JL JONES TORONTO

A Purely Vegetable Compound that cures every kind of unhealthy Humor, and every disease that depends on Impurity of the Blood, where the Lungs, Liver and Kidneys, and other vital organs, are not wasted beyond the hope of repair. For the cure of Scrofula, Erysipelas, Salt Rheum, Eczema, Scald-Head, Scaly Eruption of the Skin, Ulcers and Fever Sores of all kinds, Boils, Humor in the Mouth and Stomach or Eyes, Sore Ears, Eruption on the Head, and Pimples or Clotches on the Face, it stands pre-eminently at the head of other remedies.

In the cure of Rheumatism, Dyspepsia, Liver Complaint, and Diseases of the Kidneys and Bladder, its effects are surprising to all. For regulating the Bowels, and curing Biliousness, Headache, Sick-Headache, Neuralgia, Female Weakness, Nervousness, Pains in the Side, Loins and Back, and general Weakness and Debility, its curative powers are remarkable.

*It is a Gentle* Regulating Purgative as well as a Tonic, &c. Possessing also the peculiar merit of acting as a powerful agent in relieving Congestion, and Chronic Inflammation of the Liver and all the Visceral Organs.

For Female Complaints, whether in young or old, married or single, at the dawn of womanhood, or at the turn of life, the Vegetable Discovery has no equal.

*The Lives* of most men are in their own hands, and we are what we have made ourselves, to a degree understood only by those who have delved into the mysteries of life. It is true many have the misfortune to be born of unhealthy parents and we cannot expect to see them grow up with the same vigor and robust health as those who have healthy parents, but the defects or diseases which they inherit can be put under restraint, and by common sense perseverance, can eventually be eradicated from the system.

We believe that the person who neglects his health and allows disease to take hold and destroy the body, is equally guilty with the man who takes the quicker course of destroying himself by poison or alcoholic liquors.

*The Man* who commits suicide does not transmit that calamity to his children, but it is very different with the man who allows disease to take possession of his body; the sin, whether wilful or from thoughtlessness, does not end here with his existence, but is transmitted from one generation to another. We do not look for beautiful fruit on a scrub or decaying tree, and how can we expect healthy children born of sickly parents. Children of delicate parents are generally nipped in the early bud, but if they should struggle through the days of childhood, they go through this world, their feeble frame shook by every blast of wind, their bodies such that it is a misery for them to exist. They cannot see any pleasure in the beauties that have been so lavishly given to us by our Creator.

*It is almost* impossible to find an unhealthy person with a cheerful disposition. Our spirits depend largely on the state of our health, and equally is this the case with our intellect. The man with an active brain requires a strong robust body to feed and sustain his brain. There are, however, a few instances of active, brilliant intellects bound to a feeble body, but the heavy machinery soon shakes the structure and it has to fall.

*The Human Machine*, unlike inanimated mechanism, possesses a *self-repairing and self-renewing power*, and it is only by keeping this vital attribute in constant activity and full vigor, that health can be preserved and life lengthened beyond its ordinary term.

Among the many preparations that have been recommended for this purpose, none, it is now known, has proved as efficacious as

This wonderful Vegetable Compound contains all the elements necessary to keep up the staminal strength of the system, and to protect it from the damaging effects of vicissitudes of temperature and

unhealthy influences to which we are all more or less exposed. The extraordinary *purifying, invigorating and regulating properties* of the preparation adapt it to the condition of the young as well as to the *old and feeble* whose lamp of life is burning low, and requires a nutritious, balmy stimulant and restorative to sustain it.

DR. THOMAS'

# ELECTRIC OIL

**CURES**  
Rheumatism, Lumbago, Lamé Back, Neuralgia, Diphtheria, Croup, Coughs and Colds, Sore Throat, Piles, Frost-bites, Burns, Asthma, Catarrh, Chilblains, Corns, Tooth, Ear and Headache, Bruises, Wounds and Sprains of every description on man or beast. Actually the best External and Internal Remedy known.

*Caution*—This cut represents our New Wrapper; take no other and avoid all similar named articles, as they are worthless.

**T**HIS celebrated chemical compound is the result of an extensive experience with regard to the curative powers of all the known medical agents, and of a theoretical and practical knowledge of the various chemical affinities brought into play in their combinations. By careful investigation and laborious research, the ingredients—having been selected with special reference to their different virtues and peculiar powers—are so combined as to form a perfectly homogeneous compound, possessing, through its wonderful efficacy and manifold healing influences, an adaptedness to a wide circle of disease.

Advertising itself wherever it goes by the wondrous and gratifying effects which it produces, this sterling medicinal preparation, Dr. Thomas' Electric Oil, is winning "golden opinions" in all parts of the Dominion.

Among the pains and aches cured with marvellous rapidity by Dr. Thomas' Electric Oil, is Earache. The young are especially subject to it, and the desirability of this Oil as a family remedy is enhanced by the fact that it is admirably adapted not only to the above ailment, but also to the hurts, disorders of the bowels, and affections of the throat, to which the young are especially subject.

*Used for all Ailments.*—Mr. Chas.

G. Grimes, Walker's Point, Ont., writes: "Dr. Thomas' Electric Oil cures so many different diseases that every one uses it, and say it is the best medicine ever sold in this part of the country."

*Street Car Accident.*—Mr. Thomas Sabin says, "My eleven year old boy had his foot badly injured by being run over by a car on the Street Railway. We at once commenced bathing the foot with Dr. Thomas' Electric Oil, when the discoloration and swelling were removed, and in nine days he could use his foot. We always keep a bottle in the house ready for any emergency."

*Word from California.*—Mr J. F. Muncey, San Francisco, Cal., writes us, "Dr. Thomas' Electric Oil is a wonderful medicine for reducing swelling; my leg was fractured, and the foot and ankle being badly swollen, I used the Oil and found it excellent for taking down the swelling."

*One Bottle Did It.*—Mr. W. J. Kennedy, Estmere, C. B., writes: "Dr. Thomas' Electric Oil has a ready sale here. I tried it myself in a case of Bronchitis, where all other remedies failed, and was cured with one bottle."

*All Say the Same.*—Mrs. N. Brookmire, Ellendale, Dickery Co., Dakota, writes:—"When leaving Canada, I brought some of Dr. Thomas' Electric Oil with me, and my friends here think the world of it. We cannot get along without it, etc., etc."

*A Grand Remedy.*—Mr. E. G. Howard, 69 Sullivan Street, Toronto, writes: "I had been troubled with a very severe pain in my left side, and had become quite unfit to follow my daily employment, and having heard that Dr. Thomas' Electric Oil was a sure remedy for the ailments of mankind, I got a bottle and have proved it so in my case. I have found a grand remedy for soreness of the muscles or joints. I have also recommended it to others for the earache and for severe cold in the head, and it has never failed to give satisfaction. My friends have found it a valuable family medicine, and we unite in thanking you for the benefits we have received from your valuable medicine."

*Still Another Triumph.*—Mr. Thos. S. Bullen, Sunderland, writes: "For fourteen years I was afflicted with Piles; and frequently I was unable to walk or sit, but four years ago I was cured by using Dr. Thomas' Electric Oil. I have also been subject to Quinsy for over forty years, but Electric Oil cured it, and it was a permanent cure in both cases, as neither the Piles nor Quinsy have troubled me since."

**L**ANGUAGE CAN BUT FEEBLY DESCRIBE the pangs of Rheumatism. This malady is one of the most obstinate which tortures humanity, and yet there is a specific which will overcome it and prevent its recurrence. The name of this sovereign remedy is Dr. Thomas' Electric Oil, a combination of six of the best known medicinal oils, the remedial efficacy of which is not weakened by evaporation, since it contains no alcohol to render it volatile. On this account, as on many others, it is superior to all other liniments, lotions and other remedies used externally, and has this further advantage that it is used internally as well. It is an incomparable specific for Lameness, Stiffness, Burns, Bruises, Frost Bites and other bodily troubles treated outwardly, and is a grand medicine in throat and lung diseases.

**CROUP.**—Mr. Thos. H. Porter, Lower Ireland, P. Q. writes: "My son, 18 months old, had croup so bad that nothing gave him relief until a neighbor brought me some of Dr. Thomas' Electric Oil, which I gave him, and in six hours he was cured. It is the best medicine I ever used, and I would not be without a bottle of it in my house."

Mr. W. B. Hill, Cobourg, says: "I have used it for croup, and found it all you claim it to be; can also testify to its efficacy in relieving pains in the back and shoulders."

Mr. W. H. Dorland, Ash, writes: "One of my boys awoke me from sleep a few nights ago saying, 'I can't get my breath.' I got up and put some of Dr. Thomas' Electric Oil on sugar, which I gave to him, and in fifteen minutes he was better. I believe it to be the best medicine sold for Croup."

**ASTHMA.**—Mr. E. Birdsall, Canboro, writes: "For nearly four years I was troubled with Asthma so bad that for three or four nights at a time I would get little or no sleep, and would have to sit propped up with pillows. I tried three or four doctors, but without success, and no medicine seemed to do me any good, until finally I tried Dr. Thomas' Electric Oil by taking half a teaspoonful on sugar whenever I felt the choking sensation. It always gave me relief, and before I had used it six weeks I was completely cured, and have had no attacks since, now nearly two years."

**DEAFNESS.**—Mr. S. E. Crandell, Port Perry, writes: "I contracted a severe cold last winter, which resulted in my becoming totally deaf in one ear and partially so in the other; after trying various remedies and consulting several doctors without obtaining any relief, I was advised to try Dr. Thomas' Electric Oil. I warmed the Oil and poured a little of it into the ear, and before one-half the bottle was used my hearing was completely restored. I have heard of other cases of deafness being cured by the use of this medicine."

**LUMBAGO.**—Mr. W. W. Stephen, Meaford, Ont, writes: "Dr. Thomas' Electric Oil has gained a reputation in Meaford and surrounding country surpassing any Patent Medicine ever introduced here. The benefit derived from it in one case of Lumbago that I know of, will alone place it in the front rank of remedial agents."

Mr. B. N. Munro, Toronto, writes: "A short time since I was completely disabled by a severe attack of Lumbago; one application of Dr. Thomas' Electric Oil brought immediate relief, a second and third application effected a cure."

**IT CURES PILES.**—Mr. Parpetus Boileau, Ottawa, says: "I was radically cured of Piles, from which I had been suffering for over two months, by the use of Dr. Thomas' Electric Oil. I used it both internally and externally, taking it in small doses before meals and on retiring to bed. In one week I was cured, and have had no trouble since. I believe it saved my life."

**For 15 years** Mr. Thos. Brunt, Tyendinaga, Ont., writes: "I have to thank you for recommending Dr. Thomas' Electric Oil for Bleeding Piles. I was troubled with them for nearly fifteen years, and had tried almost everything I could hear or think of. Some of them would give me temporary relief, but none would effect a cure. I have now been free from this distressing complaint for nearly eighteen months. I hope you will continue to recommend it."

**A Detective's Leap.**—Mr. Thomas Flynn, Chief Detective Grand Trunk Railroad, says "Business called me a short time ago to a village near Kingston. While the train was in motion, jumped off; in so doing I alighted on the sloping part of the ballast, where the track had been raised, with such force as to severely sprain my knee. I was driven to Kingston, and had to be assisted to my room. I immediately procured a bottle of Dr. Thomas' Electric Oil, and although my leg was so badly swollen that I could not bend my knee, after three applications of this Oil I was out of bed and walked to the station. This was on Saturday afternoon, and on Monday I was able to attend to my business as usual. I also used this wonderful Oil for Sore Throat, and it cured it."

**THE LIFE OF ALL FLESH IS THE BLOOD THEREOF.**

**A**FTER many years of hard labor and research, we are thoroughly convinced that the health or disease of the body depends almost entirely upon the condition of the Blood. It is true that disordered functions of the various internal organs appear even to medical practitioners to be the primary cause of the existing malady; and manifest disease being frequently excited into action, by casual causes, when the blood is in a predisposing unhealthy condition, has been a great source of those errors in judgment; but when we resolve upon deeper research, and look beyond the apparent seat of the disease to that all important fluid, the Blood, which alone supplies every material for the support and maintenance of the universal system, we find, also, that it alone, in the majority of cases, contains the primary seeds of disease.

