# LBS. RALLY TO PUGSLEY AFTER A SECOND ROUND IN BOUT WITH DANIEL

### Minister of Public Works Lays Great Stress on the Error in Dates in Affidavit—Why the "Rake-Off" Can't Be Sued For.

### CONNIE MAKES A FUSS OVER 'SPECIAL' ALLUSION

The house divided at one o'clock this morning, says 100.

Dr. Pugsley did not vote, explaining "in view of the fact that I should not vote."

OTTAWA, April 15.—(Special.)—Whatever may have been the feelings of a section of the Liberal party Wednesday when the row began over Hon. William Pugsley, minister of public works, it was evident at 6 o'clock to-night, when the house rose for dinner, that the whole body of Liberals in the house were with that minister in his defence against the charges levelled against him by Dr. Daniel, the Conservative member for St. John.

Dr. Pugsley's luck has continued with him. He has rallied all the speakers behind him. Sir Wilfrid Laurier looked pleased. Mr. Aylesworth patted him on the shoulder and there was abundance of party cheers.

The scene all the afternoon added nothing to the dignity or the quality of the house. There were interruptions of unseemly appeals to the speaker. The speaker was on his feet many times, and he played his part in a befitting way. The galleries were crowded, and the house, though a new one, seemed to be rapidly degenerating into scandal chamber rather than a great assembly charged with the welfare of a nation.

What came out of this afternoon was that the vital part of the McAvity charges rested on dates, and that the case failed against Pugsley in a most important point.

Furthermore, in all these scandal charges that have occupied the house this session, it is evident to the most casual observer that the rules of the house as invoked by Mr. Foster and his friends for the withdrawal of all instances of character, if not substantiated by direct charges, are invoked with even more telling effect against the Conservatives, and the decisions have been made in favour of their charges specific, and on the reputation of a member, not on the affidavit of an outsider or on the finding of a trial court, or of an investigating commission.

Pugsley's Luck. Dr. Daniel did not handle his case very well and Pugsley had his wonderful resource of good temper, of special appeal, of the sickening and being that drove him in good stead. Nor did a Connie incident in the early minutes of the session tend to elevate the character of the debate.

When 6 o'clock intervened he was the object of a most hilarious demonstration, and several minutes.

After dinner Mr. Crockett (Conservative, York N.E.), in his speech replying to Mr. Pugsley, raised the debate to a more elevated plane, and logical presentation of the situation and the need there was for a committee of investigation.

Mr. White's Reply. Sir Wilfrid Laurier rose at 11:15 to state the position of the government. He stated the precedent, established by Mr. Tarte in the McGreevy affair. Did Dr. Daniel dare to say that he believed the affidavit of Mayes to be true? The affidavit bore on its face the evidence of falsehood. This was the evidence of a man who, if his own evidence was to be believed, was a self-confessed hoodler and could place any credence in a man who thus displayed his own turpitude? The charge was not new. It was that Mayes paid \$2000 to Mr. Pugsley, but this was a legal services. If the money was paid for political services, what were the services rendered? The tenders were openly called for, and the contract awarded to the lowest tenderer. Sir Wilfrid repeated that there was a statement of a self-confessed hoodler and on the other hand the statement of an honest man.

The difference between the Hodgins and the Mayes cases was this: That Hodgins did not accuse himself. This was the statement of an honest man. In the case of the precedent, established by Mr. Tarte, the ex-minister thought it to be his duty to resign. But there was another consideration. This was a motion that the government could not accept, but the rules did not permit the government to amend it. He must accept it all or reject it all. It was a motion of want of confidence and he did not propose to accept a motion of want of confidence in the minister of public works, because, he said, that the motion would be under any consideration. It would go down with the people that he was not.

## Ministers to Confer With Admiralty.

OTTAWA, April 15.—(Special.)—Replying to Mr. Foster in the house to-day, the prime minister said that as soon after the close of the session as possible the minister of marine and the minister of militia will proceed to England to confer with the admiralty as to the best means of giving effect to the resolution passed on March 29, in regard to the participation of Canada in the naval defence of the empire.

## TURKISH MARINES LYNCH BATTLESHIP COMMANDER

### Was Executed Close to the Palace—News of Massacre of Armenians Was Exaggerated.

CONSTANTINOPLE, April 15.—The third day of the revolutionary movement in the capital was marked by some disorders, the most serious of which, was a demonstration by marines who objected to the new minister of marine, Vice-Admiral Adjemim Pasha.

The marines gathered in force and set on fire the palace. Art Bey, commander of the battleship Asar-i-Tewfik, a member of the committee of union and progress, who ordered the committee. Arrived at the Yildiz Kiosk, when the rising was at its height, with the intention of supporting the committee. The disturbance in reality occurred at Adams, about 36 miles from Mersina. Only ten Armenians were killed. Martial law has been proclaimed.

## GREENSHIELDS PRESIDENT

### Of the New Amalgamated Asbestos Corporation.

MONTREAL, April 15.—(Special.)—It is understood that E. B. Green-shields, director of the Asbestos Corporation, has consented to accept the presidency of the Amalgamated Asbestos Corporation, that is to control seventy per cent of the world's output of that product.

The directors include: Hugh A. Allan, Senator Macdonald, Montreal; Key, T. W. Cramp, of Philadelphia; Hon. James M. Beck of New York; Thos. McDougall of Quebec; and William McMaster, Montreal. The bond issue is \$7,500,000 and the stock issue \$10,000,000.

## NEW BISHOP OF MOOSENEE

### Rev. J. G. Anderson of Winnipeg Succeeds Bishop Holmes.

WINNIPEG, April 15.—(Special.)—The house of bishops of Rupert's Land assembled to-day, the principal business being the election of two mission bishops.

Rev. George Holmes, former mission bishop of Moosee, was elected Bishop of Athabasca, and Rev. J. G. Anderson of St. Peter's succeeds him at Moosee.

# GUARD SLAIN BY CONVICT

### Richard Stedman, Formerly of Penetang, Killed by Man Serving Life Sentence for Murdering

EDMONTON, Alta., April 15.—(Special.)—While superintending six convicts in the penitentiary carpenter shop to-day, Deputy Warden Richard Stedman was suddenly set upon and murdered with an ax by Gary R. Barrett.

Barrett, aged 55, is serving a life sentence for the murder of his stepson about a year ago on the homestead near Battleford.

