Strike Fever Now Has
Taken Hold of London

Critical Time For Industry in Metropolis

"TUBE" TRAFFIC TIED UP

Situation Continues Serious in Scotland but There is Counter-move in Glasgow—Joseph Devlin Speaks of Government Refusal to Interfere

London, Feb. 2.—(By the Associated Press)—The strike fever, which has become epidemic in the United Kingdom, spread to London today and the pressure was felt in the metropolis. There have been a few cases of strikes in the city during the last few weeks, such as the strike of the Thames side ship-repairers and that of barbers, but the seriousness of this situation was not brought directly home to Londoners until this morning when they found the entrances to the principal tube stations closed to them owing to the midnight decision of the employees not to move trains today until a half hour suspension interval were allowed them in their new eight hour day.

The principal tubes affected are the Central London, which carries public traffic west and east, and brings many of the city workers to their business; the Central tube, north and south; the City and South London, which connects with the chief railway stations and Piccadilly and the Brompton semi-circular system, which carries thousands of travellers daily.

The electric system of the London, Brighton and South Coast Railway, which serves many of the important suburbs, was also partly stopped, while other railroads with similar services were threatened with stoppage.

Fortunately the buses and the street cars were still running this morning, but for some time these means of conveyance have been unable to cope with the ordinary traffic, because of the shortage of buses, street cars and men to operate them. Thousands of people today had to make their way to their work as they best could over the slippery sidewalks.

Counter Move in Glasgow
London, Feb. 2.—A large meeting, called by the Clyde side workers opposed to the present strike, was held in the Glasgow district of Glasgow yesterday. Councillor Wardley, a Labor leader, presided. There were interruptions and interjections during the meeting, but finally the following resolutions were passed:

"We trade unionists and citizens of Glasgow condemn wholeheartedly the undemocratic and unconstitutional methods which force us to take part in the strike. We pledge ourselves to support the representatives of the trades unions in this country and to use our influence to maintain law and order."

A movement also has been started in Glasgow to form a patriotic workers' league on the City side, the object being to take control of the trades unions out of the hands of the extremists and to appoint shop stewards to work in harmony with the official union leaders. A big demonstration is to be held on Tuesday to discuss the matter. More troops have arrived in Glasgow, where it is now said there are 10,000 soldiers still mounted on the roofs of the buildings surrounding George square. The military display is provoking great resentment among the strikers there.

Seven Strikes
London, Feb. 3.—Another strike that will bring home to Londoners a serious situation is that threatened by the workers in the large hotels, who will hold a meeting tonight to decide whether after dinner tonight they shall strike to demand shorter hours, better wages and other conditions.

The next stoppage on the programme is that of the engineers who expect to go on strike Thursday for a forty-hour week. A similar demand is engaging the attention of twenty-four trades unions. Other days Belfast has been using railway clerks, are withholding a strike until the cabinet is able to consider their grievance.

The cabinet has the strike situation always in mind, but the fact that Premier Lloyd George remains in Paris, lends to the conclusion in many quarters that the cabinet members do not consider the situation as serious as it looks on its face.

Seven thousand miners in the Amman Valley, Carmarthenshire, Wales, struck today in sympathy with the workers in a neighboring district who had been asked for taking time off to attend the funeral of a fellow miner.

London, Feb. 3.—The presence of large bodies of troops in Glasgow is believed to insure a continuance of the present state of order there, but at Belfast the second week of the strike begins, according to reports received here, with increased uneasiness, although there are no signs of any disposition on the part of the men to resort to further violence.

For eight days Belfast has been using gas for lighting at night and most of the public services have been at a complete standstill. The curtailment of the fuel supply is causing considerable suffering and an indefinite prolongation of these conditions is considered impossible.

THEIR SHIP WAS
BURNED AT SEA

Crew of the Mary Lyde Brought Here on the Grampian—News of Soldiers—K. C. Hut Activities

The C. P. O. S. liner Grampian, which arrived in port yesterday with some 1,200 troops, brought six members of the crew of the ill-fated Mary Lyde, which was burned at sea in December off the Brazilian coast. The vessel was a two-topmaster and had a cargo of tobacco. Late in December fire broke out in the forward part of the ship and the captain vainly endeavored to make the coast, which was 150 miles off. The fire, got beyond control and forced the captain and crew to take to the boats. They drifted about for thirty-six hours before they were picked up by the S. S. Alfa Para, a Brazilian coaster. Later they took passage for England and got passage on the Grampian. The vessel was owned by B. Johnson of St. John's.

Obie Withers, brother of George E. Withers of the post office staff, returned from the war yesterday on the steamer Grampian. He is now with his sister, Mrs. Irvine in East St. John. Lance Corporal Withers was fifteen months in the trenches after which he was invalided to England. However he saw a lot of hard fighting and had many narrow escapes. His brother, Samuel Withers, is still in England in a convalescing hospital. A nephew of both these soldiers son of George E. Withers, namely Percy Withers, is still carrying on being with the British army of occupation. He is expected back soon. It was Fred Withers, brother of the men first mentioned, who fell in the Somme in France, under the name Withers in this community spells prompt service to the flag and unerring sacrifice.

Pte. Obie Withers paid a visit to old friends in the Times composing room this morning. All the boys gave him a hearty welcome. The returned soldier was employed some years ago in the Telegraph and Times job department.

Among the arrivals on the Grampian yesterday was Pte. R. H. Boucher of the United States. A native of Calvin, N. D., he went north to Winnipeg soon after the outbreak of the war. There he donned khaki. Soon after his arrival in France the authorities learned that he was considerably under age and he was ordered sent home. However, he was permitted to remain in London in a clerical capacity and for the last three years he has been actively identified in the work of the Catholic Army Huts, being lately stationed at Buxton, where C. A. H. had a very flourishing and popular institution open to men of all classes and creeds, and all these but are permitted to remain in London.

C. A. H. had a very flourishing and popular institution open to men of all classes and creeds, and all these but are permitted to remain in London. Father Daniel was in charge of the hut. Pte. Boucher, who is but eighteen years old, expressed himself as much pleased to see the King of C. Army Hut badge so much in evidence at the West St. John docks and said that the work which the order was doing both in Canada and overseas was filling a needed want.

More than 1,000 packages of cigarettes, the same quantity of chocolate in bars, also sandwiches and about 1,500 cups of coffee were distributed free to the men who landed from the Grampian at Sand Point yesterday by the Knights of Columbus Army Hut workers. Nothing was for sale at the Knights' booths to the men in khaki; it was free for the taking.

PRESENT A SINGLE
FINANCIAL FRONT

Italian Minister Crispi Makes Proposals to the Entente Representatives

Paris, Feb. 2.—(By the Associated Press)—A universal tax, the proceeds of which would be put into a common fund along with the indemnities Germany should be made to pay, is proposed by Senator Crispi of the Italian delegation to the peace conference, in a proposition he has made for the establishment of a "single financial front" for the Allies. The tax would furnish interest on that portion of the debts of the Allies which Germany has not paid and provide a means for final settlement by cancelling the debts.

Senator Crispi, who said his proposal had been well received by Allied ministers, declared that his great point was that the Central Empires as a whole must be forced to compensate the Allies for the war damages they had suffered. Responsibility was collective, he said, and all the enemy states would have to pay in proportion to their wealth.

"On the other hand, all the Allies have suffered immense losses and they must all benefit from the indemnities which the enemy is to pay. Each one should receive in proportion to the effort it has made. Thus, smaller states that have spent more than larger ones in comparison to their wealth ought to receive larger indemnities in proportion. Absolute fairness ought to be preserved in the division of indemnities."

Allies at Adrianople
Saloniki, Feb. 1.—Detachments of Allied troops have arrived at Adrianople and put an end to Turkish terrorism of the inhabitants which had been in progress during the war.

DOHERTY GIVES
INTERVIEW ON
HIS PROPOSAL

International People's House of Representatives

CANADA'S JUSTICE MEMBER

Make World Safe for Democracy by Entrusting Share in Future Guardianship of Safety to Body Representative of World's Democracy

Paris, Feb. 2.—(By the Associated Press)—Charles J. Doherty, Canadian minister of justice, who has proposed to the peace conference that a people's house of representatives be established, said today in discussing the matter: "Prevention of war is not the concern of governmental power alone. It is in the interest of humanity itself. A sovereign state is not organized with a view to exerting any restraining influence over its own action toward other states. If war is to be prevented, or its likelihood diminished, success can be attained only by the existence somewhere, if not power that will control, at least an influence which will restrain the absolute sovereignty of organized states in dealings with each other."

"When is that power or influence to be derived if not from the people inhabiting the different states, whose every interest demands the suppression of war? The weak point in all plans so far discussed is that the action of states is to be controlled, restrained or influenced in conferences of these states themselves, to the exclusion of other peoples who are to be affected by the decisions reached. It must be remembered that it is not merely the peoples of states immediately concerned who are affected by war, but all mankind."

(Continued on page 7, sixth column)

FOGH TO TELL
PLAIN
STORY ABOUT IT ALL

Paris, Feb. 2.—"This is all politics, and I am not a politician," Marshal Foch declared to Paris newspaper correspondents concerning his views on a statement made in the chamber of deputies on Friday night by Premier Viviani that the French army then under command of Marshal Foch should be withdrawn on July 30, 1914, eight to ten kilometers from the frontier in order that the French government might demonstrate that its attitude was not hostile. The Maréchal calls the discussion concerning the French staff when making the iron basis of the Brie, the "Brie enigma."

Marshal Foch said he had carried out his duties fully under all circumstances and that he is drawing up a plain historical statement of what had been done under his direction which would contain the truth as established by documents.

General Lanreux, who commanded the French Fifth army at the outbreak of the war, told the Petit Journal that the evacuation of the Brie region had never been decided upon in advance and that want of material means alone prevented the French staff when making the basin untenable for the enemy.

It was agreed that there should be an amendment to the charter to make the maximum age for a city commissioner to run for the office of mayor while still retaining his commissionship.

In answer to an inquiry by Mr. Thornton, the mayor suggested that an amendment might be provided to permit the swearing in of newly elected commissioners in case the remaining members did not constitute a quorum.

Mr. Fisher suggested that stronger protection was needed against impersonation.

Mr. Thornton spoke strongly in favor of uniformity in ballots for all elections. He suggested that the names of the candidates should be given in the order in which they would appear on the ballot. He also said that the pay for election officials was too low and the hours the polls remained open were too long.

It was agreed that six o'clock should be late enough for a closing hour. The committee decided to take up all questions relating to the charter provisions on Friday morning, when the city solicitor would be asked to be present. Prince William Street matter

Reporting on his paving programme for Prince William street, Mr. Fisher said that the sidewalk on the western side of the street, to the south of the customs house slanted so much that there was a drop of two feet from one side to the other. He suggested that this should be remedied and that this could be done by closing "Murder Hill" to vehicular traffic, carrying the sidewalk to the level of the lower window curbs and providing steps for access to Water street.

