DeVALERA RESIGNS  
AS PRESIDENT OF  
THE IRISH REPUBLIC

SENSATION IN IRISH MATTERS; NEW DAIL  
MINISTRY TO FOLLOW

News Comes at End of Fruitless Morning's Effort  
of Peace Committee to Bring Factions Into Har-  
mony—Likely to Seek Re-election at Head of  
Cabinet of Anti-Treaty Men.

Dublin, Jan. 6.—Official announcement was made this afternoon  
that Eamonn De Valera had resigned the presidency of the Irish  
Republic.

London, Jan. 6.—Eamonn De Valera has resigned and a new  
Dail ministry will be formed, says a Central News despatch from  
Dublin this afternoon.

SEEK RE-ELECTION.

London, Jan. 6.—It is reported that Eamonn DeValera, in seeking  
re-election to the presidency, will do so with a cabinet of his own  
way of thinking. His remarks were construed to mean that he would  
offer himself for re-election.

London, Jan. 6.—The Dail Eireann in Dublin has decided to vote  
tomorrow on the ratification of the Anglo-Irish treaty, says a Central  
News despatch from Dublin this afternoon.

(Canadian Press Cable)

Dublin, Jan. 6.—The efforts of the  
peace committee of the Dail to bring  
about an agreement on the Anglo-Irish  
treaty failed today, and the Dail, which  
had met in private session this morning,  
adjourned its secret sitting at 10 p. m.  
to meet again in public session at 3 p. m.

The Dail members as they came from  
the chamber appeared dejected. One of  
them said the committee itself was di-  
vided this morning, although the mem-  
bers had been in agreement on the plan  
which was submitted to the leaders of  
the opposing factions yesterday. It was  
hinted to the correspondent that this  
plan had been rejected by Mr. De Valera.

Mr. DeValera said the whip was  
both sides had been instructed to try to  
bring the treaty to a close this  
afternoon.

Mr. DeValera added, "whether a  
division be taken today, but we will  
certainly wind it all up tomorrow. If  
we don't we all ought to be thrown out  
of the house."

Peace Committee.

Dublin, Jan. 6.—The Dail Eireann  
re-assembled in private session this  
morning to hear the report of a self-con-  
stituted "peace committee" whose efforts  
to bring the supporters and opponents  
of the Irish peace treaty into a form  
of agreement are regarded as the most  
hopeful factor in the troubled situation.

The outcome of the committee's work  
last night was a closely guarded secret  
but the best opinion was that its report  
to the Dail would not be a success.

Whether its recommendations prove  
acceptable to the leaders of the opposing  
factions was another matter. It is  
taken for granted that acceptance of the  
treaty is the sine qua non of Arthur  
Griffith, Michael Collins and their party  
of treaty advocates, and that major  
concessions must come from De Valera's  
side if an accommodation is to be  
reached.

According to the Irish Independent's  
political correspondent, the committee  
yesterday arrived at a substantial agree-  
ment, but Mr. De Valera rejected the  
proposals. This authority presumes that  
the committee is trying to get both sides  
to agree that whether the treaty is ac-  
cepted or rejected, each will abide by  
the verdict and close the ranks, avoid-  
ing disorganization and national chaos.

The political correspondent of the  
Freeman's Journal says it is surmised  
that the committee's plan is based upon  
Michael Collins's offer to the treaty op-  
ponents to allow the new government  
to come into existence, retaining them  
that they would thus not be committed  
to its acceptance, being free to act as  
censors and as free to oppose it  
should it fall short of the nation's needs.

"One can only hope," the correspond-  
ent adds, "that formation of the com-  
mittee will not in any way foster the  
belief that unity exists among the lead-  
ers and that the public discussions are  
so much camouflage. A number of people  
apparently hold this astounding  
theory. The crisis is real, danger, is  
imminent and the nation must remain  
fully alive to the perils of the situation.  
"Peace and happiness will arise in  
Ireland if the committee's work is suc-  
cessful. It is foolish, however, to count  
on this immediately. Ratification must  
necessarily be the basis of any arrange-  
ment, and if this was the point to which  
objection was raised in the agreement  
reached by the committee yesterday, it  
is safer not to count too much on a  
change of views."

Among other speculations is one that  
the committee's work may result in the  
production of Document No. 4, a com-  
promise between the treaty and the so-  
called Document No. 3, embodying Mr.  
De Valera's alternative proposals. In  
this case it is suggested that the new  
proposal would be submitted to the Irish  
government, and if Lloyd George  
declined to accept it, that the treaty  
was England's last word, the only  
possible outcome would be a plebiscite.  
Impatient sharp expressions of im-  
patience at the delay of the Dail in  
getting its business finished is heard in  
some quarters.

Thus the Irish Independent, comment-  
ing upon the proceedings, says—  
"A point for the deputies to remember  
is that Ireland consists of 4,400,000  
inhabitants, and that their wishes have  
already been indicated and should be  
taken into account. The fortunes and  
liberties of these people are involved.  
"If the treaty is ratified by a small  
majority and the opposition pursues an  
active campaign against it, how can an  
effective provisional government be  
formed? If the treaty is rejected, we see

ALLIED SUPREME  
COUNCIL MEETS

Cannes, Jan. 6.—Premier Briand at  
eleven o'clock this morning formerly con-  
vened the Allied supreme council for the  
conference at which it is to consider  
measures for the economic restoration of  
Europe.

The meeting was held in the grand  
salon of the Cannes Yacht Club.  
The heads of the delegations present  
are: Premier Briand, for France; Premier  
Lloyd George, for Great Britain; Foreign  
Minister Jaspas, for Belgium; Premier  
Bonomi, for Italy and Baron Hayashi,  
for Japan.

They are accompanied by distinguished  
staffs of aides and experts, including  
Louis Loucheur, minister of liberated  
regions; Sir Robert Horne, chancellor of  
the British exchequer and Sir Laming  
Wingfield-Brown, secretary of state  
for war, for Great Britain.

Cannes, Jan. 6.—The Allied supreme  
council today approved unanimously the  
calling of an international economic  
conference to be participated in by  
Germany and Russia.

The conference was in session slightly  
more than two hours. It adjourned at  
three o'clock. The payments  
commissions, one of reparations and the  
other on the economic situation.

Both commissions were called to meet  
at three p. m.

Paris, Jan. 6.—Disappointed at the  
failure of the supreme council to invite  
him to Cannes, Dr. Walter Rathenau,  
Germany's economic negotiator, who  
has been in consultation with the  
officials here, will leave for Berlin this  
afternoon. He had caused the Allied  
governments to be informed that he was  
prepared to go to Cannes to place before  
the council the figures on the cash pay-  
ments Germany was able to make and  
the rates upon which the payments  
could be made. So sure was he that he  
would receive an invitation to proceed  
to Cannes that he reserved rooms there.

Ottawa, Jan. 6.—Two representatives  
of the Montreal Unemployed Ex-Fight-  
ing Men's Association met Hon. James  
Murdoch, minister of labor, and Hon.  
H. S. Beland, minister of health, yester-  
day, in an endeavor to get beds and  
blankets from the militia department for  
the unemployed men of Montreal.

The association is harboring 300 un-  
employed single men in the Canadian  
Consolidated Rubber Company building,  
in Montreal, and supplies them with  
meals, but they have no place to sleep  
but on the floors. The families of 250  
married veterans are also under the  
same conditions.

The representatives are Major A.  
Charles and W. Wood. Mr. Wood, be-  
sides representing the association, is also  
representing Mayor Martin of Montreal.  
Another meeting will be held today.

