CLOSING DAY AT ROTHEsay BOYS' SCHOOL Ehd of 43rd Year in History of Institution

Ninety-Seven Pupils—Head Master Reviews the Year—Only One Change in Staff—Need of Expansion—The Prize Winners.

The Rothery Collegiate School closed this afternoon for the summer vacation. A large number of relatives and friends of the scholars and friends of the school headed the exercises.

Today marks the end of the 29th year of the school in its present situation on College Hill, dating from its foundation in 1877, the 43rd year of its history; a year which has not been uneventful but which has not been marked by very many outstanding features.

Head Master's Report. The closing of the school for the summer vacation is a time when the headmaster reviews the year's work and considers the need for expansion and the prize winners.

Londonderry Streets Barricaded; Shooting At Times In Volleys

Battle of Unionist and Nationalist Factions Kept Up Today—Details of Attack Made on Official in Dublin.

(Canadian Associated Press.) Londonderry, June 23.—There was no cessation today in the battle between the Unionist and Nationalist factions which has kept Londonderry in a terror state for some days past.

During the night the rival factions erected additional barricades from which they kept up a continuous fire. At times the shooting reached the intensity of volleys.

Londonderry, June 23.—Civil war continues in the streets over a wide area of the city last night, according to a Central News despatch. St. Columbkille's College, a Catholic institution, was attacked by rifle fire, and a Catholic named McKenna was shot dead in Bishop street, in which the college is located.

At nine-thirty o'clock this morning fighting was going on between opposing parties of Unionist and Nationalist, who were armed with rifles and shotguns. The number of boys in residence at one time was eighty-one. This last figure remained constant during the year, for as vacancies from time to time occurred, they were at once filled.

A new feature of the year was the extension of work for want of a better term, may be called the self-government system, whereby more duties and responsibilities were laid upon the school monitors. The results were most satisfactory and we hope to extend the system, so that as boys grow up in the school, whether they attain to the position of monitors or not, they will have the opportunity of assuming certain definite responsibilities in connection with the government and activities of the school.

As Hiram Sees It

"Well, sir," said Mr. Hiram Hiram to the Times reporter, "I had a real sociable talk with a feller that come to me yesterday lookin' for work."

"And you hired him?" queried the reporter. "No, sir," said Hiram. "I didn't even ask for a hour of his time."

"Then you didn't hire him?" "I didn't," said Hiram. "I'd give it to what you call a 'dog'."

"I didn't want to hire a dog," said Hiram. "I'd give it to what you call a 'dog'."

FINE WORK AT THE ART CLUB

Most Creditable Exhibition by Pupils Made Today—Prizes This Afternoon.

An exhibit of the work of the students of the St. John Art Club was opened at the school today. The work on exhibition is a revelation to one not conversant with what the Art Club is doing to promote and encourage art in St. John.

The exhibition is under the supervision of the curator, Mr. H. E. Woodley. All the mounting and placing of the pictures, etchings, and drawings, has been done by the club members.

The club this year offered prizes for the following designs—Honor roll, best drawing, best etching, best drawing for church, stained glass window for residence, colored lantern slides, letter heads, and posters.

The pictures and sketches at the Art Club are tastefully arranged and show the progress of the club members. The exhibition is a credit to the club and its members.

DOMINION HOME RULE BILL IN THE HOUSE OF LORDS

First Reading for Irish Measure Proposed by Lord Montague—Proceedings in Commons.

London, June 23.—(Canadian Associated Press)—In the House of Lords yesterday a bill proposing dominion home rule for Ireland was brought in by Lord Montague and read a first time.

The government accepted an amendment proposing that the Irish representation in the imperial parliament be forty-six instead of forty-two in order to include four representatives of the Irish universities in the interests of the minorities of South Ireland.

The government opposed an amendment suggesting that Irish representation at Westminster should cease on the Irish parliament achieving union.

Lord Robert Cecil declared his conviction that not a single member of the government held the slightest belief that the home rule bill would do anything whatever to solve the Irish question.

JUNE BRIDES

A wedding of much interest to a large circle of friends in this city and elsewhere took place this morning at 10 o'clock in the German street Baptist church when Miss Kate Josephine Doherty, daughter of Mr. and Mrs. George Doherty, 186 Carmarthen street, was united in marriage to Harry Hall Colwell, son of Mr. and Mrs. F. C. Colwell, 291 Gorman street. The ceremony was performed by Rev. S. P. Poole in the presence of immediate friends and relatives.

The bride, who was given away by her father, was attired in a traveling suit of navy blue with hat to match and carried a bouquet of deep pink columbine roses. The church was nicely trimmed with white lilacs and ferns.

