THE G. W. P. READ HIS
REPORT,

AS FOLLOWS :

Officers and Brethren,—

I have the pleasure of congratulating you on the assembling together of the Representatives of one of the most beneficent Associations that has marked the history of benevolence.—An Institution which stands out to view as one of the beacon lights of the present century—to guide the young, reclaim the wanderer, and cheer the aged and afflicted—which throws upon the path of morality a glare so bright that none need lose their way therein, and which “like the voice of one crying in the wilderness,” prepares the way for many a downcast to reach religion’s open gate.

In October last, by your suffrages, I was elected to the station of Head of the Order in Canada West. I was impressed with the belief that the avenues of public attention had been so well filled by the exertions of the numerous and talented friends of the Order, that but little could be done by the occupation of more ground during the current year. It was believed by very many intelligent and devoted friends, that in this Province the Order had culminated, and that future exertions should be directed to sustain our ground, and to do this it was believed was glory enough; and the history of the Order, for the last six months, has fully sustained it. I was of the same opinion; for, by the wise regulations of former Grand Divisions, and the energetic execution of our laws by former officers, an amount of success had attended our efforts, which even the most sanguine had not anticipated.

During the past year the Order has not maintained its former position. Many Divisions have been so much diminished in numbers by constant resignation, suspension, expulsion, and removal of members, as materially to diminish their influence, and prevent their advancement; and others have been compelled to surrender their Charters; but a large majority of the Divisions have manfully maintained their ground, and evince a determination, with undaunted zeal, and unabated ardor, to carry on the war against the monster evil **INTEMPERANCE.**

True it is, that the outward excitement which the novelty of our Order produced, and which gave notoriety and publicity to all our movements, has passed away; and with the passing away of that excitement, the love of many who were attracted by novelty, and governed only by momentary im-

pulse, has waxed cold; and they have gone from us, or, like drones, are retarding our progress by their indolence. It is equally true, however, that by the exertions of the Sons of Temperance, the various communities in which the Divisions are located, have been pervaded by a Temperance sentiment; which, as it is more elevated in its principle, will be more progressive in its character, and constant in its action, than anything which has preceded it; and that in many of the Divisions are collected men of energy, of character, strict adherence to the cause of Temperance, and the principles of our Order—governed by no fleeting impulse, but directed in all their actions by firm, unwavering principle,—men, whose influence must and will be powerful—who, as they observe and can appreciate the beneficial effects of our Order, will continue to uphold and support it until its permanence is secured; or the necessity for its existence shall have passed away with the cessation of the evils it was instituted to remove. Never did there exist in our organization, or probably in any other merely temporal institution, in so many elements of power and usefulness, as at the present time is to be found among the members of this Institution.

It is impossible for me to give you any detailed statement of the Order. I have therefore to refer you to the Report of the Grand Scribe, who, I trust, will be able to present to you a full account of the present standing of the Order in Canada West. The Treasurer's Report will exhibit to you the present state of the Finances of this Grand Division.

The absence of Reports from so many of my Deputies, is a serious annoyance, and one that is very much to be regretted; for promptness on the part of the Officers in performing their duties is very necessary for the prosperity of our beloved Order.

To such of my Deputies as have reported I beg to return my most sincere thanks, and which reports will be laid before you.

From 263 Deputies, only 32 have reported in accordance with the laws of the Order.

Owing to the following resolution, passed at the last Session of this Grand Division, the labor of the office of G. W. P. has been increased ten-fold, and made much more important and arduous, viz. : "That all questions of Subordinate Divisions, touching any point of the Constitution, By-laws, Rules or Regulations of our Order, be referred to the G. W. P., or in his absence, to the G. W. A. for his decision; and that a full report be made by these officers of all decisions and opinions given, at each and every session of the G. D." Some 300 letters have been received by me, as G. W. P., since last session, on subjects connected with the Order. All my answers to the above letters, containing any decisions of importance, I have kept copies of, in which copies, consisting of about 150, will be found all official decisions made by me since last Session. To give a detailed statement of them here would make this

Report unnecessarily lengthy. The copies of said letters will be laid before you; and the Grand Division, if thought necessary, can cause to be made therefrom a condensed statement of such decisions.

The correspondence of the G. W. P. is immense, and is a task of no small difficulty, and requires the expenditure of much time and labor; and therefore I would call the attention of the Grand Division to the propriety of rescinding the above-mentioned resolution, and to cause the correspondence of the order to be conducted as heretofore in the office of the Grand Scribe.

I would also beg to call the attention of this Body to the necessity of circulating Temperance Tracts throughout the jurisdiction of this Grand Division. In no more effectual way can we advance the cause of Temperance than by thus diffusing light upon the evils of this dreadful curse, Intemperance, through every community of this Province. By means of the Tract, minds otherwise unapproachable can be reached. The immense power which can be exerted by the Press, and by Truth, condensed in these small tracts, is doubtless to all of you a familiar truism, upon which I shall not enlarge. I, however, commend this subject to your attention.

In addition to the influence which can be exerted through the instrumentality of Tracts, great good may be accomplished (and already has been done) by the circulation of Temperance Newspapers. The newspaper press exerts a mighty influence in making and controlling public sentiment. A newspaper will be read when the tract and lecturer would be rejected. I would urge upon you, and through you, upon all the friends of Temperance, the propriety and importance of sustaining and circulating, as far as in your power, all well-conducted and consistent Temperance Newspapers, particularly those published in Canada. The expositions of truth by the Grand Lecturers of this Grand Division, aided as they frequently and freely were by the exertions of the friends of the cause, have awakened an amount of interest, and impelled a degree of action in the minds of thinking men, which is bringing fruits to gladden the hearts of the older veterans in the cause.—The agitation of the various means which have been suggested for an increased dissemination of our views, has been a fruitful source of life and vigor to our organization. Our Order, in its conception and very nature, was designed to accomplish an end—that end was the eradication of inebriety.—And conducive to that end is the extinction of the use of intoxicating beverages in all their forms, as such. The most energetic of our advocates foresaw that this could not be attained, so long as any one was allowed to possess an *interest* in its continuance; and hence it became a primary object with them to remove that interest, or establish counter checks equal to its overbalancing. Those counter checks have been proposed in what is not

inaptly termed "legal suasion." And to that end this Grand Division proposed a project of a law to be submitted to the Legislature of this Province, whose tendency and design was, effectually, as far as human law can suppress a crime, to dry up this fountain of vice.

