31ST YEAR

SPLIT APPARENT IN REPUBLICAN PARTY FORCES

Brought Out by a Test Vote for Delay on the McCall Bill—Representative Hill Indulges in Dreams of Day When the United States Will Rule Entire Continent.

Covetous Eyes on Canada

Mr. Hill called out applause by saying he would never forgive an eloquent speech he had heard Speaker Cannon make on the future of the United States.

WASHINGTON, Feb. 13.—The McCall bill, carrying into effect the reciprocity agreement, reached the floor of the house to-day, and probably will be passed by that body before adjournment to-morrow night.

A test vote came to-day soon after the house was called to order by Speaker Cannon. Mr. McCall moved the immediate consideration of his bill.

The Democratic vote was divided, 134 in favor of immediate consideration and 19 against. As in the case of some of the opposing Republicans, a few of the Democrats voted against immediate consideration, because they are members of the District of Columbia committee.

Split in Republican Ranks. The test vote taken to-day and the general debate that followed, clearly demonstrated the serious split that exists among the Republicans of the house on reciprocity.

Representative Hill of Connecticut opened the debate in favor of the bill and was the only Republican to advocate it to-day. He was seconded by Representative Harrison of New York.

Representatives Gaines of West Virginia; Martin of South Dakota, and Kendall of Iowa, all Republicans, spoke against reciprocity.

Mr. Hill said that no amendment could be put into the bill, except in the wood pulp section, without disturbing the whole agreement. He left the wood pulp clause to Representative Mann of Illinois.

"For myself," said Mr. Gaines, "I propose to offer an amendment to put the products of the 'best trust' on the free list, and I want to see what the caucus-tied Democrats are going to do about it."

Sir George Gibbons Will Be Chairman

OTTAWA, Feb. 13.—The Canadian section of the international waterways commission, as provided for under the new treaty, will be appointed as soon as the legislation giving effect to the arrangement is passed and the salaries are provided.

It is learned that Sir George Gibbons has been tendered and has accepted again the chairmanship of the body, but the other members have not yet been determined upon and there may be some changes.

MEAT PACKING INDUSTRY WOULD BE SACRIFICED

Influential Deputation of Protest Waits on Premier and Members of Cabinet.

OTTAWA, Feb. 13.—An influential deputation of packers waited upon Sir Wilfrid Laurier, Hon. Messrs. Fielding and Paterson this afternoon, urging upon them the injurious effect the proposed reciprocity agreement with the United States would have upon the meat-packing industry of Canada.

The meat packers of Ontario and Quebec have invested large sums of money on buildings and plants and have the courage to build and equip their houses in advance of the production of hogs necessary to their operation.

The packer of Ontario and Quebec has marketed his cured pork products in Canada and Great Britain. In 1890 exports to Great Britain were \$600,000 and thirteen years later aggregated \$15,000,000, and at present amount to between \$6,000,000 and \$7,000,000 annually.

Under the proposed reciprocity agreement with tariff changes, those provinces would ultimately raise and pack hogs in excess of their requirements, when the surplus as well as the surplus from Ontario and Quebec would re-establish or enlarge the export figures of seven years ago.

Under the proposed reciprocity agreement the Ontario and Quebec packers would lose the important and greatly increasing trade of the western provinces. The lower price for hogs at Western United States packing points, the more favorable rate of freight for the cured product from those points, the higher return secured for offal, and the lower operating charges per pound of product, through large volume, would establish conditions so favorable to the Western United States packer that the trade of the western provinces would pass to him.

The deputation believed that the interference with the regularity of export shipments, the existing markets for domestic products, and consequent interference with the operation of the packing houses, which would follow the adoption of the proposed reciprocity agreement, would result in the destruction of the meat packing industry of Ontario and Quebec.

Continuity of business is essential and under this agreement there would be periods each year when the supply would go all to the States.

Hon. Mr. Paterson spoke first in reply to the deputation, and argued that the margin of protection would not be interfered with.

Mr. Fielding said the manufacturers were not always the best judges of what is best to do for their industries.

"Under reciprocity we could not operate this week, for instance," was Mr. Flavell's quick reply.

RIDICULE ONE OF MUCH VAUNTED "ADVANTAGES"

Head of U. S. National Grange Says no Canadian Barbed-Wire Fences to Admit—A Mythical "Advantage" for Canada Also?

A Transparent Trick?

"Do you know that the Steel Trust sold last year in Canada more than one hundred million pounds of wire, and that we bought no wire from Canada? Do you know that this barbed wire provision is an attempt to fool the farmers by a transparent trick? Do you not know that Canada produces practically no wire, and that with the duty on Canadian wire abolished, we would not import one pound?"

CONCORD, N. H., Feb. 13.—The proposed Canadian reciprocity agreement is attacked in a letter sent to-day to Secretary of Agriculture James Wilson by former Gov. James J. Bachelder of this city, national master of the National Grange, Patrons of Husbandry, and chairman of the executive committee.

The letter is in reply to one favoring the agreement sent by Secretary Wilson to Mr. Bachelder, on Feb. 9. Mr. Bachelder declares that the agreement is unfair to the farmers of the United States, who "ask for nothing but a square deal—equal protection for all classes and interests."

"We can only conclude," says Mr. Bachelder in his letter, "that you have been deceived by the special interests, which have cunningly plotted to ally the country-wide clamor for an honest revision of the tariff by making the farmer the scapegoat for the sins of the high protection system."

"The sole question before the American people," writes the former governor, "is whether we shall have free trade in all farm products and high protection for manufactured articles? No Real Reduction on Manufactures."

"You know that the price of farm land is much lower in Canada than in the United States," he continued. "You know that the wages of Canadian farm labor are much lower than we have to pay. You know that the Canadian buys his manufactured articles cheaper, because his tariff duties on foreign goods are lower. You know that the farm lands of Canada are mostly virgin soil, requiring no fertilizer, while our lands have been cropped so long that they would strike down the very moderate tariff, averaging about 25 per cent, which they now receive, WITHOUT GIVING THEM THE BENEFIT OF ANY REAL REDUCTION OF DUTIES ON MANUFACTURES."

"We can only conclude that you have been deceived by the special interests, which have cunningly plotted to ally the country-wide clamor for an honest revision of the tariff, by making the farmer the scapegoat for the sins of the high protection system. Else you would never be found making such a statement as that 'barbed wire fencing will be a boon to our farmers.'"

A Difference of Opinion. BOSTON, Feb. 13.—By a voice vote, and without debate, the Massachusetts Senate to-day adopted a resolution approving the Canadian reciprocity bill introduced by McCall of Massachusetts in the national house of representatives. The resolution was offered by Senator Brown of Medford, a Republican.

Resolutions advising the rejection of the reciprocity agreement were unanimously adopted by the executive committee of the Home Market Club of this city. They declare that besides being contrary to the principles of protection, the agreement "will provoke international jealousies, and probably cause demands for equal concessions under the most favored nations clause" in the United States commercial treaties.

Southern Opposition. NEW ORLEANS, La., Feb. 13.—A resolution opposing the Canadian reciprocity agreement was adopted to-day by the legislative committee of the New Orleans Progressive Union.

Township Clerk Fined. Dr. J. W. S. McCulloch of the Ontario Board of Health has begun prosecuting municipal clerks who fail to make the requisite monthly vital statistics report. The clerk of Adolph Township was fined \$50.

CLAIMS DAMAGES FOR WRECK OF HIS NERVES

Suit Arising Out of the Spanish River Wreck on the C. P. R. a Year Ago.