The bride and groom were accompanied by the bride's father and the groom's father. The ceremony was performed by Rev. S. P. Poole in the presence of immediate friends and relatives.

RECENT DEATHS

Friends will be greatly shocked to learn of the death of James W. Brown, which suddenly occurred at his residence, 87 High Street, last evening. He had been a messenger for the Bank of British North America for some years, and had been working in the bank only a few hours previously to his being taken suddenly ill at his home. He was a well known resident of the North End, and a son of the late David Brown. He leaves to mourn, besides his wife, three sons and three daughters. The sons are John D., of Middleton (N. S.); James and George, at home, and the daughters are Mrs. Gertrude McIntosh, of this city, and Misses Helen and Dorothy, at home. George A. Brown, of St. John, is a brother, and Mrs. Emma Fairweather, Moncton, and Mrs. Alice Lingley, St. John, are sisters.

Elizabeth Elmore, daughter of the late William and Elizabeth Nixon, died suddenly yesterday afternoon at the home of her sister, Mrs. Agnes Rafferty, 228 Waterloo Street. Besides her sister, two brothers are left to mourn, Walter Nixon in this city, and Norman, of Boston. The funeral will leave the residence of her sister on Friday afternoon at 2.30.

John H. Sabine died recently at his home in Riverdale, N. S., after a long illness, at the age of sixty-six years. Besides his wife he leaves six sons, two daughters, one brother and one sister, Mrs. Annie Fullerton, West St. John.

Mrs. Esther Sprague died Sunday at her home in Hatfield's Point, after a long illness, at the age of seventy-four years. She leaves three daughters and two sons, including John, of St. John.

The death of Mrs. Daniel MacDonald took place suddenly yesterday at her home in Newcastle. Besides her husband she leaves her mother, one brother and three sisters.

William John Wilson, formerly of St. John, died in Cambridge (Mass.) on Saturday. He is survived by his wife, Mrs. Elizabeth Wilson.

The death is announced in Boston of Mrs. Elizabeth E. Wade, wife of Frederick A. Wade, formerly of St. John. Friends of Leonard B. Williams will regret to hear of his death which occurred at his home, Long Reach, on Sunday, June 20. Mr. Williams was thirty-six years of age and died following an operation for appendicitis. He was a son of the late James T. Williams and is survived by his wife, two young children, six brothers, Captain E. C. Williams, of Brown's Point; Hudson T. and G. M. Williams, of Boston; Rev. W. I. Williams, of Keswick, and C. B. and S. A. Williams, both of this city. The funeral was held yesterday from his

residence and interment was made in the Methodist cemetery. The funeral was largely attended and there was a wealth of floral tributes.

Death of P. H. Reed

(Frederick Gleason.) Word reached here yesterday that P. H. Reed, of Fort Fairfield, Me., one of the best known men in Aroostook county, had died suddenly on Saturday night following a paralytic stroke a few hours before his death.

The late Mr. Reed was best known in the maritime provinces through being the owner of the Reed stable which has been raced on the maritime circuit almost every year for a dozen or so years under the skilful guiding hand of Driver G. W. (Mont) Gerow. He had associated with him in the ownership of the stable his son, George W. Reed, who has occasionally done some of the driving and proven an ardent amateur reinsman.

Little Anna S., 2 1/2, and - Bravos 2 1/2, were the stars of the Reed stable last year and they, with five unmarked trotters and three pacers, the latter including an expensive Direct pacer imported a few weeks ago from Pennsylvania, made up this year's stable which was being fitted to open the campaign at Caribou, Me., with a schedule which brought them to the maritime and Maine circuit somewhat later in the season than usual.

Mr. Reed was one of those wealthy business men interested in horses whose presence as being identified with harness racing has meant a great deal in keeping up the sport. His whole career in racing was without blemish, and his passing is a sad blow to the sport, leaving as it does a vacancy which it will be difficult to fill. His son, George, will doubtless maintain the stable which was his father's pride, and it is believed that as would have been his father's wish, there will be little change made in the racing programme which had been mapped out for the horses.

SOME RESULTS OF PROHIBITION

(Moncton Transcript.) An interesting report on the economic effects of prohibition has been made by the commercial research division of the advertising department of the Curtis Publishing Company of Philadelphia. Statistics are given from cities like Boston and Pittsburgh showing decreases in arrests by one-half and a two-thirds marked decrease in alcohol consumption in major crimes. Enquiries made as to off-days in various industries show a large decrease in absence from work since prohibition. Another benefit claimed from prohibition is a very notable decrease in the number of industrial and railway and automobile accidents.