REGULATION OF  
INSURANCE AGENTS

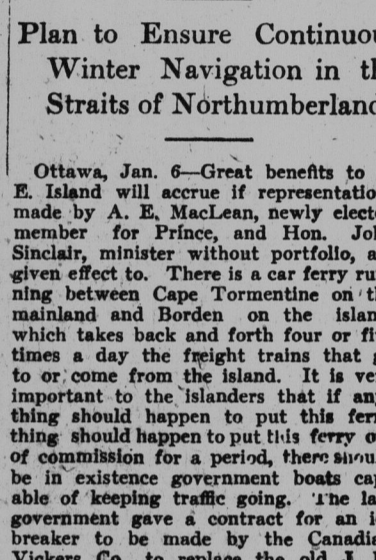

Ontario Action Would Elim-  
inate Many Now Licensed  
to Write Policies.

Toronto, Jan. 6.—Regulation of insur-  
ance agents upon a basis that will elim-  
inate many of those who are now licen-  
sed to write insurance was decided  
upon in principle yesterday by a special  
committee of the legislature appointed  
to consider proposed revision of the  
insurance act. This means that power  
will be given to the department which  
will be put to an end to a system of  
camouflaged rebating under which many  
large corporations have been able to get  
insurance placed without going to reg-  
ular agents, and thus saving commis-  
sions.

The committee, however, is not pre-  
pared to go so far as was advocated by  
some insurance men on Wednesday when  
the elimination of part time men in all  
the larger centres was proposed. It is  
realized that there is a legitimate field  
for the part time insurance agents, and  
no one will be made to refuse their  
licenses provided they are bona fide  
agents.

University Has Fire Visit.  
Buffalo, Jan. 6.—Townsend Hall, Uni-  
versity of Buffalo, was partly destroyed  
by fire yesterday, causing a loss of \$25-  
000. Five hundred students are tempo-  
rarily without class rooms.

USE IN CASE  
THE CAR FERRY  
IS DISABLED

Plan to Ensure Continuous  
Winter Navigation in the  
Straits of Northumberland.

Ottawa, Jan. 6.—Great benefits to P.  
E. Island will accrue if representations  
made by A. E. MacLean, newly elected  
member for Prince, and Hon. John  
Simpson, minister without portfolio, are  
given effect to. There is a car ferry run-  
ning between Cape Tormentine on the  
mainland and Bonaventure on the island,  
which takes back and forth four or five  
times a day the freight trains that go  
to come from the island. It is very  
important to the islanders that if any-  
thing should happen to put this ferry out  
of commission for a period, there would  
be in existence government boats cap-  
able of keeping traffic going. The late  
government gave a contract for an ice  
breaker to be made by the Canadian  
Vickers Co. to replace the old J. D.  
Hiscox. Mr. MacLean says that captain  
most familiar with ice conditions says  
that the present car ferry is a better ice  
breaker than the J. D. Hiscox was. He  
therefore proposes that the ice breaker  
should be constructed with rails, and  
a design that would permit it being  
used as a substitute for the present car  
ferry. The latter is 100 per cent. effi-  
cient, but makes a good deal of noise  
to see that there is nothing to take its  
place in case of trouble.

MR. COVEY SPEAKS  
ON THE SITUATION

His One Idea is Interest of  
Sport.

Well Satisfied With Our  
Rules and if All Pulled To-  
gether Difficulties Would  
Be Solved—Denies Salary  
Report.

(Canadian Press)

Halifax, N. S., Jan. 6.—A. W. Covey,  
president of the M. B. of the A. A. U. of  
C., made the following statement today:  
"I am well satisfied with the amateur  
rules that are at present in force in the  
maritime provinces. The English rules  
are all right but they were framed to  
cover a situation which in the opinion of  
sportsmen would not be suitable to the  
peculiar requirements of the marines. With  
everyone pulling together, things which  
look difficult at present would be found  
very easy to manage.

"With regard to the criticism that has  
been directed at me over the present  
situation that has arisen over the sus-  
pension of thirteen Nova Scotia athletes,  
I may say that there was no discrimina-  
tion shown. The charges against the  
athletes were sworn by a man who  
claimed to know what he was swearing  
to and on the evidence given I had no  
alternative but to act as I did.

"I would like to have it made public  
that there is no truth in the statement  
that has been made to the effect that I  
am drawing down a good fat salary for  
my position. There is absolutely noth-  
ing in it for me except trouble. I do not  
get a cent, and the statement that I do  
is a lie, pure and simple. I am perfectly  
honest in my endeavor to help amateur  
sport and any action I take is always an  
attempt to make it as clean and healthy  
as possible.

"I would like to ask amateurs of this  
province to consider the magnitude of  
the task with which I am confronted. I  
sincerely hope that the action taken at  
last night's meeting here will result in  
the settling of the present dispute and  
give satisfaction to all concerned.

WANT ARMORY  
FOR HOMELESS WHO  
HAVE NO WORK

Toronto, Jan. 6.—A request for the  
use of the Toronto armory to shelter  
homeless unemployed men was wired to  
Hon. George J. Graham, minister of  
militia, last night by Dominion Secretary  
J. Fred March, of the G. A. U. V., fol-  
lowing a conference on the unemploy-  
ment situation, attended by the provin-  
cial cabinet and representatives of the  
municipalities and the G. A. U. V.

WHY NATURALIZATION OF  
SPEYER WAS REVOKED

London, Jan. 6.—The British home  
secretary today issued in the form of a  
government paper the report on which  
Sir Edgar Speyer's naturalization was  
recently revoked.

Among the allegations contained in  
the report are a loan of \$5,000 to a man  
named Ware for the benefit of the now  
non-existent Boston Journal, details of  
Sir Edgar's association with Carl Muck,  
former conductor of the Boston  
Symphony Orchestra, and with John  
Koren; Sir Roger's trafficking and  
communication with enemy subjects,  
and his evasion of the British censor-  
ship.

YOUTH ON FARM  
TAKES HIS LIFE

Was in Trouble for Breaking  
Calf's Leg and Putting Out  
Horse's Eye.

Goderich, Ont., Jan. 6.—William Owen,  
twenty years old, committed suicide by  
hanging himself from a beam in a barn  
in Ashfield township on Thursday evening.  
He came from a school in Toronto  
and had been working for a farmer when  
he got into trouble for abusing the stock.  
He was in court for breaking a calf's  
leg and knocking the eye out of a horse  
for which he served a short time. No  
reason for his act can be given.

DEAN OF JESUIT  
ORDER IS DEAD

Father Peters, 86 Years Old—  
Was Close Friend of Lin-  
coln and Garfield.

Worcester, Mass., Jan. 6.—Rev. Albert  
R. Peters, S. J., dean of the Jesuit Order,  
died here last night at Holy Cross Col-  
lege, aged eighty-six years. Father  
Peters was born in Havre, France, on  
February 10, 1835, but most of his life  
was passed in the U. S. He was gradu-  
ated from Georgetown University and  
entered the Jesuit Order at Wash. D. C.  
in 1851. He was a member of the  
Georgetown University faculty.

Father Peters numbered among his  
close friends President Lincoln and  
President Garfield. He had been asso-  
ciated with Holy Cross College for more  
than fifty years although he had not been  
actively engaged in teaching or preaching  
for about twenty years.

DEMONSTRATIONS  
ARE PROPOSED

Montreal Trades and Labor  
Council Considers Unem-  
ployment Matter.

Montreal, Jan. 5.—Drastic action in  
regard to the unemployment situation by  
the Trades and Labor Council of Mon-  
real, announced today, followed by  
demonstrations and parades through the  
streets of Montreal, was advocated at  
the meeting of the Trades and Labor Council  
last night. Mr. Lynch said that  
about \$12,000 had been expended here in  
the unemployment struggle against \$700,000  
voted or given in Toronto.

ASK MINISTER TO  
NAME CHAIRMAN

Getting Arbitration Board on  
Coal Wages Matter in Nova  
Scotia.

