GERMANS LOSE HEADWAY ALONG LINE OF AISNE

Three Battalions With Nine Detachments of Selected Troops Fail Miserably.

FIGHT IN CHAMPAGNE

Enemy Tries to Wrest Trenches from French—Makes No Gains.

London, Aug. 10.—On the long-neglected front near St. Quentin the Germans have delivered a surprise attack of considerable proportions, but were unsuccessful in gaining ground anywhere except at several weak points in the centre of the French line. Otherwise the fire of General Foch's men put down the rally, inflicting considerable casualties on the Germans.

Likewise, along the Aisne front, the Germans have delivered onslaughts against the French, but here also they met with the same result that has marked the previous attempts of the German army to pierce the French line—defeat. At several points the Germans managed to make their way into isolated trenches, but they were driven out by hand-to-hand fighting or were captured.

The French war office communication issued this evening says: "To the north of St. Quentin, both sides displayed continued activity. In the region of Fayet, at three o'clock this afternoon, two enemy attacks were repulsed. The first was directed at the Meneux farm, where the trenches captured by us on July 30.

"Belgian communication: During the day of the ninth and the following night, the German artillery was especially active in the region of Ramscappelle. On the evening of the ninth our artillery shot down a German airplane. Today we carried out numerous artillery bombardments with a view to destroying or neutralizing enemy batteries or to find their range. "Army of the east, Aug. 9: After strong artillery preparation an enemy battalion attacked at eight o'clock p.m. the positions occupied by the Franco-Belgian troops in the region of Humu, but was repulsed. Feeble artillery activity prevailed all along the front on the ninth instant."

BORDEN'S CABINET WILL SOON BE REORGANIZED

Premier's Offer to Certain Liberals, Including N. W. Rowell, is Still Open—Flood of Messages in Support of Conscription.

By a Staff Reporter. OTTAWA, Aug. 10.—Sir Robert Borden left this afternoon to spend the week-end at Hon. Dr. Reid's summer house on the St. Lawrence and get a much needed rest. He looks tired out. With his departure the political excitement of the last two days, which was occasioned by the now famous Rideau Hall conference, subsided, and there will be no developments so far as the government is concerned until after his return next week.

That there will be reorganization of the cabinet is certain, and there is still a strong probability that it will include some prominent Liberals. Altho Sir Wilfrid Laurier has refused the second offer of the premier to join with him in the formation of a union government, the offer made by Sir Robert to certain Liberals to enter his government is still open, and the time is approaching quickly when an announcement will be made.

APPEAL FROM RUSSIA SWAYS BRITISH LABOR

Changed Character of Proposed Conference at Stockholm Also Influence—Workmen's League Protests and Way May Be Blocked.

London, Aug. 10.—The British Labor Congress, by its vote of 1,046,000 to 550,000 in favor of sending representatives to the conference at Stockholm, reversed the policy to which the party committed itself at its recent convention. The changed attitude was due to an alteration of the plans of the socialists, by which the conference will be merely a consultative gathering for the presentation of the views of the different sections, instead of one for framing peace terms or a platform of the international socialist movement.

Russian influence has been an important factor in the British decision. Arthur Henderson, minister without portfolio, returned from Petrograd convinced that British Laborites should participate in the convention at Stockholm, and British Socialist correspondents at Petrograd have been sending cablegrams stating that it would be a mistake for the Russians to be left to confer with Germans and neutrals and for the voice of the British workmen not to be heard.

BRITISH AERIAL SUPREMACY TO WIN CAMPAIGN

Aviators Do Effective Work in Fighting Foe in Trenches.

ACT WITH AUDACITY

Nightly Operations of Machines Effectively Damage Hun Defences.

By Stewart Lyon. Canadian Headquarters in France, via London, Aug. 10.—Reports from our own front this morning record that aeroplanes yesterday attacked the enemy's observation balloons which were directing his snuff from points well behind his front.

Another plane pursued and opened fire on parties of Germans behind the enemy front and a cyclist despatch rider. These operations, in addition to the regular program of bombing trains, railway stations and supply depots many miles behind the German front in the country, they are becoming more effective than the cavalry has been in any past war. The overwhelming aerial supremacy and ample supply of bombs and machine guns for the aviators is likely to be a decisive factor in the last phase of the war.

Field Marshal Haig in Flanders Captures Important Positions East of Ypres, South of the Railway to Roulers—Enemy Loses Wood, Ridge and Village.

London, Aug. 10.—The official communication issued tonight by British headquarters, says that the British troops have made further gains on the battlefield east of the Belgian town of Ypres. The communication says that heavy casualties were inflicted on the enemy during fierce fighting for possession of advantageous positions.

"Our attack this morning east of Ypres was delivered on a front of nearly two miles south of the Ypres-Roulers railway. On the right wing of the attack, heavy fighting occurred for the high ground astride of the Ypres-Menin road. Some progress was made by our troops in this area and the fighting continues. "In the centre and on the left, our attack, after overcoming the enemy's resistance, resulted in our gaining the whole of our objectives. In addition to Westhoek and Westhoek ridge, which are now completely in our hands, our troops established themselves in Glinereux Wood. In the fierce fighting that occurred, heavy casualties were inflicted on the enemy. We took 240 prisoners. "In addition to the foregoing number of prisoners we captured in successful raids last night on the trench line east of Mouchy-la-Neuve 86 of the enemy. "The enemy raided one of our posts southeast of Glinereux and two of our men are missing. Another hostile raiding party was repulsed northeast of Gouzeaucourt. "There was great activity in the air yesterday, but strong westerly winds and thick clouds made it difficult for

BRITISH NOT SHAKEN BY COUNTER-ATTACKS

Advance Carried to Extreme Depth of Five Hundred Yards, and Gains Are Well Maintained—French Find Guns Abandoned

London, Aug. 10.—(Via Reuter's Ottawa Agency.)—Reuter's correspondent at British headquarters in Flanders, telegraphing today, says: "Early this morning the Germans received definite proof that their newspapers were talking both when they declared that the British offensive in Flanders had come to a standstill. That their high command does not think so is shown by the strenuous advantage it has taken of the conditions which had weather has imposed on us, to strengthen their front and rear defences.