The report points out that following prohibition workers are buying better food and more household furniture than formerly. Buildings formerly used by the liquor business were converted to other purposes without any appreciable loss to property owners, and the men employed in the trade have been absorbed in other employments. The grape growers who feared ruin have found a bigger market at better prices than formerly, and even hop growing is said to have thrived under prohibition.

"SUN KISSED" MONOGRAMS LATEST FAD ON BEACH Atlantic City, N. J., June 23—"Sun kissed monograms" are mildly's newest fad here. The method is simple and the effect striking. A pair of plump shoulders, a few strips of designed court plaster and a penknife or pocket actors do the trick. The sun tans the exposed skin, leaving that under the strips white and gleaming when the plaster is removed. Such a monogram can be seen for long distances. And, of course, decorative skill need not be confined to monograms.

ENGAGEMENTS ANNOUNCED. Mr. and Mrs. T. M. Todd of the Narrows have announced the engagement of their daughter, Margaret M. Frank N. Robinson, the marriage to take place at an early date.

THE TREND OF THE TIMES

CANADIAN GROCER Alcohol Tax Is Confusing to Extract Men There is one line in the retail grocery that is really affected by the tax, and that is extracts, but to what extent, manufacturers are still at sea. For the purpose of getting more definite information on this subject, a deputation composed of extract manufacturers is going to Ottawa to interview Sir Henry Drayton. In one section of the Act it says the tax of \$2 per gallon, and in another place it says that extracts shall be taxed \$2.00 per gallon. Pure extracts contain a large percentage of alcohol. Manufacturers are therefore doubtful as to whether both these rates are to be applied. "Whether the \$2.00 per gallon on alcohol is paid when it is taken out of the extract, is a point that has to be cleared up," stated Frank Sheriff of the Imperial Extract Co. "The ruling now reads as though extracts have to bear a double tax."

Daily Telegraph LEMON EXTRACT. A patrol wagon load of lemon extract was confiscated last night by the liquor inspectors and taken to central police station. It was said that the extract was found in premises in Bay Street as the result of information given by a man arrested on a charge of being drunk.

SACKVILLE PAPER SELLING OF LEMON EXTRACT IS ILLEGAL. Law Applies to Wholesalers As Well As Retailers—Stuff Liable to Seizure As a result of evidence obtained during the progress of hearing on a charge for having liquor in possession in a place other than a private dwelling, a further information was laid against a local merchant for selling lemon extract. A recent decision of the Supreme Court holding that any extract of it at nature, was liquor within the meaning of Intoxicating Liquor Act. The merchant, pleaded guilty, and as the offence was a first and the merchant's previous record was clean, the court was of the opinion that it was not a certain violation of the Act to sell extract, the minimum fine was imposed, with the approval of Inspector Belliveau, who attended the hearing. The department, however, warns all other potential offenders that with the knowledge of the law, it is brought home to be so, so such leniency will hereafter be exercised; but persons selling these unlawful substances will be dealt with as severely as if they were disposing of "swampy moonshine." He is informed that the sale of this stuff, for drinking purposes, is very prevalent, and a department to put a stop to it. Purveyors of their shops who permit the mixing of lemon, grape or other alcohol extracts by their customers on their premises will likewise be given notice. It appears that the decision of the court above referred to, can be made to apply to wholesalers likewise, and the stuff liable to seizure. With this case to back up the authorities, it should be possible to immediately curtail the rapidly increasing amount of extract drinking.

BUSINESS REVIEW AND Maritime Retailer An interesting sign of the times is in making their plans for the putting up of having extracts. Canada Sales & Specialty Mills, Ltd., have in mind the production of a non-alcoholic like extract along with their regular high class line of bottle flavors. The difficulty in the control of the sale of lemon extract particularly has led many retailers to look for a product in which there is no element of danger and a tube extract without alcohol seems to meet that desire on the part of the cautious dealer.

EVENING TIMES Editorial "Up goes lemon extract," says a news item, if more of it went up and less down there would be less work for the police.

Evening Times SALES OF ESSENCES IS CONTROLLED IN B. C. Victoria, B. C., June 16—On the first of May the remaining four sections of the amendments to the British Columbia prohibition act, passed at the recent session of the legislature, went into effect. It is not possible to obtain a prescription for more than eight ounces of liquor now save and excepting under the special conditions set out in the amended statute. Sale of tinctures and essences are similarly regulated.

DAILY TELEGRAPH SAYS EXTRACTS WITH LITTLE FLAVOR BRING HIGH PRICE Inspector McInnis said that lemon extracts on the North Shore were paying \$2.00 for an eight-ounce bottle of lemon. It is alleged that some of the lemon in this area bottle will not flavor but is now used merely as a beverage.