That project, backed by an unprecedented number of petitions, was submitted to that body after the gravest and most mature deliberation.

It is needless to dwell upon the result of that movement before that body—it is known and read of all men. Seventy thousand petitioners joined in an application for a repeal of the License Laws of this Province, and for stringent penalties against the illegal traffic in intoxicating drinks as a beverage. They laid their views before the representatives of the people, whose position ought to be as august as it is responsible. But a shadow of dissent to their prayer was presented, to counteract their force—to gainsay anything stated, or to deny anything claimed. And yet that House of Assembly, professing to represent the people of Canada, and bound to support the Constitution—one of the dearest principles of which is the sacred right of petition—virtually rejected that petition; and refused to pass the law.—How much the votes of those Members who voted against the Bill will effect their re-election, it is for the outraged constituents of such members to decide. And I now call your attention to it, for the purpose of enquiring—"What further, if anything, will this Grand Division do in the premises?" Will you let the matter rest here? Or will you attempt to devise ways and means by which a law may be passed, interdicting the manufacture and sale of intoxicating drinks throughout this Province, except for chemical, mechanical, and medicinal purposes.

The subject of a Prohibitory Liquor Law for this Province, I trust, will receive your careful and deliberate attention. Public sentiment loudly calls for this law. We cannot legislate, nor, in my opinion, should we dictate any specific enactment; but we can adopt some plan for again bringing this public sentiment before those to whom this power is committed, so as to ensure action by our Legislature upon this important subject. Should it be urged that, in so doing, we would transcend our appropriate limits, and be interfering with politics, I answer that the subject of Temperance is one of vast *political* importance. I use the term "political" not in the narrow, contracted sense, which would bring the work of a great moral reformation into the arena of party strife, or array a class of men, whose object is, or should be, to elevate their fellow-men, and purify society, from a desolating and corrupting evil, into a political party, to strive with others for the loaves and fishes of office; but in that higher and nobler meaning in which politics is the science of Government—a science which teaches to advance the

general welfare and the aggrandizement of the whole community; while to each individual, as far as human organization can, it guarantees the right to acquire and possess undisturbed as much of happiness and true freedom as his nature is capable of enjoying—which teaches not so much how to acquire liberty, as to preserve it pure and uncorrupted. The great object for which government is organized, and on which political energy ought to be expended, is to promote the three great elements of a nation's prosperity:—the *Industry*, the *Education*, and the *Virtue* of the people.

Anything which is calculated to stimulate and foster these—anything which corrupts, paralyzes, or in any way diminishes their benignant influence, is surely a subject which ought to arrest the attention and engage the efforts of statesmen and patriots.

And in this sense, who can say that the subject of Temperance is not one of a grave political character, and a proper subject for legislation? Or, to present it in another light—Political economy is defined “the science of national wealth.” A nation's wealth consists not in the hoarded acquisitions of the miser; but in riches properly expended in promoting its greatness and true prosperity—in such an application and disposition of the property of each citizen, that while it promotes the comfort and security of the individual, it at the same time advances the interests of the public generally. Now, surely anything which interferes with such a disposition of wealth, and turns it into channels in which it is wasted, or worse than wasted, employed in deluging the land with streams of corruption, may well be denominated a subject of the first political importance. Again, an eminent political writer says:—“The cheapest defence of nations, I suppose to be, the exercise of public justice and benevolence.” Certainly, anything which obliterates all sense of justice, and crushes every feeling akin to benevolence, is a subject to which statesmen and patriots, legislating for their country's good, may with propriety direct their attention.

Consider the influence of Intemperance upon the morality and virtue of our country; and not only the propriety of, but the urgent necessity for legislation on this subject, cannot fail to strike every reflecting mind. If there be in this fair land of ours an evil of giant power, confined to no class or individual, but insidiously pervading all classes—polluting our courts of justice and halls of legislation—desecrating the pulpit, corrupting society in its very foundations, and in all its ramifications—laying its death-dealing hand upon the young and rising generation, and forcing them, with hasty strides, to irremediable destruction, or, with unerring certainty, preparing them not to be benefactors of their race, but foul and hellish destroyers of all that is pure and good. I say if there be such an evil as this, then verily is it one

which the voice of the eloquent should be raised to denounce, and to arrest which, the abilities of the wisest statesmen and patriotic politicians, should be exerted to the utmost; and one which demands immediate legislative action. Is there then such an evil abroad in this land? There is, brothers, there is. In our family circles, around our firesides, in our social intercourse, on the highways, in the house of God, the monster meets, and confronts us; and worse than all, by the present laws of the land, we cherish, encourage, invite him to the work of destruction in the communities where we live. So rapidly is this evil growing, that ere long legislation of any kind will be too late to arrest it. I again urge you to give this matter your careful consideration; and should our deliberations on this occasion result in nothing but the devising of an efficient and effectual plan, not only of bringing this important subject again before our Legislature, but also for actually securing a wise and judicious Prohibitory Liquor Law for this Province our Session will not have been held in vain. We should not be content with merely prescribing a plan, and recommending the prosecution thereof by others; but all should zealously and actively so work together as to secure a successful result. What we need is, as happily expressed by the late M. W. P. Carey: "A missionary spirit—a spirit that will be content to labor and suffer, practice self denial, and not yield while there is a distillery or a grog shop, or a drunkard to curse the earth. We must not listen to the clamors of pretended friends, nor fear the vengeance of enemies. * * * * *

We must be united in our determination to expel the enemy from his legal fastnesses, tear off his judicial vestments, and show him in all his naked and vile deformity. * * * * *

The agitation of this subject by the Order is slowly, but I think surely, producing an effect. These agitations must be increased, and the public mind aroused, by public lectures and the distribution of tracts, and by appeals from the pulpit, and through the periodical press, until the whole mass shall be leavened with the truth. Finally, brethren, though ours may be a pathway beset by labor, and not unfrequently of thankless and bootless toil, though the common inducements of wealth and aggrandizement do not beckon us on in our efforts, we may yet buoy up our hopes, by seeing in the far-off vista of the future, that thousands shall rise up and bless those efforts. The truths we inculcate must eventually bring their hundred-fold fruits, and then the name which we ascribe highest upon our roll of fame, shall be most esteemed the benefactor of his race.

