and he said in speaking of her, "We always think of her as a morning glory because she looks so bright and cheery and pretty at the breakfast table."

How many breakfast tables are pre-ferred over by women who make no effort to be dainty! And there are a great number who are at once untidy and even uncleanly to look at.

The claim that household duties keep women from looking well in the morning is easily disproved, for in many a household where the lady gives a helping hand in the kitchen a big apron will thoroughly protect her dress, and then, too, cooking, unless one makes it so, is never dirty work.

That woman commits an error who looks uncared for and badly dressed in the morning.

The other woman who wears any old thing to the breakfast table is also making a mistake, for that is the time when the men of the household ought to see a woman at her best and not specially rely on her appearance in the evening, when the soft and charitable light of the gas will hide many defects.

In Time For School Days.
For schoolroom wear the little frock pictured of dark blue linen with striped revers is ideal. Such a model is not only good for the first days of the new

FROCK OF DARK BLUE LINEN.

term, but for wear through the entire winter months.

Modern schoolrooms are so well heated nowadays that children are wearing frocks of linen, galatea and lawn even in the coldest weather under their warm, comfortable topcoats.

Filling For Cushions.

Housewives may make themselves any number of pretty and inexpensive summer cushions for the living room or porch couch by cutting a roll of cotton batting into small squares and heating in a baking pan in the oven for a half hour, using this for filling, and covering with a dainty slip of some material which will wash well, such as flowered chintz or cretonne or some of the gayly stamped covers seen in the shops.

Each little square of the cotton will fluff up to about twice its original size and will be as light as a feather. One must be very careful, however, not to have the oven too hot or the cotton is apt to scorch. Use a half roll of cotton for each pillow, filling a muslin slip eighteen inches square.

A Handy Bath Mat.

To those who are living in houses in which there are no bathrooms this bath mat will be found the handiest thing in the house, especially where there are children. Buy a square of dark table cloth, cut off corners to make it nearly round, get a piece of inch rope long enough to reach around mat, fold edge of cloth back over rope to under side and stitch in place over rope. No water can get on floor when the tub is set on this mat.

MORTGAGES ON LAND.

Why It is Essential That They Should Be Recorded.

As the value of land to the owner increases so does the security of mortgage investments given on that land increase. A mortgage may be considered as a deed of the land which reverts the title in the original owner or his successor on the paying off of the mortgage or the bond or note which the mortgage secures.

Mortgages are recorded in public offices, called registers, recorders or county clerks' offices, in much the same way that deeds are, so that any one buying the land is bound to take notice of them, and the land is bound by them, no matter to whom the land is conveyed, and no one has a right to say that he bought the land not knowing that a mortgage was on it, for he is presumed by law to know such facts, as a search of the title in these public offices would reveal.

If, however, the holder of the mortgage does not cause the mortgage to be recorded then any innocent purchaser of the land can take it clear of the lien of the mortgage.

In no particular has the law of this country gone further than in the effort to secure the title of the landowner and the security of the mortgage holder, and no investments are more highly regarded by the conservative business man than those founded on the imperishable surface of the earth—Christian Herald.

UMBRELLA HANDLES.

In France They Shape Them as They Grow In Nurseries.

Most of the handles of canes, alpenstocks, parasols and umbrellas used in France are grown in nurseries. Ash, maple, oak, chestnut and other woods are used. In the early part of the first year after planting the young trees are cut near the ground to bring about the formation of numerous sprouts. The lower branches are removed, and only a plume of leaves is left.

Early in the spring the sprouts are subjected to a surgical operation. Their bark is cut, and the wood is carved in different designs, which are swollen by the sap and grow in high relief as the tree develops. Special instruments are used for the cutting and designing. Thus carved, the sprouts grow for three years.

At the end of the third year the forest of umbrella handles is cut, and the cuts are dried in the sun and then given a vapor bath, after which they are put into the hands of skilled workmen, who peel them with one quick movement.

When skinned the peelers cut them to the required lengths and send them to the umbrella maker, who varnishes them. If the shape desired is a ring or other open form a ring or oval or square is grafted to the natural stalk, bound closely, and left to grow into place.—Harper's.

A Woman of Few Words

Mrs. Harry E. Bye, Main street north, Mount Forest, Ont., writes: "Your remedy for kidney, bladder and stomach trouble has given me great relief. Have taken three boxes and now feel like living and better than I had felt for years and I give you

FIG PILLS

all the praise, for they are the best I have ever tried." At all dealers 25 and 50 cent boxes or mailed by The Fig Pill Co., St. Thomas, Ont.