No reason is known for the crime, which was witnessed by five other prisoners. The blow half severed the head from the shoulders. The deputy warden was taken unawares and lay on his back in ten minutes was lifeless.

After the blow the murderer quietly surrendered and was locked up in his cell. The deputy warden had left the office of Warden McCauley about 10:25 for a tour of the building. He went direct to the carpenter shop, which is in part of a new building recently erected at the rear of the yard. He entered the shop, in which were instructor A. Pope and six convicts, to speak to the instructor.

In an instant Barrett had picked up a short carpenter's ax that was lying nearby, and advancing a step towards the unsuspecting man, struck him a fearful blow with the sharp edge of the instrument. The ax struck the back of the head at the base of the skull and half severed the head from the trunk.

There had been no quarrel with the deputy warden, and the fatal blow was delivered without warning or provocation. The murderer has never been a troublesome prisoner, but was constantly complaining about his health, and claimed that he did not get a fair trial. He was always morose.

Ex-Ald. R. J. Score is a brother-in-law in the deceased, who came to Canada from Arundel, Sussex County, England, about 35 years ago. For some years he stayed in Toronto, being connected with J. Ross Robertson of the Telegram. His father was a doctor in England. He was warden of the Penetang Reformatory for over 25 years, leaving for Edmonton about three years ago.

He leaves a widow and two sons, John, in the P.N.W. Mounted Police, and Thomas, in business in Lacombe, Sask.

## NEW BISHOP OF MOOSENEE

### Rev. J. G. Anderson of Winnipeg Succeeds Bishop Holmes.

WINNIPEG, April 15.—(Special.)—The house of bishops of Rupert's Land assembled to-day, the principal business being the election of two mission bishops.

Rev. George Holmes, former mission bishop of Moosee, was elected Bishop of Athabasca, and Rev. J. G. Anderson of St. Peter's succeeds him at Moosee.

# HOW BIG DILLON WET HIS DEATH

### Witnesses Tell What Led Up to Snider's Vengeance for Insult to Wife.

That James Dillon came to his death while in a drunken brawl at 113 Jarvis-street at the hands of one Snider, and we further say that in our opinion the man Evans had nothing to do with injuring or in any way striking Jas. Dillon.

The above was the verdict of Coroner Orr's jury last night at the inquest into the death of James Dillon. "All the hearing Dillon got I gave him. This man (Evans) only helped me carry him out," was the statement Snider made to Detective Murray while under arrest on the night of the murder.

"The trouble started early in the morning," said Eva Hayes, who for the past two years has lived with Snider. "I have no lock for the door of my room and the landlord and I had a racket. I sent over in the morning to borrow a lock from Mrs. Dillon (Margaret Rutledge). Dillon brought it over. I was in my room at the time, combing my hair. I did not think Dillon would bring it over, as he nearly killed me four years ago. He came in and grabbed my arms and made a awful proposal to me and I threatened to call a policeman. I told Snider about it."

"In the evening when Dillon came Snider said: 'Eva says you insulted her?' Dillon said: 'She is a liar.' Then Dillon picked up a bottle and went to hit Snider saying 'Oh, no you don't,' and knocked the bottle out of his hand. Then Snider punched him. Then Dillon got up and advanced a step towards Snider, saying: 'I'll get even with you yet.' Snider followed him to the door. I heard a noise as the door was falling down the second time, but I am not sure whether he fell or not."

"When Snider came back he said: 'If he comes back I'll have him pinched.' Beasle Frayley of 293 West Richmond-street said that Snider had told her that he would fix Dillon for insulting his wife. She said Dillon said something to Snider and then Snider struck Dillon. Then she left the room. Harold Evans of 166 Markham-street said that he got acquainted with the Frayley woman at the corner of Queen and Spadina on Monday evening.

"I have given him what he has been looking for for a long time," said Snider to him. Dillon was in a stupor when they laid him on the sidewalk. Margaret Rutledge of 127 East Queen-street said she had lived with Dillon for 15 years. She went to see Mrs. Snider in the afternoon and stayed. Snider was drunk, but not too drunk to know what he was doing. When Dillon came Snider said: 'Who's there?' 'It's me, Harry. Did you see Mag?' he answered. She hid behind a dresser because she was afraid. Dillon would beat her when he found she had been drinking. When she looked Snider was on Dillon punching him. Then she ran home.

Dr. A. J. Johnson reported that the cause of death was hemorrhaging of the brain. He had seen wounds similar to those on Dillon's head inflicted by a boot. Dr. Harrington agreed.

## Rates for Hydro-Electric Power in Toronto

Schedule "A," as it is called, calls for primary current, alternating 3-phase, 25 cycle, 12,000 to 13,000 volts, 24-hour service.

Maximum Demand in H. P.	Minimum Monthly Bill	Flat rate per H. P. per month	Meter rate per H. P. Hour—Off Peak	Meter rate per H. P. Hour—On Peak
300	\$344.00	\$2.99	7.1c	6c
400	425.00	2.12	0.65c	6c
500	506.00	2.02	0.62c	6c
600	588.00	1.96	0.60c	6c
800	750.00	1.87	0.58c	6c
1000	912.00	1.82	0.56c	6c
1200	1075.00	1.79	0.55c	6c
1500	1320.00	1.76	0.54c	6c
2000	1725.00	1.72	0.53c	6c

Customer may choose either flat rate or meter rate. Rates quoted are net.

Horsepower intermediate between quotations to be charged the higher of the two nearest rates, and to carry a minimum monthly bill pro rata to such intermediate horsepower.

Term of agreement not less than five years, with privilege to customer of changing his monthly guarantee within the limits of this schedule once during the first twelve months, and thereafter at twelve-month intervals.

Service is to be taken subject to the general rules of the department. Peak hours are as follows:

- October 15 to October 31—5.30 p.m. to 6.30 p.m.
- November 1 to November 30—5 p.m. to 6.30 p.m.
- December 1 to January 15—4.30 p.m. to 6.30 p.m.
- January 16 to February 15—5 p.m. to 6.30 p.m.
- February 16 to March 1—5.30 p.m. to 6.30 p.m.

# Patten Loads Up For a July Coup

### BUYS 3 MILLION BUSHELS IN QUARTER OF AN HOUR

### Only Tremendous Activity of "Whet King" Saves the Day on Chicago Exchange.

CHICAGO, April 15.—It was a day of tumult and sharply shifting fortunes in the wheat pit of the board of trade to-day. Just what following a further rise, New York City now is facing the possibility of bread at seven cents a loaf.