Let such expectations inspire us to renewed vigilance, and in all our efforts let us trust in the watchful care of that Sentinel who is ever at His post, and

whose All-seeing Eye is ever upon us—we shall then triumph over the brittle obstacles which compass round about.

Respectfully submitted,

May 25th, 1853.

Moved by Rep. Dick, seconded by Rep. Moxon, That the preamble and resolution of Representatives Climie and Currie be now called up.—Carried.

Moved in amendment to Rep. Climie's motion by Rep. Morse, seconded by Rep. Beatty—*Preamble:* Whereas the National Division, upon the application of the Grand Divisions of New Hampshire and Prince Edward Island, declined opening anew, or in any way interfering with the question of admitting colored persons into the Order, and whereas any interference or action of this Grand Division at the present time can be of no possible benefit, but, on the contrary, will tend to throw a new element of discord, contention and strife into our Order; *therefore Resolved*, That this Grand Division be relieved from the further consideration of this question.

Moved in amendment to the amendment by Rep. Dick, seconded by Rep. Tempest, That this Grand Division instruct its representatives to the N. D. to take such steps as may restore to Subordinate Divisions the power of legally receiving colored men to membership as formerly.

Rep. Morse, after considerable discussion, requested leave to withdraw his resolution in amendment.

Moved by Rep. Foley, seconded by Rep. Ryerson,—*Resolved*, That this Grand Division have full confidence in the judgment of their representatives to the National Division, and therefore leave them free to act as to them may seem right and proper, should the question now before this Grand Division be brought before the National Division, and this Grand Division also have full confidence in the justice and discretion of the N. D. to devise means to meet the present difficulty.

—After a lengthy debate, Rep. Foley's motion was put and carried.

Moved by Rep. J. M. VanNorman, seconded by Rep. Sutton, That the discussion close.—Lost.

RETURNS.

I have so constantly to complain of the irregularity of a number of the Divisions in not transmitting Returns, and others in neglecting them altogether, that it appears almost superfluous and useless to repeat similar statements at each succeeding Session. The absence of Returns generally involves the necessity of writing two or three extra letters, in order to ascertain if the Division is in a vital, dormant or defunct state, and in some

few instances my epistles, although addressed to different parties, connected with the Division, have not elicited a reply.

On the 17th March, some sixty Divisions had not rendered their December returns, which necessarily prevented my being enabled to complete the Annual Synopsis of the past year for the National Division by the 31st of the same month, and in consequence I was compelled to write to the Most Worthy Scribe, and solicit a prolongation of time, when thirty days *grace* was allowed me. Therefore, on the 30th of April I completed the Synopsis, although some thirty Divisions were still in default. The synopsis and percentage were forwarded to Bethelam by mail at the commencement of the present month. The former filled eleven sheets of royal imperial paper. On Monday last, the 23rd inst., 30 Divisions had not sent in returns for December, and 69 for March.

DUES.

One great obstacle to the progress of Divisions, has been the amount required for dues and initiation fees; for although in the annual synopsis for 1852, the *nominal* contributing members number 17675, the total cash received, supposing each member to have paid £1, only exhibits 12560 actual paying members, and that number is considerably decreased by the demise of several Divisions, and the junction of seven to the G. D. of C. E. In glancing over the last quarter's returns, a great discrepancy will appear to exist between the number of real paying members and those returned as nominal contributing members; for, by the rules of our Order, every member not suspended, expelled or withdrawn, has to be returned as a contributing member, and the representatives of Divisions have always been authorized to vote upon the number of nominal contributing members, instead of upon the number of actual paying members—thus placing a non-paying member in a more favorable position in the G. D. than in his own Division, and reversing the adage, by having representation without taxation.

Several Divisions have endeavored and desired to admit non-benefit members at smaller initiation fees and dues, than at present—somewhat upon the same principle as an Order of Temperance, established a few months since at London, and which Order is gradually extending its influences. The initiation fees of the Order referred to is 5s., and the dues 7½d. per month, and I am cognizant that some of the oldest members of the National Division are favorable to a change in this respect, viz: to make ours a benevolent more than a beneficial organization.

Some Divisions have managed to adopt the low system of fees and dues without violating the Constitution, by refunding a certain portion at the ter-

mination of the

DEMISE OF DEPUTIES.

At the last meeting of the Grand Division, the melancholy duty devolved upon the officers of this G. D. to revert to the deaths of no less than four D. G. W. P.'s and one of them by a sudden and unexpected accident, and it now becomes my painful task to record the demise of two more Deputies—Br. Orson Wheaton, of Richwood, and Br. B. F. Lazier, of Dundas.—This Division is fully aware of the cause of the late sad Railroad catastrophe, at Norwalk, and that Br. Lazier was one of the number of the victims. The late Br. Lazier was universally esteemed by all who had the pleasure of his friendship, and as a consistent and exemplary Christian and Son of Temperance. His own Division, Dundas, 67, has passed a handsome and merited testimonial to the memory of Br. Lazier, and two copies have been printed, one to be presented to the Widow of the deceased, and the other to be hung up in the Division room.

BALANCE DUE HERVEY W. PRICE, SOLICITOR.

The Representatives of this G. D. may remember that in my last report I drew attention to a balance due Hervey W. Price, Esq., solicitor, on account of Act of Incorporation, and that the Committee on my report instructed me to write to J. M. Ross, Esq., of Toronto, respecting the same,—this I did, but received no reply.