MONTREAL, Feb. 13.—Another action was started in the superior court to-day before Mr. Justice Saint-Pierre and a mixed jury as a result of the Spanish River accident on the Canadian Pacific a year ago. Mr. Paul Dinowitz claimed \$14,854 from the company as damages for nervous breakdown and incapacity for business as a result of this suffering during the wreck. Mr. Dinowitz claimed that he had been a passenger on the first-class car and had been pitched into the water several hours before being rescued. While he did not suffer any severe physical injuries, he claims that his nervous system was wrecked by the perils he endured and the sights he witnessed, to such an extent that he has not since been able to attend to his business. He is a merchant at Trois Pistoles. He claims that in addition to being unable to attend to business his nerves have become so disordered that he suffers greatly.

The Canadian Pacific confessed judgment to the extent of \$1500, and the trial has really become an adjudication of damages.

STILL TAKING RECRUITS

Number of Volunteers for Navy Does Not Exceed Accommodation.

OTTAWA, Feb. 13.—When Hon. L. P. Brodeur, minister of the navy, was questioned as to the reports current that the number of recruits already secured for the Canadian navy had reached the limit of the accommodation provided on the Niobe and the Rainbow, he replied: "That is not my information. But even should the number of recruits exceed the room on the two cruisers, it will be quite possible to suspend recruiting for a while and prepare a waiting list for the would-be volunteers, pending the erection of the naval barracks at Halifax, or maybe the securing of another ship. I am giving the question my active consideration, and expect to be able to announce the awarding in a few days of the contract for the naval barracks at Halifax, for which the money was voted last year."

SHIRT AND COLLAR MERGER.

MONTREAL, Feb. 13.—(Special.)—Messrs. Charles R. Whitehead of Three Rivers, president of the Washco Cotton Company of that place, and J. N. Greenhield, K.C., have purchased the Tooke Bros. Ltd. shirt and collar plant, paying \$700,000 cash for the same.

It is understood that this will form a nucleus of a merger in that line of business.

HOME MARKET LEAGUE

Movement on Foot to Comprise Every Line of Business.

MONTREAL, Feb. 13.—(Special.)—The manufacturers of Montreal, and in fact all who employ labor, are now fully alive to the importance of bringing every possible influence to bear on the government against reciprocity, and should this fail, to oppose them with all their power at the coming election. In order that it may not have a political color there is a movement on foot to establish a home market league, that will comprise every line of business in the Dominion. As the deputations proceed to Ottawa and are sent away empty handed, the days of Cartwright and Mackenzie are recalled to mind, and people are now convinced that a change of government must be brought about at all hazards.

KILLED BY FLY-WHEEL

Dennis Murray Victim of Accident in Gurney Foundry.

While at work in the Gurney Foundry yesterday morning, where he was employed as an engineer, Dennis Murray was struck in some way by the machinery and was found unconscious upon the floor of the engine room. He was hurried to the Western Hospital in the police ambulance, but was dead when it arrived there. The body was removed to Ryan's undertaking rooms, 27 Arthur-st., where an inquest will be opened by Coroner Orr.

Murray was 60 years of age and leaves a widow at 115 Markham-st. Just how he was hurt or what his injuries was not known, but it was thought that he had been struck by a large fly wheel, or by the heavy governors of the engine.

MANITOBA LEGISLATURE

Will Pronounce Next Week on Question of Reciprocity.

WINNIPEG, Feb. 13.—The Manitoba Legislature will pronounce this week on the question of reciprocity. At the session to-night T. C. Norris, leader of the opposition, gave notice of a resolution which he will move on Thursday, approving of the reciprocity agreement, and asking the Dominion Government to give its immediate sanction. He also suggests that the Dominion Government give further consideration to the question of lower duties on agricultural implements. It is understood that the government is likely to introduce an amendment regretting the tendency to break away from imperial ties, and suggesting that at the next imperial conference preferential tariff be taken up, and also the question of free trade within the empire.

GROCERY STORE BLAZE.

Fire from a defective furnace caused a fire in the grocery store of Robt. Gardner, 1153 College-street, at 11.10 last night. The stock was damaged \$700 and the building \$150. The stock was insured in the Queen City Insurance Co. for \$1500.

CANADA CAN'T AFFORD TO CRUSH INDUSTRIES

But Unreasonable Profits Should Be Checked, Says Jas. Pearson.

A large crowd turned out to the monthly meeting of the Second Ward Liberal Association in O'Neill's Hall last night and listened to addresses by local and out-of-town speakers on reciprocity and the naval question, which was revived by Capt. A. T. Hunter in one of his able addresses.

James Pearson, veteran member of the association, presented arguments for reciprocity, declaring that the manufacturers should not be allowed to "exact unreasonable profit out of the sweat of the brows of their fellow-men." He added, however, that Canada could not afford to crush the manufacturers that had grown up under the national policy, and that the trade compact must be fixed so as to give them a fair show.

"Different policies suit different nations," he declared; "England grew great under free trade, while the United States waxed fat on protection, although her protection was in reality subservient to the great free trade between the different states. Our opponents declare that by trading with our neighbor to the south annexation will result, but we Liberals are good enough Canadians to trade with other countries, and yet retain our nationality."

Danger Lies in United States. Capt. Hunter's review of the naval question was very interesting, and threw some unexpected light on the reciprocity question. "It is not from Germany that we should expect war," he declared, "for while the present Kaiser retains his mental powers he will never enter a conflict in which he would be severely mauled. The greatest imminency of war was ever experienced was in the waning hours of Grover Cleveland's administration, and it will always be from that country when some fat lawyer brainlessly risks his country in a mad attempt to get votes at the close of an unenthusiastic career in the president's chair." Incidentally, the captain declared that Canada was the most tempting country in point of assets, and was therefore in a dangerous position. Yet it was "the sponge rampant" in navy policies.

F. B. Kerr of Peterboro spoke on the "country's" side of the case, as did C. W. Kerr, his brother, president of the North Toronto Liberal Association. Cornelius Ryan, secretary of the South Toronto Liberal Association, and John Preston also gave short addresses.

NOT UNITED ON COLD WATER POLICY

Warm Debate on Resolution to Memorialize Government to Shorten Hours for Liquor Sale Ends in Withdrawal—Would Hamper the Ontario Alliance.

The meeting called by the Citizens' Temperance League to discuss Aid. McCarthy's motion to petition the Ontario Government for a reduction in the hours of the sale of liquor, brought some 50 heads of Toronto temperance organizations to Victoria Hall yesterday afternoon. Each delegate was enthusiastic for the moral uplift of Toronto's imbibing citizens, but as each rose to give his views it became evident that in spite of their zeal for the furtherance of the cause, the temperance advocates of Toronto, like the many factions in a church, where probably these moralists received their training, were bound to disagree on almost every question raised.

Nearly every speaker in the course of his remarks said that the statement that the temperance people of Toronto were divided on the question was an erroneous one, and this was received each time with an outburst of applause. But almost every other remark was disputed by some delegate whose opinions were not lacking in individuality. Many believed that the Dominion Alliance was a live organization and commended it upon its stand, while others spoke of it as negligent and not serving its true purpose. They even disagreed upon whether the meeting was representative, one man contending that every temperance organization from the east end to the west end was represented, and another claiming that the centre of the city was being given no voice in the matter.

Introduced Resolution.

It would not be right to say that there was confusion, for there was not, excepting that they argued for forty minutes and one member, who could not comprehend the situation, asked what question they were speaking to. They all thought for a few minutes and then had to confess that they were not speaking on any matter in particular. Rev. Dr. Hincks appreciated this loss of time and decided to bring them to business. He moved the following resolution, which was seconded by Rev. A. L. Geggie:

"That this conference of temperance workers memorialize the provincial government to amend the Ontario Liquor Act so as to provide that in hotels and shops in Toronto the hours of sale and delivery shall not be more than from 8 a.m. to 9 p.m. on Monday to Friday inclusive, and from 8 a.m. to 1 p.m. on Saturday, the said reduction of hours to take place on the first May following any regular municipal election at which a majority of electors voting upon the question declare in favor of such shorter hours."