The Ghetto of New York has already in some degree felt the effect of the buoyancy of the Chicago wheat pit. Six cents a loaf is the price now charged by some bakers, while the proprietors of hundreds of others think that they cannot continue selling at five cents much longer with bread four of the better grades costing from \$7 to \$7.20 a barrel, against \$6.50 to \$6.55 a few days ago.

While no concerted action in the matter of raising bread prices has yet been taken, it is pointed out that the East Side Master Bakers' Association. This organization comprises about 22 of whom have, it is stated, given up business since the big rise in wheat began.

Their secretary, D. H. Brayer, declared to-day that the present conditions in the flour market meant either a cut in the weight of each loaf or else an increase in the price. Regular working forces have been cut down all over by 2500 employees in East Side bakeries, Secretary Brayer said, in the price of bread and rolls has practically doubled.

"You could buy a 30-ounce loaf of bread on the East Side eight months ago for four cents," he declared, "and now a ten-ounce loaf costs at least five cents. It is safe to say that the price of bread and rolls has practically doubled."

MINNEAPOLIS, Minn., April 15.—The sustained bull market in wheat has resulted in the boosting of the price of flour in Minneapolis until first patents now sell at from \$6 to \$6.20 a barrel, or about 32 barrels more than prices long prevailing here.

COLUMBUS, Ohio, April 15.—Columbus millers to-day advanced the price 40 cents per barrel for winter wheat flour. The local quotation is \$7. This advance makes a gain of \$1 per barrel in the past ten days. Jobbers say that the price will go to \$9 before the close of the year. Millers throughout Ohio complain of difficulty in getting sufficient wheat to keep their mills running.

WATCH FOR THEM. During the last few weeks the circulation of the Sunday World has advanced with exceptional strides and the edition of the last three Saturday nights, to large, have been too small to meet the demand. It is indeed a true saying that nothing succeeds like success, and the constant improvement in the features of Canada's greatest weekly paper is the explanation of its growth. Next Sunday's edition will contain some of the most striking features that yet made their appearance, many of which will be announced in the Saturday morning paper. Watch for them.

## A WISE WOODCHUCK

GEORDIE FOSTER: He kin chatter an' whistle an' bluff, but he sticks blame close to the hole.

# CITY READY NOW FOR SALE OF POWER

### Low Prices Are Quoted For Manufacturers Who Desire Large Blocks—Margin of Profit for City.

At a conference with the board of control yesterday afternoon Alexander Dow of Detroit, consulting expert, and K. L. Allen, city electrical engineer, submitted a schedule of rates for the supplying of large blocks of power by the civic distribution plant. The board found the schedule satisfactory and it will now be for the city to enter upon the making of contracts with manufacturers and other large consumers. Rates for lesser blocks, for manufacturing purposes and also for domestic use, will be announced later.

The board is of opinion that the rates are substantially lower than the Electric Light Co. can offer, but that should the company seek to meet the city's competition by making lower rates, the users will be the gainers by such policy.

The Massey Harris Co. applied for a rate on from 500 to 1000 horse-power, explaining that the Electric Light Co. had made them a special offer. The board agreed that special rates should be given any user, but considered that the schedule rate should be lower than that offered by the Electric Light Co., which was understood to be 65c per kilowatt per hour, whereas the civic rate would be 55c.

Mr. Dow, when seen after the conference, said that the figures given in the schedule contemplated allowing the city a margin of profit on the operation of the distribution plant. He declined to say what the margin was beyond the statement that it was a reasonable one and allowed for contingencies.

"As the project is being backed by all taxpayers, it wouldn't be fair for everyone to be taxed for the benefit of the users of power," said Mr. Dow in explaining why power shouldn't be supplied to manufacturers at the bare cost.

When asked how the schedule rates compared with those of the Toronto Electric Light Co., Mr. Dow and K. L. Allen said the city's electrical engineer said that they weren't able to make a comparison as they hadn't looked into the company's rates at all, but that simply assumed on how cheaply the city could deliver power, while reserving a legitimate profit.

"I can say this," said Mr. Dow: "the city is offering cheap power, and if consumers are getting it at as low rates as these, they have no reason to complain."

The manufacturer who contracts for delivery of a maximum horsepower, makes himself liable for half the amount. Supposing, for example, that a manufacturer contracted for a maximum of 500 horse-power, he would have to pay for 250 horse-power, even though from industrial depression causing decreased output, or any other cause, his actual consumption should be much less. This is a necessary proviso, since without it a manufacturer might ask for delivery of several times as much power as he would really use, and this limit needlessly the capacity of the civic power plant for general delivery.

The consumer pays for an amount above the half-way mark. His maximum for one month might be 300 h.p., and for the next 300 h.p., and he pays by the month according to consumption.

It will be noticed that there is a material reduction in the flat rate per h.p. per month in proportion to the horsepower contracted for. The highest rate is \$7.50 per h.p. per year, this being the rate to contractors for 300 h.p., while the lowest rate is \$20.70 per h.p. per year, this being charged to the contractor for a maximum of 2000 h. p.

The figures are based on the cost of distribution after receiving power from the hydro-electric commission at \$18.10 per h.p. per year. The city undertakes to deliver the power at the door of the manufacturer at the rates given, the consumer to attend to the transforming and regulating.

"We can begin delivering on this basis within 30 days after power is brought into Toronto," said Mr. Dow, who explained that the schedule for this class of power had been drawn up as a beginning because the enquiries so far received were along this line.

The board had a corollary conference with Hon. Adam Beck, Engineer, and A. F. Lobb, solicitor of the hydro-electric commission, to discuss the general situation.

Manager Wright's Comment. Manager J. J. Wright of the Toronto Electric Light Co. when informed last night of the quotations, said that the company was already supplying power at less cost to the consumer. The company charged a meter rate on all power and manufacturers would find it cheaper to continue those rates than to take power on the flat rate, whereby they were charged for the whole 24 hours no matter how small a portion of time was taken up in actual consumption. The flat rate, he declared, was very delusive. Under the company's rates the average wasn't more than \$11 per horse power per year for a maximum amount of 300 horse power. As to the meter rate per hour "on peak," he said, it ranged from one cent per horse power per year to eight cents for small motors, but that the average was very much below the city's terms of six cents, as illustrated by saying the rate on 300 h. p. would be about two cents. He asserted also that the company would give a lower rate for the "off peak" hours as the demand was small.