On the 14th Feb., I received a letter from Mr. Price, in which he states—"That unless the balance of my account against the Sons of Temperance be remitted next week, I shall commence proceedings for the recovery thereof. It has been due nearly two years, and I do not feel disposed to wait any longer."

I accordingly paid Mr. Price the amount, £3 5s., with the sanction of the G. W. P., and submit it for your judgment, to take what further steps you may deem advisable in the premises.

MAINE LAW AND TEMPERANCE TRACTS.

In accordance with instructions from this G. D., I purchased 36000 tracts, amounting to £30, and have sold to Divisions £11 12s. worth, which being disposed of at half cost price, would be equal to £23 4s. They are an excellent assortment, and were eagerly sought for by various Divisions.

POSTAGE ON TRACTS.

In connection with these tracts, considerable delay ensued, in consequence of a difference of opinion between the Post Master of Hamilton and myself, respecting the charge for postage. The Post Master insisted that each tract, even of four pages, was to be rated at $\frac{1}{2}$ d. each, whilst I contended that by the 96th sec. of the Post Office regulations, they were only to be charged at the rate of $\frac{1}{2}$ d. per ounce, as distinguishing them from circulars, handbills, and price currents, which are charged singly.

The matter was referred to the Inspector at Toronto, who coincided with the Post Master's views, but from the statements which I had made respecting other offices rating as I had stated, it was further referred to the Post Master General at Quebec, to whom I addressed a long explanatory letter, to which he replied by furnishing me an extract from his letter to the P. O. Inspector. (The letter and extract referred to were read).

It will be perceived by this, that the Post Master General had an idea that the tracts, instead of being sent in parcels to one individual, were each to be directed to individual. However, after all these correspondences, I had no further trouble, and mailed sometimes ten and twelve parcels daily—weight, 3lbs. each.

THE BURNHAM FUND.

In accordance with your instructions, I transmitted the Widow of our lamented P. G. W. P. Burnham, the sum of twenty-five pounds, and subsequently forwarded her the amount voluntarily contributed by 167 Divisions, amounting to £46 15s 4d. Rainbow—his own Division—contributed £2 10s. Dundas and Waterdown Divisions, £1 each, and three Divisions 10s. each, the remainder generally 5s.

INTEMPERANCE.

As the labor and duty devolved upon me individually, to ascertain as far as practicable, the effects of Intemperance throughout the jurisdiction of this G. D., I transmitted a circular to the various D. G. W. P.'s upon the subject, only some few of whom responded to the queries. I here embody their replies:—

WASHINGTON, April 18th, 1853.

“It is my painful duty to inform you that on Monday last ——— one of the men that were expelled from our Division, committed suicide by hanging himself while drunk. A bottle of whiskey was standing by his side when he was discovered in the morning—he had obtained the liquor at the tavern in this place that evening—he has left a wife and seven small children

WILLIAMSTOWN, GLENGARRY, 18th April, 1853.

"———, was on his way home from a funeral, in the neighborhood of this place, in a state of intoxication; having to cross a small stream or creek, missed his way and was drowned. He was a very respectable farmer. So much for the barbarous custom that prevails so generally (in this section at least) of using spirituous liquors at funerals."

CHARLESVILLE, EAST WILLIAMSBURGH, April 6, 1853.

"———, Potter by trade, very intemperate, in the act of crossing the St. Lawrence here, with another drunken companion, in a small boat, lost his balance, fell overboard, was drowned, and disappeared before his comrade was aware of the fact. — A Mr. ——, farmer, in a state of beastly intoxication, was thrown out of his wagon, near his own residence, and killed almost instantly.—Mr. ——, a blacksmith, at a 'bee,' intoxicated, in the act of wrestling had his leg broken. Upwards of 12 months he was confined to his house—himself and large family dependant on public charity. Then to enumerate the scores of fights, &c., which have originated from intemperance, would require an age."

BOSANQUET, Feb. 5th, 1853.

"Up to 1st Feb., there were five licensed houses in the Township of Sombre, and four in the adjoining Township of Moore. On the River St. Clair, last year, there were several accidents occurred through the immediate cause of intemperance; and as I lived during the greater part of last summer on the St. Clair river, I saw daily the effects of intoxication, and the most fearful results, but I did not note them down at the time. Two cases, however, I shall notice:—A man who lived some few miles below Port Sarnia, being in a state of intoxication, he became frantic, outrageous and desperate, and fell on his wife and beat her so severely that she shortly afterwards died. This took place in the early part of last summer. Another case came under my notice lately, and was as follows:—A man who was accustomed to drink to excess, and lived immediately in the rear of Wiley's Tavern, on the Sarnia and London road, was at the said tavern some time since, drinking until late; left the place some time in the night, and the next morning was found dead in a field, near the Tavern. This is the third person that has met the same fate from drinking at this place."

MEAFORD, ST. VINCENT, Jan. 24, 1853.

"You wish me to send you an account of accidents and deaths arising from intemperance. I have been here only 20 months, but there has not been a Tavern in the Township for three years, so that no intemperance has come under my notice. We are ready for the Maine Law."

JARVIS, Feb. 5, 1853.

"In November, a man named L——, an Innkeeper, died from intemperance. About the same time a man by the name of P——, residing near Jarvis, cut his throat, but his life was saved by a medical man.— Another man, in a drunken spree, turned his wife out of doors, and attempted to put his child into the stove, but was prevented by another party.— A few days since, another Tavern-keeper died here from intemperance. Three Tavern-keepers have died in Jarvis, in three years from Intemperance."

BRIDGEWATER, April 4, 1853.

Mr. ——, Innkeeper, died of delirium tremens, in this village, on 26th March last. He was only sick five days; had been engaged in the traffic some 4 or 5 years; was generally termed a sober man, until within the last 6 or 8 months.

SEYMOUR WEST, Feb. 2, 1853.