*We find the Blood* in disease to be impure and sometimes impoverished, possessing those destructive properties which are the real fundamental root, and primary cause, of nearly the whole catalogue of diseases to which humanity is heir, while cold, damp, exposure, late suppers, irregular habits, etc., may be termed exciting causes. It may be asked, "Whence arise these impurities of the Blood?" Their primary origin is mostly natural, even to the healthy system. Every organ, fibre and tissue in the body is constantly undergoing decomposition and repair, and the effect of such decomposition is to impart to the Blood the waste particles of the natural disorganization: that fluid being destined, by nature, to receive such impure particles, and convey them to where they may be discharged through proper channels from the system. And as we are not perfect, but human beings, derangements in such functions

are liable to occur, and the Blood to become morbidly impure.

*The Average Quantity* of this important fluid in each person is about twenty-five pints, and by the action of the heart, it is propelled throughout the entire length and breadth of the body, once in about every three minutes.

The offices of the Blood are:

*First.* To furnish every part and particle of the entire body with material, prepared by the process of digestion and assimilation, for its growth and renewal.

*Secondly.* To carry off the waste particles which are constantly set free in all parts of the system, conveying them to where they may be discharged through the Kidneys, Bowels, Skin, or Lungs, the four great waste gates with which nature has provided man for the final escape of all poisonous and useless humors, and secretions from the body.

*Thirdly.* To furnish material for the formation of certain fluids to be used in the system for various purposes such as bile, gastric, and pancreatic juices, tears, saliva, etc.

*Fourthly.* To furnish the entire body with animal heat, newly formed in the lungs.

As soon as the Blood fails to perform its natural function, and becomes loaded to excess with impurities so soon, generally with, but sometimes without an exciting cause, some one or more of a vast train of diseases of a variety of characters, and known by different names, is liable to be established, its seat differing in different persons, and in the same person at different times, the weakest organ in the body being the one that most invariably suffers. (But it will be remembered that there is a definite cause for this weakness of any particular organ; because, for whichever organ the peculiar impurity of the Blood present has the greatest chemical affinity, that organ is invariably the weakest.) That is where the blood is to a certain extent loaded with impurities, and the body then subjected to exposure, such as cold, damp, etc., which are among the exciting causes of disease, the weakest organ becomes choked up, its veins, ducts and capillary network obstructed, and its natural functions interrupted, consequently disease of the organ is established, either acute or chronic, according to the extent and severity of the interruption of the function of the organ. If the weak organ be the Lungs, we have disease of the Lungs; if the Kidneys, disease of the Kidneys; if the organs of Generation, disease of those organs; if the Liver, disease of the Liver; if the Glands, Joints, Muscles, Skin, etc., we have present Scrofula, or Rheumatism, or Skin Disease, etc., etc., etc.

*There is another* condition of the Blood above alluded to, which is a source of much evil,

THINGS that were not exacted during the flood—water taxes.

AN open mind, an open hand, and an open heart will find everywhere an open door.

COUNT on the fidelity of the man who carries his heart in his hand, and wears his soul in his face.

CHEERFULNESS is an excellent wearing quality. It has been called the bright weather of the heart.

As the mind must govern the hands, so in every society the man of intelligence must direct the man of labor.

INDOLGENCE is a sort of suicide; for the man is efficiently destroyed, though the appetite of the brute may survive.

It is very often more necessary to conceal contempt than resentment, the former being never forgiven, but the latter sometimes forgot.

SIMPLICITY of character is the natural result of profound thoughts.

A FAST man is usually very slow when it comes to paying his debts.

THE rays of happiness, like those of light, are colorless when unbroken.

THERE is a decided difference between wanting what you say to be approved and admired, and wanting to be approved and admired because you say it.

A CONTENTED mind—heart—sunshine—takes a glory out of gloom, and can turn the most untoward events so that they will prove a faithful spring of unmeasured joy.

EAT, digest; read, remember; earn, save; love and be loved. If these four rules be strictly followed, health, intelligence, wealth, and true happiness will be the result.

namely, impoverishment, which signifies an excess of water, and a deficiency in the quality and quantity of the red corpuscles, which latter are the vitality and life sustaining principle of the blood.

*From this impoverished* condition of the blood, several diseases have their origin; Emaciation, Debility, Coldness of the hands and feet, Loss of Vigor and Strength, Weakness, etc., are the ordinary symptoms. As the Blood loses its vigor Nervous Prostration ensues, a sense of weakness and lassitude is felt on even the slightest exertion, a wasting pallor, and a general flagging of the vital forces. These are the silent evidences of disorganization.

### NORTHROP & LYMAN'S VEGETABLE DISCOVERY.

Is a specific for all diseases originating from Impurities or Impoverishment of the Blood, its mild vegetable antidote constituent properties dissolving out and chemically changing, not only the Impurities floating in the Blood itself, but those also which have been lodged and are choking up and producing congestion and disease in any organ or part of the body, thereby assisting nature to re-establish her free and healthful circulation of Blood through those organs, restoring them to health and vigor. While those properties have an affinity for the digestive organs, etc., they also restore the functions of digestion and assimilation, nourishing and enriching the blood in a manner surprising even to the most skeptical.

*These various properties* of our Vegetable Discovery, for renovating and invigorating the whole Digestive Organism and Purifying and Enriching the Blood, overcoming Congestion, etc., in any part of the body, along with its action on the nervous system and its power of restoring to healthy action the functions of the Liver, Kidneys, Bowels, Skin, and Lungs, may be said to be the leading features of the Compound. We may here add, that to those antidote properties, possessing that peculiar power of cleansing the Blood of those impurities which produce congestion and disease of internal organs, are due in great measure the remarkably restorative operation of the Vegetable Discovery in diseases peculiar to females.

### A PERFECT RENOVATOR AND INVIGORATOR OF THE SYSTEM.

Mr. John Magwood, Victoria Road, writes: "Northrop & Lyman's Vegetable Discovery is a splendid medicine. My customers say they never used anything so effectual. Good results immediately follow its use. I know its value from personal experience, having been troubled for nine or ten years with Dyspepsia, and since using it digestion goes on without that depressed feeling

so well known to dyspeptics. I have no hesitation in recommending it in any case of Indigestion, Constipation, Heartburn, or trouble arising from a disordered stomach."

*No article takes hold* of Blood diseases like Northrop & Lyman's Vegetable Discovery. It works like magic. Miss C——, Toronto, writes: "I have to thank you for what Northrop & Lyman's Vegetable Discovery has done for me. I had a sore on my knee as large as the palm of my hand, and could get nothing to do any good until I used the Discovery. Four bottles completely cured it."

Mr. H. B. McKinnon, painter, Mount Albert, says: "Last summer my system got impregnated with the lead and turpentine used in painting; my body was covered with scarlet spots as large as a twenty-five cent piece, and I was in such a state that I could scarcely walk. I got a bottle of Northrop & Lyman's Vegetable Discovery, and at once commenced taking it in large doses, and before one-half of the bottle was used there was not a spot to be seen and I never felt better in my life. I think this medicine the best Blood Purifier ever discovered."

*Vanquished.*—Mr. Jas. Johnston, 4 con., 7th lot, Amaranth, writes: "Two bottles of Northrop & Lyman's Vegetable Discovery cured me of Dyspepsia. Mine was a bad case and I had tried a number of other preparations without getting any benefit from them."

*Money Saved.*—Mr. John Hollingsworth, Escott, writes: "Northrop & Lyman's Vegetable Discovery gives great satisfaction. Some of my customers say they have derived more benefit from the use of this medicine than they did from doctors to whom they paid hundreds of dollars. I have sold large quantities of the Vegetable Discovery and have never had one complaint or dissatisfaction from its use."

*Bad Dreams.*—Mrs. M. Stephens, of Albany, N. Y., writes us as follows: "I take great pleasure in informing you of the benefit I have received from the use of Northrop & Lyman's Vegetable Discovery. My stomach was so weak that I could not eat anything sour or very sweet; even fruit at tea time would cause Heartburn, Fullness or Oppression of the Chest, Short Breath, Restlessness during Sleep, and Frightful Dreams of disagreeable sights, so that I would often dread to go to sleep. With the use of the Vegetable Discovery this unpleasantness has all been removed, and I now can eat what suits my taste or fancy without the least dread of having to suffer for any indiscretion. My appetite is improved, my rest good, and general health better than it has been for years."

Good advice is worth more than money, but, somehow, we can't make our creditors see that way.

THERE are some women who wouldn't be happy in a mansion in heaven unless they could clean house about every three months.

BORROWING money strengthens the memory, but it is the memory of the man who loans the money and never sees it again.

A MAN of strong character always makes enemies, but because a man has many enemies you can not be quite sure that he is a man of strong character.

"WHY do you drink so much?" said a clergyman to a hopeless drunkard. "To drown my troubles." "And do you succeed in drowning them?" "No, hang'em! they can swim."

In one of our Indian languages the word "woman" is rendered "kewanojawjaw," with marked and earnest emphasis on the last two syllables. Even the savages understand the vile and wicked arts of the lying slanderer.

"THE world is a looking-glass, and gives back to every man the reflection of his own face. Frown at it, and it will in turn look sourly upon you; laugh at it, and with it, and it is a jolly, kind companion; and so let all young persons take their choice."—Thackeray.

"It's dangerous to be under this tree in a thunder storm; one of us might get killed," said a lightning-rod agent. "Well, if you are killed you won't be able to talk any more; and if I am killed I can't hear you, so I guess we'd better stay," said his victim.

In the lives of the saddest of us there are bright days, when we feel that we could take the world in our arms. Then comes the gloomy days when the fire will neither burn on our hearths, nor in our hearts, and all without and within is dismal, cold and dark. Believe me, every heart has its secret sorrows, which the world knows not; and oftentimes we call a man cold when he is only sad.

**DARLEY'S  
CONDITION POWDERS**

AND  
**ARABIAN HEAVE REMEDY**

FOR THE CURE OF

**Colds, Coughs, Heaves, Thick and Broken Wind, Inflammation of the Lungs, and all Diseases which affect the Horse.**

**T**HIS is the only reliable internal remedy for all complaints incident to Horses and Cattle: Bots, Yellow Water, Purging, Surfeit, Mange, Colic, Colds, Coughs, Hide-bound, Loss of Appetite, and all derangements of the Kidneys and digestive organs. Also for Heaves and Broken Wind. It has restored to perfect soundness thousands of horses supposed to be broken down and almost worthless, all traces of disease having been completely removed, and afterwards having been sold from \$50 to \$100 more than they would have previously brought. It cleanses the breathing apparatus, equalizes the circulation of the blood, improves the appetite, corrects all derangements of the digestive organs, softens and loosens the skin, and gives to the coat a sleek and shining appearance.

It first acts gently upon the bowels, and then on the liver and lungs, and removes all obstructions therefrom, purifying the blood, and enabling the organs to do their work without overtasking any.

For Hide-bound it is a complete success. In a very short time the disease will disappear under its operation, and a sleek and shining coat will follow.

For Heaves, Coughs, Colds, and all diseases which affect the wind of Horses, it has no equal.

As a **CONDITION MEDICINE** for Horses, Cattle, Sheep, Pigs, Poultry, etc., it is a decided success.

As a Spring and Fall Medicine it is safe and thorough, and will not injure a horse whether sick or well, and can be given at all times without interfering with his work.

Price, 25 cents. **NORTHROP & LYMAN CO., Proprietors, Toronto.**

**IT** is a source of annoyance to many young people to see their hair gradually turn grey and with many this undesirable change takes place before they have reached their thirtieth year.

Various causes have been assigned, and much has been written on the subject, but when all is summed up we are as uncertain in most cases as to the cause as we were when we first commenced our investigation.

One thing we know, and that is, that nothing will restore it to its original state, but it can be artificially colored so as to be equally as beautiful, and have all the natural appearance that it at one time possessed.

If the reader is one of the unfortunate ones, and is seeking for a change, we would ask him or her to get a bottle of the

**CANADIAN HAIR DYE.**

It will change both red and grey hair to a beautiful black or brown, as may be preferred, allowing it to retain all the freshness and lively appearance of the original hair.

Unlike many other preparations, it will neither rub nor wash off, and as it is complete in itself, it is much more convenient than those requiring two separate bottles.

It is easily applied, and quickly and effectually produces the desired color.