To secure a proper grade, it would be necessary for the customs house to raise the level of the lower window curbs and their coal openings. Members of the council will inspect the situation and the city solicitor will be consulted before action is taken.

The committee adjourned.

CHANGES IN THE CITY
CHARTER SUGGESTED

Close Polls at Six O'Clock; More Pay for Officials; No Commissioner to Run for Mayor While Retaining Commissionship

Several changes in the city charter and the legislation affecting the franchise were considered at a meeting of the council in committee this morning. Among the suggestions made were provision for closing the polls at six o'clock, increased pay for election officials, prevention of impersonation and amendments to the provisions of the charter for making the provisions of the charter and the assessment act uniform with regard to the minimum income on which the franchise is granted. Further consideration will be given on Friday morning.

The city is getting nearer to the adoption of a new charter, but the council in committee this morning, after a discussion of the charter, decided to postpone the matter until the next meeting. The mayor presided at the meeting and Commissioner Bullock, Fisher, Jones and Thornton were present.

The annual reports of the chief of the fire department and the superintendent of streets were recommended to the council.

The committee decided to invite the electrical contractors of the city to confer with them on the proposed regulations regarding provisions of the charter of a proposed by-law governing electrical installations and equipment. Mr. Thornton said that the city engineer was much hampered in his work by the lack of legislation which would give him authority to carry out necessary reforms as urged by the public.

The commissioner of safety was authorized to increase the pay of permanent firemen by \$3 a month effective from Jan. 1. Mention was made of a bill which labor trouble and the mayor announced that he had endeavored, these weeks ago, to bring the ordinance into effect, but without success. The situation was a delicate one and he had done all that he considered possible, but was sure there were many things which anything further he could do.

Other commissioners expressed their willingness to co-operate but no definite suggestions were made.

Mr. Bullock presented an offer of \$300 for a city lot, No. 13, in Protection street, West End, from Mrs. Elizabeth Alder, who now has a lease of the lot at \$15 a year. Mr. Bullock saw no reason why the lot should not be sold, as the C. P. R. already had been given an opportunity to purchase it. Mr. Fisher thought the matter should be given further consideration and it was laid over.

The common clerk said that there was a conflict between the franchise provisions of the city charter and the new assessment act. The former extended the franchise to all electors who were assessed on income of \$200 a year or more, while the latter placed the minimum at \$150. On account of the more generous exemption privileges of the new law, many men might lose their votes. He was asked to take this up with the city solicitor with a view to having the necessary legislation prepared.

There was some discussion of the proposed exemption for returned soldiers and the imposition of a poll tax, but this question was laid over for further consideration.

It was agreed that there should be an amendment to the charter to make the maximum age for a city commissioner to run for the office of mayor while still retaining his commissionship.

In answer to an inquiry by Mr. Thornton, the mayor suggested that an amendment might be provided to permit the swearing in of newly elected commissioners in case the remaining members did not constitute a quorum.

Mr. Fisher suggested that stronger protection was needed against impersonation.

Mr. Thornton spoke strongly in favor of uniformity in ballots for all elections. He suggested that the names of the candidates should be given in the order in which they would appear on the ballot. He also said that the pay for election officials was too low and the hours the polls remained open were too long.

It was agreed that six o'clock should be late enough for a closing hour. The committee decided to take up all questions relating to the charter provisions on Friday morning, when the city solicitor would be asked to be present. Prince William Street matter

Reporting on his paving programme for Prince William street, Mr. Fisher said that the sidewalk on the western side of the street, to the south of the customs house slanted so much that there was a drop of two feet from one side to the other. He suggested that this should be remedied and that this could be done by closing "Murder Hill" to vehicular traffic, carrying the sidewalk to the level of the lower window curbs and providing steps for access to Water street.

To secure a proper grade, it would be necessary for the customs house to raise the level of the lower window curbs and their coal openings. Members of the council will inspect the situation and the city solicitor will be consulted before action is taken.

The committee adjourned.

Argument Of
City Counsel

J. A. Sullivan on The Power Company Matter

THREE PROPOSITIONS

Favors Private Ownership Under Public Control, With Public Director Appointed by City But Paid by Company—Says There is \$3,000,000 Water

Mayor Hayes has received from Mr. Sullivan, counsel for the city, his argument and brief in the matter of the incorporation into the rates of the New Brunswick Power Company. Mr. Sullivan goes very exhaustively into the whole subject covering the history of the St. John street railway and all that transpired down to the time when the New Brunswick Power Company took over the property and the water rights on the Lepreau and Magaguadavic rivers and increased the capital stock from \$2,000,000 to \$3,000,000 of which he claims \$8,000,000 represent no property used and useful in the service and is therefore "water." He goes very thoroughly into the various reports prepared by experts in behalf of the company and the city and argues that the claims of the company are not borne out by the facts. As remedies for the present situation he submits three propositions: private ownership under re-organization, municipal ownership or private ownership under public control. He is disposed to favor the last named plan but it being understood that the company shall be re-organized on the basis of a capitalization of \$1,850,000 exclusive of any issues for water power development. Of private ownership under public control he says: (Continued on page 7, sixth column)

Ukrainian Seat of Government Moved—Rumored Clash With Roumania

London, Feb. 2.—(By Wireless via Vienna, by the Associated Press)—Kiev has been taken by Bolshevik troops, General Petura's troops partially going over to the enemy.

Vienna, Feb. 2.—The advance of Bolshevik troops into the Ukraine has compelled the Ukrainian government to move the seat of its government from Kiev to Winnitsa.

London, Feb. 2.—Ukrainian troops are preparing to attack Roumania, which is said to have mobilized its forces to meet the assault, according to Copenhagen advices to the Mail.

Archangel, Sunday, Feb. 2.—(By the Associated Press)—Bolshevik patrols were in touch with American patrols today about fifteen miles south of Sredmakenga.

Berlin, Feb. 2.—(By the Associated Press)—The Society for the Suppression of Bolshevism, recently organized in Berlin, offers a reward of 10,000 marks for the capture of Karl Radek, head of the Bolshevik propaganda in Germany. Radek, fugitive former police chief of Berlin, it is urged also should be apprehended.

DEFEAT FOR
THE ROYALISTS

Monarchist Army in Portugal Falling Back—Reports From Interior are Conflicting

Paris, Feb. 2.—Portuguese monarchist troops are retiring toward Estarreja, with the intention of falling back to Oporto, following their defeat at Agueda. The royalists are reported to have been forced to retreat precipitously to avoid envelopment and lost heavily, according to advices received here.

Machado Santos has introduced a bill in the Portuguese senate excluding monarchist senators and deputies.

At Oporto public officials have been given their orders to adhere to the monarchy.

Travelers who have succeeded in getting from Oporto to Lisbon are said to tell contradictory stories, some maintaining that the monarchist are making headway, and others being equally convinced they are losing ground, and compare the present situation at Oporto with the time of the siege of 1840.

BOMB. H. E. PHILLIPS,
VETERAN OF TWO
WARS, HOME AGAIN

A veteran of two wars, Bombardier Henry H. Phillips of 22 Britain street, has returned to the home here after more than three years' service in the great conflict. Mr. Phillips, who was connected with the water and sewerage department before enlisting, went overseas with No. 4 siege battery. After nine months in France he suffered from shell shock and gas and was invalided to England. When he recovered he returned to Egypt and remained until the close of the fighting.

When Mr. Phillips sailed from St. John he was just three days under the maximum age for military service and he now returns just two days before his forty-eighth birthday. He had served through the Boer war but did not believe when his services were required for another.

IN WALL STREET.
New York, Feb. 3.—Events over the week-end were without perceptible influence upon stocks, judging from the uncertain trend of prices at the opening of today's market. St. Paul, Hide & Leather common and preferred, General Motors, Chandler Motors, Brooklyn Transit, Twin City Transit and Ohio Gas scored variable gains, the latter, however, soon reacting. Shipings, Studebaker, United States Steel and secondary rails were moderately lower.

Further strength was shown by foreign bonds, especially Anglo-French's and United Kingdom 5 1/2's of 1921.

Motor shares contributed largely to the slender trading of the morning. Studebaker, however, proving a conspicuous exception to the upward trend of those issues. Oils, which usually lead the motor group, were distinctly heavy, particularly Mexican Petroleum and Texas Company. Investment rails eased with minor transportation and shippings manifested further sagging tendencies, but soon resumed their bullish operations in leather and several other peace industrials. French municipal bonds gained in strength with national issues.

MULLER RESIGNS AS
VOTE IS ANNOUNCED
Berne, Feb. 2.—Swiss Socialists decided today by a vote of 238 to 147 not to attend the international conference being held here. The vote was followed by the resignation of Gustave Muller, leader of the party, who declared that non-participation by Swiss Socialists was a bad political mistake.

May Bar Submarines.
London, Feb. 3.—The abolition of submarines as warships may be decided upon by the league of nations committee during the coming week, according to the Paris correspondent of the Daily Mail.

Paterson Silks Workers, Half Hour Late In Reporting For Work, Insisting On Shorter Hours
Paterson, N. J., Feb. 3.—Several thousand silk workers were locked out of their places of employment when they arrived this morning at 7:30 o'clock, a half hour later than their usual time of reporting for duty.

The employees in refusing to enter the shops at 7 o'clock this morning began their fight for a forty-seven hour week, in accordance with a compromise offer made by the men to the manufacturers last week. The manufacturers refused to agree to this offer and the doors of some of their shops were closed when the employees did not arrive at the customary hour.

Should all the silk shops close, 30,000 persons would be thrown out of work.

Montreal Police and Firemen Also Given Substantial Money Increases
Montreal, Feb. 3.—The police and firemen of Montreal, who struck for the recognition of their union, higher pay and the removal of certain officials—which last demand has already been granted—were today given the right to organize and also substantial increases in salaries. The board of arbitration which inquired into the men's claims. The award is binding on both sides.

WILL NOT GO TO SCHOOL WITH SON OF KARL LIEBKNECHT
Berlin, Friday, Jan. 31.—(By the Associated Press)—The pupils of the senior class of the Berlin high school, which was attended by Helmut Liebknecht, an eighteen year old son of the late Dr. Karl Liebknecht, struck on Friday because young Liebknecht attempted to resume his place in his class. The strikers declared that they would not remain members of any class to which the youth "who fired with machine-guns on our fathers and brothers and otherwise participated in active hostilities against the states," belonged.

TWO HOUSES IN FIRE GRIP
Two houses in Erin street were quite badly burned this morning, one occupied by A. Harty and the other owned by the Pickett estate. The damage to both houses is estimated at about \$1,500. The alarm was rung in from box 63 about 5 o'clock this morning. When the firemen arrived the wall of the Harty house and the wall of the Pickett house were in flames. After an hour's hard fighting the firemen both fires were extinguished.