Gertrude Hoffman is announced to appear at the Royal Alexandra Theatre all next week. She comes with "The Mimic World," and will render her celebrated Mendelssohn's "Spring Song" with every performance.

"The Mimic World," the big musical revue of the Messrs. Shubert and Lew Fields, is a treat of fun and reason. Its burlesques on "The Wolf," "Lord

DRESDEN ORCHESTRA WINS GREAT APPLAUSE. Fine Concert by Visiting Saxony Band in Massey Hall—Germanie Soltzner Brilliant Pianist.

Except thru the influence of a counter attraction it is hard to explain why Massey Hall was not crowded last night to hear the Dresden Philharmonic Orchestra and Miss Germanie Soltzner, pianist.

The Dresden orchestra was immensely popular in Toronto, not only because of its original readings of the score, but also a young lady who, while hardly more than a girl in age and physique, easily surpassed in piano technique and interpretative powers such virtuosi of her own sex as Teresa Carreno and Fanny Bloomfield-Zeisler.

Her husband, who has heard her not only a most excellent orchestra, but also a young lady who, while hardly more than a girl in age and physique, easily surpassed in piano technique and interpretative powers such virtuosi of her own sex as Teresa Carreno and Fanny Bloomfield-Zeisler.

GERTRUDE HOFFMAN In Her Famous "Spring Song" Dance With "The Mimic World" at the Royal Alexandra Next Week.

Dundreary, "Father and the Boys," "The Witching Hour," "Girls," "The Yankee Prince," "Merry Miles from Boston," "Mary's Lamb," "The Spring Chickens," and other hits of last season, are the real essence of hilarious fun and frolic.

Fannie Ward of St. Louis has been cordially welcomed in Chicago, Boston and New York City on the first tour of America which she has made as a star in the comedy "The New Lady Bantock," by Jerome K. Jerome.

The supporting company has been pronounced the best comedy organization that has been seen in the American theatre in many seasons, including Charles Cartwright, the prominent English character actor.

"Mrs. Temple's Telegram," with Rose Evans in the title role, is proving even a greater success than heretofore. The next Tuesday at 11 o'clock a.m. at the Granville Club, when the presentation of various reports for the tankard, banner, medals and other prizes for the different competitions will be made.

At the Queen's are: Sir James Grant, Ottawa; Herbert Mills, Manchester, England; Mr. and Mrs. Umack and Misses Umack, Australia.

Among the guests at the King Edward are: Dr. R. C. O'Connell, St. Francis; Alex. McDougall, Ottawa; Mrs. J. S. Hough, Winnipeg.

Girls Go to Jail. KINGSTON, April 15.—(Special.)—Alice Thomas and Elizabeth Hazlett, two young girls from Toronto, were given three months in the county jail for vagrancy.

Six weeks Mrs. Elmer Sanford left her husband at Watertown, N.Y., and came here with her child. Immigration Agent Devlin has deported her as an undesirable. She will give up her child, but refuses to live with her husband.

Theft Charge. For theft of \$51 and a ring, Marris Minty, 64 Walton-street, was yesterday arrested on a warrant sworn out by James Friedman, who says that Minty was seen picking up the property where Friedman had dropped it.

Dugan is Supported. MONTREAL, April 15.—(Special.)—It was reported from the east today that General Manager Dugan of the Dominion Coal Company was to be re-elected because of a warrant sworn out by James Friedman, who says that Minty was seen picking up the property where Friedman had dropped it.

Changes of the Teams in the N.L.U. Race

Montreal Looks Strong on Paper—Notes of the National Game.

In looking over the lacrosse situation from an N.L.U. standpoint the prospects are very good. Montreal are enthusiastic over their team...

Shamrock will have a good team and intend trying out some young players, and if they can land a few more like Hyland, who played such a grand game last year...

The Nationals, too, are figuring on giving several Juniors a chance to make their team...

Very little has been heard so far about the Ottawa team, but with Mr. Win. Foran again taking an interest in its affairs...

Jimmy Murphy's team will be practically the same as last year with the possibility of a few changes on the home side...

In regard to the Minto Cup games the Toronto team will be chosen from the following: H. Ruddick, Williams, Lyons, Cowling, Morgan and Fisher...

The Friends' Adult School Football Club and Western Congregational play at Exhibition Park at 8 p.m. on Saturday...

The Lacrosse team to meet All Saints at Hamilton Point on Saturday will be Ellis, Goss, Hinton, Gray, Baker, Hanson, Wright, Holdsworth, half backs: Starbuck, Freeman, Austin, Morgan and Rover...

For the game on the same grounds at 2 p.m. Lacrosse Reserves, Don Valley Park, will play a double-header...

The track at Woodbine is in excellent condition. In fact, it is faster now than it has ever been before at this time of the year...

Alfie Shrubb leaves Saturday for New York, where he will race St. Yves a week to-morrow...

Sandy Macdonald vs Old Reserves

We guarantee that our "Sandy Macdonald" 10 year old Scotch Whisky is a perfect whisky, perfectly matured and that though it is less expensive than so-called 20 or 30 years "Old Reserves," it is vastly superior to any of them.

The difference in price, as the ages advance, only represents the interest of money on the original cost of the whisky, and an allowance for the loss by evaporation while it is in the wood.

It is less expensive than "Old Reserves," and excels them all as to quality.

Stop paying for a mere "process"—Get intrinsic value for your money.

JOHN CATTO & SON MILLINERY

of every kind adapted and designed to the particular requirements of face, costume, or other detail involving special treatment to produce the best results.

Our buyers have returned from New York where they have succeeded in securing a lot of high-class suits. These are coming in daily, and if you have left off ordering a suit too long to have it made, you can get one of these and have it as good as new and at a price that, without the wear and tear of a suit, will give you a new one.

Amongst this season's choice imports will be found a great variety of Single Costume Lengths, which prevent duplication of Gowns. Some of this season's favorites prominent in our stock are: Satin Cloths, Drap de Paradis, Ladies' Cloths, Cashmere, Silk and Wool Henriettes, Chamois, etc., form an elegant group from which anyone may be selected.

Immense range of beautiful color check Gingham, also Shantung Zephyrs in many pretty shades. These added to our strong showing of Chamois, Macramé, French Prints, Plain Crepes, Printed Muslins, French Décalés, Challies, Cambric, etc., form an elegant group from which anyone may be selected.