I learn that no fewer than ten enemy divisions have been withdrawn since the 31st of July, which is a fair criterion of their losses, since we know that most of these troops were fresh in the line on the eve of the attack. "Our operations this morning were not of the first magnitude, but rather a battle for position to complete our partial dominance of Westhoek Ridge. Following the usual chunderous preliminary firing by the gunners our infantry went over at 4.30 on a front of 2,500 yards. We carried the advance to an extreme depth of 500 yards. At the time of writing the Germans are preparing counter-attacks, but our artillery are warn-

CANADIANS CARRY OUT DASHING RAID AT LENS

Ontario Troops Destroy German Defences on Two Thousand Yard Front in Cite du Moulin Sectors.

By Stewart Lyon. Canadian Army Headquarters, Aug. 10.—Under the protection of a heavy barrage, shortly after 4 o'clock Thursday morning, raiding parties on a front of over two thousand yards penetrated the enemy's positions in the Cite du Moulin and St. Laurent sectors, returning with several prisoners.

The raiders, on a large part of the front attacked, passed over the enemy's first line and support trenches, which were found to be lightly held and in bad condition. A number of the enemy subterranean shelters were demolished, but nothing is known as to the fate of their occupants. Our men returned to their own trenches with manifest reluctance. Some of them said there would have been no difficulty in pushing forward into the streets of Lens. The troops engaged were from Ontario. Their casualties were slight.

At some points the trenches were found to have been pouched out of all resemblance to defensive positions. Many dugouts were also seen that had been blown in by our heavy guns. One exploring party had land mines exploded in front of them near a crater, which was the scene of lively fighting earlier in the week. Undisturbed by these explosions they pushed on and encountered an enemy patrol of thirteen men, who took shelter in a dugout. Only two answered the call to surrender, and the remainder were killed in the destruction of the dugouts.

Russians Inflict Heavy Losses on Foe on Sereth River.

London, Aug. 10.—Russian and Rumanian troops repulsed enemy attacks in the Trotus Valley and then launched vigorous counter-attacks which gained them prisoners and captured machine guns, according to an official statement issued today by the Rumanian war office. The statement follows: "In the Trotus Valley enemy attacks were repulsed; and in counter-attacks Russian troops, who maintain all their positions, forced the enemy to flee in disorder after taking prisoners and machine guns. "Between the Trotus and Putna valleys Rumanian troops gallantly withstood a violent artillery bombardment with attacks accompanied by asphyxiating gas. They completely repulsed the enemy in five assaults, except at a single point in the Otus valley. "On the Putna and Sereth rivers, Russo-Rumanian troops, attacked many times by superior numbers of the enemy, inflicted heavy losses and maintained all their positions. "In Galicia, Bukovina and southern Moldavia the Germans and Austro-Hungarians are declared by the war office to be continuing their gains. Southeast of Cernowitz, the capital of Bukovina, the Russians have penetrated the Russian frontier positions. Further south fighting with their allies, they have taken height positions between the Trotus and Putna valleys, and in southern Moldavia, in the region of Fokshani, have thrown their forces across the Sutchiva River on a wide front.

SPLendid RESPONSE
TO HARVEST CALL

War Production Offices
Thronged With Men From
All Walks of Life.
PARTY FROM COBALT
Estimated That Over Fifteen
Hundred Have Gained
From Toronto.

The splendid response we are receiving from employers through the province will assure that there is no need of any of the crop of 1917 being lost through lack of harvest labor. This encouraging statement made yesterday by Dr. W. A. Riddell, director of public works was repeated in effect by all the leaders in the city of the campaign for laborers on the harvest fields of the province. All day long the office of the War Production Club at 16 East King street was thronged with men from every walk in life, all anxious to do their part. Many applications were received by mail and telephone, and all applicants will be placed on the farm immediately. The Ontario Employment Bureau has sent out this week 250 men, and conservative estimates place the number gone from the city between 1500 and 2000. This total will be largely increased next week, when many more men will be sent to the farms.

All classes of the province are responding nobly to the call, and it is expected that many of the towns will furnish sufficient labor for the territory immediately surrounding, but there is a great scarcity of men in many communities, which will be made up by volunteers from Toronto. The War Production Club will send next Tuesday 500 men to Perth county, where they will be placed on farms. Adam N. Davis of Cobalt is wiring the department here that he is coming down to Ottawa with a party of fifty who are anxious to get in the harvest this year.

Offer Good Wages.
Farmers generally are offering good wages to workers. "Fifty to sixty dollars a month, and the employer has stated one official of the employment bureau, "is by no means uncommon, and others of \$2 and \$3 a day with a general average of \$2.50 a day are many."

Dr. Parsons, president of the Ontario Manufacturers' Association, has appointed a committee to study the conditions of the food control and provincial government to aid farmers in securing help, stating that the committee has been made through the province are extremely encouraging. Word has come from practically all the leading centers of the province that the employers of labor, including manufacturers, municipal organizations, wholesale and retail merchants, financial institutions and others, are all working together as a unit on the problem.

Bonus Employes.
In a statement Mr. Parsons says that in the case of some employers of labor particularly merchants and financial houses who in any case are not paying their employes two weeks' holidays a year, they are giving them in addition to their regular salary or wages a bonus covering the period of their working in the summer. In other cases manufacturers and other employers are paying the usual rate and allowing their men to secure additional pay for their services by the farmer. In other cases, again, employers are paying a proportion of the regular wages over and above the usual rate, and in some cases are paying a bonus in addition to their regular salary or wages.

Those who inaugurated the movement for greater production last spring, but in the public and light of the present conditions, war production club, and agriculture and labor departments of the provincial government, there is no need for further organization. The need is imperative, and must be met immediately. If individual employers will take a personal interest in this important matter, and in the case of a short pull, a strong pull, and a pull altogether, such effective aid will be given that the province's magnificent crop will be all gathered in.