Serious Strike in Sweden.
Copenhagen, Feb. 3.—A serious railway strike has broken out in Sweden. Workmen last night stopped work on nineteen lines.

Railway traffic in Northern Sweden is hampered greatly and the government is making efforts to maintain the flow of food supplies to the larger towns.

WEATHER REPORT
Issued by the Department of Marine and Fisheries, R. F. Stewart, director of meteorological service.

Synopsis—The low area which was in the far southwest corner of the province is now in lowa moving towards the Great Lakes. The weather is fine with moderate temperature from Ontario to the maritime provinces, while in the western provinces the temperature is everywhere considerably below zero.

Fair.
Maritime—Fresh northwest winds, fair today and Tuesday, not much change in temperature.

Lower St. Lawrence, Gulf and North Shore—Fair and moderately cold today and most of Tuesday.
New England—Partly cloudy tonight; Tuesday, probably snow, warmer to-night in New Hampshire and Vermont; warmer Tuesday, gentle to moderate shifting winds.

Trouble in Turkestan.
Constantinople, Feb. 3.—(Canadian Press despatch from Reuter's Limited)—Information has been received here of very greatly disturbed conditions in Turkestan, where Bolshevik activity is prevalent and where some 40,000 German and Austrian former prisoners remain. Fighting has occurred with Bolsheviks in the northern region, but details are lacking.

French Composer Dead.
Paris, Feb. 3.—Xavier Leroux, composer, is dead.

GOOD THINGS COMING TO THEATRES OF ST. JOHN

THE OPERA HOUSE

Programme Changed After Tonight - The Present and New Features Attractive

Last times tonight to see those clever children with the Arrens Family, one of the good features with the Opera House vaudeville programme. Other good acts on the bill include the Tiller Sisters in a natty singing and dancing feature; Sergi, DeRemant, novelty cartoonist; Inman and Lyons, two city clowns in a comedy talking and singing skit; Harry Fiddler, Chinese character entertainer, and the eleventh chapter of the serial "The Woman in the Veil." This evening at 7.30 and 9.

MUD SPATTERS TO ORANGE BLOSSOMS

"Borrowed Clothes" is a Human Story That Points a Great Moral To All Parties - Imperial Tonight

Thousands of St. John people a few months ago saw Mildred Harris (now Mrs. Charlie Chaplin) in Lois Weber's superb drama "The Price of a Good Time," and also at a later date the same innocent little miss in the Saturday Evening Post story "K" under the title "The Doctor and the Woman." Today and tomorrow at Imperial Theatre Miss Harris will be seen in her third and best role in "Borrowed Clothes," a sharp arraignment of people who jump at scandalous conclusions and spread their ruinful slanders on circumstantial evidence only.

NICE FUNCTION TOMORROW NIGHT

Tomorrow evening in Imperial Theatre at the beginning of the second showing of the special feature "Borrowed Clothes," His Worship Mayor Hayes will extend an official welcome to the lumbermen of Canada and their ladies who will attend in a body. The programme will then be preceded by several wonderfully interesting reels of motion pictures dealing with shipbuilding and reels of motion pictures dealing with shipbuilding and aeroplane manufacturing, log tradition in the woods and forest fires.

BELGIUM'S DELEGATE

Belgium is represented at the Peace Congress by Emile Vandervelde, long a labor leader in Belgian politics.

TALK THAT CHARLES IS TO SEEK DIVORCE

Zurich, Feb. 3.—The Prague Tagblatt says that former Charles of Austria-Hungary intends to apply for a divorce.

WILL INTEREST SOLDIERS

London, Feb. 3.—(Canadian Associated Press)—Every Canadian unit is to submit a return of non-commissioned officers and men, members of the permanent force, who wish to re-engage or have still one year and upwards to serve since their last renewal. The Canadian Associated Press correspondent has been notified that the permanent force is being reconstituted and will have a strength not exceeding 5,000 men. The terms of new enlistment will be two years with pay the same as the expeditious force.

LOCAL NEWS

V. A. D. meeting tonight, G. W. V. rooms. Bring St. John bandages.

Band on Carleton rink tonight. Carnival Thursday, Feb. 6.

MUSICAL EVENING in Exmouth street church tonight. Silver collection. Splendid talent.

GOING RIGHT ALONG Big sale at Bassen's, corner Union and Sydney. Follow signs.

BOARD OF TRADE TONIGHT Discussion on city business and city matters, opened by A. H. Wetmore and Commissioner Fisher. Public invited.

ANNIVERSARY WEEK In Exmouth street church. Grand musical evening tonight, Monday, at eight o'clock. Silver collection.

TONIGHT Big sale in full swing, corner Union and Sydney. Bassen's family outfitting sale at old Golden Ball corner.

GIRLS WANTED Wanted at once, three soda water dispensers, male or female, and three girls to wait on table. Apply Royal Hotel.

HYGIENIC PACKING COMPANY Reported to have created a sensation by the fact of allowing the public of St. John to purchase the choicest lot of smoked hams and bacon at prices never before heard of. Their saleroom is at 9 King square. A glance at their stock will convince you.

IT SELDOM HAPPENS That furnishings for men, women and children are advertised at sale prices at one store but that is just what's going on at Bassen's, corner Union and Sydney. Special footwear bargain table. Big signs distinguish the store. Watch for them.

SOLDIERS AND SAILORS. Strangers to the city should ask the address of King Square Sales Company in order to purchase clothing, furnishings and footwear at lowest prices. Our sale is still continued and shoe values in particular are really amazing. Men's shoes from \$2.98, \$3.98, \$4.98 on footwear counter. Overcoats, caps, sweaters, mitts, gloves, handkerchiefs, underwear, socks, etc.—King Square Sales Co., opposite city market.

LEVINE'S FEBRUARY CLEARANCE Sale continued this week presents a fortunate opportunity in footwear buying. A bargain table almost the length of the store, offers values that rarely are available in these days of high prices. As usual, Levine's shoes are reliable no matter what you pay. He will pay you to visit 107 Charlotte street, opposite the Dufferin, for rubber goods. Extra specials are quoted at branch store, 8 1/2 Brussels street.

For small or large quantities of choice Home Cooking, come to the Woman's Exchange, 158 Union. Rent all late books from our library for a few cents. Open evenings.

Notice of Births, Marriages and Deaths, 50c.

BIRTHS

MELVIN—On Jan 14, 1919, to Mr. and Mrs. Dexter George Melvin, 270 Duke street, west, a son, George Stewart. CLOGG—At St. John Maternity Hospital, Feb. 3, to Mr. and Mrs. A. W. Clegg, a son.

MATTHEW—At Fair Vale on Monday, February 3, Mrs. George Matthew, of Brownville, New York, leaving her husband and six small children to mourn. Funeral will be held on Tuesday afternoon from the Seton home in Fair Vale to the cemetery at Gondola Point, for interment in the family plot. Funeral private.

BARNES—At Vancouver, B.C., on January 29, Elizabeth M. Barnes, aged ninety-one years, widow of William Barnes, of Hampton, Kings county, and eldest daughter of the late Captain Allan McLean, of St. John. Notice of funeral later.

IN MEMORIAM

YEDMAN—In loving memory of Charles William Yeoman who departed this life Feb. 3, 1919. Gone but not forgotten.

WIFE AND CHILDREN. LYON—In loving memory of Jarvis L. Lyon, who departed this life, Feb. 3, 1919. Gone but not forgotten. WIFE AND CHILDREN.

AFTER INFLUENZA

The Grip, Fevers, and Other Blood-Poisoning, Prostrating Diseases.

The best course of restorative treatment, purifying the blood, stimulating the liver, building up the whole system, is Hood's Pills (cathartic, mild and effective) as needed.

Hood's Sarsaparilla, the standard blood purifier, before eating.

These two great medicines work in perfect harmony, improve appetite, aid digestion, relieve biliousness and constipation. They make convalescence real, rapid and perfect. They are also of service in the prevention of disease and the preservation of health.

Each is good alone, both are good together. Get them today.

TAKE CHANCE AT EVEN MONEY; PRELIMINARY PEACE BY APRIL

London, Feb. 3.—Some of Lloyd's brokers who, up to a week ago, considered the signing of a preliminary peace before June as a "long shot," have within the last few days reversed their opinion, and now consider it almost a "seven money" risk that April will see the preliminary conclusion. Everything indicates an earlier conclusion than seemed certain ten days ago.

THINK SENTENCE OUT OF PROPORTION

Halifax, Feb. 3.—Correspondence between Mayor Hawkins and C. J. Desbarats, deputy minister of the department of naval service, Ottawa, in regard to a sentence of eighteen months imprisonment passed upon seven Canadian naval seamen from the T. R. 30, was made public today at the mayor's office. It consists of a letter from Mr. Desbarats in answer to the mayor's original complaint to his department justifying the imprisonment of these seamen for "willful disobedience of lawful command," explaining the case in detail, and of a reply from the mayor, who says that the sentence imposed upon them is considered by the people of Halifax to be very much out of proportion.

The story of a certain Lieutenant Legatt, late commanding officer of the H. M. C. S. Hochelaga, who was court-martialed and honorably discharged, from service for cowardice, has been mentioned in the public press. It would be interesting to know, as the court martial was held on these boys on the Hochelaga, if this officer had anything to do in passing sentence upon the offenders from the T. R. 30.

There are other instances where it would seem to show that there is a law for officers and another for seamen."

LEFT FOR LONDON.

Edson L. Pease, vice-president of the Royal Bank of Canada, has gone to England to investigate the financial and commercial outlook on behalf of Canada.

PERSONALS

Mr. and Mrs. J. Willard Smith are to leave this evening for a trip to Florida.

The condition of Leo McGuire, a patient in the St. John Infirmary, as the result of an accident in West St. John, is slightly improved.

Mrs. George A. Peed has announced the engagement of her daughter, Hazel Jean, to Lieutenant George Kingsley Shields of the 14th Battalion, 1st B. M. R., son of John Shields of Gagetown, N. B., the wedding to take place on February 26.

Miss Edith Jones, daughter of Chancellor and Mrs. C. C. Jones, of the University of New Brunswick, had the misfortune to fall while skating last week, breaking her wrist.

Frederick Gleaner, Two Frederick young ladies, who have been attending the Beacon Hill Conservatory of Music, are commencing to take a prominent place as entertainers at Boston. One is Miss Lillian Kitchin, who is to appear at Tremont Temple on Sunday evening as an evangelist, while the other is Miss Helen Kitchin, who is now pianist with the Beacon Hill church, Boston. They are daughters of H. G. Kitchin, of this city.

NEWSPAPER MEN'S OUTING

A party of newspaper men and some of their friends enjoyed an outing on Saturday evening. Leaving the city at four o'clock in cars placed at their disposal by Frederick H. Trites and Gerald Dolan, who were members of the party, the run to the Ben Lomond House at Loch Lomond soon was completed.