"That a copy of this resolution be forwarded to the Ontario branch of the Dominion Alliance, in order that they may consider the advisability of asking for similar legislation for other municipalities."

Two Memorials Fatal.

Rev. B. H. Spence, secretary of the Dominion Alliance, said that he strongly opposed the presentation of a resolution to the government until the deputation had submitted their request next Thursday that the three-fifths clause should be abolished, and he warned them that two memorials from the temperance people might lead the public to think that they did not know exactly what they wanted, and that they were probably divided on the question. There seemed to be an idea that Toronto was the chief supporter of the Dominion Alliance, whereas it only contributed 11 per cent. of the funds. If they contributed the right proportion, it would be 14 per cent, and this would lead to the idea that this city was not doing its share.

Controller Hocken said he was convinced that license reduction at this time was not wise. "As a matter of fact, we have not digested what we have already done," he declared. This statement brought forth several protests.

Ald. McCarthy said he had been moved to take action in the council by the fact that there were 11,000 cases of drunkenness in 1910. He denied that

Terrible Teddy Greets Owen Moran They Talk Fight

NEW YORK, Feb. 13.—Owen Moran, the English lightweight champion pugilist, and Theodore Roosevelt, clasped hands and exchanged good wishes in the dining car of a New York Central train which brought the Colonel and the game little British boxer on to this city from Michigan to-day.

Moran had never seen the former president, but picked out the colonel among a party which entered the dining car of the Wolverine as the train was speeding through the Niagara Peninsula last night.

When a friend who noted Moran's presence asked Mr. Roosevelt why he would immediately turned away from his companions and walked over to Moran's table.

"I've been a little out of line on boxing matters for the last year or so," said the colonel, after greetings were exchanged. He was speedily enlightened as to Moran's record, and on kindred pugilistic events among the lightweight.

"So you knocked Lawson out, did you?" Five magnificent minutes of the colonel, who looked the little fighter over appreciatively and examined closely a peculiar redness with which Colonel Roosevelt had consented to talk to him and the contrast which the fighter found with the coolness of eminent men abroad, the colonel straightened up and clenched his hands.

"Well, there's no king that I can't talk to me," the colonel declared with characteristic emphasis. Boxer and former president wished each other the best of good fortune on parting.

KINNELON ONLY FAVORITE TO WIN AT JACKSONVILLE

Princelike Lands Handicap—Jockey Goose Meets With Accident—Two Others Suspended.

JACKSONVILLE, Feb. 13.—Kinnelon, the winner of the second race, was the only successful favorite at Montclair to-day, and the layers kept most of the money. Princelike took the fourth and feature event. During the running of the first race, the two-year-old Silas Grump stretched, and Jockey Cole and Alvin were suspended for one week and ten days, respectively, for disobedience at the post.

FIRST RACE—Selling, \$400, two-year-olds, four furlongs: 1. Terrible Boy, 107 (Wilson), 6 to 1. 2 to 1. 2. Gus Harridge, 105 (McTaggart), 9 to 2. 2 to 1 and 9 to 10. 3. Eastman, 108 (Loftus), 25 to 1. 10 to 1 and 5 to 1.

The World's Selections

JACKSONVILLE, Feb. 13.—The races to-day were gratifying, the club having won all the matches at its own tournament in President, Mr. A. O. Boardman, captain, Mr. D. L. McCarthy, secretary-treasurer, Major H. C. Bickford, committee, Colonel Williams, Capt. Straubenzon, Mr. J. H. MacBrien, Mr. F. Hammond and Capt. McMillan.

Officers Elected at Annual Meeting of the Toronto Hunt Polo Club

The annual meeting of the Toronto Hunt Polo Club, which has just been held, resulted in the election of the following officers for the coming season: President, Mr. A. O. Boardman; captain, Mr. D. L. McCarthy; secretary-treasurer, Major H. C. Bickford; committee, Colonel Williams, Capt. Straubenzon, Mr. J. H. MacBrien, Mr. F. Hammond and Capt. McMillan.

BIG POLO SEASON AHEAD ENGLISH TEAM TO COME

Officers Elected at Annual Meeting of the Toronto Hunt Polo Club

The report of last year's operations was most gratifying, the club having won all the matches at its own tournament in Toronto and at Buffalo, the only defeat being at the hands of Colonel Melghen's team in Montreal, when the club were without a captain. The prospects for the coming season are very bright, and it is expected that a tournament will be held in Toronto on a much larger scale than heretofore.

Today's Entries

JACKSONVILLE, Fla., Feb. 13.—The entries for to-morrow are as follows: FIRST RACE—Half-mile: Electric, 106 (Gold Mine), 106 to 1. 2. Maximo, 108 (Murray), 112 to 1. 3. Clean Water, 112 (Alden), 112 to 1. 4. Margurum, 115 (Clyde Hoffman), 115 to 1. 5. W. H. Ford, 115 to 1. 6. Also eligible start: Annie McDev, 112 (Mazard), 115 to 1. 7. Terrible Dan, 115 to 1.

Crecentos and Centennials.

The exhibition game between the Crecentos and the Centennials, played at Variety rink, resulted in a victory for the former by a score of 7 to 5. Both teams were fast and aggressive, and played clean hockey, there being no penalties.

Juarez Program.

JUAREZ, Feb. 13.—The entries for to-morrow are as follows: FIRST RACE—Four furlongs: Lewis, 105 (Masello), 107 to 1. 2. Zepotek, 107 (Saville), 107 to 1. 3. Kicksap Louise, 105 (Bossie Frank), 112 to 1. 4. Great Friar, 112 (Chas. Goetz), 112 to 1.

Amateur Billiard Tourney.

NEW YORK, Feb. 13.—In the closest game of the tourney the final scores being 90-82, J. Fendin and Fegenburg of the Liederkranz Club won this afternoon from Jos. Mayer of Philadelphia. Pezenburg, in three innings, with runs of 71, 58 and 53, played the splendid billiards of which he is capable, but towards the finish he was erratic and despite earnest efforts he failed to get the victory under control.

Dr. Soper Dr. White advertisement with images of two men and text: "DR. SOPER DR. WHITE" Specialists. The regular weekly shoot of the Stanley Gun Club was well attended, and considerable interest was witnessed in the handicap events, varying from 16 to 30 yards. The two silver spoons were won by Hal-Joe in Class R with 20 out of 25, at 18 yards. There was a high wind, which made the targets hard to locate, and most of the shooters had their averages cut down in consequence.

Reinhardt's Edelweiss Beer advertisement with image of a beer bottle and text: "EDELWEISS" BEER. That's the name of the purest and best non-intoxicating beer brewed—a beer brewed especially for temperance folks. "Edelweiss" contains all the elements of a typical diet. An appetizing, invigorating brew—as pure as spring water and charged with all the health-giving properties of pure malt and selected Bohemian Hops. "Edelweiss" is delightfully appetizing and refreshing.

A cartoon strip by Bud Fisher showing a boxing match between Jeff and another man. Jeff is strong on footwork but weak with the punch. The dialogue includes: "JEFF, I'VE GOT A GREAT SCHEME TO GET EVEN WITH THAT GUY WHO INSULTED YOU YESTERDAY. I'LL GET HIM INTO A CONVERSATION AND YOU CAN SNEAK UP BEHIND AND TAKE A CAREFUL SWING AT HIS BAW AND KNOCK HIM DEAD." "YES, HE OPENS WITH FOUR ACES AND BETS FIVE THREES. I STAY WITH THREES KING AND RAISES HIM BACK AND—" "HE SEES MY RAISE AND RAISES ME BACK TWICE AND I CALLS HIM AND—" "THE FUNNY PART OF IT IS—I LAYS DOWN MY THREE KINGS AND I ONLY GOT TWO PAIR ACES—TWO HEH!" "HE THOUGHT HIS FOUR ACES WAS TWO PAIR, CAN YOU DEAT IT?" "WELL, SO LONG, MUTT. I GOTTA RUN 'LONG, I SEE YOU LATER, SO LONG!"