Sold in Watford by J. W. McLaren, Druggist.

Where Sneezing is Perilous.

Sneezing is one of the greatest perils that confronts aeronauts, declares Harry Atwood, the American aviator, who is creating new United States records for long distance flights.

"On my flight over Cleveland, Ohio," says Mr. Atwood, "a small insect flew into my nose. I felt the sneezing convulsion coming on and fought against it. Realizing that a sneeze was inevitable, I braced myself so that I would not lose possession of my senses, even for an instant. It was the first time I ever had to sneeze while in the air, and it immediately dawned on me that more than one aviator probably owed his death to a sneeze—the spasmodic jerking of the head, the brief loss of sense direction and probably a jerk of a lever which made recovery of balance impossible. Believe me, I never again want to sneeze while flying. It is one of the most serious perils of aviation."

Because they act so gently (no purging or griping) yet so thoroughly

Backache

It is only one of many symptoms which some women endure through weakness or displacement of the womanly organs. Mrs. Lizzie White of Memphis, Tenn., wrote Dr. R. V. Pierce, as follows:

"At times I was hardly able to be on my feet. I believe I had every pain and ache a woman could have. Had a very bad case. Internal organs were very much diseased and my back was very weak. I suffered a great deal with nervous headaches, in fact, I suffered all over. This was my condition when I wrote to you for advice. After taking your 'Favorite Prescription' for about three months can say that my health was never better."

Dr. Pierce's Favorite Prescription

Is a positive cure for weakness and disease of the feminine organism. It allays inflammation, heals ulceration and soothes pain. Tones and builds up the nerves. Do not permit a dishonest dealer to substitute for this medicine which has a record of 40 years of cures. "No, thank you, I want what I ask for."

Dr. Pierce's Pleasant Pellets induce mild natural bowel movement once a day.

Extra Buttons.

"It takes stout people to break all rules regulating the number of buttons on a coat or waistcoat," said the tailor. "They can't follow the fashion; their size won't let them."

"Three buttons on a coat this year," tailors' conventions may decree, or two or four or five, or whatever number they think proper, but the man with a figure that is constantly trying to escape its environment does not care about conventions. What he wants is buttons enough to keep his clothes in shape.

"Put 'em closer together," he says, "so the strain won't all come on two or three buttons."

"So we put them closer together, and the result is that stout people frequently have twice as many buttons on their clothes as fashion calls for."—New York Times.

An Able Manager.

A western senator was telling a story about an able campaign manager. "He is a remarkably economical chap," said the senator. "He can make a dollar go further in a campaign than any man I know. They tell a story about him—a story that shows what a manager he is. It seems he went into a cigar store one day to get a light. Well, as he was lighting up a man entered, and bought three five-cent cigars. As soon as the man left our friend said quickly: "Those cigars are six for a quarter, ain't they?" "Yes, sir," said the salesman. "Our friend laid down a dime." "Gimme," he said, "the other three then."—New York Tribune.

SHILOH

quickly stops coughs, cures colds, and heals the throat and lungs. 25 cents.

Kitchen Hints.

If eggs are to be stuffed they must be put into cold water as soon as they are taken from the stove. This will keep the whites in better shape.

If salt fish is required for immediate use it will freshen much more quickly if soaked in milk instead of water. Sour milk will answer as well as sweet.

To remove iron rust from white material wet the goods with lemon juice, rub on salt and put out in the sun. If the first application fails, try it again.

Mix stove polish with equal parts of household ammonia and turpentine and apply to the coal stove. Rub off with a soft woolen cloth. It gives a high polish.

The white mayonnaise prepared by foreign chefs calls for cream, lemon juice and white of egg. Instead of the oil, vinegar and egg yolks of the ordinary mayonnaise.

In baking biscuits have the oven quite hot at first, but lower the temperature just a little before the biscuits are ready to take out. This will aid materially in making the biscuits light.

Matrimonial.

Three Germans were sitting at luncheon recently and were overheard discussing the second marriage of a mutual friend when one of them remarked: "I'll tell you what. A man what marries de second time don't deserve to haf lost his first wife."—Life.

Small Blaze.

Mr. Dubb—My brain is on fire! Miss Keen—I hardly think we need call out the fire department.—Boston Transcript.

A lazy man is as useless as a dead man and takes up more room.—Hubbard.

IT IS NOT IN THE BLOOD

Medicine Taken Internally Cannot Cure Eczema. It is Caused by Germs.