Electrical Company's Appeal
To Be Heard in November

Hon. J. B. Lucas, attorney-general, stated yesterday that a cable had been received from the agents of the provincial government in England, stating that the provincial council had granted the Electrical Development Company leave to appeal against the decision of the Ontario court that the company had no right to proceed against the Hydro-Electric Commission in connection with the use of water from the Niagara River. The appeal will probably be heard at the November sitting of the provincial council.

FOR THE EMPIRE

Lieut. Gordon Hanlan killed was the first message received yesterday morning by Mrs. Edward Hanlan, widow of the late Edward Hanlan, the world famous sculler. There were no particulars as to how death came to the young aviator, who, like his father, was prominent in sport. It was while working as a mining engineer in Denver, Colo. that he received a message from his mother stating that she believed it was the duty of every single man to do his best for his country. Immediately young Hanlan came home and took out an officer's course. Upon his arrival in England he transferred to the Royal Flying Corps and successfully passed his examinations for this branch of the army. Last May, while trying out a new type of aeroplane for scouting purposes, he was killed when he crashed into a landing. His injuries upon that occasion were very serious.

Sapper Thomas Quail, of 111 Connelly avenue, was killed July 27. He was a member of the 24th Infantry and went overseas in August 1915. Before enlisting he was a pattern maker. He was born in Scotland, and came to Canada about ten years ago. Sapper Quail was 29 years of age and his parents are living at the above address.

Pte. Ainger John Davey, a young Englishman who joined Col. Belson's battalion at Toronto in the fall of 1915, and went to England on the Olympic in the spring of 1916, is reported to have been killed in action during the Somme advance last November.

Pte. B. Dewitt, 18 First avenue, who was reported missing in April last, is reported to have been killed in action. He was born at Pickering 26 years ago, and came to Toronto at the age of 24. He had been at the front since last October. Before enlisting he resided with his uncle, Mr. W. Dewitt, at the above address. He was a member of St. Matthew's Church.

Pte. Angus Burns, 18247, formerly of 34 Wm. street, Mount Dennis, is presumed dead. He has been missing since September 26, 1916. He enlisted with the 2nd Battalion in England, and had been in Canada two years. Mrs. Burns, who lives now at 563 Yonge street with two small children, says she has heard that her husband is living as a prisoner in Germany.

Pte. Joseph W. Kay, of 272 Grace street, was killed in action. He went overseas in May, 1916, and was 20 when he was killed. He was a member of the 2nd Battalion in England, and before enlisting was employed with the Grand Trunk Railway. Kay was born in England, and came to live with Mr. and Mrs. Anderson about 13 years ago when only a boy, and naturally had become a member of the family. His father resides in England.

Pte. William Charles Stone, who was reported missing some months ago, is now presumed to have been killed in action. He was a farmer near Newmarket before enlisting with the 12th York Rangers. He was 19 years of age and was born in England. He is reported to have been killed in action in May, 1915.

Lieut. H. J. Stuart, who has been missing since October last, is now presumed to have been killed in action. He was a secretary in the office of the Princess Patricia's when he was afterwards transferred. When he went to the front his wife resided at 14 Kennedy avenue, but Mrs. Stuart is now at Lakeside. Lieut. Stuart was a son of Col. R. J. Stuart, inspector of war supplies at Kingston. Prior to enlisting he was secretary to the superintendent in the provincial legislature.

the position of stationmaster at Fort William.

Pte. Thomas Morseau, brother of Mrs. Jas. Reid of 130 Beatrice street, is dangerously ill. He enlisted in a Winnipeg battalion, and went overseas in April. He is 23 years old, and was born in Lafontaine, Ont.

Pte. Wm. Collie of 416 East King street, has been reported missing since Jan. 2 of this year. His wife and large family of small children have been anxiously waiting for word since then and not until last week had any particulars come to them. Then they heard that Corporal Percy Carr, in writing to his parents at 18 Sully crescent, had told of picking up a picture of Pte. Collie on the battlefield. With the picture were two German postcards and a German letter, and Corp. Carr's conclusion was that Pte. Collie had been taken prisoner and his captor in turn either man or killed.

Gunner Lewis Russell Lawless, son of Mr. Thos. Lawless, 18 Leopold street, is reported to have received severe wounds in the face. Gunner Lawless lives for some time in the west, and enlisted in Alberta with the 51st Battery. He went overseas with the first contingent, and was one of the first Canadians to see active service in France.

Gunner M. T. Douglas enlisted in the Governor-General's Body Guard as a trumpeter at the outbreak of the war and transferred to the Canadian Remount Depot, then to the C. P. A. He saw active service at the Somme, Ypres and several other big battles, and is now lying in an English hospital, suffering from trench fever, severe cold, Reynold's disease, congestion of both lungs and a shrapnel wound in his hand. He is the son of Mrs. Douglas, who appears this week at Shea's Hippodrome, with her husband and children, as "The Douglas Family." The family lived two years in Toronto.

Pte. H. S. Charles, 130 Victor avenue, is reported wounded by gunshot in the left arm, July 26. He enlisted three years ago. He is now 21 years old, and was formerly in the automobile business. His brother, Garnet, was wounded Easter Monday.

Gunner G. B. Bodkin, 20 Russhome crescent, in the late July explosion, was severely fractured of the leg. He is the son of Mr. and Mrs. William Bodkin. Next Sunday will be his birthday, when he will be 19 years old.

Driver W. H. Naxon, formerly of 37 Brook avenue, has been admitted into hospital suffering from a fractured leg. He is 23 years of age, and went overseas in the spring of 1915 with the second Canadian contingent and was attached to the 2nd Division Ammunition Column. He was formerly with Messrs. Leitch and was a member of the Woodwood ball team.

Pte. Oliver Kimmmer was blown up fifteen feet in the air by shell explosion, and having received hospital treatment is back in the trenches. His brother, Corp. Wm. C. Kimmmer, was born in England, and came to live with Mr. and Mrs. Anderson about 13 years ago when only a boy, and naturally had become a member of the family. His father resides in England.

years of age, a native of London, Eng., but came to Canada when only a boy. He worked for the Consumers' Gas Co.