It is over twenty years since the Canadian Hair Dye was first introduced, and as it has a larger sale in Canada than all other Hair Dyes combined; this, we think, is conclusive evidence that it has given satisfaction.

Give it a trial and satisfactory results will follow.

Price 50 cents per bottle. Sold by all Druggists and Medicine Dealers.

Prepared only by **NORTHROP & LYMAN CO., Toronto.**

**Distressing Sensations.**—Rev. J. B. Huff, Florence, writes: "I have great pleasure in testifying to the good effects which I have experienced from the use of Northrop & Lyman's Vegetable Discovery for Dyspepsia. For several years nearly all kinds of food fermented on my stomach, causing heartburn, and gas to accumulate, so that after eating I had very distressing sensations, but from the time I commenced the use of the Vegetable Discovery I obtained relief."

**Are Anti-Bilious, and a Specific for the Cure of Liver and Kidney Complaints, Dyspepsia, Costiveness, Headache, Piles, and will Purify the Blood, Regulate the Secretions, Remove all Bilious Matter, and Prevent Ague.**

IT is to the Vegetable Kingdom that we are indebted for the ingredients that enter into the composition of Dr. Parmelee's New Vegetable Pills. They are purely vegetable, being composed of some of the most valuable roots and herbs found in our own country, and of a newly discovered plant found only in Spain, the medical properties of which are the most remarkable known.

Although exceedingly mild, they exert a sovereign power over disease. Their purgative effect is unaccompanied by either pain or weakness, while they are enabled by their remarkable combination to thoroughly carry off all the vitiated or irritating secretions from the system.

*They contain* Mandrake and Dandelion, and with the assistance of some other equally good articles, make a combination that acts directly on the Liver without producing any unpleasantness or disastrous consequences. They give tone to the Liver and Kidneys, while they remove all irritation and disease from these organs. We have testimonials of wonderful cures effected by these Pills, in one case where a young lady had been nearly a year confined to her room with Liver and Kidney complaints and general nervous debility, and it was only by the use of Parmelee's Pills that she was cured.

They have an astonishing effect on Bilious troubles; a few doses will remove that jaundiced appearance of the countenance, and will restore the biliary organs to health and activity.

By the use of Parmelee's Pills the periodical attack of nervous sick headache can be prevented. They never fail to ward off that disagreeable sickness if taken in time.

They are a sure reliever and by a little perseverance effect a cure of that great enemy of mankind, Dyspepsia. They act gently upon the bowels,

thus removing costiveness and its constant attendant—mental depression.

They are invaluable for literary men, students, delicate females and persons of sedentary habits.

**A Dinner Pill.**—Many persons suffer excruciating agony after partaking of a hearty dinner. The food partaken of is like a ball of lead upon the stomach, and instead of being a healthy nutriment, it becomes a poison to the system. Dr. Parmelee's Vegetable Pills are wonderful correctives of such troubles. They correct acidity, open the secretions and convert the food partaken of into healthy nutriment. They are just the medicine to take if troubled with Indigestion or Dyspepsia.

**NERVOUS DEBILITY AND DISEASES OF THE LIVER AND KIDNEYS CURED.**

Miss Emma L. Beach, Syracuse, writes:—"Physicians called my complaint General Nervous Debility and Disease of the Liver and Kidneys. I tried various kinds of medicine for more than a year, without getting any relief. Most of the time I was unable to leave my room. My friends thought I had Consumption. I was advised to try Parmelee's New Vegetable Pills. I commenced by taking half a pill every night regularly for a week. My appetite began to improve and I was stronger. I continued to take half a pill, every or every other night for six weeks. They restored me to perfect health."

**THE MEDICINE FOR LIVER AND KIDNEY COMPLAINT.**

Mr. Victor Angur, Ottawa, writes:—"I take great pleasure in recommending to the general public 'Parmelee's Pills' as a cure for Liver and Kidney complaint. I have doctored for the last three years with leading physicians, and have taken many medicines which were recommended to me without relief, but after taking 8 of Parmelee's Pills I was quite relieved, and now I feel as free from the disease as before I was troubled."

*He Used them.*—Mr. E. A. Cairncross, Shakespeare, writes:—"I consider Parmelee's Pills an excellent remedy for Billiousness and Derangement of the Liver, having used them myself for some time."

Mr. D. Rollé, Alfont, Madison Co., Ind., writes:—"I purchased some of Parmelee's New Vegetable Pills of your agent at Mantua Station, Portage Co., Ohio, and I have not found their equal for cleansing the Liver."

LARGE ears are said to denote generosity. The mule is very generous with his heels.

THE man who wrecks a train is a murderer. The man who wrecks a who a railroad is a financier.

WOMEN are the dearest, cutest creatures in the world, but they can't tell how a shoe fits till they see the number.

A LITTLE girl suffering with the mumps declared that she "felt as though a headache had slipped down into her neck."

THERE are so many stars on the stage to-day that astronomers have about decided to abandon the study of the heavens.

A LADY took her little boy to church for the first time. Upon hearing the organ he was on his feet instantly. "Sit down," said the mother. "I won't," he shouted, "I want to see the monkey."

A HOWLING swell—an ulcerated tooth.

A MAN running for office may not get out of breath; but he will be more apt to get out of money.

A LITTLE girl calling with her mother at a new house, where the walls were not yet papered, exclaimed: "What a bald-headed house, mamma!" "WHERE is your mother, Bub?" "She's in the back kitchen shingling sister Annie's hair." "Where is your father!" "He's out in the woodshed giving Johnnie a shingling for skating through a hole in the ice." "Where is your big brother?" "He's shingling the roof." "Where is your sister Mary?" "She's in the dining-room shingling my pants." The visitor turned away, remarking that it seemed to be a somewhat "shingular" family.

  
**MOTHER GRAVES' WORM EXTERMINATOR**
  
 PLEASANT SURE AND EFFECTUAL.

**W**ORMS attack all ages, from the youngest up to the adult, but more frequently between the ages of three and ten years, and are no respecters of persons; the rich and poor, the proud and humble, alike have to seek relief from their ravages. They are not only a cause of disease, but by their irritation aggravate all other diseases. Their presence deranges the whole system, causing the strong to grow feeble, and the glow of health to fade from the cheek.

*The Usual Symptoms of Worms in children* are, indigestion, irregular appetite, moaning, and restlessness during sleep, grinding of the teeth, swelling and hardness of the abdomen, with frequent slimy stools, countenance pale, picking of the nose, offensive breath, low spirits, irritable and feverish, frightful dreams, headache, pain in the stomach, urine turbid, convulsive fits, and a gradual wasting away of the flesh, etc. When any of these symptoms are noticed, do not delay in getting relief for the sufferer.

In administering medicine to children, one important thing is to get something that will be pleasant to the taste, and at the same time effectual in accomplishing the end desired. In

**MOTHER GRAVES' WORM EXTERMINATOR**

These two desirable qualifications are to be found. It is put up in the form of a syrup, and is so agreeable that children will not refuse it; in fact, so pleasant that it will have to be placed beyond their reach or they will empty the bottle. As regards its efficacy, we can say that before placing it on the market the originator gave it a thorough test, with the most gratifying results, and we have no hesitation in placing it on the Canadian market, feeling confident when once introduced it will give such satisfaction that we will not have cause to regret the venture.

*This Medicine Does not require the help of any purgative medicine to complete the cure. It effectually destroys the Worms and removes the nests in which their young are deposited, thus relieving the sufferer of their injurious effects.*

Mr. Benjamin McKenzie, Kimberley, writes as follows: "About three months ago our child, 18 months old, was taken ill, followed by a fit. Suspecting that Worms were the cause, we got a bottle of Mother Graves' Worm Exterminator, and we had only given a few doses when the result was marvellous, an extraordinary number of large worms having been expelled."

Mr. George Burke, Quebec, writes: "I have used Mother Graves' Worm Exterminator and found it the best thing I ever used for worms."

Full directions with each bottle.

Price 25 cents.

Prepared by **NORTHROP & LYMAN CO.**,  
 Toronto, Ont.

*When you notice unpleasant sensations after eating, at once commence the use of Northrop & Lyman's Vegetable Discovery, and your Dyspepsia will disappear.* Mr. James Stanley, Merchant at Constance, writes: "My wife has taken two bottles of Northrop & Lyman's Vegetable Discovery for Dyspepsia, and it has done her more good than anything else she has ever used."

Mr. R. H. Baker, Ingoldsby, writes: "I am completely cured of Dyspepsia, that caused me great suffering for three years. Northrop & Lyman's Vegetable Discovery is the medicine that effected the cure, after trying many other medicines."

*In its Worst Form.*—Miss Julia A. Pilsworth, Toronto, writes: "I had Dyspepsia in its worst form for over a year, but after taking three bottles of Northrop & Lyman's Vegetable Discovery, a perfect cure followed. I take great pleasure in recommending it to anyone suffering from Dyspepsia."

Mr. W. Thayer, Wright, P. Q., had *Dyspepsia for Twenty Years*. Tried many remedies and doctors, but got no relief. His appetite was very poor, had a distressing pain in his side and stomach, and gradual wasting away of flesh, when he heard of, and immediately commenced taking, Northrop & Lyman's Vegetable Discovery. The pains have left, and he rejoices in the enjoyment of excellent health; in fact he is quite a new man.

*Bad Cases.*—Mr. C. E. Williams, Druggist, Wingham, says: "Your Vegetable Discovery is selling well, and I know of bad cases of Dyspepsia that it has completely cured."

A NOVEL may be very old, and yet what is old cannot be novel.

SOME young men in search of dollars and cents are willing to accept daughters without sense, to attain their object.

MOTHER—"Ella, go to bed, say good night to the governess, and give her a kiss." Ella—"No, mamma, I don't want to give her a kiss." Mother—"And why not?" Ella—"Because, when any one gives her a kiss, she boxes their ears. Ask papa if she doesn't."

"WHY are we like angels' visits?" asked a pretty girl on a sofa to her bashful lover, who was sitting lonesomely on a chair at the other side of the room. "Really," he stammered and blushed, "I must give it up. Why are we?" "Because," said she, "we are few and far between." He destroyed the similarity almost instantly.

AN act to amend—sewing on a button.

THE world may owe every man a living, but, like bringing to time a bad debtor, it requires considerable hustling on a man's part to collect the bill.

SOME years ago, in one of our Western courts, three men—an Englishman, an Irishman, and a Scotchman—were found guilty of murder and sentenced to be hung. The Judge told them they could each choose the tree on which they would like to be "strung up." The Scotchman promptly chose an ash-tree, and the Englishman an oak-tree. "Well, Pat, what will you be hung on?" asked the Judge. "If it pleases your honor, I'd rather be hung on a gooseberry-bush." "Oh!" said the Judge, "that's not big enough." "Begorra, thin," replied Pat, brightening up, "I'll wait till it grows."

# Holloway's CORN CURE THE GREAT ANNIHILATOR

FOR THE REMOVAL OF ALL KINDS OF CORNS, WARTS, Etc.

ONE of the most annoying troubles that a person can have is corns. It is one that deprives us of what pleasure there is in walking, or even wearing a neat boot. Only when resting, and with our slippers on, can we obtain ease and comfort.

Corns are caused generally by wearing ill-fitting boots or shoes. If our boots are too large or too small, they will, by their uneven pressure, induce the growth of an excrescence or thickened scarf skin, which gradually sinks into the mucous network, and then into the true skin, which is the organ of touch.

There are several kinds of corns, and some are very difficult to remove, but none of them can withstand *Holloway's Corn Cure*.

This never failing medicine removes them without any inconvenience to the sufferer, as can be testified by those who have used it. The following testimonials are evidence of what it has done, and will do again if used according to directions.

**What it has Done.**—Mr. Jcs. Wallace, Louisville, writes: "I suffered with corns for 40 years; for the last two or three years I could scarcely walk except by the help of a cane. I tried different kinds of corn cures, but got no relief until I got a bottle of *Holloway's Corn Cure*. After applying it for a few days only, I removed the corns root and branch. I have pleasure in recommending it to all sufferers."

Mr. William Frank, Peterboro', writes: "I was troubled with a corn for thirty years. I had it operated upon by four different corn doctors, but it was only by the use of *Holloway's Corn Cure* that a cure was effected."