KENORA AND WINNIPEG MAY PLAY FOR THE ALLAN CUP.

MONTREAL, Feb. 13.—The trustees of the Allan Cup, emblematic of the amateur hockey championship of Canada, and now held by the St. Michael's College of Toronto, received and accepted a challenge for the cup from the champions of the Manitoba League.

The trustees reached a decision with reference to the challenge on Monday, Feb. 13, at 10 o'clock, to which date had been assigned, to which was not played off, as the dates of the trustees were not suitable to the present holders, who on that account refused to play. The Victorias claim the trophy by default.

The decision was not made public, the trustees wishing their letter to St. Michael's to reach them before any public announcement was made.

Markham Tournament.
MARKHAM, Feb. 13.—Two good, fast games of hockey were on the bill of the tournament to-day. The first game, which certainly got the worth of their money.

In the first game, North Toronto won the trophy, and Brougham defeated Markham in the second game. The game was tied at half-time, 2-2.

Markham line up consisted of six of their best players. Brougham are a strong team and play an aggressive game. The game was a hard fought one, and individual play. Referee Waghorn officiated and gave entire satisfaction. 10-toronto won the trophy, and North Toronto play off for the watches, and this will surely be some game.

Sherbrooke at Boston.
BOSTON, Feb. 13.—The Boston Hockey Club defeated the Sherbrooke team in a rough game, before a large crowd, at the Boston Arena to-night. The first half ended 2 to 2. In the second half, Boston scored the winning goal with forty seconds to play.

London 3, Seaford 1.
LONDON, Feb. 13.—London defeated Seaford 3 to 1 in the first round of the second round game to-night. The first goal was scored by London, and the rest of the game was a heavy, precluding any possibility of London scoring the big lead. The teams: London (3): Goal, Watts; centre, Gillies; right, Mackay; left, Morrison; right, Wadell; left, Denmore; Seaford (1): Goal, Troyer; point, Richardson; centre, P. Dick; right, Muir; left, O. Dick. Referee, Francis Harvey Sproule, Toronto.

Tressider Beat the Relay.
The feature of the Fifth Regiment-John Hopkins University indoor games at Baltimore Saturday night was the ease with which Harry Tressider of Toronto, in three-mile race, defeated three Baltimore runners, each of whom was required to cover only one mile.

Tressider was the first two by narrow margins, but spurred in the final mile and left the third man a sixteenth of a mile behind.

At Boston, Kiviat won the Hunter mile race, Jack Tait finishing fourth.

Queen's Curlers Clubing.
Queen's University Curling Club are sending two rinks to play Varsity at Prospect Park Saturday afternoon. One rink will be composed of members of the faculty, and the other of the student body. This will be the first intercollegiate curling match ever played in Ontario, we believe. Varsity curling was played at Prospect Park on Wednesday.

Amateur Racquet Final.
DUNLOP PARK, Feb. 13.—J. Gordon Douglas of New York defeated Harold E. McCormick of the Chicago University club in the final round of the U.S. National curling championships here to-day at the Tennis and Racquet Club. Douglas won three out of the four games played in the final round, with a total of 45 aces to 38. The scores were: 12-8, 10-15, 18-15, 15-19. This makes Douglas' second leg on the gold racket.

Toronto Whist Club.
The regular open compass game of the Toronto Whist Club will be held at the club rooms on Victoria-street Wednesday at 8.30 p.m. An invitation is extended to all whist players to attend the game. Winners of last week were as follows: Messrs. Kilday and Hannan, plus 15; Messrs. Ledger and Beharrell, plus 9; Messrs. Verrill and Saunders, plus 7.

Beaten By Rowdies.
A Charles Gilder stood in front of his pickle factory at 182 East Front street yesterday afternoon. Along came Ed Doyle, 18 years, 15 years in the police, and he leaped at Gilder, and first-avenue, with two others. The girls were coming out of the factory and Gilder thought that the others should be beaten. Doyle and Steln are charged with aggravated assault.

An Organ in Your Home For 50c.
Opportunity has come again for the old firm of Heintzman & Co., Limited, at their new warehouses, 193-195-197 Yonge-street, Toronto, to put out for sale some twenty-five organs, received in exchange when selling their well-known piano. These are all in good condition, and are listed at from \$25 to \$65, and will be sold in payments of 50 cents a week. The stock cannot last long and it is the case of the early bird that will catch the worm.

Virginia Outlaw Baseball League.
NORFOLK, Va., Feb. 12.—Virginia is to have two baseball leagues next season. It has been announced that a new organization, which is being organized by William M. Hannan of Norfolk probably will be selected as president.

This league will be represented in the league are not yet known, the promoters declaring to discuss the matter in detail. It is said, however, that the league representing Norfolk, Portsmouth, Newport News, Hampton, Phoebus and Suffolk will compete with the league which will be in opposition to the Virginia State League, which is being organized in Norfolk.

In the old league, Norfolk opposed the admission of Danville and Roanoke; and when this proposition was voted down the proposition for an eight-club league, with Portsmouth and Newport News, was made, and this too, was not favored by the magnates.

Items in the agreement where the duty to be levied by Canada was as low as that already granted to Great Britain under the British preferential tariff. And on neither of these items could Great Britain compete.

British Opposition.
Here Representative Clark came in to the debate for the first time. He interrupted Mr. Gaines to ask:

"If it is as bad as you make it out, how do you account for the opposition to the agreement in the British and Canadian parliaments?"

"I can't answer that," replied Mr. Gaines, "I can't tell what conditions are at work in England or Canada. I don't know what the opinion is in opposition in those places tend to weaken your arguments and your conclusions," asked Mr. Clark.

"Not a bit," replied Mr. Gaines, amid laughter.
"The whole proposition is just this," interjected Rep. Shierley of Kentucky, "with respect to the duty on the fur, as well as here, is that special interest would be hurt."

"The answer to that is that it is not so," retorted Mr. Gaines hotly, "and you have no right to make such a statement against the motive and the interest of those who oppose the measure. You can answer your argument with a sneer."

"It's not a sneer; it is a lamentable fact," declared Mr. Shierley.
"CLOSER COMMERCIAL UNION."

WASHINGTON, Feb. 13.—Reciprocity with Canada, reciprocity with all countries of North and South America, and reciprocity in fact, with all nations, was advocated by both President Taft and Speaker-to-be Champ Clark in stirring addresses at the opening session of the Pan-American commercial conference to-day.

Speeches favoring a closer commercial union of North and South America with frequent references to the future of the Panama Canal were made by the Secretary of State, Knox, United States Senator, Senator Calvo, the Costa Rican minister to the United States, and Senator Cassius, formerly the Mexican ambassador to this country. Near the close of the conference to-day.

Clark, who had just left the house of representatives, announced in his address amid loud applause that the test vote for immediate consideration of the Canadian reciprocity bill had been won by the administration. Turning to President Taft, he said, laughingly:

"No provision has been made for widening streets to accommodate the increasing traffic, nor has any provision yet been made for the new lines of street cars, other streets to relieve the crowding on Yonge-street. 'Congested districts are beginning to appear in our midst. The public conscience, happily, is beginning to awake to the old and familiar outcry, 'Am I my brother's keeper?' We have a foreign population to-day equal to our entire population 50 years ago. Green districts in the city have been occupied by alien races, to the gradual exclusion of the British and native born."