Here Mrs. Barker had a generous supper awaiting them and full justice was done to the good things provided. Toasts and speeches were next on the programme, and after a thoroughly enjoyable evening, the party returned to the city before midnight.

A LEAGUE OF CLASSES?

Mr. Asquith's Suggestion in View of Social Unrest of the Day. London, Feb. 3.—Former Premier Asquith, addressing a great meeting at Albert Hall in support of a league of nations, said that rarely had so great an ideal passed so rapidly into practice. It fulfilled a world-wide need and must have a world-wide organization. He said it had been accepted in principle by the Statesmen at the Paris conference and that in itself had made the war worth fighting.

ATTEMPTED BREAK

An attempt was made some time during last night to break into the Sign by the Lantern rooms in Germain street. The entrance was attempted through the cellar door. The detectives are of opinion that the door was so firmly locked that the burglars had to give the job up.

SINN FEINERS SENTENCED FOR ILLEGAL DRILLING

Dublin, Feb. 3.—Twelve Sinn Feiners were yesterday found guilty of illegal drilling in a private hall here and were sentenced to six months imprisonment. When arraigned they denied the authority of British laws and one of them, while in the dock, waved a republican flag.

TOM MOORE TO THE MANUFACTURERS

Trades Congress President Says Canadian Labor Will Obtain Demands Without Revolution. Ottawa, Feb. 3.—Tom Moore, president of the Trades Congress of Canada, in an address here last night, said, in referring to industrial unrest and its causes, that he believed Canadian labor could obtain its demands without the application of the force of revolution, but by evolution. Mr. Moore advised the Canadian Manufacturers' Association to stop passing resolutions and start reducing hours of labor in factories.

ATTEMPTED BREAK

An attempt was made some time during last night to break into the Sign by the Lantern rooms in Germain street. The entrance was attempted through the cellar door. The detectives are of opinion that the door was so firmly locked that the burglars had to give the job up.

NOTICE
Only one man in St. John by the name, Morin, he does ladies' and gents' costume tailoring. It's the place to get the style and the right prices, 82 Germain. 98269-2-10.

A special meeting of the executive of the St. John local council of women was held in the King's Daughters' Guild on Saturday afternoon with the president, Mrs. E. Atherton Smith in the chair. The powers which pertain to the convening of the standing committees were clearly outlined and three convenors were asked to prepare reports for presentation at the next meeting. Other business had to do with the purchase of a building in St. John which would be suitable for all the women's organizations to hold their meetings in and also serve as a thank memorial for the cessation of hostilities and as a memorial of the brave sons of Canada who gave their lives for the cause of liberty and justice. The committee appointed to make investigations with regard to such a building and to submit reports was named as follows: Mrs. E. Atherton Smith, Mrs. John F. Bullock, Mrs. H. A. Powell, Mrs. W. Edmund Raymond.

By order, A. B. FARMER, Sec.-Treasurer.

ARDENT WOODER JAILED.
Writer of Impassioned Letters Given Six Months.
Toronto, Feb. 1.—An atmosphere of money cloped the criminal assize court today, when a series of letters alleged to have been written by Alexander Calder to Miss Greta McGill of Indian Grove were read to the jury.

Declaring an impassioned devotion to Miss McGill and being refused permission to visit at her home, he repeatedly proceeded to bombard her with epistolary declarations of undying love, certain of the products of his pen being of such a character that he now faces a charge of using his majesty's mails for the transmission of scandalous literature.

Besides being an industrious and per-fervid letter writer Calder would appear to be an accountant, for in some of the letter exhibits he allegedly avers that he had at that date kissed Miss McGill 316 times, and that she had reciprocated on 159 occasions, leaving a debit balance of 159 osculations as against the lady. The documentary evidence is, however, disputed for, in the witness box, Miss McGill challenged the accuracy of the score.

TRAINING SCHOOL FOR NURSES

The Symmes Arlington Hospital, Arlington, Mass. Spring Term opens February 1st. Applications must be from 18 to 35 years of age, of good health and must have the equivalent of a high school education. Course 2 years 6 months. Medical, Surgical and Obstetrics. Salary \$10 per month after 2 months probation. Beautiful new home for nurses. For application blanks address Miss Nora A. Brown, Supt. at Hospital.

"He speaks of your returning his kisses," counsel remarked, "is that true?"
"Once," was the shy response.
"Didn't he kiss you every meal time?" interposed Gideon Grant, in the accused's behalf.
"No, not always," conscientiously declared the witness. "It was usually at supper-time."

The reticence of Calder's memory would seem to be supported by the statement in another of his letters that it was then a year since he had kissed the attractive girl, but I can still taste her soft, warm lips, he is said to have added.

The jury brought in a verdict of guilty, and sentence of six months' imprisonment was imposed.

Large advertisement for Ivory Soap, featuring the text 'Agreeable to Everybody' and 'Ivory Soap has every quality you can wish for in a toilet and bath soap. It is pure. It is mild. It is white. It floats. Its perfume is the natural fragrance of pure, high grade materials.'

The Evening Times and Star

ST. JOHN, N. B., FEBRUARY 3, 1919

The St. John Evening Times is printed at 27 and 29 Canterbury street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

VOCATIONAL TRAINING.

A St. John manufacturer saw an opportunity to give a young man in his employ a better position by giving him charge of a machine. The machine required to be set at different widths of fractions of an inch.

This is perhaps an extreme illustration of the need of pre-vocational training in the schools, and of enforcing attendance up to the age of fourteen years (in Scotland it is now fifteen years).

St. John is far behind other cities in the matter of vocational training. If the members of the city council were asked which would yield the most valuable results, money spent for necessary education or the same amount spent on the streets, what would they say?

Hon. E. A. Smith appears to have been successful in his effort to get the federal authorities to take such action as will make easier the task of forest protection from fire along government railway lines.

The problem of technical colleges and high schools will be greatly simplified by the Dominion legislation which it is expected will be adopted at the coming session of parliament.

A big scheme of vocational training for the whole dominion involving federal assistance to the provinces totalling twenty-five million dollars to be expended during the next ten years is being worked out by the government.

Whoever buys a thrift stamp or a war-savings stamp makes a profitable investment and also makes it easier for the government to take such measures as will help to keep the country prosperous.

The sale of \$450,000 of fifteen year 5 1/2 per cent provincial government bonds at 100.85 is evidence that the credit of the province under the present government stands high.

The reorganized police force is off to a good start. The new chief and his force have the good will and best wishes of the citizens who look to them for protection.

Seed catalogues are beginning to whet the appetite of the amateur gardener for products of his own industry. Now is the time to revive the association which had so fine an exhibit last fall.

The name of Captain O. A. Mowat of Campbellton, N. B., and W. H. Keith of the same place, appeared in the casualty list issued from Ottawa yesterday.

Canada will have another year of present prohibition conditions before a referendum is taken.

NATIONAL IDEALS.

An educational movement having its origin in the west is thus referred to by Canadian Finance, of Winnipeg: "Realizing that character building of the right kind is a vital part of any educational system a number of Winnipeg citizens have initiated a movement aiming at the revision of our national system of education.

This is perhaps an extreme illustration of the need of pre-vocational training in the schools, and of enforcing attendance up to the age of fourteen years (in Scotland it is now fifteen years).

St. John is far behind other cities in the matter of vocational training. If the members of the city council were asked which would yield the most valuable results, money spent for necessary education or the same amount spent on the streets, what would they say?

LIGHTER VEIN

On Rising in the World. "Take a good look at this ladder, my boy."

"What for?" "And then remember that if it were possible to get to the top at a single bound there would be no need of the bottom rungs."

A Slight Difference. "Of course, there's a big difference between a botanist and a florist," he remarked.

An Eye for Main Chance. "I am glad the Sunday gasoline ban has been lifted," said the cheerful-looking stranger.

Time Consciousness Worked. "It says here that a man boasts that he has an umbrella that has been in his possession for twenty years," said Smith.

Peace at Any Price. Magistrate—Great Scott! officer, how did these men come to be so badly bruised and battered up?

ON MARITIME UNION. At the second of the series of Sunday afternoon addresses in the Great War Veterans' rooms yesterday afternoon, Dr. J. B. M. Baxter, K. C., delivered a forceful and practical address on the formation of a maritime union.

THE ROTARIANS AND BOYS' WORK

Survey of Boy Life Suggested—Community Centres and Playgrounds—More Physical Training

Questions of the first importance to every citizen of Canada, and the part that Rotary should play in the solution of present and coming civic and national problems were the subjects of discussion at the first gathering of the Maritime Rotarians at the board of trade yesterday afternoon.

The first speaker of the afternoon, Rotarian A. M. Belding of St. John, explained that it was impossible in the short time allotted to him to cover his subject, "Boys' Work," in a thorough manner.

He was followed by Harry Gorbell, boys' secretary in the local Y. M. C. A., and Rotarian Bloomfield Dawson, who was director of the Halifax playgrounds last year.

J. S. CLIMO OFFERS TO GIVE POINTERS He is Past Eighty and Still Works in His Garden—Some Valuable Hints

In a letter to The Times J. S. Climo expresses a desire to give boy scout leaders or any person points in gardening that would show how simple a thing the foundation of a garden is.

TO VOTE IN 1920 ON PROHIBITION Ottawa, Feb. 2.—The prohibition legislation to be brought before parliament at the coming session has been practically decided upon.

Col. W. K. McNaught Dead. Toronto, Feb. 3.—Colonel William Kirkpatrick McNaught, C. M. G., a former president of the Canadian Manufacturers' Association, a member of the Ontario Hydro-Electric Power Commission and a former member of the Ontario legislature, died yesterday after a brief illness.

The Carmarthen street Methodist church Sunday school contributed \$41.55 yesterday to the Armenian and Syrian relief fund which is being raised by the Sunday schools of Canada.

Canada will have another year of present prohibition conditions before a referendum is taken.

IN MEMORY OF SERGT. W. S. HARE

Trinity church did honor to one of its former members yesterday in the impressive and solemn unveiling of a tablet to the memory of Sergt. William Samuel Hare of the 10th Battalion who died at Passchendaele on November 12, 1917.

William Samuel Hare, Sergeant 10th Battalion, C.E.F. Born at Novick, Natal, South Africa, November 5, 1877.

The formal unveiling took place immediately before the second hymn when the congregation sang the words of acceptance and drew aside the Union Jack which draped the tablet.

CANADIANS HOSTS AT NEW YEAR'S BALL GIVEN IN BRUSSELS

For Brilliance and Gayety Almost Rivalled Event on Eve of Waterloo—Prince of Wales There

Ottawa, Feb. 1.—The following despatch from Fred James, official correspondent, with the Canadian Corps, has been received by the director of public information. The despatch is dated from Brussels.

they have shown to this Canadian division since it has been located near the city, and to Canadians generally.