"Intemperance in this Township is fearful. The Corporation have increased the license duty to £7 10s., with the view of checking it, but I am afraid it will not abate the dreadful curse. In a population of about 2500 souls, one Store-keeper alone sells 200 gallons per week; one small Tavern-keeper buys 2000 gallons at a time; besides which we have three other Store-keepers who take out licenses to retail liquor, and I make no doubt, sell an immense quantity. Several parties sell by the glass, without taking out license, and from the dislike people have of informing against their neighbors, seldom or ever get punished. The Reeve is the only acting Magistrate within 8 or 10 miles, so that persons who might give information are often deterred, from the great distance they have to travel. You of course are aware that I do not belong to any temperance organization, but wish them every success in their endeavors to stay the horrors of intemperance. One reason that our Township consumes so much alcohol is, that it is the resort of Lumbermen, but the inhabitants I really believe to be worse than they are."

STATE OF THE ORDER.

Several Divisions are in a most flourishing and increasing state, some having initiated a large number during the past quarter; but, on the other hand, 29 out of the 400 Divisions are defunct, and I am fearful that a few of the 69 Divisions, which have neglected to send in their returns, are either dormant or dead.

D. G. W. P. Jackson's opinion on the cause of the decline of Durham Division, 320, will apply, in many cases, to other Divisions,—viz.: that “The present position of things has not been occasioned by a violation, on the part of the members, of the Temperance pledge, but from the want of adaptation in the ceremonial to keep up the original interest by a supply of those ele-

Amendment carried, and original motion lost.

The G. Con. introduced five members, who were duly initiated.

Moved by Rep. Morse, seconded by Rep. C. H. VanNorman, (pursuant to notice given last Session, and found on page 13 of Proceedings of this Grand Division, by Representatives O'Reilly, D. L. Lynch, L. Pentland, J. H. Perry, and Thos. Aishton,) That the subject be now taken up and considered.—Carried.

It was then moved by Rep. Morse, seconded by Rep. C. H. Van Norman, That section third of article second of By-Laws of the G. D. be amended as follows, viz:—The words "*Initiation of new Members,*" be expunged, and the following inserted in their place:—"Reading of Grand Worthy Patriarch's and Grand Scribe's Reports." The Section will then read as follows:—"At the Annual Session, the nomination and election of officers shall take place immediately after the reading of the Grand Worthy Patriarch's and Grand Scribe's Reports."—Carried.

Moved by Rep. C. H. VanNorman, seconded by Rep. Morse, (pursuant to notice given by Representatives J. G. Currie, D. Millar, C. Leggo, Jun., C. Leggo, Sen., and J. C. Huffman, during last Session of this G. D., found on page 23 of said Session,) that the said subject be now taken up.—Carried.

Moved by Rep. Morse, seconded by Rep. C. H. VanNorman, That section seventh of Article second of By-Laws be amended, by striking out the words "immediately after the reading and approval of the minutes."—The section will read as follows:—"The officers of the G. D. shall be installed on the meeting of the election, or the next meeting."—Carried.

The resolutions of Rep. Graham, on page 35 of Proceedings of last Session of G. D., which were referred to the Committee on the State of the Order: said Committee not having noticed the resolutions referred to in the report, the resolutions were again brought up, and no action taken thereon.

Moved by Rep. Beatty, seconded by Rep. C. Campbell,—*Resolved*, That the introduction of such persons as those mentioned in a resolution moved by Rep. Millar, seconded by Rep. Foley, and found on page 35 of the Minutes of last Session of this G. D., would involve the necessity of providing for the administration of the pledge to such persons,

according to their mode of comprehending the same, it is not advisable to instruct our Representatives to the N. D., as proposed.

Moved in amendment by Rep. Dick, seconded by Rep. Millar, That our Representatives to the N. D. be instructed to secure the legality of admitting the dumb, deaf and blind to Sub-Division when it can be safely done.

The amendment put and lost.

The original motion put and carried.

Rules of Order suspended, when Bro. Foley presented the following motion, seconded by Rep. Ryerson :

Resolved, That the action taken by the P. G. W. P. during his term of office, instructing the issuing of circulars favorable to the establishment of a creditable Temperance Journal, was highly commendable, intended as it was to be for the benefit of the Order, and the extension of the principles of Temperance; that this G. D. has full confidence in the integrity of the Grand Scribe, and highly disapproves of the wanton and reprehensible attacks made upon him from time to time in connection with the proposed establishment of such publication.

Time having arrived for an adjournment, according to previous resolution, the G. D. adjourned to meet at 2 o'clock, P. M.

AFTERNOON SESSION.

Officers absent:—G. W. A., G. T., G. Con., and G. Sen.

G. W. P. appointed Rep. Fellows, as G. T.; Rep. Pearson, as G. W. A.; Rep. M. B. Stone, as G. Con.; and Rep. Draper, as G. Sentinel.

Rep. Foley's motion was again brought up.

G. W. A. entered and took his seat.

Moved in amendment by Rep. Coulter, That this G. D. do hereby emphatically express its opinion that the officers thereof are bound to act in such a manner as to all brothers in the Order, and as to all Temperance papers, that no partiality shall be shewn by them, to any particular individual or paper; and that it is therefore, in our opinion, improper in the G. W. P., as such, to direct the Grand Scribe to address circulars, officially or otherwise, and for that officer to do so by his orders, to the Divisions of

Canada, recommending especially as the the Temperance reference on the among brothers i

Canada, recommending them to support any particular Temperance Journal, especially as there are now published in Canada West 3 papers advocating the Temperance cause; and further, that such official or semi-official interference on the part of any officer can only lead to create ill feelings among brothers in the Order.

Moved in amendment to the amendment by Rep. Howard, seconded by Rep. McKechnie, That this G. D. is fully satisfied that both the P. G. W. P. and the Grand Scribe acted conscientiously in sending circulars to Subordinate Divisions, recommending them to support a projected Temperance paper, to be entitled the "Spirit of the Age." Nevertheless, this G. D. has full confidence in those officers, it is of opinion that such recommendation was not within the province of the chief officers of this body. At the same this G. D. records its unqualified disapprobation with regard to the abusive manner in which the G. Scribe has been assailed on account of his conduct in this matter.