DAILY TELEGRAPH PRICE OF EXTRACTS. The price of extracts has been fixed temporarily by local dealers at a twenty per cent advance on previous rates. This advance has been made to cover the new excise charges. It is thought that the final price will be five per cent higher but as yet no absolutely definite information as to the amount of the tax has been received.

EXCERPT FROM DECISION N. B. SUPREME COURT APPEAL DIVISION IN "THE KING VERSUS VROOM, ex parte Crawford" 2. INTOXICATING LIQUORS (I A 10)—NEW BRUNSWICK INTOXICATING LIQUOR ACT—SALE OF ESSENCES, TINCTURES AND EXTRACTS—PROVISIONS FOR There is nothing in the New Brunswick Intoxicating Liquor Act making an exception in the case of the sale of essences, extracts or tinctures which contain the quantity of alcohol which is prohibited by the Act.

CONFERENCE ON MILK SUPPLY

The representatives of the Kings County Milk & Cream Producers' Association, at a public meeting called by Mayor Schofield at the board of trade rooms yesterday afternoon, said that the only movement which could assure St. John of a full milk supply would be the operation of the Sussex train on railroad time. They told the mayor and commissioners that the situation was up to them and that they could have the service restored by saying the word.

After the meeting, and following a conference of the mayor and commissioners in city hall, the following telegram was sent by the mayor to F. P. Brady, general manager, at Moncton: "Will you restore the Sussex train to old time to meet the demands of milk producers, milk dealers and consumers, if requested by the city council? Wire reply."

If the reply should be in the affirmative it is expected the milk difficulty will be solved by the railroad officials placing the train back on the former schedule.

Mayor Schofield said yesterday that he had received no complaints from consumers, but would welcome any if children were suffering privations.

W. H. Huggard, secretary of the producers' association, said yesterday that the association or its members were in no way responsible for acts of vandalism and that they did not approve of them or encourage them. He had no sympathy with those who placed sawdust, kerosene or gasoline in milk cans or who held up a truck and spilled milk at Lakeside. Nearly all of the public institutions had a supply of milk yesterday, much of it being furnished by St. John county producers.

The Kings county producers yesterday rejected a proposition to send milk to the city on the Truro train each evening, instead of only on Saturday nights as has been the custom.

The meeting in the board of trade rooms was called to order by Mayor Schofield. H. E. Armstrong acted as secretary. There were fifty persons present, including fourteen city milk dealers, Secretary Huggard and a large delegation from the Kings County Milk and Cream Producers' Association. The suburbanites were not largely represented. Mayor Schofield in his opening address attempted to make his position and the position of the city in the matter clear. He outlined the situation from the time of his election. As a possible solution of the present difficulty he suggested two or three alternatives. The first one was to the effect that a milk car be placed on Train No. 17 (the Truro train due here about 10:40 p. m.) and milk handled in the evening at it on Saturday nights. The second suggestion was to have a very early suburban traffic train arrive at 7:45 daylight time. Some might take No. 9, arriving here at 7:08 daylight time, and the railway might be asked to run a suburban out of Hampton at 7:30 a. m. arriving here at 8:30 a. m. As a third proposition if neither of the others were suitable, the only way was to let the situation go on as it is until a supply of milk could be arranged for elsewhere.

Messrs. Frink and Dinger, Lakeside, took exception to a remark of the mayor's and the farmers stand appeared arbitrary. Mr. Riley then spoke in favor of putting the train back on its time. G. E. Wetmore of Renforth, who is a milk dealer, spoke as a suburbanite against changing the time. At this juncture the mayor read a letter from Fred Greene of Nauwigewusk protesting against a change in the Sussex train. Keith Barber of Ferryburn said the present arrangements suited him very well. J. H. DeLong, a producer, arose and asked that the train be put back. He drew a word picture of the farmer going in the dark through bog-holes to find his cattle. He declared he had shipped his last milk at an unreasonable hour, and inquired how farmers were going to keep their boys down on the farm and get them out of bed at that hour in the morning. Mr. McVey, an ice cream shipper, spoke in favor of having the time of the Sussex train changed back. W. H. Huggard of Norton re-

WITH THE WOMEN'S COUNCIL YESTERDAY

Three busy sessions of the convention of the National Council of Women were held yesterday.

In the afternoon Rev. W. D. Wilson, chief liquor inspector of the province, and Rev. Thomas Marshall addressed the meeting in the interests of the prohibition movement in New Brunswick and the National Council in a motion endorsed the movement, urging the women of the province to register their votes for prohibition.

A civic reception at the Manor House in the evening was a decided social success and was attended by many gentlemen as well as the delegates. His Worship Mayor Schofield and Mrs. Schofield received the guests, a programme of music was much enjoyed and a dinner was served. Special cars took the delegates from the city and were in readiness to bring them back when they returned.