Beauty Everywhere. The dancing took place in three of the big rooms on the first floor. Additional decorations for the occasion were unnecessary for there is beauty in every nook and corner of the building, such as the richest wood carving and priceless tapestry.

J. L. LIVERMORE CELEBRATES. Plunger Said to Have Made \$450,000 on Flurry in Cotton.

Mr. and Mrs. Jesse L. Livermore gave a dinner the other night at Palm Beach, celebrating a profitable realization on a flurry in cotton.

RECENT DEATHS

Rev. Robert Coleman. Rev. Robert Coleman, Anglican rector at Petticoat for many years, died at 2 o'clock Sunday morning at his home, Petticoat, following an illness of only twelve days.

Pte. W. P. Ross. Miss Elizabeth R. Appt. of Westfield, has received an official telegram from Ottawa announcing that her friend, Pte. Warren Percy Ross, had died of lobar pneumonia in the military hospital, Bramshot, England.

Miss Margaret E. Fairweather. A double bereavement came to Mrs. Mollie Q. Fairweather, of 100 City road, widow of George E. Fairweather, whose sister, Mrs. John Flood, was buried on Saturday, in the loss of her daughter, Margaret Evening, who passed away on Saturday evening after a brief illness.

Mrs. Julia A. Potts. The death occurred on Sunday afternoon, February 2, of Mrs. Julia A. Potts, widow of Thomas Potts. Mrs. Potts was a daughter of the late Joseph W. Sully, who was at one time a prominent ship builder of this city.

Child of Mrs. Hattie Gray. Charles Francis, young child of Mrs. Hattie and the late Charles Gray, of 88 Brook street, died yesterday. He is survived by his mother, a sister and a brother.

Mrs. Sarah M. Downey. The death of Sarah M., widow of Jacob G. Downey, occurred at the residence of her niece, Mrs. J. J. Gillis, 102 Queen street, on Sunday afternoon at 4 o'clock. Mrs. Downey was the youngest daughter of the late Thomas Gray of Springfield and leaves to mourn one brother, Justin H. Gray, and four nieces, Mrs. W. K. Kierstead of Netherhill (Sask.), Mrs. T. C. MacLean, of Cambridge, Queens Co.; Mrs. S. H. Belyea and Mrs. J. J. Gullis of this city.

Mrs. George Matthew. The death of Mrs. George Matthew will be regretted by her friends, which occurred in Fair Vale at 12:30 o'clock this morning. Mrs. Matthew is the wife of George Matthew of Brownsville, New York. Mr. and Mrs. Matthew have been accustomed to spend the summer at Gondola Point, and instead of returning to Brownsville last fall, Mrs. Matthew decided to spend the winter in Fairvale. A short time ago she contracted influenza and unfortunately double pneumonia and pleurisy set in, resulting in her death at an early hour this morning.

Mrs. Narcisse D. Cormier of Moncton died yesterday morning, aged sixty-three years. She is survived by her husband, one son and one daughter.

Mrs. Lettie Kyle passed away in Apohaqui recently after a lengthy illness. She was eighty-two years of age and is survived by two sons, Ephraim of Parleville, and William of Apohaqui, also three sisters, Mrs. Frank Gould of Sussex, Mrs. Thomas Leach and Mrs. William Nodwell of this city, and two brothers, John Chambers of Apohaqui and Ephraim of this city.

BURIED ON SUNDAY. The funeral of Mrs. Margaret Craft was held yesterday afternoon from her late residence, Mill street, Fairville, by Rev. R. P. McKim and the choir of St. Luke's church sang. Beautiful floral offerings testified to the esteem in which Mrs. Craft was held. Interment was made in Cedar Hill.

The funeral of Mrs. Margaret Holland was held yesterday afternoon from her late residence, Mill street, Fairville, by Rev. Charles Collins. Service was conducted by Rev. Charles Collins. Interment was made in Holy Cross cemetery.

The ashes of Mrs. Alfred W. Giest, who died in Philadelphia and whose body was cremated, were deposited in the rural cemetery, Fredericton, yesterday afternoon. The funeral took place from the residence of her father, M. Atkinson. Service was conducted by Rev. G. M. Young. Mrs. Giest was formerly Miss Jessie Atkinson.

What The Allied Powers Want at Peace Conference

Paris, Feb. 2.—(By the Associated Press)—The delegates of the five great powers are now in a position to compare clearly their own aspirations and those of all their Allied friends and to see the differences that must be reconciled. The maximum of hopes, often overlapping, has been told freely and it remains for the peace conference to adjust them in a co-ordinated whole. The desires of the several countries as presented may be compressed thus:

FRANCE—France wants, first of all, Alsace-Lorraine unconditionally and the right to discuss and ultimately to fix the French frontiers in their relations to the Rhine, which may require the creation of buffer states. One of these would be the Palatinate and another Rhenish Prussia. France desires also to annex the basin of the Sarre river, which might be called a re-annexation.

France will insist that so far as the left bank of the Rhine further to the north is concerned, the conference should forbid military works of any kind—barracks, bridgeheads, forts and fortresses—in that zone. The feeling is that the people inhabiting that zone should be free to decide for themselves whether they wish to join France, form an independent state or return to Germany.

The French bill for reparation is not yet complete, but it has been announced in the chamber of deputies that it will be about sixty-six billion francs.

The French government does not ask for a protectorate in Syria in the ordinary sense because it considers that the population there is too advanced to make a protectorate necessary, but France on account of her traditional interests in that country feels that she should be called upon to exercise some sort of guardianship or guidance until Syria should be fully able to govern herself.

GREAT BRITAIN—Great Britain's delegation believes that a society of nations is desirable and obtainable and that it must be established by the present peace conference. She advances no continental purposes other than those of a permanent and just peace under the principle of self-determination and that there shall be international freedom of transit by railroads and waterways, which is Great Britain's general definition of freedom of commerce in time of peace.

Great Britain will take mandatory powers over the German islands south of the Equator for Australia and over German Southwest Africa for the Union of South Africa. She will also have the mandate over German East Africa and some parts of Arabia and she has particular claims in this respect over Mesopotamia. Great Britain will enter a pool with the other Allies in the matter of indemnities, especially reparation for air raid damages and shipping loss.

ITALY—Italy asks for the Trentino as far as the Brenner Pass, including the whole of the southern Tyrol, Trieste, Istria, Fiume, Zara, Sebenico, the larger part of the Dalmatian Islands, Avlona and its hinterland, a protectorate over Albania, possession of the islands in the Aegean, which were taken from Turkey during the Tripolitan war and the province of Adalia, if France and England should take territory in Asia Minor.

The Italian contention is that the Dalmatian Islands and such parts of the Dalmatian coast as are not assigned to Italy shall be neutralized. Should France and England extend their colonial possessions in Africa, Italy desires to enlarge her possessions in Eritrea and Tripoli.

BELGIUM—Belgium asks that her reparation for damages wrought by Germany shall be the first lien on German assets to the extent of at least fifteen billion francs or up to a much larger sum if Germany does not return the machinery and the materials taken from Belgium. Belgium believes that she should be paid first because she was the first to be invaded, because her neutrality was violated and because she has suffered more from despoliation than any other country in the war.

Belgium, which has reasserted her independence and thus emerges from her old state of neutrality, desires from Holland the left bank of the Scheldt and the Peninsula of Maastricht which protrudes into Belgian Limburg. Belgium will also assent to a plebiscite in Luxemburg to decide whether that country wishes to join Belgium or France or to retain its autonomy.

The foregoing may be considered the extreme claims of Belgium. They come into conflict with Holland which insists on any infringement of the frontiers asked for by the Belgian annexationists. The government of Holland appears willing to revise the Scheldt navigation treaty so that Belgium should enjoy equal rights with Holland.

JAPAN—Japan enters the peace conference, as Baron Makino, the senior delegate, has said, "with no territorial ambitions in China," and that as for Tsing Tau "she will hand it back to China under the terms of the notes exchanged between China and Japan in May, 1915." This is interpreted by Japan as permitting her to retain certain former German concessions on the Shantung Peninsula. Japan, Baron Makino explains, neither intends nor desires to interfere in Russian affairs, but is willing, if solicited, to aid Russia in restoring order.

These declarations dispose of two of the main questions in which Japan is interested except that she desires to retain the southern Pacific Islands north of the Equator which formerly belonged to Germany.

GARMENTS OF HAIR OF DOGS

To most persons the spinning and knitting of dog's wool seemed to be an outgrowth of the necessities of this war. But it appears that twenty years ago Princess Victoria had the combings of her pet brown spaniel spun into yarn by the Sandringham Village Industry and the Princess herself knitted the wool into a brown shawl for herself. It was at Sandringham also that the first Borzoi suggestion and clipping the first sample from his famous Borzoi Alex for the test.

Twenty years before that the hair of St. Bernards was knitted into mittens and mufflers and ten years earlier poodles' wool was spun and woven into cloth that is today as good as when first made up although the cap has been worn ever since. A waistcoat knitted from the wool of skye terriers has been worn constantly for two winters and shows no sign of its service. Even the hair of Persian cats has been spun into the loveliest wool by the British Dogs' Wool Association. The wire-haired dogs have proven themselves real war workers, also, for their combings make ideal filling for pillows for wounded limbs.

There is every prospect that the spinning of dogs' wool can and will be developed as a national handicraft since much of the spinning can be done in country homes and no doubt in these same places there will develop some interesting work in weaving and knitting. One very important consideration is the fact that the yarn is practically indelible and of delightful texture, thus giving every encouragement to careful designing of patterns in weaving.

The conciliation board, appointed to decide whether or not the police should join a union to be affiliated with trade

unions, will sit on Tuesday afternoon at 3 o'clock in the board of trade council room. The hearing will not be open to the press, one of the commission told a reporter yesterday. H. Colby Smith is chairman, James L. Sugrue represents labor interests, and A. H. Wetmore is the third member.

Genuine *Ford* Parts cost less than the imitation

Genuine Ford parts are sold everywhere at prices fixed by the Ford Company.

The same prices are usually charged for imitation or "spurious" repair parts.

Yet "spurious" parts are, as a rule, made from low grade steel. They are not produced under rigid Ford inspection. They are inferior in quality and workmanship.

Then, when you buy "spurious" parts, you do not get the same value for your money.

But that is not the only loss to the Ford Owner.

It costs more to repair with the imitation parts. They are not made to fit with the fine accuracy of the genuine parts made in the Ford plant. It takes more hours of labor at a high rate per hour to fit "spurious" parts into the car.

Repairs with the imitation parts must, in most cases, cost more than authorized Ford Service with genuine Ford parts.

You pay more for the imitation without getting the satisfaction that you know you will get from the genuine. You incur the risk of damage to other parts of your car from the inferior repairs. You weaken your Ford. You invite repeated trouble and expense.