**Entirely Cured.**—Mr. J. W. Brown, Chicago, Ill., writes: "Where can I get some of *Holloway's Corn Cure*? I was entirely cured of my corns by this remedy, and I want to get some more to give relief to some of my friends."

**No Pain.**—Mrs. George Simpson, Toronto, says: "I have suffered severely with corns, and was unable to get relief from treatment of any kind until I was recommended to try *Holloway's Corn Cure*. After applying it for a few

days I was enabled to remove the corn, root and branch—no pain whatever, and no inconvenience in using it. I can heartily recommend it to all suffering from corns."

Mr. Thomas Sabin, of Eglinton, says: "I have used *Holloway's Corn Cure* with the best results having removed ten corns from my feet. It is not a half-way cure or reliever, but a complete extinguisher, leaving the skin smooth and clear from the least appearance of the corns."

**Warts Removed.**—Mr. John Atkinson, Cheapside, writes: "*Holloway's Corn Cure* removed half a dozen warts from my hands."

## DR. KELLOGG'S CATARRH SNUFF

FOR CATARRH, COLD IN THE HEAD, HEADACHE, &c.

ONE of the most common of all disorders to which the human body is subject in this changeable climate is Catarrh. It is contracted generally by exposure to draughts or damp atmosphere. It may at first be only what is commonly called cold in the head, but if neglected it eventually becomes chronic, and is exceedingly troublesome, causing derangement of the stomach and wholesystem. The smell is impaired and sometimes destroyed; appetite gone, and general emaciation frequently occurs.

### DR. KELLOGG'S SNUFF

Is specially adapted for this disease, and we do not hesitate to pronounce in the strongest terms of its unflinching efficacy in relieving and eventually curing the afflicted.

**It Gives Immediate relief** to the dull, heavy pains caused by cold in the head. It opens and purges out all obstructions, strengthens the glands, and gives healthy action to the parts affected.

Mr. Paul Thibodeau, Cavendish Road, P. E. I., writes: "I have had Catarrh for twelve years, and fifty cents' worth of Kellogg's Snuff did me more good than \$50 worth of medicine which I had from the most eminent medical men of Montreal, Quebec, St. John and Charlottetown. I think one more bottle will completely cure me."

"THERE'S always room at the top." But there wouldn't be if everybody who is up there was as big as he thinks himself.

NICE-looking little girl (to schoolmistress, just arrived).—"If you please, Miss, Ada Smith won't be able to come to school to-day, because she's dead."

THEY were speaking of a Buffalo bride's trousseau. "Were her robes made in Paris?" one asked. "Oh, no," another one said: "they were all made in Buffalo. She takes pride in wearing nothing but Buffalo robes."

"WHATSOEVER mitigates the woes or increases the happiness of others, this is my criterion of goodness; and whatever injures society at large, or any individual in it, this is my measure of iniquity.—Robert Burns.

"JENNY, do you know what a miracle is?" "Yes'm. Ma says if you don't marry our new parson it will be a miracle."

THERE is no profession so forbidding, no work so crabbed, that a man who strives to extract the utmost happiness from it may not twine about it roses of fancy, and hide the most of its thorns.

"MOTHER," said a little girl, "I believe I'll be a duchess when I grow up." "How do you expect to become a duchess, my daughter?" "Why, by marrying a Dutchman, to be sure," replied the little girl.

THE young man who shivers on the street so that the girl with him will not suggest ice cream after the play, is knocked senseless when she proposes hot tea with birds on toast as something really necessary for his condition.

# HANDY PACKAGE DYES

**H**AVE never been equalled for brilliancy of colors, reliability of shades, and are warranted to color more goods, and to give better satisfaction than any Dye in the market. Compare them; try them; and be satisfied of this fact.

Do not be persuaded to try Dyes that are advertised to color large quantities of goods; the colors made from such soon change, and the goods become worthless. This is especially so with colors on cotton. Our special Colors for Cotton will be found far superior to all others, not only in the large amounts they will color, but in the fastness and brilliancy of the colors, making them indispensable to all wishing to dye cotton goods for carpets or other permanent use.

*These Dyes* are manufactured from the best and purest materials, so that you are certain to get good colors every time if your goods are free from grease, and the directions followed.

Old silks, faded ribbons, etc., can be made to look like new by using the Handy Package Dyes.

They are just what you want for coloring carpets, old dresses, stockings, etc.

Beautiful ornaments can be made out of grass, wheat, oats, and other grain, after coloring them with the Handy Package Dyes.

The person with an ingenious mind and decorative taste can find hundreds of ways to beautify their homes by using the Handy Package Dyes.

**Remarks on Colors**—Pure and bright colors can be had only on white goods. Colored goods, especially silk and cotton, can often be made nearly white by boiling in strong soap-suds and rinsing, repeating the process as long as the color comes into the water.

If the Dyes are used on goods already colored, the color obtained will be a combination of the old and new colors.

A Red color, dyed on Green, Slate, or Drab, will make a Brown; on Yellow an Orange; on Blue, a Purple; on Violet, a Wine.

Green will color nicely over Gray, Drab, Slate, Bismarck, and Blue, making Dark Greens, or Olive.

Blue over Green will make a Peacock color; over Reds a Violet or Purple; over Yellow a Green; over Browns, Dark Bluish Shades.

Browns will color over all colors except Black making on Green a Bronze, on Red a Garnet, on Purple and Violet a Wine or Maroon.

Purple and Violet will color over Red, Blue and Brown, making Wine, Plum, etc.

All the dark colors will cover over lighter colors, making various shades of the darker colors used.

Manufactured by THE HANDY PACKAGE DYE COMPANY, Adams Centre, N. Y., and Toronto, Ont. NORTHROP & LYMAN CO., Toronto, Agents for Canada.

**For the Cure of all Diseases of the Eye, such as Inflammation, Films, Opacities, Specks, Abnormal Growths on the Mucous Surfaces, and Gangrene.**

**O**F all our organs of sense the Eye is the most important and the most complicated organ, and its diseases are in the same proportion the most interesting and the most frequent. Many of these diseases, by carelessness or improper treatment, frequently terminate in blindness, whereas, by a very little skill or attention at first, this calamity might have been avoided.

*Dr. J. D. Kellogg's Eye Water* will be found an unfailing remedy for the cure of all diseases of the Eye. It has given better satisfaction than any other preparations sold on the market. It is not a medicine that gives temporary relief only; it cures permanently, by counteracting the disease, and by its soothing and healing properties soon restores the organ to its natural healthy condition.

The most aggravated case of inflammation is soon subdued; soreness and itching are allayed; the sight is strengthened, and a uniform healthy action is induced. If your eyes are inflamed, sore, or the sight beginning to grow dim, get a bottle of *Dr. J. D. Kellogg's Eye Water* and give it a trial, and you will never regret the investment.

Mr. James Hendry, Stewart's Bay, Ont., writes: "I received Dr. Kellogg's Eye Water, and am glad to say that it has done me a great deal of good. It soon removed the inflammation, and is gradually removing the film. It is much easier on the eye than any other remedy I have ever tried. I will recommend it to any one I meet with suffering from sore eyes, etc."

Notice the name, "*Dr. J. D. Kellogg's Eye Water*," prepared only by NORTHROP & LYMAN CO., Toronto. Sold by all medicine dealers. 25 cents per bottle.

WHEN did Geo. Washington have his first ride in a public carriage? When he took a hack at the cherry tree.

ECONOMY is the parent of integrity, of liberty and of ease, and the beautiful sister of temperance, of cheerfulness, and health.

"I WATCHED the billows by day, I watched thesea by night," says a current poet. He should engage himself as a hotel clerk at the seashore, where he could watch the bill-ows all the time.

MISTRESS—"Well, Mary, I'm sorry you are so discontented with the place that you have had to strike. I suppose I am to consider this an ultimatum?" Servant—"You can consider it an hul' tomato or any part of a tomato for all I care. What I want is two hours' work for eleven and a half hours' pay."

WHEN you see a man with a good deal of religion displayed in his shop window, you may be sure he has a very small stock of it in side.

A LAPSUS LINGUÆ.—"You must be more careful," said a mother to her daughter, who was complaining about getting her mouth poisoned by poison ivy. "I know it, mamma: but Arthur will persist in using that horrid dye-stuff for his moustache."

A MAN went into the country last week for a walk. He carried his overcoat on his arm, but finding it burdensome, hung it on a fence. Taking a card from his pocket he wrote: "Do not touch this coat, infected with small-pox." He came back two hours later and found the card, upon which was written underneath his warning: "Thanks for the coat, I've had the small-pox."

# DR. J. D. KELLOGG'S DYSENTERY CORDIAL

A SURE CURE FOR

**Dysentery, Diarrhœa, Cholera, Gripping Pains in the Bowels, Summer Complaints, Children Teething, Sea Sickness, Etc.**

VERY many persons die annually from cholera and kindred summer complaints who might have been saved if proper remedies had been used. Some persons have periodical attacks of Cholera or Dysentery, and have always to use discretion in their diet or the dress. Attacks will come on.

Thousands of children are carried off annually by summer complaints, which are so quick in their action, that the cold hand of death is upon the victims before we are aware that danger is near. The strongest man has to reel under its iron grasp, and the young and delicate soon fall a prey to its havoc.

**If Attacked,** do not delay in getting the proper medicine. Try a dose of Dr. J. D. Kellogg's Dysentery Cordial and you will get immediate relief. It acts with wonderful rapidity and never fails to effect a cure. Those who have used it pronounce in the strongest terms in its favor. They say it acts promptly and thoroughly subdues the pain and disease. No one need fear Cholera if they have a bottle of Dr. J. D. Kellogg's Dysentery Cordial and use it on the first appearance of that dreadful scourge.

Mr. E. D. Newton, Toronto, writes: "I have used Dr. J. D. Kellogg's Dysentery Cordial and found it the best medicine I ever used for Diarrhœa."

Mrs. Stack, Toronto, writes: "I have much pleasure in saying that four doses of Dr. J. D. Kellogg's Cordial cured me of a very severe attack of Cholera Morbus. I never saw anything act so quick in subduing the pain and stopping the purging."

Mr. George Smedley, Toronto, says Dr. Kellogg's Dysentery Cordial cured him of Cholera Morbus.

Mr. J. J. Doyle, Sackville St., Toronto, writes: "I am pleased to testify to the excellency of Dr. J. D. Kellogg's Dysentery Cordial, and would not be without it. I was very ill with cramps and could not get anything to relieve me until I was advised to use the Cordial, which gave me instant relief."

Sold by all medicine dealers. Price 25 cents.

## PARMELEE'S NEW VEGETABLE PILLS

A STANDARD MEDICINE.

These pills do not cause pain or griping, and should be used when a cathartic is required. They are Gelatine Coated, and rolled in the Flour of Licorice to preserve their purity, and give them a pleasant, agreeable taste.

**How to Cure Headache.**—Mr. Finlay Wark, Lysander, P. Q., writes: "I find Parmelee's Pills a first-class article for Sick Headache."

Mr. Chas. A. Smyth, Lindsay, writes:—"Parmelee's Pills are an excellent medicine. My sister has been troubled with severe headache, but these pills have cured her."

**The Best Pills.**—Mr. Wm. Vandervoort, Sydney Crossing, Ont., writes:—"We have been using Parmelee's Pills, and find them by far the best pills we ever used."

Mr. M. McBean, Glen Bean, writes:—"Parmelee's Pills have done me more good than any medicine I have ever taken."

Mr. D. Carswell, Carswell P. O., Ont., writes:—"I have tried Parmelee's Pills and find them an excellent medicine, and one that will sell well."

**Taking the Lead.**—Mr. F. W. Ashdown, Ashdown, Ont., writes:—"Parmelee's Pills are taking the lead against ten other makes which I have in stock."

### DYSPEPSIA AND INDIGESTION.

Mrs. Celeste Coon, Syracuse, N. Y., writes:—"For years I could not eat many kinds of food without producing a burning, excruciating pain in my stomach. I took Parmelee's Pills according to directions under the head of 'Dyspepsia, or Indigestion.' One box entirely cured me. I can now eat anything I choose, without distressing me in the least."

**Worn Out.**—Mr. Thomas Ballard, Syracuse, N. Y., writes:—"I have been afflicted for nearly a year with that most-to-be-dreaded disease, Dyspepsia, and at times almost worn out with pain and want of sleep, and after trying almost everything recommended, I tried one box of Parmelee's Valuable Pills. I am now nearly well, and believe they will cure me. I would not be without them for any money."