While most of the attention is just now centered in matters of dress, the Linen and House Furnishing Department have determined not to be overlooked. THERE ARE EXCELLENCE TO BUY. TODAY DON'T MISS THEM, IF YOU HAVE ANY EXCELLENCE TO BUY.

MAIL ORDERS A STRONG FEATURE. JOHN CATTO & SON 15 TO 31 KING-STREET EAST, TORONTO.

THE SAVOY

(Yonge and Adelaide Sts.) SPECIAL LUNCH—Every day 12 till 2, for busy people. Bright, Prompt Service, Moderate Prices.

ICE CREAM—Frappees, Sundae, Sodas, Parfaits and Ices. CANDIES—Delicious Chocolates and Bon Bons, Caramels, Cream Almonds, &c.

NEW MONTREAL ALDERMAN. MONTREAL, April 15.—(Special.)—J. Restier, architect, was elected Alderman for the 15th ward, receiving 55 votes. G. W. Parent and Gravel lost their deposits.

Verdict for Defendant. ORANGEVILLE, April 15.—(Special.)—At a late hour in the jury room in the Gray-Morrison 10,000 damage case returned a verdict in favor of the defendant, deciding that the blow inflicted by Gray was not sufficient to cause Morrison's death.

The case of Kent v. Ocean Accident & Guarantee Insurance Company was taken up. Kent, who was injured in the Caledon wreck, settled with the company for a small consideration. He found afterwards that the settlement was more serious than at first supposed, and this action is the result. His Lordship reserved judgment.

Confesses to Murder. LOCKPORT, N. Y., April 15.—(Special.)—San Kowski, a witness in the jury room at which he had killed Mrs. Tony Plegrog at her home in Buffalo-avenue at Niagara Falls, on March 21, confessed before the grand jury today before he had seen George Patyk striking the woman with the ax, when District Attorney Ackerson jumped from his chair and, pointing an accusing finger at the lad, said: "You are telling lies." Then he confessed.

Chicago Bakers at Limit. CHICAGO, April 15.—According to one of the largest bakers in the city, the price of flour has doubled in the last six years; lard has done likewise; beef has advanced 15 to 20 cents; and every other commodity has advanced. He says that the price of bread remains the same. Three years ago when flour prices were in the rampage many bakers reduced their profits by reducing the weight of their loaves, and the quality of flour used. But it is said there is no further extreme of economy to which they can go.

Harper, Customs Broker, McKinnon Building, Toronto. The "Chased Silver Loving Cup" presented for competition among the lawn bowlers of Canada by Henry Butt, Weston-super-Mare, is now on view at Ririe Bros.

St. Matthews's Lawn Bowling Club will hold its spring meeting to-night at 8 o'clock at the club-house, East Gerrard-street.

DEATHS. EVERETT.—At her late residence, 111 St. James St., Toronto, on April 15, 1906, Mary Ann, widow of the late John Everett, and resident of Toronto for 16 years.

FUNERAL from above address Saturday, April 15, 1906, at 2 p.m., St. James' Cemetery. GILLESPIE.—On Thursday, April 15, at 10 a.m., late residence, 814 Dundas St. West, Davisville, Agnes Ann Kilkin, beloved wife of James Gillespie, aged 47.

FUNERAL Saturday at 2:30 p.m. to St. John's Church, 100 St. Andrew St., Toronto, on Wednesday, April 18, suddenly, of heart failure, in the 72nd year of his age. Burial in the cemetery, 7th inst., at 4:30 p.m. Interment at Mount Pleasant Cemetery.

LAURENCE.—Leopold, died on April 15, Sophia Trannick, beloved wife of Thomas, died on Saturday, April 15, 1906, at 11:30 a.m., at her late residence, 144 Northcote-avenue, at 2:30 p.m., Saturday, to a burials in the cemetery.

Premier Denies an Enquiry. Mr. Foster then renewed his question of Tuesday last, in relation to the report of the New Brunswick Government Commission. He had the prime minister's attention directed to the fact that the Commission had reported that the Government had made a statement regarding the disclosures made by Mr. Crockett at this point.

Mr. Crockett at this point attempted to get a hearing, and while he was on his feet the speaker rose, in his excitement forgetting to remove his hat, and amid opposition jeers endeavored to address the chair.

Mr. Crockett endeavored to remove Mr. Conroy's sombrero so as to put him in order as to his hat. Mr. Crockett's hat was removed, and Mr. Crockett maintained the floor, and the speaker was obliged to intervene. Both members were induced to take their seats.

PROUD OF PUGSLEY, SAYS PREMIER

Continued From Page 1.

Globe, the Liberal paper in St. John, controlled by Senator Ellis, which, in its issue of Oct. 16, pointed out that the country was out this \$35,933, and while it was not clear why Mr. Hymans gave the higher rate, the large quantity of dredging, and while Mr. Hymans threatened to sue McAvity to get the money back, the people of New Brunswick looked to Dr. Pugsley as minister of public works to do the right thing and get the money back for the people of Canada, to whom it belonged.

Dealing with the payment of \$2000 to Dr. Pugsley, Dr. Daniel said the answer to that would be that it was not a professional services that would be perfectly legitimate and it would be an easy matter for Dr. Pugsley to bring those accounts before the committee.

Mr. Foster called upon the premier to go after McAvity and get the money back. McAvity was the premier's friend of Pugsley, but Mr. Foster put there by Mr. Pugsley.

Mr. Fielding said the whole value of the Mayes' affidavit was the fact that it was not a professional services that would be perfectly legitimate and it would be an easy matter for Dr. Pugsley to bring those accounts before the committee.

Mr. Conroy rose to question the resignation and the resignation of Dr. Pugsley. He said that the resignation was not in his place, but the member for North Toronto was also a member.

Mr. Conroy asked him what he meant by "special train" and Mr. Lennox replied that he meant the special train employed in the late election to convey a number of unqualified voters to the polls.

Mr. Conroy asked him what he meant by "special train" and Mr. Lennox replied that he meant the special train employed in the late election to convey a number of unqualified voters to the polls.

# The House or Vacant Lot You Are Looking For May Be Among These Lists

## CANADIAN BRANCH OF HYGIENE CONFERENCE

Sir James Grant of Ottawa Imposes His Necessity Upon the O.E.A. Delegates.

A Canadian branch of the International Congress of School Hygiene was organized at Toronto University yesterday afternoon. President Falconer was chairman.

Sir James Grant, Ottawa, addressed the meeting, which included several hundred of the most representative members of the different sections of the Ontario Educational Association.