At the afternoon session the action of the government in dealing with the drug problem was commended. Mrs. George Watt presented the treasurer's report, which was adopted, and the recommendation that the council aid fee from federated societies be increased from \$1 to \$2 was approved. The council's indebtedness was said to be \$2,077. Mrs. Murray presented the report of the committee on taxation and also read the report of the Ontario Civil Tax Association. A resolution protesting against the luxury tax and the sales tax as being unjust and falling on those least able to afford it was presented and lost. Another resolution suggesting that the government levy taxes on idle lands held for speculation was discussed at length.

Mr. O. C. Edwards read the report of the committee for laws for the betterment of the condition of women and children. Dr. Ritchie England, Dr. Margaret Parsons and Mrs. Bryce Stewart were authorized to take up with the senate matters pertaining to the laws regarding bigamy.

The civic reception at the Manor House was a brilliant gathering. About 200 guests were present and were received by Mayor Schofield and Mrs. Schofield, Mrs. Sanford and Mrs. E. Atherton Smith. A delightful programme of music was rendered by the orchestra of the Misses Lynch and Hogan and a most pleasant social evening was enjoyed. The house was beautifully decorated. In each of the three rooms where the refreshments were served purple and yellow irises decorated the tables and tree honeyuckle ornamented the mantels and fire places. White and purple lilacs made the halls a tower of flowers. Presiding over the serving of the refreshments were Mrs. Harold Schofield, Mrs. Leonard Tulley, Mrs. J. H. Frink, Mrs. C. B. Allen, Mrs. Fred Schofield and Mrs. Rowland Frith. The waitresses were some of the younger girls among them Miss Katherine Skelton, Miss Leslie Skinner, Miss Jean Schofield, Miss Elisabeth MacLaren, Miss Isabel Jack, Miss Jean Brankley, Miss Mary Armstrong and Miss Jean Foster. Among those present were Premier and Mrs. Foster, Commissioner and Mrs. Thornton, Commissioner and Mrs. J. H. Frink, Mr. and Mrs. A. C. D. Wilson, Mr. and Mrs. W. Edmond Raymond, Mrs. D. P. Chisholm, Mr. and Mrs. S. E. Eskin, Mr. and Mrs. Fred Schofield, Mrs. David McEllan, Miss Grace Leavitt, Mrs. Richard Hooper, Mrs. H. B. Robinson, Mrs. J. H. Doody, Mrs. Walter Hall, Mrs. James McAvity, Mrs. William McAvity, Mrs. Thomas McCauley, Mrs. Russ, Mrs. F. E. Williams, Mrs. Crosby, Miss Anne Puddington and the members of the National Council.

HERE'S WHAT TO WEAR

IN ORDER TO BE STYLISH

New York, June 22—To be the well dressed man today, if you're going in for out-of-door clothes, you must wear green hose with yellow clacks, an orange shirt, a henna scarf and carry a purple handkerchief. Said handkerchief is such a gorgeous affair you feel you ought to pin it on with a safety pin to avoid loss. These were the styles shown at the National Association of Merchant Tailors convention. They still call a shirt a shirt, but the name is about all that is left of that particular garment as it was formerly known. Today it is a dream, a creation, anything but an old time shirt. When the bill comes it is a nightmare.

Rev. Dr. Forrest Dead.

Halifax, N.S., June 22—Rev. Dr. John Forrest, former president of Dalhousie University and a former moderator of the Presbyterian general assembly, died at his home in this city at 1 o'clock this morning. He was seventy-eight years of age and had been ill only a short time.

SWIMS OUT TO SEA TO DIE

London, Eng., June 22—William John Bray committed suicide off Jersey by swimming out to sea to die. He was walking along the beach with a friend. He dropped back and his friend, looking for him saw him swimming. He called to him but Bray answered: "I am going home, good-bye."

OWNS 64 PAPERS.

Amsterdam, Holland, June 22—A Dusseldorf message says that Herr Giesberts, German minister of posts, declared at a meeting of the Catholic League, that the well known industrialist, Herr Hugo Stinnes, who recently purchased the Deutsche Allgemeine Zeitung, has now become the proprietor of sixty-four German papers. He also purchased six factories in order to keep his papers supplied with print paper.

JAZZ NEAR END OF ROPE?

New York, June 22—Jazz is rapidly losing favor with the public and is approaching the termination of its regime, according to music publishers and other critics. Publishers say that there is a constant decrease in the demand for jazz music. The public wants real melody instead of the bombast tunes and syncopational discord of jazz music.