LIQUOR LAW ENFORCEMENT.
Hon. W. J. Hanna to the Rescue of Provincial Police.
Hon. W. J. Hanna said yesterday: "There seems to be a persistent effort to discredit the police done by the provincial police in the enforcement of the Liquor License Act. The facts are that no body of men could do more than the provincial police under Supt. Rogers are doing in this work, as evidence the seizure of 150-150 since the first of November: 3678 bottles of whiskey, 37 gallons of whiskey, five barrels of whiskey, 45 lbs. of gin, 27 gallons of rum, 12 gallons of wine, four barrels of wine and 60 bottles of wine. This does not include the car load, but it is a goodly lot. The liquor is being seized at Cochrane last week."

BRIDGE, SAYS GUILD
Subway at Sunnyside Not Wanted by "City Beautiful" Experts.
The civic improvement committee would have a bridge across the tracks at Sunnyside instead of a subway. They decided unanimously in favor of the bridge, and a petition backed by a deputation, to the board of control.

A motion by Ald. Sweeney, to extend the county road through High Park considerably north of Queen-st., was discussed. Action was deferred on it, however, until it could be further considered.

WILL APPEAL FRASER DECISION.
Not yet has the famous Michael Fraser case come to an end. Yesterday Catherine McCormack, one of those who brought action to set aside the marriage, and who sought to show that Michael, the octogenarian, was not competent to manage his own business, gave notice of appeal to the divisional court, the argument of which will be heard to-day. Justice Britton cited the case, and after visiting the old man, declared he was quite capable of marrying Miss Robertson or doing anything else without the direction of his relatives.

Not Liable for Luggage.
According to a decision of Judge Morson yesterday, agents of steamship companies are not responsible for damages to luggage of people traveling on the lines they represent. Miss P. Herman sued A. Gerfunke, local agent of the Uranian Steamship Company, for \$75.50 for baggage which she claims was lost while she was traveling from Rotterdam, Holland, to this city.

The case may be heard in Halifax against other parties.

LOOTERS PLEADED GUILTY.
WINDSOR, Feb. 13.—Stonewall Jackson pleaded guilty this afternoon to being one of the gang of looters who looted the city of Windsor, Ontario, on the night of the 6th of the 12th inst. The remaining six of the crew pleaded guilty to the same crime and were remanded for a week for sentence.

TORONTO'S GROWTH LOP-SIDED

Angus MacMurphy, K.C., Administrator of a Few Joits to Civic Methods.

That altho Toronto's growth during the last half century has been remarkable, still her development has been this country. Near the close of the conference to-day.

Speeches favoring a closer commercial union of North and South America with frequent references to the future of the Panama Canal were made by the Secretary of State, Knox, United States Senator, Senator Calvo, the Costa Rican minister to the United States, and Senator Cassius, formerly the Mexican ambassador to this country. MAYOR OF TILLSONBURG.
TILLSONBURG, Ont., Feb. 13.—Joseph Thompson will be declared Mayor of Tillsonburg by acclamation, as a result of the nominations held here to-day. P. J. Jackson was also nominated, but he did not intend to qualify. Mr. Thompson was elected in January, but disqualification proceedings were commenced on the ground that he was bailiff of the division court. His position he has resigned.

Mimico Election Unsettled.
Again yesterday other Mimico quarrels came forward, and again a decision has been handed down which will allow the case to come up again. Justice Middleton declared that Russel Warren, who brings the action, may work on two alternatives, either dropping such charges as do not affect those of the defendants, or else strike out the name of either Reeve Skelton or Councillor Woods and proceed against them separately.

New Freight Shed on Wharf.
A new freight shed, replacing the one destroyed last summer, will be erected on the east side of the Yonge-street dock by the Niagara Navigation Co. and will be used for passenger and freight business. This is the wharf that was formerly used by the Hamilton Steamboat Co. and the R. & O. fleet of steamers.

there was any dissension in the ranks of the temperance forces.

W. G. Fee agreed with views previously expressed and said that he had not taken an active part in previous temperance campaigns as he did not know whether sentiment was united on any particular course of action. A representative meeting such as was present one should have been called to decide on a platform.

Owen Sound Revelation.
Mr. Crawford told of an experience he had in Owen Sound, where he had seen liquor being sold in a hotel while an inspector was down stairs. This brought shouts of "To whom did you report it?" and various other interrogations, and Mr. Crawford somewhat sheepishly admitted that he had "only reported it to himself."

Owing to the manifest opposition in many quarters, the resolution proposed by Rev. Dr. Hincks was allowed to drop.

Mr. McCarthy then moved the following resolution, which was passed without apparent dissent:

"That this conference be adjourned until one week from to-day, Wednesday night at 8 o'clock, and that the notifying of all sympathetic organizations to send a representative to the next meeting, to be held at the Citizens' League; B. H. Spence, secretary Dominion Alliance, and H. W. Osman, president of the Affiliated Young Men's Organization of Toronto."

The meeting dispersed about 6.30 p.m. after having fallen in over two hours' discussion of the present movement on the vital issues involved.

PARDON FOR DESERTERS.

See Consul and All Will Be Forgiven, Says Government.

Frederic Nicholls, consul for Portugal, has been advised by the Portuguese Government that a decree has been issued by the government that all deserters and individuals considered and declared as such prior to Nov. 4 last, will be reinstated in the British Army, who were absent at the nearest Portuguese consulate within one year from this date, and subscribe to the new formula provided.

FINAL I. C. D. U. DEBATE.
The final debate of the Intercollegiate Debating Union will take place between McMaster University and Victoria College to-morrow night at 8.15 in University Convocation Hall. For four years McMaster has held the Kerr record for this contest, making a record of 14 consecutive victories. No small feat, considering the present state of the college's affairs.

The subject of the debate is, "Resolved: The western grain problem of the present Dominion Government, as respects reciprocity, not only affects the interests of Canada, but also the interests of the United States."

The affirmative is taken by A. Ward, B.A., and J. J. Strachan of McMaster; the negative by M. E. Conron, B.A., and E. J. Pratt of Victoria.

CAPT. WILKIE'S LECTURE.
At the Canadian Military Institute last night Capt. C. A. Wilkie of the Reserve List gave a short illustrated talk on Japan, China, Manchuria, Korea, Siberia and the Russian Empire. The lecture was beautifully illustrated by over one hundred lantern slides. His pictures of life in the Chinese army were especially interesting. Capt. Wilkie's series of lectures, given by different members of the institute for the benefit of their brother members.

WILL NOT ABOLISH PREFERENCE.
LONDON, Feb. 13.—(C. A. P. Cable.)—General Louis Botha and Dr. Jameson met in London this morning. The two drivers averted a serious disaster by applying the brakes as the trains approached each other.

A Graduate of O. A. C.
BRANDON, Feb. 13.—W. C. McKILHIN, Calgary, has been appointed superintendent of the Dominion Government experimental farm here, succeeding James Murray, who recently resigned to manage a big British agricultural concern in Alberta. McKilhin can be a graduate of Guelph and has been in the employ of the Dominion agricultural department in Alberta for some years.

Assessment Exemptions.
A professional man was informed by the assessment department yesterday morning that his gross office expenses were exempt from taxation. A married man is exempt in addition to that up to \$1000 of his income, and a single man to the amount of \$600.

Certificates to Vote.
W. D. McPherson, M.L.A., has drafted a bill to authorize the clerk of a municipality to issue a certificate authorizing a freeholder or leaseholder, rated on the preceding list, but left off the revised list by inadvertence, to vote.

Undertakers' Deputation.
Two secretaries, J. C. Van Camp of the Canadian Embalmers' Association and E. M. Trower, Retail Merchants' Association, formed a deputation to the Ontario Government yesterday in support of the bill to require embalmers to pass examinations.