Pte. Walter W. Cohen, nephew of Mr. Wm. Walls, of 111 Boon avenue, has been reported wounded by gunshot in the head. He went overseas four months ago, and before enlisting was a clerk in a shoe store on College street.

Pte. T. Waring has again been reported in the casualty list early in January of this year. Pte. Waring was born in Belfast, Ireland, but came to Toronto about ten years before his enlistment with a local unit. Before joining the colors he was a carpenter by occupation.

Pte. Albert George Harris, 123 Yorkville avenue, reported dangerously wounded July 31, is reported seriously ill August 5 in the 4th General Hospital, Cambridge. Pte. Harris is about 25 years of age. He was born in Scotland and came to Canada about seven years ago. He worked for some time with the Massey-Harris Co., but enlisted with the 5th Battalion, Canadian Infantry, in the summer of 1915.

Pte. Edward L. Vokes, son of Mr. J. L. Vokes, 246 Bourse street, has again been reported in the casualty list, injured August 1, when acting as sniper and scout. He went overseas with a second contingent unit, and was formerly in the Army Medical Corps in England.

Pte. N. J. Kelly has been wounded. He is unmarried and is about twenty-three years of age. He was slightly injured August 1, when acting as sniper and scout. He went overseas with a second contingent unit, and was formerly in the Army Medical Corps in England.

Pte. William Edgar Wilson of 41 Helena avenue, has been reported in the casualty list. He is married, with two children, and before enlisting was a teacher by trade. He went away about eighteen months ago, was born in Exeter and lived in Toronto many years.

Pte. Charles Dennis of 350 Wilton avenue has been wounded, according to a message which his mother received last July and was in the trenches about a year, being wounded July 27. He is 23 years of age. Three of his uncles are also in the Army.

Pte. John Joseph Curley, 9 Waterloo street, was wounded in action July 23. He was born in Toronto 27 years ago and went overseas in October last. Before enlisting he worked in Polson's Iron Works.

HOW TO GUARD
AGAINST THIS TROUBLE

"Fruit-a-tives"—The Wonderful
Fruit Medicine—Will
Protect You.

Auto-intoxication means self-poisoning, caused by continuous or partial constipation, or insufficient action of the bowels. Instead of the refuse matter passing daily from the body, it is absorbed by the blood. As a result the kidneys and skin are overworked in their efforts to rid the blood of this poisoning. Poisoning of the blood in this way often causes indigestion. Loss of appetite and Disturbed Stomach. It may produce Headaches and Sleeplessness. It may irritate the kidneys and bring on Pain in the Back, Rheumatism, Gout, and Rheumatic Pains. It is the chief cause of Eczema, and keeps the whole system unhealthy by the constant absorption into the blood of this refuse matter. "Fruit-a-tives" will always cure Auto-intoxication or self-poisoning—"Fruit-a-tives" acts gently on bowels, kidneys and skin, strengthens the bowels and tones up the nervous system.

RAILWAY MEN FIGHTING
FOR BETTER CONDITIONS

John Hodden, Superintendent of Schedules, Gives Evidence Before Conciliation Board.

The street railway conciliation board yesterday heard the evidence of John Hodden, superintendent of schedules, regarding the period of the time over which the men are required to spread their platform duty, and as to whether they should be awarded extra pay for such time after the expiration of twelve hours. The representatives of the employees made a strong fight for better working conditions and state that the company has been fixing its schedules so as to get the benefit of the experienced men's time in the rush hours in the morning and evening, letting them off for a long interval. The employees want this interval to be counted as part of the twelve hours and any time worked over that period to be at an increased rate. The men also claim special treatment for Sunday work.

THOUSANDS OF MEN REQUIRED
FOR HARVESTING IN WESTERN CANADA.

Thousands of men are required to help in the great work of harvesting the western crop. Arrangements for transporting to the west this great army of workers have been completed by the Canadian Pacific Railway. Excursions from points in Ontario to Manitoba, Saskatchewan and Alberta will be run, and special trains operated, making the trip in about thirty-six hours, without change or transfer. Going trip west, \$12.00 to Winnipeg; returning trip east, \$18.00 from Winnipeg.

Appoint Magistrate Under
Highway Commission Act

The Ontario Gazette yesterday contained notice of the appointment by his honor the lieutenant-governor of Toronto to be police magistrate pursuant to the Toronto-Hamilton Highway Commission Act, 1917. He will have jurisdiction for the purposes of this act and the trial of offences against this act, the Motor Vehicles Act, any regulations made under the authority of the highway act committed wholly or in part in the vicinity of the Toronto-Hamilton highway.

Will Acquire Land This Year
For Ottawa-Prescott Highway

Announcement was made yesterday by Hon. F. G. Macdormand, minister of public works, that the department of highways would probably proceed this year to acquire the necessary land for the construction of the highway between Ottawa and Prescott to a uniform width of 66 feet. This road, which will cost in the neighborhood of \$600,000, will be a part of the proposed provincial highway system and will serve to connect the capital with the state roads of New York State. The present road from Ottawa to Prescott is in many places less than 35 feet in width.

CITY HALL NOTES

Mayor Church is of the opinion that only men who have served in France and Flanders should be appointed to civic positions. He will move to this effect at the board of control meeting this morning.

Many citizens have complained that returned soldiers are not being employed by the Exhibition directors in preparing this year's fair, but the board has stated that it has tried to obtain veterans where possible, in many cases the men refused the work.

About Four Hundred Kiddies
Enjoy Picnic at Ward's.

Ward's Island was yesterday the scene of one of the merriest picnics ever organized by the Toronto Daily Vacation Bible Schools, and which was attended by over 400 kiddies from all parts of the city. Of the six schools represented, the Memorial Institute, Richmond, and Tecumseh streets, captured the first prize in the singing competition, while in the memory scripture contest the College street school carried off the prize.