Cadet and Mrs. J. A. Goodwin arrived in St. John yesterday from Halifax having come from England on the Coronis. They have been appointed to the charge of No. 2 Corps, Main street. Cadet Goodwin is a veteran of the great war, having served at Gallipoli.

THE MATTER OF AID TO SOLDIER FISHERMEN

Effort of Col. C. W. Peck, V. C., and O. Turgeon to Have Pensions Report Amended - T. W. Caldwell Takes Part.

SOFT COAL IN MONTREAL SCARCE

Industry Affected and Government May Be Called on for Aid.

(Special to Times.) Ottawa, June 23.-O. Turgeon of Gloucester, N. B., put up a fight in the cabinet yesterday afternoon to have parliament grant loans to returned soldier fishermen, as well as to veterans who took to fishing.

Mr. Turgeon was the second to rise from his constituency and of that number 850 were from the sea and farm. Then there were 400 more who failed to pass the medical examinations when they volunteered.

As to assistance, he said a small amount was all that was necessary, probably \$1,500 or \$1,600 for a period of ten years.

Mr. Caldwell, Victoria and Carleton, N. B., said that the decision not to assist fishermen had been made by a small majority in the committee. He believed that fishermen should be given assistance but he felt it would be useless to refer the report back to the committee.

Industry Affected and Government May Be Called on for Aid.

(Special to Times.) Ottawa, June 23.-Difficulty in getting soft coal is affecting business generally here that it is expected representations will soon be made to the government for aid.

Officials of the Canadian Cement Company said yesterday that two mills had been shut down for this cause and this had affected their production fifty per cent.

Mr. Turgeon said he had sent out circulars to the effect that in view of the shortage only about fifty per cent of the amount ordered can be guaranteed delivered.

IN PARLIAMENT

(Canadian Press.)
Ottawa, June 23—Yesterday in the House of Commons the report of the special committee on pensions was adopted. An amendment that assistance be given to fishermen as well as to farmers was withdrawn after discussion. Sir Herbert Ames outlined the work of the League of Nations. The government proposal to assist shipbuilding discussed.
In the Senate the report of a committee on cost of a proposed carillon for the new parliament buildings was adopted. That was the view carried on amendment to the post office act regarding mail matter and newspaper transmission charges. Second reading was given to the commercial feeding stuffs regulation and sale act.
After the Unionist caucus yesterday it was reported that the members approved the government's shipbuilding policy and legislation extending the life of the wheat board. There was no reference to the naval policy. It was said that Sir Robert Borden gave another non-committal answer to increased indemnity. That was the view carried away by several of the members, but others interpreted his answer to be an adverse one.
Ottawa has an impression that Hon. N. W. Rowell will leave the cabinet early long and that re-organization would bring on a general election.

ATLANTIC SUGAR SALES MOUNT UP

Expected that Record for Last Year Will Reach \$80,000,000—Paying Arrears.
(Cor. Financial Post.)
Montreal—The directors of Atlantic Sugar Refineries made further progress this week in liquidating the arrears of dividends on the preferred stock of the company when a declaration of 8 1/2 per cent was made, covering 1 1/4 per cent on the current account, and an equal amount for arrears. This is the third payment made in this way, and reduces the amount of these arrears from \$5 to 29.4 per cent, or a little over four years. The company's dividends began to be cumulative on July 1, 1914, and by July 1, 1919, there was owing five years of arrears but at that time current dividends began to be paid.
While this action of this week indicated progress there was some disappointment to the shareholders who had looked for a larger amount to be paid off, and there was some reaction in the price of the common stock afterwards.
After the rush upwards of some 30 points the week has seen a sharp reaction of over ten points, and a recovery of only a portion of this loss.
The annual meeting, it is understood, will be held on June 25, and the annual report is likely to show some \$80,000,000 in sales, far more than double the total for 1919.

IN HOUSE OF LORDS

London, June 23, (Canadian Associated Press)—In the House of Lords yesterday third reading was given to the nutritional causes bill and it was carried. The official secrets bill was read a second time.

Extra Fine in Mileage

A Maxwell car weighs 2130 pounds. It is made of the finest materials that may be obtained.

You cannot find in any car a better crankshaft, better bearings, better axles or better gears.

Neither science nor money can produce them better.

Do you know why such fine materials are used in a car like Maxwell?

We had to. Keeping its weight down and yet maintaining strength mean the use of only those extra fine steels and metals.