Halifax, N. S., Jan. 6.—Hon. J. Mur-  
doch, minister of labor, will be asked to  
appoint a chairman for the board of  
arbitration which will consider the wage  
dispute between the coal companies and  
the miners employed in their mines.  
Col. W. E. Thompson of Halifax is re-  
presentative of the companies, and James  
Lynch, mayor of New Waterford, of the  
miners.

TO COMBAT PORT  
HURON MERCHANTS

Sarnia Retailers to Form an  
Association—Keen Eye on  
the Border Line.

Sarnia, Ont., Jan. 6.—Sarnia grocers  
and retail merchants are planning to  
form a retail merchant's association. One  
of the chief issues will be a battle against  
Port Huron merchants who are adver-  
tising in Sarnia announcing they will  
take Canadian money at par. The local  
merchants will make an effort to have  
the customs law observed here to the  
last letter, and it is expected that a wo-  
man customs officer will be stationed  
here in the near future.

VOLCANO IS  
GROWLING AND  
PEOPLE FLEE

Mexico City, Jan. 6.—The volcano  
Popocatepetl again began to show seri-  
ous signs of activity yesterday. At four  
o'clock an explosion was heard within  
the crater, and a great smoke column  
arose.

The inhabitants of villages near the  
base of the mountain became panic-  
stricken and fled toward the large towns.  
The volcano is now in a state of  
eruption.

BUY SIX VESSELS  
FOR SERVICE ON  
THE ATLANTIC

Hamburg, Jan. 6.—The Hamburg-Amer-  
ican line and the American Ship and  
Commerce Corporation have purchased  
from the Royal Holland Lloyd Line the  
steamers Hollandia, Frisia, Limburga  
and Brabantia, which will engage in the  
passenger service between Hamburg and  
New York, eight times a week, under the  
Deutschland and Albert Ballin, now in  
course of construction.

PERJURY CHARGE  
IN LIQUOR CASE

Sarnia, Ont., Jan. 6.—Following the  
confiscation of liquor still outfits in the  
county of Lambton recently, it was an-  
nounced last night that a charge of  
perjury and perjury would be laid  
against a county constable, a witness in  
court proceedings.

PROBING INTO THE  
HYDRO SITUATION

Some Progress Made at Con-  
ference at City Hall.

City Must Take at Least 10,  
000,000 k.w.h. from Mus-  
quash—Cost May Be Re-  
duced by Curtailing Some  
Fixed Charges—Another  
Meeting Next Week.

That 10,000,000 kilowatt hours will be  
the minimum amount of current for  
the city, the N. B. Electric Power Com-  
mission will contract with the city of  
St. John, and that the cost of 12 cents  
kilowatt hour might be reduced by 3  
holding up for a few years of some of  
the proposed fixed charges, were the two  
principal points which developed this  
morning at a conference held in the  
mayor's office.

The meeting was attended by Mayo  
Schofield and all the commissioners; F.  
A. Ross, consulting engineer for the  
city; Premier Foster; Hon. Dr. A.  
Smith, chairman of the electric com-  
mission, and C. O. Foss, chief engineer  
and member; Councilors O'Brien, E.  
Campbell of Lancaster and J. M. Done  
van of Simonds, and J. King Kelly  
county secretary.

Mr. Foss said that the commission  
could not undertake to contract for less  
than 10,000,000 k. w. h., and the premise  
said that the sinking fund charges on  
some of the charges for replacement an-  
upkeep might be cancelled for the first  
few years if circumstances allowed it.

In opening, the mayor asked if there  
was any possibility of the city purchas-  
ing the plant at Musquash. The premise  
replied that the Musquash was develop-  
ed for the benefit of New Brunswick and  
not St. John alone; furthermore, the  
plant was a comprehensive scheme planned  
by the government, and it was no  
feasible to take one spoke out of the  
wheel which was under construction.

The mayor asked if there could be  
any reduction in the cost to the city  
other than on the basis of capital cost of  
\$2,000,000. The premise said that the  
idea was only approximate, but the  
idea was to sell at bare cost. Dr.  
Smith said that a definite figure could  
not be given at present, but the price  
of 12 cents a k. w. h. was the maximum  
and any change would be a reduction.

The mayor expressed the opinion that  
consideration should be given to the fact  
that building was done at peak prices.  
To the mayor, Dr. Ross said that the  
city contracted for 10,000,000 kwh, and  
if it wanted more, on twelve month  
notice, the amount would be increased to  
21,000,000. He said development would  
be carried on at L'Epervier.

Mr. Ross said that the city required a  
certain number of kwh every day un-  
failingly and he would like to go into  
the matter of hydroelectric with the  
commission.

Mr. Foss said the peak season would  
be in the winter when the low water  
period would be less than two months.  
The mayor said that one of the diffi-  
culties here was that the place was a  
virgin territory, there being already on  
company supplying current.

Mr. Ross asked if some of the fixed  
charges could not be held off for a few  
years, as had been done with Ontario  
hydro project.

Councillor O'Brien said he understood  
the addition of the L'Epervier develop-  
ment to the power developed at Musquash  
would cut down the overhead and there-  
fore reduce the cost to the city.

Mr. Foss said that the power would be  
furnished at cost and the figures would  
be adjusted from year to year.

To Mr. Bullock, Mr. Ross said that the  
cost of 12 cents a kwh, the city could  
compete with the N. B. Power Co.  
and eventually put them out of business.  
He thought that this figure was based on  
the commission's cost prices. The rate  
here was about ten times that on the  
Niagara development, but the two could  
not be compared, as they were of differ-  
ent types.

The premier asked if the prices offered  
by the city of St. John did not compare  
favorably with many developments under  
the Ontario hydro commission.

Mr. Ross said that the development  
here was different, as the N. B. Com-  
mission had purely a storage proportion  
of power. Dr. Smith said the Eugenia de-  
velopment was purely storage and the rate  
was slightly higher than that offered St.  
John.

Reduction of Cost.

The premier said the elimination of  
certain fixed charges would depend on  
circumstances. The sinking fund might  
be allowed to stand for a few years. He  
said that the original intention of the  
government was to deliver cheaper  
power and light for the people of St.  
John city and county. He said that if  
possibly could with the city.

The mayor said that in cold figures it  
would cost the city twelve per cent. of  
\$2,000,000, according to the figures pre-  
sented to the city.

Dr. Smith said this was only if the  
city took the whole product of the de-  
velopment. He said the figures quoted  
were the outside figure; any change in  
them would be a reduction.

The premier said four-fifths of the people  
were interested in light rather than  
power. He asked how much better off  
these people would be under the hydro  
proposition than they are at present.

Mr. Ross said that depended much on  
consumption. The cost of the power  
was a very small proportion of the total  
cost. He said the more the people  
used, the cheaper the cost per unit.  
The premier said that the object of  
the rental charge by the government was  
not for the purpose of making a profit,  
but rather to provide for further devel-  
opment. He said if the city did not take  
the whole of the Musquash development  
it would be required to pay only a pro-  
portion of the cost.

Dr. Fink said if the city went into  
competition with the power com-  
pany, the company would tear up its street  
car rails and have lots of power to sell.

AS LIQUOR IS  
NOT OF VALUE  
AS MEDICINE

Doctors Answer Questions  
Relative to Use of Whiskey  
and Beer.

Chicago, Jan. 6.—A majority of physi-  
cians in nineteen states representing all  
sections of the country, replying to a  
questionnaire sent out by the American  
Medical Association, assert that they  
did not regard beer and  
whiskey as medicinal agents in the  
practice of medicine. A majority of  
the physicians made a similar assertion  
with reference to whiskey.