**They Never Fail.**—Mr. S. M. Boughner, Langton, writes:—"For about two years I was troubled with Inward Piles, but by using Parmelee's Pills I was completely cured, and although four years have elapsed since then they have not returned."

Mr. John A. Beam, Waterloo, Ont., says:—"I never used any medicine that can equal Parmelee's Pills for Dyspepsia or Liver and Kidney Complaints. The relief experienced was wonderful."

A COLORED woman was heard informing a neighbor that the storm frightened her so that she "shook like an ashpun."

A BOW-LEGGED man was standing before the fire warming himself. A small boy watched him intently for a while, and then he broke out, "I say, mister, you're standing too near the fire; you're a-warping."

YOUNG husband—"It does seem to me you might learn how to cook better than that; my mother—" Young wife—"There, that will do; I re rain from learning how to cook on principle." "Oh, you do; thinking of me, of course?" "No, of my son." "On?" "Yes; I don't intend he shall ever make any nice girl miserable bragging about my cooking."

BRINGING in the yule log used to be a great feat at Christmas time in "ye olden days;" but in this progressive age the bills are the heaviest thing brought in.

"Now, Mary Ann," said the teacher addressing the foremost of the class in mythology, "who was it supported the world on his shoulders?" "It was Atlas, ma'am." "And who supported Atlas?" "The book doesn't say, but I guess his wife supported him."

"I HAVE never given you credit for knowing very much, madam," said a blunt old bachelor; "but—" "Sir," she interrupted, "do you wish to insult—" "But," he continued, "I have always admired your grace and beauty." "I accept your apology," said the lady.

FOR  
BEAUTIFYING AND PRESERVING  
THE COMPLEXION.

Removing Tan, Sunburn, Freckles, and  
all Roughness of the Skin.

THE PERSIAN BEAUTIFIER changes the sunburnt face and hands to a pearly, satin texture of rare beauty, imparting the marble purity of youth, and the distinguished appearance so inviting in the city belle of fashion.

It removes tan, freckles, pimples and roughness from the skin, leaving the complexion fresh, transparent and smooth, and imparting that bloom to the cheek which is the desire of every lady and the admiration of the sterner sex.

If a Lady wishes to surround herself with admirers, she must not neglect her personal appearance. Beautiful women have been worshipped in all ages, and from present appearances are likely to be while the world lasts; and although some men may talk against the arts employed for retaining the freshness of youth, it is a fact that these same men are the first to withdraw their admiration of a lady if she is foolish enough to neglect her toilet by omitting the means placed within her reach for enhancing her beauty. As it is therefore so very necessary for the ladies to have a preparation of intrinsic value on their toilet, one that will give them perfect satisfaction and that is entirely free from anything poisonous or injurious to the skin, we would recommend them to use the *Persian Beautifier*. It imparts a youthful bloom and lively expression to the countenance; it softens the plainest features, and the roughest skin is made smooth and beautifully clear. It is just what the ladies require to remove tan, sunburn, freckles, etc.; in fact it is the great secret of beauty, and very justly deserves the reputation it has sustained for years as being entirely free from anything poisonous or injurious to health or skin.

OWNERS OF HORSES  
REJOICING.

THAT is, all who have either used Dr. Thomas' Electric Oil on their Horses, or witnessed the wonderful effects when used by others.

When your Horses are suffering from a cut, abrasion or sore, it is just the medicine to use.

If your Horse is lame, stiff, or there is swelling of any kind, Dr. Thomas' Electric Oil is just the medicine to use. It allays swelling, removes stiffness of any kind, and is the most soothing and healing medicine that you can use.

In Cattle it cures Horn Distemper and in cows Garget; a few applications cure cracked teats; for the last named it is especially good. For Horn Distemper put half a teaspoonful in each ear, and pour a little back of the horns.

**Worth Knowing.**—Mr. Jas. Shannon, Leaskdale, writes: "I suppose it would be of interest to you to know of two wonderful cures effected on horses by using Dr. Thomas' Electric Oil. A customer of mine had a valuable colt about a week old, which got cold and was unable to get on its feet. I advised him to give it a thorough rubbing with Dr. Thomas' Electric Oil, which he did, and to his surprise the stiffness was removed, and a perfect cure followed. The second astonishing cure was on a fine colt which had been operated on, followed by great swelling. The farriers said he would die, and they could not save him. 'Then, if he is going to die,' said the owner, 'I will go and get a dollar's worth of Dr. Thomas' Electric Oil, and it will at least ease his sufferings.' He got the Electric Oil, and it not only gave the colt relief, but cured him. It is just such remarkable cures as these that advertise Dr. Thomas' Electric Oil, and make our sales so much larger than of any other medicine."

Mr. S. S. Nash, Crediton, writes: "Frequent applications of Dr. Thomas' Electric Oil, and daily rubbing, completely removed a callous lump on the leg of a valuable horse of mine."

**Best Ever Used.**—Mr. W. R. Lazier, Ballif, etc., Belleville, writes: "I find Dr. Thomas' Electric Oil the best medicine I have ever used in my stable. I have used it for Bruises, Scratches, Wind Puffs and Cuts, and in every case it gave the best satisfaction. We use it as a household remedy for Colds, Burns, etc., and it is a perfect panacea. It will remove Warts by paring them down and applying it occasionally."

Mr. P. M. Markell, West Jeddore, N. S., writes:—"I wish to inform you of the wonderful qualities of Dr. Thomas' Electric Oil. I had a horse so lame that he could scarcely walk; the trouble was in the knee, and two or three applications completely cured him."

"WHY was Eve not afraid of the measles?"  
 "Because she'd Adam."  
 He who courts and goes away may live to court another day; but he who weds and courts girls still may get in court against his will.  
 THERE is a singular incongruity about the human race. A man will never hire an auctioneer unless he is constantly "knocking-down," but a clerk that does the same thing is discharged.  
 SPEAKING against long prayers, Brother Talmage says: "When Peter was endeavoring to walk on the water to meet his Master, and was about sinking, had his supplication been as long as the introduction of some of our modern prayers, before he got half through he would have been fifty feet under water."

THE best hand in the game of life—the hand of a good and loving wife.  
 "PROFESSOR," said a graduate, trying to be pathetic at parting, "I am indebted to you for all I know." "Pray don't mention such a trifle," was the not most flattering reply.  
 "WHAT is the matter with the baby?" asked a lady of a little girl whose baby brother she had understood had been ailing. "Oh, nothing much," was the answer, "he's only hatchin' teeth."  
 "How are you and your wife coming on?" asked a gentleman of a colored man. "She has run me off, boss." "What's the matter?" "I is to blame boss. I gave her a splendid white silk dress, and den she got so proud she had no use for me. She said I was too dark to match de dress."

There is no known remedy equal to it for the relief and cure of Asthma. It has given relief when the sufferers have tried everything they have heard of without getting relief.

It will remove that distressing tightness of the chest so well known to asthmatics. It will remove the difficulty experienced in breathing. It will soothe the patients into a calm and natural sleep, and if they have had to sleep in an erect position to keep from suffocating, Kellogg's Asthma Remedy will remove the difficulty. *For Hay Fever, Bronchitis, Catarrh, Cold in the Head, etc.*, this remedy has been found of great value.

**WHOOPIING COUGH** has been cured by the use of Dr. Kellogg's Asthma Remedy. Some bad cases have been cured by burning a small quantity of it in the room for two or three nights after the little sufferers had retired.

### THEY HAVE TRIED IT.

Mr. Wm. H. Smith, Cottam, writes: "Kellogg's Asthma Remedy never fails to give me instant relief."

Mr. Thos. Mehan, Algonquin, writes: "It is just the thing for Asthma."

Mr. M. E. McLeod, Dickinson, D.T., writes:—"I used Kellogg's Asthma Remedy, and it has done wonders for me."

Mr. W. W. Ellis, Salmon Beach, N.B., says: "There is no medicine like it for the Asthma. I have used it."

Mr. R. Brown, P.M., Birchton, N.S., writes: "I gave a sample box of Kellogg's Asthma Remedy to a friend to try, and it relieved him to the astonishment of all."

Mr. Alex. McPhee, Palmer Rapids, writes: "Part of a box of Dr. Kellogg's Asthma Remedy relieved one man of the asthma, and a young lady of the catarrh. I can highly recommend it for these diseases."

Dr. R. C. Caldwell, Bloomfield, Ky., writes: "I have been practicing medicine for ten years, and one package of Dr. J. D. Kellogg's Asthma Remedy has given me more satisfaction than anything in its line I have ever tried. I have used it on my little boy for Phthisis, and it gave him great relief."

Mr. P. H. Ward, Tuscarora, Nev., writes: "Kellogg's Asthma Remedy has cured me, and I suffered ten thousand deaths with the asthma for fifteen years. I have also proved to my satisfaction that this grand medicine is also good for Bronchitis, Catarrh, and Cold in the Head."

### BETTER THAN ALL.

Mr. John Huston, Township of Morrison, writes: "I have tried Dr. J. D. Kellogg's Asthma Remedy and it has done me more good than all the medicine I have ever used. I have spent over \$50 in doctoring for it, and one package of this medicine has been more beneficial than all combined."

Mr. James Thomson, Hudson Bay Company's Office, Portage la Prairie, writes: "I have found Dr. J. D. Kellogg's Asthma Remedy invaluable."

Mrs. L. Jackson, Deseronto, sends us the following: "For seventeen years I have been troubled with spasmodic asthma. Eminent physicians have treated me, but I could get no relief. At last I got a small box of Dr. J. D. Kellogg's Asthma Remedy from Mr. Egar, our druggist, and I cannot in words express my gratitude for the benefits I have received from its use. It gave me immediate relief, and I can honestly recommend it to all asthmatics."

Sold by all medicine dealers; small boxes 25c., large boxes \$1.

### A GOOD-MEDICINE.

Mr. C. H. Ward, Robinson, P.Q., writes: "Dr. Kellogg's Dysentery Cordial is without doubt the best medicine in the market for Summer Complaint, etc. I have tried it and have also tried many other medicines and speak from experience. My little girl had a bad attack of Diarrhoea; our doctor could not help her; we then tried Kellogg's Dysentery Cordial and her life was saved by its use. I have given it to others with the same result."

Mr. John C. Hall, Hotel-keeper, Bolton Centre, P.Q., writes: "I am subject to summer complaint and have tried a great many preparations for it from time to time, but never got a satisfactory cure until I tried Dr. Kellogg's Dysentery Cordial. This in my case was a complete cure. My family have used it with equal benefit and we can with confidence recommend it."

A WEDDING sermon never passes off smoothly, for there is always a hitch in it.

"I SAY, Jenkins, can you tell a young, tender chicken from an old, tough one?" "O course I can." "Well how." "By the teeth." "Chickens have no teeth." "No, but I have."

WIFE, before a lion's cage, to husband—"What would you say if the bars were to suddenly break and the lion to eat me up?" Husband (drily), "I should say he had a good appetite."

AN elderly but very vain lady was called an angel by a somewhat cynical gentleman. "Angel!" exclaimed the venerable female, "I am not entitled to that name." "Oh, yes, you are," repeated the wretch; "angels are the first beings created, and are therefore the oldest."

ONE of the problems that puzzle childhood: How the angels got their nightdresses over their wings.

CALLER (to Mrs. Hendricks)—"Your daughter's husband is n A.M., is he not, Mrs. Hendricks?" Mrs. Hendricks (a trifle sourly) "Yes, he is about a 2 o'clock, A.M."

GUEST—"Have you a fire escape in this house?" Landlord—"Two of 'em, sir." Guest—"I thought so. The fire all escaped from my room last night, and I came near freezing."

"MOTHER, what is an angel?" "My dear, it is a little girl with wings, who flies." "But I heard Papa telling the governess yesterday that she was an angel. Will she fly?" "Yes, she will fly away the first thing to-morrow."

# DR. J. D. KELLOGG'S HEALING OINTMENT

**A** SURE and certain remedy for the healing of every variety of Sore, from a simple scratch or bruise to the most aggravated Fever Sore or Scrofulous Ulcer, including the Healthy Ulcer, the Weak Ulcer, the Indolent Ulcer, and Ulcers of all kinds, Wounds, Bruises, Burns, Scalds, Corns, Chilblains, Cuts, Sore Nipples, Broken Breasts, Bolls, Bed Sores, Fistulas, etc., and all affections of the *SKIN* known by the name of Eczema, Salt Rheum, Erysipelas, Tetter, Scald Head, and every variety of Chronic Disease of the Skin.