News Notes About
Prominent Baptists
(Maritime Baptists)
Dr. Bowley Green, pastor of the First church, Moncton, will be the supply preacher at the Bloor street church, Montreal, during August, during the absence of the pastor.
A correspondent writes from Wolfville that on the Sunday previous he had worshiped with the church at Greenup and had greatly enjoyed the Gospel message preached by Pastor Bennett.
Rev. G. C. Wallace and wife sailed from Montreal last week for a visit to England. He will return in time to resume his pastoral work with the Westmount church early in August.
The Waterloo street church, St. John, is set to work with much satisfaction under the leadership of its new pastor, Lic. L. E. Gray.
Rev. J. D. MacLeod, a Nova Scotian who is studying in Rochester Theological Seminary, was chosen to give the Memorial Day address at the Rural cemetery, Lyons, N. Y. Mr. MacLeod, before going to Rochester, was pastor of the church at Canis.
Rev. A. K. Herman, pastor of the church at Summerside, is evidently a believer in young people's work and is giving much time and strength to that department.
A baptismal service of more than usual interest was held at the German street church last Sunday, when Pastor Poole administered the ordinance to T. H. Estabrooks. This new recruit in the army of God has long been prominent in business and in every movement for the welfare of the city and province.
He has also been for many years deeply and intelligently interested in the work of the church and of the denomination. This public profession of his faith in Christ and his open enrollment among the forces of our King will bring keen satisfaction to all who have come to know his deep and sincere interest in the things of the soul.
Our felicitations and best wishes are extended to Mrs. Alice Shaw, Chipman, who on June 21, celebrated her eighty-eighth birthday at her home in Berwick.
The pleasure of the day for her was greatly enhanced by the presence of her two sons, A. H. Chipman, of Hampton, N. B., and Chaloner Chipman, of Colorado. As the first principle of Acadia Seminary and later as a pastor's wife, Mrs. Chipman contributed much of lasting worth to the life of the denomination. And we would not forget who the literary gifts which she has laid under tribute for the work of the Master.
Rev. E. P. Calder has resigned the pastorate of the West port church and closed his work there on June 5. We have suspicion that Prince Edward Island Baptists are hoping for his return to some church in that Association.

THEY WILL BOOST AMATEUR SPORT

Athletic Association of Commercial Club Formed—Out for Field and Aquatic Sports.

The athletic team of the Commercial Club is now the Athletic Association of the Commercial Club. The change was made last evening at a meeting of the team in the rooms in Prince William street, after having been sanctioned by the executive of the Commercial Club. The following officers were elected: President, F. Coombes; vice-president, K. J. MacIver; secretary-treasurer, Dr. Stanley Bridges; executive members, Frank White, A. W. Covey, F. DeForest, A. M. Belding, A. C. Skelton and H. R. McEllan.

The secretary was authorized to affiliate with the A. A. U. of C. It was also decided to conduct field sports in July, August and September. A. W. Covey was appointed chairman of a committee of five to conduct these sports, and Frank White chairman of the committee on aquatics. The aquatic sports will consist of four-oared and single races. It is hoped to have competition from Halifax, and special committees will be appointed to look after their welfare and comfort while in the city. It is also hoped to send St. John oarsmen to Halifax. As a beginning of the new order of things every member of the Commercial Club will be asked to boost the sports to be held this week by the Playground Association. It is hoped the Rockwood Park grounds may be ready for a great field day early in September under the auspices of the new association. It will give every encouragement to the different Improvement Leagues to develop the athletic talent in the different portions of the city.

CHARGE CHASE IN THE MUNRO THEFTS

He and Rogers Committed for Trial on the Magnusson Charge.

In the police court this morning a case against James Rogers and Murray Chase, on suspicion of breaking and entering the store of Charles Magnusson and stealing goods, was resumed. At a former hearing Rogers pleaded guilty, but Chase denied the charge. William Beatty, a clerk in the store, Policeman Duffy and Detective Biddecombe gave evidence. Both prisoners were sent up for trial. Chase was also charged on suspicion of breaking and entering and stealing goods from the drug store of F. W. Munro, Main street, and on this was remanded.

Mrs. Annie E. Stevens pleaded guilty to a charge against her. She was remanded.

Robert Currie was charged in a case in which a twelve year old girl was named. It was a hearing behind closed doors. One man charged with drunkenness pleaded guilty and was remanded to jail.

CLEAR THE WAY FOR BRITISH TEACHERS HERE

Resolution of National Council of Women Today

Discussion on Remedy for High Cost of Living—Daylight Saving Time Question Also Brought Up.