About four-fifths of these physicians  
declared there were no instances in their  
practice where suffering or death had  
resulted from consumption of the pro-  
hibition law and about three-fifths  
favored restriction by prescribing  
whiskey, beer and wine.

In the nineteen states, 6,791 physicians  
declared they did not consider whiskey  
a necessary therapeutic agent in the  
practice of medicine, and 6,619 asserted  
they had found it of value. Beer was  
practiced by 2,668 physicians and opposed by 9,982.

CUT WAGES ON  
THE STEAMSHIPS

New York, Jan. 6.—Wage reductions  
of fifteen per cent. and upwards will be  
put into effect immediately by the  
preparations to go to Cannes to place before  
the council the figures on the cash pay-  
ments, announced after a meeting yester-  
day.

Wages of officers, he said, would be cut  
fifteen per cent., with higher re-  
ductions for some other classes of employ-  
ees. These cuts were necessary, he  
added, to meet competition with foreign  
vessels.

It was pointed out that there was no  
wage agreement now existing with the  
ocean boatmen's union, and the steam-  
ship owners' association.

SERIOUS CHARGE AGAINST  
A MAN IN FREDRICKTOWN

Fredricktown, N. B., Jan. 6.—Robert  
Riley, aged fifty and sixty  
years, is in jail awaiting trial on a charge  
of murdering two girls, aged seven and nine  
years, as named.

PEELS AND PARDONED  
WEATHER  
REPORT

Synopsis.—The disturbance which was  
over the Ottawa Valley yesterday has  
moved quickly eastward to Newfoundland  
with diminished intensity, and the  
weather is now fair in nearly all parts  
of the dominion. It has become quite  
cold in northern and eastern Ontario,  
and moderately cold in the lower lake  
region.

Forecasts.—Fair and colder.  
Maritime—Moderate to fresh west and  
northwest winds; fair and colder to-  
night and on Saturday.  
Gulf and North Shore—Fair and

Widow of His Suicide Son is  
Demanding Means of Subsistence.

Berlin, Jan. 6.—Princess Joachim of  
Prussia, widow of the former German  
emperor's youngest son, who committed  
suicide in 1920, is bringing action  
against William Hohenzollern for a  
maintenance allowance on the ground  
that her marriage contract, concluded in  
accordance with the laws of the Hohenzol-  
lerns, entitles her to the means of subsistence.

### BIG DAY AT WASHINGTON

#### Naval and Far Eastern Questions—Sir Robert Borden Complimented.

(Canadian Press)  
Washington, Jan. 6.—The settlement of the intricate and difficult questions involved in China's demand for wider territorial autonomy, as revealed in an official communication issued last night, is one of the topics of chief interest in conference circles today. Much commotion is being caused by the news that Sir Robert Borden is heard on all sides over his success in bringing about an unanimous agreement. Canadian representatives managed to find a formula to meet objections as they arose, although in order to do so it was necessary to provide for another conference to be held in the near future at Pekin. This conference, however, will be more in the nature of an administrative commission.

Another subject dealt with was the extravagant amount of money being expended by the Chinese government upon military establishments and on military operations since the overthrow of the dynasty. Public opinion in China is strongly opposed to the exercise of such powers by these military dictators and to the wasteful expenditures above alluded to.

Washington, Jan. 6.—Agreed upon abolition, as between themselves, of all submarine warfare against merchant ships, it remained for the five naval powers of the arms conference today to reinforce this declaration through adoption of the third root proposal to declare an act of piracy for which the submarine commander could be held personally accountable. Indications were that this proposal also would be adopted and the matter of submarine regulations finally disposed of at the naval committee meeting today.

Viewed everywhere as the most significant naval achievement of the conference since the capital ship agreement, the declaration prohibiting the use of submarines against merchantmen asked the adherence of all nations to the new principle of international law.

### DE VALERA GIVES HIS REASONS FOR RESIGNATION

(Canadian Press Cable)  
Dublin, Jan. 6.—President De Valera, in announcing his resignation to the Dail, said the cabinet also had resigned.

At the opening of the present session of the Dail, Mr. De Valera said that since the Irish agreement was signed in London the executive authority of the Dail had been irrevocably split. They had since tried to keep together nominally as a unit, but the time had come for that to be ended.

The president said he and one section of the cabinet stood for the present session of the Dail, but the other section for quite another plan.

"There never was a peace, he declared, until the principle was recognized that the Irish people wanted to live their own lives without the imposition of outside authority. He said he could not accept the responsibility unless he had the sole powers of the government to carry on his office.

Dublin, Jan. 6.—Mr. De Valera said he proposed "to lay down the conditions which he considered essential for the house to accept as the chief executive."

Michael Collins, the minister of finance, said in support of the treaty announced that Mr. De Valera had refused to accept it.

#### PERSONALS

Hon. William Pugsley arrived in the city this afternoon from Fredericton. William Webber, general agent at Atlantic ports for the Canadian Pacific Railway (ocean traffic), will leave tonight for Montreal to make preparations for accompanying the S. S. #### BANK'S DOORS NOT OPENED TODAY

St. Louis, Jan. 6.—The Night and Day Bank, with deposits of \$8,000,000, did not open for business today. State Bank Commissioner Hutsar said his examiners had been auditing the books and found an apparent discrepancy of more than \$100,000. It was said that G. O. Mesinger, cashier, has not appeared at the bank since Wednesday.

#### MORE FIDDLING BY THE GERMANS

Berlin, Jan. 6.—The German government has sent a note to the reparations commission, taking the ground that, in view of the imminent meeting of the supreme council, it assumes no objection will be raised if it takes no further steps at present with regard to the commission's request for information concerning Germany's ability to meet the reparations installment.

### CARS TO RUN TO LEE'S CORNER

#### Assurance Given Delegation by Power Company Manager—Little River Bridge Matter.

A delegation of citizens of East St. John and Little River waited upon P. W. Thomson, general manager of the New Brunswick power company, yesterday and asked that the street car line be extended from their present terminus to Lee's corner. It was reported after the meeting that Mr. Thomson had assured the delegation that this extension would be carried out in the spring.

Agitation for the operation of the street cars to Lee's corner has been going on for some time. After the Kane's corner project was reported after the meeting that Mr. Thomson had assured the delegation that this extension would be carried out in the spring.

It is expected that the Little River bridge will be replaced by a more substantial structure and projected extension will be undertaken. Asked about the matter this morning, Premier Foster said that the matter of a new bridge had not been taken up with him.

The delegation which waited upon Mr. Thomson consisted of Councillor J. C. Daisell, J. M. Trueman, Dufferin Babcock and T. Stevens.

Mr. Thomson told the delegation that the bridge at present was too narrow and not substantial enough to carry cars but as soon as it was replaced by a stronger one, the company would extend its lines. The delegation said that the bridge would be attended to as soon as the street railway was ready to extend.

#### IN WALL STREET.

New York, Jan. 6.—(10:30) Lower prices ruled at the listless opening of today's stock exchange, the feeling in speculative quarters evidently continuing. Among prominent shares changes were confined to fractions, but in specialties, notably sugar, iron and steel, declines ran from one to almost two points. Oils, motors and independent steel again reflected pressure. Adoption of the law on submarines by the five powers at the arms conference strengthening foreign exchanges, a firm tone.

Noon Report  
New York, Jan. 6.—(Noon) Further relaxation of money rates precipitated urgent covering of short contracts in the first hour. Call loans opened and renewed into next week at 4½ per cent, but the large supplies soon forced the rate down to four per cent. Oils, shipping and equipments rallied 1 to 2 points with motors, tobacco, coppers and textiles. Mexican and Pan-American petroleum, Royal Dutch, Houston Oil, Mercantile Marine Preferred, American International, Atlantic Gulf, Chandler and Pierce Arrow were most active in the market. Oils, shipping, Sears Roebuck, International Paper and Corn Products were strong, but rails showed little change.