There is no need now to accept anything but the genuine Ford parts.

Genuine *Ford* Parts For Sale Here

Look for this new Service Sign

You can now demand genuine Ford parts from any reliable garage rendering Ford Service

Authorized Ford Service will be obtainable everywhere—not only from our 800 Ford Dealers—but from over 2000 other good garages in Canada.

Wherever you see the new Ford Service sign you can obtain genuine Ford parts.

Remember that the Ford Company cannot be held responsible for the performance of a Ford Car repaired with "spurious" parts. To keep in force the Ford Warranty behind your car, it is essential that you do not allow "spurious" parts to be used in repairing it.

Demand the genuine. Look for the Ford Service Sign

QUEBEC'S WELCOME

This photograph of the welcome of the city of Quebec to returned soldiers rather spoils some of the newspaper stories that the Ancient Capital was not enthusiastic over "the boys." The fact is that there is more cheering in Quebec when the boys come home than there is in Montreal and some other cities.—British & Colonial Press photograph.

Grampian In Port With 1,200 Returned Men

All Pleased With Treatment During Voyage—Local Soldiers on Board—Death at Steamer Docks

Just after the Allan Line steamer Grampian, which left Liverpool January 24 with 1,200 Canadian militiamen, reached St. John harbor yesterday afternoon one of the number, Private McCabe of Ottawa, died of pneumonia. The steamer was being docked when he passed away. Private McCabe had been ill with influenza before he left the other side, but felt well enough to travel. A seizure occurred when the ship was a few days out, pneumonia developing. It was forty-eight years of age and saved a family in Ottawa. He belonged to the 88th Battalion.

Aside from the death of Private McCabe and an accident to a sailor, whose leg was broken, nothing occurred to mar the voyage, although there were a few cases of influenza on board. One case was ship docked. One soldier, Private M. J. Finnegan, of St. John, received a telegram at the dock that his mother was seriously ill.

Of the 1,200 men on the Grampian 226 were officers. The New Brunswickers on board numbered forty-two, of whom three were cadets. There were twenty-one St. John soldiers and one cadet. Among the few civilians on the Grampian were J. M. Fraser, of St. Stephens, and E. Y. House, of Corn Hill, Kings county. There were few women on the ship, only three soldiers being accompanied by their wives.

HON. DR. SMITH AT DOMINION CAPITAL

Following are the New Brunswick men named on the Grampian: Sergeant M. D. Williams; Lance-Corporal James E. Arsenault; Privates Harold Carson, John Colwell, W. D. Duplex, Victor Robinson, Frank Griffin, Thomas Harrison, George W. Kennedy, Harry Lutes, Charles Maxwell, Harry Parsons, E. Phillips, Joseph W. Robertson, Victor Robichaud, Ewing Dandall, William Stevens, Robert Strong, Obedia Withers, Herbert O'Connor, Herbert Breckenridge, John D. Barbour, Hanshey Bank, Maurice Boyd, Frederick, William Duncan, Salisbury; Sapper Alfred Earle, Moncton; Privates Albert Ellis, Fredericton; George McLean, Chatham; G. H. Rathwell, Moncton; Herbert Ross, St. Stephen; David Schofield, Fredericton; Willis Sears, Newcastle; William Sheppard, Newcastle; Ernest Smith, Moncton; John L. Taylor, Fredericton; P. T. Wilnot, Campbellton; James Miller, E. Philip, Joseph by the railway company. Hon. Dr. Smith took up with the federal government the question of federal control of forest protection along the government main and branch railway lines in New Brunswick. It is understood that the railway act will be amended during the coming session bringing all the government lines under the jurisdiction of the railway commission in respect to the provisions now governing all their lines in the matter of operating rules, rates, etc. Arrangements will also be made by the railway department to clear up the present situation in regard to right of way ownership along certain branch lines which were built years ago through lands which at that time had no market value and for which there was no actual transfer of ownership to the railways.

Hon. Mr. Doherty's Plan

Hon. Charles J. Doherty, Canadian minister of justice, has submitted through the British League of Nations committee, a proposal to be submitted to the peace conference, in which he suggests the establishing of an international people's house. Every nation in the world would be represented in this body. He believes the time is opportune to interest the people of the world directly in methods for the prevention of war.

STOP CATARRH OPEN NOSTRILS AND HEAD

if your nostrils are clogged and your head is stuffed and you can't breathe freely because of a cold or catarrh, just a small bottle of Ely's Cream Balm, any drug store. Apply a little of this great, antiseptic cream into your nostrils and let it penetrate through every opening of your head, soothing and clearing the inflamed, swollen mucous membrane and you get instant relief. How good it feels. Your nostrils open, your head is clear, no more sneezing, sniffling, blowing; no more itching, dryness or struggling for breath. Ely's Cream Balm is just what cures from head colds and catarrhs. It's a delight.

Conference For Girls Met With Great Success

Teachers Well Satisfied With Results of Gathering—Final Session Yesterday

Great enthusiasm marked all the sessions of the girls' conference which concluded its meetings in the city with a grand mass meeting in Centenary church yesterday afternoon. On Saturday morning and afternoon sessions were held in Centenary church and a supper in St. Andrew's church, and today's meeting, which was taken in all over the sessions of the conference and the election of officers and committees will be held at 8.30. The conference was one of the most largely attended girls' conferences ever held in the province. From the keenness of interest which was taken in all over the sessions of the conference will undoubtedly be followed by great activity along girls' work lines. It is not expected, however, that many circles following the Canadian Girls in Training programme will be formed until the coming autumn.

The afternoon session opened at 2.30 with Miss Edger's address. She presented Miss Thomas brought to the notice of the meeting a list of books which would be helpful in carrying out the programme of the girls. These addresses were delivered on the three aspects of the programme. Rev. Mr. Myers spoke of the Sunday schools and how they should be organized, while division of time should be made and what methods used. Miss Edger told of the mid-week activities and the holding of girls' clubs and explained the drawing up of a constitution, the choosing of a name, the defining of the purpose of the club and the election of officers. The actual programme for the clubs must include devotional exercises and practical talks and there must be some form of class or club activity such as gymnastics. Miss Thomas in her remarks about the relation of the classes to other agencies and the subject under the headings: what Canada owes to her girls and what her girls owe to Canada.

Following the addresses a practical demonstration of St. Luke's Girls' Club having an ordinary session was given by twenty members of the club. The demonstration even included a game of nine-pins which was taken much interest in by the spectators and greatly enjoyed by the club. Miss Marjorie McKim directed the demonstration by her club which is one of two that exist in the county. The other club is in Fair Vale. At the conclusion of the demonstration the conference divided for group discussion into one group of ages from fifteen to seventeen and one for eighteen years old and older members while the third group was for the leaders.

Supper to 400

At 6 o'clock in the evening an elaborate and very nice supper was served to more than 400 of the members in St. Andrew's school room and it took thirty-six waitresses to serve the guests. There were six tables which were prettily arranged with red candles as bright decorations. After the supper, toasts were given and a drink in the best of French style. Miss Fairclough acted as toast mistress and Miss Reta Brennan was the soloist.

Many Miners who are subject to coughs, colds, tender throats, weak lungs or more serious pulmonary ills, should receive wonderful help and strength from the daily use of

SCOTT'S EMULSION
Its rich, nourishing and tonic virtues are a bulwark of strength to the miner threatened with weakness. Scott's helps keep the blood pure and the body strong to resist disease. Every miner should take Scott's Emulsion every day. Scott's Emulsion, Toronto, Ont.

CHILD'S TONGUE BECOMES COATED OF CONSTIPATED

When Cross, Feverish and Sick Give "California Syrup of Figs"

Children love this "fruit laxative," and nothing else cleanses the tender stomach, liver and bowels so nicely. A child simply will not stop playing to empty the bowels, and the result is they become tightly congested with waste. Liver sluggish, stomach sour, then your little one becomes cross, half-sick, feverish, don't eat, sleep or act naturally, breath is bad, head aches, colds, sore throat, stomach ache or diarrhoea. Listen, mother! See if tongue is coated, then give a teaspoonful of "California Syrup of Figs" and in a few hours all the constipated waste, sour bile and undigested food passes out of the system, and you have a well, playful child again.

Millions of mothers give "California Syrup of Figs" because it is perfectly harmless; children love it, and it never fails to act on the stomach, liver and bowels. Ask your druggist for a bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup Company." Refuse any other kind with contempt.

toast proposed was Boys' Work, Miss Jean Somerville being the sponsor for it.

A. M. Gregg replied. The toast was given by Miss Grace Harper to Our First Conference and was responded to by Miss Edger. All joined in singing "Auld Lang Syne" and voted the evening a most successful one.

Reports of class activities were handed in and a reading of the prayer for the best poster symboling of C. G. I. T. work was made. The Exmouth street Methodist church Sunday school was held in the afternoon. The school was held in the afternoon. The school was held in the afternoon.

PROBLEMS FOR NEW PARLIAMENT

London, Feb. 2.—(Associated Press)—No British parliament in a century, except the parliament of Premier Asquith and his successors, has been so beset by the problems of reconstruction as the present parliament. It is an undoubted fact that no keener or smarter lot of officers and men than the anti-aeroplanes exist. Theirs is not a safe job. Casualties have certainly been low, but that was primarily due to the fact that the forward area anti-aeroplanes are extremely mobile and so highly trained they can move off in ten seconds to new positions when spotted by the enemy gunners. As an example of efficiency and pluck, one anti-aeroplaner gained three medals in three months—all immediate awards for bravery in action—and this is by no means an isolated case, very much the reverse, in fact.

Was Pulled Through THE TRYING TIME IN A WOMAN LIFE

Toronto, Ont., writes:—"I have used Milburn's Heart and Nerve Pills and found them to be of great benefit to me. In fact, I consider they saved my life and I have told many of my neighbors about them. Two years ago last November I was in poor health. The doctor said it was change of life, as I was over forty years old, and that I would have to be very careful of myself. Shortly after that I received an awful shock that nearly killed me. The doctor my husband sent for said I would soon be all right, and sent up some medicine, but it only seemed to increase the trouble. I was then taken to the hospital. The doctors examined me, but could not understand my case. Then they sent for a specialist, as they began to think it was my mind. When the specialist came he was baffled, for I answered his questions all right. Every day I was getting weaker, and when my husband came he could see that I was going, as I could read his thoughts, but said nothing. Next day a friend came with a cab and took me to their home. They got a box of Milburn's Heart and Nerve Pills, started taking them and began to get better, and at the end of two weeks I could walk around the room. I am now well and able to do my own work. Price 50c a box at all Dealers or Mail-order direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Serjeant Hooper Home

Sergt. D. B. Hooper, son of Major the Rev. E. B. Hooper, late rector of St. Paul's church, St. John, has returned from overseas and is guest at the home of Rev. H. E. Dibble, Amherst. Sergt. Hooper went overseas with the 26th Battalion. At the time of the signing of the armistice he was qualifying for a lieutenantcy. Sergt. Hooper, after receiving his discharge expects to re-enter the Bank of Montreal service.