Eczema cannot be overcome by ordinary treatment and the old-fashioned way of dosing the system with drugs. Eczema is caused by a parasitic germ that bores into the skin. It is generally a contagious disease. Until the parasite is completely destroyed and removed, eczema cannot be cured. Fully one-third of skin diseases are in the form of eczema.

We so thoroughly believe that Rexall Eczema Ointment will overcome eczema and allied skin ailments, that we unhesitatingly promise to promptly return the money paid us for it should it in any way be unsatisfactory to the user.

Because of its remarkable cleansing, antiseptic, germicidal, soothing and healing influence, Rexall Eczema Ointment has a very pronounced value in the treatment of skin diseases, especially where the form of ailment is of the chronic, aggravating sort. We highly recommend it for the dry scaly form or the weeping type, where there is a constant flow of ill-smelling excretion.

Rexall Eczema Ointment is very prompt in relieving pimples, blotches, skin discolorations, ringworm, acne, nettle rash, tetter, bites, ulcers, insect bites, and for healing sores and wounds. It is a pleasant smelling, grayish-white ointment, and is very cleanly for use. Two sizes, 50c. and \$1.00. Sold only at our store.—The Rexall Store.

J. W. McLaren, Watford.

Another Ten Commandments.

For gross worldly wisdom it would be difficult to surpass the "Ten Commandments" hanging in one of the many salmon canneries at Steveston, Western Canada:

1. Don't lie. It wastes my time and yours. I am sure to catch you in the end, and that is the wrong end.
2. Watch your work, not the clock. A long day's work makes a long day short; and a short day's work makes my face long.
3. Give me more than I expect, and I will give you more than you expect. I can afford to increase your pay if you increase my profits.
4. You owe so much to yourself you cannot afford to owe anybody else. Keep out of debt, or keep out of my shops.
5. Dishonesty is never an accident. Good men, like women, never see temptation when they meet it.
6. Mind your own business, and in time you'll have a business of your own to mind.
7. Don't do anything here which hurts your self-respect. An employee who is willing to steal for me is willing to steal from me.
8. It is none of my business what you do at night. But if dissipation effects what you do next day, and you do half as much as I demand, you'll last half as long as you hoped.
9. Don't tell me what I'd like to hear, but what I ought to hear. I don't want a valet to my vanity, but one for my dollars.
10. Don't kick if I kick. If you are worth while correcting you are worth while keeping. I don't waste time cutting specks out of rotten apples.

Bad Omens for the Bride.

The girl who is superstitious will do well to avoid certain acts on her wedding day, that while quite natural—so natural, indeed, that it will take a good memory to avoid doing them—are from olden times said to presage misfortune.

First of all, the bride must not cry on her wedding day; and it is even unlucky for her to look at it until the bridegroom has put it in place.

To tear one's wedding gown or any of its trimmings is also unlucky, doubly so if one repairs the damage with a pin; and to try on the gown before the wedding also forebodes misfortune.

Hardest to avoid of all, perhaps, the bride must not look at herself in a mirror until after the ceremony. On her way to the church she must not look over her shoulder, nor must she cry, even for joy.

The bride should also never receive a telegram of congratulation until after the ceremony; while to forget the bridal bouquet is disastrous in more senses than one; nor must it be dropped, for that, too, brings ill luck.

If a bride observes all these precautions, she is making a good bid for happiness, but what a lot of pleasure she foregoes in the way of being natural and enjoying her wedding gown in advance.—New York Weekly.

DAD'S DOPE.

If a woman could keep a secret like she does her age the world would wear a different complexion.

The Bulgarians are taking their portion of Turkey without any cranberry sauce on the side.

Ripening fruit by electricity is too slow a process for the small boy who has his blouse full of green apples stolen from a neighbor's orchard.

A number of New York doctors have agreed to give their bodies to science after death. This is probably not their first contribution of material for anatomical research.

It is understood that there will be a considerable saving in the cost of heating Rideau Hall this winter. The Duke received enough of addresses during his Western trip to keep the furnace going until Christmas.

A New York chef is giving demonstrations on how to carve the Christmas turkey. Information regarding where that noble table bird can be purchased without mortgaging the home would be of real interest.

King George is the protector of over eighty million Moslems.

FOR HOUSEHOLD ACCIDENTS

Zam-Buk is so Very Useful.

Read how Beneficial it Proved in this Case.

Mrs. H. Sawyer, of Keene, Ont., writes:—"My husband is engaged on a farm, and one day, while chopping wood, the top of the axe broke and fell upon his foot, cutting a nasty gash. The wound was so bad that we first thought we would have to get a doctor, but we finally decided to dress the cut with Zam-Buk.