Stiff Election Laws.
QUEBEC, Feb. 13.—Godefroy Langlois, the member for St. Louis, Montreal, has introduced a bill to amend the law to be clean, if it can be done by means of legislation. He has already introduced a bill prohibiting smoking in public rooms, etc., and to-day followed it up with another which requires a candidate who lets his ring on election day liable to a fine of \$100.

Victor, But Lost 30 Pounds.
R. C. Harris, property commissioner, was back on the job, 30 pounds lighter, less than the same time. He had after a three weeks' battle with mumps. He found awaiting him on his desk a handsome bouquet of carnations and roses, a gift from his office staff, in token of their pleasure at his recovery and return to his duties.

Justice on a Train.
An arrest, trial and punishment for an attempt to take liquor illegally into north Ontario, is reported by Constable Lefevre of the provincial police. He arrested a passenger on suspicion, who gave the name of McCarty. His baggage included 40 bottles of three gallon jars of whiskey. Taken to the baggage car he was convicted and paid a fine of \$20. The liquor was confiscated.

Wagon-Workers' Social.
Over 125 members of Cars and Wagon Workers' Union No. 88 joined in their second annual social, and of such a party with the Labor Temple last night. Three prizes were given, two for the lucky ones and one for the booby. James McNeill and George Patton carried off the first, while Geo. Brellin received the latter, with the compliments of the gathering.

Knights of Columbus.
CHATHAM, Feb. 13.—Local Knights of Columbus to-night dedicated their new temple. Visiting brethren were present from western Ontario points. Bishop Fallon of London was kept away through a slight indisposition.

Always in the Future.
Engineer Rust expects to use pontoons and lower the extension to the intake pipe. It will, in all probability, be done as soon as spring arrives.

Fell Off Gang Plank.
WINDSOR, Ont., Feb. 13.—Thomas Davidson, aged 60, fell from the gang plank on the ferryboat to-night and was killed. He was rescued from the water by a life guard, but was not due to drowning, but to shock.

BILLS TO COMPEL WIRELESS ON PASSENGER STEAMERS

Under Its Provisions, However, Lake Vessels Would Be Exempted.

OTTAWA, Feb. 13.—(Special.)—G. H. Lewis (West Huron) was heard to applaud last night when the minister of marine introduced in the house of commons to-day a bill to compel all passenger vessels to be equipped with a wireless telegraph system. The bill provides that all vessels carrying more than fifty passengers, except vessels plying between ports less than 200 miles apart. It is evident this would exempt vessels on the Great Lakes.

The bill was read a second time as was also a bill by J. Stanfield (Colchester), to amend the inspection and packing laws under the jurisdiction of the railway commission, and the latter might be depended upon to see justice done to the municipalities.

The Amendment Dropped.
Mr. Neabitt withdrew his objection, and the bill went thru.

Wheat Markets

CHICAGO, Feb. 13.—It is not difficult to explain the persistent decline in wheat values, which have steadily fallen to the lowest point touched for several months past. The recovery efforts of strong speculative interests at the west to establish prices on an artificial basis proved successful for a time, but eventually the holdings of the long account had to be liquidated, owing to the bearishness of general situation, both here and abroad. Moreover, the heavy pressure emanating from this source has encouraged many operators to aggressively sell short, and, except for occasional rallies, induced mainly by profit-taking, the downward movement of quotations has continued without interruption.

Discussing in detail the present situation from a statistical viewpoint, it is seen that visible supplies maintained a wide margin of increase over available stocks a year ago, a further addition of 1,477,000 bushels last week bringing the total at all domestic points up to 43,740,000, against only 25,535,000 for the earlier period, while the European supply, which is almost as much, and is over 22,000,000 bushels larger than in 1910. On the other hand, exports from surplus nations fell off rather sharply, with Russian shipments declining nearly 1,000,000 bushels, but a substantial decrease has been anticipated, and it is to be noted that the latest movement from other ports was fully equal to the theoretical requirements of 1,000,000 bushels.

Other factors combining to cause depression in domestic wheat include the absence of any active export business in this country, and the unsatisfactory conditions prevailing at leading milling centers. It is believed that flour producers are finding it difficult to dispose of their holdings, and as a result are buying cash wheat as sparingly as possible, the reduced operations being partly reflected in a steady shrinkage in the output at Minneapolis, Milwaukee and Duluth, which fell to 300,770 barrels this week, against 377,445 in the preceding week, and 377,500 barrels last year.

PORCUPINE GOLD CAMP

FOSTER-ELIAS CLAIMS ARE CHANGING HANDS

Were Turned Down by Hudson Bay Company—Supplies Go to Maitens-McDonald Property.

At Victoria Hall at 2:30 p.m. to-day delegates from Shining Tree district, Gowanda, Elk Lake and surrounding silver-ore bearing districts, associated with representative business men from North Bay and Toronto, will meet to organize a monster deputation to interview the Ontario Government on Wednesday, Feb. 15, and ask that the government build a branch line of the T. & N. O. Railway from Charlton to Elk Lake and thence on to Gowanda. This deputation will represent the consensus of opinion in the north country. Gowanda and Elk Lake have vast quantities of silver ore, but the bulk of it is low grade and the problem with the miners is to get their ore promptly and quickly to the smelter. Without a railway, transportation charges eat up the whole value of the ore. With a railway, the millions of money invested in this silver area would begin to show a profit, and millions more will be put into the development of the properties. Why not help the development? The railway in tonnage going in and coming out would pay maintenance and running expenses, as well as interest on investment.

LITTLE NIPISSING CO. MAY ISSUE DEBENTURES

Directors Will Ask Shareholders to Ratify Bylaw to That Effect.

A special circular has been sent out to the shareholders of the Little Nipissing Mining Co. calling a special meeting, to be held at the King Edward Hotel on Feb. 24, supplanting the meeting which was to have been held on Feb. 17. The notice to the shareholders states that a bylaw will be presented to the meeting asking the shareholders to authorize the directors to borrow money and to issue bonds and debentures in accordance therewith. No financial statement has been handed out by the company's officials and it is presumed by this application that the company's funds are depleted to such an extent that recourse has to be made to assistance by the means suggested by the directors. The notice is as follows: A special general meeting of the shareholders of Little Nipissing Silver Mining Co. Ltd. will be held at the King Edward Hotel on Friday, Feb. 24, at 2 o'clock in the afternoon. For the purpose, amongst other things, of considering the report of the directors upon the question of overissue of the stock of the company after investigation by them with regard thereto, and upon the position of the company generally, and for the confirmation of the action of the directors in the premises, and the consideration and, if thought fit, the authorization of a bylaw authorizing the directors from time to time in their discretion to borrow money and to issue bonds or debentures, and to secure the same by mortgage, pledge, gift and hypothecate the real and personal property of the company, and for the transaction of such other business as may come before the said meeting.

BUILD THE GOWANDA RAILWAY.

40-POINT ADVANCE IN HOLLINGER SHARES

Porcupine Issue Steadily Gaining in Value—Cobalts Display Buoyant Tone in Most Instances.