#### LATE SPORT NEWS

### PROBING INTO THE HYDRO SITUATION

(Continued from page 1)  
No prospect but chaos, disunion and maybe war. For a divided country, war would mean ruin and disaster. The difference in substance between the London treaty and the counter treaty is not such as to justify plunging the country into chaos or war.

English Press Comment.  
London, Jan. 6.—Eamon De Valera's alternative treaty proposals, which according to the Daily Mail's Dublin correspondent have fallen very flat in Ireland, are the subject of some editorial criticism in the morning newspapers here.

The Westminster Gazette thinks that the very poverty of De Valera's alternative should make agreement between the two parties possible. It suggests the possibility that in the attempt at a compromise, the treaty may be rejected, or to submit the question of acceptance or rejection to a plebiscite, being content with the London treaty, which is the basis of the treaty.

The Daily Telegraph denounces De Valera's manifesto as "designed to do the utmost to split into two ferociously hostile factions the nation to whom he claims to speak."

The abduction of A. B. Kay, of the London Times, evokes some severe criticism in Belfast.

Belfast, Jan. 6.—Notwithstanding the increase in the number of military and police patrolling Belfast streets, firing was renewed last night. A child and a man were wounded. A bomb was thrown but did no damage.

Several mobs clashed in Dale street and violent fighting ensued in which stones and revolvers were used.

### RHEUMATISM GROWS WORSE IF NEGLECTED

It is a Uric Acid Trouble.  
It makes its presence known by local aches and pains, inflamed joints and stiff muscles, but cannot be permanently relieved by local applications. Its cause is constitutional and it must have constitutional treatment.

### CLOTHIERS ARE VICTIMIZED BY BOGUS ORDERS

Toronto, Jan. 6.—Bogus orders for suits have been given in this city for the last few days upon clothiers, the orders purporting to have come from Sir Adam Beck, chairman of the Ontario Hydro-Electric Power Commission and from the provincial hydro-electric commission's office.

It was reported that seven clothiers had been victimized.

### WHICH—BOBBED HAIR OR THE LONG SKIRT?

American Women Must  
Choose Between Them, for  
They Don't Go Together,  
Hairdressers Say.

(New York Times)

Are all American women eventually to have bobbed hair or are they going into long skirts—bobbed hair and bobbed skirts go together—and let their hair grow long to agree with the dignity of the skirts? And are American women going to adopt the long skirts that are beginning to be generally worn in Paris or are they going to make a fight and keep to the freedom-giving garments that they have been sporting so joyously?

The American Ladies' Hair Dressing Association gave a big banquet and ball the other day and during the wait for dinner and while the banquet was in progress, they discussed all those things—entre nous.

A rosy little brunette who wore very short skirts and whose own hair was bobbed, who looked too young to be in business, but who was treated by conferees with the distinction of a successful woman, had just come from Paris, and said the long skirt was doing away with the bobbed hair.

"Think how bobbed hair would look with a long skirt!" she said and everyone laughed, for the youthfully clipped hair suggests a hop, skip and a jump, and one does not hop, skip and jump in long petticoats.

Women in Paris are very generally

on cutting their hair, you will begin to see that as well."

Talking about false hair and the places from which it comes, she stated that she had seen it used to come from Russia, and it now comes from Germany, France and Italy. We get a beautiful blond hair from Sweden, and very good dark hair from Brittany.

"Do we get any hair from America? No. You are too civilized to sell your hair. You sell everything else and then you are not obliged to sell your hair."

"Americans are not going into hair work either. You don't find American men hairdressers. There are Frenchmen, Italians and some Germans. Why don't American men go into the business? Can you imagine your American men doing little finicky things in hair-dressing? No; they couldn't do it. But there is good opening for American girls."

"Your American women would almost always rather have women working on their hair. A woman goes into a hair-dressing place and if there is a man and a girl she will almost invariably take the girl by preference. It is different in the other line. The men do most of the work. The only exception among the women here are the novices who have just started and the men do their hair there and think they must have them here."

"What are you doing with false hair when so many women have their hair bobbed? Well, we are banking on their wanting their hair back again and we will sell it to them."

wearing long skirts," she said, "but I don't believe the American women will take them up soon. Short skirts are pretty, becoming and youthful and Americans don't wish to give up the comfort of them, and as long as they wear the short skirts they will have their hair bobbed."

There were almost as many opinions about hair bobbing at the banquet as there were women and men. One woman who represented a successful firm said:

"I don't believe in a year or so there will be a woman in the country with long hair. More and more they come every day to have their hair bobbed. More of the older women are constantly coming. I believe long hair is going out in the daytime. The bandeau goes around back of the head and the short hair is fastened to it. The hair is curled, extra little curls being fastened to small combs that are used for daytime wear."

"Wearing the hair bobbed will depend a great deal upon the style of dress. If women adopt a more formal style and long skirts, they will have to wear the hair in a more formal style. If women should continue to bob the hair, we should before long have a race of short-haired women. The hair does what is demanded of it. Men's hair does not grow long because they have been cutting it so many years. It takes out the vitality. That is one of the reasons that men become bald. I have never seen a bald-headed woman as you frequently see the men. But if they keep

A special meeting of the City Civic Employees Union, Local 1876, was held last evening in the Trades and Labor Hall in Prince William street. Garnet Ward, president of the union, occupied the chair.

The monthly meeting of the Fire Prevention Board was held yesterday afternoon in the marshal's office with the chairman, B. Edwards, presiding. A full board was present and the fire marshal reported on investigations he was carrying out throughout the province. He will leave in a few days for the northern part of the province to take up some work there.

The members of the newly formed printers and publishers branch of the Retail Merchants Association were the guests of the association last night at a banquet in Bond's restaurant. Among the speakers were F. W. Daniel, P. A. Dykeman, A. O. Skinner, R. A. Macaulay, Frederick Doig, A. N. McLean, E. D. McKenna, and H. B. Anisoy of Campbellton.

The hearing on the financial affairs of Peter McIntyre, before Francis Kerr, registrar, in the Bankruptcy Court, was concluded last night. The matter will go before Chief Justice McKeown next Tuesday morning. Allen McIntyre was on the stand yesterday afternoon at the evening session. A. Le. Hastings, manager of the North End branch of the Provincial Bank of Canada, was called and Peter and Allen McIntyre were recalled to the stand.

The regular monthly meeting of the Protestant Orphans' Home was held yesterday in the board room of the Bellin street institute. Any liability in the matter. The case was adjourned until January 18.

Charles T. Green, Grand Templar for this jurisdiction, was in the chair at a special meeting of Alexandria Lodge, No. 12, of the Grand Lodge of the Province, held last night at the Temple Hall. A paper was read by Cary B. Black, Worthy Governor of the Pleasant Junior section telling of the good work done by the Junior Temple and of the training it gave the boys. He made a strong plea for the revival of the Junior sections throughout the province of which there had been fifteen in 1918. He was employed in Havana with a trust company. He was twenty years of age.

The final session of the quarterly meeting of the Maritime executive of the United Women's Missionary Union was held yesterday, with the president, Mrs. W. G. Clark, in the chair. It was decided to appoint agents for the recently published history of the union. The date of the women's convention was changed to correspond with the change in the date of the general convention. Mrs. W. G. Clark was appointed delegate to the Atlantic City conference. The next meeting will be held here in April.