SEIZE OPIUM WORTH
THOUSAND DOLLARS

Became Suspicious of Innocent-Looking Trunk Consigned to Tom Lee's House.

Suspicion regarding the contents of a trunk being carried into the alleged home of Tom Lee, 155 East Queen street, led to Tom's arrest by Policeman 183 yesterday afternoon on a charge of having opium in his possession for other than scientific and medicinal purposes. A Chinaman who was patrolling the express wagon drew up to the front of the Queen street address and discharged his cargo. Now a trunk is an ordinary article of utility under usual circumstances, but when deposited in a jurisdiction to a Chinaman who is apt to regard it as an article of importance, a trunk or package was removed to the Wilson street station and every step taken to get the trunk open and the opium expert, Staff-Sergeant McKinney, of the morality department, was called in to examine it. The stuff was contained in 50 one-pound packages, each package wrapped in red paper and decorated with oriental devices. Sergeant McKinney estimated it to be pure gum opium, direct from China, and worth in the neighborhood of \$1,000.

NEW TEACHERS QUALIFY
IN HOUSEHOLD SCIENCE

Department of Education Announces Results of Summer Course.

The department of education announces the results of the teachers' summer course in household science, conducted at the University of Toronto. The following teachers have successfully completed two summer courses and are entitled to interim certificates as teachers of elementary household science, valid in any rural or village public or separate school: Alma Cuddy, Sara J. Christie, Mable E. Davis, Maggie G. Hamilton, Florence A. Harrison, Frances E. Richardson, Martha A. Rutherford, Carrie I. Winters.

AUTO THIEVES SENTENCED.

Fred Smith and Clayton Smith were sentenced to 40 days on the jail farm when convicted of stealing a motor car belonging to Thomas Gough. Magistrate Donohue, in imposing sentence, observed that the theft of cars must stop, and that only severity would tend to that end.

AWAITS EXPIRATION
OF CONTRACT TIME

Commissioner Says He Cannot Push Viaduct Work Safely at Present.

Before the works committee yesterday morning Works Commissioner Harris emphatically stated that he would not proceed with the city's end of the Bloor street viaduct until the contract time expired and the contractors were off the work. He said he could not go ahead with safety. He was just as anxious as anyone that the work should proceed, but he wanted it done right. "It has gone ahead without mishap, and has been a credit to the city, and I want it to remain a credit to the city," he declared. "If the council wants anything else it must take the responsibility. A.M. Beamish wanted the work completed as early as possible. The city had \$2,500,000 invested from which the citizens were not getting any benefit. The commissioner stated that no body was suffering for reason of the non-completion of the work. He must realize that the last rivet in the span would not be driven until Monday.

PIANO WORKERS WILL
GO TO HARVEST FIELD

Manufacturers Decide to Requisition Ten Per Cent. of Their Men for Farm Work.

At a special meeting of piano and supply manufacturers held on Friday to decide on a plan of securing volunteers from their factories to assist the farmers in the harvest, it was unanimously decided to requisition ten per cent. of their men, notwithstanding that their labor supply has been seriously depleted by enlistments and munition plants. A committee was immediately appointed to secure the co-operation of firms unable to be represented at the meeting owing to the short notice. The canvass was completed in a few hours and every step was taken to get the ten per cent. levy. Recruits were secured at once and 150 men signified their willingness to be ready for the call to farm work from Monday. The employers have agreed to pay the men the difference between their regular pay and the wage received from the farmer.

EMBARGO ON COAL CARS
OVER THE GRAND TRUNK

Lehigh Valley Will Not Allow Open Equipment to Be Run Over G.T.R. Lines.

Some time ago it was announced that the Lehigh Valley Railroad had put into force an order for the blocking of all their cars that were being sent into this country. It is significant that following upon the issuing of that order that railway has gone to place an embargo upon the sending of any of its coal cars on to lines operated by the Grand Trunk.

Barbers Itch
Eczema
Barbers' Itch is in reality a form of eczema. The delicate skin becomes irritated from shaving, a little infection gets in, and soon burning, stinging eczema is set up.
Fortunately, there is cure for Barbers' Itch and Eczema in the use of Dr. Chase's Ointment, and once you have made the acquaintance of this soothing, healing ointment, you will always keep it on hand to apply after shaving. Not every time, but whenever there is roughness or irritation of the skin.
Mr. Chas. A. Duxbury, Meaford, Ont., states:—"While out in the Northwest I caught barbers' itch, and anyone who has had it will admit that it is not at all pleasant. It itched so bad that I had to scratch it, and that only made it worse.
"A friend of mine told me to use Dr. Chase's Ointment, and he did so. The application of this ointment gave prompt relief to the itching, and it was not many weeks until I was entirely freed of this annoying ailment."
Some of the ingredients of Dr. Chase's Ointment are very expensive, and for this reason immense profits to the dealer are offered because they afford greater profits to the dealer. They will only disappoint you. The genuine Dr. A. W. Chase's Ointment will positively cure.

ANOTHER SHIPMENT OF ATLANTIC FISH

Public Was Ready to Buy All That Came Along.

OBSERVE MEAT RULE

Hotels and Restaurants Will Start Following Instructions Next Week.

The second shipment of fish fresh from the Atlantic Ocean, as arranged by Food Controller W. J. Hanna, reached the city early yesterday morning and found a ready sale from the different markets and retail dealers. Citizens of Toronto had previously tested salt water fish and finding the qualities to their liking were out hand early and the consignment of 7,600 pounds was sold in short order. In fact, as one prominent dealer stated, the supply was inadequate to meet the demand.

The fish were consigned to Toronto by the Maritime Fish Corporation of Cape Nova Scotia and the shipment was made in a refrigerator car supplied by the government. The fish, which were haddock and cod, were in excellent condition and were sold to the wholesale dealers at four and a half cents a pound. The retail dealers purchased the fish at seven cents and the consumer paid ten cents a pound.