*This Ointment* is a compound of remarkable healing ingredients, and its composition has been arrived at by the most thorough investigation. *It stands pre-eminently at the head of all the External Medicines for healing*, as it never drives the disease inward to *Take Effect on the Internal Organs*.

**PILES.**—This Ointment has given excellent satisfaction in curing Piles. Some very bad cases have been cured by applying Kellogg's Healing Ointment only, but while we believe that it will cure this troublesome and painful complaint without the assistance of any other medicine, yet we think the only rational means of cure is to use *Northrop & Lyman's Vegetable Discovery* to remove the cause of the affliction and the Healing Ointment to remove the disease. You thus effect a complete and permanent cure.

Its properties, when applied to sores, go directly to the diseased part, attract the virus to the surface, and *heal the sore from the bottom*. It is simply asked that the afflicted will **TRY ONE BOX**, the use of which will convince the most sceptical, and do more to introduce it into favorable notice than volumes written in its praise. In curing Scrofula and its Sores, with the assistance of the *Vegetable Discovery*, it is without a parallel. We say with the assistance of the *Vegetable Discovery*, for to attempt to heal a Scrofulous or any other Sore which owes its origin directly to Impure Blood, and while that impurity is in the system, is folly, as you cannot accomplish this successfully unless you drive the virus from the system. To remove Scrofulous Humor from the Blood and System, it is safe to say there is no known medicine that will do it so effectually as *Northrop & Lyman's Vegetable Discovery*

**For the Toilet.**—As this Ointment is exceedingly pleasant, and never becomes rancid, it is admirably adapted for Sore Lips, Pimples, Eruptions or Sores that disfigure the face; *Sunburn, Irritation of the Skin* after being exposed to the wind, Chapped or Sore Hands, and in fact for all sores that require a cooling and healing Ointment.

**For Dandruff, Irritation or Eruption of the Scalp,** and all diseases that have a tendency to cause Baldness, it will be found a Sovereign Remedy.

Mr. W. S. Lewis, Brierwood, Manitoba, writes; "For over five years I suffered with Scabs on my Head; tried several doctors in England and Manitoba, but got no relief. One box of Dr. Kellogg's Healing Ointment completely and permanently healed them."

NORTHROP & LYMAN CO.,  
Toronto, Proprietors.

Price 25 cents per box.

**I**T is a preparation combining in a pleasant and agreeable form all the stimulating and nutritious tonic properties of the above-named ingredients, chemically combining the elements that make up the human system and are well calculated to supply and re-create the wasted body. Its agreeableness to the taste, restoring and invigorating properties, combined with its powers to vitalize and enrich the blood, render it peculiarly adapted for delicate ladies and children, many of whom object to bitter or nauseous tonics.

It is a most effective strengthener and restorative, and admirably adapted for impaired digestion. As a nutritious tonic it will be found invaluable in the treatment of impaired Nutrition of the Blood, and in all the various forms of General Debility.

**If Your Stomach** is weak use Northrop & Lyman's BEEF, IRON AND WINE, to tone and strengthen it.

**If Your Appetite** is poor, and you are weak and languid, use this BEEF, IRON AND WINE, to improve the appetite and restore to the system its exhausted power, and thus, by the general vigor which it imparts, create an appetite and restore the weak and broken down to health and strength, dispel gloomy spirits, enrich the blood, and tone up the whole system:

Why is an old maid like a dried orange? Because neither of them is worth a good squeeze.

The lion and the lamb may lie together, but they can't hold a candle to a couple of lawyers.

An incurable old bachelor—one who, seemingly, rejoices in his infirmity—describes marriage as "a female despotism, tempered by puddings."

A Mr. Moran married a Miss Moore. Moran Moore will be the motto of that firm, but time alone can tell how closely it will be adhered to.

An Irishman seeing an undertaker carrying a very small coffin, exclaimed in the utmost surprise, "By the saint o' Sligo, is it possible that coffin can be intended for any living creature!"

ETHEL—"Mamma, I am writing to Nellie Lee; shall I say anything for you?" Mamma—"Writing to that contemptible person again? Yes, give her my love. How I detest that girl, to be sure!"

An Irishman stopped at an hotel, got supper, breakfast and lodging, and told the landlord in the morning he had no money. The landlord asked him why he did not say so last night. "Och," said Pat, "I thought you would feel sorry enough to hear it this morning."

"JULIUS CÆSAR," said the colored man's wife, "you were out wid de boys las' night." "I was," said Julius, humbly. "And how do you find yo' head dis mawnin'?" "About de same as you wants yo' goods when you go shoppin'." "How am dat?" "All wool an' a ya'd wide."

"My dear madam, I find that your estate is heavily encumbered. You will have enough to live upon, but you must husband your resources." Widow—"Well, my daughter is my only resource now, and I intend to husband her as soon as possible."

## A POPULAR SUCCESS.

### DISEASES OF THE KIDNEYS AND BLADDER.

FOR the cure of diseases of the Kidneys and Bladder, Northrop & Lyman's Vegetable Discovery is a remarkable remedy. It purifies and enriches the blood; regulates the bowels; acts directly upon the secretions, and the affected organs themselves, cleansing, strengthening, and removing all obstructions and impurities. In these diseases a few bottles of the Discovery are worth their weight in gold.

Mr. Joab Scales, of Toronto, writes: "A short time ago I was suffering from Kidney Complaint and Dyspepsia, Sour Stomach and Lame Back; in fact I was completely prostrated and suffering intense pain. While in this state a friend recommended me to try a bottle of Northrop & Lyman's Vegetable Discovery. I used one bottle, and the permanent manner in which it has cured and made a new man out of me is such that I cannot withhold from the proprietors this expression of my gratitude."

*Disease of the Liver* is far more common than is generally supposed; and, indeed, it is possible for serious disease of that organ to exist without any well defined symptoms whatever. Comparatively few are constantly free from all irregularities of the Liver, and more particularly Bilioussness.

The remarkable properties of Northrop & Lyman's Vegetable Discovery in restoring the Liver from the affections to which it is subject, such as Bilioussness, Jaundice, Congestion, Inflammation, etc., are surprising to all who witness their effects.

Mrs. H. Hall, Navarino, N. Y., writes: "For years I have been troubled with Liver Complaint. The doctors said my Liver was hardened and enlarged. I was troubled with Dizziness, pain in my right shoulder, constipation, and gradually losing flesh all the time. All food soured on my stomach, even with the closest attention to diet. I was under the care of three physicians, but did not get any relief. A friend sent me a bottle of Northrop & Lyman's Vegetable Discovery, and it affords me much pleasure to inform you that the benefit I have received from it is far beyond my expectation. I feel better now than I have done for years."

*For 30 Years.*—Mrs. L. Equire, Ontario Steam Dye Works, Toronto, says: "For about 30 years I have doctored for Liver Complaint and Dyspepsia without getting any cure. I then tried Northrop & Lyman's Vegetable Discovery, and the benefits I have received from this medicine are such that I cannot withhold this expression of my gratitude. It acts immediately upon the Liver,

and its good effects are noticed at once. As a Dyspepsia remedy I don't think it can be equalled."

**FEMALE WEAKNESS.**—If the atmosphere we breathe is deficient in oxygen, the Blood is only partially purified; and if this deficiency of oxygen is made up with carbonic acid poison, which is just the condition of the atmosphere in close warm rooms, the Blood, not only being but partially purified in the lungs, but also receiving poison from the atmosphere, is returned loaded with a variety of poisonous constituents to every part of the entire body, and the consequence is, the universal health receives a broadside volley. The whole system becomes languid and weak, every fibre loose and lax. The most susceptible pores, channels and ducts choked up, Leucorrhœa, or whites, frequently supervene, Digestion and Assimilation are impaired, and Female Weakness is established. The Blood becomes Impoverished, various functions may become deranged, and the foundation is laid for a train of symptoms or diseases, the pangs of which tongue cannot express, and which often terminate in Consumption.

*You Can Now* readily understand how the atmosphere in close warm rooms induces Female Weakness. The inmates are constantly exhaling the natural poison from the lungs, and inhaling or consuming the oxygen, until the atmosphere, deficient in oxygen, is loaded with poisonous properties, and consequently, the Blood with Impurities, a large proportion of which, in a female, have a peculiar tendency to establish the disease in question. Add to these destroying influences, the debilitating effect of constant heat, and need you wonder at the frequency of the disease in the present age?

**Treatment.**—We are pleased to inform you that for this malady, which has been the source of untold misery, and so seldom cured, we are able to offer you, in Northrop & Lyman's Vegetable Discovery, a remedy that Purifies the Blood and cures the disease. Take sufficient of it to regulate the bowels, producing two healthy operations in the day. There is no disease or complaint in which the Vegetable Discovery gives quicker relief, or is more effective in its cure, than in what is termed Female Weakness.

*Seven Years of Suffering.*—A lady in Syracuse writes: "For about seven years before taking Northrop & Lyman's Vegetable Discovery, I suffered with a complaint very prevalent with our sex. I was unable to walk any distance, or stand on my feet for more than a few minutes at a time, without feeling exhausted; but now, I am thankful to say, I can walk two miles without feeling the least inconvenience. For Female Complaints it has no equal."

No matter how prompt actors may be at rehearsal, there is always one man who is prompter.

The difference between success and "genuine success" is that the latter has more money in it.

"You wouldn't believe, young man" he said, "if I were to tell you that not a drop of intoxicating liquor ever passed my lips." "Why wouldn't I?" asked the young man: "are you such a liar?"

"CHARLEY, I wonder what would be a nice present to give pa for his Christmas?" asked Clara.

"Give him a pair of padded slippers," suggested Charley, gloomily.

"Young man," said a cross old lady on a street car, "t'racker smoking makes me sick." "It used to make me sick, too, madam," replied the young man, lighting a fresh cigar, "but, Lord, you'll get used to it after a while."

It is strange! A woman who claims to have a mind of her own takes every opportunity to give everybody a piece of it.

MRS. SWELLINGTON JONES—"Really, my dear, you owe it to your friends to get a new dress suit. Mr. Swellington Jones—"Well, if I do, I shall have to owe it to my tailor."

A LITTLE girl was seated at the table opposite a gentleman with a waxed moustache. After gazing at him for several moments, she exclaimed: "My kitty has got smellers too!"

A CORRESPONDENT writes to a country editor: "I send you a little poem called the 'Lark of the Lark.' If accepted let me know." And the editor replies: "Rejected, with thanks. If you send a few specimens of the lay of the hen we will accept."

## DR. A. TRASK'S Magnetic Ointment.

THE GREAT HEALER OF ALL  
INFLAMMATION.

THE proprietors of this sovereign remedy challenge the world to furnish anything, from the days of Esculapius down to the present time, in the Arcana of Medicine, which can vie with or excel the intrinsic properties of this Ointment.

The worst Sores, Bruises, Cuts, Burns, Skin Disorders, Sprains, Sore Throat, Croup, Rheumatism, Lameness, and all external and internal affections characterized by **INFLAMMATION**, yield to its influence as if by magic. Wherever there is inflammation try this Ointment, and you will never be without it.

It never fails to restore the natural functions of the skin and equalize the circulation of the blood. It penetrates to every portion of the human frame; every bone, muscle, vein, nerve and ligament is searched out and made sensible of its soothing and healing influence. Hence it copes readily with internal as well as external disease. Its success has been marvellous in the most obstinate cases of Inflammation of the Eye, Brain, Throat, Lungs, Bowels, and other delicate organs of the human frame, where the skill of the most eminent physicians has been baffled, while for Sores and Injuries attended with Inflammation, Eruptions of the Skin, as Salt Rheum, Pimples, etc., and Lameness, it is without a rival. Its operation is **SWIFT**, and containing no minerals, its application is safe, producing immediate relief.

Sold by all Dealers in Medicine.