The schooner Effie Maud was totally wrecked on the beach at St. Martin's during the heavy gale from the south-east on Saturday last. The schooner was anchored off St. Martin's when the gale arose and she dragged her anchors. She was slowly drifting ashore and the crew decided to slip her anchor and run ashore at high tide and thus avoid the severe pounding which the vessel would receive if she went ashore at low tide. The crew, consisting of three men, landed safely. The cargo of lumber, owned in Parrishore, was salvaged. The wreck of the vessel was sold to Captain Smith, of St. Martin's for \$185. The Effie Maud was a vessel of about 75 tons and was registered at this port. She was built along the St. John river twenty-five years ago.

RECENT DEATHS

Miss Elizabeth Ward.

The death of Miss Elizabeth Ward occurred early this morning at the residence of her mother, 21 Somerset street. She was the eldest daughter of Mrs. Elizabeth Ward and the late Michael Ward, and leaves, besides her mother, two brothers, William and Walter, and one sister, Margaret, all at home.

**HOSPITAL COMMISSION MEETS**

The regular monthly meeting of the commissioners of the General Public Hospital was held yesterday afternoon. A delegation, consisting of Dr. S. H. McDonald and Dr. H. A. Farris, was present and the board went into committee of the whole to discuss with them the matter of the affiliation of the county hospital with the general public hospital, in order that the nurses could have training in tuberculosis training at the county hospital. No action was taken.

Reports of special meetings were given. Plans were submitted for the remodeling of the basement and redistribution of the heating system. The superintendent's report was read. It referred to the number of patients for the month new appointments, Christmas exercises and work being done.

The financial statement showed receipts of \$167,067.00 and expenditures of \$10,080.00. Mr. O'Brien and Mr. McMillan were appointed a committee to have some repairs made. The report of the superintendent of nurses was given. The medical staff reported need for more adequate laboratory facilities. The reports of the matron and lines matron were also received.

THE FARMER GOT WORST OF DEAL

Review of the Downward Movement in the Price of Staples.

(Montreal Gazette.) The extent to which prices for staples in the governing markets of the United States, except where artificial conditions have had their effect, have lapsed back to pre-war figures is illustrated in the wholesale price table in the Commerce Monthly issued by the National Bank of Commerce of New York.

years between 1914 and 1918 when hostilities ceased. The case was the same with wheat and wool. The speculator had more to do with the late advances in 1919 and in 1920 than the consumption of the returning soldiers. There were other factors in the situation, of course, some natural, some artificial. They have all been undergoing a process of elimination. In the case of raw material for foodstuffs the return to pre-war figures has been practically reached all along the line. The Monthly gives the ruling prices for standard articles in the governing markets of the United States, which, to an extent, are the governing markets of the world. Taking the direct and indirect products of the farm, the prices in January, 1914, and December, 1921, compare as follows:

Table with 3 columns: Item, 1914, 1921. Items include Wheat, No. 1 spring, bush; No. 2 red, bush; Corn, No. 2 mixed, bush; Cattle, 100 lbs.; Hogs, 100 lbs.; Hides, No. 1, per lb.; Wool, Ohio fine, lb.; Wool, gr. blood, lb.

Wheat and wool maintained at the end of 1921 higher values than at the beginning of 1914. In the case of both, however, the decline has been marked since the peak prices were reached. The influences that maintain them at the present level are probably natural and wholesome, such as in ordinary years influenced values up or down. They are not out of keeping with the higher rates prevailing for ordinary merchandise.

consideration the outlook for foreign affairs. In my mind, Germany with its constantly and outrageously swelling paper currency and its alarming national budgetary deficit has been by far the most dangerous spot abroad. Personally I am not convinced that occasion for grave concern has yet passed. Nevertheless, the general view in international financial circles now is that the reparations payments will be modified and Germany given a chance to recuperate.

FORBES' FORECAST FOR THE YEAR 1922 B. C. Forbes, well-known financial and business writer, takes an optimistic view of America's business outlook for 1922. "Some months ago," says Mr. Forbes in Forbes Magazine (N. Y.), "when many uncertainties and much pessimism prevailed, it was predicted that most things would work out better than feared, including the threatened railway strike, the Irish deadlock, the Mexican situation, sterling exchange, the security markets and the rather scoffed-at conference on armaments."

**That present you wanted to buy your wife**

You couldn't do it because there were so many other demands on your funds that you had not enough to go round.

Join our "Christmas Club" today—start to save a regular amount every week—and when next Christmas draws near—you will have the money in The Merchants Bank to buy your wife the present you have always wanted to give her.

Every member of the family can join; open an account yourself, for your wife and each of the children—depositing regularly each week any fixed sum you may decide upon.

There is nothing to pay—no dues or membership fees; and you can join as many classes as you like.

All you have to do is to call at the bank, choose the class or classes you wish to join, and be enrolled as a member.

In the spirit of Christmas, we welcome you to our 1922 "Christmas Club."

**TENDERS SOON FOR HYDRO-ELECTRIC \$1,800,000 BONDS**

Fredericton, Jan. 5.—The Province of New Brunswick will call at once for tenders for bonds to the value of \$1,800,000 for hydro-electric development and highway construction. These bonds will bear interest at the rate of six per cent, payable in Canada, and five and a half per cent, payable in the United States. They will run for a period of five years.

Contrary to what had expected, Premier Foster said tonight that there would be no statement at this meeting with regard to the dates for by-elections in Kings, Madawaska and St. John county, except that there would be no by-election this month.

Hon. J. E. Hetherington, provincial secretary-treasurer, will leave shortly for Hot Springs (Ark.) to spend some time for the benefit of his health.

**RIORDON COMPANY DEFAULTS ON BONDS**

Montreal, Jan. 5.—The Riordon Company is in default of a payment of \$120,000 interests which became due Jan. 1 on \$4,000,000 ten-year six per cent general mortgage sinking fund bonds. This issue ranks second in the three bond issues of the enterprise.

Interest on the first issue which fell due Dec. 31 has been met, it is understood, by the bondholders of the second issue.

It is believed a way will be found to meet the interest on the second issue now overdue and foreclosure is considered unlikely.

**EVER-BEARING ORANGE TREES.**

An ever-bearing orange tree which citrus fruit growers believed is destined to revolutionize the orange industry of the State of Florida, if not of the entire country, has been discovered by horticulturists in a small grove at Avon Park, near Tampa, and to protect the specimen its purchasers have placed around it a heavy wire fence twenty feet in height, and stationed guards day and night. The tree has been in bearing continuously eight years, but until recently its existence was known only to the owner and several neighbors, who, according to citrus experts, did not realize its value, but regarded it merely as a freak of nature. A syndicate has been formed to propagate the tree through budding, so that a large number of trees may be set out in groves in 1923.

**A Sealskin Church.**

The world's queerest church was discovered not long ago by a missionary in the Arctic. It stands on Blacklead Island, Cumberland Sound, and is constructed entirely of sealskins.

Wood and other building material not being available, the missionary responsible for its erection sewed the skins together and stretched them over whalebone "siders."

Another Eskimo missionary built a church of snow, with seats, altar and pulpit complete. He said that his snow-built edifice was warmer than most churches he had visited in England.

Among cathedrals, probably the most curious is to be found in Unadilla. Viewed from a distance, it looks like a giant haystack, but at close quarters it is seen to be built of grass and mud. It seats 4,000 persons.

**BIG ORDER FOR EXPORT.**

The manner in which Canadian manufacturers are again reaching out toward foreign markets is shown very clearly in the records of export shipments produced from time to time. An interesting item of the unusual type appearing recently was that of a shipment of \$12,000 worth of windmills by an Ontario firm to the Island of Cyprus.

MORE BIG ONES FOR RACES HERE

Jewtraw, Boyd, Parody and Fortune Coming.

Val Bealis Also Likely and Word Soon from McWhorter, Stowell and Steinitz—What Joe Page Says in a Montreal Paper.

The entry of Charles Jewtraw, American national skating champion, was received over the wire yesterday for the speed events in the coming Canadian championships...