No. Y.M.C.A. Cake Like This Before

Given to Victory Hut, It Proved Popular Beyond Words

A decadent cake, a dissolute, disreputable, stay-out-all-night cake that tasted fit for the gods, is now the subject of much animated and somewhat fearful comment in the Victory Hut in Battery Park where Mrs. Vincent Astor presides over the destinies of a cash register and several hundred service men. The cake looked like the last word in gothic architecture when it was brought in to a waiting and hungry-eyed gathering of doughboys and gobs. Now it looks like the ruins of a cathedral that had been the special pet of a Boche artillery commander on the western front. It is perforated, gouged, hacked, sawed and demolished. But what is left of it tastes as good as anything Hebe ever slipped to Jove.

Metaphors mixed a bit? Not at all. That cake contained three-quarters of a gallon of prime French brandy with a bottle of wine "thrown in," the gift card announced by a well known grocer and wet goods firm for a Y. M. C. A. cake to be given to the Victory Hut. Charles P. Kinsman, executive secretary, who said that there had been anything redolent of alcohol about this cake he would have noticed it, says that it was a good cake. And if the board of inquiry doesn't get around pretty soon there won't be a piece of it left as evidence on which an army mule could be convicted, and most mules can be convicted of anything.

It happened that some time ago Mrs. Frances Hodgson Burnett, better known as the author of "Little Lord Fauntleroy," decided that she would give the men in Mrs. Astor's but a real cake. She probably did not intend to have anything concocted that would mar Fauntleroy's golden locks, but it is at least significant that when it came time to select a recipe one was picked from a novel of New York life—"The Decadents." At least the gift card so announced.

It added that the recipe was also the result of the genius of a chef who had made the guests of a late well known Boston lady perfectly happy, many, many times. Mrs. Burnett took her confidante Mrs. C. W. de Lyon, Nicholas of 25 Fifth avenue, and then they passed the actual work of making the cake on to O. L. Cushman & Co.

For Married Men Only

When your razor is dull as a hoc, ask your wife if she wasn't paring her beard. Get her Putnam's Cream Razor. It's the only painless and safe. All dealers sell "Putnam's" at 25c per bottle.

Sickly Women Given Strength, Vigor, Spirits

Many of the woes of womanhood, are due to kidney weakness. At first the back aches. Then pains gather around the hips and lodge in the small of the back. To stoop or bend seems impossible. Headaches are constant. Unhappy existence. No pleasure in life when the body is overladen, with poisons that the sick kidneys can't filter out. Bright's disease is the next stage, but it can be prevented by using Dr. Hamilton's Pills of Mandrake and Butternut. They cure sick kidneys and cure them permanently. When the kidneys work properly pure blood is formed. This means nourishment and strength for the whole body. It is that, it has been splendidly managed by the committees appointed locally and that every one has worked to get utmost for the advancement of the conference interests. This afternoon the leaders of the conference met to discuss plans for a permanent home in the city of Montreal. The possibility of forming a summer camp for girls.

GREAT EFFICIENCY OF ANTI-AIRCRAFT GUNS EMPHASIZED British Ministry Issues Statement Recounting Valuable Work of Batteries—Made Enviable Record

London, Feb. 3.—(Canadian Press despatch from Reuter's Limited)—The first statement to officially emphasize the great value and high standard of work performed by the anti-aircraft guns, searchlights and machine guns in France has been issued. The statement points out that the standard of efficiency attained, whereby such remarkable results were obtained during the final years of war, reflects the greatest credit upon all officers, men and civilians concerned. The anti-aircraft total bag in France in 1918 was as follows: Hostile planes crashed or forced down in our lines, 171; hostile planes forced down out of control, 83. During the same period, special anti-aircraft machine guns, used by the infantry, accounted for 27 hostile planes, making a grand total for ten months of 258 hostile planes.

Stomach So Bad THOUGHT HE WOULD DIE CAN EAT ANYTHING NOW. Beas for indigestion and dyspepsia many a life might be a pleasant one. The misery which stomach troubles cause the sufferer knows only too well, and any one who has suffered knows what joy it would give to be able to eat three good meals a day and not be punished for it after.

WHY DO WOMEN SUFFER When There is Such a Remedy for Their Ills as Lydia E. Pinkham's Vegetable Compound? Mishawaka, Ind.—"I had such a severe case of indigestion that I could not do my work and I could not get anything to relieve me. A physician treated me, but it did no good. I had been in this condition for three months when I began taking Lydia E. Pinkham's Vegetable Compound (tablet form) and it cured me. I keep house and am able to do my work now. I certainly praise your medicine."—Mrs. SUDA OLDPATHER, 645 West Second Street, Mishawaka, Ind.

CO-OPERATIVE PLAN GROWING IN SIBERIA

Bureau Formed to Aid Work of Unions

The Organization - Canadian Trade Commissioner Reports on New Development in Eastern Russia

Ottawa, Jan. 30.—In a report to the Canadian trade and commerce department dealing with co-operative unions in Siberia, L. D. Wilgress, Canadian trade commissioner, states that there has lately been formed in Vladivostok a central co-operative bureau to coordinate the commercial and other activities of the various co-operative unions, which have offices in Vladivostok for the purchase of foreign supplies and the sale of Siberian products.

gan. This union on Oct. 1, 1917, comprised 1,410 creamery associations and 1,167 co-operative stores. The activity of the union is principally confined to the dairy districts of Western Siberia.

The co-operative creameries began their activity toward the year 1900. Before that time the production of butter was concentrated in the hands of private individuals. At the present time, up to 60 per cent of the total production of butter appearing on the Siberian market is produced by the members of the union.

The union has thirty offices in various towns and large villages and buying offices in Moscow, Samarkand and Vladivostok, also an agent in London. The turnover of the Moscow buying office amounted in January, 1918, to over 12,000,000 rubles. The union aims at the joint disposal of agricultural produce on foreign markets, and exchange of merchandise with America, Australia, etc.

The most extensive co-operative organization in Russia is the Moscow Union of Co-operative Societies. This central union comprises about 400 district co-operative unions with a total of 40,000 co-operative stores. The commercial operations of the Moscow Union in 1917 were represented by a turnover of 200,000,000 rubles, and for 1918 a turnover is anticipated of more than 700,000,000 rubles.

The following figures show the extent of the co-operative movement in various countries: Russia possesses 45,000 co-operative organizations, Germany possesses 30,000, France possesses 10,000, and the United States about 1,000 strictly co-operative societies.

NORMAL NATIONAL LIFE IS FORECAST

President of Open Forum National Council Declares Also Civic Movements Will Turn Thoughts to Useful Channels

Boston, Jan. 24.—"Establishment of prohibition and abolition of the saloon throughout the United States will bring into existence a normal national life in which normal tastes and normal desires will turn to normal social activities," said

George W. Coleman, president of the Open Forum National Council, to a representative of The Christian Science Monitor in answer to proposals that a substitute for the saloon will have to be provided with the inauguration of dry conditions.

also naturally and without effort absorb the greater part of this element when prohibition shall have gone into effect. These are the various civic movements which have been inaugurated from time to time and which have been designed to turn the minds of men into channels of usefulness and constructiveness.

"The western states, in which prohibition has been in effect for some time, have had no difficulty in solving any social problems involved. In fact the very establishment of prohibition apparently has eliminated these so-called problems and brought into existence conditions from which the people of these states would not now part for any consideration. The immense advantages which prohibition has released in these states are seen in increased output, decrease in the population of the jails, greater interest in

civic affairs, a decrease in indebtedness, happy homes, and in many other directions. "I believe the community center movement is going to operate to take up much of the slack in states in which prohibition will be inaugurated for the first time. This movement already is in successful operation in many of the larger cities, and its effect upon the open saloon has been noticeable. In Chicago, a great work is being done, and it is hoped that the close of the war will witness a general tendency to establish community centres in every city and town of consequence in the United States.

The Motorist Does Benefit

The Goodyear Cord Tire represents the climax of years of constant tire improvement by the Goodyear organization.

It meets every requirement of the vital question that all Goodyear developments must pass—"Will the motorist benefit?"

The Goodyear Cord Tire gives lower cost through longer mileage—proved by thousands of records.

It is a stronger and more muscular tire, for it is used efficiently and economically on heavy trucks.

It is a speedier and more comfortable tire—it has won racing laurels and is standard equipment on the majority of fine cars.

The Goodyear Cord Tire has already done great things—has already won a great body of friends.

But we are particularly proud of it as the culminating evidence of the basic Goodyear policy.

To make only those changes—and to make all those changes—that will increase the satisfaction and decrease the cost of driving a motor car.

Our endeavors have always tended to increased quality. Developments of prime importance have come from the Goodyear laboratories. This has been so because long experience has taught us that price must take second place to mileage—then we found that as an inevitable result lower cost-per-mile did follow.

The motorists of the world see eye to eye with us, for they buy more Goodyear Tires than any other brand.

The tire qualities that have won this world wide supremacy will be more fully explained to you by any Goodyear Service Station Dealer.

How many girls in St. John have lost the chance of marriage?

In England alone—where a million men who went to fight will never come back—there are 600,000 girls who have lost the chance of marriage. What will they do—go on working? And think of the widows—400,000 of them!

At the end of 1918 there were 1,550,000 women in England replacing men—running everything from printing presses to elevators—cheap workers as well as good. Will they give up their jobs? Will their employers want to let them go?

As our soldiers come home we, here, shall have to face the very problems which W. L. George describes in "Women and Labor" in February GOOD HOUSEKEEPING. As an authority on women's relation to society Mr. George answers clearly the questions that all of us are asking.

His article is only one of the important features for February—as important as James Oliver Curwood's tale of the Northwest

Mounted Police, "The River's End," and Clara Savage's description of how Paris acted when it heard about the armistice; as Harold Kellock's "Who is a Bolshevik and Why?" and I. A. R. Wylie's latest masterpiece of fiction, "With its pages of charming interesting Spring Fashions and the Good Housekeeping Institute's sound helpful facts, this number truly has a whole month of diversion and satisfaction—ready for you now—tonight!

HOCKEY

Canadiens, 10; Toronto, 0. Montreal, Feb. 2—Canadiens made a show of Toronto in a scheduled fixture of the National Hockey League at the Jubilee rink on Saturday, defeating them by a score of 10 to 0. Canadiens always had the edge on their opponents and used every man in their club, starting the game with five substitutes and two regulars. The play was too one-sided to be interesting, Toronto playing like a lot of school boys against seniors.