At this morning's session of the National Council of Women Mrs. Hamilton reported on the question of admitting British teachers to teach in Canada and moved a resolution, seconded by Mrs. Murray, as follows:

Whereas, there is a great scarcity of trained teachers in all the provinces of Canada; and

Whereas, trained and experienced British teachers are debarred from teaching in many of the public schools of Canada unless they pass an examination or take a further course of training in Canada; and

Whereas, under existing regulations the certificates obtainable by Canadian teachers do not qualify them to teach in every province of the Dominion, be it resolved, that the National Council of Women of Canada do urge the National Council of Education for Canada to take immediate steps to establish a Dominion certificate which will enable the holder to teach anywhere in the Dominion of Canada, certificates and diplomas already held to be accepted pro tanto, so far as the training and standard of the examination taken to obtain them are equivalent to the requirements for the Dominion.

It was strongly recommended that the requirements for this certificate should be a theoretical knowledge of all matters pertaining to Canadian education and citizenship.

Miss Jessie Lawson, St. John, explained that this would put the British teachers on the same footing. The resolution was carried.

Mrs. Hamilton also read the report of the committee on economics, which stated that the action had been taken with regard to the high prices of food and clothing. The committee recommended that the national government should petition the Dominion government to provide for the appointment of one commissioner in each province, under the authority of a federal commissioner, whose duty it shall be to co-operate on the matter of prices with the understanding that none of the necessities of life shall be exported till the needs of the Canadian people are provided for.

This was moved by Mrs. McIvor, who delivered a very interesting address on the matter. She first paid a tribute to a pamphlet prepared by W. Frank Hatheway on the question of labor and prices. She said Australia has passed high price legislation. They had a commissioner for every state who ascertained the quantities and costs and later assisted to fix the prices. The result is that prices have gone up only twenty-eight per cent as compared with more than 100 here. What is required is legislation and she suggested the issuing of development bonds.

The banks are bursting with money," she said, "and the people of the country should be allowed to become shareholders of the country's development."

Mrs. Adam Shortt of Ottawa said that the board of commerce was still in existence and the formation of a substitute body would be expensive proceeding. She said the reason Australia's prices were lower than ours was due to the fact that during the war the marine menace prevented the export of products. Hence that country was able to secure a great quantity of home products while Canada was called upon to assist in feeding the empire.

Mrs. A. M. Murray said that the resolution proposed a system of boycott and there was a possibility of reprisals, including the export of hard coal from the United States.

After further discussion the resolution was lost, 27 to 22.

The committee further recommended that the council strongly urge that the school curriculum include home economics rather than domestic science alone as at present taught.

Miss Carrie Carmichael, New Glasgow, suggested that in view of the confusion resulting upon the adoption of daylight time the council should ask the government to pronounce on the matter. She referred to the matter of the mail situation in St. John as a result of this confusion. It was decided to leave the matter to the business.

In connection with the report of the committee on laws for the better protection of women and children, Mrs. Muir Edwards recommended that women be appointed to juries in all cases where women are concerned; that legislation be enacted giving the same rights to homestead to women as to men; that adultery be made a crime; that extension of the indeterminate sentence be made to all convictions for sexual offences under the criminal code; that the age of juvenility be raised to eighteen years and that each local council consider a remedy for the evil of men and women living together in irregular unions. All carried.

In this connection Mrs. Hamilton moved that the council urge the appointment of women inspectors in institutions where women are confined. The matter was carried unanimously.

SAYS SHE KNOWS NOTHING ABOUT KILLING OF ELWELL IN NEW YORK

Minneapolis, Minn., June 23—Miss Elly Hope Anderson, 22, a singer of this city, declared yesterday that she was the hitherto unidentified guest of Victor Von Schlegel, a New York business man, mentioned in connection with the death of J. B. Elwell in New York. "The encounter of Mr. Von Schlegel and myself with Mr. Elwell was wholly accidental," she said. She declared she knew "absolutely nothing that could throw any light" on Elwell's slaying.

MONTREAL CHILDREN WHO DO NOT GO TO SCHOOL

Montreal, June 23—About 25,000 children, between 5 and 18 failed to attend any schools here within the year, says a report on the school census submitted to the Montreal Catholic School Commission. The number of children of school age is given at 106,385. After the age of 13 it says the attendance drops heavily. The Protestant school commission is also taking a census.

She Can't Find a Maid --But She Doesn't Care

She has tried to secure one, and asked her friends—and still no maid! The few who are willing to come for what she can pay are not competent, and the competent ones want almost as much as her husband is making.

BUT SHE KEEPS ON ENTERTAINING!

She is very fond of inviting a few friends in for afternoon tea, and she is not going to let the mere absence of a maid prevent her, now. She has her tea parties just the same.

YOU SEE SHE OWNS A TEA WAGON

She simply prepares her tea in the kitchen and wheels it into the sitting room herself. There is no awkwardness about the serving. Everything is there, and when tea is over the dishes can be removed all at once.

We can show you a splendid line of tea wagons just at present.