In addition to Jewtraw's entry yesterday came others from Leslie Boyd, who made such a splendid showing against Joe Moore, international champion, at Newburgh, and Carl Parody, who is the fourteen-year-old international champion...

Gordon Logan of this city, brother of Fred Logan, a former international champion, sent in his entry yesterday for all the speed events up to the one mile.

In addition to this, correspondence has been received relative to Val Bealis of Lake Placid, who, it is hoped, will also be here to take part in the championships. He was unable to participate in the meet in Newburgh recently owing to illness, but is the holder of the Essex three-quarter mile championship, in which he defeated Jewtraw, Boyd and Moore.

Julian T. Fitzgerald, president of the International Skating Association of Chicago in a letter to J. J. Carr of the local committee refers to the carrying on of elimination tests in a few days the results of which will decide what additional speed kings will be sent to St. John to take part in the championships.

Out of this it is hoped to give the meet its final round-up by the announcement that the local committee will be held at the McWhorter, Stowell and Steinitz will be among other entries received. McWhorter holds two world records; in 200 yards his time was 25-5 seconds, and in the three mile 8 minutes and 45 seconds.

A letter has also been received from Mr. Taylor, president of the Amateur Skating Association of Canada, speaking

Changeable weather in winter spells coughs, colds, pneumonia, Death. Guard well your health when the silver storm strikes. Regular doses of SHARP'S BALSAM OF HOREHOUND AND ANISE SEED will act as a preventative as well as a cure.

Read this from Mr. Frank Grolais, 182 Desery street, Montreal: "I had a severe cough, the result of a cold which continued to get worse. Am pleased to say that I was relieved almost at once by Sharp's Balsam of Horehound and Anise Seed. I shall always try to get this when I suffer again and can recommend it to any of my friends."

At all drug and general stores. Two sizes, 25c. and 50c. CANADIAN DRUG CO., Ltd. St. John, N. B. None Genuine without the Name

encouragingly of the prospects for the big meet here and saying that all that is now needed is good weather and good ice.

SEES OTHER BIG MEETS FOR HERE. (By Joe Page in Montreal Standard.) The Canadian National outdoor skating championships which will be held at St. John, N. B., January 18 and 19 under the auspices of the Y. M. C. I. should prove to be one of, if not the greatest, speed skating attraction that has yet taken place on the entire American continent.

The maritime provinces, especially the city of St. John, have in the past turned out some of the finest and fastest speed skaters the world ever knew, and at the present time have that brilliant performer of last year, Charles Gorman, to uphold and defend the honor and glory of his native city against the best that America and the rest of Canada can produce.

With the galaxy of stars who will compete at this meeting whom may be mentioned are Joe Moore, international champion for 1921, and Charles Jewtraw, American National champion for 1921, both of Lake Placid; Russell Wheeler, Canadian National champion; Roy McWhorter, of Chicago; Richard Donovan of St. Paul, Minn.; Jack Stowell, of Naperville, Ill.; Leslie Boyd, William Hearn, all of New York; E. Stevenson, of Toronto, and Harold Fortune, of Lake Placid—the latter the boy champion of America.

The program will cover all events from the 200 yards to the three mile. An eight lap track will be completed and in shape within the next few days and there will be space for at least ten thousand spectators, which anyone having knowledge of the enthusiasm to which the public of both sexes take to the skating game in New Brunswick will say is none too large. Already requests for reservations are coming in from Houlton, Woodstock, St. Stephen, Fredericton, N. B., and other points along the Canadian Pacific lines and east from Halifax to St. John.

The Y. M. C. I. have made a large move for clean sport by bringing the coming Canadian National Championships to St. John. But, weather conditions favorable, not only will they reap success but the success will have been so great that the writer predicts the International National Skating Championships will be held in St. John, N. B., within the next three years.

EAST END CLUB. The East End Boys' Club held their annual treat last night in the club room. It took the form of a hot supper and 120 boys did full justice to it. W. H. Haley, the president, and A. M. Belding entertained the boys with brief talks and an impromptu ring and trapeze entertainment was put on by the following boys, under the direction of their leader, Walter Evans: Leo McIntyre, Robert Cummings, Stanley McLaughlin, Matthew Garnett, Harry Johnston and Joseph Wall. Two musical comedies belonging to the club, Peter Barry, James Merlin and Peter Murray, gave some impromptu selections. This entertainment was put on to take the place left vacant by the failure of the boys from Wiggins' Orphanage to show up, due to the sickness of their leader.

Amongst the delighted visitors were J. H. Hamilton, of the South End Improvement League; Charles Stevens, of the North End Improvement League, with Mrs. and Miss Stevens, and Capt. A. J. Muleschay.

A. O. H. BRANCH INSTALS OFFICERS

The first public installation of officers for Division No. 1 for several years was held last night in the hall on Union street under the direction of John Stanton, county president. The following officers were installed: John Stanton, vice-president; W. J. Sullivan, secretary; W. H. Coates, financial secretary; Charles O'Neill, treasurer; John McElhinney, sergeant-at-arms; Thomas Griffin, sentinel.

Addresses were given by J. F. McAndrew, past county president, and the new officers, dealing with the work of the order, its flourishing condition and its aims for the year. A short musical programme was carried out. It was decided to hold a boxing exhibition here in the near future.

Division No. 1 of St. John has the oldest members in point of membership of any division in Canada. W. H. Coates, who for twenty-five years has been financial secretary of the division, has been a member of the division for thirty-five years. J. F. McAndrew has also been a member for thirty-five years. John C. Ferguson, the first provincial president of the A. O. H., has been a member for thirty-five years. John C. Ferguson, the first provincial president of the A. O. As the wedding guests passed out of the church, a bus of comment rose above the sound of the organ. Shock, but not a surprise, was the way the fashionable audience characterized Dr. John Timothy Stone's announcement. "Owing to the sudden indisposition of Miss Baker, the marriage is postponed."

Elaborate floral decorations were in the church. Eric Delamater was at the organ playing nuptial music, and at five minutes to the wedding was packed. Mr. and Mrs. Hamilton McCormick, the bridegroom's parents, entered and the bridegroom's relatives, and Mr. and Mrs. Cyrus McCormick, Jr., Harold McCormick and Miss Muriel McCormick.

Exactly at four the sextons rolled the white padded carpet down the main aisle, and the bridegroom, wearing a white tuxedo, stepped to the altar. The bride, wearing a white gown, followed. SENATE POWER SLOWLY MOVES TOWARD WEST

With Penrose Gone, Bossism in U. S. Congress Becomes Extinct and the East Loses Control. (Arthur Sears Henning in Toronto Globe.)

Washington, Jan. 6.—The passing of Boies Penrose marks the end of an era characterized by the domination of the senate by eastern senators, who were themselves the great political bosses. It directs attention to the rise of the west to commanding influence in congress, a process that has been in progress noticeably for a decade.

Penrose was the last of the eastern bosses who dominated the Republican party for a generation and shaped legislation in the senate. The group included such men as Aldrich of Rhode Island, Quay of Pennsylvania, Hale of Maine and Platt of New York, a quartette which ruled congress with an iron hand and dictated the high protective tariff and other legislation on which the industrial and financial interests of the east waxed fat.

Twilight of Bossism. Penrose succeeded Quay and rose to be grand marshal of the old guard in and out of the senate. But it was not long before the twilight of the bosses set in with the progressive revolution during the Roosevelt and Taft administrations, and Penrose found himself the sole survivor of the old oligarchy. While he lingered the figures of the eastern leaders faded from the picture and were replaced by western men.

