SIXTH ANNUAL REPORT

OF THE

Province of Quebec Rifle Association.

The Report of the past year's operations shews a falling off from the previous year in the number of competitors at the Annual Matches, and an increase in the number of Affiliated Associations. The number of entries in 1873 was 1,410 ; in 1874, 1,117—a decrease of 293. The number of Affiliated Associations in 1873 was 19, in 1874, 22, being the largest number we have ever had. The Matches were carried on successfully, without delay, and were finished within the week in which they were commenced. The average firing was better in all the matches than in any previous year. Our friends from Ontario attended in goodly numbers, and were, as usual, successful in carrying off valuable prizes. We were favored for the first time by a visit from members of the New York Rifle Club, who expressed themselves highly pleased with their visit and with our management of the matches. Several of them proved to be first-rate shots. They promised to renew their visit at our next prize meeting. It is to be hoped they will come with a strong team, when they may be assured a warm welcome will await them. We had also some competitors from New Brunswick, who will, no doubt, return again bringing others with them. The presence of marksmen from the sister Provinces and from the neighboring Republic, is encouraging, and shews that our Association is increasing in popularity, and that our manner of working the matches meets with approval.

A new match was introduced which proved a success, the *Association Match*, with prizes for Clubs and Associations and individual competitors. The number of the prizes in the matches were increased by seventeen, and the value of them by \$219.50 over the preceding year. The number of prizes in 1873 were 210, value \$2,142.00; number in 1874, 227, value \$2,361.50. This increase met with the decided approval of all the members.

The placing of the *Provincial Match* first on the list was an improvement. By this being done, competitors from the other Provinces could arrive on the second day and be in time for the matches open to them.

The Treasurer's Statement shews a falling off in subscriptions. None were received from the Grand Trunk Railway, Bank of British North America and Stadacona Rifle Club, from whom liberal donations have hitherto been received; but we are glad to report a grant from the Quebec Provincial Government, similar to the grant made to the Ontario Association by the Ontario Government.

A large sum was spent in building a new butt for three first-class targets. This expense will not be incurred this year.

The new method of getting markers from the Volunteer Corps was tried, and found to be more expensive than the former mode of markers from the Regulars and B Battery. A reduction in this expense, and the expense of the Staff, is desirable. The Council Tent is another item of expense that can be curtailed without injury to the efficient working of the matches.

Our Association having affiliated with the National Rifle Association, a report of our matches is published in the Annual Report of the N. R. A., and we have again received their valuable Silver Medal, which will be added to our prize list this year.

A number of our members attended the Dominion Matches in September last, at Ottawa. The following were among the

successful competitors. Thomas, Fraser won the first prize; the Macdougall Gold Medal; and the Affiliated A

A competitor Charles, for the competitors entered rounds at each. The new Wimbledon names of those in Ottawa; three Hill, 1st Battalion were selected Team this year.

A resolution of the Dominion Rifle selection of the matches set apart to determine the best marksmen at Ottawa. It adopted a series of prizes an amount of men making the Dominion Match.

The new Wimbledon Dominion Rifle matches has been used for the new for the Wimbledon

successful competitors: Messrs. Boyd, Wright, Whitman, Hill, Thomas, Fraser, Turnbull, Wall and Balfour. Ensign Wright won the first prize in the Dominion Match; Captain Thomas, the Macdougall Cup; Lieut. Whitman, the Governor General's Gold Medal; and the Province of Quebec the second prize in the Affiliated Association Match.

A competition was held in October last, at Point St. Charles, for the Wimbledon Team for 1875. Twenty-four competitors entered and fired for three consecutive days, seven rounds at each range, 200, 500 and 600 yards each day. The new Wimbledon target and scoring were used. The names of those making the ten highest scores were forwarded to Ottawa; three of them—Ensign Wright, 50th Batt., Sergeant Hill, 1st Batt., and Corp. Copping, Three Rivers Batt.—were selected to represent the Province of Quebec on the Team this year.

A resolution was adopted at the last Annual Meeting of the Dominion Rifle Association, with a view to the future selection of the Team for Wimbledon, by having a series of matches set apart, and the aggregate scores in these matches to determine the membership of the Team, but some of our best marksmen may not be able to attend the Dominion Matches at Ottawa. It would be well, therefore, if our Association adopted a series of matches for the same purpose, and gave as prizes an amount, say \$5 or \$10, to each of the ten Quebec men making the highest scores, to enable them to attend the Dominion Matches.

The new Wimbledon target having been adopted by the Dominion Rifle Association, its adoption by us at all future matches has become a necessity. The old target plates can be used for the new scoring. They were tried at the competition for the Wimbledon Team last fall, and answered well.