"The food controller's experiment is working out splendidly," said A. Kirby, of the F. T. James Co. "The people certainly appreciate the arrangement and there is a much larger consumption of fish than hitherto. The fish, too, is of good quality and as long as it remains good there will be a heavy demand for it."

To comply with new rules, the hotels and restaurants of Toronto did not all heed yesterday the food regulations of Mr. Hanna prohibiting the use of beef and bacon on Tuesdays and Fridays in restaurants and hotels. Official notification from Ottawa is awaited when the various public eating places of the city will start to comply with the government order. Several managers of restaurants intimated that the system of meatless days was already in force in their establishments, and others stated that beginning next week they will conform to the new regulation.

It is estimated that in Toronto alone, as a result of the new order, there will be a saving of 8000 pounds of beef and bacon each week, making a total of \$28,000 pounds or 208 tons a year. Managers of the larger restaurants stated that substitutes for

the meats prohibited would probably be vegetables, cabbage, carrots, in addition to fish.

George Wright of the Walker House said that the public had been looking for such regulations of food-stuffs for some time, and many would be surprised that they were not more drastic. "People realize that the food situation in Europe is serious," he said. "In order to eliminate waste I would suggest that the controller establish depots in all centres for the collection of garbage from boarding houses, hotels and restaurants, and this could be sent to be put thru processes now known for the manufacture of oils and fats for the manufacture of munitions."

Toronto distillers do not use wheat, and are therefore not affected by the regulation prohibiting the use of wheat in distilleries. Out of 88,000,000 bushels of grain used last year by Canadian distillers, there were but 27,000 pounds of wheat. Corn, barley and oats are the grains most commonly used.

MOTHER MUST WORK OR CHILDREN STARVE

War Veterans Urge Legislation to Augment Pensions Paid by Imperial Government.

The pensions supplied by the Imperial government to dependents of soldiers from Canada, who have died while fighting with the Imperial forces are wholly inadequate to supply the needs of the families in the face of the present high cost of living. The Great War Veterans' Association has brought to public notice the case of Mrs. Agnes Coulter, 110 Emerson avenue, whose husband, J. F. Coulter, died of wounds on August 24, 1916. Mrs. Coulter is expected to support herself and family of four children ranging in age from three to eight years on a pension of \$24 a month, paid by the Imperial government.

As this amount is insufficient to keep her family Mrs. Coulter is forced either to go out and work, leaving her children without a mother's care, or stay at home and care for them and attempt to supply their needs with her meagre income. Imperial pensions are based on the cost of living in the old land in normal times. It is the dependents, therefore, who are forced to suffer. The Australian Government has solved the situation by passing legislation which permits payment to soldiers' wives of the difference in amount between the Imperial and Australian pensions.

AUCTION PRIZE BIRDS AT THE EXHIBITION

Poultrymen Take This Means of Helping Belgian Farmers Restock Their Farms.

The Canadian Poultryman's Belgian Relief Association, organized for the purpose of assisting the Belgian farmers to restock their farms with poultry at the end of the war, has made arrangements with the government for the transportation of 3,000 birds, the balance required to be purchased in England with money subscribed by the Canadian Poultryman. The money is to be raised either in cash or in birds, which will be auctioned in various places and the money sent over to England.

The first of these auction sales will be held at the Exhibition at 2 p.m. on Labor Day.

A number of other patriotic organizations will also take advantage of the Exhibition to strengthen their funds, notably local women's organizations which are sending comforts, food and other necessities to the Canadian troops in the trenches.

The Exhibition's technical engineering staff has under way a large number of changes in the lighting arrangements that will add greatly to the beauty of the grounds at night. Forty mammoth flood lights will be used on the grand stand spectacle, while additional lights have been added to the plant to the rear of the scenery in the way of mechanical effects.

In keeping with the general scheme of decorations the domes of the government, horticultural and process pavilions will have a red, white and blue effect, while the cathedral window have been installed in the manufacturers' building. The lighting arrangements were given their first try-out last night and the general effect was excellent.

PLAYS, PICTURES AND MUSIC

THE ROBINS PLAYERS.

After three weeks or more of serious drama, "A Pull House," which Edward H. Robins and the Robins Players are going to present for their sixteenth week at the Alexandra, will be welcome for the opportunity it will afford for laughter. "A Pull House" concerns a Riverboat Drive apartment house which is invaded by a thief who has lost the proceeds of his latest robbery and is hot on the trail of the young lawyer who had unknowingly changed grips with him in the excitement of a railway wreck. In the young lawyer's grip are letters he has stolen from a chorus girl who designs to marry her reckless and wealthy brother-in-law. In the crook's bag is a necklace he has stolen from the mother of the reckless youth. The efforts of the crook to recover his bag combined with the situations arising from the condition of affairs between the chorus girl and the wealthy brother-in-law form incidents in the story of a play that never lags or slackens for an instant.

AT THE HIPPODROME.

Mabel Tallafarro, talented Metro star, will headline the Hippodrome bill next week in the five-part feature, "The Girl in the Red Dress." The picture tells the story of a brave little Irish girl who stole from the rich to give to the poor. The feature picture will be shown at 1.45, 4.15 and 8.15 p.m. The Pathe News provides a particularly interesting travel trip next week, showing the United States troops training in California and Texas; the 48th Highlanders of Toronto co-operating with the American soldiers in a recruiting meeting at Chicago; the launching of torpedo-boat destroyers from a Toronto shipyard; the arrival of the allied warships at Athens, Greece; the decoration of a British aviator, and a number of other notable events of current interest.

REOPENING OF SHEA'S.

Elizabeth Brice and Charles Kings will headline the bill at Shea's Theatre, which reopens for the 1917-18 season with a matinee on Monday, Aug. 20. Both artists are well known here, and their making of a mirth, melody and dancing show prove very attractive. Phina and company present a novel singing and dancing offering, while Nellie and Sarah Kouns, in a new act entitled "The Song Recital," come particularly well recommended. Joseph B. Bernard in a comedy sketch entitled "Who is She?" and a number of other "The Song Recital" come particularly well recommended. Joseph B. Bernard in a comedy sketch entitled "Who is She?" and a number of other "The Song Recital" come particularly well recommended.