## DR. THOMAS' ELECTRIC OIL.

A SURE AND CERTAIN REMEDY:

**CATARRH.**—A prominent minister of the city of Toronto had Catarrh for a long time and went through a thorough course of medicine by skilful city physicians, but the disease was so deeply rooted that they were unable to cure it. A druggist advised him to try Dr. Thomas' Electric Oil, which he did, by putting a few drops on cotton batting and placing it in the nostril. He faithfully persevered with this treatment, when, to his own and his physician's astonishment, he was cured. We don't think there is any medicine that is as efficacious for this disease as Dr. Thomas' Electric Oil.

### Ulcerated Sores for Nine Years

—Mr. Samuel Bryan, Thedford, writes: "For nine years I suffered with ulcerated sores on my leg; I expended over \$100 to physicians, and tried every preparation I heard of or saw recommended for such disease, but could get no relief. I at last was recommended to give Dr. S. N. Thomas' Electric Oil a trial, which has resulted, after using eight bottles (using it internally and external'y), in a complete cure. I believe it is the best medicine in the world, and I write this to let others know what it has done for me."

**Rheumatism.**—Mr. G. W. Macully, Pavillion Mountain, B. C., writes: "Dr. Thomas' Electric Oil is the best medicine I have ever used for Rheumatism."

**Genuine Merit.**—"Owing to the universal satisfaction which has followed the use of Dr. Thomas' Electric Oil, we take very great pleasure in calling special attention to it as a certain and speedy cure for the various diseases for which it is intended. Having sold it for a number of years we can confidently recommend it, as all our customers speak of it in the highest terms. We would also direct attention to Northrop & Lyman's Vegetable Discovery, which is giving perfect satisfaction to our numerous customers. In fact, all the preparations manufactured by this well-known house are among the most reliable in the market, and we always take a pleasure in recommending them, as we have proved them to be of genuine merit, etc., etc."—STOTT & JURY, Pharmaceutical and Dispensing Chemists, Bowmanville.

Mr. J. L. Price, Thoals, Martin Co., Ind., writes:—"I have tried a box of Parmelee's Pills and find them the best medicine for Fever and Ague I have ever used."

**NORTHROP & LYMAN'S**  
**QUININE WINE**  
 MEDICAL PROPERTIES:  
 FEBRIFUGE. TONIC. &  
 ANTI-PERIODIC

**T**HERE never was, and never will be, a universal panacea, in one remedy, for all ills to which flesh is heir—the very nature of many curatives being such that were the germs of other and differently seated diseases rooted in the system of the patient—what would relieve one ill, in turn would aggravate the other. We have, however, in Northrop & Lyman's Quinine Wine, a remedy for many and grievous ills. By its gradual and judicious use, the frailest systems are led into convalescence and strength, by the influence which Quinine exerts on Nature's own restoratives. It relieves the drooping spirits of those with whom a chronic state of morbid despondency and lack of interest in life is a disease, and, by tranquilizing the nerves, disposes to sound and refreshing sleep—imparts vigor to the action of the blood, which, being stimulated, courses throughout the veins, strengthening the healthy animal functions of the system, thereby making activity a necessary result, strengthening the frame and giving life to the digestive organs, which naturally demand increased substance—result, improved appetite.

**SLEEPLESSNESS, TWITCHING OF THE MUSCLES, TREMBLING OF THE LIMBS,** and other manifestations of nervous weakness, are speedily remedied by it. It is also specially beneficial to children and delicate females, and to **BUSINESS MEN, STUDENTS,** and those who have much brain work, we would say, "Never be without it." It will strengthen you, keep your system in regular order, and enable you to successfully grapple with the work you have to do. As an Anti-periodic, it possesses great excellence. Chills and Fever, Billous Remittent Fever, and the minor malarial complaints, Dumb Ague, and Ague-crike, are eradicated by it, and the system fortified against their return. The remedies frequently prescribed for Fever and Ague have reference only to preventing the paroxysm and breaking the chill, without regard to the condition in which the system may be left after the chills have been removed; whereas, the mere suppression of the paroxysms in reality is but a small part of what is required to effect a radical cure.

**Golden Opinions** are everywhere expressed in favor of Northrop & Lyman's Quinine Wine. Read the following:

Mr. E. Robinson, Windham Centre, writes:—"For about ten years I have been troubled with Headache, or Brow Ague: some people call it, a pain across my forehead accompanied with Biliousness. Have tried nearly all the medicines sold in this country, but received no relief or benefit from them. Finally I commenced using Northrop & Lyman's Quinine Wine, and before I had used six bottles I was completely cured, and I have not had an attack of it since, now nearly one year."

Messrs. T. Elliot & Co., Cookstown, write: "We are sold out of your Quinine Wine. It is very highly spoken of by our customers who have used it."

Mr. E. T. Mulligan, Toronto, writes: "In gratitude to you for what your most valuable medicine, 'Quinine Wine,' has done for my wife, I wish to express my best wishes, and hope that all sufferers from disease to which your medicine is adapted will not hesitate in resorting to its use. My wife having been troubled with general debility, and having no appetite or relish for food, I procured a bottle of your Quinine Wine, and after submitting it to our family doctor, he told me he could prescribe nothing better. Thanking you for what it has accomplished, I am, etc., etc."

**A Wonderful Medicine.**

C. Vanbuskirk, Kingston, N. S., writes: "Send me three dozen of your Quinine Wine at once. I have only one bottle in stock. It's a wonderful medicine."

Mrs. William Shelton, Toronto, writes: "I beg leave to acknowledge the good I have received from the use of your most valuable medicine, Quinine Wine. For the past two or three years I have been subject to weakness and loss of appetite, and being recommended by a lady friend to try your Quinine Wine, I purchased a bottle from my druggist, and it gives me the utmost pleasure in informing you that it has done me more good than what is claimed for it. I do, without hesitation, recommend it to all sufferers from like diseases."

Mrs. Joseph Spencer, Toronto, writes: "Having been a sufferer from general debility and weakness so peculiar to persons of a nervous temperament, I was induced to try your Quinine Wine. After taking the first bottle it had such a decided effect that my system began to rebuild, and my appetite was so much improved that I decided to continue the medicine; and I have no hesitation in saying that after I used the second bottle I was quite restored to my natural health. I feel as if I can not find words to express my feelings to you for what your medicine has done. I have also recommended it to my friends troubled in like manner, and in every instance it has met with the same results. I wish your medicine every prosperity."

AN UNPARALLELED REMEDY FOR

**Coughs, Colds, Influenza, Asthma, Croup, Hoarseness, Pleurisy, Bronchitis, Consumption, Spitting of Blood, Whooping Cough, Diseases of the Chest and Lungs, Shortness of Breath, etc.**

**C**OUGHS and colds should never be neglected, they are so frequently prognostic of some Throat or Lung Complaint.

At first it is only a slight Cold or Cough exciting no particular attention, but it does not disappear; it clings with great tenacity, or it may for a time leave only to return with greater force, and so it keeps coming and going; each time it returns with greater severity.

Its disappearance, or rather periodical abatement disarms our fears of danger, and we allow it to take care of itself. This way of taking care of our bodies is worse than madness. It is just what nine-tenths of those who are dying, or have died of consumption, have done—"Only a neglected cold."

It is just what gave Catarrh to all those who are suffering with that dreadful disease—a disease alarmingly on the increase, and that is baffling so many physicians. It is "a neglected cold" that causes Asthma, Bronchitis and Throat Troubles.

**We catch Cold** by exposure, sudden changes of temperature, breathing deleterious substances into our lungs, etc., etc. Coughs and colds are easily and effectually subdued if taken in time; then do not delay. From our experience and from the testimonials we have received from Druggists and those who have used it, we believe there is no medicine equal to

### **BICKLE'S ANTI-CONSUMPTIVE SYRUP**

for Coughs, Colds and all the diseases which follow neglected colds.

It is not a medicine got up for speculation, to gull the poor sufferer, who, like a drowning man, will catch at any straw, but it is a scientific preparation recommended by the faculty (to whom the principal ingredients of the preparation have

been made known), and which is believed to be the best medicine for diseases of the pulmonary organs which has ever been presented to the public.

It was only after a series of skilful *chemical experiments* that the inventor was successful in extracting the active principles or virtues of several medicinal herbs, which exert a most wonderful influence in curing consumption, and other diseases of the *Lungs and Chest*.

Although there may be cases of Consumption so far advanced that this Syrup may not entirely cure, still the proprietors are confident that there is no case so bad, or of so long standing, but what may be materially relieved by the use of BICKLE'S ANTI-CONSUMPTIVE SYRUP. *In recent cases it may be said never to fail.*

This medicine operates by promoting a *free and easy expectoration*, which immediately relieves and frees the Throat and Lungs from viscid phlegm by changing the secretions from a diseased to a healthy state, by uniting with a tonic power the property of calming irritation and diminishing excitability; by modifying the circulation, and enabling the Lungs to throw off the matter resulting from inflammatory action, thus giving the surface a chance to heal; by strengthening the Lungs and giving that tone to the system which counteracts the debilitating influence of disease.

Coughs, Colds, Shortness of Breath, and Affections of the Chest, attended with weakness of the digestive organs, or with general debility, seem to vanish under its use.

It is so palatable that a child will not refuse it, and is put at a price that will not exclude the poor from its benefits.

**For Children.**—When children are affected with Colds, Coughs, Inflammation of the Lungs, Croup, Quinsy, and Sore Throat, this Syrup is of vast importance. The number of deaths among children from these diseases is truly alarming. If parents wish to save the lives of their children, and themselves from much anxiety, trouble and expense, let them procure a bottle of BICKLE'S ANTI-CONSUMPTIVE SYRUP, and whenever a child has taken cold, has a cough or hoarseness, give the Syrup according to directions.

IT IS NECESSARY, in order to be benefited by this medicine, to take it steadily after commencing to use it. Some have taken it once a day, then twice, then not any for two or three days; such cannot rationally expect to receive much benefit from it; but if taken regularly, it will, in all cases for which it is recommended, be eminently beneficial, and generally effect a complete cure.

**Excelsior.**—Mr. Wm. Robinson, Teeterville, writes us: "I have sold Bickle's Anti-Consumptive Syrup for twenty years and I recom-

mend it in every case for Coughs, Colds, Hoarseness, etc. It is the best article I have ever known and has a better reputation than any other medicine in this locality."

**The Best.**—Mr. L. W. Senesac, Stanbridge Station, P. C., writes: "We have used Bickle's Syrup for Coughs and Colds, and do not hesitate to pronounce it a first-class article, the best we have ever used."

Mr. E. B. Stewart, Ruthven, writes: "The people think Bickle's Syrup the best medicine in the world."

**Verge of Consumption.**—Mr. A. W. Levy, Mitchell, writes: "I think BICKLE'S ANTI-CONSUMPTIVE SYRUP the best preparation on the market for coughs and severe colds. About six years ago I caught a severe cold which settled on my lungs, and for three months I had a cough. I had a physician attending me, but gradually grew worse until I was on the verge of consumption, and had given up hopes of being cured, when I was induced to try BICKLE'S SYRUP. Before I had taken one bottle I found myself greatly relieved, and by the time I had finished the second bottle I was completely cured. I always recommend it for severe colds and consumption."

Miss N. Hornbrook, Toronto, writes: "I consider Bickle's Anti-Consumptive Syrup an excellent medicine for Coughs and Colds. For a long time I was troubled with a very annoying cough, but Bickle's Syrup cured me."

**The only Relief.**—Miss C. Cameron, Toronto, says: "I contracted a cold, and through neglect it finally resulted in catarrh of the stomach, from which I suffered for two or three years. Have used 'Bickle's Syrup' for it, and find it the only medicine that gives me any relief."

Mr. G. C. Betts, Haldane Hill, writes: "I have sold a great variety of Cough Medicines, and have sold, and used in my family, Bickle's Anti-Consumptive Syrup, and I do not hesitate or exaggerate when I say it is the best Cough Medicine I have either used or sold. Its effects are noticed immediately."

Miss A. M. Adams, Morley, N.W.T., writes: "I tried Bickle's Anti-Consumptive Syrup for a cough which had been growing troublesome for some years, until eventually a feeling of unsoundness in the left side caused serious apprehension. One bottle of Bickle's Syrup, while it has not fully ended the cough, has removed all that feeling of unsoundness, etc., etc."