The mining markets displayed a strong undertone to-day and higher prices were reached in a number of instances. There was more irregularity in certain sections, however, and one or two issues were under pressure of realizing sales, which carried quotations below last week's levels. Hollinger was the leading feature of the exchanges, having not had accumulated over the week-end, and from the very opening of the market the shares were on the up-grade. An advance of 40 points was made, the stock selling as high as 5.55 and while a small decline from this figure was in evidence at the close, this was only a result of the strenuous upward movement. Several of the cheaper Cobalt issues were picked out for special attention and prices boosted in a manner which implied that there was little stock being offered for sale in the market. Harveys sold up three points to 1-1/2 and 2-1/2, 100 at 24, 200 at 24, 300 at 24, 400 at 24, 500 at 24, 600 at 24, 700 at 24, 800 at 24, 900 at 24, 1000 at 24, 1100 at 24, 1200 at 24, 1300 at 24, 1400 at 24, 1500 at 24, 1600 at 24, 1700 at 24, 1800 at 24, 1900 at 24, 2000 at 24, 2100 at 24, 2200 at 24, 2300 at 24, 2400 at 24, 2500 at 24, 2600 at 24, 2700 at 24, 2800 at 24, 2900 at 24, 3000 at 24, 3100 at 24, 3200 at 24, 3300 at 24, 3400 at 24, 3500 at 24, 3600 at 24, 3700 at 24, 3800 at 24, 3900 at 24, 4000 at 24, 4100 at 24, 4200 at 24, 4300 at 24, 4400 at 24, 4500 at 24, 4600 at 24, 4700 at 24, 4800 at 24, 4900 at 24, 5000 at 24, 5100 at 24, 5200 at 24, 5300 at 24, 5400 at 24, 5500 at 24, 5600 at 24, 5700 at 24, 5800 at 24, 5900 at 24, 6000 at 24, 6100 at 24, 6200 at 24, 6300 at 24, 6400 at 24, 6500 at 24, 6600 at 24, 6700 at 24, 6800 at 24, 6900 at 24, 7000 at 24, 7100 at 24, 7200 at 24, 7300 at 24, 7400 at 24, 7500 at 24, 7600 at 24, 7700 at 24, 7800 at 24, 7900 at 24, 8000 at 24, 8100 at 24, 8200 at 24, 8300 at 24, 8400 at 24, 8500 at 24, 8600 at 24, 8700 at 24, 8800 at 24, 8900 at 24, 9000 at 24, 9100 at 24, 9200 at 24, 9300 at 24, 9400 at 24, 9500 at 24, 9600 at 24, 9700 at 24, 9800 at 24, 9900 at 24, 10000 at 24.

RUNS ON HIGH GROUND

Porcupine Railway Survey Avoids Grades—Will Touch South Porcupine.

At Victoria Hall at 2:30 p.m. to-day delegates from Shining Tree district, Gowanda, Elk Lake and surrounding silver-ore bearing districts, associated with representative business men from North Bay and Toronto, will meet to organize a monster deputation to interview the Ontario Government on Wednesday, Feb. 15, and ask that the government build a branch line of the T. & N. NO INCREASE IN CAPITAL

Trethewey Directors Make Concessions to Minority Shareholders.

The directors of the Trethewey Mine have decided not to increase the capitalization of the company to \$2,000,000. The increase was ratified at a meeting of the shareholders on Dec. 21 last. The decision of the directors to not add to the capital is considered to add to the objections of the minority shareholders. BEAVER LOOKING BETTER. The directors of the Beaver Company met at Cobalt on Saturday and inspected the lower workings of the mine, which are looking better than at any previous time. In the history of the property, the best showing of probable early dividends was not considered, it being the policy of the directors to disburse profits to the shareholders. The Beaver mine is recognized as a second Timiskaming, and it is believed that the company will be competitor of its neighboring producer where more extensive development work has been done. The action of the stock in the market of late indicates that the mine ranks high in the estimation of the public. The buying is being done on the ground of future improvement rather than any immediate profits from a market standpoint.

THE ADVANCE IN HOLLINGER.

The advance in Hollinger yesterday to 35.55 carried the shares up 40 points above Saturday's high quotation and represented a gain in value of 1.23 in a week. The movement was entirely in accord with the recent favorable opinions expressed in regard to the property, and was directly in line with the attitude of the public toward this premier Porcupine security. The property is already on a producing basis, gold bricks having been stamped out at the three stamp mill some time ago, while another brick was sent out last week. Hollinger is expected to prove the leader in the gold mining stocks and the movement is believed to have only fairly commenced.

SOUTH PORCUPINE GROWING

NEXT LA ROSE DIVIDEND

Financial Quarters Look for Increase to 10 or 12 Per Cent.

The Wall Street Journal, which is usually well informed on matters financial, is out with a statement that the La Rose dividend will probably be increased at the next meeting of directors. The last statement of La Rose, as of December 31, 1910, showed cash in bank and ore in transit and at smelters amounting to \$708,471, and ore sacked for shipment \$308,348, a total of \$1,016,819. This is a better showing than any heretofore made. During 1910 the company paid out to stockholders \$150,000, and since October, 1908, has paid in dividends \$2,079,185. Shipments and earnings for the first month of the present operating year compare favorably with those of January, 1910. The La Rose Co. has at least \$1,000,000 cash on hand and a large quantity of ore blocked out at the mine. It is rumored that the next dividend will be at the rate of 10, if not 12 per cent. per annum.

LIBERIA'S SMALLER STATE.

France is about to assume control of about 500 square miles of territory hitherto nominally under the rule of the Republic of Liberia, the state founded by freed American slaves sent back to Africa. Following thecession of this territory, the United States will advance a loan to the negro republic and will supply the basic finances. The United States' first foot-hold in Africa will thus be established. It is expected that the treaty will be signed in Paris within the next few days. While much of the territory which will become French is populated by a large negro population, a great body of French Government, which will now know the certainty where the frontier has to be located. Liberia's new territory, by agreement will possess a territory of about 2,400 square miles in extent, as compared with its present 4,000 square miles.

ORATORY'S PITFALL.

The preacher who was in the pulpit in the remarks concerning the young girl over whose remains the funeral services were being held. Years were in the past present. Even the speaker's voice trembled with the force of his emotion. He concluded his sermon with this outburst: "Can anyone doubt that this fair, fragile flower has been transplanted to the holiness of the Lord?"

PORCUPINE STOCKS

As a result of recent developments in the camp, an extremely strong demand has been created for shares of the HOLLINGER and PRESTON EAST DOME companies. They are an undoubted purchase at present market prices.

We should be glad to give you our reasons for advising the purchase of the better class Porcupine stocks. W. J. NEILL & CO. Members Standard Stock Exchange. Telephone Main 3606 51 Yonge Street, Toronto

PORCUPINE MINES

We are offering for sale stock in the PRESTON AND EAST DOME MINES CO. LIMITED. This company own and control the famous Preston and East Dome properties, and commence mining operations with the early future. We consider this stock presents splendid opportunities for large profits to those who buy now. We also offer shares in the PEELING LARUE MINING CO., PORCUPINE IMPERIAL, UNITED PORCUPINE GOLD MINES, LIMITED, and PORCUPINE GOLD REEF MINING CO. Write us for full particulars.

DIVIDENDS IN EMBRO

BEAVER, with its present cash reserve and the prospects of shipments of high-grade ore should enter the dividend class of Cobalts some time in the early future. Temiskaming, the neighbor of Beaver, is selling at more than twice its price. Those who are Beaver shareholders, if they hold their stock, will get considerably higher prices, and we advise the purchase of the stock at present prices. HOLLINGER and PRESTON EAST DOME are two Porcupine stocks which offer opportunities to investors. Write us for further particulars.

TRUSTS A GOOD THING IF POWER NOT ABUSED

How E. A. O'Malley, Wielder of "Big Stick," Speaks of Difficulty of Prosecution.

Hon. E. R. O'Malley was introduced to the Canadian Club yesterday by President MacKay as an eminent young jurist of the neighboring republic, who had been the energetic prosecutor of several alleged breakers of the trust laws. While differing in politics with the new administration, he had once more been entrusted with similar prosecutions in New York State.

Mr. O'Malley, who is a Buffalo man, spoke with great deliberation and even caution. His reticence perhaps added weight to what he did say. In opening he paid a tribute to Toronto's good government, in which Buffalo realized keen and worthy competition. He hoped the friendly relations existing might increase and grow stronger as the years advanced. The two countries had similar problems to deal with, and their solution of these problems would be of mutual advantage.