"Well, the Zam-Buk treatment proved a great success. It not only eased the pain, but it prevented any inflammation; and right from first applying of Zam-Buk, the cut began to heal. It is now completely healed, and my husband says he will never be without a box of Zam-Buk in the house, for we are sure it saved us a great deal of expense."

Over and over again Zam-Buk has been proved to be the worker's best remedy. As soon as applied to a cut, a burn, a scald, or any skin injury, it relieves the pain and it sets up healing. It is a sure cure, too, for eczema, piles, ulcers, old wounds, bad leg, ringworm, scalp sores, festering, running sores, eruptions, cold sores, chapped hands, etc. Its absolute purity, also, makes it the ideal balm for babies.

Zam-Buk Soap should be used along with the balm for washing all sore places. This soap will be found excellent for baby's bath, even where the balm is not used.

All druggists and stores sell Zam-Buk at 50c. box, and Zam-Buk Soap at 25c. tablet, or post free from Zam-Buk Co., Toronto, upon receipt of price. Refuse harmful substitutes.

A SMILE OR TWO.

"People are allus impres," said Grandpa Stubblegrass, "by what they can't see through. Many a stream gets credit for bein' deep when it's only muddy."

"Why, papa, this is roast beef," said a little boy at the table, while company was present. "What of it?" asked the fond parent. "Well, you told mamma this morning you were going to bring a mutton head home for dinner."

A sermon was being preached on purity of heart, and the words came fast and eloquently: "Oh, Lord, give us pure hearts, give us clean hearts, give us sweet hearts." "Amen" responded every man in the congregation.

Lady (at the bottom of the steps)—I want to see you just a minute, but this skirt is so tight I can't climb the stairs. You come out, won't you?

Lady (inside)—I would if I could, but this new hat is too wide to go through the doorway!

"Why did you leave that boarding house?"

"Because the swellness was at the expense of the food supply."

"What do you mean?"

"Four kinds of forks and two kinds of vegetables."

Parents buy Mother Graves' Worm Exterminator because they know it is a safe medicine for their children and an effectual expeller of worms.

Is the World Getting Better or Worse?

An interesting bible lecture was delivered last Thursday evening in the Baptist church, Watford, by Rev. R. Stevenson, pastor of the Congregational church. His subject was "The Second Coming of Jesus Christ, and Subsequent Events." Although the night was dark and stormy, the church was well filled, and for the greater part of two hours the intelligent audience listened to one of the most interesting lectures ever delivered in Watford on the above named subject.

Rev. Mr. Stevenson is a strong premillennialist. He believes that we are now living in the Laodicean period, the seventh division of the present dispensation of grace, and that we may any day expect the promised return of the Master to take His church from the earth. Mr. Stevenson's reasons for holding this belief are as follows:—

First—The actual fulfillment of nearly every prophecy regarding the time of the coming of the Lord, namely—the preaching of the Gospel to every nation as a witness, and even this is rapidly being fulfilled.

Second—The alarming increase of moral wickedness in the world in these days. Almost every newspaper is full of accounts of wars, murders, suicides, divorces, fraud and crime of all kinds.

Third—The prevailing irreverence regarding the sanctity of the Sabbath Day the world over, especially among the young, together with the rapid increase of knowledge, and the great numbers of people who are travelling to and fro all the time, thus fulfilling the prophecy given in Daniel XII. : 4.

Fourth—The looseness and carelessness regarding true religion among professed Christian people, and the worldly ways and means that are being adopted for the carrying on of church work.

Fifth—The spurious teachings that are being tolerated in many of our colleges and churches, and the rise of many sects who are advocating doctrines that are of the devil and not of God.

Sixth—The restless spirit prevailing among the nations of the world, together with wars and rumors of wars.

Mr. Stevenson is no pessimist, nor advocate of war, but he believes that the universal peace notion that prevails among many people, and that is being taught in our Sunday school lessons, is a flat contradiction of true scriptural teaching. "There can be no universal peace," says Mr. Stevenson, "so long as Satan is the prince of the power of the air," and "the god of this world." He is insinuating his coils in these days among the sons of men and prompting them to war with one another, even as he did of old among the sons of God, when he influenced them to rebel against the monarchy of Heaven. Universal peace will only be realised among the nations of the world after the Great Tribulation period is over, when Christ comes and binds the great enemy of peace, Satan, and casts him into the pit. God's great purpose in this age is to gather out of the nations of the world a "peculiar" people who will constitute the true spiritual church, "The Bride of Christ," whom He will claim when He comes. This gathering is accomplished meantime by the preaching of the Gospel, and the working of the Holy Spirit in the hearts of men and women, but nowhere in Scripture are we told that all the world will come under the sway of Christ in this age. This will certainly not meet with the warm approval of those who have been hugging to themselves the pet idea that the world is surely growing better, and that the day will soon dawn when the nations will study the art of war no more.