Rep. Morse gave notice that in case of the failure of any one of the resolutions now before the G. D., it was his intention to move another resolution.

After considerable discussion, it was moved by Rep. Hewson, seconded by Rep. Walker, That the previous question be taken.

After further discussion, it was moved by Rep. Cook, seconded by Rep. Rice, That the debate now close.

The G. W. P. then put the amendment to the amendment, which was lost.

The amendment to the original motion was then put and lost.

On the G. W. P. putting the original motion, Rep. Durand and Coulter, called for the yeas and nays, on which the Representatives voted as follows:

THE P. G. W. P. READ THE FOLLOWING

REPORT,

RESPECTING THE DEBT DUE TO REP. LEWIS FOR

ERECTING A MONUMENT TO THE MEMORY OF THE LATE P. G. W. P. BOYLE.

*To the Grand Division of S. of T. of Canada West, in G. D.
assembled :*

The Committee appointed by this G. D. at the last October Session, to enquire what action had been taken by the Committee appointed to expend the funds raised for the erection of a Monument to the memory of our late

P. G. W. P. Boyle, recommended that A. B. Pardee be requested to correspond with the Chairman of that Committee.

In conformity with the request, I have to state for the information of this G. D., that I have written that officer—Br. J. L. McDonald—and have not been able to obtain any answer; but learn from Br. Lewis, who is now present, that his draft on Br. J. L. McDonald, for the amount due him, has been returned, and that he, Br. J. L. McDonald, reports no funds on hand.

I would therefore recommend that this G. D. take immediate action in the premises, and provide some measures whereby the debt may be liquidated at once, as the Brother has already laid out of his money for two years.

All of which is respectfully submitted, in L. P. and F.

(Signed)

A. B. PARDEE.

Moved by Rep. Beatty, seconded by Rep. Sutton, That the report be received, and an order drawn on the Treasurer for the amount and interest for one year; and that the P. G. W. P. and G. W. P. be a Committee to obtain any funds in the hands of the Chairman of the Committee on the Boyle Monument, and pay the same to the Treasurer of this G. Division.

Moved by Rep. Nixon, seconded by Rep. Jackson, That the G. D. adjourn.—Carried.

ARBITRATORS' REPORT

ON G. W. P.'S ACCOUNTS:

Whereas, by a certain Resolution of the Grand Division of the Sons of Temperance of the Province of Canada West, passed at the Annual Session of the said Grand Division, held at Oshawa, on October 27th, 28th and 29th, A. D. 1852, in which resolution it was mentioned that the matter between the P. G. S. Now, we the said Aaron B. Pardee, John P. Sutton, and James Breakenridge, having taken upon ourselves the burden of the said arbitration, and having heard, and duly and maturely weighed and considered the several allegations, vouchers, and proofs, in difference respectively, do in pursuance of the said resolution, and by the authority invested in us by the same, make and publish this and award of and concerning the said premises, in manner following, that is to say—

We, the said Aaron B. Pardee, John P. Sutton, and James Breakenridge,

do award the sum of fifteen pounds to the Grand Division, as due by the Past Grand Scribe, as and for an adjustment and final settlement of all matters of difference between the said Grand Division and the Past Grand Scribe, to the present day, and that this question of difference being thus settled, do no more come up or be agitated at any time hereafter by either of the said parties.

Given under our hands at Brockville, this thirteenth day of May, in the year of our Lord one thousand eight hundred and fifty-three.

THE COMMITTEE ON APPEALS

SUBMITTED THE FOLLOWING

REPORT:

COMMITTEE ROOM,
St. Catharines, 26th May, 1853. }

G. W. P.—

Your Committee on Appeals beg leave to present the following Report:—

In reference to the copy of proceedings presented from the Grand River Division, No. 184, your Committee feel bound in view of Sec. 7 By-laws of G. D. to decide that all By-laws of Sub. Divisions must be presented to this G. D. for approval before being acted upon; further, that all Sub. Divisions have full power to make new By-laws, also to suspend or add to By-laws, not interfering with the Constitution, hence the By-laws referred to are legal, subject to the approval of the G. D.

In the matter of appeal from Frontenac Division, No. 2, it is the opinion of your Committee that the appeal of Brother Joseph George, be sustained,

the action of the Division being illegal, inasmuch as the charge itself discloses no ground of complaint.

Concerning the appeal of Andrew Davis, of Yonge Street Division, No. 20, your Committee cannot recognize any *distinction* between cider *fermented* or *unfermented*, as it appears upon our pledge; for we find that the term *wine* is applied to the juice of the grape in *both* states, and *with* cider the *use of wine* is *prohibited*.

In reference to the action of the D. G. W. P. on this subject, your Committee finding that he acted under the direction of the G. W. P. cannot disapprove of his conduct.

In reference to the communication of D. G. W. P. Reynett, 18th March, 1853, your Committee, while approving of the general views expressed by him, regret that in consequence of there being no definite charge, they cannot take action in the premises.

Further, your Committee cannot find any ground for refusing to pay the benefits to any member, so long as he continues a member of the Order, as the payment of benefits to members at a distance is fully provided for; but your Committee is of opinion that the Division should be fully satisfied, that persons applying in such cases have not violated the pledge, and from any evidence before the Committee, it appears that Br. McAlpine was entitled to benefits.

Your Committee is of opinion that the motion of Bro. Bell, in the case of the communication from Mount Pleasant Division, was not legal, and hence the W. P. might justly refuse to put the question; also, that the W. P. has no right to propose to leave the chair, as he has no choice in the matter, and that Bro. Bell subjects himself to the severest censure for refusing to be installed, as he had pledged himself to use his efforts for the good of the Order.

In reference to the information laid before your Committee concerning the action of the Friendly Union Division, it is their opinion that such action, in giving the member of another Division the Password, excepting under the order of the W. P. of his own Division, is illegal, and the correspondence on the part of the Friendly Union Division is deemed very reprehensible, as exceedingly injurious to the interests of our Order.