Sir James Grant said that the mortality of great cities, such as London and New York, which once ran as high as 80 per thousand, had been reduced to 10.

The medical profession was more bent on the prevention of sickness than preserving their own bread and butter and gloried in the advances which the last twenty years had made.

He rejoiced that the school doctor idea was taking root on this continent. They were 675 school doctors in Germany and they were being rapidly appointed in other countries.

The prevalence of tuberculosis among school children was a serious problem. In one inspection it was found that 228 cases of tuberculosis, 84 of which were pulmonary consumption. It was extremely important that the affected children should be separated from those free from the disease.

Should License Plumbers. An advanced health step would be for all plumbers to be licensed and licensed as the disease caused by defective plumbing permitting the escape of sewer gas was enormous.

When it came to the individual, the three chief enemies to health were impure air, over-eating and alcohol. Sir James earnestly advised his hearers to abstain absolutely from alcohol as a beverage, as it would, even taken moderately, undermine the system and deprive them of recuperative powers if attacked by illness.

On motion of Principal Auden, the meeting organized itself into a Canadian Branch of the International Congress for School Hygiene.

Eight Grey waders elected patron, and Sir Wilfrid Laurier, the Lieutenant-Governors of the various provinces and heads of religious denominations vicepatrons.

Sir James Grant was elected president, and the minister of education of the province, Vice-president. Dr. Helen MacMurchy was elected secretary-treasurer.

Congress in Paris. It was announced that the Third International Congress for School Hygiene will be held in Paris in 1910, a week after the World Exhibition.

Increased attention that has been paid to this subject in all civilized countries to questions of hygiene and the realization of the fact that the foundation of national welfare and prosperity as well as the foundation of good citizenship must be obtained through infancy and school life. The first international congress was held in Nurimberg in 1894, and was attended by fifteen hundred delegates representing almost every civilized state.

The second congress under the patronage of His Majesty King Edward took place in London in 1907, from August 5 to 16. The present Sir Laurier Brunton and the officers of the congress were assisted by practically all the educational, scientific, academic and municipal authorities of Great Britain and the meeting was referred to by the English press as "The most important gathering ever held in England."

Over two thousand delegates including the greatest living authorities on education and hygiene and representing some forty countries of the world attended the sessions, and the influence of the congress has made itself felt generally in the literature, laws and regulations connected with health and education. The British Government in 1907 stated that they were holding their legislative machinery in readiness for the purpose of carrying out the recommendations of the congress.

By unanimous voice the Toronto District Trades and Labor Council condemned the immigration policy of the Dominion Government last night, after receiving the report of the legislative committee. The bonus system was declared faulty. Stringent medical examination of all persons was demanded, not only at overseas ports, but also at border towns, in order to prevent weak-minded as well as criminal immigrants coming into Canada.

Under the present system, medical examiners and inspectors were open to grave suspicion, and it was urged that only men of the highest integrity should be appointed to these positions.

Considerable disappointment was expressed that the fair wage and eight hour bills should have been thrown out by the legislature, and an agitation will be prosecuted to secure the passage of these measures.

The provincial government's grant to the Canadian Northern was characterized as a wanton waste of the public domain and an act of pillage.

The committee appointed to arrange the differences between the electrical workers reported that a letter had been sent to the American Federation of Labor outlining a possible basis of settlement.

A persistent canvass will be instituted to secure legislation to protect those engaged in work of a hazardous nature, in order that the life and limb of the employe should not be sacrificed.

Minor Was Drunk. Benjamin Law, bartender at the Broadway Hotel, was charged with selling liquor to a minor. Liquor Dealers' Association claimed that the minor was the wife of C. J. Bonifacio, Bonifacio, tele of Wight. In accordance with the wishes of the minor, the ceremony was omitted. Mr. Bonifacio's sister, his nearest relative, and friend, Watis Dutton, with whom he lived, was present by illness from being present at the ceremony.

Bro. Jerome St. Joseph's College, Buffalo, has been appointed president of Manhattan College, New York.

**ECONOMY IN COAL MINING**  
**By-Products Marketed That Were** Formerly Discarded.

**NEW YORK, April 15.**—Efforts to establish thru, Captain W. A. May, general manager of the Erie coal properties, that the cost of coal producing in the anthracite fields had materially been reduced in recent years, were made by Attorney J. C. McReynolds, counsel for the government in its suit against the coal-carrying railroads at today's hearing in the case.

Mr. McReynolds asked the witness whether since he had been interested in anthracite coal mining operations there had not been a gradual and material improvement in mining tending toward economy.

"Yes, there has been," replied Mr. May. Since 1899 he said buckwheat, rice and Darley coal had been marketed as by-products. Such coal used to be thrown into the culm or refuse banks.

When asked which of the Pennsylvania coal fields he thought would be exhausted first, Captain May replied: "The Lackawanna. Wait a minute. Perhaps the Lehigh. I'm not sufficient-ly acquainted there to state positively."

"And it is reasonably certain that the Schuylkill will be exhausted last?" "Yes, sir."

Over the protest of Government Attorney McReynolds the taking of evidence was suspended this afternoon until Wednesday of next week, when it will be resumed in Philadelphia.

# COBALT---Heaviness

## Mining Markets Are Broader The Traders Are Bearish

### Teniskaming, City of Cobalt and Little Nip Favorites for Those on the Short Side.

World Office, Thursday Evening, April 15.

A larger market than recently was experienced at the two local mining exchanges to-day, with a large proportion of the trading confined to professional, who are playing for scalping operations during the present undecided condition in quotations.

In general it might be said that the feeling among traders was bearish and consequently most of the sales made to-day were from those who think that prices can be forced to a lower level before the bottom has been reached. Teniskaming and City of Cobalt were again the heavy features of the market and both were certainly under the attack of those who were playing for profits on the short side. Little Nipissing was also a favorite with professional short sellers and the price of this issue was put down a couple of points on small transactions.

Many profits have been secured recently on account of the general weak appearance of the market, and this has led to a favorable opportunity for those who are endeavoring to make prices for the purpose of securing profits.

At the close of the market surprise was expressed that prices had held as well as they had, considering the lack of outside support, but this was explained by reason of the small amount of actual stock which was coming into the market. The short interest was extensively increased by to-day's operations and any favorable turn in prices would undoubtedly be marked by rapid advance in many of the securities which have been favorites among the trading fraternity.