KITTY GORDON AT REGENT.

Kitty Gordon's popularity has always been very marked in Toronto. Appearing as she does at the Regent next week in a play of intense interest, she will again be welcomed. This opening season in "Forget-Me-Not" command immediate attention, and until the story ends that attention is held in keen appreciation of the drama being produced. The scenes have a Cuban setting, and therefore are beautiful in the extreme. Her gown are described as gorgeous—in fact, the entire production is built upon a lavish scale. The program of the week will be greatly added to by the rendition of piano solos by Dr. Harvey Robb. The Regent News Weekly will portray the latest happenings in eye-witness style. Sidney Drew's new comedy—good all the time—and the Regent symphony orchestra in special musical numbers will contribute to one of the most entertaining bills of the season.

Included in the Regent News Weekly next week, will be pictures of "Chick" Evans winning the championship, and incidentally breaking Lambton Golf Club's record.

"LADY BUCANEERS."

Musical burlesque, fashioned in the latest style, will be given by the "Lady Bucaneers" at the Star Theatre all next week, starting with matinee on Monday. "Spending a Million" is the name of the farce to be presented. It treats in a humorous manner of the difficulties met with and overcome in an effort to get rid of a lot of valuable securities that are "littering up the place."

The chorus of twenty fastidious young girls, beauteous and beweloved is an important item on the "Bucaneers" bill of fare.

Mermaid has a prominent place on the program. She is, so it is claimed, the champion high and fancy diver of the world, and she is prepared to defend her title and meet all comers in diving and swimming contests on Friday night.

and yet sensational photo drama; none who delight in fine acting, should miss "Love or Justice," the superb Triangle production to be presented at the Strand Theatre on Monday and Tuesday next. Louise Glaum has the principal part and it is one which affords unique opportunities for her emotional drama.

GOOD DRAMA AT MADISON.

A particularly fine Lasky production will be presented at the Madison Theatre the first half of next week. This is "What Money Can't Buy," by Eulah Marie Dix, and with Jetic Pickford and Louise Huff as co-stars, production is directed by Lou Tellegen.

BABY BADLY SCALDED.

Johnny Moore, aged 17 months, of 270 Bartlett avenue, was severely scalded yesterday noon when he fell into a tub of boiling water at his home. The mother, who was washing at the time, was unable to save him. He was removed to the Hospital for Sick Children. He is scalded about chest back.

VOTE TO CONFER AT STOCKHOLM

British Labor Party Passes Resolution by Overwhelming Majority.

HENDERSON CHEERED

He Contends Conference May Remove Obstacles to Satisfactory Peace.

London, Aug. 10.—The conference of the British Labor party held at Westminster today voted to send delegates to Stockholm.

The resolution was carried after an amendment by the dock workers' group had been defeated by a vote of 171,000 to 1,651,000. When the vote on the resolution was announced a delegate shouted that the fishermen and seamen's union would see to it that the delegates would never reach Stockholm.

G. W. Barnes, minister of pensions, spoke in favor of the dock workers' attitude against attending a conference at which delegates from enemy countries would be present, saying that the United States, Belgium, France and Italy were not sending delegates, and that delegates from Great Britain were sent, they would be negotiating with Russians, Germans, Dutch and Scandinavians. He added that the difference between a mandatory and a consultative conference was small, and that the British delegates would be in the same position as the conference at the present time was for peace, and was answered by thunderous cries of "yes" and "no."

Robert Strongly opposed George Henry Roberts, labor member of parliament for Northampton, made a strong fighting speech against delegates going to Stockholm. He said the delegates would be in the same position as the conference at the present time was for peace, and was answered by thunderous cries of "yes" and "no."

The chairman of the committee provided consideration to a resolution, proposed by J. M. Smith, secretary of the party, that the delegates should approach the American and Belgian laborites and persuade them to send delegates to Stockholm.

William Purdy, chairman of the Labor party, presided and opened the conference by a speech in which he said the labor movement has given its best to insure to the entire alliance a decisive victory over militarism, which has shown its brutal in its operations and determined to extinguish all ideals of democracy and liberty.

"Labor's inflexible resolution is to see to it that no reparations made, and that still is the determination of the great masses of the industrial classes of the country and the colonies."

"No peace will be satisfactory unless it guarantees complete freedom from the aggression of militarism in Europe. Russian comrades need all the sympathy the Labor party here can give them, and there is no question of a separate peace. We must stand shoulder to shoulder with the British labor movement until a righteous peace is obtained. We are sure our Russian comrades are not going to exchange a hard-won freedom for a sham one under the heel of Prussian militarism."

"The invitation to attend the Stockholm conference deserves careful consideration, as the decision called for is probably the most important in the history of the labor movement."

Henderson's Position. Arthur Henderson, labor member of the British war council, who was cheered when he rose to speak before the vote was taken, said:

"I address the conference with a deep sense of my own responsibility. It must be borne in mind that the situation in Russia is constantly changing. Otherwise injustice will be done to the merits of the case. Before an ordinary conference, I would have said that the British labor movement would not be bound to accept a peace conference unless it was a binding conference. British labor would be placed in a most dangerous position by sending delegates to such a meeting."

Consultative Conference. "I still favor a consultative conference with a proper safeguard. I leave the decision as to that to the conference, but should be settled from the standpoint of national interests and not of party."

"I made it clear to the Russians that only governments could negotiate terms. However, seeing that a conference was inevitable, I concluded that it would be inadvisable, perhaps dangerous, for the Russians to meet enemy and neutral representatives alone. I recommended that the British attend, provided conditions satisfactory to us are arranged."

"Such a conference might be productive of much good. A frank statement probably would provide the German minority socialists with important facts hitherto withheld from the German people."

The conference, after listening to Mr. Henderson, adjourned, the delegates leaving to discuss his speech among themselves and returning later in the afternoon to vote on the question of sending delegates to Stockholm.