**So rapidly** does lung irritation spread and deepen, that often in a few weeks a simple cough culminates in tubercular consumption. Give heed to a cough—there is always dan-

ger in delay; get a bottle of Bickle's Anti-Consumptive Syrup, and cure yourself. It is a medicine unsurpassed for all throat and lung troubles. It is compounded from several herbs, each one of which stands at the head of the list as exerting a wonderful influence in curing consumption and all lung diseases.

Castor Oil is a mild and speedy cathartic, and is therefore particularly adapted for the diseases of children; and were it not for its nauseous and disagreeable taste, it would be a favorite medicine in the household. Knowing the value of this medicine, and the difficulty to administer it—to young children especially—was the inducement to Mr. T. Copland, late of Hamilton, to undertake long researches and experiments which resulted in the discovery of a way whereby ordinary Castor Oil can be sweetened and rendered palatable, and without in the least reducing its strength or changing its medical properties. He called his preparation "Copland's Sweet Castor Oil;" and the secret for manufacturing this compound is only known to the inventor and the undersigned, who purchased the trade mark and right to manufacture from him. Only the finest quality of Castor Oil is used in its manufacture, and those who have used it cannot be induced to use the ordinary Castor Oil again. Some children say it is honey; others call it syrup—they all say they like it. One parent says: "My children drink it like water;" another: "We had to hide the bottle or they would have finished it right off;" another: "My little girl has taken it twice without any trouble, and does not know what it is, though she hates the ordinary Castor Oil, and we could never get her to take it without a fight." Yet another: "I wish you success of your Sweet Castor Oil; it is a splendid thing, sure to take the place of all the common oil."

## SICK HEADACHE

IS generally caused by a disordered stomach, imperfect digestion, or inactivity of the liver. If you are troubled with this distressing complaint, take NORTHROP & LYMAN'S VEGETABLE DISCOVERY to purify the stomach and give healthy action to the liver, and we will guarantee that the headache will be speedily and permanently removed.

Mr. S. B. Maginn, Ethel, used Northrop & Lyman's Vegetable Discovery to cure a severe bilious Sick Headache which troubled him for a long time. He thinks it an excellent medicine for all such afflictions.

**Heartburn.**—Mr. John McCarthy, Toronto, writes: "I can unhesitatingly say that Northrop & Lyman's Vegetable Discovery is the best medicine in the world. It cured me of Heartburn that troubled me for over thirty years. During that time I tried a great many different medicines, but this wonderful medicine was the only one that took hold and rooted out the disease."

**If You Are Despondent,** low-spirited, irritable, and peevish, and unpleasant sensations are felt invariably after eating, then get a bottle of Northrop & Lyman's Vegetable Discovery and it will give you relief. You have Dyspepsia. Mr. R. H. Dawson, St. Mary's, writes: "Four bottles of Vegetable Discovery entirely cured me of Dyspepsia; mine was one of the worst cases. I now feel like a new man."

**The Best Medicine.**—Mr. Jno. Blackwell, of the Bank of Commerce, Toronto, writes: "Having suffered for over four years from Dyspepsia and weak stomach, and having tried numerous remedies with but little effect, I was at last advised to give Northrop & Lyman's Vegetable Discovery a trial. I did so with a happy result, receiving great benefit from one bottle. I then tried a second and third bottle, and now I find my appetite so much restored, and stomach strengthened, that I can partake of a hearty meal without any of the unpleasantness I formerly experienced. I consider it the best medicine in the market for the stomach and system generally."

**Like a New Man.**—Mr. Henry Graham, Wingham, writes us: "For fifteen years I have suffered with Indigestion, and during that time I could get nothing to give me relief, although I tried a great many different kinds of medicine recommended for that complaint. I now feel like a new man, and this wonderful change has been accomplished by the use of four bottles of Northrop & Lyman's Vegetable Discovery. To me it has been a valuable medicine."

**Great Pain.**—Mr. E. M. Procnier, Springfield, writes: "For nearly two years I have been

troubled with Constipation and Rheumatism. The pains in my legs and shoulder often were such that I could scarcely get about to transact business. About two weeks ago I commenced taking Northrop & Lyman's Vegetable Discovery, and find it doing me a great deal of good. The Rheumatism is leaving my system and I am feeling better every way."

**Happy Results.**—Mr. C. E. Riggins, Beamsville, writes: "A customer who tried a bottle of Northrop & Lyman's Vegetable Discovery says it is the best thing he ever used; to quote his own words, 'It just seems to touch the spot affected.' About a year ago he had an attack of bilious fever, and was afraid he was in for another, when I recommended this valuable medicine with such happy results."

Mr. George Tolen, Druggist, Gravenhurst, Ont., writes: "My customers who have used Northrop & Lyman's Vegetable Discovery say that it has done them more good than anything they have ever used."

Mr. R. A. Harrison, Chemist and Druggist, Dunnville, Ont., writes: "I can with confidence recommend Northrop & Lyman's Vegetable Discovery for Dyspepsia, Impure Blood, Pimples on the Face, Biliousness and Constipation—such cases having come under my personal observation."

### Use it in the Spring and Summer Months.

By taking this medicine in the spring and summer, you will derive more benefit from it than at any other time of the year. The **BLOOD** is then more **IMPURE**, and the system run down by the severity of our climate, and requires some good tonic and laxative medicine to give it tone and remove the impurities, which, if not attended to, find their way out in *Pimples, Blisters, Boils, Scrofula*, and other eruptions of the skin. One bottle of this excellent medicine will generally be found sufficient to remove the impurities, and save you much sickness and expense. It will invigorate the whole system, improve the appetite, stimulate and tone the digestive organs, and eradicate all malaria from the system.

When one of the organs of the body is diseased all the rest sympathize with it, and to radically and permanently cure the disease of that organ we must have a remedy compounded of a variety of medicines, possessing a variety of properties that will purify the blood as well as permeate, clear up and strengthen every organ in the body. Such a panacea is to be found in Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure.

Toronto, Proprietors.

THE people of this country have spoken: They declare by their patronage of DR. THOMAS' ELECTRIC OIL, that they believe it to be an article of genuine merit. Testimonials constantly pour in demonstrating its superlative efficacy, in a manner as pleasing to its proprietors as it must be convincing to those who read in the public prints those evidences of its popularity and genuine worth. Never was there a remedy which received ampler or more satisfactory endorsement; never was there one which better deserved it. IT IS A TRIED REMEDY. Experience has demonstrated that it not only relieves but eradicates the most obstinate Coughs, Sore Throat of a malignant type, Catarrh of long standing, Rheumatism, Neuralgia, Stiffness and Lameness of Back, Muscles and Joints, Piles and Kidney troubles, external hurts and sores, and other bodily troubles, as well as many of the disorders peculiar to Horses and Cattle. That it cures in every instance is not pretended, but that, if systematically used, and the malady susceptible of being remedied, it will remedy it, is a fact amply established.

**Entering the System** through the pores, when applied externally to relieve pain and inflammation, DR. THOMAS' ELECTRIC OIL relaxes and soothes the stiffened, swollen and irritated Ligaments, or Rheumatic Joints, and promptly checks the pain. Taken internally, it remedies disorders of the Respiratory Organs, Bowels, Liver and Kidneys.

This matchless compound not only possesses remedial efficacy of the highest order, but, inasmuch as it contains no alcohol, its influence is not weakened by evaporation, which is the case with a great many oils of doubtful efficacy, which have an alcoholic basis.

Ease by day and repose by night are enjoyed by those who are wise enough to apply DR. THOMAS' ELECTRIC OIL to their aching muscles and joints. A quantity easily held in the palm of the hand is often enough to relieve the most exquisite pain.

Those of the gentler sex who have experienced the pain and annoyance caused by Excoriated Nipples and Inflamed Breasts, can well appreciate the value of a remedy which removes the trouble. This is precisely what DR. THOMAS' ELECTRIC OIL does.

**How it Sells.**—Mr. J. D. Burk, Amherstburg, writes: "Ship order for Dr. Thomas' Electric Oil at once. It is the best selling medicine we keep, and I am entirely out."

Mr. James Aylesworth, Tamworth, Ont., writes: "In my experience of over twenty-five years, I have not known a more popular remedy, or one that has stuck better."

Mr. D. Sullivan, Malcolm, Ont., writes: "I have been selling Dr. Thomas' Electric Oil for some years, and have no hesitation in saying that it has given better satisfaction than any other medicine I have ever sold, I consider it the only patent medicine that cures more than it is recommended to cure."

**Remarkable Cures.**—Mr. F. Burrows, of Wilkesport, writes that he was cured of a very dangerous case of Inflammation of the Lungs solely by the use of five bottles of Dr. Thomas' Electric Oil.

**It Never Fails.**—Mr. W. J. Corbett, Creemore, writes: "A few days ago a customer of mine came in with a Fore Throat, and his neck swelled to almost twice its usual size. In reply to my question as to what he was going to use for it, he said, 'I always use Dr. Thomas' Electric Oil'; I at once supplied him with a bottle and he took a dose then and there, and applied some externally; strange to relate, he felt relief before leaving the store, and stranger still, before night the swelling was almost entirely gone. I supplied Dr. Thomas' Electric Oil to a large number of parents during an epidemic of Diphtheria, and every one of them saved their children, while a number that I knew of lost theirs after using other remedies. These facts speak for themselves, and the consequence is that Dr. Thomas' Electric Oil is in constant demand all the year round."

**Fully Realized.**—Mr. James Culler, Pool's Island, N. F., writes: "I have been watching the progress of Dr. Thomas' Electric Oil since its introduction to this place, and with much pleasure state that my anticipations of its success have been fully realized, it having cured me of Bronchitis and soreness of the nose; while not a few of my rheumatic neighbors (one old lady in particular) pronounce it to be the best article of its kind that has ever been brought before the public. Your medicine does not require any longer a sponsor, but if you wish me to act as such I shall be only too happy to have my name connected with your prosperous child."

Miss M. E. Varlack, Tortola, St. Thomas, writes: "Dr. Thomas' Electric Oil is an invaluable medicine. I tested it for earache, and since then for other pains and aches, and found great efficacy in

*It does not* merely allay pain and soreness to return again, as most medicines do, but the efficacy of the ingredients from which it is made are so wonderfully penetrating that a proper use of it will most certainly remove all stiffness of the joints, lameness of the muscles, and pain arising from any cause; even in spinal disease, a chronic form which baffles all treatment, a frequent use of Dr. Thomas' Electric Oil will give strength and freedom from pain derived from no other source.

**Cannot be beat.**—Mr. D. Steinbach, Zurich, writes: "I have used Dr. Thomas' Electric Oil in my family for a number of years, and I can safely say that it cannot be beat for the cure of Croup, Fresh Cuts and Sprains. My little boy has had attacks of Croup several times, and one dose of Dr. Thomas' Electric Oil was sufficient for a perfect cure. I take great pleasure in recommending it as a family medicine, and I would not be without a bottle in my house."

Rev. G. W. Brown, Pastor B. M. E. Church, Chestnut Street, Toronto, writes: "I am pleased to say that Dr. Thomas' Electric Oil is all that you claim it to be, as I have been using it for ten years, both internally and externally, and have always received benefit from its use."

## TWO GREAT MEDICINES.

UNION IS STRENGTH.

"Miss M. J. Richards, Belleville, writes: "Nearly three years ago I was taken with a pain in my shoulder so that I could not raise my arm. It rapidly grew worse until a severe running sore broke out. For two years I tried a great many physicians in Belleville and Toronto, and nearly everything that I thought would help it, but got no relief. After being in bed for two months an intimate friend thought if I used Northrop & Lyman's Vegetable Discovery to purify the blood and applied Dr. Thomas' Electric Oil on the arm, that it would do me good. I must confess I did not have much faith in being cured, as I had tried so many things and did not get any relief from them, but my friend persisted and I commenced taking the Discovery and rubbing the sore with Dr. Thomas' Electric Oil; and in less than two months my arm was completely healed and as strong as it ever was, while my health never was better."

Mr. Joseph Rusan, Percy, writes: "I was induced to try Dr. Thomas' Electric Oil for a lameness which troubled me for three or four years, and I found it the best article I ever tried. It has been a great blessing to me."

Mr. A. M. Hamilton, Warkworth, writes: "For weeks I was troubled with a swelled ankle, which caused me much pain and annoyance. Mr. Maybee, of this place, recommended Dr. Thomas' Electric Oil for it. I tried it, and before one bottle was used I was cured. It is an article of great value."