Both, he said, were now giving their attention to a most important question. Whatever happened, they might congratulate themselves on the progress, inasmuch as the attempt to come to an agreement was entered upon in a broad, liberal spirit, and without either government attempting to get undue advantage of the other.

Combines Raise Prices.
 Closely allied to tariffs and fiscal laws was the question of combines. This was not a local condition, but a general one. Professions might enumerate causes all afternoon which have led to the advance, and there would be some truth in each, but there could be no doubt that one of the causes was the combination of great interests to sustain prices.

Twin City Earnings.
 The earnings of the Twin City Rapid Transit Co. for the first week of February amounted to \$139,372, an increase over the same week last year of \$380, or 4.4 per cent., and \$15,715 over the corresponding period of 1909.

Stock "Melon" Probable.
 It is stated that application will shortly be made to list the shares of the Underwood Typewriter Co. on the New York Stock Exchange, and there are indications that, in view of the increasing earnings of the company, a common stock dividend will be declared before the summer months.

A Record for Despatch.
 MONTREAL, Feb. 13.—It took the shareholders of the R. & O. Navigation Company only twelve minutes this morning to hear the report for the past year and to appoint the directors for the coming year. Mr. Rudolph Fox, president of the company, was in the chair, and the annual statement, which has been in the hands of the shareholders for some days, was read and adopted. He spoke of the year just closed as the best in the history of the company. The old directors were all re-elected.

C.P.R. and Sao Paulo Strong But General List is Quiet

Trading in Domestic Securities Continues of Meagre Volume—Some Signs of Pressure Apparent.

World Office, Monday Evening, Feb. 13. Aside from a certain amount of manipulation the Toronto stock market was quiet to-day. Rio and Sao Paulo were the only stocks to exhibit any volume of transactions and the pools in both worked in accordance with the public dealings.

Stocks interested with New York, with the exception of C. P. R., were weak and not wanted except at concessions. C. P. R. was the only really strong issue to-day, with a sale at the close at 213½, an advance of over a point from Saturday's finish.

As a general thing the Toronto Exchange was exceedingly limited and the market needed but little pressure to depress prices in several stocks. Porto Rico was bid up to 57, but at the close the market was without a bid for the shares.

Most of the public and institutional buying to-day was for investment purposes, and these operations were restricted to a special class of securities. Semi-investment issues, such as Twin City and Mackay, were easier, and this was destructive of any idea of breadth to the present dealings.

MONEY MARKET WORKING EASIER

World Office, Monday Evening, Feb. 13. With New York closed, the Toronto stock market acted regardless of the American exchange to-day. Prices in the main were steady, with the principal interest in C.P.R., which shares advanced to a new high price of 213. Speculative buying was not any too keen, but the investment purchases increased, and to this extent the market position was improved in to-day's business. The local money market is becoming easier, and this is undoubtedly beneficial to the market.

ALDERMAN LOSING INTEREST?
 One Committee Couldn't Get Quorum and Another Just Managed.
 The parks and exhibition committee of the city council failed to get a quorum yesterday afternoon, and for a time it looked as though the property committee was to be in the same position. After waiting for 40 minutes the necessary number of members were present and business was proceeded with.

LOSERS A FORTUNE
 Married Without Consent Stipulated in His Uncle's Will.
 MACON, Ga., Feb. 13.—Executors of the estate of the late H. J. Lamar of Macon are defending the suit of Lamar Washington for an eighth interest in a half million dollars on the ground that when young Washington wedded Miss Lucille Graves Osborne of New York several years ago, he did not obtain the consent of his aunt, as stipulated in the Lamar will. When a youth, he was adopted by his uncle, the late H. J. Lamar, and in consideration of the adoption, the uncle paid Lamar's father, Col. W. H. Washington of Nashville, \$10,000.

READY TO RETIRE, BUT—
 Inspector Hughes Would Like Satisfaction of Being New Superintendent.
 Chief Inspector Hughes declared yesterday that he was quite ready to retire if he were the first man to be called superintendent of education in this city. "However," he said, "I am quite willing to stand aside and let the board create the new position." Never in his long career, he states, has he ever asked for an increase of salary, and has made no stipulation regarding any superannuation allowance the board may give him.

\$4000 FOR ISLAND BRIDGE
 Will Cross Lagoon to New Athletic Field—Estimates Reduced \$1500.
 The estimates of the park commission for Island Park this year were reduced by \$1500 by the island committee yesterday afternoon. An item of \$2500 for enlarging the athletic field was struck out and another item of \$4000 was inserted for the purpose of building a bridge across the lagoon from Island Park to the athletic field.

The Sterling Bank of Canada
 Notice is hereby given that a dividend of one and one-quarter per cent (1 1/4 per cent.) for the quarter ending 31st January, instant (being at the rate of five per cent. (5 per cent.) per annum) on the paid-up capital stock of this bank has been declared, and that the same will be payable at the Head Office and Branches of the bank on and after the 15th day of February next. The transfer books will be closed from the 17th January to the 31st January, both days inclusive.

New Spring Goods Are Coming Into Most of the Departments Daily--Come and See Them

An Exceptional Purchase of Women's Separate Skirts

A firm of manufacturers of high repute wanted room; space was of vital importance to them, as spring goods are coming into their stockroom. They had 250 up-to-date skirts, made up in a quiet time. They asked us for an offer. We offered what appeared a ridiculous price, but evidently they were crowded to the wall, and must have room; so we got the skirts; and we pass them on to you at the great money saving.

Skirts Up to \$9.00 for \$3.95 Wednesday

All are made of first-class materials, good crisp quality French voiles, all-wool Panamas and serges; colors are mostly blacks and navys, but there are some myrtles, Burgundy and browns; styles are a large variety of the new pleated effects, some banded; trimmings are either of self or buttons; the voiles are trimmed with silk strappings. These garments are tailored with the greatest skill and best of workmanship. Anyone requiring a first-class garment at a ridiculously low price can obtain one on Wednesday morning at 8 o'clock, \$3.95.

All Kinds of Aprons On Sale Wednesday

Aprons for any purpose for which an apron is required will be placed on sale Wednesday. There are thousands at insignificant prices, so:

"Take off your old torn apron. Of our sale become a patron! You don't have very much to pay: Come to Simpson's store And buy a dozen more. For Wednesday is Apron Day."

- Plaid Aprons, heavy fine white lawn, large size, deep hem on skirt, wide slashes. Wednesday, each, 25c.
- Plaid Kitchen Aprons, heavy blue and white check gingham, size 36x38 inches. Wednesday, 15c.
- Plaid Black Satin Aprons, full size, large pocket, deep hemstitched hem, fine mercerized quality. Wednesday, each, 35c.
- Overall Aprons, heavy blue and white check gingham, gathered full on square yoke, length 52 inches, width 59 inches. Wednesday, each, 35c.
- Overall Apron, fine white cambric, covers whole dress, buttons in back, front trimmed all way down with broad panel of embroidery, flounce on bottom, pocket tucks, full length. Regular \$1.00 each. Wednesday, each, 75c.

Distinctive Furniture at the February Sale

You will notice that the few examples that follow for Wednesday's selling consist of suites and pieces for drawing rooms and libraries. The word distinctive describes them, and on examination they will be found to be THE BEST. Take, for instance, the Louis XVI. suite at \$100; the characteristics and details of the period have been followed with exactness. You may SEE that, but we cannot allow you to smash up the furniture to satisfy yourself as to its construction, but WE WILL GIVE OUR GUARANTEE that the wood employed and the workmanship are above suspicion.

We have already brought to your notice the fact that our alliance with the best factories in the Dominion enables us to offer you furniture at an economical figure. Please do not consider this mere advertising talk. Our Fifth Floor is at the back of the statement, and prices and values there are proof positive.