The delegates to the labor conference number 600. Several Russian representatives attended the meeting. Before the vote was taken James Ramsey MacDonald, socialist and Labor member of parliament and ex-chairman of the Labor party, made a vigorous plea to the delegates to "bury the vote" at Stockholm, lay your case before the conference, hear the other side, discuss matters generally, and return with the basis of peace in your pockets.

Privy Councillor James H. Thomas, Labor member of parliament for Derby and assistant general secretary of the amalgamated Society of Railway Servants, was hoisted and cheered when he tried to address the conference. The disorders resulted in one delegate being ejected from the hall.

LABOR'S MEMORANDUM.

London, Aug. 10.—A special subcommittee of the British labor party executive committee has been preparing a memorandum on the issues raised in the war and the ideas of British labor in regard to peace proposals. This is printed in today's Daily Times, and occupies more than two closely-printed columns. The memorandum was to be presented to the labor conference in London today and further will be submitted to the special conference August 21, prior to its proposed submission successively to the allied and international socialist conferences.

Briefly, the memorandum is a strong endorsement of the demand for the restoration and restoration in behalf of Belgium and other invaded countries, a declaration in favor of the right of invaded peoples to set their own destinies; liberation of oppressed peoples from Turkish misgovernment and oppression; and the establishment of a league of nations for the maintenance of peace and the elimination of war from the world.

RUSSELL DENOUNCES PEACE RESOLUTIONS

Former Socialist Disturbed Over Pacifist Movements in the U. S.

Washington, Aug. 10.—Criticized by the pacifist meeting yesterday in the capitol, Charles Edward Russell, former socialist and now minister to Russia, today denounced all persons proposing peace at this time or falling in with the support of the administration. Mr. Russell was particularly severe in his criticism of socialists and pacifists who are making peace propaganda. Incidentally, he declared that peace activities in the United States had absolutely ruined their party.

He said the party now consists of little more than an alien element. One peace resolution offered in the United States congress today is a great mistake, he said, and a thousand men on the firing line," Mr. Russell said. "Any socialist who does not understand that this is the last decisive struggle between autocracy and democracy is too blind or too dull to understand about Socialism."

Sending of American troops to the eastern front is in the opinion of all the returned commissioners, except Mr. Russell, who suggested the plan, highly objectionable. On the contrary, they are convinced that it would prove detrimental.

What Russia is most in need of, say the commissioners, is encouragement by the American press and people, particularly as to anti-American propaganda being carried on by Germans in Russia.

ALL OF ARMENIERS WILL BE EVACUATED

Whole Civil Population Must Quit Town for Unexplained Reason.

Paris, Aug. 9.—A despatch to the Havas agency from Hazebrucq says it is learned there that the whole population of Armeniers will be evacuated. No details are given.

Despatches from Hazebrucq yesterday describe the terrible suffering of the Armenians, and the evacuation of the German liquid gas shell. Presumably the removal of citizens from the city is to save further casualties from these shells.

WARSHIPS ENGAGE TURKISH FORCES

British Monitors Silence Turkish Battery.

London, Aug. 10.—Entente allied warships which yesterday have been bombarding the Turkish batteries along the coast of Asia Minor, according to a despatch from Athens to the Exchange Telegraph Co. British monitors have successfully reduced to silence one of the Turkish batteries and have destroyed an airfield installed near another.

CENTRAL CONTROL MAY REDUCE OCEAN RATES

American Shipping Board and British Mission Discuss Regulating World's Tonnage.

Washington, Aug. 10.—Central control of the world's tonnage with sharp reductions in ocean freight rates were discussed at a conference today between the shipping board and Thomas Roydon of the British mission. The freight rates that may be charged by the American Government enter the inter-allied chartering conference, and that neutral tonnage be forced in by operation of a joint allied bunkering arrangement and by exercise of the allies' control over their exports.

With about the present daily average of 60,000 shares, the morning market made no perceptible change in prices yesterday. Small fluctuations governed the day's business and with odd exceptions the transactions were those of floor-traders.

McINTYRE STATEMENT WILL BE SATISFACTORY

Kemerer, Matthes & Co. in their weekly circular say: The forthcoming statement of the McIntyre Company, which will cover the 15-month period to June 30, will assuredly be a document calculated to gratify shareholders. The statement will show the company to have milled during the period some 195,537 tons of ore from which recovery was secured amounting to \$1,855,942.27.

NEWRAY HAS UNCOVERED LARGE ORE TONNAGE

Hamilton B. Wills, in his weekly letter, says: The fourth advance in Newray since Monday and about 10 points within two weeks, has been one of the outstanding features of the mining market. According to late news of results attending development work on the 400-foot level, recent advances only presage what is coming in the very near future, for as I go to press Newray is the strongest stock on the list with heavy buying coming from the miners in the cupline.

Do Robert SIMPSON Company Limited

"SIMPSON'S"

Once Local --- Now National

WHEN the present management took over the Simpson business in 1898 its activities were almost exclusively local. Outside of Toronto the name was almost unknown.

A few people from outside, however, began to send in orders and their satisfaction showed there was a demand for a distribution of high-class merchandise throughout the country. The first Simpson catalogue of 30 pages began in a humble way to show people the possibilities of shopping by mail and receiving strictly worthy goods.

This Simpson catalogue has now grown to a book of 360 pages, and an edition of three-quarters of a million copies is sent out twice a year, besides two sale catalogues of a smaller size. Having regard to the business done within and beyond the city limits, between eight hundred and nine hundred thousand families have been served during the last six months. This represents a good share of the population of the Dominion.

From the Atlantic to the Pacific these hundreds of thousands of customers regard the Simpson service as the most satisfactory for their shopping because of its promptness and by reason of the honest worth of its merchandise.

While we welcome all customers wherever their residence, those living in Toronto and greater Toronto have the advantage this month of the HOME-LOVERS' CLUB for furnishing and decorating the home. Call at the Secretary's Office, 4th Floor, and find out all about it, including terms of extended payment.