In the case of the appeal of Bro. Dayfoot, your Committee find, from the records of the case, that no regular charge was preferred against him, and that the Committee appointed appears to have been merely one of enquiry;

and that Bro. Dayfoot's Committee, but answer, therefore, that the grounds.

and that Bro. Dayfoot appeared, protested against the legality of the Committee, but answered the questions proposed by the Committee, and, therefore, that the appeal of Bro. Dayfoot must be sustained upon legal grounds.

Upon the conduct of members of our Order, under the circumstances of such cases, (there being a division of opinion in the Committee) the subject is referred to the decision of the G. D.

Your Committee, upon investigating the complaint of Henry Weegar, of North Williamsburgh Division, find the whole matter irregular, and cannot therefore further notice it.

Resolved, That with reference to the matter of the complaint of Bro. Snider against Bro. Nicholson, for refusing to obey the orders of the G. D. in delivering up the books and papers of the Hamilton Division, your Committee finding that no notice of the intention to bring the matter before the G. D. having been given to Bro. Nicholson, recommend that no present action be taken thereon.

All of which is respectfully submitted in L. P. and F.

Original motion carried.

Moved by Rep. Nixon, seconded by Rep. Howard, That whereas the P. G. W. P. and Rep Sutton, were at some expense in attending as a Committee, to settle the accounts between the G. W. P. and this G. D., there-

fore, *Resolved*, That the said Committee receive from the funds of this G. D. the sum of three pounds.—Carried.

Moved by Rep. Durand, seconded by Rep. Coulter, That in respect of so much of that part of the Report of the Committee on Appeals, as relates to the Yonge Street Division, on the Cider question, the G. Scribe of this G. D. be instructed to inform the Yonge Street Division, that they have acted under a misapprehension in their view of the use of Sweet Cider, recommending them to reconsider their resolution, as to this question, as one that rests entirely with the N. D.—Carried.

Moved by Rep. Nixon, seconded by Rep. Jackson, That this G. D. is decidedly of opinion that any Son of T. who uses unfermented Cider as a beverage, violates Article II. of the Constitution of Subordinate Divisions.—Carried.

Moved by Rep. Dick, seconded by Rep. Balmer, That the matter referred to this G. D. by the Committee on Appeals, be now taken up.—Carried.

Moved by Rep. Walker, seconded by Rep. Tinline, That Bro. Dayfoot be heard in his defence before the G. D. decides on his case.

Moved by Rep. J. VanNorman, seconded by Rep. Moxon, That this G. D. very much regrets the course pursued by Bro. Dayfoot, in permitting the use of intoxicating liquors in his boarding-house, and particularly the fact of his appearing in this body, taking a seat therein, and even voting with members on questions before this G. D., notwithstanding the expressed opinion of the G. W. P., that he was not eligible to such seat, being a suspended member of his Division, and that hereafter no such member be permitted a seat in this body under such circumstances.—Carried.

Moved by Rep. Dick, seconded by Rep. Balmer, That this G. D. cannot perceive that Bro. Dayfoot, Georgetown Division, has violated his obligations as a Son. of T., in the treatment of his boarders.

Moved by Rep. Tucker, seconded by Rep. Copeland, That the debate on Rep. Dick's motion close.—Carried.

Rep. Dick's motion was put and carried.

Moved by Rep. O'Reilly, seconded by Rep. Cook, That the Returns of Whitby Division, for the Quarters ending December and March, and the correspondence between the G. S. and D. G. W. P. John H. To the G. Division of the Sons of Temperance, Canada West:

The Committee of the 3rd Section of the Field of Labor for expending money appropriated by the Grand Division, for the purpose of agitating the question of a Prohibitory Liquor Law for Canada, most respectfully Report as follows:

That since the meeting of the Grand Division, in October last, that able advocate of a Prohibitory Law, and efficient Temperance Lecturer—the Rev. W. Ormiston—has delivered 22 Addresses under the direction of your Committee, which, added to the number previously delivered, make a total of 52, which have been distributed as follows:

In only two instances were two lectures delivered in the same place, therefore 50 different places were visited by the Lecturer.

During the past year Mr. Ormiston delivered as many as 12 Addresses upon the Temperance question, not under the direction of your Committee.

Mr. Ormiston writes—"The lectures, in general, were well attended; in some instances opposition was offered, which invariably tended to the furtherance of the cause. The two greatest obstacles to be removed, or met, are *interest* and *ignorance*—the latter the more clamorous, the former the more powerful."

Your Committee having agreed with Mr. Ormiston, at 30s. a lecture, deem it but just to state that the liberality of those friendly to the accomplishment of the object in view, has enabled your Committee, with the sum furnished by this G. D., to discharge its obligation to Mr. Ormiston, in full.

In conclusion, your Committee would embrace this opportunity of expressing its opinion, that since the organization of the Grand Division of Canada, no expenditure of money has produced so telling and beneficial an effect upon the country as the £300 appropriated to the employment of lectures.

All which is respectfully submitted in L. P. and F.

The following Report of the Committee on Petitions read and adopted:

REPORT

OF THE

COMMITTEE ON PETITIONS.

To the Grand Division S. of T. in Session assembled:—

Your Committee beg to report on the following Petitions submitted for their consideration:

1st.—A Petition from Hay Bay Division, No. 288, praying that their chartered locality be changed from Adolphustown to Adolphustown and Fredericksburgh additional, and also that D. G. W. P. Clapp be prevented from opening a new Division in that part of the same locality known as No. 1, Fredericksburgh.

Your Committee having fully considered the subject matter of this Petition, and satisfied themselves that the state of the locality would not admit of a second Division in the same neighborhood, unanimously recommend the Grand Division to grant the prayer of the Petition; and further, that the G. W. P. be respectfully recommended to appoint a special Deputy to investigate certain alleged difficulties that are represented to exist between the

John Brunsten, of Claremont Division, No. 185, setting forth that the Petitioner, within the last two years, lost his wife, and had his right arm amputated; that in this condition he was left with a family of eight children, without any means of support, and praying the G. D. so to provide for his necessities that he may be enabled to follow some business, with a view to support himself and family.