BASEBALL

Pacific Coast League Enlarged. San Francisco, Feb. 1—The Pacific Coast Baseball League today became an eight-club organization when directors voted to admit Portland and Seattle to membership. It was announced that William Cramer, formerly manager of the Louisville team of the American Association had been manager of the Seattle team.

THE RING

Moore Outboxes Leonard. Philadelphia, Feb. 2—Pal Moore, of Memphis, outboxed Battling Leonard, of Philadelphia, in a six-round bout here tonight. Leonard was aggressive but Moore's superior boxing ability gave him the advantage.

MAY HAVE FIGHT IN EUROPE

That Tex Rickard, western promoter, is willing to go to France or England, if necessary, to promote the proposed heavyweight championship bout for which Jess Willard has contracted, is indicated in a report received from Kansas City. The western promoter, it is reported, intimated that if he found opposition in the United States he would shift the scene of the encounter to Europe.

Courtney at seventy is head coach and will take from his shoulders much of the physical burden that his age will not permit him to carry.

ROVING. American Henley May 31. New York, Feb. 1—The American Henley will be rowed this year over Schuylkill course, Philadelphia, on Saturday, May 31. This was decided tonight at a meeting of the stewards of the American Rowing Association held at the Columbia University Club.

FOOTBALL. Old Country Soccer. London, Feb. 1—(Canadian Associated Press)—The results of old country foot-

ball matches on Saturday were as follows: London Combination. Arsenal, 2; Tottenham, 3. Chelsea, 3; Clapton, 3. Crystal Palace, 3; West Ham, 0. Mill Wall, 1; Fulham, 1. Queen's Park, 0; Brentford, 0. Lancashire Section. Durnley, 4; Southport, 0. Bury, 1; Blackpool, 0. Everton, 3; Manchester City, 0. Manchester United, 0; Liverpool, 1. Oldham, 4; Blackburn, 0. Preston, 0; Bolton, 0. Rochdale, 2; Burnley, 0. Stoke, 1; Stockport, 0. L. D. Munro, who was appointed one of the district commissioners in November last, has resigned his position and has purchased the business of Sweeney & Ferris, printers, Main street. No appointment to fill the vacancy has been made.

MILDRED HARRIS Now Mrs. Charlie Chaplin APPEARS IN The Companion Picture to "The Price of a Good Time"

"BORROWED CLOTHES"

A Study in the Life of a Shopgirl

BY LOIS WEBER Screen Psychologist

A GAIN MISS WEBER STRIKES A DEEP HUMAN NOTE. In "The Price of a Good Time" she depicted most vividly the existence of a working girl tempted with the luxuries afforded through her love affair with her employer's son. In this later drama the author delineates a chain of incidents in the humble life of another working girl in which the ever-ready scandal spreader and mud-slinger seeks to smear the character of a pure girl eventually crowned in honorable orange blossoms.

LOCAL NEWS

TO LEAVE THIS EVENING
The C. P. O. S. liner Minnedosa is due to sail this evening for Liverpool with a large general cargo and a large number of passengers.

BLESSING OF THROATS.
Today is the feast of St. Blasius. In the Catholic churches throughout the city the blessing of throats commenced after the last mass this morning and continued at intervals during the day.

POLICE COURT.
Arthur George Kelly, James Kane and Albert Connell, charged with breaking into the summer home of L. R. Ross in Sandy Point road, were this morning committed to stand trial. William M. Ryan appeared for the defendants.

JOINING THE SISTERHOOD
In St. Vincent's Convent Chapel, Cliff street, last evening, Miss Edna Caples, second daughter of Mr. and Mrs. Michael Caples, Paddock street, was received into the Sisterhood of the Holy Family. The impressive service was attended by relatives of the young lady.

THE ROTHESAY TELEPHONES
Telephone linemen are working on the broken cable belonging to the Rothersey service and it is expected the line will be repaired before tomorrow. Light only one or two of the 'phones were working today. Rothersey people were naturally inconvenienced by the lack of communication and some used the telegraph wires for urgent messages.

WALTER BONNELL
Walter Bonnell passed away this morning after a week's illness of influenza and pneumonia. He was only twenty-five years of age and was employed at the winter port. Besides his parents, Mr. and Mrs. Benjamin Bonnell of Public Landing, he is survived by five brothers—Othmar, Emory, Alfred, Cecil and Ernest—all at home. His body will be taken to Public Landing tomorrow, and the funeral will take place on Wednesday afternoon at one o'clock. Many friends will regret to learn of his death.

INVITED TO IMPORTANT CONFERENCE.
Motion picture theatre managers in this city and especially the officers of the Maritime Provincial League of exhibitors, are invited by telegram to attend an important gathering of theatre men in Montreal on Thursday of this week with a view to national organization. Already the maritime provinces, Quebec and Ontario have their separate bodies, but the movers in the larger movement insist that it is time for the unification of the various bodies as conditions are declared to be growing so drastic in some directions of the business that concerted action is necessary to protect vested interests. One of the objects of the approaching gathering is to fight numerous exploitation schemes.

OLD TRUTH VERIFIED.
That many a so-called mysterious fire has been the result of mouse-grawed matches was again demonstrated in local home late last night. The occupants of a sleeping room were suddenly awakened by a flickering glare and a stifling sulphurous smoke. A moment's investigation showed that a wooden bowl filled with matches was in flames and in another few seconds the fire was smothered. However it had almost reached a window curtain close by and within a few inches there were other inflammable furnishings and the bedclothing. The open box of matches could not possibly have been ignited in any other way than by the nibbling of a mouse, a danger pointed out by insurance people and others repeatedly, but little heeded by householders who continue to expose quantities of matches in open boxes.

BOTH CARS BURNED.
A few days ago the papers chronicled the loss of an automobile owned by Jarvis Purdy of North End, which took fire following a collision with McAlpine's wharf up river during a run to the city. The car skidded against a snow-covered obstruction and in jouncing over it broke gasoline pipes, resulting in ignition. The occupants of the car narrowly escaped injury. James J. Jeffries, auto trackman, was telephoned for and hurried up river with his car to tow the Purdy auto to town. After a laborious journey as far as Flewelling's, opposite Gondola Point, the constant use of low gear in the truck started a fire in it, with the result that it, too, was burned in spite of all efforts to save it. The loss was a serious one to Mr. Jeffries, who had no insurance upon it. The damaged truck was towed to town by another car and the Purdy auto brought in by team.

DUFFY-BLANCHARD.
A very pretty wedding took place on Wednesday, January 23, in St. Anthony's church, Devon, when Rev. M. T. Murphy united in marriage Mary Virginia, daughter of Mr. and Mrs. Joseph Blanchard of Maryville, and Corporal A. Duffy of Chipman. Nuptial mass was celebrated in the presence of friends and relatives. The bride, who was given away by her father, wore a navy blue travelling suit with hat to match, and black fur, the gift of the groom. Miss Mary Kavanagh of Chipman was bridesmaid, and H. S. Heans of St. John supported the groom. The bride was formerly on the teaching staff of the Maryville Superior School and the groom is a successful lumber merchant in various parts of the province. Beautiful presents were received and Mr. and Mrs. Duffy have the best wishes of a host of friends. They will reside in Chipman.

CAPTAIN ERIC JOHNSTON OF "THE BUFFS" DEAD

Clergyman Who Went Into Battle Against Kaiser as Combative Officer

Friends here have received news that Captain Eric Johnston of the "Buffs" has died overseas. The battalion which he went over was stationed in St. John for several weeks and was one of the most popular units quartered here. Among the officers none made more friends than Captain Johnston and none will be more sincerely missed. Captain Johnston had been a clergyman but put aside the clerical vestments to don the uniform of a combatant officer and word which had been received here from time to time showed that at the front he was as earnest in his fight against the Kaiser as he had been in the fight against other forces of evil while a minister.

JOHN T. POWER IS SWORN IN

Sergeant Detective of St. John Police Force

Sergt. Rankine in Charge of North End, Sergt. Journey in Command at Night—F. L. O'Neill Reinstated as Carleton Sergeant

The local police force under the new chief of police, John Smith, is gradually being got into shape. This morning the new sergeant detective, John T. Power, was sworn in by Magistrate Ritchie. Mr. Power took over the duties of the office this morning. With his ability and with

SERG. DETECTIVE JOHN T. POWER.

the able assistance of Detective Biddiscombe it will be but a short time before the detective branch of the force is thoroughly organized.

Chief Smith announced this morning that Sergeant Rankine would succeed him in North End in charge there and Sergeant Samuel Journey of West St. John will be the night sergeant in the North End.

Sergeant Frederick L. O'Neill, who for some time was the sergeant on the west side of the harbor, and owing to a disagreement with the head of the department resigned, has been reinstated to be sergeant in Carleton.

Chief Smith said this morning that everything was moving along well and in but a short time he will have the whole force organized.

LUMBERMEN OF ALL CANADA HERE TOMORROW

One of Most Important Gatherings Ever Held in the City—About 100 Delegates

The lumbermen will own St. John tomorrow. Frank Hawkins of Ottawa, secretary of the Canadian Lumbermen's Association, is already on the ground, and tomorrow trains from the west and the north will bring in nearly a hundred delegates for the annual convention, which is to be held here for the first time. They are coming all the way from Georgian Bay, and there may even be a representative from British Columbia.

J. Fraser Gregory and Mr. Hawkins are today completing the final arrangements for the great meeting. The western delegates will arrive on the C. P. R. tomorrow, and if the train is on time they will be whirled in motor cars to the Strait Shore to see the launching of the banquet. If not, and in any case, the afternoon will be spent in visiting the West Side terminals, East St. John and other places of interest in and about the city.

Tomorrow evening the delegates will attend the second show at the Imperial, when a great series of forest and lumbering pictures will be thrown on the screen.

All day Wednesday the convention will be in session with a big banquet that evening. Their deliberations will be resumed on Thursday and completed in time for the delegates to leave for the west that afternoon.

It is expected that the civic authorities and the citizens generally will do all in their power to give the visitors a hearty reception, make clear to them the advantages of St. John as a port and as a manufacturing centre, and leave with them a good impression of the city and its people.

MEMBER OF CREW OF THE ABERDEEN DEAD

J. C. Chesley, agent for the Marine and Fisheries department, received a telegram from Yarmouth this morning informing him of the death of Melvin Losier, who was a member of the crew of the government steamer Aberdeen, and who, with three companions, was placed in the hospital there recently suffering from influenza. The young sailor was twenty-two years of age and was a native of Chatham, N. B.

FREDERICTON NEWS.

Fredericton, N. B., Feb. 3.—Relatives here have received word from Maricopa, California, that Mrs. Arthur H. Limerick died there of Spanish influenza. Her husband and one son, Donald Arthur, survive.

The annual meeting of the N. B. Farmers and Dairymen's Association is to be held here on March 11, 12, 13 and 14.

There is every prospect of the St. Mary's Indian reserve being removed to Oranoceto early in the spring. One hundred and eight will be transferred.