**GETTING UP THE ORE.**

It is estimated that nearly a million ounces of high grade silver have been bagged at Gowganda. The Boyd-Gordon, which is the pioneer in the way of development, has more than half a million sacked.

The following shows the amount of silver ore already mined:

Boyd-Gordon	682,400
Bartlett	120,000
Mann	100,000
Barrett	100,000
Other Properties	70,000
<b>Total</b>	<b>972,400</b>

### INTERESTED IN NORTH LAND

New York Broker Has Enthusiastic Opinion of Silver Fields.

C. W. Chapman of C. W. Chapman & Company of New York, passed thru Toronto yesterday after spending a week visiting the Montreal River district. In which Mr. Chapman's company is interested in several claims in Willett and James Townships. The company has also some claims at the Bloom Lake and Gowganda. He expressed the usual enthusiastic opinions in regard to the possibilities of the northern Ontario mineral districts.

Asked as to the outlook for investment in silver mining stocks in New York, Mr. Chapman said that he thought the outlook was entirely favorable. The big New York market was showing much better conditions right along. Conditions were decidedly improved, and there was no reason why interest, especially in the securities of the good silver properties, should not attract the attention of American investors shortly. In any event it was only a question of time before the material values shown by the Ontario mining district would be thoroughly appreciated by investors.

The entrance of such prominent mining engineers as Messrs. Witte and John E. Hammond, was bound to have a large influence in attracting the mining investment public of the United States as it does a status which has hitherto been lacking in other mining fields.

### BECOMING WIDELY KNOWN

Press of United States Takes Up Silver Fields.

Anyone familiar with financial conditions in the United States knows how self-centered are the interests in the republic. This accounts for the rapidity with which the people of that country become familiar with the silver fields as compared with Cobalt and the northern silver fields. A change is coming steadily. On a recent record Cobalt has proved a richer camp than gold fields. The press of the United States is beginning to take notice. Within the past few months the New York, Buffalo, Denver and Chicago papers have carried special articles dealing with Cobalt, Elk Lake and Gowganda. This week The Christian Science Monitor deals with the Ontario silver fields in an interesting article. This publicity means that United States capital will come into north Ontario in a way that it never has before. The day is just dawning in the mining fields of the north and the country is about to come to its own.

**PRICE OF SILVER.**

Bar silver in London, 23 5/16 oz.  
Bar silver in New York, 23 1/2 oz.  
Mexican dollars, etc.

New York Curb.

Charles Head & Co. report the following prices from New York:

Nipissing, closed 10 to 10 1/4, high 10 1/2, low 9 3/4, sales, 600 shares. Bailey, 8 to 8 1/2, Buffalo, 3 to 3 1/2, Colonel Silver, 10 1/4, Cobalt Central, 3 1/4 to 3 1/2, high 4 1/4, low 3 1/4, 20,000. Crown Reserve, 2 1/2 to 2 3/4.

**TAKE ADVANTAGE OF QUICK DECLINES TO BUY COBALT STOCKS**

**SUDDEN ADVANCES TO SELL COBALT STOCKS**

The market is not in condition for a sustained advance, neither will the bottom fall out of stock known to be good. It is a traders' market. Ultimately our opinion is that much higher prices will be seen, but a continued advance is not to be expected. It is a market set in for a continued advance in the market before it will be possible to handle your business.

## EVERYONE BUSY AT THE NEW CAMP

Work Is Being Done at Gowganda Mines—Installing Machinery—Ore Ready to Ship.

GOWGANDA, April 11.—(From the Man on the Trail.)—Two weeks ago the Bartlett management concluded plans for getting their two big seven-ton boilers over to the mine after the break-up, by corking them up tight and floating them down the lake.

It took two weeks to get the boilers this far from Charlton and yesterday they moved farther on.

Lately the thermometer has been dropping to zero every night and cold north winds have turned a balmy spring into a howling winter.

This tightened up the lakes and put a fresh touch of activity into the work. With much grunting and straining six big horses pulled the boilers, one by one, to the mines, and this completes the outfit.

The boilers that were on the way in from Sellwood, to be delivered at the Boyd-Gordon and Reeve-Dobie, have also arrived.

It is more than likely that the Boyd-Gordon will now be able to ship the 182 bags of high grade ore to the front and it is the intention of the Mann management to send out some more of the famous silver. This will be made up of this camp "solid" with the people outside.

This summer's work should show some splendid results. The "Sivers Limited" are establishing a camp on the Armstrong Tract and have some Armstrong hoists with which to begin sinking to a depth of 85 feet, and active mining is in operation on a calcite vein 3 feet wide, with good showings out to a depth of 125 feet. The O'Keely camp is busy one. More buildings are going up, more men are being taken on and the shaft work is showing up.

A gang of men are now at work stripping on the Fairburn claims.

L. A. C. Pulver.

## BEAR LAKE COUNTRY CAUSING CONVERSATION

Prospectors Are Talking About Finds Made 20 Miles East of Gowganda.

GOWGANDA, April 10.—(From the Man on the Trail.)—Bear Lake, in Tresthew Township, about 20 miles east of Gowganda, on the east branch of the Montreal River, is being discussed by prospectors in town to-day.

Several have just returned from this district and among them was W. Hamilton Wilson of Toronto, well known to most men who mix in mining stocks.

Some others were Osborne Smith and Jimmy McCauley and all were optimistic that it's a silver camp.

The formations in that part of the country are shales, being marked as such on the geological survey map.

From what I hear, some creditable finds have been made in this diabase and silver has been found in several veins composed of calcite and apatite, both minerals being regarded in this country as sure earmarks of the real goods.

Prospectors are confident that this Bear Lake country will be the scene of another camp in a short time, judging by the way many of their numbers are flocking to it.

While on a trip to Hanging Stone Lake yesterday I was at the O'Brien claim, just south of the Bartlett. This property is owned by M. J. O'Brien of the famous O'Brien mines at Cobalt, 4000 ft. back from town to-day there were not many signs of habitation. But lately a fine outcropping of native silver showed up and since then five buildings have been erected. Some ten men are at work on the property and a shaft is being sunk, 30 feet from the camp.

The work goes on and yet there are skeptics who believe there is no silver here.

As to such and to others who believe there is no depth.

But the silver certainly didn't rain from the heavens and it certainly formed to some depth. There's no other method.

The Mann, Boyd-Gordon and Bartlett are getting ready to start a shipment of high-grade ore that will surprise many.

A. C. Pulver.

## EXAGGERATED STORIES

Dangers on Gowganda Trail Are Very Slight.