Your Committee having obtained satisfactory evidence that the representations set forth in the Petition are substantially correct, and as the case is one of great hardship, and as your Committee do not feel warranted in recommending that any portion of the funds of the Grand Division be appropriated to this or any other similar purpose, they respectfully submit that a circular, addressed to each of the Subordinate Divisions in Canada West, stating the necessitous circumstances of the case, and recommending that the small sum of one dollar from each Subordinate Division be transmitted to the Grand Scribe, and by him forwarded to the Petitioner, through the hands of a Committee appointed by the Claremont Division, to superintend the appropriation thereof.

Your Committee learn with deep regret that a declension has taken place in our Order as it relates to numbers, and that some Divisions have ceased to exist, but trust there is no declension in power, efficiency and influence.

Your Committee cannot for a moment admit that the Order has "culminated," or "that our highest glory is merely to sustain the ground already occupied;" believing that the efficient agitation for a Prohibitory Liquor Law, and the exertion necessary to secure its successful working, when attained, involve more onerous responsibilities, and warrant the anticipation of more distinguished glory than the Order has hitherto displayed.

Your Committee feel desirous of noting some of the causes which have, in their opinion, operated against the success and prosperity of the Order.

Your Committee feel it their duty to notice—

1st. Action is too much confined to the Division Room, every Brother not laboring as diligently as the interests of the cause demand.

2nd. The system of benefits in our Order operates unfavorably, in many instances, draining the treasury of Subordinate Divisions, and actually becoming oppressive to the members.

3rd. Want of proper care in the Divisions in the appointment of competent business men to the most important offices.

4th. The introduction and discussion in Division rooms of subjects quite irrelevant, and not calculated to further the interests of the Order.

5th. Insubordination of members in Division rooms.

6th. A want of promptness in exacting the payment of dues from members, and also the irregular transmission of returns to the Grand Scribe.

7th. Indifference in the enforcement of the By-laws for infractions thereof.

8th. Neglect of Deputies in reporting as required by their commissions.

9th. Deficiency and imperfection of the ritual.

10th. Ministers of the Gospel not giving their united influence in favor of the cause.

11th. Divulging the private affairs of the Order.

12th. A lack of close business application at the Session of the Grand Division, in consequence of which, members in some instances, leave much

dissatisfied, and a most unhappy influence spreads itself abroad against the Order.

Your Committee desire to recommend to the notice of this G. D. some of the important facts mentioned in the Report of the Grand Scribe, particularly that portion suggesting the establishment of Divisions on the non-benefit principle, and also refer with much pleasure to the expected visit to our Province during the present summer of the Hon. Neal Dow, and hope that suitable arrangements will be made for the reception of a person so distinguished in the Temperance cause.

Your Committee have pleasure in reporting approvingly of the Report of the Grand Scribe, and of the faithfulness and efficiency of that officer.

Your Committee recommend that members of Subordinate Divisions make friendly visits to neighboring Divisions as often as practicable.

Your Committee would also direct the attention of the Grand Division to that part of the Grand Worthy Patriarch's Report, upon the necessity and importance of circulating Temperance tracts throughout the Province, and of patronizing all consistent temperance newspapers.

Your Committee hereby recommend, that a Committee be appointed to confer with the Executive Committee agreed upon by the "Prohibitory Liquor Law League," for the purpose of taking such constitutional measures as they may deem necessary to obtain the passage and secure the permanency of a Prohibitory Liquor Law, and further recommend that the sum of one hundred pounds be placed at the disposal of said Committee for the purposes above mentioned; and to send and distribute Temperance publications of various kinds throughout the country; and would also urge upon Subordinate Divisions to pursue a similar course, and as far as practicable employ lecturers, and hold meetings in every School Section, and get up public soirees and demonstrations in their immediate neighborhood.

Your Committee would strenuously urge upon all Subordinate Divisions the importance of sending Delegates to the G. Division.

Your Committee have pleasure in welcoming another auxiliary organization called the Prohibitory Liquor Law League, which bids fair to exert a powerful influence throughout the community, and especially so at this present important crisis.

In conclusion, your Committee, in view of the expected approaching general election, in view of the great and important objects which we seek to obtain, in view of the good order, peace and prosperity of our beloved

REPORT OF COMMITTEE

ON

THE G. W. P.'S REPORT.

COMMITTEE ROOM, 28th May, 1853.

To the Grand Division S. of T. of C. W.:

The Committee to whom was referred the report of the G. W. P., beg leave to submit the following Report:

Your Committee regret that the limited time which they have been enabled to devote to the matters contained and suggested in the G. W. P.'s report, has precluded so much attention and consideration thereto as their interest and importance demanded.

Your Committee regret that the Order has not maintained its former position, but are happy in being able to congratulate the G. D. on the fact that a large majority of the Divisions have manfully maintained their ground and evinced a determination, with undaunted zeal and unabated ardour to carry on the war against the mammoth evil—Intemperance.

Your Committee recommend that a resolution adopted at the last Session of this G. D., requiring all correspondence relative to constitutional questions to be conducted through the G. W. P., be rescinded; your Committee believing that such resolution imposes on the G. W. P., an unpaid officer of the G. D., an unnecessary amount of labor.

Your Committee sincerely congratulate the G. D. on the eminent success which has so far attended the efforts of this G. D. to secure the enactment of a Prohibitory Liquor Law, believing such law to be the only effectual remedy for the evils against which we are contending. And your Committee regret that our Legislature has so far been regardless of the Petitions of the great number of persons who have sought for the enactment of such a law. Your Committee urge upon the G. D. the necessity for renewed and zealous action to procure the enactment sought. Your Committee have

been relieved of much of the labor incident to their appointment, by the action of the Committee on the State of the Order, and by the full and satisfactory report of the G. W. P., and your Committee congratulate this G. D. on the efficiency and zeal of its chief officer.