But objections to the above mentioned truth are usually found to be strongest among those who have not studied carefully the subject for themselves, and anything that tends to upset the general opinion they held is regarded as something akin to heresy. A careful study, however, of the sayings of Christ and the Apostles and Prophets will convince the intelligent and unbiased Christian mind that the closing days of this age are to be the worst, and that the long-spoken of and looked-for Golden Age of peace will not come until the great destroyer of peace has been removed. This will take place when Jesus comes again. There is nothing whatever of Millennial Dawnism, and anything pertaining to it in this belief; it is the pure, unadulterated teaching of God's Holy Word.

Rev. Mr. Stevenson is no mere prophecy monger, nor dealer in bare speculation, and he abhors anything that is merely sensational, but he believes that nearly every Christian man and woman who takes more interest in the study of the Bible than they are doing, has given the subject a deep study himself for years, especially the Book of Revelation, and he feels free to urge all Christians to follow his example. He believes that the person who studies the last book of the Bible with the earnest intention of finding out the true meaning, will become the "happy recipient" of the promised blessing mentioned in Rev. I. : 3. "Blessed is he that readeth, and they that hear the words of this prophecy, and keep those things which are written therein, for the time is at hand."—Com.

Toronto, Nov. 5.—Prices on the better grades of butcher cattle at both cattle markets remained steady to firm to-day, although for the choicest heavy cattle prices from 5c to 10c in advance of Monday's market were received. For the lighter common cattle prices were somewhat easier than they have been for the last few markets. At the opening trade was rather slow, but later grew brisk and a good trade was experienced before closing time. Of late the hog market has been a little weak and since last Thursday fed and watered stock has dropped from \$8.40 to \$8 and f.o.b. from \$8 to \$7.65. The demand for milkers and springers is steady and ran to-day from \$50 to \$80 each. Sheep and lambs also met with a good reception. Receipts totaled 174 loads, with 3,160 head of cattle, 249 calves, 1,449 hogs, 3,233 sheep and lambs.

To-day's quotations.

Address HOMER-WARREN CO., Dept. 125, Toronto.

B. C. Fruit.

There is the most prolific crop this year that has ever laden the peach and apple trees of the Okanagan Valley, B. C. It is so much better than last year that the marketing system of the district has broken down. Hundreds of tons of peaches lie rotting in the orchards. Tons and tons of apples will never reach a user, carloads will never be gathered at all. Next year the peach crop will be more than double this season's. The year following it will repeat the increase with thousands more of young trees coming into bearing.

Mrs. B. Gott and daughter, Strathroy, have returned from Tennessee.

Thos. Daly, Forest, gathered 64 bushels of good sound potatoes off a small patch of less than one-sixth of an acre. Pretty good yield.

BILOUSNESS BURDENS LIFE.—The bilious man is never a companionable man because his ailment renders him morose and gloomy. The complaint is not so dangerous as it is disagreeable. Yet no one need suffer from it who can procure Farmlee's Vegetable Pills. By regulating the liver and obviating the effects of bile in the stomach they restore men to cheerfulness and full vigor of action.

EYE AILMENTS

Seventy-five per cent. of the people have abnormal vision, and only about 25 per cent. wear glasses to correct the defects. The other 50 per cent. suffer from various eye troubles. These have a reflex action on the bodily function, causing headaches, indigestion, dizziness and many other ailments. Every person should make it a point to find out whether his or her eyes are normal or not. We can do this for you—do it accurately and scientifically by the dark room test.

W. F. Marshall, Principal

Died in Mill Pond.

Wardville, Nov. 3.—Leaning partially over the bough of a tree in a mill pond close to her home, the body of Miss Fleming was discovered yesterday by neighbors who were searching for her.

Miss Fleming lived alone, and as she had been ill for a couple of years, she was accustomed to leave a light burning all night. It is supposed that some time during the night her lamp went out and that she was unable to light it again and started for the nearest neighbors. In the darkness she apparently missed her way, and wandered into the water.

Death was not due to drowning, but apparently to cold and shock. The coroner was notified and decided that no inquest was necessary.