A subscriber who signs himself "Prospector," writes from Cooksville a reassuring letter concerning the hardships on the trail, he says, have been greatly exaggerated. He left Gowganda on April 11, and had no unusual difficulty in reaching Elk City. "On the trip over," he says, "I saw scores of men on foot travelling both ways and there were still a few teams going in and coming out. The tariff charged by these teamsters would be almost anyone outside the military class, to walk. Given a man of ordinary intelligence the danger of travelling that trail on foot from now until navigation opens is in my opinion very slight."

## 24 HOURS ON THE LAKE

ADRIEN IN SMALL BOAT.

ROCHESTER, N.Y., April 15.—Wichout a misfitful of food for more than twenty-four hours and living in momentary expectation of being swamped in his frail boat, Edgar L. Brown, of Port Hope, who was reported to have been drowned, when in a boat, in which he had fallen asleep, was blown out to sea, reached Port Hope, 300 miles, on a telegram to-day. Brown was fishing on Round Pond near here, fell asleep in his boat and was carried out to sea. He was seen by a fisherman on a life saving station, and Capt. Forbes manned the boat with his crew. After four hours' fighting, they had to give up.

## SIMPSON COMPANY, LIMITED

**Barr's Daily Market Letter**

Toronto, April 15.

Professional trading contributed most of the business at the mining exchanges to-day. Rumors are still prevalent regarding Teniskaming and City of Cobalt, and both of these stocks are still under pressure. A further drop in price will occur. Tresthew shares are holding well, and the nearness of a dividend declaration is keeping investment stock intact. The market has the appearance of being weak, but we are of the opinion that good speculative turns can be made by buying such issues as Peterson Lake, Beaver, Chambers, Perland, Foster and Little Nipissing on the weak spots.

**A. J. BARR & COMPANY**

## Real Silver Properties for Sale

WE have for sale real silver properties in Gowganda, Leroy, Miller, Bloom and Silver Lake Districts. These are not snow-staked claims, but possess the real article in considerable quantities. They are the cream of the respective districts and some have several thousand dollars worth of ore in sight. Purchasers desiring to participate in profits from real mines will do well to look into these at once. Call at our offices or write at once.

# A United Programme of Attractions for Saturday

## Every Section of the Great Cloak Department Joins in Demonstration of Simpson's Increased Power to Please

**KEYED** to the pitch of climax we feel that this Saturday ranks with Easter Saturday as a shopping day for Spring fashions and we are prepared to serve Toronto as never before. Every section of the Cloak Department will contribute in a concentrated effort to make this great department yield its utmost usefulness. Without further words let us give you a brief summary of the plan arranged for Saturday morning's selling:

First of all, a set of Tailored Sample Suits at \$25.00, worth up to \$50.00.

100 samples New Model Costumes, high-class and stylish. Every suit is different. The very last designs in walking styles from New York. Every suit is a perfectly tailored garment. Made in satin cloths, soft West of England worsteds, prunella cloths, rajahs, Panamas, etc. And all new colors, ashes of roses, palm green, golden land, greys, taupe, smoke, pearl, fawns, and moss greens and new browns and navys; also checked designs, in black and white and blue and white; a really beautiful lot of suits, that are well worth coming to see. Exclusive styles every one. Regular values \$35.00, \$40.00 and \$50.00. Saturday \$25.00.

Then a lot of smart English Worsteds Suits at \$10.95.

We secured 1500 yards of splendid quality English Worsteds at a remarkably low price. We have had these man-tailored at our own factory after two or three of the most becoming and smartest of our New York Suits. They are all well made, and will give undoubted satisfaction for every-day wear and tear. The colors are good, too, in brown tones, grey tones, taupe and navy shades. The coats are cut medium long, in three styles. Tailored collars and cuffs, with well-cut skirts. In the newest fashions. See these tomorrow, \$10.95.

Third, an introduction of 2000 Tailored Shirt Waists at \$5c.

Smart Tailor-made Waists, every one of them. Made in fine white-laundered lawn, and also in pale blue and white striped washing fabric. Tailored Gibson pleat back and front and over shoulder. Flat handkerchief pocket. Shirt sleeves, link cuffs. Laundered linen collar

and bow of material to match, and large pearl buttons. Sizes 32, 34, 36, 38, 40 and 42 inches. One of the smartest tailored waists of the season—95c. Phone.

Fourth, a set of English Costume Manufacturer's Samples—Summer Dresses, Waists and Petticoats. As every garment is different, we can't list the prices in full. They range from \$1.00 to \$10.00. The saving is one-half to one-third.

Summer Dresses. The styles are the very latest; the designs not yet been shown in this country. They are all high-class goods, and every garment will be sold at a substantial reduction. Every garment is different.

Ladies' Waists, in silks, satins, laces, nets, lawns, muslins, mulls and linens.

Ladies' Dresses, in linens, chambrays, sephyras and mulls.

Ladies' Petticoats, in silks, silk moirettes and moreens.

Each lot will be sold in their rightful section on tables reserved for them.

### What People Say About Simpson's Dress Goods

No. 4—The Lady of Fashion

**IF ONE** is to be distinctively dressed one naturally gets one's costumes made to order. Then every detail comes under the jurisdiction of personal taste. And the first and by far the most important detail is the material itself.

"Simpson's dress goods," said a Toronto leader, "have one very good thing to recommend them. You have an unlimited choice."

Which is perfectly true—we show the largest variety of Dress Goods in Canada. And the lady might have added—at the most moderate of prices considering quality.

Special showing of 6,000 yards of the latest and most fashionable weaves, in full ranges of the newest colorings in Dress and Suiting Fabrics.

Black Worsteds, Broadcloths, Suiting Serges and Chevots, 50-56 inches wide. Special \$1.00 yard.

Sashes and Hat Bows tied free at Ribbon Counter.

### Some Suggestions About Lace

Laces will always be an adjunct to femininity. Mannish styles may come and go, but lace will never lose its charm for women.

This is the time to think about lace. Spring costumes, spring trousers, summer dresses, have all to be considered right away. Simpson's Laces have always these points to recommend them:

1. An immense choice.
  2. A tasteful selection to choose from.
  3. A qualified staff to advise customers regarding laces.
  4. Quality and worth at Simpson's moderate prices.
- Don't you come in and spend five or ten minutes in looking at our Laces? No matter about buying unless you really want to. We would like to see you grow enthusiastic, even though you don't want laces yet.