With Penrose gone, there is not a man left in the senate who holds his state politically in the hollow of his hand. The only one of the eastern leaders left is Senator Lodge of Massachusetts, and he

WEDDING CALLED OFF WHILE FOLKS WAIT AT CHURCH

Chicago, Jan. 2.—While hundreds of Chicago society people sat huddled in the Fourth Presbyterian church waiting for the peaks of the wedding march and the appearance of Miss Mary Landon Baker, daughter of Mr. and Mrs. Alfred E. Baker, and Abster McCormick, son of Mr. and Mrs. Hamilton McCormick, the wedding was suddenly called off. Miss Baker failed to appear.

As the wedding guests passed out of the church, a bus of comment rose above the sound of the organ. Shock, but not a surprise, was the way the fashionable audience characterized Dr. John Timothy Stone's announcement. "Owing to the sudden indisposition of Miss Baker, the marriage is postponed."

Elaborate floral decorations were in the church. Eric Delamater was at the organ playing nuptial music, and at five minutes to the wedding was packed. They walked up to the front pew. At twenty minutes after four Dr. Stone, followed by Mrs. Robert M. Curtis, a sister of Miss Baker, entered accompanied by the bride's small party and her bridesmaids. They walked up to the front pew.

My daughter is of a very nervous temperament," said Mr. Baker later. "She became ill Sunday. Today she was ill, but she got up, got into her wedding dress and then collapsed. We had to call off the ceremony at the last minute. This is merely a postponement."

The announcement of Miss Baker's engagement to Allister McCormick, who served as an aviator during the war, was no surprise to her friends who knew the close friendship between the two families. But Miss Baker's persistent postponing of the wedding made it necessary last May for members of both families to deny rumors of a broken engagement.

Mr. Letic is giving his very best effort to have a sheet of ice that the visiting skaters will be well pleased with.

**CALENDARS.**  
 Appleby's grocery, corner of St. James and Charlotte, sends the Times an excellent 1922 calendar with an enchanting summer scene, "Wheatfield at Evening." From the Confederation Life Association of Canada has come a calendar bearing a striking picture of two Indians wearing "the first ship on Lake Erie." Wall & Stevens, Inc. of Boston, makers of printers' rollers, sent a useful wall calendar. A pretty calendar is that of Hazard Brothers, Sydney, and "Melody" is the title of the feature picture.

**PRESENTATION.**  
 A very pleasant evening was spent by the young people of St. Columba's Presbyterian church, Fairville, who met at the home of Mrs. Edward Duff, Main street, last night. Mrs. Duff, who takes a very active part in church affairs as a Sunday school teacher, leader of the Mission Band and member of other societies, was the recipient of a remembrance on behalf of the Sunday school class and Mission Circle by Allan Moore in a brief address. Mrs. Duff replied suitably, and then, with games and dancing, the evening passed all too quickly.

**DAVID C. FISHER.**  
 The death of David C. Fisher, a well known resident of the city, occurred at his home, 89 City Road, early this morning. He is survived by his mother, four sisters and two brothers. Mr. Fisher was a vestryman and church warden of St. Mary's church and had been a member of the choir for twenty years. He was also president of the men's Bible class of the church, a member of the Brotherhood of St. Andrew, and a member of Verner No. 1 Orange Lodge. He was employed as a car inspector on the Canadian National Railways and was president of the Carriers' Local Union. He had been a delegate to the annual convention in Toronto for the last three years. He was an ardent temperance worker, a trustee of Thorne Lodge, I. O. G. T., and an officer in the St. John district lodge, I. O. G. T. Mr. Fisher will be much missed in church, musical and lodge circles.

**ST. JOSEPH'S NOW MUCH IMPROVED**  
 School Building Repairs Near Completion After Damage by Fire.

John Flood & Sons, contractors on the repairing of St. Joseph's school, report that things are coming along very satisfactorily and they have practically no doubt that the school will be ready for the opening on Monday. A great number of improvements in the building have been made, especially in order to make it more fireproof and to give better light in the classrooms.

Hardwood floors have been laid in all the rooms in place of the old softwood ones. The window frames have been changed to wood with steel supports, while the old ones were of brick piers and did not admit as much light. New windows have been put in the back of the building. In addition to these improvements the color of the walls has been changed to a lighter combination, white and mahogany. The sheathing has been replaced by plaster in all the walls and partitions and the heating arrangements made much better. The heating work was done by G. and E. Blake. The fire escapes have been overhauled and in many ways the fire risk is greatly lessened. In the recreation hall the ceiling has been lowered to make the light better and the heating easier. The school board have replaced many of the slate black boards and the furniture, bringing everything in the building to a higher standard.

The contractors are given commendation for the way in which they have met the needs of the situation in doing a good, thorough job and getting it done at the earliest possible moment. The work was not started until November 14.

**PARRY FACES SERIOUS CHARGE**

**Alleged Attempt to Shoot J. I. Jacobson of Dock Street—Variety of Theft Cases in Police Court.**

William Parry, charged on information of Joseph I. Jacobson, with attempting to discharge a loaded revolver at him and thereby attempting to murder him, was remanded in the police court today until one of the principal witnesses can be brought to court.

He gave himself up to the police last night after they had been searching for him since Monday, when the information was sworn out. It is alleged that the accused entered Mr. Jacobson's shop in the Dock street on New Year's Eve and that the two men, Mr. Jacobson and the accused, went upstairs to see some goods and Parry is alleged to have pulled the trigger of a loaded revolver. The gun evidently missed the fire and Parry left the shop.

The preliminary hearing of the case against Charles Fullerton, charged with assaulting and robbing William Mullin, and with the theft of two mufflers from the store of Charles Magnusson, was finished this morning. Mr. Mullin testified that he operated a donkey engine on the C. G. M. M. boat, Canadian Aviator. He left the boat at about 8 o'clock on the evening of December 24 to purchase some articles uptown. He got a pair of boots in Magnusson's and was returning along Long Wharf to the ship when he was attacked from behind. He thought for help, bringing the police to the spot. He went with them and the accused to the police station and on the way discovered the loss of \$22, two twenty-dollar bills and two ones, which he had had in a pocket into which, he said, the accused had put his hand while they were fighting. He identified the accused as the man who had attacked him. On cross-examination he said he had been alone. He had not gone into a "blind pig" with the accused and some others.

Edward O'Toole said he had just left a friend and gone towards the head of Mill street when he met a man who sold him two magazines for \$2. Going a little farther he met some fellows from the "Mission" and with them went into a "blind pig" where they were treated by a man named Paterson. The complainant entered, he said, and bought some drinks. He walked down the street in front of them and said that he, Fullerton, was after his money. This started a fight which kept up till the police arrived.

The magistrate said there was sufficient evidence to send him up for trial.

The case for the prosecution in the preliminary hearing of Ernest Northrup, charged with the theft of clothes to the value of \$125 from the office of Murray Jarvis, was finished this morning but on application from W. M. Ryan, counsel for the accused, the magistrate postponed asking the statutory questions until Monday at 2 o'clock.

Deward Trimmer testified that he knew the defendant, and bought a suit of clothes from him on the evening of December 24, 1921, the witness' house, paying him \$5 for it. On December 31 he returned the suit to Harry Northrup, brother of the accused, receiving his money back. The defendant told him his employer had given the suit for Christmas.

Edward O'Toole, who was committed to trial yesterday on a charge of the theft of an overcoat, valued at \$30 from Max Lampert, was brought up again this morning to answer to a charge of the theft of a raincoat, also from Max Lampert, on December 8 or 9. He pleaded not guilty.

Max Lampert testified that he had hung the coat in question outside his store and it was stolen. He identified a garment produced in court as the one he had lost and placed its value at \$8.

Mrs. Maurice Lampert testified that she had been keeping her husband's second-hand store in Main street when the accused had entered and sold her the coat in court for \$1.50 signing his name as "Fred Allan." She could identify him by his face and by the clothes he wore.
